

UNIVERSITY of NEW ENGLAND

A large, multi-story brick building with a prominent central tower and several gabled sections. The building is illuminated from within, with warm yellow light glowing through the windows and a balcony. The sky is a deep blue, suggesting dusk. In the foreground, there is a well-maintained green lawn. The overall atmosphere is serene and historic.

WELCOME to the **UNIVERSITY of NEW ENGLAND**

Welcome to the University of New England (UNE), one of Australia's oldest universities with a 75 year reputation for excellence in teaching, learning and research.

ABOUT **UNE**

The University of New England has again achieved a five-star (maximum) rating for “overall graduate satisfaction” in the *Good Universities Guide* for 13 of the past 14 years – an achievement matched by no other Australian university.

UNE has one of Australia’s lowest staff to student ratios. At UNE students have the opportunity to communicate directly with academic staff and classmates which promotes learning, increases discussion and develops a greater understanding of the study area. This type of interaction between academic staff and students develops a strong sense of belonging and an attitude of support among peers.

“ The University of New England has again achieved a five-star (maximum) rating for “overall graduate satisfaction” ”

UNE is one of Australia’s oldest universities with a 75 year reputation for excellence in teaching, learning and research. Over 80 000 people now hold UNE qualifications, with many in senior positions in Australia and overseas.

UNE is a multicultural university with students from over 80 nationalities studying on campus. The University is one of the few Australian universities with a mosque on campus, which serves as a vital hub for our Muslim students.

UNE also has facilities including libraries, computer labs, a campus bookshop, newsagent, medical centre, childcare facilities, hairdresser and cafés.

OUR LOCATION

ADMISSIONS

Admission to UNE involves a number of steps as set out below. These steps may assist applicants through the various stages of the admission process. If applicants have any questions at any stage during the process they should contact UNE International for assistance.

2

Upon assessment, if the application is successful, a conditional or unconditional Offer of Admission will be issued together with the International Offer Guide, which contains all information relevant to an applicant accepting their offer. The University will advise students in writing if their application is unsuccessful.

1

All international students applying to study a coursework program at UNE must complete the International Student Admission Application Form. Students can complete the application online at: www.une.edu.au/imp/apply/applicationform.php

All international students applying to study a Higher Degree by research, such as a PhD, must complete the International Students Application for Candidature / Scholarships Form. The form is available online at: www.une.edu.au/research-services/pgstudy/prospectivestudents/

Applicants who wish to apply through one of UNE's authorised agents can access the following website to locate their nearest agent: www.une.edu.au/imp/agents

Applicants should ensure that they attach certified copies of transcripts of all relevant previous studies including proof of completion; photo page from passport or other birth record; and evidence of English language proficiency and any other documentation requested on the application form. Only PDF files can be accepted. Zipped or compressed files will not be accepted.

If documents are in a language other than English, an officially certified English translation of each document must be provided together with certified copies of the original documents.

3

When UNE International receives the completed Offer of Acceptance and the required tuition fees from students intending to study on campus, it will process the payment and issue the Confirmation of Enrolment (COE). The COE is the form required to apply for a student visa from an Australian Embassy, High Commission or the Department of Immigration and Border Protection (DIBP) as appropriate. Students must obtain a student visa before they come to study full-time in Australia.

Information on obtaining a student visa is available online at: www.immi.gov.au

For students intending to study online, UNE International will, upon receiving the completed Offer Acceptance Form and the required tuition fees, process the payment and issue information about online enrolment in UNE units.

4

Upon being granted their student visa, students intending to study on-campus should make travel arrangements including applying on-line for accommodation at: <https://residences.une.edu.au/starrezportal>

Students should advise UNE International of their travel arrangements and request airport or railway station reception as instructed in the International Offer Guide.

5

On-campus students should arrive and attend the International Student Orientation and Enrolment after which they will commence their formal course at UNE.

UNDERGRADUATE ACADEMIC ADMISSION REQUIREMENTS

A group of approximately 12 young people, likely students, are posing for a group photo on a grassy lawn. They are all smiling and making peace signs with their hands. They are dressed in casual attire, including jackets, sweaters, and jeans. In the background, there is a large, multi-story brick building with a red roof and several windows. The scene is brightly lit, suggesting a sunny day. The overall mood is cheerful and welcoming.

ENGLISH LANGUAGE CENTRE

ELC

The English Language Centre (ELC) at UNE provides a range of English language courses to students as well as a direct pathway to tertiary study at UNE through its English for Academic Purposes (EAP) program.

Advantages of studying English at the ELC

- NEAS accredited Australian English language centre

- The ELC is a friendly, nurturing environment providing both academic excellence and a truly Australian experience to all international students

Teaching and Learning

Teaching and Learning at the ELC includes:

- Placement Tests for each student on arrival, to ensure the tailoring of programs to student needs
- Guest lectures
- Access teaching resources and facilities
- Access to specialised academic resources
- Quality assurance processes that ensure that courses are delivered to the highest standard

Research at UNE

In addition to its distinguished teaching, UNE is an internationally recognised research centre. UNE currently has more than 700 PhD candidates pursuing fundamental and applied research in areas including agriculture, economics, education, nursing, environmental management, health, and rural medicine.

Scholarships

UNE offers a number of substantial scholarship opportunities to postgraduate students studying research-based degrees at UNE. There are different types of scholarships available; some are targeted to specific disciplines or research projects and others are more general with broader eligibility criteria.

The latest information on different types of scholarships is outlined on the university's website at: www.une.edu.au/research-services/pgstudy/scholarships/

Australia Awards

The Australia Awards aim to promote knowledge, education links and enduring ties between Australia and our neighbours through Australia's extensive scholarship programs. More information on the Australia Awards can be found online at: www.australiaawards.gov.au

Research by distance education

International students can also undertake research degrees (e.g. PhD or Masters) via distance education. Although students may be required to attend the campus in Armidale for either mandatory intensive schools or face to face consultation with supervisors; the internet, phone, email and other web technologies form the basis for contact between students and the University for a majority of their course.

Only international students who are studying by distance education from overseas or are studying in Australia on a visa other than a Student Visa, are permitted to enrol at UNE by distance education mode.

Academics at UNE are experienced at supervising international students via distance and are flexible in their approaches to the needs of students studying and researching off-campus.

Research at UNE

The University of New England has a proud history of undertaking high quality research and producing valuable research outcomes. It is dedicated to identifying and delivering innovations of value to society and industry, in Australia and internationally, with a particular emphasis on inter-disciplinary research for tackling complex problems in rural and regional Australia. This research involves extensive engagement in large-scale interdisciplinary collaborations within UNE, nationally and internationally, and is underpinned by five thematic research priorities:

- Australia's future food and water security; smart science, smart technology
- Climate change and environmental sustainability; protecting biodiversity, effective policies
- Health and wellbeing in rural communities; social exclusion, health inequity, mental health, social policy
- Our past, present and future; Australia's regional history, regional memory, regional identity; protection and promotion of cultural heritage
- Our communities, our neighbours; regional and rural development, sustainability, prosperity and peace

UNE is currently a Core Participant in the following Cooperative Research Centres

- The Cooperative Research Centre for Remote Economic Participation
