PREPARE TO SUCCEED

38 YEARS HELPING STUDENTS SUCCEED

For over 38 years, we've been helping bridge the gap between students like yourself and your chosen professions. Centre for Arts and Technology Kelowna campus and its diverse catalogue of programs have been recognized as a top school in the fields of filmmaking, animation, audio engineering, event management, interior design, photography, graphic design and network security. And now, due to demand in the industry for graduates, we have launched a new campus in Surrey, BC and we would love for you to be a part of this new adventure! Our Surrey location is a boutique, studio-style campus offering small, intimate classes and is directly linked to the ever-expanding Vancouver industry.

Centre for Arts and Technology falls under the governing body of the Private Training Institutions Branch in the province of BC. The Agency is given its authority by the Province of British Columbia, Ministry of Advanced Education and Labour Market Development. The Private Training Institutions Branch (PTIB) of the Ministry of Advanced Education administers the Private Training Act and associated regulations. We abide by all regulatory standards in order to ensure students receive the highest quality post-secondary education. The Centre is also designated by BC Education Quality Assurance. EQA is a quality assurance designation that identifies and promotes public and private post-secondary institutions that have met or exceeded government recognized quality assurance standards.

Digital Filmmaking	Veterinary Hospital Assistant
Digital Photography	Web Development

GRADUATE WORK

CAT IS MY SCHOOL PHOTOGRAPHY IS MY PASSION

"The best part of coming to Centre for Arts and Technology for the Digital Photography program was the hands-on experience with all the amazing photography gear the school had to offer; I would never have had access to studio lights anywhere else. Mixed with awesome teachers and access to cutting-edge computer software, CAT was win-win for me. Also the entrepreneurial knowledge has been indispensable throughout my career!"

*Megan Reid
Digital Photography Graduate*

CAT IS MY SCHOOL GRAPHIC DESIGN IS MY PASSION

"CAT connected me with lifelong friends and provided me with the technical skills that have allowed me to express my creativity professionally in an industry that I love. During my program, having the lab time during the day and at night helped me get all of my work done. I enjoyed all the late nights working with my classmates and the bond that was created while working on projects. I would tell students considering the school that it is a lot of hard work, but that the end result is spectacular!"

*Janell Alm
Graphic & Digital Design Graduate*

CAT IS MY SCHOOL ANIMATION IS MY PASSION

"Everyone and everything you connect with at Centre for Arts and Technology is your best resource to ensure that you make the most out of your passion and talent."

*Devon James Watterston
2D Animation & Digital Art Graduate*

Trevor Clarke | Digital Photography Graduate

WHY CHOOSE US?

WE'LL FEED YOUR PASSION

You're going to soak up the learning at Centre for Arts and Technology.

This is where you'll be surrounded by other driven, creative people - just like you. You'll work on your own, collaborate with a team and at the same time make each other the best you can be. You'll feel you belong here.

All the while your mentors and instructors will include experts who have already proven themselves in their fields and who will tell you all the right and wrong things to do in order for you to succeed.

You'll learn many insider secrets that normally only a real-world experience can teach you. You'll get a glimpse at what the actual industry expects of you and you'll benefit from their mentoring and connections (and references!)

TWO CAMPUSES TO SERVE YOU:

Kelowna

Suite 100 - 1632 Dickson Ave., Kelowna, BC

Surrey

10060 King George Blvd., Surrey, BC

QUICK FACTS:

- Classroom sizes range from 6-21 students.
- We speak both Mac and PC and so will you.
- Today's employers are not just looking for exceptional technical skills, but well-rounded team members and contributors. Our Professional Development Program means you'll be both.

DISCOVER YOUR PASSION IN KELOWNA

"CAT offered a great blend of classroom teaching with hands-on experience from knowledgeable, enthusiastic teaching staff. There was access to a huge selection of high-end equipment and two studios with full lighting set-ups which not only allowed for some great productions, but also gave me the chance to test out cameras and equipment before deciding what I might want to invest in in the future. The course included a number of projects where I was given a local business client to produce work for. This real-world experience helped enormously to prepare me for managing my own clients through the production process."

