THIS IS OUR PETERBOROUGH CAMPUS

SEE YOURSELF AT CANADA'S MOST INSTAGRAMMABLE UNIVERSITY CAMPUS

"A sensory feast ... Hogwarts-like"
"Endlessly photographable"

This is Trent University. Located on the picturesque banks of the Otonabee River, Trent's Symons Campus provides the perfect backdrop for you to live, learn and be inspired. Just 90 minutes from downtown Toronto, the campus blends award-winning architecture with state-of-the-art research facilities and dynamic student spaces. Here, the variety of academic programs and hands-on learning experiences are as abundant as opportunities to get involved in student life. In this environment, you will connect and interact with other students and your professors without feeling lost in the crowd.

Learn more about life in Peterborough on page 10.

Follow @TrentUniversity on Instagram to see more.

CAMPUS QUICK FACTS

- 7,805** undergraduate students
- 623** international students from 79 countries
- 18:1** student-faculty ratio
- 1,400** acre campus
- 30 km** of hiking trails
- 10x** per day GO buses run from campus to Toronto

ICONIC PLACES MEET NEW SPACES

This is the best time to be a new student at Trent. Why? We've renovated and developed new state-of-the-art facilities right here on campus – just in time for you to enjoy them.

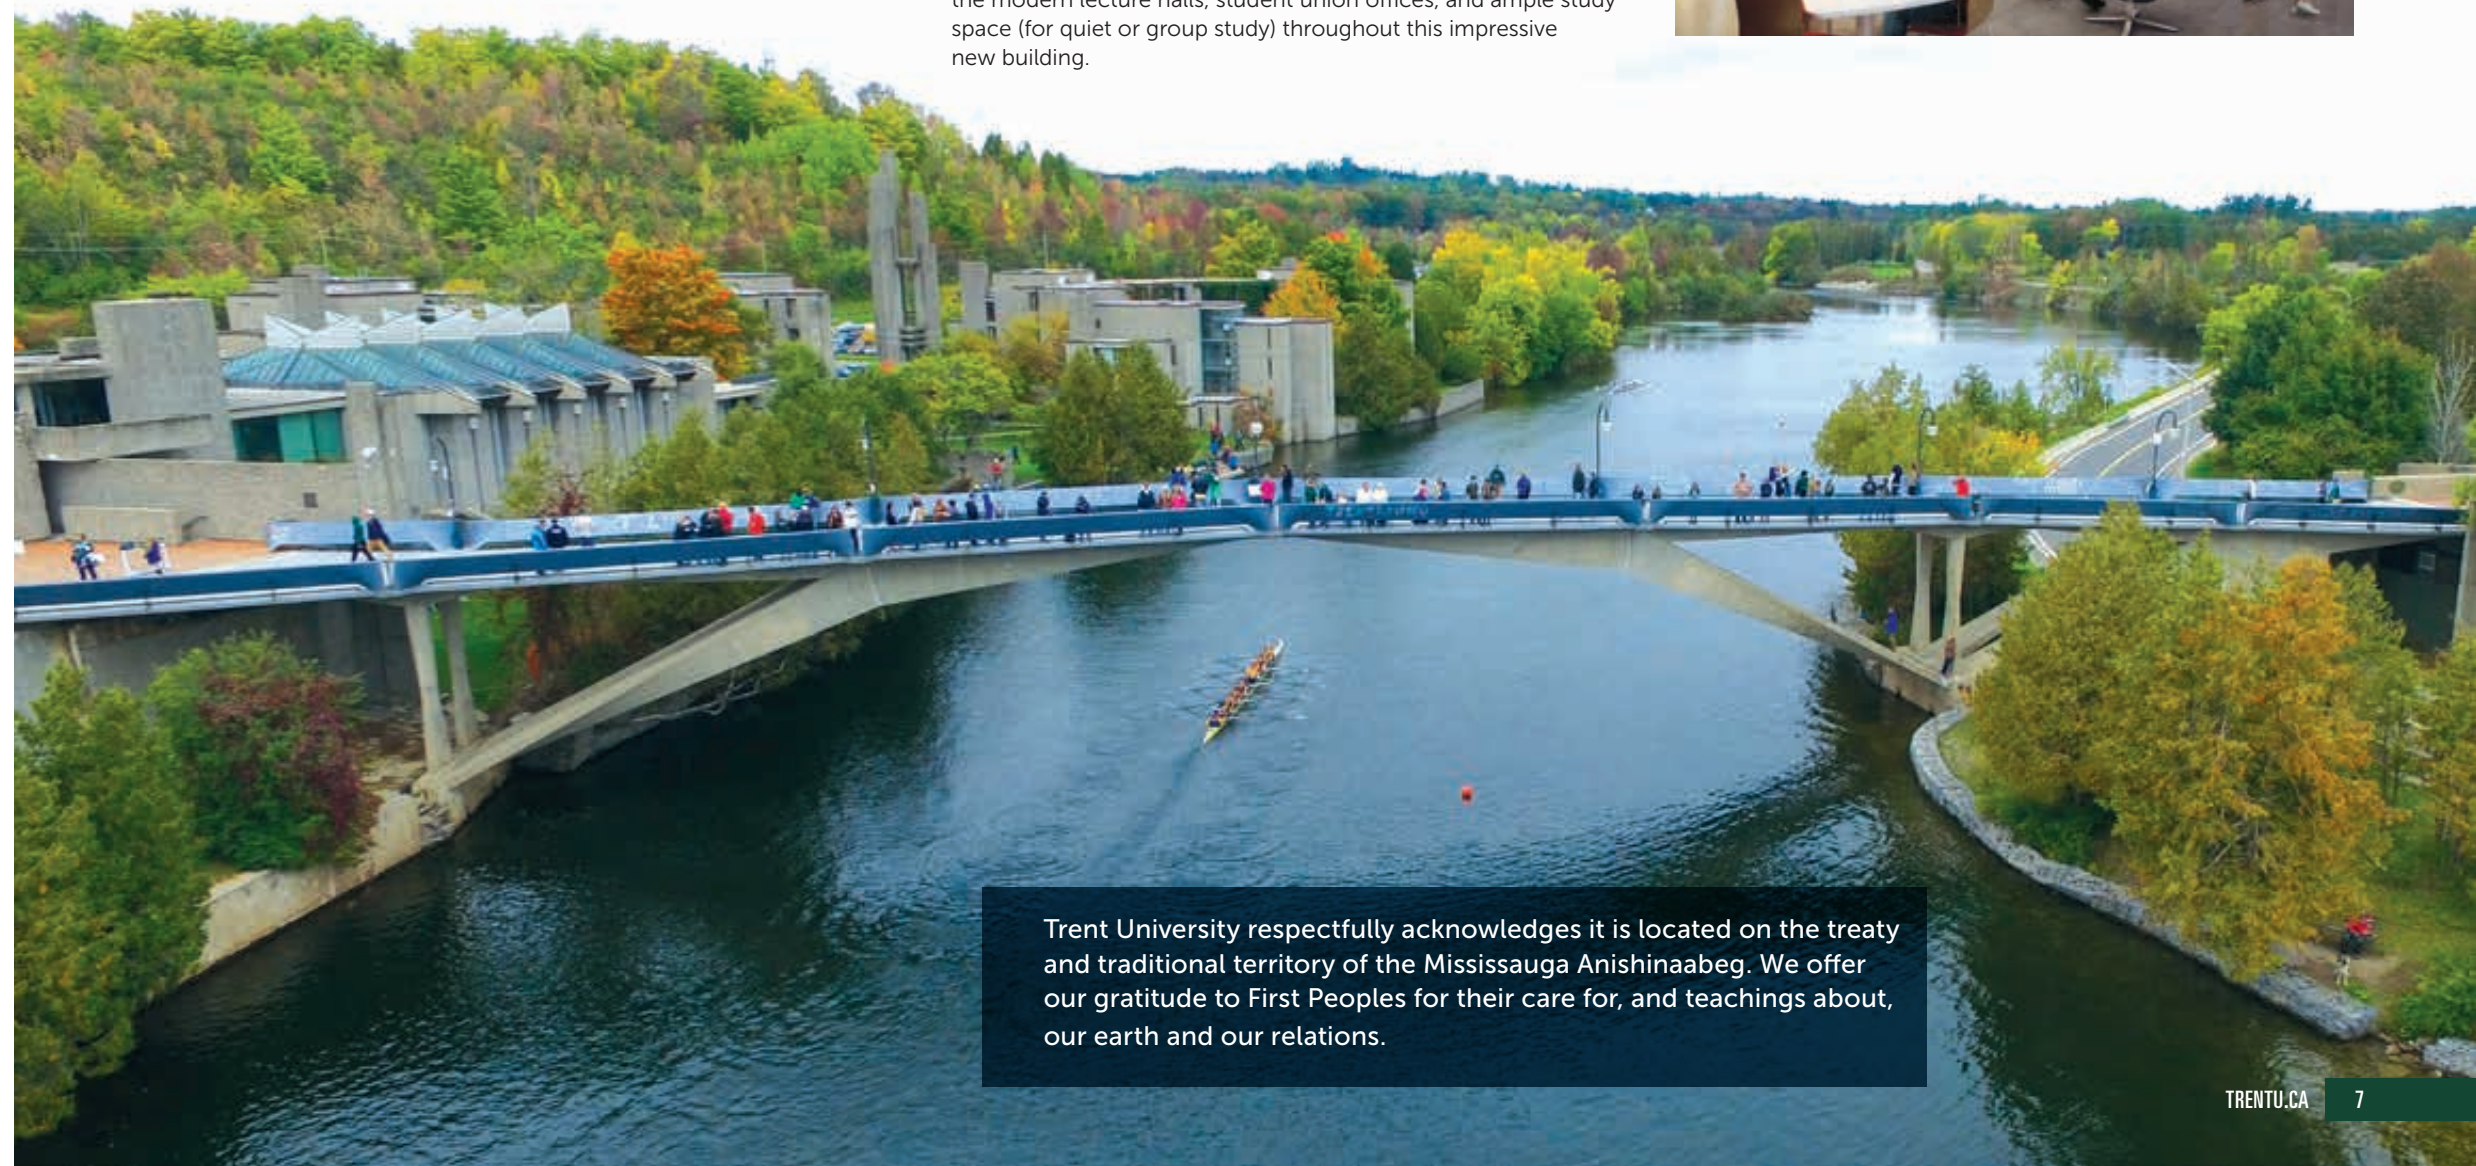

THE VIEW FROM HERE: NEW STUDENT CENTRE

Our new Student Centre was built for and by our students and has some of the best river views on campus. Grab your favourite latté from the Starbucks on the main floor before you explore the modern lecture halls, student union offices, and ample study space (for quiet or group study) throughout this impressive new building.

DISCOVER THE LIBRARY OF THE FUTURE

New visualization labs, makerspace, collaborative and interactive learning spaces, as well as a versatile collection of books and digital resources to support your learning – just a few highlights of the newly transformed Bata Library. Reopened in 2018, our library of the future is bound to become one of your favourite spots on campus.

Trent University respectfully acknowledges it is located on the treaty and traditional territory of the Mississauga Anishinaabeg. We offer our gratitude to First Peoples for their care for, and teachings about, our earth and our relations.

WELCOME TO OUR DURHAM GREATER TORONTO AREA CAMPUS

A TRANSFORMATIVE LEARNING EXPERIENCE IN THE GTA

At Trent University Durham GTA, education is on a personal scale. With one of the best student-to-faculty ratios out there, our extraordinary commitment to teaching is what sets Trent Durham apart. Here, leading academic programs with a common focus on social responsibility are taught by the experts – distinguished historians, award-winning authors, renowned social scientists and top researchers, just to name a few. Combine this with hands-on, career-ready experience and an abundance of opportunities for student engagement and you have all the tools needed to put you on a trajectory toward future success, no matter what path in life you choose.

Learn more about life in the GTA on page 11.

JOIN AN EXPANDING CAMPUS...BE PART OF AN EXCITING FUTURE

It's an exciting time to be a part of the Trent University Durham GTA community. To keep up with popular demand, we have plans to expand and add several advanced new facilities and amenities – some of which could be opening during your time at Trent.

Artist rendering subject to change

ON-SITE STUDENT RESIDENCE

With a new residence planned for your second year, you will be able to live on campus and experience all that Trent Durham has to offer 24/7.

CENTRAL OUTDOOR GREEN COURTYARD

This might just become your favourite spot to catch up with friends, have a snack and study or just enjoy the sunshine and fresh air.

ACADEMIC SPACES

Your academic experience will be next level when you enjoy classes held in state-of-the-art lecture halls and new spaces for research innovation.

FROM HERE TO THE WORLD

PETERBOROUGH OR DURHAM GTA – THERE’S PLENTY TO EXPLORE AND DISCOVER IN YOUR NEW COMMUNITY

WELCOME TO PETERBOROUGH Canada’s Electric City

The City of Peterborough blends a thriving arts, culture and entertainment scene with the breathtaking natural landscapes of the beautiful Kawartha Lakes region. This relaxed and friendly community offers the perfect backdrop for students who want both an ideal place to study and a chance to make lasting memories with new friends at the city’s trendy restaurants, cafés, pubs, and festivals. Whether you’re a nature lover, adventure seeker, foodie, or all of the above, Peterborough is a wonderful place to live, study, and explore.

Downtown Peterborough

DID YOU KNOW...?

- › An abundance of biking, paddling and indoor rock climbing options make Peterborough one of the 21 most active cities in Canada.
- › Peterborough is home to the world’s highest hydraulic lift lock.
- › Aroma from the Quaker Oats factory makes Peterborough smell like freshly-baked cookies.
- › Peterborough boasts Canada’s lowest unemployment rate.

PETERBOROUGH QUICK FACTS

- 220,000** population Greater Peterborough Area
- 90 min** to downtown Toronto (even faster when the 407 extension opens)
- 100+** parks and trails
- 300+** annual festivals and events

TOP 25 friendliest cities in Canada

Peterborough Musicfest

Downtown Oshawa

TOP 10 COMMUNITY for new residents in Canada

WELCOME TO OSHAWA

Urban Vibe in a Close-Knit Community

Home to Trent Durham GTA, the City of Oshawa in the Durham Region offers the best of both worlds, giving students a smaller close-knit community while only a short commute to Toronto — Canada’s largest and most culturally diverse city. Outdoor enthusiasts will appreciate the Region’s natural beauty, as you explore the extensive trails network or savour the picturesque surroundings at stunning Lakeview Park. Nearby, enjoy a vibrant greenbelt, state-of-the-art sports facilities, premier shopping centres and a thriving arts and entertainment scene — all minutes away from the Oshawa GO Station and Highway 401. For students who want to be close to the action while enjoying the charm of a close-knit community, the GTA is a wonderful place to visit, explore and discover.

The lakeshore

DID YOU KNOW...?

- › Blockbuster films shot in the Durham Region include *IT*, *X-Men*, *Billy Madison*, and *Life of Pi*.
- › The name Oshawa originates from the Ojibwa term *aazhaway*, meaning “the crossing place.”
- › The City of Oshawa is #1 for employment in Ontario; #3 in all of Canada.

DURHAM GTA QUICK FACTS

- 50+** restaurants, pubs and cafés in downtown Oshawa

STUDENT LIFE: GET INVOLVED

MAKE FRIENDS AND MEMORIES FOR LIFE.

DISCOVER ALL THE WAYS YOU BELONG AT TRENT UNIVERSITY.

At Trent University, academics are just the beginning of your university experience. Outside the lecture hall, Trent's diverse, close-knit community makes it easy to get involved, meet new people and make a positive impact – on and off campus.

- > **EXPAND** your social circle by joining a campus club or group.
- > **ENHANCE** your resumé by building your co-curricular record.
- > **DRIVE** positive social change by becoming a student leader.

There's no limit to your potential at Trent.

ORIENTATION FOR NEW STUDENTS

From before you arrive on campus until after you've settled in, we're with you every step of the way. Trent's new student orientation programs are designed to get you prepared and ready for your new educational journey. Get a head start at our Summer Orientation, and don't miss out on Orientation Week before classes kick off in September. Orientation days are a fun and interactive way to help make your transition to Trent as smooth as possible.

Starting in Winter, Summer, or Fall? We offer a series of support programs to make your transition to Trent straightforward and easy, no matter when you start.

ACADEMIC, PERSONAL & SOCIAL SUPPORT

CLUBS AND GROUPS

Meet new friends and explore your passions by joining one of the nearly 100 student clubs and groups at Trent. From archery and anime to science fiction and skiing – there's something for everyone. Can't find a club or group that matches your interests? Trent makes it easy to create your own.

trentu.ca/stuorg mytdsa.ca

STUDENT GOVERNMENT AND LEADERSHIP

Trent Central Student Association (TCSA) in Peterborough and Trent Durham Student Association (TDSA) provide a variety of pivotal services for students, by students. Our student unions help students share ideas and create change while also providing access to health and dental insurance and club sponsorship.

trentcentral.ca mytdsa.ca

STAND OUT FROM THE CROWD: CO-CURRICULAR RECORD

If you've taken the time to get involved, volunteer and develop skills outside the classroom, showing your efforts to potential employers is a great way to get your foot in the door. Trent's co-curricular record acts as an official "transcript," tracking all of your non-academic activities and accomplishments while at Trent. It includes student leadership, awards, workshops, clubs, groups, and much more.

trentu.ca/studentaffairs/getinvolved

LEADERSHIP PROGRAMS

Trent offers a wide range of skill-building opportunities that help prepare you for a variety of leadership roles in your community and beyond. Become a peer mentor, orientation leader, or sign up for one of Trent's leadership certificate programs.

A PLACE TO BELONG: THE COLLEGES AT TRENT

Trent University's colleges have been at the centre of the student experience for over 50 years. Colleges are more than residences, dining halls and classroom spaces. They are also communities that promote learning, embrace diversity, and foster meaningful connections among students, faculty and staff.

Each college is run by a principal who leads a team of dynamic academic support staff offering personalized assistance for any challenge that you may face. From orientation to convocation, Trent's colleges are there to support your educational journey.

All Trent students, in all years, whether you live in residence or not, get to choose their college. Trent's five colleges are as unique as you are – each one offers different architectural styles, student spaces and extracurricular activities. Which college will you choose?

trentu.ca/colleges

"One of the most unique features of Trent is that we have the privilege to be a part of the wonderful collegiate system. The college you are affiliated with gives you the chance to meet new people and experience events. I have

made my closest friendships through the activities that being a part of a college provides. Without the collegiate system, I would not be the same person that I am today. I was given amazing opportunities to grow and develop as a person. At the end of the day, the collegiate system is to thank for my incredible university experience."

SEAN CARLIN, Champlain College, Biology student

Students stop and chat outside the ivy covered walls of Champlain College

CHOOSE THE COLLEGE THAT'S RIGHT FOR YOU

CATHARINE PARR TRAILL COLLEGE

#TraillWow! One of Trent's original colleges and the only college located in downtown Peterborough, Traill is a community of forward-thinking and creative "Traillblazers." As a hub for undergraduate, graduate studies, and the new law dual degree program, Traill College brings together students of all years of study to create an environment where diversity and the blending of ideas thrive.

trentu.ca/colleges/traill

CHAMPLAIN COLLEGE

At Champlain College, we know the importance of balancing academic excellence with a loud and proud spirit. As the oldest college on the Symons Campus, we've got an abundance of tradition and heart. With an emphasis on active living and global thinking, our "Chamily" values discovery, adventure, reflection, and engagement in all aspects of university life – whether it's in the classroom or on the ice at our annual broomball tournament.

trentu.ca/colleges/champlain

PETER GZOWSKI COLLEGE

The youngest college at Trent University, Gzowski brings together different ways of thinking by honouring Indigenous traditions and cultivating leaders in environmental sustainability and commerce. Here at Gzowski, we explore how we can come together to bridge the gaps between different academic and social interests. With passions ranging from Bay Street to the Boreal Forest, our students see and discuss the world from multiple perspectives.

trentu.ca/colleges/gzowski

LADY EATON COLLEGE

Lady Eaton students are known for their creative energy, passion for their local community and commitment to self-expression. Feeling artistic? The LEC community has a long tradition in the arts, and we are known across campus as the "music college." Home-away-from-home for many international students coming to Trent, our college believes that with compassion, self-confidence, and a willingness to share and learn from each other, we can make a positive impact on the world.

trentu.ca/colleges/lec

OTONABEE COLLEGE

The Otonabee College community captures the spirit of the river that it's named after. In Ojibwe, Otonabee means "river that beats like a heart." Like the river, we're a community known for being dynamic, ever changing, and unrelenting. Here at OC, we have a strong connection to both the arts and sciences. Our students know that by looking ahead, we can keep up with and create change in our fast-paced world while staying true to ourselves.

trentu.ca/colleges/otonabee

YOUR COLLEGE RESIDENCE: YOUR HOME AWAY FROM HOME

THE TRENT COLLEGE RESIDENCE ADVANTAGE

-  **GUARANTEED SPOT IN RESIDENCE** in your first year – just complete the application requirements by the deadline and we'll save you a room
-  **THE COLLEGE RESIDENCE SYSTEM** gives you the opportunity to be part of a smaller community, providing many opportunities to build relationships with other students and your profs
-  **TRENT'S ROOM SELF-SELECTION SERVICE** lets you pick your college, choose your room, and even tell us what you're looking for in a roommate
-  **THE CHOICE IS YOURS** – Single, double or triple room? Traditional or suite style? We offer it all!
-  **FLEXIBLE CAMPUS MEAL PLAN** – Spend your dining plan dollars on campus or downtown, on everything from cafeteria-style food to vegan and international cuisine
-  **MORE CLEAN CLOTHES** – with free laundry in all residences you can freshen your clothes as much (or as little) as you want – no coins or card required

trentu.ca/housing

Top 5: Why Living in a Trent College Residence in First Year is the Best

- 1** This is where a community of scholars becomes a society of friends – you'll meet students from your program, in other programs, from Canada and around the world.
- 2** Keep your finger on the pulse of everything happening in your college and on campus – the picturesque view from your room is pretty awesome too.
- 3** Forget commuting to class, you might not even have to leave the building – a definite bonus in the winter months – or change out of your pajama pants.
- 4** Have a question about a lab or assignment? Want to debate your latest readings? Just grab a coffee and sit down with your prof at your favourite college café or dining hall. At Trent, every prof belongs to a college too.
- 5** Every support you can imagine is located just outside your door – academic advising, health services, career mentoring, and the college office. On campus you can find it all!

