

FIND THE

REAL YOU

REAL STORIES

Find the real you. Carly did.

The face of adversity turned the other cheek for Carly, one of our graduates of the Early Childhood Education Program. She was only 16 and a busy new mom, but she knew she could not put off her education. It helped fuel a drive to be amazing and build a bright future for her and her daughter. First obtaining her grade 12 diploma through our Dual Credit Initiative, Carly went on to graduate from not one, but two programs, and achieved her certification in 2015. She now works at our Early Learning Centre right here on campus.

COOL PLACES

**You'll never forget
your favourite place.
We guarantee that.**

Where we are, there's nothing on earth like it. Along the Lake Superior Heritage Coast, relax on the world's most pristine sand beaches, kayak among awe-inspiring 1000 foot cliffs plunging into crystal clear waters, surf the most powerful freshwater waves, and hike unending vistas that promise the ultimate #nofilter moments.

Follow the coastline to Sault Ste. Marie's waterfront and enjoy green riverside parks, energetic patios with friends, and a casual stroll along the downtown boardwalk. And it's all connected to you by the city-wide, scenic Hub Trail system which fits nicely into your active lifestyle.

If you seek the unforgettable, you will find it here.

Visit saulttourism.com to explore the area.

FUN PLACES

Up north, we do winter right. It's kind of our thing.

Tap into your wild side and experience over 100 acres of premiere ranked downhill skiing. Searchmont Resort offers the highest vertical in the mid-west at 700 feet, which means longer runs and bigger smiles. The best part? Sault College students get hooked up with a ski pass for the season. Yup! You do!

If staying on level ground is more your speed, no problem. Cross-country skiing, snowshoeing and groomed fat bike trails are BIG around here. Did we mention the ice caves?

If you like all things cool, you will find it here.

Visit saulttourism.com to explore the area.

iE3

A new level of interactive education and innovation is here. Say “hi” to The Institute for the Environment, Education and Entrepreneurship, or iE3 as we like to call it. iE3 is an interdisciplinary initiative to enhance outdoor studies and communication technology programs. Further your skills through applied knowledge, collaborate with other innovators and share creative space with future businesses and employers. All in a one-of-a-kind, cutting-edge facility. In other words, iE3 is a gateway to show how amazing you are. And you’ll only find it here.

EARLY LEARNING CENTRE

We understand the needs of families and being one of few Colleges in Ontario to offer licensed on-site childcare, we support our students with young children. The new state-of-the-art Early Learning Centre is a modernized and innovative space. Our pedagogy nurtures early educational learning and development. We think of it as giving the best start to our future students. As the LAB for Early Childhood Education students, our Centre is a leader in providing ongoing instruction through research and collaboration with the Sault College Early Childhood Education program.

WATERFRONT TENNIS CENTRE

At Sault College change and innovation are part of our DNA. That’s why we’re so passionate about the waterfront revitalization project. The plan? To develop a fantastic Centre for Excellence in Tennis for students and the community while creating a waterfront learning hub for the Natural Environment and Outdoor Studies programs.

BUILDING FOR

BRIGHTER

FUTURES

Love to jump?

The Sault College Cougars proudly compete in the Ontario Colleges Athletic Association along with 26 other colleges and universities in Ontario. Sault College is also a member of the Canadian Collegiate Athletic Association, the national governing body for men's and women's college sport in Canada.

HEALTHY LIVING

THE HEALTH AND WELLNESS CENTRE IS YOURS – YOU MAKE IT WHAT IT IS.

The full-sized gymnasium incorporates an upper-level, two-lane 114-meter indoor walking and running track. Fitness rooms and open-concept studios are graced by real, natural lighting and a window terrace overlooking the Sault campus. Customizable cardio and strength equipment connect with smartphones to track workout activity against goals. Exercise and catch the latest show with our 19-inch touch screens equipped with internet and smartphone/ipod connections.

We offer not only the best in facilities and equipment but also individualized personal training and group fitness instructional options. Enjoy classes at any level from beginner to advanced in spin, step, corefit, flow and much more.

Students receive a membership for access to our Health & Wellness Centre*

*Included in your student ancillary fees

ATHLETICS

If you are an athlete or love to stay fit, then you will feel right at home here. From champion Varsity teams to fun campus leagues, your sport lives here.

Sault College Athletics boasts endless opportunities for sport participation; both competitive and recreational. Competing within the Ontario Colleges Athletic Association (OCAA) and Canadian Collegiate Athletic Association (CCAA), our highly successful Varsity sports program has helped our Cougars secure national and provincial recognition. Competitive athletic programs for men and women include basketball, indoor soccer, hockey, cross country golf and curling. The hockey program competes in the ACHA (American Collegiate Hockey Association).

If you want to stay active and are pursuing bragging rights instead of awards, we offer a variety of recreational sport options including ball hockey, volleyball, skiing, tennis, cricket, cheer, and much more.

A group of four female hockey players in blue jerseys and helmets, holding sticks, standing on an ice rink. The players are wearing blue jerseys with a cougar logo and the text "SALE BRIDGE COUGARS". They are also wearing black helmets with face masks and black gloves. The background is a plain white surface.

REAL

SPORTS

JUST MOVE IN

Students will find comfort in spacious double, single, premium single and barrier free rooms. During your stay, allotted study hours provide a positive learning environment while added programming offers fun opportunities to meet new people. An endless number of events like ice fishing, paintball, floor hockey, dodge ball, beach days, city wide scavenger hunts and holiday dinners will fill your days with

excitement! Of course laundry, cable and internet come standard. If you want to flex your culinary muscles, Ray Lawson Hall hosts a full kitchen on every floor. You can also kick back on the couch with your friends for movie night or catch a game on the flat screen TVs located in our common areas. For more information visit saultcollege.ca/residence

RESIDENCE AND MEAL PLAN COSTS

ROOM TYPE	ROOM	MEAL PLAN	TOTAL
DOUBLE	\$5,356	\$3,074	\$8,430
SINGLE	\$6,156	\$3,074	\$9,230
PREMIUM SINGLE	\$6,956	\$3,074	\$10,030

For bigger appetites, enhanced meal plans can be purchased for an additional \$624. Represents 2018-2019 academic year. Fees subject to change.

Real support and personal service. That's every day for us!

Did you know that we distribute some of the highest amounts of money per student among Ontario Colleges? We are pretty proud of it! Paying your fees is an important part of becoming a Sault College student and our Student Financial Assistance Office makes sure you have access to the best resources to help with those educational costs. Along with OSAP (Ontario Student Assistance Program), we assist with SBA (Scholarships, Bursaries, and Awards) and Student Exceptional Expense Bursary and Entrance Awards. Don't understand the pesky details of budgets? We can help with budget counselling and debt repayment sessions. Need a job while you study? We offer student jobs within the college through the On-Campus Student Employment Program.