Jamie Cottington | Digital Video Fusion Production Graduate

KELOWNA CAMPUS SNAPSHOT:

Fifteen year old campus centrally located in the Landmark Centre - a business and technology hub that serves the Okanagan Valley and beyond.

Two contemporary digital recording studios with mix-to-picture surround-sound capability.

Interior design, veterinary hospital assistant, and animation labs that create an environment similar to the industry you will soon find yourself in.

A new production studio for film and photography includes a lighting-grid and seamless walls.

If your passion includes the sporty-outdoor life, our Kelowna location is for you! Located in the British Columbia interior, Kelowna is your year-round playground. Skiing, snowboarding, swimming, wakeboarding—this town has it all to keep you fit and busy. Add to that a vibrant cultural scene including museums, art galleries, theatre, ballet, and an active night life—plus the Okanagan Valley with its award-winning vineyards. What more could you want?

There is no shortage of high-tech businesses either. Kelowna, or the "Silicon Vineyard" is home to world-famous animation companies like Disney Interactive Studios, Bardel Entertainment, and Yeti Farm Creative to name a few.

DISCOVER YOUR PASSION IN SURREY

"My passion for art and animation brought me to Centre for Arts and Technology's Animation program. With the guidance of my instructors I was able to create a number of works I am proud of. My days at CAT were always exciting because I was doing what I love, as well as spending time with people who inspire me."

Amanda Adams | 2D Animation & Digital Art Graduate

SURREY CAMPUS SNAPSHOT:

Surrey is the fastest growing city in BC. Our brand new, state-of-the-art campus in Surrey offers boutique style classes, the best of the best instructors and the latest technology at your fingertips. Located on the bustling King George Highway, the Centre's Surrey Campus is at a central location, steps away from the King George Skytrain station and across the street from Central City Mall. The Mall is an award-winning world class facility where you can work, shop and learn all under one roof, with 140 retail stores, restaurants and services. The surrounding area includes Surrey Memorial Hospital, an RCMP Headquarters, the City Centre Library, the Performing Arts Centre, and Surrey

City Hall, which has become a favourite Hollywood location for filming TV and movies.

"Through more productivity and innovation, B.C.'s Digital Media, Film and Animation industries are growing rapidly and continue to create jobs, business opportunities and economic growth for our province."

- BC Chamber of Commerce

"How do we encourage young people to consider careers in the motion picture industry? The industry works very closely with post-secondary institutions on their training programs and on what's changing and what skill-sets are needed."

- Prem Gill, Creative BC, regarding the Vancouver film/animation/digital arts industry coming off a record breaking 2016 and being 20% busier in 2017

DREAMS COME TRUE FASTER

You'll reach your goals faster at Centre for Arts and Technology.

Accelerated learning means you'll be ready to take that job sooner. Unlike some schools that take summers off and spread programs over several years or more, we compress the timeline and keep the learning going. Yes, it's intense, but students love the results.

Thanks to hands-on learning you'll build stronger skills, a deeper understanding of the material, and confidence in your abilities.

You'll get to test drive and hone those skills through special projects and events, like film festivals, demo reel nights and more, that put you through real-world industry experiences.

These events, by the way, do more than showcase your work—they introduce you to actual members of your industry; the people who are doing the hiring!

digitalartschool.com

YOU'LL SUCCEED WE GUARANTEE IT

You won't find another school that is as committed to your success as we are.

That goes for both inside and outside the classroom.

Just look at the support you can count on:

OUR GUARANTEE:

We have every confidence in our programs and know that students who complete the highest-level Centre for Arts and Technology programs are job-ready. Students who graduate from the highest-level of a program area and who have not found work in a "related industry" within 12-months of graduation, may return to take any other program of equal or lesser value offered at the Centre for free.

