## ACKNOWLEDGEMENT OF COUNTRY

Acknowledging country is a cultural protocol that is a respectful public acknowledgment of the traditional custodians of the land. UTS acknowledges the Gadigal People of the Eora Nation and the Boorooberongal People of the Dharug Nation upon whose ancestral lands our campuses stand. We would also like to pay respect to the Elders both past and present, acknowledging them as the traditional custodians of knowledge for these Lands.

UTS is a member of the Australian Technology Network (ATN), an influential alliance of six distinctive and prominent Australian universities. ATN is committed to forging partnerships with industry and

government to deliver practical results through focused research. The Network educates graduates who are ready to enter their chosen profession, dedicated to the pursuit of knowledge and eager to claim a stake in building sustainable societies of the future.

# Welcome to Sydney

Imagine waking up in Australia's most dynamic, cosmopolitan and dazzling city. Home to beautiful beaches, a bustling CBD and some of Australia's most famous landmarks - Sydney's got it all.

Photo: Destination NSW

## Opportunities on your doorstep

At UTS, you'll study in the heart of Australia's business capital. Sydney hosts more than 60 per cent of regional technology operations and more than 90 per cent of banks base their regional headquarters here. It's also the place to be an entrepreneur, with 60 per cent of Australia's start-ups. UTS is located in Sydney's energetic digital and creative industries hub, home to more than 40 per cent of Sydney's digital and creative industries.

## Safe and friendly

Sydney is a diverse and vibrant city, with more than 35% of the population speaking a language other than English at home\*. It's one of the reasons more than 260,000 international students\*\* choose to study in New South Wales each year. As an international student, you'll be welcomed into a respectful and multicultural community.

## Connected to everything

At UTS, you're only a few minutes' walk away from Sydney's transport hubs: Central Station and Railway Square. There are plenty of clean, reliable and safe transport options connecting you to the rest of our great city, including buses, trains and trams. UTS is also walking distance to the CBD, Darling Harbour, shopping, food, sport, culture and nightlife.

# The UTS difference

**Do you dare to think differently? When you study at UTS, you join a dynamic community of students, staff and industry partners who are committed to creating innovative solutions to tomorrow's problems.**

## Learning for the real world

Nothing prepares you for the real world like industry experience. That's why hands-on, practice-based learning experiences are key to our courses. Major projects, group work, simulations and real-life case studies are key to our practice-based approach, giving you the skills you need to impress future employers.

## Campus of the future

UTS is situated in the heart of Sydney's technology and industry precinct: Tech Central. Our tech-driven, purpose-built spaces will inspire you to learn. When you're not in class, enjoy our student spaces and relax on the Alumni Green.

## Connections that count

We continue to build extensive industry connections with organisations across a range of sectors. Our industry partners help us shape our course content. They also provide guest lectures, internships, scholarships and prizes, so everything you study reflects the real world of work.

## The UTS difference

### Research that matters

We believe universities should work for the greater good by driving social change beyond the campus. When you choose UTS, you'll join a community of inspired – and inspiring – students, academics and creative industries who are shaping the future through research and practice on a local and global scale.

### Building global leaders

We have many opportunities to help you develop a global mindset and build the professional skills needed for a truly international career. Put these skills into practice with an overseas or virtual global experience as part of your UTS degree.

# Our campus

Located in the heart of Sydney, our purpose-built campus has transformed the Broadway precinct – and it's designed to transform your study experience too.

UTS Central

## UTS Broadway campus

Our Broadway campus is home to state-of-the-art teaching facilities, world-class labs, vibrant student spaces, a brand new library and the green heart of our campus – the Alumni Green. Our newest addition, UTS Central, is a hub of activity that reflects our commitment to learning innovation, industry collaboration and sustainability.

Alumni Green

Vicki Sara Science Building

**UTS 360 virtual campus tour**  
[tour.uts.edu.au](http://tour.uts.edu.au)

## UTS Haymarket campus

Haymarket, an historic district next to Sydney's Chinatown, is rapidly transforming into a hub of creativity and entrepreneurship. It's best known for the Frank Gehry-designed UTS Business School where dynamic learning, research and collaboration comes to life.

UTS Business School

UTS Rugby Australia Building

## UTS Moore Park campus

Moore Park is Sydney's premier sporting precinct. Home to the Rugby Australia Building, this state-of-the-art sport and education hub represents the first time that university programs have been integrated within an Australian elite sporting precinct.

# Our facilities

**Study in award-winning labs and collaborative classrooms and work with the tools and technologies that are shaping your industry.**

## Data Arena

Data comes to life in the interactive UTS Data Arena, a unique 3D environment for the exploration and visualisation of complex information. Stereo, video and incredible picture clarity make for a one-of-a-kind immersive experience.

## ProtoSpace

This unique 900m<sup>2</sup> additive and advanced manufacturing facility is part of UTS's commitment to next-generation manufacturing. With the latest in 3D technologies, software and technical expertise, this lab is a learning experience that's second to none.

## Clinical labs

Prepare for real-world clinical practice in some of the most advanced health learning spaces in Australia. Treat high-fidelity robotic patients in our tech-driven simulation and laboratory spaces for nursing and midwifery students - just watch out for their (very life-like) bodily fluids!

### Learn more about our specialist facilities

[uts.edu.au/campus-specialist-facilities](https://uts.edu.au/campus-specialist-facilities)

### Hive Superlab

This world-class collaborative bioscience lab can accommodate up to 270 students in up to seven different classes, simultaneously. Specialist audiovisual facilities, including bone-conduction headphones, enable simultaneous teaching instruction and peer collaboration.

### Fashion studio

This dedicated studio houses spaces for patternmaking, cutting, construction and more. Throw in mannequins, industrial sewing machines and a range of fabrication equipment and you'll have everything you need to bring your first fashion collection to life.

### Moot courts

Practise your advocacy and mooting skills in our purpose-built moot and trial courts. These simulated facilities have been designed to reflect the real-life experience of arguing the law in the NSW Supreme, District and Local courts.

# Leap into life at UTS

**At UTS, we prepare you for life, not just work. And there's a world of opportunity waiting for you on campus.**

**Connect with industry** while you study. Preview your collection at the UTS Fashion Show, build a business with UTS Startups or prototype new solutions to modern legal challenges with an industry-led hackathon.

**Unleash your inner entrepreneur** with UTS Startups. No matter which degree you study, you'll be inspired with events, masterclasses, internships, and the opportunity to join our fast-growing startup community.

[startups.uts.edu.au](https://startups.uts.edu.au)

**Think global.** At UTS, we're preparing students to become global leaders through programs like UTS BUILD and global exchange. Explore global issues, develop a global mindset and build the professional competencies – interpersonal, communication and teamwork skills – required for a truly international career.

[uts.edu.au/thinkglobal](https://uts.edu.au/thinkglobal)

# Leap into life at UTS

**Start planning your future.** Turn your abilities and experiences into a meaningful career with support from UTS Careers. With face-to-face and online events, workshops, industry mentoring and career coaching sessions throughout the year, you'll be ready to land that dream job or internship in no time.

[careers.uts.edu.au](https://careers.uts.edu.au)

**Get social with ActivateUTS.** Join one of more than 300 events every year, make new friends at O'Day or O'Fest, enjoy livestreamed uni sports, or get your friends together for themed trivia or free food events, to name a few.

[activateuts.com.au/events](https://activateuts.com.au/events)

**Join Team UTS.** Whether you're looking for competitive sports, a recreational game or to get fit in a supportive gym environment, UTS Sport can help your inner athlete shine.

[activateuts.com.au/sport](https://activateuts.com.au/sport)

**Find your people.** Whoever you are, whatever you're into there's a UTS club or society for you. With online and face-to-face events now on offer, there are countless ways to get involved.

[activateuts.com.au/clubs](https://activateuts.com.au/clubs)

# Support services

We've got a range of free support services to help you settle into life at UTS. Become a confident learner, improve your academic English and maintain your wellbeing throughout your studies.

**Dedicated support.** You've travelled a long way from home to be here. At UTS International, we're here to help you settle in, stay happy and healthy, and achieve academic success. We provide friendly advice and assistance to all international students. You'll find us in UTS Building 1, Level 3A.

 [international.uts.edu.au](https://international.uts.edu.au)

**Getting started.** Orientation is your chance to learn about our support services, make friends and gain insider tips on living in Sydney. Join us for seminars, workshops, tours and social events online and on campus. Look out for our friendly Peer Networkers; they're there to answer questions and help you find your way around campus!

 [orientation.uts.edu.au](https://orientation.uts.edu.au)

## Support services

**Find out more about support services at UTS**

[uts.edu.au/current-students/support](https://uts.edu.au/current-students/support)

**Study support.** We all need a bit of extra support with our studies at times. At UTS, we provide you with tailored support to develop your academic and professional language skills while you study. UTS HELPS can also help you develop your writing, reading and speaking skills through free one-on-one consultations, workshops and informal conversation classes.

 [helps.uts.edu.au](https://helps.uts.edu.au)

**Taking care of your health.** The UTS Health Service is our on-campus medical centre offering free and confidential consultations for students and alumni. There's also our free and confidential counselling service to help you through the pressures of study, work and life.

 [uts.edu.au/current-students/support](https://uts.edu.au/current-students/support)

# Careers

As a UTS student, you can access timely and tailored career advice, no matter where you are. We offer a variety of workshops, events, tools and resources to help you along your career journey.

**Learn more about UTS Careers**  
[careers.uts.edu.au](https://careers.uts.edu.au)

## Connect with our community

**Group sessions.** Access small, informal group conversations with your peers and a UTS Careers Consultant on various career topics.

**Workshops.** Learn how to design a fulfilling career, write a stand out resume, find job opportunities, refine your interviews skills and more.

**Industry events and experiences.** Attend industry panels, group mentoring sessions, careers fairs and discipline-specific initiatives

**Mentoring.** Connect with people working in your industry who genuinely want to help you via our Professional Mentoring Platform

## Access online tools and resources

**Rate My Resume.** Have your resume reviewed instantly, anywhere, anytime with our free resume review platform.

**CareerHub.** Kickstart your job search with Careerhub; your go-to place for job and internship opportunities, resources and events.

**Virtual work experience.** Get experience with top companies before you graduate by completing any number of virtual work experiences – free for all UTS students.

**Careers blog.** Find career advice and life hacks from our community. Get published by sharing your internship or job experiences so far.

**Additional resources.** Access our range of resources anywhere, anytime, including our video interview practice tool, job application workbooks, career advice playlists and more.

# Scholarships

**UTS is dedicated to supporting your studies through one of Australia's most generous scholarship programs for international students.**

**Learn more about  
our scholarships**

**[int-scholarships.uts.edu.au](https://int-scholarships.uts.edu.au)**

## **Undergraduate scholarships and grants**

**[int-scholarships.uts.edu.au](https://int-scholarships.uts.edu.au)**

We offer a range of scholarships for high-achieving international students, including full tuition fee and partial tuition fee scholarships and grants. Most scholarships are awarded on the basis of academic achievement.

## **Faculty scholarships**

**[uts.edu.au/scholarships](https://uts.edu.au/scholarships)**

Many UTS faculties offer international scholarships to reward achievement and recognise motivation to succeed. These scholarships are always evolving, visit our website for the latest information.

## **Australian Government scholarships**

**[dfat.gov.au/people-to-people/australia-awards](https://dfat.gov.au/people-to-people/australia-awards)**

The prestigious Australia Awards International Scholarships and Fellowships offer emerging global leaders an opportunity to undertake study, research and professional development in Australia. Funded by the Australian Government, the awards help international students gain qualifications to contribute to development success back home.

## **Alumni advantage**

**[alumni.uts.edu.au/advantage](https://alumni.uts.edu.au/advantage)**

Already graduated from a UTS degree? If you're thinking about returning to study at UTS, you could be eligible for a 10% saving on your tuition fees through the Alumni Advantage Program. This discount applies to full-fee-paying courses and will be applied automatically when you enrol!

## **Financial aid and loans**

If you're from Canada, Denmark, Germany, Norway, Sweden or the USA, you may be eligible for financial aid to support your studies at UTS. Check with your government for requirements.

## **Scholarships for UTS College Students**

**[utscollege.edu.au/scholarships](https://utscollege.edu.au/scholarships)**

UTS supports high-achieving international students completing the UTS College Diploma or UTS Foundation Studies and progressing to UTS to complete their undergraduate study.

# Housing

## UTS-owned accommodation

UTS's student housing is called Yura Mudang. It is located close to campus and has a spacious communal and barbecue area, study rooms, games and computer rooms and a music room.

UTS Housing is self-catered, secure and competitively priced. Most bedrooms are for one person (except twin shares), with shared kitchens, bathrooms and living areas. Apartments are fully furnished and rent includes gas, electricity, water, cabled internet in bedrooms and limited wireless internet access in communal areas. You will need to provide your own bed linen and cooking equipment.

## Renting private accommodation

If you are organising private accommodation, we recommend you arrange short-term accommodation in Sydney so you can view properties on your arrival and choose something that really suits your needs for the long-term. Visit UTS Housing's off-campus accommodation website, to find share rooms in private houses and apartments around UTS: **[uts.studystays.com.au](https://uts.studystays.com.au)**

Share accommodation means you usually have your own room and share a kitchen, living area and bathroom with other students or people who work. Alternatively, you may choose a studio or one-bedroom apartment to live in on your own, but this is more expensive.

All accommodation rentals should come with a residential or tenancy agreement. If you need any help or advice, please contact the UTS Housing Off-Campus Officer at **[housing.welfare@uts.edu.au](mailto:housing.welfare@uts.edu.au)** or the UTS Student Legal Service at **[studentlegalservice@uts.edu.au](mailto:studentlegalservice@uts.edu.au)** who are here to help you.

**Learn more about  
UTS Housing**

**[uts.edu.au/uts-housing-service](https://uts.edu.au/uts-housing-service)**

# Your way to UTS

UTS College is your alternative pathway to your dream UTS degree. Benefit from personalised academic support, small class sizes and practical learning designed to help you thrive at UTS and beyond.

**View our programs**

[utscollege.edu.au/programs](https://utscollege.edu.au/programs)

## Why choose UTS College

- Guaranteed entry to UTS when you successfully complete your UTS College program pathway\*
- Gain credit points towards your degree as recognition of prior learning
- Most diplomas allow you to fast-track into second year at UTS\*\*
- Personalised academic and wellbeing support in-person or available 24 hours online
- Reach your potential at UTS and beyond with our highly supportive, personalised, technology-led learning experience: Learning.Connected.

## Your pathway to UTS

### ACADEMIC ENGLISH

Develop the English language skills you need to succeed at UTS. With our Academic English program, you will have guaranteed entry^ into UTS Foundation Studies, UTS College Diploma programs, and UTS degrees, without the need to complete an IELTS test. Find out more about Academic English on page 27.

### UTS FOUNDATION STUDIES

Delivered by UTS College on behalf of UTS, the UTS Foundation Studies program is specifically designed for international students who've completed year 11 or equivalent. The program enables you to develop your English language proficiency and broader knowledge skill sets to be ready for university. Find out more about UTS Foundation Studies on page 28.

### DIPLOMAS

Guarantee\* your place in a UTS degree with a UTS College diploma. Choose from six disciplines: business, communication, design and architecture, engineering, IT or science. Most of our diplomas can fast-track you to the second year\*\* of a UTS undergraduate degree. Find out more about our diplomas on page 29.

\* Based on completion of a diploma with no more than two subject failures (Only successful completion of the Diploma of Science is required for articulation to most Science degrees).

\*\* Entry to second year of your UTS undergraduate degree depends on the course you choose.

^ English and academic entry requirements apply. Please refer to the courses page of our website for course information, entry requirements and articulation details. Successful completion of AEL5 satisfies the English Language Admission requirements for most UTS degrees. For specific details of UTS English entry requirements please refer to the individual faculty pages on the UTS website.

Academic English (Levels AE1-5) CRICOS course code 032410F.

UTS Foundation Studies CRICOS course code:

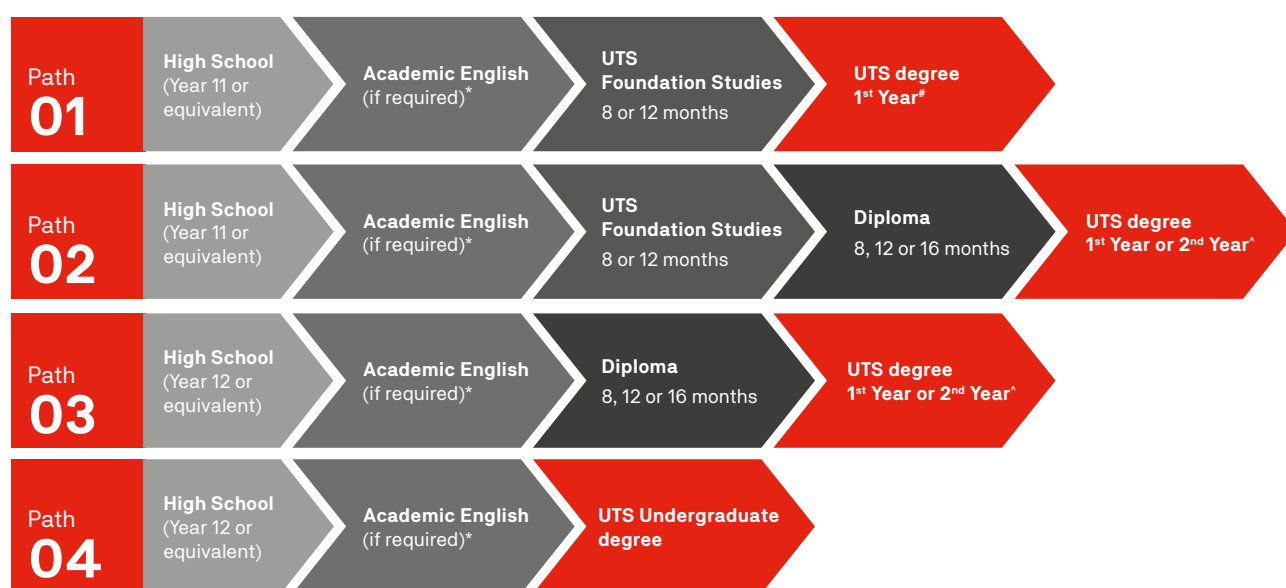

2 Semesters (Standard) CRICOS course code: 082432G | UTS course code: C30019

3 Semesters (Extended) CRICOS course code: 082433G | UTS course code: C30020.

# Your pathway to UTS

UTS College offers a range of alternative pathways to UTS. Whether you need to improve your academic English or want to guarantee\*\* your place in a UTS degree - we can help.

