UNIVERSITY OF BIRMINGHAM

POSTGRADUATE PROSPECTUS

2020 ADMISSIONS

HELPING YOU MAKE AN INFORMED CHOICE

We want you to be able to choose the right postgraduate course to meet your needs. To help you do this, we provide a suite of resources and information online and on campus to help you make an informed choice.

EXPLORE YOUR OPTIONS

Throughout this prospectus you will see profiles of some of our current students and alumni. You can learn more about their experiences via our dedicated postgraduate website.

www.birmingham.ac.uk/pgadvice

ONLINE EVENTS

Chat with our staff and students online. Join live Q&A sessions, watch videos and take a virtual tour to get a taste of our beautiful campus.

www.birmingham.ac.uk/pgchat

PG TIPS BLOG

Our current students regularly share their experiences of postgraduate study in our dedicated PG Tips blog.

www.birmingham.ac.uk/pgtips

ASK US A QUESTION

Ask our student team, covering various subjects, levels and modes of study, a question about postgraduate study and they will answer your question personally.

14TH IN *THE TIMES AND THE SUNDAY TIMES GOOD UNIVERSITY GUIDE 2019* RANKINGS

Postgraduate students have always been at the heart of our university life. Whether joining us for a taught programme or embarking on research, you will become an integral part of our community, bringing global experience and new perspectives – all of which contribute to the academic and social richness of our global university.

The best universities depend on two great pillars: the quality of their education and the quality of their research. At the University of Birmingham, our emphasis on the importance of both of these pillars is demonstrated by our strong placement in global rankings. We encourage bold, independent thinking, and provide exceptional academic programmes that will stretch and challenge, as well as offering flexibility and choice for the modern postgraduate student.

Our ambition means that we strive to do more: appointing and developing outstanding academic colleagues across the breadth of our disciplines, investing in substantial new research programmes and scholarships, and building major national and international research collaborations.

Our postgraduates are an essential part of the success of our education and research communities. Our University Graduate School will give you access to dedicated student services, supporting you to develop personally and professionally. We are committed to investing in the future of the University: we are transforming our campus with exceptional new academic facilities,

> **The best universities depend on two great pillars: the quality of their education and the quality of their research. GOLD OUR GOLD RATING IN THE TEACHING EXCELLENCE FRAMEWORK (TEF) MEANS WE ARE RECOGNISED FOR DELIVERING CONSISTENTLY OUTSTANDING TEACHING AND LEARNING OUTCOMES FOR OUR STUDENTS

and we are continuing to enhance our student services to support wellbeing and success for our postgraduates.

The University of Birmingham has a history of firsts and we are now the first global top 100 and Russell Group university to establish a campus in Dubai, building on our extensive international research and teaching collaborations, and demonstrating our ambition as an outward-looking, world-class institution. We strive for even greater success to enhance the impact that our graduates and our research will make around the world. We look forward to welcoming you to our community, and to playing our part in your future success.

PROFESSOR SIR DAVID EASTWOOD
VICE-CHANCELLOR,
UNIVERSITY OF BIRMINGHAM

YOUR POSTGRADUATE **GUARANTEE**

By choosing Birmingham you are joining a large, diverse and vibrant postgraduate community. Whatever the nature of your programme, we aim to provide a stimulating and engaging study experience of the highest quality.

You can expect to engage with challenging debates, theories and concepts. We have the strength and variety of programmes to suit your individual needs and interests, backed by the academic expertise and influence, support and facilities of a research-intensive global university.

Your experience will be unique, but we will ensure you benefit from both academic and personal development that will help you to achieve success and ensure your degree is an asset in your future prospects.

Our postgraduate guarantee underscores the commitment, dedicated resources and support we deliver for all Birmingham postgraduates.

This is our commitment to you:

CAREERS SUPPORT

Our expert careers support and training will equip you for the next step in your journey.

Your ambition is our ambition. Whether you are already employed, changing career or are yet to enter the job market, when you join us you will benefit from our sector-leading employability support. Our Postgraduate Careers Network will provide you with expert preparation for employment or help you to advance in your career. If you are aiming for an academic career, our supervisory teams will provide you with the advice and information that you need for your success. Our teams will offer you employment advice, help you to foster valuable networks and identify relevant opportunities. We will ensure that you are ready to take your next step and are equipped to demonstrate your achievements.

A Birmingham postgraduate degree will help you to grow and boost your professional prospects. As the third most targeted UK university by top employers, we can teach you the skills required to make you a highly desirable graduate for employers locally, nationally and internationally.

'Birmingham helped to shape my thinking and supported my growth; from developing my leadership style to being introduced to world-class tutors and lectures.'

Gary Wroe, *MBA alumnus and Managing Director of Merrell Casting and Hockley Mint, in the Jewellery Quarter*

'I found that I put in more effort and used my time more efficiently than in my undergraduate degree because I was so motivated by the modules on my course. The teaching is personal, attentive and incredibly advanced.'

Lydia Spooner, MA Literature and Culture alumna

ACADEMIC ACHIEVEMENT

You will receive expert teaching, supervision and resources, to help you to succeed in your degree.

We expect a lot from our postgraduates, but you can expect a lot from us in return. We will work with you to identify your personal training and support needs as you engage in a challenging yet rewarding postgraduate degree.

We use technology to enhance your learning and research. Take advantage of our library, collections and archives and choose your mode of study; from traditional methods to using e-resources to interact with collections digitally. Among purpose-built, modern surroundings, including labs that support both research and teaching, you will work alongside an expert team who can help you to exploit our state-of-the-art tools. Our personal tutor system for Masters students and supervisory teams assisting researchers will support you to set goals and monitor your progress.

You will be taught and supervised by our outstanding academics, whose research shapes and informs your learning. Our schools and departments, and the University Graduate School, will provide the best possible research and education environment, including dedicated study spaces in which you can work, and events and training programmes to support your development.

'My department provided excellent support and offered weekly office hours to drop in and ask questions about course content or get extra help with assignments.

'As a postgraduate, I have found that the lecturers are keen to spend more time with you one-to-one discussing your ideas and research. This support made the transition from undergraduate to postgraduate more manageable and less daunting.'

Rebecca Read, MSc International Development alumna

RESEARCH CULTURE

You will benefit from our world-leading research culture and you will be welcomed into our vibrant and stimulating research community.

Your degree will teach you the skills of research, enable you to engage with the insights of leading researchers in your field, and expose you to the challenges and excitement of original thinking and the pursuit of knowledge. You will have opportunities to participate in the activities of the University's research centres and work alongside our research-active academics.

You will benefit from working in an environment in which excellence and innovation are made possible by brilliant people, outstanding facilities and strong collaborative networks. Within this nurturing academic community, you will be able to contribute to shaping and changing lives.

'Many of our disciplines have world-leading research cultures. We support research excellence with major academic investments and have established signature collaborations at home and overseas.'

Professor Tim Softley, *Pro-Vice-Chancellor (Research and Knowledge Transfer) and Fellow of the Royal Society*

'The challenging yet inspiring part for me? Don't expect that your tutors will give answers to all of your questions. You are encouraged to uncover answers in your field as part of the research community. Of course, you will receive all the necessary support to learn how.'

Aya Hayasaki, *MA Education (TEFL) alumna*

SOCIAL, HEALTH AND WELLBEING

Your health, wellbeing and personal development will be as important to us as your academic achievement.

You will benefit from a huge range of opportunities to enrich your postgraduate experience, including the support you need to manage your wellbeing while studying with us.

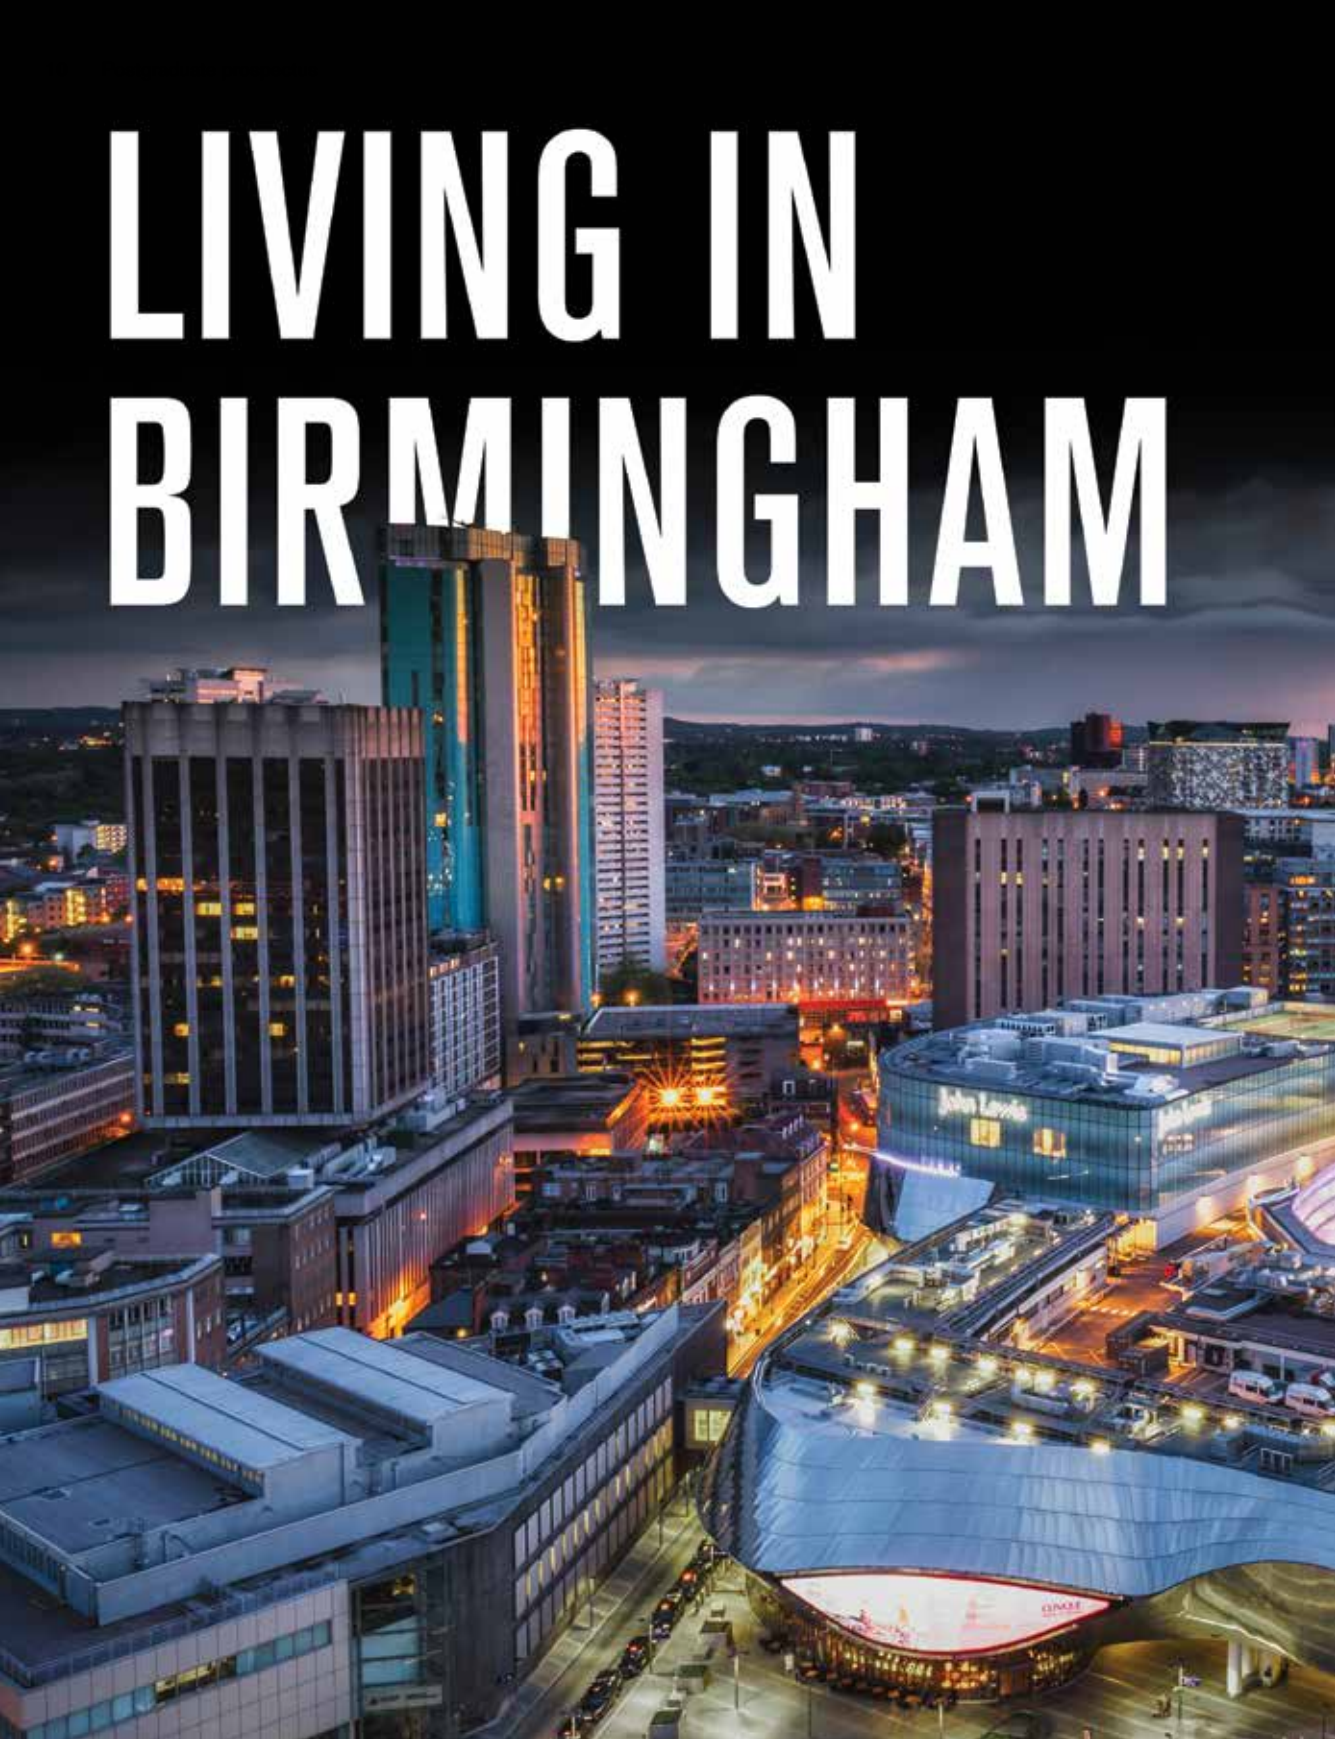
As a civic university, we are committed to the principles of equality and diversity. We work to make sure that all our students feel safe and valued and that we contribute to the region through education and research. Postgraduate students make up more than 40% of our student community, so you are integral to our work as a university, whether you are learning on our Edgbaston campus, online or at our Dubai campus.