"I really enjoyed the residence experience because it gave me the chance to meet friends who were all looking to make new friends themselves after arriving at Trent. It also helped ease the transition to university life by being on campus and close to student support services. I would recommend living in residence because it's a huge chance for everyone else to build their Trent circles and familiarize themselves with how the University works while having easy access to everything they may need."

DAVID LANGABEER, Otonabee College, Environmental Science student

FUEL YOUR MIND: CAMPUS DINING

Feed your mind as well as your belly. Our food options at Trent will have you salivating. In our on-campus dining halls, you can take part in Taste Tuesdays to sample upcoming menus, eat clean on No Fryday, or sit down for a gourmet dinner once a month in Gzowski College prepared by Trent's very own award-winning chef. You can also use your meal plan at our campus pub, The Ceilie, the co-operative vegan restaurant, The Seasoned Spoon, and the Planet North, a vegetarian and smoothie hotspot. Looking to venture off campus and explore Peterborough's amazing restaurant scene? You can use your TrentUCard at many downtown cafés and restaurants too.

At Trent, we cater to all of your food needs (and cravings). We also love to eat local. The Trent Market Garden, located here on campus, provides fresh organic produce daily to our campus eateries. Forget the 100-mile diet: at Trent, it's 100-metres!

Like any good meal with friends, we're social. Like & follow Trent Food Services @TrentFood to get a sneak peek of daily features, events and contests.

trentu.ca/foodservices

WHERE WILL YOU LIVE?

CHOOSE YOUR COLLEGE RESIDENCE

So much more than just four walls with a bed, your college residence is also a real (and virtual) community, and place of identity. The experiences you gain in your college will stay with you for the rest of your life, so you'll definitely want to spend a little time deciding which college at Trent is right for you. Let us help with a little more info:

trentu.ca/housing/durham-campus

JOIN A LIVING-LEARNING COMMUNITY

Membership in a Living-Learning Community (or LLC) is an excellent way to make the most of your residence experience. It's an opportunity to get involved in a variety of fun activities and a great excuse to meet new people who share your interests. Students drive the collaborative activity planning process with the support of an upper-year student mentor, residence staff, and colleges. Participation in an LLC is optional – make your choice and apply for acceptance when you complete your housing application form.

Active Living: For students who are passionate about physical activity, exploration, and adventure.

Trent Global Living: Challenge your assumptions about what it means to be a global citizen.

Environmental Sustainability: For students passionate about "thinking locally and acting globally."

Endahying Community: The perfect community for anyone interested in Indigenous culture and knowledge.

Business Administration: For business students who want to take their learning out of the classroom and into the community.

Expressions: A vibrant community of students who share a passion for visual and performing arts.

Leadership and Civic Engagement: The ultimate place for students who want to lead and get involved in their community.

Forensics: A group for students who share a passion for forensic science and who are eager to participate in forensic-related experiences that connect you with faculty and peers.

Nursing: For nursing students to connect with peers and faculty and participate in community outreach initiatives.

Trent/Swansea Law: A community for scholars in the Law & Arts and Law & Business dual degree program who want a holistic study environment that will help them achieve their educational and career goals.

BLEED GREEN WITH TRENT EXCALIBUR

PLAYING FOR TRENT

Sport, recreation and wellness are at the heart of our University community. As a Trent student, you are part of the Excalibur team – whether you compete for championship titles as a varsity athlete, join a campus rec sport, or take advantage of our state-of-the-art facilities in your quest for a healthier, more balanced you. We encourage all students to find their fit at Trent.

trentu.ca/athletics

VARSITY AT ITS BEST

Following a long tradition of athletic excellence, Trent varsity athletes represent the University in the pursuit of national titles.

While learning and applying the important values of leadership, discipline and teamwork, Excalibur student-athletes benefit from access to exceptional facilities and dedicated coaches and represent Trent at the highest level of competition in the OUA and CUFLA.

Varsity teams: Rowing • Rugby • Lacrosse • Soccer • Volleyball • Curling

Varsity clubs: Cross Country Running • Golf • Fencing

Winning 2017/18 Highlights

Multiple gold and silver finishes at OUA and Canadian University Rowing Championships; rowing and rugby coach of the year honours; silver for men's lacrosse at CUFLA Baggataway Cup; men's soccer OUA quarter finalists.

trentvarsity.ca @TrentExcalibur #bleedgreen

FOSTERING CANADA'S FUTURE OLYMPIC CHAMPIONS

The next generation of Team Canada rowers now call Trent University home, as Rowing Canada Aviron selected Trent as one of five prestigious NextGen Hub partners. High performance rowers who wish to one day compete at the Olympics will now get enhanced coaching and training — right on campus.

Back-to-Back Gold at World Championships

Trent Excalibur and NetGen rower Trevor Jones defended his world champion title at the World Rowing Under 23 Championships in Poland.

CHEER. CELEBRATE. MAKE MEMORIES.

Mark your calendar! Held the last weekend in September, Trent's annual Homecoming and Head of the Trent Regatta brings together alumni and the community to cheer on Excalibur varsity teams, network with fellow students and returning alumni in the beer garden, and attend the largest single day head rowing race in North America. It's a weekend you don't want to miss!

trentu.ca/hotr

NEW FACILITIES = NEW ATHLETIC OPPORTUNITIES

Student athletes at Trent now have even more amazing facilities to use and train in. In 2016, the City of Peterborough and Trent University opened the Trent Sports Fields complex, featuring a full-sized baseball diamond and natural turf soccer, rugby and lacrosse sports field. And coming soon... a new twin pad arena and aquatics complex, scheduled to open during your time at Trent. Stay tuned for more!

GET ACTIVE: CAMPUS RECREATION

Campus rec activities are some of the best ways to exercise, make new friends and have fun. Try your hand at rowing, squash, inertube water polo, outdoor/indoor soccer, hockey, ultimate frisbee, basketball, dodgeball, volleyball, badminton, floor hockey, and more. Competitive and recreational levels are available through Trent's award-winning campus recreation program.

trentu.ca/athletics/campus-recreation

TAKE YOUR HEALTH TO THE NEXT LEVEL IN STATE-OF-THE-ART FACILITIES

When you become a Trent University student, you're automatically an exclusive member of the ultramodern Trent Athletics Centre. Take advantage of your membership by staying active and finding a healthy balance — essential ingredients for a successful and well-rounded university career.

DURHAM GTA: ENDLESS FITNESS OPTIONS

Studying at our Durham GTA campus? You can enjoy membership to all City of Oshawa recreation facilities including the Civic Recreational Complex (next door to campus), giving you access to an indoor soccer stadium, pool, aerobics studio, weight room, indoor track, tennis, squash and badminton courts. Trent Durham athletes are also encouraged to try out for the Excalibur varsity teams in Peterborough.

THINK TRENT. THINK GLOBAL.

STUDY, RESEARCH, GAIN EXPERIENCE ABROAD.

"One's destination is never a place, but a new way of seeing things." – Henry Miller, American author

Trent student Brandon MacRae explored the Australian Outback during an epic 41-hour road trip with friends he met while on exchange to Melbourne.

WANT TO LIVE YOUR EDUCATION IN A GLOBAL WAY?

Internationalize your degree and study anywhere in the world. Trent is your gateway to discovering a new worldview and expanding your academic horizons.

EXPLORE THE WORLD

Trent offers several international study programs for you to choose from, each giving you a unique opportunity to enrich your education by exploring a new part of the world.

Fit a semester or year abroad seamlessly into your university experience through a formal exchange with more than 50 partner universities. You're also free to design your own study abroad experience, by choosing from more than 35 countries. The world truly is yours to explore and discover.

Where do you want to study?

Australia – Barbados – Belize – Botswana – China – Czech Republic – Ecuador – England – Finland – France – Germany – Ghana – Hungary – India – Italy – Jamaica – Japan – Malaysia – Malta – Mauritius – Mexico – Norway – Poland – Scotland – South Africa – South Korea – Spain – Switzerland – Taiwan – Hong Kong – Thailand – Trinidad & Tobago – Turkey – United States – Wales

Don't see the country of your study abroad dreams on the list? We'll do everything we can to make your preferred international experience happen, with a Letter of Permission. Visit the Study Abroad Office or your academic advisor for more details.

trentu.ca/studyabroad

TRENT INTERNATIONAL: YOU HAVE A HOME HERE

At Trent, you're part of a diverse and vibrant community that supports you in your studies and beyond. Trent International provides services, support, information, and a sense of home to students from countries all over the world who have chosen to live and study at Trent. Whether you're from Peterborough or Paraguay, you'll have plenty of opportunities to get involved in global discussions with people from around the world – right here on campus.

FEED YOUR CURIOSITY: STUDY ABROAD

Study abroad opportunities at Trent are available in every program and major. You know you want to travel the world – how you get there is up to you.

Exchange Programs

Trent's partnership with multiple universities around the world makes it easy for you to study abroad through a formal exchange program. It's a simple swap: spend a semester or year at another university, and a student from that school will come to Trent. If our exchange program doesn't offer the destination you want, we'll help you set up a personalized study abroad opportunity at the school of your choice.

Year Abroad

Maybe you want to master a second or third language, or gain career experience through a volunteer placement or internship. Some of Trent's degree programs offer their own study abroad opportunities, providing an opportunity for you to experience the country, culture or language you're studying firsthand.

Summer Field Courses

If you're looking to go abroad over the summer, Trent will give you credit for it. Instead of spending the summer at home, why not enrol in a Belize field school, earn credit on an archaeological dig in Greece, learn about Indigenous culture in Mexico, or study pink dolphins in Taiwan? If a semester or year abroad feels too long, Trent's summer field courses provide the perfect educational travel experience.

International Placements and Internships

Gain international knowledge and cultural insight, all while developing your career prospects overseas. Whether it's for a couple of weeks or a summer term, Trent can help you get the international work experience you're searching for.

Trent to the World: A Truly International Campus Experience

Trent International brings the world to Trent and Trent to the world. Our vibrant international learning community is made up of students from across Canada and around the globe, all coming together to bring to life an exciting global environment in which to study and learn. Meanwhile, global quickly becomes local for international scholars who call Trent home. Supports, scholarships, and, extracurricular programs all combine to make it easy for international students to find their home here.

trentu.ca/international

Trent student Miranda Nadine takes on hang gliding in Switzerland while studying abroad at Universität Heidelberg in Germany.

TRENT HELPS YOU TAKE FLIGHT

We offer international study abroad bursaries, awards, and prizes that can all be used towards funding your very own once-in-a-lifetime study abroad experience.

"Trent gave me the opportunity to take things outside of the classroom to really learn and explore where I'm going to take my degree internationally. Numbers, figures, and theories suddenly turned into people, faces, and interviews."

CAMERON BEATTIE, International Development Studies, spent a year abroad in Ecuador

TRENT IS #1 IN SCHOLARSHIPS AND BURSARIES

Rewarding academic excellence and making transformative educational experiences financially accessible for all students. It's what we believe in at Trent.

That's why Trent **DEVOTES MORE OF OUR OPERATING BUDGET** to undergraduate **SCHOLARSHIPS & BURSARIES THAN ANY OTHER UNIVERSITY IN CANADA.***

ENTRANCE SCHOLARSHIP GUARANTEE

Attention top scholars! Achieve an average of 80% or higher and you automatically receive an entrance scholarship – no application required.

GET MORE \$\$\$\$ EACH YEAR

The best part of all? Trent's national entrance scholarships are **RENEWABLE** each year. Maintain an 80% average and you'll earn a scholarship for each year you're at Trent. With a maximum scholarship potential of \$12,000, things can really add up!

Entering Average	Scholarship Distribution	Maximum Scholarship Potential
95%+	\$3,000 x 4 years	\$12,000
90% - 95%	\$2,500 x 4 years	\$10,000
85% - 90%	\$1,500 x 4 years	\$6,000
80% - 85%	\$1,000 x 4 years	\$4,000

"Being awarded an entrance scholarship has helped me strive to put in more hard work and effort while studying each year as Trent continues to recognize my academic achievements. Fortunately, I am able to retain a scholarship every year because of the numerous academic supports and services Trent has to offer."

NILO HONARBAKSH, Social Work student, Trent University Durham GTA

We are also **#1** in **STUDENT AWARDS** in Ontario*

TRENT UNIVERSITY PRESTIGIOUS SCHOLARSHIPS

You could potentially receive up to \$20,000 as a recipient of one of Trent's prestigious scholarships. If you're a Canadian student entering your first year at Trent with an average of 80% or higher, we encourage you to apply.

- Champlain Scholarship**
2 available (\$5,000/year; maximum potential \$20,000)
- Board of Governor's Leadership Scholarship**
(\$4,500/year; maximum potential \$18,000)
- Special Admission Scholarship**
10 available (\$3,750/year; maximum potential \$15,000)
- Canada Wide Science Fair Scholarship**
(\$3,750/year; maximum potential \$15,000)

Applications due April 1, 2019 – The application form can be found on your myTrent applicant portal under the My Account tab. One application qualifies you for all prestigious scholarships.

PAYING FOR YOUR EDUCATION

A university education is an investment in your future. At Trent we'll help you find ways to make it affordable.

Many students need some form of financial assistance in order to achieve their academic goals. Our financial aid team will work with you to find ways to help cover the costs of your university education. In addition to scholarships, there are several options available:

- 1. GENEROUS ENTRANCE & IN-COURSE BURSARIES**
Over \$1.25M in funding available
As a student with a demonstrated financial need, you could receive an entrance and/or in-course bursary. Unlike loans, bursaries do not need to be repaid.
- 2. ONTARIO STUDENT ASSISTANCE PROGRAM**
Interest-free loans, free tuition and non-repayable grants
With a single application, you could be eligible for support through the Ontario Student Assistance Program (OSAP) – all the way up to subsidizing your full tuition. Find out more and apply online: ontario.ca/OSAP
- 3. OUT OF PROVINCE STUDENT ASSISTANCE**
Find out what you qualify for
No matter where you're coming from in Canada, we can help you access the funding you're eligible for. You'll be surprised to find out everything that's available.
- 4. PART-TIME JOBS & TRENT WORK STUDY PROGRAM**
Gain valuable work experience while funding your education
Many students find work on or off-campus while attending Trent. TWSP provides funding for part-time jobs on campus for students who are receiving OSAP or student aid from another province.

88%

of full-time, domestic undergrad students at Trent receive a prestigious **SCHOLARSHIP OR BURSARY**

YOUR STUDENT BUDGET

HOW MUCH WILL IT COST?

Estimated Average Budget for an Academic Year

\$6,800	Domestic tuition
\$1,600	Ancillary Fees
\$1,200	Books & Supplies
	Housing & Living
\$9,000 – \$15,000	Living away from Home (incl. on-campus room + meal plan or shared rental unit, transit, meals & other living expenses)
\$3,900	Living at Home (transit, meals, etc.)

TOTAL Living away from home: \$18,600-\$24,600
TOTAL Living at home: \$13,500

These costs represent an approximate eight-month budget (based on 2018/19 costs). Your costs may decrease depending on personal lifestyle, number of trips home, long distance calls, new or used books, etc. See page 18 for specific residence and dining plan fees.

MAKE IT AFFORDABLE

Consider this...You're a first-year student, living on campus in residence. Your estimated costs are approximately \$22,000. How will you pay for it? Don't worry. We're going to show you how to make your education more affordable.

Entrance Scholarship*	\$3,000
Bursaries	\$1,500
OSAP Loan	\$9,700
OSAP Grant	\$5,200
On Campus Job	\$3,000
Personal Savings	\$3,000
Total Resources:	\$25,400*

* Amount of scholarships and various resources will vary for each individual student

LIBERATE YOUR MIND

CAREER-BOUND, CONSIDERING GRAD STUDIES OR CHOOSING PROFESSIONAL SCHOOL? A TRENT DEGREE WILL TAKE YOU WHERE YOU WANT TO GO.

#1 undergraduate university in Canada for producing LEADERS OF TOMORROW*

Trent University attracts excellent students from across the country and around the world, and fosters in them future leadership through an educational experience that is rooted in dialogue, diverse perspectives and collaboration.

Whether you choose to study in our arts, sciences, social sciences or professional programs, you'll graduate from Trent with an unquenchable thirst for knowledge, an appreciation for the opportunities a well-rounded education can bring, and a life-long passion for pursuing your ambitions. All of this will equip you for success in whatever path you choose after graduation. What does your future hold? Begin the journey toward discovery here at Trent by finding (or creating) your perfect degree.

JOIN OUR PRESTIGIOUS SCHOOLS OF STUDY

SCHOOL OF BUSINESS

Through a student-centred approach to business education, Trent's popular School of Business gives you the practical skills, experience, and knowledge needed to graduate from Trent as a future innovator, entrepreneur, or global business leader. Trent's School of Business offers all the advantages of a traditional B.B.A., with several unique opportunities to help you map your own path. No matter how the journey unfolds, as a student in our Business programs, you will become the type of versatile candidate today's companies demand.

SCHOOL OF THE ENVIRONMENT

Over the past 50 years, Trent has established itself as one of Canada's top postsecondary environmental institutions. The Trent School of the Environment brings together a wide breadth of environmental expertise, giving you access to a full range of programming at one of the world's top 100 environmental universities. As the first university in Canada to achieve ECO Canada accreditation, Trent fosters the most relevant skills and knowledge needed for students to excel and thrive in Canada's growing environmental sector.

SCHOOL OF EDUCATION

Trent's prestigious School of Education offers future educators an extraordinarily active and highly collaborative suite of programs, providing more than the necessary tools and support for students like you entering a competitive education market. The School of Education's guiding principles are deeply rooted in social justice, ecologically sustainable practices, Indigenous Knowledge, and providing an enriching interactive learning environment for tomorrow's teachers.

CHANIE WENJACK SCHOOL FOR INDIGENOUS STUDIES

A community devoted to improving the quality of life for Indigenous peoples in Canada, the Chanie Wenjack School for Indigenous Studies incorporates traditional teachings and perspectives into its curricular and extracurricular programming. We invite you to explore our history of leadership, and join our extraordinary community of scholars to continue this legacy and make a difference in our world.

Did you know...

Trent is one of only three universities in all of Canada to ensure all undergrads complete at least one course with Indigenous content. Gain an understanding of the history, traditions, cultures, and knowledge of Indigenous peoples, and so much more. Which course will you choose?

TRENT/FLEMING SCHOOL OF NURSING

The Trent/Fleming School of Nursing empowers future nursing professionals, providing you with strong scientific knowledge, compassion, and social responsibility. Accredited by the Canadian Association of Schools of Nursing, Trent's nursing programs place an emphasis on experiential learning and a holistic approach to healthcare. The Trent/Fleming School of Nursing values strong community partnerships that provide access and equity to Indigenous communities, rural and aging populations, people with mental health issues, and women's health and gender inclusivity.

SCHOOL FOR THE STUDY OF CANADA

As the first university in Canada to establish a Canadian Studies program, Trent has positioned itself as a leader in developing a greater understanding of the diverse and often contested meaning of the Canadian experience. Home to over 40 Canadian Studies scholars and experts, the School for the Study of Canada provides a platform that challenges students at all levels of study to explore issues of relevance to Canada, and debate what it means to be Canadian.

SCHOOL OF GRADUATE STUDIES

Students are drawn to grad studies at Trent to study with world-renowned researchers in the humanities, sciences and social sciences. Trent's School of Graduate Studies offers 22 degree programs and 34 streams of study – each rich in research and experiential learning opportunities. Graduate students at Trent play a key role in pushing the boundaries of research and discoveries, expanding our collective knowledge about ourselves and our world.

Accelerated Master's Degrees

NEW

Already have your mind set on postgraduate studies? Trent students have the advantage. You can now fast-track to a master's program in English, History, Cultural Studies, or Environmental & Life Sciences after completing your honours undergraduate degree. Ask your academic advisor for more information on how to apply for an Accelerated Master's program in the third year of your undergraduate honours degree.

* Maclean's University Rankings 2018

FROM THEORY TO PRACTICE: A HANDS-ON EDUCATION

CAREERS & EXPERIENTIAL LEARNING

In today's competitive work environment, employers are looking for university graduates with experience. **That's why at Trent, every student is guaranteed to have meaningful, purposeful, and recorded experiential learning experiences that will contribute to your success as you enter the workforce.**

Put the knowledge and skills you've acquired in the classroom to good use, through Trent's many hands-on learning opportunities, research projects, international education experiences, co-op and internship programs. Enhance your resumé, and make more informed decisions about the direction of your postgraduate career.

90%* of **EMPLOYERS** prefer to hire a graduate with some work experience

90%** of **TRENT GRADS** secure employment within six months of graduating

* NACE's Job Outlook 2017 Survey
** CUDO 2017

UNPARALLELED UNDERGRADUATE RESEARCH OPPORTUNITIES

Participating in undergraduate research is an exciting way to explore new ideas and theories in your discipline, and it gives you an edge with graduate schools and future employers. As one of the top undergraduate research institutions in Canada, Trent offers multiple research opportunities for undergraduates. Try your hand at dusting off medieval texts, assisting in an archaeological dig in Belize, or testing water samples at our Water Quality Centre – the research possibilities truly are endless at Trent.

TRENT COMMUNITY RESEARCH CENTRE

Through the Trent Community Research Centre (TCRC), students undertake supervised research projects with non-profit and government organizations to gain academic credit and on-the-job experience, while benefiting the community. You can make a difference leading a key project with a great organization like the New Canadians Centre, Peterborough Police Service, YES Shelter for Youth and Families, Peterborough GreenUP, and more. It's like co-op, but with a bigger impact.

trentcentre.ca

GLOBAL WORK EXPERIENCE

Explore a new culture, travel the world, and enjoy international experiential learning through field placements, research projects, intensive language programs, and internships. Trent students have done business in Hong Kong, supported health care in Honduras, excavated ruins in Belize, taught classes in England, and studied marine life in Taiwan.

CO-OP PROGRAMS

Trent offers two academic programs with competitive co-op options, allowing students to gain invaluable hands-on experience over three 12-week full-time paid work terms:

- **Computing Systems Co-op:** complete three paid work terms in the Fall and Summer in the rapidly growing information technology industry.
- **Conservation Biology Co-op:** work alongside experts at the Ministry and Natural Resources and Forestry, Parks Canada and Metro Toronto Zoo (just to name a few) and gain the career advantage skills and knowledge to help protect the world's most vital organisms and at-risk wildlife.

