TRAVELLING TO CANADA

First Point of Entry

Vancouver International Airport (YVR)

Toronto Pearson International Airport (YYZ)

Once you reach your first port of entry to Canada or the first airport you land in (on Canadian soil), you need to go through Immigration and/or Customs.

In Immigration, you will **EXCHANGE** your **Letter of Acceptance** for your **Canadian study permit**, providing you still meet all the conditions of a study permit.

Once you get off the plane, follow the signs to “**Canadian Immigration**”. You may have to wait in line for a while before you can see an agent. Make sure you have the following documents ready:

1. Your passport (and your family members’ passports if they are travelling with you)
2. LoA to Confederation College,
3. Proof of funds, i.e. a bank statement or letter from your sponsor.

The immigration official may also ask to see an alternate piece of photo identification and may ask about your plans while you are in Canada. If you are in Canada for long-term study, the official will print your study permit once your documents are reviewed. For short-term study, the official will stamp, date and/or sign your passport. This is a very important step in your arrival to Canada, so ask questions if you are not sure what to do.

***You must receive your study permit or have your passport stamped, dated and/or signed, before you leave the airport.**

Immigration: Canadian Permits and Visas

Most international students require a valid visa and/or study permit when entering Canada. If you decide to leave Canada on vacation or to visit your home country during a break, you should ensure that your visa will be valid on your return and that it allows multiple entries.

Departure Checklist

- Ensure passport is current. Leave a copy at home and put a copy of the details page in your luggage. Ensure visa is in passport (*if applicable*).
- Book flights to Thunder Bay (*allow minimum 2 hour layover to allow for immigration processing*)
- Confirm arrival date & accommodation with **International Arrivals:**
international.arrivals@confederationcollege.ca

What to bring in your carry-on:

- Your passport with visa.
- Printed copy of your Letter of Acceptance. You will need to show this to Canadian Immigration officials upon arrival at the Toronto airport or Vancouver airport.
- Electronics (*with chargers and adapters*).
- Emergency contact info (*both for your home country and Thunder Bay*).
- Immunization record for health and community service students.
- Criminal Reference check, if required.
- Originals of all past credentials, transcripts etc.
- A change of clothes (*in case your baggage is lost or your journey is delayed*).

confederation college

Canadian Customs

Once you have passed through immigration and collect your bags, you must pass through customs.

Make a list of all the goods you are bringing into Canada, including vehicles (for US students). If any of the items have a serial number (electronics), be sure to record those numbers. Mark all items on your list with approximate monetary values.

DO NOT BRING ANY FOOD INTO CANADA

It is illegal to bring fresh fruits, vegetables, meat, eggs, dairy products, plants or animals into Canada.

You also need to tell the immigration officer if you are having any goods shipped to you in Canada. Review current Canadian customs regulations at [Canada Border Services Agency](http://www.cbsa-asfc.gc.ca/menu-eng.html).

< www.cbsa-asfc.gc.ca/menu-eng.html >.

Navigating through Lester B. Pearson Airport in Toronto

When you arrive in Toronto (or any other arrival point), you have to go through Canadian Immigration, get your luggage, go through Canada Customs, and then get on your connecting flight to Thunder Bay. Please note you may have to collect your luggage and re-check in once you enter Canada.

Travelling to Thunder Bay

Thunder Bay has an international airport, which includes more than 25 direct flights from Toronto every day, connecting with both Pearson International Airport and the Toronto Island airport.

Thunder Bay is a SHORT TWO HOUR FLIGHT from Pearson Airport in Toronto, Ontario.

Students should fly from Toronto to get to Thunder Bay; it is too far to drive (1,500km) and taking a bus is often more expensive and a very long journey.

Students should book their connecting flight before leaving their home country. This will ensure the most economical air fare and will also demonstrate a clear travel itinerary, when clearing immigration. Students should watch the airline websites for seat sales.

The two airlines which fly to Thunder Bay from Toronto are:

- Air Canada
- WestJet

IN CANADA

Canadian Culture & Customs

Addressing Someone New

Wait until invited before using someone's first name (given name), however Canadians tend to move to a first-name basis rapidly. When writing your name in Canada, follow the First Name (given name), Last Name (family name) format. Generally it is polite to address an older person who you have not met before as "Mrs." Or "Mr." (last name).

Alcohol

The legal drinking age in Ontario is 19 years old. When purchasing alcohol or entering a bar, government-issued photo identification showing proof of age is required, even if you don't plan to drink. This is called "being carded" or "getting carded".

For many Canadians, drinking is a social activity and a way to relax after a long week or to bond with friends. Remember to drink responsibly. Drinking and driving is illegal in Canada and is a serious offense. If you drink and drive, you can lose your license or go to jail. Do not get into a car with a driver who has been drinking; call a taxi service or a sober friend to drive you home instead.

It is illegal to drink on the streets and be intoxicated in public (including walking in the streets while drunk). It is also illegal to have an open bottle of alcohol inside a vehicle when driving or with you when walking. If caught doing this, you will be fined.