EDUCATION COSTS

	HOME	ON CAMPUS	OFF CAMPUS
TUITION AND ANCILLARY FEES	\$4,500*	\$4,500*	\$4,500*
BOOKS & SUPPLIES	\$1,600	\$1,600	\$1,600
HOUSING	\$0	\$5,300 - 7,000	\$4,400 -7,000**
FOOD/MEAL PLAN	\$0	\$3,000 - 3,700***	\$2,500 - 4,000
INTERNET, CABLE, & LAUNDRY	\$600 (phone only)	Included	\$2,500 - 4,000 (includes phone)
LOCAL TRANSIT	\$0 - \$360****	\$0 - \$360****	\$0 - \$360****
MISC (ENTERTAINMENT, SHOPPING, ETC.)	\$2,600	\$2,600	\$2,600
TOTAL	\$9,960	\$18,560	\$20,860

Above represents 2018-2019 academic year. Fees subject to change. Represents approximate costs only

*Domestic student fees only. Some programs cost more. Refer to the website for specific tuition fees.

**Some off-campus housing options require a 12 month lease, which will increase the above mentioned costs.

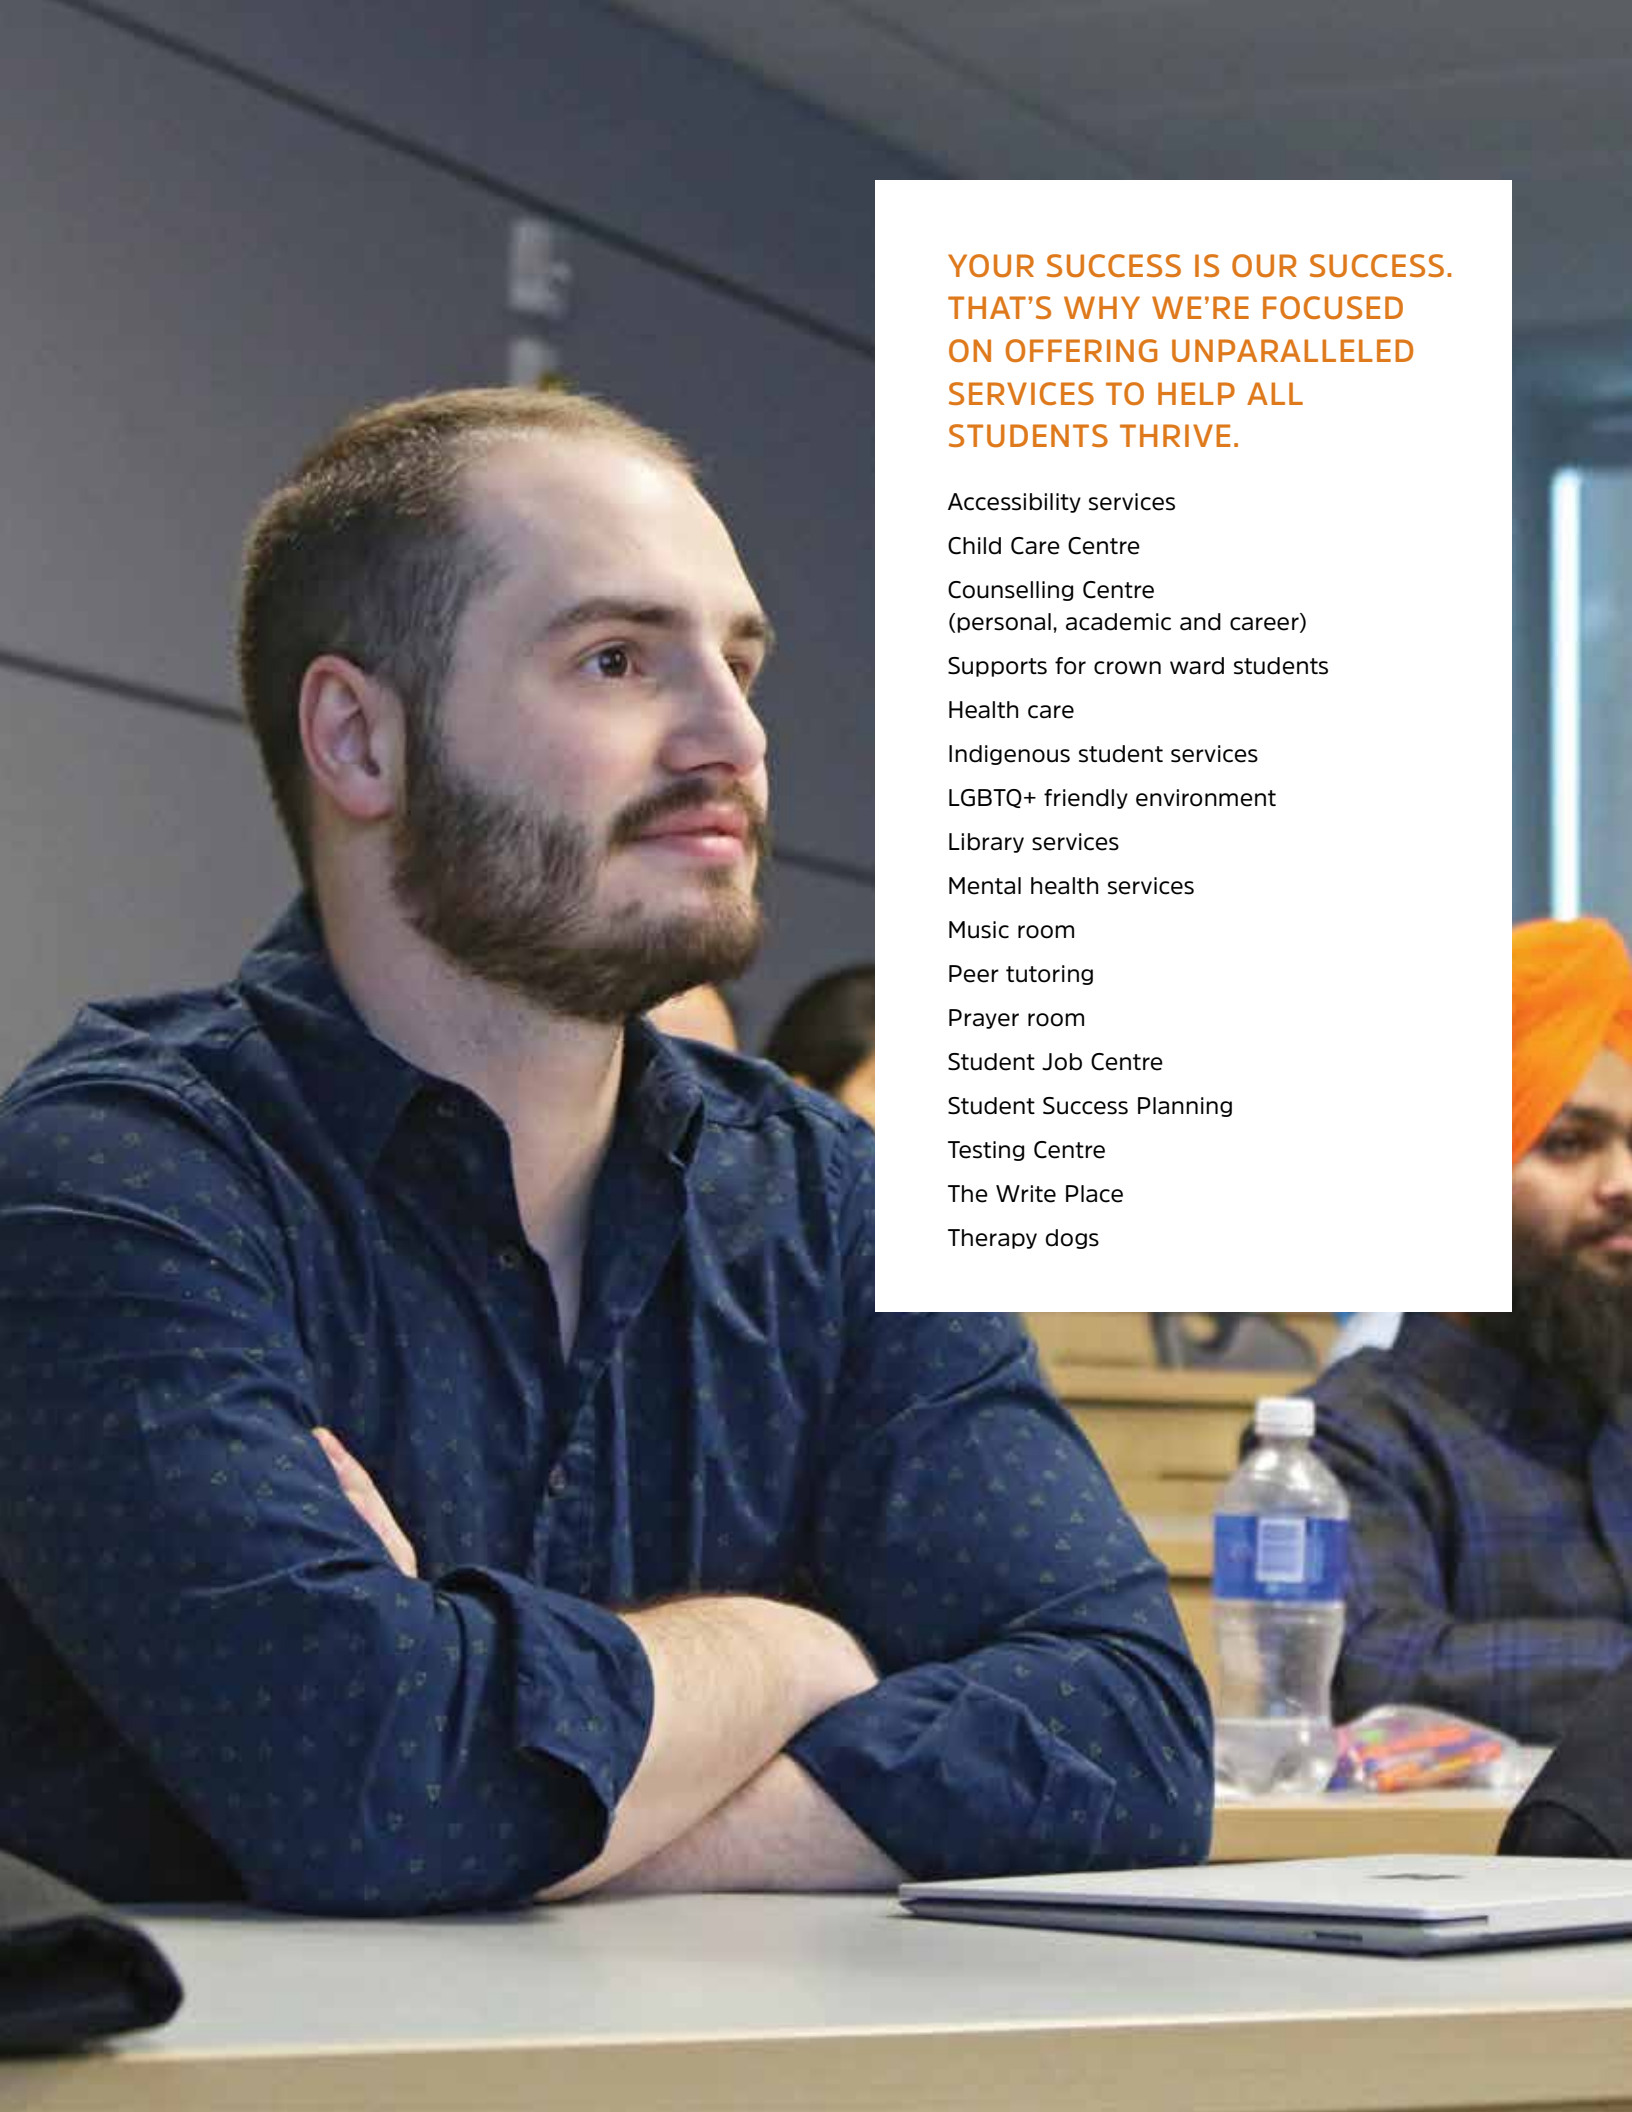

***Mandatory meal plan.

EXPERIENCE

LEARNING

YOU LEARN BY DOING. SO, WE DO LEARNING DIFFERENTLY.

Here, we're transforming the way you learn. It's amazing and focuses on something called experiential learning.

Experiential learning is education through doing and then reflecting on your experiences in order to grow a lasting knowledge base. It's really effective when it comes to soaking up new and important information. Trust us.

Experiential learning involves you more deeply in the learning process rather than asking you to simply absorb information through lectures and books. It sets you up for success by immersing you in real-world scenarios where problem-solving, decision making, collaboration and planning are all part of the learning process. It's like giving you valuable experience before you even start your career. And employers LOVE that. It's no wonder why our grads are among the most employable in the province.

Here, technology is instrumental in giving you the most impactful experiential learning environment. You have access to simulators, labs, and field camps all designed with your success in mind.

