2020

WELCOME TO YOUR HOLMESGLEN JOURNEY

THANK YOU FOR YOUR INTEREST IN STUDYING AT HOLMESGLEN, A LEADING GOVERNMENT EDUCATION AND TRAINING INSTITUTION IN AUSTRALIA. WE HAVE WELCOMED INTERNATIONAL STUDENTS TO OUR MELBOURNE CAMPUSES FOR MORE THAN 25 YEARS AND TAKE GREAT PRIDE IN ENGAGING AND SUPPORTING OUR STUDENTS TO ACHIEVE THEIR LIFELONG EDUCATIONAL AND CAREER GOALS.

Recognised for excellence and innovation in the design and delivery of relevant, high quality educational programs, we offer an extensive range of English language, vocational and higher education courses, all accredited by the Australian government.

As a student with us, you will experience an institute characterised by its commitment to outstanding teaching and learning and the development of highly motivated, work ready graduates. Our simulated workplace facilities and extensive industry partnerships will ensure that you gain the practical skills and confidence necessary for future employment.

You will have access to exceptional amenities across all campuses, providing you with the opportunity to learn and develop in a stimulating, modern and safe study environment.

Our commitment to ensuring an enjoyable and successful study experience for you also includes the availability of a wide range of student engagement and support services. Assistance with your language and learning skills, accommodation, tours and recreational activities and personal guidance, are some of the many services we offer to enhance your student life in Melbourne.

We acknowledge the immense contribution international students make and hope to welcome you soon as part of our diverse and vibrant community.

Mary Faraone
Chief Executive

WHY CHOOSE MELBOURNE?

MELBOURNE IS AMONG THE WORLD'S MOST LIVABLE CITIES

Again and again, Melbourne is named among the world's most livable cities. The title is awarded to the city with the highest score for stability, healthcare, culture and environment, education and infrastructure. When you study in Melbourne, you'll be living in a safe and vibrant city that offers world-class study options, services and the widest range of things to do.

AUSTRALIA'S BEST STUDENT CITY

Melbourne is the best student city in Australia and the third best student city in the world, according to the prestigious QS Best Student Cities 2018. Key features such as Victoria's high standard and quality of living, vibrant multicultural society and social inclusion attracts international students from all over the world to Victoria every year.

Often called Australia's cultural capital, Melbourne is home to the attractions that make the Australian lifestyle so appealing. Melbourne's rank as the 10th best city in the world for 'employer activity' makes it an even more attractive destination.

EXPLORE VICTORIA

Victoria's diverse landscape includes snowcapped mountains, vast seashores, striking desert regions and charming historic towns.

While you're studying here, why not make the most of the beautiful natural scenery and activities regional Victoria has to offer. You can easily arrange a day or weekend trip. Take a drive down the Great Ocean Road to see some breathtaking scenery, or ride the Puffing Billy Steam Train through the Dandenong Ranges. Visit Phillip Island to watch the delightful Fairy Penguins, or indulge in a tasting tour of Victoria's gourmet food and wine region in the Yarra Valley. These are just a few of the many places to explore in Victoria!

To find out about more of Melbourne and Victoria's interesting destinations, visit www.visitvictoria.com.

TRANSPORT

Melbourne has a network of trains, trams and buses which all service our campuses. If you don't live too far from your campus, you might consider cycling, using one of Melbourne's many safe and accessible bike paths.

To help plan your travels around Melbourne visit www.ptv.vic.gov.au or take a look at the map of the train networks to our campuses on page 95.

LIVING EXPENSES

The Australian Government specifies AU\$20,290 as the minimum amount required to cover your living costs for a 12-month period. This figure excludes tuition fees and the cost of travel to and from Australia. It is the minimum required to pay for your accommodation, commute to campus, buy food, have fun, and pay for all the little extras that you need day-to-day.

For more information on living, studying and exploring amazing Melbourne and Victoria visit www.studymelbourne.vic.gov.au

WHY CHOOSE HOLMESGLEN?

INDUSTRY CONNECTIONS

Holmesglen has developed strong relationships and networks with a large, diverse range of industry partners, both locally and internationally. These partnerships give us the necessary insight into current practices and access to relevant workplace learning, ensuring the development of job-ready graduates that meet employers' expectations.

WORK INTEGRATED LEARNING

Our approach to teaching and learning combines the required theory with hands-on, practical experience. Whether enjoying a work placement, or practising in one of our state-of-the-art simulated workspaces, your confidence and practical know-how will make your transition from the classroom to employment effortless and successful.

ENGAGEMENT AND SUPPORT

Community engagement and social responsibility are at the heart of all strategies and objectives for our staff and students. You will have access to a range of community and social activities, on and off campus, that will support your development both academically and personally. Our dedicated support programs for international students will ensure your wellbeing, safety and academic success as you enjoy your journey with us.

A ONE-STOP SHOP

The availability of highly recognised and fully integrated education, from English to vocational study and higher education, makes us very unique. You will have the opportunity to enjoy customised English classes specifically developed to prepare you for further study or a career in your chosen field. Your English study can be followed by seamless entry into a work-oriented vocational program, or a Bachelor Degree, or both! With tailored learning support, we can help you design the right pathway to achieve your study and career goals.

STRENGTH IN DIVERSITY

We enjoy one of the most culturally rich study environments in Australia. Welcoming students from diverse countries, cultures and educational backgrounds provides a dynamic global community for you to experience life-long learning and friendships with young people from all over the world. We take pride in the opportunities we provide for you to develop your global competence, strengthen your cultural awareness and prepare yourself for today's global workplace.

CHADSTONE

MOORABBIN

CAMPUSES

ST KILDA ROAD

GLEN WAVERLEY

BOURKE STREET

HOLMESGLEN AT EILDON

CHADSTONE

Corner Batesford and Warrigal Roads Chadstone

Approximately 17 kilometres from Melbourne’s city centre, the Chadstone campus is the largest of Holmesglen’s campuses. The campus is easily accessible by public transport with a bus stop and a train station on its doorstep. The campus is conveniently placed amongst a range of shops, parks, restaurants, and recreational facilities, including Chadstone Shopping Centre, Australia’s biggest shopping centre.

MOORABBIN

488 South Road Moorabbin

The newly renovated Moorabbin campus is accessible by public transport, and is approximately 18 kilometres from Melbourne’s city centre. The campus is only 6 kilometres from the iconic Brighton beach. Moorabbin campus also houses the southern hemisphere’s most advanced Health Science facility and Le Cordon Bleu’s Melbourne Culinary Arts Institute. The new on-campus state-of-the-art Holmesglen Private Hospital provides our students with clinical practice as well as teaching and research opportunities for nursing and health students.

ST KILDA ROAD

332 St Kilda Road Southbank

Study near the heart of Melbourne’s city centre. Our state-of-the-art facilities are directly opposite Melbourne’s world renowned Royal Botanic Gardens, and minutes away from Melbourne’s iconic arts and riverside dining precinct and city centre.

GLEN WAVERLEY

595 Waverley Road Glen Waverley

Approximately 23 kilometres from Melbourne’s city centre and a short walk from the multicultural Glen Waverley shopping and restaurant precinct, the Waverley campus is a modern facility surrounded by beautifully landscaped gardens and wide open spaces. Holmesglen’s Waverley campus is accessible by public transport.

BOURKE STREET

Level 3, 206 Bourke St, Melbourne

Our Bourke Street campus is suitably located in the heart of Melbourne – close to Chinatown, retail outlets and convenient public transport. The campus is a dedicated nursing training facility, and is perfect for those wanting to learn in the CBD.

HOLMESGLEN AT EILDON

Moore Road Eildon

140km from Melbourne, Holmesglen at Eildon is located in the scenic Victorian countryside. This purpose-built facility is available to students from a range of faculties for specialised camps and excursions. These visits can include field work and student projects. Holmesglen at Eildon also hosts a range of recreational activities for international students to enjoy the breathtaking scenery and Australian native wildlife.

LE CORDON BLEU MELBOURNE AT HOLMESGLEN

CRICOS Provider Code: 02380M

Le Cordon Bleu opened its Melbourne Culinary Arts Institute in 2015, offering its ‘passport to the world’ culinary programs in what is arguably Australia’s culinary capital. In partnership with Holmesglen, Le Cordon Bleu’s hallmark culinary programs offered at Holmesglen’s Moorabbin Campus include the coveted Grand Diplôme, Diplôme de Cuisine [Certificate III in Commercial Cookery (SIT30816)], Diplôme de Pâtisserie [Certificate III in Patisserie (SIT31016)], Certificat de Chef de Partie en Cuisine [Certificate IV in Commercial Cookery(SIT40516)], Certificat de Chef de Partie en Pâtisserie [Certificate IV in Patisserie (SIT40716)], and the Diplôme Avancé de Gestion Culinaire [Advanced Diploma of Hospitality Management (SIT60316)].

Each program is designed to develop innovation, creativity and entrepreneurial flair under the passionate, highly skilled guidance of Le Cordon Bleu chefs, in world-leading kitchen, bakery and restaurant facilities.

For further information www.cordonbleu.edu/melbourne

STUDENT LIFE AT HOLMESGLEN

AT HOLMESGLEN, YOU WILL HAVE ACCESS TO A COMPLETE RANGE OF SERVICES AND PROGRAMS TO ASSIST AND SUPPORT YOU THROUGHOUT YOUR STUDIES AND YOUR EXCITING NEW LIFE IN MELBOURNE.

SUPPORT SERVICES

The wide range of services and resources available to our students include:

- Airport reception
- Accommodation assistance
- Orientation programs
- Overseas Student Health Cover services
- Academic support
- Confidential counselling and personal development programs
- Career counselling and employment assistance
- Independent Learning Centres
- Visa regulations advice
- Recreation and sporting activities
- Social activities, trips and tours
- Health services
- 24 hour on campus security.

Detailed information on all of Holmesglen's student support services and activities is available at: holmesglen.edu.au/students/student-services

ACADEMIC SUPPORT

Throughout your studies at Holmesglen, you will have access to a range of academic support programs and services, to assist you in achieving your study goals successfully. Customised academic support programs to meet your needs can assist you with:

- Language, literacy and numeracy needs
- Time management and study skills
- Presentation skills
- Note taking and summarising
- Assignment structure and formatting
- Essay and report writing
- Academic referencing.

WELCOME PROGRAMS

Your journey at Holmesglen commences with your Welcome Program, a vital introduction to studying at Holmesglen and living in Melbourne.

Held at the start of each intake, a wide range of fun and informative sessions and activities are offered to our new international students, enabling you to:

- Become familiar with your campus and facilities
- Meet other students
- Learn more about the useful resources and services available to you throughout your student life at Holmesglen
- Meet International Centre and student support staff
- Obtain important information about transport, your safety and on-campus security, visa regulations, Overseas Student Health Cover, health services and financial advice.

IT'S NOT JUST ABOUT STUDY... IT'S ABOUT THE EXPERIENCE!

AS A HOLMESGLEN STUDENT, OUR RECREATION TEAM IS HERE TO ENSURE YOU HAVE EVERY OPPORTUNITY TO ACHIEVE THE RIGHT STUDY-LIFE BALANCE. THERE WILL BE PLENTY OF ACTIVITIES, OCCASIONS AND EVENTS TO BROADEN YOUR MIND, MEET NEW PEOPLE, ENJOY OUR SPACES AND REALLY EXPERIENCE LIFE IN AUSTRALIA WHILE YOU STUDY.

WE OFFER AN EXTENSIVE RANGE OF SOCIAL AND SPORTS CLUBS, TRIPS AND TOURS, LIVE MUSIC AND REGULAR EVENTS TO GET YOU INVOLVED AND CONNECTED. ALL OF OUR ACTIVITIES ARE DESIGNED TO FIT A STUDENT BUDGET, SO YOU CAN TAKE PART AT A FRACTION OF THE PRICE. SOME ACTIVITIES ARE EVEN FREE!

SEE AND EXPERIENCE AUSTRALIA WITH OUR TRIPS AND TOURS

Our program offers students the chance to step off campus and experience a diverse range of trips and tours that showcase what Melbourne and Australia has to offer. Trips can vary from a day trip, weekend trip or even interstate trips.

Trips have included:

- Brisbane and Moreton Island
- Sydney and the Blue Mountains
- The Great Ocean Road
- Mt Buller
- Phillip Island.

JOIN A SPORT OR CLUB

Our special interest clubs offer a great way for students to connect with peers, bond over similar interests and find a group of like-minded students.

You can even start your very own club.

Some existing clubs include:

- Movie Club
- Foodies Club
- Strike Club
- Adventure Club
- Basketball
- Futsal (indoor soccer)
- Cricket.

ENJOY LIFE ON CAMPUS

With over 50 free events each year held across each of our 6 main campuses, you will be able to take advantage of free food, giveaways, games and special student offers from external student centred stall holders.

Our events aim to regularly celebrate significant cultural events, promote health and wellbeing and raise awareness on key social issues.

For more information, keep an eye on holmesglen.edu.au/recreation

HOLMESGLEN ONLINE COMMUNITY

Holmesglen's Online Community is our online social networking site. It's open to current, past and prospective Holmesglen students. It's a great place to ask questions, seek advice, share your knowledge and connect with others online.

You can join or start a special interest group to find and meet like-minded new friends, fellow students and communities. You'll also find all of Holmesglen's news and events listed here.

Create an account and log in using your phone, tablet or computer so you don't miss out on anything happening at Holmesglen.

JOIN YOUR COMMUNITY

A PLACE TO CALL HOME

GIVE YOURSELF THE BEST OPPORTUNITY TO ENJOY YOUR STUDY EXPERIENCE BY ARRANGING A COMFORTABLE AND SAFE PLACE TO LIVE. HOLMESGLEN OFFERS A VARIETY OF ACCOMMODATION OPTIONS, INCLUDING INSTITUTE ACCOMMODATION AND HOMESTAY, AND CAN ALSO ASSIST YOU WITH ORGANISING PRIVATELY OWNED SHARED ACCOMMODATION AND STUDENT APARTMENTS.

INSTITUTE ACCOMMODATION

Living in Institute Accommodation is a great way to become friends with other students from different cultures. Houses are located within a convenient distance from our Chadstone, Moorabbin and Waverley campuses. Houses are fully furnished, and can accommodate between 2 and 6 students, each with their own bedroom.

- Weekly rent covers internet, facilities, heating, cooling and cleaning services.
- Students must be over 18 years of age to live in Institute Accommodation.
- Students opting for Institute Accommodation also receive complimentary airport reception upon arrival.
- A complimentary bed linen package is also included.

Cost: Weekly rent (AUD) \$180. For further information, visit holmesglen.edu.au/Students/International/Student-Accommodation-Options

HOMESTAY

For students who are away from home for the first time, Homestay is a great way to learn about the Australian lifestyle within a supportive family environment. Living with an Australian family is also a great way to regularly practice and improve your English.

Homestay Accommodation is located within a convenient distance from all of our campuses. Holmesglen is partnered with Australian Homestay Network (AHN) who arrange Homestays. AHN is responsible for selecting suitable families and connecting them with students.

Students opting for Homestay Accommodation also receive complimentary airport reception upon arrival. For further information, visit homestaynetwork.org

PRIVATELY OWNED ACCOMMODATION

This accommodation is suitable for students who have already arrived in Australia and are studying at any of our campuses.

Students who are looking for privately owned accommodation can find rental properties listed with commercial real estate agents. This type of accommodation is usually a student share house. Students who wish to find private rentals will need to apply for a lease and pay a bond.

Weekly rental costs can range from \$130 to \$250 per person depending on the location and facilities. Students may wish to select temporary accommodation and investigate shared accommodation upon arrival.

For advice or assistance seeking accommodation during your studies, you can contact our Accommodation Officer via email international.services@holmesglen.edu.au

AWARDING EXCELLENCE

OUTSTANDING INTERNATIONAL STUDENT AWARDS

WINNER

DARWIN FERNANDEZ – VENEZUELA

“Winning the Outstanding International Student Award made me very proud of what I have achieved so far. My time at Holmesglen has motivated and empowered me to accept bigger challenges and to achieve new goals. During my Nursing studies I gained so much knowledge, and experienced personal growth and maturity in a friendly environment with classmates who, like me, are also high achievers. The winning of this award has been achieved through the effort of many; including my teachers who have served as my guide and pillars in my education process. Holmesglen has supported me immensely by providing me with different extracurricular opportunities, academic development, training, and the ability to work closely with staff members and mentors.”

FINALIST

YI-LIN CHIN – SINGAPORE

Yi-Lin Chin is from a family of dentists, and so it would seem, she was destined to join the dentistry field.

Her passion and dedication can be seen in the classroom and has been recognised by her teachers. “Yi-Lin has proven to be an exceptional student, dedicated to her own learning and also encouraging others by her example”, says teacher Chrissie Hudson.

During her time at Holmesglen, she has become an active Holmesglen student representative and has served as a Holmesglen Student Ambassador. She participated in Study Melbourne Live 2018, which is a Victorian Government initiative that supports international students, and she has also volunteered at Cambodia’s UNACAS Orphanage.

Yi-Lin attributes her new-found confidence and skill set to the support and guidance she gained while in the classroom. “I have grown up during my time in the dental lab, especially in how I communicate with people”, she says.

FINALIST

GIORGIA PISANO – ITALY

Giorgia Pisano has a bachelor’s degree from her home country, Italy, and a Master’s in Production Engineering and Management from Sweden. But it was her passion for furniture making that brought her to the Holmesglen workshop. “It was like seeing snow for the first time”, Giorgia says of discovering Holmesglen’s furniture design and technology course at an Open Day.

She dedicated herself to her training, citing the hands-on nature of the course as the key to her success. In 2018, Giorgia won the Dangerous Designs competition, an online design competition sponsored by WoodSolutions and supported by industry and the education sector. Since then she continued to be recognised by her teachers and peers alike.

Giorgia has gone on to work for Barnaby Lane, a highly sought after Melbourne-based furniture manufacturer, as part of a team of talented individuals across the globe who all share the same vision and passion for hand-crafted furniture.

INTERNATIONAL STUDENT SCHOLARSHIPS

Our 2019 International Student Scholarship recipients were a group of outstanding students recognised by their teachers as committed and motivated. Holmesglen is proud to have a comprehensive Scholarship Program available for the benefit of its international students.

The program is aimed at facilitating a range of values which the Institute has always embodied: Ambition; Scholarship; Passion; Integrity; Respect and Excellence. For more information about the International Student Scholarship Program and its application process, please visit holmesglen.edu.au

2019 International Student Scholarship recipients

Back, L-R: Giorgia Pisano (Italy), Lindsay Charles D’Reego (India), Ivy Nyokabi (Kenya), Yi-Lin Chin (Singapore), Sabrina Niemi (USA). Front, L-R: Jin Teng Hong (Malaysia), Liia Soloshenko (Ukraine), Suzanne Teoh Hui Yen (Malaysia), Manuela Nehme (Germany), Ricky Chiu (Hong Kong), Darwin Fernandez (Venezuela).

STUDY WITH A DIFFERENCE

OUR TEACHING METHODS

At Holmesglen, we are committed to supporting our students to achieve their learning goals, so we provide small classes with hands-on experiences. With small classes, you won't be lost in the crowd. You'll soon get to know your fellow students and feel part of Holmesglen — and your teachers will know you as an individual.

All teaching methods are designed to develop your analytical and critical thinking skills, together with providing the opportunity to apply your learning to real workplace situations.

Teaching methods to ensure your work readiness include:

- Tutorials
- Workshops
- Industry projects
- Field trips
- Work integrated learning
- Clinical, studio and laboratory sessions.
- Lectures
- Hands-on practice
- Online learning
- Work simulated training
- Problem solving exercises

ASSESSMENT METHODS

Assessment of your learning will be completed using a variety of methods, focusing on measuring your competency, capabilities, understanding and knowledge. Assessment of competency-based training ensures that you have met the standard that is required to reach competence in your chosen study areas.

Our diverse range of assessment methods may include a combination of:

- Written assessments
- Industry projects
- Problem solving exercises
- Practical observation in a workplace or simulated work space.
- Portfolios
- Oral class presentations

PATHWAY OPTIONS

Choosing to study a Diploma to Degree Pathway at Holmesglen can greatly improve your employability and further develop your academic preparedness for higher education study in Australia.

The completion of practical, industry relevant vocational training, combined with the enhanced knowledge and understanding gained during your degree studies, equips you with the sought-after skills and qualifications needed for success in your chosen career.

Our wide range of pathway options and the advanced standing available into our highly regarded undergraduate programs are outlined throughout the Course Guide. Refer to your chosen area of study for more information.

ENGLISH PROGRAM

VOCATIONAL PROGRAM
1 – 2 YEARS

BACHELOR DEGREE WITH
ADVANCED STANDING
1.5 – 2 YEARS

COURSE CREDIT

If you have relevant qualifications, skills or work experience, you may be eligible to apply for credit or advanced standing towards your studies at Holmesglen. Recognition of Prior Learning (RPL) recognises your skills and competencies gained through your previous experience in the workplace, voluntary work, and formal or informal learning and can enable you to gain entry or credit into your chosen study area. Credit Transfer (CT) may be gained according to your previous successful completion of the same or similar subjects or units of competency within your selected course at Holmesglen.

Consideration of prior learning for international students will be consistent with the requirements of the Education Services for Overseas Students (ESOS) Act 2000 and the National Code 2018. Further information is available at internationaleducation.gov.au/Regulatory-Information/Pages/Regulatoryinformation.aspx

MAXIMISE YOUR EMPLOYMENT POTENTIAL

THE SKILLS AND JOB CENTRE AT HOLMESGLEN IS A FREE PROFESSIONAL RECRUITMENT SERVICE FOR EMPLOYERS AND HOLMESGLEN STUDENTS.

THE SERVICE EXTENDS FAR BEYOND ASSISTING STUDENTS IN SECURING EMPLOYMENT. OUR STAFF OFFER ONGOING SUPPORT AND CONTACT WITH THE STUDENTS. TO DATE, THE SERVICE HAS PLACED HUNDREDS OF STUDENTS FROM ALL FACULTIES AND DISCIPLINES INTO VARIED POSITIONS ACROSS AN IMPRESSIVE RANGE OF EMPLOYERS.

