STUDY PATHWAYS

through CIT to Canberra's five renowned Australian universities

CANBERRA INSTITUTE OF TECHNOLOGY CANBERRA'S TAFE

AWARD-WINNING INSTITUTE

CIT has won the Australian Capital Territory's (ACT) 'Large Registered Training Organisation of the Year' Award for 10 years running.

90 YEARS OF EXPERIENCE

The institute has delivered vocational education and training since 1928, shaping Canberra's workforce. CIT is the only TAFE in Australia's capital city.

WORLD-CLASS FACILITIES ACROSS 5 CAMPUSES

Including commercial kitchens, commercial training restaurant and café, childcare training facility, hair and beauty salon, fitness centre and hospital training wards.

AWARD-WINNING TEACHERS

CIT's teachers are highly skilled with current industry knowledge, experience and connections, many of whom have won awards within the industry.

JOB-READY GRADUATES

CIT's graduates are renowned by industry as being job-ready. CIT's hands-on training methods, industry placements or exposure to industry practices, means graduates have the skills and confidence to enter the workforce straight away.

STUDENT DIVERSITY

With over 20,000 students each year, including 1000+ international students from 100+ countries, CIT has a vibrant, welcoming and inclusive campus culture, which enables you to develop friendships with students from Australia and around the world.

CHOOSE YOUR EDUCATION JOURNEY

PATHWAYS TO FURTHER STUDY

Canberra is Australia's education capital, home to our nation's top university, the Australian National University and other highly ranked universities and educational institutions.

CIT has credit transfer arrangements with numerous universities, enabling students to receive one to two years credit towards certain degrees.

Because CIT offers nationally recognised qualifications accredited by the Australian Skills Quality Authority (ASQA), students can apply for Recognition of Prior Learning (RPL) to most universities within Australia and receive credit towards a degree, even where formal credit transfer arrangements are not in place.

ABORIGINAL AND TORRES STRAIT ISLANDER

Gain a better appreciation and understanding of Aboriginal and Torres Strait Islander peoples.

STUDY AREAS

Community Services

Cultural Arts

General Education for Adults

CIT YURAUNA

CIT's dedicated Aboriginal and Torres Strait Islander Educational Centre of Excellence, providing tailored Aboriginal and Torres Strait Islander courses, study support and cultural advice.

HIGHLY SKILLED TEACHERS

CIT Yurauna teachers and staff can help you grow in your knowledge, abilities and confidence, and support you along the path to your career.

CIT's range of courses can enhance employment opportunities for Aboriginal and Torres Strait Islanders aiming to improve literacy, numeracy, communication and other vocational skills.

Tell your Indigenous story through a range of specialised Aboriginal and Torres Strait Islander courses. These courses will develop your literacy and numeracy skills, prepare you for work in the community sector or allow you to show your story through cultural art.

Grow with CIT Yurauna, CIT's education and support centre for Aboriginal and Torres Strait Islander peoples. Study in a welcoming and culturally supportive environment.

CIT is the place to learn about the rich and varied cultural wonders of the Aboriginal and Torres Strait Islander peoples for both Indigenous and non-Indigenous students.

COMMUNITY SERVICES

CIT's community services courses are designed for Aboriginal and/or Torres Strait Islander people either wishing to enter, or already working in, the area of community services or development. Our courses are delivered by qualified and experienced Aboriginal and Torres Strait Islander teachers within a community setting. We use Aboriginal learning techniques such as yarning circles to come up with ideas, learn from each other and build on existing life skills and experience.

Indigenous Health Worker

The number of people working as Indigenous Health Workers (in their main job) grew very strongly over the past 5 years and is expected to stay about the same over the next 5 years.

There are likely to be around **1,000 job openings over 5 years** (that's about 200 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Indigenous community worker
- ▶ Indigenous health community worker
- ▶ Case worker
- ▶ Community services worker
- ▶ Family support worker
- ▶ Outreach officer
- ▶ Welfare support worker
- ▶ Youth worker
- ▶ Juvenile justice officer
- ▶ Detoxification worker
- ▶ Drug and alcohol worker

CULTURAL ARTS

CIT's cultural arts courses are designed for Aboriginal and/or Torres Strait Islander people who are interested in exploring visual arts and design, or who attained the skills of an experienced artist and want to take it to the next level.

Visual Art and Craft Professional

The number of people working as Visual Arts and Crafts Professionals (in their main job) grew very strongly over the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **7,000 job openings over 5 years** (that's about 1,400 a year).

Joboutlook.gov.au

GENERAL EDUCATION FOR ADULTS

This course is designed for Aboriginal and/or Torres Strait Islander people who would like to improve their reading, writing, numeracy, digital (computing) and learning skills to participate more fully in everyday life, further learning and work. CIT Yurauna aim to have an interactive, visual classroom that brings the outside environment inside the classroom. We offer a safe and culturally sensitive environment.

ACT Year 12

English Language

Foundation Skills

HIGHLY EXPERIENCED AND SUPPORTIVE TEACHERS

The teaching staff strive to make students feel comfortable, included and nurtured.

PATHWAY TO FURTHER STUDIES

at CIT or university.

If your reading, writing and numeracy skills are not as strong as they could be, CIT can help. Our range of courses will build on your current experience so you can confidently study or enter the workforce.

ACT Senior Secondary Certificate

Do you need a Year 12 qualification, ATAR or specific subject knowledge for further study, or to improve your job prospects? At CIT you can complete your year 12 certificate in a supported and flexible environment.

ENGLISH LANGUAGE

Is English your second, third or fourth language? Do you need English language skills for work or study? CIT offers government subsidised affordable English language classes.

FOUNDATION SKILLS

CIT's foundation skills courses provide a relaxed environment for students to improve their literacy, numeracy and basic computing skills. These foundation skills courses also help students to become independent learners, develop problem solving skills, improve communication skills, build confidence and prepare for work.

GRADUATES ARE JOB-READY

Build industry networks through industry placement opportunities, collaborative projects, industry excursions, portfolio development and more.

HIGHLY SKILLED TEACHERS

Teachers are practising designers, artists and photographers with valuable industry experience and connections.

STATE-OF-THE-ART TRAINING FACILITIES

Learn in creative studios, photography labs, graphic design labs, and sound and video editing studios with the latest equipment and technology.

With courses in art, beauty therapy, fashion, floristry, design, hairdressing, media, music, and photography there is sure to be something that appeals to your artistic nature.

At CIT we will help you refine your technique and build essential industry networks, opening up a world of exciting career opportunities.

Our teachers are practising designers, artists, photographers, beauty therapists and hairdressers, and our studios, workshops, salons and labs are all fully fitted out and equipped so you graduate with the latest industry skills and knowledge.

Be prepared to hit the ground running and get a true taste of your chosen field with industry trips, collaborative projects, industry placement opportunities, and portfolio development.

ART

Are you creative and want to develop your own artistic voice? Studying visual arts at CIT is the perfect way to gain the skills needed for a career in this vibrant field.

CIT visual arts students work in large, light-filled studios and specialty workshops, all well equipped to support them as they cultivate skills in a broad range of disciplines. Located at CIT Reid, our institute is conveniently situated just a lakeside walk away to the nation's leading galleries and museums. Our students enjoy the benefits of a shared CIT 'DesignSpace' gallery, with regular exhibitions and the opportunity to collaborate and be inspired by other CIT creative and design students.

