MENT YOU WILL EVER MAKE

THE POSTGRADUATE ADVANTAGE

Lifelong learning is the way of the future.

Whether you need to develop new skills to redirect your career or gain deeper insights to help you advance, ongoing education is an absolute necessity in today's constantly changing workplace. In an increasingly fierce and competitive job market, any edge is a leg up.

TAKE YOUR CAREER FORWARDS

Career progression is the most common reason for engaging in postgraduate study. It shows employers that you are committed and dedicated to moving onwards and upwards in your career - it shows that you are serious. Not just that, but it may qualify you for a higher level management position if the job you are wanting to progress to has prerequisites.

INVEST IN YOUR OWN PERSONAL DEVELOPMENT

How much you progress in your area of expertise is up to you and usually people who upskill are self-motivated. But regardless, if the reason you are considering postgraduate study is career driven or purely personal, it often has indirect benefits that naturally flow into your job, such as better time management, enhanced presentation and writing skills.

Not to mention the opportunity to expand both your professional and personal network. Bond University offers the opportunity to influence your future with a variety of postgraduate programs available and many of our masters programs can be completed in just a year, so you will be prepared for success, sooner.

TIMING IS EVERYTHING

Our flexible subject offerings allow you to tailor your studies to your specific interests or work requirements. You will also benefit from preferred access to enrichment opportunities such as international study tours, global conferences, internships with industry leaders and extensive clinical placements. At Bond, we understand the challenges of combining postgraduate education with work and family commitments, so we offer intensive mode class timetables that deliver all the benefits of Bond's face-to-face learning with minimum disruption to your schedule.

Nick Love, Head of Performance, Australia and New Zealand, Google
Bond alumnus
Master of Business Administration
Master of International Management, Bachelor of Laws

YOUR TIME COMMITMENT

Our standard 12-subject masters programs can be completed in 16 months (four semesters) or as little as 12 months. This requires a full-time study load of three to four subjects per semester with each subject requiring, on average, one two-hour lecture and one two-hour tutorial per week. You will also need to allocate approximately six hours per subject, per week, for at-home preparation, additional reading and assignments. This will vary from subject to subject and depend on the timing within the semester. We also offer the option of part-time study with a reduced subject load plus some after hours and intensive mode subjects in some degrees which may fit in better with work and life commitments.

START-UP ESSENTIALS

We appreciate that it may be some years since you were in a classroom; so we offer a network of support systems to help you find your feet. These include academic skills workshops, computing support, personal counselling and the professional employment services of our on-campus Career Development Centre. We also understand that not all postgraduate candidates will have a formal undergraduate qualification. Entry requirements for most of our programs allow consideration for relevant work experience and offer pathways.

PERSONAL ATTENTION MAKES ALL THE DIFFERENCE

Our personal approach to learning sets us apart. One of the key benefits of studying in small classes is the relationships you build with fellow students through our dynamic discussion-based lectures and tutorials. You will bounce ideas off of each other and devise collaborative solutions - it is almost like having your own personal consulting group.

[^]The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Program will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. Both degrees are awarded at the completion of Year 5.

ARCHITECTURE AND BUILT ENVIRONMENT

Master of Architecture	Starting	Duration	Fees per semester*
CRICOS Course Code 078184J	Jan Sep	4 semesters (1 year 4 months)	\$20,911

The Master of Architecture at the Abedian School of Architecture is designed to develop the emerging architectural professional to be fearless in their design ability, as well as possess the confidence to change the world and the habitats of the future through their creative design skills, imaginative vision, strategic thinking and technical proficiency. Delivered through a comprehensive design studio environment, current issues are debated through historical and philosophical architectural thought as well as contemporary states of urban habitation, challenges to a sustainable ecology and the ramifications of modern technology. Professional architectural concerns in law, contracts and ethics are also examined which prepare you for the commercial world of architectural practice.

- Thrive in our studio culture environment
- Be mentored and taught by nationally and internationally recognised industry professionals
- Become a professionally recognised architect
- Learn in the award-winning Abedian School of Architecture building
- Overseas study tour opportunity
- This program is accredited by Australian Institute of Architects

Graduate Diploma in Architecture	Starting	Duration	Fees per semester*
CRICOS Course Code 0101412	Jan May	2 semesters^ (8 months)	\$20,130

The Graduate Diploma in Architecture is a pathway qualification for students who have already completed an undergraduate degree in a field other than architecture. Students study for 2 semesters full-time to acquire foundation knowledge in design, history, construction technology, communications, and urban sustainability. After completion of the Graduate Diploma in Architecture, approved students may then continue on to the accredited Master of Architecture (SD-93017) four-semester professional program. Students may commence the program in either January or May. The Graduate Diploma is delivered in a creative studio-based environment focusing heavily upon design through hands-on and digital making with state-of-the-art tools. Project-based design studios focus upon real-world scenarios with specific attention to fundamentals of architectural design including materiality, landscape, and/or spatial atmospheres. Graduates will display foundation skills in architectural design that are creative, critical, analytical, and spatial, as well as basic historical, theoretical, climate/environmental, technical and disciplinary knowledge from core studies. Both digital and by-hand skills in drawing, physical making, and rapid prototyping are

introduced in workshops, seminars, and studios. This program is intended for students who have creative design ability and wish to ultimately pursue a career in architecture or related field. Students will come from a diverse range of backgrounds, making the experience of the Graduate Diploma of Architecture one that is highly interdisciplinary and diverse in terms of the age, background, and experience levels of the student cohort.

- Alternate pathway for those with any recognised undergraduate degree
- Articulate into our accredited Master of Architecture
- Annual all-school design "charrette"
- Off-campus field trips and study tour*
- Monthly international guest architecture lecture series
- Guidance from distinguished Architects-In-Residence
- Bi-annual student exhibition and publication
- Internationally recognised academic staff of scholars and practitioner-teachers
- Work integrated learning

*Additional costs may apply
^Part-time study load

Master of Building Surveying	Starting	Duration	Fees per semester*
CRICOS Course Code 071287C	Jan May Sep	4 semesters^ (1 year 4 months)	\$15,838

The Master of Building Surveying offers you the chance to increase your knowledge in the field of building surveying. You will study with world-class academics and experienced practitioners in one of Australia's most environmentally friendly buildings. The program comprises two specialist subjects plus six shared core subjects. Completion of a further four postgraduate elective subjects, selected from the suite of programs offered by the Faculty of Society & Design will allow you to graduate with a Master of Building Surveying.

- Intensive delivery mode
- Learn in the University's Sustainable Development Building Precinct, promoting sustainable practices of tomorrow
- Graduate with a professionally recognised qualification
- This program is accredited by Royal Institution of Chartered Surveyors, Queensland Building & Construction Commission (QBCC) and Australian Institute of Building Surveyors Building Professionals Board of NSW

^Part-time study load

Graduate Diploma in Building Surveying	Starting	Duration	Fees per semester*
	Jan May Sep	3 semesters (1 year)	\$14,023

The Graduate Diploma in Building Surveying at Bond University offers you the chance to increase your knowledge in the field of building surveying while studying with world-class academics and experienced practitioners in one of Australia's most environmentally friendly buildings.

This program has been designed in consultation with the Australian Institute of Building Surveyors (AIBS) to ensure that the material covered is in all respects appropriate for people engaged in this field. Through this consultation graduates are assured that their qualifications meet the requirements of the relevant professional bodies.

Graduate Certificate in Building Surveying	Starting	Duration	Fees per semester*
	Jan May Sep	2 semesters (8 months)	\$10,500

The Graduate Certificate in Building Surveying at Bond University offers you the chance to increase your knowledge in the field of building surveying while studying with world-class academics and experienced practitioners in one of Australia's most environmentally friendly buildings.

This program has been designed in consultation with the Australian Institute of Building Surveyors (AIBS) to ensure that the material covered is in all respects appropriate for people engaged in this field. Through this consultation graduates are assured that their qualifications meet the requirements of the profession.

Master of Building Information Modelling and Integrated Project Delivery	Starting	Duration	Fees per semester*
CRICOS Course Code 099719J	Jan May Sep	3 semesters (1 year)	\$15,750

This one-year program begins with eight separate micro-credential subjects in important and in-demand aspects of Building Information Modelling, Lean Construction and Integrated Project Delivery. Additionally, it engages students in a challenging capstone project to prepare them for careers as Managers of the modern construction and infrastructure project design and delivery systems, which are rapidly becoming mandatory on both government and major private projects.

This cutting edge program has been designed in strong collaboration with industry to assist construction and other built environment professionals to upskill in order to comply with the stringent practice requirements being demanded by government and knowledgeable private sector clients regarding the use of Building Information Modelling (BIM), Lean Construction Practice (Lean) and Integrated Project delivery (IPD) in optimised construction project delivery. The Master of Building Information Modelling and Integrated Project Delivery program prepares students for advanced involvement as relevant BIM/Lean/IPD Managers in their work environment, for the benefit of projects and their stakeholders. The program is delivered in intensive mode and has the objective of preparing industry professionals to serve as BIM/Lean/IPD managers. While the course does cover various BIM-related technologies, it does not prepare

students to be specialist technicians in the niche areas of the technologies covered by the curriculum. The program includes two capstone subjects (total of 40 credit points) in which students work in teams on a realistic BIM / Lean / IPD project that requires application, analysis and synthesis of complex 'project' data. The program components align with the BIM Framework of buildingSMART Australasia, the open standards of buildingSMART International, the principles espoused by the Lean Construction Institutes of Australia, the United Kingdom and the United States of America, and internationally recognised principles of IPD.

- Developed in collaboration with industry to meet demands of government and industry
- Micro-credentials for each of the eight introductory modules form the foundation for advanced studies and practical experience leading to successful completion of this Masters program
- You can complete in just three semesters (1 year full-time)
- Highly practical and interactive learning, with studio based capstone projects to reinforce assimilation of knowledge, and convert it to finely honed management skills for practical application in the BIM and IPD environments
- This program is accredited by buildingSMART Australasia

Graduate Diploma in Building Information Modelling and Integrated Project Delivery	Starting	Duration	Fees per semester*
CRICOS Course Code 099720E	Jan May Sep	2 semesters (8 months)	\$17,063

Building on the Graduate Certificate in this innovative program suite, the Graduate Diploma extends essential theory while reinforcing all learning with integrated practice in a studio-like learning environment. A substantial capstone project completes the learning experience and prepares students for employment in construction or infrastructure environments, where current government and industry attitudes are expected to result in increased demand for professionals with qualifications in BIM and IPD.

