# INTRODUCING MELBOURNE

# MELBOURNE AT A GLANCE

#1 IN AUSTRALIA<sup>①</sup>

#33 IN THE WORLD<sup>②</sup>

#8 IN THE WORLD FOR  
EMPLOYABILITY<sup>③</sup>

## REDEFINE YOUR POTENTIAL

Deepen your skillset and gain a competitive edge through our career-targeted research and coursework programs.

## YOUR CITY

Explore one of the world's most liveable cities, Melbourne - a safe and fun hub for tech, the arts and sport.<sup>④</sup>

## WORLDS WITHIN WORLDS

The University of Melbourne is woven into the fabric of Melbourne and of Victoria. We're an integral part of the city, with a global outlook that reflects our multicultural home.

## YOUR TEACHERS

Learn from expert internationally renowned academics who are changing the world one project at a time. Be inspired by your lecturers, tutors and mentors and leave prepared for your career.

## YOUR NETWORKS

Build your professional network through our strong connections to industry and work-integrated learning opportunities. With over 140 nationalities represented on campus, our graduates join an international network of over 400,000 alumni.

## YOUR CAREER

We're ranked higher for graduate employability than some of the world's top universities, including Cambridge and the University of Hong Kong.<sup>⑤</sup>

## SUPPORT

Whatever you need, we'll be with you every step of the way. Connect with our services through Stop 1 - you can always come to us for support and advice.

## SCHOLARSHIPS

Melbourne has one of the most generous scholarship programs in Australia. Find one that suits you:  
[scholarships.unimelb.edu.au](https://scholarships.unimelb.edu.au)

## GRADUATE ACCESS MELBOURNE

Graduate Access Melbourne may assist you to gain admission into a graduate degree, even if your tertiary marks are below the entry requirements.

① Academic Ranking of World Universities 2022

② Times Higher Education World University Rankings 2022

③ QS Graduate Employability Rankings 2022

④ Economist Intelligence Unit's annual global liveability survey

# GRADUATE STUDY AT MELBOURNE

---

**Graduate study is an investment in your future. Pursue your passion amongst the best and brightest students from across the world.**

As a University of Melbourne graduate student, you'll study alongside talented peers in an environment focused on research impact and relevance.

Be part of a university committed to changing lives around the world by contributing to the policy, debate and skills required for a better global society.

## **INVEST IN YOUR FUTURE**

Employers look for people with a proven commitment to their chosen field.

As a graduate of the University of Melbourne, you'll be seen as a work-ready, self-directed learner with breadth and depth in your chosen discipline.

Whether you're choosing your first career, changing direction or gaining that competitive edge, our world-class research and coursework graduate programs offer a career targeted education.

Our graduates develop strong connections with community and industry that open the door to an outstanding future.

# RESEARCH AT MELBOURNE

## Who says you can't change the world? We expect nothing less.

As Australia's leading comprehensive research-intensive university we attract and cultivate the most promising researchers from around the world.

We collaborate with industry, other institutions and research organisations, the community, government and not-for-profit organisations to achieve research outcomes with global impact. We remain at the forefront of innovation in Australia.

Melbourne is a place where world-class researchers choose to work, and as a graduate research student you'll be supervised by leading experts in your field.

## OUR RESEARCH DEGREES

Our graduate schools offer research programs in most major disciplines.

### DOCTOR OF PHILOSOPHY

Graduating with a Doctor of Philosophy (PhD) marks your admission to the community of scholars in your discipline and requires the completion of a thesis of 80,000–100,000 words on a specialised topic.

### MASTER OF PHILOSOPHY

The Master of Philosophy (MPhil) is an internationally recognised masters degree by research and requires the completion of a thesis of 30,000–40,000 words.

### MASTERS BY RESEARCH

Masters by Research degrees differ from the MPhil in that they may have a coursework component, along with a shorter thesis of about 30,000 words.

## OUTSTANDING SUPPORT

Research training is a core activity of the University. Our comprehensive support will help you become a more effective researcher. We offer access to dedicated research centres, advanced research facilities, generous scholarships, unique professional development and established student support networks.

## SCHOLARSHIPS AND FEES

### DOMESTIC STUDENTS

Most domestic students are funded by the Australian Government Research Training Program (RTP) Fee Offset Scholarship, meaning you are exempt from paying tuition fees. See page 118.

Additional scholarships and awards are available to domestic graduate researchers, and can provide annual living allowances, relocation grants and paid parental and sick leave. See page 14.

### INTERNATIONAL STUDENTS

More than 400 scholarships are available to international graduate researchers. Many cover tuition fees, a living allowance and paid parental or sick leave. See page 14.

## DEVELOP YOUR RESEARCH SKILLS

We offer award-winning professional development programs to graduate researchers, including workshops and online support, and specialist offerings such as the three-minute thesis competition.

[gradresearch.unimelb.edu.au](http://gradresearch.unimelb.edu.au)

## FIND OUT MORE

[study.unimelb.edu.au/study-with-us/our-degrees/graduate-research](http://study.unimelb.edu.au/study-with-us/our-degrees/graduate-research)

# YOUR CITY

Find yourself in the heart of a vibrant, multicultural, international business hub.

Voted one of the world's most liveable cities,<sup>1</sup> Melbourne is renowned for its celebration of art, sport, cuisine and great public transport.

Travel from our Parkville campus to the CBD in 15 minutes by tram

Live in a city with more cafes and restaurants per number of residents than any other city in the world

Over 3000 live music performances weekly

State capital of Victoria

Sporting and cultural capital of Australia

# YOUR CAMPUS

The University of Melbourne has been a central part of the city of Melbourne from its earliest days.

When you join Melbourne, you'll be joining a vibrant medical precinct, a world-famous artistic community, a thriving start-up network, and urban and rural researchers who will be feeding the world into the future.

## PARKVILLE

Our Parkville campus is a city within a city. Spread across a mix of historic sandstone buildings and state of the art facilities, you'll find cafes, 12 libraries, gyms, specialty stores, a small supermarket and even a seasonal farmers' market. Situated within a renowned knowledge precinct, which includes eight hospitals, many leading research institutes and a wide range of knowledge-based industries.

The **Student Precinct** is a place for students, staff and the wider community to engage, learn and grow. It has been designed to facilitate student connection, by enhancing the campus-based experience to enable peers, colleagues and cohorts to forge new relationships, collaborate and innovate.

## SOUTHBANK

Our Southbank campus is situated in the city's lively creative arts precinct – which itself is in the centre of Australia's cultural capital. Here you'll find the University's acclaimed music, visual and performing arts faculty. Southbank campus is purpose-built for the creative arts, and features sound and dance stages, animation studios, cinemas and visual arts studios. It sits alongside the National Gallery of Victoria, Melbourne Theatre Company, Melbourne Recital Centre, the Australian Ballet, Malthouse Theatre, the Arts Centre and the Australian Centre for Contemporary Art.

## SPECIALIST CAMPUSES IN MELBOURNE AND REGIONAL VICTORIA

The University is a key partner in industries across Victoria. We collaborate to solve rural health issues and ecological challenges facing us today.

The **Werribee** campus boasts some of the world's most advanced veterinary facilities at the University's Animal Hospital.

Our **Burnley** campus is dedicated to environmental and ornamental horticulture, with nine hectares of heritage-listed gardens.

**Creswick** has Australia's only dedicated forest ecosystem science campus, focusing on conservation, forest industry and molecular biology research.

The **Dookie** campus has played a pivotal role in the development of agriculture and agricultural teaching in Australia since 1886. It remains a focal point for key research, teaching and technology development, helping to shape the future of agriculture in Australia.

Our bold new engineering and design campus at **Fishermans Bend** will bring research to life at an industrial scale. The campus will be the University's new place for large experimental research, hands-on learning and industry co-location. Large, interactive spaces, world class facilities and a vibrant innovation environment will transform the education experience and push the boundaries in research and development.

The **Shepparton** Medical Centre campus specialises in rural health and clinical education.

# PATHWAYS INTO GRADUATE STUDY

<sup>1</sup> Please check entry requirements for individual courses listed on [study.unimelb.edu.au/find](http://study.unimelb.edu.au/find).

# GRADUATE ACCESS MELBOURNE

---

## Our access and equity program for domestic graduate students rewards success and provides opportunities.

Entry to graduate study at Melbourne is competitive. Give yourself the best chance by applying for Graduate Access Melbourne.

You may be eligible if you're a domestic student and your personal circumstances have had an adverse effect on your academic achievement, or you're a member of a specified group that is underrepresented in higher education.

## INCREASE YOUR CHANCES OF BEING ACCEPTED

When you apply we'll consider the circumstances that have affected your academic achievement during your undergraduate study.

## INCREASE YOUR CHANCES OF SECURING A CSP

When you apply, you enhance your chances of obtaining a Commonwealth Supported Place (CSP), which greatly reduces the cost of your graduate study.

## BE CONSIDERED FOR A SCHOLARSHIP

All eligible applicants are automatically considered for a Graduate Access Melbourne Bursary or the Maisie Fawcett Scholarship to help with the costs of graduate study.

## AM I ELIGIBLE?

Domestic students can apply using one or more of the following categories:

- Personal difficulties
- Disability or chronic medical condition
- Disadvantaged socioeconomic circumstances
- Rural or isolated background
- Recognition as an Indigenous Australian
- Previous status as a refugee or current holder of a humanitarian visa
- Women in engineering.

For more information about eligibility and details about which courses accept Graduate Access Melbourne applications, go to:

[gradaccess.unimelb.edu.au](https://gradaccess.unimelb.edu.au)

# SCHOLARSHIPS

Our scholarships reward your talent and commitment. Below is a selection of scholarships you may be eligible for.

## COURSEWORK SCHOLARSHIPS

The University offers various scholarships to students who have applied for a coursework degree, including:

- Future Generations Scholarship for high-achieving students
- Melbourne Graduate Access Scholarship and Maisie Fawcett Scholarship, for students who have applied under Graduate Access Melbourne (see page 13)
- Melbourne Indigenous Merit Scholarship for high-achieving students of Australian Indigenous descent who have applied under Graduate Access Melbourne.

High-achieving international students will be considered for:

- Melbourne Graduate Scholarship for high-achieving students
- Melbourne Humanitarian Access Scholarship for high-achieving students who have applied for asylum in Australia (application required)

## AUSTRALIA AWARDS SCHOLARSHIPS

If you are an international student from a developing country and wish to undertake study or research in Australia, you may be eligible for the Australia Awards scholarship program, administered by the Australian Government.

[australiaawards.gov.au](http://australiaawards.gov.au)

## RESEARCH SCHOLARSHIPS

The University offers more than 600 scholarships each year to attract talented research students nationally and internationally. Most scholarships provide a living allowance and/or a fee exemption. Scholarships include:

- Melbourne Research Scholarship
- Australian Government Research Training Program Scholarship
- Fay Marles Scholarship
- Frederick Blake Shepherd Scholarship
- Human Rights Scholarship
- Elizabeth and Vernon Puzey Scholarship
- Helen Macpherson Smith Scholarship, and other excellence scholarships.

## TRAVELLING SCHOLARSHIPS

Coursework students who intend to undertake overseas study (exchange or study abroad) can be considered for various Melbourne mobility awards, including the Melbourne Global Scholars Award.

The University also offers scholarships for students undertaking coursework and research at an overseas institution, such as the Rae and Edith Bennett Travelling Scholarship.

## GRADUATE SCHOOL SCHOLARSHIPS

Check your graduate school's website to see what is available for your course.

## RESIDENTIAL COLLEGE SCHOLARSHIPS, BURSARIES AND PART-TIME EMPLOYMENT OPPORTUNITIES

The residential colleges (page 16) offer significant financial support through the provision of scholarships, bursaries and opportunities for part-time employment.

In 2021 over \$7.5 million in scholarships were awarded, with more than one-third of residents receiving financial aid. Over \$1.8 million is paid in part-time employment to students each year.

[colleges.unimelb.edu.au/scholarships-and-fees/](http://colleges.unimelb.edu.au/scholarships-and-fees/)

Explore all of our scholarships at: [scholarships.unimelb.edu.au](http://scholarships.unimelb.edu.au)

# YOUR HOME

## Live in the heart of one of Australia's most liveable cities.

We have expanded our range of graduate accommodation options, making it easier than ever to find your place at Melbourne. Select from self-contained studios, dormitory-style living, residential colleges, shared apartments, homestay and private rental options.

### UNIVERSITY ACCOMMODATION

Our newest graduate-only residence, The Lofts is a lively, affordable and sustainable community located in the heart of Melbourne Connect, a purpose built innovation precinct, designed to bring together high-calibre industry, researchers, entrepreneurs and thinkers to find innovative solutions for our future challenges.

Within walking distance of Science Gallery Melbourne – inspiring and transforming curious minds through the collision of arts and science; Telstra Creator Space – allowing you to prototype an idea or new innovation onsite; as well as wellbeing, child care, laneway retail and work spaces to make possible the kind of thinking, lifestyle and research needed to solve global problems.

Melbourne Connect is targeting 6 star Green Star Design and As Built (World Excellence) Rating, and is designed to achieve a 5 star NABERS Energy Rating. It includes initiatives such as electric vehicle charging and rooftop solar panels.

Little Hall is a learning hub with dedicated academic programs and UniLodge Lincoln House – modern dormitory-style living with impeccably designed shared facilities overlooking the city.