SKILLS AND JOB CENTRE

1

CAREER ADVICE AND COUNSELLING

- Identify your career goals in line with your skills, strengths and interests
- Our career advisors will help you develop a career plan and expand your understanding of your chosen industry.

2

SKILLS ASSESSMENT AND TRAINING ADVICE

- Determine any new skills you may require
- Find the right training courses and study pathways.

4

ONE-ON-ONE CONSULTATIONS

- You'll get the personal support you need while searching for jobs
- Job readiness coaching.

3

FREE WORKSHOPS

- Resume preparation
- The hidden job market
- Developing interview skills
- How to reverse market yourself.

5

FOLLOW UP SUPPORT

- After you have secured a new position, we will continue to keep in regular contact to ensure you are settling into your new job.
- We can also refer you to welfare, finance and other service providers.

For further information, about the Skills and Job Centre, contact sjc@holmesglen.edu.au

Services are provided on a one-to-one basis, tailored to suit your needs.

HEADSTART PROGRAMS

Starting a higher education course at Holmesglen is a time of exciting change but can also be a challenging time for your social, academic and personal life.

The Headstart and Transition to Higher Education programs are offered to all students commencing a Higher Education course at Holmesglen. The programs include academic support as well as fun social activities to help students settle into student life and celebrate the beginning of their academic journey.

Though both programs share many common features, Headstart is designed for students entering the first year of their degree, while Transition to Higher Education is for pathway students transitioning from Vocational Education and Training (VET).

These programs introduce students to the skills necessary to be successful higher education learners. They offer the opportunity to have any questions answered through a series of programs and events. They are customised to meet the specific needs and interests of students in each program, with fun activities designed to build friendships and help students begin their studies with confidence. Opportunities are provided to meet academic and administration staff and obtain information about available services and resources that support students as they enter Higher Education.

A typical core program commences with an Introduction to Higher Education, and includes:

- Information about the course, teachers and classrooms
- How and where to access student services and support on campus
- Academic skills workshops
- Academic Integrity
- Research, critical thinking and referencing
- Team building activities
- Managing study, work and social lives
- Wellbeing workshops
- Help with living independently and much more.

ENGLISH LANGUAGE PROGRAMS

ENGLISH FOR YOUR FUTURE

GENERAL ENGLISH

Course Codes: 050227M
 Duration: 4 to 50 weeks
 Intakes: weekly, monthly
 Fee (\$AU): \$290 per week
 Campus: St Kilda Road

Prerequisites

Holmesglen's General English program is available to students at any level of English language proficiency. Learners will be placed in a class appropriate to their starting level and have opportunities to progress to higher levels as they increase their English language skills.

Why choose this course

Holmesglen's General English programs develop students' English language communication skills with a focus on building confidence and fluency in a friendly and fun environment. Our teaching approach focuses on critical thinking, as well as group and project work – all drawn from real-life experiences, which means you will not only be learning the language, you will be learning how to use it in everyday life.

With a multicultural mix of students in our classrooms, you will learn English in a truly international environment. Our teachers are experts in English, and understand it can be hard to learn a new language. They've helped thousands of students from around the world to improve their English skills. With small class sizes, you will receive individualised attention with lots of feedback to help you prepare for future employment opportunities or further studies.

What you will study

Through a communicative approach, students practice listening, speaking, reading and writing skills in a variety of 'real life' situations. Studying General English at Holmesglen will give you the confidence and skills to function or work in an English speaking country or to go on to further study.

Holmesglen's General English program includes topics, such as:

- Interactive, dynamic English classes with highly qualified and engaging teachers
- Immersion in Holmesglen's culturally diverse on-campus community life
- Employability workshops including resume writing, interview skills and negotiation
- Presentations by faculty experts on further study options at Holmesglen
- Training on how to deliver engaging, impactful academic spoken presentations
- Access to class excursions and on-campus social activities and organized tours, sightseeing and cultural experiences
- Support with career guidance and work options

You will learn how to:

- Build your vocabulary
- Develop your grammar skills
- Speak English with greater accuracy, fluency and confidence
- Read and comprehend texts on a variety of topics
- Improve your writing skills
- Understand formal and informal English
- Participate effectively in discussions, interviews and conversations

This fast paced intensive and practical English course includes:

- Understanding spoken English in conversations, discussions and lectures
- Note taking
- How to express facts, ideas and opinions in academic writing – using appropriate vocabulary and grammatical structures
- Developing your independent, analytical and critical thinking skills
- Writing well-structured and formatted paragraphs of various types
- Reading and understanding complex texts
- Writing formal assignments as required in undergraduate and postgraduate courses.
- English language that is specifically designed for students wanting to work or study in a particular field, namely:
 - English for Health Professionals
 - English for Early Childhood
 - English for Business

Classes and assessment

Classes are typically scheduled over 4 days per week (indicative only; timetables are subject to change).

These General English programs will enable you to develop English language proficiency to meet entry requirements for a range of pathway courses; including vocational certificates, diplomas and courses in higher education.

Students are advised to allow an additional \$260 (AUD) for materials and equipment.

CAMILO SÁNCHEZ – COLOMBIA

“It was clear to me that if I wanted to improve my knowledge of English, I needed to choose a course that would let me challenge myself – and that’s exactly what studying English at Holmesglen did – it challenged me. Since the beginning of my classes, my knowledge of the language has improved considerably to the point where I’m comfortable communicating with English speakers face-to-face or via text and email, which was very difficult for me beforehand.

I will always be thankful to Holmesglen for the opportunity to study and learn with other young people with so many different stories, beliefs and dreams. I am also thankful to my teachers and the support staff for all their assistance and advice helping me achieve my goals to continue my studies here in Australia.”

ARTS AND DESIGN

CREATE YOUR VISIONS, INSPIRE MINDS

IF YOU ARE EAGER TO EXPLORE AND REALISE YOUR CREATIVE POTENTIAL, HOLMESGLEN OFFERS A WIDE RANGE OF COURSES THAT WILL BUILD YOUR TECHNICAL ABILITIES AND GIVE YOU UNIQUE INSIGHTS INTO CREATIVE INDUSTRIES. MAKE THE MOST OF OUR CONNECTIONS, WITH OPPORTUNITIES TO WORK DIRECTLY ON INDUSTRY PROJECTS.

KUN WANG – CHINA

BACHELOR OF FASHION DESIGN

“I’m glad that I chose Holmesglen as they have such a strong focus on teaching the necessary practical and technical skills. The training centre reflects a real industrial set-up as you would see in the fashion industry. The training centre is equipped with a variety of sewing machines, such as lockstitch, overlocker, and even more obscure ones such as the blind stitch for us to use and learn with. We have small, close-knit classes; which means students have more one-on-one time with teachers, who are very knowledgeable and always ready to help in any way. Aside from practical learning, we also have enormous opportunities in our learning of the fashion design aspect, with industry specialist lecturers, who have accumulated an incredible amount of experience across all aspects of fashion design.

I strongly believe that my time at Holmesglen has prepared me for any future that I choose to pursue in the fashion industry with great success.”

STUDY AREAS

- DESIGN
- FASHION DESIGN
- GRAPHIC DESIGN
- INTERIOR DESIGN

CUA40715 CERTIFICATE IV IN DESIGN

CRICOS Code:	090417G
Duration:	6 months
Intakes:	February, July
Fee (\$AU):	\$6,900
Campus:	Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

If you are interested in design but can't decide what area of design to pursue, or you don't meet the entry requirements for a design course, then this program provides you with a pathway. You will develop basic design skills as well as skills in major design software and in drawing, enabling you to pursue your passion for design in whatever discipline you choose.

Industry connections

Students are regularly engaged with industry through the industry speakers program.

Career outlook

During the Certificate IV in design you will develop a creative folio of individual work that you can use to apply for other design-focused study or use as an entry point into the workforce.

What you will study

In the Certificate IV in Design, you will be introduced to the design process, fundamentals of colour and to develop your conceptual design abilities. You will develop drawing skills as well as use InDesign, Photoshop, Illustrator and CAD.

Key study areas will include:

- Traditional and digital drawing
- Two and three dimensional design
- Design software
- Photography
- Folio presentation

Classes and assessment

Classes are typically scheduled over 3 to 3.5 days per week (indicative only; timetables are subject to change). Assessment may include a range of tasks, such as written and online assignments, tests and practical application projects.

Pathway options

Students who successfully complete the Certificate IV in Design gain a priority pass into their choice of the following programs:

- Diploma of Graphic Design
- Bachelor of Fashion

Students are advised to allow an additional \$200 (AUD) for materials and equipment.

MST40516 CERTIFICATE IV IN APPLIED FASHION DESIGN AND MERCHANDISING

CRICOS Code:	094604E
Duration:	1 year
Intakes:	February
Fee (\$AU):	\$13,800
Campus:	St Kilda Road

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

Begin your pathway into the fashion industry with the Certificate IV in Fashion Design and Merchandising. This course will introduce you to all facets of the design and merchandising process. Classes are held in our purpose built, industry standard facilities using the latest industrial equipment, taught by industry professionals.

During the program you will have many opportunities to develop friendships with other students, be mentored by a degree student and participate in a vibrant community of fashion students.

Industry connections

Students present their projects to a panel of industry professionals, and guest lecturers visit the campus regularly. Students are actively involved in major fashion events such as Melbourne Fashion Week dressing runway models. It is also recommended that students undertake 30 hours of work placement in a fashion enterprise.

Career outlook

- Assistant fashion designer
- Merchandising assistant
- Specialist production technician
- Patternmaker
- Sewing machinist

What you will study

Through the design process you will learn how to create fashion illustrations, design fashion concepts and develop colour and fabric proposals, draft patterns and sew garments. You will work in a fully dedicated fashion production room housing sewing machines, overlockers, steam presses, specialist machines, work tables, fabric fusers, and use computer laboratories with dedicated pattern making software, a digitising tablet and plotting device.

The course includes business and design outcomes which build on technical production skills and knowledge.

Key study areas

- Fashion design
- Garment construction
- Sourcing and costing
- Environmental sustainability in the textile and fashion industry
- Pattern development
- Fibres, yarns and fabrics

Classes and assessment

Classes are typically scheduled over 4 days, with approximately 22 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as online quizzes, pattern tests, portfolio submission, and participation in class activities.

Pathway options

On satisfactory completion of the Certificate IV in Applied Fashion Design and Merchandising, you will be eligible for a priority pass into the Bachelor of Fashion Design at Holmesglen.

All students transitioning from Vocational to Higher Education will enter a Transition to Degree Program prior to the commencement of their Degree classes to ensure their preparedness for Higher Education studies.

Students are advised to allow an additional \$400 (AUD) for materials and equipment.

BFD16 BACHELOR OF FASHION DESIGN

CRICOS Code:	093248F
Duration:	3 years
Intakes:	February, July
Fee (\$AU):	\$18,800 per year
Campus:	St Kilda Road

Prerequisites

- Good passes at Year 12 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 6.0 (Academic) with no individual bandscore less than 6.0.

Why choose this course?

The Bachelor of Fashion Design will take your technical and creative skills in fashion design to the next level. This course will provide you with the knowledge and insights to develop products in a global setting. With a strong foundation in business marketing, students learn to become innovative entrepreneurs. Students work closely with industry mentors and participate in 'real world' projects that are assessed by a panel of industry professionals.

Guest lecturers frequently visit the campus and speak to students about their professional practice. While you are studying you will have the opportunity to mentor Certificate IV fashion students and participate in the vibrant fashion community through regular social activities.

Industry connections

Students produce a range of garments for their final collection that may be showcased at Melbourne Spring Fashion Week. Every two years, the department also undertakes an immersive Design Study Tour to an international destination, such as Italy or New York.

Students visit major design houses, exhibitions and participate in master classes at world renowned fashion institutes.

Career outlook

- Fashion designer
- Pattern engineer
- Garment technician/fit technologist
- Small (design) business entrepreneur
- Offshore production manager

What you will study

You will develop an understanding of the global fashion and textiles industry, learning how to work effectively with others in the supply chain to develop commercial products. Students' advanced technical skills in digital design and pattern engineering are supported by an understanding of manufacturing and pre-production, ensuring that our graduates are highly sought after in the local and global fashion industry.

Key study areas will include:

- Design innovation
- Pattern engineering
- Professional practice
- Manufacturing and pre-production
- Ethics and sustainability
- Business marketing

Classes and assessment

Classes are typically scheduled over 4 days, with an average of 21 contact hours per week (indicative only; timetables are subject to change). Assessment will include a range of tasks, such as portfolio assessment, quizzes, and pattern making tests.

Students are advised to allow an additional \$525 (AUD) for materials and equipment.

MFS40118 CERTIFICATE IV IN INTERIOR DECORATION

CRICOS Code:	099337A
Duration:	1 year
Intakes:	February & July
Fee (\$AU):	\$13,800
Campus:	Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

Uncover the distinctive potential of spaces with a dynamic and fast-paced career in interior decoration. Create and reshape interior environments to improve the way we live. Holmesglen's interior decoration course creates decorators who have the skills and creativity to respond and adapt to the future challenges of sustainable residential design for 21st-century housing. Throughout your study, you will engage with the theoretical and practical elements of designing interiors – from branding, lighting, comfort, joinery, and furniture through to safety, sustainability and aesthetics. This understanding and experience will not only build your portfolio, but also prepare you for the practical aspects of work in the industry.

Industry connections

Uncover the distinctive potential of spaces with a dynamic and fast-paced career in interior decoration. Create and reshape interior environments to improve the way we live. Holmesglen's interior decoration course creates decorators who have the skills and creativity to respond and adapt to the future challenges of sustainable residential design for 21st-century housing. Throughout your study, you will engage with the theoretical and practical elements of designing interiors – from branding, lighting, comfort, joinery, and furniture through to safety, sustainability and aesthetics. This understanding and experience will not only build your portfolio, but also prepare you for the practical aspects of work in the industry.

Career outlook

- Colour consultant
- Interior stylist
- Freelance interior decorator
- Residential interior decorator/consultant
- Self-employed design consultant

What you will study

You will work on projects with specific client briefs and parameters, developing designs from the brief, while adhering to regulatory requirements. Projects may include residential spaces. Acquire an in-depth understanding of design culture, creative theory and history. You will understand the impact in the selection of colour, lighting, fabric, patterns, furniture and joinery. As used by industry professionals, you will learn how to use Computer Aided Design (CAD) to envision your project in a digital form. You will also gain invaluable skills in communication, teamwork and problem solving.

Key study areas

- Residential interior design
- Interior light and light fittings
- Furniture and accessories
- Decoration products
- Interpreting design briefs
- Colour restoration projects
- Design Elements and Principles
- Site evaluation for interior design brief
- Structural elements, systems and services for interior spaces
- Creative design process for 2D and 3D forms

Classes and assessment

Classes are typically scheduled over 3.5 to 4 days, with an average of 21 to 24 contact hours per week (indicative only; timetables are subject to change). Assessment may include a range of tasks, such as folio work, assessments, workshops and industry excursions.

Students are advised to allow an additional \$600 (AUD) for materials and equipment. Printing portfolio work is also at additional cost.

CUA50715 DIPLOMA OF GRAPHIC DESIGN

CRICOS Code:	090455A
Duration:	1 year
Intakes:	February, July
Fee (\$AU):	\$13,800
Campus:	Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent including passes in Art and Design and preferably some relevant work experience
- A portfolio is required for students entering the Diploma of Graphic Design with no prior Design study at Holmesglen
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5
- Students who do not meet the entry requirements for this course may undertake the Certificate IV in Design Satisfactory completion of the Certificate IV in Design provides priority pass entry to the Diploma of Graphic Design.

Why choose this course?

Gain the competitive edge to realise your career as a graphic designer. Graphic designers work in many different commercial and community contexts across both print and digital media. Our teachers and academic staff are industry professionals, who will guide you in developing your potential.

You will have access to high quality facilities, including the latest software and equipment. You will also have exciting opportunities to enter graphic design competitions, attend design events and meet industry professionals.

Career outlook

- Freelance designer
- Junior graphic designer

What you will study

This course will allow you to combine technical, creative and conceptual skills to create designs that solve a range of visual communication challenges.

Key study areas

- Graphic design for print and digital applications
- Two and three dimensional design
- Layout design
- Typography
- Photomedia
- Advertising
- Folio presentation
- Illustration

Classes and assessment

Classes are typically scheduled over 3 to 4 days per week (indicative only; timetables are subject to change). Assessment will include a range of tasks such as written and online assignments, tests and practical application projects.

Pathway options

On successful completions of all units of the Diploma of Graphic Design, students will be given a priority pass into the Advanced Diploma of Graphic Design.

Students are advised to allow an additional \$400 (AUD) for materials and equipment.

CUA60315 ADVANCED DIPLOMA OF GRAPHIC DESIGN

CRICOS Code:	093373A
Duration:	1 year
Intakes:	February
Fee (\$AU):	\$13,800
Campus:	Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent including passes in Art and Design and preferably some relevant work experience
- A portfolio is required for students entering the Advanced Diploma of Graphic Design with no prior Design study at Holmesglen
- English language proficiency equivalent to IELTS 6.0 (Academic) with no individual bandscore less than 6.0
- Students who do not meet the entry requirements for this course may undertake the Certificate IV in Design and/or Diploma of Graphic Design
- Satisfactory completion of the Diploma of Graphic Design provides a priority pass to the Advanced Diploma of Graphic Design.

Why choose this course?

Enhance your knowledge of visual communication and master the skills that will become your tools as a graphic designer. The Advanced Diploma of Graphic Design includes a focus on the professional and corporate aspects of the industry.

You will gain vital experience working on industry briefs, and have opportunities to enter competitions and attend design events. Students meet and network with industry professionals.

Industry connections

Advanced Diploma students take on briefs from real world clients enabling them to build a portfolio of work that stands out from the crowd. Industry experts regularly attend classes to provide students with an industry perspective.

Career outlook

- Freelance designer
- Graphic designer

What you will study

The Advanced Diploma of Graphic Design will provide you with a command of technical, creative and conceptual skills, as well as providing crucial training in the business of graphic design, and effectively presenting your work.

Key study areas

- Professional illustration
- Project management
- Business management
- Graphic designs for branding and identity
- Two and three dimensional design
- Establishing, negotiating and refining a design brief
- Portfolio presentation
- Interactive design

Classes and assessment

Classes are typically scheduled over around 3 to 4 days per week (indicative only; timetables are subject to change). Assessment may include a range of tasks, such as written and online assignments, tests and practical application projects.

Pathway options

On successful completion of the Advanced Diploma of Graphic Design at Holmesglen, students may apply for credit into Deakin University's Bachelor of Creative Arts (Visual Communication Design). Applications and credit exemptions will be assessed on an individual basis and must be lodged directly with Deakin University.

Students are advised to allow an additional \$400 (AUD) for materials and equipment.

BUILDING, CONSTRUCTION AND FURNITURE DESIGN

BUILD FOR THE FUTURE | DESIGN, CREATE AND BUILD

SINCE ITS EARLY FOUNDATIONS, HOLMESGLEN HAS BEEN RECOGNISED AS A LEADER IN PRACTICAL TRAINING FOR BUILDING AND CONSTRUCTION. TODAY, WE ARE STILL THE MOST COMPREHENSIVE PROVIDER OF BUILDING COURSES IN VICTORIA. MAKE THE CHOICE TO TRAIN WITH EXPERIENCED INDUSTRY PROFESSIONALS IN THE BEST FACILITIES IN THE STATE.

GIORGIA PISANO – ITALY

CERTIFICATE III IN CABINET MAKING AND CERTIFICATE IV IN FURNITURE DESIGN AND TECHNOLOGY

“Holmesglen’s course in Furniture Design and Technology has shaped my career in the best way I could imagine. It has fed my passion for designing furniture with an excellent hands-on approach balanced with CAD software learning in order to maximize the skill-set required in the industry. The people I have had the pleasure to call my teachers were also mentors to me; their passion, charisma and enthusiasm for teaching nourished my personal development as a designer and maker. It was thanks to them that I developed more confidence to enter external competitions. I accomplished a number of achievements, including winning the Dangerous Design Award, the Craftsmanship and Dean’s Award, not to mention being a finalist for the International Outstanding Student Award. The practical nature of Holmesglen’s courses helped me find jobs as both a furniture maker and freelance designer for three different Melbourne-based companies whilst still a student. Moreover, it connects the students with the industry, giving students the chance to expand their network and increase future employment opportunities.”

STUDY AREAS

BRICKLAYING
BLOCKLAYING

FURNITURE DESIGN AND TECHNOLOGY

CPC30111 CERTIFICATE III IN BRICKLAYING/BLOCKLAYING

CRICOS Code: 089529J
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$15,900
Campus: Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant employment experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5.

Why choose this course?

This qualification provides comprehensive training in all practical and theoretical aspects of the bricklaying trade. Much of a bricklayer's work requires a high level of skill and problem solving. You will develop the necessary skills to comprehend working drawings of buildings and be able to apply basic mathematics to construct complex structures such as arches, fireplaces and decorative brickwork.

Studying bricklaying and blocklaying at Holmesglen, you will receive hands on training from industry experienced teachers. You will train in excellent training facilities, acknowledged as the best in Victoria, and gain practical experience on full scale projects.

Industry accreditations

The Certificate III in Bricklaying/Blocklaying is a nationally recognised program and is supported by the Australian Brick and Blocklaying Training Foundation, Housing Industry Association (HIA) and Master Builders of Australia.

Industry connections

The Bricklaying/Blocklaying department has strong industry connections and is supported by many organisations.

Career outlook

- Bricklayer
- Blocklayer

What you will study

Throughout the program you will learn different aspects of the bricklaying industry including laying bricks, levelling, reading plans and costing and estimating.

The delivery of the program is in a simulated environment where students have real hands on experience and practical applications.

Key study areas

- Levelling
- Brick work
- Plan reading
- Laying pavers
- Scaffolding work
- Measurements and calculations
- Brick veneer and cavity construction
- Safe work practices
- Block work
- Problem solving
- Chimney building
- Costing and estimating

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as observation checklists, short answers and practical work.