- Developed in collaboration with industry to meet demands of government and industry
- Micro-credentials for each of the eight introductory modules form the foundation for advanced studies and practical experience leading to successful completion of this Masters program
- You can complete in just two semesters
- Highly practical and interactive learning, with studio based capstone projects to reinforce assimilation of knowledge, and convert it to finely honed management skills for practical application in the BIM and IPD environments
- This program is accredited by buildingSMART Australasia

Graduate Certificate in Building Information Modelling and Integrated Project Delivery	Starting	Duration	Fees per semester*
CRICOS Course Code 099721D	Jan May Sep	1 semester (4 months)	\$21,000

This innovative program has been informed by industry and constructed as a series of micro-credentialed short courses to meet the demands of industry. It prepares consultants and contractors to comply with increasing Government demands for all future major construction and infrastructure projects to be delivered using modern Building Information Modelling within an integrated project delivery environment.

- Developed in collaboration with industry to meet demands of government and industry
- Micro-credentials for each of the eight modules that make up the program, plus a Graduate Certificate on successful completion of all program subjects
- Flexible program delivery
- You can complete in a single semester
- Highly practical and interactive learning
- This program is accredited by buildingSMART Australasia

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

Master of City Planning	Starting	Duration	Fees per semester*
CRICOS Course Code 0101288	Jan May Sep	4 semesters (1 year 4 months)	\$15,063

The Master of City Planning program aims to produce innovative practice-oriented graduates with the capacity to play a leading role in creating sustainable cities and regions. This program is designed to equip students for rewarding professional work planning for 21st century global-local challenges including rapid urbanisation, climate change, resource constraints, globalisation and technological disruption. With its distinctive interdisciplinary urban design orientation, the program will cultivate city planners and urban designers with the global perspective, knowledge, skills and

adaptability to make a significant contribution to addressing these challenges.

- Intensive mode delivery
- Highly relevant and in-demand qualification
- Practical learning and cross-disciplinary experiences
- Small class sizes and a personalised approach to learning
- Ability to build and develop ongoing networks with peers and alumni in City Planning and related professional fields of Architecture, Property and Project Management

Graduate Diploma in City Planning	Starting	Duration	Fees per semester*
CRICOS Course Code 0101287	Jan May Sep	2 semesters (8 months)	\$21,035

The Graduate Diploma in City Planning, as a nested program within the Master of City Planning, is designed to equip students for rewarding professional work involved in planning for 21st century global-local challenges including rapid urbanisation, climate change, resource constraints, globalisation and technological disruption. With its distinctive urban design orientation, the program will cultivate city planners and urban designers with the global perspective, knowledge, skills and adaptability to make a substantial contribution to addressing these challenges.

- Highly relevant and in-demand qualification
- Practical learning and cross-disciplinary experiences
- Small class sizes and a personalised approach to learning
- Ability to build and develop ongoing networks with peers and alumni in City Planning and related professional fields of Architecture, Property and Project Management

Graduate Certificate in City Planning	Starting	Duration	Fees per semester*
CRICOS Code 0101286	Jan May Sep	1 semester (4 months)	\$21,070

The Graduate Certificate in City Planning, as a nested program within the Master of City Planning, is designed to boost graduates' capacity to engage in rewarding professional work involved in planning for 21st century global-local challenges including rapid urbanisation, climate change, resource constraints, globalisation and technological disruption.

- Program structure enables you to select a combination of subjects that will enhance your global perspective, knowledge, skills and adaptability in relation to city planning.
- Add to existing knowledge and professional skills base, and opportunity to articulate to the Graduate Diploma or Master of City Planning.

Master of Construction Practice	Starting	Duration	Fees per semester*
CRICOS Course Code 071288B	Jan May Sep	4 semesters (1 year 4 months)	\$15,785

This program covers a comprehensive range of subjects in the field of construction practice, focusing on the management and delivery of complex construction projects. It also contains a strong sustainability theme which equips you with distinctive skills that are highly sought after in the built environment industry.

- Gain professional recognition by some of Australia's leading professional bodies
- Learn via intensive mode delivery
- Learn in the University's Sustainable Development Building Precinct, promoting sustainable practices of tomorrow

Graduate Diploma in Construction Practice	Starting	Duration	Fees per semester*
CRICOS Course Code 093263G	Jan May Sep	2 semesters (8 months)	\$21,070

The Graduate Diploma in Construction Practice teaches students from varied backgrounds how to manage building projects - from physical execution to financial analysis and funding. The program focuses on the organisation and management of project resources (people, process, products, energy, finance, space) to deliver building projects on time, within cost, and of the defined scope and quality.

Upon completion of the Graduate Diploma, students may choose to complete an additional four subjects to gain a masters qualification.

- This program is accredited by Master of Australian Institute of Quantity Surveyors, Royal Institution of Chartered Surveyors, Queensland Building & Construction Commission (QBCC) and Chartered Institute of Building (CIOB)

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

CRISTIANO GOTTSCHILD

Master of Project Management / Master of Construction Practice

Studying at Bond has been the best investment that I have ever made.

There are so many opportunities to network and gain work experience while studying. I have been working closely with the Career Development Centre who have assisted me step by step from creating a professional resume to preparing for interviews with local Construction companies.

These industry connections and experience opportunities are so valuable in preparing me for the next step in my career.

Graduate Certificate in Construction Practice	Starting	Duration	Fees per semester*
CRICOS Course Code 093262G	Jan May Sep	1 semester (4 months)	\$21,140

The Graduate Certificate in Construction Practice program teaches students from varied backgrounds how to manage building projects - from physical execution to financial analysis and funding. The program focuses on the organisation and management of project resources (people, process, products, energy, finance, space) to deliver building projects on time, within cost, and of the defined

scope and quality. The Graduate Certificate in Construction Practice allows you to matriculate into the Master of Construction Practice or is well-suited to professionals who have been working in the industry and require a tangible qualification.

Master of Project Innovation	Starting	Duration	Fees per semester*
CRICOS Course Code 0100041	Jan May Sep	4 semesters (1 year 4 months)	\$13,155

The Master Degree explores a number of topic areas centered around emerging job descriptions for project managers, drawn from product manager, designer thinker, change agent, agile coach, business analyst and entrepreneur. The program comprises six core, research methods, research project (double-weighted) and three elective subjects.

- A 10-day International study tour is a core component of the program*
- Digital badges for up to six career specialisations

*Subject to visa approval. Additional costs may apply.

Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 078813G	Jan May Sep	4 semesters (1 year 4 months)	\$13,243

This program provides a comprehensive business-ready foundation that will equip students from any background with the knowledge required to develop a career and expertise in project management. The program features four distinct study themes including strategy, sustainability, managing complex problems and teams, and virtual teams and global working. External speakers from leading

investment banks, credit agencies and portfolio fund managers contribute to case studies and workshops.

- This program is accredited by RICS (Royal Institution of Chartered Surveyors), Australian Institute of Project Management and Project Management Institute

Graduate Diploma in Project Management	Starting	Duration	Fees per semester*
	Jan May Sep	2 semesters (8 months)	\$21,280

The Graduate Diploma in Project Management provides a comprehensive business-ready foundation that will provide students from any background with the knowledge required to develop a career and expertise in project management.

This qualification will provide career opportunities in all areas of industry, government and the not-for-profit sector. The Graduate Diploma in Project Management features four distinct study themes including strategy, sustainability, managing complex problems and teams, and virtual teams and global working.

Graduate Certificate in Project Management	Starting	Duration	Fees per semester*
	Jan May Sep	3 semesters^ (1 year)	\$7,093

The Graduate Certificate in Project Management program provides you with a comprehensive business ready foundation that will provide the knowledge and expertise to develop or further a career

in project management in all areas of industry, government and the not-for-profit sectors.

^Part-time study load

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. SUNNY ANDALEBI

**Master of International Relations /
Master of Project Management**

Project Management is the perfect complementary degree because the program has excellent theoretical knowledge and practical skills, teaching you to plan and deliver projects on time, within budget and to scope. This is something that all managers and leaders need to understand no matter what industry they are in.

What makes it an even better program is that most of the professors have had industry experience and so they are able to integrate their experiences into the assignments for the class.

Master of Valuation and Property Development	Starting	Duration	Fees per semester*
CRICOS Course Code 085561G	Jan May Sep	4 semesters (1 year 4 months)	\$15,750

The Master of Valuation and Property Development provides you with a wide range of skills that can be applied to global property markets. This program is designed to equip you with strong knowledge and advanced technical skills applicable to a variety of career paths such as investment, finance, asset management and research. This degree also provides the opportunity to specialise in property valuation.

- Gain a qualification professionally recognised by some of Australia's leading industry bodies
- Intensive mode delivery
- Small class sizes and personalised approach to learning
- This program is accredited by RICS (Royal Institution of Chartered Surveyors), Australian Property Institute and Valuers Registration Board QLD

Graduate Diploma of Valuation and Property Development	Starting	Duration	Fees per semester*
CRICOS Course Code 085560J	Jan May Sep	2 semesters (8 months)	\$21,140

The Graduate Diploma of Valuation and Property Development is designed to prepare students with a strong knowledge base and technical skills for careers within property-related industries and professions. The application of the knowledge and skills developed in the program will allow graduates to demonstrate autonomy, expert judgement, adaptability and responsibility as a practitioner across a

range of career paths in property related fields such as investment, finance, property management and property research. The attributes gained from the Graduate Diploma of Valuation and Property Development will allow you to work in the property sector in Australia and around the world.

Graduate Certificate of Valuation and Property Development	Starting	Duration	Fees per semester*
CRICOS Course Code 085558C	Jan May Sep	1 semester (4 months)	\$21,000

The Graduate Certificate of Valuation and Property Development is designed to prepare students with a knowledge base and technical skills for careers within property-related and professions. The application of the knowledge and skills developed in the program will allow graduates to demonstrate autonomy, expert judgement,

adaptability and responsibility as a practitioner across a range of career paths in property related fields such as investment, finance, property management and property research. The attributes gained from this certificate will allow you to work in the valuation and property development sector in Australia and around the world.

