

UNIVERSITY OF
LIVERPOOL

Guide for
International
Students

2020

THE

ORIGINAL

RED

BRICK

Top 200

Ranked in the top 200 universities worldwide (THE, QS, ARWU, Complete University Guide 2020).

1881

Established in 1881: in this year Queen Victoria reigned over Great Britain and the UK had its first street lit with electric light.

Original

We are the original redbrick university.

Nobel Laureates

Associated with nine Nobel Laureates.

27,000

27,000 students on campus, 8,000 of whom travel from all over the world to study here.

228,000

A global network of 228,000 alumni in over 170 countries.

About the University of Liverpool

liverpool.ac.uk/international

Global links

We have a campus in London, and we are the first UK university to establish a joint venture university in China.

Best Students' Union

Awarded best Students' Union at the NUS Awards (2016).

£1 billion

invested in our campus.

Russell Group

Member of the Russell Group.

£95.6m

in funding to support research projects 2017/18.

81%

of our research is rated 'world leading' and internationally excellent in the current Research Excellence Framework.

Top 25

In the top 25 UK universities most targeted by graduate employers (High Fliers Research 2017).

FIRST

in the Russell Group for graduate employability (DLHE 2016/17).

TEF SILVER

awarded a silver rating in 2018.

Our story began in 1881...
*We became one of the
first civic universities.*
The original redbrick.

Nearly 140 years later, we're as original as ever.
We're still welcoming people from every walk of life.
Still colourful and creative.
Welcoming and warm.
Still advancing learning and ennobling
life, just like we always have.
And uncovering world-firsts through
our pioneering research.
Still marching to the beat of our own drum.
Still bursting with character. And characters.
Still shaping the spirit that makes Liverpool
a one-of-a-kind kind of city.
And helping our students forge their own path.
1881 is where our story started.

We were original then.
And we are original now.

Welcome *to* the University of Liverpool

I am delighted that you are considering the University of Liverpool as your choice for international study. Whether you are considering undergraduate or postgraduate study, our excellence in teaching, learning and research, first class facilities and outstanding support will provide you with an inspiring, life-changing student experience, in a diverse international student community. Our staff are at the cutting-edge of their disciplines and if you join us you will be involved in addressing some of the key challenges currently facing society, the economy and our planet. Choosing the right place to study is one of the most important decisions of your academic career. I hope this guide provides you with the information you require and that you will join our dynamic, research-led University and achieve your ambitions in this vibrant, exciting city.

Professor Dame Janet Beer
Vice-Chancellor

Why choose the University of Liverpool?

We are different view points and daring ideas. Unique perspectives and a city bursting with characters.

Study with us and stand out.

We provide thousands of international students with an amazing, life-changing university experience in this energetic, creative, beautiful city!

Worldwide reputation for excellence

- A member of the Russell Group – the prestigious association of the top 24 research-intensive universities in the UK
- Rich heritage stretching back to 1881; we are the original ‘redbrick’ university
- Associated with nine Nobel Prize winners
- Only UK university with full clinical education coverage spanning: Biosciences, Clinical Medicine, Health and Life Sciences, Dentistry and Veterinary Science
- Pioneering global partnerships with Xi’an Jiaotong-Liverpool University in China, Liverpool International College and Kaplan International Colleges, and we have a campus in London
- Our MBA programme is featured in the *Economist’s* ‘Which MBA?’ which lists the top 100 MBA programmes in the world
- Ranked in the top 200 universities worldwide in the QS, Times Higher Education (THE) and Academic Ranking of World Universities (ARWU) 2019/2020 league tables.

Internationally recognised research

- 20th in the UK for research power with seven subjects ranked in the top 10 in the UK’s Research Excellence Framework (both Chemistry and Computer Science ranked number 1 in the UK for 4* and 3* research THE 2014)
- 81% of our research is ranked world leading or internationally excellent
- £95.6 million in funding to support research projects in 2017/2018
- Over 2,000 interdisciplinary research staff
- More than 2,700 research collaborations worldwide.

World firsts and characters that make history

- Rose Heilbron QC studied law here. She was one of the first two women to gain a First Class honours degree in law and went on to become the first female judge to sit at the Old Bailey
- In 1944 Chinese students at the University produced the first Chinese newspaper in the UK – the Hua Chow
- 1896 Physics professor Oliver Lodge took the first x-ray in the UK used for surgical purposes
- Tung Chee-hwa, Marine Engineering BEng, 1960 was the first chief executive of Hong Kong
- Established in 1988, the University’s Institute of Popular Music was the world’s first dedicated centre for research in popular music
- Another of our alumni Dame Stella Rimington, was the first female Director General of MI5.

University campus in a world-famous city

- Liverpool’s impressive waterfront is a UNESCO World Heritage Site. This includes the Royal Albert Dock, the largest group of Grade 1 listed buildings in the UK
- Home of the Beatles and Liverpool and Everton Football Clubs
- More museums, theatres, galleries and listed buildings than any other city in the UK outside of London
- Liverpool has been voted the friendliest city in the UK and one of the top ten cities to visit in the world by travel gurus ‘Rough Guides’
- Whatuni? 2018 winner of student choice award for best City Life
- Liverpool is the fourth most visited city by tourists in the UK (Office of National Statistics 2018)
- Liverpool is the best place in Britain to be a young graduate according to research conducted by Savills estate agency for *The Sunday Times* 2019
- Liverpool is one of the most cost-effective student cities in the UK.