Greetings

When first meeting someone, Canadians usually greet each other with a handshake. There is generally no kissing of the cheek. Be sure to make eye contact. When entering someone's home, it is customary to remove your shoes and leave them by the door.

Hygiene

Canadians usually shower once a day, often in the morning, and find body odour offensive. Most Canadians also use underarm deodorant daily to minimize body odour.

Personal Space

When in public or talking with someone, it is best to stand about an arm's length away. If you are in a loud area, it is fine to get closer in order to talk or hear the other person. Canadians have a reputation for being overly polite, so if you bump into someone it is best to apologize. If someone holds a door open or moves aside for you, a smile and/or a "thank you" is expected.

Seatbelts

Seat belts must be worn at all times while travelling in moving vehicles, including taxis. Fines for not wearing a seatbelt can be high: \$200 to \$1,000.

Tipping

A tip of 15-20% of the pre-tax bill is expected at restaurants. It is also common to tip when taking a taxi or getting a haircut: 10% is an appropriate amount. When getting a drink at a bar, leaving \$0.25 to \$1.00 for the bartender is usually sufficient.

Tobacco

It is illegal to sell or give cigarettes to individuals under 19 years of age. When purchasing cigarettes, as with alcohol, it is normal to be asked for identification proving your age. It is also prohibited under the law to smoke indoors in public places, restaurants and bars.

confederation college

Toilets

At public places, toilets are called washrooms, bathrooms, facilities or restrooms. At home, it is called a bathroom. Do not stand on the toilets. Toilet paper is usually provided in all public toilets, and can be flushed down the toilet, not put in the wastebasket. Wash your hands with soap after using the facilities.

Sexual Health

Canadians may be more or less sexually active than people from your home country. Do not feel pressured to do anything you are not comfortable with. You do not have to have sex to fit in or to make friends. If you want to talk to someone about pressures you may feel, call and make an appointment to talk with a counselor at 475-6110 or visit the Health Clinic. If you do decide to engage in sexual activity, be safe and responsible; always use a condom. Condoms can be purchased in pharmacies/drugstores or convenience stores.

Other Factors to Consider:

Cyber Security Risks

Mobile Banking and Finance

When banking online, always look for the "lock" icon and an **https://** connection to be sure you have a safe connection. Banks and financial institutions always have your best interest in mind and do their utmost to provide you with a safe Internet banking experience. Find out more about how to **protect your money online**. Visit '[Get Cyber Safe](http://www.getcybersafe.gc.ca)' for more information: www.getcybersafe.gc.ca

Social Networking

When using social networking sites be sure to protect yourself. Choose a **strong password** and change it often. Take the time to set your **privacy setting** to control who can see what and always think carefully about **any information you choose to share online**. Find out other ways to **protect yourself online**. Visit the '[Get Cyber Safe](http://www.getcybersafe.gc.ca)' website for more information: www.getcybersafe.gc.ca.

Email

Your **identity could be compromised** through email in a number of ways. When setting your email account password be sure to create a strong password that protects you. Make sure it's eight characters or more, a combination of upper and lower case letters, at least one number and a special character (ex. \$, %, * etc.). A weak email account password could leave your personal information vulnerable, so it's essential to **create passwords that protect you**.

Also be aware of **email phishing scams**. These can trick you into opening attachments or giving up personal information. They usually appear to be emails from organizations or companies you trust, but they are often the gateway to identity theft. Visit the '[Get Cyber Safe](http://www.getcybersafe.gc.ca)' website for more information:

Immigration Fraud

Online/Phone Scams

Online and phone scams are becoming more widespread in Canada. It is important to know if the person on the other side is legitimate or trying to extract information from you in order to con you. This can range from threats of deportation, as well as extortion (demanding money or gift cards to prevent deportation or release of information). DO NOT give out personal information (including passport or credit card information, or your Social Insurance Number, etc.) over the phone.

confederation college

One of the more popular scams is regarding immigration - Immigration, Refugees and Citizenship Canada (IRCC) will NEVER contact you over the telephone to collect fees or fines to avoid deportation or other consequences. They will also NEVER ask you to confirm basic personal information you have already provided on a previous form. It is a scam if you are told you will be arrested, go to jail, lose your visa or status, be deported, or have your account suspended if you don't pay money, agree to purchase gift cards or give your personal information. Hang up and ignore all further calls!

If you think the caller is a scammer, ask for the name and number of the agent, and call the Call Centre directly - 1-888-242-2100. For more information, visit:

www.cic.gc.ca/english/information/protection/fraud/report.asp

Extortion/blackmail is illegal in Canada – if someone is threatening to release private information if you do not pay, go to the police and report it.