\* You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements.

\*\* Based on successful completion of your UTS College program and depends on the program you choose. See website for more details.

# This pathway is only available if you achieve the required Grade Point Average (GPA).

^ The point where you enter into your UTS degree will depend on your major and is generally based on no more than two subject failures. Not all majors will take you into second year.

Please refer to the individual program pages on our website full credit point details. Note: Articulation of Diploma of Science students to some degrees is based on successful completion of the Diploma of Science.

**Jason (Tianyang) Xie**

**China**

**Founder of AmazingLP**

“After completing my UTS College diploma and then going on to study at UTS for four years, I’ve become a confident and proactive thinker. It’s an important skill to have when running your own company.”

# Academic English

**Our Academic English language programs help you to develop the language skills required to succeed at university and in your future career.**

## **Build confidence in small classes**

Learning in a small class means you can get more individual attention. Our English classes have an average of 16 students, so there are many opportunities to ask questions and connect with teachers for extra help and support. You'll also have exclusive access to our HELPS Centre, which offers a wide range of specialist resources for learning English. These also include a suite of online resources and support available 24 hours a day, 7 days a week, to ensure you have support when you need it.

## **Learn from the best**

You'll become a confident communicator who feels comfortable with the English language. Mastering Academic English will develop your reading, writing, listening and speaking skills. Our teachers are qualified and experienced in TESOL, which means you'll be taught by some of the best English teachers in Australia.

## **Direct entry to university\***

When you complete our Academic English program, no further IELTS or TOEFL tests are needed. Once you achieve the required English proficiency, you are guaranteed entry\* into UTS Foundation Studies, UTS College diploma programs, and UTS degrees, without the need to complete IELTS or TOEFL tests.

Our Academic English programs can be studied at UTS College in Sydney or Sri Lanka, or with one of our partners in China, South Korea, Myanmar and Vietnam.

\* Based on a PASS mark in AE level 3 for entry to UTS Foundation Studies, a PASS mark in AE Level 4 for entry to Diploma and a PASS mark in AE Level 5 for entry to most UTS degrees.

Academic English (Levels AE1-5) CRICOS course code 032410F

**Find out more about Academic English**

**[utscollege.edu.au/english-language-programs](https://utscollege.edu.au/english-language-programs)**

# UTS Foundation Studies

**Many international students choose to start with UTS Foundation Studies as the gateway to tertiary education in Australia.**

The UTS Foundation Studies program is delivered by UTS College on behalf of UTS. The program is offered as a Standard program (2 semesters) or an Extended program (3 semesters).

The Standard 2-semester program is recommended if you are more confident in your English language proficiency and academic skills, and need to prepare further in order to articulate to UTS or a UTS College diploma program\*.

The Extended 3-semester program provides additional opportunities for you to develop and consolidate your English language and academic skills before you progress to UTS or a UTS College diploma program\*.

UTS Foundation Studies can be studied at UTS College in Sydney or Sri Lanka.

\* Based on completion of the UTS Foundation Studies program with the required GPA.

UTS Foundation Studies (2 Semesters, Standard) CRICOS course code 082432G. UTS course code C30019.

UTS Foundation Studies (3 Semesters, Extended) CRICOS course code 082433G. UTS course code: C30020.

UTS Foundation Studies is a UTS course, delivered by Insearch Limited (UTS College), on behalf of UTS. The UTS Foundation Studies program meets the requirements for Foundation Programs which have been registered on CRICOS for delivery in Australia providing academic preparation for entry into first year undergraduate study to overseas students.

**Find out more about  
UTS Foundation Studies**

**[utscollege.edu.au/uts-foundation-studies](https://utscollege.edu.au/uts-foundation-studies)**

# Diploma programs

**A UTS College diploma guarantees\* your way to a UTS degree, with most diplomas allowing you to fast-track to the second year of your UTS degree\*\*.**

You'll study the same content as first year UTS students and have the option to complete your diploma over a timeframe that suits you^:

- **Accelerated (8 months)** – the fastest way to UTS, but with an intense workload.
- **Standard (12 months)** – same content as Accelerated but the workload allows you more time to adjust to Australian education expectations and prepare for UTS.
- **Extended (16 months)** – same content as Accelerated and Standard diploma students, plus Academic English and enabling subjects to help you prepare for UTS.

Your UTS College diploma is designed in collaboration with UTS and is the perfect way to prepare for your UTS degree. Choose from:

- Business – see page 32
- Communication – see page 38
- Design and Architecture – see page 48
- Engineering – see page 64
- Information Technology – see page 74
- Science – see page 88

All diploma programs can be studied at UTS College in Australia. You can also study a selection of diplomas at UTS College in Sri Lanka, or through one of our partners in China, Indonesia or South Korea.

\*For all diplomas except Diploma of Science, guaranteed entry is based on successful completion of your diploma with no more than two subject failures. For Diploma of Science, guaranteed entry to UTS is based on successful completion of your diploma for the program you choose at UTS.

\*\*The point where you enter into your UTS degree will depend on your major. Not all majors will take you into second year.

^Students are required to meet the specified entry requirements for the program they choose.

### UTS Business beyond Australia

You can also study undergraduate Business at UTS in China. Our fully accredited off shore courses are taught at SHU-UTS SILC Business School (SILC) at Shanghai University.

[uts.edu.au/study/international/offshore-courses](https://uts.edu.au/study/international/offshore-courses)

# Bachelor of Business

## Course Description

The Bachelor of Business offers students a sound background in all areas of business through eight common core subjects undertaken in first year. It also provides them with an opportunity to study one or more areas of interest via a major or an extended major undertaken from second year. The major provides them with in-depth knowledge in a business specialisation. Students could also undertake sub-majors or electives to complement this specialised knowledge.

## Majors

Accounting, advertising and marketing communications, economics, finance, human resource management, international business, management, marketing.

As a second major only: business law, information technology.

## Professional Recognition

To meet the educational membership requirements for entry into CPA Australia (CPAA), Chartered Accountants of Australia and New Zealand (CAANZ), Chartered Institute of Management Accountants (CIMA), Association of Chartered Certified Accountants (ACCA), and Institute of Public Accountants (IPA) students will need to complete the Accounting major and successfully complete subject 21644 Law and Ethics for Managers as either an elective or part of another major.

Students who complete the Human Resource Management major are eligible to apply for the professional member status and/or advancement to a higher level of membership of the Australian Human Resources Institute (AHRI).

UTS is recognised as an affiliated university under the CFA® (Chartered Financial Analyst®) University Affiliation Program, based on the Bachelor of Business with Finance major. CFA Institute has affiliations with select universities around the world that have embedded a significant percentage (70 per cent) of the CFA® Program Candidate Body of Knowledge into their degree programs.

Completion of the Bachelor of Business with Finance major meets the education requirements for Affiliate membership and, in conjunction with work experience, the requirements for Associate membership with the Financial Services Institute of Australasia (FINSIA).

## Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10026](http://handbook.uts.edu.au/courses/c10026)

## Career Opportunities

The Bachelor of Business is a broad professional degree, equipping graduates to pursue careers across all business fields, industries and sectors. Examples of career options include accountant, auditor, banker, business adviser, business analyst, business consultant, economist, entrepreneur, financial analyst, financial planner, human resources manager, project manager, marketing specialist, stockbroker.

**Course code:** C10026  
**CRICOS code:** 006487A

# Communication

## Digital and Social Media

### Journalism

### Media Arts and Production

### Media Business

### Music and Sound Design

### Social and Political Sciences

### Strategic Communication

### Writing and Publishing

New technologies, new platforms, new ways to connect - the media and communication industries are changing fast. Our graduates are ready to adapt to the opportunities of tomorrow.

#### #1 EMPLOYMENT RATE\*

We're ranked first for overall employment for communication graduates in Sydney. This is thanks to our hands-on approach to learning, which ensures you graduate with a professional portfolio, ready for your first interview.

\*Graduate Outcomes Survey (2016-2020)

#### DOUBLE THE OPPORTUNITIES

Our Bachelor of Communication allows you to double your expertise (and career opportunities) by completing two majors. This customisable program will help you stand out amongst other graduates.

#### EXCLUSIVE MEDIA FACILITIES

You'll access purpose-built facilities, including television and film production spaces, industry-standard sound studios, a journalism lab and post-production editing suites. There's no need to buy cameras or media equipment - you'll be able to hire all of the gear you require for free.

## Giorgia Rapella

Italy

**Bachelor of Communication (Journalism)**

"We get real opportunities to practise our skills. That's what I really like. We build our own portfolio before finishing uni, to show off to the workforce when we're ready to enter it. One of the assignments I'm working on is to design a brand strategy for a real-life company."

## Pathway to UTS Communication

### UTS College Diploma of Communication

The UTS College Diploma of Communication guarantees your way to a UTS communication or law degree, allowing you to fast-track to the second year of your UTS Bachelor of Communication\*. Choose one of two streams: Digital and Strategic Communication, or Media Business.

This program opens the door to a multitude of creative possibilities across digital and social media. Our small classes and personalised support give you the advantage and you'll engage in real-world assessments that are aligned to first year UTS subjects for a seamless transition from diploma to degree.

### Program benefits

- 52 credit points with guaranteed entry to UTS\*
- Direct entry into second year UTS communication degree, or first year UTS law degree\*
- Real-world assessments and technology-enabled learning

### Leads to the following UTS majors

Strategic Communication, Digital and Social Media, Journalism, Media Arts and Production, Social and Political Science, Writing and Publishing, and Media Business.

### Communication pathway to UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

## Bachelor of Communication (Journalism) ▲

### Course Description

For those interested in investigating world issues like politics, climate change or global relations, and sharing them with the public, journalism is an exciting and broad career option. It combines skills in writing, production, research and critical thinking to develop students' capacities to frame world issues and affairs in accessible and relevant ways. UTS teaches journalism on the principle that it is a public good, and that any functional society requires a free and robust media. We encourage our graduates to be critical thinkers and train them in the ethical, intellectual, and political foundations needed to start their professional lives.

### Areas of Study

Ethical practice, reflective practice, current journalism debates and issues, data journalism, photojournalism, digital publishing, reporting online, radio and TV journalism, journalism and scholarly research, long-form storytelling, social media reporting, and investigative journalism.

### Professional Recognition

- Graduates are eligible to apply for professional level membership of the Media, Entertainment and Arts Alliance (MEAA).
- Students are eligible for student membership of the MEAA and access to the MEAA, Women in Media and Walkley Foundation network which provides skill development programs.
- The course is recognised by the MEAA and the Australian Press Council.

### Course Structure

For further details, please refer to the UTS Handbook: [handbook.uts.edu.au/courses/c10361](http://handbook.uts.edu.au/courses/c10361)

### Career Opportunities

To increase career flexibility, students can add a second major from five of the other majors offered in the Bachelor of Communication, and build further skills and portfolios that equip them for a range of work options in media and communication. These courses give students practical and transferrable skills for the expanding media industries.

Graduates leave with access to many career options, including reporter, producer, editor, social media editor, sub-editor, feature and freelance journalist, investigative journalist, researcher, and print, broadcast and online media content producer. In areas related to journalism, graduates may wish to pursue roles such as media advisors, communication consultants, content producers, or work in government and non-government organisations in a communication role.

## Bachelor of Communication (Media Arts and Production)

### Course Description

Designed for people passionate about films, filmmaking, and media production, the Bachelor of Communication (Media Arts and Production) at UTS equips students with the practical production skills and conceptual backing needed to enter the creative industries with a competitive edge. This hands-on course, designed and taught by leading practitioners in the Australian film and television industry, sees students produce a portfolio of media works encompassing short drama, documentary, animation, sound and the media arts.

### Areas of Study

Media arts; documentary; drama; film; television; artists moving image; sound; editing; screenwriting; creative project development; producing; production management; aesthetics; experimental media; visual storytelling; and production.

## Career Opportunities

To increase career flexibility, students can add a second major from five of the other majors offered in the Bachelor of Communication, and build further skills and portfolios that equip them for a range of work options in media and communication. These courses give students practical and transferrable skills for the expanding media industries.

Graduates leave as multifaceted media practitioners with a strong understanding of both form and function. They find work in all areas of media including film, TV, broadcast, music videos and content creation for advertising, marketing, and new digital media forms such as apps and social media. Practice-based learning ensures students develop a portfolio of work to show future employers or concepts that can be taken into the media market. Careers include traditional roles such as director, producer, scriptwriter, cinematographer, documentary maker, editor, sound designer and post-production specialist, to newer roles such as multimedia designer, social media specialist, multimedia and digital content producers and many more.

## Bachelor of Communication (Strategic Communication)

### Course Description

The Strategic Communication course at UTS will develop students' skills and knowledge for work in creative advertising, strategic public relations and the fast expanding related areas. Formerly known as 'Public Communication', the industry-focussed Bachelor of Communication (Strategic Communication) is taught by practitioners and leading researchers in the field, helping students to build the skills they need to enter the dynamic and diverse global communication industry. Students research, design and produce campaigns for issues and organisations, as well as develop their copywriting, media liaison and writing skills for digital, traditional and social media. They gain an understanding of the practical and theoretical bases for the work they do and its application to a variety of industries - from environmental to music to banking organisations - within the social, economic and political contexts in which they operate.

## Bachelor of Communication (Writing and Publishing)

### Course Description

For those with an interest in different forms of creative writing and publishing, this practice-based course provides the skills and industry knowledge to work in the field. The Bachelor of Communication (Writing and Publishing) at UTS is an industry-led course, designed and taught by a team of award-winning published authors, editors, scholars and industry professionals. Writing and Publishing builds students' knowledge of Australian and global publishing contexts, as well as writing and storytelling across an array of formats, like fiction and nonfiction, screenwriting, digital content and games. Students also develop strengths in critical thinking, research, editing and publishing and storytelling in broader contexts - all skills transferable to a wide range of industries and careers.

### Areas of Study

Fiction writing, creative non-fiction writing, narrative, genre writing, poetry, screenwriting, critical analysis, textual theory, editing, commissioning, social media, marketing.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10369](http://handbook.uts.edu.au/courses/c10369)

### Career Opportunities

To increase career flexibility, students can add a second major from five of the other majors offered in the Bachelor of Communication, and build further skills and portfolios that equip them for a range of work options in media and communication. These courses give students practical and transferrable skills for the expanding media industries.

Graduates of this course have found work as writers of fiction and nonfiction in a variety of forms, both as freelance writers and in media organisations. These skills are transferable to careers in communication and marketing, and in organisations with communication processes, such as government, NGOs, industry and cultural groups.

## Bachelor of Communication (Digital and Social Media)

### Course Description

One of the first communication courses to focus on social media and digital technologies, the Bachelor of Communication (Digital and Social Media) at UTS ensures students become capable practitioners of the modern formats of digital communication. This rapidly evolving industry requires workers to be technologically literate, culturally aware, and innovative, with an ability to analyse and develop solutions to problems using digital media technologies. In the course, students are introduced to key debates around the role of social media as a communication tool, and its prevalence in day-to-day affairs. They also develop transferable, practical skills in social media management, user experience (UX) and user interface design (UI), and data visualisation and analysis.

### Areas of Study

User experience design, user interface design, digital research methods, digital audience analysis, data analytics, social media platforms, digital media metrics, app design, social media campaigns.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10371](http://handbook.uts.edu.au/courses/c10371)

### Career Opportunities

To increase career flexibility, students can add a second major from five of the other majors offered in the Bachelor of Communication, and build further skills and portfolios that equip them for a range of work options in media and communication. These courses give students practical and transferrable skills for the expanding media industries.

Careers in the growth area of digital and social media are far-reaching and present in many industries, from small businesses to large corporations, in both freelance and in-house digital marketing departments. Job options include social media manager, UX/UI designer, digital campaign manager, prototype designer, digital entrepreneur, digital marketing specialist, policy analyst, communications officer, and more.

**Course code:** C10371

## Bachelor of Communication (Media Business)

### Course Description

For students who see themselves developing or managing a contemporary media business, the new Bachelor of Communication (Media Business) has been designed to help them cultivate the core management and communication skills for leadership in media industries. In response to industry demand, the Bachelor of Communication (Media Business) has been created for students with an interest in any aspect of media production, from film and TV, to advertising, music, games, online content, and more. This course equips students with the necessary business skills to be successful in their chosen field. With a basis in ethical and effective practice, they develop an understanding of how power, influence, economics, and legal obligations affect media processes and content creation.

### Areas of Study

The intersection of media, law and ethics; dynamics and logics of media influence; branding; entrepreneurial skills; fundamentals of management and business finance.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10451](http://handbook.uts.edu.au/courses/c10451)

### Career Opportunities

To increase career flexibility, students can add a second major from five of the other majors offered in the Bachelor of Communication, and build further skills and portfolios that equip them for a range of work options in media and communication. These courses give students practical and transferrable skills for the expanding media industries.