Pathway options

On satisfactory completion of this course students may enter the Certificate IV in Building and Construction (Building), or the Diploma of Building and Construction (Building).

CPC30211 CERTIFICATE III IN CARPENTRY

CRICOS Code: 089528K
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$14,900
Campus: Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant employment experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5.

Why choose this course?

This qualification provides comprehensive training in all practical and theoretical aspects of the carpentry trade. Carpenters are the key players in domestic house construction. This course is delivered in Holmesglen's specially designed facilities, where an emphasis is placed on providing hands on, practical training underpinned with theoretical knowledge, as required.

Studying carpentry at Holmesglen, you will receive hands on training from industry experienced teachers. You will train in excellent training facilities, acknowledged as the best in Victoria, and gain practical experience on full scale projects.

Industry accreditations

The Certificate III in Carpentry is a nationally recognised program and is supported by the Housing Industry Association (HIA) and Master Builders of Australia.

Industry connections

The carpentry department has strong industry connections, which includes Master Builders Association, Housing Industry Association and many commercial and domestic builders.

Career outlook

- Carpenter

What you will study

Throughout the program you will learn different aspects of the carpentry industry including a range of tools and equipment, building roofs, floors, installing doors and safe work practices.

The delivery of the program is in a simulated environment where students have real hands on experience and practical applications.

Key study areas

- Using carpentry tools and equipment
- Installing floors
- Installing walls
- Installing frames
- Erecting roof trusses
- Working safely at heights
- Safe work practices
- Simple concreting
- Basic measurement skills
- Reading plans

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as practical work, short answers and observation checklists.

Pathway options

On satisfactory completion of this course students may enter the Certificate IV in Building and Construction (Building), Certificate IV in Furniture Design or the Diploma of Building and Construction (Building).

MSF30418 CERTIFICATE III IN GLASS AND GLAZING

CRICOS Code: 099711F
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$14,900
Campus: Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant employment experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5.

Why choose this course?

The Certificate III in Glass and Glazing will provide you with a specialist knowledge of the glass and glazing trade. Become proficient in the skills required in a range of glass and glazing job roles. Students are trained in safely manufacturing, processing, moving and installing various types of glass and handling glazing materials and components.

The program is delivered in Holmesglen's specially designed facilities, where an emphasis is placed on providing hands on, practical training and theoretical knowledge as required.

Industry accreditations

The Certificate III in Glass and Glazing is a nationally recognised program and is supported by the Glass and Glazing associations of Australia.

Industry connections

Holmesglen has excellent relationships with industry, including the glass association and commercial and domestic glaziers.

Career outlook

- Domestic or commercial glazier
- Glass edge worker/processor
- Glass cutter
- Various positions in architectural glass work

What you will study

Throughout the program you will learn different aspects of the glass and glazing industry including a range of tools and equipment, cutting glass, glazing of windows and doors and installing showers screens and doors.

The delivery of the program is in a simulated environment where students have real hands on experience and practical applications.

Key study areas

- Handle glass safely
- Processing thick glass
- Shower screens and wardrobe door installation
- Glazing and re-glazing windows and doors
- Assessing glazing requirements
- Preparing and installing glazing products

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change). Assessment may include a range of tasks, such as short answer questions, practical demonstration, and observation checklists.

Pathway options

On satisfactory completion of this course students may enter the Certificate IV in Building and Construction (Building) or the Diploma of Building and Construction (Building).

CPC30611 CERTIFICATE III IN PAINTING AND DECORATING

CRICOS Code: 090132J
Duration: 1 year

Throughout your training you will have opportunities to familiarise yourself with leading industry equipment and professional associations within the furniture, kitchen and bathroom industry.

During your program there may be industry key events related to your subjects and course which provide you with exposure to professionals and suppliers within the cabinet making industry.

Career outlook

- Cabinet maker
- Cabinet making supervisor
- Furniture maker (bespoke, residential or commercial)
- Kitchen and bathroom maker (bespoke, residential or commercial)
- Furniture prototyping
- Furniture designer

What you will study

Throughout the program you will learn different aspects of the cabinet making industry including computer aided drawing, use of machines, making of cabinets and safe work practices.

The delivery of the program is in a simulated environment where students have real hands on experience and practical applications.

Key study areas

- Construction of furniture
- CNC programming and machining
- Construction of samples drawings
- Manual and computer-aided drawings
- Operation of workshop machinery
- Building and installing cabinets
- Estimating and costing jobs
- Timber joints

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as short written answers, practical work and observation checklists.

Pathway options

On satisfactory completion of this course students may apply for further studies in Furniture Design and Technology or a Diploma of Building and Construction (Building).

AN VO NGUYEN – VIETNAM CERTIFICATE III IN CARPENTRY

CRICOS Provider Code: 000126

“The Certificate III in Carpentry at Holmesglen has given me practical guidelines and skills that are necessary to achieve my goal in becoming a builder. It is very interactive; and I am able to work with other students in the course as well as work closely with my teacher. In my current job, my experience from Holmesglen has provided me with superior knowledge to become confident in my work and guidance in becoming a team leader. Holmesglen has taught me so much and has given me such a memorable and honorable experience! It has definitely helped me build a future career pathway.”

CPC31912 CERTIFICATE III IN JOINERY

CRICOS Code: 089777D
Duration: 1 year
Intakes: February, April, July and October
Fee (\$AU): \$14,900
Campus: Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

Gain the skills and qualification you will need to start your career as a joiner or cabinet maker, with the ability to work in a range of commercial or residential settings, on projects such as windows and doors.

The Certificate III in Joinery will provide you with comprehensive training in the practical and theoretical aspects of joinery. You will complete full-scale projects in Holmesglen's specially designed facilities with industry-experienced teachers.

Industry connections

Throughout your training you will have opportunities to key industry equipment and professional associations within the joinery industry. Leading industry professionals will showcase their equipment throughout the program and there may be opportunities to visit key events related to the joinery profession.

Career outlook

- Cabinet maker
- Various positions in furnishing and joinery industry
- Joinery

What you will study

Throughout the program you will learn different aspects of the joinery industry including use of tools and equipment use of specialised timber, and safe work practices and operational use of machines.

The delivery of the program is in a simulated environment where students have real hands on experience and practical applications.

Key study areas

- Manufacture and assembly of joinery components
- Safe use of tools and equipment
- Measurements and calculations
- Levelling, use of power tools
- Timber work
- Application of finishes
- Computer controlled machinery
- Cutting glass
- Manual and computer-aided drawings
- Making windows and doors

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as short written answers, practical work and observation checklists.

Pathway options

On satisfactory completion of this course students may apply for further studies in Furniture Design and Technology.

MSF40213 CERTIFICATE IV IN FURNITURE DESIGN AND TECHNOLOGY

CRICOS Code: 088123F
Duration: 1 year
Intakes: February, April, July, October
Fee (\$AU): \$14,900
Campus: Chadstone

Prerequisites

- Good passes at Year 12/Matriculation or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

The Certificate IV in Furniture Design and Technology will provide you with skills in the design of furniture, and the ability to realise your design as a finished furniture product. Learn to design and produce individual fine furniture for display, custom production and furniture for volume production. Furniture designers are experts in creating and designing furnishings while considering both fashion and functionality.

As a student, you will become confident producing interior and exterior furniture, with a grounding knowledge of sustainability, ergonomics and customer style preferences. Your training at Holmesglen will set you up for a career in this growing and competitive industry.

Industry Connections

Throughout your training, you will have opportunities to be mentored by leading industry designers, businesses that have built a heritage on the principles of good design. They will assist you with your designs and you may also have your pieces displayed at their showroom.

Career outlook

- Furniture designer (bespoke, commercial or residential)

- Furniture prototyping or model maker
- Interior decorator or designer

What you will study

Throughout the program you will learn different aspects of the furniture making industry including computer aided drawing, use of machines, making of furniture, furniture styles and safe work practices.

The delivery of the program is in a simulated environment where students have real hands on experience and practical applications.

Key study areas

- Researching furniture styles
- Maintenance and monitoring of machines
- Producing custom furniture
- Producing Computer Aided drawings
- Use of woodworking machines
- Templates and jigs for custom made furniture
- Constructing joints for custom furniture
- Design briefs

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as short answer questions, practical demonstration and observation checklists.

CPC40110 CERTIFICATE IV IN BUILDING AND CONSTRUCTION (BUILDING)

CRICOS Code: 073684G
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$14,900
Campus: Chadstone

Prerequisites

- Good passes at Year 12/Matriculation or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5.

Why choose this course?

Gain the skills and knowledge that will lead to a range of opportunities working in residential, industrial and commercial low-rise and medium-rise construction. This qualification has been specifically designed for people aiming to move into supervisory, administrative or management roles within the design and construction industry.

Holmesglen is a leading provider of building studies in Victoria, and the course is delivered by professionals with extensive industry experience.

Industry accreditations

The Certificate IV in Building and Construction (Building) is nationally recognised and may be used as part evidence for limited registration as a builder with the Victorian Building Authority (VBA).

Industry connections

Students will have opportunities to interact with the construction industry through a program of industry guest speakers and coordinated visits to construction sites to reinforce the knowledge and skills gained in the classroom.

Career outlook

- On-site manager or supervisor
- Registered Building Practitioner
- Builder – residential
- Project manager – residential

What you will study

In this course you will gain the necessary knowledge of building structures under the National Construction Code (NCC) and the building acts. The course will assist you in developing the necessary skills required to manage small to medium size building businesses.

Key study areas

- Environmental management practices
- Safety and risk management
- Managing projects
- Building codes and standards
- Contracts including legal obligations
- Estimating and monitoring costs
- Structural principles

Classes and assessment

Classes are typically scheduled over 3 days (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as assignments and tests.

Pathway options

On satisfactory completion of the Certificate IV in Building and Construction (Building) you may be eligible to enter the Diploma of Building and Construction (Building) with up to 1 year's credit.

CPC50210 DIPLOMA OF BUILDING AND CONSTRUCTION (BUILDING)

CRICOS Code: 073682J
Duration: 1.5 years
Intakes: February, July
Fee (\$AU): \$14,900 per year
Campus: Chadstone

Prerequisites

- Good passes at Year 12/Matriculation or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

This qualification has been designed to meet the needs of the building professional who coordinates the construction of a building, taking responsibility for the overall completion of the job, including selecting contractors, overseeing the work and its quality, and liaising with the client.

Throughout the course you will learn the professional skills and knowledge required for the management, supervision and administration of residential, industrial and commercial building projects.

With many comprehensive building elements incorporated into project based learning, you will have the opportunity to develop your technical and research skills in an environment of self paced learning, which may include study tours and site visits.

Industry accreditations

The Diploma of Building and Construction (Building) is nationally recognised and may be used as part evidence for registration as a builder with the Victorian Building Authority (VBA).

Industry connections

During your studies you will have the opportunity to get acquainted with industry practices through a program of invited industry practicing guest speakers and coordinated visits to construction sites.

Career outlook

- On site manager or supervisor
- Local, national and international construction project manager
- Specialist construction roles in quality assurance and safety

What you will study

Throughout the course you will learn the professional skills and knowledge required for the management, supervision and administration of construction processes for medium rise residential, industrial and commercial building projects.

Key study areas

- Construction management and planning
- Codes and standards
- Risk management
- Quality management
- Contracts and legal requirements
- Building services
- Construction materials
- Structural elements of buildings

Classes and assessment

Classes are typically scheduled over around 3 days, with an average of 22.5 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as assignments, tests, folio submission, presentations and quizzes.

22477VIC ADVANCED DIPLOMA OF BUILDING DESIGN (ARCHITECTURAL)

CRICOS Code: 099457D
Duration: 2 years
Intakes: February, July
Fee (\$AU): \$14,900 per year
Campus: Chadstone

Prerequisites

- English language proficiency equivalent to IELTS 5.5 (Academic) with no band less than 5.5
- Good passes at Year 12/Matriculation or the overseas equivalent.

Why choose this course?

This qualification will develop your architectural building design skills in both the residential and commercial areas of the industry. You will work on real projects, reflecting real-life work practices, responding to real client briefs.

Designed to meet architectural building design and construction industry needs, you can complete the course in two years full time, and be able to move into the workforce or onto a degree course.

Through the course, you will acquire the professional skills and knowledge required for sustainable design, drafting and documentation of residential, industrial and commercial buildings.

Emphasis is on the design process, construction technology, integration of Building Information Modelling (BIM), presentation and production of working drawings, using industry standards and the latest architectural software and virtual experiences.

You will also have access to design studios with computer labs equipped with the latest technology including industrial 3d Printers, Virtual and Mixed Reality.

Industry accreditations

This qualification, together with relevant industry experience, allows you to become a Registered Building Practitioner with the Victorian Building Authority (VBA) in the Category of Draftperson – Building Design (Architectural).

Industry connections

You will have an opportunity to get acquainted with industry through invited guest speakers and coordinated site visits. You may also have the opportunity to compete in most of the competitions organised by the Building Designers Association of Victoria.

Career outlook

- Project manager
- CAD and BIM Specialist
- Building design and planning

What you will study

Throughout the Advanced Diploma of Building Design (Architectural) program, emphasis is on the design process, construction technology, Building Information Modelling (BIM), presentation and production of working drawings using industry standards and the latest software.

Key study areas

- Sustainable design
- Project administration
- Construction technologies
- Computer-aided design (CAD)
- Building information modelling (BIM)
- Small business

Classes and assessment

Classes are typically scheduled over 4 days (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as assignments, presentations and tests.

Pathway options

Students may be eligible for advanced standing towards the Bachelor of Design (Architectural) at Deakin University. Applications will be assessed on an individual basis and must be lodged directly with Deakin University.

A laptop capable of running architectural drawing software is highly recommended.

BUSINESS AND MANAGEMENT

LEAD THE WAY, REALISE YOUR VISION

BUSINESS IS THE HEARTBEAT OF THE PROFESSIONAL SECTOR, PROVIDING ECONOMIC STABILITY AND WORKING AS A CATALYST FOR POSITIVE CHANGE. HOLMESGLEN'S BUSINESS COURSES ARE FOCUSED ON GIVING YOU A PRACTICAL AND HANDS-ON APPROACH. CHOOSE FROM A WIDE RANGE OF PATHWAY OPTIONS FROM CERTIFICATES THROUGH BACHELOR'S OR MASTER'S DEGREES.

LAURA SOFIA BAYONA – COLOMBIA

BACHELOR OF BUSINESS ADMINISTRATION

“My journey at Holmesglen has been fascinating. What I value most in my studies is the experience of finishing class wanting to know more, even after a full day of classes! I feel that my course provides a dynamic way of learning, constantly leading to a higher level of critical thinking. It also provides a great balance between theory and practice. Additionally, the encouragement and support from my lecturers and the staff and the amount of academic support tools we have available on and off campus has contributed greatly to my positive study experience. I find a lot of satisfaction in my life in everything that I'm doing, because I know deeply I am learning what I want to learn and becoming who I want to become. In the near future I hope to gain more experience in the education field, and I am greatly appreciative of the opportunity Holmesglen has given me to achieve my goals as a Bachelor of Business Administration student. My future aspiration is to build my own school as I would like to be able to provide unique solutions in the challenging and competitive world that we live in today.”

STUDY AREAS

- ACCOUNTING
- HEALTH ADMINISTRATION
- BUSINESS
- HUMAN RESOURCES MANAGEMENT
- LEADERSHIP AND MANAGEMENT
- BUSINESS ADMINISTRATION

FNS40217 CERTIFICATE IV IN ACCOUNTING AND BOOKKEEPING

CRICOS Code: 099459B

All students transitioning from Vocational to Higher Education will enter a Transition to Degree Program prior to the commencement of their Degree classes to ensure their preparedness for Higher Education studies.

BSB50415 DIPLOMA OF BUSINESS ADMINISTRATION

CRICOS Code: 087282K
Duration: 6 months
Intakes: February, July
Fee (\$AU): \$6,400
Campus: Chadstone

Prerequisites

- Successful completion of Holmesglen's Certificate IV in Business or successful completion of Year 12 or the overseas equivalent, or a minimum of 2 years' relevant employment experience
- English Language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5.

Why choose this course?

Gain practical and high level administrative training for positions in clerical and administration roles. The Diploma of Business Administration is a widely applicable qualification that will allow you to apply for administrative positions in private business, government and non-profit organisations.

You will acquire essential skills in communication, team and people management. You will also gain advantageous experience and the opportunity to apply your skills with an industry placement.

Career outlook

- Administrative officer
- Personal assistant
- Executive assistant
- Various administrative positions in private business, government and not-for-profit organisations

What you will study

Students learn key administrative processes and procedures.

Key study areas

- Managing meetings
- Planning conferences
- Business document design and development
- Customer service management
- Administration system management

Classes and assessment

Classes are typically scheduled over 3 – 4 days per week (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as a combination of written and online assignments, and practical application of industry relevant projects and knowledge task questions.

Pathway options

On satisfactory completion of the Certificate IV in Business and the Diploma of Business Administration, you will be eligible to receive up to 1 year's advanced standing towards the Bachelor of Business Administration.

All students transitioning from Vocational to Higher Education will enter a Transition to Degree Program prior to the commencement of their Degree classes to ensure their preparedness for Higher Education studies.

BBA14 BACHELOR OF BUSINESS ADMINISTRATION

CRICOS Code: 069454M
Duration: 3 years
Intakes: February, July
Fee (\$AU): \$15,900 per year
Campus: Chadstone

Prerequisites

- Year 12/Matriculation or the overseas equivalent or relevant senior employment experience
- English language proficiency equivalent to IELTS 6.0 (Academic) with no individual band score less than 6.0
Recommended: A good knowledge of Management, Marketing, Mathematics, Accounting or Economics.

Why choose this course?

The Bachelor of Business Administration will equip you with a highly specialised understanding of business functions across a range of practices. This course is geared towards preparing students for the workplace, with a work-integrated learning placement. The final year includes an applied New Venture Creation project which integrates multiple disciplines. The course will prepare you to pursue work or further study in specialised areas such as accounting, marketing, international business or human resources as disciplines in post graduate qualifications such as a master's degree.

Career outlook

- Business analyst or consultant
- Assistant business manager
- Human resources officer
- Business consultant
- Marketing officer

What you will study

Students will be equipped with a range of overall business and economic knowledge to enable them to be work-ready in the workforce.

Key study areas

- Accounting
- Economics
- Marketing
- Management
- Human resources
- Business technology
- Business law – maths and statistics

Classes and assessment

Classes are typically scheduled over 3 to 4 days per week (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as assignments, exams and reports.

MPA14 MASTER OF PROFESSIONAL ACCOUNTING

CRICOS Code: 083073G
Duration: 2 years
Intakes: February, July
Fee (\$AU): \$19,000 per year
Campus: Chadstone

Prerequisites

- An Australian Bachelor Degree, Graduate Diploma or Graduate Certificate, or an approved international equivalent, in a non-accounting discipline
- Students with a general Bachelor Degree in Commerce (no specific major) are eligible to apply. Applications will be assessed on a case by case basis
- Applicants must demonstrate their preparedness, aptitude and ability to cope with formal postgraduate study at this qualification level. Interviews may be conducted as part of the application assessment process
- English language proficiency equivalent to IELTS 6.5 with no band less than 6.0.

Why choose this course?

The Master of Professional Accounting (MPA) will equip you to meet the challenges faced in accounting professional practice in the contemporary Australian and global economic context. The MPA is ideal if you are interested in broadening your career options in your existing field. The MPA will train you to excel in accounting and finance professional fields.

This program emphasises critical thinking in financial decision making, preparing you to make informed judgments and work collaboratively with accounting professionals. You will have the opportunity to apply your theoretical knowledge and technical skills in an industry placement.

Industry accreditations

This professionally accredited program meets the requirements for professional accounting accreditation with the Institute of Public Accountants (IPA), Certified Management Accountants (CMA), Chartered Accountants Australia and New Zealand (CAANZ) and CPA Australia.

Career outlook

- Accountant (general)
- Financial accountant
- Management accountant
- Taxation law and practice
- Taxation accountant
- External or internal auditor

Key study areas

- Financial accounting and reporting
- Auditing and assurance
- Management accounting
- Research methods
- Corporate governance
- Managerial finance
- Information systems
- Australian taxation law
- Business and corporations law

Classes and assessment

Classes are typically scheduled over 3 to 4 days per week (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as tests, assignments, research reports, presentations and exams.

NAINA BHARTI – INDIA

MASTER OF PROFESSIONAL ACCOUNTING

“From my first day at Holmesglen I was made to feel very welcome and secure. Moving from India to Australia was very challenging for me and I faced barriers such as communication and homesickness. Throughout my studies I received wonderful support from my teachers and all the support staff and Holmesglen quickly felt like my home away from home. My experience at Holmesglen was extremely satisfying and enjoyable. My classes were engaging and stimulating and campus life was a lot of fun. I am very proud of my decision to choose Holmesglen to launch my professional career.”

EARLY CHILDHOOD EDUCATION

MENTOR, TEACH AND GUIDE

AS AN EDUCATION PROFESSIONAL, YOU WILL BE ABLE TO INFLUENCE AND SHAPE YOUNG MINDS TO DEVELOP RESILIENT AND POSITIVE ATTITUDES TOWARDS LIFE AND LEARNING. STUDYING AT HOLMESGLEN WILL GIVE YOU THE OPPORTUNITY TO KNOW THE SECTOR FROM THE INSIDE OUT BEFORE YOU MOVE INTO A CAREER IN EARLY CHILDHOOD EDUCATION. HOLMESGLEN WILL HELP YOU TO DEVELOP THE SKILLS TO STEP INTO A REWARDING LIFELONG CAREER.

YUI ASHIBA – JAPAN

DIPLOMA OF EARLY CHILDHOOD EDUCATION AND CARE

“I decided to study at Holmesglen because of the warm and welcoming atmosphere I felt, and I knew there would be great support and facilities for me during my studies. I am satisfied with my decision because I really enjoy studying the Diploma of Early Childhood Education and Care, with lovely classmates in a small class. As an international student encountering difficulties with English, I’ve received huge support from teachers and staff, as they are always available. Work placements during our studies give students many opportunities to see what the childcare industry is really like before we graduate and gives us the motivation to keep learning, and guiding students into the industry. After finishing the Diploma, I plan to gain international work experience before eventually returning to Japan. I am grateful Holmesglen is the first step in my plans for the future.”