Excellence in teaching and learning

- Renowned for excellent teaching and research that specifically relates to the professions including Medicine, Dentistry, Business, Law, Architecture and Engineering
- A Russell Group University at the heart of two world famous cities, our London campus offers an exciting range of postgraduate programmes and new undergraduate opportunities
- With our state-of-the-art facilities and research-led teaching, conducted in collaboration with industry, we lead the UK’s involvement in the international ‘Conceive-Design-Implement-Operate’ (cdio.org) initiative – an innovative educational framework for producing ‘industry-ready’ engineering graduates
- More than 75% of our undergraduate students receive a First or 2:1 degree.

A friendly, supportive and inspiring student experience

- Personalised and supported entrance into the UK for international students
- Distinctive student experience, learning and teaching takes place at the cutting-edge of disciplines and is driven by research
- With about 60,000 students in total, Liverpool truly is a student friendly city
- Our Guild of Students was voted the UK’s best Student’s Union at NUS Awards 2016
- The University is investing £1 billion in our campus facilities over the next ten years to ensure we continue to meet the expectations of our students
- We offer a generous package of scholarships and awards for international students.

Great career prospects

- First in the Russell Group for graduate employability (DLHE 2016/17). 94% of all our graduates are employed or in further study within six months of graduating
- Our award-winning Careers and Employability service is ranked as one of the best in the UK for engaging with students
- We are in the top 25 UK universities most targeted by leading graduate employers in the UK (High Fliers 2019)
- Dedicated Careers Advisers for international students
- Global community of over 228,000 University of Liverpool alumni.

The University has moved up in all the main UK league tables in 2019.

(THE, The Guardian Complete University Guide).

Our international community

International students are a key and integral part of our student community here at Liverpool. Our International Recruitment and Relations team is here to provide you with information and advice relating to entry requirements, the admissions process, scholarship opportunities and preparing to study in Liverpool.

Liverpool is a truly global university offering a distinctive international experience. Throughout our 139-year history we have welcomed scholars from all over the world and are therefore highly experienced in meeting the needs of international students. We currently have over 8,000 international and EU students from over 130 countries.

We are life-changing research and industry changing opinions. The search for the unknown and the discovery of the new. Study with us and change your own world.

Teaching driven by research with real world impact

As a Russell Group institution, research is central to everything we do. What this means for you is your teaching will be informed and delivered by leading internationally renowned experts and inspirational figures at the forefront of innovation and discovery. You will be challenged to think beyond the textbook, the lecture theatre or the lab and encouraged to apply your learning to the world around you.

You'll graduate with a degree from a university ranked in the top 200 of institutions worldwide, and a range of multidisciplinary skills to ensure you stand out from the crowd.

Everyday our academics and researchers are advancing knowledge and making new discoveries to improve lives. We have globally recognised research strengths in *Advanced Materials*, *Personalised Health*, *Infectious Diseases*, *Digital*, *Heritage* and *Starting well, living well and ageing well*. We are driving breakthroughs in developing new materials with large-scale applications in both industry and consumer products, enhancing the personalisation of health management, and progressing the battle against infectious diseases. For further information on our research activities and opportunities see liverpool.ac.uk/research

Join our inspiring community

Inspiring people to learn and achieve, we help you make the most of life. And by addressing some of the world's toughest challenges, together we help make life better for people everywhere. Here you can do things you may have never thought possible. Because, just like the city of Liverpool, we celebrate individuality and ingenuity, energy and enterprise; and we see how the ideas of one person can reverberate around the world.

We provide our staff and students with the best intellectual, social and physical environment in which to conduct research, teach and learn. You will benefit from our first class facilities and outstanding support, designed to inspire you to learn and achieve and make the most of your time here, and your future after you graduate.

Life in Liverpool is probably the best I have ever experienced. I have loved every bit of my time here studying and living in halls with enthusiastic students from all over the world. I was particularly excited by the research-led teaching and the lecturers who are pioneers in their various fields. I did worry about whether I would like being here and the weather, but I adapted really quickly, I'm very happy to be in this city of Liverpool that I now call home with its wonderful tourist attractions and the people are so friendly and lovely.

University of Liverpool in London

A Russell Group University at the heart of London's professional and business communities.

The University of Liverpool in London, located at the heart of the City of London, delivers high quality, professionally focused education that can help you achieve your career ambitions and goals. London is ranked the best city in the world for university students (QS Best Student Cities 2018) and is home to over 100,000 international students from over 200 different nations.

Our suite of postgraduate programmes are delivered in premium facilities and have excellent links to the professions and industry. We offer opportunities for placements and enhanced career support from one of the UK's leading employability teams.

Our portfolio of programmes is aligned to the professions in the City of London in the areas of:

- Finance
- Accounting
- Business
- Communication
- Design
- Continuing Professional Development.