Visual Art and Craft Professional

The number of people working as Visual Arts and Crafts Professionals (in their main job) grew very strongly over the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **7,000 job openings over 5 years** (that's about 1,400 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Artist
- ▶ Designer
- ▶ Cultural event staff
- ▶ Illustrator
- ▶ Gallery staff
- ▶ Workshop facilitator

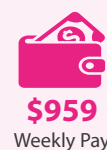

BEAUTY AND MAKE-UP

Start your beautiful career – become a Beauty Therapist or join the growing Make-up industry by studying at CIT. Develop in-demand skills and build leading industry connections. Our beauty therapy and make-up artist courses are designed and delivered by our inspiring and highly experienced teachers. You will learn hands-on practical skills to ensure you are job ready when you graduate!

Beauty Therapist

The number of people working as Beauty Therapists (in their main job) grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **25,000 job openings over 5 years** (that's about 5,000 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Beauty therapist
- ▶ Spa therapist
- ▶ Make-up artist
- ▶ Manicurist and pedicurist
- ▶ Make-up consultant

FASHION

Our innovative courses will give you the edge in the competitive fashion industry. CIT will not only nurture your creativity, but will give you the essential skills and hands-on experience necessary for a job in fashion.

The simulated work studios feature up-to-date digital machinery, specialist textile labs, fashion-specific digital labs and specialised industrial machinery.

Fashion Designer

The number of people working as Fashion, Industrial and Jewellery Designers (in their main job) grew very strongly over the past 5 years and is expected to stay about the same over the next 5 years.

There are likely to be around **4,000 job openings over 5 years** (that's about 800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Fashion designer
- ▶ Fashion magazine assistant
- ▶ Product developer
- ▶ Patternmaker
- ▶ Machinist
- ▶ Assistant dressmaker

FLORISTRY

Enter the beautiful and colourful world of floristry through our nationally recognised course, taught by experienced industry professionals. Learn high level technical floristry and design skills and an ability to work at professional floristry standards.

Florist

The number of people working as Florists (in their main job) grew very strongly over the past 5 years and is expected to stay about the same over the next 5 years.

There are likely to be around **4,000 job openings over 5 years** (that's about 800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Florist
- ▶ Flower arrangement
- ▶ Floral design

GRAPHIC DESIGN

Our courses are designed to prepare students for today's graphic design industry. You will develop a wide-ranging command of highly specialised technical, creative and conceptual abilities and knowledge in visual communication. Students will produce work in traditional print and digital media design. We know that theory is not enough, it's the hands-on skills that prepare our students for employment and make them valuable to the industry!

Graphic Designer

The number of people working as Graphic and Web Designers, and Illustrators (in their main job) grew strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **27,000 job openings over 5 years** (that's about 5,400 a year).

EDUCATION AND COMMUNITY

Start a valuable and rewarding career today!

STUDY AREAS

Children's Education and Care

Community Services

HEALTH AND COMMUNITY SERVICES IS ONE OF THE LARGEST JOB INDUSTRIES IN AUSTRALIA

With the sector projected to increase to 1.9 million people by 2023.

HIGHLY EXPERIENCED AND SUPPORTIVE TEACHERS

Teachers have vast industry knowledge, experience and connections.

Our courses in children's education and community services equip you with the skills and knowledge to play an important role in building strong and inclusive communities. With diverse job opportunities available in areas such as children's services, mental health, youth work, community work, and alcohol and other drugs.

You can also combine courses and graduate with two qualifications, giving you even more career options and job prospects.

CHILDREN'S EDUCATION AND CARE

Working with children as an early childhood educator is one of the most valuable and rewarding professions a person can choose. CIT offers a range of courses in children's education and care – get started today! You will learn valuable skills where education and play go hand-in-hand for children and young people.

Train in CIT's dedicated facilities with our simulated early learning centre at CIT Bruce – allowing you to gain real-world skills and experience!

Child Carer

The number of people working as Child Carers (in their main job) grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **184,000 job openings over 5 years** (that's about 36,800 a year).

Aged Care

Dental

Disability

Healthcare

Home and Community Care

Massage

Nursing

Sport and Fitness

Work, Health and Safety

GAIN REAL-WORLD EXPERIENCES

On-campus fitness centre, simulated hospital facility, industry placement opportunities and more.

HIGHLY EXPERIENCED AND SUPPORTIVE TEACHERS

Teachers have vast industry knowledge, experience and connections.

Learn the skills to work in one of the fastest growing industries in the world with a qualification in health or fitness at CIT. Health and fitness courses at CIT are diverse with a range of qualification levels.

CIT offers purpose built simulated training areas, including a fully equipped fitness centre, massage clinic, nursing, aged care and dental labs. Your practical hands-on skills paired with industry placement opportunities ensures you're job ready for this dynamic industry.

You can even mix your health studies across industry sectors, building a diverse and interesting career path with many possibilities.

AGED CARE

Interested in assisting to maintain health and quality of life? Aged care is a career with a difference, it makes a world of difference to people in later life and their families. Quality aged care can offer comfort, health, happiness and companionship at an important stage of life. This can be facilitated through strong collaborative care arrangements, and through a specialised knowledge of supports and interventions.

Aged and Disabled Carers

The number of people working as Aged and Disabled Carers (in their main job) grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **179,000 job openings over 5 years** (that's about 35,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Aged care coordinator
- ▶ Aged care team leader
- ▶ Aged care support worker
- ▶ Aged care service coordinator
- ▶ Personal Carer
- ▶ Care worker
- ▶ Nursing assistant
- ▶ Respite worker

DENTAL

Gain the hands-on skills to support dentists, dental specialists and oral health practitioners by learning in the industry-standard dental clinic at CIT Bruce. With strong connections to Industry, CIT's Dental courses allow you to be up-to-date with the current industry standards and practices.

Get hands-on in our fully-upgraded dental labs, featuring:

- ▶ Expanded sterilisation facilities
- ▶ New radiography facilities including new intra oral x-ray unit and OPG unit
- ▶ A host of brand new dental laboratory facilities to support more targeted commercial programs such as Infection Control Seminars.

Dental Assistant

The number of people working as Dental Assistants (in their main job) grew strongly over the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **16,000 job openings over 5 years** (that's about 3,200 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Dental assistant

DISABILITY

Get work-ready for jobs in schools, recreation services, home support and community involvement! Train in a workplace and simulated learning environment and join a dynamic worldwide industry.

Aged and Disabled Carers

The number of people working as Aged and Disabled Carers (in their main job) grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **179,000 job openings over 5 years** (that's about 35,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Support worker
- ▶ Recreational support worker
- ▶ Learning support assistant
- ▶ Community access worker
- ▶ Advocacy worker

HEALTHCARE – Allied Health

Studying allied health assistance will offer you skills in how to aid rehabilitation programs and assist in the treatment of patients, alongside healthcare professionals such as physiotherapists and occupational therapists.

Learn in simulated health care settings using case scenarios and self-reflection activities, and then apply your skills through industry work placement.

