Small class sizes

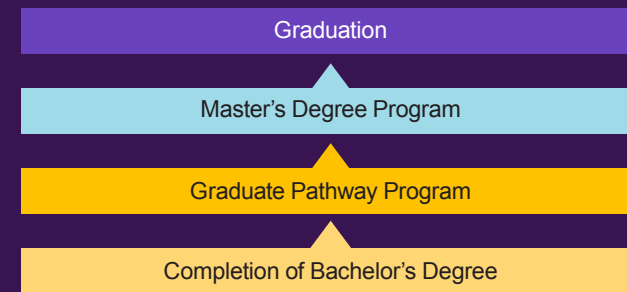

Main campus is located in Thousand Oaks, California, 62 km northwest of Los Angeles

MBA Pathway Program

The MBA Pathway Program gives you the opportunity to improve your English while also earning graduate credits toward your MBA at California Lutheran University. This multi-campus, interactive program is designed for international students and will help you adjust to life in the U.S., improve your study skills and give you the support you need to succeed in your graduate education.

Upon successful completion of the MBA Pathway Program, you are guaranteed to progress to the MBA program at California Lutheran University where you can graduate with a general MBA or with a professional track in:

- Entrepreneurship
- Finance
- International Business
- IT Management
- Human Capital Management
- Marketing

Program Curriculum

During the three 11-week terms of study, the MBA Pathway students will complete foundational and graduate courses that include:

- Global Economics
- Quantitative Research and Methods
- Business Strategy
- Organizational Effectiveness
- Managerial Accounting

A Smart Investment in the Future

Business professionals must be prepared to meet the demands of a rapidly evolving global business environment. The ability to tailor your MBA to your professional and personal goals puts you in control of your career path.

The Cal Lutheran MBA features an outstanding faculty of practicing experts and recognized leaders in their fields, and a rigorous curriculum that can be customized to the career goals of each student. Many faculty and students have ties with leading regional, national and international corporations.

"The MBA Degree that I received from Cal Lutheran was essential for obtaining my job after graduation, especially given the very competitive current job market. The networking opportunities offered me several advantages, most notably bringing new business opportunities to my current employer. These opportunities allowed me to demonstrate my value to upper management, which will greatly benefit my career."