EARLY CHILDHOOD EDUCATION AND CARE

EARLY CHILDHOOD TEACHING

CHC30113 CERTIFICATE III IN EARLY CHILDHOOD EDUCATION AND CARE

CRICOS Code: 086365D
Duration: 6 months
Intakes: February, April, July
Fee (\$AU): \$6,900
Campus: Moorabbin, Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5
- Prior to the first scheduled practicum students are required to provide a current Working With Children Check (WWCC).

Why choose this course?

Achieve a qualification that will lead you into a rewarding career centred on fostering the development and wellbeing of young children. Through the combination of face-to-face, blended online and practicum based learning, you will attain the necessary skills to plan and implement appropriate care and education for children. You will learn to understand the requirements and responsibilities involved in working as a professional team member in Early Childhood Services. Practical placement will allow you to apply your knowledge and gain experience working with infant, toddler and preschool children. Upon successfully completing this program, you will be eligible to receive a nationally endorsed Certificate III in Early Childhood Education and Care.

Career outlook

- Early childhood educator
- Kindergarten assistant
- Nanny
- Out-of-school-hours care assistant
- Family day carer

Key study areas

- Legal and ethical frameworks
- Supporting children's play and learning
- Providing care for children
- Providing and promoting healthy food
- Holistic development of young children
- Cultural competence

Classes and assessment

Classes are typically scheduled over 4 to 5 days per week (indicative only; timetables are subject to change). Assessment may include a combination of observation, discussion, written assignments, tests, and/or practical application and work related projects, including those undertaken through practicum placement.

Pathway options

On satisfactory completion of the Certificate III in Early Childhood Education and Care, you will be eligible to complete the Diploma of Early Childhood Education and Care in a further 12 months.

CHC50113 DIPLOMA OF EARLY CHILDHOOD EDUCATION AND CARE

CRICOS Code: 086366C
Duration: 1.5 years
Intakes: February, July
Fee (\$AU): \$13,800 per year
Campus: Moorabbin, Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5
- Prior to the first scheduled practicum students are required to provide a current Working With Children Check (WWCC).

Why choose this course?

Acquire the skills you will need to work as an early childhood educator focused on the holistic development of children. The Diploma of Early Childhood Education and Care is designed to equip you to provide high quality education and care for children, from birth to six years. This may include centre-based care, family day care, occasional care, and a variety of associated services. As a graduate, you will be ready to take on responsibilities such as developing and implementing early childhood education and care programs. This course includes several periods of industry placement and assessment in a variety of settings.

Career outlook

- Early Childhood educator
- Team, group or program leader
- Children's services director or coordinator
- Additional needs inclusion support facilitator

Key study areas

- Curriculum design
- Health and safety
- Workplace diversity
- Child development and wellbeing
- Analysis of children's learning
- Compliance in children's services

Classes and assessment

Classes are typically scheduled over 3 to 4 days per week (indicative only; timetables are subject to change). Assessment may include a combination of observation, discussion, written assignments, tests, and/or practical application and work related projects, including those undertaken through practicum placement.

Pathway options

On satisfactory completion of the Diploma of Early Childhood Education and Care you may be eligible to receive up to 1 year advanced standing towards the Bachelor of Early Childhood Teaching, subject to meeting English and academic requirements.

All students transitioning from Vocational to Higher Education will enter a Transition to Degree Program prior to the commencement of their Degree classes to ensure their preparedness for Higher Education studies.

BECT16 BACHELOR OF EARLY CHILDHOOD TEACHING

CRICOS Code: 089716F
Duration: 4 years
Intakes (2nd year entry only): February
Fee (\$AU): \$17,100 per year
Campus: Glen Waverley

Prerequisites

- Good passes at Year 12/Matriculation including Mathematics or the overseas equivalent e.g. A Levels*
- English language score of IELTS 7.5 (Academic) in reading and writing and no less than 8.0 in speaking and listening with no individual band score less than 7 in any of the four tests **
- Successful completion of the Special Tertiary Admissions Test (STAT)*
- * Applicants without the Mathematics subject prerequisites are required to complete the Special Tertiary Admissions Test (STAT) in Numeracy and achieve a median score of 150 to meet the course numeracy entry requirement. Applicants will be required to complete the STAT prior to entry if they do not meet the Mathematics prerequisites, as stated above. For more information about the booking process and fees please visit stat.acer.org
- ** International students with an IELTS of no less than 7.0 in reading and writing and a score of not less than 7.5 in speaking and listening may be admitted to the program on the condition that they provide evidence of concurrently undertaking an English Language program to raise their IELTS level to the required IELTS as stated above, by the commencement of Year 4 of the BECT.

Why choose this course?

Complete a qualification that will allow you to become a dedicated early childhood and primary teacher. The Bachelor of Early Childhood Teaching is an innovative and contemporary degree, with a focus on the development of children from birth to 12 years of age. Holmesglen places a strong emphasis on the practical application of theory so that you are ready to enter the industry upon graduation. Students complete placements in a range of settings, including kindergartens and primary schools.

Industry accreditations

As a Holmesglen graduate, you will be eligible to register with the Victorian Institute of Teaching (VIT). All students wishing to graduate with a teaching qualification will be required to undertake the Australian Government's Literacy and Numeracy test prior to graduating, and achieve an IELTS 7.5 (Academic) with no individual band score less than 7, and band scores no less than 8 in Speaking and Listening. For further information on these requirements, visit vit.vic.edu.au

Career outlook

- Pre-school or kindergarten teacher
- Primary school teacher
- Early childhood teacher in Early Learning Centres
- Educational leader in Early Childhood Education and Care services
- Early Childhood Education and Care services program advisor for local governments

Classes and assessment

Classes are typically scheduled over 2 to 3 days per week (indicative only; timetables are subject to change). A variety of assessment methods may be used, including practical assessments, case studies, essays, exams, individual and group presentations, reports, role play simulations and hurdle task requirements. All successful applicants will enter either the Degree Entry Program or Transition to Degree Program prior to the commencement of their bachelor's degree classes to ensure their preparedness for Higher Education studies.

Students are advised to allow an additional \$1,000 (AUD) for materials and equipment.

ENVIRONMENT AND LANDSCAPE

IMAGINE NEW LANDSCAPES

CHOOSE FROM A RANGE OF COURSES THAT WILL ALLOW YOU TO BOTH SHAPE AND CARE FOR NATURAL ENVIRONMENTS AND MATERIALS. AT HOLMESGLEN, YOU WILL HAVE A RANGE OF OPPORTUNITIES TO SHOWCASE YOUR WORK AT COMPETITIONS AND NETWORK WITH INDUSTRY PROFESSIONALS.

STUDY AREAS

- FLORISTRY
- CONSERVATION AND LAND MANAGEMENT
- HORTICULTURE
- LANDSCAPE DESIGN

ADAM KING – ISRAEL

DIPLOMA OF HORTICULTURE

“I feel very privileged to be studying this course at Holmesglen. The subjects are so interesting and diverse, and the teachers bring so much of their personal experience from the field into class, which I find so helpful. We do a lot of excursions and “hands on” practice around the Campus, alongside theoretical and informative classes which I find very good to apply our knowledge and practice “in real life”.

The support I get from the teachers is great, and I feel that there’s a good care and understanding of each student. The teachers help us to evolve in the horticultural field and find jobs and projects we could start our careers from.

My future vision is to open my own organic nursery for medicinal plants and an information centre for natural health practices for the community, in a sustainable way and with care for the environment.”

SFL30115 CERTIFICATE III IN FLORISTRY

CRICOS Code: 089027J
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$13,300
Campus: Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

If you love working with fresh flowers to create elegant and eye-catching designs, this is the course for you. Holmesglen's qualified and experienced floristry teachers will assist you to achieve the skills you will need to begin or advance your career in the retail or creative floristry industries.

Develop skills in customer relations and retail skills throughout the year. Learn to understand and respond to client briefs using your knowledge of design principles. This course has a strong design and technical focus, with projects in which you will complete visual displays and event designs.

Industry accreditations

At the completion of the course you will be a qualified florist in accordance with the National Industry Competency Standards for floristry and be ready to work in retail or floristry related businesses.

Career outlook

- Retail florist (Senior/Manager)
- Studio florist
- In-house florist
- Floral designer
- Event florist (weddings and corporate)

What you will study

You will learn all aspects of floristry techniques and design including a complete range of hand held, fully wired and base medium techniques.

Key study areas

- Interpreting a design brief
- Drawing techniques to represent ideas
- Design of floristry products
- Floristry tools and equipment
- Hand tied floristry products
- Wired floristry products
- Floristry products with a base medium
- Event styling and management

Classes and assessment

Classes are typically scheduled over 3 days with an average of 21 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as direct observations or simulation activities, written and verbal questioning, a portfolio, projects and reports.

Students are advised to allow an additional \$250 (AUD) for materials and equipment.

AHC51116 DIPLOMA OF CONSERVATION AND LAND MANAGEMENT

CRICOS Code: 092601B
Duration: 1.5 years
Intakes: February, July
Fee (\$AU): \$13,800 per year
Campus: Glen Waverley *Plus occasional classes at Eildon and Parks Victoria locations

Prerequisites

- Good passes at Year 11 level or the overseas equivalent plus relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

If you are passionate about caring for the environment, our parks and national parks, this program will provide you with the training to find a career in this sector. This course provides you with a thorough grounding in environmental science, specialised skills and knowledge in general land management.

As a graduate, you may seek employment as a Park and State ranger or as a Field and Technical staff member in government, local councils or private sector agencies. As an integral part of the course, you will be provided with a broad base of technical and practical skills, and field work through onsite training.

Industry accreditations

Working with various Councils and other conservation and land management stakeholders, you will be given a valuable opportunity to train onsite in natural area restoration programs. This will assist in professional development and lead towards a successful career as a land manager.

Career outlook

- Seasonal park officer
- Nursery worker
- Revegetation crew
- Landcare worker
- Park ranger

What you will study

You will study management of fauna populations, gain skills and knowledge in relation to wildfire hazard reduction, monitoring water quality and development of natural area restoration programs. In addition you will conduct biological surveys and collect and classify plants.

Key study areas

- Biological surveys
- Plant classification
- Strategies for managing pests
- Managing and restoring parks
- Managing fauna populations
- Wildlife hazard reduction programs
- Water quality monitoring programs
- Coastal rehabilitation strategies

Classes and assessment

Classes are typically scheduled over 3 days with an average of 21 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as observations, discussions, written assessments and/or practical application and work-related projects.

Students are advised to allow an additional \$450 (AUD) for materials and equipment.

AHC50416 DIPLOMA OF HORTICULTURE

CRICOS Code: 092585G
Duration: 1.5 years
Intakes: February, July
Fee (\$AU): \$13,800 per year
Campus: Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

If you envisage yourself managing or working in nurseries, parks, private or community gardens and reserves, this is the ideal qualification. This course offers training in a range of higher level technical skills, applicable across the breadth of the horticulture industry.

You will build your knowledge and abilities to design and implement special plant displays. You will develop your ability to consult on plant selection and landscape solutions for domestic and commercial situations.

Industry accreditations

Working with various horticulture stakeholders, you will be given a valuable opportunity to embark on numerous field trips to enhance your skills and knowledge.

Career outlook

- Senior horticulturist
- Parks and gardens manager
- Nursery manager

What you will study

You will study a range of horticulture units which include identification and selection of trees, collecting, classifying and propagating plants, monitoring and management of soils, designing irrigation systems maintenance programs, and identifying plant health problems.

Key study areas

- Identification of trees
- Soil management
- Plant identification
- Specialist advice for clients
- Diagnosing plant health
- Propagation programs
- Irrigation systems
- Designing plant displays
- Restoration of parks and gardens

Classes and assessment

Classes are typically scheduled over 3 days with an average of 21 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as observations, discussions, written assessments and/or practical application and work-related projects.

Students are advised to allow an additional \$150 (AUD) for materials and equipment.

AHC50616 DIPLOMA OF LANDSCAPE DESIGN

CRICOS Code: 092594G
Duration: 1.5 years
Intakes: February, July
Fee (\$AU): \$13,800 per year
Campus: Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

Develop the skills to create well-balanced and inspiring environments and outdoor spaces. This course will enable you to assess sites and provide advice on plant selection and landscape solutions for domestic and commercial situations. The course features the integration of computer-aided designs, as well as access to sites and field trips.

You will acquire a range of skills essential to undertaking projects in landscaping, parks and gardens, community based projects, or activities undertaken in the commercial or private sector.

Industry accreditations

Working with various horticulture stakeholders, you will be given a valuable opportunity to embark on numerous field trips to enhance your skills and knowledge.

Career outlook

- Landscape designer
- Landscape consultant
- Project management
- Commercial designer
- Domestic designer

Key study areas

- Assessing landscape sites
- Permaculture principles and practices
- Producing Computer-Aided drawings
- Soil health and plant nutrition
- Estimating and costing
- Managing landscape projects
- Construction of landscape features
- Sustainable landscapes
- Recommending plants
- Identifying, selecting and specifying trees

Classes and assessment

Classes are typically scheduled over 3 days with an average of 21 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as observations, discussions, written assessments and/or practical application and work-related projects.

Students are advised to allow an additional \$150 (AUD) for materials and equipment.

HEALTH SCIENCE AND NURSING

LEAD THE WAY IN HEALTHCARE AND SERVICE

HOLMESGLEN IS A LEADER IN HEALTH EDUCATION AND COMMUNITY STUDIES. OUR SPECIALISED HEALTH PRECINCT AT THE MOORABBIN CAMPUS INCLUDES A MODERN AND INNOVATIVE TRAINING SPACE AND THE NEW STATE-OF-THE-ART HOLMESGLEN PRIVATE HOSPITAL

STUDY AREAS

PATHOLOGY COLLECTION
LABORATORY TECHNIQUES
NURSING
DENTAL TECHNOLOGY
ORAL HEALTH

LINDSAY D'REEGO – INDIA

BACHELOR OF NURSING

“After providing CPR at a car incident in my hometown of Calcutta, I was inspired to study Nursing to make a difference. I chose to study at Holmesglen and first studied the Diploma of Nursing which prepared me to hit the ground running as an Enrolled Nurse. I had also chosen the nursing pathway, and was gratefully accepted into the Bachelor of Nursing course for which I received a year’s credit.

My clinical placements have all been at reputable hospitals in Melbourne, including Epworth Healthcare, where I was later offered an opportunity to work on the Acquired Brain Injury Unit. I felt that Holmesglen had prepared me exceptionally well for this role. I found that the knowledge and skills I developed in the classroom married well with the role I was pursuing. Alongside the exceptional guidance I received in tutorials, this experience has made my journey at Holmesglen an excellent one.”

HLT37215 CERTIFICATE III IN PATHOLOGY COLLECTION

CRICOS Code: 095314G
 Duration: 5 months
 Intakes: January, April, August
 Fee (\$AU): \$7,500
 Campus: Moorabbin

Prerequisites

- Satisfactory completion of Year 12 level studies or the overseas equivalent, with passes in all subjects
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5
- Students must provide documented evidence of serology results for Hepatitis B prior to course commencement
- Students will be required to pass a national police records check prior to placements, and meet immunisation requirements
- A physical ability to stand for long periods and fine motor control are recommended.

Why choose this course?

This course is a nationally accredited qualification. Holmesglen students are sought after employees in the Pathology industry, trained to collect blood and non-blood samples from patients. You will also be trained to conduct electrocardiographs (ECGs) and have an understanding of the anatomy and physiology of the human body.

It includes a period of practical placement and assessment, to prepare you for work in the industry. Students will be required to participate in laboratory sessions where blood collection will be undertaken on fellow students.

Industry accreditations

Holmesglen has associations with a wide range of industry partners such as Australian Clinical Laboratories, Melbourne Pathology, Dorevitch Pathology and many public and private hospitals.

Career outlook

- Pathology collector
- Pathology assistant
- Specimen collector
- Pathology team leader

Key study areas

- Pathology collection techniques
- Phlebotomy
- Infection control
- Electrocardiography (ECGs)
- Customer service

Classes and assessment

Classes are typically scheduled over 3 days with an average of 21 hours per week (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as direct observation or simulation activities, and written or verbal questioning.

In addition to course fees, students will have expenses totalling approximately \$300 (AUD) for equipment, materials, immunisations and/or uniforms as needed.

MSL40118 CERTIFICATE IV IN LABORATORY TECHNIQUES

CRICOS Code: 098113C
 Duration: 1 year
 Intakes: February, July
 Fee (\$AU): \$15,900
 Campus: Moorabbin

Prerequisites

- Satisfactory completion of Year 12 level studies or the overseas equivalent, with passes in all subjects
- English language proficiency equivalent to IELTS 5.5 (Academic).

Why choose this course?

Build your knowledge of laboratory tests and procedures across a range of applications. These include pathology, environmental, industrial and pharmaceutical laboratories. Gain an understanding of the theory and methodology behind laboratory testing, and a practical knowledge of the instrumentation used in typical laboratory contexts.

The course will offer a period of practical placement and assessment, to prepare you for work in the industry. Students attend a DNA barcoding camp held at Holmesglen's Rural Learning Centre in Eildon (at an additional cost to the student).

Industry accreditations

Graduates will also qualify for admission to the Royal Australian Chemical Institute (RACI) and the Australian Institute of Medical Scientists (AIMS).

Industry connections

Holmesglen has well established industry connections, and students will have the opportunity to spend time in industry during their work placement.

Career outlook

- Laboratory technician in secondary school
- Laboratory technician in pathology, industrial, environmental, research and food testing laboratories
- Laboratory assistant

What you will study

You will get training in aspects of laboratory operations. These include workplace health and safety, maintenance of quality control, waste disposal, and a range of biological and chemical techniques.

Key study areas

- Microscopy
- Chemical tests and procedures
- Biological tests and procedures
- Aseptic techniques
- Analytical instrumentation
- Occupational health and safety
- Data analysis

Classes and assessment

Classes are typically scheduled over 3 days, with an average of 21 contact hours (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as direct observation and simulation activities, written or verbal questions, reports, presentations and role plays.

Students are advised to allow an additional \$100 (AUD) for materials and equipment.

HLT54115 DIPLOMA OF NURSING

CRICOS Code: 093671B
Duration: 2 years
Intakes: February, April, July
Fee (\$AU): \$16,600 per year
Campus: Moorabbin

Prerequisites

- Satisfactory completion of Year 12 level studies or the overseas equivalent, with passes in all subjects including Mathematics
- Providing evidence of English language proficiency equivalent to IELTS 7.0 (Academic) with no individual bandscore no less than 7.0
- Students must be 18 or older at the time of course commencement
- Prior to undertaking clinical placement, students must complete a:
 - National Police Records Check obtained through Victoria Police, a Police Records Check from their overseas country of residence (English translation)
 - Working with Children Check
 - be prepared to declare their health and immunisation status
- Students will be registered by Holmesglen with the Australian Health Practitioner Regulation Agency (AHPRA).

Why choose this course?

This course will prepare you for a rewarding and people-focused career in nursing. Develop a sound knowledge and skill base to underpin your future clinical role and to interact confidently with other health professionals in acute and nonacute environments. Students undertake ten weeks of clinical placement throughout the course in areas such as aged care, acute care, sub-acute care and rehabilitation. Before attending clinical placement you will benefit from extensive practice in Holmesglen's world-class 'Simulated Hospital'.

Industry accreditations

Graduates of the Holmesglen Diploma of Nursing are eligible to apply to the Nursing and Midwifery Board of Australia (NMBA) to register for practice in Australia (required to pathway to the Bachelor of Nursing).

The NMBA require an English language proficiency equivalent to IELTS 7.0, you will need to provide evidence that you meet their English Language requirements prior to granting registration to practice in Australia. For further information, please refer to nursingmidwiferyboard.gov.au

Career outlook

Enrolled nurse in an acute hospital, subacute, mental health, aged care, rehabilitation or community setting.

What you will study

The Diploma of Nursing covers the nursing skills and knowledge you require to be eligible for registration with the Nursing and Midwifery Board of Australia as an Enrolled nurse, providing preparation for nursing practice that is client focused and holistic.

You will learn in our Simulated Hospital Environment and Immersive Learning Centre at our Moorabbin campus. You will learn through a combination of on-campus theory, simulation activities in the nursing environment, and supported clinical placements in a variety of clinical settings.

Key study areas

- Administration of medications including Intravenous (IV) Medications
- Risk assessments related to individual client safety
- Nursing care for clients across all age groups and health care needs
- Wound care
- Documentation and reporting of care provided

Classes and assessment

Students will attend a minimum of 20 contact hours per week. Timetables are subject to change.

Assessment will include a range of tasks, such as direct observation, simulation activities, written and verbal questioning, presentations, role plays and clinical placement.

Pathway options

On satisfactory completion of the Diploma of Nursing, you will be eligible to enter into the Bachelor of Nursing with 1 year's advanced standing, subject to meeting the following requirements:

- Registration with Nursing and Midwifery Board of Australia (NMBA) registration, as an enrolled nurse
- Achieving a minimum 'Credit' grade average for the Diploma of Nursing
- Attending a Transition Program prior to commencement of the second year of the Bachelor of Nursing.

The Transition Program fee will be AUD \$1,200.

Clinical Placement

Clinical placements may be scheduled outside semester times and will include placement in outer metropolitan and rural areas. The duration of clinical placement is 10 weeks.

Clinical placements are a compulsory component of the Diploma of Nursing. Satisfactory completion of theory and practical assessments must be achieved prior to students undertaking clinical placement.

Students are advised to allow an additional \$1,500 (AUD) for equipment, materials, immunisations and/or uniforms as needed.