Career options are extensive, with the skills developed in the course applying to many creative industries. Graduates can pursue business careers within music companies, television and film production companies, advertising agencies, games companies, online and web platforms, and many others. Roles would focus on business development, strategic planning, promotion, policy, and consultancy.

**Course code:** C10451

## Bachelor of Animation Production

### Course Description

For those who have a passion for visual arts, drawing and storytelling, the Bachelor of Animation Production at UTS gives students the knowledge and hands-on experience required to create animation work that communicates clear and powerful ideas, helping them stand out in a global industry.

The Bachelor of Animation Production students learn how to observe the world around them, drawing directly from life to gain inspiration for characters and stories. They discover how to think creatively and develop ideas through multiple stages, focusing upon character development, narrative structure and engaging performance. They also learn fundamental 2D, 3D and hybrid animation skills to bring their stories to life.

### Areas of Study

Observational and life drawing, visual narratives and storytelling, aesthetics, movement fundamentals and animation history, character and world design, dramatic structure, timing, gesture, performance, creative collaboration, digital technologies and studio production, leadership, critique, development and pitching, animation project.

### Course Structure

For further details, please refer to the UTS Handbook:  
**[handbook.uts.edu.au/courses/c10460](http://handbook.uts.edu.au/courses/c10460)**

### Career Opportunities

The industry-focused Bachelor of Animation Production opens up animation careers in film, television and emergent screen-based content creation industries. Career options include director, animator, scriptwriter, concept artist, production designer, character designer, set designer, storyboard artist, layout artist, digital cinematographer, technical director, producer, modeller, rigger, VFX artist, editor, colourist and compositor.

**Course code:** C10460  
**CRICOS code:** 107050A  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$21,400 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (**[handbook.uts.edu.au](http://handbook.uts.edu.au)**).

For honours and combined degrees, please see course summary tables (pages 108-125)

# Design, Architecture and Building

[Architecture](#)[Construction](#)[Fashion and Textiles](#)[Interior Architecture](#)[Landscape Architecture](#)[Product Design](#)[Project Management](#)[Property Economics](#)[Visual Communication](#)

Become a creative and critical thinker, build connections with acclaimed practitioners and develop solutions to the big challenges that shape the world we live in. At UTS Design, Architecture and Building, we're leading change – and you can too.

### CONNECTIONS THAT COUNT

What you know matters – and who you know does too. Our industry partnerships will bring you face-to-face with leading organisations like Google, Saatchi and Saatchi, IKEA, Swarovski, Liberty London, Woolmark and Westpac.

### EXPERIENCE STARTS HERE

Theory is one thing, but practice makes perfect. Work in multidisciplinary teams, master industry-standard technologies and study under leading industry experts – it's all part of our commitment to practice-oriented learning. Plus, you'll stand out from the crowd with a CV filled with real-world experience.

### SHAPE TOMORROW

Develop the skills to build a better world for all, no matter which path you choose. Our inspiring experts are actively engaged in leading industry projects, so you'll understand the developments shaping your industry.

## Chelsy

Indonesia

Bachelor of Property Economics (Honours)

“Doing this course at UTS was one of the best decisions that I have ever made. The course is well-designed, where all the essential knowledge and skills are included. Not only that, but there are also interesting elective subjects related to this course, opening more career paths. Through this program, I have become more prepared to jump into the industry.”

## Pathway to UTS Design, Architecture and Building

### UTS College Diploma of Design & Architecture

The UTS College Diploma of Design & Architecture guarantees your way to a range of exciting degrees offered by the UTS Faculty of Design, Architecture and Building\*. Choose one of two streams: Architecture or Design.

The program is packed with opportunities to explore your design passions across architecture, interiors, graphics, products or fashion. This diploma culminates in a work-ready portfolio and collaborative final exhibition. Our small classes, personalised support and alignment to core UTS subjects provides a seamless transition from diploma to degree.

### Program benefits

- Guaranteed entry into the first year of your UTS design or architecture degree\*
- 36 credit points guaranteed with a reduced study load during your UTS degree\*
- Develop practical work-ready skills, creative thinking and concept generation

### Leads to the following UTS majors

Architecture, Interior Architecture, Product Design, Fashion and Textiles, and Visual Communication.

### Design & Architecture pathway to UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

### More information

For further details including academic and English language requirements, please refer to the UTS College website:

[utscollege.edu.au/programs/diplomas/diploma-of-design-architecture](https://utscollege.edu.au/programs/diplomas/diploma-of-design-architecture)

**CRICOS code:** 082795C

(Accelerated), 082796B (Standard), 080144K (Extended).

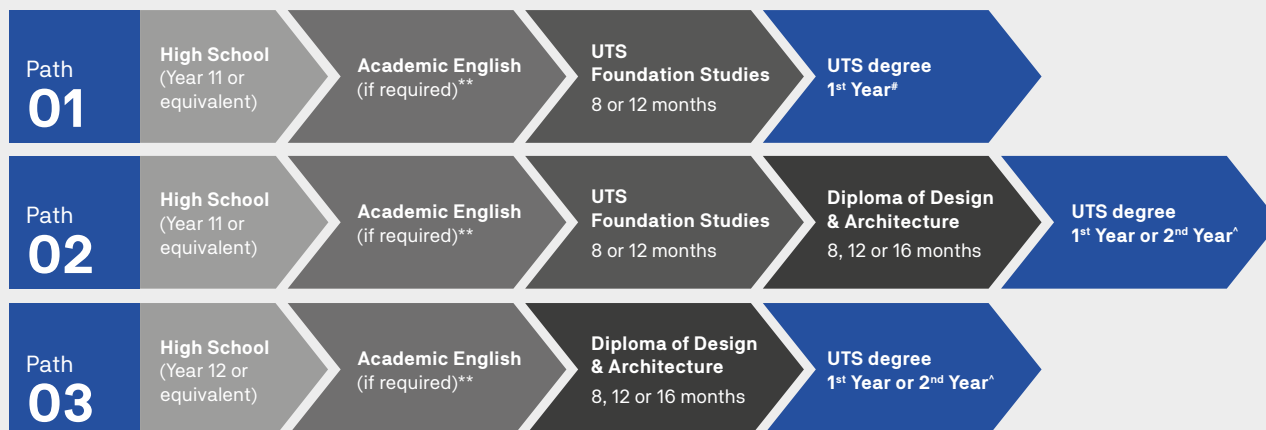

**Course duration:** Choose from 8 months (Accelerated), 12 months (Standard) and 16 months (Extended)

**Number of credit points:** 36

**Intake:** Feb/Jun/Sept

**Location:** Sydney city campus

**Fees^^:** A\$33,000 (Standard, Accelerated), A\$41,000 (Extended)

\* Based on successful completion of your diploma with no more than two subject failures.

NB: articulation to the UTS Bachelor of Design in Architecture is only available in the Spring (July) intake for UTS College Diploma of Design and Architecture (Architecture stream) students. See website for details.

\*\* You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. Refer to our website for details.

# This pathway is only available if you achieve the required Grade Point Average (GPA).

^ Based on successful completion of your diploma with no more than two subject failures and depending on the UTS program you choose.

^^ Fees listed are for study at the Sydney city campus and may vary for other locations. Ask your agent for more information.

UTS College CRICOS provider code: 00859D

## Bachelor of Design in Architecture

### Course Description

The Bachelor of Design in Architecture is the first of two degrees needed to become an architect. Students wishing to qualify for professional recognition as architects must also complete the Master of Architecture (C04235).

### Areas of Study

Design, architecture history and theory, communication, construction, sustainability, environmental control.

### Professional Recognition

The Bachelor of Design in Architecture followed by the Master of Architecture (C04235) is accredited for professional recognition by the NSW Architects Registration Board, the Australian Institute of Architects and the Commonwealth Association of Architects.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10004](http://handbook.uts.edu.au/courses/c10004)

### Career Opportunities

Career opportunities include architect (after completion of the Master of Architecture), urban designer, project manager, administrator, policymaker, researcher, educator, journalist, and disaster relief and international aid professional.

**Course code:** C10004  
**CRICOS code:** 044179J  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$19,745 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Design in Architecture Master of Architecture

### Course Description

The Bachelor of Design in Architecture is the first of two degrees needed to become an architect. Students wishing to qualify for professional recognition as architects must also complete the Master of Architecture program.

Note: C10413 Bachelor of Design in Architecture Master of Architecture consists of the identical program as (C10004) Bachelor of Design in Architecture from Year 1 through to Year 3 and as (C04235) Master of Architecture from Year 4 through to Year 5.

To progress through to Years 4 to 5, students are required to achieve, as at the end of Year 3, a WAM of 70 or above across all subjects taken in Years 1 and 3.

### Areas of Study

Design, architectural history and theory, communication, construction, sustainability, environmental controls, architectural practice, urban development, urbanism, materials, fabrication, computational media, planning, visualisation.

### Professional Recognition

The Bachelor of Design in Architecture followed by the Master of Architecture is accredited for professional recognition by the Architects Accreditation Council of Australia and recognised by the NSW Architects Registration Board, the Australian Institute of Architects and the Commonwealth Association of Architects.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10413](http://handbook.uts.edu.au/courses/c10413)

### Career Opportunities

Career options include architect, designer, urban designer, architecture journalist, or critic.

**Course code:** C10413  
**CRICOS code:** 103340A  
**Course duration:** 5 Years  
**Number of credit points:** 240  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$19,745 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

## Bachelor of Construction Project Management

### Course Description

The Bachelor of Construction Project Management delivers the management, technology and process skills required to work in a variety of well-paid roles across the full spectrum of construction projects. Students are taught a wide range of project management methodologies with a strong focus on applying these to real-world projects. This knowledge can be applied in other industry sectors, providing further employment opportunities.

### Sub-Majors

Planning, Property Technology, Advertising Principles, Architectural Studies, Language other than English, Marketing Principles Research Methods and Specialist Country Studies.

### Professional Recognition

This course is accredited by the Project Management Institute (PMI); Royal Institution of Chartered Surveyors (RICS); Australian Institute of Quantity Surveyors (AIQS); Australian Institute of Building (AIB).

The course is also recognised by the Chartered Institute of Building (CIOB) and endorsed by the Australian Institute of Project Management (AIPM).

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10214](http://handbook.uts.edu.au/courses/c10214)

### Career Opportunities

Career opportunities include project manager, construction manager, construction economist, quantity surveyor, design manager, environmental manager, contract manager, site manager, construction programmer, cost engineer, estimator, facility manager and property developer.

Graduates have a wide range of employment opportunities and can work in both the private and public sectors for employers such as building proprietors, contractors, developers, government bodies and consultancy practices or be self-employed entrepreneurs. As key professionals in the construction industry, graduates work closely with other professional disciplines, industry groups and development authorities.

**Course code:** C10214  
**CRICOS code:** 044183B  
**Course duration:** 4 Years  
**Number of credit points:** 192  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$18,415 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Design in Fashion and Textiles

### Course Description

The Bachelor of Design in Fashion and Textiles is an internationally recognised degree that gives students the start they need to pursue careers across all facets of the local and international fashion industry. The degree provides the conceptual knowledge and garment-making skills required to transform a creative vision into compelling fashion statements. Sustainability and social justice are threaded throughout the course.

### Areas of Study

2D and 3D patternmaking approaches, conceptual thinking, experimental design, fashion design practice, fashion history, fashion research, global fashion studios, menswear, sustainable fashion, textile design practice, womenswear.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10306](http://handbook.uts.edu.au/courses/c10306)

### Career Opportunities

Career options include fashion designer, textile designer, fashion producer, art/creative director, print designer, pattern cutter, fashion stylist and fashion forecaster. Some graduates start their own business, while others work in an established company locally or with larger international brands. Graduates can also work in fashion media, including marketing, public relations and journalism roles.

**Course code:** C10306  
**CRICOS code:** 077334G  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$21,400 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Design in Interior Architecture

### Course Description

The Bachelor of Design in Interior Architecture helps students to re-imagine interior environments and public spaces in local and global contexts. With a strong emphasis on people's experiences of spatial design, this degree equips students with the critical skills required to interrogate and transgress the traditional boundaries of commercial interior design.

### Areas of Study

Experimentations with space and materials, inhabitation and human interactions to space, spaces and places of performance, industry practice and professional development.

### Professional Recognition

Design Institute of Australia; International Federation of Interior Architects/Designers; Interior Design/Interior Architecture Educators Association (IDEA).

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10271](http://handbook.uts.edu.au/courses/c10271)

### Career Opportunities

Career options include commercial and residential interior design, adaptive re-use design, interactive and responsive environment design, museum and exhibition design, production design for film and television, theatre and performance design, and visual and spatial branding.

**Course code:** C10271

**CRICOS code:** 071631C

**Course duration:** 3 Years

**Number of credit points:** 144

**Intake:** Feb

**Location:** City campus

**Fees:** A\$19,745 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

## Bachelor of Landscape Architecture (Honours)

### Course Description

The Bachelor of Landscape Architecture (Honours) is a four-year honours degree designed to develop skills in design, construction and management associated with natural and built landscapes.

### Sub-majors

Advertising Principles, Language other than English, Marketing Principles, Specialist Country Studies, Technology.

### Areas of Study

Design of landscapes in urban and rural contexts, ecology, sustainability, graphic communications, hydrology, botany, professional practice, research.

### Professional Recognition

The course is accredited by the Australian Institute of Landscape Architects.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c09079](http://handbook.uts.edu.au/courses/c09079)

### Career Opportunities

This course equips graduates with critical thinking, creativity and the skills to engage across the expanded field of landscape design; take up leading roles in the design of all landscapes in urban and rural contexts; and pursue roles in land management and stewardship, architecture, and urban design.

**Course code:** C09079

**CRICOS code:** 080270D

**Course duration:** 4 Years

**Number of credit points:** 192

**Intake:** Feb

**Location:** City campus

**Fees:** A\$19,745 per session

**Academic and additional requirements:**

## Bachelor of Property Economics

### Course Description

For students thinking about a career in business, economics or property, the Bachelor of Property Economics provides the edge required to get started in a global industry.

### Sub-majors

Planning, Property Technology, Advertising Principles, Architectural Studies, Language other than English, Marketing Principles, Research Methods, Specialist Country Studies.

### Areas of Study

Economics, investment, property taxation, valuation, finance, urban design, property development, business management, built environment law.

### Professional Recognition

Australian Property Institute (API); Royal Institution of Chartered Surveyors (RICS).

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10310](http://handbook.uts.edu.au/courses/c10310)

### Career Opportunities

Career options include property valuer, property and asset manager, property market analyst, property sales and acquisitions, property developer, funds manager, and corporate real estate adviser.

**Course code:** C10310  
**CRICOS code:** 079553C  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$18,415 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Design in Visual Communication

### Course Description

This distinctive degree explores diverse forms of visual communication across design, culture and media. Visual communication students acquire in depth understanding of the histories, practices and meanings of the visual world. In turn, obtaining the visual knowledge and skills required to negotiate rapidly changing technology, visual media and culture while becoming skilled in apprehending the unprecedented pace at which visual images, visual technologies and information data are produced.

### Areas of Study

Design thinking, typography, illustration, interactive design, web design, interaction design, branding, experiential design, moving image design, data visualisation, design for animation, strategic design, design history and emergent visual communication practices.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10308](http://handbook.uts.edu.au/courses/c10308)

### Career Opportunities

There are many career options in a range of fields for graduates, such as digital media, publication designer, graphic designer, interactive media designer, web designer, branding specialist, art director, motion graphics designer, advertising, illustrator, and exhibition designer. Graduates are also equipped with the skills to become writers, researchers, editors and critics, and to apply design thinking in a non-design industry business.

**Course code:** C10308

**CRICOS code:** 077339C

**Course duration:** 3 Years

**Number of credit points:** 144

**Intake:** Feb

**Location:** City campus

# Education

## Secondary Education

---

Our unique ‘vertical stack’ course structure combines an undergraduate degree in Business and Economics, Communication (Writing and Publishing), Engineering Studies or Science with a postgraduate degree in Secondary Education. This means you can graduate with two qualifications in as little as four years.

### WORLD CLASS FACILITIES

Our purpose-built facilities are second to none. From customised science and maths teaching environments to dedicated research hubs, our spaces are designed to shape your education practice.

### REAL WORLD LEARNING

Throughout your degree, you’ll benefit from the hands-on approach to learning that UTS is known for. Alongside practical workshops and labs from your core degree, you’ll also spend 80 days in real classrooms, gaining professional experience at some of our 200+ partner schools across NSW.

### BEYOND BOUNDARIES

A global perspective is critical to education. You’ll study with students across a range of careers/industries and multicultural backgrounds which will offer you a different perspective when solving problems.

## Bachelor of Business Master of Teaching in Secondary Education ▲

### Course Description

The Bachelor of Business Master of Teaching in Secondary Education offers students the knowledge and practical hands-on experience required to teach over 18,000 secondary school pupils studying Business Studies and over 5000 pupils undertaking Economics in NSW (NSW Education Standards Authority, 2021 HSC Enrolments by Course, 2021).

Note: Satisfactorily complete the NSW Government's LANTITE Literacy and Numeracy test (<https://teacheredtest.acer.edu.au/>) before progressing to the first Professional Experience supervised teaching placement in Year 3. Achieve credit average (WAM greater than or equal to 65) results at the completion of 96 credit points (typically at the end of Year 2). Students who do not achieve a credit average will be transferred to the relevant standalone Bachelor degree. Upon successful completion of this Bachelor's degree, you will be eligible to apply to the Master of Teaching in Secondary Education.

### Majors

Economics Business Studies/Economics stream, Management Business Studies stream

### Areas of Study

Business, management, economics, professional experience, HSIE, business studies, teaching methods subjects, core teacher education subjects.

