DISCOVER ADELAIDE

The University of South Australia is located in Adelaide, Australia's education city. Adelaide is a cultural destination, filled with many different nationalities, foods, festivals and sporting events. It is home to some of the country's best beaches, wine regions and parklands, all in very close proximity to the city centre. Adelaide has been globally recognised for its education, environment, stability, health care, culture and infrastructure. It is the ideal study location and with free Wi-Fi, free tram and free bus services throughout the city centre, Adelaide is truly a student city.

Accessible

Adelaide offers all the advantages of big city life but is still small enough to get around easily. It takes just 15 minutes to get from the airport to the city and 20 minutes from the city to the beach or hills.

Inclusive

Almost one in four people in South Australia were born overseas with ancestry tracing back to more than 120 countries. Australia also has a democratic system of government and is accepting of different religious beliefs.

Affordable

Adelaide has one of the highest standards of living in the world, yet is one of the least expensive. This means more money to spend on food, accommodation, supplies, travel and entertainment.

16% less to live in Adelaide compared to Sydney*

13% less to live in Adelaide compared to Melbourne*

*2018 Economist Intelligence Unit's Global Liveability Index

South Australia is host to more than 400 SPORTING, FOOD, ARTS AND CULTURAL EVENTS EACH YEAR

STUDY EXPERIENCE

World-class degrees

The University of South Australia offers over 200 world-class degrees across a wide range of study areas. Our undergraduate degrees include Aviation, Journalism, Illustration and Animation, Pharmacy, Property and Physiotherapy. We also have distinctive postgraduate offerings including Cybersecurity, Surveying, Visual Effects, and Arts and Cultural Management.

Practical learning

Learn in a highly practical environment. Complete an internship or placement during your studies, learning from experts in real-world settings. Build your networks and graduate career-ready with the skills required of tomorrow's professionals.

Top ranking teachers

Be supported by highly qualified academics and teaching professionals. Study a curriculum based on the latest industry knowledge and trends. In fact, we are ranked as Australia's best young university for teaching quality in the 2018 Times Higher Education Young University Rankings.

unisa.edu.au/study

Modern facilities

Study in state-of-the-art facilities fitted with the latest technologies. From replica hospital settings to a simulated financial trading room, robotics laboratories, and TV and sound studios, there are modern, purpose-built learning spaces across all campuses.

Global opportunities

Take part in international field trips, work placements, internships, study tours, short-term programs, volunteer opportunities, conferences or a student exchange during your studies. Get a global perspective and a competitive advantage before you graduate.

87 EXCHANGE PARTNERS IN MORE THAN 24 COUNTRIES

Career services

Get the support you need to achieve your career goals. Our dedicated career team offers a range of services, resources and tools to help you plan your future career, prepare for the workplace, connect to industry, and find a job in your chosen field.

unisa.edu.au/careers

RESEARCH EXCELLENCE

Our research is innovative, inspired by challenges, and connected to both industry and community needs. We offer a range of research degrees including Masters by Research, Doctor of Philosophy (PhD) and a Professional Doctorate. Our research degrees are focused on producing new knowledge, providing solutions to global challenges and preparing candidates for competitive careers.

unisa.edu.au/resdegrees

Industry connections

Our learning is influenced by industry, and the latest trends and demands. We collaborate with over 2,500 companies worldwide to bring our students placement, project, research and work opportunities.

SIEMENS

COLLABORATING WITH OVER 2500 COMPANIES WORLDWIDE

MinterEllison

SAMSUNG

"Our graduates are highly sought after and they leave not only with the right skills, but also with a hunger for knowing more about how their profession can better shape the built environment. Personally, this is a very rewarding job. It's the everyday lightbulb moments and when students make large shifts in their understanding about design that really make my day."

Andrew Wallace Program Director: Bachelor of Interior Architecture

"As part of my studies I completed a number of placements including one at the new Royal Adelaide Hospital in both the emergency and plastic surgery departments. Placements helped me to develop my knowledge and apply it to clinical practice. The University also offered pre-clinical workshops and practice simulations to help us become familiar with the real working environment."

Winnie Zhao Bachelor of Nursing

VOLUNTEER YOUR TIME

We can help you connect with an organisation and become a volunteer during your time at university. It's a great way to give back to the community, gain valuable life experience and add extra value to your resume.

unisa.edu.au/volunteering

JOIN OUR ALUMNI NETWORK

When you graduate you will become part of our global alumni network. We have over 200,000 alumni around the world, supported by formal networks in Hong Kong, China, Singapore, Malaysia, Vietnam, Indonesia and the United Kingdom.

Mawson Lakes

Mawson Lakes Campus is located near more than 100 high-technology companies that make up Technology Park – an innovation hub in Adelaide's growing northern suburbs.

What you'll study

Aviation

Education (Early Childhood, Primary and Secondary)

Engineering

Information Technology

Science and Mathematics

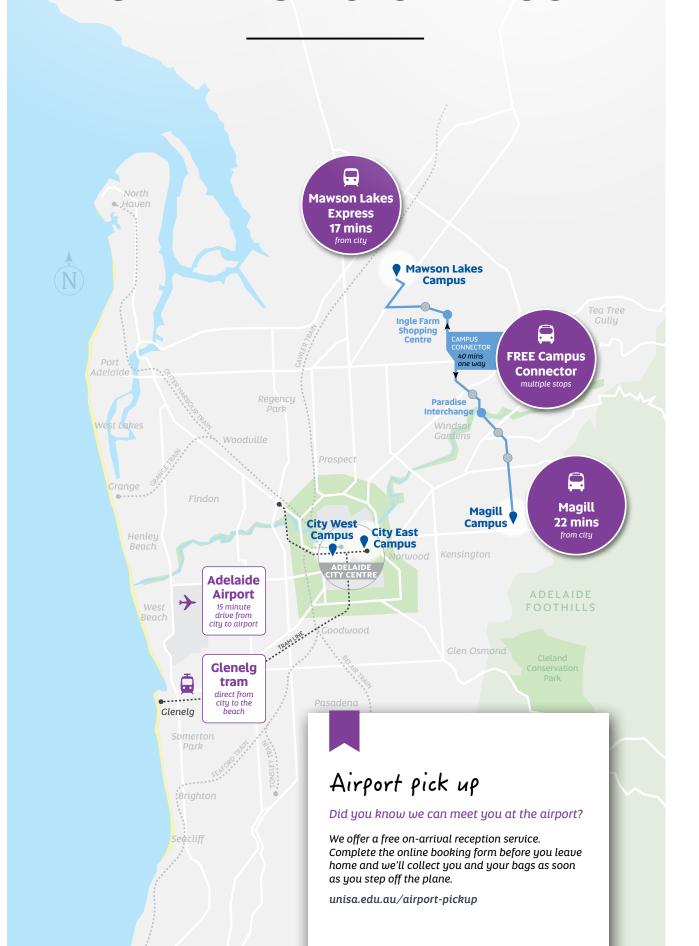

On campus

Industry-standard engineering facilities / Specialist IT facilities / Mac and CISCO networking labs / Materials and Minerals Science Learning and Research Hub / Future Industries Institute / Planetarium / Flight and airport simulators / Aviation hangar (located near campus) / Ecological precinct / Drama centre / Food vendors and outdoor dining areas / Sports centre and gym

GETTING TO CAMPUS

PUBLIC TRANSPORT

It's so easy to get around the city with free trams and buses running through the CBD. There are also bus stops near each campus and train stations close to the city and Mawson Lakes campuses. You can explore all bus, train and tram options on the Adelaide Metro website and international students are entitled to discounted tickets.

CAMPUS CONNECTOR

We run a free bus service between the Magill and Mawson Lakes campuses to make travelling easier for students who need to make the journey or live in the surrounding suburbs.

ON THE UniSA CAMPUS CONNECTOR

RIDE YOUR BIKE

Adelaide is known for its bicycle culture, so we encourage students to ride their bikes to and from campus. Each campus has shower facilities and secure storage areas.

STUDENT LIFE

ORIENTATION

Start your university adventure by attending O-Week. Meet your lecturers, connect with new people, and gain valuable insights from current students. Enjoy a free lunch and activities, explore your home campus and get ready for your first day at university.

unisa.edu.au/orientation

STUDENT CLUBS

Discover the 100+ academic, cultural and social clubs available at the University of South Australia. From dance and yoga to climate change, gaming and clubs for different nationalities – there is something for everyone! It's a great way to meet new friends, find common interests with fellow students and build a more vibrant university experience.

unisa.edu.au/clubs

EVENTS AND ENTERTAINMENT

We host a wide range of events every year. From career expos and campus fairs to volunteering expos, Unitopia (celebrating relaxation and wellbeing) and Multicultural Week – there is always something to do.

Get involved with UniSA Sport and join one of our 25+ sporting clubs including rowing, basketball, volleyball, netball, football, gridiron, rock climbing, and more. Gain access to the new A\$50 million Pridham Hall at City West Campus with a fully-equipped space for training and competitions. You can also sign up for a range of sports tournaments from social to national level, keep active in our on-campus fitness centres, and participate in community events.

unisa.edu.au/unisasport

University of South Australi Student Association

USASA is your student association. They are a non-profit student-owned organisation focused on providing key services and a voice for students at the University. USASA coordinates student advocacy, clubs, second-hand book sales, social events, the student magazine, on-campus service counters and giveaways.

STUDENT SUPPORT

We offer a full range of support services to help you succeed at university.