BNURS13 BACHELOR OF NURSING

CRICOS Code: 063699E
Duration: 3 years
Intakes: February
Fee (\$AU): \$27,200 per year
Campus: Moorabbin

Prerequisites

- Satisfactory completion of Year 12 level studies, or overseas equivalent, with passes in all subjects including mathematics and a minimum 'Credit' grade (or equivalent) in English
- English language proficiency equivalent to IELTS 6.5 (Academic) with three individual bandscores no less than 6.5 and one individual bandscore no less than 6.0
- Students must be 18 at the time of course commencement
- A background in a relevant health science or closely related area is recommended.
- Prior to undertaking clinical placement, students must complete a:
 - National Police Records Check obtained through Victoria Police
 - Police Records Check from their overseas country of residence (English translation)
 - Working with Children Check
- Students must be prepared to declare their health and immunisation status.
- Students will be registered by Holmesglen with the Australian Health Practitioner Regulation Agency (AHPRA).
- Pathway students successfully completing the Diploma of Nursing must hold Nursing and Midwifery Board of Australia (NMBA) registration, as an enrolled nurse, to be eligible to commence Year 2 of the Bachelor of Nursing.

Why choose this course?

The Bachelor of Nursing focuses on professional nursing practice and theory, and is underpinned by a philosophy of person-centred and holistic care, making our graduates highly sought after.

The combination of on-campus theory and the latest simulation activities, delivered in our state-of-the-art simulation apartments and clinical wards, will prepare you for your career in the health profession.

You will be well connected to nursing practice and consolidate your learning with clinical placements throughout your degree studies. Extensive training in our world-class 'Simulated Hospital' will help to prepare you for clinical placements and the realities of professional nursing work.

Industry accreditations

Graduates of the Holmesglen Bachelor of Nursing are eligible to apply to the Nursing and Midwifery Board of Australia (NMBA) to register for practice in Australia.

The NMBA require an English language proficiency equivalent to IELTS 7.0, you will need to provide evidence that you meet their English Language requirements prior to granting registration to practice in Australia. For further information, please refer to www.nursingmidwiferyboard.gov.au

On successful completion of the Bachelor of Nursing at Holmesglen, you may apply for registration with the Australian Health Practitioner Regulation Agency (AHPRA).

Industry connections

Holmesglen has a number of strong formal industry partnerships and utilises these as a source of reliable and regular feedback on the performance of students and graduates of the Bachelor of Nursing program. These strong industry connections provide opportunity for students to consolidate their clinical experience in a familiar environment and can provide options for employment on completion of the course.

Major partners include:

- Epworth Health Care
- Ramsay Health Care
- Healthscope

Career outlook

Registered nurses have the potential to work in a broad range of areas such as acute care, paediatrics, community and rehabilitation, mental health, aged care, emergency and high dependency nursing.

What you will study

Holmesglen's Bachelor of Nursing develops professionals who have valuable skills and knowledge, and are known for their culturally sensitive client care, safe and ethical clinical reasoning, and advanced communication skills.

Subjects are organised into three themes of study – Nursing Theory and Concepts, Integrated Clinical Practice and Professional Perspectives.

Students also study an Integrated Bioscience subject in the first year of the program.

Key study areas

Areas of focus within the degree include:

- Acute care nursing
- Aged care
- Communication
- Community nursing
- Comprehensive acute and chronic nursing care
- Ethics and law, health and wellbeing
- Human biology
- Indigenous health
- Mental health nursing
- Paediatric nursing
- Palliative care
- Pharmacology
- Rehabilitation therapies
- Research and evidence-based practice
- Society and culture

Classes and assessment

Classes are typically scheduled with around 4 days on campus (indicative only; timetables are subject to change).

Assessment formats include a combination of examinations and tests, presentations, essays, assignments, group projects, investigative activities and clinical placements.

Clinical Placement

Clinical placements may be scheduled outside semester times and will include placement in outer metropolitan and rural areas.

The duration of clinical placement is 825 hours (22 weeks). Clinical placements are a compulsory component of the Bachelor of Nursing.

Students are advised to allow an additional \$1,500 (AUD) for equipment, materials, immunisations and/or uniforms as needed.

HLT55118 DIPLOMA OF DENTAL TECHNOLOGY

CRICOS Code: 099310A
Duration: 2 years
Intakes: February, July
Fee (\$AU): \$19,100 per year
Campus: Chadstone

Prerequisites

- Good passes in all subjects at Year 12/Matriculation or the overseas equivalent
- English language proficiency equivalent to IELTS 6.0 (Academic) with no individual band score less than 6.0
- Recommended: Good passes (i.e. 'credit' level or higher) in Science and a subject that requires manual dexterity skills such as Art, Woodwork, Metalwork or equivalent.

Why choose this course?

The Diploma of Dental Technology will equip you with the knowledge to work professionally as a Dental Technician. Gain the skills to become part of a team of highly skilled healthcare professionals.

You will learn to design, manufacture, modify and repair prostheses and appliances, such as dentures, mouthguards, splints, bridges and crowns. Students will also complete specialised training in computer-aided design (CAD) and computer-aided manufacturing (CAM) and participate in a Practical Placement program in a range of commercial dental laboratories over the term breaks.

Industry connections

We have partnerships with a range of dental laboratories in Victoria where we send students for practical placement. These laboratories are often looking for students to work part time for them, this is a wonderful opportunity for all students to hone their skills and enhance their studies.

Career outlook

- Dental technician

What you will study

Holmesglen was the first institute to introduce CAD-CAM into our course. This has now expanded and you'll study aspects of CAD-CAM every semester.

Key study areas

- Casting of metal dental appliances
- Denture construction and repair
- Orthodontic appliances
- Science of dental materials
- Crowns and bridges
- Thermo-formed appliances including mouthguards
- Computer Aided Design (CAD)
- Computer Aided Manufacturing (CAM)

Classes and assessment

Classes are typically scheduled over 3 days with an average of 20 contact hours (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as observation or simulation activities, written or verbal questioning, portfolio, projects and practical demonstration.

Students are advised to allow an additional \$800 (AUD) for equipment, materials and/or uniforms as needed.

SRENGHOK LY – CAMBODIA

DIPLOMA OF DENTAL TECHNOLOGY, HEALTH SCIENCES SECTION

"When I arrived in Australia for the first time, I felt that I want to do something new in my life, therefore I decided to continue my education here. I chose to study Dental Technology at Holmesglen because it is one of the best TAFE providers in Australia. The first day I walked into the classroom, I felt amazed to sit on a chair with high tech equipment around me. The classroom is spacious, and everything was set up perfectly. I found that the program and course modules were really easy to follow and provide students with the knowledge and skills required to become a qualified dental technician. The training package contains denture work, porcelain work, orthodontics and CAD/CAM technology which are updated every year. Students can learn and practice all those skills in simulated workplace environments. With the knowledge I gained from the Diploma of Dental Technology at Holmesglen, I believe that I will be able to become a good dental technician. I feel proud to be a student at Holmesglen and I want to say thank you to all the teachers who taught and shared good experiences with me."

BACHELOR OF ORAL HEALTH (THERAPY AND HYGIENE) CHARLES STURT UNIVERSITY

CRICOS Code: 077426D
Duration: 3 years
Intakes: March
Fee (\$AU): \$36,800 per year
Campus: Chadstone

Prerequisites

Applicant needs an ATAR of 70 or equivalent and applicants should apply directly to Charles Sturt University or VTAC (if they meet the VTAC criteria)

English language proficiency equivalent to IELTS 7.0 (Academic) with no individual band scores less than 6.5

Successful applicants are encouraged to obtain a senior first aid certificate prior to commencing the course.

Prior to commencement of the first placement, students will also be required to provide evidence of their immunisation and vaccination status, and a completed Working with Children Check.

Why choose this course?

The Bachelor of Oral Health (Therapy and Hygiene) is a Charles Sturt University degree offered in partnership with Holmesglen. Oral health therapists diagnose dental decay and gum diseases, working with dentists to provide oral health care. With a strong curriculum focus on health science and the development of clinical skills, this course will provide you with practical training opportunities via a range of community placements. You will also receive comprehensive clinic and simulation exposure over the course of your studies. Years one and two of the course will be delivered at the Holmesglen Chadstone campus. During year one, there will be

a 1 week period of clinical work at the Charles Sturt University campus in Wagga Wagga (NSW) followed by a total of eight weeks placement over the year at Charles Sturt University's onsite clinic in year two. During the third year of the program, all students are based at the Wagga Wagga campus.

Throughout this year, students undertake clinical placements at Charles Sturt University clinics in regional NSW and ACT.

More information can also be found online at www.csu.edu.au/courses.

Career outlook

- Oral health therapist
- Dental therapist
- Health promotion officer
- Health researcher
- Dental hygienist

What you will study

This course has a strong focus on health science and its application in the development of clinical skills, with an evidence based approach to learning.

Key study areas

- Dental hygiene treatments for patients of all ages
- Dental therapy treatment of patients up to 26 years of age
- Preventative management of dental diseases
- Principles of public and population health
- Providing advice on oral health

Classes and assessment

Classes are typically scheduled with attendance required across 5 days per week (indicative only; timetables are subject to change). Assessment may include a range of tasks, such as exams, assignments, oral presentations, participation in online discussions, clinical placement and achievement of practical competencies.

In addition to course fees, students will need to purchase materials and equipment for the course, purchase Overseas Student Healthcare Cover (OSHC), fund placement accommodation costs and pay for Student Services and Amenities Fees (SSAF) each year.

Charles Sturt University

THROUGH A UNIQUE PARTNERSHIP, STUDENTS HAVE THE OPPORTUNITY TO COMPLETE THE CHARLES STURT UNIVERSITY (CSU) BACHELOR OF ORAL HEALTH (THERAPY AND HYGIENE), WITH ACCESS TO HOLMESGLEN'S SPECIALIST ORAL HEALTH SIMULATION FACILITY AT OUR CHADSTONE CAMPUS.

HOSPITALITY AND COOKERY

PROVIDE WORLD-CLASS HOSPITALITY AND SERVICE

CHOOSE A COURSE THAT WILL GIVE YOU REAL EXPERIENCE IN HOSPITALITY. YOU WILL RECEIVE PRACTICAL EXPERIENCE AT OUR STUDENT TRAINING RESTAURANTS. MAKE THE MOST OF OUR RANGE OF OVER 100 TRAINING PARTNERS. OUR TEACHING STAFF ARE AWARD-WINNING EXPERIENCED INDUSTRY PROFESSIONALS, WHO WILL GUIDE YOU TO REACH YOUR FULL POTENTIAL IN PROVIDING WORLD-CLASS SERVICE IN THE HOSPITALITY INDUSTRY.

JIN TENG HONG – MALAYSIA

BACHELOR OF HOSPITALITY MANAGEMENT

“I had been working in the Hospitality industry for about two years. But when I started studying at Holmesglen, I discovered that the understanding of Hospitality is comprehensive and it is vital for us to learn to be a better manager or owner. The studies here make me more excited to continue learning, and it has also become a source of motivation for me to study hard. Holmesglen has also provided me with a lot of help and allowed me to study in a pleasant environment, having enough time to participate in school activities and extra time to work so I can gain more practical experience. The class sizes are small, and this allows our lecturers to interact with us. It makes it easier to ask questions and absorb knowledge. I am very grateful to the lecturers because they teach us sincerely, develop our potential skill and expertise, which gives us increased confidence to work in the hospitality industry. I believe that I can continue growing at Holmesglen because there are enough resources to support me in my future career.”

SIT20316 CERTIFICATE II IN HOSPITALITY

CRICOS Code:	090917J
Duration:	6 months
Intakes:	October
Fee (\$AU):	\$7,300
Campus:	Moorabbin

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.0 (Academic).

Why choose this course?

This program will provide you with training and skill development in food and beverage services. This training will enhance your employment opportunities in the hospitality industry, with the potential of working in hotels, motels, clubs, restaurants, cafes, bars and function centres.

Practical skill development will be available in Holmesglen's exceptional student training restaurants, and further opportunities available in leading hospitality venues in Melbourne.

Industry connections

Students actively engage with industry via industry presentations and industry visits.

Career outlook

- Food and beverage waiter
- Front office worker
- Barista

What you will study

Food and beverage service, hygiene, customer service, barista skills and teamwork.

Key study areas

- Food and beverage service
- Restaurant and bar service
- Barista training
- Customer service
- Business compliance
- Hygiene and occupational health and safety

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, from practical demonstration of restaurant and bar skills to written and assignment-based project work.

Pathway options

On completion of this course students can continue into the Certificate IV in Hospitality (any culinary stream) or the Diploma of Hospitality Management.

Students are advised to allow an additional \$300 (AUD) for materials and equipment.

SIT40516 CERTIFICATE IV IN COMMERCIAL COOKERY

CRICOS Code:	093977F
Duration:	1 year
Intakes:	February, July
Fee (\$AU):	\$15,600
Campus:	Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

This program will give you the training to work in a commercial kitchen as a qualified chef. Develop your aptitude for combining flavours and producing restaurant-quality meals, with the techniques and skills sought after in the industry.

Throughout the course, you will work in Holmesglen's student training kitchens, and ZEST restaurant, with further opportunities available in leading hospitality venues in Melbourne where you will learn to work as part of a larger team.

You will complete practical learning sessions and placement shifts, developing leadership and supervisory skills which will be essential in running a successful business.

Industry connections

Holmesglen's cookery students have the opportunity to work alongside industry chefs through the Industry Icon Dinner series, where prominent chefs create menus and work with students to produce restaurant meals.

The Paddock to Plate program also engages students with key suppliers to look at food production, regional and seasonal influences and the impact this has on menu design.

Career outlook

- Head chef
- Sous chef
- Chef De Partie
- Cook
- Catering manager
- Purchasing manager

What you will study

This qualification reflects the role of commercial cooks who have a supervisory or team leading role in the kitchen. You will learn to operate independently and use your discretion to solve non-routine problems.

Key study areas

- Production of high quality stock, soups and sauces
- Preparation of restaurant quality poultry, seafood and meat dishes
- Kitchen management, leadership, food costing and finance
- Business compliance
- Hygiene and occupational health and safety
- Religious, dietary and cultural considerations on food production
- Specialist desserts, pastry, cakes and bread techniques

Classes and assessment

Classes are typically scheduled over 4 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as competency-based practical skills assessments, and theory-based assessments including written tests and projects.

Pathway options

On satisfactory completion of Certificate IV in Commercial Cookery, you will be eligible to complete the Diploma of Hospitality Management in a further 6 months or the Advanced Diploma of Hospitality Management in a further 1 year.

Students are advised to allow an additional \$1,100(AUD) for activities and/or materials.

SIT40716 CERTIFICATE IV IN PATISSERIE

CRICOS Code:	093978E
Duration:	1 year
Intakes:	February, July
Fee (\$AU):	\$15,600
Campus:	Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

Master the art of creating speciality patisserie dishes and become a qualified patissier. This qualification could lead you to establish your own patisserie or work in a restaurant producing a wide range of desserts and sweet creations. You will learn multiple skills and techniques to produce a wide range of speciality patisserie dishes used in today's vibrant food industry.

You will also acquire leadership and supervisory skills essential to running a successful business. Your course will be delivered through a series of practical sessions and placements at Holmesglen's student training restaurant, ZEST restaurant. You will have further opportunities to work in leading 5-star hospitality venues in Melbourne.

Industry connections

Students engage with leading patisseries through site visits. All students have the opportunity to participate in the Victorian TAFE Patisserie competition, judged by a panel of industry experts.

Career outlook

- Head pastry chef
- Sous chef
- Patisserie chef
- Pastry cook
- Chocolatier

What you will study

- Desserts and petit fours
- Sweet buffet showpieces
- Specialist chocolate and sugar techniques
- Specialist desserts, pastry, cakes and bread techniques
- Kitchen management, leadership, food costing and finance
- Business compliance skills
- Hygiene and occupational health and safety

Key study areas

- Technical skills in producing desserts and petit fours
- Showpieces and pastry products

Classes and assessment

Classes are typically scheduled over 3.5 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as competency-based kitchen skills assessments, and theory-based assessments including written tests and projects.

Pathway options

On satisfactory completion of Certificate IV in Patisserie, you will be eligible to complete the Diploma of Hospitality Management in a further 6 months or the Advanced Diploma of Hospitality Management in a further 1 year.

Students are advised to allow an additional \$1,100 (AUD) for activities and/or materials.

SIT50416 DIPLOMA OF HOSPITALITY MANAGEMENT

CRICOS Code:	090979F
Duration:	1.5 years
Intakes:	February, July
Fee (\$AU):	\$14,600 per year
Campus:	Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic).

Why choose this course?

If you are seeking a management position within the hospitality industry, this hands-on course gives you the training and development you will need to start your career. Students may find employment opportunities in management in resorts, hotels, function centres, restaurants and a wide range of venues.

This course includes the Responsible Service of Alcohol (RSA) certification, along with practical training in food and beverage preparation. Your studies will involve placement in Holmesglen's student training restaurant, ZEST, where you will learn the intricacies of front of house service in a fine dining establishment.

You will also receive opportunities for work placement with our industry partners.

Industry connections

Holmesglen's Diploma students have the opportunity to actively engage and develop their leadership skills with industry during their management studies. This includes working with businesses to develop a business plan, supplier negotiations and many guest speakers from industry updating students on the latest news and trends.

Career outlook

- Food and beverage manager
- Front office manager
- Finances and budget abilities
- Marketing techniques
- Australian law and compliance
- Food and beverage supervisor
- Café owner

What you will study

- Restaurant and bar skills
- High level customer service skills
- Front office management systems
- Finances and budget abilities
- Marketing techniques
- Australian law and compliance

Key study areas

- Food and beverage skills
- Staff supervision
- Financial management
- Customer service
- Food safety
- Establishing business relationships
- Rostering staff and leadership in the workplace

Classes and assessment

Classes are typically scheduled over 3.5 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as competency-based assessment, written assignments and project work.

Pathway options

Students who successfully complete the Diploma of Hospitality Management may further their studies in the Advanced Diploma in Hospitality Management and in the Bachelor of Hospitality Management with up to 1 year advanced standing.

Students are advised to allow an additional \$700 (AUD) for activities and/or materials.

SIT60316 ADVANCED DIPLOMA OF HOSPITALITY MANAGEMENT

CRICOS Code:	091137G
Duration:	2 years
Intakes:	February, July
Fee (\$AU):	\$14,600 per year
Campus:	Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent. Relevant work experience is preferable
- English language proficiency equivalent to IELTS 5.5 (Academic).

Why choose this course?

This program will enable you to apply practical managerial skills in the hospitality industry. You will learn to operate with significant independence and will gain further knowledge in business and management strategies.

Holmesglen's balanced delivery of practical and theoretical training will allow you to apply your skills in our fully equipped facilities, including Holmesglen's student training restaurants. You will also receive a range of industry placement opportunities.

Industry connections

Students actively engage with industry during their management studies creating business plans and other management documents. This also includes industry review panels providing feedback of student work and presentations.

Career outlook

- Area manager
- Operations manager
- Restaurant or café owner or manager
- Club secretary or manager
- Food and beverage manager
- Rooms division manager

What you will study

- Customer service skills
- Front office management systems
- Finances and budget abilities
- Human resources and business management skills
- Australian law and compliance

Key study areas

- Marketing
- Creating and maintaining business relationships
- Business planning
- Financial reporting
- Legal responsibilities

Classes and assessment

Classes are typically scheduled over 3.5 days (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as practical demonstrations, written assessments and project work.

Pathway options

On satisfactory completion of the Advanced Diploma of Hospitality Management, students may continue to complete Holmesglen's Bachelor of Hospitality Management with up to 1.5 years advanced standing.

Students are advised to allow an additional \$850(AUD) for activities and/or materials.

BHM16 BACHELOR OF HOSPITALITY MANAGEMENT

CRICOS Code:	074320E
Duration:	3 years
Intakes:	February, August
Fee (\$AU):	\$15,900 per year
Campus:	Glen Waverley

Prerequisites

- Year 12/Matriculation or the overseas equivalent or relevant senior employment experience
- To be eligible you must have an academic IELTS or equivalent of 6.0 with no individual bandscore less than 6.0.

Why choose this course?

Complete a highly applied degree that will prepare you to work in top managerial roles in the hospitality industry. The hospitality industry is one of the world's biggest and most dynamic workforces. To equip you for this complex and fast paced workforce you will need a range of theoretical knowledge. You will also develop practical skills through classes taught by experienced lecturers, held in our onsite training restaurants.

You will also have two industry placements with some of our world class partners, as well as site visits and guest speakers from the industry. Students have the option of applying for a 12-week internship. Internships take place in selected hospitality businesses, including four and five star establishments, allowing you to make valuable connections in the industry.

Industry connections

You will make connections with some of the world's leading hotel companies. Our students have the opportunity to work with all major 5-star hotels in Melbourne city and surrounds, taking on roles in everything from food and beverage through to revenue management and everything in between.

Whether it is a small, independent business or a large company you want to work with, our placement coordinator works with you to find the industry connections that best fit your career aspirations.

Career outlook

- Hotel/resort manager
- Executive chef
- Venue manager
- Food and beverage manager
- Restaurant manager
- Café owner
- Hospitality marketing
- Front office operations

What you will study

- Hospitality design
- Contemporary leadership techniques
- Strategic management
- Human resource management
- Services marketing
- Revenue and yield management
- Customer and business relationship management
- Hospitality service coordination
- Hospitality systems management

Key study areas

- Practical hands-on restaurant skills
- Entrepreneurship
- Hospitality software packages
- Business simulations

Classes and assessment

Classes are typically scheduled over 2 to 2.5 days with an average of 12 contact hours (Indicative only; timetables are subject to change. Placement hours not included).

Assessment will include a range of tasks, such as presentations, reports, case studies, site visit evaluations, guest speaker reports, video submissions, multi-media folios, online and live debates, essays, workplace supervisor reports, peer evaluation; online quizzes and exams.

In addition to course fees, students will have expenses totalling approximately the following amounts: Year 1 – \$240, Year 2 – \$190, Year 3 – \$260 for uniforms, activities and/or materials.