Master of Architecture / Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 087931D	Jan May Sep	6 semesters (2 years)	\$21,034

The Master of Architecture / Master of Project Management provides an authentic blending of creative practice professional study with contemporary project management. The Master of Architecture is a creative studio-based program focusing heavily upon design through hands-on and digital making with state-of-the-art tools. Project-based design studios focus upon real-world scenarios with specific attention to urbanism, the future of global cities, and the role of architecture and the architect in addressing urban, environmental, social, and technological change.

Graduates will display mastery of architectural design abilities that are creative, critical, analytical, and spatial and based in advanced historical, theoretical, technical and disciplinary knowledge. All graduates will complete a design thesis as the cumulative result of the Masters course that demonstrates independent, self-directed critical thinking and sophisticated design capability.

Students undertake the Master of Architecture / Master of Project Management in a unique setting: the national and international award-winning Abedian School of Architecture. This facility and its associated Fabrication and Robotics Lab are dedicated for student use, creating an environment to support creative activity that is accessible 24 / 7 throughout the year. Students enjoy their own studio-based desk in the School provided for the duration of their studies, which becomes the point of personalised contact with program staff for an individualised, highly supported education.

The limited student cohort size of the School is maintained to ensure all students have unique access to workshop facilities and program staff that is unparalleled almost anywhere globally. The Master of Architecture is the terminal award allowing graduates to gain registration as an Architect in Australia and other jurisdictions that recognise the award. Upon completion and to earn registered status, graduates must complete a period of supervised employment experience (minimum 2 years) and pass a registration exam for recognition in Australia.

The Master of Architecture provides knowledge, skill, and application (where required) of core competencies including design and documentation, practice management, project management, and understanding of contract law and project procurement.

The Master of Architecture / Master of Project Management is a dual degree that combines an accredited professional degree for a career in architecture, complying with the competency requirements of the Board of Architects Queensland and the Architects Accreditation Council of Australia, with an accredited postgraduate course in project management. This dual degree course is highly-relevant to contemporary demand for leaders in the field to have excellent design and management skills for effective project leadership.

Studies include content from the disciplines of architecture, digital media, construction, city planning, urban design, project management and university electives.

This program is accredited by Project Management Institute, RICS (Royal Institution of Chartered Surveyors), Australian Institute of Project Management, The Australian Institute of Architects, Architects Accreditation Council of Australia and The Board of Architects of Queensland

- An annual all-school design “charrette”
- Off-campus study tours*
- Monthly international guest-lecture series
- Study with distinguished guest faculty and Architects-In-Residence
- Bi-annual student exhibition and publication
- Internationally and nationally recognised academic staff of scholars and practitioner-teachers

*Additional costs may apply

Master of Business Administration / Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 085563F	Jan May Sep	6 semesters (2 years)	\$14,513

The combined Master of Business Administration (MBA) / Master of Project Management enables students interested in management, strategy and leadership to acquire expertise in the planning, implementation and management of projects.

Bond’s MBA has been redesigned to provide students with key functional knowledge, focused expertise and greater flexibility. The program utilises three pillars of innovation, data analytics, and business transformation to develop global leaders who think

critically, creatively and strategically. The addition of project management skills enables you to access more strategic positions and to be responsible for overseeing new initiatives involving the management of scope, time, cost and risk.

- This program is accredited by Project Management Institute, RICS (Royal Institution of Chartered Surveyors) and Australian Institute of Project Management

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

Master of City Planning / Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 0101290	Jan May Sep	6 semesters (2 years)	\$14,043

The Master of City Planning program aims to produce innovative practice-oriented graduates with the capacity to play a leading role in creating sustainable cities and regions. This program is designed to equip students for rewarding professional work planning for 21st century global-local challenges including rapid urbanisation, climate change, resource constraints, globalisation and technological disruption. With its distinctive interdisciplinary urban design orientation, the program will cultivate city planners and urban designers with the global perspective, knowledge, skills and adaptability to make a significant contribution to addressing these challenges.

The Master of Project Management program provides a comprehensive business-ready foundation that will equip students from any background with the knowledge required to develop a career and expertise in project management. The Master of Project

Management features four distinct study themes including strategy, sustainability, managing complex problems and teams, and virtual teams and global working. The curriculum addresses a range of topics including conflict resolution, effective integrated planning, management, market performance, portfolio management, public and private sector investment and risk identification. External speakers from leading investment banks, credit agencies and portfolio fund managers contribute to case studies and workshops.

- Intensive mode delivery
- Highly relevant and in-demand qualification
- Small class sizes and a personalised approach to learning
- Ability to build and develop ongoing networks with peers and alumni in City Planning and related professional fields of Architecture, Property and Project Management

Master of Communication / Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 088315J	Jan May Sep	6 semesters (2 years)	\$12,955

The combined Master's degree in Communication and Project Management enables students interested in a career in corporate communications, public relations and strategic and cultural communication to acquire expertise in the planning, implementation and management of projects and programs. The addition of project and program management skills enables graduates to access more strategic positions in their organisation and to be responsible for overseeing new initiatives involving the management of scope, time, cost and risk.

Graduates of this combined degree are internationally recognised by the Project Management Institute (PMI).

- This program is accredited by Project Management Institute, RICS (Royal Institution of Chartered Surveyors) and Australian Institute of Project Management

Master of Construction Practice / Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 086028K	Jan May Sep	6 semesters (2 years)	\$14,043

The combined Master's degree in Construction Practice and Project Management enables students interested in being a construction project manager to gain specialised knowledge related to the delivery of complex buildings. Construction was the first and is still the dominant sector of the economy where project management is practised. It is also an international endeavour, where the cost and complexity of major buildings is ever increasing. Therefore, a combined understanding of the construction process together with the generic principles of successful management of scope, time, cost, risk, human resources, quality, procurement, stakeholders and environmental impact, and their balanced integration, is most valuable.

This degree is internationally recognised by the Project Management Institute (PMI).

- Gain an internationally recognised qualification
- Learn in the University's Sustainable Development Building Precinct, promoting sustainable practices of tomorrow
- Graduate sooner with Bond's accelerated degrees
- This program is accredited by Project Management Institute, RICS (Royal Institution of Chartered Surveyors), Australian Institute of Project Management, Australian Institute of Quantity Surveyors, Queensland Building & Construction Commission (QBCC) and Chartered Institute of Building (CIOB)

Master of Criminology / Master of Project Management	Starting	Duration	Fees per semester*
--	----------	----------	--------------------

CRICOS Course Code 088316G	Jan May Sep	6 semesters (2 years)	\$12,955
----------------------------	-------------------	--------------------------	----------

The combined Master's degree in Criminology and Project Management enables students interested in a career in crime prevention, justice and forensic issues to acquire expertise in the planning, implementation and management of projects and programs. The addition of project and program management skills enables graduates to access more strategic positions in their organisation and to be responsible for overseeing new initiatives involving the management of scope, time, cost and risk.

- Combined studies in Criminology and Project Management
- Learn from recognised industry professionals with a wealth of experience
- Intensive mode delivery
- Graduate sooner with Bond's accelerate degrees
- This program is accredited by Project Management Institute, RICS (Royal Institution of Chartered Surveyors) and Australian Institute of Project Management

This combined degree is internationally recognised by the Project Management Institute (PMI).

Master of International Relations / Master of Project Management	Starting	Duration	Fees per semester*
--	----------	----------	--------------------

CRICOS Course Code 088317G	Jan May Sep	6 semesters (2 years)	\$12,943
----------------------------	-------------------	--------------------------	----------

The combined Master's degree in International Relations and Project Management enables students interested in a career in diplomacy, international trade, government and business to acquire expertise in the planning, implementation and management of projects and programs. The addition of project and program management skills enables graduates to access more strategic positions in their organisation and to be responsible for overseeing new initiatives involving the management of scope, time, cost and risk.

Graduates of this combined degree are internationally recognised by the Project Management Institute (PMI).

- Gain a qualification professionally recognised by the Project Management Institute
- Small class sizes and a personalised approach to learning
- Graduate sooner with Bond's accelerated degrees
- This program is accredited by Project Management Institute, RICS (Royal Institution of Chartered Surveyors) and Australian Institute of Project Management

Master of Project Innovation / Master of Project Management	Starting	Duration	Fees per semester*
---	----------	----------	--------------------

CRICOS Course Code 099216K	Jan May Sep	6 semesters (2 years)	\$14,090
----------------------------	-------------------	--------------------------	----------

The Master of Project Innovation and Master of Project Management combined program enables students to explore emergent ideas and future directions applicable to global project management practice, while also covering traditional skills and competencies. The curriculum addresses a range of learning opportunities including design thinking, adaptable mindsets such as Lean and Agile, innovative product management, systems thinking and delivery of digital projects.

Students undertake an international study tour where they are able to see examples of project innovation and experience other project management practices and cultures, as well as access up to one year of on-campus work experience as part of The Transformer initiative.

- This program is accredited by Master of Project Management Institute, RICS (Royal Institution of Chartered Surveyors) and Australian Institute of Project Management

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

Master of Sport Management / Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 097032A	Jan May Sep	6 semesters (2 years)	\$14,373

The Master of Sport Management / Master of Project Management has been designed to equip students with the expertise in the planning, implementation and management of sporting projects and programs. The combined degree explores the professional challenges and opportunities for managers in the complex international sporting landscape from a grassroots level to elite professional sport organisations and events.

- Complete two Masters degrees in two years
- Various subjects include industry-based assessment activities that are delivered in conjunction with industry
- Learn via a combination of lectures, tutorials, seminars, workshops, case studies, field trips, examinations, presentations, internship and industry projects
- This program is accredited by Project Management Institute, RICS (Royal Institution of Chartered Surveyors) and Australian Institute of Project Management

Master of Valuation and Property Development / Master of Project Management	Starting	Duration	Fees per semester*
CRICOS Course Code 085564E	Jan May Sep	6 semesters (2 years)	\$14,043

The combined Master's degree in Valuation and Property Development and Project Management enables students interested in being a development manager to gain specialised knowledge related to property investment and development. Development managers require project management skills to ensure that complex new initiatives are implemented as intended. It is also an international endeavour, where property development and urban renewal is relentless. Therefore, a combined understanding of the property investment process together with the generic principles of successful management of scope, time, cost, risk, human resources,

quality, procurement, stakeholders and environmental impact, and their balanced integration, is most valuable.

