A Campus Surrounded by Parks and Green Spaces

Centrally located on Theresienhöhe, between the site of Oktoberfest and Bavaria Park, EU Munich places you at the strategic center of the city.

The EU Munich campus is centrally located across the street from the historic and lively Theresienwiese fairground, home to the world's largest beer festival, Oktoberfest. The area underwent a huge change in 1998. Many of the buildings built before 1920 were extensively modernized, and several recreational spaces were designed in accordance with the city's urban plan for a greener and more compact environment.

Impressively, of Theresienhöhe's 47 hectares, 25 are public acreage and 11 are green spaces. As one of the greenest cities in Europe, the city's population of almost 1.4 million enjoy a high quality of life, making it no wonder that Munich regularly tops opinion polls of the best places to live in Germany.

The campus building houses state-of-the-art learning facilities with floor-to-ceiling windows that take advantage of natural light. Wi-Fi access is available across campus and every classroom has a SMARTBoard and high-tech sound system. Video-conferencing facilities are available, and support is provided across campus by networked computers and laser printers with associated multimedia technology.

A comfortable walk from the city's historic center, the EU Munich campus is in close proximity to the world's business leaders.

Internship at the British Consulate in Munich

"It was much easier getting a foot in the door with the existing connection between businesses and EU Business School.

Without the constant updates from EU, I would have not known about those interesting openings."

Maximilian Eisermann

Networking

Networking is a significant component of a successful career. Along with your education and experience, a solid connection can help you take the next step in your professional journey.

At EU Business School, we hold on-campus conferences and events designed to give our students an abundance of networking opportunities. At these events, they interact with alumni and other professionals to build strong business relationships and create meaningful and lasting connections.

We also establish partnerships with organizations and corporations through which we organize activities that create further opportunities for our students.

Throughout the year, EU hosts several networking events around the world to bring students, alumni and local businesspeople together and foster new relationships. From Change the World Model United Nations at the UN headquarters in New York to entrepreneurial competitions like the Morpheus Cup, EU encourages students to participate in a number of events around the world.

A Connection to Real Businesses and Businesspeople is Part of the EU Experience

You will interact with industry experts and leading international businesses right on our doorstep.

Guest speakers often visit the EU Munich campus to share their expertise, from Grammy winners to successful entrepreneurs. These company visits give you behind-the-scenes access and a privileged look at the organizations. Both opportunities allow you to interact firsthand with industry leaders. Guest speakers have even been known to help students find employment through their extensive network of contacts, providing additional opportunities for keen students.

Visas

Before arriving in Germany, it is essential to know your visa requirements to enter, travel and study here. There may be many requirements to fulfill depending on your country of origin and it may take up to three months after submission to receive an answer, with no possibility to expedite the process. There's no shortage of students applying for visas, so it is vital to book your appointment well in advance.

You will not need a visa if you are:

- A citizen of the EU/EEA/EFTA countries
- A partner or child of an EU/EEA/EFTA national, but only if you are traveling together
- You will not need a visa for short-term stays (up to 90 days) if you are a holder of a diplomatic or special passport from Chad, Ghana, Philippines, Thailand or Turkey
- You will not need a visa for short-term stays (up to 90 days) if you are a holder of a diplomatic passport from Albania, Algeria, Bosnia and Herzegovina, Georgia, India, Jamaica, Kenya, Macedonia, Malawi, Moldova, Montenegro, Morocco, Namibia, Pakistan, Peru, Russian Federation, Serbia, South Africa, Tunisia, Ukraine or United Arab Emirates
- You will not need a visa for short-term stays (up to 90 days) and may be eligible to apply for a residence permit directly in Germany (those marked with *), if you are a citizen of one of the following countries:
Albania, Chile, Malaysia, San Marino, Antigua & Barbuda, Costa Rica, Mauritius, Serbia, Argentina, El Salvador, Macedonia, Seychelles, Australia*, Guatemala, Mexico, Singapore, Bahamas, Honduras, Monaco, St. Kitts & Nevis, Barbados, Hong Kong (SAR passports), Montenegro, Taiwan (only passports with an ID number), Bosnia & Herzegovina (only biometric passports), Israel*, Nicaragua, U.S.A.*, Brazil, Japan*, New Zealand*, Uruguay, Brunei, South Korea*, Panama, Vatican City, Canada*, Macao (RAE only), Paraguay and Venezuela

All other nationalities will need to apply for a visa.