Within an inclusive and supportive postgraduate community, you will meet and share experiences with students and researchers from more than 150 countries. Whatever format you are studying, this mix of people, nationalities and cultures will greatly enrich your perspective and your learning.

Your wellbeing is at the heart of your success. We will support your personal development by providing access to a range of excellent physical health, mental health and wellbeing services. If you are based on, or near to, the Birmingham campus, you can take advantage of a wide range of opportunities beyond the curriculum, including sports, community volunteering, arts and culture. From joining the gym or a sports league to meeting like-minded people in a society or special interest club, you will have plenty of opportunities to socialise, network and enjoy your time at Birmingham.

'Being on a postgraduate course with a variety of people from different backgrounds and experiences meant we were able to bounce ideas off each other for projects and learn from our peers; almost everyone had a different cultural or industrial insight!' ***April Cheung,*** *MSc Strategic Marketing and Consulting alumna*

LIVING IN BIRMINGHAM



Birmingham is an inspiring place to live; it is the UK's second city, boasting a diverse culture and unique history.

THE CITY

Birmingham is a vibrant and thriving city with a diverse community. We are Europe's youngest city, with 40% of our population under 25. We are also the top regional city for quality of life in the UK. In fact, our students love Birmingham so much that 48% decide to stay in the region after they graduate. Birmingham is more than somewhere to study; it's somewhere to build a successful future.

ACCOMMODATION

There are many accommodation options available to you while you are studying in Birmingham. You can choose from University or private accommodation, with each having numerous options to suit all budgets.

Explore our city:
www.birmingham.ac.uk/city

LOCATION

Studying here, you will enjoy the best of both worlds: a beautiful, historic, green campus that is just a few minutes away from the heart of an exciting, modern city. With our own railway station on campus, you can be in the city centre in less than eight minutes. There is something for everyone in Birmingham, and you are sure to receive a warm welcome in one of the most culturally diverse cities in Britain.

SHOPPING

The city centre offers a first-class retail experience; from famous brands to independent stores, Birmingham has something for everyone. You will find a wealth of choices, from large shopping centres like Bullring, Selfridges, Mailbox and Grand Central, to diverse vintage clothing stores and artisan workshops in the world-famous Jewellery Quarter.

CULTURE

Birmingham has an exciting culture and history. From our world-leading museums and art galleries to the historic industrial district of Digbeth, there is so much to explore at the heart of our city. Birmingham is also proud to host many annual urban festivals such as MADE, Pride and the Mostly Jazz, Funk & Soul Festival.

FOOD

Birmingham is filled with foodies, which means new restaurants and food festivals are always popping up across the city. The multi-award-winning Digbeth Dining Club hosts independent food stalls, while our very own monthly farmers' market on campus offers locally sourced and environmentally friendly produce.

Our independents regularly host events across the city, including day and night markets, pop-ups and collaborations; all helping you to discover new favourites.

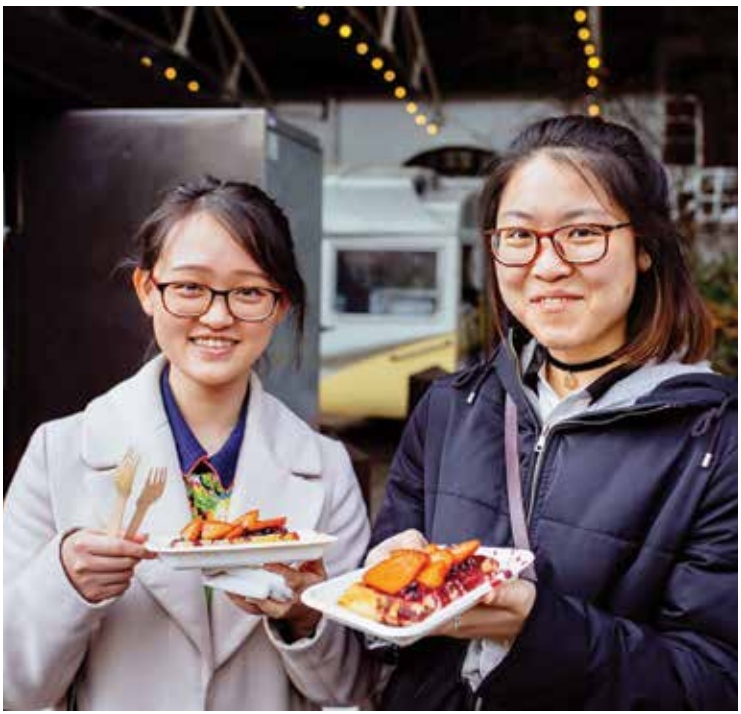


Photo: Jack Spicer Adams/Independent Birmingham

UNIVERSITY **ACCOMMODATION**

Our dedicated postgraduate accommodation is located across our three student villages: The Vale Village, Selly Oak Village and Pritchatts Park Village; all of which are within walking distance of the Edgbaston campus.

SELLY OAK VILLAGE

A five-minute walk from campus, with the vibrant Selly Oak high street on your doorstep. Our postgraduates are located together in Jarratt Hall, which offers en-suite rooms with shared kitchens. Prices are approximately £147–£151 per week. This is the perfect environment to make new friends while allowing you time to concentrate on your studies.

To secure your place in University-owned halls you will need to make an advance rent payment of £550 at the time of booking your accommodation. This is deducted from your residence fees.

THE VALE VILLAGE

Just a 15-minute walk from campus, The Vale is set in a beautiful lakeside parkland. Studios and studio apartments are available, with prices ranging from £212–£248 per week. A bar, restaurant, café, convenience store and laundrette contribute to a community atmosphere so you feel right at home.

Although this information was correct at the date of publication (August 2019), details and other conditions are subject to revision, on occasion. Services may be added, changed or withdrawn. Please visit **www.birmingham.ac.uk/accommodation** for the most up-to-date accommodation information.

PRITCHATTS PARK VILLAGE

Close to campus, Harborne and University station, Pritchatts Park provides self-catering accommodation for postgraduates in a lovely landscaped setting. The Village's design creates a sense of community, with shared facilities such as meeting rooms, an airy lounge, a quiet study zone and a games room offering the perfect environment to get to know your fellow postgraduates. Prices range from £109–£261 per week.

COMMUNITY

For more information on postgraduate accommodation please visit **www.birmingham.ac.uk/pgaccommodation**

If you are studying at the Shakespeare Institute, there are many sources of accommodation in Stratford-upon-Avon and we will give you as much assistance as we can to help you find somewhere to live nearby.

www.birmingham.ac.uk/stratfordliving

TRAVELLING TO AND FROM CAMPUS

There are several ways to travel to our campus. From bike lanes to canal paths, we are well connected to many areas of our city.

Birmingham Cycle Revolution is making cycling easier. A 4km, fully segregated, cycleway links Selly Oak and the University with the city centre. Completed in January 2019, the cycleway provides a safe, healthy and green method of travelling around the city. Our campus also hosts Urban Cycles, a bike servicing and repair pop-up, to help you get moving.

Our campus is also well served by bus routes, with the 61, 63, X21 and X22 services running frequently from the city centre. From Moseley, the 1A stops right outside the University and from Harborne, the 48 and 244 provide services which drop you close to the University.

As we have our own railway station, University, you can get regular trains travelling from Birmingham New Street to campus in under eight minutes, making trips to and from the city centre quick and easy.

PRIVATE **ACCOMMODATION**

Many of our students choose to find housing in the private sector. A variety of housing options, including single flats, shared houses and properties for families, can be found in the local area. Our students also choose to live in other areas of the city, including the city centre, in shared or single-occupancy properties, ranging in price to suit your budget.

BIRMINGHAM STUDENTPAD

Birmingham Studentpad is our official property search engine. Only Midland Landlord Accreditation Scheme (MLAS) landlords can advertise their properties through our website. This means that all landlords have signed a Code of Conduct agreement to be a fit and proper landlord, and will adhere to all legislation. Use our property finder to search for short- or long-term accommodation: **www.birminghamstudentpad.co.uk**

CITY-CENTRE LIVING

SELLY OAK

Close to campus

Selly Oak is the closest residential area, just a five-minute walk from the University campus. The weekly cost of rent ranges from £58–£130, averaging at £94, usually excluding utilities.

Host

Host offers two choices for our students: Host Student Apartments and The Metalworks. Offering en-suite rooms and premium studios, Host Student Apartments are located just a few minutes' walk from campus, with prices starting from £220 per week. The Metalworks sits right on the edge of campus and offers a variety of rooms, with prices starting from £184 per week.

CRM students

With a choice of rooms, including en-suites and access to on-site gyms, CRM students provide quality accommodation in central locations, with prices starting from £133 per week.

Unite Students

Across the road from campus on the Bristol Road, studios are available at the Battery Park and Athena Studios sites, with prices starting from £230 per week.

City Living

Some of our postgraduates prefer to live in the heart of the city. The commute is an easy train journey from New Street to University station, making city living an appealing choice. We work with private accommodation providers to offer a fantastic range of options to suit your individual needs.

If you're looking to immerse yourself in suburban Birmingham life, the villages of Moseley and Harborne are popular with our students. With many bars, cafés and restaurants, these cosmopolitan areas are perfect for young professionals and students, with many privately rented properties available. For a slightly cheaper – but by no means less desirable – option, Kings Heath neighbours Moseley and is a lively, popular area to live.

Find more advice on private accommodation in Birmingham: **www.birmingham.ac.uk/rentingprivately**

FESTIVALS IN MOSELEY PARK

Photo: Jolyon Holroyd

OUR CAMPUS

Our main Edgbaston campus is packed with green, open spaces and a combination of redbrick buildings and stunning new architecture that houses facilities, shops, cafes and study spaces.

Away from our main campus...

Our Selly Oak campus, two miles from Edgbaston, is a green 80-acre site with a village atmosphere. We also have a satellite campus in the historic town of Stratford-upon-Avon (the Shakespeare Institute).

The School of Dentistry is located at the Birmingham Dental Hospital at Pebble Mill, which is less than a mile from the main campus. It is the first stand-alone, integrated dental hospital and dental school to be built in the UK for almost 40 years.

With magnificent architecture and a green, leafy site, our campus provides an inspirational environment for your studies.

Photo: Haoxuan Ding

LIFE ON **CAMPUS**

Our campus is currently undergoing a huge transformation, redeveloping the campus and facilities to support your success. From outstanding new accommodation to a purpose-built library, students at Birmingham benefit daily from our new developments.

Our newly developed Green Heart offers lush new parkland in the centre of campus. Measuring over 12 acres, it provides a unique space for performances, socialising, meeting and studying.

GREEN HEART

Our main library houses state-of-the-art facilities for students, staff and researchers. It is a modern space providing informal seating, group study spaces and individual desks alongside a wealth of new technology, including wireless mobile charging, media rooms and video editing booths. Whether you are working in groups or independently studying, our library has the perfect facilities for learning.

MAIN LIBRARY

Alongside our main library, you can find further facilities throughout our Colleges. Supporting the Arts, Shakespeare Studies and the Dental and Medical Schools, our libraries offer additional study spaces and resources to further your development.

Explore our campus online:
www.birmingham.ac.uk/campus

GUILD OF STUDENTS

The Guild of Students plays an important role in our students' lives. With over 300 student groups, societies and associations, the Guild helps our students to develop skills, have fun and get the most from their time at Birmingham. The building is a hub of activity, with shops, a bar, food and drink outlets and support services hosted here.

THE STUDENT HUB

At the heart of our campus, the Aston Webb Student Hub is home to the Careers Network, Registry and Student Services. Dedicated teams provide our students with information and support, from consulting with students on thesis submissions, visas and ID cards to counselling, wellbeing coaching and specialist learning support. We also offer appointments and workshops run by our specialist services in our consultation rooms to help you succeed at Birmingham.

OUR RESEARCH FACILITIES

We continually invest in resources and improve research facilities to ensure our postgraduate researchers are able to pursue their ideas and transfer their knowledge. We have an extensive range of labs supporting innovative research in 21st-century disciplines such as robotics, gene therapy, human biomaterials and hydrogen gas fuelling.

Explore our facilities online: **www.birmingham.ac.uk/researchfacilities**

TEACHING AND LEARNING BUILDING

NEW DEVELOPMENTS

Supporting the modern learning experience at Birmingham, our new Teaching and Learning Building is a hub for education, providing a large and a small lecture theatre and a space for 1,000 students to carry out group or private study.

ASTON WEBB STUDENT HUB

SPORT

At Birmingham, sport is for all – from world-class performance to general fitness. The power of sport to motivate and inspire goes so much further than sporting ability. From keeping fit and leading a healthy, balanced lifestyle to learning a new activity, you will never have a better opportunity to get involved, have fun and make new friends.

For more information, visit
www.sportandfitness.bham.ac.uk

Our Sport & Fitness club on campus is a facility for staff, students and the community in the heart of Edgbaston. The club provides world-class opportunities for everyone in the region and offers an unrivalled fitness experience.