### RESIDENTIAL COLLEGES

Live on campus while enjoying your own private furnished room, common spaces and three meals a day provided in the beating heart of every college – the Dining Hall. Make lifelong friends while experiencing a broad range of cultural and sporting activities, leadership opportunities and intellectual pursuits. With dedicated residential tutors and professional staff living on site, college will support you with weekly academic tutorials, career mentors and pastoral care so that you can excel in and beyond your studies. In 2021, over \$7.5 million in college scholarships will be awarded, with more than one-third of students receiving financial aid.

[www.colleges.unimelb.edu.au/](http://www.colleges.unimelb.edu.au/)

### OTHER OPTIONS

The University's Student Accommodation service provides support to assist students with finding information and resources about alternate housing options, such as homestay, hostels or private rentals.

Student Accommodation can provide advice on your rights and responsibilities as a tenant, refer you to financial support and provide transportation information and tips on getting study ready.

One of your options is Student Village Melbourne. Here you can enjoy your own furnished bedroom with ample workspace and access to village facilities designed specifically for students.

<sup>②</sup> Total estimated annual living cost including rent, utilities, internet (excludes food, course fees and incidentals). On average, students should budget at least \$80-\$150 per week (\$4160-\$7800 per year) for food and groceries if they do not have meals provided. See: [services.unimelb.edu.au/finaid/planning/cost\\_of\\_living/summary](https://services.unimelb.edu.au/finaid/planning/cost_of_living/summary)

<sup>③</sup> Total estimated annual living cost including rent, utilities, internet, public transport and a varied number of meals (excludes course fees and incidentals).

Little Hall, Parkville.

# YOUR STUDENT EXPERIENCE

---

Learn from experts at the forefront of their fields and industry leaders recognised globally for their outstanding achievements.

Collaborate on joint projects with international partners and build professional networks with others in your field from all over the world.

Access applied, hands-on experience through internships, field trips and exposure to industry experts to enhance, challenge and deepen your way of thinking.

## UNPRECEDENTED CHOICE

Our graduate schools offer over 400 courses, providing boundless scope for you to pursue your passion and develop your career.

## INTERNATIONAL OPPORTUNITIES

Enrich your graduate studies with an international experience.

Study overseas for a semester, sometimes two, with one of our exchange partners in more than 40 countries around the world. You may also be able to study with non-partner institutions, as well as complete single subjects, placements or internships overseas.

The University offers scholarships and grants that help make study overseas affordable.

[students.unimelb.edu.au/study-overseas](https://students.unimelb.edu.au/study-overseas)

## MAKING A DIFFERENCE: INTERNSHIPS AND VOLUNTEERING

Take your learning beyond the lecture theatre and make a difference in communities across the globe. Complete an internship as part of your studies – experience your future industry first-hand, and make great contacts right away. If you're passionate about a cause, take your skills into the community and volunteer – we even offer awards and grants to help finance your volunteer work.

## STUDENT SUPPORT

Support is available to assist you throughout your studies at Melbourne. Stop 1 is the first port of call to help with enrolment, fees, transcripts or student identification cards, as well as personalised advice on course and career planning.

[students.unimelb.edu.au/stop1](https://students.unimelb.edu.au/stop1)

We offer academic skills workshops, advocacy services, career planning and advice, chaplaincy, children's services, counselling, disability support, financial aid, and health and housing services.

[services.unimelb.edu.au](https://services.unimelb.edu.au)

For all online courses, please contact the online student support team on +61 3 8344 0149 (Monday to Friday 8am to 9pm, weekends 10am to 5pm).

[online.unimelb.edu.au](https://online.unimelb.edu.au)

## INTERNATIONAL STUDENT SUPPORT

Moving to another country to study can be a daunting experience. We offer a range of services and programs that cater to international students and their families, including online and in-country pre-departure briefings, orientation events, language and academic skills support, language and professional development support for your partner, and visa and migration advice.

[students.unimelb.edu.au/stop1](https://students.unimelb.edu.au/stop1)

## CAREER SUPPORT

Access careers and employment programs aimed at building your skills and experience for the future. These include interactive workshops, job application support, networking events, web-based career services and databases, mentoring programs and opportunities to connect with industry.

[careers.unimelb.edu.au](https://careers.unimelb.edu.au)

## JOIN OUR NETWORK OF GRADUATES

There are more than 360,000 Melbourne alumni worldwide, including 43,000 living and working outside Australia across 160 countries. As a graduate, you can expand your professional networks through exclusive alumni activities such as reunions, networking events, webinars and mentoring opportunities.

# COURSE BY STUDY AREA

# ARCHITECTURE, BUILDING, PLANNING AND DESIGN

We are a living laboratory for built environment and design students, setting an example of best practice for Australia and the rest of the world.

## MAKING AN IMPACT IN THE BUILT ENVIRONMENT

For 150 years we have strived to innovative Australian teaching and research in design and the built environment. The Faculty of Architecture, Building and Planning's graduate school, the Melbourne School of Design (MSD), is student-oriented, technology-driven and aligned closely with industry, government and our partner institutions. Grounded in practical teaching, our courses are accredited locally and internationally, producing graduates who design solutions for an uncertain future. Our suite of double masters degrees allows students to explore complimentary passions across the built environment while achieving multiple accreditations.

## A DYNAMIC STUDIO CULTURE

Be inspired by our progressive design inquiry throughout your degree. Whether you're studying Architecture or Property, you'll embed design thinking into every aspect of your course.

Our design studios are overseen by Donald Bates, a primary architect of Melbourne's iconic Federation Square. Our studio classes are taught by MSD academics, who are similarly linked to industry, alongside professionals from an array of Australian and international organisations.

Access the latest design technology housed within the school's fabrication workshop and maker spaces. Experiment with machinery, materials, 3D printing and virtual and augmented design technology. Our unique bureau service has experts available to assist you every step of the way in using this technology and machinery.

Your studies are complemented by a regular program of exhibitions, public lectures, research seminars and conferences, all accommodated within the 6 Green Star-rated Glyn Davis Building.

## RESEARCH SHAPING THE REAL WORLD

MSD undertakes creative, foundational and applied research projects into the past, present and future of our built and natural environments. Our research critically informs the teaching of future generations of practitioners, researchers and designers.

Built environment research hubs and centres embedded within the University include the Australian Urban Research Infrastructure Network (AURIN), Transforming Housing, the Transport, Health and Urban Design Hub, the Melbourne Sustainable Society Institute, and the Australian Centre for Architectural History, Urban and Cultural Heritage.

## CAREER OUTCOMES

Our graduates are recognised as being highly capable, adaptable professionals who are knowledgeable across a range of disciplines. They are known for having a solid academic foundation coupled with strong practical skills, making them job-ready for the dynamic world of the built environment.

**#24 IN THE WORLD FOR ARCHITECTURE**

– QS World University Rankings by Subject 2022

**i** For more details on accreditation, check the course entries on the following pages.

“I absolutely loved my time studying with the Faculty of Architecture Building and Planning. In terms of my education, I felt that the quality and breadth of the subjects on offer allowed me to tailor my experience to my interests, whilst ensuring I had access to the base knowledge that would be required to enter the industry.

“The resources available through the faculty, including the MSD building and its collaborative spaces, added to this experience, and helped me feel immersed in the knowledge I was gaining. I also found the existence of student clubs and events, both social and industry based, made me feel very connected to my peers and the talented staff I was surrounded by. I was also able to interact with valuable industry connections, through guest lectures and events.”

<sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

<sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. You must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

<ul style="list-style-type: none"> <li>Masters or honours degree including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a weighted average mark (WAM) of at least 75%+</li> </ul>	<ul style="list-style-type: none"> <li>Provides a research pathway to a career in academia</li> </ul>

④ Part-time study available only after the first year.

⑤ Mid-year (July) entry may not be available for all students. Entry date will be determined based on your academic background.

⑥ Domestic students can undertake this course part-time over 1 year.

⑦ Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

# ARTS, HUMANITIES AND SOCIAL SCIENCES

We teach you how to think, not what to think – enabling you to develop advanced knowledge and professional skills to support a rewarding and meaningful career.

## TRANSFORMATIVE THINKING WITH PRACTICAL APPLICATION

Reap the benefits of innovative teaching and award-winning research in an environment that fosters social, political and cultural understanding, promotes critical and creative thinking, and prioritises the ability to apply skills and knowledge to solve challenging issues.

## INSPIRING, WORLD-LEADING ACADEMICS

Our academics are internationally renowned researchers, leading practitioners and committed teachers that encourage intellectual excellence and critical enquiry. You'll be taught by experts who will keep you connected to the latest developments in the field.

Benefit from our strong links with industry, government and non-government organisations, which provide a wide range of opportunities for internships and research projects throughout your degree.

## PROGRAMS THAT OPEN DOORS

We offer coursework and research-based programs in cultural management, social sciences, and media, communications and publishing, as well as our Executive Master of Arts.

Our coursework degrees have been developed through extensive consultation with the corporate, cultural, government and not-for-profit sectors, and combine practical and theoretical learning to ensure you're prepared for excellence in your career.

## A CREATIVE SPACE FOR NEW IDEAS

The distinguished Old Arts building provides learning spaces and facilities exclusively for graduate students. The collaborative work and social spaces are great places for networking and exchanging ideas with fellow students, employers and community leaders, facilitating a strong cohort-building experience.

Access our world-class facilities including dedicated lecture, seminar, study and meeting rooms, a student lounge and wireless connectivity throughout.

## CAREER OUTCOMES

We develop ethical leaders with the knowledge, skills and passion to make a positive contribution to the world. Our graduates become global thinkers, scholars and leaders, who go on to find success in a range of careers – from the private and government sectors to the social economy, media, communications and cultural fields. Our alumni network connects you with the University and your peers well into your career.

**#12 IN THE WORLD FOR  
SOCIAL POLICY AND  
ADMINISTRATION**

– QS World University Rankings by Subject 2022

## MAKING PUBLIC POLICY ACCESSIBLE TO YOUTH

After two years working in the Victorian Government's Department of Premier and Cabinet, Rose-Anna Selhorst applied for the Master of Public Policy and Management to gain a deeper understanding of how the public sector works.

Rose-Anna describes the opportunities she has had since – such as completing a semester abroad at the University of Helsinki – as life-changing. The skills she has learned at Melbourne allowed her to make the most of her experience when she was selected by Global Voices as an Australian delegate to the Y20 Summit in Tokyo in 2019.

*“Throughout the degree I have not only developed my policy skills, but my self-awareness and confidence. These skills were invaluable as I engaged in negotiations with other G20 youth representatives to agree on a communiqué that was presented to world leaders,”* she says.

**Rose-Anna Selhorst (Australia)**

<sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

<sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

<sup>4</sup> On campus and online (except Modern Languages stream). Online delivery is not available to international students studying in Australia.

<sup>5</sup> This course is not subjected to a student visa. Delivered by University of Melbourne Professional Development. See: [unimelb.edu.au/professional-development](http://unimelb.edu.au/professional-development).

<sup>6</sup> Depending on the program you are concurrently enrolled in, a Diploma in Languages will generally add an extra year of full-time study to your degree.

<sup>7</sup> While it is possible to commence the diploma at various points within your graduate degree, we recommended you commence your chosen language in the first semester of your course.

<sup>8</sup> Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

<sup>9</sup> This course is a joint course with the University of Manchester.

# BUSINESS AND ECONOMICS

Melbourne Business School is a leading provider of education in the Asia-Pacific. Our programs are designed to inspire and equip you to make a difference on a global scale.

## MAKING AN IMPACT IN THE BUSINESS ENVIRONMENT

Melbourne Business School (MBS) provides industry and government-focused programs to meet the needs of global business professionals at critical stages of their careers. Whether you're a new graduate, early career professional or taking the next step in your career, we'll equip you with the knowledge, research insights and personal effectiveness skills to make an impact in the business, government, public and not-for-profit sectors.

We unite industry, government, policy makers and future leaders through actionable ideas that provide lasting solutions. Our academic staff are active in research and public policy, and well connected to business.

## PROGRAMS ACROSS EVERY BUSINESS DISCIPLINE

MBS offers coursework and research programs in accounting, actuarial science, applied econometrics, business analytics, human resources, economics, entrepreneurship, finance, indigenous business leadership, international business, management, marketing, supply chain management, sustainable business, as well as a suite of world-class MBAs.

**#34 IN THE WORLD  
FOR ECONOMICS AND  
ECONOMETRICS**

– QS World University Rankings by Subject 2022

## DYNAMIC STUDENT EXPERIENCE

Immerse yourself in real-life case studies, group work and opportunities for syndicate learning and industry integration, ensuring your student experience is practical, dynamic and challenging. Benefit from our strong links with government, industry and non-government organisations and participate in local and global work-integrated learning, student exchange, mentoring and networking to enhance your experience and your employability. With opportunities for international exchange with schools such as the HEC Paris School of Management, Erasmus University Rotterdam, Kings College London and the Kellogg School of Management, your learning experience can be truly international.

## JOIN A COHORT OF FUTURE LEADERS

Diverse in their backgrounds, our students are united by their motivation to succeed, the ability to provide meaningful contributions in the classroom and a desire to and become leaders in their fields. Study in cutting-edge teaching and learning environments online and on campus in collaborative work and social spaces enables you to network, exchange ideas and enjoy a strong cohort experience.

## CAREER OUTCOMES

Our career enrichment programs include mentoring, coaching, internship opportunities and projects with leading organisations.

Our alumni are employed as executives, financial analysts, management consultants and policy advisers in global business brands, government and academia throughout the world.