PERSONALIZED TUTORING:

Need extra help to grasp a concept or skill? You got it. You have access to peer tutoring free of charge; 12 hours in your first quarter and 7 hours in each subsequent quarter.

PROFESSIONAL DEVELOPMENT PROGRAM:

True professionals have more than technical skills. They have the soft skills, they know how to talk to people, how to be part of a team, how to bring the right attitude to the job, how to take initiative, and when to support the leader. Today's employers are looking for people with these soft skills. You'll get them, thanks to this program.

STUDENT ADVISING:

At the Centre we have two, on-staff Student Advisors. Each student at the Centre is assigned to their own personal Advisor. This ensures that each student will be personally guided on obtaining their own professional goals.

GRADUATE ACCESS PROGRAM:

Need to polish up your portfolio or keep some skills sharp after you graduate? This program gives you three months of additional access to the facilities, faculty, Student Success, and career planning services.

QUICK FACTS:

- **WORKSHOPS:**

Throughout the year we hold regular workshops that expose you to the latest news and development in your field, opinions from industry experts, and opportunities for your future. It's all about keeping you connected and current.

- **CANVAS™**

Our CANVAS™ learning management system means classroom materials are available to you whenever and wherever you choose. You can access it online to submit assignments, talk to other students, and get personalized feedback from your instructors. All on your own computer.

Our Guarantee

STUDENTS WHO GRADUATE FROM THE HIGHEST-LEVEL OF A PROGRAM AND WHO HAVE NOT FOUND WORK WITHIN 12-MONTHS OF GRADUATION MAY RETURN TO TAKE ANY OTHER PROGRAM OF EQUAL OR LESSER VALUE FOR FREE.

*Ashley Ramsay
Partner/Producer Yeti Farm Creative*

“ANIMATION IN BC IS A VERY SUSTAINABLE AND GROWING INDUSTRY. OUR STUDIO ALONE WILL NEED TO INCREASE OUR STAFF SIZE BY 50% IN THE NEXT YEAR”

Graphic Design & Web Development

92% OF GRADS ARE WORKING IN THE INDUSTRY IN LESS THAN 6 MONTHS

Interior Design

2018 GRAD CLASS HAS 100% EMPLOYMENT BEFORE GRADUATION!

**YOU'LL
SUCCEED WE
GUARANTEE IT**

MONEY

Are you financially ready for this next step toward your career? These are the things you need to consider:

TUITION, FEES, BOOKS, AND SUPPLIES

We tell you the total price for your program up-front, including all books and supplies, so you can be prepared.

SCHOLARSHIPS AND AWARDS

Ask your Program Advisor about scholarship opportunities that could help fund your education.

STUDENT LOANS

Programs taken at Centre for Arts and Technology qualify for student loans. Contact our Financial Advisors for more information.

OTHER FINANCIAL ASSISTANCE

You can apply with us to make regular payments instead of paying your tuition all at once.

OTHER COSTS TO CONSIDER

You will need money beyond tuition to go to school. Rent, transportation, utilities (power, phone, heat, water), food, laundry, and even entertainment. Make sure you set a realistic budget so you don't get caught short. The good news is that with our accelerated learning structure, you'll graduate faster, so your cost of living while in school is less than many other institutions.

FINANCIAL ADVISING

Need some help figuring out the whole money situation? Talk to one of our Financial Advisors.

ADMISSIONS

ELIGIBILITY FOR ADMISSION

You are eligible for admission if you have a high school diploma or equivalent, or are 19 years of age or older and are a Canadian citizen, landed immigrant, or an international student with a valid Student Visa. Please contact a Program Advisor for program-specific admission requirements.

PROGRAM ADVISING

Our team of Program Advisors exists with the sole purpose to help guide students in identifying their personal, academic, and professional goals. They are knowledgeable about the industries we train you for and will help you make an informed decision before you enroll. Program Advisors can not only answer specific questions about our programs and courses, but are also available for in-person, telephone, or email consultations, as well as booking school tours or a class audit.