Occupational Therapists

The number of people working as Occupational Therapists (in their main job) grew strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **7,000 job openings over 5 years** (that's about 1,400 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Occupational therapy assistant
- ▶ Physiotherapist assistant
- ▶ Assistant to other specialised allied health professions

HEALTHCARE – Population Health

Population health work aims to improve the health of communities or groups of people. You will learn about the history and underpinning principles of population health work, factors that contribute to health outcomes, national health priorities, research and data collection, consulting with the community, designing population health projects to build community capacity and advocating for improved health outcomes.

Welfare, Recreation and Community Arts Worker

The number of people working as Welfare, Recreation and Community Arts Workers (in their main job) grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **39,000 job openings over 5 years** (that's about 7,800 a year).

- ▶ Health promotion officer
- ▶ Smoking cessation professional
- ▶ Advocacy worker

ELIZABETH ROGERS

CIT CERTIFICATE IV POPULATION HEALTH GRADUATE

The Certificate IV in Population Health is an interesting and useful course. It is completely up to date with current public health issues and trends. I have recently retired and plan on going into the Population Health field as my third career.

I have every confidence that I will secure employment. I do not have a clinical background, but that was not an issue, this course is more research based.

The teaching is excellent and the flexible learning is very helpful."

HOME AND COMMUNITY CARE

Do you have a passion for helping people? Not all health care is provided in hospitals and health care settings. There is a growing demand for services that provide people with support so they can continue to live in their own home and community.

Gain the skills to make a difference with a career in Individual Support.

Nursing Support and Personal Care Worker

The number of people working as Nursing Support and Personal Care Workers (in their main job) grew moderately the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **64,000 job openings over 5 years** (that's about 12,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Community care worker
- ▶ Personal care worker
- ▶ Home care worker
- ▶ Support worker
- ▶ Carer
- ▶ Driver
- ▶ Respite carer

MASSAGE

Are you passionate about helping others with their health and well-being? Studying massage therapy at CIT will offer you the practical skills and knowledge to work as a respected health professional, providing assessments and treatments to clients to aid your client's musculoskeletal mobility, soft-tissue function and general well-being.

Build your confidence by working and training real clients in the CIT Fit & Well Massage Clinic.

Massage Therapist

The number of people working as Massage Therapists grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **15,000 job openings over 5 years** (that's about 3,000 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Remedial massage therapist
- ▶ Relaxation massage therapist
- ▶ Work within a multimodal clinic
- ▶ Work within a sporting context such as a trainer or strapper

NURSING

Be part of a growing healthcare industry and provide essential services for your community. Gaining a strong knowledge of anatomy and physiology, disease and health; you will work directly with patients and health service clients to provide care and treatments, empowering people with the knowledge to make healthier life choices. A qualification at CIT will put you on track for a rewarding career as an enrolled nurse.

Our simulated nursing labs at CIT Bruce provide you with a real-life practical environment ensuring you are industry ready.

Enrolled Nurse

The number of people working as Enrolled Nurses (in their main job) grew strongly over the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **14,000 job openings over 5 years** (that's about 2,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Enrolled nurse
- ▶ Support worker
- ▶ Personal carer

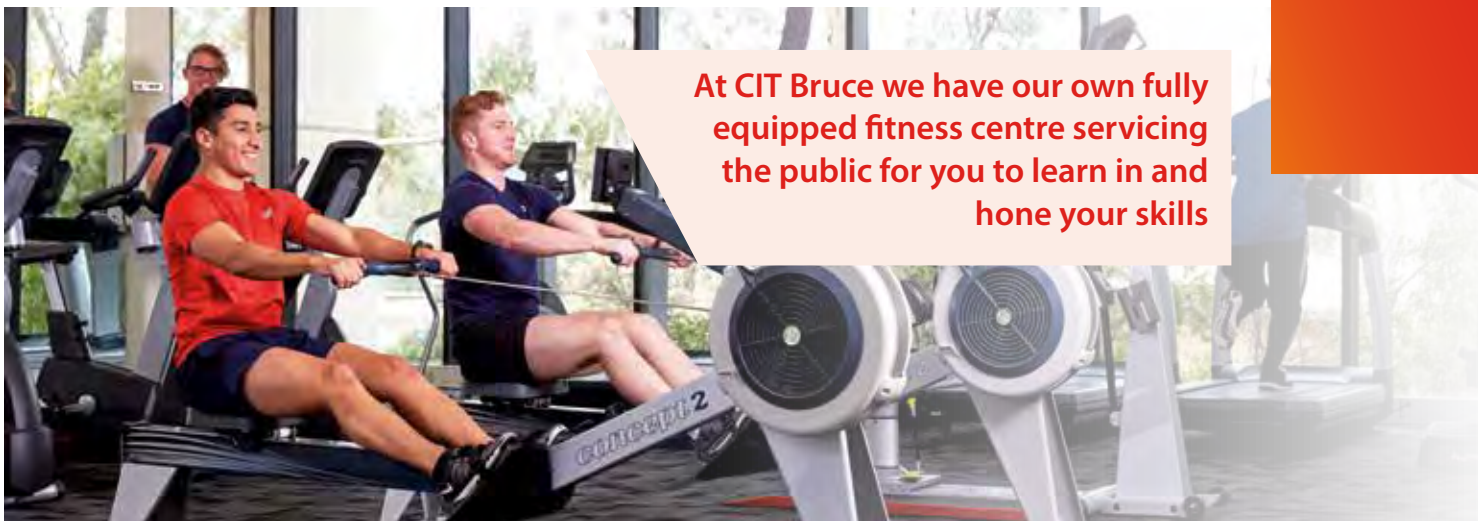

SPORT AND FITNESS

Whether you're interested in group fitness instructing or personal training; CIT offers certificate to diploma level qualifications you need to register as a Fitness Australia certified trainer.

At CIT Bruce we have our own fully-equipped fitness centre servicing the public for you to learn in and hone your skills.

A qualification in sports development from CIT will offer you the skills, knowledge and experience to be able to kick-start your exciting career in the sports industry. Career opportunities in this field include coaching roles across various levels, team coordinator, manager and various administration roles.

Get ready to enter the exciting sports management and coaching industry with a qualification from CIT!

At CIT Bruce we have our own fully equipped fitness centre servicing the public for you to learn in and hone your skills

Fitness Instructor

Joboutlook.gov.au

Job Opportunities

- ▶ Paralegal
- ▶ Legal secretary
- ▶ Legal services support officer
- ▶ Legal assistant

CIT TRAINING SECURITY OPERATIONS CENTRE LAUNCHED

In a national first, a collaborative training solution to the cyber security skills shortage has been launched, with a new Training Security Operations Centre (TSOC) and tech-collab space, at CIT. The \$1.1million project includes a virtual classroom with a cloud-based security operations centre simulating real cyber threats, giving students the chance to work through real scenarios to gain nationally-accredited qualifications.

Industry has been critical since the inception of the TSOC to ensure the right skills are being taught to fuel the demand in this fast-growing sector. Tony Marceddo of Vault Cloud and Co-Chair of AustCyber ACT Node Advisory Board said, "CIT is leading the way with implementing education and training pathways to help address the critical issue of growing and upskilling our cyber security workforce."

Owen Pierce of the Industry Growth Centre AustCyber says CIT is providing leadership in cyber security training and workforce development which is being recognised by the number of students enrolled and seeking to enrol in CIT's cyber security programs.