Many of our programmes have professional accreditations or associations. The quality of your postgraduate experience is key. All University of Liverpool in London programmes (listed on pages 55-60) are delivered by University of Liverpool staff and benefit from the University's research excellence, ensuring you study at the forefront of knowledge in your discipline.

Undergraduate students in subject areas including Industrial Design, Architecture and Urban Planning can benefit from London-based industry involvement by completing the third year of their degree in London. We also run summer schools at our campus in the capital.

For the latest information on all our programmes, and to watch our London campus films, visit liverpool.ac.uk/london

At the University of Liverpool in London I continued my personal development at a university with an excellent reputation in a vibrant city that is a hub for global business.

Be part of a globally connected University

We are all kinds of backgrounds and every kind of future. A diverse university full of characters, in a city bursting with character. Study with us and learn with the world.

We have established partnerships across the globe and attracted staff and students from over 130 countries. We also have students all over the world studying for a University of Liverpool degree at our campuses in Liverpool and London, in China at Xi'an Jiaotong-Liverpool University (XJTLU), or at one of our 150 prestigious exchange partnership universities. If you join the University of Liverpool these partnerships will open additional opportunities for you to study abroad and make your own worldwide networks.

This connectivity means all of our students gain an international experience, either within the classroom studying alongside international students from all over the world, or by taking advantage of our distinctive opportunities to actually study abroad in Europe or further afield in Asia, Canada, USA or Australia.

Our aim is to support our students as you become *highly employable, creative, and culturally rich graduates*, with the capacity to *find employment* that will enable you to be *agents for change* in a *connected world*.

Our international connections

XJTLU

In 2006 the University partnered with top 10 Chinese university Xi'an Jiaotong University, to create a prestigious and innovative joint venture, Xi'an Jiaotong-Liverpool University (XJTLU). XJTLU has been a phenomenal success and it is now the largest international collaborative university in China, with over 15,000 students and a growing reputation for research. As well as graduating with a Chinese degree, students from XJTLU also gain a degree from the University of Liverpool, with many students choosing to complete two years of their degree here in Liverpool. This special partnership with XJTLU also gives our UK based students an amazing opportunity to study in China through a choice of study options at XJTLU.

University of Liverpool, international, home and EU students can either:

- Spend a semester studying your chosen University of Liverpool degree programme at XJTLU (certain subjects only)
- Participate in our innovative Year In China initiative, which will extend your degree as you will spend a year at XJTLU studying Chinese history, language, culture and politics, during, or at the end of your degree
- Or you can attend a choice of Summer School options in China.

XJTLU is located on an ultra modern campus half an hour from Shanghai by bullet train, located in Suzhou Industrial Park (SIP), one of Asia's most successful business parks, a hub for foreign investors and home to over 3,000 international organisations, including more than 156 projects initiated by Fortune Global 500 companies. In 2020 XJTLU will open a second campus in Taicang.

Kaplan International Pathways

Liverpool International College (LIC) and Kaplan International College London (KICL) offer Foundation and Pre-Master's pathway courses to the many international students who attain school leaving qualifications that are not eligible for direct entry to University of Liverpool programmes. Upon successful completion of a pathway course, students are guaranteed entry onto a wide range of our undergraduate and postgraduate programmes at both our Liverpool and London campuses. LIC, an exclusive partnership between the University and Kaplan International Pathways, recruits and prepares more than 800 international students annually for entry into the University's degree programmes, offered in Liverpool each year.

Currently located on campus, LIC is due to open a new, 'live-learn' facility, housing 13 storeys of cutting-edge academic, residential and administrative space in 2020, on the edge of the University campus. KICL offers students Pre-Master's programmes with guaranteed progression to the University of Liverpool in London. For more information, please see kic.org.uk/pathways/

Study Abroad

The University has over 150 carefully selected partnerships with some of the best universities in the world which offer our students the opportunity to study abroad through the Erasmus+ or worldwide Study Abroad programmes. Studying abroad is an amazing opportunity to spend either a part of your Liverpool degree or some of your summer vacation abroad through our network of exchange partner universities in the USA, Canada, Asia, Australia or Europe, often studying modules you can't study in Liverpool. This fantastic opportunity to travel, explore a new country and expand your cultural horizons, will also help you to develop important life skills, meet new friends from all over the world and develop your own global network.

The University of Liverpool has given me the opportunity to be part of a multicultural environment which has helped me to develop my communication and leadership skills. This University really cares about each student's well-being and the city has a soul, Liverpool is a place where people feel comfortable to be what they want to be without fear.

My classmates and I do lots of things together. We go to football matches, discover new restaurants and bars and explore the culture here.

Camila Silva
Business Administration (Football Industries) PG Cert
Brazil

Study Abroad

Study Abroad is an amazing opportunity for you to spend part of your degree or some of your summer vacation abroad. If you would like to experience new cultures, graduate with an excellent degree, boost your employability and make friends for life from all over the globe, then you should definitely study abroad.

Depending on your degree subject you can:

Semester abroad

- Spend a semester at one of our prestigious exchange partner universities around the world
- Study in Europe, Australasia, North America, China and beyond!
- This option does not add any extra time to your degree and is credit bearing (ie counts towards your Liverpool degree).