INFORMATION TECHNOLOGY AND DIGITAL MEDIA

INNOVATE FOR THE FUTURE

AS WE HAVE SEEN OVER THE LAST DECADE, TECHNOLOGY CONTINUES TO TRANSFORM OUR WORLD AT A RAPID PACE. THERE HAS NEVER BEEN A MORE EXCITING TIME FOR INNOVATIVE PEOPLE TO WORK IN THIS FIELD. HOLMESGLEN STRIVES TO OFFER CURRENT AND INDUSTRY-RELEVANT TRAINING TO WORK WITH TODAY'S TECHNOLOGY.

**HRISTIYAN GJORGJIEVSKI
– MACEDONIA**

BACHELOR OF INFORMATION SYSTEMS

"I am very happy that I chose Holmesglen Institute for my Diploma of Software Development course. The experience was so good that I decided to continue my studies at Holmesglen Institute for the Bachelor of Information Systems. There are many reasons why I think that I made the right choice for my studies, but one of the main ones is the learning experience that Holmesglen offers. The class sizes are small, which makes interactions with teachers much easier. The equipment used for classes is high-end equipment which makes learning possible using the most cutting-edge tools. I liked the activities organized by the recreation team at Holmesglen. Activities range from movies, single day trips and sometimes multiple day trips which are fun. The skills and experience I got while studying at Holmesglen is very valuable for me and I am sure it will have a large contribution to my career."

STUDY AREAS

- DIGITAL AND INTERACTIVE GAMES
- PROGRAMMING
- SOFTWARE DEVELOPMENT
- INFORMATION TECHNOLOGY
- NETWORKING
- WEB-BASED TECHNOLOGIES
- WEBSITE DEVELOPMENT
- INFORMATION SYSTEMS
- CYBER SECURITY

ICT40915 CERTIFICATE IV IN DIGITAL AND INTERACTIVE GAMES

CRICOS Code: 086587A
Duration: 6 months
Intakes: February, July
Fee (\$AU): \$6,900
Campus: Moorabbin

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

This course has been designed for passionate gamers and those looking to confidently take their first step towards a career in Game Design, 3D Art and Game Development. The Gaming industry is growing at a rapid pace and the need for talented artists and developers has never been greater.

Our experienced teachers will guide you in using the latest industry software to create next generation graphics and game effects. Whether you are interested in developing mobile apps, console or desktop games, you will gain the skills to make your own game ideas a reality.

Industry connections

Holmesglen works closely with many local games companies to provide opportunities to work on real industry projects. Liminal VR is one of these leading companies using Virtual Reality to provide emotion changing experiences for the user.

Career outlook

- 3D modeller
- Assistant environmental artist
- Junior creative artist
- Assistant 3D character animator
- 3D generalist
- VR application developer
- Game programmer
- 2D/3D artist
- Assistant level designer
- Game designer
- Game tester
- Mobile application developer
- C# developer

What you will study

You will learn to model and sculpt environments, characters and vehicles from concept to production. Your 3D assets will then be brought to life in a world class game engine as you program game effects, logic and controls.

Finally you will learn to deploy your game to multiple platforms.

Key study areas

- 3D painting and texturing
- Concept art and design
- 3D sculpting and modelling
- 3D character animation
- Game programming logic, AI development and virtual reality (VR)
- Mobile game development and multi-player networked games
- Game engine mastery – level design, visual effects, compositing and lighting

Classes and assessment

Classes are typically scheduled over 4 days, with an average of 20 contact hours per week (indicative only; timetables are subject to change).

Assessments will include a range of tasks such as 3D art portfolios and interactive games.

Pathway options

Upon successful completion of Certificate IV in Digital and Interactive Games students may complete a further one year of study to achieve the Diploma of Digital and Interactive Games.

ICT50215 DIPLOMA OF DIGITAL AND INTERACTIVE GAMES

CRICOS Code: 089907K
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$13,800
Campus: Moorabbin

Prerequisites

Applicants who have completed a Certificate IV level qualification in game or animation design.

Pathway qualifications into this Diploma include:

- ICT40915 Certificate IV in Digital and Interactive Games
- ICT40815 Certificate IV in Digital Technologies
- ICT40115 Certificate IV in Information Technology (which includes electives in Digital games, Digital media technologies and Programming electives).

Why choose this course?

This course takes your digital scripting, modelling and game development skills to the next level. Whether you are interested in developing the next viral indie smash hit, mobile app, sprawling MOBA or immersive VR/AR experience, gain the skills to make your own game ideas a reality.

You will receive practical training and real-world experience from teachers that will help you to make your move into the Game Design and Development industry. On successful completion of the course you will have the skills to publish games on platforms including Android, iOS, PC, Mac, Xbox and many more.

Industry connections

You will have the opportunity to undertake practical industry projects provided by local games companies. One such company is Liminal VR, where students create virtual reality environments to influence emotional well being.

Career outlook

- 3D modeller
- 3D games animator
- Multimedia designer
- Game programmer
- Interactive digital media designer/developer
- Mobile applications developer

What you will study

In the Diploma of Digital and Interactive Games, you will design your own 3D characters and game art work. Facilitation will include techniques that apply to all types of 3D artwork including: advanced character design, prop design, environment design, animation and visual effects.

You will learn essential skills that will give you the ability to create games such as Massively Multiplayer Online Games (MMOGs), first person shooters, racing games, real-time strategy games, third-person shooters, role playing games, side-scrolling games and many more.

Key study areas

- Models for 3D and digital effects environments
- Digital animation sequences
- Animation of physical attributes of models and elements
- Complex 3D characters for games
- Designs for a 3D games environment
- 3D digital games and components
- Digital animation sequences
- Advanced user interfaces

Classes and assessment

Classes are typically scheduled over 3 days with an average of 20 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as 3D art portfolios and interactive games.

Pathway options

Upon successful completion of the Diploma of Digital and Interactive Games students may apply for up to six months advanced standing towards the Bachelor of Information Systems.

ICT40518 CERTIFICATE IV IN PROGRAMMING

CRICOS Code: 099843E
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$13,800
Campus: Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5.

Why choose this course?

The Certificate IV in Programming at Holmesglen is the ideal starting point for your career as a programmer. Learn to design and develop computer software and mobile applications in high quality programming labs, using industry standard software development environments. You will learn to apply your skills across a wide range of platforms.

Industry connections

Holmesglen works closely with many local organisations and large national companies to provide students with the opportunity to work in the classroom on real life projects. Recently these companies have included Liminal VR, Greyhound Racing Victoria and Kinetic IT.

Career outlook

- Mobile application developer
- Android app developer
- Apple iOS developer
- Programmer
- Web programmer

What you will study

During this course, you will be introduced to different programming concepts, mobile application development and web programming.

Receive the opportunity to develop high level Java programming skills and gain a solid understanding of creating software applications for cloud services.

Key study areas

- Creation of basic databases
- Data driven applications
- Mobile applications
- Object oriented design
- Script for software applications
- Effective use of XML

Classes and assessment

Classes are typically scheduled over 3 days with an average of 20 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as written assignments and tests.

Pathway options

The second semester of the Certificate IV in Programming will include units from the Diploma of Software Development. Upon successful completion of the Certificate IV in Programming, students may continue to complete the Diploma of Software Development in a further 6 months.

ICT50718 DIPLOMA OF SOFTWARE DEVELOPMENT

CRICOS Code: 099760G
Duration: 6 months
Intakes: February, July
Fee (\$AU): \$6,900
Campus: Chadstone

Prerequisites

You will have completed a Certificate IV qualification which has included basic skills and knowledge in HTML, CSS, C#, and JavaScript. Suitable qualifications can include:

- ICT40515 Certificate IV in Programming
- ICT40115 Certificate IV in Information Technology
- ICT40315 Certificate IV in Web based technologies.

Why choose this course?

The Diploma of Software Development equips you with an in-depth understanding of how to write programs for the cloud (cloud computing), developing web applications using the .NET framework and Microsoft Visual Studio, and build advanced mobile applications using the Android platform including client-server applications. Building on skills developed in your Certificate IV qualification, you will enhance your programming and analytical skills that are highly sought after by industry, and develop an in-depth understanding of how to write programs and develop web applications for the cloud.

You will also delve into the IoT (Internet of Things) the language used to control devices. Your studies will be held in modern, spacious computer labs, where our experienced teachers will encourage you to develop practical, hands-on skills. As a Holmesglen student you will have the opportunity to attend annual Industry events including Cisco Live and Creative Victoria's Creative State Summit.

Industry connections

Holmesglen works closely with many local organisations and large national companies to provide students with the opportunity to work on real life projects. Recently these companies have included Liminal VR, Greyhound Racing Victoria and Kinetic IT.

Career outlook

- Mobile application developer
- Programmer
- Web programmer
- Cloud computing application developer
- Software developer
- Analyst programmer

What you will study

This course develops the skills needed to work with current programming languages and builds the confidence you need to adapt to emerging languages starting to become established in the IT industry such as, cloud services, cloud security, AI and the multitude of issues dealing with the evolving environment of mobile devices.

Key study areas

- Object oriented programming
- .NET framework
- Microsoft C# programming
- Java programming
- JavaScript programming
- SQL
- System testing and debugging
- Developing android mobile applications
- Developing advanced multi-touch applications
- Developing web applications
- Building cloud service applications
- Application security

Classes and assessment

Classes are typically scheduled over 3 days with a minimum of 20 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as practical projects, written assignments and tests.

Pathway options

Upon satisfactory completion of the Diploma of Software Development, you will receive up to 1 year's advanced standing towards the Bachelor of Information Systems.

All students transitioning from Vocational to Higher Education will enter a Transition to Degree Program prior to the commencement of their Degree classes to ensure their preparedness for Higher Education studies.

ICT40418 CERTIFICATE IV IN INFORMATION TECHNOLOGY NETWORKING

CRICOS Code: 099849K
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$13,800
Campus: Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual bandscore less than 5.5

Why choose this course?

The Certificate IV in Information Technology Networking will lead you towards designing and constructing networks. You will be involved in constructing wired and wireless networks suitable for home or small business environments and develop skills in the installation and management of servers, designing and building networks and configuring and testing network security. You will also develop management skills through working on industry based projects as part of a team of students. As a student you will have access to networking laboratories with current industry standard equipment and technologies.

Industry connections

Holmesglen is a Cisco Academy, VMware Academy, Fortinet Academy and Microsoft Academy. Students have access to Academy software resources to support their project work and provide opportunities for students to undertake Industry Certifications.

Career outlook

- Network administration support
- Network security support
- Network technician support
- Level 1 Helpdesk support

What you will study

- Server installation and management
- Network and data integrity
- Installation and operation of small enterprise branch networks
- Building small wireless local area networks
- Network security installation, configuration and testing

Key study areas

- Server installation and maintenance
- Install and configure virtual machines
- Network and data integrity
- Cloud storage strategies Working with network switches and routers
- Building and configuring wired and wireless networks
- Installing and testing network security
- Python programming
- Internet of Things

Classes and assessment

Classes are typically scheduled over 3 days with an average of 20 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as written assignments and tests.

Pathway options

The second semester of the Certificate IV in Information Technology Networking will include units from the Diploma of Information Technology Networking. Upon successful completion of the Certificate IV in Information Technology Networking, students may continue to complete the Diploma of Information Technology Networking in a further 6 months.

ICT50418 DIPLOMA OF INFORMATION TECHNOLOGY NETWORKING

CRICOS Code: 099918B
Duration: 6 months
Intakes: February, July
Fee (\$AU): \$6,900
Campus: Chadstone

Prerequisites

You will have completed a Certificate IV qualification which has included basic skills and knowledge in networking, network security, virtual technologies, server technologies and cloud computing. Suitable qualifications can include:

- ICT40415 Certificate IV in Information Technology Networking
- ICT40115 Certificate IV in Information Technology

Why choose this course?

Building on the skills developed from the Certificate IV, the Diploma of Information Technology Networking will involve constructing and maintaining wired and wireless networks suitable for larger business environments. You will develop hands on skills in network design, network security, large scale server management and virtualisation, cloud computing, Voice over Internet Protocol technologies, and IT project management. Study in networking laboratories with current industry standard equipment and technologies.

As part of your Academy membership through Holmesglen, you will be invited to participate in the Cisco Live Conference annually, bringing together networking and IT professionals throughout Australia.

Industry Accreditations

Graduates are encouraged to sit for the Cisco Certified Network Association Certification (CCNA) through PearsonVue.

Industry connections

Holmesglen Institute has formed strong industry connections with many IT companies, as such our students become part of the:

- VMware Academy
- Fortinet Academy
- Microsoft Academy
- Cisco Networking Academy

Career outlook

- Network administrator
- Network support
- Communications solutions provider
- Network security administrator
- Network technician
- Cloud computing

What you will study

You will learn how to design a network configuration, install and configure network servers, and create scripts to improve network performance and efficiency. You will install, configure and manage firewall services and network security protocols.

You will build virtual environments, and identify business appropriate cloud service solutions. All of these skills and knowledge will develop you for a role as an ICT network architect.

Key study areas

- Virtual technologies
- Project management
- Wired and wireless network design
- Firewall configuration and management
- Voice over Internet Protocol (VoIP) services
- Server maintenance and management
- Configuring and troubleshooting network routers and switches
- Cloud services
- Network security

Classes and assessment

Classes are typically scheduled over 3.5 days with an average of 20 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as written assignments and tests.

Pathway options

On satisfactory completion of the Diploma of Information Technology Networking, you will receive up to 1 year's advanced standing towards the Bachelor of Information Systems.

All students transitioning from Vocational to Higher Education will enter into a Transition to Degree Program prior to the commencement of their degree classes to ensure their preparedness for Higher Education studies.

ICT40315 CERTIFICATE IV IN WEB-BASED TECHNOLOGIES

CRICOS Code: 086544A
Duration: 6 months
Intakes: February, July
Fee (\$AU): \$6,900
Campus: Moorabbin

Prerequisites

- Good passes at Year 11 level or the overseas equivalent
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5.

Why choose this course?

The web has permeated all aspects of contemporary life. Web services are used everywhere, integrated into our apps, appliances and homes. With this trend anticipated to accelerate, now is the time to join this creative industry, with new opportunities in a wide range of sectors.

The Certificate IV in Web-Based Technologies is the ideal pathway towards creating industry standard web and digital media applications. You will work with cutting edge, industry standard technology, and gain valuable experience working on industry-style tasks and briefs.

Industry connections

Holmesglen works closely with many local organisations and large national companies to provide students with the opportunity to work on real life projects. Recently these companies have included Liminal VR, Greyhound Racing Victoria and Kinetic IT.

Career outlook

- Junior web designer
- Junior web developer
- Digital media developer or programmer
- Front-End web developer
- UI and UX designer
- Programmer
- Web marketing

What you will study

Whilst undertaking this Certificate you will be trained to use a variety of technologies to rapidly prototype and develop websites including; HTML5, CSS3, jQuery, JavaScript, Bootstrap, PHP, MySQL, Adobe Illustrator, Adobe Photoshop and Wordpress. This will allow you to create a whole range of web solutions for clients including online stores, social platforms and more.

Key study areas

- Technical requirements for websites
- Social web technologies
- Responsive design
- Server side script for dynamic web pages
- Content management systems
- Web performance

Classes and assessment

Classes are typically scheduled over 4 days with an average of 20 contact hours per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as responding to client briefs, website development, portfolio pieces and web designs.

Pathway options

Upon successful completion of the Certificate IV in Web-Based Technologies students may complete a further one year of study to achieve the Diploma of Website Development.

ICT50615 DIPLOMA OF WEBSITE DEVELOPMENT

CRICOS Code: 086669K
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$13,800
Campus: Moorabbin

Prerequisites

You will have completed a Certificate IV qualification which has included basic skills and knowledge in HTML, CSS, PHP, jQuery, MySQL, Adobe Illustrator and Photoshop, JavaScript and Wordpress. Suitable qualifications can include:

- ICT40315 Certificate IV in Web based technologies ICT40515
- Certificate IV in Programming ICT40115 Certificate IV in Information Technology.

Why choose this course?

Launch your career in the web development and digital media industry. Gain the skills to ensure you are ready to work with real clients to develop solutions that meet their needs. Learn to build responsive and effective websites and web applications. During the course you will develop a comprehensive understanding of the design and technical skills required to work within the digital media industry. This course places a strong emphasis on creativity and conceptual development, using software packages and programming languages common in the industry. You will receive practical training and real-world experience from teachers who will help you to make your move into the Web and Digital Media Industry.

Industry connections

Holmesglen works closely with many local organisations and large national companies to provide students with the opportunity to work on real life projects. Recently these companies have included Liminal VR, Greyhound Racing Victoria and Kinetic IT.

Career outlook

- Web developer
- Web development manager
- Website manager
- Web administrator
- Web programmer

What you will study

Work with cutting edge, industry standard technology, developing skills in areas such as: graphic design, user experience and user interface design, online web marketing, responsive design, HTML5, CSS3, jQuery, web application development, front-end and server-side programming, video production, online web marketing and IoT (Internet of Things).

Key study areas

- Building dynamic websites and web pages
- Creating web-based programs
- Integrating databases with websites
- Visual design
- Digital marketing and SEO
- Client business requirements
- Web technology trends

Classes and assessment

Classes are typically scheduled over 3 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as responding to client briefs, website development, portfolio pieces and web designs.

Pathway options

On satisfactory completion of the Diploma of Website Development, you will receive up to 1 year's advanced standing towards the Bachelor of Information Systems. All students transitioning from Vocational to Higher Education will enter a Transition to Degree Program prior to the commencement of their Degree classes to ensure their preparedness for Higher Education studies.

22334VIC CERTIFICATE IV IN CYBER SECURITY

CRICOS Code: 099271C
Duration: 1 year
Intakes: February, July
Fee (\$AU): \$13,800
Campus: Chadstone

Prerequisites

- Good passes at Year 11 level or the overseas equivalent English language proficiency equivalent to IELTS 5.5
- (Academic) with no individual band score less than 5.5 Holmesglen does require learners to have basic IT skills in switching on the computer, saving and organising files, sending and reading emails and following instructions for installing software/applications.

Why choose this course?

If you are excited about working in cyber security, the Certificate IV in Cyber Security is a great starting point for a career in this area.

The qualification has been validated by leading IT companies and associations as a quality training program that provides graduates with practical skills and knowledge to work in a technical support role in a cyber security operations centre (CSOC).

Industry Accreditations

Student studying this course may decide to sit Industry certifications in Cisco, Fortinet and Microsoft. These certifications increase the likelihood of employment.

Industry connections

Holmesglen's cyber security course is strongly supported by our industry and Academy Partners:

- Fortinet Network Security Academy
- Cisco Networking Academy
- Microsoft Academy
- Amazon Web Services Academy (AWS)
- LifeJourney
- Australian Signals Directorate (ASD)

Career outlook

- Cyber security technical support
- Desktop support technician
- Cyber security intrusion tester
- Security support officer
- PEN tester
- Networking security support officer
- Systems tester
- Computer forensics technician
- Website security support officer

What you will study

- Identifying and reporting system vulnerabilities
- Identifying and reporting website and system threats
- Evaluating and reporting cyber security incidents
- Securing PC and mobile devices
- Networking fundamentals
- Working as part of an incident response team
- Web security
- Organisational policies and processes for cyber security

Key study areas

- Cyber data analysis
- Network basics Python programming
- Penetration testing
- Incident reporting
- Network and firewall security
- Cyber security projects

Classes and assessment

Students will attend a minimum of 20 contact hours per week. Timetables are subject to change.

Assessment will include knowledge tests, assignments and observation of completing practical tasks.

Pathway options

The training pathway from this qualification is the Bachelor of Information Systems.

BIS17 BACHELOR OF INFORMATION SYSTEMS

CRICOS Code: 095613G
Duration: 3 years
Intakes: February, July
Fee (\$AU): \$17,400 per year
Campus: Chadstone

Prerequisites

- Year 12 or the overseas equivalent
- English language proficiency equivalent to IELTS 6.0 (Academic) with no individual band score less than 6.0*

Why choose this course?

Graduates attain strong technical skills and knowledge in cloud computing, networking, cyber security, enterprise systems, team collaboration, workplace communication, business analytics and project management. They build skills in problem solving, and the ability to locate, evaluate and adapt quality information for use in a business environment. In their final year students complete an information systems capstone project, drawing together the skills, knowledge and technologies undertaken in their studies.

Students work in groups to develop and implement a business IS solution. Where possible the project involves setting up a cloud infrastructure, incorporating aspects of cyber security, managing data and information system reporting, and creating a user interface to support the client and business.

Industry connections

Holmesglen works closely with many local organisations and large national companies to provide students with the opportunity to work on real life projects. Recently these companies have included Liminal VR, Greyhound Racing Victoria and Kinetic IT. Holmesglen also has strong relationships with large IT companies to support delivery of our subjects. As such Holmesglen is a:

- Cisco Networking Academy
- Microsoft Academy
- VMware Academy
- Fortinet Academy
- Amazon Web Services Academy

Career outlook

- Information systems cloud architect/project manager
- Cloud services web developer
- Business systems analyst
- Database design administrator
- Cloud security consultant
- Enterprise systems consultant/architect
- Information systems manager

What you will study

The following study areas are aimed at providing graduates with strong technical skills and knowledge to gain a career in information technology.

Key study areas

- Enterprise information and cloud computing systems
- Business decision analysis
- Human computer interaction
- Cyber security and information security management
- Big data and business intelligence
- Network fundamentals
- Web-design and programming
- Project and change management
- Team communications, ethics & IT governance

Classes and assessment

Classes are typically scheduled over 3 days with an average of 20 hours of contact per week including lectures, tutorials, labs and personal consultations sessions (this is indicative only; timetables are subject to change).

Assessment will include a range of tasks, such as practical assessments and written assignments.

RECREATION, SPORT AND MASSAGE

PROMOTE ACTIVE AND HEALTHY LIFESTYLES

TURN YOUR PASSION INTO A SUCCESSFUL CAREER! BECOME PART OF THE EXCITING AND RAPIDLY GROWING HEALTH, RECREATION OR SPORTING INDUSTRIES AND MAKE AN IMPACT ON OUR COMMUNITIES. EXPERIENCE PRACTICAL, INDUSTRY-LINKED LEARNING TO DEVELOP THE SKILLS AND CONFIDENCE FOR SUCCESS IN A DIVERSE RANGE OF CAREERS IN THESE VIBRANT, ACTION-PACKED INDUSTRIES.