### Professional Recognition

This course is professionally accredited by the NSW Education Standards Authority (NESA) as a recognised secondary school teaching qualification. To gain employment as a teacher in NSW schools, graduates must meet the requirements of the NESA, including language proficiency.

### Course Structure

For further details, please refer to the UTS Handbook:  
**[handbook.uts.edu.au/courses/c10449](http://handbook.uts.edu.au/courses/c10449)**

### Career Opportunities

This course offers a flexibility for career prospects, including having a broad range of skills to move into administrative, policy or leadership roles in the public and private sectors. Students can also benefit from an accelerated career path and can achieve two qualifications, one a PG course, in the duration it takes to complete an undergraduate course. The Bachelor of Business is a broad professional degree, equipping graduates to pursue careers in a variety of business fields, industries and sectors. Examples of career options include business consultant, economist, entrepreneur and data analyst. The Master of Teaching in Secondary Education course prepares students for secondary teaching (years 7-12) in Business Studies in a public or private school, locally or internationally (subject to meeting relevant employer requirements).

**Course code:** C10449

**CRICOS code:** 106139M

## B Communication (Writing and Publishing) M Teaching in Secondary Education ▲

### Course Description

This degree combines practical experience and theoretical engagement in communication, media and contemporary creative writing with a teacher education course to teach English in NSW secondary schools. Students may also qualify as teachers of English as an Additional Language/Dialect (EAL/D) or Society & Culture - Human Society and its Environment (HSIE). Students earn both an undergraduate Bachelor of Communication and a postgraduate Master of Teaching in Secondary Education in four (4) years of full-time study.

Note: Satisfactorily complete the NSW Government's LANTITE Literacy and Numeracy test (<https://teacheredtest.acer.edu.au/>) before progressing to the first Professional Experience supervised teaching placement in Year 3. Achieve credit average (WAM greater than or equal to 65) results at the completion of 96 credit points (typically at the end of Year 2). Students who do not achieve a credit average will be transferred to the relevant standalone Bachelor degree. Upon successful completion of this Bachelor's degree, you will be eligible to apply to the Master of Teaching in Secondary Education.

### Majors

English; English/English as an Additional Language; English/Society and Culture.

### Areas of Study

Contextual studies of education, professional experience, teaching method subjects for discipline areas taught in secondary schools, discipline studies.

### Professional Recognition

This course is professionally accredited by the NSW Education Standards Authority (NESA) as a recognised secondary school teaching qualification. To gain employment as a teacher in NSW schools, graduands must meet the requirements of the NESA, including language proficiency.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10405](http://handbook.uts.edu.au/courses/c10405)

### Career Opportunities

Career options include secondary teaching (years 7-12) in English, as well as English as an Additional Language/Dialect (EALD) and Society and Culture in a public or private school, locally or internationally (subject to meeting relevant employer requirements).

Graduates can also work as fiction and non-fiction writers in anthologies, magazines and newspapers, and for literary journals and online presses, as well as screenwriters, story developers and communication professionals.

**Course code:** C10405

**CRICOS code:** 102566B

**Course duration:** 4 Years

### Career Opportunities

Career options include secondary teaching in Engineering Studies (years 11-12), Industrial Technology (years 7-10 focus area Engineering) and Mathematics in a public or private school, locally or internationally (subject to meeting relevant employer requirements).

**Please note:** Applicants are advised to check with potential employing bodies regarding employment requirements. As of the date of publication, they can be found **here**. Both public and private sector schools can set eligibility requirements relating to academic performance among other criteria. Requirements to teach internationally can vary from country to country.

**Course code:** C10406

**CRICOS code:** 102567A

**Course duration:** 4.5 Years

**Number of credit points:** 216

**Intake:** Feb

**Location:** City campus

**Fees:** A\$24,010 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

## Bachelor of Science Master of Teaching in Secondary Education ▲

### Course Description

This degree combines solid foundations in mathematical and/or scientific knowledge and practice with a teacher education course to teach a range of mathematics and/or science subjects in secondary schools. Students earn both an undergraduate Bachelor of Science and a postgraduate Master of Teaching in Secondary Education in four (4) years of full-time study.

Note: Satisfactorily complete the NSW Government's LANTITE Literacy and Numeracy test (<https://teacheredtest.acer.edu.au/>) before progressing to the first Professional Experience supervised teaching placement in Year 3. Achieve credit average (WAM greater than or equal to 65) results at the completion of 96 credit points (typically at the end of Year 2). Students who do not achieve a credit average will be transferred to the relevant standalone Bachelor degree. Upon successful completion of this Bachelor's degree, you will be eligible to apply to the Master of Teaching in Secondary Education. \ Majors

### Major

Biology, Chemistry, Earth and Environmental Science; Chemistry and Physics, Mathematics; Mathematics and Mathematics/Physics.

### Areas of Study

Contextual studies of education, professional experience, teaching method subjects for discipline areas taught in secondary schools, discipline studies.

### Professional Recognition

This course is professionally accredited by the NSW Education Standards Authority (NESA) as a recognised secondary school teaching qualification. To gain employment as a teacher in NSW schools, graduands must meet the requirements of the NESA, including language proficiency.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10404](http://handbook.uts.edu.au/courses/c10404)

### Career Opportunities

Career options include secondary teaching (years 7-12) in Mathematics, Science, Science/Mathematics in a public or private school, locally or internationally (subject to meeting relevant employer requirements).

**Please note:** Applicants are advised to check with potential employing bodies regarding employment requirements. As of the date of publication, they can be found **here**. Both public and private sector schools can set eligibility requirements relating to academic performance among other criteria. Requirements to teach internationally can vary from country to country.

**Course code:** C10404

**CRICOS code:** 102565C

**Course duration:** 4 Years

**Number of credit points:** 192

**Intake:** Feb

**Location:** City campus

**Fees:** A\$22,120 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

# Engineering

[Biomedical](#)[Chemical Process](#)[Civil](#)[Civil and Environmental](#)[Civil \(Construction\)](#)[Civil \(Structures\)](#)[Data Science](#)[Electrical](#)[Electronic](#)[Flexible](#)[Mechanical](#)[Mechatronic](#)[Software](#)

The engineering industry is evolving. Stay up-to-date with the latest technical knowledge and key leadership skills so you can gain a competitive edge with employers. Work with global experts in state-of-the-art facilities and revolutionise the future.

#### INDUSTRY-FOCUSED LEARNING

Theory is great, but industry experience is even better. That's why we offer practical learning for future-ready graduates. Engage with renowned industry partners that provide working knowledge throughout your degree.

#### CONNECTIONS THAT COUNT

Would access to more than 1000 companies give you an advantage? Of course it would. Our dedicated Internships team are available to provide personalised support to ensure you gain the best work experience, giving you a distinct edge from your peers when you graduate.

#### INNOVATION HUB

UTS is located in an innovation precinct surrounded by some of Australia's top startup firms.

#### Yanlin Zhu

China

Graduate Engineer, WSP

Bachelor of Engineering (Honours)

"Thanks to UTS, I have gained a lot of industry insights about professional civil engineering through internships and mentorship program. These activities helped me in networking with industry professionals and I learned tremendous career advice from them."

## Pathway to UTS Engineering

### UTS College Diploma of Engineering

The UTS College Diploma of Engineering guarantees your way to a UTS engineering degree, allowing you to fast-track to the second year of your UTS Bachelor of Engineering (Honours)\*.

Students will develop a deep understanding of the practical applications for engineering, along with the skills to communicate professionally and ethically in engineering environments. Our small classes, personalised support and alignment to first year UTS subjects provides a seamless transition from diploma to degree.

#### Program benefits

- Up to 48 credit points with guaranteed entry to UTS\*
- Direct entry into the second year of your UTS engineering degree\*
- Hands-on, practice-based learning with industry networking opportunities

#### Leads to the following UTS majors

Biomedical, Civil, Civil (Construction), Civil (Structures), Data Science Engineering, Electrical, Electronic, Flexible, Mechanical, Mechatronic, and Software.

#### Engineering pathway to UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

#### More information

For further details including academic and English language requirements, please refer to the UTS College website:

[utscollege.edu.au/programs/diplomas/diploma-of-engineering](https://utscollege.edu.au/programs/diplomas/diploma-of-engineering)

**CRICOS code:** 070305C

(Accelerated), 070304D (Standard), 080145J (Extended).

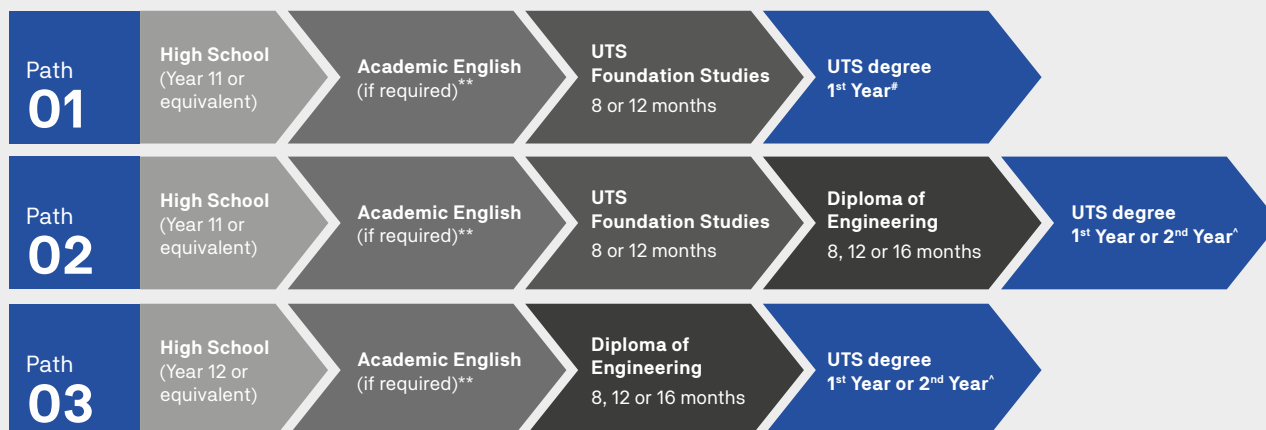

**Course duration:** Choose from 8 months (Accelerated), 12 months (Standard) and 16 months (Extended)

**Number of credit points:** 48

**Intake:** Feb/Jun/Sept

**Location:** Sydney city campus, Sri Lanka, Indonesia

**Fees<sup>^^</sup>:** A\$33,000 (Standard, Accelerated), A\$41,000 (Extended)

\* Based on successful completion of your diploma with no more than two subject failures. The point where you enter into your UTS degree will depend on your major. Not all majors will take you into second year.

\*\* You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. Refer to our website for details.

# This pathway is only available if you achieve the required Grade Point Average (GPA).

^ Based on successful completion of your diploma with no more than two subject failures and depending on the UTS program you choose.

^^ Fees listed are for study at the Sydney city campus and may vary for other locations. Ask your agent for more information.

UTS College CRICOS provider code: 00859D

## Bachelor of Engineering (Honours) ▲

### Course Description

This course is identical to the Bachelor of Engineering (Honours) Diploma in Professional Engineering Practice (C09067), with the exception that there is no Diploma in Professional Engineering Practice requirement.

### Majors

Biomedical, chemical process, civil, civil and environmental, data science, electrical, electrical and electronic, electronic, flexible, mechanical, mechanical and mechatronic, mechatronic, renewable energy, software.

### Professional Recognition

The Bachelor of Engineering (Honours) is accredited by Engineers Australia at the Graduate Professional Engineer level. The degree is recognised internationally by signatories to the Washington Accord.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c09066](http://handbook.uts.edu.au/courses/c09066)

### Career Opportunities

Career options depend on the major chosen.

**Course code:** C09066

**CRICOS code:** 084098A

**Course duration:** 4 Years

**Number of credit points:** 198

**Intake:** Feb/Jul

**Location:** City campus

**Fees:** A\$25,000 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

## Bachelor of Engineering (Honours) Diploma in Professional Engineering Practice ▲

### Course Description

This program is a comprehensive preparation for careers in the professional practice of engineering. Students learn to deal with complex systems and manage large-scale projects using the most appropriate emerging technologies.

### Majors

Biomedical, chemical process, civil, civil and environmental, data science, electrical, electrical and electronic, electronic, flexible, mechanical, mechanical and mechatronic, mechatronic, renewable energy, software.

### Professional Recognition

The Bachelor of Engineering (Honours) is accredited by Engineers Australia at the Graduate Professional Engineer level. The degree is recognised internationally by signatories to the Washington Accord.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c09067](http://handbook.uts.edu.au/courses/c09067)

### Career Opportunities

Career options depend on the major chosen.

**Course code:** C09067

**CRICOS code:** 084099M

**Course duration:** 5 Years

**Number of credit points:** 240

**Intake:** Feb/Jul

**Location:** City campus

**Fees:** A\$25,000 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

## Bachelor of Engineering Science

### Course Description

This course is an engineering technologist-level program which is similar in nature to the Bachelor of Engineering (Honours) (C09066) but does not provide full professional engineering status.

### Majors

Chemical process, civil, data science, electrical, electronic, flexible, mechanical, mechatronic, renewable energy, software.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10066](http://handbook.uts.edu.au/courses/c10066)

### Career Opportunities

Career options include positions in engineering teams across the full spectrum of engineering activities. Specific career options depend on the major chosen.

**Course code:** C10066  
**CRICOS code:** 033909D  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$24,010 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

# Health

**Nursing**

**Health Science**

**Sport and Exercise  
Management**

**Sport and Exercise  
Science**

**As Australia's largest employer, a career in health will keep you learning and earning for life. Plus, you can make a real and meaningful impact on the people and the world around you – so what are you waiting for?**

### **PRACTICE MAKES PERFECT**

The nurses, the coaches and the health professionals you admire? They all got to where they are by doing – and doing again. That's why we've built practice-based learning into every health course.

### **PURPOSE-BUILT SPACES**

Engage with lifelike simulations, robotic patients and cutting-edge technology in our clinical labs, or rub shoulders with elite athletes in our world-class sport and exercise precinct at Moore Park – whatever you study, we've got a space to optimise your learning.

### **CONNECTIONS THAT COUNT**

Our courses are supported by and developed with government, health districts, health care agencies, and sport and fitness associations. Our international connections, like the UTS-based WHO Collaborating Centre, offer you a global outlook too.

## **Tehsin Mansuri**

**India**

**Bachelor of Nursing**

**“As a nurse, you are given the ability to help patients in many different ways. Studying at UTS means you get hands-on experience right from your first class. By the end of my first session, I had developed a good understanding of the nursing specialties available and what life as a registered nurse is really like.”**

## Bachelor of Health Science ▲

### Course Description

The Bachelor of Health Science is a flexible and innovative degree that equips graduates with qualifications to help improve the health of individuals and populations. It is a broad field of practice, based on the application of scientific principles in governmental and non-governmental health services and the wider industry.

### Majors

Global Health, Health Promotion, Human Structure and Function, Indigenous Health, Public Health, no major

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10360](http://handbook.uts.edu.au/courses/c10360)

### Career Opportunities

Career options include positions in health promotion, epidemiology, advocacy, health education, e-health, health data and information management systems, planning and policy, project management and evaluation, community development, research and consultancy across both public and private health sectors, physiotherapy (pathway).

**Course code:** C10360  
**CRICOS code:** 088070C  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$18,160 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Nursing ▲

### Course Description

The UTS Bachelor of Nursing course prepares students for the exciting and challenging role of the Registered Nurse. This course is comprised of a comprehensive range of theoretical and clinical nursing subjects that together provide the knowledge, skills and professional values graduates require to provide safe, effective and compassionate nursing care. Our graduates are well prepared for clinical practice and are highly sought after for employment in a wide range of healthcare settings across Australian and internationally.

The reputation of our nursing program is well-established – UTS has ranked #1 in Australia for Nursing in the QS World University Rankings by Subject from 2016-2021.

### Sub-Majors

**Nursing:** In the final year of the program, students are able to pursue an area of nursing interest by choosing a clinical specialty elective.

### Professional Recognition

This course is accredited by the Australian Nursing and Midwifery Accreditation Council (ANMAC) and approval by the Nursing and Midwifery Board of Australia (NMBA). See the faculty rules for more information.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10122](http://handbook.uts.edu.au/courses/c10122)

### Career Opportunities

Career options for registered nurses include diverse specialty clinical areas such as community health, critical care, general practice, aged care, mental health, operating theatres and paediatrics. Career progression opportunities include working as a clinical nurse consultant, clinical nurse specialist, nurse educator, nurse manager, nurse practitioner or rural and remote practice nurse and nurse academic and researcher (clinical and non-clinical). Note: postgraduate study is required for some of these career paths.

**Course code:** C10122  
**CRICOS code:** 019877B  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$21,400 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Sport and Exercise Management ▲

### Course Description

This course develops graduates who possess a sound knowledge of the biophysical, behavioural and sociocultural foundations of sport and exercise, combined with the management skills and knowledge increasingly necessary in sport and exercise professions.

### Areas of Study

Sport and exercise, management.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10301](http://handbook.uts.edu.au/courses/c10301)

### Career Opportunities

Career options include athlete management, corporate health and fitness, fitness consultant, health promotion, sport development manager, sport event manager, sport marketing, sport policy, sport scientist, sport venue manager and physiotherapy (pathway).

**Course code:** C10301  
**CRICOS code:** 080086D  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** Moore Park  
**Fees:** A\$18,160 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Sport and Exercise Science ▲

### Course Description

The Bachelor of Sport and Exercise Science meets the demand for professionals able to provide physical activity services to all sectors of the community.