TUITION

Tuition information for particular programs or courses is available by speaking with one of our Program Advisors.

APPLICATION PROCEDURE

Complete instructions and detailed information about application fees and deposits can be found on the Centre's application form at digitalartschool.com.

PROGRAM START DATES

We are a year-round school with four start dates per year:

January, April, July, and October. Please contact a Program Advisor for specific start dates as not all programs start each quarter

APPLICATION DEADLINES

Although the Centre encourages applicants to submit applications a minimum of six weeks prior to program commencement, with permission, late applications may still be allowed. All applications received less than six weeks prior to program commencement require the tuition deposit paid in full as well as all other admissions requirements to be completed at the time of application.

COPYRIGHT - WHAT'S YOURS IS YOURS...

Students retain their intellectual property rights to all work they create while attending Centre for Arts and Technology. We do, however, retain the right to continually use student work for educational purposes as well as publish student materials for the purpose of promoting our school and our students through demonstration, exhibition, and advertising.

ACCEPTANCE

Students who meet our admissions requirements are notified within weeks of the school receiving a completed application package. Applicants who have not met the requirements for admission will be contacted by the Admissions Office at the Centre. Official application status will not be given over the telephone. Application status can fall under any of the three following headings:

Accepted: A seat is reserved for the applicant pending payment of seat reservation deposit and completion of the registration procedure.

Conditionally accepted: A seat is reserved for the applicant pending receipt of specified requirements.

Not accepted: The applicant has not met the admission requirements or information requested has not been received.

TRY US ON SO YOU KNOW YOU BELONG

EXPERIENCE CAT

Choosing the right school for you is a big decision. You need that perfect combination of programs, faculty, location, and feel so you'll know that it's the place where you belong. Here's how you can experience Centre for Arts and Technology before making the big commitment:

BOOK A CAMPUS TOUR: Get a personalized tour to see the facilities, meet the staff, and talk to our students.

COME IN FOR OPEN HOUSE DAYS: Join a presentation and tour along with other potential new students to see everything we have to offer. Find dates at digitalartschool.com on our Event Calendar

TALK TO US: Our Program Advisors can help you focus your personal, academic, and professional goals. Call or email today. T: 1.866.860.2787 E: inquire@digitalartschool.com

REPORT FOR DIGITAL BOOTCAMP: This multi-day adventure is a combination of education and hands-on experience for high school students. Take the program of your choice for a test drive and see if it's right for you. Check our website for dates at digitalartschool.com/bootcamp

TUNE IN TO A WEBINAR: Learn about career opportunities and industry updates in the field you're considering. Find dates for live webinars at digitalartschool.com or visit our YouTube channel for pre-recorded webinars at youtube.com/CanDigiSchool.

MARK YOUR CALENDAR: Once you've decided that you belong here, it's time to apply. Most programs start in January, April, July, and October. please inquire with a Program Advisor for other start date opportunities that may be available

CAT IS MY SCHOOL AUDIO IS MY PASSION

"My time at Centre for Arts and Technology was not only an extensive source of information giving me an excellent head start in production but also an excellent tool, teaching me how to teach myself more advanced and complicated concepts and techniques.

*Aaron Zuber,
Audio Engineering & Production Graduate*

CAT IS MY SCHOOL NETWORK SECURITY IS MY PASSION

"I've always had a passion for network security and Centre for Arts and Technology helped turn that passion into a career. My instructors were very knowledgeable and professional. They all had real world experience that I was able to draw on to better my learning and understanding of the career I was pursuing."

*Jeremy Race
Network Administrator Specialist Graduate*

CAT IS MY SCHOOL ANIMALS ARE MY PASSION

"I'm extremely happy that I took the VHA course and pursued a career in animal care. It has been a life-changing experience with lots of personal growth, and the knowledge I gained from this program has been essential in the field. I would certainly recommend this course to anyone who wishes to follow a career path in animal care."