MBS is accredited internationally by the Association to Advance Collegiate Schools of Business (AACSB) International and the European Foundation for Management Development Quality Improvement System (EQUIS).

**#1 IN AUSTRALIA  
#34 IN THE WORLD  
FOR BUSINESS AND  
MANAGEMENT STUDIES**

– QS World University Rankings by Subject 2022

Rana Aman grew up in the Gaza Strip under a challenging and difficult socio-economic and political environment. She finished her schooling there, studying accounting, and went on to begin a promising career in humanitarian and international aid.

When she decided it was time to take the next step in her career, Melbourne Business School offered her a perfect opportunity.

*“Coming to Australia, and Melbourne Business School in particular, has really made me eager to continue learning. It’s the entire environment and vibe of this place. You want to read more, to engage critically and challenge and advance old ways of thinking. This opportunity has been a huge breakthrough in my life, 15 years in the making. I don’t see graduating from Melbourne as the end of my educational journey at all, I look forward to continuing my studies, contributing to my community, and making my family proud.”*

**Rana Aman (Gaza)**

- <sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.
- <sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.
- <sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.
- <sup>4</sup> The results of a Graduate Record Examinations (GRE) test or Graduate Management Admission Test (GMAT) completed within the last 5 years. Please refer to specific program requirements, online as GMAT/GRE performance requirements differ across doctoral disciplines.
- <sup>5</sup> Weekend residential format (4 days per month) for 18 months, including a week-long overseas module in Asia.
- <sup>6</sup> Residential format (10 nine-day modules) for 18 months, including overseas modules in Asia, Europe and North America.
- <sup>7</sup> This course is not subjected to a student visa.
- <sup>8</sup> Students wishing to take Environmental Economics and Strategy (ECON90016) and Sustainable Investments (FNCE90087) or equivalent, must meet the prerequisites.
- <sup>9</sup> High Achieving successful full-time applicants into any of the Doctoral and Masters by Research programs are awarded an FBE Doctoral Program or Masters by Research (Actuarial Studies) full scholarship that includes a stipend and a full course-fee remission.
- <sup>10</sup> All domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.
- <sup>11</sup> If you are a non-native speaker
- <sup>12</sup> Undergraduate qualification must have a University of Melbourne equivalent weighted average mark of least 65% or equivalent

# EDUCATION

Home to some of the world's most recognised education experts, the Melbourne Graduate School of Education is at the cutting edge of teaching and research. Our mission is to equip graduates to address the major educational challenges of our times.

## SUPPORTING INNOVATION IN EDUCATION SYSTEMS IN AUSTRALIA AND WORLDWIDE

We collaborate with partners in early childhood settings, schools, tertiary institutions, governments and beyond, seeking new and improved ways to support Australia's education system. We deliver relevant, high quality, high-impact education research that makes a difference, both in Australia and around the world. We prioritise and affect change in areas such as wellbeing and resilience, sustainability diversity and inclusion and Indigenous education.

## DEGREES WITH A DIFFERENCE

We are the only university in Australia to offer a teaching degree that employs a clinical model of education where you will develop professional skills to work with learners of all abilities and evaluate, identify and support their individual learning needs as they evolve over time.

Our innovative curriculum integrates theory and practice in a way that will give you powerful insights into children and young people, and how they learn. You will become an active member of a school or early childhood community from your first semester, with unparalleled support from the school and university mentors.

We also offer a wide range of courses for professionals working in education and related areas – policy formation, assessment and evaluation, psychology and wellbeing, learning intervention, languages and more. Whether you are looking to take the next step in your career or simply explore an area of interest, we have a course that will suit you.

With face-to-face and online options available, you can start with a short course or graduate certificate and work your way up to a masters or PhD. Our courses are flexible and designed for practical application in the real world.

## CAREER OUTCOMES

Highly sought after by schools, early childhood services and the wider sector, our graduates feel confident and ready for the dynamic and challenging work of being an educator or working in education: 96 per cent of our graduates are employed within the first four months of graduating. <sup>1</sup>

Many of our courses are accredited by the Victorian Institute of Teaching (VIT). See the relevant course entry on the following pages. If you're interested in teaching overseas, please check registration requirements for your intended destination.

**#1 IN AUSTRALIA**  
**#12 IN THE WORLD**  
**FOR EDUCATION**

– QS World University Rankings by Subject 2022

*“What I have enjoyed most about studying at MGSE are the opportunities to have rich debates with people from different cultures and backgrounds about educational systems around the world. Everyone comes together with the one common aim of pursuing higher education to better impact their communities.*

*“The Leadership and Management specialisation in the Master of Education is relevant to the realities in my home country of Paraguay. It has highlighted challenges in the management of different educational environments, along with providing an understanding of potential curriculum reform and professional development opportunities for teachers.*

*“My plan for when I return home is to use the knowledge provided by my two degrees, in Law and Education, to explore leadership positions, train teachers to become better practitioners and help create policies or programs to better develop our educational system.”*

**Alejandra Bogado Tervit

<sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

<sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

<sup>4</sup> Early childhood registration is with the Victorian Institute of Teaching (VIT). Please check our website for more information: [study.unimelb.edu.au/find/courses/graduate/master-of-teaching-early-childhood](https://study.unimelb.edu.au/find/courses/graduate/master-of-teaching-early-childhood)

<sup>5</sup> The 2022 course has been submitted to the Victorian Institute of Teaching (VIT) for accreditation. For Early Childhood streams, the course is accredited by the Australian Children's Education & Care Quality Authority (ACECQA).

ENTRY REQUIREMENTS <sup>6</sup>	COURSE OUTCOMES
<ul style="list-style-type: none"> <li>• Masters degree in education or a related discipline with a weighted average mark (WAM) of at least 75%+</li> <li>• 5+ years' documented, relevant professional or teaching experience</li> <li>• Evidence of capacity to undertake research</li> </ul>	<ul style="list-style-type: none"> <li>• Designed to enable experienced educators to carry out advanced academic and professional study which has direct relevance to their professional role</li> </ul>
<ul style="list-style-type: none"> <li>• Honours degree in a related discipline with a weighted average mark (WAM) of at least 80%+ from an Australian university</li> <li>• Evidence of capacity to undertake research</li> <li>• Evidence that the knowledge of the discipline in which the degree is planned is current</li> <li>• Assessment of level of suitability</li> </ul>	<ul style="list-style-type: none"> <li>• Completion of a substantial piece of original research under academic supervision, developing authoritative knowledge in your field</li> </ul>
<ul style="list-style-type: none"> <li>• Honours degree in a related discipline with a weighted average mark (WAM) of at least 75%+ from an Australian university</li> <li>• Evidence of capacity to undertake research</li> <li>• Evidence that the knowledge of the discipline in which the degree is planned is current</li> <li>• Assessment of level of suitability</li> </ul>	<ul style="list-style-type: none"> <li>• Suitable for those who wish to develop advanced skills in carrying out independent and sustained research</li> </ul>
<ul style="list-style-type: none"> <li>• Undergraduate degree and at least 50 credit points of graduate study in education, with a weighted average mark (WAM) of at least 75%+, or</li> <li>• 4 year education degree with a weighted average mark (WAM) of at least 75%+</li> </ul>	<ul style="list-style-type: none"> <li>• Suitable for practising professionals who wish to gain a superior knowledge and understanding of educational theory and practice in general, and in a specialised area</li> </ul>
<ul style="list-style-type: none"> <li>• Honours degree in psychology accredited by the Australian Psychology Accreditation Council with a weighted average mark (WAM) of at least 75%+ (completed within last 10 years)</li> <li>• 2 academic referees</li> <li>• Personal statement</li> <li>• Selection interview</li> </ul>	<ul style="list-style-type: none"> <li>• Suitable for those who wish to become practitioners while developing advanced research skills and experience to enhance their capacity to work in professionally related tertiary programs</li> <li>• Completion of a substantial piece of original research under academic supervision within the field of practice of educational psychology and related practice</li> </ul>

<sup>6</sup> 1.5 years full-time accelerated mode (includes a more intensive study load each semester).

<sup>7</sup> Duration with advanced standing is 1 year full-time, 2 years part-time.

<sup>8</sup> Some subjects offered partially in intensive Saturday workshops.

<sup>9</sup> Students who are eligible for Victorian Institute of Teaching registration but seek additional recognition as a language teacher, must complete the Language Teaching specialisation.

<sup>10</sup> Students who are eligible for Victorian Institute of Teaching registration but seek additional recognition as an English as an additional language teacher, must complete the English as an Additional Language Teaching specialisation.

<sup>11</sup> Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

<sup>12</sup> Related discipline: psychology, education, sociology, business, management, political science, medicine, public health, and economics

# ENGINEERING

We are a global leader in engineering education, attracting students and staff of outstanding ability from around the world. Our curriculum is characterised by real-world, problem-based learning and industry experience.

## CUTTING-EDGE TECHNOLOGY

Be part of a community that contributes to cutting-edge interdisciplinary research through strong industry collaboration. Our research is addressing the world's critical challenges, from water resource management and sustainable energy to targeted drug delivery for cancer treatment and digital technology to improve healthcare.

## REAL-WORLD EXPERIENCE

Our industry-connected curriculum allows you to gain real-world experience during your degree. Complete an industry project, take part in internships, undertake an innovation challenge with an industry mentor or connect with a STEM mentor.

Access a broad range of extra-curricular opportunities to build your experience and employability. Take part in professional skills workshops tailored for engineering students, attend industry panels and networking events and compete in industry case competitions.

## SPECIALISATIONS TO SUIT EVERY STUDENT

We offer a range of engineering masters courses tailored to students seeking professional accreditation, and a specialised suite for qualified engineers looking for career progression.

Tailor your studies to your interests by choosing from a range of specialisations within each course, including the option to complement your technical skills with management, marketing, economics and strategy with a business specialisation.

Discover our full range of masters courses in:

- Biomedical
- Chemical
- Civil, structural and architectural
- Electrical
- Energy
- Engineering with business
- Environmental
- Engineering management
- Industrial and manufacturing
- Mechanical, mechatronics and aerospace
- Software
- Spatial.

## CAREER OUTCOMES

Work around the world, enter the workforce with the ability to lead projects and teams, as well as the creativity to analyse problems and develop innovative solutions. As a Melbourne engineering graduate, you'll have a unique set of business, technical, analytical and interpersonal skills, making you an ideal candidate for a career in engineering, business, government, research and management.

Our Master of Engineering suite is the first in Australia to be accredited by both Engineers Australia and EUR-ACE®, opening global career opportunities for our graduates. Other accreditation bodies that we have agreements with include Euro-Inf®, iChemE, the Royal Institution of Chartered Surveyors and the Australian Computer Society.

**#23 IN THE WORLD FOR  
MINERAL AND MINING  
ENGINEERING**

– QS World University Rankings by Subject 2022

*“What I’m really enjoying about this course is not so much what I’m learning, the content, but the way that I’m learning it. There’s a lot of critical and lateral thinking, which I think is much more important than learning all the specific formulas. It’s like learning how to learn, which I think will really help with the future, especially if I go on to create my own start-up or do something more creative.”*

*“The internships I’ve completed so far have been great opportunities to gain work experience and get a taste of what life after university will be like.”*

**Wenn Lynn Ooi (Australia)**  
Master of Engineering (Biomedical)  
Bachelor of Biomedicine

<sup>④</sup> This degree has received provisional accreditation from Engineers Australia. Full accreditation will be granted when sufficient students graduate from the program. Accreditation status will be backdated, so that all graduates receive full accreditation.

<sup>⑤</sup> Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

## LIVING LABORATORY: ENGINEERING A SMART CITY

What if connectivity was the key to making our transport systems safer, smarter and more sustainable?

That's the idea driving the Australian Integrated Multimodal EcoSystem (AIMES). Blending civil engineering, spatial information and information technology, AIMES is a world-first living laboratory based on the streets of Melbourne. Established by engineers from the University of Melbourne in collaboration with more than 50 government and industry partners, AIMES harnesses Internet of Things technologies to connect a network of sensors that enable vehicles, pedestrians and bicycles to wirelessly communicate with each other.

Covering an area of six square kilometres in inner-city Carlton, AIMES has the potential not only to make roads safer – by alerting commuters to upcoming hazards within a tenth of a second, for example – but also more efficient, giving drivers and autonomous vehicles early and instant warning of emerging traffic delays, and planners the means to seamlessly redirect traffic to keep the city moving. The result: a fully-integrated transport system that could be the answer to tackling congestion, increasing city sustainability and mobility and improving safety for all road users.

# ENVIRONMENT

Our courses that equip you for professional practice and leadership in environment and sustainability.

## MULTIDISCIPLINARY AND FLEXIBLE

Choose from courses designed to prepare you for specialisation in fields as diverse as energy efficiency, climate change, governance, health, environmental law, environmental science, agricultural science, environmental engineering and more. Some courses even allow you to tailor your own specialisation.

## ON THE CUTTING EDGE OF RESEARCH

Be exposed to the latest in environmental thinking and learn from practitioners and academics who are experts in their fields. Our academics are currently investigating:

- The impact of climatic and environmental change including sea level, storms and tsunami
- Human-nature relations – the interconnected economic, social and policy dynamics of sustainability innovations, climate governance and environmental management
- The social and cultural aspects of environment management and governance.

**#21 IN THE WORLD FOR ENVIRONMENTAL SCIENCES**

– QS World University Rankings by Subject 2022

## MAKE A REAL-WORLD DIFFERENCE

Many of our courses provide the opportunity to undertake original research, a work placement, industry project or fieldwork.