"CIT has demonstrated their willingness to work with broad section of TAFEs nationally to ensure that they are collectively training the future-ready cyber security workforce that Australian employers need. AustCyber is a proud supporter of CIT and is thrilled to be involved in the development of their Training Security Operations Centre," Mr Pierce said.

CIT has continued to see a rise in cyber security enrolments since it began in March 2018. Students have travelled to Singapore on an outbound VET mobility program and some are also involved in virtual mentoring with industry-based cyber experts. The TSOC has been primarily funded by AustCyber as part of its Projects Fund, with additional funding provided by the ACT Government. The TSOC is a collaboration between CIT, Nova Systems, Fifth Domain and ANU.

SOCIAL MEDIA

CIT's training in social media and communication equips you with skills and knowledge to identify blog and content marketing opportunities as well as analyse global trends in content marketing and blog strategies.

Advertising and Marketing Professional

The number of people working as Advertising and Marketing Professionals (in their main job) grew very strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **53,000 job openings over 5 years** (that's about 10,600 a year).

Social Media Marketing Essentials	6 months	Statement of Attainment	[from 10118NAT]	CIT Reid	

* This course will be updated in 2020.

The majority of CIT courses have full-time and/or part-time options available. For the most up to date course information go to cit.edu.au

AA = course available to study as an Apprenticeship, Traineeship or ASBA

SCIENCE AND ENVIRONMENT

A CIT course in science and environment will put you on an exciting path of discovery!

STUDY AREAS

Animal Studies

Environmental Science

Horticulture

Laboratory Studies

Renewable Energy

Science and Biometrics

HANDS-ON, PRACTICAL LEARNING BACKED BY HIGH-LEVEL THEORY

Get the skills and in-depth knowledge you need for the job.

PATHWAY TO FURTHER STUDIES

Do you have an interest in the world around us and want to know more about how it works? There are lots of exciting career possibilities with our range of courses in areas such as biometrics, environmental monitoring, animal studies, forensics, laboratory skills and horticulture.

With state-of-the-art learning environments such as our state-of-the-art horticulture facility, bespoke Crime Scene House and science laboratories, access to the latest industry equipment, combined with our strong industry partnerships you will have all the necessary tools for success, right at your fingertips!

ANIMAL STUDIES

CIT's animal and veterinary courses are ideal for anyone with a passion for animals, and can take you anywhere. A course from CIT can give you all the practical training you need to work animal and veterinary studies.

Veterinary Nurse

The number of people working as Veterinary Nurses (in their main job) is about the same as 5 years ago and is expected to grow strongly over the next 5 years.

There are likely to be around **9,000 job openings over 5 years** (that's about 1,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Veterinary nurse
- ▶ Pet shop assistant
- ▶ Kennel attendant
- ▶ Assistant grooming attendant
- ▶ Trainee keeper
- ▶ Wildlife animal carer
- ▶ Animal care attendant

ENVIRONMENTAL SCIENCE

Love the outdoors and want to protect the environment? Satisfy your natural curiosity at CIT with a course in Environmental Monitoring and Technology, which will offer you the skills and knowledge to be able to collect data and assist with the management of environmental issues in Australia.

Environmental Scientist

The number of people working as Environmental Scientists (in their main job) grew very strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **14,000 job openings over 5 years** (that's about 2,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Environmental officer
- ▶ Environmental technician
- ▶ Environmental assistant

HORTICULTURE

CIT's horticultural courses are ideal for anyone with a passion for plants or flowers. Stay ahead of the game with a qualification that will equip you to work in horticulture. CIT will have you working on community-based projects to gain industry experience and exposure.

Train in CIT's state-of-the-art horticulture facility, so if you are a green thumb you will love learning and creating in a holistic manner in world-class facilities.

Garden and Nursery Labourers

The number of people working as Garden and Nursery Labourers (in their main job) grew moderately the past 5 years and is expected to stay about the same over the next 5 years.

There are likely to be around **25,000 job openings over 5 years** (that's about 5,000 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Horticulturalist
- ▶ Parks and gardens manager/officer
- ▶ National parks worker
- ▶ Revegetation worker
- ▶ Greenkeeper/groundsman
- ▶ Landscaper
- ▶ Gardener

LABORATORY STUDIES

CIT's training in laboratory studies provides you with the skills to competently work as a pathology technician in diagnostic pathology and research laboratories.

Curious about the world around us? Discover the mysteries of life and death with a course in laboratory studies!

Medical Technicians

The number of people working as Medical Technicians (in their main job) is about the same as 5 years ago and is expected to stay about the same over the next 5 years.

There are likely to be around **17,000 job openings over 5 years** (that's about 3,400 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Pathology laboratory worker
- ▶ Laboratory assistant

RENEWABLE ENERGY

Renewable and clean energy is a growing industry and is set to thrive in today's climate. CIT's courses in renewable energy cover a wide range of industries from wind to battery and solar.

CIT's state-of-the-art purpose-built Renewable Energy Skills Training Centre offers the ideal setting to position CIT as a national leader in renewable energy skills training. Training at the CIT Renewable Energy Skills Centre of Excellence will help position you with excellent employment prospects and offer the opportunity to become a major stakeholder in the growth of this important and rewarding industry.

Science Technician

The number of people working as Science Technicians (in their main job) grew very strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **18,000 job openings over 5 years** (that's about 3,600 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Wind farm technician
- ▶ Renewable specialist
- ▶ Solar and battery installer

SCIENCE AND BIOMETRICS

Is crime scene investigation or forensic identification your passion? From unlocking phones to secure keyless entry, personal characteristics are the future of identification.

CIT's forensics and biometrics qualifications can open the door to many exciting industries and a diverse range of career opportunities.

Science Technician

The number of people working as Science Technicians (in their main job) grew very strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **18,000 job openings over 5 years** (that's about 3,600 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Forensic field scientist
- ▶ Crime scene investigator
- ▶ Forensic investigator
- ▶ Scene of crime officer
- ▶ Document examiner
- ▶ Facial image comparison specialist
- ▶ Biometric technician

SERVICE INDUSTRY

Whether you are inspired by dining, culture or travel, CIT can offer you the practical skills for an exciting career in the service industry!

STUDY AREAS

Culinary

Events

Hospitality

Tourism

PAID INDUSTRY PLACEMENT OPPORTUNITY

Gain 720 hours of paid work experience while you study Commercial Cookery.

TRAIN IN CIT'S STATE-OF-THE-ART FACILITIES

Gain incredible hands-on experience in CIT's on-campus commercial kitchen, bar, restaurant and travel agency.

AWARD-WINNING TEACHERS

Learn from highly skilled teachers with vast industry knowledge, experience and connections.

Become accomplished in your chosen field with specialist training from CIT, so you hit the ground running. We offer courses in commercial cookery, baking and patisserie, butchery, events, tourism and hospitality.

Our award-winning teaching staff will give you the skills you need to have a practical and theoretical knowledge of all aspects of your chosen area, and qualify you for a career in an exciting, challenging and rewarding industry.

You will gain practical experience in both the workplace and in our own working kitchens, restaurant and travel agency. CIT has world-class, competition standard training and demonstration kitchens and the latest in technology. Students have amazing opportunities to work on real events and projects across the ACT. You can even put your skills to the test in industry competitions.