### Areas of Study

Health, physical activity, sport and exercise science, rehabilitation and physiotherapy (via pathway)

### Professional Recognition

Accreditation with Exercise and Sports Science Australia (ESSA) for those who select the Exercise Science major

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10300](http://handbook.uts.edu.au/courses/c10300)

### Career Opportunities

Career options include exercise scientist, sport scientist, exercise physiologist (pathway), corporate health and wellbeing, strength and conditioning, personal training, physiotherapy (via pathway), exercise rehabilitation, sports coaching, outdoor education, facility management.

**Course code:** C10300  
**CRICOS code:** 080087C  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** Moore Park  
**Fees:** A\$18,160 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

# Information Technology

Artificial Intelligence and  
Data Analytics

Business Information  
Systems Management

Cybersecurity and  
Privacy

Enterprise Systems  
Development

Games Development

Interaction Design

Mathematical Analysis

Networking and  
Cybersecurity

Quantum Information  
Science

The technology revolution is here. Study where change happens with a degree that's focused on innovation, practical learning and real-world internship experience.

#### WE'RE DIFFERENT. HERE'S HOW.

Theory is important, but hands-on experience is how it all comes together. Our internship opportunities can help you develop solid practical skills and build connections in one of our 1,000 partner companies.

#### FUTURE FOCUSED

The future? It's right here. With our custom-built teaching spaces and one-of-a-kind laboratories, when you study with us, you'll get a glimpse of what it's like to work where disruption happens.

#### DO WHAT MATTERS

There's no doubt that research has the potential to change the world – and with an IT honours degree, you could too. Spend a year working on a pressing research challenge and learn to think about IT as a tool to drive global change.

### Phuc Khang Cu

Vietnam

Bachelor of Computing Science (Honours)

"The facilities at UTS are great and the lecturers are fantastic. They're really good at what they do. They go in-depth about the subject and make it really understandable. After lectures we have computer lab work and tutorials, where we get the opportunity to solidify our knowledge. After those sessions, you have a really good grasp on the knowledge you have learned."

## Pathway to UTS Information Technology

### UTS College Diploma of Information Technology

The UTS College Diploma of Information Technology guarantees your way to a UTS IT degree, allowing you to fast-track to the second year of your UTS Bachelor of Information Technology\*.

The program develops your skills in different aspects of computing and information technology, with options to gain in-depth knowledge alongside your core subjects. Our small classes, personalised support, and alignment to first year UTS subjects provides a seamless transition from diploma to degree.

#### Program benefits

- 48 credit points with guaranteed entry to UTS\*
- Direct entry into the second year of your UTS Information Technology degree\*\*
- Develop practical work-ready skills and keep pace with technologies and trends

#### Leads to the following UTS majors

Business, Science in Information Technology (combined degree)\*\*\*, Science in Information Technology and Diploma in IT Professional Practice, Science in Information Technology, Games Development, and Computing Science (Honours).

#### Information Technology pathway to UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

#### More information

# Bachelor of Information Technology

## Course Description

This course offers a sound education in all aspects of computing and information technology for students who intend to make a career in the profession, as well as providing a pathway to honours, postgraduate study or a research career.

## Majors

Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity.

## Sub-Majors

Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity, advertising principles, computer graphics and animation, electronics and computer interfacing, international studies, introductory economics, language other than English (LOTE), marketing principles, network security, physics, quantitative management, specialist country studies, statistical modelling, information security, innovation and entrepreneurship.

## Professional Recognition

Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

## Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10148](http://handbook.uts.edu.au/courses/c10148)

## Career Opportunities

Depending on the major selected, career options include business analyst, IT project manager, network specialist, software developer, systems analyst or web developer.

**Course code:** C10148  
**CRICOS code:** 040941A  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$24,010 per session  
**Academic and additional requirements:**  
See page 98

## Bachelor of Information Technology Diploma IT Professional Practice ▲

### Course Description

This course offers a sound education in all aspects of computing and information technology for students who intend to make a career in the profession, as well as providing a pathway to honours, postgraduate study and a research career.

### Majors

Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity.

### Sub-Majors

Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity, advertising principles, computer graphics and animation, electronics and computer interfacing, international studies, introductory economics, language other than English (LOTE), marketing principles, network security, physics, quantitative management, specialist country studies, statistical modelling, information security, innovation and entrepreneurship.

### Professional Recognition

Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10345](http://handbook.uts.edu.au/courses/c10345)

### Career Opportunities

Depending on the major selected, career options include ICT business analyst, analyst/programmer, IT project manager, network specialist, software developer, software engineer, systems analyst or web developer.

**Course code:** C10345  
**CRICOS code:** 084259M  
**Course duration:** 4 Years  
**Number of credit points:** 192  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$24,010 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Science in Games Development

### Course Description

This course offers a sound education in all aspects of information technology and develops the diverse skills necessary for a career in computer games development.

### Sub-Majors

Business information systems management, data analytics, enterprise systems development, interaction design, networking and cybersecurity, advertising principles, electronics and computer interfacing, international studies, introductory economics, language other than English (LOTE), marketing principles, network security, physics, quantitative management, specialist country studies, statistical modelling, information security, innovation and entrepreneurship.

### Professional Recognition

Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10229](http://handbook.uts.edu.au/courses/c10229)

### Career Opportunities

Career options include computer game developer, data analyst, game/interaction designer, generalist programmer, graphics engine specialist, IT project manager, network specialist, software engineer, web developer.

**Course code:** C10229  
**CRICOS code:** 057197M  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$24,010 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Information Systems

### Course Description

The Bachelor of Information Systems (BIS) is an undergraduate coursework offering aimed at meeting emerging demands for a new generation of technology professionals ready to deal with the challenges of complex systems.

Students study complex systems such as enterprises, their services for different stakeholders (customers/patients/citizens/other organisations and stakeholders), and their internal processes conducted by people (with knowledge, skills and social capital) using data, information and IT-enabled services.

### Areas of Study

Information system management, processes and models, data analytics, planning and decision-making, knowledge management, innovation, sustainability

### Professional Recognition

The Faculty of Engineering and Information Technology is seeking accreditation from the Australian Computer Society.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10395](http://handbook.uts.edu.au/courses/c10395)

### Career Opportunities

Career options include positions in a range of sectors, such as energy, transport, smart cities, business, and government, in roles including: Business Analyst, Business Process Modeller, Smart Infrastructure Professional, Supply Chain Modeller, Digital Transformation Analyst, and Information Systems Analyst/Designer.

**Course code:** C10395  
**CRICOS code:** 0100483  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$24,010 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**

## Bachelor of Computing Science (Honours)

### Course Description

This course offers a sound education in all aspects of computing science and information technology. It is intended for students who aspire to become researchers or who want a career in a more scientific-oriented computing area. As such it provides a pathway to postgraduate research study.

### Majors

Artificial intelligence and data analytics, business information systems management, cybersecurity and privacy, enterprise systems development, interaction design, mathematical analysis, networking and cybersecurity, quantum information science.

### Professional Recognition

Graduates are eligible to apply for professional-level membership of the Australian Computer Society.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c09119](http://handbook.uts.edu.au/courses/c09119)

### Career Opportunities

Depending on the major selected, career options include software developer, systems analyst, data scientist or professional computing science researcher.

**Course code:** C09119  
**CRICOS code:** 092896D  
**Course duration:** 4 Years  
**Number of credit points:** 192  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$24,010 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

# International Studies and Social Sciences

**International Studies**

---

**Sustainability and  
Environment**

---

**Criminology**

---

Learn how to tackle the social, economic, ecological and political challenges that shape the globe and get ready for a career that can take you anywhere.

**GAIN A GLOBAL MINDSET**

Ready to explore the world? Develop the cultural and communication skills that employers are looking for with a Bachelor of International Studies. As part of your degree, you'll learn a new language and can select one of three international experience options.

**TACKLE REAL PROBLEMS**

Gain hands-on experience with industry as you tackle real-world problems. The Bachelor of Sustainability and Environment connects you with real organisations, industry experts and local communities throughout your degree.

**CHALLENGE YOUR THINKING**

Drawing on transdisciplinary innovation from across the university, graduates of the Bachelor of Sustainability and Environment will challenge the old and current paradigms of thinking and create innovative solutions to pressing global challenges.

## Bachelor of Criminology

### Course Description

The Bachelor of Criminology prepares students to respond to the changing nature of crime in the 21st century by addressing the realities of crime in an increasingly digital and transnational age. Ideal for those starting their careers or extending their learning to respond to industry needs, students specialise in either digital forensics & security, data analytics & research, justice & legal studies, or forensics. The course combines studies in these focus areas with practical social science knowledge and skills needed for professions focused on crime prevention, detection, enforcement or the broader social implications and challenges of crime.

### Majors

Data Analytics, Forensics, Justice and Legal Studies, Digital Forensics, Data Analytics and Research.

### Areas of Study

Criminology, data analysis, law, justice, forensics, crime prevention, digital skills.

### Course Structure

For further details, please refer to the UTS Handbook:  
**[handbook.uts.edu.au/courses/c10446](http://handbook.uts.edu.au/courses/c10446)**

### Career Opportunities

Careers options include police officer, law enforcement agent, corrections officer, border force officer, customs officer, crime prevention analyst, policy analyst, community justice/development worker, government worker, evaluator, cyber security analyst, fraud prevention analyst, digital fraud prevention analyst, intelligence officer, ICT security specialist, security consultant.

**Course code:** C10446  
**CRICOS code:** 106140G  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb  
**Location:** City campus  
**Fees:** A\$19,985 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of International Studies (Combined degree)

### Course Description

The Bachelor of International Studies combines a professional degree with immersion in another language and culture, enhancing professional training and career options. This degree is packaged as a combined degree with bachelor's degrees from Business; Communication; Criminology; Design, Architecture and Building; Engineering; Information Technology; Law; Nursing; and Science.

The duration of these combined degrees is either 5 or 6 years depending on the degree chosen.

### Career options

Career options are generally determined by the professional component of your degree.

### Combined options

Please see combined options on course summary tables (pages 84 - 97).

## Bachelor of Sustainability and Environment (Combined degree)

### Course Description

Sustainability is the big issue of our time that is challenging growth in every sector. With our new Bachelor of Sustainability and Environment, you'll be poised for a career tackling our world's most urgent needs.

This flexible and comprehensive 4-year combined degree with Business, Economics, Health Sciences, Management, and Science, builds knowledge of sustainability as a scientific, legal and social issues and is designed to fast-track you to get the knowledge, skills, mindset and practical experience you need to make an immediate impact in the workforce and for the planet.

Students will study core subjects and choose electives from key streams that will equip them with the knowledge to understand the interconnections between environmental, economic, social and cultural sustainability and develop skills to tackle the complexity of achieving a sustainable future.

### Career options

This degree prepares graduates for careers in the rapidly expanding green economy and at all levels of government and non-governmental organisations. Roles vary and can include Sustainability Project Officer, Sustainability Consultant, Environmental Scientist, Sustainability Director, Social and Environmental Impact Lead, Corporate Social Responsibility Manager, Communication and Stakeholder Engagement Lead, Business Analyst, Environmental Compliance Specialist, Environmental Planner, Sustainability Evaluation Lead. Graduates will be in demand in Australia and globally in sectors ranging from resources, consumer goods, agriculture, water and energy to eco-tourism, heritage conservation, public health and finance.

### Combined options

Please see combined options on course summary tables (pages 84 - 97).

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

# Law

## Law

Business Law

Communication Law

Creative Intelligence and  
Innovation Law

Economics Law

Science Law

Information Technology  
Law

Private and Public  
International Law

Professional, adaptable, and ready for change – gain these graduate attributes at UTS Law. You'll build foundational knowledge of law practice as well as the problem solving, analytical thinking, and spoken and written communication skills required to succeed in law.

### DRIVE CHANGE THAT MATTERS

Use your knowledge as a tool for good. Get involved in the Brennan Justice and Leadership program, an international human rights fieldwork placement or a local internship.

### FUTURE PROOF YOUR CAREER

We combine traditional legal education with next-generation legal technologies so you'll be ready for your future world of work. Our Legal Futures and Technology major is a first in Australia.

### GET YOUR FOOT IN THE DOOR

Undertake an international placement, local internship or social justice project to experience law in practice.

### PRACTICE MAKES PERFECT

There are no traditional exams. You'll learn through practice with assessments that mirror real work experience.

### THE WHOLE PACKAGE

To become a lawyer in NSW you are required to undertake academic and practical study. At UTS you can undertake your academic law study as well as your professional legal training through the Graduate Certificate in Professional Legal Practice.

## Daniel Cheng

China

Bachelor of Communication Bachelor of Laws

"In Law, you're not only learning to understand the information, you're learning how to think critically. Studying law has been challenging but fun. There are many different mooting opportunities, clerkship opportunities and seminars. You have an opportunity to put your learning into practice."

## Bachelor of Laws ▲

### Course Description

The Bachelor of Laws is one of Sydney's leading law degrees. It has been developed to help students build foundational knowledge in the practice of law, as well as the 'soft' skills (problem solving, analytical thinking, spoken and written communication) required to succeed in a legal career.

### Majors

Legal futures and technology.

### Professional Recognition

This course satisfies the requirements for admission to the Supreme Court of NSW as a lawyer provided students undertake the optional practical legal training program as part of the course or at the completion of the course. Check with the NSW Legal Profession Admission Board (LPAB) for time constraints.

### Course Structure

For further details, please refer to the UTS Handbook:

**[handbook.uts.edu.au/courses/c10124](http://handbook.uts.edu.au/courses/c10124)**

### Career Opportunities

Career options include lawyer or legal policy adviser within a government or corporate department, private law firm or community law centre, or negotiating treaties or work in legislation drafting with the Attorney-General's Department.

**Course code:** C10124

**CRICOS code:** 013614G

**Course duration:** 4 Years

**Number of credit points:** 192

**Intake:** Feb/Jul

**Location:** City campus

**Fees:** A\$24,010 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value (**[handbook.uts.edu.au](http://handbook.uts.edu.au)**).

For honours and combined degrees, please see course summary tables (pages 108-125)

# Science

**Applied Physics****Biomedical Physics****Biomedical Science****Biotechnology****Chemistry****Environmental Biology****Environmental Sciences****Forensic Science****Marine Biology****Mathematics****Medical Science****Medicinal Chemistry****Nanotechnology****Pharmaceutical Sciences****Pre-medicine****Statistics**

**Stand at the cutting edge of scientific and mathematical discovery with an undergraduate degree from Australia's number one young university.\***

#### **OUR DIFFERENCE**

UTS offers a fresh approach to the study of Science and Maths. Learning in world-class, purpose-built teaching facilities, you'll gain hands-on experience using industry standard technology and resources.

#### **GAIN INDUSTRY EXPERIENCE**

The best place to gain experience is in the real world. Dive into hands-on projects to build your technical expertise. Pursue internships with our industry partners in a range of scientific, business and government organisations.

#### **RESEARCH WITH IMPACT**

UTS is located in the heart of Sydney's innovation and technology precinct. Immerse yourself in a world-leading research community where life-changing discoveries emerge. Focussing on the things that matter, such as climate change, infectious diseases and crime reduction, our research is ranked at world standard by the official Excellence in Research for Australia (ERA) assessment.

### **Ngoc Hanh Nguyen Tran**

**Vietnam**

**Bachelor of Biomedical Science**

**"The vibrant and creative atmosphere at UTS caught my attention from the beginning. Most importantly, I was impressed by the true value of UTS Science: an innovative, inspiring, and research-focus environment. During my degree, I had a chance to join the UTS Biophysics team as an intern. From this laboratory internship, I have learned so much in terms of knowledge, practical skills, and interpersonal skills."**

\* QS Top 50 Under 50 2016–2021

## Pathway to UTS Science

### UTS College Diploma of Science

The UTS College Diploma of Science guarantees your way to a UTS science degree\*. Choose one of two streams: Life Sciences or Physical Sciences, both of which fast-track you to your 2nd year of study at UTS\*\*\* for most majors.

You will experience practical lab work, small team projects and have the benefit of using world-class facilities including the UTS Science Super Lab and Anatomy facility. Our small classes, personalised support and alignment with first year UTS Bachelor of Science subjects provides a seamless transition from diploma to degree.

### Program benefits

- Up to 48 credit points guaranteed\*
- Direct entry into the second year of your UTS science degree\*
- Develop practical work-ready skills that prepare you for a successful STEM career

### Leads to the following UTS majors

Advanced Science, Biotechnology, Environmental Biology, Forensic Science, Marine Biology, Medical Science, and Science.

### Science pathway to UTS

The pathway you take into UTS will depend on your English language proficiency and academic qualifications.

### More information

For further details including academic and English language requirements, please refer to the UTS College website:

[utscollege.edu.au/programs/diplomas/diploma-of-science](https://utscollege.edu.au/programs/diplomas/diploma-of-science)

**CRICOS code:** 070302F

(Accelerated), 070301G (Standard), 080147G (Extended).

