

THE UNIVERSITY OF NOTRE DAME AUSTRALIA
INTERNATIONAL GUIDE 2023

“At The University of Notre Dame Australia, we understand that a university education is a life-changing experience that empowers our students to pursue their dreams and achieve their goals.

We are proud of our ethos that supports and values our students as individuals from all walks of life. We provide a nurturing and vibrant learning environment, with an emphasis on practical work placements, which we believe delivers a unique learning advantage to our students.”

Welcome to The University of Notre Dame Australia’s 2023 International Guide

Choosing a university that will prepare you to achieve your goals is a big decision.

This guide will allow you to explore The University of Notre Dame Australia and develop insights into our unique approach to university education.

We take great pride in offering a welcoming and supportive environment for our students – one that will help you to build strong friendships and lasting relationships, while also receiving a world-class education at one of Australia’s leading universities.

We are a national university, with campuses across Australia in Sydney, Perth, and Broome. The University is modelled on the University of Notre Dame in the United States, our founding mentor and partner, built on the Catholic Intellectual Tradition.

These traditions, which we also share with more than 2,000 Catholic universities across the world, inform our ethos of care, compassion and excellence by supporting and valuing our students as individuals and providing excellent standards of teaching, learning and professional training.

We welcome students of all faiths and beliefs and, as a community, we promote and enjoy open and rigorous enquiry, debate and discussion.

Our emphasis on practical experience through work placements, internships and volunteering opportunities means you graduate job-ready, and our graduates are highly sought-after in the competitive employment marketplace. This explains why the University is the number one university in Australia for Overall Employment of Graduates*.

Should you have any questions after studying our guide, I encourage you to get in touch with our team. I look forward to welcoming you on campus in the near future.

Professor Francis Campbell
Vice Chancellor

OUR OBJECTS

The Objects of The University of Notre Dame Australia are:

- a) the provision of university education within a context of Catholic faith and values; and
- b) the provision of an excellent standard of –
 - i) teaching, scholarship and research;
 - ii) training for the professions; and
 - iii) pastoral care for its students.

ACKNOWLEDGMENT OF COUNTRY

The University of Notre Dame Australia is proud to acknowledge the traditional owners and custodians of this land upon which our University sits. The University acknowledges that the Perth Campus is located on Wadjuk Country, the Broome Campus on Yawuru Country and the Sydney Campus on Cadigal Country.

LOCATION SYDNEY

Why You'll Love Sydney

The University of Notre Dame Australia's Broadway and Darlinghurst Campuses are both centrally located within the naturally beautiful, multicultural city of Sydney on the east coast of Australia. With trendy inner-city suburbs and diverse food and retail options alongside easily accessible beaches and stunning natural scenery, we know you'll love Sydney as much as we do.

TOP 5 reasons to love Sydney

It's safe & secure

Ranked the fourth safest city in the world**, you can feel secure about your choice to live in Sydney, enjoying access to the highest standards of healthcare, transport and infrastructure.

A multicultural, international city

With 30% of residents in the state of New South Wales (NSW) born overseas***, Sydney is home to a huge variety of cultures which means you can enjoy the diverse foods, festivals, and entertainment which come from living in such a multicultural place.

Its economic prosperity

As the business capital of Australia, there are more global companies in Sydney than in any other Australian city***. This means the work placements you undertake as part of your degree at the University can see you gaining valuable work experience in multinational corporations.

Well-connected

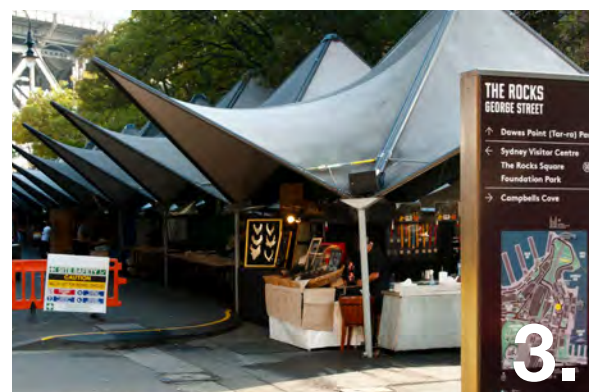

Sydney International Airport has direct flights from across the world, making it an easily accessible city from almost anywhere. Sydney itself is also home to a variety of transport options (bus, light rail, train, ferry) to get you wherever you want to go, whether it's within the city, across NSW, or interstate.

A great lifestyle & climate

Sydney's temperate climate alone makes it an appealing place to live; average temperatures range from about 9°C (48.2°F) in winter up to almost 30°C (86°F) in summer*. In addition, you can enjoy beautiful beaches, bushland, and other natural scenery only a short distance from the centre of the city.

10 things to do in Sydney

1. Harbour Bridge

Do a Bridge Climb and take in the views of the harbour city.

2. Opera House

Enjoy a musical or theatrical performance.

3. The Rocks

Teeming with stories from Sydney's colonial past, the Rocks is also home to lovely niche markets, plus an array of restaurants, boutique shops and bars, and is walking distance from the CBD.

4. Discover Darling Harbour

Visit Sydney Aquarium, the National Maritime Museum, restaurants, bars and cafes along King Street Wharf and Cockle Bay. Plus, you can enjoy the beauty of Darling Harbour illuminated with artistic light displays during the Vivid Sydney Festival each year.

5. Tour the museums & galleries

Sydney is home to a huge range of art galleries and museums, including the Art Gallery of NSW, Sydney Museum and Australian Museum.

6. Bondi Beach

Perhaps Sydney's most iconic beach, Bondi is also home to an enormous array of cafes and restaurants to keep you entertained.

7. Surry Hills

From cafes, restaurants, bars, cinemas and other entertainment venues, as well as markets and boutique retail shops, the trendy, inner-city suburb of Surry Hills will never leave you with nothing to do.

8. Visit Manly Beach

Catch the ferry across from the CBD and spend a day enjoying some of Sydney's most beautiful coastal scenery, and eating fish and chips on the beach.

9. Taronga Zoo

See a huge selection of animals from Australia and across the world while enjoying spectacular views of Sydney.

10. The Blue Mountains

Catch a train to the Blue Mountains and see the Three Sisters at Echo Point Lookout for a beautiful and enjoyable daytrip out of the city.

Featuring heritage buildings and leafy courtyards, the **University's Broadway Campus** provides a welcoming social hub in the heart of a bustling city.

BROADWAY CAMPUS

Accommodation and cost of living

Accommodation and living costs depend on many factors such as which city you live in, the type of accommodation you choose and your lifestyle preferences.

COST OF LIVING	SYDNEY WEEKLY COSTS
Rent per person in shared off-campus accommodation*	\$250-\$400
Groceries and eating out	\$140-\$280
Utilities (gas/electricity)	\$10-\$20
Phone and internet	\$15-\$30
Public transport**	\$30-\$60
Entertainment	\$80-\$150
Total	\$525-\$1120

Calculating your total living costs of study

When calculating your total cost of study in Sydney, you should factor in the following:

- Tuition fees
- Visa application fees
- Overseas Student Health Cover (OSHC)
- Flights
- Costs of living (such as those in the table)
- Additional costs associated with or applicable to your studies (such as textbooks, uniforms, immunisations, stationery): visit notredame.edu.au/study/fees-incidentals for further information
- Other personal expenses

Additional study costs

Some programs have additional costs associated with them. These may vary dependent upon the individual courses chosen. These costs are in addition to tuition fees. Examples of incidental (non-tuition) fees include uniforms, specialist equipment, field trips and immunisations.

To view the incidental (non-tuition) fees for a program please visit notredame.edu.au/international/fees

DISCLAIMER
This table details approximate costs that you may incur while studying at the University and living in Sydney. It should be used as a guide only. It's a requirement of the Australian Government that prospective international students demonstrate they have access to at least A\$21,041 a year (as of October 2019) to fund their living costs and additional funds if bringing partners or family. For the latest figures please refer to the Australian Government website: studyaustralia.gov.au/english/live/living-costs

*Prices vary depending on the condition of the property, the number of people you share with and the proximity of the accommodation to the centre of Sydney. **Transport costs will vary depending on how close you live to campus. All the above are cost estimates using the Insider Guides Cost of Living Calculator

Sydney

While The University of Notre Dame Australia does not offer on-campus accommodation in Sydney, options for student accommodation close to campus include rooms in residential colleges, shared student apartments and private rentals.

LOCATION PERTH

Why You'll Love Perth

Ranked the world's sixth most liveable city**, Perth is a prosperous and economically thriving city situated on the west coast of Australia. With world-class healthcare, transport and infrastructure you will find all you need and expect of any capital city.

Sharing time zones with some of Asia Pacific's most important economies including China, Singapore, Malaysia, Hong Kong and the Philippines, Perth is the perfect destination for students.

TOP 5 reasons to love Perth

Feel safe & welcome

As one of the most liveable cities in the world^{***}, you can feel secure and safe about your choice to live in Perth. From the moment you arrive at the airport, you are welcomed by smiling faces at the Study Perth Welcome Desk.

A dynamic and vibrant city

Known for its gorgeous climate, stunning beaches and beautiful natural scenery, Perth offers year-round opportunities and activities. Eat at one of the many restaurants, take a walk in one of the biggest inner-city parks in the world, catch a ferry to Rottnest Island where you can get a selfie with a quokka, grab a coffee from the famous Fremantle 'cappuccino strip', check out the newly refurbished WA Museum Boola Bardip or take a dip in the pristine waters of Cottesloe Beach. There is always something to see.

Experience a diverse culture

Perth has a population of 2.2 million people. Of these, one third were born overseas, from amongst 190 countries^{***}. As a result, you can enjoy a huge array of different cultural festivities, cuisines, languages, and performances.

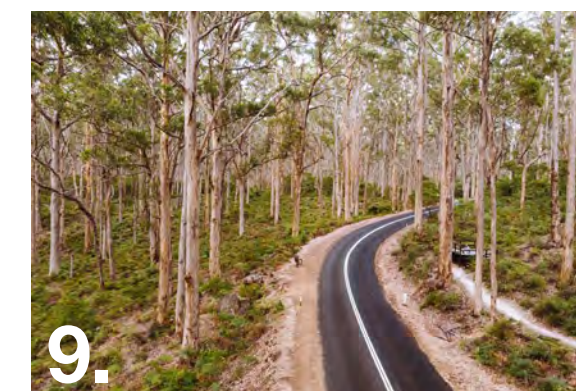

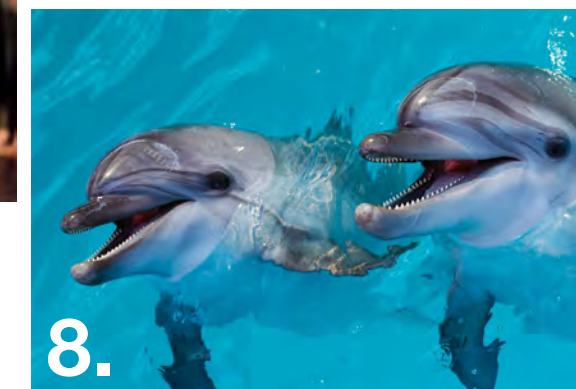

The Fremantle lifestyle

Nestled alongside the beach in historic and picturesque west end buildings, with cafés on every corner, the University's Perth Campus is located in Fremantle, a 30-minute train ride from Perth city.

Perth is one of the healthiest cities in the world^{****}

Based on factors like annual sunshine hours, life expectancy, work-life balance, and water quality, Perth's lifestyle and climate make it an excellent place to live. Climate is temperate, with average temperatures ranging from 8°C (46.4°F) in winter up to 30°C (86°F) in summer.

10 things to do around Perth

1. Discover Fremantle city

Locals affectionately call it 'Freo'. The city is not only home to the University's Perth Campus, but also a charming and eclectic place to discover, with beautiful and historic buildings, waterfront restaurants, cafes, breweries and much more.

2. Stroll around Elizabeth Quay

Set on the banks of the Swan River, this new waterfront precinct is the perfect place to take a stroll, stop for a bite to eat or learn about the Dreaming stories of the Aboriginal people.

3. Relax in Kings Park

One of the largest inner-city parks in the world overlooking the breathtaking Swan River and city skyline, sit back and take in this natural landmark.

4. Watch the sunset at Cottesloe Beach

One of 19 pristine beaches lining the city's coastline, Cottesloe is one of Perth's most popular beaches and the perfect place to have an afternoon swim and watch one of the stunning sunsets Perth is famous for.

5. Swim at Rottnest Island

Just a short ferry ride from Perth or Fremantle, Rottnest Island is a must-see with its picture-perfect beaches and its cute quokkas. Ideal for a daytrip or a longer stay vacation.

6. Immerse yourself in culture and arts in Northbridge

A dynamic area known for its arts and culture, restaurants and bars in Northbridge come alive at night. Northbridge is also home to Boola Bardip (WA Museum), the Art Gallery of Western Australia and Heath Ledger Theatre and each year is the central hub for Perth's Fringe World Festival and Perth Festival.

7. Take a drive to the Swan Valley and sample some of the best wines

Western Australia's oldest wine region is just a 25-minute car ride from the Perth city centre. The Swan Valley is the perfect place to take a Sunday drive, following the Swan Valley Food and Wine Trail to sample award-winning wines and gourmet delights such as cheeses, preserves, ice-cream and chocolate.

Venture out of Perth

8. Swim with dolphins in Rockingham

Between September and June, you can enjoy the unique experience of swimming with wild dolphins in the sheltered waters of Rockingham, just 40 minutes south of Perth.

9. Take a road trip down south

Ranked as Lonely Planet's number one destination in Asia Pacific in 2019 and number seven in Australia in 2021, the Margaret River, Cape Naturaliste and South West region has pristine forests, beaches, wineries and world-class restaurants all awaiting to be discovered.

10. Swim with the Whale Sharks on Australia's Coral Coast

North of Perth is where you will find turquoise waters, pristine islands nestled against wildflowers and a quintessential outback landscape. Drive to the world heritage listed Ningaloo Reef and you could have the once-in-a-lifetime opportunity to swim with the majestic whale sharks, the largest known fish in the world.

30 minutes from the centre of Perth,
the **University's Perth Campus** is
located in Fremantle's West End.
Housed in historic buildings with a café
on every corner, it boasts both charm
and convenience.

**PERTH
CAMPUS**

**ROTTNEST ISLAND

STUDENT SUPPORT & CAMPUS LIFE

D I S
C O V
E R

We're here for you from the start

Student Orientation

There is a lot to explore and discover when first arriving on campus. Orientation, sometimes known as 'O Week', will not only help you find your way around the University, but also help you meet new people and learn more about life in Sydney or Perth. Orientation Week starts one week before classes commence and attendance is compulsory for all international students, including Study Abroad and Exchange students. Detailed information about Orientation is released closer to the start of semester via the [Getting Started](#) pages on our website.

Academic support

Throughout your degree, you will have access to a range of programs and opportunities to help you succeed at university. Most support is provided free of charge by the Student Success team and is delivered via workshops and individual appointments with a Learning Advisor. You can join workshops on topics designed to address the challenges common to university life, such as referencing and academic integrity, time management, assignment writing, critical reading, note-taking, understanding feedback from assessments, and exam anxiety.

English as an additional language support

If English is not your first language and you need additional assistance to manage your studies in English, you can make an appointment to see Learning Advisors skilled in assisting students with academic English. You can make one on one appointments and/or join small study groups to build your skills.

Mentoring program

To help you as an international student, we will link you with an experienced student mentor who will meet with you regularly. Your mentor will also provide you with relevant information to assist your transition into university life in Australia. You will learn how to access services, information and events to maximise your opportunities and make the best of student life at Notre Dame. This program is also a great way to meet people, make friends and stay connected with other commencing students who will accompany you during your first semester.

Access and inclusion

A wide range of support is available for students with disability or equity matters, including the following:

- Changes to examination conditions
- Equipment and assistive technology
- Services such as assistance with note-taking
- Alternative format study materials
- Tailored study skills advice and support in collaboration with a Learning Advisor

Student wellbeing, safety and support

The University seeks to be a community that promotes and enhances the wellbeing of every individual student by encouraging them to recognise and develop their own gifts and talents. We also aim to assist students to achieve wholeness as a person, to realise their interconnectedness with others and to understand how they can best serve society. At The University of Notre Dame Australia we are committed to the wellbeing, safety and support of all our students.

Counselling

Our free and confidential counselling service helps students develop skills and strategies that enable you to achieve your personal and academic goals, making your time at university more comfortable and stress-free.

Chaplaincy

The Chaplaincy team works to promote, encourage and engage students' faith on campus, offering all the opportunity to flourish and seek excellence beyond measurable academic criteria. Chaplaincy welcomes students of all backgrounds and faiths and those of no faith at all.

Campus Life

Student Associations and clubs

The University's Student Associations are at the centre of student life. The Student Associations represent and support all students and create engagement opportunities that contribute to the University's vibrant community. There are also numerous student clubs and societies offering opportunities for you to develop socially, culturally, professionally, spiritually and academically.

Sports

Campus life supports and enables participation in a wide variety of sporting, social and cultural pursuits. You can get involved in social sporting competitions, club sport or intersarsity events such as the UniSport Nationals.

Boosting your employability

By studying at The University of Notre Dame Australia, you enjoy unparalleled opportunities to develop the skills and experience necessary to give you a competitive edge in the ever-evolving employment marketplace.

Professional experience

Our degrees focus on preparing you for the workplace by providing theoretical knowledge, as well as practical skills and a multitude of professional experience opportunities.

In fact, practical workplace experience forms part of every degree at the University, which means you benefit from numerous opportunities to develop and refine the skills needed to enhance your employability and ensure you graduate job-ready.

We also offer an extensive array of joint initiatives with business and industry, as well as internship and mentoring opportunities to provide you with chances to work alongside experts and professionals in your field of endeavour. In addition, our Volunteer Network offers opportunities that allow you to give back to the community while adding real-life experience to your CV.

It's no wonder that The University of Notre Dame Australia has been ranked the number one university in Australia for Overall Employment of Graduates.*

Learning from experts

The University provides a supportive classroom environment that facilitates discussion and practical, career-focused learning. Students benefit from the expertise of our lecturers, who are leaders and experts in their field, many of whom are actively working in their industry. So, you can rest assured knowing that you are learning from the best and developing the most up-to-date and applicable skills and knowledge relevant to your field of study.

Career support

From day one of your studies, the Career Service can help you develop your employability skills and support you with your career planning and preparation. We offer an appointment-based service and a 24/7 career service platform called CareerHub, which is full of helpful resources to support your career journey. Once you enrol, simply visit careerhub.nd.edu.au to access the Career Service.

“I chose The University of Notre Dame Australia because the University understands the importance of practical learning. The extensive amount of professional experience will really help start your career with your foot already in the door.”

Luciana

Education student

Ethical and critical thinking

Our Core Curriculum is embedded in every degree. Through the study of Ethics, Philosophy and Theology, the Core Curriculum allows you to develop critical reasoning skills, a collaborative spirit and the ability to make ethical decisions. The Core Curriculum is a distinguishing characteristic of the University and provides our graduates with transferable skills that are integral to every industry, vocation and profession, laying the foundation for a fulfilling career and a purposeful life. The Core Curriculum will equip you with skills to achieve your career ambitions while building a better world as the new generation of ethical leaders, CEOs, entrepreneurs, and global citizens.

Global experience

A global perspective adds a valuable dimension to your university education. The University of Notre Dame Australia inspires you to become an active global citizen through a range of international exchange programs, professional placements, study tours and volunteer opportunities. You can expand your horizons and learn new skills to assist you in your career by studying a semester of your degree at one of our partner institutions in Europe, USA, Canada and Asia.

Global gateway

The Global Gateway Agreement is an exciting new partnership with our founding partner, the University of Notre Dame (Indiana). Students have the opportunity to study and engage in research at Notre Dame's main campus in the USA or at other intellectual hubs around the globe, such as in London and Jerusalem.

No Scholarship application form is required, as eligible international applicants are automatically awarded the Scholarship based on meeting the Terms and Conditions.

Dr Aniss Chami Scholarship

The Dr Aniss Chami Scholarship offers a student from Lebanon the opportunity to commence studies as part of the International Medical Student Program with the University's School of Medicine in Sydney.

The value of the Scholarship will be \$50,000 per year for course tuition fees for the recipient for the duration of their four (4) year Doctor of Medicine postgraduate degree.

Australia Awards Scholarship

The purpose of this Scholarship is for international students coming to Australian universities to acquire knowledge and skills to aid the development of their home country.

For further information and for application details please visit the Department of Foreign Affairs and Trade website or contact scholarships@dfat.gov.au.

The BUPA International Student Award (for enrolled international students only)

Here at The University of Notre Dame Australia, we encourage students to get involved in student life and culture on campus and in the broader community.

The University has partnered with BUPA Australia, our preferred Overseas Student Health Cover (OSHC) provider to offer The BUPA International Student Award up to the value of \$3000.

To be eligible for the Scholarship, applicants must:

- Be enrolled as an international student at the University in an undergraduate or postgraduate award course;
- Continue their enrolment at the University for a minimum of one semester post-award; and
- Be a student of good academic standing.

Students enrolled in Study Abroad or Exchange courses are ineligible.

For information including full terms and conditions of our scholarships, visit notredame.edu.au/international/scholarships

“At the time I felt helpless and decided that I would pursue a career that gave me the skills to really help people in need.”

Cherralee
Scholarship recipient/
Nursing student

“The University of Notre Dame Australia gave me the best return on investment of my entire education. The University’s support for my thesis - validating the hype of blockchain technology, exploring its relevance in the business world - was incredible.”

Research institutes

Institute for Ethics & Society

The Institute for Ethics & Society (IES) aims to foster ethical awareness in professional and social life. This is achieved via four integrated activities:

- Developing a vibrant research agenda in targeted fields of academic study
- Providing expertise in ethics education for students and staff at Notre Dame
- Delivering training services for industry in areas of professional ethics
- Facilitating public engagement on issues of ethical importance

The IES research focus areas include Moral Philosophy & Ethics Education, Bioethics & Healthcare Ethics, and Religion & Global Ethics.

Institute for Health Research

The Institute for Health Research (IHR) provides expertise in the design and analysis of complex health research with University researchers and those in the wider healthcare system. Through supervision of postgraduate research students and involvement in collaborative studies with other academic and clinical researchers, the IHR has a vibrant research focus with strong industry links that seeks to improve the health and wellbeing of the community.

Nulungu Research Institute

The Nulungu Research Institute focuses on three core research themes – caring for Country; education; and Aboriginal wellbeing and health – within a context of valuing Aboriginal knowledge. Based at Notre Dame Broome, a Campus of Reconciliation, our research is guided by the core principle of ‘Right People, Right Country, Right Way’.

A key feature of Nulungu’s research profile is impactful community-driven collaborative projects with national and international academic institutions, teaching and research communities, government, and industry.

For more information on our research visit notredame.edu.au/research

Research vision

To be nationally and internationally renowned for conducting research that makes a difference.

Faculty of Arts, Sciences, Law and Business

This Faculty contains the School of Arts & Sciences and the School of Law & Business. Led by Executive Dean Professor Martin Drum, this Faculty builds graduates who have the power to transform and enrich society, create new knowledge, and find innovative solutions to local and global challenges, whether that be in the world of business, law or the humanities.

Faculty of Education and Philosophy & Theology

This Faculty contains the School of Education and the School of Philosophy & Theology. Led by Executive Dean Professor Caroline Mansfield, this Faculty aims to prepare the next generation of ethical leaders to face the challenges of contemporary teaching and learning while developing critical thinking skills and investigating the bigger questions of life, spirituality, morality and ethics.

Faculty of Medicine, Nursing, Midwifery and Health Sciences

This Faculty contains the School of Medicine and the School of Nursing, Midwifery, Health Sciences & Physiotherapy. Led by Executive Dean Professor Aron Murphy, the Faculty employs a holistic approach across a diverse range of disciplines, using the latest research and innovation to advance societal understanding of disease, injury, pain and ageing, as well as developing professionals who can offer high quality healthcare and patient support.

ARTS & SCIENCES

The possibilities are endless with our distinctive emphasis on experiential learning and critical thinking.

C H O
O S E

Undergraduate degrees

Why study this degree?

Areas of study

Global career opportunities

Bachelor of Arts

Program Code
3009

CRICOS Code
015324A

Duration
3 years full-time

Campus
Perth
Sydney

Practicum
80-90 hours

Our Bachelor of Arts enables you to major in areas as diverse as History, Social Justice or English Literature, opening up a wide range of career options. In this degree, you pursue at least one discipline for the full length of the degree, but you may also choose a second Major (eight courses) or a Minor (six courses) from within Arts & Sciences or Business.

Design your degree around a single Major, a double Major or a Major and Minor. Or combine your degree with another degree to complete a double degree. Flexibility is the hallmark of our Bachelor of Arts. See pages 42-57 and the website for details.

Graduates with a Bachelor of Arts work in diverse professions and contexts. See individual Majors (pp.45-49) for specific examples of career options.

Bachelor of Arts (Architecture)

Program Code
3570

CRICOS Code
102262G

Duration
3 years full-time

Campus
Perth

Practicum
90 hours

Architecture enhances people's lives through the creation of meaningful human environments. Many key challenges of contemporary society—such as sustainability, housing affordability, ageing-in-place, city living and community building—often involve spatial issues. Architecture applies a holistic way of thinking and acting to combine creative design processes and technical skills with understandings of human, cultural and environmental issues. Your first step on this journey is our Bachelor of Arts (Architecture) program. This degree allows you to complete a Minor in a complementary discipline alongside your Architectural studies, expanding your global career opportunities by providing pathways into professions in addition to the traditional pathway to registration as an architect (after completing the Master of Architecture).

Some courses in this program:

Analysing Architecture
Vastness Studio
Spatial Infrastructure Studio
Deconstructing Architecture

Graduates of the Bachelor of Arts (Architecture) can enter the built environment industry as specialist technical experts and consultants. The Bachelor of Arts (Architecture) program can be a pathway to further study in the Master of Architecture program, a necessary step in becoming a registered architect. See the Master of Architecture for full details (p.56) of the registration process.

Bachelor of Arts (Politics and Journalism)

Program Code
3026

CRICOS Code
045241M

Duration
3 years full-time

Campus
Perth
Sydney

Practicum
90 hours

If you have a strong interest in both politics and journalism, this degree combines the two disciplines into a single program of study, equipping you with the skills to pursue a career in politics, public relations or the media. This degree gives you the opportunity to gain practical experience in various forms of journalism, including print, broadcast and online media.

Politics, Democracy & Governance in Australia
History of Western Civilisation
World Politics
Media & Society
Journalism: Theory and Practice
Setting the Agenda: The Media and Politics
Public Relations
Media Ethics & Law
Online Newsroom

Journalism
Media
Communications
Political advisory
Government agencies
International organisations
Human services
Social advocacy
Community development
Social policy
Industrial relations

Bachelor of Communications & Media

Program Code
3363

CRICOS Code
073150D

Duration
3 years full-time

Campus
Perth
Sydney

Practicum
90 hours

The Bachelor of Communications & Media lets you explore the principles and techniques of communications and media by examining and creating print, non-print and multimedia texts, using traditional, as well as new and emerging media technologies. You can tailor the degree to meet your particular interests by completing a Major in Journalism, or Film and Screen Production, or do a double Major by combining two of these. Another option is to study one of these Majors and combine it with a Major or Minor in another discipline.

Some courses in this program:

Media and Society
Media Ethics and Law
Journalism Theory and Practice
Screen Production: Skills and Practice
Digital Photography

Journalism
Film and television
Photography
Editing & publishing

Majors & Minors in Arts and Communications & Media degrees

Why study this Major/Minor?

Areas of study

Global career opportunities

Advertising

Available on the Sydney Campus only

Advertising requires a unique combination of business acumen, marketing nous and enormous creativity and this Major strives to equip you with all of these attributes. Apart from being competitive, advertising is also one of the most rapidly changing industries, presenting plenty of challenges as well as opportunities for practitioners. You will study topics such as consumer behaviour, integrated marketing and media planning as well as receiving a thorough introduction to the new digital and social media platforms, and opportunities to develop your production and design knowledge.

8 compulsory courses:

Principles of Marketing
Integrated Marketing Communications
Consumer Behaviour
Media Planning & Buying
Media & Society
Production: Creative Advertising
Advertising Design: Professional Brief
Advertising & Society

Content creation
Creative direction
Media
Public relations

Applied Psychology

Available on the Sydney Campus only

Having a general knowledge of psychology is valuable in many endeavours, and can give you an edge in professions such as teaching, law, business, human resource management, human and community services and administration. Here at The University of Notre Dame Australia, our Major in Applied Psychology offers a broad introduction to the science of human behaviour, covering topics such as cognition, belief and work, psychology, counselling and psychological intervention. The demand for expertise in psychology continues to increase as the interaction between human beings becomes more complex, driven by sophisticated technology such as social media.

4 compulsory courses:

Introduction to Behavioural Science
Themes & Perspectives in Behavioural Science
Social Psychology
Abnormal Psychology

Community development and service
Government departments
Non-government organisations
Personnel and human resources training

ARTS & SCIENCES UNDERGRADUATE

C H O
O S E

Majors & Minors in Arts and Communications & Media degrees

Why study this Major/Minor?	Areas of study	Global career opportunities
Archaeology		
<p> Available on the Perth Campus only</p> <p>Archaeology is a dynamic worldwide discipline that draws on both the sciences and the humanities to interpret the physical evidence left by humans around the planet. Practitioners use information from geography, history, mathematics, biology, anthropology, chemistry and sociology to process evidence at sites to form the best interpretation about past human behaviour. Understanding behaviour informs our view of modern society and its challenges.</p>	<p>Some courses in this Major:</p> <p>Reading the Past: Interpretation from Archaeology</p> <p>Maritime Archaeology: Ships and Harbours</p> <p>The Archaeology of Indigenous Australia</p> <p>Unearthing the Past: The History and Archaeology of Western Australia</p> <p>Archaeological Field Methods</p>	<p>Archaeology</p> <p>Heritage</p> <p>Museum curation</p> <p>Native Title consultancy</p>

English Literature

<p>The English Literature Major allows you to explore the powerful and complex development of literature in a variety of contexts and to investigate writing through the ages in a variety of forms including prose, poetry and drama. The Major offers a balanced approach to a diverse range of literature in English, including the works of Shakespeare, Classical and Romantic poetry, and the Victorian novel, as well as children’s literature, Australian and Irish literatures and comparative Indigenous literatures.</p>	<p>Some courses in this Major:</p> <p>Australian Theatre</p> <p>The Art and Craft of Travel Writing</p> <p>Australian Literatures</p> <p>Comparative Indigenous Literature</p> <p>Screenwriting</p>	<p>Editing & publishing</p> <p>Writing</p> <p>Content writing</p> <p>Advertising</p>
---	--	--

Environmental Management

<p> Available on the Perth Campus only</p> <p>The Environmental Management Major tackles important issues such as climate change, urbanisation, and the need for water and food security. The skills and knowledge acquired are relevant to many workplaces, making environmental management a growth employment area.</p>	<p>Some courses in this Major:</p> <p>Australian Ecology: from Theory to Practice</p> <p>Environmental Impact Assessment and Planning</p> <p>Geographic Information Systems</p> <p>Adaptations for Survival in the Australian Environment</p>	<p>Conservation</p> <p>Environmental officer</p> <p>Environmental impact assessment & advisory</p> <p>Natural resource management</p> <p>Sustainable development</p>
--	--	--

Why study this Major/Minor?	Areas of study	Global career opportunities
Film & Screen Production		
<p> Available on the Sydney Campus only</p> <p>The Film & Screen Production Major integrates theory and practice through an applied study of screen production to provide the creative and artistic tools necessary for emerging filmmakers. You will take hands-on production classes that expand your knowledge in a collaborative environment. Our program is structured to guide you from introductory to advanced screen practices. We offer a range of courses to ensure a holistic knowledge of the craft of screen production. You will engage with multiple forms of drama, documentary and interactive-based screen production.</p>	<p>Some courses in this Major:</p> <p>Screen Production: Skills and Practice</p> <p>Advanced Screen Production: Drama & Documentary</p> <p>Screenwriting</p> <p>Digital Cultures</p> <p>Digital Media Production</p>	<p>Screenwriting</p> <p>Film direction & production</p> <p>Television</p> <p>Social media</p> <p>Advertising</p>

History

<p>The History Major allows you to reach an understanding of the historical events, politics, conflicts, cultures, values and traditions which have shaped our modern world. It provides highly relevant and transferable skills, including the ability to research, analyse and communicate effectively. This Major also gives you opportunities to consider such diverse periods and themes as western civilisation, the ancient and medieval worlds, the modern Middle East and Southeast Asia, America in the 1960s, the history of crime, art history and visual evidence.</p>	<p>Some courses in this Major:</p> <p>Of Vice and Virtue: Social Change in Victorian Britain</p> <p>The Caesars</p> <p>The Kennedys: America in the 1960s</p> <p>A History of Crime: Assessing the Evidence</p> <p>History and Politics of Southeast Asia</p> <p>The Modern Middle East</p> <p>The European Middle Ages, c.450-c.1250</p>	<p>Heritage & conservation</p> <p>Consultancy</p> <p>Policy advisory</p> <p>Writing</p>
---	--	---

Journalism

<p>The industry-focused Journalism Major teaches you practical and critical skills in print, radio, television, video and online journalism. Along the way, you also learn about the diverse theories that underpin modern journalism practice, your legal and ethical obligations as a journalist as well as developing the confidence to gain employment in the exciting but constantly evolving field of media and communications.</p>	<p>Some courses in this Major:</p> <p>Journalism: Theory and Practice</p> <p>Feature Writing</p> <p>Digital Cultures</p> <p>Setting the Agenda: the Media and Politics</p>	<p>Journalism</p> <p>Media</p> <p>Editing & publishing</p> <p>Photojournalism</p> <p>Film</p> <p>Television</p>
---	---	---

Philosophy

<p>The Philosophy Major fosters philosophical thought which is central to the way we see ourselves and the wider world. The Major provides a detailed introduction to the Western philosophical tradition, from the ancient world right up until the present day. Along the way, you will grapple with some of the hardest questions in moral philosophy, learn basic philosophical reasoning and develop a capacity for critical thinking and clear expression.</p>	<p>Some courses in this Major:</p> <p>Logical & Critical Thinking</p> <p>Philosophy of the Human Person</p> <p>Moral Philosophy</p> <p>Aesthetics: Philosophy of Art</p> <p>Epistemology: Ways of Knowing</p> <p>Philosophy of Love and Friendship</p> <p>Natural Law</p>	<p>Policy advisory</p> <p>Research</p> <p>Government departments</p> <p>Diplomacy</p>
--	--	---

ARTS & SCIENCES UNDERGRADUATE

O S E

Majors & Minors in Arts and Communications & Media degrees

Why study this Major/Minor?	Areas of study	Global career opportunities
Politics & International Relations		
<p>The Politics and International Relations Major provides an in-depth introduction to trends and transformations at domestic and international levels. You will learn about key events that have shaped the world in the past 100 years.</p> <p>In today’s world, there is a growing demand for people who are well informed about local and international politics and who possess the skills to meet the challenges presented by globalisation. This Major will give you the ability to think critically, conduct research thoroughly and communicate effectively.</p>	<p>Some courses in this Major:</p> <p>Politics, Democracy and Governance in Australia</p> <p>Cybersecurity</p> <p>Technological Trends and Modern Warfare</p> <p>Terrorism and Violent Extremism</p> <p>The Politics and History of Genocide</p>	<p>Diplomacy</p> <p>Politics</p> <p>Political campaign management</p> <p>Media advisory</p> <p>Policy</p> <p>Human rights</p>

Social Justice		
<p>The Social Justice Major combines several disciplines such as politics, conflict studies, psychology and literature to prepare you to work in the challenging but rewarding area of social justice. Social justice and its pursuit are an important part of any liberal, progressive and democratic society.</p> <p>This Major aims to link social theory with social action and change. You will develop a critical understanding of key concepts of social justice, including the concept of universal human rights.</p>	<p>Some courses in this Major:</p> <p>Living Human Rights</p> <p>Global Development and Justice</p> <p>Peace and Conflict Studies</p> <p>Freedom from Oppression: Literature that Changed the World</p> <p>Political Philosophy</p>	<p>Youth justice</p> <p>Community engagement</p> <p>Not-for-profit organisations</p> <p>Social research</p> <p>Human rights</p> <p>Aid work/humanitarian work</p>

Sociology		
<p> Available on the Sydney Campus only</p> <p>The relationship between the individual and society is a complex and constantly shifting one. As a student of Sociology you will examine contemporary issues facing society through a social and historical lens and question common-sense assumptions which are taken for granted. Over the course of your degree you will also gain the tools you need to tackle a host of social problems such as inequality and social exclusion, and the skills to investigate and understand social issues.</p>	<p>4 compulsory courses:</p> <p>Self and Society</p> <p>Social Problems and Solutions</p> <p>Research Methods</p> <p>Sociological Theory and Method OR Sociology Internship</p>	<p>Social and consumer research</p> <p>Social and public policy</p> <p>Social welfare</p> <p>Advocacy</p> <p>Policy</p> <p>Education</p> <p>Public relations</p> <p>Journalism and the media</p> <p>Public service</p>

Why study this Major/Minor?	Areas of study	Global career opportunities
Screen Arts		
<p> Available on the Perth Campus only</p> <p>Our world has seen an explosion in screen content and the use of screen-based media. The University’s Screen Arts Major creates graduates with rich communication and production skills to work with screen technologies in any profession. Integrating film, performance, photography, and multimedia, this dynamic Major teaches you introductory to advanced screen practices. Our internship program ensures that you have opportunities for industry and real-world experience before you graduate.</p>	<p>Some courses in this Major:</p> <p>Screen Production</p> <p>Screen Performance</p> <p>Screenwriting</p> <p>Digital Photography</p> <p>Advanced Screen Production: Documentary & Drama</p> <p>World Cinema</p> <p>Australian Cinema</p> <p>Theory and Practice of Acting</p>	<p>Film director</p> <p>Film/video editor</p> <p>Lighting technician, broadcasting/film/video</p> <p>Location manager</p> <p>Runner, broadcasting/film/video</p> <p>Sound technician, broadcasting/film/video</p> <p>Television/film/video producer</p>

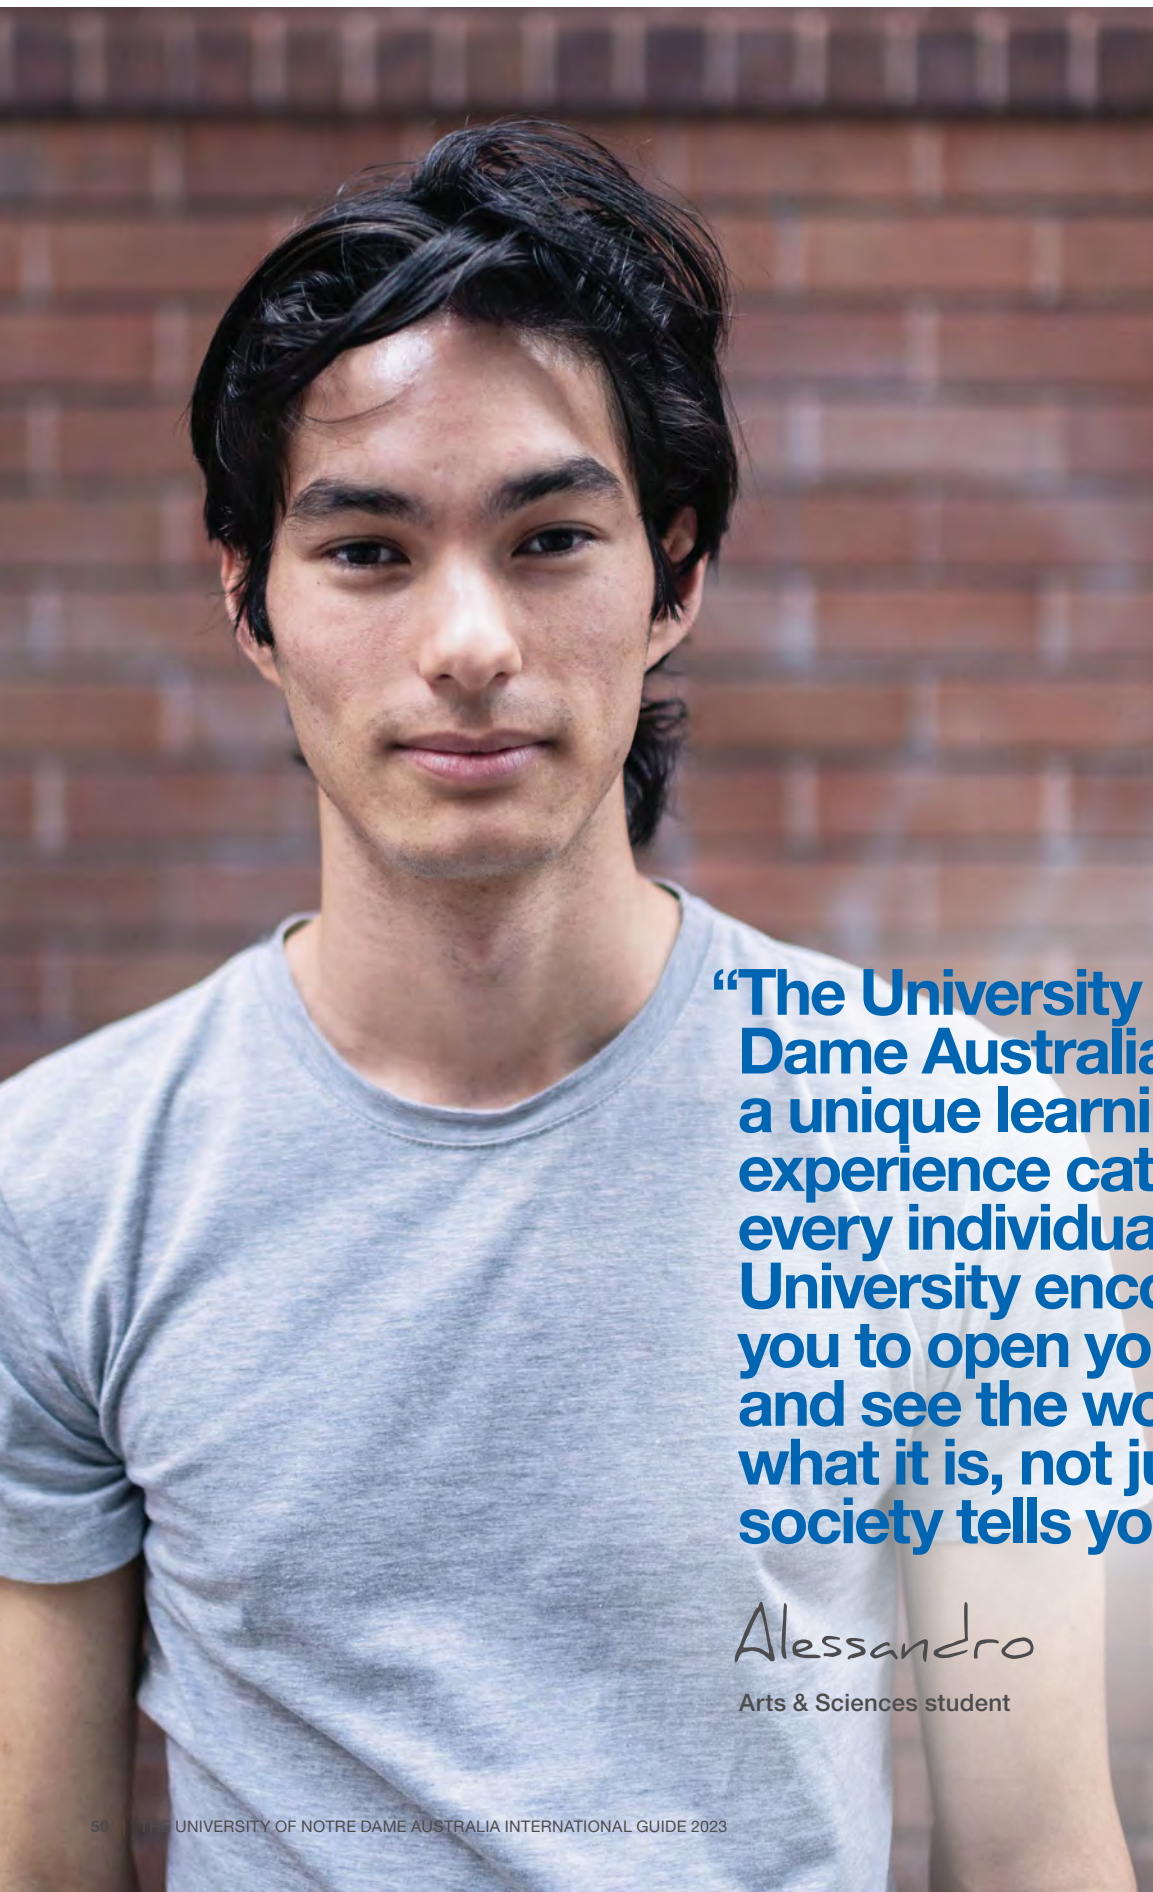

Theatre Studies		
<p> Available on the Sydney Campus only</p> <p>The Theatre Studies Major provides you with an overview of the theatre, its literature and history, and a solid grounding in production work. Through a combination of practical and theory courses, taught by leading academics as well as external professional practitioners, you will develop skills in acting, directing, playwriting, theatre production and stage management.</p>	<p>Some courses in this Major:</p> <p>Theory and Practice of Modern Theatre</p> <p>Fundamentals of Directing</p> <p>Australian Theatre</p> <p>Drama in the Age of Shakespeare</p> <p>Theatre Studies Internship</p>	<p>Acting</p> <p>Directing</p> <p>Screenwriting</p> <p>Arts administration</p> <p>TV or film production</p> <p>Community arts</p> <p>Broadcasting</p> <p>Stage and theatre management</p>

Theology		
<p>Whether you would like to enter ministry or you are on a personal spiritual journey, this Major offers the opportunity to examine the essential teachings and beliefs of the Catholic Church. In this Major you will look at topics such as the sacraments, scripture, liturgy, the prophets and moral theology. Upon graduation, you will have developed a detailed understanding of the complexities of the Catholic faith.</p>	<p>Some courses in this Major:</p> <p>Liturgy: Work of God and Work of God’s People</p> <p>Eschatology: The Living Hope of Christians</p>	<p>Pastoral counselling</p> <p>Parish coordination</p>

Writing		
<p> Available on the Sydney Campus only</p> <p>Regardless of whether you intend to be a creative author, non-fiction writer or produce textbooks for a specialist audience, the ability to write clearly and effectively is a highly sought-after skill in any profession. The Bachelor of Arts (Major: Writing) is an intensive writing degree that will prepare you to research, write and edit a wide range of written materials. During the degree you will study everything from literary works to technical journals and websites; looking at the works of others will also allow you to improve the range and depth of your own writing.</p>	<p>3 compulsory courses:</p> <p>The Western Literary Tradition</p> <p>Narrative Writing</p> <p>Writing Project</p> <p>Some other courses in this Major:</p> <p>Screenwriting</p> <p>Professional Writing</p> <p>Feature Writing</p> <p>Writing for Performance</p> <p>Australian Writer’s Workshop</p>	<p>Novelist</p> <p>Speechwriting</p> <p>Copywriting</p>

Undergraduate degrees

	Why study this degree?	Areas of study	Global career opportunities
Bachelor of Behavioural Science			
Program Code 3034	Our Bachelor of Behavioural Science equips you with the skills and knowledge to work with those who may be experiencing marginalisation or disadvantage. Depending on your particular specialisation and choice of subjects, employment opportunities are available in a wide variety of industries and fields, including advertising, community development, social impact assessment and health promotion.	Developmental Psychology	Community development
CRICOS Code 040261C		Aboriginal People	Youth work
Duration 3 years full-time		Discourse, Power and Politics	Policy development
Campus Perth		Organisational Behaviour	Corporate liaison
Practicum 90 hours		Culture and Society	
		Psychological Perspectives on Health	
Bachelor of Counselling			
Program Code 3543	The Bachelor of Counselling focuses on the psychosocial, personal and spiritual development of the individual, helping you to develop effective counselling skills for children, adolescents, couples and families, or older people. Upon graduation, you can register as a professional counsellor with the Psychotherapy and Counselling Federation Australia and/or the Australian Counselling Association (ACA).	Theories and Approaches to Counselling	Youth work
CRICOS Code 035277D		Developmental Psychology	Trauma counselling
Duration 3 years full-time		Aboriginal People	Drug and alcohol counselling
Campus Perth		Counselling and Children	Family counselling
Practicum 120 hours		Counselling Adolescents	
		Grief and Loss Counselling	
		Trauma and Addiction Counselling	
Bachelor of Science			
Program Code 3555	This three-year degree has been designed to prepare you to take on the challenges facing our world today and in the future. You will gain knowledge and skills across several areas of Science, which increases job possibilities, and you will also build depth of learning through a specialist Science stream aligned to your specific interests. You can also form a Minor by combining your chosen stream with courses from a non-science area such as Journalism, Politics, Social Justice, Preventive Health or Business. See the website for the full list of Minors.	In this degree you will study compulsory core Science courses to form your chosen Science stream.	Global career opportunities are diverse and depend on the Science stream you choose.
CRICOS Code 045168D		Design your degree with a Science Major (pp. 52-53), or add a Minor from Arts or Communications & Media. See Arts majors (pp.45-49) and the website for details.	Combining complementary study areas can strengthen career prospects and provide greater flexibility in your options for graduate employment.
Duration 3 years full-time			See individual Science streams and Majors for more career information.
Campus Perth			
Practicum 225 hours

Science Streams

Why study this stream?	Areas of study	Global career opportunities
Biology & Environment Stream		
<p>An understanding of biology and the environment is at the heart of many significant scientific developments, including solutions to global challenges. This stream equips you with the fundamental skills and knowledge to understand and work with the complexity and diversity of life, from cellular to ecosystem levels.</p> <p>A strong practical focus gives you valuable hands-on experience of plants and animals from aquatic, coastal and terrestrial settings and introduces you to approaches for the management and welfare of our natural environments.</p>	<p>Physical Geography: Climates, Geology and Soils</p> <p>Animal Diversity</p> <p>Plant Diversity</p> <p>Aquatic Science</p> <p>Adaptations for Survival in the Australian Environment</p> <p>Coastal Processes and Planning</p>	<p>Biology</p> <p>Ecology</p> <p>Conservation</p> <p>Environmental advisory</p>
Environment & Heritage Stream		
<p>Understanding and preserving our natural environment and cultural heritage are essential to maintaining quality of life for current and future generations. In this stream, you will develop the key skills and knowledge required to succeed in doing this.</p> <p>You will be equipped to work with the complexity of environmental systems through the study of ecology, biodiversity, physical geography, natural resource management, environmental impact assessment and the application of spatial analysis.</p>	<p>Environmental Impact Assessment & Planning</p> <p>Geographic Information Systems</p> <p>Maritime Archaeology: Ships and Harbours</p> <p>Archaeological Field Methods</p> <p>Natural Resource Management</p>	<p>Archaeology</p> <p>Heritage</p> <p>Environmental consultancy</p> <p>Sustainable development</p> <p>Conservation</p>
Human and Medical Science Stream		
<p>This stream is ideal for anyone with a passion for understanding the science of the human body and an interest in working in the health industry. Through this stream you will build on the strong scientific foundation established by the core Science courses to gain expertise in anatomy, physiology, biochemistry, microbiology, pathology and neuroscience.</p>	<p>Molecular and Cell Biology</p> <p>Anatomy and Physiology of Body Systems</p> <p>Biochemistry</p> <p>Microbiology</p> <p>Pathology</p> <p>Neuroscience</p>	<p>Education</p> <p>Medical representation</p> <p>Research</p>
Multidisciplinary Science Stream		
<p>If you are attracted to the idea of being able to move between diverse careers, or if you have a clear, but somewhat unique, idea about your professional future, then you should consider this versatile stream.</p> <p>This stream offers a truly 'liberal science' experience, maximising your breadth of learning in interdisciplinary Science. The flexibility of this stream helps you tailor your degree to meet your personal interests and/ caters for unconventional career trajectories where scientific skills offer an advantage.</p>	<p>See the website for the full range of courses you can study in this stream.</p>	<p>Research and development</p> <p>Health research</p> <p>Manufacturing analysis</p> <p>Resource sector analysis</p>

Science Major/Minor

Why study this Major/Minor?	Areas of study	Global career opportunities
Archaeology		
See page 46 for details about the Archaeology Major.		
Biology		
<p>Biology spans the breadth of knowledge and understanding that relates to all life and consequently is at the core of many significant scientific developments. For example, the burden of an expanding global population is driving advances in biotechnology to increase food production. The Major covers a diverse range of subjects – from pollution and ecotoxicology, to animal diversity.</p>	<p>Some courses in this Major:</p> <p>Molecular and Cell Biology</p> <p>Plant Diversity</p> <p>Aquatic Science</p> <p>Adaptations for Survival in the Australian Environment</p> <p>Microbiology</p> <p>Geographic Information Systems</p>	<p>Biology</p> <p>Ecology</p> <p>Environmental science</p> <p>Conservation</p> <p>Education sector</p> <p>Policy advisor</p>
Data Analytics (Minor only)		
<p>Across both the public and private sectors, the demand for employees who can understand and use big data to improve processes, systems and outcomes is increasing rapidly.</p> <p>With a focus on fundamental data analytics, this Minor gives students the essential skills and knowledge for employment across a range of industries and prepares them for further studies in fields where knowledge of data analytics is needed and applied.</p>	<p>Introduction to Data Analytics</p> <p>Principles of Programming</p> <p>Data Visualisation</p> <p>Predictive Analytics</p> <p>Analytics, Ethics and Society</p> <p>Data Analytics Project</p>	<p>Data journalist</p> <p>Digital historian</p> <p>Strategy and performance analyst</p> <p>Social media or web analyst</p> <p>Policy analyst</p> <p>Management</p> <p>Business analyst</p> <p>Financial analyst</p> <p>Market researcher</p>
Environmental Management		
<p>The Environmental Management Major tackles important issues such as climate change, urbanisation, and the need for water and food security. The skills and knowledge acquired are relevant to many workplaces, making environmental management a growth employment area.</p>	<p>Some courses in this Major:</p> <p>Australian Ecology: from Theory to Practice</p> <p>Environmental Impact Assessment and Planning</p> <p>Geographic Information Systems</p> <p>Adaptations for Survival in the Australian Environment</p>	<p>Conservation</p> <p>Environmental officer</p> <p>Environmental impact assessment & advisory</p> <p>Natural resource management</p> <p>Sustainable development</p>

Bachelor of Laws/Bachelor of Marketing and Public Relations	Sydney	Perth

Practical workplace experience

Real-world professional experience is key to our Law degree.

Mooting and advocacy competitions provide you with further opportunities to develop your practical legal and advocacy skills.

Mentoring

Notre Dame’s student Mentor Program aims to smooth the transition from school (or work) to university life by linking first-year students with student mentors.

Notre Dame provides opportunities for you to meet judges, partners of firms and other senior lawyers through the Mentor Program. Students on our Perth Campus can also join the WA Law Society Program.

Facilities – Moot Court

On our Perth Campus, the School of Law & Business is located in the heart of the historic West End of Fremantle, and in Sydney you’ll find us in the vibrant Broadway district. Students also have the benefit of taking classes in the Justice Owen Moot Court, Fremantle’s oldest courthouse which has been refurbished for student use, and in the purpose-built T.E.F Hughes Moot Court in Sydney.

Professional responsibility and ethics

While professional ethics is a mandatory area of study for all Australian Law students, it is a key focus at The University of Notre Dame Australia. We build upon the requirement that Law students study ethics with critical thinking and reflective skills that enable educated participation in law reform and management planning processes. Employers value ethical lawyers with these skills.

“The Law School strives to prepare you for life as a lawyer. There is a strong focus on practical learning.”

Bachelor of Secondary Education		
Program Code 3562	The Bachelor of Secondary Education is a contemporary degree which combines a strong theoretical framework with plenty of practical teaching experience in the classroom. You will be accredited to teach Years 7-12 in two areas of your choice.	Literacy, Numeracy and ICT
CRICOS Code 083612G		Diversity in Education
Duration 4 years full-time	As well as equipping you to teach in secondary schools across Australia, this four-year degree offers the chance to develop expertise in subjects including English, Maths, History, Drama, Business Studies (including Commerce, Economics and Politics & Law) and Religion.	Learning and Development
Campus Sydney		Academic Skills
Practicum 1080 hours		Foundational Principles of Teaching
		Inclusive Education
		Teaching at Catholic, independent and government schools in Australia and other parts of the world
		Training and assessment development
		Curriculum development
		Education policy
		International Baccalaureate teaching

Professional accreditation

The Bachelor of Education degrees are fully accredited with the New South Wales Education Standards Authority (NESA) and the Teacher Registration Board of Western Australia, so graduates are eligible to apply for registration with the relevant organisation and be legally employed as teachers in their state. Additionally, the Bachelor of Primary Education (Early Childhood specialisation) is accredited with the Australian Children's Education and Care Quality Authority (ACECQA).

Those who are accepted into the IB program will be able to apply to the IB for the IB certificate in teaching and learning on successful completion of their undergraduate degree.

International Baccalaureate

The University of Notre Dame Australia is the only university in Sydney to have International Baccalaureate recognition for an undergraduate primary education degree (the Bachelor of Primary Education on our Sydney Campus). By undertaking a program of study with an IB-recognised university, you will:

- improve the quality of your classroom teaching;
- demonstrate a deep understanding of and engagement in student learning; and
- enhance your competitive advantage in the global education job sector.

Literacy & Numeracy Testing for Initial Teacher Education students (LANTITE)

All Teacher Education students in New South Wales and Western Australia are required to enrol in, pay for and sit the national Literacy and Numeracy Test for Initial Teacher Education students (LANTITE) and demonstrate the required minimum level of personal literacy and numeracy prior to their final professional experience. Students are encouraged to sit the test early in their degree.

EDUCATION UNDERGRADUATE

NSW Compulsory Program Requirements

Before you can undertake any professional experience in NSW schools, it is compulsory that you complete a Working With Children Check, an Education Criminal Record Check, Anaphylaxis e-training and Child Protection Awareness Training.

Further information will be provided to successful applicants with their letter of offer.

WA Compulsory Program Requirements

Before you can undertake any professional experience in WA schools, it is compulsory that you complete a Working With Children Check and an Education Criminal Record Check.

Further information will be provided to successful applicants with their letter of offer.

Literacy and Numeracy Testing for Initial Teacher Education Students (LANTITE)

All Education students are required to successfully achieve the standard of both Literacy and Numeracy components of the Literacy and Numeracy Test for Initial Teacher Education students (LANTITE) prior to enrolling in their final teaching internship. The LANTITE is administered externally by the Australian Council for Educational Research (ACER) and students will be required to register with ACER and pay for the test.

Teacher Performance Assessment

All students are required to successfully complete the Graduate Teacher Performance Assessment directly after their final teaching internship.

Double degrees – Education

It is possible to combine an Education degree with a second degree. A double degree is an excellent choice for those students who wish to complete substantial studies in another discipline.