We offer over 100 sports scholarships, 55 student sports clubs, over 150 fitness classes a week and flexible membership options.

WELCOMING WORLD-CLASS ATHLETES

Birmingham is one of the UK's leading sporting universities. We have a reputation for providing a world-class training environment on our Edgbaston campus, not only for our own international student-athletes but for Team Jamaica who trained here ahead of the London 2012 Olympic Games and the IAAF World Championships in 2017.

Our new squash courts and hockey pitches will become competition venues during Birmingham 2022, following the city's successful bid to host the Commonwealth Games, meaning our staff and students can look forward to welcoming world-class athletes to campus once again.

Off campus, the Raymond Priestley Centre in the Lake District provides the opportunity to try a host of outdoor activities, including sailing, windsurfing, mountaineering, rock climbing, kayaking and canoeing. We also have access to the nearby Edgbaston Reservoir and a boathouse in Worcester (on the River Severn).

There are over 55 different sports clubs to choose from. From badminton to volleyball, there's something for everyone to get stuck into. Whether you're a beginner or already playing sport at a national level, joining one of our sports clubs is the perfect opportunity to discover your sporting passion.

Our facilities and services include:

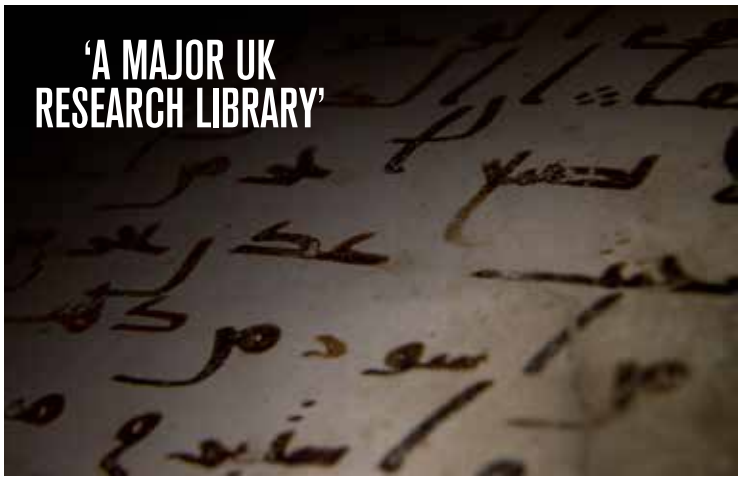
- 50-metre pool with boom and moveable floor
- 200+ station gym
- Arena-style sports hall with 800 spectator seats and a smaller sports hall
- Around 150 group exercise classes per week
- A range of pitches for a variety of sports, including floodlit water-based, 3G synthetic, natural-turf and rubber-crumb pitches
- Dojo (martial arts)
- Performance and Wellbeing Centre
- Performance gym
- Six glass-backed squash courts
- Specialist Human Performance Lab offering training assistance, nutritional advice and performance monitoring
- Steam room and sauna
- Ten-metre climbing wall

CULTURE AND MUSIC

The arts and culture scene is constantly evolving. From the Barber Institute of Fine Arts to the Bramall music building, there's something for everyone to immerse themselves in.

THE BARBER INSTITUTE OF FINE ARTS

Major works from celebrated names in the history of Western art, such as Botticelli, Monet and Van Gogh, are included in our outstanding art collection at the Barber Institute. We have been praised as 'the last great art collection of the twentieth century' and 'one of the finest small galleries in Europe', (*The Observer*).



SPECIAL COLLECTIONS AND ARCHIVES

Built up over a period of 120 years, our Special Collections and Archives consist of approximately 200,000 pre-1850 books dating from 1471 and some 4 million manuscripts, all of which distinguishes us as a major UK research library.

THE LAPWORTH MUSEUM OF GEOLOGY

The Lapworth Museum dates back to 1880 and is one of the oldest specialist geological museums in the UK. The Lapworth Museum provides a valuable resource for students, schools and colleges, research workers, enthusiasts and anyone with a desire to learn about geology.

CULTURE AND **MUSIC**

THE RESEARCH AND CULTURAL COLLECTIONS

The Research and Cultural Collections include extraordinary artefacts, from West African masks in the Danford Collection to important 20th-Century paintings such as Peter Lanyon's mural in the Arts Building.

WINTERBOURNE HOUSE AND GARDENS

Winterbourne is a stunning Arts and Crafts house and garden that is free to enter for all Birmingham students. You can relax in the flourishing gardens or attend an event, such as special interest tours, exhibitions and lectures.

THE BRAMALL

The Bramall is home to our Department of Music, which boasts two symphony orchestras, a jazz orchestra, new music ensemble, choirs and many other groups that regularly perform at the Bramall. Seating 450 and featuring world-class acoustics, the main auditorium provides an intimate environment for enjoying everything from comedy nights to classical music evenings.

AND THAT'S NOT ALL!

Many of our facilities on campus offer the opportunity for classes, workshops and tours, making the campus a hub for learning and exploring.

We offer our postgraduate students the opportunity to develop their language skills, either for personal development or to support their studies, via our open access language courses, all of which are taught on campus with convenient day or evening sessions.

We also host several large events each year, such as our Birmingham Prom and Community festival, alongside graduation balls, alumni events and international conferences. These events also give you the opportunity to engage the public in your studies and research; vital to illustrating your research impact.

COMMUNITY FESTIVAL

GREEN HEART FESTIVAL 2019

Photo: Arts at Birmingham

THE GREEN HEART FESTIVAL

Our Green Heart officially opened in June 2019 and, until May 2020, we will be running a year of seasonal events to showcase our new parkland.

You can explore these events as part of a visit to campus.

www.birmingham.ac.uk/greenheart

OUR RESEARCH

The work you do with us can help to challenge and change society.

Research is the thread that links everything we do; from informing our teaching to benefiting society. Our outstanding academic expertise, operating across continents, distinguishes us and fuels the research that has a direct and positive impact on the lives of many thousands of people every year.

Our vision is to encourage and inspire you in your independent research, enabling you to thrive by equipping you with the skills, knowledge and confidence to make a major impact on global society, in whatever field you pursue.

OUR RESEARCH FOCUS

We are committed to research that is pioneering and significant. We have created a research environment in which academic rigour, innovation and delivery are made possible by brilliant people, outstanding facilities and strong collaborative networks. Our goal is to do more and even better research, and to tackle the great challenges of our day.

We are proud to be focusing our efforts on global issues, exploiting our research strengths to produce practical solutions to some of the greatest challenges facing mankind.

Our collaborative and cross-disciplinary approach to tackling these new and emerging challenges is what sets us apart.

These research advances and our academics' expertise shape and inform our teaching, and we develop our curriculum to capture that excitement.

Learn more: www.birmingham.ac.uk/research

GLOBAL OPPORTUNITIES

We encourage students to integrate international experiences into their education, recognising the global opportunities of the world in which we live. As a member of Universitas 21, an international network of universities that enables global research collaboration and opportunities, each year we are able to offer a number of opportunities to travel to our Universitas 21 partners. You could spend time at some of the most prestigious universities worldwide and the incoming students from these universities add diversity to Birmingham's student body, providing experience and cultural insights that are of benefit to our entire community.

EXPERT SUPERVISION FROM TALENTED ACADEMICS

We ensure that our research generates practical solutions and knowledge transfer for the economy, policy and society. This real-world practicality is an embedded component of all our research activity; as important and relevant as the knowledge generation itself. We disseminate to our peers, engage with the public and provide support to government and industry.

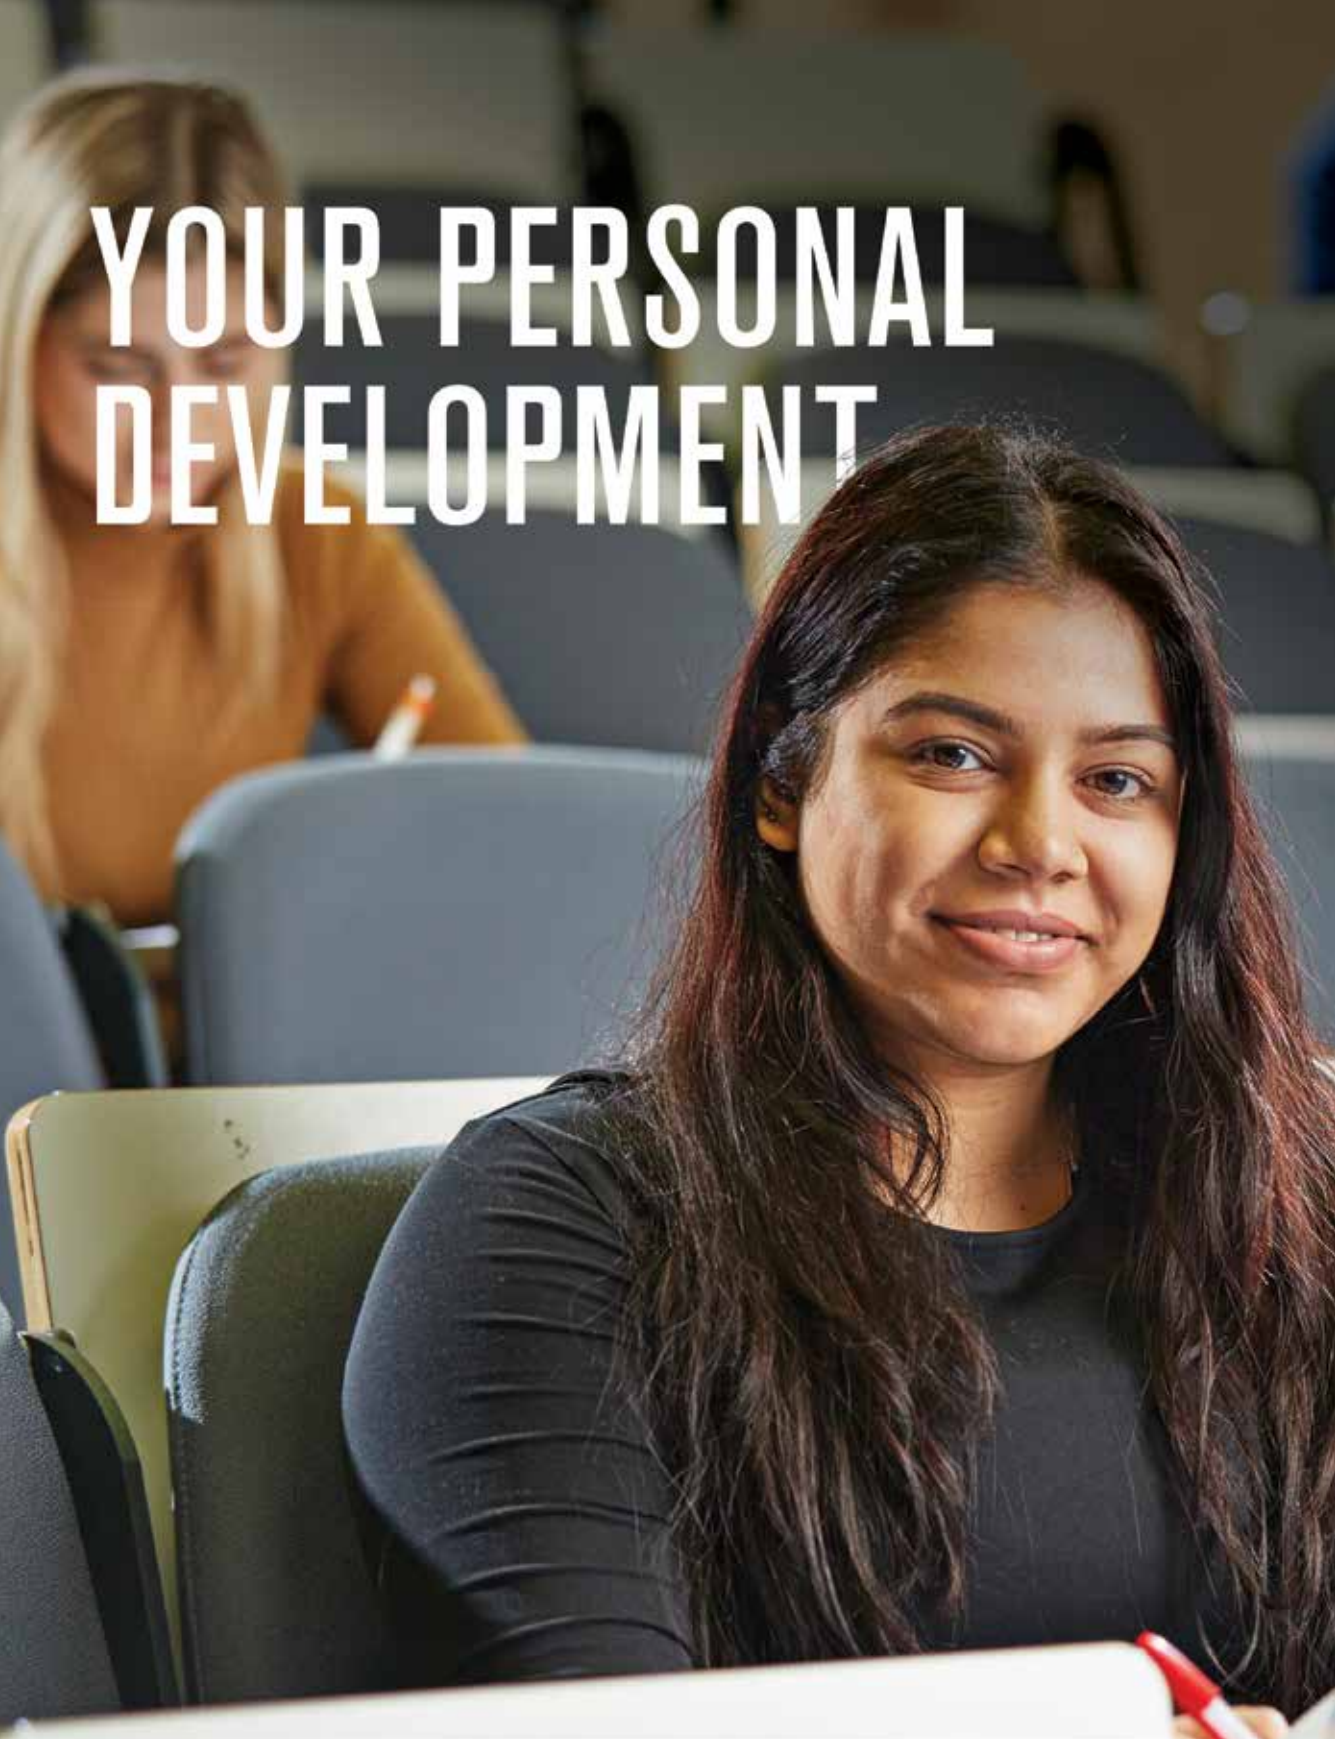
Within this flourishing and transformational research community, we want you to thrive as an independent researcher and professional in your field.

