The UBI Experience

A Globally Recognised British Degree

Our programme and curriculum are designed in collaboration with Middlesex University London, one of the top business schools in the UK.

Practical Solutions for the Future

UBI's curriculum not only follows the current trends to bridge the gap between industry and education but predicts the future needs of the 21st century, such as ethical and sustainable global trade and responsible use of AI.

Renowned Faculty with Strong Professional Background

Central to the success of our students is the decades of leadership and industrial knowledge that our faculty brings into the classroom. UBI's programmes are based on the input of renowned entrepreneurs and scholars from all over the world who are dedicated to bringing the best out of our graduates.

Professional Career Development and Support

Our students benefit from professional seminars and workshops that go beyond what is typically taught in business textbooks. UBI's Career and Alumni office connects our graduates to professional networks built upon decades of trust and partnership.

MBA Programme Highlights

“ Our MBA programme is tailored to provide our graduates an edge in the next phase of their career. We leverage on our students' existing business knowledge and expertise to make transformative breakthroughs in both theory and practice. The MBA coursework delves deep into 21st century priorities such as digitalisation, sustainability, entrepreneurship and innovation. We train our graduates to be agile, innovative and empathetic to the needs of businesses and society. Our goal is to nurture future-ready leaders, not market-ready executives.

— Professor Dr. Munira Aminova
Dean, UBI Brussels
