Mission

Ajman University (AU) is a multicultural academic institution that offers a broad range of high quality and relevant academic programs. The University strives to fulfill the needs of students, alumni, employers, and society through quality education, scholarship and community engagement. AU develops well-rounded graduates who are professionally competent, socially responsible, innovative and active contributors to sustainable development of the UAE and beyond.

Vision

Ajman University aims to be internationally recognized as one of the leading universities in the Arab world for its cutting-edge learning environment, impactful research, responsible outreach and community engagement.

A Global University in a Local Community

Ajman University has been at the forefront of UAE higher education since opening in 1988 as the first private university in the Gulf region. With the recent addition of a College of Medicine, the landmark institution now encompasses 9 colleges offering 22 undergraduate and 11 graduate programs, including the first Ph.D. (Law) in the Emirate of Ajman and Doctorate of Business Administration (DBA).

The campus is home to a rich mix of international faculty from 35 different nations and a diverse student body representing 72 different nationalities. AU's vast network of 37,000 alumni live and work in 48 different countries.

International Partnerships and Exchange Programs

AU has formed partnerships with 30 international universities from 15 different countries to broaden research capacity as well as the student experience. Our students have many opportunities to visit other countries and universities through exchange programs. Likewise, they benefit from international student visits to our campus.

ReThink Tank

In conjunction with QS Intelligence Unit, Ajman University hosts the Annual ReThink Tank Summit in Dubai. The prestigious Summit was designed to facilitate dialogue between university stakeholders and industry leaders across the Middle East. Panelists aim to create opportunities for students in the midst of a rapidly changing employment landscape.

Nationalities at AU

Afghanistan	Croatia	India	Libya	Poland	Tanzania
Algeria	Cyprus	Iran	Malawi	Romania	Thailand
Australia	Denmark	Iraq	Mauritania	Russia	Tunisia
Azerbaijan	Djibouti	Ireland	Moldova	Saudi Arabia	Turkey
Bahrain	Dominica	Italy	Morocco	Somalia	Turkmenistan
Bangladesh	Egypt	Japan	New Zealand	South Africa	Ukraine
Belgium	Eritrea	Jordan	Nigeria	Spain	United Arab Emirates
Brazil	Ethiopia	Kazakhstan	Norway	Sri Lanka	United Kingdom
Cameroon	France	Kenya	Oman	St. Kitts and Nevis	USA
Canada	Germany	Kuwait	Pakistan	Sudan	Venezuela
China	Ghana	Kyrgyzstan	Palestine	Sweden	Yemen
Comoros Islands	Guinea	Lebanon	Philippines	Syria	

A Destination for Innovation

Research and classes at Ajman University embody our “Make it Happen” motto. Three AU biomedical-engineering students have developed a lightweight “Smart Arm” for people affected by limb loss. Two design lecturers have created a dynamic clothing line called “Sensewear” that can be worn by anyone, but is especially tailored for those with Sensory Processing Disorders.

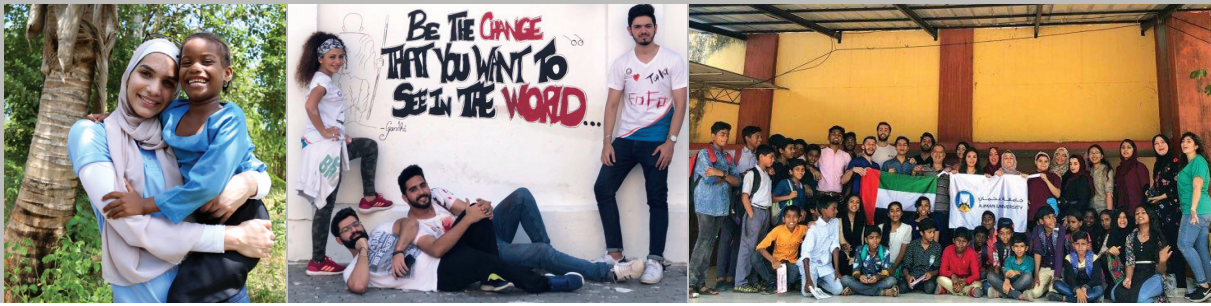

AU’s brand new College of Medicine will make use of Artificial Intelligence and 3D imaging in the clinical skills laboratory. The lab is also equipped with “simulated patients” to train future doctors in state-of-the-art examination, communication, treatment and management techniques.

Passion for Studies, Compassion for Society

Being socially responsible is part of the collective DNA at AU. Students have many opportunities to share what they’ve learned in classrooms with the community at large. Volunteer groups visit places like Nepal and Kenya to provide everything from healthcare to language instruction. Locally, more than 500 dental patients are served each day at AU’s free dental clinic on campus. With the recent addition of a mobile dental unit, dentistry services will soon be available to those who lack transportation.

In honor of AU’s 30th Anniversary, this year, 30 students had the opportunity to travel from Ajman to Zanzibar for an all-expenses-paid community service trip.

“AquaGreen” House Impacts Sustainability Landscape

AU’s Team “AquaGreen” won top honors in two separate categories – Engineering & Construction, and Energy Management – in the prestigious Solar Decathlon competition held November 2018 in Dubai. AquaGreen was the only team from the Middle East to dominate in multiple categories.