- Gain a qualification professionally recognised by some of Australia's leading industry bodies
- Small class sizes and personalised approach to learning
- Graduate sooner with Bond's accelerated degrees
- This program is accredited by Project Management Institute, Royal Institution of Chartered Surveyors, Australian Institute of Project Management, Australian Property Institute and Valuers Registration Board Qld

BUSINESS AND COMMERCE

- Gain immediate access to the very latest technologies in the Centre for Actuarial and Financial Big Data Analytics

Graduate Certificate in Data Analytics	Starting	Duration	Fees per semester*
CRICOS Course Code 0100103	May Sep	1 semester (4 months)	\$20,720

The Graduate Certificate in Data Analytics is a four subject program for students that have already previously completed basic quantitative subjects in programming and statistics. In this Graduate Certificate you will learn advanced statistics, econometrics and machine learning.

Upon graduation, you will be able to work as a data analyst, business analytics specialist or play a key role in any organisations data and information management department.

SCOTT CORFIELD

Master of Business Administration (MBA)

After originally pursuing a career in journalism, I decided to chase my passion and enter the film and television sector. Having left university with a degree in film and tv production, I diversified my skillset by moving to New York to study acting at The Lee Strasberg Theatre. I decided to enrol in postgraduate studies at Bond University after realising I lacked a detailed understanding of the business operations behind the industry. I graduated from Bond University's MBA program in 2002 before starting a film and media production company specialising in TV commercials, music videos and feature films.

Master of Finance	Starting	Duration	Fees per semester*
CRICOS Course Code 063125K	Jan May Sep	4 semesters (1 year 4 months)	\$15,505

Designed for professionals looking to work with specialist finance organisations, the Master of Finance is a rigorous program that develops a strong understanding of financial principles and the opportunity to gain the knowledge needed to take on industry challenges. ROSS HEALY

Bachelor of Communication and Master of Communication

Many of my lecturers were interested in what the future looked like and that shaped what the classes looked like, that dynamism the degree offered me definitely helped in the form of what sort of skills I could bring to the workplace.

Medical Program [^]	Starting	Duration	Fees per semester*
Bachelor of Medical Studies (BMedSt) CRICOS Course Code 0101292	May	8 semesters (2 years 8 months)	\$29,960
Doctor of Medicine (MD) CRICOS Course Code 0101293		6 semesters (2 years)	\$29,960
		TOTAL 14 semesters (4 years 8 months)	

The Medical Program[^] is designed to equip graduates with the foundational knowledge, skills and attributes required to safely and effectively practise medicine in today's complex healthcare environment. The first of Bond's two-part Medical Program (the Bachelor of Medical Studies), is distinguished by its strong educational focus on problem-based learning, interactive workshops and clinical simulation. With small class sizes, students learn in a highly personalised environment with state-of-the-art equipment.

The second of Bond's two-part Medical Program (the Doctor of Medicine) must be completed for students to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand. The MD is distinguished by its strong focus on evidence-based medicine and integrated clinical practice. Due to Bond's three-semester-per-year structure, graduating students will have the advantage of entering the workforce as a doctor in only 14 semesters.

Master of Healthcare Innovations	Starting	Duration	Fees per semester*
CRICOS Course Code 099578F	Jan Sep	3 semesters (1 year)	\$21,000

This innovative, Australian first program is run in conjunction with the Institute for Evidence-Based Healthcare, the Bond Business School and the Bond University Transformer, allowing students to explore the content led by experienced educators, researchers and innovators. The emphasis on inter-disciplinary and inter-industry learning and collaboration ensures the future graduates of this program can create a shift in current models and systems of care, with the use of design thinking, problem-solving, and systems thinking to challenge their perspective of the health system so that they can apply the evidence to bring about systematic improvements. The Master of Healthcare Innovations will provide graduates with the skills to identify opportunities for evidence-informed innovations.

- One year (full-time) or two years (part-time)
- Taught in small group face-to-face intensive workshops for interaction, supported by blended and online learning approaches
- Founded on evidence-based practice, health systems and innovations
- Ensures flexibility to cater for interstate or international students, and those balancing studies with work
- Includes a combined capstone placement and project in an area of student interest

Graduate Diploma in Healthcare Innovations	Starting	Duration	Fees per semester*
CRICOS Course Code 099579E	Jan	2 semesters (8 months)	\$21,000

The Graduate Diploma in Healthcare Innovations is designed for health professionals interested in innovations in healthcare. It will develop a diverse cohort of systems thinkers, knowledge brokers and problem solvers who can apply their knowledge of health and healthcare, to innovate, influence, translate research and technology, to meet the 21st century healthcare needs of the Australian population.

You will undertake six core subjects and two electives from a list of innovations and health subjects, to complete the Graduate Diploma. The subjects consist of intensive face-to-face workshops supported with online learning to allow busy professionals to complete the program while still working. The program is offered full time over two semesters, or part time over multiple semesters for domestic students.

[^]The Medical Program is comprised of two sequential degrees - the Bachelor of Medical Studies (BMedSt) and the Doctor of Medicine (MD). All students selected for entry into the Medical Program[^] will have to complete both the BMedSt and MD to be eligible for registration as a medical practitioner in any state or territory in Australia or New Zealand.

Graduate Certificate in Health Systems	Starting	Duration	Fees per semester*
CRICOS Course Code 099580A	Jan Sep	1 semesters (4 months)	\$21,000

Bond University's Graduate Certificate in Health Systems is a program designed for health professionals from all medical, nursing and allied health disciplines, as well as health administrators, academics and others interested in health systems and healthcare. In this program, you will develop a sound understanding of Australia's health system and be able to compare it to international health systems based on foundation knowledge of evidence-based practice. Graduates of this program will additionally have

an understanding of evidence based practice and the social determinants of health, and will be able to compare and benchmark health systems and identify opportunities for evidence-informed innovations. The Graduate Certificate in Health Systems forms part of a suite of offerings that lead to the Master of Healthcare Innovations program.

Graduate Certificate in Evidence Based Practice	Starting	Duration	Fees per semester*
	Jan Sep	3 semesters^ (1 year)	\$7,000^

Bond University's Graduate Certificate in Evidence Based Practice is specifically designed for health professionals from all medical, nursing and allied health disciplines, health administrators, academics and others interested in how to apply evidence-based practice in healthcare. It aims to support clinicians to interpret and keep up to date with the growing volume of research evidence to maintain high quality practice and inform improvements where appropriate. It will also provide an understanding of research methodologies for students considering research higher degrees.

The program forms part of a suite of awards in the Master of Healthcare Innovations program. It can be undertaken part-time over three semesters to enable busy health professionals to work at the same time.

^Part-time study load

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

Master of Nutrition and Dietetic Practice	Starting	Duration	Fees per semester*
---	----------	----------	--------------------

CRICOS Course Code 089734D	May	6 semesters (2 years)	\$16,600
----------------------------	-----	-----------------------	----------

Bond University's Master of Nutrition and Dietetic Practice aims to produce dietitians with a difference who make a difference. As a student dietitian at Bond University, you will benefit from interactive workshops with industry experts, personalised mentoring from academics, as well as exposure to food, health and business settings throughout the duration of the program. You will have the opportunity to develop specialist skills related to the practice of nutrition and dietetics through extensive professional practice placements. Through your internships, you will develop competence in the areas of medical nutrition therapy, food service dietetics, and community and public health nutrition, plus an additional setting based on your area of dietetic interest.

This may include sports nutrition, private practice, food industry, corporate health, food and health charities, aged care, nutrition communications and media, or paediatric nutrition.

- 24 weeks of professional placement work integrated learning
- Graduates of the program are eligible to become a DAA member with dietetic qualifications, and to join the Accredited Practising Dietitian (APD) Program
- Opportunity to complete an international nutrition project abroad

Graduate Diploma in Nutrition	Starting	Duration	Fees per semester*
-------------------------------	----------	----------	--------------------

CRICOS Course Code 079258K	May	2 semesters (8 months)	\$16,600
----------------------------	-----	------------------------	----------

This diploma program is designed to build on undergraduate studies in the health and related sciences to develop specialist knowledge, skills and attitudes relating to human nutrition and health. Successful graduates from this diploma program are well-placed to progress to further studies via the Master of Nutrition and Dietetic Practice to become qualified as a dietitian and receive full credit for subjects studied in this program. This program is a useful pre-medical program for graduates with ambitions to enter

post-graduate medical programs, as a pathway into postgraduate specialisation in nutrition or for internationally-educated dietitians requiring professional updates before applying for Australian qualification recognition.

as a pathway into postgraduate specialisation in nutrition or for internationally educated dietitians requiring professional updates before applying for Australian qualification recognition.

JENNIFER PFEIFLER

**Master of Nutrition and Dietetic Practice
Dietitian, River Oak Health, Brisbane**

I chose Bond because I was particularly drawn to the international experience in the Nutrition and Dietetics program as it covered all aspects of dietetics including research. I also loved the small class sizes that Bond is known for, and living in Australia of course.

Master of Occupational Therapy	Starting	Duration	Fees per semester*
--------------------------------	----------	----------	--------------------

CRICOS Course Code 090670E	May Sep	6 semesters (2 years)	\$21,000
----------------------------	------------	--------------------------	----------

Bond University's Master of Occupational Therapy program is designed to produce highly competitive graduates with comprehensive clinical skills as well as possessing a solid business acumen and research experience. It is the first occupational therapy master's in Australia to offer you the opportunity to complete a clinical research project or undertake business electives in preparation for a career in private practice.

- Graduate in two years through postgraduate entry, or graduate in four years via a Bond University undergraduate pathway
- Offers a clinical research project or business electives to prepare for private and public practice settings
- Strong emphasis on practical experience with 1,000 hours of practice education across various clinical contexts
- Learn in small class sizes meaning a more personalised experience

The program has full accreditation with the Occupational Therapy Board of Australia. Our graduates are eligible to apply for registration with the Occupational Therapy Board of Australia and will be graduating from a program that is recognised by the World Federation of Occupational Therapists.

Master of Science by Research (Health Sciences)	Starting	Duration	Annual fees*
---	----------	----------	--------------

CRICOS Course Code 073729K	Jan May Sep	2 years	\$39,760
----------------------------	-------------------	---------	----------

The Master of Science by Research (Health Sciences) enables you to undertake supervised research studies in one or more of the Faculty of Health Sciences and Medicine's research areas and groups. It is an internationally recognised research degree and is a pathway to PhD studies.

