MESSAGE FROM THE DEAN
RÉGIS GLORIEUX
Founder of Vatel Bordeaux

Ever since Vatel Bordeaux was created 26 years ago, I have sought to uphold what I consider to be essential values in education – rigor, excellence, ambition, consideration for others and respect – among our students, teachers and the professionals who work with us.

With the opening of our international courses dedicated to English speaking students, we focus on providing multicultural top-class education to future professionals in the hospitality, tourism and wine & spirits industries, on the international stage.

By participating in international competitions such as the "Hospitality Awards", opening a 2nd campus in 2018, managing the only hospitality management school in France integrating a 4-star "European Eco-Labeled" Hotel, Vatel Bordeaux continues to innovate and invest for the good of its students, teachers and administrative staff, partners and all those we have the opportunity to work with.

We thrive pleasure from welcoming future professionals to Bordeaux.

CLAUDIA VERVER Y VERGAS

Corporate Strategy and International Business Game Coach

'I integrated the hospitality industry 17 years ago. My strategy, from the beginning, was to try an integral approach in order to understand all the synergies from several departments at different dimensions. I started in operations, academically and professionally. I did my bachelor's degree, then gained some corporate and managerial experiences, as an entrepreneur for 2 restaurants, a catering service, bar and a pastry/bakery shop, then as new projects' director at a AAA group of restaurants in North America (Mexico and USA).

After all this I decided to continue towards an academic path. Once I completed my MBA, I decided to move to Bordeaux and did a wine school in order to complete my F&B profile. After that, I moved back to South America, more specifically Mexico as an associate financial consultant at HVS where I was able to discover a corporate approach by working on big macroeconomic and strategical developments for major international hotel chains.

Passionate about Artificial Intelligence and all its possible applications in our industry, I just obtained an executive diploma from MIT and am developing some projects in this field (entrepreneur).

It has been 4 years that I am speaker at Vatel Bordeaux (for the MBA) and I truly appreciate their vision of essential knowledge for future managers but adapted to new market needs, by understanding the speed of innovations and dynamism that our industry is currently going through (fourth industrial revolution). We try to prepare students for « real life » situations.'

BORDEAUX EXPERIENCE: ADRIEN CASCIO

Head Sommelier at Château Lafaurie - Peyraguey

“Thanks to Vatel Bordeaux’s internship opportunities, I had the chance to work in some of the leading institutions in the international hospitality industry such as Royal Monceau Raffles Paris and learn from famous Parisian Sommeliers.

In 2016, I became Head Sommelier at Le Gabriel restaurant, at Place de la Bourse in Bordeaux. I was in charge of serving wines and other drinks in the gourmet restaurant and bar area. I handled the supply, management and accounting tasks for the entire wine cellar on a daily basis. As semi-finalist in the 2017 Trophée Duval Leroy - Best Young Sommelier of France Competition, more and more professionals of the region have confidence in me and recognize my expertise.”

In 2018, I took over the sommelier activities at the Restaurant Lalique, part of Château Lafaurie - Peyraguey in Sauternes.

BORDEAUX EXPERIENCE: VANA GOLEM Bachelor Student

'Bordeaux is a very welcoming and charming place. A lot of sightseeing to enjoy like the Quais de la Garonne. It kind of reminds me of the beach bar atmosphere we have in Croatia. I like the architecture, which shows similarity in our European roots. What impressed me is how simple transportation is in Bordeaux. Tram lines and buses are well organised, with clear indications. It makes it much easier to get around the city.'

Thanks to Vatel Bordeaux I have been able to advance in the hotel sector and in the Asian continent. In France, there are a lot of hotel schools but very few that equal Vatel Bordeaux in education standards. The success of this school is linked to the many internships it offers to its students which boost our learning quality. Moreover, we were at that time 20 classmates and we were like a family.