Contribute to an environmental project overseas as part of your course, or experience a work placement at an organisation such as the City of Melbourne, Parks Victoria, Malaysian Zoo or the Green Building Council of Australia.

## CAREER OUTCOMES

Our graduates are environmental leaders, contributing to a growing global network of professionals working on key sustainability issues. They work in global consultancies, in all levels of government, private and not-for-profit organisations, community education and academia.

### TAKING ACTION ON CLIMATE CHANGE

As a recipient of an Australia Awards scholarship, **Mehak Masood** was able to pursue her long-time dream of studying a **Master of Environment** with a specialisation in Climate Change at the University of Melbourne.

With her degree completed, Mehak returned to her home country of Pakistan to work with the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ), where she implements the knowledge and skills she developed to manage projects related to strengthening emissions modelling, gender and climate action, climate finance and youth engagement.

*“The Master of Environment is flexible and multidisciplinary, with a focus on developing a specialisation in a field of environmental practice while improving your capacity to work across disciplines. This makes you the best fit for the job market and provides employability at a global level.”*

*“The degree allowed me to expand my technical and leadership skills and broaden my horizons.”*

*“It has given me countless opportunities in life, providing me not only with a pathway to a promising career but also an excellent academic foundation.”*

**Mehak Masood (Pakistan)**

<ul style="list-style-type: none"> <li>Undergraduate degree with a major in a related discipline with a WAM of 65%+, or</li> <li>Undergraduate degree in any other discipline with a WAM of 65%+, and 25+ credit points in chemistry, biology, mathematics or statistics, or</li> <li>Undergraduate degree and Graduate Certificate in Environment with a WAM of 65%+, or</li> <li>2 year associate degree or diploma in a related discipline, 5 years' documented, relevant professional experience and performance on a selection test</li> <li>Undergraduate degree or graduate certificate with a WAM of 65%+, or</li> <li>Graduate Diploma or Honours degree</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for those wishing to build hands-on, practical skills in the management of the biophysical environment while learning to successfully consult and collaborate with communities and other stakeholders</li> <li>Suitable for those wishing to work or advance careers in the expanding urban horticulture and landscape management industries</li> <li><b>Also available: Graduate Diploma in Urban Horticulture (1 year)</b></li> </ul>
<ul style="list-style-type: none"> <li>Undergraduate degree with a major in a related discipline with a WAM of 65%+, or</li> <li>Undergraduate degree with a WAM of 65%+, and 25+ credit points in chemistry, biology, mathematics or statistics, or</li> <li>Undergraduate degree and Graduate Certificate in Environment with a WAM of 65%+, or</li> <li>2 year associate degree or diploma in a related discipline, 5 years' documented, and either the completion of a relevant Melbourne MicroCert or an appropriate level of performance on a test conducted by the Selection Committee</li> </ul>	<ul style="list-style-type: none"> <li>Specifically developed with input from the Victorian Bushfires Royal Commission, the Victorian Building Commission, the Victorian Department of Planning and Community Development, the Country Fire Authority and the Fire Protection Association of Australia</li> </ul>

③ Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

④ Indicative range based on 2022 fees. Fees are charged on a per-subject basis.

⑤ Some subjects may be offered online, or using intensive residential or mixed mode delivery.

# HEALTH

**Our programs in biomedical science, dentistry, health sciences, medicine, population and global health and psychology will place you at the cutting edge of global health practice and research.**

## LEADING THE WAY IN HEALTH EDUCATION

Our courses are developed and delivered by leaders in health education through our connections with hospitals, research institutes and the public and private sectors in Australia and overseas. Our internationally recognised research centres, active industry collaborations and involvement in health policy and practice provide you with a stimulating learning environment and enriching opportunities. Our Faculty is based in the Parkville campus in the heart of the Melbourne Biomedical Precinct, a leading global research and teaching hub and one of the top five biomedical precincts in the world.

## BIOMEDICAL SCIENCE

Learn from groundbreaking research across fields including cancer, neuroscience, biochemistry, pharmacology, immunology and infection. Take advantage of our strong links to leading research institutes including the Peter Doherty Institute for Infection and Immunity, major general and specialist hospitals and private sector industries in Victoria and beyond. Find out about our world-leading programs covering discovery science to drug development to surgical anatomical training – and more.

## DENTISTRY

Learn from world-leading academics in a hub of internationally recognised dental research. Our state-of-the-art teaching facilities offer our students the ability to get hands on with experiential simulation training and unmatched clinical experience.

## HEALTH SCIENCES

We offer programs in audiology, nursing, physiotherapy, social work, speech pathology, optometry and vision sciences. Our state-of-the-art facilities, clinical education and fieldwork placements give you access to the best possible practical experience.

## MEDICINE

We were the first medical school in Australia and are renowned for global leadership in teaching and training, health research, policy and practice. Become part of a rich learning community in the clinical schools and departments across our numerous affiliated hospitals in metropolitan Melbourne and rural Victoria.

## POPULATION AND GLOBAL HEALTH

Develop your career and research interests through leading programs in public health and specialist disciplines. These include: ageing, data sciences (applied analytics, biostatistics, epidemiology, health informatics and digital health), gender and women's health, global health, health economics and economic evaluation, health program evaluation, health social sciences, Indigenous health and sexual health.

## PSYCHOLOGY

The University is a research leader in cognitive and behavioural neuroscience, quantitative psychology, social psychology, developmental psychology and clinical science. Benefit from strong interdisciplinary collaborations across the University, and our hospital and research institute partners. Our globally-engaged academics seek to share and promote the use of psychological knowledge in solving major social and health challenges.

## CAREER OUTCOMES

Our health programs will prepare you for an exciting and meaningful career. Potential opportunities include:

- Biomedical positions in hospitals and community agencies, private practice, rehabilitation centres, the sports industry and long-term care facilities
- Generalist and specialist practitioner roles in dentistry
- Clinical, research and academic positions across all medical specialisations
- Roles in public health, policy development and implementation, epidemiological or biostatistical research and social research
- Professional positions in allied health and therapy practices
- Psychology positions in settings such as hospitals and community agencies, rehabilitation centres, private practice, schools, human resources, counselling and behavioural research.

Many of our health courses are professionally accredited by governing bodies in Australia and overseas. Check the relevant course entry on the following pages for more information.

**#1 IN AUSTRALIA  
#14 IN THE WORLD  
FOR CLINICAL, PRE-CLINICAL  
AND HEALTH**

– Times Higher Education World University Rankings  
by Subject 2022

*“I decided to study the Master of Nursing Science because I was interested in healthcare and psychology. Nursing involves a lot of patient care, practical experience and potential pathways to other specialisations which really appealed to me. The University of Melbourne’s degree is internationally recognised, and the possibility of working as an international nurse is one of the main reasons I chose to study here.*”

*“We have lab practice every semester to practise our clinical skills such as manual handling, subcutaneous and IM injections, blood glucose level testing and medication administration. This practical experience helped me greatly in applying my theoretical knowledge to practice. Also, doing lab practice before my clinical placements helped me consolidate my clinical skills to avoid mistakes, reduce anxiety and provide appropriate care.*”

*“The clinical placements on the course were exceptionally appealing to me. When I graduate, I want to become a mental health nurse. My mental health placement on an acute psychiatric ward prepared me well with the fundamental skills I will need to work as a mental health nurse and provide the best care to patients.*”

*“I think the best parts of the course are my peers and the class sizes. Compared to other universities, the University of Melbourne tends to have a smaller cohort which makes it easier to get to know everyone and form a tight bond with your peers. Another benefit of a small cohort is that the lecturer and subject coordinators can more closely interact with students.”*

**Bowen Li (China)**

<sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

<sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

# INFORMATION TECHNOLOGY AND COMPUTER SCIENCE

We offer dynamic, industry-relevant programs to prepare our graduates for rewarding careers in the fast-moving and exciting field of information technology and computer science.

## CREATIVE THINKING AND PRACTICAL APPLICATION

IT and computer science at Melbourne is grounded in both science and engineering, brought to life through creative thinking and practical application. Experience a curriculum designed in consultation with leading IT industry decision-makers and taught by world-leading experts, with opportunities for industry placements.

Explore how the latest advancements in artificial intelligence, cybersecurity and machine learning are transforming the world.

## AT THE FOREFRONT OF GLOBAL IT ADVANCEMENT

We are located in Australia's most dynamic technology and med-tech precinct at Parkville. Our IT research is at the forefront of global advancement in areas such as broadband networks, cybersecurity, human-computer interaction, distributed and cloud computing and bioinformatics.

## ENGAGED WITH RESEARCH AND INDUSTRY

We are an international research leader in computer science, information systems and software engineering. We collaborate with a wide variety of industry partners, including government and private enterprise, giving students the opportunity to connect with industry and create solutions for specific real-world problems.

## CHOOSE YOUR SPECIALISATION

We offer programs for students passionate about cutting-edge technology and its applications in solving real-world problems across all areas of business, government and society.

Choose from graduate courses in software engineering, human-computer interaction, artificial intelligence, distributed computing, cybersecurity, information systems, computer science, data science and more.

## CAREER OUTCOMES

Our IT graduates are in high demand in Australia and overseas. Work in any setting – from your own start-up to multinational corporations, from government or not-for-profits to the health sector. Create software and information systems, unlock the meaning and value in data and information, and shape the ways in which people and technology interact.

Our Master of Software Engineering is the first in Australia to be accredited by both Engineers Australia and EUR-ACE®, opening global career opportunities for graduates. We also have accreditation agreements with Euro-Inf® and the Australian Computer Society.

Please check the specific courses on the following pages for more information.

<ul style="list-style-type: none"> <li>Honours degree in a related discipline or a relevant masters degree with a weighted average mark (WAM) of at least 80%+ and a substantial research component equivalent to 25%+ of 1 year of full-time study</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for students wishing to develop advanced skills in carrying out independent and sustained research</li> </ul>

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

<sup>4</sup> Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

# LAW

---

**We have educated judges, prime ministers, lawyers and academics for more than 160 years.**

## **A GLOBAL LEADER IN LEGAL EDUCATION**

Engage with experts in all areas of law, and be part of a vibrant learning environment that values ideas, excellence and intellectual exchange.

## **CONNECTIONS BEYOND MELBOURNE**

Our 18 research centres, groups, networks and institutes span the spectrum of legal endeavour. We're connected via international partnerships to leading law schools in the United Kingdom, Asia and North America, and we offer dual-program degrees with the University of Cambridge, the University of Oxford, New York University, the University of British Columbia's Peter A Allard School of Law and the National University of Singapore.

## **BECOME AN OUTSTANDING LEGAL PRACTITIONER**

The Melbourne Juris Doctor (JD) is a graduate law degree that leads to admission to legal practice in Australia and can be used as a basis for seeking admission in many overseas jurisdictions. The JD curriculum allows you to build the core skills essential to a wide range of legal and professional careers, and provides extensive international opportunities.

## **MASTER YOUR AREA OF SPECIALISATION**

The Melbourne Law Masters program offers masters degrees, graduate diplomas, specialist certificates and single subject study to both law and non-law graduates at the highest global standard. Programs can be tailored to meet your personal and professional aspirations. Choose from 27 specialist legal areas and more than 160 subjects taught each year by leading experts from around the world.

## **MAKE YOUR MARK IN LEGAL RESEARCH**

Pursue a graduate research degree and access high-quality research facilities and dedicated academic supervision from internationally recognised scholars, studying alongside some of the best emerging research talent in Australia.

## **CAREER OUTCOMES**

Graduating with a law degree from the University of Melbourne means that wherever your career takes you, both nationally and internationally, your degree will be recognised as exceptional.

Our graduates have strong employment outcomes with a 97% full-time employment rate (Melbourne Law School class of 2019 graduate survey conducted 18 months after completion of degree, with a 90 per cent response rate). Our graduates are employed at national and international law firms, management consulting companies, financial institutions, non-governmental organisations (NGOs), aid organisations and government departments, to name just a few.

<sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

<sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

ENTRY REQUIREMENTS <sup>④</sup>	COURSE OUTCOMES
<ul style="list-style-type: none"> <li>• A degree in law (LLB, JD or equivalent) leading to admission to practice, at honours standard, or equivalent, or</li> <li>• A degree in law (LLB, JD or equivalent) leading to admission to practice, or equivalent and 2 years' documented relevant professional experience, or</li> <li>• An undergraduate degree in a relevant discipline and 2 years' documented relevant professional experience, or</li> <li>• An undergraduate degree in a relevant discipline; and successful completion of 4 subjects in a cognate graduate diploma and 1 year's of documented relevant professional experience</li> </ul>	<ul style="list-style-type: none"> <li>• Suitable for those wishing to examine legalisation of development, the role of economic institutions in law reform, and the history of rule of law in a developmental context</li> </ul>

<sup>④</sup> Flexible study options subject to approval.

<sup>⑤</sup> Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

# MUSIC, VISUAL AND PERFORMING ARTS

We are renowned worldwide for cultivating talented professionals and academics across the creative arts. Our programs combine immersive studio and practice-based training with critical investigation, delivered in cutting-edge facilities.

## WORLD-RENOWNED ARTISTIC MENTORS

Be taught and mentored by some of Australia's most gifted and passionate musicians, composers, artists, performers, directors and choreographers. Our partnerships with Melbourne arts organisations such as the Melbourne Theatre Company and the Melbourne International Film Festival ensure your learning is practical and relevant.