OUR RESEARCH CENTRES

The spectrum of research undertaken at Birmingham creates opportunities for collaborations between interdisciplinary subjects and with national and international institutions. We also foster partnerships with business and industry, working closely with our academic partners to create research teams that are of international significance in the quality of their work.

Our Institutes and Centres of Excellence ensure we can produce the best quality research at world-leading standards through funding, cross-sector partnerships and a range of resources that promote excellence, innovation and creativity in the delivery of interdisciplinary teaching, learning and research.

Quest | Read more stories through our online research magazine: www.birmingham.ac.uk/quest



YOUR PERSONAL
DEVELOPMENT

Whatever your plans after completing your degree, we offer a range of schemes and services that will help you to identify your options, develop your opportunities and work towards your goals from the day you arrive at Birmingham.

PROFESSIONAL DEVELOPMENT

We want to ensure that success in your postgraduate degree leads you on to a fulfilling career.

We aim to help you to grow intellectually and gain the skills, understanding and attributes that lead to the career you want. You will benefit from access to award-winning services, including careers support from the Careers Network guidance service and University Graduate School.

SUPPORTING YOU

Whatever your motivation for postgraduate study, we are here to support you to achieve your personal goals. We expect a lot from our postgraduates, but you can expect a lot from us. We continually invest in the academic environment and ensure we support your wellbeing with tutors, dedicated teams and a suite of resources.

YOUR PROFESSIONAL **DEVELOPMENT**

Whether you're looking for a career as an academic, moving into a new sector or building your professional experience, we can offer you advice and guidance both during and after your degree.

Through our services, we can help you to identify your career aims, contact prospective employers and develop your skills.

Birmingham postgraduates are highly sought: we are the third most targeted university in the UK by top employers, according to the High Fliers' *Graduate Market in 2019* report.

Our extensive links with major employers mean we have access to the most up-to-date information to enhance your employment prospects and offer a wide range of services that give our graduates the edge in the job market. In addition to our work with major companies, we work closely with the public sector, charities and not-for-profit agencies, as well as having very close ties with the region and its rich community of smaller employers across sectors.

Your time at Birmingham is what you make of it, and we encourage you to participate in the many and varied activities and opportunities available while studying, to ensure you develop personally and professionally.

Explore our careers support:
www.birmingham.ac.uk/pgcareers

WHAT CAN WE OFFER YOU?

We offer many opportunities for you to make the most of your postgraduate experience, on and off campus. We can help you to gain experience, develop a broad range of skills and make useful contacts for your future career.

- One-to-one career guidance, including College-specific and postgraduate specialist advisors
- CV and job application advice
- An annual programme of careers fairs on campus
- Employer presentations – make contacts and find out more about what companies and organisations have to offer
- Careers workshops to help you with areas such as interview skills and finding work experience
- Graduate mentoring
- Skills training for postgraduates, including real-world business challenges
- Bespoke careers support, events, skills training and careers conferences specifically for postgraduate researchers
- Entrepreneurial skills training – support and advice on setting up your own business
- Online career action planning tools and self-enrolment career development courses – use in your own time to support your career planning
- International Careers Consultant and International Employer Liaison Officer
- College-specific postgraduate careers conferences and PhD careers days

Each of our five Colleges also has its own careers and employability team. These teams deliver tailored programmes of careers events for you, and can provide you with advice and guidance services at locations within the Colleges.

i For up to two years after graduation, you can access our full range of careers support from The Graduate School and Careers Network.

'I had a fantastic start in the subject: my tutors were excellent in terms of what they taught me academically and in all the opportunities that they gave me – not least in introducing me to the organisation that I eventually ran for five years as Director, and in helping me to get my first work in Egypt.'

DR CHRISTOPHER NAUNTON, MPhil Egyptology

'I thought an MSc in Computer Science would give me a competitive advantage in my career and would form a good foundation. I also thought that an MSc represented value, the opportunity to acquire practical skills that were in high demand and also meant a shorter timeframe before returning to the business world.'

BRIAN DOWNER, MSc Computer Science

'What is so special about Birmingham is that we learn the theories and skills that we need, but there is also a focus on hands-on, real-world planning.

'My professional prospects can be attributed to the opportunities and quality of teaching I received at Birmingham. I had my CV checked, I went to countless careers fairs and networking events, and took part in mock interviews. There is a real focus on helping us to get work after our degrees.'

CLAIRE WOODWARD, MSc Urban and Regional Planning alumna

I attended a Heritage Interpretation Conference and developed my networking skills with new, important contacts. Being able to network successfully is a vital skill to have for academic and career development.

AMELIA EVANS, MA INTERNATIONAL HERITAGE MANAGEMENT

ENHANCE YOUR CV

As part of your degree, you can sign up for extra-curricular, co-curricular and employer-related opportunities. These help you to enhance your skills, build your network and ensure you are able to demonstrate your knowledge and skills in your future career.

Opportunities include:

- Masters Consultancy Challenge
- Postgraduate Enterprise School
- U21 PwC Challenge for Postgraduates
- Virtual Internships
- Impact Internships
- Mentoring
- B-Enterprising Boot Camp
- Summer Freelance and Start-Up Boot Camp

Find out more online: **www.birmingham.ac.uk/pgcareers**

'Often graduates do not consider how important is to demonstrate their employability (the 'soft skills'): a positive attitude, teamwork, resilience and a willingness to learn on their CV. The Careers Network offers great help with developing and demonstrating these, along with advice on how to approach companies, CV building and personalised help.'

DR MARIANNA CAVADA, PhD Civil Engineering alumna

GAIN REAL-WORLD EMPLOYER EXPERIENCE

At Masters and PhD level you can work with real employers to apply your knowledge and expertise to a real-world strategic challenge.

The Masters Consultancy Challenge and Postgraduate Enterprise School offer you the opportunity to work in interdisciplinary teams, competing to provide innovative solutions to a real business problem.

You will develop key professional skills such as critical thinking and problem solving, client management, business modelling and pitching.

These challenges help you to gain enterprise skills to give you the edge in any career, whether it is private enterprise, academia or third sector.

'The challenge replicated a real-life scenario with the opportunity to hear from industry staff, and this gave us a head start and overview of real-life challenges.'
Masters Consultancy Challenge participant

'It was an amazing experience that helped me to understand hands on how my academic skills can be applied in business contexts.'
Postgraduate Enterprise School participant

CAREER PLANNING

During your degree, we will help you to identify and develop the skills you need for your studies and future career, in whichever direction that may take you.

We provide you with the tools and resources to self-manage your development and ensure you are meeting the requirements of the career or progression route you wish to take.

Some programmes may also offer further opportunities to develop your skills in scenario-based activities related to your course, enabling real-world application of the academic theories you encounter.

BUILDING YOUR CONNECTIONS

Talking to employers can help you to gain a greater understanding of your future job roles and we provide many opportunities to meet prospective employers face to face. This can give you an insight into the skills that employers regard as the most valuable when applying for jobs or progressing your career.

'Getting to know...' drop-in sessions with employers

These give you the opportunity to clarify information for job applications or find out more about specific companies and sectors. In the Spring Term, we also hold a sector events series where you can hear from and network with various speakers, including alumni, about their experiences working in specific sectors.

Developing employability and entrepreneurial skills

We create opportunities for you to develop skills for the job market and to work for employers on campus, competing in real-world business challenges such as the Masters Consultancy Challenge.

Planning to move from Masters to PhD?

We also provide support if you are considering progressing from a Masters to a PhD at Birmingham or elsewhere, offering application advice and support with a careers advisor, informal cafés with current students and an online alumni networking portal.

THE POSTGRADUATE **COMMUNITY**

Choose Birmingham and you will join one of the UK's largest postgraduate communities, with over 14,000 postgraduate students making up more than 40% of the total student population.

You will be among like-minded people and receive the stimulation, support and challenges you need to succeed.

Our postgraduates have a distinctive voice and are highly valued members of the University within a community that is diverse, safe and inclusive. We ensure this through student representation and dedicated facilities and resources, such as our University Graduate School and full-time Postgraduate Officer.

Life as a postgraduate student involves much more than just studying for your degree. You can get involved in research and special interest groups, contribute to publications, talks and conferences, and take advantage of a broad range of opportunities to gain new skills.

Once you graduate, our global community of over 300,000 alumni includes people living in more than 190 countries around the world. We have alumni groups, from the USA to Hong Kong, that provide the chance to keep in touch with fellow alumni locally, share memories and build valuable professional connections.

'We are here to ensure that all postgraduates across the University are equipped to do the highest quality study and research during their time at Birmingham, and that they have the skills needed to pursue the career they choose.'

PROFESSOR GAVIN SCHAFFER,
Dean of Postgraduates

UNIVERSITY GRADUATE SCHOOL

The University Graduate School (UGS) supports our postgraduate community. It provides a University-wide community of peers from all academic disciplines offering networking and social opportunities. UGS is a gateway to advice and support for postgraduates, working with the other University support services to ensure you have access to high-quality training, facilities, tutoring and supervision.

You can take part in a busy programme of events throughout the academic year, such as the annual Research Poster Conference and Images of Research competition, communicating with the public in innovative and creative ways. Visit our dedicated hub, Westmere, to meet, connect and work with other members of the postgraduate community. Access our researcher-led activities fund, which provides you with the opportunity to organise and promote social, wellbeing and academic events for other postgraduate researchers to attend. UGS will give you formal and informal opportunities to raise your profile, network with peers and colleagues, apply transferable skills and help you make the most of your time here.

REPRESENTATION

The Guild is your students' union and, if you choose to continue your studies at Birmingham, you will automatically become a member. The Guild is proud to have a full-time elected Postgraduate Officer; one of only a few in the country.

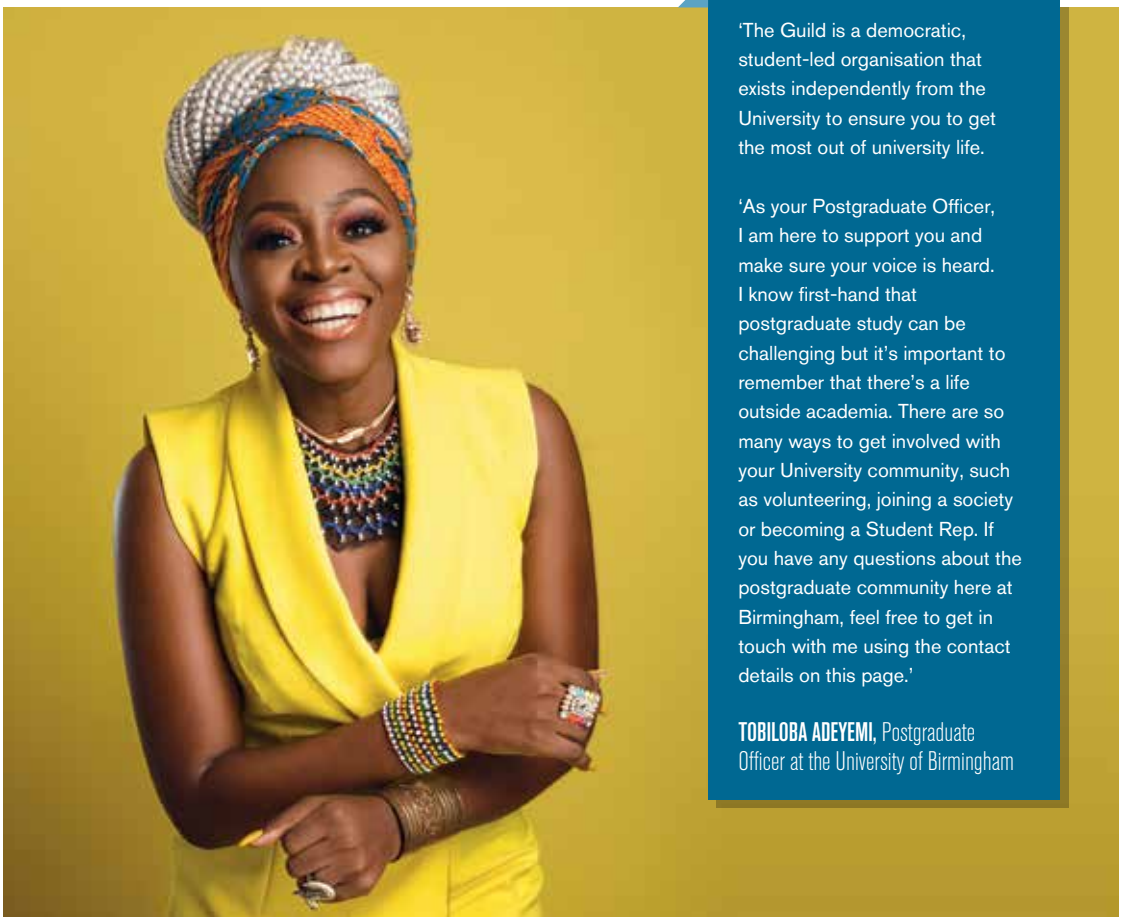
GET IN TOUCH

postgraduate@guild.bham.ac.uk
@guild_postgrad
/guildpostgraduate
@guild_postgrad

The **Postgraduate and Mature Students Association (PGMSA)** is the representative body for postgraduates and mature students that works with the Guild and the University to champion your needs. The PGMSA also organises a programme of social and orientation events that runs during Welcome Week and throughout the academic year, including the Postgraduate Housing Event and weekly socials in the Bratby in Staff House – the on-campus bar exclusively for University staff and postgraduate students.