As a part of our amazing Aviation program, you'll soar with state-of-the-art flight simulators and gain hours of exciting in-flight training. And, as a Justice Studies student, you'll prepare for any scenario with the interactive MILO Range tactical and firearms training system. Not to mention the hands-on experience you'll gain through a one of a kind partnership with Crime Stoppers.

The innovative Motive Power Centre is built to mimic the workplace and is equipped with the latest tools and technology to put your automotive trades career in high-gear. Discover new automation breakthroughs in our robotics lab and implement them as real business solutions. Leave the classroom behind and learn about conservation, outdoor survival and forestry in the north's most ruggedly diverse landscapes. And this is just the beginning. There's so much more!

It's amazing. It's hands-on. And you will find it here.

REAL CULTURE

**EMBRACING TRADITIONS AND VALUES.
THIS IS WHERE WE GATHER.**

Sault College proudly offers a unique learning environment that celebrates the languages, cultures and traditions of Indigenous and Metis students. Our curriculum incorporates cultural worldviews in addition to offering Indigenous-specific programs through our department. We provide Indigenous student support services including counselling, tutoring, college application assistance and a positive, social environment through Enji Maawnjiding,

the “Where We Gather” Indigenous Centre. At Sault College, education and life intersect. Students have access to Elders, Indigenous professors and instructors and can become involved in our Indigenous Student Council. We offer scholarships, bursaries, and awards specific to Indigenous students as well as an Aboriginal Apprentice Centre. Community is important here, so be sure to check out our student events, weekly soup days, feasts, annual Pow-wow and Sacred Fire Arbour.