INTERNSHIPS, PLACEMENTS, PRACTICA

A great way to get some first-hand experience under your belt, Trent students in virtually every program can earn academic credit in a variety of hands-on learning settings throughout Ontario and beyond.

Business Administration Internship Program

Housed within the B.B.A. program, internship opportunities in a variety of business sectors within the Greater Peterborough and Durham Regions are available to students from a variety of degree disciplines.

Internship in Medical Sciences

The Internship in Medical Sciences and Placement in Health Sciences gives students interested in medical/health science the best opportunity to prepare for careers in medical or applied health research, teaching, and medical school.

ON-CAMPUS WORK EXPERIENCE

There are ample opportunities to gain valuable work experience right here on campus. Be sure to check out the student job board – to find a job that fits your interests and schedule.

CAREER DEVELOPMENT

Explore your career, work and educational options through our full-service Career Centre. Looking for someone to review your resume and cover letter? We can help with that. Workshops, events and networking sessions on all things related to career preparedness are also held throughout the year to help you put your best foot forward when it comes to landing that dream job.

trentu.ca/careers

"Learning and experimenting with theory in a classroom setting is something students can find at any institution, but giving students in every program the opportunity to put those skills to the test in a real-life career situation is something that defines the Trent experience."

VIPIN CHANDRA NARRA, Business Administration student at Trent Durham GTA specializing in Marketing and Consumer Culture, had the opportunity to complete not one, but two internships – junior communications coordinator at the Abilities Centre in Whitby and project leader with the LivingRoom Community Art Studio.

ENHANCE YOUR DEGREE

Trent offers a number of options and specializations that give a unique focus to your degree and provide you with a distinct advantage in the career of your choice.

YOU HAVE OPTIONS

Often referred to as “mini minors,” options are a set of courses in a discipline outside of your degree and can be completed alongside almost any undergraduate degree program.

APPLIED ETHICS

With courses grounded in critical thinking, ethical theory and applied ethics, this option is ideal if you're interested in everything from advocacy and public policy issues to working in the fields of medicine, law, environmental resource management, business, and computing.

[trentu.ca/futurestudents/ethicsoption](https://www.trentu.ca/futurestudents/ethicsoption)

CIRCUMPOLAR STUDIES

NEW

One of only a few programs of its kind in the world, the Circumpolar Studies Option offers you a unique opportunity to broaden your knowledge and understanding of the lands, peoples, and critical issues of the Arctic.

[trentu.ca/futurestudents/circumpolaroption](https://www.trentu.ca/futurestudents/circumpolaroption)

COMMUNICATIONS & CRITICAL THINKING

Further develop your creative and logical thinking, project management, teamwork, problem analysis, and clear and persuasive communication skills. In this option, exclusive to our Durham GTA campus, you'll also have a chance to participate in the community-based capstone course.

[trentu.ca/futurestudents/commsoption](https://www.trentu.ca/futurestudents/commsoption)

CREATIVE WRITING

NEW

The ability to think creatively, write effectively, and craft interesting stories are extremely valuable skills for any degree major to possess. Through workshops and writing assignments, this fun and practical option helps you develop new writing techniques, create invaluable writing communities, and build a growing portfolio of work in fiction, poetry, creative non-fiction, and script-writing.

[trentu.ca/futurestudents/writingoption](https://www.trentu.ca/futurestudents/writingoption)

GEOGRAPHICAL INFORMATION SYSTEMS

As an Archaeology, Geography or Environmental & Resource Science student, you can pursue an option in GIS, the field that connects geography to data. Offered in partnership with Fleming College, this option will allow you to visualize, question, analyze, and interpret data to understand relationships, patterns, and trends.

[trentu.ca/futurestudents/gisoption](https://www.trentu.ca/futurestudents/gisoption)

INDIGENOUS RECONCILIATION & RESURGENCE

Over the last few decades, the resurgence of Indigenous peoples has largely animated the Canadian national project of reconciliation. In this option, you will acquire the knowledge and skills necessary to effectively contribute to this nationwide conversation.

[trentu.ca/futurestudents/indigenousoption](https://www.trentu.ca/futurestudents/indigenousoption)

INTERNATIONAL DEVELOPMENT STUDIES

Gain a critical understanding of the processes of change that shape the globe. Explore the relationship between colonialism, development, and globalization to address issues affecting all different regions of the world.

[trentu.ca/futurestudents/idsoption](https://www.trentu.ca/futurestudents/idsoption)

LANGUAGES

NEW

Whatever your chosen major is, learning to be fluent in a new language can help open doors professionally and globally. Students can choose from a variety of languages on offer at Trent, including Chinese, French, German, and Spanish.

[trentu.ca/futurestudents/languagesoption](https://www.trentu.ca/futurestudents/languagesoption)

LEGAL STUDIES

Complement virtually any B.A. or B.Sc. degree with this series of courses designed to give you a basic understanding of the legal system in Canada and Canadian Law.

[trentu.ca/futurestudents/legaloption](https://www.trentu.ca/futurestudents/legaloption)

LINGUISTICS

Embrace your love for communication and pursue more specific interests in language and linguistics with this option, which brings together courses in English Literature, Anthropology, Ancient Greek and Roman Studies, and more.

[trentu.ca/futurestudents/linguisticsoption](https://www.trentu.ca/futurestudents/linguisticsoption)

MARKETING

NEW

Enhance your business acumen by gaining a basic understanding of core concepts and marketing principles in addition to learning the fundamentals of business, advertising, market research, and beyond.

[trentu.ca/futurestudents/marketingoption](https://www.trentu.ca/futurestudents/marketingoption)

PRE-MEDICAL STUDIES

NEW

Medicine, dentistry, veterinary and pharmacy – just a few professional programs that require individuals to have a well-rounded background in the physical sciences and life sciences, as well as the social sciences and humanities. This option will help prepare you for a future in a medical profession and will give you a significant advantage when it comes time to prep for examinations like the MCAT or DAT.

[trentu.ca/futurestudents/premedoption](https://www.trentu.ca/futurestudents/premedoption)

PRE-MODERN STUDIES

Enhance your understanding of the thought, literature, and history of the pre-industrial (pre-1800) world. The study of historical culture in world civilizations from antiquity through early modernity will allow you to better understand the origins and development of culture informing modern global society.

[trentu.ca/futurestudents/premodernoption](https://www.trentu.ca/futurestudents/premodernoption)

THEATRE STUDIES

Do you have a love for theatre and the performing arts? This multi-departmental option offers you the opportunity to choose credits from a diverse selection of courses, all rooted in the history of, theory, and performance in theatre.

[trentu.ca/futurestudents/theatreoption](https://www.trentu.ca/futurestudents/theatreoption)

BECOME AN EXPERT: SPECIALIZATIONS

Specializations give you the freedom to develop a deeper understanding of (or “specialize” in) a topic related to your degree major. Adding a specialization to your degree shows future employers or graduate schools that you’re focused and interested in becoming an expert in your field.

ACCOUNTING

Accounting is more than just crunching numbers — it’s the essential language of business. This specialization in the School of Business is designed to give you the opportunity to study accounting in depth, preparing you for a potential future as a Chartered Professional Accountant (CPA).

trentu.ca/futurestudents/accounting

AFRICAN STUDIES

The birthplace of all humankind, Africa is a continent of great historical and contemporary global importance. By successfully completing a series of relevant credits and the Ghana year abroad program, students pursuing International Development Studies are eligible to add a specialization in African Studies to their degree.

trentu.ca/futurestudents/africanstudies

APPLIED AGRICULTURE

In collaboration with Fleming College, the specialization in Applied Agriculture is perfect for students in the Sustainable Agriculture & Food Systems B.A. or B.Sc. program who are new to farming and seek an intensive, applied learning experience in sustainable, ecological or natural farming methods. This unique opportunity also includes a 21-week hands-on co-op farm experience.

trentu.ca/futurestudents/appliedagriculture

COMPUTER SCIENCE

This Computing Systems specialization in Computer Science is your all-access pass to understanding technology and the science behind it. Work one-on-one with your professors to explore and develop applications that manipulate the speed and power of digital computation, design new models of computation, and uncover new methods of problem-solving.

trentu.ca/futurestudents/compscience

CONSERVATION BIOLOGY

The irreversible loss of the earth’s biological resources is an issue of critical importance. Trent’s Conservation Biology specialization is an ideal pursuit for students who are passionate about nature and wish to use the scientific knowledge gained in their Biology Honours degree in a meaningful and impactful way. With this specialization, internships are available with agencies such as the Ministry of Natural Resources, the Toronto Zoo, or regional conservation authorities.

trentu.ca/futurestudents/consbio

CRIMINOLOGY & SOCIO-LEGAL STUDIES

For students pursuing an Honours Sociology degree, this standout specialization explores the study of crime and punishment, the influence of social inequality as a cause of crime, and how criminals and victims are treated by the criminal justice system. You’ll apply your sociological knowledge and potentially perform independent research on homelessness, the criminalization of women, restorative justice or the impact on Indigenous peoples.

trentu.ca/futurestudents/criminology

CULTURE & THEORY

In our current world of tweeting U.S. Presidents and online crowdfunding campaigns raising millions in only days, understanding culture and the power of multimedia seems more important than ever. Take a big picture approach to analyze how gender and sexuality, the body, globalization, technology, ethics, and laws are represented and repressed socially and culturally in this specialization available to Cultural Studies majors.

trentu.ca/futurestudents/culturetheory

DATA ANALYTICS

One of the ‘sexiest jobs of the 21st century’ according to the Harvard Business Review, the field of data analytics has quickly become one of the most sought-after careers around the world. For students pursuing a Computing Systems Honours degree, this specialization is a great way to build a solid foundation in Big Data analysis techniques, including parallel programming, visualization, and predictive modelling.

trentu.ca/futurestudents/data

ECONOMICS

A specialization in Economics is the perfect academic pursuit for B.B.A. students wanting to develop a deeper understanding of the problems that face the business world, along with the theories and techniques that are being used to solve these issues. Hone your skills as a creative and innovative business thought leader and explore a range of topics in micro and macroeconomics, international finance, and more.

trentu.ca/futurestudents/econ

ENTREPRENEURSHIP

For highly innovative B.B.A. degree students, the Entrepreneurship specialization is an excellent avenue for exploring an independent path in business leadership and enterprise. Learn how to plan and build your own business, develop online marketing strategies, and shape your groundbreaking ideas into a viable and thriving business.

trentu.ca/futurestudents/entrepreneurship

ETHICS & SUSTAINABILITY

Facebook and Uber’s corporate scandals have consumed recent news, and Wall Street’s lack of moral integrity caused the last big recession. Why are ethics being thrown out the window in favour of the bottom line? In this important specialization, B.B.A. students gain a foundational knowledge of social and environmental ethics as they relate to business, equipping them with the tools needed to transform the corporate world for the better.

trentu.ca/futurestudents/sustainability

FILM & MEDIA

Break outside the box of mainstream and conventional media to get at the core of how film, radio, television, popular culture, and social media influence culture. Through hands-on workshops in game, radio and podcast creation, this specialization will help Cultural Studies students develop a whole new way of looking at the media we consume.

trentu.ca/futurestudents/film

FINANCE

Graduate with the training and knowledge needed to understand how to manage money, investments, and assets. This specialization provides B.B.A. students with a strong foundation in financial planning, investment management, corporate finance, and more.

trentu.ca/futurestudents/finance

GREEK & LATIN

Take your studies of archaeology, history, and literature even further by heading back in time to study writings by the original thinkers. Through language training in Greek and Latin, students pursuing a degree in Ancient Greek & Roman Studies will be able to read foundational texts in their original formats and gain insight into the way these languages cascade into every field of study.

trentu.ca/futurestudents/greeklatin

HEALTH SCIENCES

If your interest in wellness, illness, and medicine begins at the cellular level, Health Sciences is the specialization for you. Ideal for students who want to focus on the research and lab-based side of healthcare, Trent’s Specialization in Health Sciences offers you the distinct opportunity to study the theoretical aspects of medicine and apply your knowledge through an internship with a collaborating agency or individual sponsor in a health-related setting.

trentu.ca/futurestudents/healthsciences

HEALTH STUDIES

What are our commonly-held beliefs about health and wellness, and how have mainstream society’s views impacted our behaviour and attitudes towards illness? The Health Studies specialization is perfect for Sociology majors interested in exploring issues related to medical sociology, healthcare systems, or critical research in health and illness.

trentu.ca/futurestudents/healthstudies

HUMAN RESOURCE MANAGEMENT

Few businesses can succeed without a skilled, happy, and healthy workforce, making human resources professionals an invaluable and in-demand asset to any team. This practical specialization will provide B.B.A. students with the skills necessary to effectively manage people, while also satisfying course requirements for the Certified Human Resources Professional Designation.™

trentu.ca/futurestudents/hr

INFORMATION SYSTEMS & E-COMMERCE

In today’s digital business world, those who become experts in harnessing the potential of information technology will be a step ahead. By completing this specialization, B.B.A. students gain the knowledge and experience to become an e-business entrepreneur, digital consultant, or a top employee in marketing, human resources, finance, or operations.

trentu.ca/futurestudents/ecomm

INTEGRATED ARTS

Through a mix of workshops taught by practicing and accomplished artists in art, theatre, film, video, photography, and music, Cultural Studies majors will develop an artistic lens to examine the ways culture, history, media, and politics intersect to create meaningful works of art.

trentu.ca/futurestudents/integratedarts

LATIN AMERICAN STUDIES

Study the complex history, politics, and biodiversity of Latin America while you explore and discover new approaches to understanding democracy, human rights, and sustainable development in the world's most urbanized regions. Specializing your International Development Studies degree is a great way to showcase your expertise and develop your Spanish language skills.

trentu.ca/futurestudents/latinamerica

LAW & POLICING

A specialization in Law & Policing provides you with a greater focus on the application of forensic scientific principles and techniques within the Canadian legal system, crime scenes, and policing. As a Forensic Science major with this one-of-a-kind specialization, you'll be ideally suited to meet the changing demands of forensic investigation in the law enforcement community.

trentu.ca/futurestudents/lawpolicing

LITERATURE & NARRATIVE

How do we tell our stories? As a Cultural Studies major completing the Literature and Narrative specialization, you'll take your studies beyond the book to look at how storytelling changes when told through theatre, oral narrative, television, and film, and how history, geography, and genre influence storytelling.

trentu.ca/futurestudents/literature

NEW

MARKETING & CONSUMER CULTURE

Almost 200 new businesses are started worldwide every minute. With so many new products and services crowding the marketplace, having expertise in marketing and consumer behaviour has become crucial for business survival. This Business Administration specialization equips you with the knowledge and understanding you'll need to effectively reach your future customers.

trentu.ca/futurestudents/consumerculture

MATHEMATICAL FINANCE

Apply your aptitude for Mathematics in a practical way, with a specialization in Mathematical Finance. Develop your mathematical modelling, data analysis, and computational skills as applied to finance and investment strategy using statistics, linear programming, stochastic processes, and more.

trentu.ca/futurestudents/mathfinance

MEDITERRANEAN ARCHAEOLOGY

NEW

What does Archaeology look like in the contemporary world? Go beyond the traditional study of Greece and Rome to look at how modern Mediterranean infrastructure is influenced by ancient remains, challenging you to explore and respond to elements threatening cultural heritage.

trentu.ca/futurestudents/mediterranean

NIIGAANIIWIN: THE ART OF LEADING

This specialization brings together today's business practices and Indigenous knowledge and ideologies, developing students' ability to work with mindfulness and agility in the 21st-century business environment. Business majors have the unique opportunity to connect to their business education with a knowledge of lessons learned through the history of Indigenous economic development.

trentu.ca/futurestudents/niigaaniiwin

PSYCHOLOGICAL DEVELOPMENT

NEW

Unravel the mystery of the mind and how the human brain develops from day one. Choose to focus your studies on children and youth or set your sights on adults and aging. Psychology majors can get real-world experience through practical and research opportunities in Trent's Living Lab or in the community.

trentu.ca/futurestudents/psychdevelopment

PUBLIC POLICY

In today's challenging political environment, the world needs new leaders who are driven to find the best solutions to society's problems. The specialization in Public Policy is the ideal path for students in Political Studies who are interested in pursuing a career in public service, think tanks, and non-governmental and intergovernmental organizations.

trentu.ca/futurestudents/publicpolicy

QUÉBEC & FRANCO-CANADIAN STUDIES

Go beyond the boundaries of your French major, exploring French as a linguistic force that exceeds provincial borders and has influence across the globe as a language of power. Immerse yourself in the culture, literature, and history of Québec and French Canada to understand the social and political dimensions of Canada's second official language.

trentu.ca/futurestudents/francostudies

SOFTWARE ENGINEERING

The world is becoming more digital every day. In this important specialization, Computing Systems majors learn how to design and test the software that shape our lives and work towards becoming a leader in the tech industry. Through a focus on teamwork and collaboration both in and out of the classroom, you'll gain the hands-on experience required to launch your career.

trentu.ca/futurestudents/softwareeng

STATISTICS

You can tell a lot about an individual, a society, or even a whole nation simply by looking at the numbers. Through a specialization in Statistics, students pursuing a degree in Mathematics will learn to incorporate pure math, big data, and computing to navigate the knowledge interwoven in numbers, paving the way for career success in everything from medicine and communications to marketing and technology.

trentu.ca/futurestudents/statistics

NEW

FIND YOUR ACADEMIC PROGRAM

HONOURS ARTS (B.A.)

Are you drawn to social sciences or humanities, but unsure which program you should apply to? The Honours Arts path at Trent is geared towards students like you, who want to explore a few different areas of study before declaring a major or joint-major in second year. Start your university experience through this first-year pathway and you'll have the flexibility to combine different disciplines and take courses from programs across the humanities and social sciences.

The Trent Advantage

- Develop your skills as a thoughtful, critical, and effective communicator through discussion-based lectures led by professors who are leading authors, artists, and researchers
- Become a creative problem-solver by studying across disciplines in the social sciences and humanities to explore different and complementary ways of thinking
- Get hands-on experience in courses that allow you to put your creativity to use at Trent, in the community, and beyond

Program Paths

Start in Honours Arts in first year and move into the humanities or social sciences program of your choice in second year – English, History, Economics, Anthropology, Media Studies, International Development...the choice is yours.

Popular Courses

Explore your interests by taking a variety of introductory first-year courses in virtually any arts discipline, including: Gods, Heroes, Monsters; Introduction to the Integrated Arts; Making a Scene; Gender Matters: Issues and Contexts; Ten Days That Shook the World; Critical Thinking

trentu.ca/futurestudents/honoursarts

HONOURS SCIENCE (B.Sc.)

With so many fascinating science programs offered at Trent, it can be difficult to know which degree to choose. If you're interested in general sciences but haven't yet decided on a specific program, this flexible first-year pathway is for you. Honours Science allows you to explore courses across various science programs before declaring a major or joint-major in your second year. You can even choose to combine different disciplines, taking courses from programs across both the sciences and arts.

The Trent Advantage

- Put your science interests to the test in our state-of-the-art labs and on-campus science facilities
- Learn alongside the experts in a variety of science disciplines – who better to help you find your academic path?
- Get hands-on research experience starting as early as first year

Program Paths

Start in Honours Science in first year and move into the science program of your choice in second year – Environmental Science, Biology, Chemistry, Mathematics, Physics, Psychology...which major will you choose?

Popular Courses

Explore your interests by taking a variety of introductory first-year courses in virtually any science discipline, including: Biological Anthropology: Becoming Human; Human Anatomy; The Digital World; Introductory Astronomy

trentu.ca/futurestudents/honoursscience

JOINT MAJORS (B.A. OR B.Sc.)

Trent's joint major programs give you full license to create a degree that's uniquely your own, by combining courses in the arts, sciences, or professional programs. Have a passion for social justice? Combine your Politics degree with Gender & Women's Studies. Interested in all things tech? Join Media Studies and Computing Systems. Mix and match programs that best appeal to your interests, preparing yourself for a future with more possibility.

The Trent Joint Major Advantage

- Create a unique educational focus based on your passions and interests, with an interdisciplinary knowledge base
- Experience the ease of combining programs across the arts and sciences and Trent's one-of-a-kind professional programs
- Receive academic advising to support you throughout your joint major degree

Resumé Boosters

- Gain the diversity of knowledge today's employers are looking for by studying and specializing in not one, but two academic disciplines
- Hands-on learning experiences abound in all Trent programs – gain the competitive edge on your resumé

Career Paths

Limitless!

trentu.ca/futurestudents/jointmajors

COMBINE DEGREES. EXPAND YOUR HORIZONS.

At Trent, you have the flexibility to combine nearly any two programs of your choice. To help you narrow it down, here's a list of some of our most popular combinations:

- Media Studies and Psychology
- Anthropology and History
- English and Media Studies
- Biology and Psychology
- Anthropology and Psychology
- Environmental Studies and Biology
- Child & Youth Studies and Psychology
- Geography and Canadian Studies
- Computing Systems and Media Studies
- Economics and Philosophy
- Economics and Psychology
- English and Psychology
- Psychology and Sociology
- Computing Systems and Economics
- English and Sociology

Explore other popular joint major combinations within our professional programs like Business Administration (see page 41) and Forensic Science (see page 51).

"Undertaking a joint major allows me to really explore two programs and pull the components of both that I really like to bring them together and create my own learning experience."

NICOLE BOERE, joint major in Environmental Studies and Sustainable Agriculture & Food Systems

INSPIRATION AMID THE RUINS

Profound. Life-altering. Long-lasting. Three ways Professor Rodney Fitzsimons describes the field study experience in Greece available to Trent undergraduate students. Imagine spending your summer being part of a team unearthing history through excavating and processing the treasures of ancient civilizations. At Trent, you can.

"I loved my experience. It was one that not a lot of people get to have during their undergraduate degree. I was able to work on top of one of the many beautiful mountains of Crete, and discover many structures that we did not previously know existed. I got to learn the techniques of excavating and handling plant, animal, pottery, and even human remains."

BRENDAN BELL-EARLE, fourth-year Archaeology student

ANCIENT GREEK & ROMAN STUDIES (B.A.)