- » Academic and personal counselling
- » Career advice
- » Social support services
- » Mentoring
- » Disability and inclusion services
- » Health services

- » Legal advice
- » Accommodation support
- » International student services
- » Language and learning assistance
- » On-arrival welcome
- » Orientation activities

Library services

Each campus has a library that provides easy access to learning resources including books, electronic journals, databases and more. There are also library workshops designed to help improve your research skills. Quiet study spaces are available and you can connect to our free Wi-Fi.

The Ask the Library/IT service is also available via phone, email, video and chat.

Online learning and support

Our multi-million dollar fully interactive learning environment allows students to submit their assignments online, receive their marked assignments, access learning resources, participate in virtual classrooms and download lecture recordings. It's available 24 hours a day, seven days a week.

Student app

Our mobile app allows all students to view their timetable, check emails, get important notifications, track assessments and see course enrolments and details. You can also find available PCs on campus, book a study room, check your print quota and library loans, and view announcements.

SafeZone app

Students can download this free app, providing additional security and support when studying on campus. The app allows you to get help quickly in a personal emergency. You can check-in when working alone or after hours and the app will share your status with an on-site response team.

Getting started

We are here to help you transition into university. We offer the following services to all new students:

On arrival transport to your accommodation

Advice on living in Adelaide

Orientation to university

Understanding your working rights in Australia

Finding community and government services

Accessing academic policies and procedures

Scholarships

Each year more than 2,500 students benefit from our scholarships and grants, totalling millions of dollars. We have a range of categories including support for high achievers and students in need, along with scholarships specifically for international students.

unisa.edu.au/international-scholarships

AUSTRALIA AWARDS

The Australia Awards are a prestigious Australian Government initiative offering the next generation of global leaders an opportunity to complete study, research and professional development in Australia. The University is proud to have hosted hundreds of Australia Awards recipients from all across the world

australiaawards.gov.au

SPONSORED STUDENTS

A sponsored student is someone who has all or part of their education costs paid by a third party, such as a foreign government, the Australian Government, a partner university or employer. We currently host over 200 sponsored students and have the support services in place to ensure they achieve their best.

Combine the business of marketing with the social sciences of communication to help organisations meet their corporate objectives and promote their products

and services. Develop the practical skills needed to become a marketing and communications expert, by studying consumer psychology, the scientific laws of brand growth, business management, strategic marketing, advertising, communication management, professional writing, and public relations. You will also develop skills in professional practice through the integration, planning and management of key communication projects in an organisational context. Learn from marketing scientists who advise global brands like Uber, Kellogg's and Unilever. Connect with our in-house Marketing Clinic and provide advice to small businesses under the supervision of marketing professionals. Gain valuable practical experience by completing a marketing practicum during your studies. Graduate with a degree evaluated and accredited by the Australian Marketing Institute (AMI).

Explore your creativity and develop your chosen art form at one of Australia's oldest and most established art schools. Develop your theoretical, technical and conceptual skills in contemporary art, and learn from national and international artists who are leaders in their field. Channel your creative talents, research skills and innovation through intensive studio practice in custom-built workshops. Transform your art for the modern day by using the latest hybrid digital design practices and principles. Tailor your studies through a broad range of elective courses in areas such as experimental media, textiles, arts writing, film theory, photography, life drawing, ceramics, digital media, and more. Continue your studies with the Master of Teaching (Secondary) to become an art teacher.

CAREERS

Depending on your course selection, your career options can include:

Artist / ceramicist / sculptor / photographer / jewellery designer / glass designer / printmaker / textile designer / art director / exhibitions manager / arts administrator / art critic / entrepreneur / teacher (with further study)

EDUCATION

Admissions information

ENTRY REQUIREMENTS

In accordance with national teacher education program standards, applicants must also fulfil non-academic entry requirements before their application is deemed complete. Applicants for the Bachelor of Early Childhood Education (Honours) and Bachelor of Primary Education (Honours) are required to submit a 400-600 word (maximum) Teaching Capabilities Statement, which speaks to your motivation to be a teacher.

PLACEMENT REQUIREMENTS

In the lead-up to each professional experience placement you need to ensure that a number of important prerequisites and requirements are completed or satisfied, including:

- A Department of Human Services Child-Related Employment Screening;
- Mandatory Child-Safe Environments Training; and
- Meeting required standards in the national Literacy and Numeracy Test for Initial Teacher Education (LANTITE) to be completed during your studies.

Graduate with honours in just four years and build a rewarding career as an early childhood teacher. Focus on the learning and development of children from birth to eight years of age. Build foundational knowledge in education studies, curriculum planning, professional experience and leadership. Complete three courses in one primary specialism (Learning Area) of your choice to meet the national registration requirements (Reception to Year 2). Learning Areas include Arts, English and Mathematics/Science. Benefit from highly practical learning, with 105 days of field-based placements starting in your first six months of study and the opportunity to complete a placement overseas. Access the Samsung SMARTSchool — a high-tech, state-of-the-art learning space at Magill Campus.

Note: Graduates can apply for teacher registration in South Australia, interstate and some overseas countries. Applicants should note that there are other criteria determining eligibility for registration by the Teachers Registration Board of South Australia and other registration and regulatory authorities.

Prepare for a professional career in human services. Develop the skills to enhance the wellbeing of people who have experienced personal or social difficulties. Focus on key areas such as behavioural and social sciences, human service practice, human service management, and social policy. Learn how behaviour is affected by cultural, environmental, psychological and political factors. Develop the necessary communication skills to work in the field, and explore the political influences in human services and the various ethical and cultural considerations. Learn how to identify the social policies that impact people's lives and the strategic ways to implement change. Gain practical

experience through our human services studios on campus and complete supervised placements during your studies. Graduate with a degree recognised by the Australian Community Workers Association and be eligible for full membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day Child Safe Environments Course. Some placements may require students to hold a current driver's licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

Prepare for a rewarding career as a healthcare professional or researcher.

Study at a university with key industry, government and community partnerships. Benefit from a strong emphasis on practice-based learning, with significant investment in teaching and research facilities including the new A\$247 million UniSA Cancer Research Institute located in Adelaide's BioMed City. Learn in modern, purpose-built laboratories and on-campus health clinics that service the wider community. Be part of a new and enterprising workforce focused on collaboration, discovery, progress and innovation.

World top 100 in nursing

2018 QS Subject Rankings

Top 5 in Australia for employment, student satisfaction and teaching quality in pharmacy

QILT: Graduate Outcomes Survey Course Experience Questionnaire 2016-18 — Full-time Employment, Overall Satisfaction and Teaching Quality Indicators Undergraduate). Public SA-founded universities only.

Well above world-class research

in human movement and sport science, nursing, nutrition and dietetics, biochemistry and cell biology, pharmacology and pharmaceutical sciences, and clinical sciences

2015 Excellence in Research for Australia (ERA)

"I enjoyed learning new things every day, especially in the workshops held in the simulated hospital environment on campus. My placements also helped me to gain practical knowledge in clinical settings, and I will take these skills into the workforce."

Megha Brahmbhatt INDIA Bachelor of Nursing

Admissions information

NATIONAL POLICE CERTIFICATE AND **DEPARTMENT OF HUMAN SERVICES CHILD-RELATED CLEARANCE**

All students in the Division of Health Sciences who, as part of their program, undertake activities where interaction with patients/the public is required, such as in field or clinical placements/visits and in University clinics and gyms, must demonstrate that they have a current National Police Certificate (NPC) through SAPOL (or their home state police service) and a current Department of Human Services (DHS) Child-Related Clearance, which is valid for the duration of the program. The National Police Check will list disclosable court outcomes that may prevent clinical placement involvement. The University has a process for reviewing these outcomes to assess suitability for placement.

STUDENT REGISTRATION

All students enrolled in a program leading to professional registration must be registered with the relevant national board. The registration process is undertaken by the Australian Health Practitioner Regulation Agency (AHPRA) with the University providing notification to AHPRA following a student's enrolment. No fees apply.

IMMUNISATION REQUIREMENTS

In order to progress to clinical placement you must be screened and provide evidence of your immunisation status. Immunisation is a mandatory requirement across all healthcare placement providers. Non-compliance with the Health Care Workers Immunisation Policy Directive will prevent you from progressing to a placement. Additional requirements may apply.

Develop your understanding of the impact that exercise and physical activity has on people - biologically, psychologically and socially. Tailor your degree to your interests and career goals through primary streams in Health and Physical Education or Exercise and Sport Science with the ability to choose a secondary study stream in a wide

range of other study areas. Build strong foundational knowledge in core areas such as human anatomy and physiology; the sociology of health and physical activity; growth and motor development; and group and team psychology. Broaden your knowledge through studies in nutrition, exercise physiology, biomechanics, and motor learning. Graduate with the skills to complete client screenings, conduct laboratory and field testing, design and implement exercise and training programs, and interpret scientific research. Learn in state-of-the-art facilities such as the High Performance and Exercise Physiology Clinic, Environmental Chamber, and fully-equipped Health and Fitness Centre located on campus. Complete an industry placement during your studies. Package this degree with a Master of Teaching (Secondary) to become a health and physical education teacher.