GROUPS AND SOCIETIES

There are many groups and societies for postgraduates, in addition to over 300 active student groups and societies hosted by the Guild of Students, covering a wide range of interests, charities and causes. Each School also runs its own social activities, research fora, seminars and groups for postgraduates, all of which you will find out about as you progress to beginning your degree.



'The Guild is a democratic, student-led organisation that exists independently from the University to ensure you to get the most out of university life.

'As your Postgraduate Officer, I am here to support you and make sure your voice is heard. I know first-hand that postgraduate study can be challenging but it's important to remember that there's a life outside academia. There are so many ways to get involved with your University community, such as volunteering, joining a society or becoming a Student Rep. If you have any questions about the postgraduate community here at Birmingham, feel free to get in touch with me using the contact details on this page.'

TOBILOBA ADEYEMI, Postgraduate Officer at the University of Birmingham

SUPPORTING **YOU**

At Birmingham, we expect a lot from our postgraduate students, but we have created, and continue to invest in, an academic environment that will help you to realise your potential.

Photo: Victoria Beddoes

To help you make the most of your time with us, we understand you will need excellent and tailored support. We provide a wide range of student services to meet the needs of our diverse student community. The Student Hub brings many of these services together at the heart of our campus in the Aston Webb Building. Our services are also available online through Student Help, providing a range of advice resources. Whether you are looking for information, guidance, emotional support or a specific student service, the Student Hub is a great starting point.

SKILLS TRAINING AND DEVELOPMENT

We offer a wide range of training courses for Masters and PhD students, designed to develop both your academic skills and transferable workplace knowledge. Whether you need to deliver a presentation, improve your writing skills or get to grips with project management or software, we offer courses that will help you.

Our Institutional Virtual Learning Environment (iVLE), Canvas, grants online access to course content, programme materials, assessment, discussion boards, webinars and recorded lectures, giving you the flexibility to work independently and in your own time.

YOUR GRADUATE SCHOOL

The University Graduate School (UGS) acts as your central resource point, giving you access to a wealth of services to support you in your studies or research, develop your skills and prepare you for success.

Explore our UGS resources: **www.birmingham.ac.uk/ugs**

UGS runs a number of development activities, networking opportunities, advice events (including finance and careers guidance) and conferences that will provide you with valuable opportunities to meet and learn from peers and colleagues across the University.

Our Welcome programme also enables you to get to know other new postgraduates in a friendly, informal setting and build networks that can last a lifetime.

ASSESSMENT, PREPARATION AND ENRICHMENT

We provide dedicated time within each semester to ensure you have the support and time you need to prepare for exams and complete other assessed work.

We have also introduced a new, campus-wide student enrichment week between the semesters, giving you opportunities to engage with research, hear from speakers and employers and get involved in volunteering, community and outreach work.

ENABLING DISABLED STUDENTS

We aim to create an inclusive learning community. If you have a disability (including long-term health conditions, specific learning disabilities such as dyslexia, or a mental health difficulty) our Disability Learning Support and Mental Health Service can help you to have the best possible experience at Birmingham. Disclosing a disability will not affect your academic course admission but will ensure that you receive any support or adjustments you require. Our professional team can provide you with specialist advice, including helping you to identify any disability funding support you may be entitled to.

ARE YOU STUDYING AS A PARENT?

Your family matters! If you are juggling your studies with the care of young children, we provide two day nurseries, situated close to the heart of campus, offering a high standard of care and experience. Both are open five days a week for 51 weeks of the year, to fit around your academic life.

Explore our support:
www.birmingham.ac.uk/pgsupport

MENTAL HEALTH AND WELLBEING

We provide a confidential service to help you to manage practical, emotional and psychological issues that may have an impact on your life at university and your academic success. Our team of professional counsellors and wellbeing advisors offer one-to-one sessions, including online counselling, and facilitate a number of support groups covering many issues that students experience while at university. The Guild also offers a free, impartial and confidential advice service for students where fully trained advisors offer practical advice on diverse subjects relating to student life.

FAITH AND COMMUNITY

Our Multi-Faith Chaplaincy is for students of all faiths and none. Meet for worship, relax in the Oasis Lounge, or see a chaplain for spiritual or religious advice and pastoral counselling. We have chaplains from most major faith traditions, as well as many student-led faith groups and societies.

OUR PROGRAMMES

With more than 600 taught programmes and a range of research opportunities to choose from, Birmingham is one of the most popular UK universities for postgraduate study.

STUDY
AREA

WHICH PROGRAMME SHOULD **YOU CHOOSE?**

We recognise that in an increasingly fast-paced world, flexibility in terms of how and where you undertake your studies is important. Our portfolio of programmes offers a modern solution for today's postgraduate students.

From part-time and distance learning options through to degree programmes taught by our faculty overseas, we offer a range of opportunities to suit your personal or professional needs. Learn more about your options in this section and find out how to apply.

MASTERS-LEVEL PROGRAMMES

These are usually one year in length (and a minimum of two years if taken part-time). Comprising a number of modules, they are assessed by a combination of coursework, examination and dissertation, and lead to the award of a Masters qualification.

Our **taught Masters** programmes are the next step after undergraduate study and can be pursued to further your knowledge and expertise, to prepare for a research degree, to gain a vocational qualification or even to change careers.

A **combined research and taught Masters**, such as the MRes, is often taken as a stepping stone to doctoral study. These combined programmes will provide you with taught modules to increase your knowledge of a subject, and the opportunity to complete an extended research thesis with the appropriate training and supervision.

A **research Masters**, such as the MSc by Research, is a good way to investigate a topic in greater depth, to prove your capacity for undertaking research and/or to demonstrate your suitability to progress to a doctoral degree.

DOCTORAL RESEARCH PROGRAMMES

These involve the completion of original academic research. They also include research skills training that will equip you to become an independent researcher, capable of advancing knowledge in your field.

Doctoral degrees, such as the PhD, are the highest level of academic qualification, for which you will conduct original research and make a contribution to a field of knowledge. Doctoral researchers often teach undergraduate classes during their degree programme and you will usually contribute to the research life of your department by presenting papers at seminars and conferences.

> **My course provided such a great diversity of opportunity; from the courses and modules on offer to the people that it attracted from around the world. It was a great eye-opener about how diverse our world is and how interesting a place it can be.**
>
> **THOM TOWNSEND,** MSC CONFLICT, SECURITY AND DEVELOPMENT ALUMNUS AND SENIOR POLICY ADVISOR AT THE CABINET OFFICE

We also offer programmes at our Dubai campus, and in Singapore, in partnership with the Singapore Institute of Management (SIM).

See pages 120–123 for details on these programmes.

'My course has been filled with opportunity and has allowed me to develop as a writer and independent thinker. Undertaking part-time study, I found the modules and tutors flexible and accommodating, and I had extra time to commit to development and research opportunities.'

NIALL GALLEN,
MA Literature and Culture (part-time)

DECIDE YOUR MODE OF STUDY

Flexibility in the mode of learning enables you to undertake learning and assessment through different methods and formats. On some of our courses you can choose which mode of study you take, whether it is campus-based, block delivery, blended or distance learning. Some courses are offered by more than one mode and you may be able to transfer from one mode to another.

FULL-TIME OR PART-TIME?

Although full-time study is still the most common choice for our students, we know that many of our postgraduates, for professional, family or financial reasons, prefer to take their degree course on a part-time basis, either on campus or through distance (online) learning. Some of our programmes now offer these options. Please note that due to visa restrictions, international students (from non-EU/EEA countries) studying on campus are normally only eligible for full-time study.

DISTANCE LEARNING?

If you have commitments that don't allow you to study via the standard on-campus mode, or you prefer an online learning format, then you may like to consider applying for a distance learning programme (a mode of study that is sometimes also referred to as distance education). The main advantage of studying by distance learning is its flexibility. You can study at home, in your own time and at your own pace, so you can combine achieving a qualification with work or family commitments.

'Engineering and business has always been connected, and I wanted to build my career in marketing. A conversion course gave me marketing knowledge that I lacked before and polished my mathematical, analytical and project management skills – an advantage in the increasingly digital and data-driven practices of marketing.'

APRIL CHEUNG, MSc Strategic Marketing and Consulting alumna

Once you have decided which level and type of degree is most appropriate for you, you can find more details on the degree, support and funding for each level of study on our Course finder pages at: **www.birmingham.ac.uk/pgcourses**

HOW ARE OUR TAUGHT PROGRAMMES **COMPLETED AND ASSESSED?**

All our degrees are set within a credit framework designed to measure your academic achievements. You acquire credits by taking a number of compulsory and optional modules.

MASTERS-LEVEL QUALIFICATIONS

You will accumulate 180 credits in each full year of study on a Masters-level course. Credits are acquired by taking compulsory and optional modules, which are part of each degree programme. These credits are equivalent to 40 hours' learning a week, through a combination of independent study and contact time in lectures and seminars. Modules may be based around a single subject or a small part of a much broader area.

HOW CAN CREDITS BE USED?

The European Credit Transfer and Accumulation System (ECTS) is a credit system designed to standardise degree programmes or training. You can show your credits to employers and other institutions to show the equivalency of your qualification.

TYPES OF MASTERS DEGREE

QUALIFICATION	KNOWN AS	CREDITS	ECTS CREDITS	TYPICAL LENGTH OF COURSE
Masters	MA/MSc/LLM	180	90	1 year full-time, 2 years part-time
Master of Education	MEd	180	90	3 years
Master of Public Health	MPH	180	90	
Master of Business Administration	MBA	180	90	12-month intensive full-time, or extended to 2 years with preliminary courses Over 2–4 years part-time, in intensive blocks
The below qualifications can usually be 'topped up' to Masters qualifications by completing further credits, usually in the form of a dissertation, and are usually 'exit qualifications' for those studying Masters.				
Postgraduate Diploma	PGDip	120	60	9 months or less
Postgraduate Certificate	PGCert	60	30	9 months or less

DEGREE APPRENTICESHIPS

We offer a new education route bringing together university study and the invaluable on-the-job training typical of an apprenticeship.

Level 7 (postgraduate) degree apprenticeships are suitable for people who want to take their career to the next level through Continuing Professional Development (CPD) opportunities. We offer a broad range of degree apprenticeships to support lifelong learning. Level 7 programmes are taught on a part-time basis and are aimed at those already employed in a managerial role.

Find out more on degree apprenticeships, both as a student or as an employer, on our website: **www.birmingham.ac.uk/degreeapprenticeships**

'For me, the best things about my course all stemmed from its multidisciplinary structure. Studying modules from three different disciplines enabled me to configure a very broad Masters programme that reflected all my academic interests. As well as providing me with a broad range of topics, the course also enabled me to analyse them in greater depth.

'The multidisciplinary nature of the course also meant that my seminars were spent with students from a range of different courses; from a variety of different academic disciplines, each with unique areas of interest. This meant that in every seminar, I was exposed to a rewarding mix of ideas and opinions that I otherwise wouldn't have been exposed to.'

ADAM JOSEPH-KERR, MA International Law, Ethics and Politics alumnus

RESEARCH PROGRAMMES **AT BIRMINGHAM**

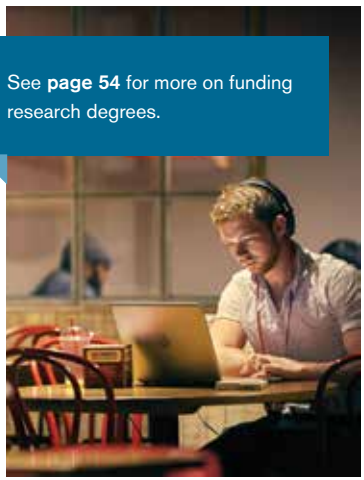
Our research programmes involve the completion of original academic research, or a piece of scholarship, which you will conduct under expert supervision from a Birmingham academic. You will also be supported by a thriving academic community of internationally renowned research staff and talented research peers, alongside research skills training.

ROUTES INTO RESEARCH AT BIRMINGHAM

You have the opportunity to pursue research at either Masters or doctoral level through our suite of programmes and qualifications, depending on your background and career plans.

There are, generally, two routes to a Birmingham research degree:

See **page 54** for more on funding research degrees.



You can apply to an 'advertised PhD', which means it is part of an established research project and is usually funded by the University or other funding body. Generally, advertised PhDs are associated with the physical and life sciences subjects. Some advertised PhDs will be pre-defined but some may require you to propose your own research.

Apply to any of our PhD programmes and propose your own research that is 'self-funded' (by you, a sponsor, or other sources not explicitly attached to the PhD on application). Usually you submit a research proposal and identify your proposed supervisor. These are generally associated with the arts and social sciences.