The Solar Decathlon challenges students from universities all around the world to design and build a solar, sustainable, zero-CO2 emission, smart house. AU’s students focused their efforts on solving the most pressing regional sustainability problem – air-conditioning energy consumption – using materials and technology common to the Middle East. The system they created resulted in the 60% conservation of cooling energy.

“Sense7” for the Visually Impaired

“Sense7,” developed by AU lecturer Eng. Tazeen Sharif and two AU alumni, is an A.I.-based solution that enables the visually impaired to participate in mainstream education and develop vocational skills. The project earned top honors in the “Regional Awards” category at the 2018 QS Reimagine Education Conference and Awards in San Francisco, California. More than 1184 entries were received of which only 17 earned awards.

COLLEGES

COLLEGE OF MEDICINE

Programs Offered

- Bachelor of Medicine and Bachelor of Surgery (M.B.B.S)

COLLEGE OF DENTISTRY

Programs Offered

- Doctor of Dental Surgery
- M. Sc. in Restorative Dentistry

COLLEGE OF PHARMACY & HEALTH SCIENCES

Programs Offered

- Bachelor of Pharmacy (Certified by ACPE International)
- Master of Science in Pharmacy/Pharmaceutical Technology
- Master of Science in Pharmacy/Clinical Pharmacy

COLLEGE OF ARCHITECTURE, ART AND DESIGN

Programs Offered

- BSc in Architectural Engineering (Validation from UNESCO-UIA)
- BSc. in Building Engineering and Construction Management
- Bachelor of Interior Design
- MSc in Urban Design

COLLEGE OF ENGINEERING AND INFORMATION TECHNOLOGY

Programs Offered

- B. Sc. in Electrical Engineering/ Electronics and Communication (Accredited by ABET in USA)
- B. Sc. in Electrical Engineering/ Instrumentation and Control (Accredited by ABET in USA)
- B. Sc. in Electrical Engineering/ Power and Renewable Energy (Accredited by ABET in USA)
- B. Sc. in Biomedical Engineering (Accredited by ABET in USA)
- B. Sc. in Computer Engineering
- B. Sc. in Information Technology/ Networking and Security
- B. Sc. in Information Technology/ Databases and Web Systems
- B. Sc. in Information Systems\ Project Management
- B. Sc. in Information Systems\ E-Business Management
- B. Sc. in Science in Civil Engineering

COLLEGE OF BUSINESS ADMINISTRATION (EFMD Member)

Programs Offered

- Bachelor of Science in Management
- Bachelor of Science in Accounting (Accredited by ACCA)
- Bachelor of Science in Marketing
- Bachelor of Science in Finance
- Master of Business Administration: Human Resources Management
- Master of Business Administration: Financial Management
- Master of Business Administration: Marketing
- Doctorate of Business Administration (DBA)

COLLEGE OF HUMANITIES AND SCIENCES

Programs Offered

- Bachelor of Education - Teaching English as a Foreign Language
- B. A. in Sociology and Social Work
- B. A. in Psychology
- Professional Diploma in Teaching
- Master of Arts in Arabic Language and Literature / Literature and Criticism
- Master of Arts in Arabic Language and Literature / Language and Syntax Grammar

COLLEGE OF MASS COMMUNICATION

Programs Offered

- B. A. in Mass Communication/ Public Relations and Advertising
- B. A. in Mass Communication/ Radio and Television
- B. A. in Mass Communication/ Print and Electronic Press
- B. A. in Mass Communication/ Graphic Design

COLLEGE OF LAW

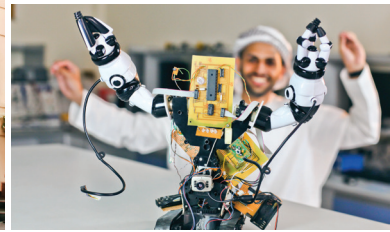

Programs Offered

- Bachelor of Law
- Master of law in Private Law
- Master of law in Public Law
- Doctorate of Philosophy in Law

MAKE IT HAPPEN

The Bachelor of Pharmacy degree program of Ajman University, College of Pharmacy and Health Sciences, has been granted Certification by the Accreditation Council for Pharmacy Education.

Ajman University's Bachelor of Science programs in Biomedical Engineering and Electrical Engineering have been accredited by the Engineering Accreditation Commission of ABET.

Engineering Accreditation Commission

EFMD

Ajman University's College of Business Administration is a member of the European Foundation for Management Development (EFMD).

The Architecture Program at Ajman University (AU) has earned Validation status from UNESCO-UIA, the International Union of Architects. Recognition of architecture programs by the UNESCO-UIA Validation System represents an internationally benchmarked assessment of quality in architectural education. UNESCO-UIA Validation advances the creation of a global network of recognized architecture programs, including their faculty and students.

Ajman University's Bachelor of Science in Accounting has been accredited by the Association of Chartered Certified Accountants (ACCA). The ACCA is a global professional body issuing highly respected and valued international qualifications in business.