CAREERS

Depending on your course selection, your career options can include:

Sport development officer / nutrition adviser / sports coach / outdoor education instructor / recreation activities coordinator / teacher (with further study)

Become a Registered Pharmacist, equipped to prepare, supply and monitor medicines across a variety of settings including community pharmacy, hospitals, aged care, military services, rural care, and more. Study a degree accredited by the Australian Pharmacy Council and benefit from a university with over 50 years' experience in delivering pharmacy education. Focus on key study areas such as biological, chemical and pharmaceutical sciences; ethical pharmacy practice; trialling and regulation of medicines; drug information and advice; preparing, studying and monitoring medicines and their use: and pharmaceutical research methods. Access state-of-the-art learning spaces, including the new pharmacy practice suite and purpose-built laboratories in the A\$247 million UniSA Cancer Research Institute. Complete field placements in community and hospital-based pharmacy settings. Following graduation, you will satisfy the academic requirements for registration as a Pharmacist with the Pharmacy Board of Australia (PBA), which is also determined by a period of supervised training. Enhance your career by exploring the option of a double degree with the Bachelor of Pharmaceutical Science – academic criteria applies.

CAREERS

Registered pharmacists can work in a variety of settings, including:

Hospitals / pharmacies / community services / aged care facilities / critical care services / regulatory bodies / compounding services / infectious disease services / defence / research / academia

Graduate with honours in just four years and prepare for a career as a medical scientist focusing on diagnostic pathology or research. Learn to play a vital role in the welfare of patients by supporting clinicians in the diagnosis, management and treatment of disease, conducting research into causes and cures of disease, and developing improved methods for

disease detection. Build fundamental knowledge in biochemistry, microbiology, immunology, molecular pathology, haematology and histopathology. Develop the skills to perform a range of diagnostic tests including cross-matching for blood transfusions; identifying the organisms that cause infections and food poisoning; screening for cancer cells; and detecting genes responsible for disease. Gain valuable practical experience in our on-campus laboratories and through field placements across areas of public and private pathology. As part of your honours, you can tailor your studies with additional courses in research development or an advanced clinical placement. Graduate with a degree accredited by the Australian Institute of Medical Scientists and be eligible for membership. You can also apply for membership with the Australasian Association of Clinical Biochemists (AACB) and Australian Society for Microbiology (ASM).

Medical scientists can work in a wide range of areas, including:

Diagnostic pathology / histopathology / forensic science / immunology / virology / transfusion science / haematology / cytology / clinical biochemistry / medical microbiology / research / product manufacturing , public health management / veterinary medicine / academia

Explore the complex world of human health and disease. Develop the knowledge and skills needed to work in biotechnology, and health and medical research. Learn about the human body and biological systems through core courses, along with key research methodologies. Tailor your studies to your career interests through a wide range of electives. Choose from areas such as molecular biology, biotechnology, microbiology, human nutrition, genetics and reproductive physiology, pharmacology, cancer biology, infection and immunity, and human disease. Access purpose-built learning spaces on campus, including fully equipped laboratories. Collaborate on research and projects at the A\$247 million UniSA Cancer Research Institute home to more than 200 cancer, pharmacy and medical science researchers. Take the option to complete a research project in your final year, focusing on an area that interests you most.

Study South Australia's only medical radiation science degree and graduate as a qualified diagnostic radiographer. Learn how to produce high quality medical images with various technologies and types of radiation to monitor and diagnose injury and illness. Be prepared to work across general radiography practice such as X-rays, fluoroscopy theatre or emergency imaging. Focus on core courses in anatomy, physiology, pathology and radiation physics during your studies. Practise in fully functioning X-ray suites located on campus, equipped with the latest tools and technologies. Apply concepts of professional practice through 1,800 clinical placement hours, which begin in your second year of study. Participate in regular pre-clinical preparation workshops in your final year to further extend your skills as you move into advanced areas of practice. After graduation you will be eligible to apply for general registration with the Medical Radiation Practice Board of Australia (MRPBA).

Note: High achieving students may be considered for the Bachelor of Medical Radiation Science (Honours) (Medical Imaging) program in third year.

CAREERS

Medical imaging professionals can work in a variety of settings, including:

Hospitals / private practice / defence / research and development

You may also gain employment in specialist areas such as:

Ultrasound / interventional imaging / magnetic resonance imaging / computed tomography

Take the first steps towards becoming a pilot and build a career that will allow you to travel the world. Study at a university that teaches theory and practice at the same time, with real flight training starting from your first year. Complete 15-20 hours of flight experience as part of your degree with the option to obtain a Commercial Pilot Licence concurrently with your university studies. Be guided by industry professionals through our partnership with Flight Training Adelaide. Develop fundamental knowledge in aerodynamics, meteorology, navigation, flight planning, and aircraft power plants and systems. Access state-of-the-art technologies on campus, including a A\$250,000 flight simulator replicating the Boeing 737NG. You will also gain real-world experience through our connection with the Civil Aviation Safety Authority (CASA) by submitting flight plans and accessing the latest aerodrome alerts.

Note: For the flight training component of this degree, you must hold a minimum of a Class II Medical with at least six months validity. You must also remain compliant with the Aviation Academy's Drug and Alcohol Management Plan (DAMP)

Become a mechanical engineer, creating innovative designs and mechanised solutions that use power, advanced mechanisms and digital tools. Study the key principles of motion, energy and force. Build a career designing components, machines, or systems that meet human and environmental needs such as engines, appliances, generators and production equipment. Develop the skills to take a product to market, focusing on the full production cycle from functional design and practicality to aesthetics, manufacturing and maintenance. Prepare for Industry 4.0 using cutting-edge software platforms and collaborative digital environments. Access our state-of-the-art facilities, including a Mechatronics Lab and a multi-purpose learning space featuring a Factory of the Future test bed. Gain practical experience and work on real engineering projects through industry placements and work integrated learning experiences. Take the lead on a major project in your final year, working with industry, a government organisation, or an academic research area. Go on an overseas study exchange and choose from over 25 countries and more than 60 universities worldwide. Graduate with a degree accredited by Engineers Australia and be eligible for graduate membership. You will also be eligible for membership with comparable international institutions.

Build a dynamic career as an IT professional. Study core courses that will give you a solid foundation in IT, network, database and programming fundamentals, and systems analysis. Tailor your studies by choosing from a wide range of minors. You can select two IT minors from areas such as 3D Animation, Business Systems, Data Analytics, Games, Mobile Applications, Multimedia, Networking, Security, Software

Development and Visual Effects. You also have the choice of selecting one minor from a different discipline, such as Accounting, Digital Media, Innovation and Entrepreneurship, International Business, Marketing or Management. Learn with the latest industry-standard technologies and tools in the IT Development Studio and IT Innovation Studio located on campus. Gain valuable practical experience through industry placements and internships, and collaborate with a real client on a final year ICT project. Graduate with a degree accredited by the Australian Computer Society. Transfer into a specialised IT degree and receive study credit for completed courses.

Unravel the mysteries of the natural and physical world. Build your career as a scientist, making predictions and informed decisions through the systematic study of the nature and behaviour of the physical universe. Study the fundamentals of science through observation, experiment and measurement. Tailor your degree by choosing two majors that align with your interests and career goals, including Applied Physics, Biology, Chemistry, Environmental Systems or Mathematics and Statistics. Gain practical experience through laboratory and field work. Access state-of-the-art facilities and engage with researchers at the multi-million-dollar Future Industries Institute on campus. Continue your studies with the Master of Teaching (Secondary) to become a science teacher.

Note: Students interested in taking a major in another area of science can discuss their options with the University after enrolment.

This degree can lead to a variety of careers in the following:

Research laboratories / medical and pharmaceutical industries / manufacturing / environmental management / food development / mining and energy / information technology / defence science / meteorology / teaching (with further study)

Prepare for a career in the growing field of data science where skilled professionals are in high demand. Discover ways to analyse and interpret vast amounts of data to provide intelligent business insights. Learn to solve complex problems through quantifying and understanding data. Study a balanced mix of courses in mathematics, information technology and data science. In first year, you will focus on building your mathematical and programming skills with courses in calculus, statistical methods, fundamentals of programming, and databases. You will then move into applied data science studies through cross-disciplinary areas such as web development, data structures, mathematical communication and mathematical modelling. In final year, you will develop skills in programming and networking, project management and analytics. Gain hands-on experience through a major ICT project working on a real-world challenge and strengthen your abilities in research, analysis and interpretation of data. Continue your studies with the Master of Teaching (Secondary) to become a maths teacher.

BUSINESS

Join one of Australia's premier business schools, recognised nationally and internationally for its quality education, career outcomes and research. The UniSA Business School is one of just nine business schools in Australia to be accredited by EQUIS — the global quality management standard — and rated five-stars for excellence in the QS World Stars Ratings. Graduate with the knowledge and skills to become an agent for change and growth, creating real impact in businesses and communities. Learn from thought leaders as they share their insights and expertise for best practice in the contemporary business world. Join over 55,000 global alumni who are enterprising managers, legal professionals, executives and scholars.

Top 1% worldwide and awarded five-stars for excellence

UniSA Business School is one of just nine in Australia and 176 globally to be accredited by EQUIS, from a total pool of 16,521 business schools worldwide, AACSB, May 2017. 2018 QS Stars Ratings.

MBA awarded five stars for ten consecutive years

Graduate Management Association of Australia (GMAA)

Above world-class research in marketing, business and management

2015 Excellence in Research for Australia (ERA)

"I like that concepts being taught in class are research-based. Even though I've already had experience working professionally in the marketing industry, I still get to learn new concepts every time."