Culture Shock

Culture shock refers to the overwhelming feeling many people get when they move to a new country and experience a new lifestyle. It is generally experienced 3-6 weeks after arrival in Canada. You may feel confused, depressed, or just a little sad. These feelings can last for some time as you get used to your new life in Canada, but do not get discouraged. Almost every international student experiences culture shock in some form and it will pass with time as you become more familiar with the culture of Canada. The best thing to do is to stay active and make sure you talk to someone. Call your family and friends back home or talk to a counselor on campus, someone in the IEC, or with your new friends here. Remember that there is a large international community on campus who can relate to what you are going through. Be patient and with time, you will become more comfortable and able to enjoy your international experience.

Canadian Laws

As a student in Canada, you are expected to abide by all Canadian laws.

IF YOU BREAK THE LAW, YOU MAY BE FINED (\$\$) OR SERVE TIME IN PRISON.

Committing a serious offence may result in **deportation from Canada** or inability to renew your temporary resident visa or study permit.

Working in Canada

As an international student you may be able to work part-time (up to 20 hours/week) during your studies, and full-time during scheduled breaks. Please visit www.cic.gc.ca to find out more.

You will need a Social Insurance Number (SIN) in order to work in Canada. Generally representatives from Service Canada are on campus for a few days at the start of each semester.

For more information on how to apply for a SIN, visit: www.servicecanada.gc.ca/eng/sc/sin/index.html.

As an international student studying and working in Canada, you may have to file a Canadian income tax return. You must determine your residency status to know how you will be taxed in Canada.

For more information, visit: www.cra-arc.gc.ca/internationalstudents.

Age of Sexual Consent

You must be aware of Canadian laws concerning the age of consent for sexual activity. Sexual activity includes a range of activities: **ranging from sexual touching (e.g. kissing) to sexual intercourse**. The **age of consent** for sexual activity in Canada is **16 years**; however, the age of consent is **18 years** where the sexual activity "exploits" a young person.

**IN CANADA, IT IS AGAINST THE LAW
to engage in sexual activity with someone "under age" (under 16YRS) or with a minor.**

Sexual activity without the consent of the other person is also a crime, regardless of the age of that person. Penalties under the Criminal Code of Canada for these types of offences are substantial. They also may impact your immigration status and could result in deportation from Canada.

For more information about the age of consent to sexual activity in Canada, see:

www.justice.gc.ca/eng/rp-pr/other-autre/clp/faq.html

Consent

Under the Criminal Code of Canada (Section 273.1) consent is the voluntary agreement to engage in the sexual activity in question. There must be an understandable exchange of agreeing words that indicates a willingness to participate in mutually agreed upon sexual activity.

- Consent must be informed, freely given and active.
- It is the responsibility of the initiator to obtain clear and affirmative responses at all stages of sexual engagement.

IN THUNDER BAY

The City of Thunder Bay, Ontario

Welcome to Thunder Bay, Ontario Canada!

Thunder Bay has a reputation as one of Canada's [best outdoor cities](#) with spectacular scenery, clean air, the world's largest fresh water lake and endless natural beauty. At the same time, residents in Thunder Bay have convenient access to a wide variety of great restaurants, shops and entertainment options (See Appendix 2, 3).

Across all four seasons, the region offers plenty of opportunities to experience Canada's great outdoors from geocaching to geology, canoeing to sailing, fishing in all seasons, hiking, jogging, running, skiing, snowboarding, cycling and much more. Adventure abounds under blue skies in a city with more hours of sunshine than most others in Canada!

Thunder Bay Fast Facts

- The name "Thunder Bay" was first created by settlers who, when entering the bay during a storm, noticed that the thunder was amplified by the surrounding mountains.
- Thunder Bay has a population of 108,000, making it the largest city in Northwestern Ontario.
- Located on the northern shore of Lake Superior and on the Canadian Shield. Lake Superior is the largest freshwater lake by surface area and third largest by volume in the world; it is also one of the five Great Lakes of North America.
- It is a prime location for summer or winter outdoor activities, especially camping, hiking and skiing.
- Thunder Bay is more than 1,500 km from Toronto: an 18-hour drive or a two-hour flight.

A Brief History

Northwestern Ontario has a long history of Aboriginal and Metis settlement. The Fort William First Nation (Ojibwa) are the first peoples of this territory. In the early 18th century, Europeans established one of North America's largest trading posts, called Fort William. The area grew quickly when Canada officially became a country in 1867. In 1970, the towns of Fort William and Port Arthur combined to create the city now known as Thunder Bay.

Weather

Spring

Spring is the time of year when the snow melts. Since it is wet and damp, water-proofing is important. The weather can be a bit unpredictable, so layering is also recommended.