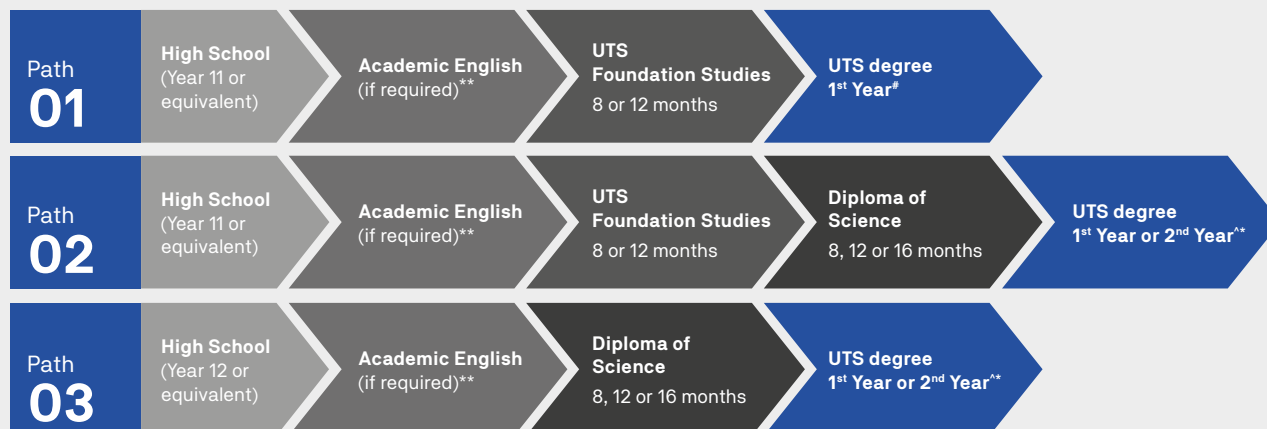

**Course duration:** Choose from 8 months (Accelerated), 12 months (Standard) and 16 months (Extended)

**Number of credit points:** 48

**Intake:** Feb/Jun/Sept

**Location:** Sydney city campus, Sri Lanka, Indonesia

**Fees^^:** A\$33,000 (Standard, Accelerated), A\$41,000 (Extended)

\* Based on successful completion of your diploma. See website for details.

\*\* You will only be required to enter a UTS College Academic English program if you do not meet the English language entry requirements. Refer to our website for details.

\*\*\* The point where you enter the UTS degree will depend on your chosen major. Not all majors will take you into second year.

# This pathway is only available if you achieve the required Grade Point Average (GPA).

^ Based on successful completion of your diploma for the program you choose at UTS. Please refer to our website for more information.

^^ Fees listed are for study at the Sydney city campus and may vary for other locations. Ask your agent for more information.

UTS College CRICOS provider code: 00859D

## Bachelor of Advanced Science

### Course Description

The Bachelor of Advanced Science is designed specifically to develop student learning using an inquiry-oriented and research-immersion model. Students engage in a number of research project subjects based on their chosen major, which include pharmaceutical sciences; and pre-medicine. Students are placed with world-leading research scientists and learn 'on the job', actively mentored in research teams learning theory through real-time application and solving real-world problems. More than just a work placement, this course is a holistic learning experience designed to train the next generation of scientists and health professionals.

### Majors

Pharmaceutical sciences, pre-medicine.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10347](http://handbook.uts.edu.au/courses/c10347)

### Career Opportunities

Career options vary according to the chosen major.

- **Pre-Medicine:** The principle aim of the program is to prepare students for postgraduate medicine. However, the knowledge and learning is of equal value to future study for a number of health professions. This degree can give students the foundational knowledge to work in one of the many different health-related professions such as pharmacy, physiotherapy, and other primary contact primary care professions or related professions including health policy writing, health and medical writing, sales and technical support of medical devices, and the pharmaceutical and therapeutic goods industry.
- **Pharmaceutical Sciences:** This prepares students for a range of careers in developing pharmaceuticals, drugs and cosmetics. Opportunities include potential employment in the pharmaceutical research, biotechnology, and health-related disciplines. It also prepares students for further studies in postgraduate pharmacy, medicine or other health related disciplines. This major has an entry pathway to the UTS Masters of Pharmacy (see note below for more information).

**Course code:** C10347

**CRICOS code:** 084270E

**Course duration:** 3 Years

**Number of credit points:** 144

**Intake:** Feb/Jul

**Location:** City campus

**Fees:** A\$22,440 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

## Bachelor of Biotechnology

### Course Description

The Bachelor of Biotechnology provides students with a broad knowledge of modern biotechnology and its applications. Algal biofuels, stem cell therapy and new methods of disease diagnosis are just a few projects that biotechnologists are working on today.

### Majors

Medical biotechnology, environmental biotechnology

### Course Structure

For further details, please refer to the UTS Handbook: [handbook.uts.edu.au/courses/c10172](http://handbook.uts.edu.au/courses/c10172)

### Career Opportunities

Career options vary according to the chosen major.

- **Medical biotechnology:** positions in laboratories or research labs developing new vaccines and medicines for pharmaceutical and biotechnology companies, hospitals, pathology and biomedical firms, universities, and research institutes.
- **Environmental biotechnology:** typical jobs include research associate, consultant, field scientist, microbiologist, conservation officer, environment officer, biotechnologist, and employment across a wide range of industries, creating new products or processes to conserve the environment.

**Course code:** C10172

**CRICOS code:** 026806C

**Course duration:** 3 Years

**Number of credit points:** 144

**Intake:** Feb/Jul

**Location:** City campus

**Fees:** A\$22,120 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

## Bachelor of Environmental Biology

### Course Description

The Bachelor of Environmental Biology focuses strongly on ecosystem protection and management, and in practical experience undertaken during field excursions. Students are introduced to the latest findings by lecturers actively engaged in research solutions to environmental problems such as climate change and sustainability. Studies focus on the foundation components of the natural systems, how these systems work, and how detrimental impacts on them can be assessed and recovered.

### Areas of Study

Cell biology and genetics, biodiversity; ecology of freshwater, estuarine and marine systems; environmental chemistry, experimental design and data analysis, GIS and remote sensing, marine geoscience, plant and wildlife ecology and management; structure, behaviour and physiology of plants and animals (additional subjects are available after first year for in-depth specialisation in selected areas).

### Professional Recognition

Australian Institute for Biology, Australian Ecological Society, Australian Society for Plant Physiology, Australasian Society for Ecotoxicology, Australasian Marine Science Association.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10223](http://handbook.uts.edu.au/courses/c10223)

### Career Opportunities

Career options include scientific officer or research scientist in organisations concerned with environmental protection, national parks and wildlife, water and coastal resources, CSIRO, and at universities in research, or as an environmental analysts and consultants. Graduates are also employed by local, state or Commonwealth agencies as education officers, environmental officers or managers of parks, reserves and bushland and consulting firms, as teachers at schools and TAFE, and in the private sector as environmental and sustainability consultants.

**Course code:** C10223  
**CRICOS code:** 079561C  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$22,120 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Forensic Science

### Course Description

The Bachelor of Forensic Science prepares students for professional and specialist work in the discipline of forensic science. Students build a solid foundation of skills and knowledge in the enabling sciences, complemented by an in-depth understanding of forensic science in the context of their chosen discipline. Development of critical thinking and problem-solving skills is a focus of the degree, with graduates in high demand from a diverse range of industries and organisations.

### Majors

Biology, chemistry, crime scene investigation, digital forensics.

### Professional Recognition

Graduates of the Chemistry major are eligible for membership of the Royal Australian Chemical Institute and the Australian and New Zealand Forensic Science Society.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10387](http://handbook.uts.edu.au/courses/c10387)

**Course code:** C10387  
**CRICOS code:** 092381J  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$22,120 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Career Opportunities

Career options vary according to the chosen major.

**Chemistry:** criminalist, trace evidence specialist, explosive specialist, analytical chemist, toxicologist, clinical or regulatory toxicologist, analytical technician.

**Biology:** DNA specialist, forensic scientist, molecular research scientist, hospital scientist, pathology technician, forensic anthropologist, forensic pathologist.

**Crime scene investigation:** scene-of-crime officer, team leader in investigations, fire investigator, trace evidence specialist, forensic scientist, analyst.

**Digital forensics:** digital forensic scientist or analyst, e-Discovery analyst, cyberthreat intelligence analyst, fraud investigator, information security analyst, malware analyst.

Graduates of these majors could find employment with organisations such as the Australian Federal Police, state policing agencies, ASIO, CSIRO, ANSTO, customs, immigration, banks and financial institutions, consulting and accounting firms, private forensic agencies, and cybersecurity firms.

## Bachelor of Marine Biology

### Course Description

In the Bachelor of Marine Biology students explore our ocean environment, the ecological interactions that sustain its biodiversity and how we might best protect it. Learning is centred on practical and field-based experiences, through which students consolidate theoretical concepts and skills that are important for marine research and understanding governance and sustainability.

### Areas of Study

Animal behaviour and physiology, biological diversity, coral reef ecosystems, ecology, environmental protection and management, fish biology, fisheries, GIS and remote sensing, marine plants and algae, climate change.

### Professional Recognition

The course is recognised by the Australian Marine Science Association

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c10228](http://handbook.uts.edu.au/courses/c10228)

### Career Opportunities

Career options include positions in fisheries industries, national parks and wildlife, environmental protection, infrastructure and development, natural resources and planning both in government and industries. Graduates are also employed by local councils as environmental officers, in resource industries and consulting firms as research officers, CSIRO, universities and as teachers at schools. Opportunities exist within non-government conservation sector, zoos, aquariums, science communication/documentary making and eco-tourism and tourism industries.

**Course code:** C10228  
**CRICOS code:** 079735G  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$22,120 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

## Bachelor of Mathematical Sciences

### Course Description

The Bachelor of Mathematical Sciences is an exciting and modern degree, which enables students with a strong interest in mathematics, statistics, and data to grow and develop skills that are in high demand in the modern work force. The basis is a comprehensive foundation of core mathematical competencies. The foundation is developed further in one of two Majors: Statistics and Data Science, Pure and Applied Mathematics. More importantly, the foundation ensures graduates have the knowledge and skills to develop and adapt in the rapidly changing work environment.

### Majors

Statistics and data science, pure and applied mathematics.

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10457](http://handbook.uts.edu.au/courses/c10457)

### Career Opportunities

Career options include data scientist, statistician, data analyst, financial analyst, market analyst, quantitative analyst (finance), mathematical modeller, business analyst, programmer in diverse industries including the financial sector, marketing, non-profit organisations, and government at local, state, and federal levels.

**Course code:** C10457  
**CRICOS code:** 106661D  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$20,740 per session  
**Academic and additional requirements:**  
 See page 98  
**English language requirements:**  
 See page 101

## Bachelor of Medical Science

### Course Description

Medical Scientists are the leaders of creating, innovating and implementing solutions to health and medical problems having an impact globally on the health of society. Medical Scientists careers are dynamic and involve an exciting range of professions from research and development, writing and implementing policy and practice in the medical and health sciences, communicating science, working in industry, or undertaking further study that leads to progression into a variety of clinical professions. Medical Scientists at UTS can choose to major in Medical and Health-related Sciences or Pathology, allowing them to have speciality relevant to their career choices and interests. In the Medical and Health-related Science major students learn the body through the study of tissues, organs and cellular facets both in health and disease, medical devices, how medicines work, as well as public health policies and clinical trials. In the Pathology major students learn how diseases trigger biochemical or cellular changes in the body and how to best diagnose and treat these diseases. Students also learn how to identify infectious agents and the latest approaches to prevent, treat infections and limit their impact on society. Students learn by applying and investigating scientific approaches in world class laboratories with up-to-date scientific technologies and equipment in line with those used in the industry. This hands-on learning is accompanied by development of professional skills such as communication, problem solving, critical thinking, and innovation that means graduates are ideally placed for a range of professions. Medical Scientists at UTS also are inspired by teaching from our world leading researchers in the areas of medical devices, chronic diseases, respiratory diseases, infectious diseases, pharmacology, and cancer.

### Majors

Medical and health-related sciences major, pathology major

### Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10184](http://handbook.uts.edu.au/courses/c10184)

### Career Opportunities

Career options include positions in medical research and development in industry and government settings, medical scientists in private and public hospitals, clinical trial and tissue bank settings, public health units, government departments, and biotechnology, health technology, and pharmaceutical companies. Graduates also work as consultants, scientific communicators, and scientific members of policy and regulatory organisations, such as state health departments and the Therapeutic Goods Administration.

**Course code:** C10184  
**CRICOS code:** 023607A  
**Course duration:** 3 Years  
**Number of credit points:** 144  
**Intake:** Feb/Jul  
**Location:** City campus  
**Fees:** A\$22,120 per session  
**Academic and additional requirements:**  
 See page 98  
**English language requirements:**  
 See page 101

# Bachelor of Science

## Course Description

The Bachelor of Science gives students a solid foundation in scientific knowledge and practice while allowing them to specialise in an area of interest. Students may follow any of the nine different majors leading to the award of a degree naming the chosen major, e.g. Bachelor of Science in Nanotechnology, or Bachelor of Science in Medical Science, or any of the majors available. Majors are chosen at the end of first year when students have experienced a range of disciplines and are more equipped to choose their preferred path. Students may also choose not to follow a major, but to select a range of second- and third-year subjects to tailor their study according to their interests and graduate with a cross-disciplinary degree.

## Majors

Chemistry; Applied Physics; Biotechnology; Environmental Sciences; Mathematics; Medical Science; No specified major.

## Course Structure

For further details, please refer to the UTS Handbook:

[handbook.uts.edu.au/courses/c10242](http://handbook.uts.edu.au/courses/c10242)

## Career Opportunities

Graduates are highly versatile as they can work in almost any industry such as biotechnology, biomedical science, medical science, environmental monitoring and management, mathematics, statistical modelling, chemistry, applied physics, nanotechnology and material science. Graduates could be employed to analyse traffic flow, calculate the optimum distribution of branches for major banks, set rates of insurance premiums, analyse the consumer demand for products, be part of a medical team working on ground breaking research, determine the effectiveness of new drugs, evaluate the environmental impact of pollution or provide advice on the stock market.

**Course code:** C10242

**CRICOS code:** 040705B

**Course duration:** 3 Years

**Number of credit points:** 144

**Intake:** Feb/Jul

**Location:** City campus

**Fees:** A\$22,120 per session

**Academic and additional requirements:**

See page 98

**English language requirements:**

See page 101

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

# TD School

**Bachelor of Creative  
Intelligence and  
Innovation**

**Diploma in Innovation**

Learn to think differently and respond to the challenges ahead. Our courses are about building expertise that move beyond traditional discipline-specific approaches. You'll become a creative thinker, gain skills in collaboration and complexity, and learn to embed innovation in your professional practice.

#### **DEGREES LIKE NO OTHER**

Our goal is to prepare students like you for the future of work. Designed for radical and curious thinkers, our next-generation degrees will combine with your core degree to put you at the frontier of innovative practices.

#### **GAIN REAL-WORLD EXPERIENCE**

Our courses will connect you with industry experiences, real-world briefs and meaningful professional networks across a wide range of professional disciplines.

#### **LEARN TO COLLABORATE AND INNOVATE**

You'll work collaboratively with students from different backgrounds whose expertise will challenge and complement your own.

### **Vanessa Truong**

**Vietnam**

**Bachelor of Business and Bachelor of Creative Intelligence and Innovation**

**"I chose UTS because it has a very good reputation for academic excellence and social justice. Through my BCII program, I have the chance to work with students from different faculties. It's a very good opportunity to network with creative people."**

## Diploma in Innovation

### Course Description

The Diploma in Innovation is a new undergraduate degree with half the credit points of double bachelors. It was created as a direct response to industry demand for graduates to work at the intersection of creativity, innovation and entrepreneurship.

The Diploma is an exciting opportunity to stand out among graduates from your discipline by learning how to collaborate across disciplines to address complex problems. It is available to students undertaking almost any UTS undergraduate degree. This course can be taken alongside your core degree, allowing you to achieve two qualifications in the same time that it will take you to obtain one. Accelerated pathways through the diploma are available, too.

### Areas of Study

The Diploma is one-half innovation and entrepreneurship, which is about experimenting and implementing. And, it's one half creative intelligence, which is about collaboratively and creatively exploring complex problems.

### Course Structure

For further details, please refer to the UTS Handbook:  
[handbook.uts.edu.au/courses/c20060](http://handbook.uts.edu.au/courses/c20060)

### Career Opportunities

This degree is designed to prepare you for a future that you haven't yet thought about, for which the job titles might not even exist yet, and has a strong emphasis on entrepreneurial thinking. UTS graduates who complete the Diploma will be prepared to start their own venture, work directly with founders of SMEs, and stimulate innovation within corporate settings.

**Course code:** C20060  
**CRICOS code:** 092521B  
**Course duration:** 3 years (studied part-time, concurrently with bachelor's degree)  
**Number of credit points:** 48  
**Intake:** Jul/Dec  
**Location:** City campus  
**Fees:** A\$19,985 per session  
**Academic and additional requirements:**  
See page 98  
**English language requirements:**  
See page 101

## Bachelor of Creative Intelligence and Innovation (Combined degree, 24 options) ▲

### Course Description

Taking a transdisciplinary approach, the Bachelor of Creative Intelligence and Innovation utilises multiple perspectives from diverse fields, integrating a range of industry experiences, real-world projects and self-initiated proposals, equipping graduates to address the wicked problems, complex challenges and untapped opportunities in today's world. This course can be combined with 24 bachelor's degrees.

By focusing on the high-level conceptual thinking and problem-solving practices that lead to the development of innovative, creative and entrepreneurial outcomes, students of the combined degree also gain leading edge capabilities that are highly valued in the globalised world, including dealing with critical and creative thinking, invention, complexity, innovation, future scenario building and entrepreneurship, as well as the ability to work on their own, across and between other disciplines. These creative intelligence competencies enable graduates to navigate across a rapidly changing world.

Within the final year of the Bachelor of Creative Intelligence and Innovation, students undertake between 6 and 12 credit points of internship (work experience) that relates to innovation within their research, career development, or core degree specialisations. International internships may be negotiated.

### Career outcomes

By being creative thinkers, initiators of new ideas, scenario planners, global strategists, open network designers or sustainable futures innovators within their chosen field of study, graduates maximise the potential of their chosen profession, making them highly sought after graduates with the ability to identify and develop solutions to some of the most complex issues that face their disciplines and society.

### Combined options

Please see combined options on course summary tables (pages 84 - 97).

The published fee is per session, based on a full-time, 24 credit-point study load.

Most subjects at UTS are valued at 6-8 credit points each. Refer to the online handbook for the most up-to-date information and for specific information on available electives and their credit-point value ([handbook.uts.edu.au](http://handbook.uts.edu.au)).