- Internationally recognised research degree
- Complete your master's in 2 years
- Pathway degree for further PhD studies

Doctor of Philosophy	Starting	Duration	Annual fees
----------------------	----------	----------	-------------

CRICOS Course Code 063150J	Jan May Sep	4 years	\$39,760
----------------------------	-------------------	---------	----------

The Doctor of Philosophy develops independent research skills and the ability to relate a specific research topic to a broad framework of knowledge. The program places a major emphasis on independent

enquiry, a thorough understanding of domain-specific knowledge, competence in research methodologies

Doctor of Physiotherapy	Starting	Duration	Fees per semester*
-------------------------	----------	----------	--------------------

CRICOS Course Code 075478G	May	6 semesters (2 years)	\$22,640
----------------------------	-----	--------------------------	----------

The Doctor of Physiotherapy offers an innovative problem-based learning model of physiotherapy education to prepare entry level physiotherapists for their roles and responsibilities as first contact practitioners. The program integrates the clinical, pathological and related sciences with the physiotherapy knowledge, skills and professional behaviours and attitudes required to examine, diagnose and treat physiotherapy clients.

- Up to 50 percent of the program is based on clinical experiential learning
- Upon graduation, you will be eligible for registration as a physiotherapist in Australia
- Taught in world-class facilities at the Bond Institute of Health & Sport
- Over 1,200 hours of clinical placement to broaden your knowledge and skill level, ready for the next step in your career

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

JARED POWELL

Doctor of Physiotherapy

Senior Physiotherapist, Physio Place

I chose Bond University because of its reputation of teaching excellence and commitment to student learning. In addition, the campus and facilities are second to none. As part of the Physiotherapy accelerated program, students undertake 36 weeks of clinical placement making them unique compared to other universities. During my degree, I was also working as a physiotherapy assistant at a local hospital on the weekends. This opportunity was available to me because of my clinical placement and I was lucky enough to be offered a position upon completion of my placement.

Juris Doctor	Starting	Duration	Fees per semester*
CRICOS Course Code 093923J	Jan May Sep	6 semesters (2 years)	\$20,603

The Juris Doctor is a professional legal qualification which prepares you to become a legal professional in the corporate, government, community or not-for-profit sectors. Bond's Juris Doctor provides an engaging learning experience that both challenges students academically and prepares them practically for a legal career. Our unique Integrated Skills and Professionalism Program is embedded

in the degree and focuses on core legal skills essential to the practice of law. These skills include:

- Dispute resolution and collaboration
- Legal ethics and professionalism
- Legal research and reasoning
- Legal writing and drafting
- Oral communication and advocacy

Master of Laws	Starting	Duration	Fees per semester*
CRICOS Course Code 084235G	Jan May Sep	2 semesters (8 months)	\$21,000

The Master of Laws (LLM) is a postgraduate law qualification that provides maximum flexibility and choice with a wide range of specialist areas, meaning you can design your master's degree to suit your area of interest and professional needs. With a professional emphasis, and various specialisations in commercial law, international law and dispute resolution, the Bond LLM is designed to realise the educational and career aspirations of the global lawyer. Study on-campus, online or a combination of both.

Specialisations are:

- Canadian Law and Practice
- Corporate and Commercial Law and Practice
- Dispute Resolution
- Family Dispute Resolution
- International Business and Finance Law
- International Commercial Law and Dispute Resolution (Online)

Master of Laws (by Research)	Starting	Duration	Annual fees
CRICOS Course Code 063455C	Jan May Sep	2 years	\$39,760

The Master of Laws (by Research) is a higher degree by research program awarded for completion of a 50,000 word thesis.

The thesis demonstrates the student's ability to research, analyse and apply information and concepts to a body of legal knowledge or practice.

Master of Laws in Commercial Law	Starting	Duration	Fees per semester*
	May Sep	2 semesters (8 months)	\$21,000

The Master of Laws in Commercial Law is a postgraduate program designed to enhance the students understanding in commercial law and legal practice in addition to providing the flexibility of online study to suit an individual's personal and professional circumstances.

The program includes advanced-level commercial law subjects which range from energy law, global sports law and governance,

international law and global investment banking law which will develop and enhance a student's ability to critically analyse and evaluate complex commercial law issues in a variety of contexts.

The Master of Laws in Commercial Law has been designed for professionals and to fit in with their schedule. It is offered online, and students can choose between online subjects or blended delivery mode subject.

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

Master of Laws in Enterprise Governance	Starting	Duration	Fees per semester*
	Jan May Sep	4 semesters (1 year 4 months)	\$10,500

Strengthen your board CV and governance effectiveness with a Master of Laws in Enterprise Governance. The program is designed for current directors and officers as well as those seeking board positions.

Participants enrolled in the program learn about the legal nature and operation of enterprise governance and the role of the board in a variety of enterprise contexts including for-profit, government and

not-for-profit enterprises. Learn from experienced practitioners how to govern an enterprise in compliance with the relevant legal rules and ethical principles and to use governance as a framework for organisational excellence.

The Master of Laws in Enterprise Governance is available to both law and non-law graduates. Non-law graduates must start in the May semester. Law graduates can start in January, May or September.

Master of Laws in International Commercial Law (Online)	Starting	Duration	Fees per semester*
	Jan May Sep	2 semesters (8 months)	\$21,000

Bond University Faculty of Law has assembled a team of international academics to facilitate a fully-online Master of Laws program which takes Bond Law's global focus to a whole new level.

The Master of Laws in International Commercial Law (Online) is a postgraduate program designed for legal professionals from different cultural and legal backgrounds, who aim for a high-level career in an international law firm, multinational company or government. Its four 20 cps subjects apply state-of-the-art distance learning techniques to bridge the distance between students and

their instructors, peers, and resources. Instructors based all over the world supervise online classes of no more than 20 students. The program is entirely online which provides flexibility of study.

The International Commercial Law focuses on topics such as International Sales and Transport Law, Fundamentals of Intellectual Property Law, International Commercial Dispute Resolution and International Corporate Law. This program is not available to international students who intend to apply for a student visa to undertake this program.

LACHLAN BONGERS

Associate, MinterEllison

Juris Doctor (Honours)

Aside from glowing recommendations from Bond graduates and a love of the Gold Coast lifestyle, I was attracted to Bond because I could finish my Juris Doctor in just two years of full-time study. The assistance of the Career Development Centre was invaluable to me as they helped me secure a vacation clerkship with a top-tier law firm in Brisbane which turned into part-time work while I was still studying and ultimately a full-time graduate position. My Bond University experience was incredibly rewarding, both academically and socially. It felt more like being part of a community, rather than a university.

Master of Legal Administration	Starting	Duration	Fees per semester*
CRICOS Course Code 084236G	Jan May Sep	3 semesters (1 year)	\$20,907

The Master of Legal Administration offers students with a non-law undergraduate degree the opportunity to attain postgraduate qualifications in law. Students may complete a generalist degree or elect to specialise in a particular area of law, combined with up to four postgraduate subjects from other disciplines.

This degree does not qualify a graduate for admission as a legal practitioner; rather the program is intended for students from other fields and professions who wish to supplement their knowledge of law in a particular area.

Graduate Diploma in Legal Practice	Starting	Duration	Fees per semester*
CRICOS Course Code 098084C	Jan May Sep	2 semesters (8 months)	\$10,894

The Graduate Diploma in Legal Practice (GDLP), also known as practical legal training (PLT), is the link between your law degree and becoming a practising lawyer. The Graduate Diploma in Legal Practice program is an alternative to undertaking a legal traineeship for admission as a legal professional. You can be admitted in all states in Australia (Students should contact the relevant admitting authority to ascertain the requirements for admission in specific States or Territories.).

Our GDLP program is a coursework degree providing structured and supervised legal training, based on the Competency Standards for developed by the admitting authorities and the Australasian Professional Legal Education Council (APLEC).

The program includes a compulsory 5 day learning intensive for all trainees which is held on-campus which includes a variety of guest speakers and professional workshops.

Graduate Diploma in Legal Practice (Online)	Starting	Duration	Fees per semester*
	Jan May Sep	2 semesters (8 months)	\$5,164

Doctor of Legal Science (Research)	Starting	Duration	Annual fees
CRICOS Course Code 093848D	Jan May Sep	4 years	\$39,760

The Doctor of Legal Science (Research) is a higher degree by research program awarded for a combination of coursework and a thesis. The thesis represents a significant and original contribution to the knowledge or understanding of an aspect of law. The SJD thesis

will demonstrate the capacity of the student to carry out independent research at an appropriate level.

Doctor of Philosophy	Starting	Duration	Annual fees
CRICOS Course Code 063150J	Jan May Sep	4 years	\$39,760

The Doctor of Philosophy develops independent research skills and the ability to relate a specific research topic to a broad framework of knowledge. The program places a major emphasis on independent

enquiry, a thorough understanding of domain-specific knowledge, competence in research methodologies and the ability to communicate research results.

HUMANITIES, LANGUAGES AND INTERNATIONAL STUDIES

Master of Arts (Coursework)	Starting	Duration	Fees per semester*
CRICOS Course Code 078662F	Jan May Sep	3 semesters (1 year)	\$15,713

Bond University's Master of Arts (Coursework) program offers an opportunity for graduates to continue studies in a particular area, or branch out into other areas. Graduates of this program will possess a strong and broad set of skills essential to all professions, no matter what their chosen career. A range of subjects are available in the program allowing students to tailor their qualifications to suit their specific career interests.

- Graduate sooner with Bond's accelerated degrees
- Flexibility to tailor your study interests
- Small class sizes and personalised learning approach

Master of Arts (TESOL)	Starting	Duration	Fees per semester*
CRICOS Course Code 077993F	Jan May Sep	3 semesters (1 year)	\$9,720

The Master of Arts (TESOL) program provides language teacher education in teaching and learning English as a second / additional language. The program aims to prepare prospective teachers of English as a Second Language for their future career and to assist current TESOL teachers in extending their professional knowledge. Subject content covers theoretical aspects of language, language

teaching, language acquisition and the practical applications of these in language teaching. The Master of Arts (TESOL) prepares teachers for an international career in the diverse global world.

- Experience small class sizes and personalised learning
- ELICOS Accredited Language Centre on campus
- Learn from experienced teachers from diverse backgrounds

Master of Arts (TESOL) (Online)	Starting	Duration	Fees per semester*
	Jan May Sep	3 semesters (1 year)	\$9,720

Master of Arts (TESOL) (Online) students have access to a range of online learning resources, all managed by Academics with an array of online teaching experience. The online delivery adds to the internationalisation of the program, as students can be anywhere in the world and have access to the virtual classroom.