Main: Ted and Barb, Resident Elders

Recognizing the importance of traditional knowledge, Sault College is pleased to provide Elders-in Residence services. Located in Indigenous Studies, our Elders are available to students and staff for one-on-one mentoring, talking circles, traditional teachings, ceremonies, cultural curriculum support, presentations, events and drop-ins.

LOVE YOUR REAL YOU. WE DO!

CELEBRATING DIVERSITY

Sault College celebrates diversity, equity, inclusion and respect. Who would not! It makes every day here more exciting. We love what makes you – you. We love the richness and diversity of our student population and as our college community evolves, and our staff and student population changes, we will make sure we have a place that is welcoming.

We believe all people matter, are able and responsible, and should be treated that same way. We believe that we must put students first and that doing so in an honest way creates an invitational college which encourages diversity and inclusion, which in turn strengthens the fabric of our college and student life.

As such we demonstrate leadership in eliminating barriers, and implementing and promoting diversity through our academic policies, special initiatives and proactive measures.

Look for our Campus Watch initiative to help you feel safe within our school. Celebrate in our cultural events and festivals like International Day and seek answers you need from one of our International Department staff.

We are committed to taking on and getting rid of harassment and discrimination. So, we welcome you into our home – as we are excited to hear about yours.

CELEBRATING GENDER AND SEXUAL DIVERSITY

Sault College celebrates diversity of our students and knows its responsibility to work toward a safe and welcoming home for people of all gender identities and sexual orientation.

The lesbian, gay, bisexual, transgender, queer (LGBTQ+) community at Sault College is welcomed and we want your real you to be comfortable here. Our goal is knowing we can take care of all of our students through knowledge about LGBTQ+ issues and our available resources on campus to support our students in ways that they need.

Our goal is to ensure that all LGBTQ+ students, faculty, and staff feel supported and aware of LGBTQ+ issues and resources on campus.

Look for our Campus Watch initiative to help you feel safe within our school. Access to All Gender washrooms are also available throughout the campus. Celebrate in our Pride events throughout our school year and seek answers you need from our dedicated LGBTQ+ counsellor with additional access to the QSA Alliance, a local peer support group.

Feel welcome. Feel at home. Celebrate your real you.

Aviation

WERE YOU MEANT TO TOUCH THE CLOUDS? WITH STATE-OF-THE-ART FLIGHT SIMULATORS, YOUR CAREER WILL SOAR WITH ONE OF THE BEST AVIATION SCHOOLS IN CANADA.

You view the world differently than others. You're an explorer and seek an adventurous career without boundaries. At Sault College, you're not held back by gravity. Our Aviation Technology program prepares you to take flight and become a highly trained, professional, licensed pilot. And do you know what one of the best parts is? Your career can take you anywhere around the globe. That's pretty cool if you ask us!

You will be soaring the sky in our amazing Zlin aircrafts. These two seater aircrafts are meant for acrobatic flying and flight training. If the view is what you are excited about, then you will love the outstanding one from the cockpit – you will see a perfect survey of all activities around the aircraft. Sit back and enjoy the view.

Through on-campus instruction, flight simulation and in-flight training you'll be part of an award-winning program that will have you excelling in your field. And if you're interested in aviation but prefer having your feet on the ground, check out our renowned Aircraft Structural Repair program and join the leading edge of aircraft maintenance.

Sure, we're proud of our reputation as a top-flight school. But offering the best opportunities to students is what keeps our head in the clouds.

School of Business

DO YOU LOVE STARTING START-UPS? IN THE FAST-PACED WORLD OF BUSINESS, COMPETITIVE ADVANTAGE IS EVERYTHING. OUR UNIQUE, INTEGRATED COURSES WILL GIVE YOU THE EDGE AND ENSURE YOU LEAVE COMPETITORS BEHIND.

The business world is constantly changing, so you need to adapt too. That's where we come in. Well, us and five other Northern Ontario colleges. Our unique, Business Fundamentals, Business and Business – Accounting programs are delivered through a collaborative curriculum of six northern colleges at your fingertips. Business is about connections and you'll be making them in a big way!

The ground-breaking School of Business 2+2 Agreements with Laurentian University and Lake Superior State University create more opportunities for success allowing you to earn a diploma and a university degree in just four years. See next page for more information.

Hey, and if you want to accelerate your career in business, you can do that too! The Office Administration – Executive program allows you to fast track your studies and gives you all the tools needed to thrive in today's highly specialized offices.

How about a career in learning about manufacturing operations, purchasing, transportation and physical distribution. Try our Supply Chain Management program! Do you have a degree or diploma in a health care related field? Love taking the lead? Then a career in Health Office Administration might be for you. Are you organized? Love to manage projects in a timely and cost-effective manner? Then Project Management is looking for you.

And just one more question while you're here: are you good at connecting people and creating a buzz? If so, public relations could be your calling. The Public Relations and Event Management program is unique in Ontario and will have employers eager to hire you as a professional with two in-demand skill sets. Gain real event management and PR experience through organizing events and executing campaigns for clients. We know you'll make waves in this field!

Let's get started. You were meant for a career in business and you will find it here.

**CONTINUE YOUR
EDUCATION**

Whether you want to pursue a degree, another diploma or a graduate certificate, there are several pathways that will continue your education. Learn more about our Business Programs pathways by visiting saultcollege.ca/pathways

Our Business Fundamentals program (In-class or on-line) is offered through the Northern Colleges Collaboration Program (NCCP). Visit saultcollege.ca/nccp for more information.

YOUR POTENTIAL IS ENDLESS. YOU MAY NOT KNOW EXACTLY WHAT YOUR GREATEST SUCCESSES WILL BE IN FIVE, TEN, FIFTEEN YEARS DOWN THE ROAD. BUT WHAT YOU DO KNOW IS WHERE TO BEGIN. AND THAT'S WITH A DREAM. LET'S WORK TOGETHER ON THE REST. IT STARTS HERE.

With a unique business school comes unique possibilities. And we're all about creating possibilities. The ground-breaking School of Business 2+2 Agreements with Laurentian University and Lake Superior State University create more opportunities for success allowing you to earn a diploma and a university degree in just four years. Yes, you read that correctly. Four years.

You own your path. Once you graduate with a 2-year Business Diploma or Business – Accounting Diploma, discover the rewarding career you deserve. It's out there! Or, use your applied skills to earn a four-year Bachelor of Business Administration degree from Laurentian University. Specialize in accounting, finance, entrepreneurship, international management, and more. Plus, you can take courses in-class or online. It's all up to you.

Want more possibilities? Build on your 2-year Business Diploma and pursue a Business Administration Baccalaureate Degree from Lake Superior State University. Seek out your passion in business and focus your studies on accounting, economics, marketing, international business, or human resource management.