Many aspects of modern culture — from the literary elements of comedy and tragedy to our laws and ideals of democratic government — have their origins in Ancient Greece and Rome. Trent's Ancient Greek and Roman Studies program gives students the opportunity to examine human behaviour and culture in the Ancient Mediterranean. Explore compelling topics surrounding warfare, class struggles, economy, religion, gender, cultural heritage, and the genius of the human spirit — issues as relevant today as they were in antiquity.

Specializations Available

Greek & Latin **NEW** (see page 33 for more info)

The Trent Advantage

Examine the history, literature and material culture of the ancient Mediterranean from 3000 B.C. to 650 A.D. taking courses based on the active research of accomplished faculty and scholars.

Resumé Boosters

- Travel to the Mediterranean and participate in an exciting archaeological fieldwork project — trips to Greece, Turkey or north Africa can be counted as credit towards your degree
- Give your acting chops a try in an extracurricular production of an ancient Greek play (in English) for a live audience

Career Paths

Archaeologist; Archivist; Naval Officer; Government Official; Computer Programmer; Teacher; Editor; Library and Information Systems Specialist; Professor; Entrepreneur

Popular Courses

The Trojan War; Gods Heroes and Monsters; War in the Desert; Olympians and Gladiators

trentu.ca/futurestudents/agrs

ANTHROPOLOGY (B.A. OR B.Sc.)

Are you a "people watcher," curious about human societies and how they've evolved over time? This is the program for you. Anthropology is the study of the human experience, from our earliest ancestors to our contemporary digital society. Drawing on insights from archaeology, and cultural, linguistic, and biological anthropology, you'll explore the extraordinary variability in human adaptation, organization and belief, discovering how the common circumstances we face unite us.

The Trent Advantage

Learn from renowned experts and researchers in one of the most highly regarded Anthropology programs in Canada.

Resumé Boosters

- Get your hands dirty on a global scale through our archaeological field schools in Greece or Belize
- Dig up the past right here on campus through the Ontario Archaeology Field School, a full-credit Anthro course that runs each summer
- Study different cultures first-hand through a year abroad program in virtually any country worldwide — Ghana, Thailand, France? The choice is yours.

Career Paths

Archaeologist; Cultural and Heritage Consultant; Environmental Impact Assessor; Ethnographer; Forensic Anthropologist; Immigration and Human Rights; Public Health; Medical Anthropologist; Museum Curator; Program Manager

Popular Courses

Plagues and Peoples; Virtual Worlds: The Anthropology of Online Communities; Culture and Food; Archaeology of Climate Change; Environmental Archaeology; Mortuary Archaeology; Culture and Mortality

trentu.ca/futurestudents/anthropology

ARCHAEOLOGY (B.A. OR B.Sc.)

Build your future career by uncovering the ancient past, studying in one of the most robust archaeology programs in Canada. Your studies will focus on the history of human beings, examining artifacts, human and animal bones, architecture, and plants. You'll learn the field methods and lab techniques used to study these materials, as well as theories archaeologists use to understand the ancient cultures and past civilizations of the Americas, Europe, and the pre-Classical and Classical Mediterranean world.

Specializations Available

Mediterranean Archaeology (see page 35 for more info)

The Trent Advantage

Join one of the largest archaeology programs in Canada, and combine courses from Anthropology, Ancient Greek and Roman Studies, and the sciences.

Resumé Boosters

- Perform hands-on research (even during your undergrad degree!) in specialized on-campus labs for bioarchaeology, Geographic Information Systems (GIS), archaeozoology, and lithic and ceramic analysis
- Immerse yourself in the global community — conduct field work abroad in places like Belize, Greece, Europe, Turkey, North Africa, and more — or right here in Ontario

Career Paths

Archaeological Data Manager; Archaeologist; Archaeotourism Professional; Archivist; Bioarchaeologist; First Nations Liaison Officer; Heritage Management Consultant; Laboratory Supervisor; Museum Curator; Teacher

Popular Courses

Archaeozoology; Archaeology of Natural Disasters; Aegean Bronze Age Archaeology; Human Osteology; Case Studies in Classical Archaeology

trentu.ca/futurestudents/archaeology

BACHELOR OF ARTS & SCIENCE (B.A.S.)

Leonardo da Vinci in his infinite wisdom once said: "To develop a complete mind: Study the science of art; Study the art of science. Learn how to see. Realize that everything connects to everything else." More than 500 years later, the words of this Renaissance artist and scientist still ring true. Knowledge in both arts and sciences is key to understanding and embracing the challenges and complicated issues of today's ever-changing world. As a top student who's fascinated by both science and the arts equally, Trent's unique B.A.S. degree program gives you the rare chance to enjoy the best of both worlds.

The Freedom & Flexibility to Forge Your Own Path

This broad yet focused degree enables you to explore a variety of scientific, social, and humanist perspectives, applying them to a range of diverse issues such as healthcare, climate change, human rights, and law. B.A.S. graduates are uniquely qualified for further studies at medical or professional schools, post-graduate study and research, or specialized careers in interdisciplinary and growing fields such as scientific journalism. Challenge yourself through the examination of multiple topics in the arts and sciences, exploring how these diverse subjects intersect in interesting and exciting ways.

The Trent Advantage

Enjoy more variety of choices than almost any other B.A.S. degree program in Canada. Create the program of your dreams, choosing a single or double major and up to two minors.

Resumé Boosters

- Develop a broad knowledge-base and skill set that is highly adaptable to any career path you choose
- Gain professional experience performing and presenting independent research for the Arts and Science Colloquium
- Take advantage of several internship opportunities within one or more of your chosen majors
- Participate in a community-based research project with guidance from faculty members in a variety of disciplines

Career Paths

Doctor; Journalist; Public Policy Analyst; Teacher; Filmmaker; Civil Servant; Business Consultant; Publisher; Politician; Medical Expert; Lawyer

Popular Courses

Human Anatomy; Documentary Film; Science Fiction; Game Studies; Truth, Lies & Storytelling; Biomedical Ethics; Sociology of Health & Illness; The Writing Life

trentu.ca/futurestudents/bas

"The Bachelor of Arts and Science program is an interdisciplinary program where you get to explore the bridges between the sciences and the arts. It's really a unique program. In the workforce and every day in general, there is a lot of crossover between the arts and science. They're not so different. They complement each other in a lot of good ways. I think it's a good learning experience to really broaden your educational experience."

SHELBY MCFADDEN, Bachelor of Arts and Science graduate, minors in Environmental Science and Politics

MED SCHOOL BOUND

“What I really loved about the Biochemistry and Molecular Biology program was the exploration of so many different areas and the abundant opportunities to research the ones that interested me most. Trent provided many amazing experiences, including shadowing practitioners at the Family Clinic in Lakefield; completing Trent’s IMPACT leadership program; and sitting as the vice president of the student-run Pre-Medical Society. All of these experiences made me a well-rounded, successful applicant to several Canadian medical schools.”

KEDIJA ABDELLA, recent Biochemistry & Molecular Biology graduate, 2018 Bagnani Medal Winner

BIOCHEMISTRY & MOLECULAR BIOLOGY (B.Sc.)

How are all living creatures alike – and how do we differ? Can we meet human needs by manipulating the DNA of bacteria, plants and animals? The study of Biochemistry & Molecular Biology investigates these fundamental questions and more, exploring how molecules work in living systems and combining a wide range of chemical and biological disciplines. In this program, you’ll achieve a detailed understanding of the processes that control and mediate health, illness, reproduction, growth, and ultimately life itself.

Specializations Available

Health Sciences (see page 33 for more info)

The Trent Advantage

Working in ultramodern facilities, you will gain a solid grounding in chemistry, biochemistry, genetics, and cell biology, preparing you for advanced studies in this dynamic and ever-changing discipline.

Resumé Boosters

- Pursue the Medical Professional Stream to access a variety of supports and unique extracurricular opportunities and gain the competitive edge in your med or vet school applications (see page 57)
- Gain advanced access to top-of-the-line lab facilities, including genetic technology, in Trent’s exclusive DNA, Life & Health Sciences Building
- Study side-by-side with expert scholars and explore unique undergraduate hands-on research opportunities

Career Paths

Physician; Dentist; Research Scientist; Pharmacist; Teacher; Optometrist; Laboratory Instrument Specialist; Biomedical Scientist

Popular Courses

Biochemical Concepts; Molecular Biology; Cell Biology; Microbiology; Protein Chemistry & Enzymology; Metabolism; Bioinorganic Chemistry; Immunology

trentu.ca/futurestudents/biochem

BIOLOGY (B.Sc.)

Biology is central to comprehending today’s most pressing concerns, from managing the spread of infectious diseases to how to sustainably feed a planet of seven billion people. In this leading program, you will study and research alongside faculty in cutting-edge labs and collaborate with leading scientists in the field.

Specializations Available

Conservation Biology; Health Sciences (see pages 32-33 for more info)

The Trent Advantage

Apply what you learn in lectures, labs and fieldwork to our planet’s most significant biological challenges.

Resumé Boosters

- Take immersive field courses held in Canada or around the world, through the Ontario Universities Program in Field Biology
- Undertake multiple internship or placement opportunities with collaborating organizations such as the Ministry of Natural Resources and Forestry, Parks Canada, local hospitals, pharmacies, and more
- Pursue opportunities to undertake and lead your own independent research project

Career Paths

Veterinarian; Bioinformation Specialist; Biomedical Sales Rep; Conservation Biologist; Physician; Pathologist; Genetic Counselor; Zoologist; Toxicologist

Popular Courses

Conservation Biology; Pathophysiology; Epidemiology; Evolution; Medical Entomology; Genetics; Pharmacology; Fish Ecology

Accelerated Master’s Degree **NEW!**

Earn your M.Sc. in Environmental and Life Sciences within one year of graduation from your honours B.Sc. in Biology.

trentu.ca/futurestudents/biology

BIOMEDICAL SCIENCE (B.Sc.)

Trent’s unique Biomedical Science degree combines the study of biology and medicine, allowing you to examine the impact of disease on human health. In this program, you’ll study a range of medical and health-related topics such as cell biology, anatomy, and biochemistry. You’ll gain a better understanding of how the many levels and approaches to health and medicine are complementary, and you’ll learn to apply these principles to assess and solve problems as they relate to real-world health issues.

The Trent Advantage

Personalize your degree and gain the competitive edge by studying in the only Biomedical Science program of its kind in Ontario.

Resumé Boosters

- Gain valuable, real-world experience in a medical or health-care related setting through a capstone internship or placement courses, something that no other Ontario university offers in a four-year Biomedical Science degree
- Work alongside leading faculty in state-of-the-art research facilities, as well as healthcare professionals in the community
- Complete a fourth-year honours research thesis

Career Paths

Medical Researcher; Pathologist; Research Scientist; Geneticist; Neurobiologist; Scientific Journalist; Physiotherapist; Podiatrist; Optometrist; Occupational Therapist; Audiologist

Popular Courses

Principles of the Nervous System; Microbiology; Neuropsychology; Epidemiology; Developmental Biology; Virology; Immunology; Pharmacology; Pathophysiology

trentu.ca/futurestudents/biomedical

SCHOOL OF BUSINESS

Trent’s popular School of Business offers all the advantages of a traditional Bachelor of Business Administration (B.B.A.) and more.

FIVE WAYS TO DO BUSINESS AT TRENT

- 1 Bachelor of Business Administration (B.B.A.)** – focuses on economics, management, and entrepreneurship with a full slate of accounting courses to prepare you for the CPA designation or as a launch pad to an M.B.A.
- 2 Business and Arts B.A.** – combine business courses with any arts courses from English and Cultural Studies to Sociology and Economics.
- 3 Business and Science B.Sc.** – combine business courses with any science courses from Biology and Psychology to Environmental & Resource Science and Computing Systems.

- 4 B.B.A. with Specialization** – choose from Accounting, Entrepreneurship, Finance, Marketing and Consumer Culture, Human Resource Management, Niigaaniwin: The Art of Leading, Economics, Ethics and Sustainability, or Information Systems and E-Commerce.
- 5 Business Administration Minor** – combine business as a minor with literally any other arts or science major – if you can imagine it, you can do it in business at Trent.

trentu.ca/business

BACHELOR OF BUSINESS ADMINISTRATION (B.B.A.)

You want to become an innovative business leader or entrepreneur. No other program will help you get there better than Trent’s exclusive Bachelor of Business Administration. By examining corporate, self-employment, online, small business, and other business models, you’ll learn the fundamentals of leadership and management, gaining a deep understanding of the organization of business and its role in today’s highly-digital world.

Specializations Available

Accounting; Economics; Entrepreneurship; Ethics and Sustainability; Finance; Human Resource Management; Information Systems and E-Commerce; Marketing & Consumer Culture; Niigaaniwin: The Art of Leading; (see pages 32-35 for more info)

The Trent Advantage

Prepare for your CPA designation or springboard to an M.B.A., benefiting from the knowledge and expertise of a dedicated community of business leaders and mentors.

Resumé Boosters

- 100 hours of hands-on professional experience completing internships with business sector companies and organizations
- Leave your mark at Trent through a fourth-year legacy project or undertake a community-based research project with local businesses
- Network with industry experts and organizations through the Prosperity Business Tradeshow and Global Entrepreneurship Week
- Compete in local and national business competitions, including Jeux du Commerce, Pitch It, Durham Ideas Den, Bears’ Lair

Career Paths

Accountant; Marketer; Human Resource Manager; Financial Analyst; Equity Analyst; Investment Banker; Consultant; Indigenous Business Officer; Entrepreneur; Arts Administrator

Popular Courses

Management Skills; Entrepreneurship; Financial and Managerial Accounting; Leadership, Training and Development: A Cross-Cultural Approach; Branding; Advertising; Strategic Management

trentu.ca/futurestudents/businessadmin

BUSINESS & ARTS (JOINT MAJOR B.A.) BUSINESS & SCIENCE (JOINT MAJOR B.Sc.)

Forge your own unique path to success in the world of business by connecting your interest in business with other areas of study across the arts or the sciences. The combinations are virtually endless. What will you choose?

The Trent Advantage

Study at the only university in Canada to offer a wide range of joint majors in Business Administration for more career choice and flexibility.

Resumé Boosters

- Combine professional business experience with diverse knowledge from a range of other programs and disciplines – create a degree that’s uniquely you (employers love it!)
- Gain hands-on experience through the Business Administration internship program and fourth-year business legacy project
- Benefit from joining a community affiliated with the United Nations Principles for Responsible Management and Education

Popular Business Joint Majors

Business & Information Systems; Business and Media Studies; Business & Political Studies; Business & Environmental Resource Studies; Business & International Development Studies; Business & Economics; Business & Psychology

trentu.ca/futurestudents/businessarts
trentu.ca/futurestudents/businessscience

REFRESHING RESEARCH

Research that is memorable, rewarding and impactful – a recipe for success for Chemistry and Biology joint major, Quinton Fiering. Inspired by water, Quinton travelled North to Hudson's Bay to conduct hands-on research which ultimately won him the 2018 Gzowski Northern Scholarship.

"It means a lot to me to receive such an esteemed award. I'm glad the scholarship recognizes Trent's research in the Canadian North. Attention to Northern issues is paramount for the conservation of Northern ecosystems, water resources, and ways of life."

QUINTON FIERING, Chemistry & Biology student

CANADIAN STUDIES (B.A.)

SCHOOL FOR THE STUDY OF CANADA

How has Canada become what it is today, and what does it mean to be Canadian? Explore issues of relevance to our expansive country through a critical examination of themes such as the environment, nationalism, indigeneity, multiculturalism, and immigration. Canadian Studies will offer you unparalleled insight into the life and history of Canada, and how this expansive nation and its position in the world today.

The Trent Advantage

Canadian Studies was born at Trent. Study in the School for the Study of Canada at one of the first universities in the country to establish a Canadian Studies department.

Resumé Boosters

- Undertake a community research project with local museums, not-for-profits, and arts organizations
- Study alongside leading Canadian Studies scholars, many of whom are national and international experts in their field
- Participate in and learn from public lectures, seminars, and themed symposiums held on-campus throughout the year

Career Paths

Diplomat; Immigration Officer; Lawyer; Policy Analyst; Public Policy Officer; Journalist; Teacher; Politician; Historian; Public Administrator

Popular Courses

Gender and Disability in Canada; Canada: The Land; Everyday History; First Nations and the Welfare State; Documenting Canada

Diploma in Canadian Studies also available

trentu.ca/futurestudents/canadianstudies

CHEMICAL PHYSICS (B.Sc.)

From the medicines we take to the materials we make, Chemical Physics shapes how we engage with the world around us. As a student of Chemical Physics, you'll explore the physics and chemistry of everything from an atomic perspective. Investigating the interactions of matter in the molecular, atomic, and solid state, you'll master the techniques required to develop an understanding of the fundamental principles of our physical and chemical world.

The Trent Advantage

Benefit from Trent's interactive small-group classes and labs, as well as mentoring from award-winning Chemistry and Physics faculty.

Resumé Boosters

- Conduct exciting hands-on research as a student research assistant
- Develop your own research through a project course spanning one or two semesters
- Put your advanced knowledge and skills to the test, preparing you for employment or graduate studies in fields such as science, technology and engineering

Career Paths

Chemical Physicist; Climate Modeller; Biophysicist; Electron Microscopist; Electronics Developer; Nuclear Scientist; Materials Researcher; Patent Lawyer; Teacher

Popular Courses

Quantum Mechanics and Reaction Kinetics; Thermodynamics; Photochemistry; Electricity and Magnetism

trentu.ca/futurestudents/chemphysics

CHEMISTRY (B.Sc.)

Chemistry can help you make informed decisions not just about science, but about all of life. An intellectually challenging and rewarding subject, Chemistry explores the diverse makeup of our world and contributes to most other areas of physical and life sciences. You'll learn about fundamental discoveries in chemistry and work towards contributing to them while gaining experience in modern chemical research, experimental design and technical laboratory skills.

The Trent Advantage

Study in a program accredited by the Canadian Society for Chemistry, benefiting from direct access to world-class labs and instrumentation facilities.

Resumé Boosters

- Assist in research projects with leading experts in the field
- Gain experience working with special equipment for modern experimental and theoretical chemistry
- Get involved as a member of the popular Trent Chemistry Undergraduate Society

Career Paths

Chemist; Research Scientist; Pharmacist; Corrosion Analyst; Environmental Lawyer; Food and Drug Inspector; Industrial Hygienist; Medical Doctor; Veterinarian

Popular Courses

Analytical Chemistry; Biochemical Concepts; Atmospheric Environmental Chemistry; Modern Organic Synthesis; Polymeric Materials; Photochemistry

Accelerated Master's Degree **NEW!**

Fast-track your education, by earning your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating from your honours B.Sc.

trentu.ca/futurestudents/chemistry

CHILD & YOUTH STUDIES (B.A.)

Offered exclusively at Trent's Durham GTA campus, the Child & Youth Studies program focuses on how children learn through play and creativity. You'll gain essential expertise in understanding the child and youth experience through exploration in emotional and cognitive development, relationships and social interaction, diversity and social justice, laws and rights, and teaching and programming.

The Trent Advantage

Get a head start on a teaching career with a direct pathway into Trent's Bachelor of Education (B.Ed.) program. A number of guaranteed spaces are reserved for Child & Youth Studies graduates.

Resumé Boosters

- Complete a full-year community placement, working with local school boards, health centres, museums, cultural centres, community agencies, group homes, or youth programs
- Expand your learning through courses that encompass a wide range of disciplines – this breadth of knowledge will help land you a meaningful and impactful career
- Benefit from a personalized learning environment (what Trent Durham is known for) – this translates to great references for grad school or your jobs after graduation

Career Paths

Child Protection Worker; Teacher; Lawyer; Child & Youth Worker; Counsellor; Social Worker; Administrator; Youth Program Developer; Researcher; Activist; Policy Analyst

Popular Courses

Child and Youth Theory and Voice; Playful Pedagogy; Child and Youth Rights and Legal Issues; Youth and Creative Engagement; Indigenous Knowledge for Children and Youth; Ecological Literacies for Children and Youth

trentu.ca/futurestudents/childyouth

CIRCUMPOLAR STUDIES DIPLOMA **NEW**

ONLINE ONLY

Challenge yourself to think beyond the "remote" and "cold" stereotypes of the Arctic and its communities. This one-of-a-kind, interdisciplinary program will expose you to the most fundamental topics surrounding Northern people and landscapes, geographical and historical contexts, and issues of security in a changing political and environmental climate. You'll explore the rich diversity of the region and discuss everything from Indigenous issues to sustainable development and physical geography. Developed by the University of the Arctic in partnership with Trent's School of Environment, the Charie Wenjack School for Indigenous Studies, School for the Study of Canada, and more, this flexible learning opportunity will prepare you for a future focused on the Canadian North and beyond.

The Trent Advantage

Be a groundbreaker – study in the first fully online Circumpolar Studies diploma offered at a Canadian university.

Resumé Boosters

- Take your learning from the comfort of home to the Arctic through study abroad opportunities with the University of the Arctic
- Diversify your perspectives through engaging online discussions with students from near and far in a small-group environment
- Benefit from flexible options which allow you to move into a related undergraduate program at Trent or supplement your existing degree

Career Paths

Public Service; Cultural and Heritage Consultant; Immigration and Human Rights; Public Health; Geoscience Consultant; Diplomat; Journalist; United Nations Official; International Civil Servant; Educator; Policy Professional

trentu.ca/futurestudents/circumpolar

COMMUNICATIONS & CRITICAL THINKING (B.A.)

Exclusive to our Durham GTA campus, this three-year degree program prepares you for a long and satisfying career by encouraging the development of durable and transferable skills prized by a range of employers. This uniquely versatile program combines courses in project management, writing, research, and numeracy with other self-selected courses from a wide range of programs on campus. Challenge yourself and learn to become a creative, logical, and integrative thinker and a clear communicator.

The Trent Advantage

The careers of today require excellent communication, critical thinking, and writing skills – exactly what we teach in communications and critical thinking.

