College Director

# Welcome to Canada!

## Canada is considered one of the best places to live in the world, and it's easy to see why!

Known for its safe and welcoming environment, Canadian residents enjoy a high quality of life. This is reflected in how friendly they are, and you will quickly experience the kindness and sense of humour Canadians are known for when you arrive. With an emphasis placed on equality and inclusiveness for all people, Canada prides itself on its multiculturalism. This has become part of the national identity; one in five Canadians were born outside of the country.

## Canada - Multiculturalism

Education is highly valued in Canada. The country has high academic standards that are rigorously controlled, and the diplomas and certificates issued by colleges.

## A country of beautiful landscapes

Canada is one of the most scenic countries in the world, known for its diverse and varying landscapes. The south of the country features a blend of rural countryside and urban cityscapes, while the north is known for its evergreen forests and snowy viewpoints.

Almost 31 percent of the country is covered by forest and there are more than two million lakes – more than any other country!

## DID YOU KNOW?

The country is officially bilingual: people speak English and French.

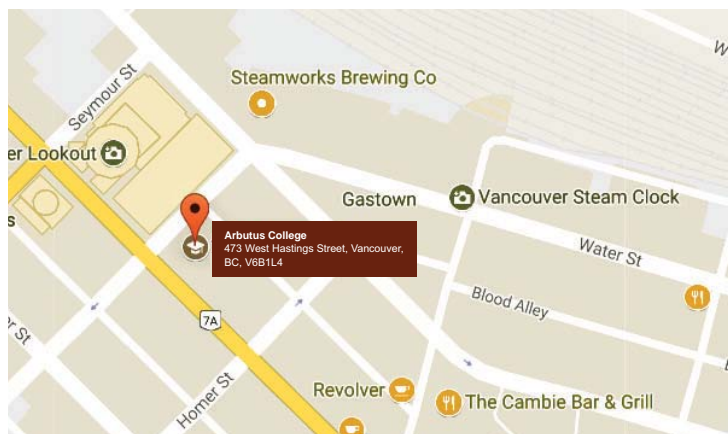

## Vancouver at a glance

- one of the top five most livable cities in the world.
- Canada's most moderate climate
- home to one of the largest urban parks in North America, Stanley Park
- The North Shore Mountains make for a scenic backdrop to the city.
- Whistler Mountain is just a short road trip away.
- Fifty-two percent of Vancouverites have a first language other than English.

### Arbutus College: a great location

Arbutus College is located in downtown Vancouver, an area known for its thriving entertainment, art and sport cultures. The campus is located just a short walk from the many public transport options available to students: bus, train, sky-train and sea bus stations, which also offer access to the rest of the city.

*I just love Vancouver so much! The people are really friendly here, very helpful and polite. However what I appreciate the most about Vancouver is the local nature. I have many favourite places in Vancouver. These would include the top peak in Vancouver, Grouse Mountain, peaceful Stanley Park, the beautiful beach with amazing sunsets, English Bay, and the entire seawall along the ocean that everyone can walk on for hours.*

**VIT SAFRANEK, Marketing Co-Op Diploma**

# Your study options

At Arbutus College, our priority is to assist you during your studies so you can develop work-ready, practical skills that will help you meet the demands of a career that you want to get into. We offer a range of credentials allowing you to pick which study option suits you best.

## Certificates

Typically studied over three months, our certificate credentials are ideal if you have an interest in a field, but are unsure if it is what you want to pursue in your career. They offer a range of foundation subjects, allowing you to develop a better understanding of the industry and what direction your career might head if you opt to continue studying within that field.

## Practicum and work experience

With employers now expecting you to have prior work experience when applying for jobs, studying a credential with an industry-based work component is essential. Our practicum and work experience credentials offer voluntary work experience as a component of your degree, helping you to build on the skills and knowledge you have developed in the classroom.

## Co-operative credentials

Our co-op credentials allow you to gain paid work experience in the industry while you study.

## Diploma

Our diploma programs are suitable for students who know what career they wish to pursue. You will develop an in-depth knowledge of your chosen field and the key skills you need for career success, such as being able to communicate complex ideas. Our more advanced diplomas offer you the opportunity to commence studying at one of our partner institutions, including Acsenda School of Management, with credit for your period of study at Arbutus College.

## Specialization

Our honours diplomas and professional diplomas allow you to develop more advanced skills with a focus on an area of specialization, meaning a greater depth of supplementary knowledge to take with you into your career. Specializations are important in assisting you stand out above the rest in the competitive job market. Specializations are available in Business Management, Hospitality Management, International Trade, Marketing, and Translation & Interpreting (Japanese/English).