Oh, and if you're looking for flexibility in your education check out the unique and highly collaborative Business Fundamentals Certificate. This program is delivered by instructors across six Ontario colleges in a virtual classroom environment where you can attend in person or independently through web conferencing. It's really cool. You'll benefit from the expertise of professors from Cambrian, Canadore, Confederation, Northern, Boréal and Sault Colleges, with our Northern Colleges Collaboration Program delivery (NCCP). Visit saultcollege.ca/nccp for more information.

It almost seems like an unfair advantage. Business Fundamentals is the foundation for a host of Business diploma and advanced diploma programs.

Searching for more choice, more exposure to learning possibilities, and more control over your future success in business? You will find it here.

Community Integration Through Cooperative Education

**DO YOU LOVE MEETING NEW CHALLENGES? WE KNOW YOU DO!
BE INSPIRED TO MOVE FORWARD ON YOUR NEXT EXCITING JOURNEY.**

Meeting new challenges is all about having the courage to take that first step to pursue fresh and exciting adventures. We know you have it in you to succeed and are excited to be a part of your journey. As a community of learners we know that meeting and overcoming challenges comes more easily with support from others. It's how we all move forward. So, let's take that first step together.

Community Integration through Cooperative Education (CICE) is a fully integrated two year certificate program designed to offer students with learning challenges opportunities to enhance their academic, vocational and social skills. We offer 19 program areas of study that are paired with program specific field placements resulting in a wide range of opportunities for you. The CICE program is designed to help you meet your full learning potential, and with in-class support and tutoring you are on your way to a whole new level of confidence in your abilities!

As a CICE program graduate, you will work with Community Employment Support Specialists to find a job that is the best fit for you. A new challenge awaits you!

Community Services

DO YOU LOVE MAKING A DIFFERENCE? WE THINK YOU ARE AN AMAZING PERSON! COMMUNITY SERVICES PROGRAMS WERE MEANT FOR YOU AND YOU WERE MEANT TO CHANGE THE WORLD.

You're selfless and committed to improving the lives of others. We can't tell you how much that means to us. But we CAN show how much we support your passion by offering the best community services programs to ensure you meet your career goals.

Child and Youth Care is your gateway into supporting the lives of children, youth and families. Through this innovative program you will receive training in areas such as counseling, addiction, sexuality, mental health and special needs. Courses focus on the application of learning with field placements scheduled alongside classes. We're happy to welcome you to a cooperative learning environment designed to see you excel in your career helping others.

Believe that children are the future? We do too! Inspire tomorrow's generation by learning how to teach them today. The Early Childhood Education program at Sault College is highly regarded and provides exclusive research based training opportunities – you're a VIP and we offer only the best! With an ECE diploma you can register and use the title of Registered Early Childhood Educator (RECE). Learn hands-on in our brand new Early Learning Centre. The staff work together with the faculty of the program to provide onsite learning opportunities for our ECE students. These experiential learning opportunities have been critical in helping our students grow and thrive in their chosen field of study. This type of learning is important in the education of our students and positions them well to successfully transition into the workforce. Cool!

While we're talking, we know you'd be great as a social services worker too. Your drive to help the lives of groups and communities is obvious! The Social Services Worker programs will provide you with the theories and approaches to support social justice and well-being to individuals and families. You can also specialize and become a Social Services Worker in Indigenous communities. Learn how to practice with a culturally competent approach, demonstrating an increased knowledge of Indigenous issues.

If making a difference is your passion, you will find it here.

Culinary

DO YOU LOVE TO TASTE YOUR HOMEWORK? IF YOU SPEAK THE INTERNATIONAL LANGUAGE OF FOOD, THIS PROGRAM IS FOR YOU. TAKE YOUR CULINARY PASSION AND TRANSFORM IT INTO A CAREER THAT IS OH SO SATISFYING.

Cooking and creating dishes is your art. You have an appetite to make people happy through your work. And guess what? That makes us really happy. So we've designed our culinary programs to have you working alongside experienced chefs, learning the techniques to make you a culinary star in any kitchen. Discover innovative ways to prepare foods for 1 to 100+ people in our state-of-the-art industrial facility. And tap into your creative side through practicing hands-on presentation methods – you know what they say; you eat with your eyes first!

Success in your field is our goal. So we offer real world experience by having you create dishes for our fast and casual, Gourmet to Go. Call this our secret sauce, if you will.

The Culinary Management program takes your skills to the real world with work placements. Benefit from skilled and experienced Chefs in our local and highly regarded restaurants!

We look forward to seeing the heights you'll reach in your career. Whether it is working in a resort, restaurant, club, or launching your own catering business – you will find your flavour here.

Engineering Technology

DO YOU LIKE TO BUILD THINGS? OR THINGS THAT BUILD YOU? THERE IS AN IN-DEMAND CAREER OUT THERE LOOKING FOR YOU RIGHT NOW. AND WE CAN'T KEEP IT A SECRET.

You are the future of industry. The career you choose will help shape the lives of others for years to come. It's a big responsibility, but hey, you're up for the challenge. That's why you've chosen a profession in engineering technology.

There's a shift happening in the manufacturing, medical and aerospace industries right now. Simply put: robots are replacing jobs. Over 40% of the Canadian workforce is at risk of being affected by automation and over the next 10 years, big change will happen. The question is, will your career be positively affected by this change and will you be ready to meet the demands of a growing industry? Um... YES! Our Robotics and Advanced Automation program will have you thriving and ahead of the curve in a changing workforce. You will use a state-of-the-art laboratory to simulate a manufacturing environment and your learning experience will revolve around real world scenarios.

Our Electrical Engineering Technician – Process Automation program will provide you with the knowledge of electricity and electronics. When you are done, you will be able to install, test, modify, troubleshoot, and repair electrical systems. Not only that, you will be able to evaluate, analyze, design, and develop those same systems!

Other in-demand careers are calling your name too. Just stop and listen to the world around you. The road you hear those cars on; not possible without civil engineering. The computer you're streaming your music on; it would be silent without the electrical system designed through electrical engineering. And, the roar of your car engine; it would be a sputter without the parts and tools designed by mechanical engineering. Engineering makes the world tick, so we are happy to give you the tools through engineering technology programs to keep our busy lives up and running. Thank you for making the world better!

If you're not sure what path in engineering you want to take, no worries. We offer a Pre-Trades and Technology program that will let you explore different areas of technology and skilled trades. Find the best fit for you here!

General Arts & Science

ARE YOU STILL DISCOVERING WHAT YOU LOVE? IN A WORLD OF MANY POSSIBILITIES, WE CAN HELP YOU FIND THE PATH TO CAREER SUCCESS. YOU ARE EXCITED TO TRAVEL DOWN MANY DIFFERENT ROADS AND WE'D LIKE TO COME ALONG FOR THE RIDE.

You have so much to offer the world and you know it (it's okay to admit that). Because of it, your road to a fulfilling career could lead in any direction. If it's all right with you, we'd like to join you on your journey for a short time. We can't wait to see where it will take you. Let's start here.

