IRON AND STEEL INSTITUTE

The Iron and Steel Institute is the first institute in Turkey

FOREIGN STUDENTS FOR FULL DEGREE

Universities have the right for selection of foreign students. Foreign students are admitted to the institutions of higher education in Turkey on condition that applicants fulfill the requirements for student admission determined by the relevant institution of higher education and approved by the Council of Higher Education (YÖK).
- The applicants may be the students who are either high school graduates or are studying their last year in high school.
- Students with dual nationality who abandoned their Turkish or TRNC citizenship and who complete their entire high school education abroad.
- Citizens of TRNC who have completed their entire high school and have GCE A/L result is accepted.
- Students are accepted to the undergraduate programs according to the score of one of the international exams they take such as ABITUR, SAT1 etc. The accepted exams are listed in the link below.
<http://oidb.karabuk.edu.tr/yabanciuyruklu/puanturleri.pdf>

Foreign students can apply to Karabuk University and get a diploma and apply with their national exam results or enter the exam administrated by Students Affairs Office at Karabuk University. Further info can be found at <http://oidb.karabuk.edu.tr/en/defaulteng.htm#>
The Scholarships in Turkey: The public universities in Turkey do not provide any scholarships to foreign students but there are some scholarships available by the governmental organizations. Please visit the web site below. <http://www.trscholarships.org/>

MEVLANA EXCHANGE PROGRAM

Mevlana Exchange Program is a program run by Turkish Higher Education Council(YÖK). The program aims the exchange of students and academic staff between Turkish higher education institutions and higher education institutions of other countries. Students and academic staff exchange between Turkish higher education institutions and higher education institutions of other countries started with the regulation published 23 August 2011. The difference between Mevlana Exchange Program and other exchange programs, Mevlana Exchange Program includes all higher education institutions in the world regardless of their region.

ACCOMMODATION and FOOD FACILITIES

There is a public dormitory on campus run by The Higher Education Credit and Accommodation Institution and can accommodate nearly 3000 students. The price of State owned dormitory (YURT KUR) in the campus is relatively cheaper than that in many European countries. The dormitory offers students some facilities such laundry and dining hall. Students share the room with a roommate and each room includes private bathroom, personal desks, wardrobes and chest of drawers. The cost of YURT KUR is roughly 60€ per month.

There is a public dormitory on campus run by The Higher Education Credit and Accommodation Institution and can accommodate nearly 3000 students. The price of State owned dormitory (YURT KUR) in the campus is relatively cheaper than that in many European countries. The dormitory offers students some facilities such laundry and dining hall. Students share the room with a roommate and each room includes private bathroom, personal desks, wardrobes and chest of drawers. The cost of YURT KUR is roughly 60€ per month.

There are also many Private dormitories around the campus. Accommodation fee in private dormitories is approximately 175€ per month, including bed, breakfast, dinner and heating and Wi-Fi internet connection. And also students can live in flats on their own or may share the flat with friends. The prices are varied. The students can have lunch and dinner with their students ID cards at the campus between 11:30 – 19:30 in week days. Menus are prepared by a dietician thinking the students' daily energy and nutritional needs.

STUDENT LIFE

Students at KBU participate in the various activities such as recreational sport clubs, cultural clubs, Chess club, Folk dances club, Drama clubs, Dance clubs, and Photography club. Students can find ways of entertainment to meet their needs by joining one of these clubs. There are volleyball, basketball and tennis courts and 25000 seating capacity football stadium. And also there are different sports teams Bicycle Group, Taekwondo Team, Basketball team, Volleyball team, Boxing Team, Table Tennis Team, Canoe Team, Diving Team, and Rafting Team.

INTERNATIONALIZATION

Karabuk University's International relations office has been established to manage and develop International intitutional connections, staff and student exchanges and research programs. It has undertaken projects both at the graduate and undergraduate levels and staff mobility studies in Erasmus programmes. It is crucial that KBU involve in cooperative activities with universities having EUC to improve and innovate the quality of education. Major objective of the university is to become an integrated institution with the international curriculum in accordance with the principles of ECTS.

KARABUK UNIVERSITY

Date of Foundation: 2007 EUC Number : 249262
Erasmus ID code : TR KARABUK01 Legal Status : Public

Karabük University (KBU) is a public university which offers B.A., M.A., M.Sc. and PhD programme studies, intended to be compatible with the requirements implied by the Bologna Process. KBU holds a valid (2014-2020) Erasmus Extended Charter and has been awarded Diploma Supplement Label (DS) 2011-2014 and ECTS Label 2013-2016 by European Commission.

KBU has 14 faculties, (Letters, Science, Fine Arts and Design, Economics and Administrative Sciences, Technology, Theology, Business Administration, Engineering, Forestry, Tourism, Medicine, Dentistry, Architecture, Technical Education), 4 Institutes, 4 Higher Schools, and 7 Vocational Higher Schools, where approximately 36.000 students take education at both undergraduate and graduate levels.

At KBU, every freshman student is assigned to an advisor who guides students about the subjects related with education, training and other problems. European students can apply to Karabük University as exchange students, provided that their university has a bilateral agreement with KBU applicable for the departments or programs they are registered.

The 29th of May, 2007 marks the anniversary of the founding of our university, which bears the name of the city where University is located, Karabük, Turkey.

Pursing a higher education, starting with an associate's degree or a bachelor's degree, perhaps working up to master's or doctorate-level studies, leads to better job prospects and higher paying positions. Besides that it may help you to become more sensitive to cultural differences and be able to respect the beliefs of all types of people.

Higher education skills will help you find a lucrative career while teaching you how to deal with a variety of other real-life situations. The ability to solve problems and the ability to communicate with other people are even important in personal relationships. Higher education is more than a stepping stone to a career. It's about learning how to develop a better you.

The primary value of a university and its faculties lies in the people who work and study there: we are a community of people educating ourselves, educating others and ourselves through research activities.

We are facing considerable challenges to be dealt with: the economic crisis; unemployment, especially for young people; changing demographics; the emergence of new competitors; new technologies and modes of working.

We need more creative, flexible and entrepreneurial young people who are equipped for the challenges of today's ever changing work environment.

We consider contributing to our students' development to become creative thinkers and professionals that will meet the society as competent, critical, and reflective citizens, a decisive duty of the society.

One of our main goals is to create a thriving international study environment and the presence of students from abroad is a valuable necessity.

Our university cooperates with other educational institutions and the private sector for the needs of implementation of practical work of our students, where at the same time explore the possibilities of creating jobs for graduate students of our University. We are here for you!

Prof. Dr. Refik POLAT
Rector