NICKY NCUBE – ZIMBABWE

BACHELOR OF SPORTS BUSINESS

“I chose Holmesglen because they offer the best Sport Business course I was looking for. The course is fun and very hands on, and giving us an opportunity to gain work experience and develop professionalism in the Sporting industry. Internships are available throughout the course at some of the best organisations in the industry like Fox football, Cricket Victoria and the Australian Football League.

Our classes are small, which means we get to know our peers and gives students the chance to have more one on one time with our lecturers. The lecturers are approachable, experienced industry professionals. Campus life at Holmesglen is amazing and has a wide range of student diversity, which helps bring students together.

Being a student at Holmesglen has helped me gain multiple life skills. As an international student, I have received help and support to guide me through my studies, and Holmesglen has become a home away from home for me.”

STUDY AREAS

- REMEDIAL MASSAGE
- OUTDOOR RECREATION
- SPORT DEVELOPMENT
- EVENT MANAGEMENT
- SPORT BUSINESS

SIS50612 DIPLOMA OF SPORT DEVELOPMENT SIT50316 DIPLOMA OF EVENT MANAGEMENT

CRICOS Code: 082434F
093875A

Duration: 1 year
Intakes: February, July
Fee (\$AU): \$19,500
Campus: Moorabbin

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic)
- Prior to the first scheduled placement students are required to provide a current Working With Children Check (WWCC).

Why choose this course?

If you are interested in the sporting industry and have a passion for helping athletes achieve their goals then this is the course for you. You will gain a broad experience of the industry, from marketing and promotion, coaching and officiating, to event management and finance. The course delivers the skills and understanding for a successful career, with opportunities to work with state and national sporting bodies throughout the course. You will also have the opportunity to organise sporting carnivals for underprivileged school children overseas.

Industry connections

There are a variety of industry connections created through the Diploma of Sport Development/Diploma of Event Management, which assist in employment opportunities once graduated. These include a large variety of primary and secondary schools, the Victorian Athletics association, The Victorian Institute of Sport, AFL, NBL and NBL1.

Career outlook

- Sport coach
- Sport administrator
- Sporting club manager
- Sporting event manager

What you will study

- Coaching practices
- Strategies to increase sports participation
- Customised coaching for athletes with specific needs

Key study areas

The Diploma of Sport Development teaches you how to manage meetings and projects, plan and implement high performance training, coaching and recovery programs and support athletes to adopt principles of sport psychology.

Through the Diploma of Event Management, you'll have the opportunity to attend major events such as the Australian Grand Prix, A League soccer and National Basketball League, visit the Victorian Institute of Sport and gain hands-on experience volunteering at a major event.

To prepare you for a career as a sport coach, administrator, sports club or event manager, you'll organise swimming and athletic carnivals, and plan, organise and coach various sports and recreational activities.

Practical placement is a key component for these qualifications. It is a structured program designed to give all students a true 'hands on' experience prior to entering the industry.

Classes and assessment

Classes are typically scheduled over around 3 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks and practical observations.

Pathway options

On successful completion of the Diploma of Sport Development/Diploma of Event Management, you will be eligible to receive up to 6 months' advanced standing towards the Bachelor of Sport Business. All students transitioning from Vocational to Higher Education will enter a Transition to Degree Program prior to the commencement of their Degree classes to ensure their preparedness for Higher Education studies

Students are advised to allow an additional \$1,705 (AUD) for activities and/or materials.

BSPB16 BACHELOR OF SPORT BUSINESS

CRICOS Code: 092390G
Duration: 3 years
Intakes: February, July
Fee (\$AU): \$18,300 per year
Campus: Chadstone

Prerequisites

- Year 12/Matriculation or the overseas equivalent or relevant senior employment experience
- English language proficiency equivalent to IELTS 6.0 (Academic) with no individual bandscore less than 6.0
- A current criminal check (or equivalent) from their country of origin.

Why choose this course?

This program has been designed to produce graduates who are analytical, strategic and decisive decision makers who are able to work across a range of roles and sectors in the ever growing sports industry.

The course is unrivaled in facilitating real world industry opportunities for students, ensuring you learn more and do more, providing the best opportunity for you to achieve your career goals in the sports industry.

Industry connections

We have extensive industry engagement which includes work integrated learning assessments where students function as consultants to sports organisations. Complementing this is a significant number of guest speakers and field trips to some of Australia's most iconic venues including the Melbourne Cricket Ground and Rod Laver Arena.

Our internship program sets our students up for a seamless transition to gainful employment. Students complete internships with some of Australia's most important sports organisations including the St Kilda Football Club, Melbourne Stars, Cricket Victoria, Basketball Victoria and Tennis Victoria.

Career outlook

- Player athlete manager
- Partnership account coordinator
- Membership officer
- Sport event coordinator
- Sport venue officer
- Sport tour coordinator
- Social media officer
- Community engagement officer
- Game development officer
- Sport and recreation officer

What you will study

There are four streams that students need to complete, which are:

1. Sport management
2. Sports media
3. Sport development
4. Commercial sport

This ensures our students are highly employable across all sectors of the growing sports industry.

Key study areas

- Sport athlete management
- Social media
- Sports marketing
- Management for sport organisations
- Sport development and coaching
- The business of sport
- Sport in Australia
- Sport sponsorship
- Financial decision making for sport organisations
- Sport event tourism

Classes and assessment

Classes are typically scheduled over 3 days with an average of 12 to 16 contact hours per week and additional hours for online learning (indicative only; timetables are subject to change). Assessments will include a range of tasks, such as essays, reports, group assessments, ePortfolios, exams and applied learning assessments. Students are also required to complete an internship in their final year of the course (approximately 228 hours or 6 weeks full time).

In addition to course fees, students will need to purchase subject textbooks totalling approximately \$250 (AUD) each semester.

SIS40313 CERTIFICATE IV IN OUTDOOR RECREATION

CRICOS Code: 084418A
Duration: 1 year
Intakes: February
Fee (\$AU): \$14,900
Campus: Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic).

Why choose this course?

If you have a passion for the great outdoors this is the course for you. Your studies will take you on location as you explore the Australian bushlands.

You will focus on developing the capabilities required to plan and deliver an outdoor recreation program for a wide range of clientele utilising a variety of outdoor activities. You will develop both camp and expedition management skills including group leadership and campsite catering allowing you to guide and teach others.

The course is ideal for adventurers who are enthusiastic about outdoor activities such as hiking, climbing, camping, and canoeing. As part of the course, students are required to complete a number of vocational practical placements and experiences in the outdoor recreation industry.

Industry connections

There are a variety of industry connections created through the Certificate IV in Outdoor Recreation, which assist in employment opportunities once graduating. These include Outdoors Victoria, Australian Adventure Experience, Bindaree Outdoors, Halls Outdoor Experience and Adventure Plus.

Career outlook

- Trip assistant in the outdoor recreation industry
- Outdoor guide (uncontrolled environment)
- Outdoor instructor

What you will study

You will learn about the environment, and key skills such as navigation, trip planning, weather prediction, safety and first aid.

Key study areas

- Bush walking
- Canoeing
- Snow camp
- Rock climbing
- Low ropes
- Outdoor activity risk management
- Remote area trip guiding and navigation

Classes and assessment

Classes are typically scheduled over around 4 days per week (indicative only; timetables are subject to change) and are mostly delivered in the field.

Assessment will include a range of tasks, such as assignments, practical observation, and role plays.

Students are advised to allow an additional \$2,420 (AUD) for activities and/or materials.

HLT52015 DIPLOMA OF REMEDIAL MASSAGE

CRICOS Code: 091158B
Duration: 1 year
Intakes: February & July
Fee (\$AU): \$13,800
Campus: Glen Waverley

Prerequisites

- Good passes at Year 11 level or the overseas equivalent plus relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic).

Why choose this course?

Gain the understanding and expertise to work as a remedial massage therapist. This program will provide you with a variety of remedial massage skills which are based on a comprehensive underpinning knowledge of anatomy, physiology and surface anatomy. You will develop a variety of remedial techniques and specific musculoskeletal assessment protocols.

Industry connections

There are a variety of industry connections created through the Diploma of Remedial Massage, which assist in employment opportunities once graduating. These include the Victorian Massage & Myotherapy network and the Massage & Myotherapy Association of Australia.

Career outlook

- Work in multidisciplinary clinics
- Massage therapist in a rehabilitative environment
- Sports massage therapist
- Remedial massage therapist

What you will study

As a student, you will develop the skills required to assess and treat soft tissue dysfunction, alleviate pain, improve body function and manage musculoskeletal injuries.

Key study areas

- Pathology
- Management of athletes
- Advanced treatment techniques
- Advanced assessment techniques
- Student clinic
- Clinic management theory

Classes and assessment

Classes are typically scheduled over around 4 days per week (indicative only; timetables are subject to change).

Assessment will include a range of tasks, including practical observations.

Pathway options

After successfully completing the course, you may wish to articulate into further studies such as myotherapy or a physiotherapy qualification.

Students are advised to allow an additional \$275 (AUD) for activities and/or materials.

STUDY AREAS

TRAVEL AND TOURISM
MANAGEMENT

HOLIDAY PARK AND
RESORT MANAGEMENT

EVENT MANAGEMENT

LIVE PRODUCTION AND
SERVICES

IMAGINE A CAREER THAT COULD TAKE YOU BEHIND THE SCENES OF CONCERTS AND FESTIVALS OR JETTING OFF TO AN EXOTIC LOCATION ACROSS THE WORLD. OUR TEACHERS INCLUDE INDUSTRY PROFESSIONALS IN EVENT MANAGEMENT AND TRAVEL AND YOU WILL HAVE A RANGE OF OPPORTUNITIES TO MEET AND LEARN FROM GUEST SPEAKERS IN THE INDUSTRY.

TRAVEL, TOURISM AND EVENTS

IMAGINE A GLOBAL CAREER

SIT50316 DIPLOMA OF EVENT MANAGEMENT CUA30415 CERTIFICATE III IN LIVE PRODUCTION AND SERVICES

CRICOS Code: 093875A
090376M
Duration: 1 year
Intakes: February & July
*July intake at Glen Waverley campus only
Fee (\$AU): \$14,900
Campus: Glen Waverley & Moorabbin

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5
- Students must obtain a Working with Children Check prior to commencing experiential learning.

Why choose this course?

The Diploma of Event Management/Certificate III in Live Production and Services is a course that will take you behind the scenes at festivals, stadium productions and events. This course offers you the chance to get backstage access to various event management sites, with a number of local, interstate and international travel opportunities throughout your studies.

Industry connections

Students completing this course have been involved in the Victorian State Schools Spectacular, as well as large scale cultural events, including White Night Festival, the Melbourne International Comedy Festival, Christmas Festival of Lights and the Melbourne Cup Carnival.

Career outlook

- Events manager
- Events coordinator
- Events contractor
- Events supply companies

What you will study

This practical 'hands-on' course has been developed with a strong focus on industry experiential learning at festivals and stadium productions. You will work very closely with industry experts to gain the skills and knowledge you need to create, develop and stage special events while managing your team in an efficient and productive manner. With the integrated Certificate III in Live Production and Services, this course ensures you have the practical creative production skills, that are a vital addition to an event professional's skills base.

Experiential training will be undertaken in a specially designed audio and lighting room to enhance your production and staging skills. You will learn to use special registration software and use CAD style drawing layout programs. Additionally, you will undertake a range of business and management subjects in finance, leadership, and communication.

Key study areas

- Leadership
- Customer service
- Marketing
- Risk management
- Creative production
- Business planning
- Staging, lighting, audio
- Event management and concepts
- Conference programs and event registrations

Classes and assessment

Classes are typically scheduled over 3 to 4 days per week (indicative only; timetables are subject to change).

Assessment may include a range of tasks, such as the creation of planning documents, direct observations on event sites, written reports, practical demonstrations and presentations.

Students are advised to allow an additional \$1,000 (AUD) for activities and/or materials.

SIT50116 DIPLOMA OF TRAVEL AND TOURISM MANAGEMENT SIT50216 DIPLOMA OF HOLIDAY PARK AND RESORT MANAGEMENT

CRICOS Code: 094605D
095561C
Duration: 1 year
Intakes: February & July
*July intake at Glen Waverley campus only
Fee (\$AU): \$14,900
Campus: Glen Waverley & Moorabbin

Prerequisites

- Good passes at Year 11 level or the overseas equivalent and preferably some relevant work experience
- English language proficiency equivalent to IELTS 5.5 (Academic) with no individual band score less than 5.5.

Why choose this course?

This dual qualification, Diploma of Travel and Tourism Management, together with the Diploma of Holiday Park and Resort Management, will open the doors to a global career. Gain the skills and knowledge that could lead you to opportunities in retail travel agencies, hotels, resorts, cruise ships, wholesale tourism companies or tour operators.

The course offers a study tour to the Gold Coast, Queensland and a short domestic cruise at the end of the program. You may also receive additional travel opportunities during your studies.

Industry connections

During this course, there will be opportunities to be involved with the travel and tourism industry through involvement at industry presentations, familiarisation trips and conducting research with industry partners.

Career outlook

- Product manager
- Tour operator
- Reservations coordinator
- Visitor information officer
- Retail travel agency manager
- Incentive travel coordinator
- Sales and marketing coordinator
- Resort/hotel front office guest service agent

What you will study

This course offers comprehensive training in the basics of the travel industry with skills developed on international central reservations systems (Amadeus and Galileo), airline fares and ticketing, wholesale tourism product packaging and resort front office procedures using the hotel and resorts system OPERA. The range of units will ensure you are fully prepared to enter the tourism industry, whether this is in a retail agency environment, an operational resort or cruise ship role, or taking a position with a tourism supplier.

The course is delivered in four terms over one year. During the first semester, you will be enrolled in the Diploma of Travel and Tourism Management, and also the front office pathway units that make up the entry requirements for the Diploma of Holiday Park and Resort Management. In semester two, once you have successfully completed the pathway units, you will be enrolled in the Diploma of Holiday Park and Resort Management.

Key study areas

- Finance
- Retail travel
- Tourism and destinations knowledge
- Airline reservations systems, fares and ticketing
- Packaging tourism products, wholesaling
- Leadership and management
- Marketing, sales and customer service
- Hotel/Resort reception systems

Classes and assessment

Classes are typically scheduled over 4 days, with an average of 22 contact hours per week (indicative only; timetables are subject to change). A range of assessments are used during the course including: direct observations, role plays, written reports, creation of specific industry documents, practical demonstrations and presentations.

Students are advised to allow an additional \$1,800 (AUD) for activities and/or materials.

ZIN LIN LIN HTUN – MYANMAR

DIPLOMA OF EVENT MANAGEMENT

“My journey with Holmesglen Institute has been amazing. Coming at a very young age, I was on the verge of finding myself and Holmesglen has helped me to portray a clear vision of what I want to be. Upon completing my Year-11 in Myanmar, I chose to study Events at Holmesglen due to my growing passion and it was the best option for my chosen pathway. The class sizes are small which provides more interaction and comfort in approaching the teachers. From being a registrant at conferences and working backstage at Victorian State Schools Spectacular, my most profound and memorable experience, I am preparing to be industry-ready upon graduation. Not only will I gain a qualification in Diploma of Event Management I have gained lifelong friendships and transferable skills in all aspects of my life.”

HOW TO APPLY

The International Student Application form is available for download from the Holmesglen website, visit: holmesglen.edu.au/Students/How-to-apply

1.

CHOOSING A COURSE

Read through the course descriptions in the International Course Guide and refer to the detailed information on our website. You can also call one of our friendly customer services officers, or send through an enquiry to make sure that this is the course for you.

Visit holmesglen.edu.au
Email intl@holmesglen.edu.au
Call +61 (03) 9564 1703

2.

PREPARING YOUR APPLICATION

You will need to make sure that you meet the required academic prerequisites as listed in this guide, including English proficiency, to make sure you are eligible to apply for the course. You will need to provide us with certified copies of your academic documents, with English translations where applicable.

CONTACTING AN AGENT

We have Holmesglen accredited representatives across the world who are able to counsel you on choosing the right course, and help you prepare your visa application.

To find an agent in your country, visit: holmesglen.edu.au/Students/International/Education-Agents

3.

COMPLETING THE APPLICATION FORM

Make sure that you read and understand the Institute's Terms and Conditions of Enrolment and the Fee Payment and Refund Procedure (pages 84-85).

Complete all sections of the application form in block letters, and don't forget to include your signature and contact details. You can download the International Student application form here: holmesglen.edu.au/students/how-to-apply

If you are not applying with an agent, you will be required to submit an application fee of AUD \$500 along with your application.

4.

YOUR APPLICATION OUTCOME

Once our assessment officers have all of the required information to assess your application, they will inform you of the outcome of the application.

If you are successful, you will receive a Letter of Offer along with a Fee Schedule.

5.

CONFIRM YOUR ENROLMENT

If all of the conditions on your Letter of Offer have been met, you can proceed to deposit your first fee instalment, as outlined in your fee schedule. Submit your payment, send the evidence of your payment (i.e. Remittance Advice) along with your Offer Acceptance Form, to receive an Electronic Confirmation of Enrolment (eCOE) which you will require for your visa application.

6.

VISA APPLICATION

If you are applying for a Student Visa, you will need to complete this process with the Department of Home Affairs (DHA). Accredited Holmesglen agents can assist you with this process. Make sure that you are well prepared and able to provide the required information in order to receive a visa.

7.

YOU ARE READY TO START YOUR JOURNEY WITH HOLMESGLEN!

It's time to start making all of the preparations to set up your new life in Melbourne! Be sure to check out our accommodation and student services information online and contained in this guide to make your transition into student life as smooth as possible!

TERMS AND CONDITIONS OF ENROLMENT

Important information to read before completing your Application Form.

All course information in this publication was accurate at the time of publication, however this information is subject to change. Program codes, CRICOS codes and fees provided in this publication are subject to change. All changes will be updated on our website holmesglen.edu.au.

Please read this application carefully, complete all sections and ensure that certified copies of your academic transcripts and English language assessments are attached.

Acronyms/Definitions

DHA – Department of Home Affairs

ELICOS – English Language Intensive Courses for Overseas Students

RPL – Recognition of Prior Learning

eCoE – Electronic Confirmation of Enrolment

CT – Credit Transfer

VLC – Visa Length Cover

International student – Includes student visa holders (overseas students)

The ESOS Act – The Education Services for Overseas Students Act 2000

The National Code 2018 – National Code of Practice for Providers of Education and Training to Overseas Students 2018

Principal Course of Study

Where a student visa has been issued for multiple courses of study, the principal course of study is the final course of study the student will undertake on that student visa.

Overseas Student Health Cover

All international students must have health insurance through the Overseas Student Health Cover (OSHC) scheme. Holmesglen requires that students purchase OSHC to cover the full duration of their studies at Holmesglen (visa length cover).

Terms and Conditions of Enrolment

Applicants are required to sign on the Application Form that they have read, understood and consented to the Fee Payment and Refund Procedure and to the Terms and Conditions of Enrolment for all courses delivered at Holmesglen campuses as detailed underneath.

1. Conditions of Enrolment

- 1.1 Holmesglen reserves the right to cancel a course prior to its commencement, in which case a full refund of all fees paid will be made within two weeks. For students enrolled in Charles Sturt University's Bachelor of Oral Health (Therapy/Hygiene), Holmesglen reserves the right to cancel the degree component of the program if there are insufficient students for the course. In this case a full refund of all fees paid for the degree component will be made within two weeks. Students will be given assistance in sourcing an alternative program of study.
- 1.2 A student is enrolled for the period for which tuition fees have been paid. If tuition fees have not been paid, the student's enrolment may be canceled at the end of any appeals process.
- 1.3 For students undertaking ELICOS programs the Institute reserves the right to report to DHA the details of a student whose attendance is unsatisfactory.

- 1.4 Clinical or practical placements are compulsory for students enrolled in courses that include these as a course requirement. Failure in the placement may require the student to repeat the entire semester for which a full semester fee will be payable.
- 1.5 Holmesglen is required to report to DHA instances where a student fails to make academic progress in two consecutive study periods. All students are notified beforehand of Holmesglen's intent to report to DHA and are provided with 20 working days to access the Institute's complaints and appeals process.

Academic Progress is reviewed in each study period. International students are required to ensure they repeat any subjects/modules failed in that period so as to ensure completion of their course within the duration specified on their eCoE.

Detailed information on the Institute's Academic Progress Policy and the Complaints and Appeals Process is available online at holmesglen.edu.au and will be covered in the International Student Orientation Program.

- 1.6 All students are bound by the Institute's Student Discipline Regulations and the Sexual Harassment Policy. Detailed information on the Holmesglen Rules for Student Discipline and Sexual Harassment are covered in the International Student Orientation Program and available online at holmesglen.edu.au. Failure to adhere to these regulations may lead to the suspension or cancellation of a student's enrolment. Students will be provided with 20 working days to access the Institute's complaints and appeals process.
- 1.7 Detailed information on the ESOS Framework is available via docs.education.gov.au/system/files/doc/other/esosstudentfactsheetv3.pdf. All international students must read this document prior to accepting a Holmesglen Letter of Offer and forwarding tuition fees.
- 1.8 The National Code 2018 restricts the capacity of students to transfer to other providers prior to completing six months of their principal course.
Holmesglen will not allow students to transfer to another provider within six months of the commencement of their principal course of study in circumstances where the transfer would be detrimental to the study plan as detailed in their application.

Circumstances that are considered detrimental to a student's study plan could be but are not limited to:

- Change in Study Plan
- Transfer to a lower level of studies
- Increased tuition costs, particularly in cases where deposits paid in advance to Holmesglen are non-refundable
- Increased duration of studies in Australia
- Level of support services at new provider not equivalent
- Transfer would jeopardise student's progression through a package of courses.
- Within six months of a course beginning students may experience home-sickness and transfer to another registered provider is not likely to overcome this problem
- Holmesglen is of the view that the student is avoiding being reported to DHA for failure to meet attendance or academic progress requirements.