CULINARY

Learn time-honoured skills in culinary with a range of disciplines that cover baking, patisserie, butchery and commercial cookery.

Chef

The number of people working as Chefs (in their main job) grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **81,000 job openings over 5 years** (that's about 16,200 a year).

Joboutlook.gov.au

Butcher

The number of people working as Butchers and Smallgoods Makers (in their main job) fell over the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **13,000 job openings over 5 years** (that's about 2,600 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Chef de partie
- ▶ Chef patissier
- ▶ Baker
- ▶ Retail butcher
- ▶ Commercial cook
- ▶ Chef

EVENTS

From music festivals to product launches, conferences, weddings and sporting events, get yourself into the dynamic and exciting world of events. You will be taught by industry professionals who have their finger on the pulse and gain hands-on experience volunteering at live events both within the ACT and interstate.

Conference and Event Organiser

The number of people working as Conference and Event Organisers (in their main job) grew very strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **29,000 job openings over 5 years** (that's about 5,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Conference coordinator/assistant
- ▶ Event coordinator/manager
- ▶ Event planner

HOSPITALITY

Spice up your career with a qualification in hospitality! Whether you work in restaurants, bars, cafes or nightclubs, no two days are the same when you're working in the vibrant hospitality industry. Gain valuable hands-on experience in commercial restaurants, bars and cafes including CIT's own restaurant.

Hospitality Worker

The number of people working as Other Hospitality Workers (in their main job) grew very strongly over the past 5 years and is expected to grow very strongly over the next 5 years.

There are likely to be around **7,000 job openings over 5 years** (that's about 1,400 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Function manager
- ▶ Executive chef
- ▶ Kitchen/restaurant manager
- ▶ Sous chef
- ▶ Food and beverage supervisor/attendant
- ▶ Duty manager
- ▶ Bar attendant
- ▶ Restaurant host

TRADES

With a trade qualification from CIT you'll gain a skill for life!

STUDY AREAS

Automotive

Carpentry and Cabinet Making

Electrical

Glass and Glazing

Metal Fabrication

Painting, Plastering and Tiling

Plumbing

Refrigeration and
Airconditioning

Trade and High Risk
Licences

BUILD A CAREER IN CONSTRUCTION WITH OPTIONS IN BUILDING AND MANAGEMENT STREAMS

Gain hands-on experience through visits to real building sites.

GROWING INDUSTRIES FOR FUTURE JOBS IN AUSTRALIA

Construction trades are some of Australia's fastest growing industries.

A wide range of career opportunities are available and the practical hands-on approach taught by CIT will help you take your place in the industry. We offer training in a wide range of trade areas, whichever you choose, you can be sure at CIT we'll give you relevant and in-demand industry skills.

Apprenticeships allow you the best of both worlds – you can learn while you earn as an apprentice, and get access to the latest knowledge and training techniques as a CIT student – the perfect pathway to an in-demand career.

At CIT you have access to the latest equipment with our automotive, metal fabrication, electrical, carpentry, plumbing and building workshops.

AUTOMOTIVE

If you have a passion for cars, trucks or bikes, then rev up your career with an automotive course. CIT offers a range of automotive courses, offering specialisation in technical, mechanical or panel beating.

Motor Mechanic

The number of people working as Motor Mechanics (in their main job) grew strongly over the past 5 years and is expected to stay about the same over the next 5 years.

There are likely to be around **23,000 job openings over 5 years** (that's about 4,600 a year).

Joboutlook.gov.au

Panel Beater

The number of people working as Panelbeaters (in their main job) is about the same as 5 years ago and is expected to stay about the same over the next 5 years.