## FIRST-CLASS FACILITIES

Join a dynamic and vibrant community of dedicated makers, creators and performers. Be inspired to create and perform beyond your artistic boundaries.

In 2019 we completed a \$200 million renewal project at our Southbank campus, including the state-of-the-art Ian Potter Southbank Centre – the new home for the Melbourne Conservatorium of Music. Our renewed campus encourages collaboration across the artistic disciplines as music students engage with those studying film and visual and performing arts.

The Buxton Contemporary is open to the public, and the historic Dodds Street Police Stables have been transformed into new artist studios and exhibition spaces for students. The Martyn Myer Arena is a multi-purpose venue, seating up to 260 people. Our Southbank campus also features a new multi-storey library, new Production Design Studios and Print Workshop, and the new home of the Wilin Centre for Indigenous Arts and Cultural Development.

## STUDIES IN FINE ARTS

The Victorian College of the Arts offers graduate programs in visual art, filmmaking, screenwriting, dance, production design, creative arts therapy, film and TV producing and theatre. We're committed to providing a transformative learning experience in pursuit of artistic excellence, innovation and an absorbing education. Our learning environment has an atmosphere of critical confidence and creative risk taking, as well as high expectations in development of skill and facility.

## STUDIES IN MUSIC

Our Melbourne Conservatorium of Music offers the most comprehensive range of music courses in Australia. You could study composition, conducting, ethnomusicology, musicology, interactive composition, jazz and improvisation, music therapy, music performance, music performance teaching, music psychology and performance science, opera performance or orchestral performance. We provide national and international leadership in all areas of music, through graduate programs of the highest quality and a diverse range of innovative and creative research.

**#1 IN AUSTRALIA  
FOR PERFORMING ARTS**  
– QS World University Rankings by Subject 2022

## CAREER OUTCOMES

We cultivate and inspire talent, facilitating successful futures for the next generation of artists. Our illustrious alumni work in prominent positions around the world. Their work is frequently recognised in prestigious film festivals, arts prizes and industry awards. Their achievements are in film, television, dance, theatre and music theatre; or as independent artists, art and music teachers, conductors, producers, orchestral musicians, directors, arts managers, production designers, in schools and in music therapy.

Our courses are recognised in Australia and internationally, with some receiving accreditation from professional industry bodies. Our Master of Music (Performance Teaching) offers Primary Level Suzuki Teacher Accreditation, and on satisfactory completion of the Master of Music Therapy, graduates will be eligible for Registration as Music Therapists (RMT) with the Australian Music Therapy Association (Inc) offers.

Graduates of our Master of Creative Arts Therapy are eligible for professional registration with appropriate professional associations (in Australia, this is the Dance Movement Therapy Association of Australasia and the Australian, New Zealand and Asian Creative Arts Therapies Association).

## FIND OUT MORE

**FACULTY OF FINE ARTS AND MUSIC**  
[finearts-music.unimelb.edu.au](http://finearts-music.unimelb.edu.au)

After moving to Melbourne to pursue design, Priya Namana found herself increasingly frustrated at the socio-political climate around her, so found a constructive space for expression as a video artist.

*“I came to the VCA with no expectations, but my time has been spacious, responsive, rigorous, and insightful. The conversations with my peers and mentors have been inspiring and I am so infinitely amazed at how present and supportive everyone is in every interaction with technicians, supervisors and lecturers. With all of this support, I am further developing a very personal language and learning to communicate with the world effectively and accurately.*”

*“My advice to others considering studying at the VCA is to be curious, tenacious and open to changing – so that something new can happen to you and your ideas. Learn how to make considered marks and stay connected and engaged with the broader community outside your artistic practice. And ready your stamina for endurance!”*

**Priya Namana (India)**

<sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

<sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

ENTRY REQUIREMENTS <sup>③</sup>	COURSE OUTCOMES
<ul style="list-style-type: none"> <li>An undergraduate degree or equivalent; or six years of documented relevant work experience</li> <li>Practice portfolio</li> <li>Interview (shortlisted applicants only)</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for students looking to develop professionally as producers who can work across platforms of screen-based content</li> <li>Focuses on preparing students to work in the screen industry and familiarising them with advanced infrastructural, cultural and methodological practices</li> <li>Provides an optional industry placement or research pathway</li> </ul>
<ul style="list-style-type: none"> <li>Undergraduate degree in a relevant discipline (such as the performing arts, music, visual arts, film, dance and digital arts), or equivalent; or an undergraduate degree in a cognate discipline (such as social sciences, architecture, landscape, computer science, cultural studies, applied sciences or international development fields), or equivalent; an honours degree, or equivalent, in a relevant discipline, with a WAM of at least H2B (70%) across the honours year; or 6+ years' documented professional practice in the creative arts industry</li> <li>Interview (shortlisted applicants only)</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for those who wish to develop their potential for artistic leadership and build an in-depth knowledge of directorial thinking and practice</li> </ul>
<ul style="list-style-type: none"> <li>Undergraduate degree or equivalent in the arts (across art forms such as the performing arts, music, visual arts, film, dance &amp; digital arts); or an undergraduate degree or equivalent in associated areas such as cultural studies or areas within the design industry sector; or equivalent of 6 years' professional practice in the creative arts industry</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for those who wish to develop their potential for artistic leadership and attain in-depth knowledge of dramaturgical thinking and practices</li> </ul>
<ul style="list-style-type: none"> <li>Bachelor degree with honours (or equivalent) in a cognate area; or a 3 year undergraduate qualification and at least 50 credit points, or equivalent, of graduate study in a cognate area; or a 3 year undergraduate qualification in a cognate area and at least 2 years' documented, relevant work experience; or 8+ years' documented relevant professional experience, with evidence of artistic ability and achievement or practice comparable to that expected of honours degree holders in relevant disciplines</li> <li>A CV, portfolio of relevant work and an interview</li> <li>Undergraduate degree in any discipline or equivalent; or 5+ years' documented relevant professional practice</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for those who wish to develop a variety of writing styles and pursue professional work that includes writing for theatre, dance, music theatre, opera and other cross discipline productions</li> </ul>
<ul style="list-style-type: none"> <li>Undergraduate degree or equivalent; or 5+ years' documented relevant professional practice</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for graduates of any discipline who wish to further develop interests and skills in the visual arts</li> <li>Provides a pathway into the Master of Contemporary Art</li> </ul>
<ul style="list-style-type: none"> <li>Undergraduate degree or equivalent and 2+ years' studio-based music teaching experience</li> <li>Music skills equivalent to AMEB Practical Grade 8 and AMEB Theory Grade 5</li> <li>A valid Working with Children Check</li> <li>2 years' documented relevant work experience of studio-based music teaching experience with a minimum of 10 students over a two-year period, with employment reference,</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for those who wish to develop expertise and confidence to teach children with autism and intellectual disabilities through inclusive music education</li> </ul>
<ul style="list-style-type: none"> <li>Preferably, a masters degree in a relevant discipline, including a substantial research component equivalent to at least 25% of 1 year of full-time study, and a minimum WAM of 75% (or University of Melbourne equivalent). Exceptionally, an honours bachelors degree with a minimum WAM of 75%; or a 4 year bachelors degree in a relevant discipline which includes a substantial research component equivalent to at least 25% of 1 year of full-time study and a minimum WAM of 75% in the final year subjects; or a qualification and professional experience considered to be equivalent</li> <li>Referee reports (except for applicants who graduated from the University of Melbourne within past 5 years)</li> <li>Evidence of endorsement from a prospective supervisor</li> <li>In addition to a research proposal, each specialisation requires additional materials such as representative works, folio, an example of scholarly writing, or live performance audition</li> <li>Honours degree in a related discipline with a WAM of 75%+; or an undergraduate degree in a related discipline with a WAM of 75%+ and 2+ years' documented, relevant professional experience; or an undergraduate degree and 5+ years' documented, relevant professional experience; or 5+ years' documented, relevant professional experience and demonstrated outstanding artistic ability together with evidence of ability in academic writing</li> <li>Each discipline has extra requirements that may include performance in one or more of an audition, test, interview, workshop or folio presentation</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for those who wish to undertake a substantial piece of original research demonstrating authority and command of knowledge in their chosen field</li> <li>VCA disciplines in dance, design, film and television, Indigenous arts and culture, music theatre, production, social practice and community engagement, theatre, visual art. MCM disciplines in composition, interactive composition, jazz &amp; improvisation, music performance, music psychology, music therapy, and musicology &amp; ethnomusicology. Faculty of Fine Arts and Music specialisation in Creative Arts Therapies</li> <li>Suitable for those who wish to engage in independent research in their field of artistic practice</li> <li>Specialisations in dance, design and production, film and TV, Indigenous arts and culture, music theatre, social practice and community engagement, theatre, and visual art</li> <li>Pathway to a PhD</li> </ul>
<ul style="list-style-type: none"> <li>Bachelor of Music (Honours) with a WAM of 75%+</li> <li>Each discipline has extra requirements that may include an audition, folio submission, or submission of a substantial piece of scholarly writing and research proposal</li> </ul>	<ul style="list-style-type: none"> <li>Suitable for Music (honours) graduates who wish to undertake a specialist professional practice-based research degree in the areas of composition, interactive composition, music performance (including conducting), and jazz and improvisation</li> <li>Suitable for Music (honours) graduates who wish to undertake a research project in music psychology, music therapy and musicology/ ethnomusicology</li> <li>Pathway to a PhD</li> </ul>

④ Documentary and Narrative streams.

⑤ Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

⑥ Entry requirements for Master of Screen Producing are subject to Academic Board approval

# SCIENCE

We are a pioneer in scientific teaching and research for over 150 years. Join our scientific leaders in the search for solutions to today's most challenging problems.

## DIVERSE DISCIPLINES, ESSENTIAL SKILLS

We offer the most diverse range of scientific disciplines of any Australian university, including programs in the chemical, earth, environmental, life, social, mathematical and physical sciences. Our programs combine advanced knowledge in core scientific disciplines with high-level training in business, communication and technical skills. This innovative, purpose-built curriculum is supported by scientists, business and industry. Our coursework and research degrees provide opportunities for you to get involved with industry partnerships, collaborative research ventures and overseas exchanges.

## DELVE INTO THE LATEST RESEARCH

Learn from internationally renowned academics and leaders in research who are actively solving global problems. Here are some global issues that our academics are working on.

## PROGRAMMING OUR QUANTUM FUTURE

The quantum computing revolution is coming, and we are developing the tools we'll need to reach this future. In 2018, our physicists set a world record for quantum computing simulation. Now they are bringing this expertise to the classroom, with a new graduate subject in quantum computing programming.

## SAVING LIVES WHEN THE POWER GOES OUT

Pneumonia is the biggest killer of children worldwide. Our researchers are working with locals in Uganda to install and run electricity-free FREO2 oxygen technology to provide life-saving oxygen when the power goes out. This has the potential to save 2500 lives, every day.

## IMPROVING THE WORLD'S DIET

Iron and zinc deficiency is a major problem in many developing countries. Our researchers have developed iron and zinc biofortified rice and wheat that has the potential to change the lives of the billions of people who obtain most of their calories from these staple foods.

## UNDERSTANDING CLIMATE CHANGE

Climate change is here. Our scientists are leading research programs to understand the impact on our weather, our natural habitats, our cities, our economies, and our societies, and developing renewable technologies that will help us get to a zero-emission future.

## CAREER OUTCOMES

Our graduates enjoy access to a wide range of career opportunities worldwide, including jobs in government, industry, hospitals, research institutes and universities. Science graduates are also sought-after for their analytical and problem-solving skills in fields outside of the sciences.

## EXPLORING EARTH

*“Studying geology at Melbourne has led to some pretty amazing opportunities for me, from mapping in Timor-Leste to trekking in the Transantarctic Mountains. I now find myself constantly exploring new places and being challenged by interesting problems. The Earth is so fascinating to study and I’m learning new things every day.”*

<sup>5</sup> Research subjects must be completed in consecutive semesters.

<sup>6</sup> Not available to international students who require a visa to study in Australia.

<sup>7</sup> Only available to international students within the terms of their existing visa.

<sup>8</sup> Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RTP). See page 118.

# VETERINARY, AGRICULTURAL AND FOOD SCIENCES

Help solve global challenges by improving animal health, sustainable agricultural practice, and food security with a degree from the University of Melbourne.

## A CAREER WITH LASTING IMPACT

Discover a wide range of study areas that give you an edge in your professional career, all while you make a real difference. Build your scientific skills in our research and coursework degrees while learning from top academics and industry professionals at Australia's leading university for research in veterinary and agricultural sciences. ❶

## VETERINARY SCIENCE

Explore animal health and welfare and their effects on human wellbeing in our \$63 million facilities designed specifically for veterinary students. The Doctor of Veterinary Medicine (DVM) is based on the latest global thinking in veterinary practice and teaching. It prepares you to work around the world with accreditation by the Australasian Veterinary Boards Council, the American Veterinary Medical Association and the Royal College of Veterinary Surgeons (UK). With access to intensive, practical experience over two years of the degree, the DVM enables you to graduate career-ready.

## AGRICULTURAL SCIENCE

Agricultural science professionals are in demand around the world - over 85 percent of over 85 percent of graduates find employment after course completion. ❷ Agricultural science to applies science, technology and economics to tackle critical sustainability and business issues that affect communities at local, regional and global levels. Areas include as climate change, declining environmental health and the increasing demand for ethical, nutritious food.

