BISHOP'S
UNIVERSITY

Bishop's is a one of a kind institution in Canada. Indeed, Bishop's is the only university in Quebec, and one of only a few in Canada, to offer a primarily undergraduate, liberal education model. **Our mission is to provide the best undergraduate education to our students. Our students receive an exceptional personalized academic experience** thanks to our intimate class sizes, leading edge facilities, student support systems, our largely full-time faculty and our bilingual (English/French) learning environment. We encourage our students to pursue interdisciplinary studies in diverse areas so that they gain a broad foundation of knowledge about the wider world.

Our campus is known for its safe, welcoming and inclusive atmosphere no matter your background. **Bishop's will provide you with an opportunity to set yourself apart and stand out.** This means that when you complete your studies and go on to pursue a professional degree, graduate studies, or are ready to dive into your career or whatever your next steps may be, you will be well equipped to become one of tomorrow's leaders with the curiosity and confidence to confront the challenges facing our world coupled with the vitality to find solutions.

You Won't Be a Number Here.

We empower our students to deal with complexity, diversity and change. If you're looking for an educational experience that is unique, exceptional, personal and transformational, continue reading and discover the power of Purple.

Does Purple Flow Through Your Veins?

Bishop's has one of the most diverse campuses in the country, so there is no "typical" Bishop's student. But all Bishop's students would say that at least one of the following statements applies to them:

You are curious and inquisitive.

You want to feel like you belong.

You don't feel the need to conform.

You want to be remembered by your name.

You flourish in friendly, intimate environments.

You are aware of self, community and the greater good.

You love to learn and are eager to expand your intellectual horizons.

Why Do You Need a Liberal Education?

At Bishop's you will gain the relevant knowledge and skills that employers are expecting in new graduates. You will be exposed to a range of disciplines that will foster curiosity, provide flexibility and enhance your love of learning. This will lead you to a broad understanding of our world and to new interests, passions, and discoveries. Our curriculum emphasizes core competencies in leadership, social responsibility, critical thinking, problem solving, effective communication, intercultural awareness, and collaboration – all skills that employers search for no matter which field or career you're interested in.

Our education model will provide you with the skills needed to be adaptable, flexible and future proof.

Our reputation for academic excellence rests on the stimulating campus environment we create for our students.

Academic Excellence

Everything you find on campus is meant to help you succeed. Our faculty and staff are some of the most dedicated you will find anywhere. Whether it is our Success Coach, Career Advisor, English Writing Centre staff or staff and faculty in our math, physics or computer help centres, they are all here to help.

The high quality of education we offer both inside and outside the classroom and our stimulating, safe and nurturing environment has been recognized by the *Globe & Mail*, *Maclean's*, *Huffington Post*, *UniversityHub* and the *National Survey of Student Engagement (NSSE)*, who all consistently rank Bishop's among the best universities in Canada in our category. So perhaps it's no surprise that Bishop's has a tradition of exceptional individuals who have been recognized at the national level over the years.

On Campus Residence & Dining

Did you know that 97%
of students live on campus
or within a 15 minute walk
of campus?

Traditional Style

Bog Style

Suite Style

Three styles of accommodations for all tastes.

Traditional Style (Norton, Pollack and Mackinnon)

Located centrally between academic buildings, the Students' Union Building and the Dining Hall, you're a short walk from everything! Value your privacy? Consider a single room. Want a roommate? Get a double room.

Bog Style (Kuehner, Abbott and Munster)

You'll have the privacy of a single room with all the benefits of having a roommate – the best of both worlds! Share a bathroom with one other student. Each room comes complete with a desk, bed, closet, sink and vanity. The rest is up to you.

Suite Style (Paterson Hall)

Similar to an apartment, share two bathrooms, a living room, kitchen and great views of campus with three roommates – each with your own bedroom. This is a perfect option for students who want more independence and want to do some of their own cooking.

Dining With an “All You Care to Eat” meal plan, Dewhurst Dining Hall (aka Dewies) is where you'll go to eat, meet and study. Open from 7:30 am until 11:30 pm, Dewies is just one of many options available for on-campus eating.

“I CHOSE BISHOP’S BECAUSE I FEEL LIKE I AM PART OF THE UNIVERSITY; A PLACE WHERE I CAN LEARN HOW TO GROW AS A PERSON AND AS A PROFESSIONAL. CAQ and Study Permit Requirements

International students admitted to Bishop’s University must obtain two study permit documents prior to arriving at Bishop’s. Once students obtain their conditional or final letter of admission they can begin the application procedure. The first step is to complete a CAQ (Certificate of Acceptance) application with the Quebec government (www.immigration-quebec.gouv.qc.ca/en and click on Foreign Students). Once this permit has been approved students can then apply for a Canadian study permit (www.cic.gc.ca). It is important to note that the process can take anywhere from 4-16 weeks to complete so we encourage students to complete their application for admissions early to avoid any delays.

Study and Work in Canada

International students with valid study permits can work on or off campus a maximum of 20 hours per week and full time during holidays and summer months anywhere in Canada. Once they obtain their degree from Bishop’s, international students are eligible to obtain a Post-Graduation Work Permit allowing you to work in Canada for up to three years. This valuable work experience helps graduates qualify for permanent residency in Canada and provides you with credentials that are recognized worldwide. For more information on studying and working in Canada please visit www.cic.gc.ca.
