

## PROGRAM OVERVIEW

Good managers are highly sought after across the world. Business men and women who can make sound decisions, motivate employees and communicate clearly are at the heart of every successful organization, and a Bachelor of Science in Management from RIT Dubai will help you to become an effective future leader.

The Management program at RIT Dubai will help you to make the right business decisions that will help organizations at every level - from hiring, to taking a company public. You'll learn how to lead a team, be an ethical decision maker and a creative innovator.

The program has also been uniquely designed to provide the depth and flexibility to help you to understand a vast array of business operations through the core courses offered to all business students at RIT Dubai.

You'll also have the opportunity to study abroad at one of RIT's global campuses.

## POSSIBLE CAREER OPTIONS

Students in our management program graduate with the skills to take on high level management positions. Students begin careers in consulting, hospitality administration, marketing, or begin their own ventures. Graduating students are well rounded, possessing knowledge in areas such as motivation, negotiation, and leadership making them well suited for any industry.

Many of our students also move on to master's studies either at RIT Dubai or other international universities in the U.S., U.K. and globally.

## ACCREDITATION

The Bachelor of Science in Management program is accredited by the UAE Ministry of Education - Higher Education Affairs and is licensed by the KHDA. The program is also accredited by the Association to Advance Collegiate Schools of Business (AACSB) meaning you'll graduate with a top international business degree.

"The management program at RIT Dubai isn't just about reading books and taking tests, it's also about real life application which reflects an increasingly interconnected and globalized world.

After completing my Co-op program, I'm confident that I'll be ready to not only work in a multinational company, but capable of starting my own business venture as well."

**Tarun Yenna**