## FOOD SCIENCE

As the world's population increases, the need for nutritious, ethical and sustainable food does too. A graduate qualification in food science gives you a career edge by deepening your knowledge and scientific skills. Food science combines a strong core in food chemistry, processing, sensory analysis, safety and microbiology. Apply this knowledge, build your industry network and demonstrate your capability and initiative with a research project. Work with leading researchers to explore green packaging initiatives, increase food nutrition content and reduce food waste to ensure every person can live a healthy and sustainable life.

## CAREER OUTCOMES

Our graduates work around the world to solve major challenges. They apply the skills they've developed during work placements at industry-leading companies in the field, or in collaborations with industry, veterinary clinics and partner laboratories. Explore our industry networks, open doors with your qualifications and discover a sustainable career with real-world impact at the University of Melbourne.

<sup>1</sup> Fees available at time of printing and assume full-time study unless otherwise indicated. Fees are subject to annual review and are normally shown as course fee per year. One year is equivalent to one EFTSL (Equivalent Full-Time Student Load) or a standard annual full-time load. If the duration of the course is one year or less, an estimate of the total program fee is shown.

<sup>2</sup> Commonwealth Supported Places (CSPs) may be awarded to eligible domestic students applying for this course, but are not guaranteed. See page 118.

<sup>3</sup> Entry requirements listed are a guide only and may be subject to change for 2023 entry. Students must also meet English language requirements – see page 126. Required grades listed are equivalent to a University of Melbourne percentage. Equivalent qualifications will be considered.

## COMPARING GREENHOUSE GAS EMISSIONS TO IMPROVE FARM MANAGEMENT

To start your scientific career as a university researcher or teacher with a Doctor of Philosophy (PhD), you need strong knowledge of your field, determination, connections to researchers who can supervise you and a vision of what you want to achieve.

During her Master of Agricultural Sciences, Sineka Munidasa (Sri Lanka) managed to gain all of these. She is proud to have started her research journey through an industry-funded study that provides real benefit to the dairy industry in Australia.

The course mixes valuable subjects for anyone aiming to lead teams or organisations in the agriculture industry, with strong theoretical knowledge through specialisations in animal science, crop production, agricultural extension, sustainable production and agribusiness.

The Master of Agricultural Sciences also allows University of Melbourne students to build lasting industry and academic connections through research projects that directly address real-world challenges.

*“The course structure was very flexible and the up-to-date scientific methods and understandings in the subjects match the current trends in the agriculture industry,” Sineka says.*

Her research compared potential greenhouse gas emissions between four different farm systems in northern Victoria, Australia.

*“The increased detail Sineka generated by evaluating seasonal data is particularly of interest for the industry, as bulk yearly data doesn’t provide sufficient detail of management changes,” says her research supervisor, Dr Paul Cheng.*

Not only has Sineka’s research been published in industry literature she has also gained a position on further industry research projects evaluating climate change mitigation strategies in diverse dairy production systems to improve dairy business practices.

*“As my primary research supervisor, Paul has helped me to identify my potential as a researcher and guided me through getting my work published. He and other supervisors have always guided me to help me succeed.”*

ENTRY REQUIREMENTS <sup>④</sup>	COURSE OUTCOMES
<ul style="list-style-type: none"> <li>• 4 year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a WAM of 75% or above in the final year</li> </ul>	<ul style="list-style-type: none"> <li>• Designed to develop graduates who will manage a research project characterised by originality and independence</li> <li>• Research areas include veterinary biosciences; animal sciences - health and welfare; and infectious diseases - public health and biosecurity</li> <li>• Pathway to a PhD</li> </ul>
<ul style="list-style-type: none"> <li>• 4 year undergraduate or masters degree in a relevant discipline including a substantial research component equivalent to 25%+ of 1 year of full-time study, with a WAM of 75% or above in the final year</li> </ul>	<ul style="list-style-type: none"> <li>• Designed to develop graduates who will manage a research project characterised by originality and independence</li> <li>• Pathway to a PhD</li> </ul>
<ul style="list-style-type: none"> <li>• a Bachelor of Veterinary Science or its recognised equivalent; and</li> <li>• be eligible to register as a veterinarian with the Veterinary Practitioners Registration Board of Victoria</li> </ul>	<ul style="list-style-type: none"> <li>• Clinically-focused and designed to develop graduates who will manage a research project characterised by originality and independence</li> <li>• Offered concurrently with the Master of Veterinary Studies as part of the Clinical Residency Training Program</li> </ul>

④ 3 years part-time when studied concurrently with the Doctor of Veterinary Medicine.

⑤ Students concurrently enrolled in the Doctor of Veterinary Medicine are eligible for 37.5 points cross-credited

⑥ This course is not subjected to a student visa. Delivered by University of Melbourne Professional Development. See: [unimelb.edu.au/professional-development](http://unimelb.edu.au/professional-development).

⑦ Most domestic students are exempt from tuition fees through the Australian Government's Research Training Program Fee Offset Scholarship (RPT). See page 118.

# ADMISSIONS: DOMESTIC STUDENTS

# ADMISSIONS

## DOMESTIC STUDENTS

---

### YOU ARE A DOMESTIC STUDENT IF YOU ARE:

- An Australian citizen, or
- An Australian permanent resident (including holders of Australian permanent humanitarian visas), or
- A New Zealand citizen.

Different application processes apply for coursework and research degrees.

### COURSEWORK DEGREES

Our graduate coursework degrees include:

- Graduate certificates
- Graduate diplomas
- Masters by Coursework
- Professional Doctorates.

For information on how to apply for a graduate coursework degree, see page 116.

### APPLICATION CLOSING DATES

Please refer to the website for standard application closing dates:

**[study.unimelb.edu.au/how-to-apply](https://study.unimelb.edu.au/how-to-apply)**

Some courses have early closing dates. Please check the appropriate graduate school website for more details before submitting your application. Early application is recommended as you may be given an early offer, depending on the course you apply for.

Late applications may also be accepted if places are available. Contact the relevant graduate school before submitting a late application.

### TEST CLOSING DATES

Make sure you check the registration and closing dates for any tests you're required to take as part of the entry requirements.

**GAMSAT:** [gamsat.acer.edu.au](https://gamsat.acer.edu.au)

**GMAT:** [mba.com/exams/gmat](https://mba.com/exams/gmat)

**GRE:** [ets.org/gre](https://ets.org/gre)

**LSAT:** [lsac.org](https://lsac.org)

### RESEARCH DEGREES

Graduate research degrees include:

- Masters by Research
- Master of Philosophy
- Doctorates by Research
- Doctor of Philosophy.

For information on how to apply for a graduate research degree, see page 117.

### APPLICATION CLOSING DATES

Applications for research places are accepted throughout the year. Please check the relevant graduate school website for specific course application closing dates.

There are strict closing dates for University of Melbourne graduate research scholarships. We strongly recommend that you submit your application and all required documents well before the relevant closing date.

**[study.unimelb.edu.au/how-to-apply](https://study.unimelb.edu.au/how-to-apply)**

### ENGLISH LANGUAGE REQUIREMENTS

All applicants must satisfy the University's English language requirements to be eligible for a place. Graduate applicants with predominantly local tertiary qualifications will usually satisfy the English language requirements via previous studies.

**[study.unimelb.edu.au/how-to-apply/english-language-requirements/graduate-english-language-requirements](https://study.unimelb.edu.au/how-to-apply/english-language-requirements/graduate-english-language-requirements)**

### ENTRY REQUIREMENTS

Entry requirements are specified in the course by study area section on pages 22–111.

### FIND OUT MORE

Stop 1 is the home of student services online, on the phone and in person. Stop 1 can help you with enrolment, course planning, administration and support services.

#### STOP 1 (PARKVILLE)

757 Swanston Street, Parkville  
(corner of Swanston and Grattan streets)

#### STOP 1 (SOUTHBANK)

(Fine Arts and Music students only)  
The Hub  
234 St Kilda Road, Southbank

**[students.unimelb.edu.au/stop1](https://students.unimelb.edu.au/stop1)**

Call 13 MELB (13 6352)  
+ 61 3 9035 5511

Submit an online enquiry at:

**[study.unimelb.edu.au/connect-with-us](https://study.unimelb.edu.au/connect-with-us)**

# HOW TO APPLY: COURSEWORK

## DOMESTIC STUDENTS

---

### STEP 1 MEET ENTRY REQUIREMENTS

Make your selection from the course tables on pages 22–111 and check the relevant graduate school website to determine entry requirements, or go to:

**[study.unimelb.edu.au/find](https://study.unimelb.edu.au/find)**

### STEP 2 SUBMIT YOUR APPLICATION, INCLUDING REQUIRED DOCUMENTATION

Apply online for most courses. Applications through the Faculty of Fine Arts and Music and the Melbourne Law School may also require completion of specific application forms and/or have additional requirements.

Medicine, dental surgery, clinical dentistry and teaching courses have alternative application methods. For further details, see:

**[study.unimelb.edu.au/how-to-apply/graduate-coursework-study/domestic-applications](https://study.unimelb.edu.au/how-to-apply/graduate-coursework-study/domestic-applications)**

For Melbourne Professional Development courses (pages 22–111), application advice and further information is available at:

**[unimelb.edu.au/professional-development](https://unimelb.edu.au/professional-development)**

Many courses require you to submit copies of relevant documents to consider your application. If you are currently studying, you must provide a transcript of your final results and evidence of completion as soon as they're available.

Documentation should be submitted according to the instructions in the online application.

If any of your documents are written in a language other than English, you must include an official translation of the document. For guidelines on translations, go to:

**[study.unimelb.edu.au/how-to-apply/graduate-coursework-study/domestic-applications](https://study.unimelb.edu.au/how-to-apply/graduate-coursework-study/domestic-applications)**

### STEP 3 APPLY FOR SCHOLARSHIPS

If relevant, submit an application for Graduate Access Melbourne (see page 13) and apply for any scholarships for which you are eligible (see page 14).

### STEP 4 ACCEPT YOUR OFFER

If your application is successful, you'll receive an unconditional or conditional offer letter that outlines how to accept your place. Further information on how to accept your offer is available at:

**[students.unimelb.edu.au/get-started](https://students.unimelb.edu.au/get-started)**

# HOW TO APPLY: RESEARCH

## DOMESTIC STUDENTS

### STEP 1 INVESTIGATE YOUR OPTIONS

Find out about research opportunities and entry requirements via the relevant school website:

[study.unimelb.edu.au/study-with-us/our-degrees/graduate-research](https://study.unimelb.edu.au/study-with-us/our-degrees/graduate-research)

### STEP 2 CONTACT THE GRADUATE SCHOOL

Please check with the relevant school to confirm if:

- There is a pre-application process
- There are specific entry requirements
- A detailed research proposal is required (see right)
- Additional documentation is required
- You need to find supervisors (some graduate schools manage this process for you).

[study.unimelb.edu.au/how-to-apply/graduate-research](https://study.unimelb.edu.au/how-to-apply/graduate-research)

### STEP 3 FIND POTENTIAL SUPERVISORS

If your graduate school requires you to find supervisors before submitting your application, you may find this link helpful:

[findanexpert.unimelb.edu.au/support/supervisor](https://findanexpert.unimelb.edu.au/support/supervisor)

### STEP 4 SUBMIT YOUR APPLICATION

Use the online application form to apply for research degrees and scholarships. If you are a current University of Melbourne graduate research student online via [my.unimelb](https://my.unimelb).

Please make sure we receive your completed application, with all supporting documents, by the relevant scholarship closing date.

Find the online application form and information on required supporting documents at:

[study.unimelb.edu.au/how-to-apply/graduate-research](https://study.unimelb.edu.au/how-to-apply/graduate-research)

### STEP 5 ACCEPT YOUR OFFER

If your application is successful, you'll receive an unconditional or conditional offer letter that outlines how to accept your place.

Further information on how to accept your offer is available at:

[students.unimelb.edu.au/get-started](https://students.unimelb.edu.au/get-started)

## DEVELOPING YOUR RESEARCH PROPOSAL

Some graduate schools require a research proposal as part of your application. This document states your research question, your area of research interest and how you propose to undertake your research.

To develop a successful proposal, you need to be familiar with current research in the area. Identifying gaps in the research literature can be a way of finding an original research topic.

## YOUR SUPERVISORS

Two supervisors will provide advice and support throughout your research degree. A positive relationship with your supervisors is essential.

Things to consider:

- Can you work together?
- Are your research interests aligned?
- Are you ready for a research degree?
- Do your proposed supervisors support your application?

Please note that support from supervisors does not guarantee admission, nor does it guarantee a scholarship or financial assistance.

More information is available at:

[study.unimelb.edu.au/study-with-us/our-degrees/graduate-research](https://study.unimelb.edu.au/study-with-us/our-degrees/graduate-research)

# FEES

## DOMESTIC STUDENTS

---

### Fees for graduate study depend on courses and the type of enrolment or place you're offered.

The fee types for each course and an estimate of the fees payable are shown in the course by study area section (pages 22–111).

### YOUR COURSE FEES

Where available, the fees listed in the course tables are for 2023. Used as a guide to the total amount you need to pay.

**Note:** If the duration of the course is one year or less, we have estimated the total program fee (assuming completion in 2023). For courses that cannot be completed in one year, the total program fee may include an indexation of the 2023 course fee. For courses of more than one year, the fee is an estimate for one year of study (100 credit points) in 2023. Tuition fees for the second and subsequent years may increase.