# Areas of Study

## Business Management

Our business management programs equip you with the understanding you need to succeed in business and the requirements of companies to meet the needs of the global economy. You will develop skills in running a business, from knowledge of operations, relationship management and communication skills, to being able to effectively problem-solve and lead a team. You will complete the program with the ability to understand the needs of businesses across a range of different industries.

## International Trade

Our international trade programs help you develop the knowledge and skills necessary to understand the vast range of issues faced by businesses working with global supply chains. You will develop an understanding of the political, legal, marketing and distribution factors that impact upon businesses, as well as developing the ability to manage supply chains. As part of our international trade programs, you can work towards receiving your FITT Certified International Trade Professional Certificate, the world's leading designation for global business practitioners.

To become a certified professional, you must meet a rigorous competency-based assessment outlined in the comprehensive International Trade Competency Framework.

Programs available	Program length	Courses

# Arbutus – your pathway to a bachelor's degree

Arbutus College offers students pathways to a university degree through our articulation partners.

You can receive credit transfers and meet the English proficiency requirements for Acsenda School of Management's Bachelor of Business Administration and Bachelor of Hospitality Management.

You can also receive credit for your studies at a number of our other partner schools. Find out more at [www.arbutuscollege.com](http://www.arbutuscollege.com).

## English programs

English is the global language and being able to speak it is a huge advantage, whether it comes to career advancement or meeting your academic goals.

Arbutus College can help you improve your English language abilities through in-depth and interactive learning. You will meet your language goals, whether those are academic, career or social based.

Our English programs are taught in four-week increments, and run from 4 to 48 weeks in duration, depending on your existing English language knowledge. Each program includes 25 hours per week of classroom study, where the teacher's main focus is you and improving your skills to ensure you meet your goals.

Students also develop their English skills outside of the classroom, with many school social activities that are perfect opportunities to practice speaking the language.

# Life at Arbutus

## Beyond the classroom

Our campus is designed with your experience in mind. The student lounge is a place where you can study, eat, meet friends, use computers or simply relax.

## Cultural diversity

Our students come from more than 30 countries. This means you will make friends with people from across the world. You will learn to work with and connect with people who have different backgrounds to you – an important skill to have in today’s global economy.

## Accommodation

There are many housing options for students in Vancouver. The most popular for Arbutus’ students are:

**Homestay:** Immerse yourself in Canadian culture by choosing to stay with a Canadian family during your

period of study. This is a great way to improve your English skills, learn about daily life in Canada and meet new people. Homestays also offer a more stable and secure environment for younger people coming to study in Canada.

**Rental:** There are many different types of places you can rent in Vancouver. The type of place you choose to rent will be dependent on your budget and how much you plan to spend. It is important to research this prior to your arrival. A house is usually too expensive for one student to rent, but many students share or rent suites – a self-contained unit with a kitchen, bathroom and bedroom – within a larger home. Apartments are also a more affordable option for most students than a house, however, generally won’t include furniture or meals. Dormitory residences are another option, allowing you to rent out a fully furnished apartment within a student oriented environment.

The success of our students both in and out of the classroom is incredibly important to us, which is why we provide a number of student services to ensure that your time at Arbutus is meaningful and enjoyable.

### **Student support services**

We can help you with any questions you may have to help ensure your time at Arbutus College is as enjoyable as possible. We can advise you on any questions you may have about your move to Canada. We can also help you access relevant services, help you find your way around Vancouver – or simply tell you where to find the best coffee!

### **Academic support services**

Our academic assistance program is designed to help enhance your learning experience so that you can achieve your academic goals. We are with you step by step during your time at Arbutus, from ensuring you are

able to attend classes to assisting you with assignment and exam preparation. Each and every one of our students receives their own study plan, which is unique to you and designed to help you succeed.

### **Career services**

In today's job market, English fluency, practical knowledge and work experience are needed for success. The Arbutus advantage means you develop these skills and abilities each day you are with us. On top of this, our Career Advisor can assist you in finding valuable work experience as well as preparing you for life after graduation, helping you to focus on your career goals and offering you training on resume writing, conducting job searches and interviewing.

“

*I chose Arbutus College because it was recommended to me by friends. I can't choose what my favourite thing about Arbutus is: I've made great friends, the teachers and facilities are excellent, and the location is good.*

**ELLEN JENIFER**  
ESL & Co-op

”