Year in China

- Add an extra year of study to your degree programme studying in China at Xi'an Jiaotong-Liverpool University (XJTLU)
- Study Chinese language, culture, politics and history by following classes from the BA China Studies programme.

Summer abroad

- Do something different during your summer vacation; spend part of it at one of our partner universities
- Opportunities available in China, Hong Kong, Canada, Malaysia and more...
- Summer programmes are not credit bearing, which means they have the advantage of being open to you whatever degree programme you are studying.

Studying abroad will be the highlight of your degree. It opens you up to new experiences and forces you to adapt to different situations. You will come out of it with some amazing stories that will stay with you for the rest of your life.

Andy Johnson
BSc Geography, studied at National University of Singapore

For more information check out the Study Abroad webpages
liverpool.ac.uk/study-abroad/outbound/

Why study abroad?

Our students report that they develop and enhance a number of important life skills while they study abroad, including self-reliance, confidence and problem-solving skills.

Study Abroad is your chance to explore a new country and become part of a local culture. It is also a great opportunity to travel to nearby countries, expanding your cultural horizons.

Our carefully selected exchange partnerships, with some of the best universities in the world, offer students the chance to study modules that you can't study in Liverpool.

Students who participate in Study Abroad often obtain better marks compared to non-mobile peers.

Study Abroad students often use their exchange in their job search, using their experience to make them stand out in interviews for internships and jobs.

Students who participate in Study Abroad are more likely to earn a higher than average salary.

For more information check out the Study Abroad webpages
liverpool.ac.uk/study-abroad/outbound/

International Summer School

If you would like to study and live on a city centre campus in the vibrant and friendly city of Liverpool, why not attend our International Summer School?

The International Summer School gives you the opportunity to study with us and gain credits towards your degree programme!*

We welcome international students to be part of a programme that is innovative and flexible. It showcases some of our academic specialisms and offers you a taste of the world-class academic expertise available here at Liverpool. Why not take the opportunity to make friends from around the world by joining this exciting programme, which last year attracted students from 14 countries over five continents including the USA, Mexico, India, Australia and Italy. You will be joining a truly global student body within a university which each year welcomes over 8,000 international students onto its Liverpool campus, which also offers excellent welfare support through our dedicated International Advice and Guidance team.

- Live in first-class, secure accommodation on the University campus
- Select our six-week course or choose one of our three-week courses
- Access one of the UK's finest university libraries
- Enjoy the benefits of membership of the University of Liverpool Alumni Association on completion of your course.

Our inclusive social programme also allows you to see other parts of the UK and to have fun mixing socially with other students. There is always something going on in Liverpool and you can fill the weekends with activities of your own choice, either in the city or further afield.

Please note, to apply for our International Summer School you should be a student at any university worldwide (undergraduate or postgraduate) and be over 18 by 14 June 2020. To ensure that all our students get the most from the programme, we ask for a good level of English, equivalent to IELTS 6.0. You do not need to submit an IELTS certificate, as we can supply you with an online test or advise you whether another proof of your English level is acceptable.

If you would like further information about our International Summer School please visit our website liverpool.ac.uk/internationalsummerschool

*Credit transfer will be dependent upon regulations at your home institution.

My experience at the University of Liverpool was really good. I made lots of friends from different parts of the world. I got exposure to one of the best infrastructures and the highest standard of teaching I could have asked for. Liverpool is a great city with such a friendly environment.

Juliana B. Guimarães
Centro Universitário IBMR
Brazil

English Language Summer Schools

If your English level is not yet equivalent to IELTS 6.0 you can still attend a summer school at the University of Liverpool. You can join the English Language Centre's innovative Activate English course and study alongside students from around the world.

Activate English offers you the opportunity to:

- Choose afternoon study options to suit you, Project Based Learning, English for Business or IELTS preparation
- Choose your start and finish date and your length of study
- Enjoy a full social programme included in your course fee
- Live in first-class, secure accommodation organised by the University accommodation service
- Enjoy the benefits of membership of the University Alumni Association on completion of your course.

Applications welcome from Elementary to Advanced level students.

The English Language Centre also builds tailor-made programmes for groups who wish to attend an English Language Summer School.

If you would like further information about Activate English please visit our website liverpool.ac.uk/ELC

Liverpool Guild of Students

Liverpool
Guild of
Students

As soon as you join the University of Liverpool, you automatically become a member of the Guild of Students – your Students Union. The Guild is at the heart of student life. Led by students for students our vision is to improve, develop, support and enrich the lives of all students to ensure you make the very most of your time at university.

Guild Officers 2019

Here's a taster of what Liverpool Guild of students is about and how you can get involved:

Advice

We offer free confidential and independent advice on academic, financial and housing issues to our students.

liverpoolguild.org/advice

Change it

If you have any ideas on how to improve your university experience submit them to our 'Change It' site and we can help bring your ideas to life.

liverpoolguild.org/change-it

Course reps

Our course reps work with staff and students to identify, discuss and improve issues which can affect your academic experience. Being a course rep is a great way to boost your CV and meet new people. liverpoolguild.org/main-menu/represent/academic-representation/course-reps

Eat and drink

Our social spaces have something for everyone; early morning coffee, lunch, live music gigs, bars where you can chill out with friends, play pool or watch live sport events.