Summer

Summer days are long, with the sun typically setting around 10:30pm, and warm with temperatures between 20-30°C. However, evenings can get cool enough to require a light jacket. [Video of Thunder Bay in summer.](#)

Fall/Autumn

Fall is a beautiful time of year as the leaves change from green to orange, red and yellow. As the weather starts to cool, you will become acclimatized. It may seem cold during the first signs of fall, but your body will adapt and you will become more comfortable. [Video of Thunder Bay in fall.](#)

Winter

It is imperative that you have the right clothing to keep you warm. It is not unusual for temperatures to be -40°C with the wind chill factor. Wind chill makes it feel colder than it actually is, just like humidity makes it feel much hotter than it actually is. [Video of Thunder Bay in winter.](#)

**All videos mentioned above can be found on YouTube by searching for the "[Visit Thunder Bay](#)" channel*

Dressing for the cold

You will need the following items of clothing during the winter months in Thunder Bay. Wait until you come to Thunder Bay to buy these as they may be cheaper and more appropriate for the climate:

- Coat:** should be waterproof, windproof, thick enough to keep you warm, and heavy enough to block the wind. A proper winter jacket can also be purchased once in Thunder Bay.
- Boots:** should be waterproof, well-insulated, and high enough to cover your ankles in deep snow.
- Hats:** made of a material that will keep the heat in and cover your ears. They may also be called toques ("two'x").
- Gloves or mittens**
- Scarf or neck warmer:** These keep your neck warm and to cover your face.
- Thermal underwear,** also called "long underwear" or "long johns", are specially designed to keep the heat in. You can wear these underneath your regular clothes.

The key to keeping warm and comfortable is to layer your clothing; for example, wear an undershirt, a long sleeved t-shirt, a sweatshirt, a vest, and a jacket or coat. You can take individual layers off easily if temperatures get warmer through the day.

Dress appropriately in the winter months to avoid dangerous health conditions such as frostbite and hypothermia. Listen to weather reports in winter and ensure that you are dressed properly for the temperature.

Frostbite occurs when the cold penetrates the skin so deeply that it begins to kill cells. Blood vessels constrict to keep the body temperature up, restricting blood flow to certain body parts. This can be very painful.

Hypothermia is a serious, potentially life-threatening condition that occurs when the body's core temperature drops to a dangerous level. Being outside for extended periods without proper protective clothing puts you at risk.

confederation college

Getting Around

Biking & Walking

Thunder Bay has nearly 40 km of paved trails for biking and walking. Most streets have sidewalks for pedestrians. At crosswalks with lights, pay attention to the signal lights indicating when it is safe to cross. Some roads have designated bike lanes for cyclists. These lanes are identified by white markings on the road. Cyclists must travel with traffic, not against it. Cyclists must adhere to the same rules as the vehicles on the road and should signal their intention to turn or stop. Always wear a helmet while biking.

Public Transit

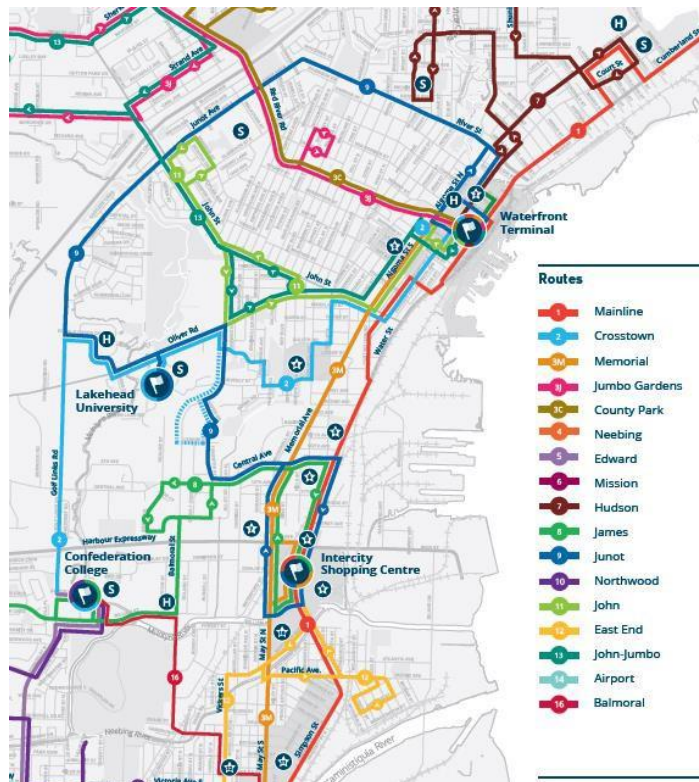

Full-time students at Confederation College receive a U-Pass bus pass that provides unlimited access to city buses for the full year (September to August). *ESL/EAP students can purchase a U-Pass for a small fee.*

The bus system in Thunder Bay is easy to navigate. There are two main bus terminals:

- one in the south end of the city, at City Hall, and
- one in the north side of the city near the marina.

Two major bus lines run across town: #1 Mainline and #2 Crosstown.

There are several minor bus lines serving specific neighborhoods. There is a notice board with bus arrival times outside the front doors of the Shuniah Building (which is also a stop for all buses). Most bus lines run from 6AM to 12AM throughout the week, with less frequent service at night and on weekends.

[Download](#) the full map and have a look!!

Visit www.nextlift.ca or call 684-3744 for information on routes or for exact stop times.

Note: Buses only stop at designated bus stops; however late at night they may stop in other places for your safety.