IF YOU ARE APPLYING TO AN ADVERTISED PHD

Find and identify your project via our advertised PhDs database: **www.birmingham.ac.uk/findaphd**

IF YOU ARE PROPOSING YOUR OWN RESEARCH

Begin your supervisor search via our staff search, where you can view research interests: **www.birmingham.ac.uk/findasupervisor**

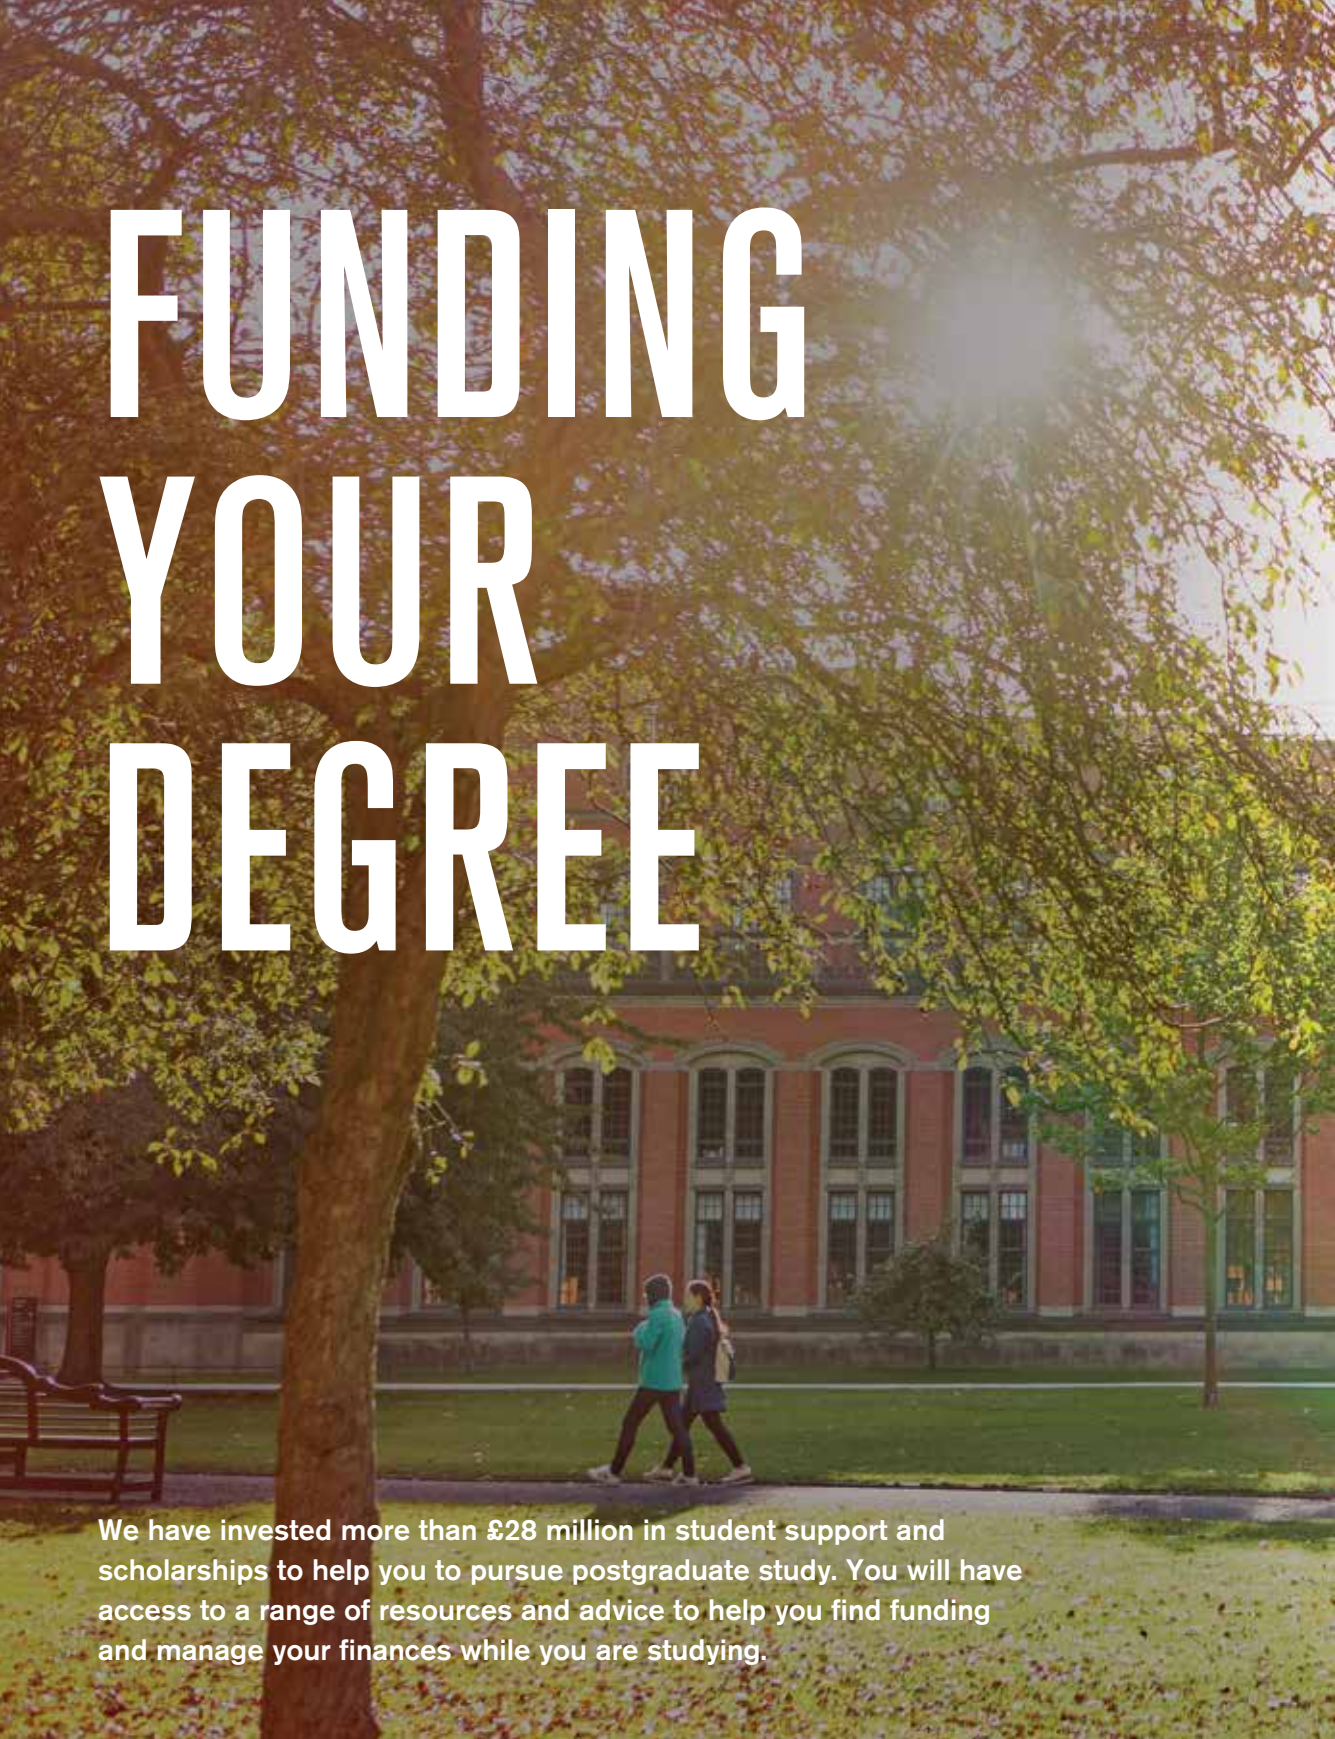
RESEARCH DEGREES

QUALIFICATION	KNOWN AS	TYPICAL LENGTH OF COURSE	TYPICAL LENGTH OF THESIS	COURSE TYPE
Doctor of Philosophy	PhD	3 years full-time, 6 years part-time, plus writing up	50,000–80,000 words	Research
Doctor of Engineering	EngD	4 years	50,000–80,000 words	Research and taught
Professional Doctorates	EdD, ClinPsyD, ForenPsyD, App Ed and ChildPsyD	3 years	50,000–80,000 words	Research and taught
Doctor of Philosophy with integrated study	PhD	4 years	50,000–80,000 words	Research and taught

MASTERS-LEVEL RESEARCH DEGREES

A Masters-level research degree is a good way to prove your capacity for undertaking research and many students progress on to PhD study afterwards after demonstrating their suitability.

QUALIFICATION	KNOWN AS	TYPICAL LENGTH OF COURSE	TYPICAL LENGTH OF THESIS	COURSE TYPE
Master of Arts/Science by Research	MA/MSc by Research	1 year	40,000 words	Research
Magister Juris	MJur	1 year	40,000 words	Research
Master of Philosophy	MPhil	2 years	60,000 words	Research
Master of Research	MRes	1 year	15–20,000 words	Taught and research



FUNDING YOUR DEGREE

We have invested more than £28 million in student support and scholarships to help you to pursue postgraduate study. You will have access to a range of resources and advice to help you find funding and manage your finances while you are studying.

FEES, FUNDING AND SCHOLARSHIPS FOR **YOUR MASTERS**

We understand that continuing your education to postgraduate level is a significant financial commitment. We aim to provide you with information on all the associated costs so there are no surprises once you begin your course.

WHAT DOES IT COST?

Tuition fees for your course

Tuition fees vary depending on the course you choose and whether you are a home (UK/EU) or international student. Taught Masters programmes generally cost an annual fee of at least £9,250, with some programmes costing more. You can find details of the tuition fees for individual courses on our website or in the course directory (pages 62–123).

How to pay your fees

You can choose to pay your tuition fees in full or make monthly or termly instalment payments using the University direct debit scheme from a UK bank account on our website.

Find out more:
www.birmingham.ac.uk/pgfees

POSTGRADUATE MASTERS LOAN

The Postgraduate Masters Loan is available for home (UK/EU) students undertaking Masters study. Up to £10,906 was available for the 2019 academic year. It will be a contribution towards the cost of study, and whether you use the loan for fees, maintenance or other costs will be at your own discretion. The loan is available across all subject areas for full-time, part-time and distance learning Masters programmes, as long as you don't already have a Masters qualification (or equivalent).

www.birmingham.ac.uk/pgtloan

Government funding may be available to cover UK tuition fees in the following areas:

- Initial Teacher Training
- Social work – through a social work bursary
- Medical or healthcare courses – through an NHS bursary

www.gov.uk/funding-for-postgraduate-study

Students from Wales, Scotland and Northern Ireland

There are different loans available to students joining us from Wales, Scotland and Northern Ireland.

Wales: Receive up to £17,000 in grant and loan combination towards your Masters based on your household income (2019–20).
www.birmingham.ac.uk/wales-pgl

Scotland: Full-time students can receive up to £5,500 towards tuition fees and £4,500 towards living costs (2019–20).
www.birmingham.ac.uk/scotland-pgl

Northern Ireland: Receive up to £5,500 towards your tuition fees (2019–20).
www.birmingham.ac.uk/ni-pgl

MASTERS SCHOLARSHIPS

We support our students to flourish in their careers, providing subject and University scholarships, as well as providing you with support on alternative ways to fund your degree.

Your programme and its department sit within one of our five Colleges, all of which offer their own scholarships and awards.

SEARCHING FOR FUNDING?

Use our funding and scholarships database to find sources of funding that may be available to you. The search and filters enable you to find all University and third-party scholarships for which you are eligible to apply:
www.birmingham.ac.uk/pgfunding

FEES, FUNDING AND SCHOLARSHIPS FOR **YOUR RESEARCH DEGREE**

There are many ways to finance your research degree; from scholarships and studentships to loans and partial funding from other sources. Below, we will explore your options, although you can find many more sources online via our funding database.

We offer scholarships to support research postgraduates to invest in their future, along with a number of funded studentships providing generous support.

You can find our University scholarships, usually aligned with our areas of focus for research, on our website: **www.birmingham.ac.uk/pgscholarships**

WHAT DOES IT COST?

Tuition fees for your course

Tuition fees are charged annually. We use **at least** the minimum fee level recommended by UKRI for our research-level fees. The indicative fee level for 2020 is £4,380 and will be confirmed in Spring 2020. You can find your course fees on our website or in the course directory (pages 62–123). There may also be additional costs associated with field trips, travel and undertaking research off-campus.

How to pay your fees

You can choose to pay your tuition fees in full or make monthly or termly instalment payments using the University direct debit scheme from a UK bank account.

Find out more: **www.birmingham.ac.uk/pgfees**

RESEARCH COUNCIL FUNDING (UKRI)

There are seven government-funded research councils, known jointly as UKRI (United Kingdom Research and Innovation) that offer financial support to postgraduate students:

- AHRC (Arts and Humanities Research Council)
- BBSRC (Biotechnology and Biological Sciences Research Council)
- ESRC (Economic and Social Research Council)
- EPSRC (Engineering and Physical Sciences Research Council)
- MRC (Medical Research Council)
- NERC (Natural Environment Research Council)
- STFC (Science and Technology Facilities Council)

Full UKRI awards cover the cost of tuition fees and also provide a maintenance grant to support you during your studies. Find out more about our funded centres and partnerships at **www.birmingham.ac.uk/researchcouncils**

'I have been awarded a Global Challenges PhD Scholarship, which includes a monthly PhD stipend, and covers university fees and a budget for research costs. This has enabled me to conduct my fieldwork in Pakistan, enhancing my ability to tackle key challenges in global youth mental health. The scheme has also helped strengthen relationships with local organisations and other early-career researchers working in low- and middle-income countries.'

MARGARET HARDIMAN,
Global Challenges Doctoral Researcher

POSTGRADUATE DOCTORAL LOAN

The Postgraduate Doctoral Loan is a new government loan that you can use to help with course fees and living costs. UK or EU nationals who normally reside in England can borrow up to £25,700 that will be divided equally across each year of your course. Your course can be full- or part-time and last between three and eight academic years.

www.birmingham.ac.uk/pgdloan

APPLYING FOR FUNDING

Funding support for PhD study can be provided in different ways, with some covering the programme fees and including a stipend (maintenance costs), while others may simply be a one-off financial award.

Your first consideration for funding should be our advertised PhDs, UKRI (United Kingdom Research and Innovation), or the many funding bodies listed on our Postgraduate Funding database.

There are two main ways to fund your PhD:

1 **Apply for a PhD that already has funding attached.** These are most common in STEM (Science, Technology, Engineering and Medicine) subjects, but they can sometimes be available for pre-defined research projects in the arts, humanities or social sciences. These may be advertised as fully funded (with fees and a stipend) or competition funded, meaning the projects compete against other projects at each institution. Search funded projects: **www.birmingham.ac.uk/findaphd**

2 **Self-fund, or search for funding or a studentship once you have an offer.** You devise your own PhD topic, find a supervisor, write a research proposal and apply to the relevant programme. If you're offered a place at Birmingham, you can then apply for studentships or funding from various sources. If you need more help to understand research funding, projects and how the process works, use our online guide: **www.birmingham.ac.uk/pgfundingexplained**

Searching for funding?