The Bond TESOL difference means that students will receive a personalised online learning experience, in small class sizes, working with like-minded individuals from all over the world, who bring a truly international flavour to the online classroom. The friendships formed often lead to industry contacts and introductions overseas.

Our graduates tell us that this combination of experience, international perspective and contacts put them way ahead of the competition when it comes to applying for teaching positions.

- Online delivery with access to the virtual classroom anywhere in the world
- Work with like-minded individuals from across the globe in the learning community
- Learn from experienced teachers from diverse backgrounds

Graduate Certificate in TESOL	Starting	Duration	Fees per semester*
CRICOS Course Code 063445E	Jan	1 semester (4 months)	\$9,720

The Graduate Certificate in TESOL is a full-time program designed to provide initial training for teachers of English as a second language. It provides the basis for language teaching methodology and its practical applications. You are required to complete at least 100 hours of a theoretical component and a minimum of six hours

supervised classroom teaching. This program provides specialist training in English language teaching theory and practice for teachers or those planning to become teachers. It provides the theoretical basis and practical language teacher training required.

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. 	Jan	1 semester (4 months)	\$9,720

The Graduate Certificate in TESOL (Online) provides initial training for teachers of English as a second language. It provides the basis for language teaching methodology and its practical applications. Students are required to complete at least 100 hours' theory and at least 6 hours' supervised classroom teaching.

- Experience small class sizes and personalised learning
- Interactive, virtual online classroom
- Collaborative online face-to-face learning
- Innovative content delivery using Blackboard Collaborate Ultra platform
- Learn from experience teachers from diverse backgrounds
- This program is not available to international students who intend to apply for a student visa.

Master of International Relations	Starting	Duration	Fees per semester*
CRICOS Course Code 078661G	Jan May Sep	3 semester (1 year)	\$14,727

Bond University's Master of International Relations program is an innovative, future-focused program that is attuned to the dynamics of the globalising world and its multiple diplomatic channels.

You will gain a solid grounding in contemporary, theoretical and cultural issues.

Expanding your career opportunities in the modern era, requires a deeper appreciation of the intricacies of international affairs. Increasingly, employers require skills in advanced research and critical thinking. The Master of International Relations at Bond

incorporates both coursework and research options, equipping graduates with refined research skills and a solid grounding in contemporary, theoretical and cultural issues. Specifically, an understanding of regional and global politics, development, strategic decision making, sociology and economy will prepare graduates for careers in diplomacy, international trade and government. Graduate sooner with Bond's accelerated degrees!

- Learn in small class sizes with likeminded students
- Opportunity for internship or study tour for eligible students
- Graduate in just 1 year with Bond's accelerated degrees

Master of Philosophy	Starting	Duration	Annual fees
CRICOS Course Code 072092F	Jan May Sep	2 years	\$39,760

The Master of Philosophy develops independent research skills and the ability to relate a specific research topic to a broad framework of knowledge. The program places a major emphasis on independent

enquiry (initiative), a thorough understanding of domain-specific knowledge, competence in research methodologies and the ability to communicate research results. This program serves as a pathway to the Doctor of Philosophy (PhD).

Doctor of Philosophy	Starting	Duration	Annual fees
CRICOS Course Code 063150J	Jan May Sep	4 years	\$39,760

The Doctor of Philosophy develops independent research skills and the ability to relate a specific research topic to a broad framework of knowledge. The program places a major emphasis on independent

enquiry, a thorough understanding of domain-specific knowledge, competence in research methodologies and the ability to communicate research results.

SOCIAL SCIENCES, PSYCHOLOGY AND COUNSELLING

Master of Criminology	Starting	Duration	Fees per semester*
CRICOS Course Code 078659A	Jan May Sep	3 semesters (1 year)	\$16,233

The Master of Criminology program provides you with skill development and training as well as scholarly appreciation of crime, justice and forensic issues. The program provides an understanding of a broad range of issues involving criminology theories, contemporary information on crime prevention, the theory and

practice of punishment, criminal offenders, the police, courts and correctional institutions, including current crime and deviance issues. You will be provided with both knowledge and research skills and techniques required for the analysis of criminological issues and an understanding of how to critically evaluate published research.

Graduate Certificate in Criminology	Starting	Duration	Fees per semester*
CRICOS Course Code 083525F	Jan May Sep	1 semester (4 months)	\$12,380

The Graduate Certificate in Criminology provides an understanding of a broad range of criminological theories and practical applications. This program will prepare students to undertake professional or skilled work, or as a pathway to more advanced areas of study. Students will be prepared to understand, evaluate

and conduct research at a high level, understand knowledge acquisition and critical thinking, and will be exposed to theoretical concepts within criminology as well as performing evaluations of criminal behaviours through case studies.

Master of Professional Psychology	Starting	Duration	Fees per semester*
CRICOS Course Code 096695C	May	2 semesters (8 months)	\$21,760

The Master of Professional Psychology will provide selected Psychology graduates with a fifth year of professional training in Psychology. The degree will incorporate both coursework and supervised training and practice with the aim to provide students with a thorough grounding in professional practice to meet the accreditation standards set by APAC. On completion of this program, students will be able to seek registration as a general Psychologist following a further sixth year of approved supervised practice.

- Undertake professional experience in the on-campus Psychology Clinic
- Gain a professionally recognised qualification
- Learn from internationally recognised academics and consolidate the necessary skills to progress to full registration as a Psychologist

Master of Psychology (Clinical)	Starting	Duration	Fees per semester*
CRICOS Course Code 063429E	May	6 semesters (2 years)	\$14,007

This program is designed for individuals seeking registration as a clinical psychologist or for registered psychologists seeking to upgrade their existing qualifications.

The program provides in-depth training in the diagnosis, assessment and treatment of psychological disorders across a wide range of client populations. There is an emphasis on the scientist-practitioner approach.

- Undertake practical placements in the on-campus Psychology Clinic, as well as with external employers[^]
- Gain a professionally recognised qualification
- Learn from internationally recognised academics and consolidate the necessary skills to progress to full registration as a Psychologist

[^]Students may be required to travel outside the Gold Coast region to undertake their external placement. Students are responsible for arranging their own transportation to and from externship locations. If external placements are not completed on time students may need to extend beyond the six semesters in order to complete all the necessary components of the program. This may have an impact on Australian students in receipt of Centrelink benefits, and students are responsible for informing themselves on this matter.

*Fees per semester are based on an average calculation of 2021 domestic fees for Australian students and may differ depending on the subjects and majors you take in each semester. For more information on current fees, visit bond.edu.au/fees. Fees are not inclusive of additional costs such as Student Activities Membership, accommodation, textbooks and living costs. For more information about entry requirements, visit bond.edu.au/programs.