The General Arts and Science program is designed for YOU. The program allows you to explore a wide range of interesting subjects while developing sought after skills in communication, critical thinking and interpersonal relations. Study social science, humanities, communications, and math and science to find the best way to love what you do. Plus, you'll work with faculty to choose electives and create an individualized timetable that works for your schedule! Once you get rolling in General Arts and Science, take your passion and continue in one of our other great diploma programs where, with the right requirements, you could be enrolled in your program of choice. We kind of love being there for you.

Want to be university bound? No problem. Just continue in the General Arts and Science – University Transfer Program. Gain a solid foundation for university study and discover the many pathways available to graduates wanting to continue in this direction. Our responsibility is to give you the best environment to explore your interests and help you prepare for the next steps in your education. And we take that responsibility very seriously.

Whatever career you choose to pursue, we know you'll be great. Find the real you here.

Health Programs

Do you love to care for others? Your passion to help is inspirational. Our job is your success in some of the fastest growing health care professions.

The world needs more people like you. You're compassionate and strive to positively affect lives. Sault College understands that an investment in you as a health program student is an investment to help the thousands you'll impact through your career. And hey, we kind of like that. That's why you will receive top-level instruction and hands-on training to ensure you can meet the challenges of your profession. Our diverse program areas are suited to your career goals and cover a wide range of fields in health care. As a nursing student you'll actively explore a variety of engaging, career-specific scenarios that will prepare you for real-world success. And through our unique collaboration with Laurentian University we offer a complete Collaborative Bachelor of Science in Nursing (BScN) program on-site with degree granting opportunities. Our nursing programs develop the highest skilled, in demand providers of health care in the province.

Love learning and then doing? Learning how to provide nursing care to patients' whose needs are complex is not an easy task but our students are able to prepare for real life scenarios in our well-equipped simulation labs. These exercises support the growth of the students' knowledge, skills, and abilities in the actual clinical areas. It's amazing. It's hands-on. And you will find it here.

Let's team up and find a career that is fulfilling and meaningful to you. Whether your passion is nursing, fitness and health, personal support work or occupational therapy, you will find it here.

IMAGINE LEARNING AND MAKING A DIFFERENCE. NOW IMAGINE THAT MILES AWAY. LEARN ABOUT OUR CROSS CULTURAL EXPERIENCE IN NICARAGUA.

Last year, nine of our nursing students had the opportunity to participate in a cross cultural learning experience that brought our love for experiential learning to the next level. They were able to explore the impact of culture and geography on health in Nicaragua. They partnered with communities to influence health and wellness,

collaborated with Nicaraguan leaders and joined forces with a social enterprise committed to fair trade learning. We partnered with organizations that work to empower youth and woman in the region. From visiting coffee farms and exploring their impact on health to working in school communities delivering health education – the trip empowered our students to pay it forward.

Not only did this experience allow our amazing students to help many people in Nicaragua, it also enabled us to

Students take a selfie with Nursing Professor, Barb Engel in La Dalia, a small rural community near Matagalpa (a region in Northern Nicaragua).

Photos (Right): Students participate in a “water walk” gathering water for a family for the day – weighing up to 22kg.

develop a scholarship for a local Nicaraguan student to attend a university to earn a Bachelor of Science in Nursing.

OUR STUDENTS HAVE PARTICIPATED IN AMAZING INITIATIVES IN TANZANIA, INDIA AND ECUADOR. CAN YOU TELL HOW PROUD WE ARE?

In May 2018, our nursing students travelled to Tanzania to join the MetoWe and Free the Children initiative to work on projects that were geared towards health, education, empowerment of women, and improved socioeconomic status of communities.

The students gained a deeper understanding of the challenges local families face. They participated in activities that strengthened their knowledge and understanding of colonialism and the history of Africa. These activities highlighted how the African continent was carved out, giving insights behind some of the challenges the continent faces today. From the construction of an additional school room to journeys to collect water, our students were able to return home with a sense of change and global responsibility. How amazing are our students?

Find how amazing you can be, find it here.

Indigenous Studies

DO YOU LOVE BELONGING TO A COMMUNITY OF INDIGENOUS LIFE, THOUGHT AND HISTORY? INDIGENOUS STUDIES IS AN ENVIRONMENT THAT FITS YOU – THE REAL YOU.

A learning atmosphere that creates and cares for physical, emotional, mental and spiritual health. Nurturing Indigenous Ways of Knowing – past, present and future – our strategies for student success provide a platform for excellence in Indigenous services to assist students on their journey to success.

As one of the few certified Indigenous language immersion certificates offered in North America, Sault College has long recognized the importance of language and culture within our communities. Providing maximum exposure to the Anishinaabe language as well as a connection to First Nation values and worldviews, this program provides learners with a starting point for Indigenous language acquisition and retention.

The Social Service Worker – Native Specialization program is for anyone who is interested in gaining the skills of a social service worker as you advocate for social justice in both Indigenous and mainstream organizations to help empower individuals, families and communities.

Embrace knowledge, relationships and the real you.

Information Technology Studies

DO YOU LOVE MAKING NETWORKS WORK? TECHNOLOGY IS AN ESSENTIAL PART OF OUR LIVES. JUST LOOK AROUND YOU. WHEN IT COMES TO YOU MEETING THE DEMANDS FOR SKILLED PROFESSIONALS IN THE WORKFORCE, WE'RE YOUR CONNECTION.

Employers are looking for you. Information technology is an integral part of industries and businesses across the globe. And we were hoping we could team up to meet your career goals in the IT sector. What do you say?

With the best student-to-computer ratio in the province, all the tools you'll need to succeed in the computer programmer or analyst programs will always be available at your fingertips – first come, first served doesn't apply here. And in the ever-changing world of computers, we want to make sure you don't become outdated technology. That's why we design our hardware and software environments to mirror up-to-date industry standard networks and platforms. We constantly evolve so you can design, develop and implement the newest computer applications in the field.

Oh, and if you're interested in a university degree in computer networking or computer science after completing your diploma, you can continue your studies by applying your earned credits to Algoma University, Lake Superior State University or the University of Fraser Valley.

As businesses transform their processing features, opportunities are expected for programmers and software developers in these institutions. You are in demand! With a good employment outlook for Computer programmers and interactive media developers in Ontario for 2019, your career is waiting for you here.*

Justice Studies

DO YOU LOVE TO SERVE YOUR COMMUNITY? IT TAKES A SPECIAL PERSON TO BE COMMITTED TO PUBLIC SERVICE. WE APPRECIATE YOU AND THAT'S WHY WE CONTINUE TO OFFER STUDENTS THE BEST TRAINING WITH OUR ADVANCED REAL-LIFE SIMULATOR.

People like you want to make a difference in the world. And that motivates us to provide the best programming to our justice studies students. We think of it as a win-win; you receive the best possible training and we get a top-level public servant in our communities. Great things happen when we work together.

Endorsed by the Ministry of the Solicitor General and Correctional Services, the Police Foundations program at Sault College prepares you with the skills and knowledge required for a position in policing. Police Foundations offers hands-on experience through our partnership with Crime Stoppers.

Did you know that simulation training can help students achieve 90% learning retention? That is why we have partnered with MILO Range tactical and firearms training system to deliver of an amazing virtual training experience within our new simulation training lab. MILO Range has set the international standard for interactive use of force, tactical judgment training, and firearms training systems. They are the world leading simulation provider for government, military, law enforcement, and police agencies worldwide. It really is world-class!