Resumé Boosters

- Make a difference in the local community through a final-year capstone project, allowing you to develop and refine communications and critical thinking skills
- Take courses that teach high-demand and long-lasting skills that help you manage complex projects, work well with others, and write clearly and persuasively
- Undertake hands-on projects (like podcasts and social media analyses) in courses that will also put your presentation skills to the test

Career Paths

Project Manager; Lawyer; Professional Administrator; Communications Strategist; Research Officer; Corporate Education Planner; Government Worker; Development Officer; Public Relations Specialist

Popular Courses

Happiness: An Introduction to Interdisciplinary Studies; Becoming Digital; Write in Time; Workplace Communication; Capstone Project Course

trentu.ca/futurestudents/commstudies

A COURSE WITH A DIFFERENCE

Don't just learn about change – make it happen! As part of the Communications and Critical Thinking capstone course, students have the opportunity to work with peers to research and develop a positive, real-world solution that responds to an issue or question facing the Durham region. This past year, students took up the challenge to determine the best storm water management fee and credit program for municipalities in the region, and gained invaluable career experience along the way.

"I am no longer worried about being inexperienced or having difficulties applying my skills outside a classroom; I know that I can be successful, even if I am doing something I have never tried before, and I learned that because of this capstone course."

BILLIE CLARKE, Trent University Durham GTA student

CODING HER WAY TO SUCCESS

Computing Systems student Laura Mann made National Learn to Code Day in September a day to remember by hosting her first Ladies Learning Code workshop. Laura is no stranger to breaking ground for women in the local tech community. In fact, the Ladies Learning Code workshop is just one of many events Laura has coordinated during her time at Trent. She also took the lead on a Women in STEM showcase with the Trent Computer Science Society and, together with five other Trent students, created Trent's annual Electric City Hacks hackathon.

COMPUTING SYSTEMS (B.A. OR B.Sc.)

CO-OP OPTION

The ability to create, manipulate, and speak the language of computing systems has become some of the most valued skills applicable to almost every industry. When you study Computing Systems at Trent, you'll get a chance to develop your skills in designing, implementing, and integrating software applications – everything from supercomputers to game boards. This degree will equip you with the skills required for a successful career in the ever-changing tech sector.

Specializations Available

Computer Science; Data Analytics; Software Engineering (see pages 32 & 35 for more info).

The Trent Advantage

Get advanced use of the latest science and digital technologies, with assistance from professors who are experts in their fields.

Resumé Boosters

- Pursue the competitive co-op option: graduate with 12 months of relevant experience through three paid work terms in the information technology industry
- Work with real-world clients from industry, government, and education through a third year internship course and fourth year project course
- Undertake an undergraduate research thesis and investigate a specific field of interest with the expert guidance of your prof

Career Paths

Database Administrator; Software Systems Developer; Network Systems Administrator; Research Scientist; Software Engineer; Computer Systems Analyst; Web Developer; Mobile Application Developer; Data Scientist

Popular Courses

Web Application Development; Computer Crime & Forensics; Artificial Intelligence; Systems Programming; Human-Computer Interaction; Data Mining

trentu.ca/futurestudents/compsystems

COMPUTING SYSTEMS & PHYSICS (B.Sc.)

Combine your love of deciphering how the offline world works using the laws of physics, with a desire to pursue a career in computer science. Computing Systems & Physics gives you the opportunity to explore a wide variety of subjects, including hardware and software interfaces, electronics, software design, networks, distributed operating systems, and the underlying principles of physics and mathematics. An understanding of leading-edge technology combined with a foundation in physics will help you answer questions about the particles and forces composing our universe, along with the rich complexities that arise through their interactions.

The Trent Advantage

Benefit from small-group lab work and develop a strong foundation for further education through graduate studies at the masters and Ph.D. level and beyond.

Resumé Boosters

- Spend your summer gaining valuable experience assisting your prof with a hands-on research project
- Take one of our advanced research project courses and apply what you've learned inside the classroom to the lab environment and beyond
- One-on-one learning with leading profs equals great references for grad school or your first career

Career Paths

Database Administrator; Information Systems Specialist; Network Specialist; Research Scientist; Software Systems Developer; Software Engineer; Computer Systems Analyst; Web Designer

Popular Courses

Computer Organization; Electricity and Magnetism; High Performance Computing; Introductory Quantum Physics; Modern Optics; Statistical and Thermal Physics

trentu.ca/futurestudents/compphysics

CONSERVATION BIOLOGY (B.Sc.)

NEW

CO-OP OPTION

With so many of the world's species currently at risk, there is an essential need for experts who are capable of creating innovative solutions to counteract the growing loss of wildlife and their habitat. In Conservation Biology you'll study the science behind the decline of biological diversity to better understand the solutions to this worldwide crisis.

The Trent Advantage

In this program – the only one of its kind in Ontario – gain hands-on, valuable experience working with groups like the Ministry of Natural Resources & Forestry, Nature Conservancy Canada, Metro Toronto Zoo, Parks Canada, and more.

Resumé Boosters

- Apply for the competitive five-year co-op option: graduate with experience and complete three paid work terms with leading conservation organizations and agencies
- Choose the four-year placement option: spend the last eight months of your degree gaining practical, real-world experience in the field
- Benefit from access to state-of-the-art labs and facilities in Trent's DNA, Life & Health Sciences Building

Career Paths

Species-at-Risk Biologist; Environmental Lawyer; Research Scientist; Ecologist; Zoo Biologist; Ecological Consultant; Conservation Manager; Veterinarian

Popular Courses

Conservation Biology; Biology of Invasions; Population Dynamics; Mammalogy; Ornithology; Herpetology; Advanced Ecology

Accelerated Master's Degree NEW!

Fast-track your education, by earning your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating from your honours B.Sc.

trentu.ca/futurestudents/conservationbio

CULTURAL STUDIES (B.A.)

Cultural Studies gives you the tools to critique and create cultural objects and practices – everything from games to graffiti, print to painting, and music to film. You'll study culture by reading, talking, and doing, taking lecture and workshop courses in literature, fine art, media, and theory. And you'll ask (and seek answers to) the questions about how culture shapes our lives.

Specializations Available

Culture & Theory; Film & Media; integrated Arts; Literature & Narrative (see pages 32-35 for more info)

The Trent Advantage

In this program, the only one of its kind in Canada, explore both theoretical and practical paths into visual arts, media, film, theatre, and music.

Resumé Boosters

- Gain work experience through our fourth-year Internship in Media and Cultural Studies
- Immerse yourself in workshops led by renowned theatre directors, artists, musicians, writers, and film makers
- Complete hands-on course work that gives you the opportunity to engage with a variety of media, including photography, theatre, music, film, radio, and podcasting

Career Paths

Advertising and Marketing Executive; Web Content Manager; Game Creator; Radio or Television Producer; Videographer; Communications Specialist; Cultural Critic

Popular Courses

Science Fiction; Music and Society; Game Studies; Television Studies; Theatre Workshop; Global Media; Experimental Film Workshop

Accelerated Master's Degree NEW!

Earn your Master's degree in Cultural Studies within one year of graduation from your honours B.A.

trentu.ca/futurestudents/culturalstudies

ECOLOGICAL RESTORATION (B.Sc.)

SCHOOL OF THE ENVIRONMENT

By working to ensure our world's precious ecosystems are preserved, the vision of Ecological Restoration is that of a better tomorrow. Through a partnership with Fleming College, this unique degree program gives you the practical and theoretical knowledge needed to make your mark in the green revolution, helping restore our natural environment for present and future generations.

The Trent/Fleming Advantage

Graduate in four years with both a college diploma and university degree.

Resumé Boosters

- Gain practical experience through field camps, field courses and community-based research projects
- Combine skills and experiences from a broad range of disciplines at both college and university – the best of both worlds
- Apply classroom knowledge to the field through internships and international study opportunities

Career Paths

Landscape Restoration Ecologist; Shoreline Naturalization Biologist; Watershed Planning Technician; Wetland Habitat Ecologist; Watershed Restoration Professional; Reclamation Ecologist

Popular Courses

Environmental Ethics; Ecological Design; Environmental Law and Regulation; Ecology and the Management of Wetland Systems; Indigenous Environmental Studies

Accelerated Master's Degree

Earn your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating with your honours B.Sc.

trentu.ca/futurestudents/ecologicalrestoration

ECONOMICS (B.A. OR B.Sc.)

At both a national and global level, the most significant social issues involve economics. Through your studies in Economics, you'll gain a thorough understanding of the methods and tools required to analyze complex economic issues such as unemployment, inflation, economic growth, and the regulation of the market structure. Your studies will enable you to use national and international data to explore trends and tendencies, test economic models, and will give you the ability to recommend policies addressing inadequacies with market outcomes.

The Trent Advantage

Pursue either a B.A. or B.Sc. degree in Economics with exclusive access to leading Economics professors and experts in small-group classes, seminars and workshops.

Resumé Boosters

- Participate in faculty and individual research projects
- Analyze statistical data provided by Statistics Canada, along with other national and international statistical agencies
- Get involved in FastStart, an extracurricular program for business-minded students
- Meet top economic thinkers through guest speaker series and events – in 2018 we welcomed Bank of Canada former governor David Dodge

Career Paths

Accountant; Actuary; Commodity Analyst/Trader; Labour Relations Specialist; Market Research Analyst; Media Buyer; Securities Broker; International Trade Specialist; Statistician; Financial Analyst; Investment Banker

Popular Courses

International Finance, Economics of Developing Countries, Environmental Economics, The Canadian Economy

trentu.ca/futurestudents/economics

THIS WEEK'S HOMEWORK: NETFLIX

Cultural Studies student Josh White turned binge-watching his favourite Netflix show into a one-of-a-kind research opportunity. Working one-on-one with his professor, Josh was able to publish his undergraduate paper looking at the portrayal of urban settings in the popular TV show, *Sense8*, in the online journal *Mediapolis*. And Josh wasn't the only Trent student to be featured. In fact, four students secured publications in *Mediapolis'* inaugural Student Voices section.

SCHOOL OF EDUCATION

TEACHER EDUCATION STREAM (B.A. OR B.Sc.)

Forge your own path to a rewarding career in education through Trent's distinctive Teacher Education Stream (TES). If your dream is to become a teacher, this one-of-a-kind program is the best pathway. TES will provide you with a strong foundation for application to a consecutive B.Ed. teacher education program, giving you an opportunity to design your B.A. or B.Sc. degree according to your individual interests. Gain relevant practical and theoretical knowledge through coursework and experiential opportunities such as teaching placements and other hands-on experiences.

The Trent Advantage

Guaranteed entry into Trent's competitive two-year Bachelor of Education (B.Ed.) program upon successful completion of all requirements with a minimum average of 85%.

Resumé Boosters

- Pursue education-related placements in EVERY year of the program, starting in year one, in schools, day cares, zoos, senior centres, libraries, and more
- Take specialized courses in teacher education throughout your undergrad degree

Career Paths

Teacher; Child Care Worker; Educational Author; Publisher; Curriculum Developer; Educational Researcher; Outdoor Educator

Popular Courses

Understanding Teaching and Learning; Concepts and Dispositions in Teaching and Learning; Learning and Literacy; Topics in Mathematics Education; A STEAM Driven Classroom

trentu.ca/futurestudents/tes

"If you are interested in becoming a teacher, there is good news! Employment opportunities are opening up rapidly here in Ontario, in other Canadian provinces and territories, and further afield. The faculty in our School of Education are exceptional, caring and engaging teachers who will lead you through a range of placement experiences and courses that focus on the importance and excitement of being an effective educator. By the time you complete the Teacher Education Stream, you will be exceptionally prepared for entry into a professional Bachelor of Education degree, either at Trent or elsewhere."

DR. CATHY BRUCE, Dean of the School of Education
@TrentUSoE trentu.ca/education

BACHELOR OF EDUCATION (B.Ed.)

As a teacher you're more than just an educator; you're also a mentor, counsellor and friend. What kind of teacher will you be? Available upon completion of your undergraduate degree, the Consecutive Education program at Trent gives you the certification you need to teach at the elementary or secondary level in Ontario. This specialized two-year program is guided by philosophies rooted in ecological and social justice, recognition of learner diversity and well-being, curriculum excellence, and a commitment to professionalism.

The Trent Advantage

Gain fundamental expertise in special needs education, government and public policy, youth and recreational education, environmental mentorship, curriculum expertise, and Indigenous knowledge.

Resumé Boosters

- Complete 90 days of placements at four different schools through our Classroom Practicum
- Benefit from 75 hours of hands-on teaching experience through the Alternative Settings Placement: camp counsellor, one-to-one after school tutoring, swim instructor, research assistant, outdoor learning support... the options are practically endless
- Gain experience responding to students with special needs through our Supporting Literacy Placement
- Complete the Eco-Mentorship Certificate Program and show your future principal you are committed to bringing environmental education to your students

Career Paths

Teacher; Career Counsellor; Curriculum Designer; Literacy Specialist; Training Expert; Educational Researcher; School Administrator

trentu.ca/futurestudents/bed

INDIGENOUS BACHELOR OF EDUCATION (B.Ed.)

CHANIE WENJACK SCHOOL FOR INDIGENOUS STUDIES

Schools all over Canada are in need of Indigenous educators, and an educational environment that honours the culture, language, and world view of the Indigenous student is critical. Trent's highly unique Indigenous B.Ed. program puts Indigenous knowledge and perspectives at the forefront of teacher training, providing self-identified First Nations, Métis, Inuit and Indigenous students with the opportunity to become exceptional educators.

The Trent Advantage

A fully-accredited educational experience, this concurrent five-year program – the first of its kind in North America – allows students to complete three years of general studies and two years of professional studies, all in one degree.

Resumé Boosters

- Enjoy education placement opportunities in every year of your degree
- Attend traditional gatherings and connect with elders, traditional knowledge holders and surrounding Indigenous communities
- Benefit from Mohawk or Ojibwe language instruction in first year and learning opportunities on the land and water

Career Paths

Teacher; Counselor; Government Worker; Policy Officer; Educational Consultant; Indigenous Education Advisor

trentu.ca/futurestudents/indgbed

YOUR CAREER IN ENGINEERING STARTS AT TRENT

TRENT/SWANSEA DUAL ENGINEERING DEGREE* NEW

Simultaneously earn both a B.Sc. and B.Eng. degree in just four years through a new partnership between Trent University and Swansea University in the UK. In this rewarding integrated dual degree, you'll spend your first two years studying Chemistry at Trent, gaining experience in modern experimental and theoretical chemistry, while using Trent's world-class lab and instrumentation facilities. From there, you'll travel across the ocean to Swansea's picturesque seaside campus to complete a Chemical Engineering degree at one of the top 10 engineering schools in the UK. There, you can choose to complete summer placements to progress toward a P.Eng.

The Dual Degree Advantage

Graduate with both a B.Sc. in Chemistry and a B.Eng. in Chemical Engineering in just four years instead of seven. You can even apply to graduate with a Masters in Engineering, adding just one more year to the dual degree – an option available to top students in their third or fourth year at Swansea.

Resumé Boosters

- Globalize your degree by studying in Canada and the UK on stunning campuses with state-of-the-art facilities
- Option to apply, through a competitive process, to complete a 12-month paid Year in Industry placement in the UK, which can be counted towards the 48 months of work experience needed to acquire your P.Eng. licence in Canada
- Pursue summer engineering placements (uniquely available to students in the dual engineering degree)

CHEMICAL ENGINEERING DUAL DEGREE* (B.Sc. CHEMISTRY & B.ENG.)

This professionally accredited degree will equip you with knowledge and skills to design, operate and optimize chemical and physical processes, turning raw materials into valuable products for human use. Your studies will focus on established chemical engineering areas with application to energy, health, food, water, and the environment.

Career Paths

Chemical Engineer; Energy Manager; Analytical Chemist; Refinery Chemical Engineer; Petroleum Engineer; Product/Process Development Scientist; Mining Engineer; Technical Plant Manager; Applications Engineer; Wellsite Drilling Engineer

trentu.ca/futurestudents/engineering

* Pending approval. Check website for details and approval status.

MORE THAN THE WORDS ON THE PAGE

“Trent has so many different avenues for you to study within English Literature. You can really go back as far as the language does, in courses in Old English and Medieval and Renaissance literature, but you can also study popular fiction, and contemporary Canadian Literature and study literature released in the last few years. The English professors share your passion for literature, so it’s a really infectious environment that makes you want to do your readings, because you know that your profs are going to be just as excited about it as you are.”

MARY CARSWELL-GATES, recent English Literature grad

ENGLISH LITERATURE (B.A.)

Whether you swoon over Shakespeare’s sonnets or are bewitched by Harry Potter novels, English Literature makes a lasting impact on how we write and share stories of the human experience. English at Trent is designed to prepare you for any career that demands creativity, critical inquiry, and strong communication skills. Explore literature, culture and the history of ideas in courses ranging from medieval romance to contemporary graphic fiction.

The Trent Advantage

Our unique collegial learning environment means you’ll make your mark in this program, getting to know your professors one-on-one – great for personal references that make the difference on grad school applications or making an impression in interviews.

Resumé Boosters

- Take your love of books global and travel to a significant literary heritage site through the Barbara Rooke Travel Prize
- Engage with guest authors and explore a range of hands-on learning experiences including dramatic performance, music, creative writing, peer-assessed active learning, or blogging
- Participate in seminar and workshop classes that provide opportunities for discussion, critical thinking, and interaction with leading scholars

Career Paths

Broadcaster; Editor; Journalist; PR Specialist; Teacher; Translator; Archivist; Arts Critic; Publicist; Lawyer

Popular Courses

Children’s Literature; Literature & Globalization; Popular Fiction; Producing Punk; Theatre & Journalism; Writing the Body; Horror, Terror and the Gothic; Graphic Fiction

Accelerated Master’s Degree **NEW!**

Earn your Master’s degree in English (Public Texts) within one year of graduating with your honours B.A.

trentu.ca/futurestudents/english

TRENT — ESL: ENGLISH FOR UNIVERSITY

Are you an international student who wants to study at Trent but still needs to brush up on your English speaking and writing skills before launching into your degree? With Trent-ESL, you’re able to take advantage of the full university experience while simultaneously building your language, research, and academic abilities. If you are admitted to Trent and your English proficiency does not meet our minimum requirements, you will receive conditional admission to the program you have applied to and improve your English through our Trent-ESL: English for University program – guaranteeing you a place in that program once you’ve successfully completed Trent-ESL. There’s no better place to practice English and make new friends than within Trent’s close-knit campus community.

The Trent Advantage

- Receive exceptional personalized attention and support through small class sizes with an average of 14 students
- Study ESL and degree courses at the same time – begin taking credit courses towards your degree in Foundations for University I and II
- Take advantage of flexible programming, with four start times each year (September, January, April, and June)

trentu.ca/futurestudents/esl

ENVIRONMENTAL CHEMISTRY (B.Sc.)

SCHOOL OF THE ENVIRONMENT

Explore the environment at the molecular level and use your passion for chemistry to make a meaningful impact on the world. Your studies in Environmental Chemistry will introduce you to contemporary approaches to quantifying contaminants, along with the sources of chemicals, their cycles and the impact they have on organisms and ecosystems in the environment.

The Trent Advantage

Study at one of the top 100 green campuses in the world, learning modern analytical techniques in Trent’s state-of-the-art laboratory facilities.

Resumé Boosters

- Undertake undergrad research opportunities working with leading professors and groups
- Benefit from practical work experience through community research projects with local organizations and companies
- Gain experience with advanced instrumentation and modern analytical techniques, preparing you to handle challenging environmental problems from a multidisciplinary perspective

Career Paths

Analytical Laboratory Scientist; Environmental Auditor; Environmental Health Inspector; Hydrogeologist; Policy Advisor; Pollution Control Engineer; Environmental Modeler

Popular Courses

Atmospheric Environmental Chemistry; Aquatic Environmental Chemistry; Ocean and River Chemistry; Environmental Air Pollution; Environmental Toxicology

Accelerated Master’s Degree **NEW!**

Earn your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating from your honours B.Sc.

trentu.ca/futurestudents/envirochem

ENVIRONMENTAL GEOSCIENCE (B.Sc.)

SCHOOL OF THE ENVIRONMENT

This degree provides the perfect path for students who wish to find solutions to large-scale challenges such as pollution, climate change or rising sea levels. The program integrates the disciplines of geology, biology, chemistry and geography, and gives you an opportunity to study at one of the top 100 green campuses in the world. At Trent, you’ll study the interaction between human activities and our planet while discovering environmental solutions alongside some of the world’s leading environmental researchers and scientists.

The Trent Advantage

Receive specialized training in environmental techniques used in geotechnical investigations, applying what you learn in a practical way through hands-on research and field work.

Resumé Boosters

- Translate knowledge into career experience through environmental field placements
- Participate in a hands-on fourth year capstone experiential learning opportunity
- Gain the academic credentials required to register as a Professional Geoscientist (P.Geo) in Training

Career Paths

Environmental Geoscientist; Geomorphologist; Environmental Consultant; Geochemist; Earth Scientist; Hydrogeologist; Environmental Geologist

Popular Courses

Applied and Environmental Geophysics; Field Methods in Environmental Geoscience; Introduction to Mineralogy and Petrology; Structural Geology

trentu.ca/envirogeoscience

Accelerated Master’s Degree **NEW!**

Earn your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating from your honours B.Sc.

ENVIRONMENTAL & RESOURCE STUDIES/SCIENCE (B.A. OR B.Sc.)

SCHOOL OF THE ENVIRONMENT

Make your mark on this world in a thoughtful and sustainable way. You’ll acquire the knowledge essential to understanding our environment and creating a greener future. Choose to complete a B.A. degree and explore sustainable solutions to environmental challenges in courses such as environmental law and global environmental policy. With the B.Sc. option, you’ll obtain an advanced scientific understanding of the environment, addressing everything from environmental chemistry to restoration ecology.

The Trent Advantage

Study in one of the only Environmental Careers Organization (ECO)-Canada accredited environmental science programs in the country, choosing from the broadest range of environmental courses available at any Canadian university.

Resumé Boosters

- Conduct hands-on research in Trent’s 12 on-campus nature reserves
- Develop practical field and laboratory skills working with internationally recognized environmental scientists
- Spend a year studying abroad in a multitude of international research placements

Career Paths

Ecologist; Eco-Tourism Professional; Energy Consultant; Environmental Activist; Environmental Impact Assessment Specialist; Fisheries Biologist; Policy Advisor

Popular Courses

Environmental Science and Politics; Global Environmental Policy; Pollution Ecology; Environment and Development; Climatic Change

trentu.ca/futurestudents/ers

BACHELOR OF ENVIRONMENTAL SCIENCE/STUDIES (B.E.S.S.)