*Aleesha Leslie
Veterinary Hospital Assistant Graduate*

WHERE DOES MY TUITION GO?

Centre for Arts and Technology is proud to be able to continue to offer industry-ready and relevant programs, all the while, attempting to keep costs to Students reasonable. A frequently asked question is "Where does my tuition go?" In answer to that, we have decided to be transparent to all and are releasing the graph and details below that outline exactly how your investment is spent.

Every year, students from around the world choose Centre for Arts and Technology for their education. Your international perspective makes you in-demand with employers. And the skills you'll learn here can take you anywhere you want to go.

WE WELCOME THE WORLD WITH GRADUATES FROM OVER 33 COUNTRIES.

Canada	USA	Nigeria
India	Mexico	China
Thailand	United Kingdom	Japan
Kenya	Uganda	Cameroon
Costa Rica	France	Iceland
Iran	Italy	Lebanon
Libya	Namibia	Palestine
Russia	Saudi Arabia	South Africa
South Korea	St. Lucia	St. Vincent
UAE	Ukraine	Uruguay
Vietnam	West Indies	Yemen

STUDENT ADVISING

Did you know that every student at Centre for Arts and Technology receives 1on1 Student Advising?

WHAT IS STUDENT ADVISING?

- Student Support Program exclusive to Centre for Arts and Technology
- Action-Based customized individual sessions 100% focused on student success
- The delivery of life-skills to achieve career goals
- Development of student confidence in networking (*with a focus on community and industry connections*)
- Success Coaches help bridge the gap between school, industry and personal goals

HOW IS STUDENT ADVISING DIFFERENT FROM LIFE COACHING?

Life coaching is a vague term that could involve losing weight, or finding purpose, whereas Student Advising helps our students laser focus on being successful and uniquely competitive once they leave school.

Our guiding philosophy is simple:
Connections = Opportunities

YOUR ADVISORS

“ I THINK YOU GUYS NAILED IT. EFFECTIVE FOR MY LEARNING STYLE. I FEEL SO MUCH MORE CONFIDENT TO GO INTO INTERVIEWS. ”

MIKAYLA NELSON Veterinary Hospital Assistant

MIRANDA ABILD

A lifetime of entrusted and meaningful connection coupled with over a decade of experience supporting students has left Miranda with a finely-tuned sense of where people are at and a knack for finding well-paced and fitting next steps. Miranda offers clarity and direction by sharing useful tools, fresh perspectives, and creative alternatives. She understands the need to be flexible and open in her approach, fostering an environment of inclusiveness and acceptance.

As an undergraduate, she helped students adjust to student life. As a graduate student she taught and helped students find their own unique academic path. As a support worker, she work together with those experiencing mental and physical health concerns to better manage day-to-day challenges. She is eager to see how she can be of service to your sons and daughters.

RANDAL TYPUSIAK

As a Youth Worker, Employment Counsellor and Educator, virtually all of Randal's professional life has been focused on helping others to live a meaningful and fulfilling life. A farm boy who was born and raised in Oliver, BC, Randal studied a wide variety of subjects in various post-secondary institutions for over 10 years, has been blessed to be in a loving, fulfilling and happy marriage for almost 27 years, and he is the father of two extraordinary and beautiful girls. Privately, Randal appreciates the good things which life has to offer, including good food, the fellowship of friends, and especially all things outdoors.

ANIMATION LAUNCH PAD

Looking for a career in the animation field? Nervous about submitting your portfolio for review? Would you like someone to critique your work? With the Animation Portfolio Launchpad, you can evolve your artistic abilities in a welcoming environment. Best of all, you will be given a preview of what awaits you in the animation program at Centre for Arts and Technology. If a career in the animation industry is what you desire, this is where it all begins.

