INTRODUCTION TO LJMU

LJMU offers an exceptional student experience renowned for its high quality teaching, innovation, student supportive structures and ground-breaking research... all within one of the world's most vibrant and multicultural cities, Liverpool.

We are proud of our status within the city of Liverpool, of our partnerships with long-standing cultural institutions, our extensive links with employers, entrepreneurs and business leaders and our influence on the cityscape with new state-of-the-art buildings becoming modern landmarks.

Liverpool is a world-class cosmopolitan city that welcomes its diverse student community from all around the globe. Many of LJMU's courses complement aspects of the city's most prestigious recognitions, such as the proud winners of the Capital of Culture 2008 and the city's very own waterfront being awarded World Heritage Status by UNESCO in 2004, putting it on a par with the Taj Mahal and the Great Wall of China.

SHERIF IBRAHIM

COURSE: PHARMACY (MPHARM), CLASS OF 2006

CURRENT JOB: PHARMACY MANAGER, MCARTHUR DRUGS

In 2002, Sherif decided to embark upon a journey to the UK to aid his dream of becoming a pharmacist. After searching in his home country of Canada, he encountered a lack of options in his chosen field and branched out to the idea of higher education overseas.

"I did a lot of research and emailed lots of schools. I started talking to Dr Peter Elliot at Liverpool John Moores University in the UK and I loved how the program was structured."

Making the journey to Liverpool expanded Sherif's circle of friends and opened him up to experiences he would never have encountered had he stayed in his home province.

"I can honestly say I really enjoyed my time at LJMU and those were the best years of my life. I made lifelong friends. I loved the city and I became a Liverpool FC supporter.

I would highly recommend LJMU for the MPharm programme as it benefited me greatly in achieving my career goals.

After graduating I worked as a hospital pharmacist at Peterborough regional health centre (PRHC). Now, I am the Pharmacy Manager at Macarthur Drug Store."

Sherif particularly enjoys the interactions he now has with patients in his home town of Fenelon Falls, he is able to follow their patient journey long after diagnosis. This has been one of the driving forces behind his decision to become a pharmacist and, building up this trust and rapport with his patients, is one of the most rewarding aspects of his job.