Graduate Diploma of Psychological Science

Starting

Duration

Fees per semester*

CRICOS Course Code 063195G

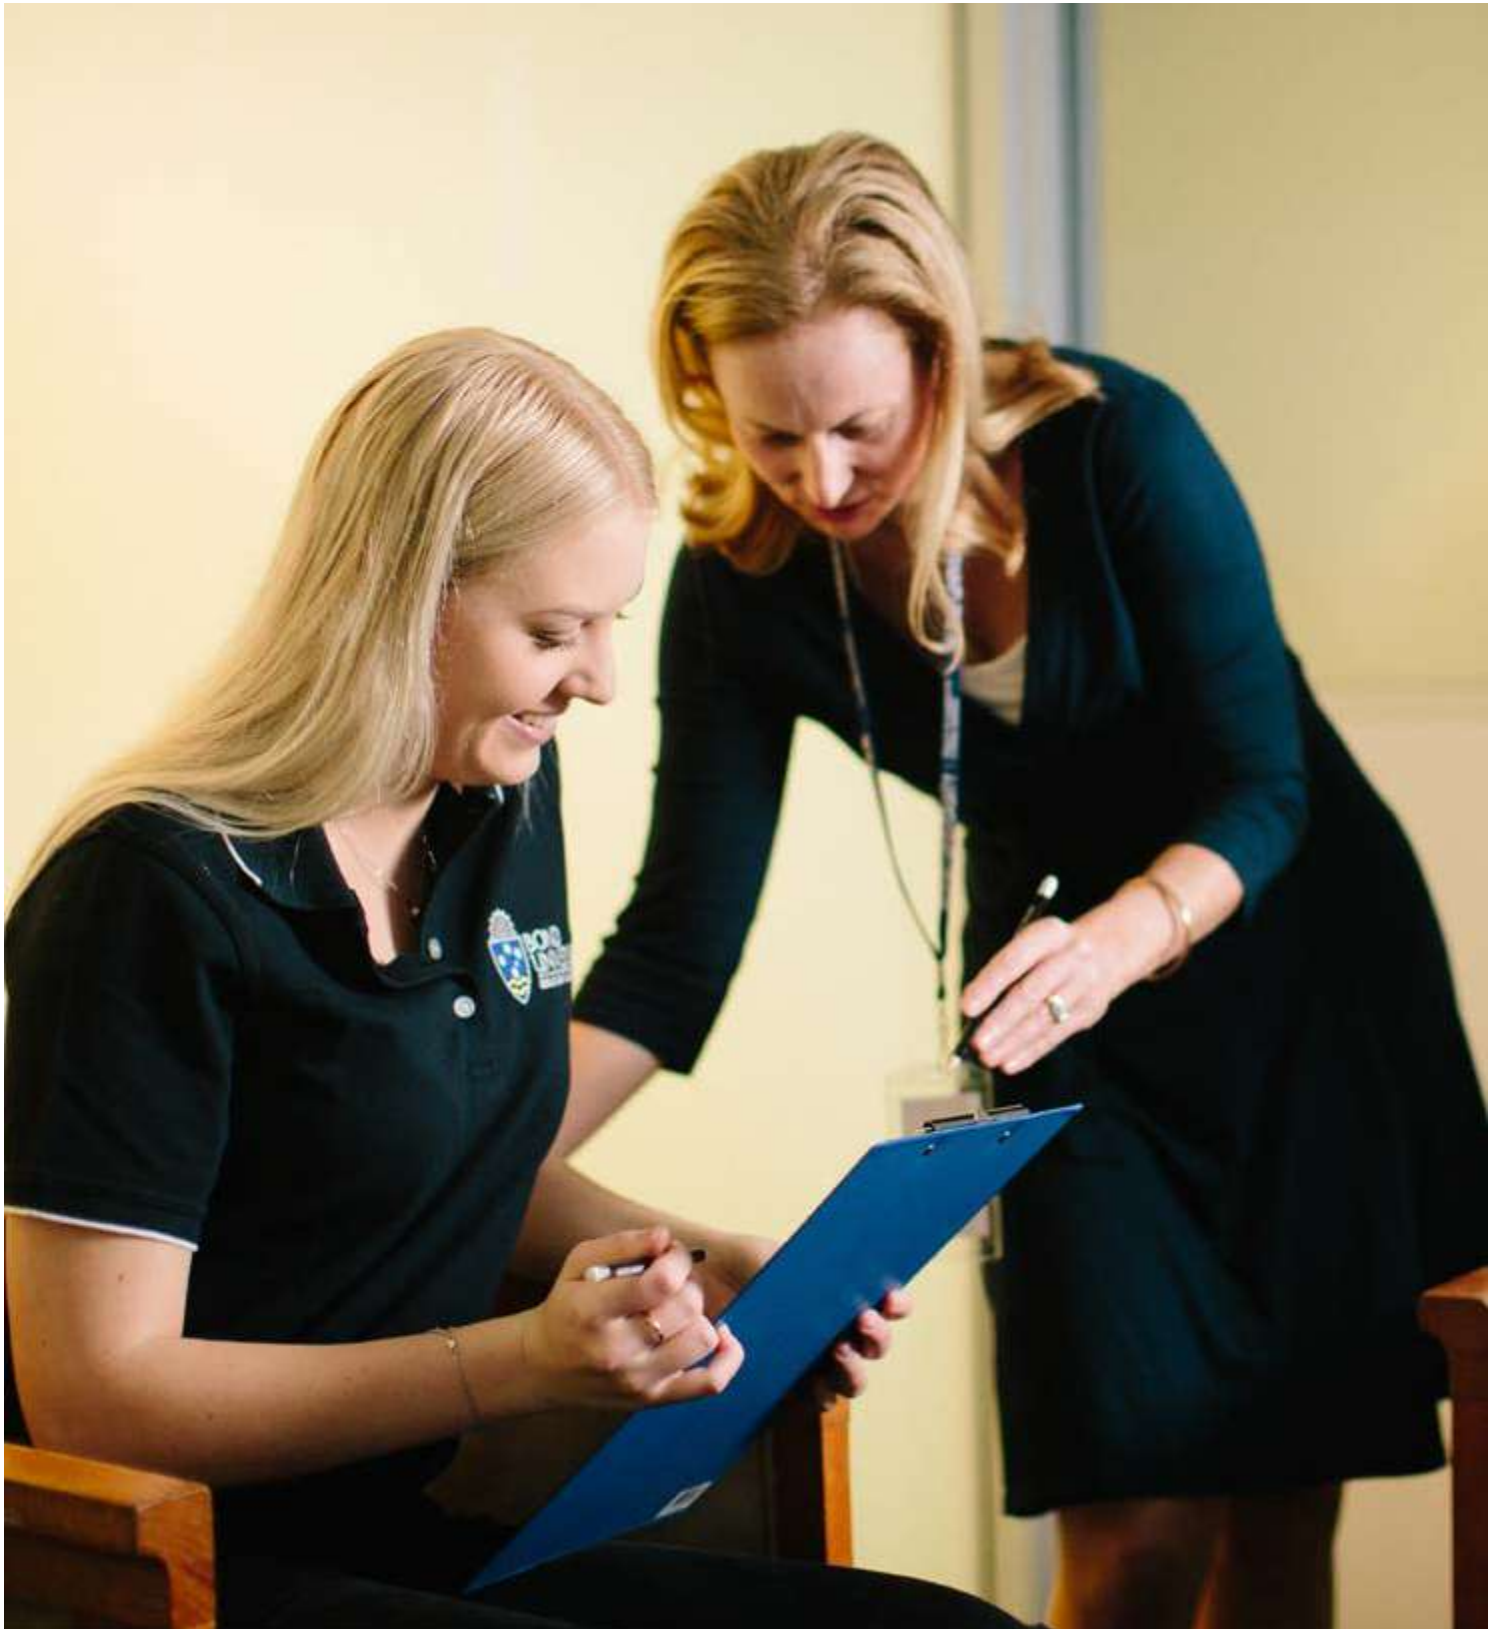

Jan
May
Sep

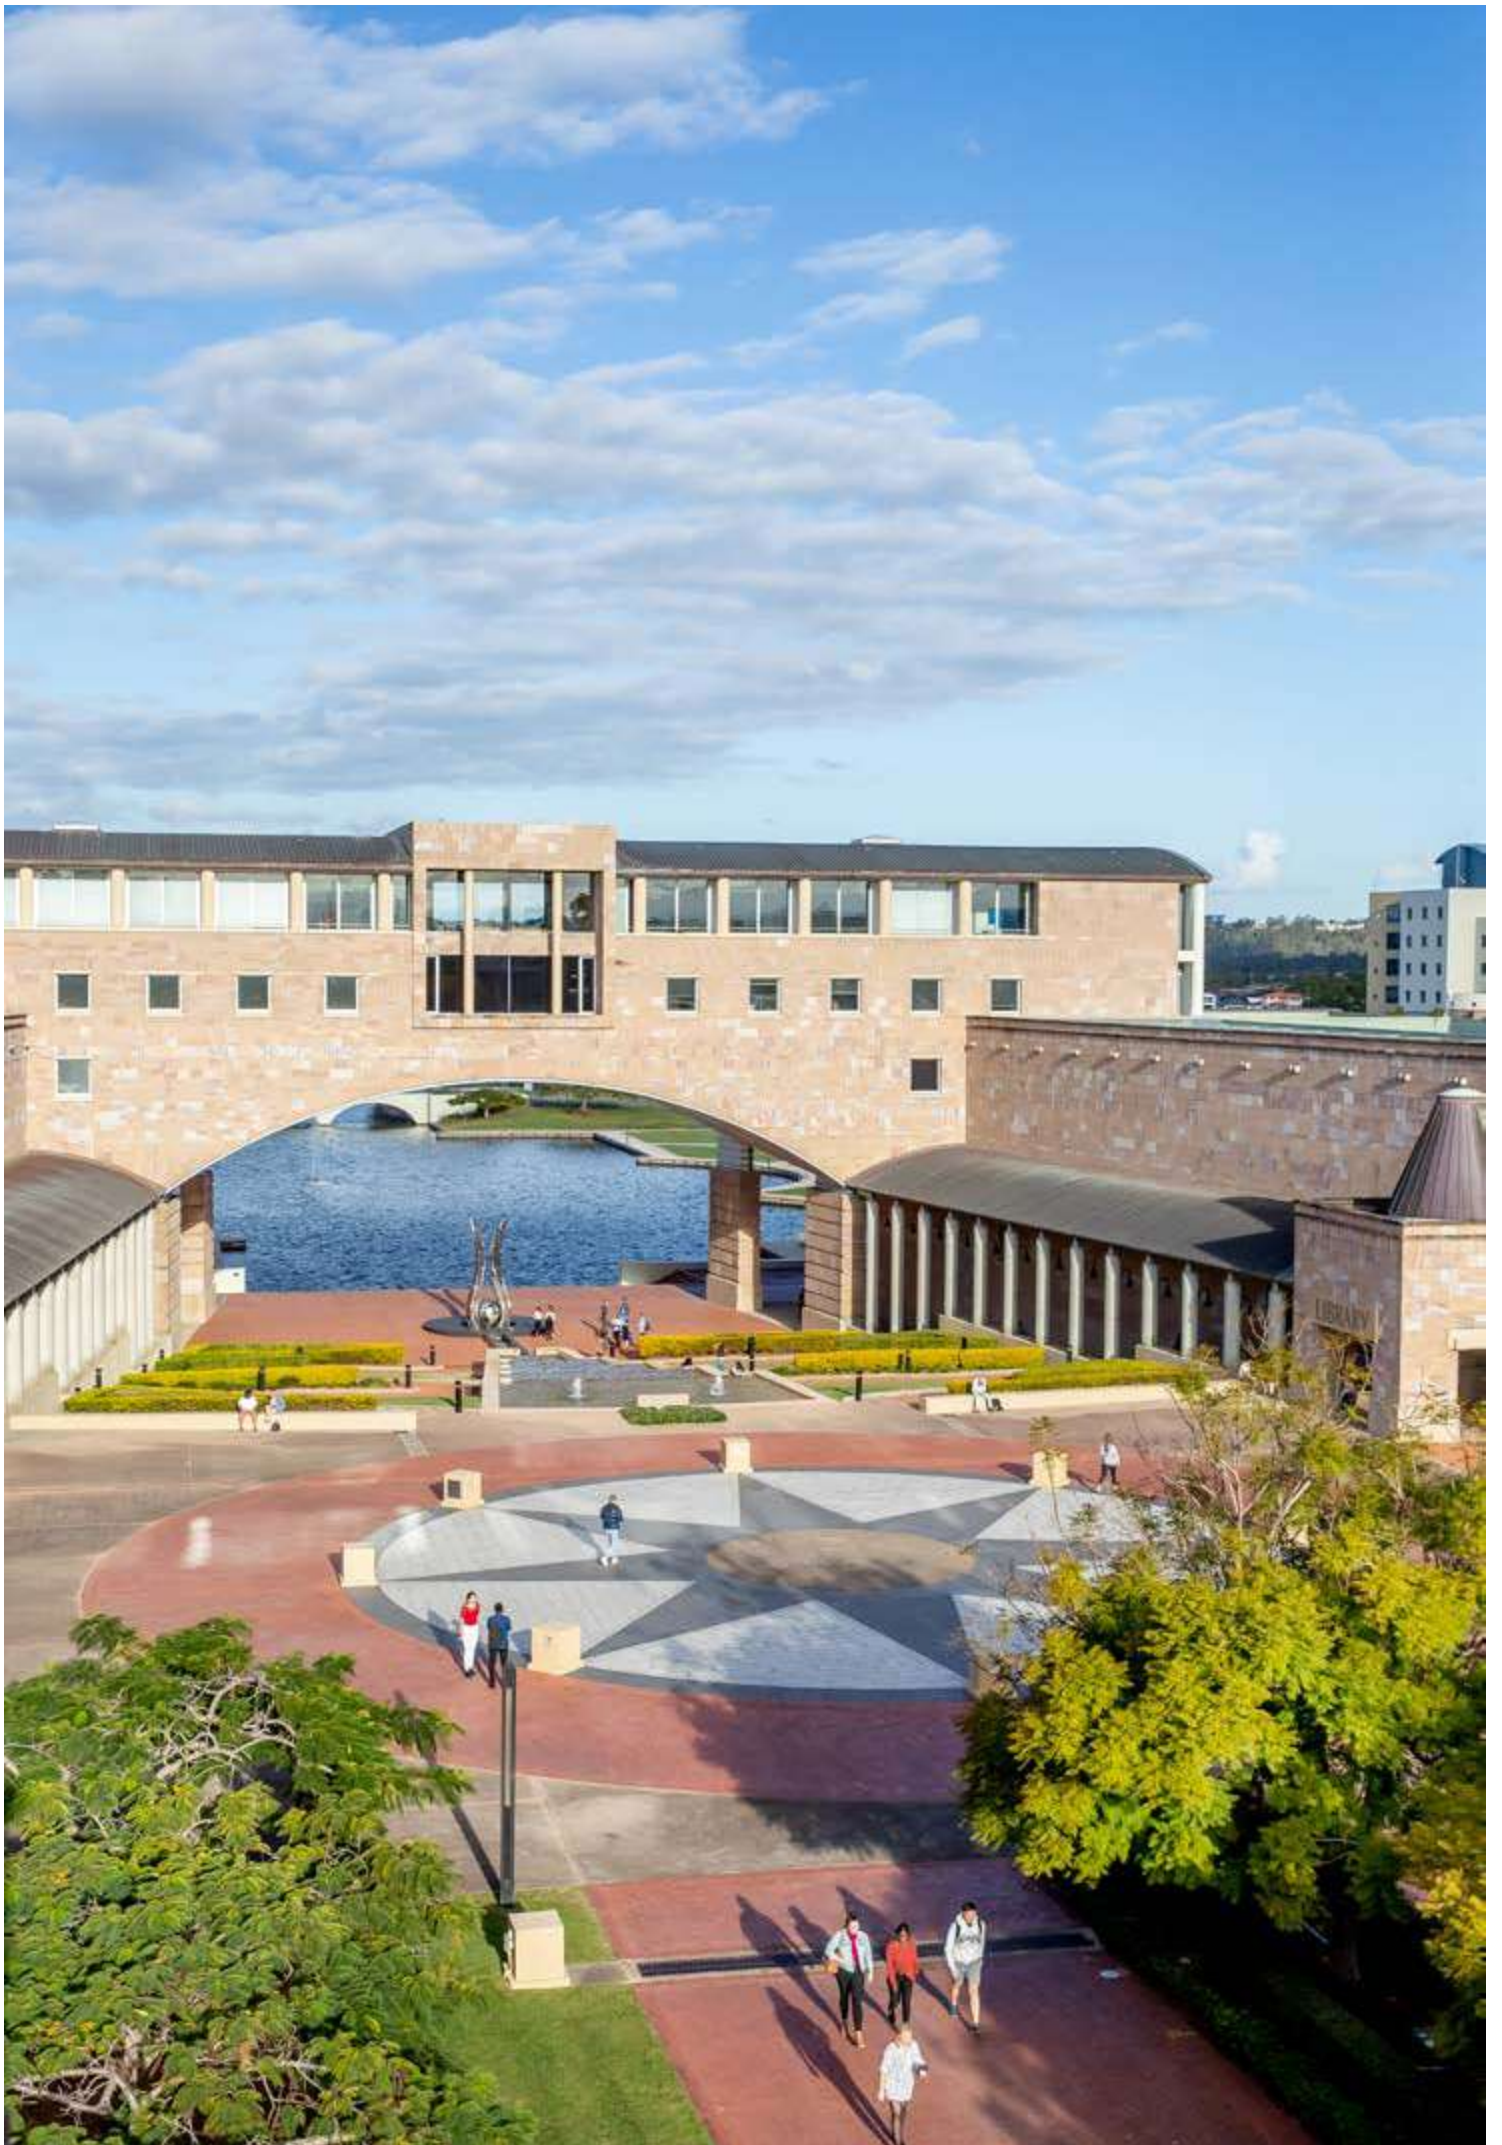

2 semesters
(8 months)

\$17,885

The Graduate Diploma of Psychological Science is designed to provide students with an integrated, comprehensive, and complete education in the discipline of psychology. Students undertake advanced training in a range of methodological (research methods, psychometrics, statistics) and applied areas, and develop

competence in conducting research. All applied material is based on the scientist-practitioner model, and evidence-based approaches to psychological intervention are stressed.

HIGHER DEGREES BY RESEARCH

Bond University offers postgraduate research degrees, at master's and doctoral level in all faculties. These include the Master by Research, Master of Philosophy (MPhil), Doctor of Legal Science (SJD), Doctor of Philosophy (PhD) and Doctor of Philosophy by Published Work (PhD).

The University fosters innovative and entrepreneurial research that contributes to new ideas in regional, national and global contexts. Our partnerships with private enterprise, industry organisations, government agencies and international universities give candidates opportunities to learn and work with world-leading ideas and people in a range of knowledge economy disciplines.

Be part of a high quality research environment and benefit from our strong focus on postgraduate research studies. The Bond experience brings broader benefits including:

- Access to external and University scholarships
- Our team supervision approach which provides students with access to a broad range of research skills and expertise
- Access to a broad range of undergraduate or postgraduate subjects
- Foundational research training including the theory of knowledge, research methodology, ethics and research communication
- An innovation induction and professional development programs to enhance the educational experiences of postgraduate research students
- Comprehensive research support including publications, grants and ethics

The Research Training Program provides fee-free postgraduate research degree places to eligible Australian or New Zealand citizens, or Australian permanent residents. For more information and to make an expression of interest, visit bond.edu.au/postgradresearch.

Each Faculty offers specialty expertise and independent research capability in a range of disciplines.

FINANCING YOUR DEGREE

FEE-HELP

FEE-HELP is an interest-free student loan program funded by the Australian Government for all Australian citizens and others who meet the eligibility requirements.

As of 2020, students can borrow up to \$106,319 for any program except medicine, which has a limit of \$152,700.

Repayments are made through the taxation system at a minimum rate of 1 per cent per annum when your annual income reaches \$45,881. The rate of repayment increases as annual income increases.

You can apply for FEE-HELP online once you have received an offer from Bond University with your Student Identification Number.

studyassist.gov.au

LOYALTY DISCOUNTS

Bond offers a number of loyalty discounts to students who have a direct family member attending an eligible program at Bond or who have completed an eligible program here. These loyalty programs may provide a reduction of up to 10 per cent on tuition fees.

OTHER GOVERNMENT ASSISTANCE

Most Australian students who receive some form of government income support are on either Youth Allowance or Austudy / ABSTUDY. Contact Centrelink for more information on eligibility.

STUDENT OPPORTUNITY FUND

As a Bond student, you will have access to a range of experiences and activities that will enhance your learning. The Student Opportunity Fund can help to finance those added extras with assistance available up to \$2,000. For more information, visit bond.edu.au/student-opportunity-fund.