Taxi Cabs

Taxi services in Thunder Bay are expensive. Fares cannot be negotiated. Call ahead for pick-up as hailing a taxi on the street is often difficult.

The two main taxi companies are Roach's Taxi (344-8481) and Diamond Taxi (622-6001).

Uber is not available in Thunder Bay; [URide](#) is an alternative. It can be reached at (807) 355-2296 or 355-2582.

Visiting the United States

Thunder Bay is located just 60km from the border with the United States. Residents often cross the border to shop in Duluth, Minnesota (MN), or sightsee in Grand Marais, MN. A travel visa may be required to enter the USA. Visit www.uscis.gov for information regarding American visa regulations.

Amenities

Banks

If you need to open a bank account, phone the bank first to make an appointment.

You will need to bring photo identification (passport), your study permit and proof of your enrolment at Confederation College (LoA or student card) with you.

Most banks will charge a fee if you withdraw money using a different bank's ATM (Automatic Teller Machine). There are two ATMs available on campus; one belongs to RBC (located in the Shuniah Building, 2nd floor, top of the spiral staircase), and one is located outside of the cafeteria (fees apply).

Banking options:

Scotia Bank (807) 623-5626	Royal Bank of Canada (807) 473-1700	TD Bank (807) 626-1565	Bank of Montreal (BMO) (807) 628-1400
-------------------------------	--	---------------------------	--

Laundry (Laundromats)

Coin-operated laundry facilities are available in Sibley Hall residence and throughout the city, such as Barb's Laundromat. Spruce and Cedar offers shared laundry facilities en-suite. Most apartments have laundry facilities, though sometimes for a fee; ask in advance.

Cell Phones

Several companies offer cellular service in Thunder Bay, including TBayTel, Bell Mobility, Rogers, Koodo, Telus and Virgin Mobile. Student plans are available. Certain cell phones come free of charge with the purchase of a cell phone plan. Pay-as-you go options are available if you already have a cell phone.

Phoning Locally & Internationally

The area code for Thunder Bay is **807**. You do not need to include the area code for local calls.

Calling cards are available at most convenience stores and at the campus bookstore. Make sure the card you select does not charge a connection charge every time you make a call. If you frequently make short calls, the connection charges can add up quickly, leaving you with very little time to talk.

- If calling from a campus phone to another campus number, only dial the last four numbers.
- If calling an on-campus phone number from an off-campus phone in Thunder Bay, dial the seven digit local number.
- To call internationally outside of North America from Canada dial: 011 + Country Code + Phone Number (this can cost a lot). CHECK BEFORE YOU DIAL.
- If you aren't sure what to dial, check out: www.timeanddate.com/worldclock/dialing.html or www.howtocallabroad.com

Off-Campus Health Care

Major vs. Minor Health Problems

Walk-in Clinic: a health clinic that will accept patients on a walk-in basis and with no appointment required.

Identifying your problem will determine who you see for help. You should only go to the Emergency Room (“Emerg”) for a major problem that cannot wait, like severe illness, an injury or an accident. For a minor problem, like a sore throat or stomach pain you should go to a walk-in clinic.

If you are unsure of where to go, contact [Telehealth \(below\)](#) for advice.

Safety

IF YOU HAVE AN EMERGENCY, CALL 911

(this is the number for police, fire and emergency medical care).

*It is considered an emergency **if someone's health, safety or property is in jeopardy or a crime is in progress.***

The following examples of when you would call for **911** assistance:

- When you are experiencing pain or tightness in the chest.
- When a person is choking or having difficulty breathing.
- When you think you may have fractured or broken a bone, or have a wound that may need stitches.
- When you have sudden, severe headaches, vision problems, sudden weakness, numbness and /or tingling in the face, arm or leg, trouble speaking, shortness of breath, or dizziness.
- When you see an uncontrolled fire.
- When you see a crime in progress or suspicious activities.
- When you see a car accident with life threatening injuries.

What to expect when you call 911

When you call 911, remember to stay calm and give clear information. You will be asked whether you need police, fire, or ambulance. For medical emergencies you will be transferred to the Emergency Medical Dispatcher, who will ask you the following information:

WHAT'S HAPPENING?

They will need a description of what is happening.

WHO ARE YOU?

If they lose the call, it is VERY important that they can reach you, so give your name, address, and telephone number.

WHERE ARE YOU?

The location of the emergency. Give the complete address, including any building name or number, apartment or unit number and nearest cross street. If you are in an apartment, they will need the apartment number AND access code if applicable. Don't hang up. Accommodations

There are three types of accommodations to choose from: (1) living on campus in residence, (2) staying with a Canadian family in a homestay, or (3) renting a private apartment, house, or room in a house.

On-Campus Residences

There are two residence options on-campus.

Spruce and Cedar Residence

The Spruce and Cedar Residence offers fully furnished units, laundry facilities and a fully equipped common kitchen. There are 32 units each with four bedrooms. This residence option also provides students an en-suite kitchen, bathroom, and laundry facilities. The Spruce and Cedar Residences requires students to sign a 12 month lease.

