"I'm so very proud to be a part of RIT Dubai. I've recently graduated with a major in business and a minor in finance, but it feels like I'm graduating with something so much more than that.

Via the RIT Dubai co-op, I had a rare opportunity of being accepted for an internship with the United Nations Human Settlements Programme in New York. I want to thank my academic advisors and professors as I have spent four wonderful years with the RIT Dubai family."