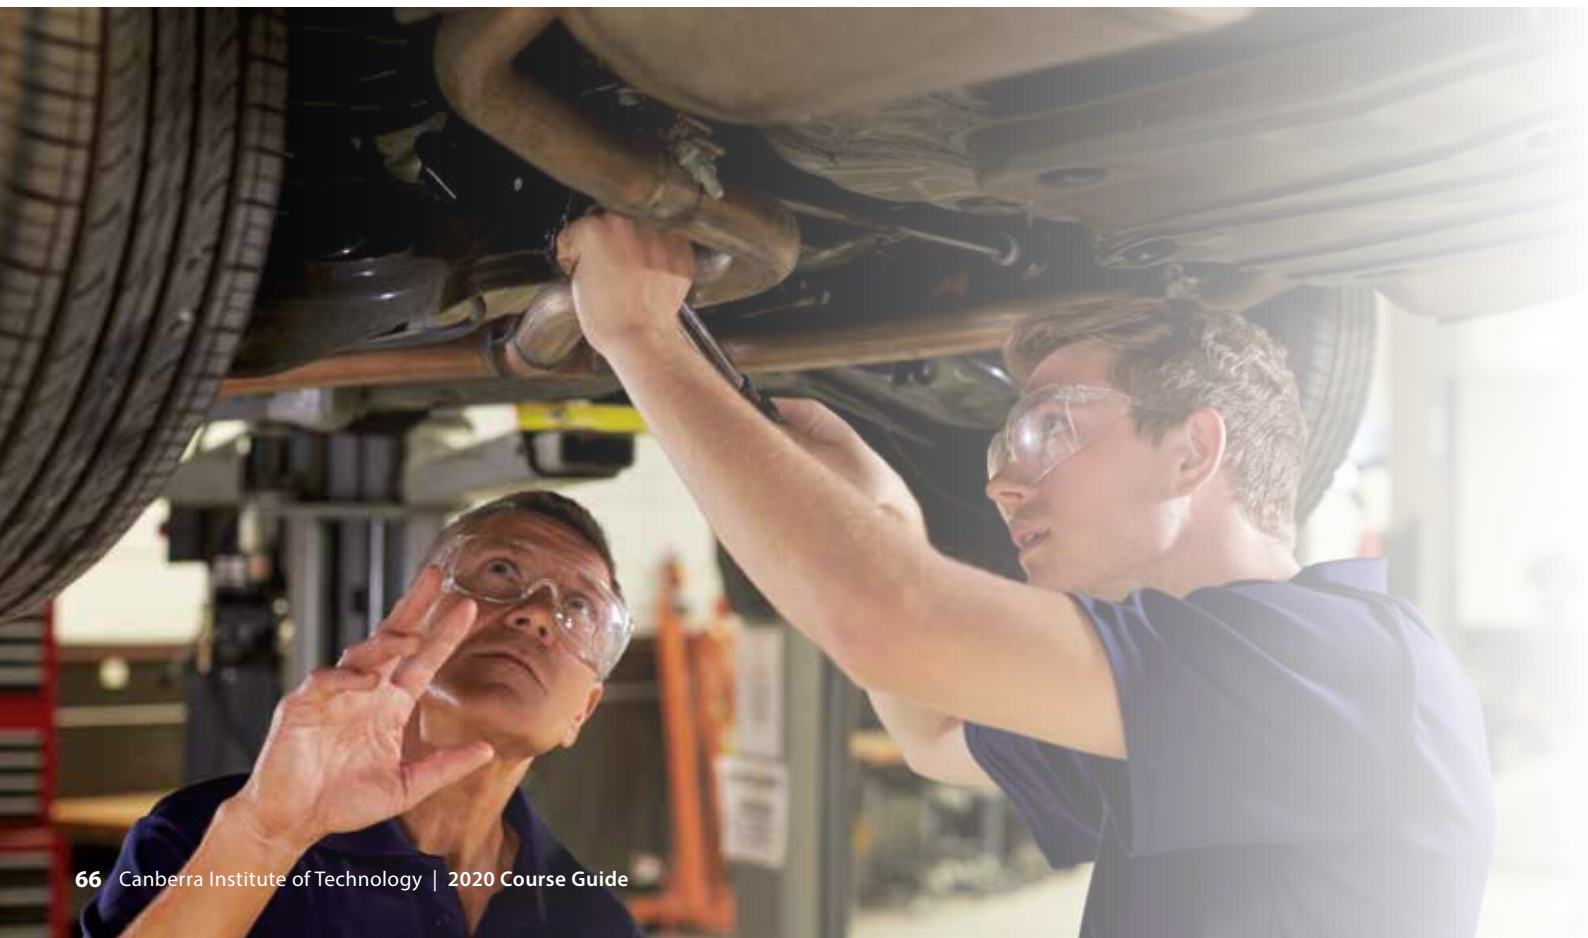

There are likely to be around **8,000 job openings over 5 years** (that's about 1,600 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Automotive electrician
- ▶ Mechanic
- ▶ Panel beater
- ▶ Vehicle refinishing technician
- ▶ Automotive spray painter

CARPENTRY AND CABINET MAKING

If you enjoy working with your hands and enjoy the satisfaction of creating something from scratch, a career in carpentry or cabinet making is a perfect fit. CIT's courses in carpentry and cabinet making can open the door to an in-demand trade career.

Carpenter and Joiner

The number of people working as Carpenters and Joiners (in their main job) grew moderately the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **69,000 job openings over 5 years** (that's about 13,800 a year).

Joboutlook.gov.au

Cabinet Maker

The number of people working as Cabinetmakers (in their main job) is about the same as 5 years ago and is expected to stay about the same over the next 5 years.

There are likely to be around **6,000 job openings over 5 years** (that's about 1,200 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Carpenter
- ▶ Cabinet maker
- ▶ Furniture maker

ELECTRICAL

Become a qualified 'sparkie' and gain the skills and knowledge to work in a variety of electrical equipment and systems in residential, commercial and industrial premises. Maybe electronics is more your thing? Learn about selecting, installing, setting up, testing, fault finding, repairing and maintenance of electronic equipment and devices at component/sub-assembly level.

Electrician

The number of people working as Electricians (in their main job) grew very strongly over the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **26,000 job openings over 5 years** (that's about 5,200 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Electrician
- ▶ Battery storage and solar installer
- ▶ Electronic installer/maintenance

GLASS AND GLAZING

Perform a range of glass and glazing job roles, including safely manufacturing, processing, moving and installing various types of glass and handling glazing materials and components.

Glazier

The number of people working as Glaziers (in their main job) grew very strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **6,000 job openings over 5 years** (that's about 1,200 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Glazier
- ▶ Flat glass worker

METAL FABRICATION

Learn essential welding and metal fabrication skills required for employment within the local and regional industry.

Structural Steel and Welding Trade Worker

The number of people working as Structural Steel and Welding Trades Workers (in their main job) grew moderately the past 5 years and is expected to grow over the next 5 years.

There are likely to be around **47,000 job openings over 5 years** (that's about 9,400 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Welder
- ▶ Fabrication worker

PAINTING, PLASTERING AND TILING

Get a trade that will never go out of style! Gain skills in painting, decorating, plastering and tiling for residential and commercial construction work.

Painting Trade Worker

The number of people working as Painting Trades Workers (in their main job) is about the same as 5 years ago and is expected to grow over the next 5 years.

There are likely to be around **19,000 job openings over 5 years** (that's about 3,800 a year).

Joboutlook.gov.au

Plasterer

The number of people working as Plasterers (in their main job) grew very strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **19,000 job openings over 5 years** (that's about 3,800 a year).

Joboutlook.gov.au

Wall and Floor Tiler

The number of people working as Wall and Floor Tilers (in their main job) grew very strongly over the past 5 years and is expected to stay about the same over the next 5 years.

There are likely to be around **9,000 job openings over 5 years** (that's about 1,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Painter and decorator
- ▶ Plasterer
- ▶ Tiler

PLUMBING

CIT offers a range of plumbing courses to provide you with a pathway towards a plumbing or gas fitting licence. All CIT's plumbing courses are delivered in state-of-the-art plumbing facilities with industry standard equipment, giving you the skills you need to begin or advance your plumbing career.

Plumber

The number of people working as Plumbers (in their main job) grew strongly over the past 5 years and is expected to grow strongly over the next 5 years.

There are likely to be around **29,000 job openings over 5 years** (that's about 5,800 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Plumber
- ▶ Roof plumber
- ▶ Plumber-drainer and gasfitter

REFRIGERATION AND AIR CONDITIONING

Refrigeration and Air Conditioning provides a unique and varied career, covering both electrical and mechanical areas. You'll gain the skills to be able to work across domestic, commercial and industrial areas.

Air Conditioning and Refrigeration Mechanic

The number of people working as Airconditioning and Refrigeration Mechanics (in their main job) grew very strongly over the past 5 years and is expected to stay about the same over the next 5 years.

There are likely to be around **18,000 job openings over 5 years** (that's about 3,600 a year).

Joboutlook.gov.au

Job Opportunities

- ▶ Refrigeration and air conditioning technician

TRADE AND HIGH RISK LICENCES

Gain the skills and knowledge required to be able to perform tasks necessary for the construction industry. CIT's licencing courses cover areas such as working at heights, forklift training, white card and many more.

Job Opportunities

- ▶ Forklift driver
- ▶ High risk worker
- ▶ Construction worker
- ▶ Crane operator

CIT SERVICES HERE TO HELP YOU

CIT Student Services

CIT Student Services is located on each campus and can assist you with the administrative side of your study journey. CIT Student Services provides administration support to current, future and past students including for applications, enrolments, course information, awards, fees and general enquiries. Staff are also available to offer you advice on fee assistance, scholarships, and help put you in touch with other CIT support services. If you're not sure where to go for help, CIT Student Services is your best starting place.

Phone: **(02) 6207 3188**

Email: info@cit.edu.au

CIT Student Association (CITSA)

CIT Student Association (CITSA) ensures you feel welcome at CIT when you arrive and helps you have a great time while you study. Whether you are experiencing difficulties with your course, want advice on finding a job, or are just having trouble settling in, CITSA offers a large range of student support services to help you feel at home. CITSA staff can also provide you with accommodation advice and organise social events throughout the year including orientation week, ski trips, market days, and paintball. The canteens, Café Yala and CIT Bookshop are all managed by CITSA.

Phone: **(02) 6207 3600**

Web: citsa.com.au

Counselling

Current CIT students have access to a free and confidential counselling service. Our counsellors specialise in helping you to enhance your study skills, reduce your exam anxiety, set goals and deal with any personal problems which may be affecting your study. CIT counsellors are trained and experienced psychologists, social workers or counsellors. Counselling sessions and client files are fully confidential. Bookings are usually required, and can be made via phone or email.