Much like the city it is in, the University of Liverpool is full of energy. The Guild organises plenty of events to look forward to including all the societies which make the whole student experience come to life and gives you a good academic and social balance.

Reisydah Binti Haji Abdul Hamid
Occupational Therapy BSc
Brunei

Green Guild

Our green team provide students with opportunities to think green and become more sustainable through student-led volunteering and social enterprise projects.

liverpoolguild.org/greenguild

Halls Student Committees

These committees organise exciting events and trips to ensure all students living in halls have a great time.

liverpoolguild.org/main-menu/representation/halls

Give it a Go

Coming to university is all about exploring new experiences. Our *Give it a Go* programme is packed with affordable trips and activities to enrich your university experience and learn new skills.

liverpoolguild.org/giag

Student officers

The role of the four officers elected every year by students is to continually make improvements to your student experience.

liverpoolguild.org/your-officers

Societies

With more than 200 student-led societies you can meet new friends, enjoy shared interests and hobbies, or try out something completely new. You can even start your own society.

liverpoolguild.org/groups

Volunteering

Our volunteering platform offers fun and rewarding opportunities that will help to develop your skills and boost your CV and career prospects.

Sport Liverpool

Sport Liverpool provides something for everyone. Our excellent facilities and dedicated team of expert staff will help you to enjoy a fantastic range of different sports and activities, meet new people and have fun whilst improving your fitness, health and wellbeing.

I'm passionate about sports, that's why I joined the men's volleyball team and I play football in a campus team too. The University of Liverpool is a place where you can be who you are and be accepted. It feels like I am part of something bigger; there's a real sense of community.

Fabian Beckmann
International Business MSc
Germany

Excellent facilities

- A 25-metre swimming pool and shallow water pool
- Two sports halls and four squash courts
- A comprehensive gym and weight training area plus dance and spinning studios
- Bouldering wall
- Supportive staff and personal training sessions.

Club sport allows you to join one of our 53 student-led sport clubs which represent us in the British Universities and Colleges Sport leagues (BUCS).

Campus sport provides you with the opportunity to try lots of different sports at a recreational level. There are internal leagues in football, netball, hockey and futsal.

Turn up and play, keep fit and enjoy the sports you love on an informal basis. Membership of our Sports and Fitness Centre includes access to a wide range of organised group exercise classes to suit all levels of ability, such as Spinning, Pilates, HIIT, Les Mills Body Pump, Body Balance and GRIT.

Off campus facilities

Our Wyncote Sports Grounds are amongst the best in any UK university and include:

- 10 senior football and four rugby union pitches
- Floodlit hockey astro, 3G football pitch, a floodlit 3G rugby training area and two lacrosse pitches.

We also have a state of the art gym, dance studio, small 3G pitches and an outdoor tennis and netball court at our Greenbank Student Village.

Elite Athlete Scheme

Our Elite Athlete Scheme supports athletes competing at a Junior, Under 21, Senior, National or International level in any sporting discipline. The scheme offers a cash contribution per academic year, plus free gym membership, physiotherapy, strength and conditioning and sports psychology sessions. For further information and application form visit our website liverpool.ac.uk/sports/performance/elite-athlete-scheme/ or email [E: athlete@liverpool.ac.uk](mailto:athlete@liverpool.ac.uk)

For general information visit the website liverpool.ac.uk/sports or call **T: +44 (0)151 794 3307**

Wellbeing

We understand that looking after your fitness can not only help you look good, but make you feel great too. Feeling fit and healthy can help with managing the stresses and strains of everyday life, and lead to improved performance at work, or even better academic results. So our approach to wellbeing is not just about sport, it's about helping you develop a mind-set, a real work-life balance that enables you to get to where you want to be.

Accommodation

Living in University accommodation is an excellent option for international students, particularly in the first year of studying in the UK.

If you're leaving home for the first time, don't worry, the Accommodation team will make sure you have everything you need to feel at home in our University accommodation.

Our University residences offer you a comfortable, friendly, safe, top quality, cost-effective place to live, with a strong residential support network including staff and Residential Advisers in each location who are there to support you. Our Halls Student Experience team organise exclusive social events for students to help you to integrate with other new first year students, develop a close knit community and create lifelong friendships.

We offer a great choice of accommodation at the University to suit all students' needs. You can choose from a number of different University residences including our Greenbank Student Village which is off campus, and our wide range of City Campus room options which include single, deluxe, premier, premier plus, studio and premier studio apartments. All University room rates include the cost of your private study bedroom, utility bills, insurance for your belongings, broadband and use of shared communal areas.

Greenbank Student Village

With its historic parkland and listed mansion house, Greenbank Student Village is home to a thriving community of approx. 1,350 first-year students in self-catered, en-suite accommodation, with a vibrant social scene. Newly built facilities include a mini gym, a 3G football pitch and large outdoor green spaces for summer activities.

Greenbank is located in the leafy residential area of Mossley Hill approximately three miles (a short bus ride) from the main University campus and the city centre.