SCHOOL OF THE ENVIRONMENT

Trent’s B.E.S.S. degree is perfect for students who want to bring science and arts together to understand and solve key environmental issues. You’ll gain an understanding of the scientific aspects of contemporary environmental issues, how they’re linked to policy and planning decisions, and how that can lead to an environmentally sustainable future.

The Trent Advantage

There is no better place to study the environment – Trent has proudly been Canada’s top postsecondary environmental institution for more than 50 years.

Resumé Boosters

- Conduct hands-on research in state-of-the-art labs and Trent’s extensive on-campus “living laboratory”
- Minimum entrance and performance requirements challenge you to maintain a high standard of academic performance
- Pursue a capstone or community-based research project or write and defend an undergraduate honours thesis

Career Paths

Environment Protection Officer; Environmental Educator; Environmental Engineer; Environmental Risk Assessor; Policy Advisor; Urban and Regional Planner

Popular Courses

Environmental Science and Politics; Ecological Assessment for Natural Resources Management; Ecology & Management of Wetland Systems; Urban Environments; Environmental Health; Sustainable Innovation

trentu.ca/futurestudents/bess

THE FUTURE IS GREEN

Sustainability and everything green. It’s in our DNA at Trent. There is a vital and pressing need to reduce greenhouse gas emissions as the impacts of climate change become more prominent. Dr. Ian Power, the first-ever Canada research chair in Environmental Geoscience, is set on doing something about it. Just one of many leading faculty members you can work with in the Trent School of Environment who are making an impact on the health of our planet.

THE TRENT FORENSIC SCIENCE ADVANTAGE

Do you have an enquiring mind, a deep interest in science and a curiosity about how and why things happen? A career in Forensics could be an ideal path for you. Trent is proud to offer a wide variety of professional forensic science programs, each one giving you access to the industry's best forensic lab facilities and expert faculty. No other university in Canada provides the quality and breadth of forensic programming that you'll find at Trent.

EXPLORE YOUR FORENSIC SCIENCE OPTIONS

Trent University offers future Forensic Scientists a choice of four different degree options, each with its own advantages. Which will you choose?

- 1 **Bachelor of Science in Forensic Science (B.Sc.F.S.)**
- 2 **Bachelor of Science in Forensic Biology (B.Sc.F.B.)**
- 3 **Bachelor of Science in Forensic Chemistry (B.Sc.F.C.)**
- 4 **Joint Major in Forensics** – combine with another program of your choice (B.A. or B.Sc.)

Resumé Boosters

All Forensics degree options include:

- First-hand investigative work with bloodstain pattern analysis, fingerprinting, and evidence recovery in mock crime scenes at Trent's on-campus Crime Scene House
- Opportunities to research and work directly with scientists in the lab and professionals in the field
- A third-year work placement in a sub-discipline of your choice, including Federal government internships with Border Services, RCMP, Health Canada, Food Inspection Services
- Hands-on internships with federal organizations including Border Services, RCMP, Communication Security, Health Canada, Food Inspection Services
- Direct access to leading experts in DNA profiling, forensics, and at the Ontario Ministry of Natural Resources and Forestry

TRENT'S CRIME SCENE HOUSE

Where casework comes to life

Located on Trent's Symons Campus, this two-storey farmhouse serves as a lab where you'll get first-hand experience using the full spectrum of crime scene processing techniques. Progressing from basic procedures to advanced applications, you'll learn how to document, photograph, analyze and collect a variety of evidence types by processing mock crime scenes. This extraordinary learning environment exclusive to Trent Forensics students is a great way to apply the knowledge learned in the classroom to a real-life scenarios – an opportunity not typically offered in the average teaching facility.

FORENSIC SCIENCE (B.Sc.F.S.)

Beyond TV shows like NCIS or CSI, this highly-rewarding discipline integrates the study of science and law with investigative practice and theory. By studying Forensic Science at Trent, you'll learn the foundational science of forensics through the study of anthropology, biology, and chemistry, along with uniquely specialized forensics courses. The B.Sc.F.S. degree emphasizes emerging developments in DNA forensic applications and crime scene investigation through courses in laboratory techniques and related case work.

The Trent Advantage

As a graduate of this advanced program, you'll apply your skills to uncover evidence recovered at crime scenes, draw impartial conclusions based on physical evidence, and present and defend these findings using your foundational knowledge in science.

Career Paths

Crime Scene Technician; Criminalist; Police Officer; DNA Analyst; Wildlife Forensic Scientist; Research Scientist; Forensic Pathologist; Medical Research Scientist; Document Analyst; Law Enforcement; Lawyer; Forensic Toxicologist

Popular Courses

Crime Scene Investigation; Laboratory DNA Forensics; Trends in Forensic Science; Biocrime and Bioterrorism; Bloodstain Pattern Analysis; Computer Crime and Forensics; Criminology in Forensics; Forensic Anthropology; Toxicology

trentu.ca/futurestudents/forensicscience

FORENSIC BIOLOGY (B.Sc.F.B.)

NEW

Analyzing blood or hair specimens at crime scenes; deciphering the cause of death of an individual based on human remains; and identifying illegal products from endangered species – just a few examples of the role forensic biologists play in the field of forensic science. Trent's Forensics Biology degree gives you all the advantages of hands-on forensic studies, while developing your expertise as a biological scientist. Students of the Forensic Biology degree program receive a comprehensive biology education that includes the study of life – from the level of molecules and cells to populations and communities – applying this knowledge in the practical applications of crime scenes and criminal investigations.

The Trent Advantage

Unlike any other Forensics program in Canada, this new degree gives you all the advantages of a degree in Forensic Sciences, while differentiating yourself as an expert in biological forensics.

Career Paths

Crime Scene Technician; Criminalist; DNA Analyst; Genetic Counselor; Wildlife Forensic Scientist; Research Scientist; Forensic Pathologist; Medical Research Scientist

Popular Courses

Biocrime and Bioterrorism; Bloodstain Pattern Analysis; Cell Biology; Forensic Entomology; Human Osteology; Laboratory DNA Forensics; Non-Human DNA Forensics; Medical Entomology

trentu.ca/futurestudents/forensicbio

FORENSIC CHEMISTRY (B.Sc.F.C.)

NEW

Have an interest in analytical chemistry and its applications in forensic investigation? This new program is for you. In addition to the hands-on learning received in the fundamental forensic science course options, the Forensic Chemistry program gives you a comprehensive education in forensic chemical analysis, studying everything from biochemical and environmental chemistry to inorganic, organic and physical chemistry.

The Trent Advantage

Graduates of this program – the only one of its kind at any Canadian university – are uniquely specialized for career prospects in both the forensic science and chemistry sectors.

Career Paths

Chemist; Crime Scene Technician; Criminalist; Research Scientist; Forensic Toxicologist; Forensic Chemist

Popular Courses

Analytical Chemistry; Biochemical Concepts; Chromatography; Forensic Chemistry; Molecules of Murder; Organic Chemistry; Spectroscopy & Spectroscopy; Toxicology; Transition Metal Chemistry

trentu.ca/futurestudents/forensicchem

JOINT MAJOR IN FORENSICS (B.A. OR B.Sc. HONOURS)

Trent is the only university in Canada to offer students the chance to combine your study of forensics with one of several different academic disciplines. Choose a joint major in forensics in combination with a vast array of complementary areas of study in either the arts or the sciences.

Interested in a career in forensics specializing in ballistics? A joint degree with Physics could come in handy. Want to analyze the mental state of criminals, or become a criminal profiler? Combine your Forensics degree with a B.A. in Psychology. The emerging field of computer forensics means a joint major with Computing Systems can help you stand out from the crowd. No matter what your forensic career ambitions are, you have plenty of options at Trent.

trentu.ca/futurestudents/forensicsjoint

SPECIALIZATIONS AVAILABLE

Law & Policing **NEW** (see page 34 for more info)

Add this specialization to any Forensics degree at Trent!

"I love to understand how things work at a molecular level. Research like this, which can help to support and improve the justice system, is incredibly satisfying and rewarding."

Synthetic blood that moves and behaves like the real deal. This groundbreaking concept (now a reality!) is the brainchild of Trent Forensic Science alumna and current prof Dr. Theresa Stotesbury. The blood substitute she is researching translates directly into a safer environment for professionals tasked with unlocking bloodstained secrets and can be used for crime scene reconstruction, DNA analysis, and bloodstain pattern analysis.

BLOWN AWAY BY RESEARCH OPPORTUNITIES

“The best part of my degree was the honours thesis I completed with Professor Cheryl McKenna Newman in the Trent Environmental Wind Tunnel. I got a lot of hands-on experience in the wind tunnel and it turned into a research assistant job in the summer.”

Recent grad Christina von Bulow says that one of the biggest advantages of the Geography program at Trent is the variety of opportunities students have to gain hands-on experience. In fact, almost all of the Geography courses she took had a field component, providing her with many chances to enhance her degree and expand her knowledge well beyond the classroom.

FRENCH STUDIES (B.A.)

With 220 million French speakers worldwide (projected to be more than 700 million by 2050), French language and comprehension has become a highly-sought after and important skill. In this program, you'll immerse yourself in French, French Canadian, and Francophone literatures and cultures.

Specializations Available

Québec & Franco-Canadian Studies (see page 35 for more info)

The Trent Advantage

An emphasis on all French Canadian cultures distinguishes our program from other universities in Ontario, with courses not only on Quebec culture and literature but also on Acadian and Franco-Ontarian literatures, including Indigenous writers working in French.

Resumé Boosters

- Enhance your language comprehension through French language events, public readings, and student-run mini-conferences
- Develop and refine your knowledge of French in a European context in our popular year abroad program in Nantes, France
- Access other language courses through the Trent Centre for Language and Linguistics – study Chinese, German, and Spanish, all with no background required

Career Paths

Cultural Affairs Coordinator; Foreign Services Officer; Immigration Officer; Interpreter; Linguist; Marketing Consultant; Teacher; Translator; Writer

Popular Courses

Culture and Society; Franco-Ontarian Literature; Francophone Cinema; French Classicism; French Language Indigenous Literature

trentu.ca/futurestudents/frenchstudies

GENDER & WOMEN'S STUDIES (B.A.)

Gender and Women's Studies explores gender relations across cultures, throughout history, and in contemporary societies. In this program, you will explore a broad range of feminist perspectives on labour, health, history, popular culture, law, the environment, social policy, literature, and globalization. You will develop an interdisciplinary understanding of feminist thought and practice, including dynamic intersections with critical race, disability, decolonial and critical sexuality studies.

The Trent Advantage

Learn alongside faculty who are active participants in gender research, education, and advocacy – including the Canada Research Chair in Feminist and Gender Studies.

Resumé Boosters

- Put your knowledge to the test outside the University through a community-based gender research project
- Enjoy awards and bursaries exclusive to Gender and Women's Studies students
- Engage with guest lecturers, authors, and leaders in the field

Career Paths

Lawyer; Policy Advisor; Community Development Worker; Social Worker; Counsellor; Healthcare Professional; Equity Advisor; Human Rights Advocate; Researcher; Program Manager

Popular Courses

Gender and Popular Culture; Criminalizing Women; Contemporary Feminisms; Gender, Sexualities and the Law; Queer Feminisms; Popular Culture, Gender, and Social Movements; Doing Feminist Research

trentu.ca/futurestudents/womensstudies

GEOGRAPHY (B.A. OR B.Sc.)

SCHOOL OF THE ENVIRONMENT

Geography at Trent goes beyond learning in a classroom; it's a hands-on exploration of our natural world. In this program, you'll learn about real-world issues and critical perspectives related to both human and physical geography. You'll explore the causes and impacts of climate change, health geography, water resources, and the historical roots of geopolitical conflicts.

The Trent Advantage

Get hands-on experience experimenting with top-notch research facilities including Trent's on-campus wind tunnel lab and social/water interaction and transport chamber.

Resumé Boosters

- Participate in a capstone or community-based research project
- Work alongside leading faculty as a research assistant, even as an undergrad
- Write and defend an undergraduate honours thesis

Career Paths

Urban Planner; Environmental Health Specialist; Environmental Policy Analyst; GIS Applications Specialist; Population Growth and Migration Specialist; Land Use Planner; Water Resources Manager; Geoscience Consultant

Popular Courses

The Global Climate System; Geography of the Polar Regions; Urban and Regional Planning; Soil Science; Wilderness Resources; Rural Community Sustainability

Accelerated Master's Degree NEW!

Earn your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating from your honours B.Sc.

trentu.ca/futurestudents/geography

HISTORY (B.A.)

Historical knowledge plays a powerful role in shaping and impacting the decisions we make today. One of the most established and versatile university majors, History paves the way for discovering human behaviour patterns, seeing beyond stereotypes, and discerning the difference between assumption and fact. At Trent, you'll explore a variety of political and cultural themes while developing research, analytical, and communication skills for your future career.

The Trent Advantage

Choose to focus your courses thematically, such as the Holocaust or the Vietnam War, or by time period and location, from classic Rome to modern day Latin America.

Resumé Boosters

- Study history firsthand studying abroad anywhere in the world
- Pursue the Museum Management and Curatorship postgraduate certificate program offered in partnership with Fleming College
- Small group teaching environment means you'll know your profs and they will know you – a great advantage for that personal reference after graduation

Career Paths

Lawyer; Civil Servant; Diplomatic Corps; Politician; Teacher; Curator; Historical Consultant; Producer; Writer; Librarian; Archivist; Journalist; Parks & Recreation Manager

Popular Courses

Ten Ten Days That Shook the World; Love, Sex, and Intimacy in History; Canadian History Through Murder, Execution, Assassination, and Suicide; Food in History; World War I and World War II

HUMAN RESOURCES MANAGEMENT – POSTGRADUATE CERTIFICATE

In this age of globalization and innovation, the ability to acquire, develop, and motivate talented people has become the number one challenge for most organizations. The postgraduate certificate in Human Resource Management (HRM) is designed for students who wish to learn how HRM contributes positively to both organizations and the people who work for them. This exceptional program is ideally-suited to new graduates seeking further specialization, or working professionals wishing to further develop their understanding of human resource management. Develop new talent, drive organizational change, and become a true HR leader.

The Trent Advantage

Complete this professional certificate program in as little as eight months of full-time studies, or part-time in two years.

Resumé Booster

Gain the credentials and skills needed for your Certified Human Resources Professional (CHRP) designation.

Career Paths

Human Resources Manager; Employee Relations Manager; Compensation or Benefit Analyst/Manager; HR Information Systems Manager; Recruiter; Training and Development Manager; HR Consultant

Popular Courses

Organizational Behaviour; Leadership, Training, and Development: A Cross-Cultural Approach; Motivation and Compensation Systems; Organizational Selection in the Canadian Workplace

trentu.ca/futurestudents/hrmc

INDIGENOUS DIPLOMA PROGRAMS

CHANIE WENJACK SCHOOL FOR INDIGENOUS STUDIES

Trent's exceptional Indigenous diploma programs provide a clear path for self-identifying First Nations, Métis or Inuit students who wish to make the transition into university level studies. In a supportive and inclusive environment, students in the Foundations of Indigenous Learning and the Indigenous Environmental Studies diplomas bring their diverse cultures, values, histories and languages to the classroom. Students who complete an Indigenous Diploma Program may choose to continue their education and pursue a Bachelor's degree, transferring their diploma credits. The majority of students complete a diploma and degree within four years.

The Trent Advantage

- Benefit from an environment where Indigenous knowledge is respected and recognized as a valid means by which to understand the world
- Be a part of the only Indigenous Diploma Programs of their kind in Ontario, offering both diplomas and degree transfer credits

trentu.ca/futurestudents/indgdipoloma

THE ROAD TO RHODES

What do three Trent grads have in common with prime ministers and presidents? They all hold the very prestigious title of Rhodes Scholars – recipients of the oldest and most celebrated international fellowship award in the world. Shelagh Scarth (Canadian Studies and History), Jim Retallack (History), and Alison Van Rooy (Politics & International Development Studies) have all gone on to impressive careers following their time at Trent and at Oxford University as Rhodes Scholars. Alison is currently deputy director of Development Policy Planning at the Department of Foreign Affairs, Trade and Development; Jim is a prolific author and professor at U of T; and Shelagh is a prominent lawyer and member of the Supreme Court of British Columbia. Maybe you'll be the next Rhodes Scholar from Trent!

WENJACK'S WALK

It's a story every Canadian should know. Chanie Wenjack, a 12-year-old boy, tragically passed away escaping from a residential school in Northern Ontario. Well before Gord Downie made Chanie's story the subject of an album, Trent University paid tribute to him and other residential school victims and survivors when students lobbied to name Wenjack theatre, the largest lecture hall on campus, in his honour in 1973. Today, Trent's groundbreaking leadership in Indigenous education continues with the recent launch of the Chanie Wenjack School for Indigenous Studies – ensuring Indigenous perspectives and knowledge remain at the heart of learning at Trent.

INDIGENOUS ENVIRONMENTAL STUDIES/SCIENCE (B.A. OR B.Sc.)

SCHOOL OF THE ENVIRONMENT

CHANIE WENJACK SCHOOL FOR INDIGENOUS STUDIES

IES brings together the principles of both Indigenous knowledge and Western science. Here, you'll explore complex topics such as climate change, sustainable communities, and Indigenous health and environment. By applying a cross-cultural approach, you'll learn to generate solutions to the complex local, regional, national, and international issues facing Indigenous peoples and communities around the world.

The Trent Advantage

In this program – the first of its kind anywhere in North America – you'll study a unique mix of Indigenous knowledge and Western teachings, learning from Indigenous and non-Indigenous faculty, elders, guest speakers and other scholars.

Resumé Boosters

- Take hands-on environmental fieldwork courses in Trent's 12 on-campus nature areas
- Lead a community-based research project and apply your knowledge to assist a local organization
- Volunteer with Trent Aboriginal Cultural Knowledge and Science youth outreach summer camp

Career Paths

Government Policy Specialist; Environmental Consultant; Aboriginal Corporate Liaison Officer; Environmental Activist; Environmental Educator; Natural Resources Manager

Popular Courses

Indigenous Peoples Health and Environment; Canada: The Land; Sustainable Indigenous Communities; Indigenous Food Systems; Indigenous Environmental Research Protocol and Ethics

trentu.ca/futurestudents/ies

INDIGENOUS STUDIES (B.A.)

CHANIE WENJACK SCHOOL FOR INDIGENOUS STUDIES

Through a unique balance of Indigenous and Western knowledge, students in Trent's one-of-a-kind Indigenous Studies program have the opportunity to learn how Indigenous peoples in Canada and around the globe are shaping our world. In the most established Indigenous Studies program in Canada, you'll study the historical and contemporary interactions between Indigenous and non-Indigenous societies, exploring the cultural foundations of Indigenous life in areas such as performance, literature, politics, ecology, and governance.

The Trent Advantage

Immerse yourself in a cross-cultural education at the first university in Canada, and only second in North America, to establish an academic department dedicated to the study of Indigenous peoples.

Resumé Boosters

- Study abroad and learn about Indigenous peoples in the USA or Mexico
- Develop your Nishnaabemowin, Cree or Mohawk language skills
- Engage in hands-on research projects that make a difference in local communities

Career Paths

Community Activist; Government Policy Specialist; Politician; Teacher; Journalist; Aboriginal Corporate Liaison Officer

Popular Courses

Foundations of Indigenous Learning; Introduction to Nishnaabemowin; Hill Tribes and Thai Culture; Indigenous Masked Dance and Storytelling; Urbanization and Indigenous Peoples; Images in Contemporary Media

trentu.ca/futurestudents/indigenoustudies

INFORMATION SYSTEMS (B.A. OR B.Sc.)

Virtually every organization and field of study rely on computers in order to succeed in today's hyper-digital age. As an Information Systems joint major, you'll look for better ways to accomplish tasks using computing technologies, exploring how the world processes, manages, and communicates information. Over the course of your degree, you'll develop a unique understanding of technical subjects such as databases, networks, data visualization and telecommunications, as well as non-technical matters such as ethics, law, and digital culture.

The Trent Advantage

Get a personalized experience with professors who are experts in their fields learning all about the latest science and digital technologies.

Resumé Boosters

- Put theory into real-world practice through a third-year or summer internship or fourth-year student-driven project
- Learn alongside the experts as you pursue an undergraduate research thesis with your prof
- Take advantage of small class sizes to get to know your profs – comes in handy for personal references

Career Paths

Information Systems Manager; Technical Support Specialist; Research Scientist; Business Intelligence Analyst; Computer Systems Designer; Web Developer; Application Manager; Research Specialist; Technical Writer; Graduate Studies; Data Scientist

Popular Courses

Systems Analysis and Design; Data Visualization; Web Application Development; Project Management; Digital Culture; Conceptual Analysis; Human-Computer Interaction; Principles of Online Marketing

trentu.ca/futurestudents/infosystems

INTERNATIONAL DEVELOPMENT STUDIES (B.A.)

International Development Studies gives you the tools to examine the sources and consequences of human inequality from a global perspective. Through an interdisciplinary lens, you'll explore wide-ranging themes such as global poverty and hunger, conflict, ecological degradation, and cultural identity. Your studies will pay particular attention to the world's most vulnerable populations and their complex relations with the most powerful countries and international organizations.

Specialization Available

African Studies; Latin American Studies (see pages 32 & 34 for more info)

The Trent Advantage

Be part of an internationally-recognized program that is the first of its kind developed in Canada.

Resumé Boosters

- Study and work in a developing country through the Trent in Ghana program – includes a 12-week placement with a development organization
- Translate learning into experience through field work courses – you can take your learning as far as Barbados
- Join the Student Association for International Development and contribute to the student-run Community Movements Conference

Career Paths

Human Rights Officer; Community Education Coordinator; Lawyer; Diplomat; United Nations Official; International Civil Servant; Humanitarian Assistance Worker

Popular Courses

Human Inequality in Global Perspective; Gender and International Development; The World Food System; The Cinema of Development; Law, Rights, and Development; Global Health

trentu.ca/futurestudents/ids

INTERNATIONAL POLITICAL ECONOMY (B.A.)

Experts estimate that by the year 2030, more than 800 million workers worldwide could be out of work due to technological automation. In the meantime, the world's 1% continue to get richer at an alarming rate. The emerging field of International Political Economy (IPE) aims to tackle these challenging global issues, by examining the interconnected nature of national politics and economics at the international level.