Note that the requirements for obtaining visas might change. Contact your local German embassy to ensure you have the most up-to-date list of requirements.

Required documents:

- Two completed visa application forms in German with all the required photos and signatures
- Health insurance covering at least the first 90 days of your stay. Once you move to Germany, you will need to register with a German insurance provider
- Passport and photocopies
- Motivation letter and CV
- Evidence of previous academic performance/degree certificates
- EU Business School acceptance letter
- English level certificate (IELTS/TOEFL/CAE)
- Students must prove they have at least €8,640 per year at their disposal. There are three options:
 1. Deposit a security payment into a blocked account;
 2. A resident in Germany provides the Munich Foreigners Office with a guarantee letter to cover your expenses;
 3. Scholarship confirmation of at least €720 per month from a certified institution.

It is strongly recommended to complete all documents accurately and provide translations for all documents that are in any language other than German.

The requirements for obtaining visas may change, therefore, we recommend that you contact your local German Embassy or Consulate General to have the most up-to-date list of requirements.

Please note:

Each visa application is reviewed individually, therefore the requested documents may vary. Each embassy reserves the right to ask for additional documents at any time. The submission of the above documents does not guarantee the issue of a visa. Submission of an incomplete set of documents will lead to a refusal of your visa application. Once a visa has been issued, the purpose of the trip may not be altered. There is no such thing as an urgent or express visa.

Student dorms

Living in student dorms provides for a culturally diverse experience; it allows you to meet new people and gives you a structured living environment. A studio in a student dorm is one of the most sought after accommodation options for international students in Munich. This type of accommodation is welcoming and ensures you always have someone to talk to.

EU Munich has secured a limited number of student dorm placements with our residential partners. The dorms are located in different districts, each easily within reach of the EU campus via a direct line of public transport. Aside from this, there are also many privately run student dorms in Munich that offer exceptional service.

If you are planning to arrive at the beginning of the fall semester (October), we recommend that you send your accommodation application to a wide range of residences at least three months prior to your expected arrival date, as thousands of German and international students arrive in Munich during fall to commence their studies.

Apply for a place in our partner residences immediately after enrollment by contacting our accommodation officer. Placements are limited.

Private apartments

Having your own apartment is something that will appeal to you if you enjoy the quiet, like to be alone and don't want to compromise on personal space. You can choose to get an apartment anywhere in the city without limiting yourself to student dorm availability or location. This type of accommodation is ideal for independent people.

For more information about how to find your own flat, please contact our accommodation officer at: accommodation@eumunich.com

Apartment sharing

Sharing an apartment is a popular concept in Germany and a lot cheaper than living on your own. Shared housing is a flexible option and with international roommates, you will be able to learn other languages but you must be willing to compromise.

If you are interested in this option, we highly recommend you arrive in Munich before you begin your studies in order to meet potential housemates and landlords personally. For more information about how to find a shared apartment, please contact our accommodation officer.

Planning your budget

When you're studying, it's very important to have a budget. You will need to have an idea of what you are able to spend on rent, travel and leisure. You should plan for a monthly living expenditure of about €1,200. For accommodation expenses, you should budget around €600-800 per month to live in student dorms, €1,000 or more to live alone and €700-800 for shared accommodation. The remainder will be for basic necessities and leisure.

For more information on student dorms, private apartments and apartment sharing, please email our accommodation officer at:
