Kia ora and welcome to Toi Ohomai Institute of Technology

Our name Toi Ohomai represents our vision to aim high and achieve great heights; to be awakened by learning.

We believe that your success is the key to the success of our whole region. That's why we're here to help make your dreams a reality.

Our five main campuses are located throughout the beautiful Bay of Plenty and South Waikato, home to arguably New Zealand's best beaches, lakes, mountains and thermal wonderland. We also have more than 40 extra delivery sites dotted across our region and over 230 programmes to choose from. All of this makes it easy for more than 12,000 students to study with us every year.

Students can choose programmes across all levels - from certificates, diplomas and degrees to postgraduate studies. With specialties in business, information technology, creative arts, engineering, forestry, hospitality, environmental science, nursing, health care, tourism, freight logistics, construction and even more, we're confident you'll find something here to inspire you.

Join us for your learning journey and let's discover your true potential!

Programmes are subject to change and additional programmes may be added. Please check our website for the latest information.

Why Toi Ohomai is a great choice

Rotorua and Tauranga are part of the Bay of Plenty region and are safe, friendly places to live, study and play.

The cost of living is lower here than in bigger cities like Wellington and Auckland. Economic and population growth has led to a noticeable increase in construction and engineering opportunities. The Bay of Plenty region is also renowned for its horticulture, with large orchards and crop fields providing ample opportunities for seasonal work.

We put our students first

Studying in a foreign country is a great way to experience another culture and develop a global perspective, and these experiences are being increasingly valued by today's employers.

We've been educating international students for more than 30 years! We understand the challenges you might face and we're committed to supporting you during this exciting journey.

Our International Centres consist of staff from all over the globe who understand your needs. This means we are well equipped to help you achieve your study goals while enjoying and experiencing the great New Zealand culture.

One of the most common compliments we receive from students is the caring, attentive attitude of our tutors - they genuinely want to see you succeed!

According to the 2019 I-Graduate Survey*, Toi Ohomai ranked **first globally** in the following areas:

- Orientation Satisfaction
- Welcoming
- Pre-Arrival and Information
- Counselling Support
- Social Activities

Toi Ohomai ranked sixth overall globally out of the 89 institutions surveyed.

*The I-Graduate Survey is conducted every two years to gather feedback from almost 60,000 international students across global tertiary institutions, including 13 New Zealand ITPs.

Your culture is important to us

Our campuses are multicultural and you will meet staff and students from all over the world. We would love you to contribute to this diversity by choosing to study at Toi Ohomai.

Improve your English

You will have daily opportunities to engage with New Zealanders. These conversations will help you improve your English and you will get to know lots of new people.

Campus life

Orientation Week (O'Week) is held at the start of your programme. This is a great opportunity to get to know your classmates with a range of fun activities, live music and free food. These events also include an informative academic induction.

Throughout the year we also host a range of different events which will help you make the most of student life. Join our multicultural celebrations, toga nights, sausage sizzles and other interactive activities.

Industry connections

Toi Ohomai works closely with a wide range of industries to ensure you will develop the right skill set to make you highly employable. Our programmes feature plenty of hands-on, practical learning experiences, which often include work placements or internships that can help you develop vital connections with potential employers.

Learn about Kiwiana

Each country has its own lingo, slang words or phrases. New Zealanders, often referred to as 'Kiwis', are no different. Very soon you will be grabbing your jandals and bringing a plate (including a national favourite, pavlova) when you visit your mates. You will be knackered from all your study, running to the dairy for a snack, skulling a drink, and enjoying a sweet-as life. But, no worries, you will be fluent in Kiwi lingo in no time.

¹The listed outcomes represent the minimum scores or grades for each test or qualification that qualify a student for enrolment at each programme level. Students with higher scores or grades than required for a particular programme level may still enrol at that level. Where the entry requirements for a programme are for a higher English proficiency outcome than is listed in the relevant row of the Table for the programme level in which the student is being enrolled, the student must meet that higher level.

²IELTS scores used must be taken from a single IELTS Test Report Form (i.e. combining scores from more than one test is not permissible).

³New versions of some NZCEL qualifications, and in some cases new qualifications, were published on 13 June 2017. These are intended to replace pre-existing versions and qualifications, which have been given expiring status until discontinued on 31 December 2019.

Preparation and arrival in New Zealand

We look forward to your arrival and assisting you to ensure an enjoyable and successful stay, and have compiled the following information to help you prepare for your trip.

Pre-departure

To prepare for your new life in New Zealand, please read all of the information in the Locations/About New Zealand section of our website. Topics include immigration and visa information, accommodation, important policies, insurance, and detailed arrival information.

If you have any questions, please contact the International Centre via email on international.enquiries@toiohoma.ac.nz.

Arriving in New Zealand

If requested in advance, Toi Ohomai can arrange to have you picked up from the Auckland, Rotorua or Tauranga airports. International Centre staff will also meet you at your orientation day and will provide all the information you will need to begin your study and settle into Toi Ohomai at Rotorua or Tauranga.

Money

- travel with only a small amount of cash
- bring traveller's cheques and a credit card to cover your initial expenses
- open a New Zealand bank account as soon as possible after your arrival

Immigration & student visas

If you are going to study in New Zealand for more than 12 weeks, you will need to apply for a student visa. Check out immigration.govt.nz.

Medical & travel insurance

International students must have appropriate and current medical and travel insurance while in New Zealand, and this usually costs no more than \$600 per academic year.

Uni-Care is our preferred insurance provider. It is important to understand the inclusions stated in the New Zealand Student Plan (visit uni-care.org).

Eligibility for health services

Most international students are not entitled to subsidised health services. If you receive medical treatment while in New Zealand, you may be required to pay the full costs of that treatment. More details are available through the Ministry of Health at health.govt.nz.

Accident insurance

The Accident Compensation Corporation (ACC) provides accident insurance for all temporary visitors to New Zealand, but you may still be required to pay for some or all other medical and related costs. More details are available at acc.co.nz.

Employment

These websites can be helpful in finding employment while in New Zealand:

Accommodation

Toi Ohomai can help arrange accommodation while you are here for your studies. For all the latest information, visit the Accommodation page on our website, under the Student Services tab.

Hall of Residence (Rotorua)

Tangatarua Hall of Residence, a hostel owned by Toi Ohomai, is located next to Mokoia Campus. Situated in a park-like setting with mature landscaping and open spaces, the hall offers our students an attractive and affordable place to live just a short walking distance to the campus.

Shared accommodation (Tauranga)

Toi Ohomai offers rental houses close to Windermere Campus. The bedrooms are lockable and furnished. Living areas and bathrooms are shared with at least one other student. The houses contain essential cooking utensils, crockery and appliances, a washing machine, fridge/freezer and television.

Homestay

We recommend living in a homestay option, especially if you are studying English and want to be able to practise your English with your host family. The family environment can also ease the adjustment of living in a new country as you experience different food, language and customs. We recommend you commit to staying at least one month with your homestay family while you adjust to life in Rotorua or Tauranga and while you and your homestay family get used to each other.

The homestay fee of NZ\$230-\$290 per week includes your own room, three meals a day, power and laundry facilities. This fee may also include internet access.

Flatting (sharing a house)

If you plan to live in a rented house or apartment with one or more people, we call that "flatting". You and your flatmates will be responsible for finding your own furniture, bedding, cooking utensils and other household necessities. You can find all of these new items at shops in town or, to keep costs down, you can buy from second-hand shops or online (e.g. Trade Me).

You will need to share the cost of power and other bills, cook your meals, do your own laundry and your share of household cleaning, and abide by the rental agreement.

It can take some time to find a flat to rent and you may need to stay in temporary accommodation for the first two to four weeks after arriving in New Zealand. This is where a hall of residence, shared accommodation or homestay option would be desirable.

Basic expenses

- rents for students in our area range from NZD\$150-\$270 per week; this includes power and water
- groceries for one person costs approximately NZD\$80-\$130 per week
- please also allow for general expenses of NZD\$50-\$120 per week

These figures are approximate and may vary.

Accommodation for families

Most of the accommodation providers Toi Ohomai works with are set up to host individual students only; few can accept a family or couple.

If you plan to bring your family, we strongly recommend that you come to New Zealand on your own first and arrive a couple of weeks before our orientation programme. Arriving early will give you time to look for long-term family accommodation in the private housing market.

If your family comes with you, you may need to stay in a hotel or motel while you try to find long-term accommodation. This can be very expensive.

"The knowledge I acquired from Toi Ohomai is helping me deal with clients and relevant professional bodies."