For courses administered by University of Melbourne Professional Development, information on fees is available at:

[unimelb.edu.au/professional-development](https://unimelb.edu.au/professional-development)

### AUSTRALIAN FEE PLACE

If you're enrolling in an Australian fee place, you'll be charged tuition fees for each year that you are enrolled. Calculated according to your course and study load each semester. You may defer payment of your fees via FEE-HELP if you are eligible (see page 119). Tuition fees may be adjusted each year. More detailed fee information is available at:

[study.unimelb.edu.au/how-to-apply/fees](https://study.unimelb.edu.au/how-to-apply/fees)

### COMMONWEALTH SUPPORTED PLACE (CSP)

If you are enrolled in a CSP, your tuition fees are subsidised by the Australian Government. You'll pay a student contribution amount, which is determined each year by the Government and is based on the subjects you take, not the course you are studying.

You may defer payment of your student contribution amount via HECS-HELP if you are eligible (see page 119). In 2021, the student contribution amounts for study at the University of Melbourne ranged from \$6684 to \$11,155 per year for full-time enrolment. For further details about calculating your student contribution amount, go to:

[study.unimelb.edu.au/how-to-apply/fees/student-contribution-amounts](https://study.unimelb.edu.au/how-to-apply/fees/student-contribution-amounts)

### RESEARCH TRAINING PROGRAM (RTP)

Most domestic graduate research students are offered a Research Training Program Fee Offset Scholarship, which is funded by the Australian Government.

If you are enrolled under the RTP you are exempt from tuition fees for the normal duration of your course. This exemption is valid for up to four years for students enrolled in a doctoral program and up to two years for a research masters degree.

RTP-funded places are available to Australian citizens, permanent residents and New Zealand citizens accepted into the Doctor of Philosophy, Master of Philosophy, Doctorates by Research or Masters by Research.

### STUDENT SERVICES AND AMENITIES FEE

Under current Australian Government regulations, universities may charge students a Student Services and Amenities Fee (SSAF). Further information is available at:

[study.unimelb.edu.au/how-to-apply/fees](https://study.unimelb.edu.au/how-to-apply/fees)

### OTHER COSTS

Other costs to consider include general course costs (such as textbooks, art materials, lab coats), club memberships, Student Union activities and Melbourne University Sport services. For more information and advice on planning and budgeting, go to:

[services.unimelb.edu.au/finaid/planning](https://services.unimelb.edu.au/finaid/planning)

If you are moving to Melbourne, remember to factor in the cost of living and housing. For information about costs associated with housing in Melbourne, see page 18.

# FEE ASSISTANCE

## DOMESTIC STUDENTS

---

There is assistance available to help pay for graduate study and alleviate financial pressures while you're studying.

### AUSTRALIAN GOVERNMENT HELP LOANS

#### FEE-HELP: FOR STUDENTS IN AN AUSTRALIAN FEE PLACE

A loan scheme that helps eligible Australian fee-paying students (full-time or part-time) pay their graduate tuition fees.

FEE-HELP can cover all or part of your tuition fees. The Australian Government pays the amount of the loan direct to the University. You'll make repayments on your loan through the Australian Taxation Office (ATO) whenever your income is above the threshold, or you can make a voluntary repayment to the ATO at any time.

FEE-HELP is not means-tested and there is no loan fee for graduate study. If you already have a HECS-HELP loan from your undergraduate studies, you can still access a FEE-HELP loan.

#### IS INTEREST CHARGED ON MY LOAN?

No, you are not charged interest on your FEE-HELP loan. However, it is indexed each year with the Consumer Price Index (CPI), in line with the cost of living.

#### HECS-HELP: FOR STUDENTS IN A COMMONWEALTH SUPPORTED PLACE

HECS-HELP is a loan scheme that allows eligible domestic students in a Commonwealth Supported Place to defer their student contribution payments.

The Australian Government pays your student contribution amount. You only repay your HECS-HELP loan once your income meets the threshold. A HECS-HELP loan is not means-tested.

#### SA-HELP: FOR STUDENTS REQUIRED TO PAY SSAF

SA-HELP is a loan scheme that helps eligible students pay for all or part of their Student Services and Amenities Fee (SSAF). Eligible students can defer SSAF payments through SA-HELP.

More information about the Australian Government's HELP loans schemes:

[studyassist.gov.au](http://studyassist.gov.au)

### SCHOLARSHIPS AND BURSARIES

The University of Melbourne's scholarships program is one of the most generous and comprehensive in Australia. See page 14 or check out the range of scholarships and bursaries at:

[scholarships.unimelb.edu.au](http://scholarships.unimelb.edu.au)

### GRADUATE ACCESS MELBOURNE

Enhance your opportunity for selection and be considered for a bursary by applying for Graduate Access Melbourne (see page 13).

[gradaccess.unimelb.edu.au](http://gradaccess.unimelb.edu.au)

### TAX DEDUCTIONS

If your course is sufficiently related to your employment, you may be entitled to claim a tax deduction for your tuition fees. For more information, consult your accountant or the Australian Taxation Office.

[ato.gov.au](http://ato.gov.au)

### GOVERNMENT SUPPORT PAYMENTS

Many graduate professional entry courses at the University of Melbourne are approved by the Australian Government for student income support payments, such as Youth Allowance, Austudy or Abstudy.

[studyassist.gov.au](http://studyassist.gov.au)

### CENTRELINK LOANS AND SCHOLARSHIPS

Centrelink offers Student Start-up Loans and Relocation Scholarships to eligible Centrelink recipients.

[humanservices.gov.au/individuals/services/centrelink](http://humanservices.gov.au/individuals/services/centrelink)

### STUDENT FINANCIAL AID

The University's Student Financial Aid service provides advice and assistance, including:

- Student loans and bursaries/grants
- Student income support and other government payments
- Cost of living advice
- Budgeting and tax advice.

[services.unimelb.edu.au/finaid](http://services.unimelb.edu.au/finaid)

# ADMISSIONS: INTERNATIONAL STUDENTS

# ADMISSIONS

## INTERNATIONAL STUDENTS

---

You are an international student at the University of Melbourne if you are not an Australian or New Zealand citizen. If you are an Australian permanent resident or hold a permanent humanitarian visa, you are considered a domestic student. International students who require a student visa to study in Australia are required to undertake full-time study in a CRICOS-registered course.

### COURSEWORK DEGREES

Our graduate coursework degrees include:

- Graduate certificates
- Graduate diplomas
- Masters by Coursework
- Professional Doctorates.

For information on how to apply for a graduate coursework degree, see page 124.

### APPLICATION CLOSING DATES

Please refer to our website for standard application closing dates:

[study.unimelb.edu.au/how-to-apply](https://study.unimelb.edu.au/how-to-apply)

Some courses have early closing dates. Check the graduate school website for more details before submitting your application.

Timely applications are highly recommended, to ensure you receive your offer in sufficient time to complete other arrangements for travel and study.

### TEST CLOSING DATES

Make sure you check the registration and closing dates for any tests you're required to take as part of the entry requirements.

**GAMSAT:** [gamsat.acer.edu.au](https://gamsat.acer.edu.au)

**GMAT:** [mba.com/exams/gmat](https://mba.com/exams/gmat)

**GRE:** [ets.org/gre](https://ets.org/gre)

**LSAT:** [lsac.org](https://lsac.org)

### RESEARCH DEGREES

You are studying a graduate research degree if you are enrolled in a:

- Masters by Research
- Master of Philosophy
- Doctorate by Research
- Doctor of Philosophy.

For information on how to apply for a graduate research degree, see page 125.

### APPLICATION CLOSING DATES

Applications for a place are accepted throughout the year. Please check the relevant graduate school website for specific course application closing dates.

There are strict closing dates for University of Melbourne research scholarships. We strongly recommend that you submit your application and all required documents well before the relevant closing date.

For information on scholarship opportunities and closing dates, go to:

[scholarships.unimelb.edu.au](https://scholarships.unimelb.edu.au)

### GETTING A STUDENT VISA

For current information about visas and application processes, go to:

[students.unimelb.edu.au/admin/student-visas](https://students.unimelb.edu.au/admin/student-visas)

Visa requirements are subject to change.

For the most up-to-date information you should consult the Australian Government Department of Home Affairs or one of the University's overseas representatives.

[homeaffairs.gov.au](https://homeaffairs.gov.au)

[study.unimelb.edu.au/how-to-apply/find-an-overseas-representative](https://study.unimelb.edu.au/how-to-apply/find-an-overseas-representative)

# HOW TO APPLY: COURSEWORK

## INTERNATIONAL STUDENTS

---

### STEP 1 MEET ENTRY REQUIREMENTS

Make your selection from the course by study area section on pages 22–111 and check the relevant graduate school website to determine entry requirements, or go to:

**[study.unimelb.edu.au/find](https://study.unimelb.edu.au/find)**

### STEP 2 SUBMIT YOUR APPLICATION, INCLUDING REQUIRED DOCUMENTATION

You have two options:

- Apply direct online. We will contact you directly to advise you of the outcome of your application or let you know if additional information is required. See: **[study.unimelb.edu.au/how-to-apply/graduate-research/international-applications/applications](https://study.unimelb.edu.au/how-to-apply/graduate-research/international-applications/applications)**
- Apply through an overseas representative: Use one of the University's official overseas representatives (education agents) in your country. They can help with lodging an application, accepting your offer and applying for a student visa (if you are admitted to the University). See:

**[study.unimelb.edu.au/how-to-apply/find-an-overseas-representative](https://study.unimelb.edu.au/how-to-apply/find-an-overseas-representative)**

For University of Melbourne Professional Development course (pages 22–111), application advice and further information is available at:

**[unimelb.edu.au/professional-development](https://unimelb.edu.au/professional-development)**

Further information on how to apply is available at:

**[study.unimelb.edu.au/how-to-apply/graduate-coursework-study/international-applications](https://study.unimelb.edu.au/how-to-apply/graduate-coursework-study/international-applications)**

Many courses require you to submit copies of relevant documents for your application to be considered. If you are currently studying, you need to provide a transcript of your final results as soon as they're available.

Documentation should be submitted according to the instructions in the online application.

If any of these documents are written in a language other than English, you must include an official translation of the document. For guidelines on translations, go to:

**[study.unimelb.edu.au/how-to-apply/graduate-coursework-study/international-applications](https://study.unimelb.edu.au/how-to-apply/graduate-coursework-study/international-applications)**

### STEP 3 ACCEPT YOUR OFFER

If your application is successful, you'll receive an unconditional or conditional offer letter that outlines how to accept your place or apply to defer commencement (if allowed).

Further information on how to accept your offer is available at:

**[students.unimelb.edu.au/get-started](https://students.unimelb.edu.au/get-started)**

# HOW TO APPLY: RESEARCH

## INTERNATIONAL STUDENTS

### STEP 1 INVESTIGATE YOUR OPTIONS

Find out about research opportunities and entry requirements via the relevant school website:

[study.unimelb.edu.au/study-with-us/our-degrees/graduate-research](https://study.unimelb.edu.au/study-with-us/our-degrees/graduate-research)

### STEP 2 CONTACT THE GRADUATE SCHOOL

Please check with the relevant school to confirm if:

- There is a pre-application process
- There are specific entry requirements
- A detailed research proposal is required (see right)
- Additional documentation is required
- You need to find supervisors (some graduate schools manage this process for you).

### STEP 3 FIND POTENTIAL SUPERVISORS

If your graduate school requires you to find supervisors before submitting your application, you may find this link helpful:

[findanexpert.unimelb.edu.au/support/supervisor](https://findanexpert.unimelb.edu.au/support/supervisor)

### STEP 4 SUBMIT YOUR APPLICATION

- Apply direct: You can fill out an online application. We will contact you directly to advise you of the outcome of your application or let you know if additional information is required
- Apply through an overseas representative: You can use one of the University's official overseas representatives (education agents) in your country. They can help with lodging an application, accepting your offer and applying for a student visa (if you are admitted to the University).

[study.unimelb.edu.au/how-to-apply/graduate-research/international-applications/applications](https://study.unimelb.edu.au/how-to-apply/graduate-research/international-applications/applications)

### STEP 5 ACCEPT YOUR OFFER

If your application is successful, you'll receive an unconditional or conditional offer letter that outlines how to accept your place.

Further information on how to accept your offer is available at:

[students.unimelb.edu.au/get-started](https://students.unimelb.edu.au/get-started)

## DEVELOPING YOUR RESEARCH PROPOSAL

Some graduate schools require a document that states your research question, your area of research interest and how you propose to undertake your research.

To develop a successful proposal, you need to be familiar with current research in the area – identifying gaps in the research literature can be a way of finding an original research topic.

## YOUR SUPERVISORS

Two supervisors, who will provide advice and support throughout your research degree. A positive relationship with your supervisors is essential.

Things to consider:

- Can you work together?
- Are your research interests aligned?
- Are you ready for a research degree?
- Do your proposed supervisors support your application?

Please note that support from supervisors does not guarantee admission, nor does it guarantee a scholarship or financial assistance.

More information is available at:

[study.unimelb.edu.au/study-with-us/our-degrees/graduate-research](https://study.unimelb.edu.au/study-with-us/our-degrees/graduate-research)

# ENGLISH LANGUAGE REQUIREMENTS

## INTERNATIONAL STUDENTS

---

### HOW TO SATISFY ENGLISH LANGUAGE REQUIREMENTS

You can generally satisfy the University's English language requirements, if your tertiary studies were taught and assessed entirely in English and were completed no more than two years ago.