PROGRAMS

2D ANIMATION & DIGITAL ART **K** **S**

You will earn your 2D Animation & Digital Art Diploma in only 15-months. Better still, you will break into the job market with a professional portfolio and demo reel, showcasing your talent and your style to potential employers. A solid grasp of 2D Animation remains one of the key foundational skills many studios look for in hiring animators.

ANIMATION FOR GAME, FILM & VISUAL EFFECTS **K** **S**

The 24-month Animation for Game, Film & Visual Effects program gives you the hands-on training and experience you need to pursue your dream job in 3D animation. You will earn an Advanced Diploma in the latest animation techniques in an environment that is run like a fast-paced, real-world production studio.

VISUAL EFFECTS FOR FILM & ANIMATION **K** **S**

In the 24-month Visual Effects for Film & Animation program you will have the ability to demonstrate knowledge of industry standard tools, such as Maya, Nuke, After-Effects and

more. You will have the ability to create many of the types of effects that studios demand today and in the years to come. You will walk away with the core skills needed for match-moving, green-screen work, set-extensions, digital makeup, Rotoscoping, compositing, asset building, film and camera work, texturing and lighting.

AUDIO ENGINEERING & PRODUCTION **K**

After earning your Advanced Diploma in Audio Engineering & Production in just 18-months, you could be at the helm of the soundboard for a worldwide concert tour, or recording sound effects for the next big video game.

STUDIO PRODUCTION **K**

Focus primarily on the magic that happens behind the mixing board in the 12-month Studio Production Diploma program. Technology has spurred on an explosion in the audio industry. Talented individuals are no longer limited to positions at major studios. With new software and breakthroughs in affordable equipment, audiophiles can now set up their own studios and production houses.

ELECTRONIC MUSIC ARTIST **K**

The 6-month Electronic Music Artist Certificate program at Centre for Arts and Technology is designed to take you to the next level. You'll learn the art of production, while discovering the entrepreneurial side of the music industry.

ELECTRONIC MUSIC PRODUCTION **K**

The 12-month Electronic Music Production Diploma is an accelerated program offered through our Audio Engineering department. This program is tailor-made for anyone interested in audio and music production with a special focus on digital music production, recording, mixing, and arranging.

EARLY CHILDHOOD EDUCATION **K**

Early Childhood Education is an exciting and rewarding profession. There is a great demand across British Columbia for qualified and dedicated Early Childhood Educators that can provide superior care and education for children from birth to school age.

We believe that children learn through play and that they must be free to choose what they want to do in an environment that is safe and

stimulating. When Early Childhood Educators support this play in a warm and nurturing manner, children's development is enhanced in all aspects. The Centre is committed to developmentally appropriate practices, and culturally sensitive and inclusive childcare.

DIGITAL FILMMAKING **K**

If you've always loved movies, and the idea of telling stories through the magic of filmmaking keeps you up at night, then the Digital Filmmaking program is for you. You have two options in launching your film career: A 12-month Digital Filmmaking Fundamentals Certificate program that will give you the foundation in all technical areas of filmmaking and an accelerated 18-month Diploma program that incorporates all of the technical aspects of filmmaking and the narrative pieces that ensures your success.

DIGITAL PHOTOGRAPHY **K S**

The 12-month Digital Photography Diploma program at Centre for Arts and Technology is designed to grow your skills, introduce you to new techniques, and prepare you to hit the ground running when you begin your career. Digital Photography offers several career paths, but many of our graduates go on to start their own photography businesses.

EVENT & PROMOTIONS **K S** MANAGEMENT

This comprehensive 12-month Diploma program combines the perfect mix of classroom theory with real-world experience. You will take part in the planning of local events and promotions—giving you a chance to learn the ropes first-hand, and network with peers and potential clients or employers.

GRAPHIC & DIGITAL DESIGN **K S**

As a graduate of this 12-month Diploma program, you'll be a master of graphic and digital design with a thorough knowledge of industry-standard software programs, and a solid background in the more important aspects of marketing, including proficiency

in: Adobe Photoshop, Illustrator, InDesign, Acrobat—Branding—Typography—ActionScript—Adobe Dreamweaver, Flash, Premiere, After Effects.