Phone: **(02) 6207 3290**

Email: CIT.Student.Support@cit.edu.au

Disability Support

We aim to provide an environment where students with disabilities can study without disadvantage. If you have a disability, before enrolling we encourage you to make an appointment with one of our disability advisors to discuss your goals and any possible impacts on your studies. Our advisors can give advice on courses, study loads, consider reasonable adjustments for you and discuss what other assistance may be available. If you require disability support, please contact us as soon as possible so we can implement any adjustments and extra support you require before classes start.

Phone: **(02) 6207 3290**

Email: CIT.Student.Support@cit.edu.au

Youth Support

CIT's specialist youth advisor provides advice and help to current students under 25 years old who are experiencing difficulties with achieving their study goals. Assistance can be provided around a variety of issues including personal life, wellbeing and studies. The youth advisor also provides holistic pathway planning, advice and referrals to services available at CIT. This confidential service is free to current students.

Phone: **(02) 6207 3290**

CIT Career Advisor

Trying to figure out which course is the right one for you? CIT's career advisor can assist you with information about the wide range of courses that CIT offers. One-on-one appointments are available for students interested in career information and study options. The career advisor can help you plan your best pathway to further study and employment opportunities.

Phone: **(02) 6207 3290**

CIT Study Support

CIT Study Support is available to help students develop the fundamental skills needed to succeed in their course. Study sessions are offered regularly in CIT libraries on a variety of topics including literacy and numeracy, computer skills, job seeking skills, researching and writing. Self-access to learning resources outside of study session times is also available from the CIT library. No appointment is needed - just visit the session and campus that suits you. For a schedule of session times, visit cit.edu.au

CIT Peer Tutoring

CIT Peer Tutoring assists students to achieve success in difficult subjects, by giving them access to a peer tutor. Peer tutors are fellow students with advanced skills in the area, who have been recommended by the teacher. Acceptance into the peer tutoring program is not automatic but determined by disadvantage and availability of tutors. While peer tutoring is mostly funded by CIT and CITSA, students receiving tutoring are required to pay a small fee for this service.

Phone: **(02) 6207 3600**

CIT Student Equity

CIT's student equity officers aim to ensure that both women and men are fairly represented and supported in courses. Equity officers assist students by disseminating policy information, dealing with harassment, bullying and discrimination issues and complaints, providing advice and supporting students with other CIT services such as peer tutoring. CIT Student Equity can help with discrimination issues relating to sexuality, age, disability, race, religion, political beliefs, gender, marital or parental status and pregnancy. This confidential service is free to current students.

Phone: **(02) 6207 3290**

CIT Migrant Support

Specialist migrant support is available for mainstream migrant and refugee students where learning needs cannot be met by other CIT programs. CIT Migrant Support can provide advice on suitable pathways into CIT courses, arrange study support strategies, deal with discrimination issues and complaints, and help students understand Australian work and education culture. Students can also receive referrals to other helpful services and agencies. This confidential service is free to current students.

Phone: **(02) 6207 3290**

CIT Yurauna

CIT Yurauna is CIT's Aboriginal and Torres Strait Islander support centre. If you identify as Aboriginal or Torres Strait Islander, CIT Yurauna warmly welcomes you into its community. The centre guides students along their career path through training and advice, and helps students grow their knowledge, abilities and confidence. Through CIT Yurauna students can develop skills from basic literacy to creative writing and cultural art.

Phone: **(02) 6207 3309**

Email: CIT.YuraunaCentre@cit.edu.au

International

International provides assistance and advice to international students studying at CIT. International is staffed by personnel who are well equipped to assist students with any questions, problems or issues they may experience including stress, fitting in and adjusting to their new lifestyle. International can provide support with finance, accommodation, visas and immigration, health cover, pastoral care and can connect students to other useful CIT services.

Phone: **(02) 6207 4662** Email: international@cit.edu.au

- ▶ Restaurant & Café
- ▶ Commercial trade facilities in automotive, building and construction, electrical and plumbing
- ▶ Training Security Operations Centre (Cyber security training)
- ▶ Photography studio
- ▶ Graphic design lab
- ▶ Sound recording studio and control room

CIT APPRENTICESHIPS AND TRAINEESHIPS

Get straight into the workforce and gain skills on the job with an apprenticeship or traineeship

What are Australian Apprenticeships?

Apprenticeships and traineeships combine paid work and structured training, enabling you to learn and be competent in a trade or workplace priority skills and receive a nationally accredited qualification.

In which industry areas does CIT train apprentices and trainees?

Australian Apprenticeships (this includes traineeships and Australian School-Based Apprenticeships - ASBAs) are available in many more industries than ever before! If you're a CIT apprentice, trainee or ASBA you will receive high quality off-the-job training from expert teachers willing to share their extensive knowledge and industry experience.

- ▶ **Apprenticeships:** usually cover 'traditional' trades such as carpentry, construction, electrical, hairdressing, landscaping plumbing and many more.
- ▶ **Traineeships:** provide training in vocational areas not usually covered by apprenticeships and are available across a diverse range of careers including: business administration, aged care, children's education, dental, disability, hospitality mental health, travel and youth work.

- ▶ **Australian School-Based Apprenticeships (ASBAs):**

If you are a secondary student aged 15 years or over, a CIT ASBA means you can start an apprenticeship and get paid while you train. You then finish college with both a Year 12 Certificate and a great qualification. For information on how to get started, contact CIT or your school's career adviser.

- ▶ **Pre-apprenticeship courses:** give you a taste for work in a specific industry. Pre-apprenticeships help to prepare you for a formal apprenticeship. Unlike an Australian Apprenticeship, you don't need to have an employer to start the course.

How do I become an apprentice or trainee?

Follow these steps to secure your career and build your future.

- ▶ **Step 1** Find an employer that is willing to take you on as an apprentice/trainee or ASBA.
- ▶ **Step 2** Choose an Apprentice Network Provider (ANP) in the ACT.
- ▶ **Step 3** Meet with your ANP to sign your Australian Apprenticeship Training Contract within 28 days of starting employment.
- ▶ **Step 4** Meet with CIT to enrol in your qualification and discuss a training plan which sets out how, when and by whom the training and assessment is conducted for you to achieve your qualification.

How long will my apprenticeship/traineeship take?

All apprenticeships and traineeships are competency not time based, although a nominal term may still apply to some apprenticeship/traineeship contracts. Apprenticeships and traineeships can be undertaken either full-time, part-time or as an Australian School-Based Apprenticeship (ASBA). Once you have successfully completed your apprenticeship or traineeship CIT will issue you with a nationally recognised qualification.

How much will my apprenticeship cost?

Apprenticeships and traineeships are generally divided into stages, and each stage has different costs which reflect the more complex skills you learn as well as the equipment and materials you use.

You may also be required to purchase other things such as a uniform, tools or equipment to use on the job. CIT can also give you the basic skills to get you the edge in gaining a traineeship. To find out more about apprenticeships and traineeships, you can visit our website for more information at cit.edu.au/fees

Australian Apprenticeships are an ACT Government training initiative, funded by the ACT and Australian Governments.

