BE FLEXIBLE

STUDY MODES

On-campus

If you are in Australia on a student visa you must study full time on campus. While in Australia, you are able to undertake some units within your course online provided it is: no more than 33 per cent of your entire course; approved by the University; and not entirely online in a compulsory term.

Online

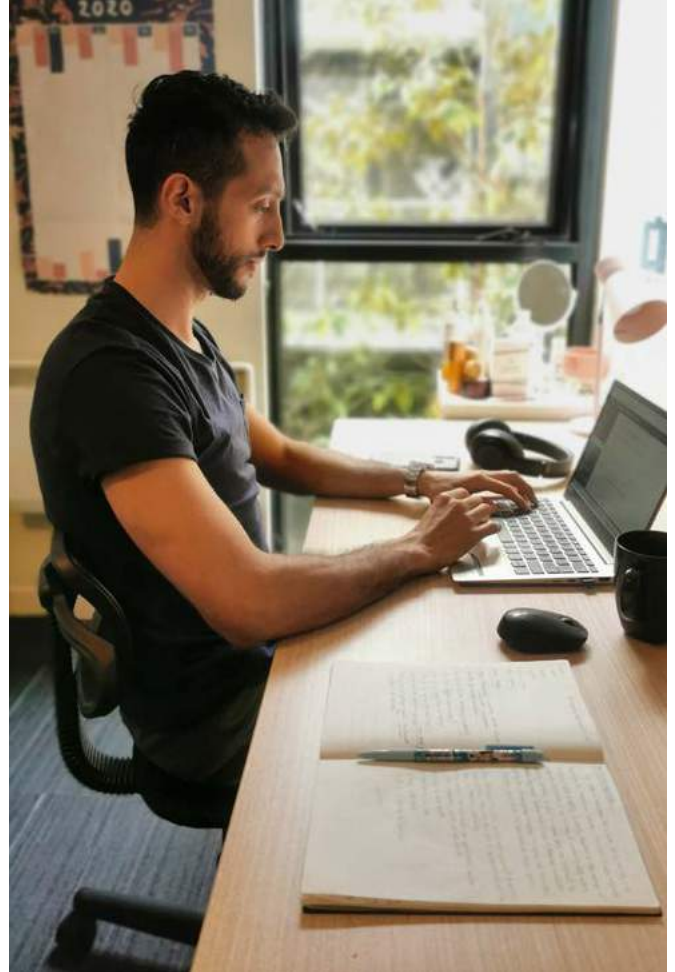

We have a strong record in delivering courses and units in highly advanced and innovative online environments, including Moodle, Zoom, online live classrooms and other online tools to maximise staff and student interaction.

By choosing to study online, you'll have the flexibility to study a world-class Australian qualification and graduate with the same qualification, all from the comfort of your home. If you choose to study online, you may choose part time or full time to study at your own pace. This is a perfect option if you need to balance work or family commitments or upskill to get ahead in your career. Some courses require you to attend a residential school in Australia for a short period of time.