To learn more and apply visit confederationresidence.ca

Sibley Hall Residence

Sibley Hall Residence is home to 229 students every year, with single and shared accommodations available. The safe, community-oriented residence has recently been renovated, and offers five room style options. Prices vary based on the type of room. Each room includes a single bed, wardrobe, small fridge and microwave and some have private en-suite baths. All students staying at Sibley Hall must also purchase a meal plan: this is not optional.

To learn more and apply visit confederationresidence.ca

**When staying at either residence, students must purchase their own linens (towels, pillows, bedding) and other necessities.*

Private Rentals

Thunder Bay has a variety of off-campus housing options including single homes, duplexes and apartments. Students wishing to live off-campus must research availability on their own and should arrive well before the start of term to do so. While the International Education Centre is unable to arrange off-campus housing for interested students, we have prepared an Off-Campus Housing Checklist ([PDF](#)) that is helpful. Students can also connect with other international students looking for off-campus accommodation by posting a note on our [Facebook page](#). Existing students who may have a room available for rent also post on our Facebook page, so we recommend you check it regularly.

[Facebook.com/ConfederationCollegeInternational](https://www.facebook.com/ConfederationCollegeInternational)

Finding a place to live in Thunder Bay can take time, sometimes up to three weeks or more. Generally, you are not allowed to move in until the first day of the month. Begin by searching rental listings online using the suggested sources below. If you are interested in a rental unit, contact the landlord to set up a viewing. Do not commit to a rental without seeing the space first. Bring a friend who will not be living with you when you go to look at a rental. Also, the IEC staff can provide guidance if you have questions. Students can also consult the following for off-campus housing listings:

Rental Costs

Rent depends on the apartment size, location, and amenities. Consider roommates to keep costs down.

Estimated Costs

Bachelor Apartment	\$600-\$800	1 Bedroom Apartment	\$650-\$1,000
Bedroom Rental (in a house)	\$400-\$600	2 Bedroom Apartment	\$800-\$1,200

Location, Location, Location!

Thunder Bay is made up of many little neighborhoods. No place is perfect, so always try to be aware of your surroundings wherever you are.

Convenient neighborhoods:

- Academy/Ravenwood/Lakehead University
- Northwood/College Park/Green Acres
- Bay/Algoma
- Intercity Mall

Neighbourhoods far from the college:

- Current River
- County Park / Jumbo Gardens
- Neebing (close to Aviation Centre of Excellence)
- Westfort (close to Aviation Centre of Excellence)

Places to avoid:

- Simpson St.
- East End

Rental Checklist

<input type="checkbox"/> Location	How far from the college is the rental? Make sure it is close to bus routes that you will take to the college. Use a Thunder Bay Transit Map to mark where apartments are located.
<input type="checkbox"/> Utilities	Utilities include electricity (hydro), water and gas. Are the costs of utilities included in the monthly rent? If not, ask the landlord how much you can expect to pay per month for them.
<input type="checkbox"/> Phone, Internet & Cable TV	These are typically excluded from the rent amount. You will have to call TbayTel or Shaw to set up these services. See www.shaw.ca or www.tbaytel.net for pricing and plans.
<input type="checkbox"/> Furnishing	Consider the cost involved in furnishing an unfurnished apartment vs. renting an already furnished apartment. If it is unfurnished, you can often find cheap or free furniture on www.thunderbay.kijiji.ca or at a second-hand store like Value Village or Salvation Army. Note, most apartments are unfurnished, so be sure to budget enough money to cover the purchase of basic necessities.
<input type="checkbox"/> Lease	This is a legally-binding agreement between you and the landlord. If you are required to sign a lease, read it very carefully and make sure you are not agreeing to anything unreasonable. If something doesn't sound "right" or "normal", ask the IEC staff for their advice or opinion. Make sure to keep a copy of the lease for your records.
<input type="checkbox"/> Infrastructure	Is the house or apartment in good shape? When viewing a rental, check for signs of mold, water damage or poor quality repairs.
<input type="checkbox"/> "First & Last"	Once you find a place, you will have to pay the first month's rent, and the last month's rent at the same time. This means you have prepaid for your last month of rent and will not have to pay it again when you decide to move out. Ask for a receipt for all rental payments.
<input type="checkbox"/> Moving out	By law, you must give at least 60 days written notice to your landlord. Check your lease, as the landlord may require more notice.
<input type="checkbox"/> Know your rights	Under Ontario law, both tenants (the renter) and landlords (the property owner) have rights and responsibilities.

ON CAMPUS

Confederation College

Confederation College is located in Thunder Bay, a mid-sized Canadian city located in northwestern Ontario.

As a public college, established in 1967, Confederation College has a proven track record of delivering exceptional education and training to an average of 7,300 full and part-time students every year, including over 900 international students from more than 30 countries.