- 1.9 Students wishing to apply for a Letter of Release will need to complete an Application for Release Letter Form, available from the International Centre or online via holmesglen.edu.au. This form will provide information on Holmesglen's procedures for the assessment of such applications and the mechanism for the student to appeal. There is no cost attached to applying for a Letter of Release; however students will need to contact DHA to seek advice on whether a new student visa is required. In instances where a Letter of Release is granted, Holmesglen's Fee Payment and Refund Procedures will be applied to any Fees and Charges Refund Request received.

Detailed information on Holmesglen's transfer policy between registered providers is available online at holmesglen.edu.au and will be covered in the International Student Orientation Program.

- 1.10 After arrival in Australia, Holmesglen's policy restricts a student from transferring to another course of study at the Institute other than for which their student visa has been granted.
- 1.11 The National Code 2018 requires international students to complete their course within the duration specified on their eCoE except in limited circumstances. In these circumstances, Holmesglen will issue a new eCoE to extend the duration of study for the course.
- 1.12 The National code 2018 requires that overseas students attend a course on a full-time basis, this constitutes a minimum of 20 contact hours per week.
For detailed information refer to information online at holmesglen.edu.au. Under-enrolment in subjects against advice from Holmesglen, could constitute grounds for cancellation of a student's enrolment.

- 1.13 The National Code 2018 requires international students to keep Holmesglen informed of their current address. Students are responsible for completing updates online via student Administration. This information is covered in the International Student Orientation Program and the Holmesglen website, holmesglen.edu.au

- 1.14 International Students may apply for Credit Transfer (CT)/Recognition of Prior Learning (RPL) within one week of a study period commencement. There is no fee reduction for students granted CT/RPL for Certificate and Diploma programs (VET). Where possible, students will be encouraged to enrol in additional subjects/modules that may enable them to reduce the duration of their course – in which case a new eCoE will be issued. For Higher Education Degrees, fees are charged per subject enrolled.

A detailed CT/RPL policy and procedure is available online at holmesglen.edu.au and will be covered in the International Student Orientation Program.

- 1.15 Accompanying school-aged dependents of international students will be required to pay full fees if they are enrolled in a government or non-government school.
- 1.16 International students must maintain adequate health cover for themselves and any members of their family unit who are with them for the duration of their student visa.
- 1.17 Students need written permission from Holmesglen to defer or suspend their course. In cases where permission is granted, DHA will be advised.
Information pertaining to the circumstances in which a student may defer, suspend or cancel their enrolment is available online at holmesglen.edu.au.
- 1.18 Holmesglen is required to advise DHA when a student fails to commence a course, withdraws before the course ends, or changes course.
- 1.19 Students who are unable to arrive on time may be given up to one week to commence. After one week the student cannot be guaranteed a place in the course. If the student arrives after the agreed date, they may be required to return home or be placed in an English language program until the next available commencement date for the course.

- 1.20 After a student commences at Holmesglen, fees for subsequent study periods are due two weeks prior to the commencement of the study period. Unpaid fees will result in the cancellation of a student's enrolment at the end of any appeals process. No refunds are payable for any deposit held. International students are required to demonstrate to the Australian Government sufficient funds to cover their studies in Australia. As such, financial hardship is not considered grounds for an appeal. A fee of \$300 AUD will be levied on students who fail to make payment by the required date and where an enrolment has to be reinstated after cancellation.

- 1.21 Students who are enrolled with partner providers will use the support facilities provided by these institutions.
- 1.22 Students applying for a packaged program leading to a Bachelor degree will be required to pay a deposit for the first semester of the degree at the time of acceptance. For courses offered by university partner providers, students will be governed by the partner university international admissions, refunds and transfer policies which include a Genuine Temporary Entrant assessment and the payment of upfront fees. Please refer to the partner university website for full information on these policies.

- 1.23 By enrolling at Holmesglen, the Learner agrees that while in Australia and studying, they will notify Holmesglen of any changes to their contact details within Seven (7) working days of the change. Contact details include; current residential address, mobile number (if any), email address (if any) and emergency contact details.

2. Personal Information

- 2.1 Information is collected in the Application Form and during your enrolment in order for Holmesglen to meet obligations under the ESOS Act and the National Code 2018. The authority to collect this information is contained in the ESOS Act, the Education Services for Overseas Students Regulations 2001 and the National Code 2018. Information collected about the student on the Application Form and during enrolment can be provided, in certain circumstances, to the Australian Government and designated authorities. In other instances information collected on the Application Form or during your enrolment can be disclosed without your consent where authorised or required by Australian Law Enforcing Agencies.
- 2.2 Information held on student files including attendance records, academic progress reports is the property of Holmesglen. This information may be given to authorised government departments but will not be made available to students, the general public or third parties.

- 2.3 By enrolling at Holmesglen, the student agrees that information relating to academic performance may be made available to their parents or welfare carer, and/or agent.

3. Information about Holmesglen

- 3.1 Holmesglen only accepts responsibility for information given to overseas students from the following sources:
 - The International Course Guide
 - The Holmesglen website holmesglen.edu.au
 - Institute personnel
 - Holmesglen accredited overseas agents
 - IDP Education offices.

- 3.2 Holmesglen does not accept liability for information provided by sources other than these.

4. Accommodation

- 4.1 The accommodation provided by Holmesglen is detailed in the International Course Guide. Applicants who are applying for Institute accommodation should carefully read the Student Services and Facilities section of this course guide.
- 4.2 Refunds for accommodation expenses paid in advance will be in accordance with the Institute Fee Payment and Refund Procedures.
- 4.3 Other than placing a student with an Australian family or booking the student into any of the accommodation options included in this Course Guide, Holmesglen takes no responsibility for the accommodation provided.

5. Airport Reception

- 5.1 Airport Reception is only available to students who have requested Holmesglen arranged accommodation.
- 5.2 Students are required to notify Holmesglen of their flight number, date and time of arrival at least 7 days in advance.
- 5.3 Holmesglen does not accept liability for any changes to arrival times unless notification is received 3 working days in advance.

6. Complaints and Appeals

- 6.1 Holmesglen has established independent Complaints and Appeals procedure which provides for prompt resolution of any student complaints.
Detailed information on the Complaints and Appeals Procedure is available online at holmesglen.edu.au/Students/International-Students and will be covered in the International Student Orientation Program.
- 6.2 Beyond this procedure, all students have a right to pursue further action through the Australian legal system.

FEE PAYMENT AND REFUND PROCEDURES

When the Institute accepts an international student's application for enrolment, the policy and procedures detailed here and in the Terms and Conditions of Enrolment will constitute a written agreement between Holmesglenn and the international student for the purposes of the Education Services for Overseas Students Act 2000 (the ESOS Act) and the National Code of Practice For Providers of Education and Training to Overseas Students 2018 (National Code 2018).

1. Application Fee

- 1.1 On application for admission to a course, an application fee of \$500 AUD is payable and will be credited against the student's tuition fee.
- 1.2 This application fee of \$500 AUD is non-refundable in the case of a student withdrawing an application after a Letter of Offer is issued.
- 1.3 If the student's application for admission is rejected, then the \$500 AUD application fee will be reimbursed in full.
- 1.4 Students applying through the accredited agents and IDP Education offices are exempt from including the \$500 AUD application fee with their application.

2. Payment of Tuition Fees

- 2.1 A study period at Holmesglenn consists of no more than 24 weeks within a semester. The ESOS Act now limits the collection of pre-paid tuition fees. Tuition fees for all courses including ELICOS are payable per study period. Fees payable are documented in the student's Letter of Offer and Fee Schedule. Holmesglenn collects no more than 50% of the total course cost prior to the student commencing their course with the exception of courses that fall within one study period of 24 weeks or less.
- 2.2 Tuition fees paid offshore are payable to Holmesglenn Institute of TAFE by Electronic Funds Transfer, MasterCard, Visa or international bank draft (in Australian dollars, drawn from an Australian bank in Australia). Holmesglenn's bank account details are:

Account Name:

Holmesglenn Institute of TAFE

Bank Name:

Commonwealth Bank of Australia – Ashburton Branch

Bank Address:

205 High Street, Ashburton, Victoria, Australia

SWIFT CODE: CTBAAU2S

Branch Number (BSB): 063103

Account Number: 00901243

Once payment has been lodged, students must immediately forward the remitter's name together with a copy of the remittance advice/TT transmission notice in order for Holmesglenn to track the payment.

- 2.3 Tuition fees paid onshore can be paid in cash, by bank cheque, MasterCard or Visa, or over the internet.

- 2.4 Further fees are payable for additional courses, graduation ceremonies, excursions, resitting tests and examinations, textbooks, materials and activities.

- 2.5 When students have to repeat a subject or subjects in the same study period in which they have paid a full fee, no additional fee is payable. However, when they repeat a subject or subjects in a study period in which they have not paid a full fee, a pro rata tuition fee is payable.

- 2.6 Where a student has a packaged offer with a partner institution, Holmesglenn reserves the right to impose an upfront deposit fee which will not be refundable.

- 2.7 Students who enrol in additional courses will be required to pay the full-time course fee applicable to that course.

- 2.8 Holmesglenn reviews its tuition fees and other charges annually. Students will be required to pay the current fee that applies from the beginning of the next study period. If the student defers their course, they will be required to pay the fees applicable to the new commencement date. If the student changes course the new course tuition fee will apply. Students enrolled in programs with Holmesglenn's partners will be required to pay the tuition and other fees set by the partner. Holmesglenn makes every attempt to provide an indication of the partner institutions' fees at the time of production of this course guide. However, students should refer to the partner institutions' websites for full information. Holmesglenn takes no responsibility for fee increases at partner institutions.

- 2.9 There is no reduction in fees for subject exemptions for Certificate and Diploma programs. For degree programs, fees are charged per subject.

- 2.10 The Institute does not accept liability for any fees paid to an agent or third party in relation to an application for enrolment.

- 2.11 Where the Goods and Services Tax (GST) applies to programs and services in the International Course Guide, the tax is included in the advertised fee.

- 2.12 Holmesglenn is not liable for any variances when refunds are affected by fluctuations in currency exchange rates.

3. Refund Procedures

Claims for refunds must be made in writing using the prescribed form available from the International Office or online at holmesglenn.edu.au/Students/International-Students. Refunds that are approved will be made within four weeks after receipt of a written claim. If a student withdraws their application once tuition fees are paid, the following will apply:

- 3.1 If notice of withdrawal is received by Holmesglenn in writing more than four weeks prior to commencement of an ELICOS course, a 75% refund of tuition fees paid for the study period will be made to students. No refund of the ELICOS tuition fee will be made to students withdrawing from the course less than four weeks prior to commencement or after the commencement of the course.

- 3.2 If notice of withdrawal is received by Holmesglenn in writing more than four weeks prior to commencement of a course study period, a 50% refund will be made to students who have paid tuition fees for a forthcoming study period.

- 3.3 If notice of withdrawal is received by Holmesglenn in writing less than four weeks prior to commencement or after commencement of the course study period, no refund of the tuition fee will be made.

- 3.4 Where a student has been granted a deferral or suspension to their enrolment after the commencement of a study period, a pro rata transfer of the remainder of the study period tuition will be granted. The fee transferred will be held towards tuition for the study period the student is returning to and the student will be required to pay any balance prior to resuming their studies.

If the student does not return to their studies see 3.5. No refund will be granted if the student decides not to recommence studies except in compelling or compassionate circumstances.

- 3.5 Where a student has been granted a deferral in their course, tuition fees paid will be transferred to the subsequent study period. Where the student does not take up his/her place in the subsequent study period, a refund will only be payable if the student visa is not granted. Where a student has been granted a release letter, claims for refunds will be processed according to Refund Procedures 3.1, 3.2 and 3.3.

- 3.6 Where a student has been accepted into a course subject to attaining a required level of English language proficiency and the student does not attain that level of proficiency, the student will be requested to continue with English language training for a prescribed further period. Where the student does not wish to take up this option, they will be entitled to a 75% refund of the tuition fees paid towards a subsequent study period.

- 3.7 Where a student has been granted a deferral in their course due to a delay in their student visa grant, tuition fees paid will be transferred to the subsequent study period. Where the student does not take up his/her place in the subsequent study period, a refund will only be payable if the student visa is not granted.

- 3.8 Where a student has had to withdraw because of student visa refusal offshore or onshore (prior to commencement of a study period), a full refund of all tuition fees will be paid – less a \$250 AUD administrative fee. Where a student visa is refused in Australia for a course the student is currently enrolled in, a refund will be granted on a pro rata basis.

- 3.9 Where a student does not lodge the student visa application after receiving eCoEs, refunds will be processed as per procedures outlined in items 3.1, 3.2 and 3.3.

- 3.10 Where a student's enrolment is cancelled because of misbehavior or breaching of student visa conditions, a pro rata refund of tuition fees will be made from the date of enrolment cancellation.

- 3.11 Tuition fees will not be transferred to other educational institutions except in exceptional circumstances and at the discretion of the Director, International Centre.

- 3.12 No refund or transfer will be made to third parties.

- 3.13 International students who attain permanent residency status will be refunded as per procedures outlined in Items 3.1, 3.2, and 3.3.

- 3.14 Students who are enrolled in the Charles Sturt University degrees at Holmesglenn will be subject to the Charles Sturt University Refund Procedures. These are available on the Charles Sturt University website at www.csu.edu.au. A copy of the Charles Sturt University Refund Procedures will be made available to students at the time of enrolment in their degree program.

- 3.15 These regulations may be waived by the Board of Holmesglenn Institute of TAFE in exceptional circumstances at its absolute discretion. The decision of the Board is final.

- 3.16 These procedures do not remove the right of an international student to take further action under Australia's consumer protection laws.

4. Refunds – Accommodation

- 4.1 Where a student has made a payment towards Institute Accommodation, a full refund will be granted if a student has their student visa refused.

- 4.2 Where a student has made a payment towards Institute Accommodation, and in circumstances other than when a student has had their student visa refused:

- A full refund is available to students in the event that accommodation is at capacity
- A 90% refund will be made to students withdrawing up to four weeks prior to the commencement of their course
- A 75% refund will be made to students withdrawing less than four weeks prior to the commencement of their course
- No refund will be made to students who withdraw after the commencement of their course.

5. Educational Package

- 5.1 Holmesglenn: When applicants are required to complete a prerequisite course at Holmesglenn as a condition of entry into a higher level principal course of study at Holmesglenn, they will be offered an education package comprising of the prerequisite course and the principal course of study. An example is a student required to satisfactorily complete an English Language Program and attain a stated level of English language proficiency, as a condition of entry into a principal course of study. In these circumstances the refund procedures described under item 3.6 (Refund Procedures) will apply.

- 5.2 Holmesglenn/Partner University bachelor degrees: When applicants are required to complete a prerequisite course as a condition of entry into a higher level principal course of study at Holmesglenn, they will be offered an educational package comprising the prerequisite course and the principal course of study. An example is a student required to complete a diploma course as a condition of entry into a degree course at Holmesglenn. In these circumstances an additional deposit fee is payable for acceptance into the principal course of study at Holmesglenn. This deposit will be credited towards the applicant's tuition fee on commencement of the degree course at Holmesglenn. In circumstances where the student chooses not to proceed with their degree course, the degree deposit is non-refundable.

- 5.3 Other Institutions: When applicants are required to complete a prerequisite course at another institute as a condition of entry into a higher level principal course of study at Holmesglenn, they will be offered an educational package comprising the prerequisite course and the principal course of study. An example is a student required to complete a diploma course at another institute as a condition of entry into a degree course at Holmesglenn. In these circumstances a deposit fee is payable for acceptance into the principal course of study at Holmesglenn. This fee will be credited towards the applicant's tuition fee on commencement of the degree course at Holmesglenn. The deposit fee is non-refundable in any circumstances. Where subsequent Letters of Offer and eCoEs are required to be issued post arrival in Australia, Holmesglenn will levy a fee of \$500 AUD. This fee is also non-refundable.

6. Additional Subjects

- 6.1 Students who have paid a full fee in the current study period may take additional or repeat subjects in the same course at no additional cost with the exception of bachelor's and master's degree studies where fees are charged per subject.
- 6.2 For students who have not paid a full fee in the current study period a pro rata fee will be charged for additional subjects.
- 6.3 Students will only be allowed to enrol in off-campus subjects they have failed in a previous study period and provided that they are enrolled in a full-time course.

INTERNATIONAL STUDENT APPLICATION FORM

holmesglen

WHO SHOULD USE THIS FORM?

You should use this form if you are an international student applying for any course listed in the current Holmesglen International Course Guide or on the Holmesglen website at holmesglen.edu.au.

HOW TO COMPLETE THIS FORM

- Please read this application form carefully and complete ALL sections using BLOCK letters.
- Your application will not be processed unless full documentation is attached. Ensure that certified copies of your academic transcripts, English language proficiency and a copy of your passport are attached. Please note that supporting documentation will **NOT** be returned.
- Applications will only be considered when accompanied by the \$500 (AUD) Application Fee. Students applying through accredited agents are exempt from this requirement.
- Ensure that you complete the Document Checklist on page 8 and sign the Student Declaration and Financial Declaration on page 6.
- Holmesglen reserves the right to decline any application in accordance with all academic and Genuine Temporary Entrant requirements.

SECTION 1 – PERSONAL DETAILS

Are you a current or former student at Holmesglen? Yes No *If yes, student ID number*

Title: Mr Mrs Ms Miss Other – please specify

Surname or family name (*as in passport*):

Given name(s) (*as in passport*):

English name (*if you use one*):

Date of birth (DD/MM/YYYY): Gender: Male Female Unspecified

First Language:

Disability/Allergies

The information below is used to assist in monitoring, supporting and improving services to students with medical/disability requirements. This information is for support services only and will not affect the outcome of your application. If you have a condition/disability please attach relevant medical reports.

Do you have a disability, impairment, allergy or long-term medical condition which may affect your studies? Yes No

If 'Yes', please provide details:

Will you require support services, equipment and facilities to assist you? Yes No

If 'Yes', please provide details:

SECTION 2 – CONTACT DETAILS

Permanent address in home country

Number and Street:

Suburb/City:

Province/State:

Country: Postcode/Zipcode:

Telephone: Mobile:

Email address:

How long have you lived at that address:

Local address in Australia (if known)

Number and Street:

Suburb/City:

State:

Postcode:

Telephone:

Mobile:

Email address:

Emergency contact:

All students must provide the details of an emergency contact.

Family name:

Given name(s):

Relationship to student:

Number and Street:

Postcode/Zipcode:

Province/State:

Country:

Telephone:

Mobile:

Email address:

SECTION 3 – PASSPORT AND VISA DETAILS

(Enter details as shown in your passport. You must submit a translated, certified true copy of the personal details page of your passport.)

Country of birth: Country of citizenship:

Passport number: Expiry date:

Do you hold a current Australian Visa? Yes No

If yes, what type of visa do you hold? If no, what type of visa will you be applying for?

Visa subclass: Expiry date:

Have you or any immediate family member been refused an entry visa to any country?

Yes No *If yes, please attach evidence.*

Have you breached any visa conditions in any country?

Yes No *If yes, please attach evidence. Translated into English (if required) and certified.*

Do you have any medical or health issues that may prevent you from obtaining your visa?

Yes No *If yes, please explain or attach evidence and relevant documentation. Translated into English (if required) and certified.*

(Visit immi.homeaffairs.gov.au/help-support/meeting-our-requirements/health for a list of medical and health conditions of concern to the Australian Government.) Also note that health insurance in Australia will not extend to a pre-existing medical condition.

Are you currently applying, or have you previously applied for Australian Permanent Residency Status?

Yes No *If yes, please state your date of application:*

Please note: It is your responsibility to ensure your visa allows you to study in Australia and covers the duration of the program for which you have applied.

15. Are you aware of the work limitations and other Australian Student Visa conditions? Yes No

SECTION 11 – FINANCIAL DECLARATION

Please consider your answers carefully before you sign this application.

I understand that Holmesglen Institute may refuse to issue an offer if it assesses my financial capacity as insufficient.

I understand that Holmesglen Institute tuition fees are subject to an annual increase as outlined in my offer letter and that I am able to access funds to pay the increased fees.

I understand Holmesglen Institute may seek any additional information and documentation/evidence to confirm my financial capacity to funds.

I am aware of the tuition and living costs of my stay in Australia, including any dependent family members, and have the financial capacity to meet such costs and any annual fee increase for the duration of my course.

I am aware that I am required to make timely payments of all fees and associated costs.

Name of applicant: Date (DD/MM/YY)

Signature of applicant: Date (DD/MM/YY)

As in passport signature page

SECTION 12 – STUDENT DECLARATION

I declare I am a Genuine Temporary Entrant (GTE) and a genuine student and have read and understood conditions relating to these requirements.
(For more information about GTE visit: immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500/genuine-temporary-entrant).

I declare that the information contained in this application is true and complete.

I acknowledge that any false or misleading statement may result in denial of my admission request or subsequent cancellation of my enrolment at Holmesglen, which in turn, may affect the validity of my visa.

I understand that Holmesglen reserves the right to inform other tertiary institutions if any of the material presented to support my application is found to be false.

I confirm that I have received and read a copy of Holmesglen's current course guide and information available on www.holmesglen.edu.au and fully understand the requirements of the course.

I have read, understood and consent to the Terms and Conditions of Enrolment and the Fee Payment and Refund Procedures at Holmesglen.

I understand, that upon enrolment at Holmesglen, I will provide my current contact details including current residential address, mobile number, email address as well as emergency contact information. I will notify any changes to these details within 7 working days of change.

I consent to DHA providing Holmesglen with any information about my visa status from the time of my application to the time of my departure from Australia.

I understand that this agreement and the availability of Holmesglen's complaint and appeals processes do not remove my right to take action under Australia's consumer protection laws.

I acknowledge that all documents submitted become the property of Holmesglen and will not be returned.

I understand that the personal information that I have provided may be released to Australian Commonwealth and State agencies under the Education Services for Overseas Students (ESOS) Act 2018.

Name of applicant: Date (DD/MM/YY)

Signature of applicant: Date (DD/MM/YY)

As in passport signature page

Please submit your application together with all supportive documentation via email to intl.admissions@holmesglen.edu.au
