## General Information

Shenyang Aerospace University, SAU, is located in Shenyang, the aviation city of China. Shenyang is a modern city of prominent heavy industries boasting of 7200 years of history.

### Our Vision

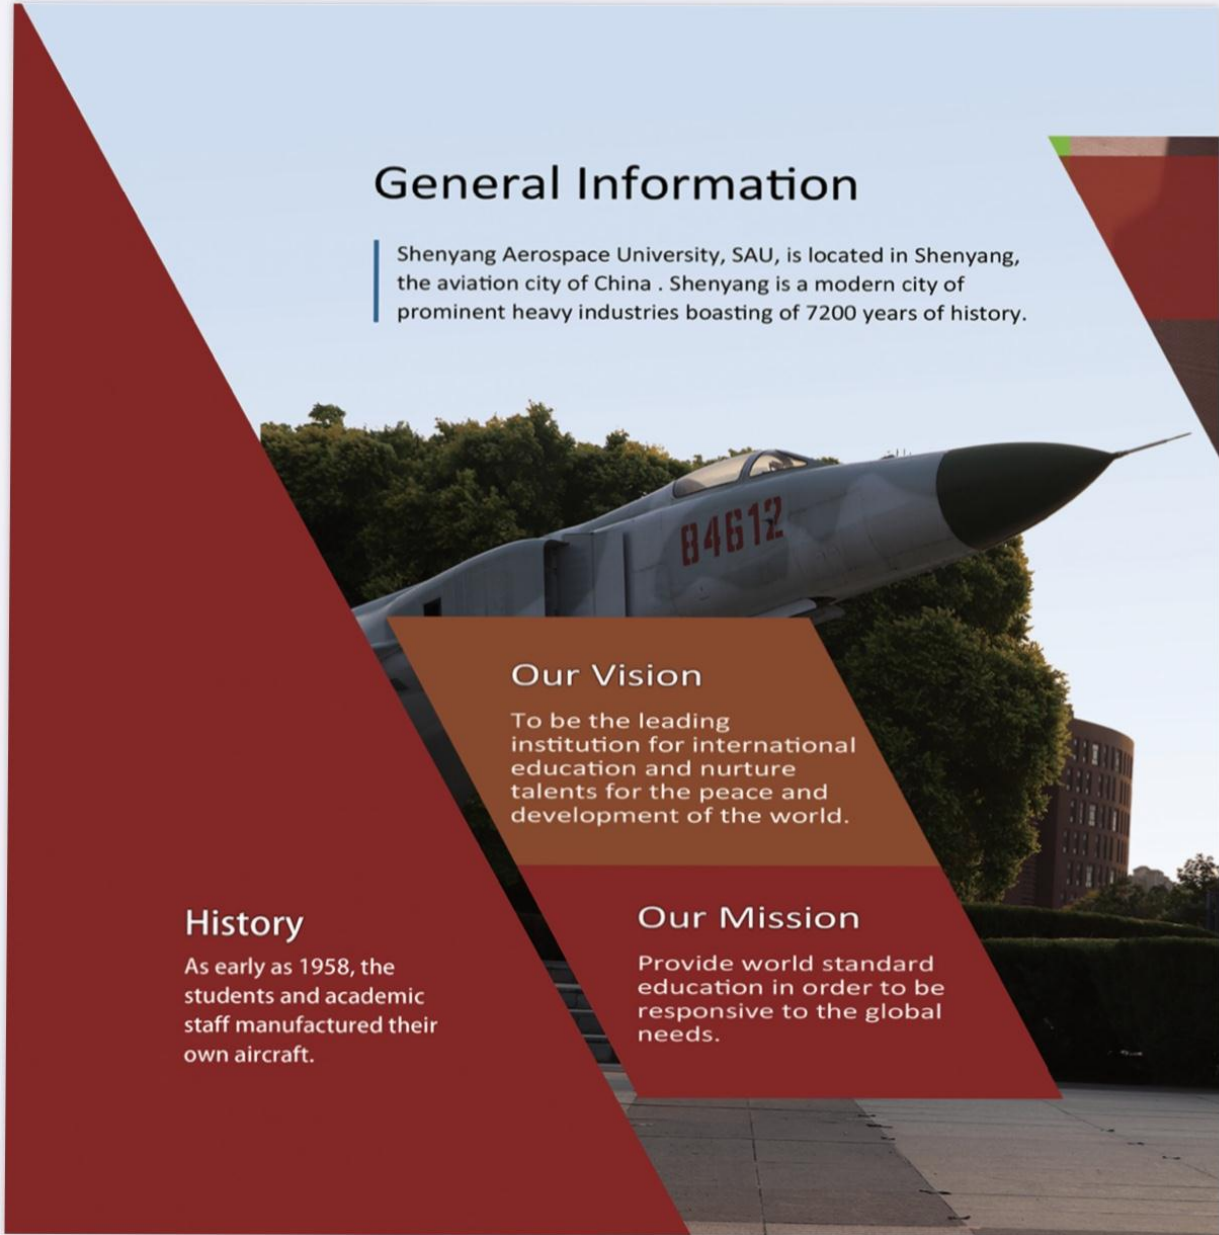

To be the leading institution for international education and nurture talents for the peace and development of the world.

### History

As early as 1958, the students and academic staff manufactured their own aircraft.

### Our Mission

Provide world standard education in order to be responsive to the global needs.

SAU was instituted in 1952 and during the past 60 years has developed into an academic power house. The campus occupies a magnificent landscape of 1,200,000 square meters, housing teaching buildings, research laboratories, a library, a theatre building, sports arenas, gymnasium and student activity centers.

## Our Value

Commitment, Optimism, Creativity, Dedication.

## Graduate Programs (3 years)

- 1 Aeronautical Engineering
- 2 Mechanical Engineering
- 3 Computer Applications Technology
- 4 Control Science and Engineering
- 5 Business Management

## Chinese Language

- 1 Long-term Chinese Language
- 2 Short-term Chinese Language

## University Foundation Program (1 year)

- 1 University Foundation Program

**44** disciplines for Undergraduate **50** disciplines for Postgraduate **1600** staff with **900+** Academic  
With more than **20,000** students, with **1500 +** overseas students from **70+** countries  
**30** aircraft for practice, **95%** employment rate among the previous **90,000+** graduates

# Our Programs

## Undergraduate Programs (4 years)

- 1 Aeronautical Engineering
- 2 Mechanical Engineering
- 3 Telecommunication Engineering
- 4 Computer Science and Technology
- 5 International Business
- 6 Automation
- 7 Electronic Information Engineering

### Majors taught in English

SAU prides itself on its practical teaching system which includes basic, professional and general practice. There are numerous first rate labs for the students, some are national level.

### World class laboratories