For more information on what is available at Greenbank Student Village, visit liverpool.ac.uk/accommodation/halls

City Campus Residences

On-campus accommodation at Liverpool is extremely popular with current students due to the range of choice available. We offer self-catered and catered options (which includes breakfast and three course evening meal). All residences are new or recently refurbished, which highlights the commitment of the University's investment into providing a world-class student experience at Liverpool. Our campus residences are within easy walking distance of the University's academic departments, recreational facilities including the Guild of Students, University libraries and our Sports and Fitness Centre. The city centre is just a short walk away.

Crown Place, Philharmonic Court, Vine Court, and Dover Court

These modern residences offer a high standard of accommodation. Study bedrooms are en-suite with WiFi connection and shared kitchen and lounge areas. All include laundrettes, outdoor social spaces and communal chill-out spaces. Vine Court has an excellent restaurant.

Melville Grove

This residence has recently undergone a huge refurbishment programme. Rooms are self-catered with shared kitchen and bathroom facilities.

For a comprehensive list of accommodation prices please see overleaf, please note, these fees are for 2019 entry, 2020 fees will be available on our website liverpool.ac.uk/accommodation/documents

Accommodation guarantee

We guarantee University accommodation to single international students who have firmly accepted an unconditional (UF) or conditional firm (CF) offer of study, if you have applied online for accommodation through our accommodation website by 31 July 2020. We recommend you submit your application as early as possible. You will be asked for three preferences which the accommodation team will use as a guideline, however we cannot guarantee your choices.

If you accept a University of Liverpool conditional insurance (CI) offer you should also apply for accommodation as soon as possible, as we are often able to offer you university accommodation too. However CI offer holders are not included within the accommodation guarantee.

To get a feel for what it's like to live in our accommodation, view videos of current students telling you what each hall residence is like liverpool.ac.uk/accommodation

You can also see a series of 360° images of rooms and facilities on our Virtual Open Day liverpool.ac.uk/virtual-open-day

If you apply after the guarantee deadline and there is no University accommodation available, Liverpool Student Homes (LSH) will be able to offer you advice and support in finding appropriate accommodation in the private sector.

*Dover Court residence is primarily for returning students (2nd, 3rd, 4th year).

The experience of studying and living in a different culture is very special. It teaches me how to treat people from different backgrounds with an open mind and how to appreciate every individual. I'm enjoying the learning process of my course and I chose every module based on my key interests so I'm enjoying everything I'm learning. I also like the relaxing environment here it gives me space to think about things. Living in Uni halls also gives me opportunities to learn more about people and the culture here.

Learning *resources*

Investing in the student experience is important to us so you can be assured that your studies will be supported by the very latest technologies, facilities and resources.

The University libraries

- Two million books
- 94,000 electronic journals and online access to most major databases
- 845,000 e-books including academic texts, reports and conference proceedings
- Extensive special collections, such as Europe's largest Science Fiction collection, plus rare books and manuscripts
- Electronic resources can be accessed from any computer and most mobile devices
- 24/7 access on or off campus to the library catalogue, the programme notes your department has put online and a fantastic array of learning materials
- Both the Sydney Jones and Harold Cohen libraries are open 24/7 throughout the academic year providing computer and study space
- Laptop loan service
- Zoned workspaces to provide silent, quiet and group study space
- The Library App (iOS and Android) enables easy access to the library and the ability to borrow books without your ID card
- 'Pass the Book' provides an innovative student-to-student marketplace for second-hand text books and often includes key texts from reading lists.

liverpool.ac.uk/library

 @LivUniLibrary

IT services

- 24/7 service desk including a self-service portal to help you with any IT query
- 20GB of secure file space to save your work throughout your studies
- Over 2,000 computers are available across campus
- High speed WiFi available for laptops, tablets and mobiles
- 24/7 computer access in libraries
- Free software to install on your own computer, including the latest versions of Microsoft Office and antivirus software
- Free mobile apps that let you access your timetables and coursework wherever you are
- Activate your account once your place is confirmed to access University email and IT resources before you arrive.

The *Mobile Learn* app gives you access to **VITAL** on your mobile wherever you are.

Online learning environment

Virtual Interactive Teaching at Liverpool (VITAL) supports learning and teaching activities online. This enables quick and easy provision of your programme materials; communication tools such as discussion boards and virtual chat facilities, view recorded lectures online to support your study and revision. All our students also have access to Lynda.com from LinkedIn. A leading online learning platform that helps anyone to learn business, software, technology and creative skills to achieve personal and professional goals.

Learn a new language and open up your world

In today's increasingly globalised society graduates who speak another language are in high demand. We give all our students the chance to take up or continue learning a language in a number of ways; as a named degree programme specialising in language and culture; within your degree as a credit bearing minor subject; or as a non-credit bearing, standalone unit on top of your degree. Languages offered include French, Spanish, German, Chinese (Mandarin), Italian, Portuguese, Basque or Catalan. Courses are available at beginner, intermediate or advanced level. Visit liverpool.ac.uk/languages

Learn something completely new

Continuing Education provides a range of flexible short courses for students including; beginners' languages, creative writing, digital marketing, leadership, music production and much more! With reduced rates for students and evening and weekend courses, the programme is flexible enough to fit around your studies. See liverpool.ac.uk/continuing-education/

The standard of education provided by the University, especially the number of contact hours is excellent. The many facilities and social amenities make studying easy and convenient, from the departments themselves to the libraries and the Sport and Fitness Centre. I am a member of the Afro-Caribbean Society and Legal Society and as a law student I enjoy visiting the courts and attending law clinic programmes.