The Trent Advantage

One of the first International Political Economy programs offered in Canada, this joint major provides you with a strong foundation for a broad range of career or postgraduate opportunities in Canada and abroad.

Resumé Booster

- Study the interconnected nature of politics and economics at the international and global levels
- Complete a joint major degree as unique as you (and your interests) – combine IPE with virtually any other program from Economics and International Development to Anthropology and Business
- Take your education global through a year abroad in virtually any country around the world

Career Paths

International Affairs Agent; International Researcher or Advisor; Non-governmental Advisor; Diplomat; International Development Agent; Public Employee; Private Sector; Government Official

Popular Courses

World Politics; Growth of the Global Economy; Literature and Globalization; Causes of War; Environment and Development; Government and Politics of the Middle East

trentu.ca/futurestudents/ipe

KINESIOLOGY (B.HSc.)

The study of Kinesiology equips you with the knowledge and skills necessary to use physical activity in the treatment and prevention of injury and chronic disease. You'll learn how to prescribe individualized exercise programs to improve or maintain health, functional capacity, and well-being with a range of healthy and clinical populations. In collaboration with the University of Ontario Institute of Technology (UOIT), you'll complete the first two years of your degree at Trent's Peterborough campus, with the last two years studying at UOIT in Oshawa.

The Trent Advantage

Study applied life sciences, pathophysiology, and epidemiology while accessing state-of-the-art learning spaces, including the new kinesiology lab in the Trent Athletics Centre.

Resumé Booster

- Develop a wide breadth of knowledge through small, interdisciplinary classes with students in Nursing, Biology, Psychology and Chemistry and taught by leading experts
- Pursue career boosting applied internship opportunities in your fourth year of study
- Take hands-on dynamic courses like Athletic Therapy, Exercise Rehabilitation and Motor Behavior and Developmental Disabilities

Career Paths

Kinesiologist; Athletic Trainer; Sports Coach; Physical Therapist; Occupational Therapist; Medicine; Chiropractic Medicine; Podiatrist; Researcher

Popular Courses

Anatomy of Movement; Brain and Body in Action; Exercise Physiology; Introductory Life Sciences; Health Promotion and Population Health; Sports Injury; Philosophy of Sport and Recreation

trentu.ca/futurestudents/kinesiology

DOORWAY TO A NEW WORLDVIEW

“Two years involved with the Trent in Ghana program have widened my horizons more than I ever thought possible. I've been given opportunities to improve my administrative, creative and academic skills, and I've learned from so many people, staff and students alike.”

Spending a year in an African coastal town understanding international development by living, studying, and working in a developing country. Claire Perttula did just that. As part of the Trent in Ghana program, she worked at the Ghana Permaculture Institute, helping teach small scale farmers permaculture and agro-ecology skills.

YOUR LAW CAREER STARTS HERE

LAW & ARTS/LAW & BUSINESS: TRENT/SWANSEA DUAL DEGREE (LL.B. AND B.A. OR LL.B AND B.B.A.)

If a career in law is what you want, this is the program for you. In this one-of-a-kind program, you will undertake either a Bachelor of Arts Honours or a Bachelor of Business Administration degree at Trent, Ontario's #1 undergrad university, while also obtaining a law degree from Swansea University's renowned Hillary Rodham Clinton School of Law in the UK – no need to write the LSATs.

The Trent/Swansea Advantage

Not only will you graduate with two degrees in just six years, you'll also have the chance to take your education global while you learn, travel, explore, and live abroad.

How the Program Works

The first two years of your degree take place at Trent, where you'll pursue your choice of 14 degree options. In third year, you'll transfer to the coastal city of Swansea in Wales to complete three years of law studies, earning your Bachelor of Laws degree. Once your LL.B. is complete, you'll return to Trent to complete your Honours degree credentials. By simultaneously taking several Canadian Law courses in your final year at Trent, you'll be well-prepared for the National Committee on Accreditation (NCA) exams, enabling you to take the required steps to practice law in Canada.

Degree Program Options

Business Administration*; Canadian Studies; Cultural Studies; Economics; English Literature*; Environmental & Resource Studies; Gender & Women's Studies; History*; Indigenous Studies; International Development Studies; Media Studies*; Philosophy*; Political Studies; Sociology*

* degree option offered at both Peterborough and Trent Durham GTA campuses

Resumé Boosters

- Combining your law degree with your choice of B.A. or B.B.A. degree means that you will graduate with a unique set of skills and perspectives
- Meet and learn from top law professionals through our Visiting Lawyers in Residence program
- Join the Trent Law Society and benefit from field trips, workshops, and events, all with a focus on law and the legal system

Career Paths

Lawyer; Advisor; Mediator; Arbitrator; Politician; Policy Analyst; Consultant; Lobbyist; Law Clerk; Judge; Human Resources Professional; Ombudsperson; International Development Officer; Paralegal

Popular Courses

History of Incarceration; Justice and Rights; The Legal Environment of Business; Law, Rights, and Development; Philosophy of Law; Criminal Code; Local Dynamics of Change; Global Migration; Government and Politics in the Middle East

trentu.ca/futurestudents/law

"When I first heard about this program I felt like it was basically designed for me. It had everything I was looking for. The dual degree offers a really interesting way to study abroad while pursuing my dreams of a career in law."

ALEXIS RUDAT, Law & Arts (Philosophy)

PRE-LAW PATHWAYS (B.A. OR B.Sc. HONOURS)

Set on going to law school in Canada? Trent prepares you for success – whether you choose to study in the humanities, sciences, or social sciences. We are known for exceptionally preparing students in all degree programs with the foundational knowledge and skills needed to be successful in LSAT examinations and law school applications.

If you wish to specialize your honours degree further, Trent offers an **Option in Legal Studies** to enhance your degree and your understanding of the legal system in Canada and Canadian Law (see page 31 for more information). And for honours Sociology students, Trent also offers a **specialization in Criminology & Sociological Studies** (learn more on page 32).

Interested in Law & Science?

You'll want to explore Trent's **new Law & Policing specialization**, available to all Forensic Science majors. Find out more about this one-of-a-kind specialization on page 34.

trentu.ca/lawpath

Your Trail to Law Starts Here

In Peterborough, all law dual degree students call Traill College, Trent's only downtown college, home. More than just classrooms and residence spaces for law students, the Traill experience brings the study of law to life. Here you'll find the perfect place to meet faculty or fellow students for a coffee in the college café, or take a quiet moment to study in the historic college library, equipped with a rich collection of law resources. Traill is also home to the new Law Lab where students will be able to immerse themselves in a mock courtroom. Like the discipline of law itself, Traill College is a space steeped in a wealth of tradition and scholarship. When you join the Traill Law community, you create your own legacy and leave your mark on the world. Learn more on page 19.

trentu.ca/trail

YOUR CAREER IN MEDICINE/VETERINARY STARTS AT TRENT

MEDICAL PROFESSIONAL STREAM (B.A. OR B.Sc.)

Through our unique Medical Professional Stream, you'll get the direction and assistance you need to achieve your medical, dentistry, veterinary, or pharmacy school dreams starting day one of your undergraduate degree.

Medical schools and professional programs are looking for more than just good grades; they want well-rounded applicants who stand out from the crowd. The exclusive Medical Professional Stream (MPS) program at Trent ensures you meet these non-academic requirements by providing you with invaluable guidance when choosing courses, volunteer activities and other skills development opportunities.

The Trent Advantage

This four-year stream gives you an automatic edge with professional program examinations, applications, and interviews. Trent's one-of-a-kind preparatory program is taken jointly with any B.A. or B.Sc. degree and gives you access to a variety of support and guidance services.

Program Highlights

- Select your major (or joint major) in a B.A. or B.Sc. program of your choice
- Individual course map tailored to your chosen degree
- CPR training and certification and resume writing workshops
- Interview preparation workshops and MCAT preparation course
- Small class sizes give you better access to professors, improving your chances of getting those much-needed reference letters
- Student-led DAT and MCAT study groups
- Mock DAT and MCAT exams

Resumé Boosters

- Gain valuable volunteer experience in a range of health-care oriented and other community settings
- Benefit from faculty and physician mentoring through advising and information sessions
- Get published through undergraduate research opportunities in your chosen degree
- Join the Trent University Emergency First Response Team and the Premedical Society

Career Paths

Doctor; Veterinarian; Dentist; Pharmacist; General Practitioner; Surgeon; Medical Sales; Policy Advisor; Health Care Practitioner; Researcher; Professor; Medical Writer; Public Health Specialist

Popular Courses

Critical Thinking; Intro to Psych; Human Physiology; Intro to Canadian Justice; Biological Anthropology: Becoming Human; Moral & Political Philosophy; Foundations of Biomedical Science; Digital World; Introductory Crime Scene Investigation

trentu.ca/premedicalstudies

PRE-MED PATHWAYS (B.A. OR B.Sc.)

Since Canadian medical schools accept students from a wide variety of B.A. or B.Sc. programs, we encourage you to choose a degree you're passionate about. But which electives should you take to better prepare for your MCAT or DAT? Trent's **new Pre-Medical option** (learn more on page 31) removes the guesswork by providing you with a packaged set of courses designed to develop the background necessary to become a medical professional.

This pre-medical option consists of a prescribed set of courses, featuring a particular disciplinary focus completed as part of an undergraduate degree. Courses are deemed to provide depth and breadth of study, as well as focus on content in the MCAT.

The Trent Pre-Med Advantage

- Personalized learning environment with faculty who know you on an individual basis and care about your success
- Flexibility to mix and match your interests by combining courses across different disciplines, giving you the kind of well-rounded learning experience medical schools are looking for
- MCAT preparation course, student-led DAT and MCAT study groups, and mock exams

Resumé Boosters

- Benefit from unparalleled undergraduate research opportunities
- Gain valuable real-world experience through internships and community research in your chosen degree
- Laboratory experience starting in your first year

trentu.ca/premedicalstudies

Direct Entry to Medical or Veterinary School NEW

Trent/St. George's University Medical & Veterinary School Pathway

The first of its kind at any Ontario institution, this exciting partnership provides you with an opportunity to graduate from Trent and receive guaranteed direct entry to St. George's University (SGU), a respected medical and veterinary school on the island of Grenada, West Indies. Since space is limited at Canadian med and vet schools, Trent's SGU partnership gives you peace of mind and makes entry to a top medical school simple and straightforward. By completing Trent's pioneering Medical Professional Stream (MPS) program alongside your degree, you'll be well on your way to making your medical or veterinary school dreams a reality in the sunny Caribbean island of Grenada.

trentu.ca/premedicalstudies/stgeorges

MEDICAL PROFESSIONAL STREAM FOR INDIGENOUS STUDENTS NEW

Are you a high school student who dreams of pursuing medical school? Do you self-identify as First Nations, Métis or Inuit? Trent's new pathway for Indigenous students within the Medical Professional Stream provides you with a clear and well-supported route to medical, dental, or veterinary school. Learn more about making your medical dreams a reality. trentu.ca/premedical/indigenous

BEYOND THE NUMBERS

"In the summer after my second year, I was granted an Undergraduate Student Research Award. It was just like co-op. I was able to work with my professor and gain skills in my discipline as well as learn a lot of things that I would be able to use in my upper year courses."

Mathematics student Melissa Vanbussel has had many hands-on experiences during her time at Trent. In addition to her research experience, she was also part of a small group of students to go on a recent fieldtrip to Cornell University where they conducted realtime research at one of only six synchrotrons in North America.

MARKETING & ENTREPRENEURSHIP — POSTGRADUATE CERTIFICATE

Are you interested in starting your own business, inventing a new product, or working in a corporation or startup? In a world that values innovation, creative thinking and original ideas, Trent's Marketing & Entrepreneurship postgraduate certificate program will help you develop your business acumen and better prepare you for a rewarding career in marketing, sales, product development or brand management.

The Trent Advantage

This exciting career-boosting professional program can be completed in as little as eight months of full-time studies, or part-time in two years — after you complete your undergraduate degree.

Resumé Boosters

Studying and exploring topics such as entrepreneurship, marketing, branding, and advertising will provide you with the foundational experience to start a business, pursue a passion for research and innovation, or simply to improve marketability to potential employers.

Career Paths

Entrepreneur; Sales Manager; Business Owner; Marketing Manager; Advertising Executive; Digital Marketing Specialist; Brand Consultant

Popular Courses

Entrepreneurship; Advertising; Online Marketing; Introduction to Retail Marketing; Social Enterprise and Social Innovation

trentu.ca/futurestudents/mec

MATHEMATICS (B.Sc.)

More than simply the study of numbers, mathematics is a powerful tool that is crucial for helping us make sense of the world around us. In this program, you'll learn about the fundamental structure of the universe and the limits of human reason. The expertise and skills developed in this program are in high demand in the job market, as mathematical science careers are estimated to be one of the fastest growing occupation sectors in the coming decade.

Specializations Available

Mathematical Finance; Statistics **NEW** (see pages 34 & 35 for more info)

The Trent Advantage

Learn and work alongside expert faculty, dedicated to challenging and strengthening your skills.

Resumé Boosters

- Test your math skills and knowledge in our Math Resource Room accessing mathematical and statistical software, such as Maple and STATA
- Work alongside leading professors through summer research opportunities
- Take advantage of part-time employment opportunities available in marketing and tutoring
- Become a member of our Society of Undergraduate Mathematics Students (SUMS) and join in events and workshops related to all things math

Career Paths

Economist; Financial Auditor; Account Executive; Economic Advisor; Econometrician; Financial Analyst; Industry Researcher; Banker; Investor; Insurance Analyst; Data Analyst

Popular Courses

Linear Algebra and Galois Theory; Statistics; Probability, Discrete Structures and Combinatorics; Mathematical Reasoning; Differential Equations; Linear Programming; Metric Geometry and Topology; Graph Theory

trentu.ca/futurestudents/math

MATHEMATICAL ECONOMICS (B.Sc.)

Mathematical Economics explores the complex and ever-changing economic dilemmas the world faces, examining the production and distribution of scarce resources. By combining core courses in economics and mathematics, you'll learn how to analyze games of strategy, understand bargaining and auctions (game theory), make sense of complex economic data (econometrics), maximize profit and minimize costs (optimization), and augment happiness (welfare economics).

The Trent Advantage

Challenge yourself with complex material delivered in small-group environments, gaining skills ideal for graduate studies or for a career in government, banking, or business.

Resumé Boosters

- Undertake a research project with your professor and gain hands-on experience working with an expert in the field
- Take courses that encourage you to move beyond theory to applying your skills and knowledge outside the classroom, the University and beyond
- Internationalize your degree with a study abroad experience — where in the world do you want to learn more about math?

Career Paths

Economist; Rate Analyst; Financial Auditor; Account Executive; Economic Advisor; Econometrician; Financial Analyst; Banker; Investor; Insurance Analyst

Popular Courses

Statistics for Economics and Management; Mathematical Economics and Economics Models; Statistical Inference; Econometrics; Linear Programming; Mathematical Risk Management

trentu.ca/futurestudents/matheco

MATHEMATICAL PHYSICS (B.Sc.)

Mathematical Physics makes the world go round, or at the very least, helps us comprehend the natural phenomenon of the Earth's rotation. When combining math and physics in study, you'll gain a unique understanding of a variety of the world's most fascinating challenges — from celestial mechanics to the issue of global climate change. Trent's Mathematical Physics program will help you develop experience with a wide variety of focuses that include everything from astrophysics, condensed matter physics, and relativity, to differential geometry and more.

The Trent Advantage

Benefit from a small-group, interactive learning environment, with access to state-of-the-art equipment for lab work.

Resumé Boosters

- Independent and group research projects allow you to put your skills to the test in real-world applications and settings
- Take your education around the globe through the Trent Physics Study Abroad program
- Move beyond theory and put your skills and knowledge to work through practical and hands-on courses

Career Paths

Aerodynamics Specialist; Research and Development; Astrophysicist; Cosmologist; Professor; Subatomic Physicist; Superconductivity Researcher; Financial Analyst; Secondary School Teacher

Popular Courses

Quantum Physics; Probability; Complex Analysis; Quantum Mechanics; Methods of Applied Mathematics; Computational Physics

trentu.ca/futurestudents/mathphysics

MEDIA STUDIES (B.A.)

Media shape our view of the world and orient us in it. You can best navigate this environment by marrying theory and practice. In Media Studies, you'll examine the influence of advertising and ideology, the political economy of media corporations, and the principles of multimedia design. You'll also benefit from our interdisciplinary curriculum, learning across subjects from the humanities to the sciences.

The Trent Advantage

Earn credit for doing as well as thinking, gaining hands-on experience by fabricating 3D-printed objects, bending circuits, shooting on 16mm film, creating fake social media profiles, and more.

Resumé Boosters

- Chart your own path taking courses from a dozen contributing departments including Anthropology, Cultural Studies, Computing Systems, and Political Studies
- Take workshop, internship, and community-based research courses with professors and media professionals
- Create a portfolio of your work with media new and old: write zines, compose music, code videogames, report the news, program radio shows, and more

Career Paths

Internet, TV, and Radio Production Manager; Media Executive; App Developer; Media Consultant; Journalist; Advertising and Marketing Executive

Popular Courses

Global Media; Workshop in Photography; Branding; Virtual Worlds: The Anthropology of Online Communities; Human Computer Interaction; Game Studies; Producing Punk

Accelerated Master's Degree **NEW!**

Earn your Master's degree in Cultural Studies within one year of graduation from your honours B.A.

trentu.ca/futurestudents/mediastudies

TRENT ONLINE

Challenge the way you think...about how and where you complete your postsecondary education. With Trent Online, you'll get a front row seat to an engaging learning environment and online community, filled with opportunities for you to interact with professors and fellow classmates.

You'll have year-round access to a wide range of programs and courses taught by leading faculty, as well as rich multimedia content such as video, simulations, virtual gaming, and more.

The Trent Online Advantage

- Freedom of flexibility: work at your own pace, negotiate your exam schedule, and structure your courses and timetable to best suit you
- Choose from over 100 different courses offered each year across a diverse range of programs
- Get ahead in your studies by taking an online course in the summer

Popular Courses

Dreams and Dreaming; Death in the Peaceable Kingdom: Canadian History through Murder, Execution, Assassination, and Suicide; The Revolution Will Be Recorded: Popular Culture, Gender, and Social Movements; Computer Crime and Forensics; Artificial Intelligence; Introduction to Genetics; Love and Hate; Islam and Terrorism; Social Construction of Sexuality; Deviance and Social Control

TRENT/FLEMING SCHOOL OF NURSING

BACHELOR OF SCIENCE IN NURSING (B.Sc.N.)

Nurses play a pivotal role in everyday healthcare by working hard to positively impact the lives of countless individuals in need. Accredited by the Canadian Association of Schools of Nursing, Trent's B.Sc.N. offers aspiring nurses the option of pursuing either a collaborative or compressed degree with an emphasis on a holistic approach to healthcare, spanning a variety of nursing contexts. Starting in your first year, you'll be immersed in both theory and practice, developing important skills through lectures, seminars, case studies, simulation labs, online coursework, and clinical practice. By the final year of study, you'll have the opportunity to practice nursing in a range of hospital and community settings.

Considering other pathways? Trent's P.N. to B.Sc.N. program enables students to fast track through the program in less than two years, after completing a two-semester Post-Bridge Practical Nursing to Bachelor of Science in Nursing bridge at George Brown College.

The Trent Advantage

- Learn at Trent's state-of-the-art Life and Health Sciences facility, home to simulation labs that include the leading-edge Clinical Simulation Learning Centre, a maternal/child and community care simulation space.
- Develop a strong understanding of social justice and political advocacy in the healthcare environment by choosing courses with topics ranging from aging, mental health, Indigenous communities, rural, and women's health.

Resumé Boosters

- Get hands-on with 1,300 hours of clinical, hands-on experience over four years of study
- Present your work (and your expertise) at regional health conferences
- Join a community health project
- Volunteer abroad in a rural Honduras or Guatemala field placement

Career Paths

Acute Care; Home Care; Long-term or Complex Continuing Care; Child, Mental or Public Health Nurse; Research; Education

Popular Courses

Transcultural Concepts in Healthcare; Biomedical Ethics; Transitions in Health and Illness; Rural Nursing Practice; Contemporary Issues in Aging and Health

trentu.ca/futurestudents/nursing

FOUR PROGRAM OPTIONS IN THE SCHOOL OF NURSING

The Trent/Fleming School of Nursing offers four program options in collaboration with Fleming College and in partnership with George Brown College:

- 1 Integrated, collaborative four-year program leading to a Bachelor of Science in Nursing (B.Sc.N.) degree**
- 2 Compressed 28-month program for students with sufficient university credits to fast track through the program**
- 3 Post-bridge RPN to B.Sc.N. pathway program**
- 4 Diploma in Foundations of Indigenous Studies for Future Nursing Students**

"In Nursing, I have the opportunity to go out into the real world and practice my skills in many different settings. I've been able to work in a long-term care setting as well as a maternity ward. In class we focus on the practical with weekly labs in the DNA building, working with simulation dummies, and we have theory based courses so we learn what it's really like to be a nurse."

JOANNA MCMURCHY, Trent/Fleming School of Nursing student

CONTINUE YOUR STUDIES

Mental Health and Addiction Nursing Graduate Diploma

Trent is also home to Ontario's first Mental Health and Addiction Nursing graduate diploma. As a registered nurse, you will be able to hone your skills and knowledge in this increasingly important area of study. As a part-time professional program, this program is a great option to pursue immediately after you complete your nursing degree or upon landing your first job after graduation.

Learn more: trentu.ca/graduatestudies/nursingdip

PHILOSOPHY (B.A.)

The study of Philosophy can shed light on some of the most fundamental and important questions we ask as individuals and as a species. At Trent, you'll explore your place in the world, the nature of reality, the meaning of human existence, and the limits of knowledge. By developing your own philosophical position, you'll also cultivate your ability to reason logically, question commonly-held assumptions, and ultimately develop a worldview that does justice to the complexity of life.

The Trent Advantage

Experience philosophy through a variety of events including the annual Ryle Lecture series, and become part of a vibrant philosophical community by joining Trent's oldest undergraduate club, the Philosophical Society.