Graduate with an internationally-recognised and highly-awarded MBA qualification. Designed for experienced managers and executives, this program has a strong practical focus on senior management decision-making and explores the latest in management research. Develop your expertise across essential areas such as strategic thinking, marketing, finance, leadership, law, international business, and ethics and sustainability; and immediately apply learnings to your workplace. Explore real case studies and business challenges, and draw upon your experiences and workplace-based issues for assessment tasks. Complete a major capstone project in your final year where you will plan and execute a research project for a company board or senior management group. Engage with a cohort of experienced peers from diverse industry backgrounds, in a highly interactive learning environment. Participate in an optional two-week global study experience to China or Europe. You can also complete the Company Directors Course as part of this degree through the Australian Institute of Company Directors. Recognised and respected globally for excellence and outcomes, our MBA has been ranked among the top 10 MBAs in Australia for 10 years^, and has also been awarded 5-Stars by the Graduate Management Association of Australia (GMAA) - one of the world's most highly-regarded ranking schemes.

^2017 Australian Financial Review, Boss Survey.

Tailor your studies through specialist elective courses focusing on marketing, including advertising theory and practice, brand management, buyer behaviour, marketing analytics, e-marketing, and marketing strategy and planning. Benefit from a curriculum informed by the Ehrenberg-Bass Institute for Marketing Science – the world's largest centre for research in marketing. Learn from experts who advise global brands like Uber, Kellogg's and Unilever. Explore real case studies and business challenges, immediately apply learnings to your workplace, and draw upon your experiences and workplace-based issues for assessment tasks. Complete a major capstone project in your final year where you will plan and execute a research project for a company board or senior management group.

CAREERS

This program can lead to a variety of opportunities in:

Senior management / executive leadership / board directorship / business management / entrepreneurship and innovation

ENTRY REQUIREMENTS

- Minimum three years full-time management experience and a recognised university undergraduate degree or equivalent professional qualifications; or
- Graduate Certificate in Business Administration (DCMA) or Graduate Diploma in Business Administration (DGMA) from the University of South Australia with an average of at least Pass Level 1 across four (or more) courses, or an equivalent qualification from the University of South Australia or another recognised university; or
- The Program Director may, under exceptional circumstances, accept candidates with substantial and proven managerial and/or entrepreneurial experience who have demonstrated the potential to meet the learning requirements of the MBA.
- Applicants are also required to submit a detailed curriculum vitae or equivalent with at least one referee who can validate work experience.

"I was first attracted to the course content, the University's location and the social work practice studio. I really liked the group discussions and the support provided by lecturers, especially for international students. I completed two work placements as part of my degree and was then offered a job. Volunteering helped me make new friends and learn more about the culture in Australia."

Apply advanced knowledge to contemporary architecture and design practice. Develop an in-depth understanding of construction systems, digital design and communication, sustainable strategies, architectural practice, and the historical and theoretical contexts that shape our built environment. Gain valuable practical experience through intensive studio classes where you will design for complex projects, and participate in industry placements and international field trips. Learn from highly experienced teachers who are also practising architects and leaders in their field. Tailor your studies by choosing elective courses in areas such as sustainable design, urban design or digital media. Engage in real projects through the Design Construct learning experience, where you help to design and build community buildings in remote locations both in Australia and overseas. This program is accredited by the Architectural Practice Board of South Australia and graduates satisfy the academic requirements to apply for registration as an architect. Graduates are also eligible for membership with the Australian Institute of Architects.

CAREERS

Architect / landscape architect / spatial designer / urban designer / studio manager / design consultant / heritage consultant / project manager

ENTRY REQUIREMENTS

- Bachelor of Architectural Studies (DBAE) from the University of South Australia, or a bachelor degree in a three-year pre-professional architecture program from a recognised Australian higher education institution, or equivalent qualification
- Applicants with a bachelor degree in a three-year pre-professional architecture program from a non-Australian higher education institution must also submit a portfolio as part of their application.
- Entry into this program is competitive, based on academic merit and subject to quota. The University may admit other applicants who provide satisfactory evidence of academic achievement, which is recognised as an equivalent qualification to a completed Bachelor of Architectural Studies (DBAE).

Graduate with a qualification to teach English to speakers of other languages. Explore the educational theory and TESOL methodologies needed to teach English as an additional language across a variety of settings, from preschool to adult through to tertiary education. Study core courses covering areas such as language learning, curriculum studies, teaching and language assessment, and TESOL approaches and strategies. Tailor your studies by choosing a specialised stream, either the Education

Project pathway or Education Thesis pathway, which will prepare you for further learning, including doctoral studies. Benefit from highly practical and engaged learning through intensive workshops on campus.

CAREERS

English language educator / curriculum developer / educational leader / government adviser / training and development consultant / tutor

Note: This qualification does not meet the requirements for teacher registration in South Australia

ENTRY REQUIREMENTS

Bachelor degree or equivalent qualification in any discipline from a recognised higher education institution. Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.

Prepare for professional practice in social work. Develop an advanced body of knowledge in current social issues, social work values, social policy, ethics and identity, human rights, child protection, mental health and cross-cultural practice. Benefit from a curriculum influenced by world-class research in psychology and social work. Learn in purpose-built social work studios located on campus, working alongside field practitioners and academic staff in simulated scenarios. Gain valuable practical experience by completing field placements during your studies, across local, rural and international settings. Graduate with a qualification accredited by the Australian Association of Social Workers. You will also be eligible for membership.

Note: Students are required to undertake Criminal History Checks through the Department of Human Services (DHS) for working with Children, in the Aged Care Sector and in Disability Services; obtain a SAPOL National Police Record Check; and complete a one-day Child Safe Environments Course. Some placements may require students to hold a current driver's licence, Mandatory Basic Life Support (BLS) training, vaccinations, or a recognised First Aid Certificate.

CAREERS

Social worker / youth worker / aged care worker / child welfare officer / community development officer / disability worker / rehabilitation officer / healthcare worker / court services officer / cultural diversity officer / social planner

ENTRY REQUIREMENTS

- Bachelor degree or master level qualification in a related discipline (including, but not limited to, human services, community services, social science, psychology, Australian Indigenous or Aboriginal studies, public or community health) from a recognised higher education institution, or equivalent qualification.
- Applicants holding a completed Australian bachelor degree or master level qualification in social work are not eligible for entry into this program.

"The syllabus is well planned and well taught with a great balance of teaching experience, clinical work and research.

There is no better combination for aspiring physiotherapists. I did two hospital placements and a football placement – the experience of supervised practice is what has made me a better practitioner."

Anuja Dalvi INDIA

Master of Advanced Clinical Physiotherapy

Admissions information

NATIONAL POLICE CERTIFICATE AND **DEPARTMENT OF HUMAN SERVICES** CHILD-RELATED CLEARANCE

All students in the Division of Health Sciences who, as part of their program, undertake activities where interaction with patients/the public is required, such as in field or clinical placements/visits and in University clinics and gyms, must demonstrate that they have a current National Police Certificate (NPC) through SAPOL (or their home state police service) and a current Department of Human Services (DHS) Child-Related Clearance, which is valid for the duration of the program. The National Police Check will list disclosable court outcomes that may prevent clinical placement involvement.

STUDENT REGISTRATION

All students enrolled in a program leading to professional registration must be registered with the relevant national board. The registration process is undertaken by the Australian Health Practitioner Regulation Agency (AHPRA) with the University providing notification to AHPRA following a student's enrolment. No fees apply.

IMMUNISATION REQUIREMENTS

In order to progress to clinical placement you must be screened and provide evidence of your immunisation status. Immunisation is a mandatory requirement across all healthcare placement providers. Non-compliance with the Health Care Workers Immunisation Policy will prevent you from progressing to a placement. Additional requirements may apply.

Designed for students who have completed a health-related bachelor's degree, this program will provide you with the requirements to practise as a registered occupational therapist in just two extra years of study. Learn how to assist people in managing constraints caused by injury or illness, as well as emotional, developmental, environmental, societal, age-related and psychological limitations. Benefit from highly practical learning with over 1,000 placement hours. Develop strong foundational knowledge in occupational science, occupational therapy practice and human neuroscience, along with critical communication and problem-solving skills. Graduate with a qualification accredited by the Occupational Therapy Council (Australia & New Zealand). The program is also approved by the World Federation of Occupational Therapists and the Occupational Therapy Board of Australia for professional registration as an Occupational Therapist in Australia.

Occupational therapists can work in a variety of settings, including:

Hospitals / private practice / community health services / rehabilitation centres / aged care facilities / community services / home care services / local council services / government departments / schools

ENTRY REQUIREMENTS

- Bachelor degree or higher from a recognised higher education institution completed in the last ten years with a minimum Grade Point Average (GPA) of 5 or international equivalent score.
- Applicants must also have successfully completed set prerequisite courses. For more information, visit unisa.edu.au/occupational-therapy

Study an advanced qualification in musculoskeletal physiotherapy. Designed for qualified physiotherapists, you will enhance your knowledge, clinical skills and application of evidence-based practice in the diagnosis, treatment and prevention of muscle and joint conditions. Learn through a balance of theoretical and practical classes. Take core courses in allied health evidence translation; facilitating change in cognitive behaviours and lifestyle; pain science, assessment and management; and advanced musculoskeletal examination and management. Further your clinical experience by treating patients in our on-campus physiotherapy clinics or complete professional placements in a variety of settings. Learn from highly trained physiotherapists and clinicians and benefit from a university with over 40 years' experience in physiotherapy education. Graduate with a qualification accredited by the Australian Physiotherapy Association.

CAREERS

This program is designed for qualified physiotherapists seeking to further their qualifications and can lead to careers in settings such as:

Clinics / hospitals / private practice / gyms and fitness centres / rehabilitation centres / aged care facilities / community health centres / schools / research

ENTRY REQUIREMENTS

- Bachelor degree or equivalent entry level qualification in physiotherapy from a recognised higher education institution; and
- Minimum 10 months full-time, or equivalent, physiotherapy practice in a relevant field following completion of the professional entry level qualification; and
- Fulfilled the requirements for eligibility for registration as a physiotherapist for limited registration under supervision with the Australian Health Practitioner Registering Authority. Students must apply for limited registration after acceptance into the program.

