A photograph of three men in a laboratory or classroom setting. They are all wearing glasses and light blue shirts, looking intently at a laptop screen. The man in the foreground is balding with glasses, leaning over the laptop. The man in the background is also balding with glasses, looking at the screen. The man on the right has dark hair and glasses, also looking at the screen. The background is slightly blurred, showing what appears to be a lab or office environment.

UNDERGRADUATE
ENGINEERING

SMALL CLASSES HUGE OPPORTUNITY

What our professors know will amaze you - like your first name. Our class sizes are small, so you'll get personalized attention. You'll even have opportunities to work alongside faculty in research that can be groundbreaking. And not just in the sciences. We do revolutionary research in subjects like English and art history, too.

Along with the advantage of close connections, you'll have lots of choice, like more than 100 majors in the arts and sciences, business or engineering. And you'll have extensive internship and volunteering opportunities. Add to that a core curriculum in the liberal arts designed to give you a broad foundation for whatever career you choose. The result is a big head start on your future.

105,000 ALUMNI

When you enroll at St. Thomas you become a “Tommy” – and you stay a Tommy for life. Tommys lead organizations in finance, engineering, law, health, education, publishing and more. With 105,000 St. Thomas alumni around the globe, you are part of a powerful network that helps jump-start your career.

OUR MISSION

Inspired by Catholic intellectual tradition, the University of St. Thomas educates students to be morally responsible leaders who think critically, act wisely and work skillfully to advance the common good.

TWIN CITIES TWICE AS NICE

Welcome to the culturally edgy, sports-crazed Twin Cities of Minneapolis and St. Paul. We're the best place for young professionals, with a top U.S. job market, according to Forbes Magazine. Living in one of the healthiest, fittest areas in the country, you can do an internship at a Fortune 500 company, and end your day paddleboarding on a lake.