Resumé Boosters

- Put your work on display at the Trent Philosophy Society's annual student symposium
- Enjoy generous awards and scholarships available exclusively to Philosophy majors
- Interact with our strong network of Philosophy alumni that stop in from time to time, including Yann Martel, best-selling author of *Life of Pi* (now an Oscar winning film)

Career Paths

Entrepreneur; Politician; Public Administrator; Lawyer; Human Resources Executive; Human Rights Officer; Doctor; PR Professional; Equity Advisor; Ethics Consultant

Popular Courses

Critical Thinking; Love and Desire; Philosophy of Law; Death; Moral Issues; Philosophy of Emotion; Cyberethics; Biomedical Ethics; Philosophy & Economics

trentu.ca/futurestudents/philosophy

PHYSICS (B.Sc.)

Imagine studying the structure of galaxies, developing new technology in high-speed communications, or contributing to the advancement of medical science. As a student of Trent's Physics program, you'll learn to bring abstract yet powerful concepts to life, ask important questions about the most basic particles and forces in nature, and apply what you learn to complex systems such as novel quantum materials and celestial bodies. With a Physics B.Sc. degree, you can potentially help shape and advance our understanding of the world as we know it.

The Trent Advantage

Benefit from a small-group, highly interactive learning environment, with access to the latest, state-of-the-art equipment for lab work.

Resumé Boosters

- Put your knowledge into action through hands-on research in courses, a senior thesis, or summer research project with a leading faculty member
- Join (or lead) the Trent Physics Club and expand your Physics knowledge and skill through lab tours, events, and participating in the annual Canadian Undergraduate Physics Conference
- Take your education global through Trent's Physics Study Abroad program

Career Paths

Astronomer; Climate Modeler; Electronics Developer; Meteorologist; Nuclear Reactor Operator; Patent Lawyer; Planetary Geologist; Physicist; Teacher

Popular Courses

Astrobology: Life in the Universe; Quantum Physics; Atomic, Molecular and Nuclear Physics; Modern Optics; Condensed Matter Physics; Astrophysics: Galaxies and Cosmology

trentu.ca/futurestudents/physics

POLICING & COMMUNITY SAFETY (B.A.)*

As modern policing evolves, keeping communities safe is no longer achieved through force, but rather through a practice of collaboration and social awareness. In the new Policing & Community Safety degree, you will explore these practices and the economic, social, and cultural features that shape the needs of communities to help empower its citizens, law enforcement, and outreach groups to come together and make a difference.

The Trent Advantage

Be a part of a truly unique degree experience: the only community-inclusive policing program of its kind in Canada.

Resumé Boosters

- Analyze community diversity challenges and initiatives in Ontario municipalities through a work-integrated learning experience in third year
- Put theory into practice through use and analysis of real-life data and direct exposure to societal issues
- Undertake an eight-month work placement in fourth year with a variety of social agencies and police services

Career Paths

Police Officer; Correctional Officer; Community Outreach Worker; Conflict Mediator; Probation Officer; Crime Analyst; Lawyer; Policy Analyst

Popular Courses

Transformative Community Policing; Restorative Justice; Mental Health, Addiction & Community Well-Being; Community Consultation and Advocacy; Problem Solving in a Complex and Diverse Community

trentu.ca/futurestudents/policing

* Pending Ministry approval. Prospective students are advised that offers of admission to a new program may be made only after the University's own quality assurance processes have been completed and the Ontario Universities Council on Quality Assurance has approved the program.

GOOD FOR THE MIND AND BODY

"Philosophy is a new way of thinking for a lot of people, but the skills it's taught me – the critical thinking ability and the analytical thinking ability – I value a lot, especially in today's day and age. I think it's an incredibly important skill to have and it's widely applicable to many different areas."

DRAKE SULLIVAN

Trent Durham GTA Philosophy Society president and varsity soccer player

A NATURE FIX

Do you feel more relaxed, happy and creative while outside? Turns out, it's not just you – there's science to explain it. Dr. Lisa Nisbet, a Psychology prof at Trent, is studying the link between happiness and the time we spend outdoors and looks at our sense of connection to nature and how it influences our physical and mental health. With breathtaking natural surroundings, and an active outdoor community, Trent's campus is a perfect place to connect with the outdoors – up for a study break hike anyone?

POLITICAL STUDIES (B.A.)

Politics shape everything society touches, influencing what we believe, how we live and what we do to create order in a chaotic world. In this program, you'll learn to make a positive impact through shaping and influencing social policy, focusing on Canadian politics, world politics, and political theory. You'll find yourself debating and exploring ideas surrounding democracy and global politics, closely examining power relations and relationships between state, business, and citizens.

Specializations Available

Public Policy (see page 35 for more info)

The Trent Advantage

The small class sizes, interactive student-professor relationships, and breadth of programming that Political Studies at Trent is known for make it easy to develop new skills and individualize your degree.

Resumé Boosters

- Apply your learning to the real world through a community engagement project or political internship
- Get published – complete a fourth-year thesis under the supervision of expert faculty who are leaders in the field
- Go global and internationalize your degree (and experience) through a study abroad opportunity

Career Paths

Policy Analyst; Journalist; Lawyer; International Relations Specialist; Media Consultant; Civil Servant; NGO Staffer; Public Relations Officer; Politician; Political Assistant; Lobbyist; Political Researcher and Consultant

Popular Courses

Policy Analyst; Lawyer; International Relations Specialist; Media Consultant; Civil Servant; PR Officer; Politician; Political Assistant; Lobbyist; Political Consultant

trentu.ca/futurestudents/politics

PSYCHOLOGY (B.A. OR B.Sc.)

Psychology is the study of human behaviour, the brain, and the mind. This program is perfect for students who wish to develop a better understanding of how and why people act, think, and feel the way they do. You'll study the principles of psychology and a variety of specialized subjects ranging from personality, child development, and abnormal psychology in your first two years, to advanced subjects such as gender, emotions, and the psychology of evil in the latter half of your degree.

Specializations Available

Psychological Development **NEW** (see page 35 for more info)

The Trent Advantage

Participate in research with leading experts in areas such as neuroscience, emotional intelligence, sexuality, anxiety, health, development, language impairment, perception, and memory.

Resumé Boosters

- Undertake an independent research thesis or practicum and work one-on-one with award-winning faculty
- Apply the skills you learn in the classroom to a real-world healthcare setting through unique new research placement on aging
- Get excellent reference letters from your profs for grad school or your first job thanks to our highly-personalized learning environment

Career Paths

Therapist; Counselor; Crisis Intervention Officer; Police Officer; Behaviour Analyst; Rehabilitation Advisor; Social Worker; Research Analyst

Popular Courses

Personality Theory; Cognitive Psychology; Child Development; Dreams and Dreaming; Abnormal Psychology; Language Impairment Psychology & Sociology

trentu.ca/futurestudents/psychology

BACHELOR OF SOCIAL WORK (B.S.W.)

Get ready for a career that is both challenging and highly rewarding. As a social worker, you'll witness the struggles people face with difficult issues like poverty, drug abuse, crime, or sexual assault. You'll also truly make a difference in people's lives, providing essential support and leaving a positive impact on your community. Through our interdisciplinary curriculum grounded in social justice, human rights, and cultural humility, you'll develop a strong foundation of clinical knowledge, critical thinking skills, and social responsibility. If you apply and succeed in entering Trent's competitive professional (third and fourth) years, you'll have the opportunity to focus exclusively on social work theory and practice.

The Trent Advantage

Graduate from an accredited social work program that qualifies you for success in your chosen social work career path.

Resumé Boosters

- Complete 700 hours of hands-on placement in the professional years program, working with mental health, sexual assault, community counselling, and social services organizations
- Make your mark through the social and community events that take place on campus every day or by joining the Trent Social Work Society
- Meet leading thinkers and social activists in the field through a variety of on-campus lectures and workshops

Career Paths

Social Worker; Community Developer; Child Welfare; Mental Health Counselor; Social Policy Analyst

Popular Courses

Social Welfare; Social Work Research; Anti-oppressive Child Welfare; Feminist Informed Trauma Practice; Social Work Communication; Social Work and Indigenous Perspectives

trentu.ca/futurestudents/socialwork

SOCIOLOGY (B.A.)

An important field of study particularly in today's social media-focused world, Sociology helps us achieve a greater understanding of the complex yet simplistic nature of humankind, and the societies in which we choose to organize ourselves. Rooted in the social sciences and inspired by a passion for social justice, Trent's Sociology program engages students in understanding and acting on the consequences of social change. Through this degree, you'll explore and question a diverse range of social topics, completing your studies with a heightened understanding of human relationships and society. A sociology degree is an excellent foundation for law school, teachers college, social work or similar programs.

Specializations Available

Criminology and Socio-legal Studies; Health Studies (see pages 32 & 33 for more info)

The Trent Advantage

Gain firsthand research experience working with experts in the fields of aging, law, medicine, popular culture, and sexuality, examining and exploring these topics in a supportive environment.

Resumé Boosters

- Conduct original research with one of our award winning faculty members, in areas of LGBTQ+ issues, the pharmaceutical industry, or human rights in prisons as part of our research practica opportunities
- Meet and learn from leading thinkers in the field through guest lectures and speaker series held throughout the year
- Present your work at a symposium with other undergraduate students

Career Paths

Social and Market Research; Community Development; Social Policy Analyst; Municipal, Provincial, Federal Civil Service; NGO Administration and Service; Criminal Justice and Social and Community Service

Popular Courses

Sociology of Education; Critical Criminology; Sociology of Health and Illness; Sociology of Families and Households; Aging and the Lifecourse; Culture and Society; Sociology of Law; Sociology of the Body

trentu.ca/futurestudents/sociology

SUSTAINABLE AGRICULTURE & FOOD SYSTEMS (B.A. OR B.Sc.)

SCHOOL OF THE ENVIRONMENT

Discovering new ways to grow our food sustainably has become an increasingly crucial global challenge. By studying sustainable agriculture, we can work together to create food systems that are responsible, justice-oriented, efficient, effective, and viable. In this program, you'll examine the links between farm and table and their implications for people, the economy, and the planet. Learn about the challenges and benefits of producing and distributing healthy, affordable food in sustainable ways, while preparing for a career in which you can affect change and positively impact your community.

Specializations Available

Applied Agriculture (see page 32 for more info)

The Trent Advantage

Work to advance the study of sustainable agriculture in real-time by getting your hands dirty in Trent's rooftop gardens and experimental farm, a 33-acre living laboratory located right on campus.

Resumé Boosters

- Make your mark in our engaged student community by joining the Sustainable Agriculture and Food Systems Society, Trent Apiary, or Food Services Sustainability Committee
- Join a new crop of entrepreneurs working in the Trent Market Garden, which provides fresh vegetables to cafeterias right here on campus, or volunteer with the student-run organic café The Seasoned Spoon
- Work alongside leading experts in the field and complete impactful community research projects

Career Paths

Agro-Tourism Operator; Community Food Activist; Food Policy Analyst; Land Use Consultant; Organic Farmer

Popular Courses

Environmental Implications of Agriculture; The World Food System; Ecological Agriculture; Soil Science; Culture and Food; Nutritional Anthropology

Accelerated Master's Degree **NEW!**

Fast-track your education, by earning your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating from your honours B.Sc.

trentu.ca/futurestudents/agriculture

WATER SCIENCES (B.Sc.)

SCHOOL OF THE ENVIRONMENT

Plants, animals, and humans all require fresh water to survive, and many living species make water ecosystems their home. With less than 2% of the Earth's water supply being freshwater, efforts to conserve our most precious resource have become critical to survival. As a student in this program, you'll complete a series of practical and theoretical courses drawn from four primary subjects (biology, chemistry, geography, and environmental science), providing a foundation for examining of the science of water and the aquatic environment. By studying at Trent, you'll gain a thorough understanding of contemporary water challenges, acquiring the knowledge and skills necessary to respond to aquatic issues in Canada and around the world.

The Trent Advantage

Study with internationally-recognized water scientists in state-of-the-art labs and learning facilities, including the Trent Water Quality Centre, the most comprehensive mass spectrometry facility in Canada.

Resumé Boosters

- Gain real experience in the study of water and the aquatic environment in the lab and out in the field
- Make an impact in the community through a capstone research project
- Take your education global – study abroad and complete an international research placement

Career Paths

Environmental Impact Assessment Consultant; Hydrologist; Fisheries Manager; Drinking Water Policy Specialist; Regional Land and Water Resources Manager

Popular Courses

Limnology; Global Change of Aquatic Ecosystems; Aquatic Environmental Chemistry; Hydrology; Water Policy

Accelerated Master's Degree **NEW!**

Earn your M.Sc. in Environmental & Life Sciences in only 12-16 months after graduating from your honours B.Sc.

trentu.ca/futurestudents/watersciences

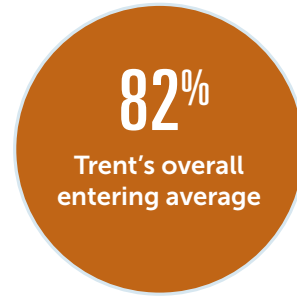

ADMISSION REQUIREMENTS

MINIMUM ADMISSION REQUIREMENTS FOR ALL PROGRAMS

Ontario secondary school students are required to have the following for admission to Trent University:

- Ontario Secondary School Diploma (OSSD) with a minimum of six grade 12 4U or 4M courses
- A minimum 70% overall average calculated using the top six grade 12 4U or 4M courses unless otherwise specified in the chart below
- ENG4U with a minimum grade of 60%

For programs with additional requirements see the following charts.

ACADEMIC PROGRAMS	ADDITIONAL REQUIREMENTS	RECOMMENDED COURSES
Ancient Greek & Roman Studies (B.A.) <i>Specialization Available:</i> Greek and Latin		
Anthropology (B.A. or B.Sc.)		A 4U Math for B.Sc.
Archaeology (B.A. or B.Sc.) <i>Specialization Available:</i> Mediterranean Archaeology		A 4U Math for B.Sc.
Arts, Honours (B.A.)		
Arts and Science (B.A.S.)	75% overall average	
Biochemistry & Molecular Biology (B.Sc.) <i>Specialization Available:</i> Health Sciences	SBI4U, SCH4U and MHF4U or MCV4U	
Biology (B.Sc.) <i>Specializations Available:</i> Conservation Biology • Health Sciences	SBI4U and SCH4U	A 4U Math
Biomedical Science (B.Sc.)	SBI4U, SCH4U and MHF4U or MCV4U, and SPH4U or SES4U	
Business Administration (B.B.A.) <i>Specializations Available:</i> Accounting • Economics • Entrepreneurship • Ethics & Sustainability • Finance • Human Resource Management • Information Systems and E-Commerce • Marketing & Consumer Culture • Niigaaniwin – The Art of Leading	A 4U Math	
Business and Arts (B.A.)		MHF4U or MCV4U
Business and Science (B.Sc.)		MHF4U or MCV4U
Canadian Studies (B.A.)		
Chemical Physics (B.Sc.)	SCH4U and MHF4U or MCV4U	SPH4U
Chemistry (B.Sc.)	SCH4U and MHF4U or MCV4U	
Child and Youth Studies (B.A.)		
Communications & Critical Thinking (B.A.)		
Computing Systems (B.A. or B.Sc.) <i>Specializations Available:</i> Data Analytics • Software Engineering		A 4U Math for B.Sc.
Computing Systems Co-op (B.Sc.)	80% overall average. Applicant essay required	
Computing Systems & Physics (B.Sc.)	MHF4U or MCV4U	

ACADEMIC PROGRAMS	ADDITIONAL REQUIREMENTS	RECOMMENDED COURSES
Conservation Biology Co-op (B.Sc.)	75% overall average. SBI4U, SCH4U, and MHF4U or MCV4U are required. Admission average is calculated on required courses, including ENG4U, plus two next best 4U/M courses.	SPH4U
Cultural Studies (B.A.) <i>Specializations Available:</i> Culture & Theory • Film & Media • Integrated Arts • Literature & Narrative		
Ecological Restoration (Joint Trent-Fleming Program (B.Sc.))	Apply at www.ocas.ca	
Economics (B.A. or B.Sc.)		A 4U Math for B.Sc.
Engineering Dual Degree (B.Eng. at Swansea University, UK and B.Sc. at Trent University) Chemical Engineering*	80% overall average. SCHU4U, SPH4U, MHF4U or MCV4U also required.	
English Literature (B.A.)		
Environmental Chemistry (B.Sc.)	SCH4U and MHF4U or MCV4U	
Environmental Geoscience	75% overall average. SCH4U and MHF4U or MCV4U. Admission average is calculated on required courses including ENG4U, plus three next best 4U/M courses.	SPH4U and SES4U
Environmental & Resource Science (B.Sc.)		SBI4U, SCH4U and a 4U Math
Environmental & Resource Studies (B.A.)		
Environmental Science/Studies (B.E.S.S.)	75% overall average	SBI4U, SCH4U and a 4U Math
Forensics & Arts (B.A.)		
Forensics & Science (B.Sc.)		A 4U Math
Forensic Biology (B.Sc.F.B.) <i>Specialization Available:</i> Law & Policing	75% overall average. SBI4U, SCH4U, and MHF4U or MCV4U are required. Admission average is calculated on required courses, including ENG4U, plus two next best 4U/M courses.	SPH4U
Forensic Chemistry (B.Sc.F.C.) <i>Specialization Available:</i> Law & Policing	75% overall average. SBI4U, SCH4U, and MHF4U or MCV4U are required. Admission average is calculated on required courses, including ENG4U, plus two next best 4U/M courses.	SPH4U
Forensic Science (B.Sc.F.S.) <i>Specialization Available:</i> Law & Policing	75% overall average. SBI4U, SCH4U, and MHF4U or MCV4U are required. Admission average is calculated on required courses, including ENG4U, plus two next best 4U/M courses.	SPH4U
French Studies (B.A.) <i>Specialization Available:</i> Quebec & Franco-Canadian Studies		
Gender & Women's Studies (B.A.)		
Geography (B.A. or B.Sc.)		A 4U Math for B.Sc.
History (B.A.)		
Indigenous Bachelor of Education (B.A. or B.Sc. and B.Ed.)		
Indigenous Environmental Studies (B.A. or B.Sc.)		A 4U Math for B.Sc.
Indigenous Studies (B.A.)		
Information Systems (B.A. or B.Sc.)		
International Development Studies (B.A.) <i>Specializations Available:</i> African Studies • Latin American Studies		A 4U Math for B.Sc.

ACADEMIC PROGRAMS	ADDITIONAL REQUIREMENTS	RECOMMENDED COURSES
International Political Economy (B.A.)		
Joint Major Degrees		A 4U Math for B.Sc.
Kinesiology (B.H.Sc.)	75% overall average. SBI4U and MHF4U or MCV4U or MDM4U are required	SCH4U
Law Dual Degree (LLB at Swansea University, UK and B.B.A. or B.A. at Trent) <i>Available with the following degrees:</i> Business • Canadian Studies • Cultural Studies • Economics • English Literature • Environmental and Resource Studies • Gender and Women's Studies • History Indigenous Studies • International Development Studies • Media Studies • Philosophy • Political Studies • Sociology	Minimum 80% average	
Mathematics (B.Sc.) <i>Specializations Available:</i> Mathematical Finance • Statistics	MHF4U or MCV4U	
Mathematical Economics (B.Sc.)	MHF4U	
Mathematical Physics (B.Sc.)	MHF4U or MCV4U	
Media Studies (B.A.)		
Medical Professional Stream	Minimum 80% average Autobiographical sketch required	
Nursing (B.Sc.N.)	75% overall average. Minimum of 70% in ENG4U and a min of 65% in SBI4U, SCH4U and a 4U Math. Admission average is calculated on required courses, including ENG4U plus two next best 4U/M courses. Successful completion of the CASPer test	
Philosophy (B.A.)		
Physics (B.Sc.)	MHF4U or MCV4U	SPH4U
Policing & Community Safety* (B.A.)	75% overall average	
Political Studies (B.A.) <i>Specialization Available:</i> Public Policy		
Psychology (B.A. or B.Sc.) <i>Specialization Available:</i> Psychological Development		A 4U Math
Science, Honours (B.Sc.)		A 4U Math
Social Work (B.S.W.)		
Sociology (B.A.) <i>Specializations Available:</i> Criminology and Socio-Legal Studies • Health Studies		
Sustainable Agriculture & Food Systems (B.A. or B.Sc.)	SBI4U for B.Sc.	A 4U Math for B.Sc.
Teacher Education Stream (B.A. or B.Sc.)	75% overall average	A 4U Math for B.Sc.
Water Sciences (B.Sc.)		A 4U Math

* Pending approval

Admissions Outside of Canada

International Baccalaureate (IB)

A minimum score of 26 in the IB diploma, including three courses at the higher level.

General Certificate of Education (GCE)

Minimum 'C' grade in five O-level (or IGCSE) subjects and two A-level (A2) subjects, or minimum 'C' grade in four O-level (or IGCSE) subjects and three A-level (A2) subjects. Two AS subjects may be substituted for one A2 subject. English proficiency test waived with 'C' grade in O-level English. Transfer credits may be offered for A2 courses with 'C' grade or better.

United States Secondary School

Minimum 'B' average (3.0 GPA on a 4.0 scale) in a recognized academic grade 12 program with a minimum of 70% in grade 12 English and at least four different senior level academic subjects. Recommended combined SAT scores are currently under review. Composite ACT score of 24 recommended.

Other International Secondary Schools

For country-specific requirements, program prerequisites, or equivalencies to Ontario curriculum, contact international@trentu.ca or visit trentu.ca/international

English Proficiency

The following test results are accepted as proof of English proficiency. Scores must be original and official results sent directly from the test centre.

Language Test Minimum Score

TOEFL (institutional code 0896) 86 IBT
580 PBT with minimum TWE score of 4.5
IELTS 6.5, with no band lower than 6.0
CAEL 60
CPE C
MELAB 85 with no part below 80

Conditional Admission through Trent-ESL

Trent-ESL offers intensive English language and academic skills preparation. Trent allows gradual admission to degree studies for students who do not meet our English proficiency requirements or who feel they will benefit from additional language support.

trentu.ca/futurestudents/esl

College and University Transfer Students

Transfer from University

Applicants transferring to Trent University from an accredited Canadian university must have successfully completed a minimum of one semester, with a final minimum average of 65% to be considered for admission. Individual courses with a minimum grade of 60% will be considered for transfer credits.

Transfer from College

Applicants who have completed at least one semester in a Canadian community college, with a minimum cumulative average of 65% will be considered for admission. Each course with a minimum grade of 70% will be considered for individual transfer credit.