Learning at Confederation College is an exciting and rewarding experience influenced by our three distinct academic schools, our smaller class sizes, state of the art facilities and cutting-edge classroom equipment and labs. We are committed to delivering quality education to our students, regardless of where they come from and delivering the type of education that graduates and employers want.

Confederation College is a designated learning institution (DLI), eligible to register international students, as per the requirements of [Immigration, Refugees and Citizenship Canada](http://www.cic.gc.ca) < www.cic.gc.ca >

We are very proud to deliver more than 58 programs in three academic schools:

- School of Aviation, Engineering Technology & Trades
- School of Business, Hospitality & Media Arts
- School of Health & Community Services

With exceptional programs and equipment, in-class learning that meets or exceeds industry standards and practical work placements in Thunder Bay and throughout the country, Confederation College will help you get the knowledge, skills and on-the-job experience that employers demand.

Our location in Thunder Bay, Ontario brings a different experience than you would encounter in many larger cities. The cost of living is lower, you have an excellent opportunity for complete English immersion, the air quality is excellent, and it is very easy to get around.

Orientation for International Students

Each semester, the International Education Centre provides a day of orientation sessions, seminars, and activities to help new students feel at home and become familiar with their new environment. This is a supplement to the College's general orientation and introductory sessions, seminars, and specific program orientation activities.

Orientation day for international students includes seminars on life in Canada, adjusting to culture, food, climate, where to shop, banking in Canada, climate orientation, safety and security, counseling and student success services.

The Health Centre offers a broad range of medical services and health promotion strategies to support the health of our diverse population. Regular clinics are available by appointment during the school year excluding holidays.

Fee for Service (\$)

Some health services, including physical examinations, sexually transmitted disease screening, health counseling (nutrition, anxiety, and stress management) and massage therapy, are available on campus for a fee.

Dental Services (\$)

Some dental care services, including cleaning and x-rays, are available for a very reasonable cost and are provided by Confederation College students in the Dental Assisting and Dental Hygiene programs.

If you have questions or concerns, do not hesitate to go to a clinic (on campus or a walk-in) and speak with a doctor. Be open and honest with them; they are here to help you and ensure you are healthy and safe.

Health Insurance

Every international student registered at Confederation College is provided with health insurance and this cost is included in their tuition payment. Health insurance may also be purchased (at an additional cost) to cover immediate family members of the registered student.

Health insurance coverage for international students includes:

- Accident Benefits
- Basic health coverage
- Dental care
- Extended health care
- Vision

The International Education Centre coordinates the enrollment of every student for health care coverage. Once enrolled, you will be provided with a policy number and related information. Students should review their health care policy carefully to be informed of the specifics of coverage, and the process to submit claims and be reimbursed for eligible costs.

The health insurance provider visits the college every year to provide more information and respond to student inquiries – check your email for notification of its visit.

Mental health is defined as a state of well-being in which an individual can cope with the normal stresses of life. Feeling upset, anxious, sad, angry, frustrated, or depressed are all normal experiences. The challenges you may face in adapting to a new set of cultural norms may intensify these feelings. This is normal, and you are not alone (it is when these feelings interfere with your ability to function on a day-to-day basis that they are of concern). Reaching out and seeking help is a sign of strength. We encourage you to meet with one of our trained counselors for a private and confidential appointment to help you. Academic advisement and personal counseling are available.

FIRST TERM

Education at Confederation College

By now, you have probably begun to settle into life in Thunder Bay and are becoming more familiar with Confederation College. It is now important that you prepare yourself for classes, studying and homework. You may find that the classroom culture at Confederation College is quite relaxed compared to what you are accustomed to in your home country.

Generally accepted classroom behaviours:

- Arrive on time to class. It is rude to be late.** If you must be late, enter the classroom as quietly as possible. Some teachers require students to wait for a break to enter the class if they are late.
- If you must leave the classroom early, do so as quietly as possible. Have a valid reason for leaving early and tell your instructor before the class begins. It is less disruptive to leave during a class break.
- Your instructor will tell you how to address them on the first day of class. This may be by their first name or a more formal title like Mr./Mrs./Ms. In general, **Canadian instructors are not used to being called “teacher” or “mam”/“sir”.**
- Raise a hand to ask questions or make comments when the instructor is lecturing.
- Drinking water or coffee/tea is usually acceptable in class. **Eating in class is often considered rude. You should wait for a break to eat.**
- TURN OFF YOUR CELL PHONE IN CLASS.** If you must answer an emergency call, leave the classroom quietly so you do not disturb the class. Tell your instructor before class if you are expecting a call that you will have to answer.
- Talking to classmates while the instructor is talking is considered disrespectful and disruptive.
- You are expected to ask for help when you need it. It is not considered embarrassing to you or the instructor if you ask for help.
- If your instructor is speaking too quickly, ask questions. Exchange notes with classmates. Leave space in your notes to add more later if you miss points. Ask the instructor’s permission before tape-recording lectures.