But it gets better. Our Police Foundations, and Protection, Security and Investigation programs provide you the option to graduate with two college diplomas AND a university degree through our neighbouring Lake Superior State University. This can add up to a significant cost savings for your education.

Get started in your career in Justice Studies at Sault College and you'll be making a difference sooner than you think.

Media & Design

DO YOU LOVE USING YOUR RIGHT BRAIN? YOU'RE A CREATOR AND MAKE YOUR OWN RULES. LET US HELP YOU DESIGN A CAREER AROUND YOUR ARTISTIC PASSION.

"Quiet on the set!" Have you ever pictured yourself saying that? You're an artist with a creative vision that can't be held back. And that inspires us. Let's work together to bring that vision to life.

Press play on a career in digital film production at Sault College. You will experience a unique program that takes you through the filmmaking process from start to finish. Learn about idea development, scripting, production and distribution. Gain valuable insight into producing for both film and television. Film production is a thriving business in Canada, Sault Ste. Marie, and even on our very own campus... how could we forget that? Did you know Sault College has been the home to many amazing films? Films like "Compulsion" with Heather Graham, "Foxfire" and "Edwin Boyd" starring Scott Speedman. If we are not hosting films, our students are getting involved! Our graduates have worked on such films as "A Masked Saint" with Roddy Piper, "Remember" starring Christopher Plummer, "The Amazing Race Canada", and many more! We're excited about your journey as a digital storyteller!

If design is more your scene, sketch out your professional goals in the Graphic Design – Digital Media program. You will explore the design process alongside professional designers. And with project based learning you'll gain hands-on experience while developing a relevant portfolio that will get you noticed by employers. Did we mention you receive an advanced diploma? That's right! The program is accelerated so you will complete our 3-year program in only 2 years. It will be sad to see you graduate so soon, but we're okay with that.

If game art is more your flavor, then you will find it here. We offer a balanced schedule that emphasizes art creations and production. You will focus on traditional arts, as a foundation for digital art skills. You will be creating game assets using industry standard software with your newly acquired skills and more importantly your imagination, before you know it.

If you're excited about graphic design, digital film production or video game art, the real you is now playing at Sault College.

Natural Environment & Outdoor Studies

DO YOU LOVE MOSQUITO BITES? WE KNOW YOU TAKE THE ENVIRONMENT AND CONSERVATION SERIOUSLY. SO DO WE! THAT'S WHY WE'VE DEVELOPED OUR AMAZING NATURAL ENVIRONMENT & OUTDOOR STUDIES PROGRAMS. NATURE IS KIND OF A BIG DEAL AROUND HERE.

We love that you love the environment! The outdoors and nature are a huge part of where we at Sault College call home. Sault Ste. Marie is at the heart of the Great Lakes, surrounded by lush forests and among the rugged terrain of the Canadian Shield. Sounds like the perfect setting to study the outdoors, doesn't it? We think so too.

Our nationally recognized Natural Environment & Outdoor Studies programs focus on conservation, environmental protection and exploring natural resources through field-based study and hands-on instruction. You will be a part of an immersive approach to learning where your classroom is a 45-hectare outdoor lab. And multi-day field trips will have you putting your knowledge to the test.

The environment is a shared passion at Sault College. If you're excited about a career in adventure recreation, fish and wildlife conservation, forestry and/or as a Natural Environment Technician and Technologist, you belong here.

Whether you want to pursue a degree, another diploma or a graduate certificate, there are several pathways that will continue your education. Learn more about our Natural Environment & Outdoor Studies Programs pathways by visiting saultcollege.ca/pathways

IN A CLASSROOM WITHOUT WALLS, THE PLACES YOU CAN GO ARE LIMITLESS. THE NATURAL ENVIRONMENT AND OUTDOOR STUDIES PROGRAMS ARE LIKE THAT.

Imagine a classroom that borders two of the largest freshwater lakes in the world. Its rugged landscape, home to a diverse ecosystem of wildlife and plants that have inspired legends for centuries. Imagine a classroom that doesn't have desks, computers, or phone chargers; but undisturbed old growth forests dripping with mystery and rushing rivers powering all that surrounds you. Imagine a classroom where you don't just talk about your passion for conservation and the environment, but you act on it. You will find it here.

WELCOME TO THE FULLY IMMERSIVE FIELD CAMP EXPERIENCE.

Field camps are an essential part of your environment and outdoor studies program. They're your gateway to the real-world experience needed to excel in your career in adventure recreation, wildlife conservation, and forestry and natural environment tech. Your learning adventure will take you into the heart of the Great Lakes where you'll have the opportunity to study local fish populations and invasive species; over the rugged Pre-Cambrian Shield where you'll analyze regional geology and environmental impacts; and across a unique forest ecosystem to explore nature's diversity and how it can be safeguarded.

AND THIS IS JUST PART OF WHAT MAKES THE PROGRAM WORLD-RENOUNDED.

Field camp experiences equip you with all the tools needed to take your education down the road less travelled. Think of it as all-terrain learning. You'll be exposed to canoeing, kayaking, rock climbing and survival techniques essential to your field. And you'll get the chance to test your hands-on field knowledge over multi-day camping trips in challenging climates.

It's true; sometimes getting lost is the best way to find yourself. Where's the real YOU?

YOUR CLASS

Salon & Spa Services

DO YOU LOVE HELPING PEOPLE REACH THEIR FULL POTENTIAL? PREPARE YOURSELF FOR A ROAD OF ENDLESS POSSIBILITIES AND EMBARK ON A CAREER WITH STYLE.

You have the desire to help people be their best self. We think that's awesome! You understand that being able to put your best foot forward is important and that for some, part of self-assurance is feeling good. So you look to inspire confidence in others through your career. We get you! And we have the programs to help you succeed.

Our Esthetician program will give you the skills to master a full range of treatments in salons and spas. You will learn from seasoned professionals in a fully equipped esthetic lab and gain valuable hands-on experience in a student-run community spa. Graduate with possibilities in health and wellness centres, resorts and on cruise ships, cosmetic sales, makeup consulting and more. We feel relaxed just thinking about it.

If your interest is styling, our popular Hairstyling program is the spot. Keep pace with changing industry trends and learn the ins and outs of meeting client needs. Gain first hand experience in our on-site salon using the tools to specialize in cutting, styling and chemical services. Career opportunities in hairstyling are endless. You can work in a salon or own one; travel the world as a stylist or have a career from home; or, you can continue your learning by specializing or finding a profession as a teacher.

We want you to transform your passion for style into a career. You will find it here.

Skilled Trades & Transportation

DO YOU LOVE THE ROAR OF AN ENGINE? WHETHER YOU WANT TO WORK ON HEAVY EQUIPMENT OR WITH IT, YOUR SUCCESS IS WHAT DRIVES US.

You like to make things move. Fast. We feel the adrenaline just thinking about it! Cars are more than hobby to you; they're a way of life. With a state-of-the-art motive power centre, you'll have the tools and training necessary to take your passion to the next level. Let's go!