Our support services

Whatever help you need our support network is here to help you.

International Advice and Guidance (IAG)

The IAG team provide specialist advice to all international students on a wide variety of issues including immigration, visas, personal, practical and financial matters. IAG work with students, University departments and the Liverpool Guild of Students to improve the overall experience of our international students. We are available throughout the year to support you before, during and after your studies in the UK. We have lots of useful information on our website or you can contact us directly if you need specific advice.

For more information please contact

T: +44 (0)151 794 5863

liverpool.ac.uk/studentsupport/international

Health

In the UK, the National Health Service (NHS) is the state health service. After paying a health service charge of £300 per year as part of your visa application process you will be able to access free NHS health treatment. The NHS is available to students from countries with reciprocal healthcare agreements, such as many European countries. European students should apply for a free European Health Insurance Card (EHIC) in their home country before travelling to the UK. Please see the UKCISA website for further information ukcisa.org.uk/Information--Advice/studying--living-in-the-UK/Health-and-healthcare

Brownlow Health Practice on campus provides free health treatment to students. It is a full-time general practice offering medical services to students on campus provided by GPs and nurses. Surgeries are held every weekday
T: +44 (0)151 285 4578/4784
brownlowhealth.co.uk

Student Administration Centre

Located in the centre of campus, staff at the centre can provide you with help and information relating to registration and administrative processes.

Religion

As you might expect in a city of this size, Liverpool has places of worship for virtually every religion and faith and we can help you find them. Faith Express is the centre for faith information on campus. The University also has a purpose built Muslim Prayer Room in the Sydney Jones Library, Christian chaplains and student societies for other faiths such as Baha'i, Buddhism, Hinduism, Judaism and Sikhism

liverpoolchaplaincy.co.uk

Counselling service

We provide confidential counselling and support to help students with personal and emotional problems affecting their studies and general wellbeing, both on an individual basis and through our programme of workshops. Topics include optimising performance, managing anxiety and confidence building. Visit our website for full details about all the services we offer.

Mental Health Advisory Service

Our full-time service is available throughout the year to support students experiencing difficulties. We are also available to advise students considering making an application to study. T: +44 (0)151 794 2320

E: mentalhealthadviser@liverpool.ac.uk

Support for disabled students

Our Disability Advice and Guidance team work closely with students and academic schools/ departments to offer practical help and appropriate support to meet the individual needs of students with a disability to ensure you succeed on your course, reach your full potential and reduce any disadvantage you may experience as a result of any disability.

Examples of support we offer include:

- Confidential one-to-one disability adviser appointments and drop-in
- Assistance with obtaining funding to support disability-related study needs, eg access to loans, specialist equipment and assistive software
- Identification of individual reasonable adjustments
- Liaison with academic departments and other University teams to communicate and implement individual support requirements
- A disabled student network forum
- Assistive software workshops
- Provision of study assistants eg laboratory assistants, transitional support workers, note takers, mentors, library assistants, study skills tutors.

Diversity and Equality

The University is committed to ensuring that all students are able to succeed, and we are committed to ensuring that no students experience any form of disadvantage because of their age, disability status, gender reassignment, pregnancy or maternity, marriage or civil partnership, race or nationality, religious belief or non-belief, gender, or because of their sexual orientation. liverpool.ac.uk/diversity-and-equality

Childcare facilities

Our purpose-built Children's Centre on campus provides full-day care places for babies and pre-school children. The Centre also runs play schemes for children during school holidays.

Careers and Employability

Our award-winning Careers and Employability team are here to help you make the most of your time at the University. We provide expert advice, support, and resources for international students to help you prepare for your future, give you a head start in the graduate job market and achieve your ambitions.

As a student at the University you will have full access to up-to-date resources and support in the Careers Studio located in the centre of campus, or online at liverpool.ac.uk/careers

Our support is focused around three themes, helping you to **Apply for jobs**, **Connect with potential employers**, and **Explore career opportunities**. Our Career Studio offers an informal and welcoming space to work on job applications with our Career Coaches, meet leading employers, and discover the latest placement, internship, and graduate vacancies.

The peer-to-peer support from our team of Career Coaches includes help with:

- Career planning
- Understanding the job market
- Finding and applying for jobs and internships in the UK and overseas
- Making effective applications through CVs, letters and application forms
- Preparing for job interviews
- Performing effectively at assessment centres
- Strengthening your networking skills, including digital networking.

We also offer a comprehensive programme of careers seminars, workshops, fairs and industry networking events that are open to all students.

In addition, we offer a series of careers related events specifically for international students. These workshops are delivered by careers staff and our International Advice and Guidance team in collaboration with external organisations. Sessions also include talks and presentations by professional industry bodies and organisations.

We have a wide range of online resources to help with everything from researching potential employers to creating the perfect CV. You can also book practice interviews or have a go at online recruitment tests to help before it comes to the real thing.