This program is not available to international student visa holders. This program is only available part-time and through online delivery. Theory examinations can be completed at external exam centres; however all students are required to attend clinical assessments on campus. Applicants are also responsible for organising their own training position in an ultrasound department in order to complete the required scanning experience.

Designed for medical radiation and other allied health professionals, this program will prepare you for a career as a qualified medical sonographer or allow you to upskill as an already qualified medical sonographer. Choose to study areas of interest including fetal echocardiography, obstetrics, advanced musculoskeletal sonography, management and ethics, or research. Acquire critical thinking and analytical skills for effective practice and foundational research skills. Develop advanced technical skills and a strong understanding of health science, physics, anatomy and pathology, and pursue a clinical project or research pathway in your final year. Complete 2,200 hours of supervised ultrasound scanning and clinical examinations during your studies. Graduates are eligible to apply for full professional accreditation with the Australian Sonographer Accreditation Registry (ASAR) for General Sonography, with evidence of scanning experience required.

CAREERS

Qualified medical sonographers can work in a variety of settings, including:

Hospitals / private practice / government agencies / education

ENTRY REQUIREMENTS

- This program is open to qualified medical radiation professionals with a recognised bachelor degree or a Graduate Diploma in Medical Sonography; accredited sonographers; or applicants with a recognised bachelor degree or higher with a minimum Grade Point Average (GPA) of 5.
- Additional entry requirements apply, including set prerequisite courses which must have been studied in the last ten years. For more information, visit unisa.edu.au/sonography

PROGRAM CODE: LMCL | CRICOS CODE*: 088540M

*see pages 104–106 for details

Study advanced water and environmental engineering theories to support essential waterways, resources and infrastructure. Create and design systems that can be used in developing water resources and

supporting water quality management. Learn to integrate modelling technology and GIS applications to form comprehensive water systems. Choose to focus extensively on project management and leadership through dedicated elective courses. Develop your communication skills to effectively engage other engineering professionals, along with water and environmental experts. Alternatively, you can choose electives that cover a broad range of topics including green infrastructure, environmental pollution and monitoring, natural resource management, and water quality management. Access purpose-built facilities on campus, including industry-standard testing and computer modelling equipment. Benefit from links to the Australian Flow Management Group laboratories. Complete a master design project and major research project focusing on real-world projects and challenges.

CAREERS

Water resources engineer / project engineer / environmental consultant / water infrastructure manager / technical lead – water quality and treatment / project manager / operations manager

ENTRY REQUIREMENTS

- Bachelor degree or equivalent qualification in civil engineering, or a related discipline, from a recognised higher education institution.
- A related discipline may be other four-year engineering or science degrees.
- Applicants who do not meet the standard entry requirements will be assessed on a case-by-case basis by the Program Director.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.

DEGREE STRUCTURE

Develop advanced and integrated knowledge in sustainability, natural resources and geospatial sciences. Designed for environmental scientists and managers, this qualification will help further your expertise in natural and water resources management. Explore the theory and practice of managing and sustaining our natural and built environment through core courses and advanced electives. Build your understanding of managing resources within a sustainability framework, applying systems thinking, spatial data management and analysis, and complex project management. Complete a major industry research project, focusing on a real-world issue or challenge. Engage with world-class researchers and focus on improvements and innovations in sustainable principles and environmental practices.

CAREERS

Natural resource manager / environmental manager / environmental management consultant / environmental planner / sustainability adviser / environmental policy adviser / environmental scientist / project manager / researcher

ENTRY REQUIREMENTS

- Bachelor degree, graduate certificate or graduate diploma in a relevant discipline (tupically including science, engineering, environmental studies or management) from a recognised higher education institution, or equivalent qualification.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.
- Applicants with qualifications in other disciplines are encouraged to apply and will be assessed on a case-by-case basis.

2 years full-time

A\$34.800 pa* indicative 2020

PROGRAM CODE: IMQS | CRICOS CODE*: 092658G

*see pages 104–106 for details

Prepare for a career in quantity surveying, estimating and tracking costs for construction projects from feasibility through to completion. Develop critical skills in post-construction activities including tax depreciation schedules, replacement cost estimation for insurance purposes and, if necessary, mediation and arbitration. Graduate with advanced financial and project management skills needed to work on large-scale and multi-disciplinary construction projects, along with effective communication skills to work alongside architects, engineers, contractors, suppliers, accountants, insurance underwriters, solicitors, developers and financiers. Gain valuable practical experience by applying theoretical concepts to workplace applications using real data collected from the construction industry. Complete a major industry research project, focusing on a real-world issue or challenge.

CAREERS

Quantity surveyor / cost manager / estimating manager / project manager / operations manager / construction economist / construction manager / contract manager / consultant

ENTRY REQUIREMENTS

- Bachelor degree in construction management or a relevant discipline (typically including architectural studies, interior architecture, civil engineering, built environments and building) from a recognised higher education institution, or equivalent qualification; or
- Graduate certificate or graduate diploma in construction/project management or a relevant discipline (as listed above) from a recognised higher education institution.
- Some applicants may be eligible for Advanced Standing and can complete the program in one year of full-time study.
- Applicants with qualifications in other disciplines are encouraged to apply and will be assessed on a case-by-case basis.

Graduate with a qualification endorsed by the Australian Institute of Project Management and apply key learnings across a wide range of industries, businesses and government departments. Study the fundamentals of project management and gain an advanced understanding of risk management, leadership, strategy and international best practice. Develop the skills to apply practical project management methodologies, work in interdisciplinary project teams and manage

projects from inception to delivery. Learn how to establish a project, prepare project plans to meet objectives and requirements, select appropriate management tools for monitoring and controls, and communicate effectively to various stakeholders. Complete a major integrated research project, which can focus on a real issue within your workplace. Benefit from coursework based on the industry-standard A Guide to the Project Management Body of Knowledge (PMBoK® Guide).

CAREERS

Qualified project managers can work across a wide range of industries, including:

Information technology / construction / engineering / health / defence / finance / mining and resources / biopharmaceuticals / the arts / communications and media / education / government / not-for-profit

ADMISSIONS INFORMATION

Undergraduate
Postgraduate
Research

WHAT YOU NEED

For undergraduate admissions, you will need to have completed one of the following:

- » An Australian Year 12 or equivalent international program; or
- » A recognised Foundation Studies program; or
- » A SAIBT, Eynesbury, TAFE or other recognised tertiary pathway program.

To apply, visit unisa.edu.au/international/apply

AUSTRALIAN TERTIARY ADMISSION RANK (ATAR)

If you are an international student studying the Australian Year 12 curriculum in Australia or offshore, entry to our undergraduate degrees is determined by a Selection Rank score, which is provided for every program. The Selection Rank is your Australian Tertiary Admissions Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points). Applications for entry are completed through the South Australian Tertiary Admissions Centre (SATAC).

For more information, and to apply, visit satac.edu.au

STUDY CREDIT

If you are an international student (onshore or offshore) and have completed previous studies at university, in a diploma program or an equivalent post-secondary qualification, you may be eligible to receive study credit, exemptions or advanced standing towards your degree. You may also be considered for credit if you have work experience in an area relevant to your studies.

To check your eligibility, visit creditassessor.unisa.edu.au

ENGLISH LANGUAGE REQUIREMENTS

This table sets out the minimum English language requirements for entry into our degrees (but should be used as a guide only). Many degrees require higher international English language proficiency scores, so you will need to check the specific score for your preferred program.

Applicants from countries where English is an official language, or who have recent study experience in an English setting, may be eligible to use this to meet the English language proficiency requirement. Certified documentation is required. We will consider all applications on a case-by-case basis.

For more information, visit unisa.edu.au/english-language-requirements

English language test scores

English language test results are generally valid for two years prior to your date of commencement at the University of South Australia.

IELTS (International English Language Testing System) (Academic)

6.0 overall with a 6.0 in Reading and Writing

University of Cambridge ESOL (English for Speakers of Other Languages) examination

Certificate of Proficiency in English.....169
Certificate in Advanced English.....169

TOEFL (Test of English as a Foreign Language)

iBT (Internet-based test)......60 with Reading and Writing not less than 18 PBT (Paper-based test).......550 with TWE (Test of Written English) of 4.5

PTE (Pearson Test of English) Academic

50 with Reading and Writing communicative score not less than 50

English language program scores

Successful completion of the Centre for English Language at the University of South Australia (CELUSA) Academic English Program

Level 4

TAFE SA English for Academic Purpose 20 (EAP 20)

Credit

Other qualifications

Successful completion of a secondary qualification in Australia within the last two years; *or*

Successful completion of at least one year of tertiary study in Australia within the last two years; or

Successful completion within the last two years of one year of secondary or tertiary study undertaken in English, in a country where English is widely used, as determined by the University.

The University maintains information on countries where English is commonly used and which satisfy the above criteria. This can include particular educational institutions within a non-English speaking country where English is the language of instruction.

ADMISSION REQUIREMENTS BY COUNTRY

A summary of the minimum entry requirements by country for 2020 admission.