Bachelor of Education (Primary)/ Bachelor of Arts	Perth
Bachelor of Education (Primary)/ Bachelor of Behavioural Science	Perth
Bachelor of Education (Primary)/ Bachelor of Science	Perth
Bachelor of Education (Early Childhood and Care: 0-8 years)/Bachelor of Arts	Perth
Bachelor of Education (Early Childhood and Care: 0-8 years)/Bachelor of Behavioural Science	Perth
Bachelor of Education (Early Childhood and Care: 0-8 years)/ Bachelor of Science	Perth
Bachelor of Education (Secondary)/ Bachelor of Arts	Perth
Bachelor of Education (Secondary)/ Bachelor of Behavioural Science	Perth
Bachelor of Education (Secondary)/ Bachelor of Science	Perth

On the Perth Campus, specialist degrees are available for those who aim to become Health and Physical Education teachers through the School of Health Sciences. For more information please see page 106-107.

Practical workplace experience

As part of your degree you will complete approximately 27-32 weeks of supervised teaching. Placements begin in Year Two of your degree where you are introduced to teaching and interacting with small groups of pupils and extends into Year Four where you complete an internship.

Your professional workplace experience is combined with rigorous coursework that not only prepares you to teach all key learning areas, but also builds upon both contemporary research and methods, as well as a current understanding of teaching practice.

“The best aspect of studying here is the support and practical experience.”

Master of Religious Education

Program Code 5056	Designed to be completed in one year of full-time study, the Master of Religious Education is a specialised degree aimed at those in leadership positions or teachers working in the area of Religious Education. This degree provides a solid theological and educational grounding, developing your religious education knowledge.	Critical Issues in Critical Issues in Catholic Schooling
CRICOS Code 073039C		Critical Issues in Religious Education
Duration 1 year full-time		Christology
Campus Perth		Foundations of Moral Theology: Church and Sacraments
		Four Theology or Education Electives
	Flexible, well-structured and contemporary in its focus, this Master of Religious Education degree appeals to experienced teachers who wish to gain a solid theological and educational grounding to become religious educators and school leaders. The degree, which consists of eight courses, can be completed in one year of full-time study.	
	Classes are available in a mix of modes: intensive (during school holidays), semi-intensive (four Saturdays over a semester) and online. Study can be done entirely in externally/online mode if this is more suitable. The Master of Religious Education is designed to provide you with the maximum flexibility to choose subjects that interest you. In addition to the four core Religious Education and Theology courses, you are free to choose four electives from these disciplines. The range of available courses is extensive so please consult the School of Education for further information.	

Higher degrees by research

Why study this degree?		
Master of Philosophy (Education)		
Program Code 5126	Designed for those who have completed their undergraduate degree with a high-credit average and demonstrated a potential to complete research-based study, this program combines four coursework subjects with a major research project.	
CRICOS Code 078924M		
Duration 1.5 years full-time		
Campus Perth Sydney		
You are assigned two university-based supervisors who provide support and academic guidance throughout the coursework and research components of this program.		
Coursework components of this degree include: Quantitative Research Methods, Qualitative Research Methods, Scholarly Reading and Writing, and Developing a Research Proposal.		

Doctor of Education

Program Code 6200	The University of Notre Dame Australia is dedicated to building a strong and innovative research culture. The Doctor of Education is a research degree that combines coursework in research training with a thesis of approximately 80,000 words in length.
CRICOS Code 032064G	
Duration 3 years full-time	Previous experience in research is required for your acceptance into this degree, although additional research training is also provided in the coursework component.
Campus Perth Sydney	Coursework components of this degree include: Quantitative Research Methods, Qualitative Research Methods, Scholarly Reading and Writing, and Developing a Research Proposal.

Doctor of Philosophy (Education)

Program Code 6201	The Doctor of Philosophy (PhD) is a thesis-based research degree. You will work with a supervisor from the academic staff to develop an appropriate topic within the research focus areas for the School. The PhD program is individually designed and built around the methodological requirements of the research and the nature of the topic to be investigated, taking into account the background of the candidate.
CRICOS Code 011396F	
Duration 3 years full-time	Your thesis is expected to be a systematic, written presentation of the results of study, investigation and research, making a substantial and original contribution to the body of knowledge in the subject of the research.
Campus Perth Sydney

Diploma of Theology		
<p>Program Code 2007</p> <p>CRICOS Code 017653A</p> <p>Duration 1 year full-time</p> <p>Campus Perth Sydney</p>	<p>The Diploma of Theology is a one-year full-time program which provides a basic qualification in theology. The program has been designed for students with no previous background in theological studies or those who might wish to update their theological knowledge. It will especially appeal to students who are preparing for a career in ministry or others who are following a personal journey of spiritual discovery and growth.</p>	<p>Scripture</p> <p>Church History</p> <p>Systematic Theology</p> <p>Moral Theology</p> <p>Pastoral Theology</p> <p>Research institutes</p> <p>Church agencies</p> <p>Education and teaching</p> <p>International diplomacy</p> <p>Journalism and media</p> <p>Pastoral counselling</p> <p>Youth work</p>
Bachelor of Philosophy		
<p>Program Code 3311</p> <p>CRICOS Code 061708C</p> <p>Duration 3 years full-time</p> <p>Campus Perth Sydney</p>	<p>The Bachelor of Philosophy program provides a rare opportunity to specialise in Philosophy through the completion of 16 courses in Philosophy (including the three Core Curriculum courses in Philosophy, Ethics and Theology) plus eight electives. When combined with a Master of Teaching, the program provides an ideal qualification for those wishing to teach Philosophy in schools, as well as those wishing to proceed with postgraduate studies. The program offers courses in all areas of Philosophy, including: The History of Philosophy (four courses), Metaphysics, Philosophy of the Human Person, Logic, Epistemology, Ethics, and Political Philosophy. It also includes a number of innovative and rarely offered courses. An Honours year is also available.</p>	<p>The Method & Basic Problems of Philosophy</p> <p>History of Philosophy</p> <p>Critical Thinking</p> <p>Philosophy of the Human Person</p> <p>Epistemology – Ways of Knowing</p> <p>Moral Philosophy</p> <p>Political Philosophy</p> <p>Natural Law</p> <p>Metaphysics</p> <p>Being & God</p> <p>Faith & Reason</p> <p>Philosophy of Science</p> <p>Advocacy</p> <p>Journalism and media</p> <p>International diplomacy and trade missions</p> <p>Policy development</p> <p>Government administration</p> <p>Academic teaching</p> <p>Public libraries</p> <p>Research institutes</p> <p>Consulting</p> <p>Non-government organisations</p>
Bachelor of Philosophy, Politics and Economics		
<p>Program Code 3573</p> <p>CRICOS Code 103322C</p> <p>Duration 3 years full-time</p> <p>Campus Sydney</p>	<p>The Bachelor of Philosophy, Politics and Economics is designed for those who want to understand human communities and society. The program trains future leaders and professionals to make a difference in all walks of life. Students will learn to integrate knowledge, by focusing on how society can either promote or thwart human flourishing. Philosophy will give the concepts and skills to identify questions and problems, thinking through them clearly and creatively. Studying politics, students will consider governance, leadership, and the importance of law and policy. Through economics, they will learn to solve a range of problems through economic reasoning. Bringing together these disciplines, graduates will appreciate the central importance of the human person's quest to lead a good life, working with others toward the common good.</p>	<p>Introduction to World Politics</p> <p>Economics</p> <p>Ancient Philosophy</p> <p>Policy, Democracy and Governance in Australia</p> <p>Quantitative Methods for Business</p> <p>Philosophy of the Human Person</p> <p>Public Policy and Practice: The Business of Government</p> <p>Moral Philosophy</p> <p>Microeconomic Theory and Policy</p> <p>Diplomacy</p> <p>Public policy development</p> <p>Economic analysis</p> <p>Non-government agencies</p> <p>Political analysis</p> <p>Business leadership</p>

Doctor of Nursing

Program Code 6301	Our Doctor of Nursing is a research degree designed to meet the needs of professionals who aspire to achieve academic excellence and lead the development of knowledge within their profession.
CRICOS Code 052527E	This Professional Doctorate seeks to examine crucial professional topics and integrate industry experience with scholarly inquiry. We recommend you seek the support of a relevant professional body, employer or industry group in defining your research area.
Duration 3 years full-time	Coursework components of this degree include: Quantitative Research Methods, Qualitative Research Methods, Scholarly Reading and Writing, and Developing a Research Proposal.
Campus Perth Sydney	

Doctor of Philosophy (Nursing)

Program Code 6800	The Doctor of Philosophy (PhD) is a thesis-based research degree. You will work with a supervisor from the academic staff to develop an appropriate topic within the research focus areas for the School. The PhD program is individually designed and built around the methodological requirements of the research and the nature of the topic to be investigated, taking into account the background of the candidate.
CRICOS Code 057674J	Your thesis is expected to be a systematic, written presentation of the results of study, investigation and research, making a substantial and original contribution to the body of knowledge in the subject of the research.
Duration 3 years full-time	
Campus Perth Sydney	

CHOOSE

“It has been a truly rewarding experience, and the support you receive from staff and colleagues makes the journey towards becoming a midwife an unforgettable incredible one.”

Nadira
Midwifery student

HEALTH SCIENCES

Prevent disease and improve the health of the community.

“The University of Notre Dame Australia is special for many reasons: the personal factor, the small class sizes, and the accessible location of all the campuses.”