For honours and combined degrees, please see course summary tables (pages 108-125)

▲ Courses flagged with this icon include a work-based training component which must be undertaken as part of the course of study and refers to all clinical, professional and industrial or other work placements.

## Academic requirements

For entry into a UTS undergraduate course, you require a competitive pass in a recognised matriculation examination equivalent to an Australian year 12 qualification. As a general guide, competitive results in the international examinations listed below are accepted for entry. Applications for some courses also require submission of a portfolio or a personal statement.

For detailed information about the academic requirements for courses by specific examinations, refer to the Course Summary Tables at the back of this publication (pages 108 - 125) or visit [uts.edu.au/study/international/essential-information/entry-requirements](https://uts.edu.au/study/international/essential-information/entry-requirements). Those who successfully complete a recognised pathway program are also eligible to apply.

If you do not meet the entry requirements, you may wish to consider studying a UTS pathway course through UTS College (see pages 24 - 29).

## International Education Qualifications

### Bahrain

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

### Bangladesh

Successful completion of at least one full-time year of a four-year bachelor degree at a recognised university or a completed two to three year bachelor degree at a recognised university.

### Brazil

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

### Canada

Successful completion of the Ontario Secondary School Diploma with six university or university/college preparation courses. Qualifications from other provinces may also be acceptable.

### Chile

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

### China

Successful completion of the China National Entrance Examination (Gaokao) where the total score meets entry standard or completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

### Colombia

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

### Fiji

Successful completion of the Foundation Program at the University of the South Pacific; OR

successful completion of the Fiji seventh form examination (2012 and earlier) Fiji Year 13 Certificate (2013 onwards); OR

successful completion of at least one full-time year at bachelor degree level at the University of the South Pacific; OR

successful completion of matriculation to a New Zealand university.

### Germany

Successful completion of the Abitur examination.

### Hong Kong (SAR)

Successful completion of the Hong Kong Diploma of Secondary Education (HKDSE) with the overall aggregate based on the five best Category A subjects.

Grades for all subjects except for Mathematics are counted as follows: Level 5\*\* and Level 5\*=6, Level 5=5, Level 4=4, Level 3=3, Level 2=2, Level 1=1.

Grades for Compulsory Mathematics are counted as follows Level 5\*\* and Level 5\*=3, Level 5=2.5, Level 4=2, Level 3=1.5, Level 2=1, Level 1=0.5.

Grades for Extension Mathematics are counted as follows: Level 5\*\*, Level 5\*=4, Level 5=3.5, Level 4=3.0, Level 3=2.5, Level 2=2, Level 1=1.5

### India

Successful completion of the All India Senior School Certificate Examination (CBSE) (10+2) with overall grades in best four subjects where A1=5, A2=4.5, B1=3.5, B2=3.0, C1=2.0, C2=1.5, D1=1, D2=0.5 or successful completion of the Indian School Certificate Examination (10+2) awarded by Council for the Indian School Certificate Examinations (CISCE) with an overall percentage grade average in the best four externally examined subjects including English.

Successful completion of the Higher Secondary School examinations from some state boards with a competitive pass may also be accepted.

### Indonesia

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

### International Baccalaureate

Award of the full International Baccalaureate diploma where the total aggregate score including bonus and penalty points meets entry standards.

Please see the latest information on international education qualifications for UTS undergraduate courses here: [uts.edu.au/study/international/essential-information/entry-requirements](https://uts.edu.au/study/international/essential-information/entry-requirements)

**Note:** This information is correct as at June 2022

---

## International Baccalaureate – predicted grade

Applicants completing the International Baccalaureate diploma in May will be considered for admission in Spring session (July/August start) based only on their predicted results.

---

## Japan

Successful completion of the Japanese Upper Secondary School Diploma plus completion of National Center Test for University Admission (Sentā) at a competitive standard, OR completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Jordan

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Kuwait

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Malaysia

Successful completion of STPM with passes in a minimum of 3 Advanced Level subjects, where A = 7, A- = 6, B+ = 5, B = 4, B- = 3, C+ = 2, C = 1. Fail grades (F) or partial passes C-, D+ or D are not assessed or used to determine the ATAR equivalency.

Advanced Level subjects must be taken in the same academic year.

Successful completion of the Malaysian Unified Examination Certificate (UEC) with overall average in best five subjects where A1=1, A2=2, B3=3, B4=4, B5=5, B6=6. Grades of C7, C8 and F9 will not be included. 5 subjects must be included in the calculation.

---

## Mexico

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Nepal

Successful completion of the Nepalese School Leaving Certificate Examination (SLC) at a competitive standard, OR completion of at least one full-time year of a four-year bachelor degree at a recognised university or a completed 2 to 3 year bachelor degree at a recognised university.

---

## New Zealand

Successful completion of the National Certificate of Educational Achievement NCEA Level 3 at a competitive standard.

---

## Nigeria

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution OR a recognised two-year National Diploma (ND) or Higher National Diploma (HND).

---

## Norway

Successful completion of the Norwegian Certificate of Completion of Upper Secondary School Examinations or equivalent (Vitnemål).

---

## Oman

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Pakistan

Successful completion of at least one full-time year of a four-year bachelor degree at a recognised university or a completed two to three year bachelor degree at a recognised university.

---

## The Philippines

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Russia

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Saudi Arabia

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

---

## Singapore

Successful completion of the Singapore and Cambridge General Certificate of Education (GCE) Advanced Level with at least three Higher 2 (H2) subjects. An overall aggregate score will be calculated based on the best three H2 subjects where A=5, B=4, C=3, D=2, E=1.

---

## South Africa

Successful completion of the South African National Senior Certificate (NSC) or the Matriculation Certificate of the Joint Matriculation Board. Percentage average is calculated from all percentage marks presented, except Life Orientation. Candidates must have been awarded the NSC and have met the minimum requirements for admission to higher education (Bachelor degree, Diploma or Higher Certificate) in South Africa. Both are indicated on the certificate.

---

## South Korea

Successful completion of Korea Republic Senior High School Diploma (General or Vocational) with an overall grade average in the final year, where A=4.0, B=3.0, C=2.0, D=1.0 or successful completion of Korea Republic College Scholastic Ability Test (CSAT) at an acceptable level where overall grade is calculated from the results in Korean Language, Mathematics and Foreign language English.

---

## Sri Lanka

Successful completion of the Sri Lankan General Certificate of Education (GCE) with three Advanced level passes in the same sitting.

# Admission requirements

## Sweden

Successful completion of the Swedish Upper Secondary School Leaving Certificate.

## Taiwan

A junior/community college diploma or Senior High School diploma plus completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution OR Successful completion of Taiwan General Scholastic Ability Test at a level acceptable for entry.

## Thailand

Successful completion of the Certificate of Secondary Education (Matayom 6). Marks are out of 100 or GPA on a 4 point scale where A=4, B=3, C=2, D=1, F=0.

Results in the Joint Higher Education Entrance Examination or Joint Entrance Examinations of provincial universities are taken into account, if available.

## United Arab Emirates

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution.

## United Kingdom

Ranks on the GCE are calculated on the basis that at the Advanced Level (A2) A\*=6, A=5, B=4, C=3, D=2, E=1, and must include results in the Advanced Level (A2) subjects only.

The aggregate from the best three Advanced Level (A2) subjects.

## USA

Successful completion of the US High School Diploma plus either successful completion of:

- ACT at a competitive standard
- SAT 1 (Total of Critical Reading, Mathematical and Writing scores) at competitive standard; OR
- an approved Associate Degree at a Community/Junior College

## Vietnam

Successful completion of at least one full-time year at bachelor's degree level at a recognised university or tertiary institution or Vietnamese High School Graduation Certificate (Bang Tot Ngiep Trung hoc Pho thong) with the necessary GPA obtained from select high schools for gifted students (Tru'o'ng THPT chuyên).

## Other

UTS also accepts diplomas and advanced diplomas from Australian Qualifications Framework (AQF) recognised tertiary institutions in Australia, as well as most other Australian foundation studies programs.

## UNDERGRADUATE COURSEWORK

UNDERGRADUATE	IELTS (ACADEMIC)	TOEFL (INTERNET-BASED)	PTE (ACADEMIC)	C1A/C2P	AE5/ AE6 (PASS)	OET
Bachelor of Science Master of Teaching in Secondary Education Bachelor of Communication (Writing and Publishing) Master of Teaching in Secondary Education Bachelor of Engineering Studies Master of Teaching in Secondary Education Bachelor of Business Master of Teaching in Secondary Education Bachelor of Economics Master of Teaching in Secondary Education	7.5 overall, speaking 8.0, listening 8.0, reading 7.0, writing 7.0	102-109 overall, speaking 23-27, listening 23-27, reading 23-27, writing 24	73-78 overall, speaking 79, listening 79, reading 65, writing 65	191 – 199 overall, speaking and listening 200, reading and writing 185	N/A	N/A
Bachelor of Communication (Honours)	7.0 overall, writing 7.0	94-101 overall, writing 23	65-72 overall with a writing score of 65	185-190 overall with a writing score of 185	AE6	N/A
Bachelor of Nursing Bachelor of Nursing Bachelor of Creative Intelligence and Innovation	7.0 overall, speaking 7.0, listening 7.0, reading 7.0, writing 7.0	94 total, speaking 23, listening 24, reading 24, writing 27	65 overall, speaking 65, listening 65, reading 65, writing 65	N/A	N/A	B score in listening, reading, writing and speaking
All other courses	6.5 overall, writing 6.0	79-93 overall, writing 21	58-64 with a writing score of 50	176-184 with a writing score of 169	AE5	N/A

The information in this table is correct as of the publication date and is subject to change. For the most up-to-date information on English requirements visit [uts.edu.au/study/international/essential-information/entry-requirements/english-language-requirements](https://uts.edu.au/study/international/essential-information/entry-requirements/english-language-requirements)

Note: For all combined courses, the applicable English language requirement is the higher of the scores of the two component courses. For example, for the Bachelor of Engineering (Honours) Bachelor of Business, the minimum English language requirement is that applicable to the Bachelor of Business, which is higher than the requirement for the Bachelor of Engineering (Honours).

## English language requirements

UTS has English language proficiency requirements for all its courses. Please check the requirements that apply to you.

### ASSESSABLE QUALIFICATION UNDERTAKEN IN ENGLISH

You satisfy the UTS English language requirements if you have an assessable qualification that was undertaken in English from one of the following countries: American Samoa; Australia; Botswana; Canada; Fiji; Ghana; Guyana; Jamaica; Kenya; Lesotho; Liberia; New Zealand; Nigeria; Papua New Guinea; Republic of Ireland; Singapore; Solomon Islands; South Africa; Tonga; Trinidad and Tobago; United Kingdom (including Northern Ireland); United States of America; Zambia; Zimbabwe.

For undergraduate nursing courses, see page 102.

### WHAT IS AN ASSESSABLE QUALIFICATION?

Assessable qualifications from the countries listed above that may be accepted as satisfying English proficiency include:

- senior secondary studies comparable with the NSW HSC
- one full year of Australian or comparable tertiary studies, including RATE Associate Diploma and Advanced Diploma, Associate Degree, Bachelor Degree and postgraduate studies
- comparable AQF Diploma and Advanced Diploma
- Australian or comparable non-award studies and tertiary preparation courses, with a full-time equivalence of one year.

### COMPLETED A COURSE TAUGHT IN ENGLISH

If you do not have an assessable qualification from one of the countries listed, but have successfully completed the equivalent of one year (full-time) of a UTS-recognised, government-accredited, public or private post-secondary/secondary course that is taught in English, you may satisfy the UTS English-language requirement.

This course must be equivalent to the level of Australian Year 12 or higher.

You will need to provide an official document from your institution (on the institution letterhead) that certifies that your qualification was instructed in English.

For undergraduate nursing courses, see page 102.

### OTHER ACCEPTABLE QUALIFICATIONS AND ENGLISH PROGRAMS

The following are also recognised by UTS as meeting the English-language requirements:

- UTS College Academic English Level 5 (AE5) – “Pass” for courses with an English language admission requirement of IELTS (Academic) overall score of 6.5, with 6.0 in writing
- UTS College Academic English Level 6 (AE6) – “Pass” for courses with an English language admission requirement of IELTS 7.0
- Australian TAFE (NSW) Certificate IV in English for Academic Purposes (EAP)

- high school English mark equal to or greater than 75 per cent from Austria, Denmark, Finland, France, Germany, Sweden, the Netherlands, Norway or Switzerland
- successful completion of International Baccalaureate Diploma Program subjects English A: literature or English A: language and literature, where the Diploma Program was taught in a language other than English
- Cambridge Certificate of Proficiency in English (C2P):
  - for courses requiring an IELTS academic overall score of 8.0 – overall C2P score of 200 or above
  - for courses requiring an IELTS (Academic) overall score of 7.5 – overall C2P score of 191–199.
  - for courses requiring an IELTS (Academic) overall score of 7.0 – overall C2P score of 185–190.
  - for courses requiring an IELTS (Academic) overall score of 6.5 – overall C2P score of 176–184.
- A level 4 or above in the core subject English in the Hong Kong Diploma of Secondary Education (HKDSE) Examination.

## Previous education not conducted in English

If your previous education was not conducted in English, you are required to demonstrate proficiency in English by completing an English language test or program recognised by UTS.

English language proficiency test scores are recognised by UTS provided they were obtained less than two years prior to application at UTS.

The table below shows the results required to meet UTS English language requirements for entry into the respective courses.

For all combined courses the highest English language requirement test scores apply.

### ENGLISH LANGUAGE TESTS

#### Cambridge Certificate in Advanced English (C1A)

[cambridgeesol.org](http://cambridgeesol.org)

#### IELTS

[utscollege.edu.au/ielts](http://utscollege.edu.au/ielts)

#### Pearson Test of English (PTE)

[pearsonpte.com](http://pearsonpte.com)

#### TOEFL

If you sit the TOEFL test, you must arrange for the official score report to be sent directly to UTS. The UTS institutional code for TOEFL is 0743.

## Special requirements

### SPECIAL REQUIREMENTS FOR EVIDENCE OF MEDIUM OF INSTRUCTION FOR NURSING COURSES

The English language requirements for Bachelor of Nursing (C10122) and Bachelor of Nursing Bachelor of Creative Intelligence and Innovation (C10351) align with the Australian Nursing and Midwifery Accreditation Council English Language proficiency criteria.

The English language tests listed under the undergraduate coursework English language requirements for Bachelor of Nursing are the only acceptable language tests. The test results must be current (up to 2 years old) and apply to one test sitting. The test scores from two different tests cannot be combined. However, a maximum of two sittings of the same test, in a 6 month period is acceptable only if:

- IELTS: an overall score of 7 is achieved in each sitting and no score in any component of the test is below 6.5
- TOEFL iBT: a total score of 94 in each sitting is achieved and no score in any of the sections is below reading 19, listening 20, speaking 20, writing 24
- Academic PTE: a minimum overall score of 65 in each sitting is achieved and a minimum score of 65 in each of the four communicative skills – listening, reading, writing and speaking.
- OET: tested in all 4 components in each sitting and no score in any component of the test is below C

For applicants who declare English as their primary language, evidence of the following will only be accepted:

- Satisfactorily completed at least six years of primary and secondary education taught and assessed in English in one of the recognised countries, including at least two years between years 7 and 12 OR
- Completed at least five years (full time equivalent) continuous education, including a tertiary qualification in health, taught and assessed solely in English in one of the recognised countries.

Recognised countries include: Australia; New Zealand; Canada; Republic of Ireland; South Africa; United Kingdom; United States of America.

### Special consideration for students sponsored through aid programs

Special consideration of English language requirements may be given to students sponsored through aid programs, such as Australia Awards, World Bank, etc.

In some countries the Australian Embassy may have different English language requirements for those seeking a student visa. Check with your nearest Australian Diplomatic Post before registering for an English language test.

UTS also accepts diplomas and advanced diplomas from Australian Qualifications Framework (AQF) recognised tertiary institutions in Australia as well as most other Australian foundation studies programs.

## Simplified Student Visa Framework (SSVF)

UTS participates in the Australian Government's Simplified Student Visa Framework (SSVF) and recruits students into its degree courses under the SSVF arrangements of the Department of Home Affairs. The SSVF is designed to make the process of applying for a student visa simpler for genuine students.

As an international student, you should apply for a single student visa (subclass 500) regardless of your chosen course of study. When you are granted a visa under SSVF, you must continue to maintain enrolment in an eligible course and continue to have sufficient financial capacity to support your study and stay in Australia.

All student visa (subclass 500) holders must maintain enrolment at the same or higher Australian Qualification Framework (AQF) level for which they were granted a visa. If you are undertaking a doctoral degree (AQF10) or transferring to a master degree (AQF9), this condition does not apply. Transferring to a lower AQF level course or transferring from an AQF level course to a non-AQF Award course is a breach of the student visa condition and might result in cancellation of your visa.

You must take this important information into account when choosing a course and when considering a course change or a move to another provider.

For more information about student visas, visit the Department of Home Affairs website: [homeaffairs.gov.au](http://homeaffairs.gov.au)

## Certification of documentation

UTS will accept copies certified by employees of one of the following:

- Australian Overseas Diplomatic Mission
- UTS Authorised Representative or Agent
- Public Notary Office
- the administration of the institution that issued the relevant document
- an Australian university.

Alternatively, documents verified by someone who is currently employed in **Australia** as:

- an accountant – members of the Institute of Chartered Accountants in Australia, the Australian Society of Certified Practising Accountants, the Institute of Public Accountants, the Association of Taxation and Management Accountants or Registered Tax Agents
- a bank or credit union manager
- a barrister, solicitor or patent attorney
- a police officer with the rank of sergeant and above
- a post office manager
- a principal of an Australian secondary college, high school or primary school
- a commissioner for declarations
- a Justice of the Peace where the registration number is clearly indicated.