Country	Qualifications	Minimum Entry Requirements
Australia	Year 12 or Foundation Studies program or Diploma	Year 12: Selection Rank (ATAR) of at least 65. See Note 4 Foundation Studies program: assessed on a case-by-case basis
Argentina	Bachillerato	See Note 1
Azerbaijan	Certificate of Secondary Education	See Note 1
Bangladesh	Higher Secondary Certificate	Successful completion of Higher Secondary School Certificate (HSC) with a minimum grade point average of 3.5 out of 5
Bhutan	Successful completion of a Bhutan Higher Secondary Education Certificate (BHSEC) OR Indian Higher Secondary School Certificate (10+2)	Aggregate of at least 60 per cent in best four subjects (excluding any local languages)
Botswana	UK Board GCE A Levels	See Note 2
Brazil	Título de Técnico	Assessed on a case-by-case basis
Brunei	UK board GCE A Levels	See Note 2
Cambodia	Cambodian Baccalaureate/Diploma of Upper Secondary Education	See Note 1
Canada	British Columbia Certificate of Graduation (Dogwood Diploma)	Entry: Best 4 Grade 12 subjects, and the compulsory subject 'English 12'.
	Ontario Secondary School Diploma (OSSD)	Entry: Best six Grade 12 University Preparation 4U courses or 4M University/College Preparation courses.
		Each province/territory has its own High School Certificate and is assessed individually.
Chile	Licencia de Educación / Enseñanza Media	See Note 1
China	Senior Middle Three plus National University Entrance Exam (Gaokao) Senior Middle Three	Assessed on a case-by-case basis See Note 1
Colombia	Secondary School Certificate (Bachiller/Bachillerato)	See Note 1
Denmark	Upper Secondary School Diploma (Studentereksamen)	Assessed on a case-by-case basis
Ecuador	Bachillerato	See Note 1
Egypt	General Secondary Education Certificate	See Note 1
England	GCE A Levels	See Note 2
Fiji	7th Form Certificate Fiji School Leaving Certificate OR 6th Form Certificate plus one year of undergraduate study OR the University of the South Pacific Foundation year	Assessed on a case-by-case basis
Finland	Ylioppilastutkinto/studentexamen (Matriculation Examination)	Assessed on a case-by-case basis
France	French Baccalaureate	Assessed on a case-by-case basis
Germany	Zeugnis der Allgemeinen Hochschulreife/Abitur	Minimum grade average of 3.0
Ghana	GCE A Levels OR West African Senior School Certificate (WASSC)	See Note 2 OR WASSC with an overall score of 18 or less based on the best six subjects
Hong Kong, SAR	HKDSE OR GCE A Levels	HKDSE is based on best of 5 subjects (Category A only) from any core or elective subject combination where Level 5**=6pts, 5*=5.5, 5=5, 4=4, 3=3, 2=2, 1=1. Minimum Level 2 is required for Core subjects. Specific subject requirements apply for specified programs. GCE A Levels: see Note 2.
Iceland	Stúdentspróf (academic) (Matriculation Certificate)	Assessed on a case-by-case basis
India	All India Senior School Certificate, Indian School Certificate, Higher Secondary School Certificate, Senior Secondary School Certificate, Intermediate Certificate, Pre-University Certificate	Successful completion of Senior Secondary Certificate (10+2) with an average of at least 60 per cent in best four subjects (excluding any local languages)
Indonesia	SMA 3 plus the National Exam	Satisfactory completion of the Secondary School Certificate of Graduation (SKHUN/STK) with an average score of 65 per cent, excluding all local language and non-academic subjects
International Baccalaureate (IB) Diploma	IB	Minimum grade point average (GPA) of 26 in best six subjects. Some programs require a higher GPA – go to study.unisa.edu.au to find your preferred program and specific entry requirements.
Iran	Pre-University Certificate, National High School Diploma	Successful completion of the Pre-University Certificate OR High School Diploma: see Note 1.
Ireland, Republic of	Leaving Certificate (Higher Level)	Assessed on a case-by-case basis
Ireland, Northern	GCE A Levels	See Note 2
Italy	Diploma di Maturità, Diploma di Esame di stato or Diploma Liceale	Assessed on a case-by-case basis
Japan	Upper Secondary Leaving Certificate	Minimum average of 80 per cent
Jordan	General Secondary Education Certificate	See Note 1
Kenya	Kenyan Certificate of Secondary Education (KCSE). UK Board GCE A Levels	Grade average of B. See Note 2.
Korea, Republic of	Completion of Senior High School Diploma	See Note 1
Kuwait	General Secondary Education Certificate OR Secondary School Certificate	See Note 1
Laos	Laos Baccalaureate OR Upper Secondary School Diploma	See Note 1
Lebanon	General Secondary Certificate OR Technical Baccalaureate	Assessed on a case-by case basis
Macau, SAR	GCE A Levels	See Note 2

Country	Qualifications	Minimum Entry Requirements
Malaysia	STPM, UEC, GCE A Levels Canadian Year 12	GCE A Level (see Note 2). STPM calculation A or A-=5pts; B+=4; B=3; B- or C+=2; C=1. Add the points scored for best of three courses attempted at one examination, not including the General Paper. UEC calculation A1=1pt; A2=2; B3=3; B4=4; B5=5; B6=6; C7=7; C8=8. Aggregate should not include Chinese or Bahasa Malaysia and/or General Paper.
Maldives	UCLES A levels / HSC	See Note 2
Mauritius	Cambridge Higher School Certificate	See Note 2
Mexico	Título Académico de Bachiller / Diploma de Bachiller / Bachillerato General	See Note 1
Myanmar	Myanmar Matriculation/Basic Education High School (BEHS) Examination, 2 years post secondary study	See Note 1
Nepal	National Examinations Board Certificate	Successful completion of Class XII with a minimum GPA of 2.41
Netherlands	Voobereidend Wetenschappelijk Onderwijs (VWO) (Gymnasium A/B and Atheneum A/B) Diploma	Minimum grade average of 6.0
New Zealand	National Certificate of Educational Achievement (NCEA)	Equivalent of eligibility to enter a New Zealand university with the required score equivalent to Selection Rank (ATAR). See Note 4
Nigeria	Senior School Certificate (SSC) OR West African Senior School Certificate (WASSC)	Successful completion of either the SSC or WASSC with an overall score of 18 or less based on the best six subjects
Norway	Vitnemål fra den videregående skole (Leaving Certificate from Upper Secondary School)	Minimum grade average of 2.8
Oman	General Education Diploma	See Note 1
Pakistan	GCE A Levels OR Higher Secondary School or Intermediate Certificate	See Note 2 OR minimum grade average of 75 per cent
Paraguay	Título de Bachillerato Científico	See Note 1
Peru	Certificado de Educacion secundaria Comun Completa	See Note 1
Philippines	Phillippines Year 12 with a score of 80 per cent or above as well as required SAT score	See Note 3
Saudi Arabia	General Secondary Education Certificate	See Note 1
Singapore	GCE A Levels	Successful completion of three H2 subjects with a minimum score of six points (grading scale A = 5, B = 4, C = 3, D = 2, E = 1). Some programs require a higher score.
South Africa	National Senior Certificate	Successful completion with a general average grade of 5, excluding Life Orientation
Spain	Titulo de Bachiller	Assessed on a case-by-case basis
Sri Lanka	Sri Lankan General Certificate of Education Advanced Level and GCE A Levels	Successful completion with a minimum score of 6 (grading scale A = 5, B = 4, C = 3, S = 2). Calculation is based on the best three subjects. GCE A Levels see Note 2.
Sweden	Avgångsbetyg/Slutbetyg från Gymnasieskola (Upper Secondary School Certificate)	Minimum GPA of 12.5
Taiwan	Senior High School Diploma/Senior Vocational High School Diploma	Minimum average of 80 per cent or B average
Tanzania	NECTA (National Examinations Council of Tanzania) Advanced Certificate of Secondary Education	See Note 2
Turkey	High School Diploma	See Note 1
Thailand	Mathayom VI	Successful completion of Mathayom VI with a minimum grade point average of 3.5 plus completion of the Certificate of Secondary Education
Uganda	Uganda Advanced Certificate of Education (UACE)	See Note 2
United Arab Emirates	General Secondary Education Certificate Examination (General/Religious)	See Note 1
United States of America	Successful completion of US High School Diploma plus appropriate SAT (Scholastic Aptitude Test) or ACT (American College Test).	See Note 3
Uruguay	Bachillerato	See Note 1
Venezuela	Bachiller	See Note 1
Vietnam	Vietnamese Bang Tot Nghiep Pho Thong Trung Hoc (1975 onwards)	Successful completion with a minimum grade point average of 7.0 out of 10 — special considerations may be made for graduates of Vietnamese Gifted Schools
	Zimbabwe General Certificate of Education A Levels	See Note 2

Note 1: Students require an additional year of study following their high school studies. This can include the successful completion of a recognised pre-tertiary program; Foundation Studies; or one year of study at a recognised tertiary or higher education institution.

Note 2: Students must have a minimum of six points for entry to some programs and have completed at least three 'A' Level academic subjects. Some programs require a higher score. GCE A Levels are based on the three best subjects. The scoring system is A*=6, A=5, B=4, C=3, D=2, E=1.

Note 3: From March 2016, SAT is scored on a 1600 point scale. Specific SAT program scores are listed on the program charts found on page 99. Note 4: Selection Rank is your Australian Tertiary Admission Rank (ATAR) including any Adjustment Factors (formerly known as Bonus Points).

PATHWAY OPTIONS

There are many alternative pathways to help you gain entry into UniSA. This includes on-campus programs delivered at City West and City East, as well as other off-campus options.