Use our funding and scholarships database to find sources of funding that may be available to you: **www.birmingham.ac.uk/pgfunding**

HOW TO APPLY

Applying to our postgraduate courses is an easy, online process. Formal applications are made directly to us using our online Course finder, but the process will vary depending on your programme and how it has been advertised. In these pages, find out more about the application process for each level of study.

THE APPLICATION **PROCESS**

Before you begin your formal application, read the guidance below and make sure you follow our step-by-step guide to applying to either our taught or research programmes on the following pages.

Once you have submitted your application, you will be able to track its progress at every stage of the admissions process, update your personal information, view decisions and accept any offers you may receive.

Choose your level and course using our online tools:
www.birmingham.ac.uk/pgcourses

YOUR DOCUMENTS

All documents must be in English or have a certified translation. If you provide documents by uploading them into the online postgraduate application system (found through Course finder) and are made an offer, you will be required to send certified copies or original documents as a condition of the offer.

Visit our website for information and guidance on document submission and the full application process at Birmingham:
www.birmingham.ac.uk/pgapply

We recommend you supply all of the following documents at the point of submitting your application to ensure that there are no delays:

- Your academic transcripts and any other supporting material
- If not submitted within the application form, a personal statement explaining why you are interested in studying your chosen programme
- If required, additional information to be submitted such as a CV or a sample of work (this will be stated within the application form)
- If English is not your first language, a certificate to show competency in the English language will be required (see page 58)
- Your research proposal (if required)

International students

If you require a visa to study in the United Kingdom, you will need to apply by 1 July 2020. We are not able to consider applications for 2020 made after this date.

ESSENTIAL INFORMATION

Before you apply, please visit our website to view essential information for all applicants: **www.birmingham.ac.uk/applicantinformation**

If the University makes you an offer, and you decide to accept it, a contract will be formed between you and the University.

The website includes important terms, conditions and requirements that will apply to that contract, and on which the University will rely in its future relationship with you. It is essential that you read them carefully.

Information set out in the prospectus and on the University website is accurate at the date of publication (August 2019).

ENTRY **REQUIREMENTS**

To gain a place at Birmingham, you will need to meet the specific entry requirements for your chosen course.

Our postgraduate programmes usually require **a good Honours degree (normally a 2:1 or above)**, or an equivalent qualification if you were educated outside the UK. There may also be additional requirements, such as prior or practising work experience.

If you are applying for a PhD, then you may also need to hold a good Masters qualification, however, for some programmes, this may not be a requirement.

Specific entry requirements for individual courses can be found in the course directory (pages 62–123), in supplementary subject brochures or online via our website:
www.birmingham.ac.uk/pgcourses

ENGLISH LANGUAGE COURSES

If you do not have the required level of English, you can enrol on one of our pre-sessional English programmes before the start of the academic year, delivered by our Birmingham International Academy. Passing the appropriate programme means you will automatically meet the English language requirements of your offer and can progress to your academic studies here.
www.birmingham.ac.uk/bia

ENGLISH LANGUAGE REQUIREMENTS

If your first language is not English then you will need to demonstrate that you have a high level of written and spoken English by providing evidence of an English language qualification.

Certificates should be no more than two years old at the time of admission.

The table below details the IELTS or TOEFL scores you will need but we also accept other qualifications.

Check the equivalency of other language qualifications on our website:
www.birmingham.ac.uk/intreqs

ACADEMIC AREA	IELTS	TOEFL
Engineering, Science	6.0 with no less than 5.5 in any band	80 with no less than 19 in Reading, Listening and Writing, and 21 in Speaking
Arts*, Business (see exceptions below), Dentistry, Education (taught), Health Sciences, Medicine, Public Policy, Social Sciences	6.5 with no less than 6.0 in any band	88 with no less than 21 in Reading and Writing, 20 in Listening and 22 in Speaking
Education (research), Law, Business: Human Resource Management, Marketing, International Marketing, Economics and International Economics	7.0 with no less than 6.5 in any band	95 with no less than 22 in any band

* Some programmes require higher grades. Please see individual course entry requirements for further details.

APPLYING FOR A **TAUGHT PROGRAMME**

Formal applications for taught programmes are made directly to us using Course finder: www.birmingham.ac.uk/pgcourses

Applying for a taught programme usually involves three easy steps:

1. Find your course online: **www.birmingham.ac.uk/pgcourses**
2. Consider whether you meet our entry requirements, details of which can be found in the Course finder entry.
3. * Complete the online application form via the course webpage and upload your supporting documents.

* Some taught courses may charge a £50 application fee. For further information, visit **www.birmingham.ac.uk/pgappfee**

ARE YOU APPLYING FOR TEACHER TRAINING OR SOCIAL WORK PROGRAMMES?

You will need to apply to our Social Work and Initial Teacher Training programmes through UCAS. You can register and apply as soon as the UCAS portal opens (usually in September).

APPLYING FOR A **RESEARCH PROGRAMME**

At Birmingham, there are generally two routes to a research degree. Follow the application steps on this page, or next, depending on your preferred route.

APPLYING FOR AN 'ADVERTISED PHD'

You can apply to an 'advertised PhD', which means it is part of an established research project and is usually funded by the University or other funding body. Generally, advertised PhDs are associated with the physical and life sciences subjects.

Find your course online: **www.birmingham.ac.uk/pgcourses**

Search our advertised PhDs: **www.birmingham.ac.uk/findaphd**

1 Find and identify your project via our advertised PhDs database **www.birmingham.ac.uk/findaphd**

2 Apply via Course finder to the relevant PhD subject area. You may be applying to the specific project or be asked to apply to a larger subject area and identify the project title within your application.

3 Prepare your statement and supporting documents.

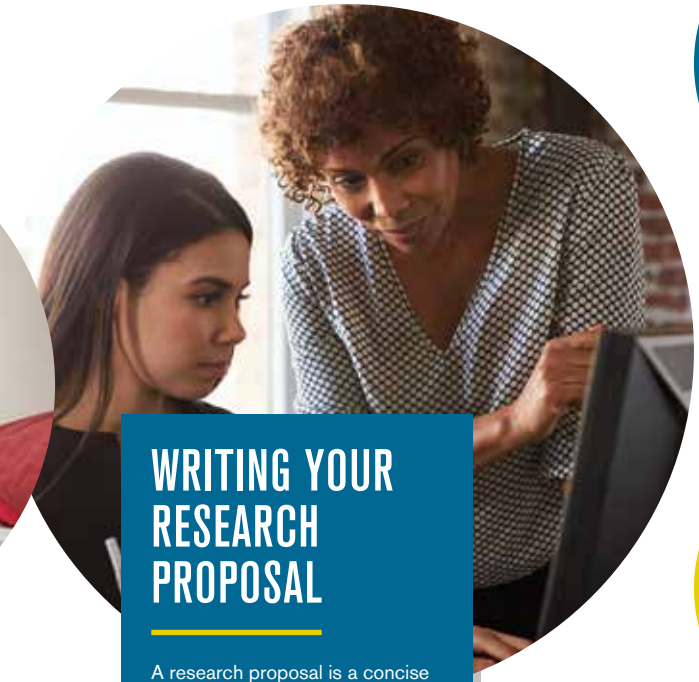
4 Submit your application online via Course finder and upload your supporting documents.

APPLY TO PROPOSE YOUR OWN RESEARCH

You can propose your own research rather than joining an existing research project. You will need to submit a research proposal to conduct a unique piece of research and identify your proposed supervisor. Funding can be found from other sources such as scholarships, charities, loans and self-finance. Generally, these PhDs are associated with the arts and social sciences.

Search for a potential supervisor: **www.birmingham.ac.uk/findasupervisor**

1. Choose which research degree (PhD, MA/MSc by Research or MRes) and consider the research area and themes.
2. Begin your supervisor search (**www.birmingham.ac.uk/findasupervisor**).
3. Consult with a potential supervisor or department.
4. Explore your funding options: **www.birmingham.ac.uk/pgfunding**
5. Write your research proposal using our online advice (**www.birmingham.ac.uk/proposalwriting**).
6. Submit your application via Course finder and upload your supporting documents, including your research proposal and potential supervisor name(s).



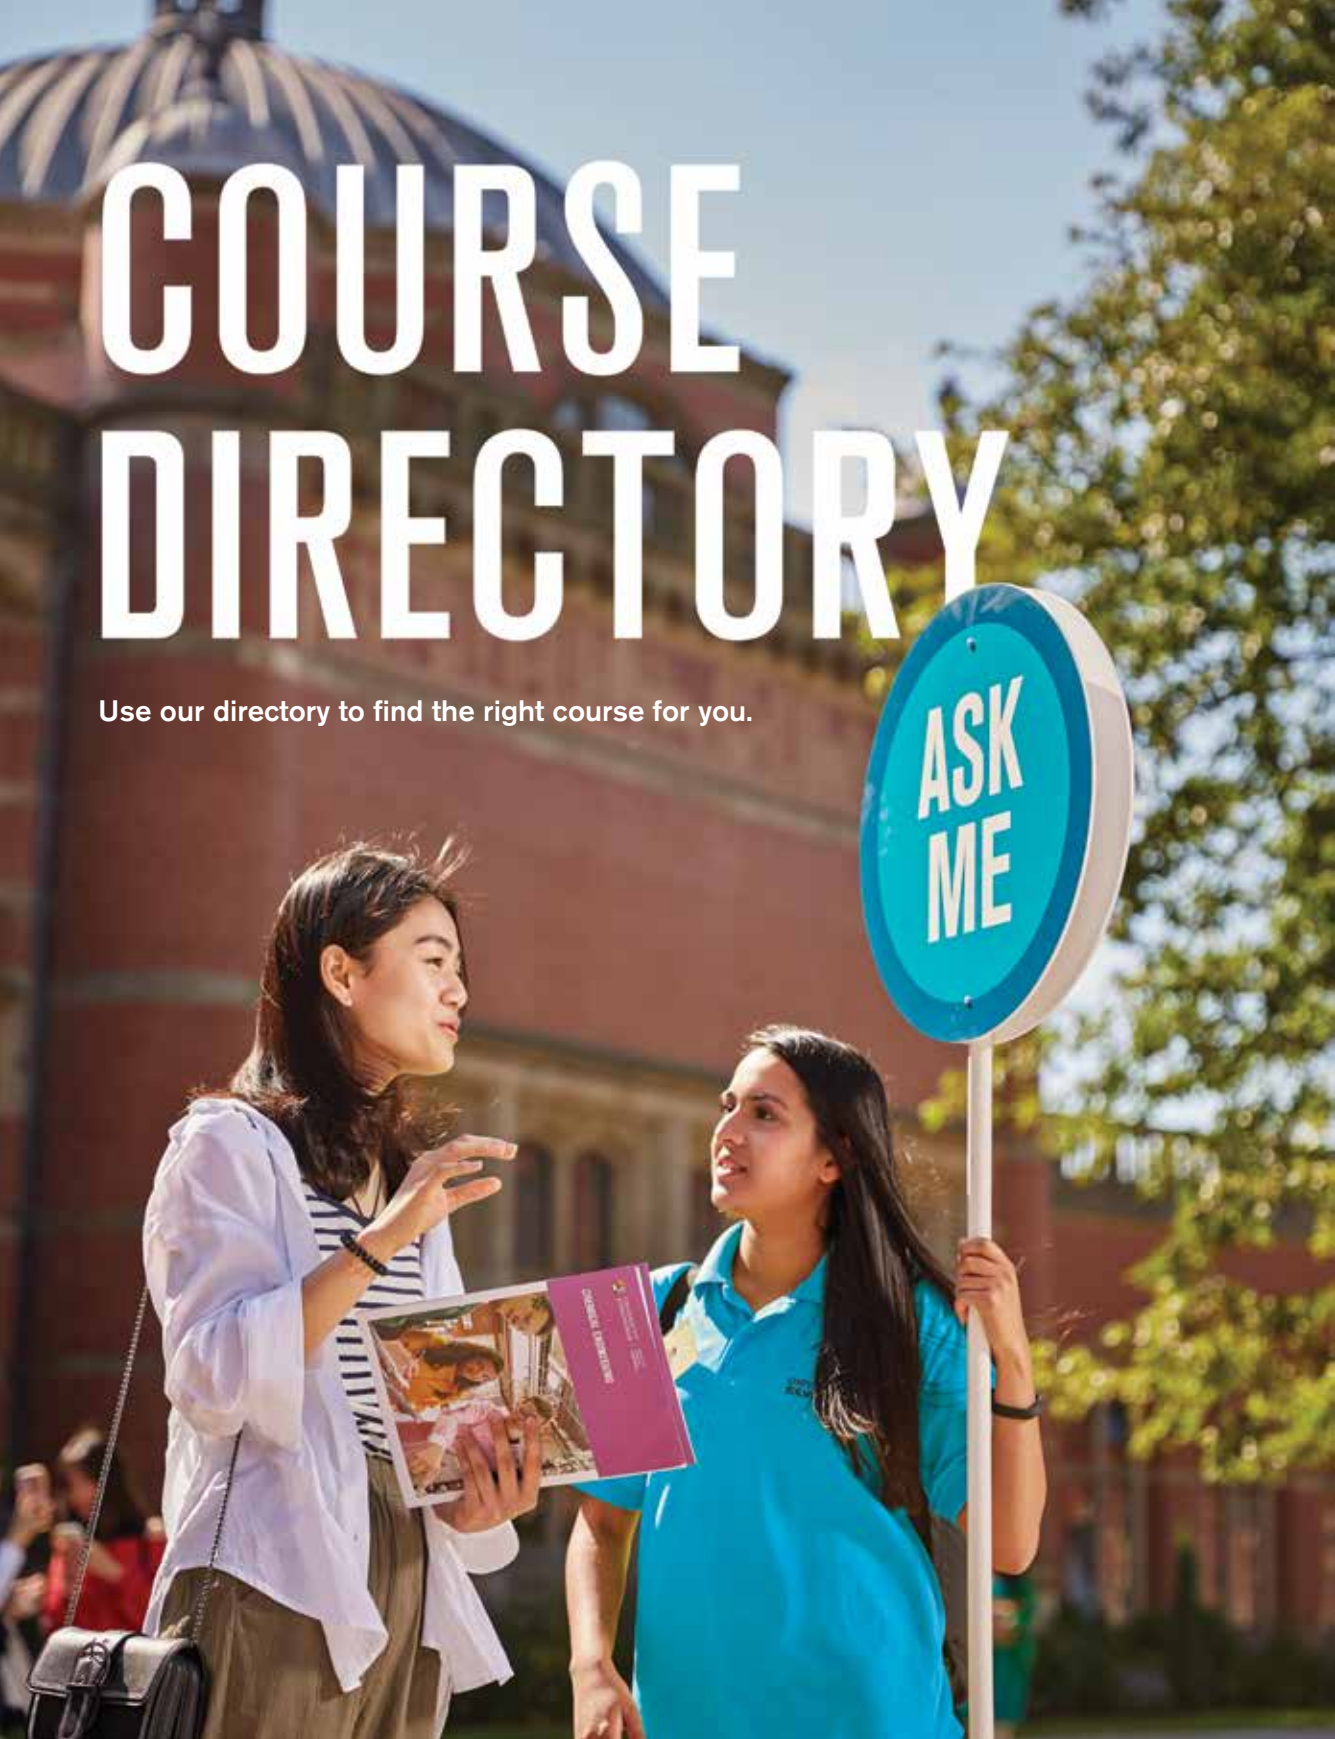
WRITING YOUR RESEARCH PROPOSAL

A research proposal is a concise and coherent summary of your proposed research. It is a key part of your application, on which potential supervisors will decide if your research is something they can support.