You can identify which CIT courses are available to study as an apprenticeship, traineeship or ASBA by the application type **AA** in this course guide or visit cit.edu.au/apprentice

CIT COURSE FEES AND SKILLS RECOGNITION

FEES

CIT is the largest provider of technical and further education (TAFE) in the ACT and charges TAFE fees. These student fees are complex and may change often so it is important that you take a moment to familiarise yourself with the options you have in your chosen course of study.

Student fees are complex because they include tuition fees, amenities fees and some (not all) resources and other materials. Different courses require different periods of study so tuition fees will differ by course. Some tuition fees are subsidised by government (Australian, state and territory) and some are not. Some courses may have capped places available which means only a certain number of people may make use of the applicable government subsidy. Student fees often change because these subsidies change. This means student fees may not be the same one year to another which can make comparisons difficult.

To find out more about the different types of fees, visit cit.edu.au/fees.

FINANCIAL ASSISTANCE

Student fee assistance is available in a variety of formats, including:

- ▶ concessions and financial assistance
- ▶ scholarships
- ▶ payment plans and fee payment options
- ▶ VET Student Loans
- ▶ FEE-HELP
- ▶ trade support loans.

You may also be eligible for tax deductions for course fees and associated study expenses.

To find out more about financial assistance and to check your eligibility, visit cit.edu.au/fees.

GST

GST of 10% applies to some fees, for example the course materials fee, where the item acquired becomes your property and is usable after the course completion. Basic tuition fees are GST free.

SKILLS RECOGNITION

What is Skills Recognition?

Skills Recognition is an acknowledgement of the skills you have learned from your work, from life experience or from previous formal study.

Recognising your work and life experience

As you travel through life, you gather a variety of skills and a vast amount of knowledge which can be recognised formally against a qualification. You can gather experience through:

- ▶ your career or work history
- ▶ hobbies
- ▶ social, recreational and educational activities
- ▶ community work
- ▶ volunteering
- ▶ raising a family.

Recognising your previous formal study

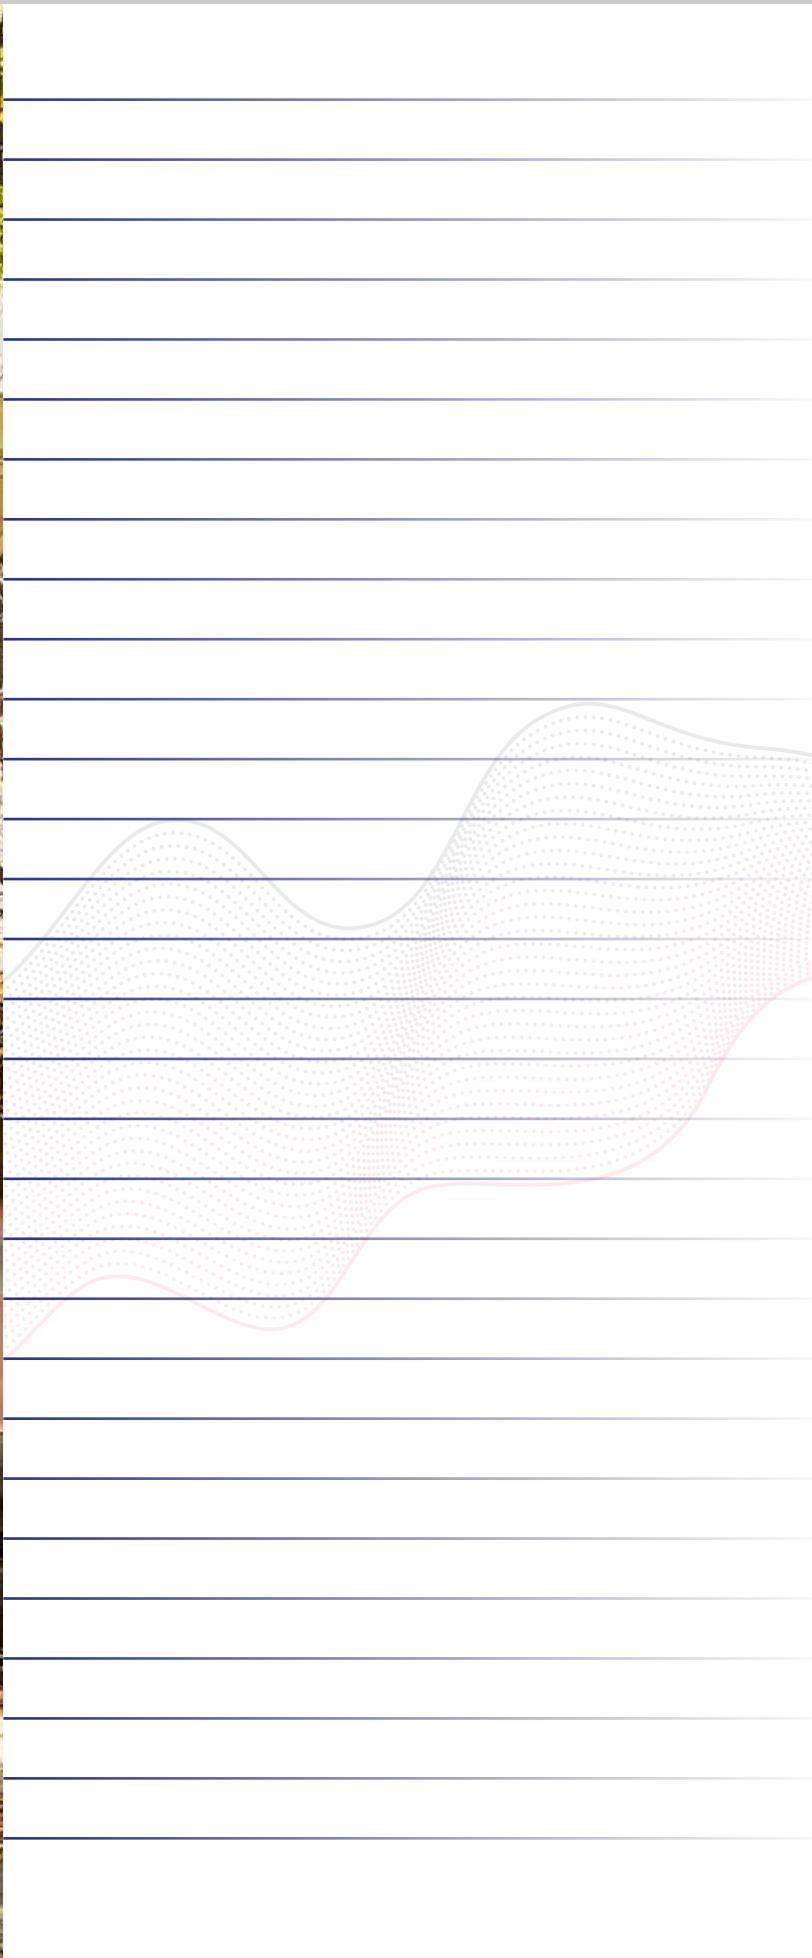

CIT also recognises subjects or competencies you have successfully obtained through another accredited vocational educational institution.

Do I have to pay for Skills Recognition?

Fees may apply. If fees are charged they are usually charged at the same rate as the subject fee.

For more information phone (02) 6207 3188 or email info@cit.edu.au.