To learn more, visit unisa.edu.au/international-pathways

ON CAMPUS

THE SOUTH AUSTRALIAN INSTITUTE OF BUSINESS AND TECHNOLOGY (SAIBT)

Year 11 equivalent

Year 11 equivalent

Early Transition Program

Diploma

Leads to year 2 of most degree programs

UNIVERSITY OF SOUTH AUSTRALIA — Year 1

UNIVERSITY OF SOUTH AUSTRALIA — Year 2

SAIBT offer an early transition program and a range of diploma programs that provide entry into over 90 undergraduate degrees at the University of South Australia (please note some programs require a competitive Grade Point Average). The SAIBT programs are an ideal alternative if you are ineligible for direct entry into your preferred degree. Successful completion of your SAIBT program will provide direct entry into either first or second year (with credit granted) of your chosen program.

Diplomas include:

Diploma of Arts

Diploma of Business

Diploma of Engineering

Diploma of Information Technology

Diploma of Health Science

CENTRE FOR ENGLISH LANGUAGE (CELUSA)

The Centre for English Language at the University of South Australia (CELUSA) delivers high quality academic English programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited for applicants who do not meet the University's English language entry requirements and offers Academic English (AE) Language preparation programs. Students who are eligible for and successfully complete an AE program (at an appropriate level) will be able to commence their studies at the University of South Australia or a pathway program through SAIBT. CELUSA is also an IELTS and OET test centre.

HOW TO APPLY

Find your degree

Explore your study options in this guide or go online for more information.

unisa.edu.au/study

Check admission requirements

Make sure that you meet all admission requirements including English language, academic entry, program-specific requirements and information relevant to your home country.

If you have any further questions, send an online enquiry and we will respond by the next business day.

unisa.edu.au/enquire

Apply

Online – apply directly using our secure online service. You can save your application and return later to continue the process, as well as track its progress.

unisa.edu.au/international/apply

Education Agents – apply through one of our registered Education Agents. A full list is available online.

unisa.edu.au/find-an-agent

Depending on your country of citizenship, you may be required to apply through one of our registered Education Agents, unless you are already onshore in Australia. A full list is available online.

unisa.edu.au/agent-by-country

Please submit your application at least two months prior to when you want to study. Some students may require more time to ensure they receive their visa.

-SUPPORTING DOCUMENTATION-

Attach the following documents to your online application to avoid delays.

- » Certified* copies of academic transcripts and graduation certificates, including information on your institution's grading system as required;
- » English language test results (e.g. IELTS or TOEFL) where applicable;
- » Detailed syllabi/course outlines of previous studies if you are applying for credit or advanced standing;
- » Additional academic and employer references if required; and
- » A certified* copy of the personal details page and signature page of your passport.

*A certified copy is a copy of the original document that has been certified by an official such as a University of South Australia Education Agent or staff member, justice of the peace, notary public, police officer or examining authority.

Application assessment

You will receive an acknowledgment of your application and be notified of the outcome between one and two weeks from the date that your application and supporting documentation is received. If you are eligible for your chosen program, an offer letter package will be sent to you via email. If you are not eligible, we may suggest alternative programs or pathway studies. Your application will be assessed in accordance with the University's *Selection and Entry to Programs Policy*, which includes the guidelines on genuine temporary entry and guidelines on living costs and evidence of funds.

unisa.edu.au/international/apply

Accept your offer

To accept a place in your offered program, you will need to:

- » Check the offer letter package carefully to ensure all information is correct in the International Application System.
- » If all details are correct and you wish to accept your offer, log in and complete the following steps:
 - 1. View your offer online.
 - 2. Click the 'Actions' button and select 'Respond to Offer'.
 - 3. Ensure the offer details are correct and select 'Accept Offer'.
 - 4. Upload any additional documents required to meet your condition/s (if applicable).
 - 5. Select the box to confirm you have read, understood and agree to the terms and conditions of the offer.
 - 6. Enter your full name and any comments you have before clicking 'Accept Offer'.
 - 7. You will then be taken to the Western Union GlobalPay for Students portal where you will be instructed on how to make a payment via bank transfer or credit card.
 - 8. Once you have finalised your payment, your Admissions Officer will be advised so they can action your acceptance of offer.

If you have used an agent as part of your application process, your agent will be able to assist you in accepting the offer.

student-unisa.studylink.com

STUDENT VISAS-

Once you have accepted your offer, a Confirmation of Enrolment (CoE) document will be issued to you by the University, which you can then use to apply for a student visa for entry into Australia. We encourage you to apply for your student visa as soon as you receive your CoE. Pre-departure information is available in the acceptance email that is sent to you with the CoE document.

unisa.edu.au/student-visa

-STUDENT PAYMENTS-

We proudly offer the Western Union GlobalPay for Students service to help you make payments in your preferred currency without extra fees and delays.

Pay your tuition fees quickly

Make payments online, by bank transfer, credit card or in-person

Track payments and receive status updates by text and email

unisa.edu.au/westernunion

Prepare for arrival

Enrol online

As an international student, you will be able to enrol online from any location and have the same choice as local students when organising your timetable.

Travel bookings

Flights to Australia can be heavily booked during January, February and July, so check with your travel agent early for flight options. Do not confirm bookings until you receive your CoE document. Once you have confirmed your travel arrangements, you can request our airport pick-up service and on-arrival temporary accommodation if needed.

Arrive on time

It is important to arrive before Orientation Week as it provides you with vital information and will give you the best possible start to university. If you are unable to arrive by the commencement date, you may have to defer your offer. Some programs have compulsory orientation.

Orientation

We will ensure that you receive a warm welcome to Adelaide. Orientation sessions and activities introduce you to life in Adelaide and on campus. You will also have the opportunity to meet other new students.

unisa.edu.au/predeparture-checklist

2020 ACADEMIC CALENDAR

SP = Study Period

Semester 1

SP1 13 Jan 2020 –27 Mar 2020 SP2 2 Mar 2020 – 4 Jul 2020 SP3 6 Apr 2020 – 21 Jun 2020

Semester 2

SP4 29 Jun 2020 – 13 Sept 2020 SP5 27 Jul 2020 – 29 Nov 2020 SP6 21 Sept 2020 – 06 Dec 2020

SP4 (Business School only) 15 Jun 2020 – 9 Aug 2020 SP5 (Business School only)

3 Aug 2020 – 22 Nov 2020

Summer Term SP7 2 Nov 2020 – 7 Feb 2021

Please note that some programs may have a different start date. Please check your offer letter for details.

Actual teaching dates may vary some programs. It is important that students consult their timetable for exact teaching dates.

Commencement of study begins with Orientation. Please ensure your travel plans enable you to arrive in time for this.

IMPORTANT INFORMATION

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery without prior notice.

For the most up-to-date program information visit: unisa.edu.au/study

Please note the University calculates a Grade Point Average (GPA) on a scale from 1–7.

For more information, go to: unisa.edu.au/gpa

FLEXIBLE STUDY

Flexible learning options, including online study, are also offered in many programs.

For more information, visit: unisa.edu.au/newstudents

NOT ELIGIBLE FOR DIRECT ENTRY?

It may be possible to commence your preferred bachelor degree through one of our pathway providers that offer programs equivalent to the first year of many of our bachelor programs. This means you may be able to transfer to second year provided you achieve the required Grade Point Aaverage (GPA). For more information, see page 94–95 or visit: unisa.edu.au/international-pathways

FEES

Fees listed are valid for students enrolled in the 2020 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at unisa.edu.au/study, the approved university schedule will prevail.

* 3+1 PATHWAY TO MASTERS

For select business degrees (marked with a * in this chart), you can complete a bachelor and masters qualification in just four years of study with our 3+1 Pathway to Masters package.

For more information, visit: unisa.edu.au/3plus1

Summer Term

SP7 2 Nov 2020 – 7 Feb 2021

Please note that some programs may have a different start date. Please check your offer letter for details.

Actual teaching dates may vary some programs. It is important that students consult their timetable for exact teaching dates.

Commencement of study begins with Orientation. Please ensure your travel plans enable you to arrive in time for this.

IMPORTANT INFORMATION

The University of South Australia reserves the right to alter, amend or delete any program, fee, course, admission requirement, or mode of delivery without prior notice.

For the most up-to-date program information

Please note the University calculates a Grade Point Average (GPA) on a scale from 1–7.

For more information, go to: unisa.edu.au/gpa

FLEXIBLE STUDY

Flexible learning options, including online study, are also offered in many programs.

For more information, visit:

unisa.edu.au/newstudents

NOT ELIGIBLE FOR DIRECT ENTRY?

It may be possible to commence your preferred bachelor degree through one of our pathway providers that offer programs equivalent to the first year of many of our bachelor programs. This means you may be able to transfer to second year provided you achieve the required Grade Point Aaverage (GPA). For more information, see page 94-95 or visit: unisa.edu.au/international-pathways

Fees listed are valid for students enrolled in the 2020 academic year only. Commencing students enrolled should be aware that annual tuition fees will increase for each year of study. You will be liable for these fees upon acceptance of an offer from the University.

In the event of a variation between the fees listed here and the approved schedule of tuition fees found at unisa.edu.au/study, the approved university schedule will prevail.

* 3+1 PATHWAY TO MASTERS

For select business degrees (marked with a * in this chart), you can complete a bachelor and masters qualification in just four years of study with our 3+1 Pathway to Masters package.

For more information, visit: unisa.edu.au/3plus1

ENGLISH LANGUAGE REQUIREMENTS

This table sets out the minimum English language requirements for entry into our degrees (but should be used as a guide only). Many degrees require higher international English language proficiency scores, so you will need to check the specific score for your preferred program.