SCHOLARSHIPS

One of the key ways Bond University identifies future leaders is through our scholarship program. Part tuition scholarships and bursaries are awarded to postgraduate applicants who have demonstrated outstanding academic ability, community involvement, sporting achievements and strong leadership skills.

BOND UNIVERSITY SCHOLARSHIPS (NON-RESEARCH BASED)

Bond University funds a number of scholarships for students studying at a postgraduate level.

For information on all postgraduate scholarship opportunities including application deadlines, eligibility criteria and scholarship conditions, please visit bond.edu.au/scholarships or or contact your Domestic Regional Manager by visiting bond.edu.au/contact.

BOND UNIVERSITY HIGHER DEGREE RESEARCH SCHOLARSHIPS

Higher degree research (HDR) scholarships aim to ensure students have sufficient resources whilst studying at Bond.

Scholarships are awarded to commencing doctoral degree research students through a competitive selection process, to provide financial support to HDR students for a specified period while they are studying. Learn more at bond.edu.au/researchers/higher-degree/scholarships-support.

RESEARCH TRAINING PROGRAM

These scholarships are funded by the Australian Government. Stipends and fee-waiver scholarships are available for domestic and international students seeking to undertake research-based postgraduate degrees. For further information visit education.gov.au/research-training-program or bond.edu.au/researchers/higher-degrees/scholarships-support.

HOW TO APPLY TO BOND

1

PICK YOUR PROGRAM

Deciding on a degree or program is a personal choice. It's about choosing the right program for you - your interests, your future.

2

APPLICATION PROCESS

Applying to study at Bond is easy! Applications for most Bond programs (excluding the Medical Program[^]) can be lodged at any time directly to the University, you do not need to go through QTAC. Applications for the Medical Program[^] are only open to domestic students and must be lodged through Queensland Tertiary Admissions Centre (QTAC) at (qtac.edu.au).

3

REQUIRED DOCUMENTS

Make sure that you complete all required fields in your application form including uploading required documentation.

This documentation may include:

- Academic Transcripts
- Photo identification
- Professional references
- Any other documents required for specific programs

bond.edu.au/application-tips

4

APPLICATION SUBMISSION

Agree to the application declaration and click 'Submit'. You'll receive an email from Bond University to confirm your application was successfully submitted.

5

APPLICATION PROCESS TIME

The application review process will normally take two weeks provided all supporting documentation has been provided.

6

RECEIVE YOUR LETTER OF OFFER

As a successful applicant, you will receive an email from us offering you to officially become a Bond student.

This email includes:

- A formal Letter of Offer from Bond University
- A Response to Offer form
- Information about fee payment options and accommodation

7

ACCEPT YOUR OFFER

You are two steps away from confirming your place and joining Bond University! To accept your offer all you need to do is complete and return your Response to Offer form to admissions@bond.edu.au and pay the required fees as listed on your offer.

8

ORIENTATION

Your first introduction to university life! Orientation is the perfect time to make new friends, find your way around campus and complete your enrolment at Bond. The Orientation experience features an exciting program of social activities where you can relax and meet people, and there are lots of information hotspots to help you get ready for university life.