Louis

Exercise and Sports Science
student from Jersey, UK

Undergraduate degrees

Why study this degree?	Areas of study	Global career opportunities
Bachelor of Biomedical Science		
Program Code 3041	The Bachelor of Biomedical Science is a degree that provides you with the freedom to explore various areas related to human health and disease. This degree equips students with essential and transferable knowledge and skills that make you readily employable for a career in a host of health-related fields.	Biological Sciences
CRICOS Code 049306M		Molecular and Cell Biology
Duration 3 years full-time		Introduction to Chemistry
Campus Perth		Neuroscience
Practicum 150 hours		Pathology
		Immunology
		Anatomy and Physiology of Body Systems
		Data Analysis and Experimental Design
		Microbiology
		Biomedical scientist
		Laboratory researcher
		Clinical researcher
		Health advisor
		Biostatistician

Bachelor of Exercise & Sport Science			
Program Code 3161	As the Australian population becomes more sedentary, physical activity plays an increasingly important role in community health and wellbeing. Our comprehensive Bachelor of Exercise & Sport Science degree examines the implications of physical activity on public health, considers issues such as rehabilitation and also prepares our students to work with elite athletes. Students can choose to add a Major in Health Promotion.	Physical Activity & Health	Exercise and sport scientist
CRICOS Code 055343M		Human Growth & Development	Strength and conditioning coach
Duration 3 years full-time		Human Structure & Function	Community health and physical activity promoter
Campus Perth		Exercise Physiology	Sports coach
Practicum 150 hours		Health Issues & Preventive Approaches	Health and fitness consultant
		Principles of Strength & Conditioning	

Bachelor of Health & Physical Education (Primary)			
Program Code 3287	The Bachelor of Health & Physical Education (Primary) is a four-year specialist teaching qualification. It aims to provide the essential knowledge, practical skills and leadership qualities for future teachers who want to improve the health, wellbeing and physical literacy of young people in our community.	Health Communications	Specialist health and physical education teacher
CRICOS Code 057667G		Physical Activity and Health	Health education consultant
Duration 4 years full-time		Human Structure and Function	
Campus Perth		Physiology of Exercise	
Practicum 1080 hours		Applications of Function	
		Anatomy to PE	
		Developmental Psychology	
		Motor Development & Learning	
		Psychosocial Aspects of Sport and Physical Activity	

Why study this degree?	Areas of study	Global career opportunities
Bachelor of Health & Physical Education (Secondary)		
Program Code 3288	The Bachelor of Health & Physical Education (Secondary) is a four-year specialist teaching qualification. It aims to provide the essential knowledge, practical skills and leadership qualities for future teachers who want to improve the health, wellbeing and physical literacy of young people in our community.	Health Communications
CRICOS Code 057668G		Physical Activity and Health
Duration 4 years full-time		Human Structure and Function
Campus Perth		Physiology of Exercise
Practicum 1080 hours		Applications of Function
		Anatomy to PE
		Developmental Psychology
		Motor Development and Learning
		Psychosocial Aspects of Sport and Physical Activity
		Specialist health and physical education teacher
		Health education consultant

Bachelor of Outdoor Recreation			
Program Code 3310	Our Bachelor of Outdoor Recreation is an exciting degree designed to meet the growing demand for qualified individuals to work in the recreation, education, adventure tourism and ecotourism sectors. Over three years you will learn key outdoorskills while developing the ability to design, plan and implement safe outdoor programs.	Expeditions on Land	Adventure tourism leader
CRICOS Code 061707D		Expeditions on Water	Outdoor education specialist
Duration 3 years full-time		Expedition Planning & Implementation	Community program organiser
Campus Perth		Health Communications	Ecotourism manager
Practicum 300 hours		Research Methods	
		Developmental Psychology	
		Health Issues & Preventive Approaches	
		Physical Health & Activity	
		Aboriginal People	

HEALTH SCIENCES UNDERGRADUATE

Why study this degree?	Areas of study	Global career opportunities
Bachelor of Health Promotion		
Program Code 3289	Health Issues and Preventive Approaches	Health promotion officer
CRICOS Code 057670B	Population Approaches to Health Promotion	Community development officer
Duration 3 years full-time	Community Approaches to Health Promotion	Health education consultant
Campus Perth	Health Sciences Research	Health researcher
Practicum 300 hours	Nutrition for Health	
	Health and Disease Risk Factors	
	Aboriginal People	
	Health Education	
	The Bachelor of Health Promotion focuses on promoting individual and community health and wellbeing. You will develop a clear comprehension of how social and other health determinants impact health and wellbeing as well as understanding the effectiveness of socio-environmental, population and community approaches to health promotion.	
	Throughout the program you explore the psychological aspects of health behaviour, behavioural aspects of change, health promotion principles, frameworks, planning and implementation, social marketing, principles of community development, project management and health-related research and evaluation.	
	Graduates will find a wide range of occupations open to them, such as health promotion, community development, health education and health research.

Events	135

The University of Notre Dame Australia's Admissions Process

We consider the whole person

The University of Notre Dame Australia uses a comprehensive application process that considers every applicant on an individual basis, making the admissions process - like the University study experience - focused on the whole person. There is no application fee.

Please note: a study visa is required if you have been accepted to study full-time on-campus for more than three months at an educational institution in Australia.

If you have any queries please contact:

International Office: international@nd.edu.au

Part-time and external study is only available to Australian resident students and international students studying outside Australia.

Overseas Student Health Cover (OSHC)

The Australian Government requires international students to have adequate medical insurance or health cover from an Australian Health Fund. There are currently six providers approved by the Australian Government: Bupa Australia, AHM OSHC, Allianz Global Assistance, Medibank Private, CBHS International Health, and NIB.

The University of Notre Dame Australia partners with Bupa Australia as our preferred provider. Bupa is Australia's largest healthcare provider. All new international students enrolled at the University will be covered by this provider, unless proof of other cover is provided. The costs of your OSHC are invoiced to you for payment with your first year's fees before you arrive in Australia.

OSHC is effective from one week before Orientation Week and is valid for the length of your visa, so you will not need to worry about renewing your cover while you are studying. If you intend to arrive in Australia before the cover starts, please notify the Admissions Office so that appropriate health cover can be arranged.

If you change or extend your study program, it is your responsibility to ensure that you remain covered as long as the length of your visa. If you do not have sufficient OSHC coverage, your visa could be cancelled and you will not be covered for any medical bills that you incur during the lapsed time.

For further information on OSHC please visit the Australian Government's Department of Home Affairs or the Department of Health.

01 Apply

Submit your application

You can apply to The University of Notre Dame Australia online at notredame.edu.au/international/how-to-apply.

Alternatively, you can apply via one of the University's authorised education agents in your country. A list of registered education agents of the University can be found at notredame.edu.au/international/agents.

Please note: If you are a citizen of any South Asian or African country (except South Africa) you must apply via a University of Notre Dame Australia authorised education agent.

02 Offer

Receiving an offer

Offers are made on a rolling basis. You will be notified of an offer via email along with your first semester invoice and other important information on accepting your offer, and moving to Australia.

03 Accepting your offer

If you receive an offer from the University, you can choose to accept, defer or reject the offer.

You do this by completing the 'Conditions of Offer & Acceptance Form' provided in the offer email accompanied by your invoice payment.

Please call or email the International Office on +61 8 9433 0873 or international@nd.edu.au if you have any questions regarding your offer.

04 Enrol

Once the International Office has received your indicative invoice payment, you will receive an electronic Confirmation of Enrolment (eCoE) which you will use to apply for your student visa (if applicable).

The International Office will then get in touch with you to organise your enrolment, including preparing your move to Australia.

05 Orientation

Orientation Week is a fun, festival-like event and is an opportunity to meet fellow students and get involved in student life at the University.

Orientation Week is compulsory for international students studying on campus in Australia, as it provides you with important information which will help set you up for success during your studies at the University.

English Language Entry Requirements

The University requires applicants to demonstrate English language competency of the appropriate level stipulated for their nominated degree. Successful completion of specified secondary or tertiary education in English may be used to demonstrate competency, depending on your chosen degree.

All English language tests are valid for two years from date of completion.

Accepted proficiency tests:

- Academic International English Language Testing System (IELTS)
- Teaching of English as a Foreign Language (TOEFL)
- Cambridge Academic English (CAE)
- Pearson Test for English Academic (PTE)
- Occupational English Test (OET)

Note: Not all tests can be used to prove English language proficiency for all programs. The University reserves the right to ask any applicant to sit any English language proficiency test.

Standard Minimum Entry Requirements

Proficiency Test – Special Tertiary Admissions Test (STAT)

IELTS

Undergraduate

6.5 overall, no individual band less than 6.0

Postgraduate Coursework

6.5 overall, with no writing score lower than 6.5 and no other individual band score lower than 6.0

Postgraduate Research

7.0 overall, with no score lower than 7.0 in writing and no other individual band score lower than 6.5

TOEFL

Undergraduate

84 overall, no less than 21 in writing, no other less than 17

Postgraduate Coursework

84 overall, with no score lower than 22 in writing and no other band score lower than 17

Postgraduate Research

94 overall, with no score lower than 27 in writing and no other individual band score lower than 20

CAE

Undergraduate

176 overall, no individual band less than 169

Postgraduate Coursework

176 overall, with no score lower than 176 in writing and no other band score lower than 169

Postgraduate Research

185 overall, with no score lower than 185 in writing and no other band score lower than 176

PTE

Undergraduate

58 overall, no band less than 50

Postgraduate Coursework

58 overall, with no score lower than 58 in writing and no other band score lower than 50

Postgraduate Research

68 overall, with no score lower than 68 in writing and no other band score lower than 58

Please note: Medicine, Education, Nursing, Law and Physiotherapy programs require proof of higher English Language Proficiency. For more information on scores required for these programs, please visit notredame.edu.au/international or contact international@nd.edu.au

Pathways to The University of Notre Dame Australia

On-Campus English Language Intensive Courses for Overseas Students (ELICOS) Pathways

The University of Notre Dame Australia provides three Academic English bridging programs on the Perth Campus, which are designed to develop language proficiency and assist students in meeting the University's English language requirements for entry into their nominated undergraduate or postgraduate degree.

Upon successful completion of the University's Academic English bridging programs, no further English language testing will be required, except where required by an accrediting body.

Academic English Bridging Level 1

Applicable program

Undergraduate and postgraduate degrees requiring 6.5 IELTS

Duration

15 weeks

Entry requirement

6.0 (IELTS equivalent)

Estimated at exit

6.5 (IELTS equivalent)

Academic English Bridging Level 2

Applicable program

Undergraduate and postgraduate degrees requiring 6.5 IELTS

Duration

15 weeks

Entry requirement

6.5 (IELTS equivalent)

Estimated at exit

7.0 (IELTS equivalent)

Academic English Bridging Study Skills

Applicable program

Discipline-specific undergraduate and postgraduate degrees

Duration

5 weeks

Entry requirement

One or more bands lower than the overall IELTS score required for entry and/or prior academic and life/work experience that indicates you would benefit from undertaking this course for successful transition into university studies

Please note: The University of Notre Dame Australia's Nursing, Education and Physiotherapy programs require further evidence of English language proficiency.