Visit the Student Success Centre website for guidance on being successful in a Canadian classroom:

www.confederationcollege.ca/student-success-centre/learning-skills-resources

Blackboard Learn

“Blackboard Learn” is an online learning system where you access your classes and grades, communicate with your teachers, and read important course and academic notices. Some teachers upload course-specific assignments, PowerPoint presentations, lecture notes, and other classwork onto Blackboard. Check Blackboard frequently by logging into “*myCampus*” on the Confederation College homepage.

E-mail habits

- Check your Confederation College email regularly
- When emailing a teacher, always include your full name, program and class
- Check for spelling, punctuation and grammar errors before sending an email

Calculating Marks

If you have a question about how a test or paper was marked, ask your teacher. Grades are not negotiable so do not ask your teacher to change your grade.

GPA (Grade Point Average) is calculated out of a maximum of 4 points. The highest GPA you can receive is a 4.0. To be on the Dean's List, your GPA must be at least 3.5. View the chart below to see how marks are converted into GPA in Canada. GPA is based on the results of all official assignments, tests and presentations, NOT just the final exam.

MARK	GRADE	GPA
80 - 100%	A	4
70 - 79%	B	3
60 - 69%	C	2
50 - 59%	D	1
Below 50%	F	0

Cheating & Plagiarism

Copying someone else's work on a test is cheating. In papers or reports, copying someone else's work without giving them credit is called "plagiarism". Both cheating and plagiarism are serious offences and are not tolerated at Confederation College. You will receive a zero and may face other academic penalties if you have cheated or plagiarized any portion of an assignment or test. Repeated offences may result in a failing grade.

To avoid plagiarism, you must cite your sources whenever you use another person's idea, opinion, or theory; any facts, statistics, graphs, drawings or other information that are not common knowledge. This includes quotations or a paraphrase of another person's actual spoken or written words.

If you are unsure about how to cite your research, contact the Library staff for assistance. The library offers workshops throughout the year on how to research and cite sources.

Class Conduct

On the first day of class your instructors/teachers will inform you of specific class rules, provide you with a course outline that summarizes the grading system, as well as a class schedule with important dates and deadlines. Refer to these often to ensure you are keeping up with your course work.

In Canada, students are expected to:

- Actively participate during the class.
- Take notes, participate in discussions, and ask questions.
- Speak freely and respectfully during group discussions. It is not rude to have a different opinion if you express it respectfully.
- Be responsible for their own learning. If you are absent from class you must find out what you missed from your classmates or instructor. Your instructor will not come to you.

NOTE: Class attendance is mandatory and vital to your academic success at Confederation College. There is no excuse, other than an emergency, to arrive late or miss a class. If you miss a test or exam you will not be given an opportunity to re-write the test/exam.

Instructors and students recognize that there are many sources of knowledge. It is acceptable for instructors to say, "I don't know the answer to your question, but will find out".

Scholarships

Confederation College does offer some awards and scholarships, with the amounts ranging from \$500-\$1,000, the timing, number and the value of the awards may change from year to year. Students are reminded to check their college email frequently so they do not miss out on these opportunities.

Social/Cultural Activities and Clubs

Activities are a great way to connect with fellow classmates, keep healthy, and meet new friends. The [Student Union of Confederation College](#) (SUCCI) organizes events throughout the school year. There are multiple campus recreation events like dodge ball, 10-pin bowling, ping pong tournaments, soccer, volleyball and more. There are also music sessions and movie screenings hosted in the Student Commons area during the semester.

Students can join campus recreation sports tours, city tours, and participate in the fun on and off-campus events. SUCCI also organizes winter events like skiing, tubing, and the winter carnival.

During the school year, many student clubs meet on a regular basis. Students can form any club they want with co-operation from SUCCI. For example, clubs included the Anime Club, Tabletop Gaming Club, Music and Arts Club, Video Game Club and the Film Club last year. www.confederationcollege.ca/student-life

On-Campus Sports

SUCCI offers a varsity athletics and sports teams that are open to international students to join. The Confederation College Thunderhawks Varsity Athletics Program competes as part of the Ontario Colleges Athletic Association. Teams include golf, cross-country running, men's & women's indoor soccer, men's & women's mixed curling, competitive cheer- leading and women's hockey. All students are welcome to try out for a team. When on a team, students must maintain a minimum 2.0 GPA.

Unique foods to try in Thunder Bay

Pancakes and maple syrup

Finnish pancakes with Canadian maple syrup - the world-famous Hoito Restaurant, opened in 1918, specializes in breakfast and inexpensive Finnish cuisine. Located at 314 Bay St.

Persians

A Persian is a cinnamon roll-like donut smothered in pink frosting. Go to 'The Persian Man' (400 Balmoral St. or 899 Tungsten St.) or most grocery store.

Thunder Oak Gouda Cheese

Located just outside the city, this is the only cheese farm in Ontario that makes gouda cheese, and in eight different flavours. The farm is only accessible by car (RR3 Boundary Drive off Highway 61), but the cheese can be purchased at local markets and stores.

Poutine

Unique to Canada, this French dish is French fries with gravy and cheese curds.