For specific details, go to:

[study.unimelb.edu.au/how-to-apply/english-language-requirements](https://study.unimelb.edu.au/how-to-apply/english-language-requirements)

### ENGLISH LANGUAGE TEST

You can also meet the English language requirements by taking an approved proficiency test. Assessment must be taken in one sitting within 24 months preceding the proposed date of commencement of enrolment in one of the following proficiency tests:

- TOEFL
- IELTS (Academic)
- Pearson Test of English (Academic)
- Cambridge English: Advanced/Certificate in Advanced English.

Assessment must be taken in one sitting and within 24 months before your proposed commencement of enrolment.

Courses and graduate schools require different scores for admission. Look up the required scores for your course at:

[study.unimelb.edu.au/how-to-apply/english-language-requirements](https://study.unimelb.edu.au/how-to-apply/english-language-requirements)

### DIAGNOSTIC ENGLISH LANGUAGE ASSESSMENT (DELA)

DELA identifies academic language skills that may need further development, so you can do as well as possible in your studies. You will have access to ongoing support to help you improve in specific areas.

You may be required to take a DELA upon enrolment. For more details, please see:

[students.unimelb.edu.au/academic-skills/english-language-development](https://students.unimelb.edu.au/academic-skills/english-language-development)

### ENGLISH LANGUAGE ASSISTANCE

Hawthorn-Melbourne offers a range of programs to help international students meet the University's English language requirements.

#### ENGLISH LANGUAGE BRIDGING PROGRAM

Hawthorn-Melbourne, one of Australia's oldest and largest English language centres, is endorsed by the University of Melbourne as the sole external provider of the University of Melbourne English Language Bridging Program (UMELBP).

UMELBP provides a direct English language pathway to many courses at the University of Melbourne. To check whether the course you're interested in accepts the UMELBP as an entry point, and for full details regarding entry requirements, go to:

[hawthornenglish.edu.au/english-language-courses/umelbp/](https://hawthornenglish.edu.au/english-language-courses/umelbp/)

#### ACADEMIC ENGLISH LANGUAGE PROGRAMS

Hawthorn-Melbourne also conducts academic English language programs including:

- IELTS Preparation Program
- English for Academic Purposes (EAP)
- Intensive Academic Preparation (IAP) Program.

### PACKAGED OFFERS FOR VISA PACKAGED OFFERS FOR VISA APPLICATIONS

Packaged offers enable you to obtain a single visa if you are undertaking an English language course at Hawthorn-Melbourne followed by a University of Melbourne course. You may be eligible for a packaged offer if:

- You have an offer that is only conditional on meeting the English language requirements of the University
- You have applied through an authorised University of Melbourne overseas representative
- You have a current IELTS test with results no more than 1 point lower than the required score for your course. TOEFL/PTE/CAE equivalents also apply.

### HOW DO I APPLY FOR A PACKAGE?

You must apply for a University course and a place in an English language course offered by Hawthorn-Melbourne. Your overseas representative will be able to assist you.

[study.unimelb.edu.au/how-to-apply/find-an-overseas-representative](https://study.unimelb.edu.au/how-to-apply/find-an-overseas-representative)

# FEES

## INTERNATIONAL STUDENTS

Tuition fees are charged for each year you are enrolled. Tuition fees depend on the degree you are studying and your study load each semester.

### YOUR COURSE FEES

An estimate of the fees payable is shown in the courses by study area section on pages 22–111.

The listed fees are a guide to the total amount you may need to pay. Fees are subject to annual review and may be adjusted each year.

Note: If the duration of the course is one year or less, we have provided an estimate of the total program fee (assuming completion in 2023). For courses that cannot be completed in one year, the total program fee may include an indexation of the 2023 course fee. For courses of more than one year, the fee is an estimate for one year of study (100 credit points) in 2023. Tuition fees for the second and subsequent years may increase.

Detailed fee information will be provided when you are offered a place at the University of Melbourne. Information is also available online at:

[study.unimelb.edu.au/how-to-apply/fees](https://study.unimelb.edu.au/how-to-apply/fees)

For Melbourne Professional Development, information on fees see:

[unimelb.edu.au/professional-development](https://unimelb.edu.au/professional-development)

### SCHOLARSHIPS AND BURSARIES

Check out the range of scholarships and bursaries available to international graduate students on page 14.

[scholarships.unimelb.edu.au](https://scholarships.unimelb.edu.au)

### OVERSEAS STUDENT HEALTH COVER

To comply with the student visa requirements set by the Australian Government Department of Home Affairs, you are required to purchase visa-length Overseas Student Health Cover (OSHC) at the time you accept your course offer, and maintain your OSHC while studying in Australia.

The University can arrange visa-length OSHC on your behalf with Bupa, the University's preferred OSHC provider. See:

[students.unimelb.edu.au/admin/student-visas/overseas-student-health-cover-oshc](https://students.unimelb.edu.au/admin/student-visas/overseas-student-health-cover-oshc)

### STUDENT SERVICES AND AMENITIES FEE

Under current Australian Government regulations, universities may charge students a Student Services and Amenities Fee (SSAF). Further information can be found at:

[study.unimelb.edu.au/how-to-apply/fees](https://study.unimelb.edu.au/how-to-apply/fees)

### OTHER COSTS

Other costs to consider include general course costs (such as textbooks, art materials and lab coats), costs of living, childcare and schooling for dependants, Student Union activities and Melbourne University Sport services.

For more information about these costs, as well as advice on planning and budgeting, go to:

[services.unimelb.edu.au/finaid/planning](https://services.unimelb.edu.au/finaid/planning)

For information about costs associated with housing in Melbourne, see page 18 or:

[services.unimelb.edu.au/finaid/planning/cost\\_of\\_living/summary](https://services.unimelb.edu.au/finaid/planning/cost_of_living/summary)

# PREPARING FOR STUDY

## INTERNATIONAL STUDENTS

The University offers a range of services and programs to help you adjust to life in Melbourne.

### BEFORE YOU ARRIVE

- Attend pre-departure briefings in your home country, or online
- Arrange free airport pick-up
- Read the online International Student Briefing and accept your offer online.

[students.unimelb.edu.au/get-started](https://students.unimelb.edu.au/get-started)

### GET IN TOUCH WITH OTHER FUTURE STUDENTS

Check out the University's Facebook page:

[facebook.com/unimelb](https://facebook.com/unimelb)

### WORKING WHILE STUDYING

Your student visa entitles you to work subject to specific conditions.

[go.unimelb.edu.au/h4or](https://go.unimelb.edu.au/h4or)

### STUDENT SUPPORT AND EMERGENCY CONTACT

Our experienced staff can help you with support, advice and information on issues that can affect your study and life at the University and in Australia.

[students.unimelb.edu.au](https://students.unimelb.edu.au)

### STUDENTS WITH FAMILIES

If you're planning to bring your family to Australia, the University can provide advice on costs, childcare and schooling for children. There is also free language support available for partners.

### STUDENT VISA SUPPORT

Our staff can offer referrals to specialist support for students with visa-related matters, including student visa applications and visa implications following changes to your enrolment.

For further information, refer to the Australian Government Department of Home Affairs.

[go.unimelb.edu.au/6uur](https://go.unimelb.edu.au/6uur)

[homeaffairs.gov.au](https://homeaffairs.gov.au)

### ONCE YOU ARRIVE

- Attend a course information session to learn about courses, subject choices and the enrolment process
- Finalise your enrolment.

### ORIENTATION

- Learn about the University through orientation activities for all new students, led by student hosts
- Take part in transition workshops on a variety of academic, cultural and practical topics
- Attend transition activities specific to your degree
- If you're a graduate research student, contact your faculty or graduate school for information on induction programs and attend a University-wide Graduate Research Orientation day
- Join a graduate group in your discipline to meet new friends and start building your professional network.

[orientation.unimelb.edu.au](https://orientation.unimelb.edu.au)

### HAVE FUN!

Make the most of your time at Melbourne by getting involved, do some volunteer work, join a student club or even start one yourself.

[gsa.unimelb.edu.au/graduate-groups](https://gsa.unimelb.edu.au/graduate-groups)

### WHAT'S NEXT?

In your final year, our student support staff can help with information about visa options, further study, careers, sending goods home and graduations.

# REFERENCES

# GLOSSARY

## A

**Advanced standing:** Status/credit/exemptions granted on the basis of work already completed at another post-secondary institution.

**Australian student:** See 'Domestic student'.

## B

**Bachelors degree:** Usually your first degree at university, a bachelors degree is the highest undergraduate award offered.

## C

**Cambridge CAE:** The Cambridge English: Advanced/Certificate in Advanced English (CAE) is an English test recognised by the University as meeting our English language requirements. See page 126.

**Commonwealth Supported Place (CSP):** A course place for domestic students where the Australian Government contributes to the cost of your study. HECS-HELP loans are available to assist eligible students in paying the student contribution amount. See page 118 or go to: [studyassist.gov.au](http://studyassist.gov.au)

**Course:** At the University of Melbourne, 'course' refers to a program of study or a degree (not individual subjects).

**Coursework degree:** Coursework degrees are structured programs of study that have set classes and assignments. Some may include a research component.

**Credit points:** The workload of most graduate coursework courses is represented using a points system. The normal maximum workload allowed for each year of a course is 100 credit points. The point value the overall time a student is expected to allocate to that subject.

**CRICOS:** Commonwealth Register of Institutions and Courses for Overseas Students.

## D

**Discipline:** An area of learning.

**Domestic student:** An Australian or New Zealand citizen, Australian permanent resident or holder of a permanent humanitarian visa, regardless of whether citizenship or residency rights are held for a country other than Australia.

## E

**EFTSL (Equivalent Full-Time Student Load):**

A measure of study load. One EFTSL is equivalent to 100 credit points and represents a standard annual full-time study load.

**English language requirements:** Specific English requirements that all students must meet before they can receive an offer to study at the University. See page 126.

## F

**Fee place:** An enrolment at the University where a student is responsible for the full cost of the enrolment.

**FEE-HELP:** An Australian Government loan scheme for eligible students who enrol in an Australian fee place to pay tuition fees for graduate study. See page 119 or go to: [studyassist.gov.au](http://studyassist.gov.au)

## G

**GMAT (Graduate Management Admission Test):** This test measures verbal, mathematical and analytical writing skills. See: [mba.com](http://mba.com)

**Graduate Access Melbourne:** The University's access and equity program for graduate study. See page 13 or go to: [gradaccess.unimelb.edu.au](http://gradaccess.unimelb.edu.au)

**Graduate certificate:** First level of study after an undergraduate degree. May be the first half of a graduate diploma or an academic award in its own right. Six months in duration.

**Graduate degree/course:** A further degree or course of study available to students after the completion of an undergraduate degree. Designed for those who wish to obtain specialist knowledge in an academic or professional discipline.

**Graduate diploma:** First level of study after an undergraduate degree or graduate certificate. One year in duration.

**Graduate research degree:** The development and completion of an in-depth, independent research project. Examples include the Doctor of Philosophy, Master of Philosophy and Masters by Research.

**Graduate Record Examination (GRE):** This test measures verbal reasoning, quantitative reasoning, critical thinking and analytical writing skills.

See: [ets.org/gre](http://ets.org/gre)

## H

**Honours:** A one-year extension (with a research component) of a three-year undergraduate degree.

## I

**IELTS (International English Language Testing System):** This test is recognised by the University as meeting our English language requirements if the required scores are attained. See page 126.

**Intensive mode:** A type of course delivery over a shorter period than a typical semester-based delivery. May have a residential component.

**International student:** Any student who is not an Australian or New Zealand citizen, Australian permanent resident or holder of a permanent humanitarian visa.

## L

**LSAT:** Law School Admission Test. This test measures acquired reading and verbal reasoning skills. See: [lsac.org](http://lsac.org)

## M

**Masters by Coursework:** Provides advanced specialist or professional training in a particular discipline or interdisciplinary area.

## O

**OSHC (Overseas Student Health Cover):** Compulsory health insurance that international students must hold to meet student visa requirements. See page 126.

## P

**Pearson Test of English (Academic):** An academic English language test recognised by the University as meeting our English language requirements if the required scores are attained. See page 126.

**Permanent residency (PR):** Australian permanent residents are considered domestic students for the purposes of admission to the University of Melbourne. International students who obtain Australian PR status, either before commencing or while enrolled, must notify the University immediately.

**Prerequisite:** A requirement that must be met before commencing study.

**Professional Doctorate:** Consists of a combination of coursework and research. May require a substantial period of professional practice for entry. Normally three years in duration.

## R

**Research Training Program (RTP):**

A Commonwealth funding program that provides fee offsets (fee exemptions) and scholarships for domestic graduate research students. Limited RTP scholarships are also available to international students. See page 118.

## S

**Semester:** One of two divisions of an academic year. At the University of Melbourne, semesters usually begin in February and July and are 12 weeks long.

## T

**Test of English as a Foreign Language (TOEFL):** An international English language test recognised by the University as meeting our English language requirements if the required scores are attained. See page 126.

## U

**Undergraduate degree/course:** Your first degree at university. At the University of Melbourne, courses defined as undergraduate include bachelors degrees, bachelors degrees with honours, concurrent diplomas and associate degrees.

## W

**Weighted Average Mark (WAM):** The Weighted Average Mark provides an indication of overall academic performance in each course that a student studies. Expressed as a percentage, it is used to assess applications for further study, employment and scholarships.