Through our Motive Power programs you will gain valuable hands-on experience building, diagnosing and repairing a wide variety of cars, trucks and heavy equipment. The unique layout of our classrooms mimic the actual workplace to give you real world practice and make it easy to transfer your skills to the shop. Pretty cool, eh? You'll also learn all of the ins and outs of the service business along the way.

If building is more in your lane, you'll be excited about our skilled trades programs. Our communities are built by passionate tradespeople like you and we're honoured to be working together to put the finishing touches on your career.

Gain essential carpentry skills and learn industry standard building techniques in the Construction Carpentry Techniques program. In only eight short months you'll know how to draft estimates, survey, create layouts and read blueprints. And if you're interested in learning a skill used in almost every trade, the Welding Techniques program will have you thriving in a profession that's in high demand. Master welding various types of metal while learning how to develop blueprints for different projects.

There are so many great career options in skilled trades. We know! Don't worry if you're unsure about what area you'd like best. The Pre-Trades and Technology program will give you the chance to sample different skills and backgrounds while offering you a solid foundation in trades and technology.

If you're interested in getting the job done, you will find it here.

MOTIVE POWER

WHAT POWERS YOU? IS IT THE SENSATION OF GOING FAST? THE NEED TO CREATE? IF THIS IS YOU, THE STATE-OF-THE-ART MOTIVE POWER CENTRE IS WAITING FOR YOU TO GET YOUR HANDS DIRTY.

Build on your passion for cars using the latest diagnostic equipment, multiple engine and emission trainers, advanced wheel alignment equipment, and more. Discover how to apply high tech concepts and new automotive innovations. Bring twisted metal to life with cutting-edge tools and the strength of your bare hands. Now that's power!

At the Motive Power Centre, technology comes standard. Work with software simulators to gain real-world experience and train on industry programs you'll find in your field. Learn in 8000 square feet of modern classroom space and participate in live demonstrations using advanced video technology.

Your Motive Power Centre environment is designed to give you the most immersive automotive trade experience. Period. You'll work together with instructors using screen sharing technology to create a collaborative environment that begs for learning and screams innovation. And with a classroom that mimics industry workspaces, transitioning into your career will run as smoothly as an inline six engine.

You are a doer that thrives on getting results. We love that. The Motive Power Centre bridges the gap between learning and doing to accelerate your training and put you in the fast lane to success.

If power is what drives you, you will find it here.

DIPLOMA TO DEGREE

**TWO DIPLOMAS, ONE DEGREE IN ONLY FOUR YEARS.
SEE HOW ONE OF OUR STUDENTS FOUND A PATH TO SUCCESS.**

Knowing the right path is how Kristy-Lynn found success. She achieved two diplomas in 3 years here at Sault College from our Police Foundations and Protection, Security and Investigation programs.

From there, with our amazing pathway opportunities she was able to earn her Bachelor of Science in Criminal Justice at Lake Superior State University in only one year.

She still managed to grace the ice in our women's hockey team while at Sault College.

Visit saultcollege.ca/pathways to own your path.

APPRENTICESHIPS

Do you love looking up to someone? Or love learning alongside experienced professionals in your chosen field of study? Getting paid for the work you do is also a bonus! You'll couple your hands-on education with classroom training or online learning with us while registered as an apprentice with the Ministry of Training, Colleges and Universities.

We have an amazing variety of different apprenticeship programs below, for whatever you love!

Automotive Service Technician

Brick and Stone Mason

Commercial Vehicle Common
Core - Level I

Construction and Maintenance
Electrician

Cook

Hairstylist

Heavy Duty Equipment Technician

Industrial Electrician

Industrial Mechanic Millwright
(in partnership with Durham College)

Ironworker

Parts Technician

Plumber

Steamfitting

Truck and Coach Technician

Utility Arborist

Dual Credit Options

TWO FOR THE PRICE OF ONE! IT DOESN'T GET ANY BETTER THAN THAT.

You can start your career by taking college classes while still in high school. Not only do they give you a sneak peek into the college atmosphere and life, they also give you a glimpse into a career that you'll love. Plus, they count as both a high school and a college credit.

HOW TO APPLY

If you are a student in grade 11 or 12 talk to Student Services at your high school to determine your eligibility.

For more information visit saultcollege.ca/dualcredit

Dual credit programs are funded by the Government of Ontario through the School College Work Initiative.

Academic and Career Entrance (ACE) Certificate

Missing a course prerequisite for admission to your college program of choice? If so, our Academic Upgrading program can help you prepare for college-level and apprenticeship programs at any time during the year.

With year-round intake, flexible course delivery and self-paced learning options, upgrading meets the needs of a diverse student population. Qualified Academic Upgrading students have the opportunity to take a college course free-of-charge. Assistance with transportation also available.

For more information visit saultcollege.ca/upgrading

Co-operative Education

Co-operative Education (Co-op) provides opportunities for you to learn beyond your classroom as you integrate relevant work experiences into your academic studies. Co-op also lets you further develop life and employment skills while earning money.

You can also get a better idea of the career options available to you and build your network of contacts for future employment. Many employers prefer hiring co-op grads because of the applied learning they receive. We will prepare you for your summer work term and employment upon graduation.

Program and Admission Requirements

You will need an Ontario Secondary School Diploma (OSSD) or equivalent to take a College program. We offer Academic Upgrading free-of-charge if you did not graduate from high school or do not have the requirements for the program you want to take. Mature students over 19 who do not have a high school diploma are also welcome to apply.

OCD Ontario College Diploma **OCAD** Ontario College Advanced Diploma **CRED** Credential Awarded
OCC Ontario College Certificate **OCGC** Ontario College Graduate Certificate **SEM** Semesters

*Recommended course. **Fees based on three semesters. All other fees based on two semesters in the 2018-2019 academic year and are approximate and subject to change. Visit saultcollege.ca/fees for more information. ***Tuition and ancillary fees for domestic students only. Contact international@saultcollege.ca for international student fees.

HOW TO

APPLY

WE ARE HERE TO HELP YOU IN ANY WAY WE CAN. CALL US, TWEET US, COME BY AND SPEAK DIRECTLY WITH OUR OUTSTANDING AND APPROACHABLE PROFESSORS. YOU'LL SOON FIND OUT WHY SO MANY STUDENTS CHOOSE SAULT.

- 1 Go to ontariocolleges.ca by February 1st for equal consideration. Follow the prompts to complete the process. Call us at 705.759.2554 ext 2222 for help as you are applying. We are standing by to help in any way we can. There is a non-refundable \$95 fee to apply.
- 2 Watch for communication from Sault College. Once your application is processed, you'll receive an official letter in the mail to let you know if you are accepted into your program of choice or if there is anything missing.
- 3 The most important step is going back online to ontariocolleges.ca to confirm your offer once we've accepted you into your program. Offers of admission are sent out after February 1st. We need to know you're coming so we can get things ready for you.
- 4 Lastly, you'll need to pay your fees to secure your spot. We'll let you know what else you need along the way. Congratulations! You've just made a great choice in choosing Sault. We'll see you soon!