## WHAT DOES CORRECTLY CERTIFIED MEAN?

Correctly certified means that your original document has been sighted and the copy has been sworn to be a true copy of the original by one of the authorised people mentioned above. Scanned documents or photocopies will not be accepted.

## PERSONAL STATEMENT

**The personal statement** (approx. 500 words) should be written by you and should:

- describe your educational experience and how it has prepared you for studying this course
- indicate your knowledge and interest in the area in which you plan to study
- outline your expectations of the course for which you are applying
- reflect on any work (paid or voluntary) you have undertaken
  - you may also wish to include details of your work history
- mention anything else about you that will help us assess your application.

## PORTFOLIO

Students who apply for a design course may need to submit a portfolio. If required, you will be contacted with further details.

# How to apply

1

## Complete the application form

### ONLINE:

Login and register to apply online:  
**[student.uts.apply.studylink.com](http://student.uts.apply.studylink.com)**

### PAPER:

Download an application form:  
**[uts.edu.au/study/international/essential-information/applying-study-uts](http://uts.edu.au/study/international/essential-information/applying-study-uts)**

2

## Attach supporting documents

You must attach:

- a certified<sup>†</sup> copy of your academic records. Documents not issued in English must be officially translated and submitted together with certified copies in the original language.
- a certified<sup>†</sup> copy of your English test score (or an official document stating that your previous education was conducted in English, see page 101)
- a portfolio or personal statement (where applicable, see page 103)
- a bank draft of A\$100 non-refundable application fee or a copy of Tax Invoice (proof of payment) for A\$100 non-refundable application fee.

**ONLINE:** Documents should be scanned and uploaded with your online application.

**PAPER:** Copy your documents and submit certified<sup>†</sup> copies with your application form\*.

3

## Submit your application

### ONLINE:

1. Check that you have completed all sections.
2. Agree to the Terms & Conditions.
3. Pay your application fee online.
4. Submit

### PAPER:

1. Pay the application fee, by either:
  - attaching a bank draft or bank cheque to your application form, or
  - making a payment via our secure payment site: **[uts.edu.au/internationaladmissionpayments](http://uts.edu.au/internationaladmissionpayments)**  
After your payment has been approved, you must print a (PDF) copy of the tax invoice and submit it with your application.
2. Submit your application, in one of several ways:
  - in-person at UTS International\*
  - by post to our postal address or by courier/registered post to our street address\*
  - to a UTS Representative at an education event.
  - to one of our agents or representatives worldwide.

For contact details visit:  
**[international.uts.edu.au](http://international.uts.edu.au)**

<sup>†</sup> See Certification of Documentation on page 103

\* See back cover for our address

4

## Acknowledgement of application

- **ONLINE:** You'll receive immediate acknowledgement by email.
- **PAPER:** You'll receive acknowledgement by email approximately one week after it has been received by UTS.

Your acknowledgement email will include a UTS application number. Refer to this in any future correspondence with us. After receiving all of your documents, the application process usually takes four to six weeks. We'll advise you by email of your application outcome.

5

## Application outcome

- **ADDITIONAL INFORMATION:** If your documents are insufficient for assessment, you will receive a request for additional information by email.
- **CONDITIONAL OFFER LETTER:** If your application is approved, but there are conditions you still need to satisfy, you will receive a conditional offer letter by email. Once these conditions have been met, you will receive an unconditional offer by email.
- **OFFER LETTER:** If you have met all specific requirements you will receive an unconditional offer letter by email.

6

## Accept your offer

**You will receive information on how to accept your offer with your Letter of Offer.**

UTS reserves the right to withdraw an offer of admission or Confirmation of Enrolment (CoE) in cases where an applicant has not provided true and complete information for admission to a course or where UTS is not satisfied that the student meets the Genuine Temporary Entrant and/or Genuine Student requirements set by the Department of Home Affairs.

## Application closing dates

### Autumn session (February/March start)

**Applicants based outside Australia:**  
30 November  
**Applicants based in Australia:**  
15 December

### Spring session (July start)

**Applicants based outside Australia:**  
30 April  
**Applicants based in Australia:**  
31 May

### Summer session (November start)

**Applicants based outside Australia:**  
30 August  
**Applicants based in Australia:**  
30 September

## Tuition fees

Tuition fees vary between UTS courses and must be paid in advance of each session. Textbooks and other course materials are additional expenses.

The fees for any session are determined by the number of credit points being undertaken in that session. Unless noted, the quoted session tuition fee assumes you will enrol in a standard 100 per cent credit point load for your chosen course, which is normally 24 credit points per session. Your actual session course cost may differ from this figure depending on the course and the number of credit points taken per session.

Fees listed are correct for 2023 only and are subject to an increase each calendar year.

For the most up-to-date information about tuition fees for UTS courses and the UTS Fees and Refund Protocol, visit: [uts.edu.au/study/international/essential-information/fees-information](https://uts.edu.au/study/international/essential-information/fees-information)

## Student services and amenities fee

Australian universities charge a Student Services and Amenities Fee (SSAF) to support the maintenance of a range of student services at universities. At UTS, the SSAF provides support to Students' Association sponsored activities. This includes the second-hand bookstore, services for skills and language development, the UTS Student Legal Centre, food, beverage and retail outlets, and student clubs run by Activate UTS.

The SSAF is applicable to all students at UTS. You are required to pay it in Autumn and Spring sessions in which you are enrolled. Your liability for the SSAF is based on your enrolled study load as at the census date. Students withdrawing after the census date are not eligible for a refund or remission of this fee.

To give you an estimate of the cost, in 2022 the SSAF was A\$157.50 per session for full-time students (those with a study load of 18 credit points and above per session). The SSAF is subject to an annual government set indexation increase.

For further information go to:

[uts.edu.au/current-students/managing-your-course/fees-and-payment/student-services-and-amenities-fee-ssaf](https://uts.edu.au/current-students/managing-your-course/fees-and-payment/student-services-and-amenities-fee-ssaf)

## Health cover

You are required to arrange Overseas Student Health Cover (OSHC) for the entire time that you are in Australia on a student visa. It is also a visa condition, and your responsibility as a student, to purchase and maintain this health cover throughout your stay in Australia. Students from Belgium, Norway and Sweden who have health cover in their home countries may be exempt from OSHC.

OSHC is insurance to assist international students to meet the costs of medical and hospital care that they may need while in Australia. OSHC will also pay limited benefits for pharmaceuticals and ambulance services.

Medibank is the UTS preferred provider for OSHC, but you may purchase OSHC from an authorised provider of your choice. The cost of cover may differ between insurers and the plan you choose. Please note that you will need to submit evidence of your OSHC arrangements when you lodge your visa application with the Department of Home Affairs.

For further information visit:

[medibankoshc.com.au/uts](https://medibankoshc.com.au/uts)  
[homeaffairs.gov.au](https://homeaffairs.gov.au)

## Recognition of prior learning (credit recognition)

Your prior learning may be considered for credit towards a UTS graduate coursework program where the prior learning is related to assessable components of the course. For example, you may be granted:

- exemption from studying a specific subject within your UTS course if you can prove that you have previously studied a subject equivalent to a required UTS subject
- general advanced standing for a specific number of subjects if you can prove your prior studies are relevant to your UTS course, but do not directly correspond to specific subjects in the course and
- automatic credit if the subject and version required for your current course has been completed as part of another UTS course.

Note: Determination of eligibility for recognition of prior learning towards a particular course does not imply or guarantee that a place is available in that course.

## APPLYING FOR RECOGNITION OF PRIOR LEARNING

You can apply for recognition of prior learning in your International Student Application form.

The following documents must be attached to your application:

1. certified copy of academic transcript(s)
2. copies of official subject outlines

For each subject exemption sought, you must provide a subject outline with the following details:

- year the subject outline is relevant to (this must be the same year in which you passed the subject)
- topics covered in the subject
- number of hours of class time
- method of assessment used
- textbooks required.

A paragraph from an institution's calendar or handbook is not sufficient. Inadequate outlines will not be accepted.

Subject outlines must be in English. If subject outlines have been translated into English, they must be certified and stamped as translated by a professional translator.

## Accommodation and living costs

	UTS ACCOMMODATION		INDEPENDENT ACCOMMODATION	
	WEEKLY	ANNUAL	WEEKLY	ANNUAL
Rent per person in shared accommodation within a short commute to UTS	A\$320 - A\$430*	A\$16,640 - A\$22,360	A\$250** - A\$400	A\$13,000 - A\$20,800
<b>LIVING COSTS</b>				
<b>Groceries</b> (e.g. food, drinks, toiletries)	A\$120	A\$6240	A\$120	A\$6240
<b>Phone</b> (mobile)	A\$20	A\$1040	A\$20	A\$1040
<b>Internet</b>	Free cabled Internet in room and limited free Wi-Fi access		A\$10	A\$520
<b>Utilities</b> - Gas/electricity	Included	Included	A\$20	A\$1040
<b>Transport costs</b>	A\$10^	A\$520^	A\$35^	A\$1820^
<b>Total costs</b>	A\$470 - A\$580	A\$24,440 - A\$30,160	A\$455 - A\$605	A\$23,660 - A\$31,460

This table details approximate costs that you may incur while studying at UTS and living in Sydney. It should be used as a guide only.

It's a requirement of the Australian Government that prospective international students demonstrate they have access to at least A\$21,041 a year (as of October 2019) to fund their living costs and additional funds if bringing partners or family. For the latest figures please refer to the Australian Government website: [studyinaustralia.gov.au/english/live-in-australia/living-costs](https://studyinaustralia.gov.au/english/live-in-australia/living-costs)

Note: Prices vary depending on the condition of the property, the number of people you share with and the proximity of the accommodation to the centre of Sydney.

\* This figure is correct for 2022. It will increase in future years.

\*\* Any amount below this will likely be twin share.

^ Transport costs will vary depending on how close you live to campus.

#### BACHELOR OF PROPERTY ECONOMICS

C10310	079553C	Property Economics	6	\$18,415	Feb	70	455	7	14	9	76	24/29	5	7	1090	6.2	52
--------	---------	--------------------	---	----------	-----	----	-----	---	----	---	----	-------	---	---	------	-----	----

#### BACHELOR OF LANDSCAPE ARCHITECTURE (HONOURS)

C09079	080270D	Landscape Architecture (Honours)	8	\$19,745	Feb	75	471	8	15	11	80	25/30	8	8	1120	6.6	51
--------	---------	----------------------------------	---	----------	-----	----	-----	---	----	----	----	-------	---	---	------	-----	----

Note: Fees listed are correct for 2023 only and are subject to an increase each calendar year. The published fee is based on 24 credit points per session. Please see UTS website for fee details. To find the latest information about your course, please search here: [uts.edu.au/study](https://uts.edu.au/study)

\* Applicants completing the IB Diploma in May will be considered for admission in Spring session only (July/August commencement) based on Predicted IB results. Applicants completing the IB Diploma in November will be considered for admission upon release of official final results.

\* This course includes short teaching sessions. This course has a non-standard credit point loading.

## TRANSDISCIPLINARY INNOVATION

### COMBINED COURSE – BACHELOR OF CREATIVE INTELLIGENCE AND INNOVATION\*

A Bachelor of Creative Intelligence and Innovation is packaged as a combined degree with bachelor's degrees from other faculties. For more information, refer to the relevant faculty's course listing in this table.

### COMBINED COURSE – DIPLOMA IN INNOVATION

The Diploma in Innovation (C20060) can be packaged with bachelor's degrees from other faculties. The course is not offered as a stand-alone degree and must be taken concurrently with an undergraduate coursework degree at UTS. Submission of a direct application form is required.

[uts.edu.au/future-students/undergraduate/admission-requirements/application-process/direct-applications](https://uts.edu.au/future-students/undergraduate/admission-requirements/application-process/direct-applications)

Note: Fees listed are correct for 2023 only and are subject to an increase each calendar year. The published fee is based on 24 credit points per session. Please see UTS website for fee details. To find the latest information about your course, please search here: [uts.edu.au/study](https://uts.edu.au/study)

\*Applicants completing the IB Diploma in May will be considered for admission in Spring session only (July/August commencement) based on Predicted IB results. Applicants completing the IB Diploma in November will be considered for admission upon release of official final results.

\*This course includes short teaching sessions. This course has a non-standard credit point loading.

To make it easy for you to use this course guide, we've defined some of our key terms below. If you need more information, visit our website [international.uts.edu.au](https://international.uts.edu.au) or contact us at [international@uts.edu.au](mailto:international@uts.edu.au)

**Academic adviser:** a member of academic staff in a specific faculty who advises students to ensure they satisfy academic progression requirements.

**Admission:** the process of applying for a course or program at UTS, then being made an offer of admission, accepting that offer, and being admitted to study at UTS.

**Advanced standing:** see **Credit recognition**.

**Assumed knowledge:** additional prior knowledge specified by some courses as part of the entry requirements. This prior knowledge is often gained in specific subjects (such as physics or chemistry), or it may have been obtained elsewhere. If you do not have the required assumed knowledge, you may still be accepted, but a bridging course may be required.

**Campus:** the university grounds including the buildings.

**Combined degree:** the opportunity to study two programs from different academic areas at the same time and graduate with two degrees.

**Course:** an award course, non-award study or any part of a program of study offered by UTS, e.g. Master of Business.

**Credit point:** the unit of measure of workload for individual subjects (allocated based on the amount of work required in that subject). Credit points are gained by students enrolled in award courses when subjects are passed. When accumulated, credit points form one measure of the total requirements of a course. Most subjects at UTS are 6 or 8 credit points each.

**Credit recognition:** (also known as 'advanced standing', 'recognition of prior learning' and in some cases referred to as 'exemption' or 'credit') is the granting of credit to students for their previous learning for credit towards a course. For more information, please go to page 106.

**CRICOS code:** CRICOS stands for Commonwealth Register of Institutions and Courses for Overseas Students. The CRICOS code is an official code given to a course and institution to confirm that it is registered to be offered to international students.

**Distance mode:** a teaching method that does not require students to attend classes on campus. Instead, distance mode students access their subject materials online. International students undertaking distance mode courses cannot obtain a student visa to study the course in Australia.

**Electives:** some courses allow you to choose elective subjects outside your core study area as part of your course. Not all electives are available each session. Due to timetabling, you may not always get your first choice electives.

**English language requirements:** To be eligible for admission into a course, you must demonstrate proficiency in written and spoken English if your previous education was not conducted in English. Please see page 101 for specific English language requirements for each course. These are subject to change.

**Fees:** are charged per credit point. The cost of each credit point will depend on the course you are studying (see [uts.edu.au/study/international/essential-information/fees-information](https://uts.edu.au/study/international/essential-information/fees-information) for the most up-to-date information on fees). The fees in this course guide have been calculated based on a 24 credit point session in 2023, unless otherwise stated.

**Lectures:** classes that are taught in large groups, usually conducted in lecture halls. The lecturer will provide students with course material, which is often later discussed and debated in smaller tutorial groups.

**Major:** an area you choose to specialise in during your studies. Your course will be structured around a sequence of subjects that form this major. Students can choose other unrelated subjects to undertake in conjunction with major subjects, but cannot graduate unless the criteria of their chosen major is met.

**Pre-requisite:** one or more units of subject/s, specified by the faculty board that a student must already have completed before being eligible to enrol in a particular unit or course.

**Recognition of prior learning (RPL):** see **Credit recognition**.

**Sessions:** the blocks of time during which classes run on campus. At UTS, an academic year has three sessions: Autumn, Spring and Summer. For academic calendar dates, see page 127.

**Sub-major:** a group of subjects which, alongside the major, will form the structure of your course. The sub-major works the same way as your major in that there will be a specific number of required credit points that need to be met.

**Subjects:** units that cover different areas within your chosen course. They are a combination of core subjects (these are compulsory) and electives.

**Subject outline:** an official document that represents the statement of subject requirements that is authoritative for both the university and the students undertaking the subject. It includes details of the minimum essential requirements necessary to pass the subject, material and equipment that may be taken into an examination and may prescribe attendance and/or participation requirements. All students should receive a subject outline for every subject in the first week of class.

**Transnational:** delivery of Australian (or UTS) courses and qualifications overseas, allowing students to study Australian qualifications in their home country or region. Also known as offshore courses.

**Tutorials:** small classes of students that provide a more personal, interactive teaching space for students and tutors to discuss and debate topics related to the subject. Students can also ask any questions they may have about the course material.

## 2023 academic calendar

The UTS academic calendar includes three teaching periods: Autumn, Spring and Summer. Our courses are scheduled to ensure students can progress through the standard Autumn and Spring teaching periods. Some courses may offer a Summer session intake; please visit [uts.edu.au/study/international/discover-uts/summer-session](https://uts.edu.au/study/international/discover-uts/summer-session) for more information about Summer session intake dates.

For more information about our intake dates, visit [handbook.uts.edu.au/dates\\_academic\\_2023](https://handbook.uts.edu.au/dates_academic_2023)

2023 ACADEMIC CALENDAR		
CALENDAR	AUTUMN SESSION	SPRING SESSION
Main Calendar	6 Feb - 17 Jun	31 Jul - 2 Dec
Calendar B	13 Feb - 24 Jun	17 Jul - 25 Nov
Calendar C	6 Feb - 17 Jun	31 Jul - 2 Dec
Calendar D	13 Feb - 1 Jul	17 Jul - 25 Nov

These session dates include a 1-2 week Orientation period. A compulsory session for international students will be included as part of Orientation.

# Contact UTS

UTS International offers advice and support to international students during the application process and throughout their studies at UTS.