We've provided help and advice for each of the steps of writing your proposal here: **www.birmingham.ac.uk/proposalwriting**

COURSE DIRECTORY

Use our directory to find the right course for you.



FIND YOUR PERFECT POSTGRADUATE DEGREE

Our programmes are listed alphabetically by subject area, to help you find all programmes available in your subject(s) of interest.

HOW TO USE OUR DIRECTORY

Programmes are sorted by level, identifying the Masters, Masters-level research and doctoral research options by colour. Visit the website, or send an email, using the details listed in the final column to get more information on your chosen programme.

The typical duration of study for each level can be found in the adjacent table.

Where the length of programme does not fit the standard duration, the programme length will be listed in brackets.

Full-time fees are listed for UK/EU and international students, by using a colour key. Normally, fees for a PG Diploma or Certificate are two-thirds or one-third of the Masters fee, respectively. Part-time fees are pro-rata (or a proportion of the full-time fee) or may be charged on a modular basis.

Programmes available on our Dubai campus and through the Singapore Institute of Management can be found on pages 120–123.

LEVEL	FULL-TIME (FT)	PART-TIME (PT)
PGDip	Usually 8 months to 1 year	Minimum 12 months
MA **MSc**	Usually 1 year	Usually 2 years
MPhil	Usually 2 years	Usually 4 years
PhD	Usually 3 years (plus writing up)	Usually 6 years (plus writing up)

To explore our courses, view module information and apply, use our Course finder: **www.birmingham.ac.uk/pgcourses**

Studying English literature has given me the ability to analyse texts and ask questions at a deeper level. I have gained confidence in developing my own theories and enhanced my communication skills by discussing knowledge beyond my years.

COURSE NAME	FEES	STUDY MODE	DL OPTION	ENTRY REQUIREMENTS: ACADEMIC	ENTRY REQUIREMENTS: ENGLISH	ADDITIONAL INFORMATION AND CONTACT DETAILS
ACCOUNTING AND FINANCE						
Financial Management **MSc**	● £9,900 FT ● £24,120 FT	FT		2:1 Honours degree in any subject, with a pass mark in any quantitative subject	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/financialmanagement mscadmissions@contacts.bham.ac.uk
International Accounting and Finance **MSc**	● £9,990 FT ● £22,500 FT	FT PT		2:1 Honours degree including substantial prior study in accounting and finance subjects	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/int-acct-finance mscadmissions@contacts.bham.ac.uk
International Accounting and Finance **MSc (Pathway 2)**	● £9,990 FT ● £22,500 FT	FT		2:1 Honours degree including substantial prior study in accounting and finance subjects plus proof of ACCA foundation qualification	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/int-acc-finance-2 mscadmissions@contacts.bham.ac.uk
International Accounting and Finance **MSc (Pathway 3)**	● £9,990 FT ● £22,500 FT	FT (16 months)		2:1 Honours degree including substantial prior study in accounting and finance subjects plus proof of ACCA foundation qualification	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/int-acc-finance-3 mscadmissions@contacts.bham.ac.uk
Investments **MSc**	● £9,990 FT ● £22,500 FT	FT		2:1 Honours degree in a relevant subject; applicants must have obtained good grades in mathematical-related modules at undergraduate level	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/investments mscadmissions@contacts.bham.ac.uk
Taxation **MSc by Research**	● £2,190 PT ● £9,660 PT	PT		First-class Honours degree and/or suitable professional qualification with adequate practical post-qualification experience (a minimum of three years would be normally expected)	IELTS 7.0 with no less than 6.5 in any band or equivalent	www.birmingham.ac.uk/msc-taxation m.h.l.vanstockem@bham.ac.uk
Accounting (Research) **MPhil/MSc**	● £4,380 FT ● £19,320 FT	FT PT		2:1 Honours degree and a Masters degree with at least UK merit level in a relevant subject. You must have a strong background in accounting.	IELTS 7.0 with no less than 6.5 in any band or equivalent	www.birmingham.ac.uk/research/business/account-finance m.h.l.vanstockem@bham.ac.uk
Finance (Research) **MPhil/MSc**	● £4,380 FT ● £19,320 FT	FT PT		2:1 Honours degree and a Masters degree with at least UK merit level in a relevant subject. You must have a strong background in finance.	IELTS 7.0 with no less than 6.5 in any band or equivalent	www.birmingham.ac.uk/business/finance/research pgrbusiness@bham.ac.uk
Accounting **PhD**	● £4,380 FT ● £19,320 FT	FT PT		2:1 Honours degree and a Masters degree with at least UK merit level in Accounting or a related subject	IELTS 7.0 with no less than 6.5 in any band or equivalent	www.birmingham.ac.uk/research/business/account-finance m.h.l.vanstockem@bham.ac.uk
Finance **PhD**	● £4,380 FT ● £19,320 FT	FT PT		2:1 Honours degree and a Masters degree with at least UK Merit level in Accounting or a related subject	IELTS 7.0 with no less than 6.5 in any band or equivalent	www.birmingham.ac.uk/research/business/finance pgrbusiness@bham.ac.uk

ADVANCED ENGINEERING MANAGEMENT						
Advanced Engineering Management (Generalist Pathway) **MSc**	● £9,250 FT ● £23,310 FT	FT PT (3 years)		Minimum 2:1 BEng (Hons) or equivalent from a recognised institution	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/aem mscadmissions@contacts.bham.ac.uk
Advanced Engineering Management (Construction Management) **MSc**	● £9,250 FT ● £23,310 FT	FT PT (3 years)		Minimum 2:1 BEng (Hons) or equivalent from a recognised institution	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/aem-cm mscadmissions@contacts.bham.ac.uk
Advanced Engineering Management (Operations Management) **MSc**	● £9,250 FT ● £23,310 FT	FT PT (3 years)		Minimum 2:1 BEng (Hons) or equivalent from a recognised institution	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/aem-om mscadmissions@contacts.bham.ac.uk
Advanced Engineering Management (Project Management) **MSc**	● £9,250 FT ● £23,310 FT	FT PT (3 years)		Minimum 2:1 BEng (Hons) or equivalent from a recognised institution	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/aem-pm mscadmissions@contacts.bham.ac.uk
Advanced Engineering Management (Systems Management) **MSc**	● £9,250 FT ● £23,310 FT	FT PT (3 years)		Minimum 2:1 BEng (Hons) or equivalent from a recognised institution	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/aem-sm mscadmissions@contacts.bham.ac.uk
AFRICAN STUDIES AND ANTHROPOLOGY						
African Studies **MA/PGDip**	● £9,250 FT ● £19,170 FT	FT PT		2:1 Honours degree in Humanities, Social Sciences or other relevant subject	IELTS 6.5 with no less than 6.0 in any band	PGDip duration – 16 months part-time www.birmingham.ac.uk/ma-africanstudies b.rossi@bham.ac.uk
Africa and Development **MA**	● £9,250 FT ● £19,170 FT	FT PT		2:1 Honours degree in Humanities, Social Sciences or other relevant subject	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/ma-africadevelopment r.e.a.cline-cole@bham.ac.uk
Social Research (African Studies) **MA**	● £9,250 FT ● £19,170 FT	FT		2:1 Honours degree in Humanities, Social Sciences or other relevant subject	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/africasocialresearch m.bolt@bham.ac.uk
African Studies **MA by Research/MA by Research by DL**	● £4,380 FT ● £17,880 FT	FT PT	✓	2:1 Honours degree in Humanities, Social Sciences or other relevant subject	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/phd-africanstudies m.bolt@bham.ac.uk
African Studies **MRes**	● £6,120 FT ● £17,880 FT	FT PT		2:1 Honours degree in Humanities, Social Sciences or other relevant subject	IELTS 6.5 with no less than 6.0 in any band	www.birmingham.ac.uk/mres-africanstudies m.bolt@bham.ac.uk

Taught

For the most up-to-date information on our programmes, including modules, search all courses online:
www.birmingham.ac.uk/pgcourses

MEET US **ON CAMPUS**

Find all events, fairs and online chats on our website:
www.birmingham.ac.uk/pgvisit

A prospectus can only tell you so much. The best way to find out what Birmingham can offer you as a postgraduate student is to see for yourself.

POSTGRADUATE OPEN DAYS

Campus open days are an excellent way to explore the campus and local accommodation and you can also speak with our expert support and academic staff to find out more about Birmingham and your course.

Our next dates are:

- Saturday 23 November 2019
- Wednesday 11 March 2020

Reserve your place:
www.birmingham.ac.uk/cafemasters
www.birmingham.ac.uk/cafephd

CAFÉ MASTERS AND CAFÉ PHD

These regular events offer an opportunity to get first-hand, impartial advice on what it is actually like to be a postgraduate at Birmingham. The Cafés are informal social events designed to enable anyone interested in postgraduate study to network with current students over a few drinks.

CAMPUS TOURS AND CONVERSATION

We run monthly guided tours of the campus, at which you will be shown around by a postgraduate student from your subject area. They are a great opportunity to get first-hand advice and to network with current students.

Advance booking is essential:
www.birmingham.ac.uk/pgtours

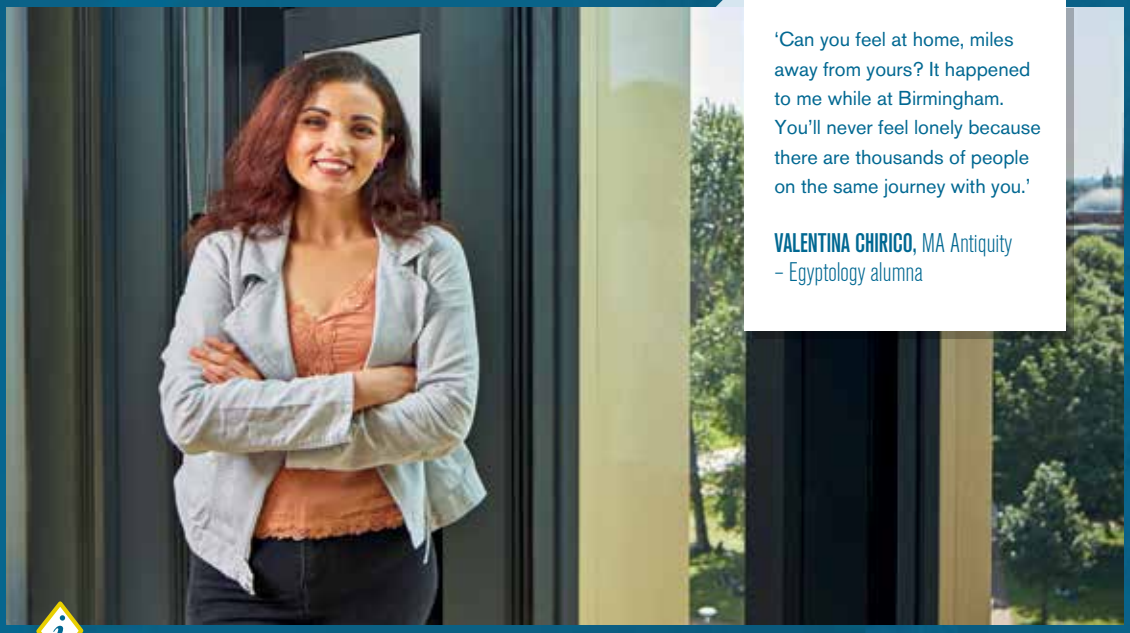
MEET US **ONLINE**

If you still have questions or want to explore something in depth, you can visit our dedicated postgraduate site. You can take part in online events, ask questions to our current students and alumni and read our students' blogs to get an insight into postgraduate study.

1 **ONLINE EVENTS:** Chat with our current students and academic staff about studying and living in Birmingham.

2 **BLOGS:** Read about our students' experiences of postgraduate study and living in Birmingham.

3 **ASK US:** Ask a specific student or staff member a question about postgraduate study any time.



'Can you feel at home, miles away from yours? It happened to me while at Birmingham. You'll never feel lonely because there are thousands of people on the same journey with you.'

VALENTINA CHIRICO, MA Antiquity – Egyptology alumna