GRAPHIC DESIGN & WEB **K** DEVELOPMENT

Graphic Design & Web Development is an extremely well-rounded 18-month Advanced Diploma program that prepares you for a number of careers. Our graduates are highly sought after by potential employers because of their ability to multi-task in highly specialized areas.

INTERIOR DESIGN **K**

Interior Designers create environments that bring beauty to everyday life, portray personality, and add sophistication to any space. You have two options in launching your design career: An 18-month Interior Design & Technology Diploma program that will give you the foundation in all technical areas of interior design and an accelerated 24-month Diploma program that incorporates all of the technical aspects of design and hones the artistic pieces that will ensure your success.

MUSIC RECORDING ARTIST **K**

Are you a musician? A singer or in a band? Have you always wanted to get your stuff recorded and know how to not only produce but market yourself in the process? The Music Recording Artist Program at Centre for Arts and Technology will give you the foundation to do all of this.

The objective of the Music Recording Artist Program is to give performing and recording artists the foundational tools to be effective as artists in the studio environment and with modern recording technology, and to be literate and functional at a professional level (enough to produce their own work) in the studio as artists, producers, and engineers, and to provide graduates with a product they can use to promote themselves, their music, act, or sell directly as a product.

NETWORK ADMINISTRATOR **K** **S** **SPECIALIST**

This 12-month Diploma program has been developed by working professionals to give you a foundation in computer networking and administration skills to assist you in successfully launching your career in the IT industry. You will learn how to plan, create, implement, and manage network systems, as well as learn how to provide desktop/server support for your organization.

NETWORK SECURITY SPECIALIST **K** **S**

This 18-month Diploma program starts with the 12-month Network Administrator Specialist program and adds on an additional 6-months of training where you will learn Advanced Network Systems, Computer Forensics for the First Responder, Enterprise Administration using Linux, Network Optimization and Monitoring, Encryption, Public Key Infrastructure Architecture and Administration, Hands-on Network Exploits, and Vulnerability and Penetration Testing.

VETERINARY HOSPITAL ASSISTANT **K**

The 9-month Veterinary Hospital Assistant Certificate program has always been a popular program at Centre for Arts and Technology. Graduates of the program become qualified 'front-line' Veterinary Hospital Assistants, and regularly find rewarding careers in a variety of animal care settings.

WEB DEVELOPMENT **K**

In only 6-months, the Web Development program at Centre for Arts and Technology will equip you with entry-level, in-demand, specialized training in web scripting/programming, integration, and database connectivity. This program will give you the foundation knowledge and skills that you can use to develop your portfolio after graduation and work towards a career in this field.

HOW TO APPLY

VISIT digitalartschool.com TO GET STARTED

1

CHOOSE YOUR PROGRAMS

STEP ONE is picking what program and career speaks to you the most. When you first inquire you will have an opportunity to tell us what your first and second choices are.

digitalartschool.com/programs

2

CONTACT A PROGRAM ADVISOR

STEP TWO is speaking with a Program Advisor. Now that you have narrowed down your program(s) of interest, the next step is to speak with your personal Program Advisor. Your Program Advisor will walk you through your program of choice, career outcomes, and assist you through each step of the application process.

Call: 1.866.860.2787 or
Email: inquire@digitalartschool.com

.....

3

APPLY ONLINE

STEP THREE is to visit
digitalartschool.com/apply-now

This online form has been set-up with the user in mind. No passwords to create, no long forms to download, and all the info is then delivered directly to your personal Program Advisor.

4

SUBMISSION OF YOUR PORTFOLIO AND REQUIRED DOCUMENTS

STEP FOUR is delivery of your supporting documents such as, reference letter, essay, and/or portfolio. Not all programs require a portfolio submission. Your personal Program Advisor will ensure you have all the info you need to become a successful applicant.