Applicants from countries where English is an official language, or who have recent study experience in an English setting, may be eligible to use this to meet the English language proficiency requirement. Certified documentation is required. We will consider all applications on a case-by-case basis.

For more information, visit unisa.edu.au/english-language-requirements

Centre for English Language

ENGLISH LANGUAGE HELP

The Centre for English Language at the University of South Australia (CELUSA) delivers high quality academic English programs designed to prepare students from non-English speaking backgrounds for university study. CELUSA is suited to applicants who do not meet the University's English language entry requirements and offers Academic English (AE) Language preparation programs. Students who are eligible for and successfully complete an AE program (at an appropriate level) will be able to commence their studies at the University of South Australia and will generally not be required to take the IELTS or other English Language tests. Please note that some programs will require IELTS for registration. CELUSA is also an IELTS test centre.

58 with Reading and Writing communicative score not less than 50

English language programs scores

Successful completion of the Centre for English Language at the University of South Australia (CELUSA) Academic English Program

Level 5

TAFE SA English for Academic Purposes

Advanced

Other qualifications

Successful completion within the last two years of an Australian matriculation qualification (or equivalent) undertaken in English in a country in which English is widely used, as determined by the University; or

Successful completion within the last two years of a tertiary qualification at diploma level or above and undertaken in English in Australia; or

Successful completion of at least two years of tertiary study at diploma level or above and undertaken in English within the last four years in a country in which English is widely used, as determined by the University.

Significant and relevant work experience obtained in an English speaking setting may also be accepted at the University's discretion.

HOW TO APPLY

Find your degree

Explore your study options in this guide or go online for more information unisa.edu.au/study

Check admission requirements

Make sure that you meet all admission requirements including English language, academic entry, program-specific requirements and information relevant to your home country.

If you have any further questions, send an online enquiry and we will respond by the next business day.

unisa.edu.au/enquire

Apply

Online – apply directly using our secure online service. You can save your application and return later to continue the process, as well as track its progress.

unisa.edu.au/international/apply

Education Agents – apply through one of our registered Education Agents. A full list is available online.

unisa.edu.au/find-an-agent

Depending on your country of citizenship, you may be required to apply through one of our registered Education Agents, unless you are already onshore in Australia. A full list is available online

unisa.edu.au/agent-by-country

Please submit your application at least two months prior to when you want to study. Some students may require more time to ensure they receive their visa.

-SUPPORTING DOCUMENTATION-

Attach the following documents to your online application to avoid delays.

- » Certified* copies of academic transcripts and graduation certificates, including information on your institution's grading system as required;
- » English language test results (e.g. IELTS or TOEFL) where applicable;
- » Detailed syllabi/course outlines of previous studies if you are applying for credit or advanced standing;
- » Additional academic and employer references if required; and
- » A certified* copy of the personal details page and signature page of your passport.

*A certified copy is a copy of the original document that has been certified by an official such as a University of South Australia Education Agent or staff member, justice of the peace, notary public, police officer or examining authority.

Application assessment

You will receive an acknowledgment of your application and be notified of the outcome between one and two weeks from the date that your application and supporting documentation is received. If you are eligible for your chosen program, an offer letter package will be sent to you via email. If you are not eligible, we may suggest alternative programs or pathway studies. Your application will be assessed in accordance with the University's *Selection and Entry to Programs Policy*, which includes the guidelines on genuine temporary entry and guidelines on living costs and evidence of funds.

unisa.edu.au/international/apply

Accept your offer

To accept a place in your offered program, you will need to:

- » Check the offer letter package carefully to ensure all information is correct in the International Application System.
- » If all details are correct and you wish to accept your offer, log in and complete the following steps:
 - 1. View your offer online.
 - 2. Click the 'Actions' button and select 'Respond to Offer'.
 - 3. Ensure the offer details are correct and select 'Accept Offer'.
 - 4. Upload any additional documents required to meet your condition/s (if applicable).
 - 5. Select the box to confirm you have read, understood and agree to the terms and conditions of the offer.
 - 6. Enter your full name and any comments you have before clicking 'Accept Offer'.
 - 7. You will then be taken to the Western Union GlobalPay for Students portal where you will be instructed on how to make a payment via bank transfer or credit card.
 - 8. Once you have finalised your payment, your Admissions Officer will be advised so they can action your acceptance of offer.

If you have used an agent as part of your application process, your agent will be able to assist you in accepting the offer.

student-unisa.studylink.com

STUDENT VISAS-

Once you have accepted your offer, a Confirmation of Enrolment (CoE) document will be issued to you by the University, which you can then use to apply for a student visa for entry into Australia. We encourage you to apply for your student visa as soon as you receive your CoE. Pre-departure information is available in the acceptance email that is sent to you with the CoE document.

unisa.edu.au/student-visa

-STUDENT PAYMENTS-

We proudly offer the Western Union GlobalPay for Students service to help you make payments in your preferred currency without extra fees and delays.

Pay your tuition fees quickly

Make payments online, by bank transfer, credit card or in-person

Track payments and receive status updates by text and email

unisa.edu.au/westernunion

Prepare for arrival

Enrol online

As an international student, you will be able to enrol online from any location and have the same choice as local students when organising your timetable.

Travel bookings

Flights to Australia can be heavily booked during January, February and July, so check with your travel agent early for flight options. Do not confirm bookings until you receive your CoE document. Once you have confirmed your travel arrangements, you can request our airport pick-up service and on-arrival temporary accommodation if needed.

Arrive on time

It is important to arrive before Orientation Week as it provides you with vital information and will give you the best possible start to university. If you are unable to arrive by the commencement date, you may have to defer your offer. Some programs have compulsory orientation.

Orientation

We will ensure that you receive a warm welcome to Adelaide. Orientation sessions and activities introduce you to life in Adelaide and on campus. You will also have the opportunity to meet other new students.

For more information about research possibilities, contact research.itee@unisa.edu.au

Check your eligibility

Your eligibility will depend upon the type of research degree you wish to study, as well as your prior qualifications and professional experience. Students from non-English speaking countries will also need to demonstrate their capacity to undertake study in English before being accepted into a program. The eligibility criteria listed below are the minimum requirements. Eligibility is also subject to the assessment of the proposed research, availability of a supervisor, and any research-specific requirements.

MINIMUM ELIGIBILITY REQUIREMENTS

Masters

An honours degree, bachelor degree with honours, or a relevant bachelor degree (or equivalent) of at least three years with a minimum credit average, or an appropriate master degree. Qualifications will be assessed on a case-by-case basis for equivalence.

OF

No tertiary qualifications, but you can demonstrate research capabilities through evidence of professional work experience in the field of proposed study and by relevant publications.

Doctor of Philosophy (PhD)

Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.

OR

Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant quality publications. The outcome of this assessment will determine the program options available to you.

Professional Doctorate

Honours 1, Honours 1 equivalence, Honours 2A equivalence or an appropriate master degree (or equivalent). Qualifications will be assessed on a case-by-case basis for equivalence.

OF

Individual assessment of qualifications and research capabilities as proven through evidence of professional work experience in the field of proposed study and by relevant quality publications. The outcome of this assessment will determine the program options available to you. Professional Doctorate candidates must also demonstrate at least five years practice in a relevant field, and typically within the last ten years.

Check your eligibility continued

MINIMUM ENGLISH LANGUAGE REQUIREMENTS

English language test scores

Results from IELTS, University of Cambridge ESOL examination and TOEFL are generally valid for two years and must be valid at the time of commencement. For scholarships, test results must be valid at the scholarship closing date.

International English Language Testing Systems (IELTS) Academic

7.0 for English language-rich programs with a minimum of 6.0 in each sub-score*

6.5 for non-English language-rich programs with a minimum of 6.0 in each sub-score*

*To check which programs are English language-rich, go to unisa.edu.au/resdegree-english-requirements

OR

Corresponding results from an equivalent test such as Test of English as a Foreign Language (TOEFL); the University of Cambridge English for Speakers of Other Languages (ESOL); Examinations for the Certificate of Proficiency in English (CPE) or the Certificate in Advanced English (CAE); the Pearson Test; or the appropriate academic English Language level delivered by the Centre for English Language at the University of South Australia (CELUSA).

Applicants from countries where English is an official language or who have had recent and relevant experience in an English setting may meet our minimum English entry requirements. Evidence must be provided.

unisa.edu.au/resdegree-english-requirements

Search for a supervisor

The University of South Australia has internationally-recognised research supervisors with expert knowledge across an impressive range of research areas. To begin your search, go to our dedicated website.

unisa.edu.au/find-a-supervisor

Find a scholarship

There are a variety of scholarships and funding opportunities available to help you financially throughout your studies. Scholarships are assessed on competitive merit and are awarded to the best candidates. Scholarships typically provide support for three years for PhD and Professional Doctorate candidates, and two years for students studying a master's qualification.

Scholarships have specific opening and closing dates, so make sure you read the criteria. If you are applying for a scholarship, you should indicate this when you apply for entry into your research degree through our online application system.

unisa.edu.au/resdegrees

Apply

You should prepare the following before commencing your online application:

- » Two referee reports (visit unisa.edu.au/resdegree-referee-reports);
- Transcripts and parchments of completed undergraduate, honours and postgraduate programs;
- » Certification of English language proficiency;
- » Passport details or evidence of citizenship;
- » Outline of your proposed research;
- » Current Curriculum Vitae; and
- » Evidence of publications.

You will also need to know your program code. See pages 110–112 for details.

To apply, go to unisa.edu.au/applyonline

For more information, visit unisa.edu.au/resdegrees