The Careers and Employability team provide general advice on working in the UK, but not specific visa advice. Our colleagues in International Advice and Guidance can help you with this, visit liverpool.ac.uk/studentssupport/international for more information. You can also access information on how you can work in the UK at ukcisa.org.uk

As a University of Liverpool student you will have access to a wide range of job opportunities via our CareerHub website. These include:

- Graduate jobs and internships
- Year in Industry placements
- Summer Internships and Insight Schemes
- Part-time jobs for students.

Recent employers of our international graduates include: Accenture, Amazon, Arup, Bank of China, Grant Thornton, HSBC, IBM, KPMG, Jaguar Land Rover, Liverpool Football Club, PwC, Sony, Unilever and University of Liverpool.

International students offer employers a wide range of skills and experience, including language skills, cultural awareness, adaptability and diversity. To maximise your chances of finding work both in the UK and abroad, it is important that you continue to develop your employability skills through the many opportunities provided whilst you are at university such as volunteering, gaining work experience, extracurricular activities, networking opportunities, and activities to improve your English language skills.

If you are considering graduate or internship opportunities in the UK or abroad for the following summer, it is important that you research and apply for these opportunities early as many of the larger schemes will have closing dates in the autumn term.

Employers who regularly visit the University to talk about their opportunities for students and graduates include: PwC, Arup, Deloitte, Astra Zeneca, KPMG, HSBC, IBM, Fujitsu, and Unilever. Last year we welcomed more than 200 top employers onto campus to speak to our students.

As one of the top 25 UK universities most targeted by global graduate employers (High Fliers Research 2018), and 22nd in the QS Graduate Employability Rankings 2018 for graduate employability, our students enjoy high employability rates, with 94% of all the University's graduates in employment or further study six months after graduation (DLHE 2017/18).

I have received lots of help from the Careers and Employability service. I have received one-to-one advice and help with applications and interviews which has helped me secure a part-time job here. I have also attended career seminars which have helped me become more employable and find graduate work after my studies.

My time at Liverpool was nothing short of extraordinary. I was able to immerse myself in the University's community through the basketball club and working as an International Ambassador. I travelled around the UK, Ireland and Europe learning more about different cultures and the world beyond the U.S.A – an education unto itself. Last but not least I got to study Politics and Mass Media, a passion of mine and one that with the help of Liverpool I have been able to translate into a successful career at CBS News.

Sean Gallitz

City life

We are steeped in history and stories just beginning. A place to belong, start from, and always come back to. Study with us and belong.

Energetic, beautiful, creative and welcoming... there's nowhere quite like Liverpool. As a traditional port-city we have a diverse population drawn from a wide range of countries, cultures and religions from around the world and we are sure you will feel at home here.

- Liverpool has the *oldest Chinatown in Europe* and is home to the *largest Chinese gateway arch outside of China* built to commemorate the twinning of Shanghai and Liverpool
- Liverpool was home to the *first Mosque in the UK*, the *Abdullah Quilliam Mosque*
- The University has an active Islamic Society who host Friday prayers in our *purpose built prayer room* and *break fast together during Ramadan*
- The city is home to *Britain's most established African community* dating back to the 1730's and each year Liverpool hosts *Africa Oyé* – the biggest live free *African music festival* in Britain
- You can *dance to Samba* music at *Brazilica Music Festival*, held in Liverpool every year
- The *Malay speaking Circle* unites *Malay speakers* from *Malaysia, Indonesia, Brunei* and *Thailand* each month
- Many international supermarkets in the city sell *international ingredients* and *Halal meat is widely available throughout the city*
- Many restaurants, cafés and shops *cater for vegetarians.*

Culture

With more galleries and museums than any city outside London, Liverpool is a cultural paradise; from old masters to modern masterpieces and cutting-edge film, photography and visual arts. Turn a corner in Liverpool and you will stumble across a theatre venue the most renowned of which stage premieres by local and international writers, as well as hosting popular touring West End productions.

- Walker Art Gallery
- Tate Liverpool
- FACT
- Bluecoat
- Museum of Liverpool
- The Liverpool Slavery Museum
- Merseyside Maritime Museum
- Everyman Theatre
- Liverpool Playhouse
- Liverpool Empire
- Unity Theatre
- Secret Garden Cinema

Eating out and night life

There is an incredible range of cafés, bistros and restaurants in Liverpool appealing to all tastes and budgets. Enjoy food in the chilled out, bobemian surroundings of Hope Street, or you can enjoy fine dining alongside breathtaking 360° views across the city from Panoramic 34.

- Chinatown
- Yuet Ben
- Neon Jamon
- Camp and Furnace
- Fatoush
- The Quarter
- Greekosophy
- The Egg Cafe
- Papillon
- Shipping Forecast
- Pima at the Hilton
- Heebie Jeebies
- CIRCO Never Ever Land
- Kingdom
- 24 Kitchen Street

With over 250 city centre bars, pubs and clubs and plenty of student nights to pick from it's no surprise users of Trip Advisor voted Liverpool as Britain's Best Nightlife destination. ↓

Shopping

Liverpool is a shopping destination to rival any city. Liverpool ONE houses 160 shops that are open late into the evening, along with restaurants and a multiplex cinema. Nearby, there is high-end and designer fashion at the Met Quarter and Cavern Walks and just a short walk from there you can find small, eclectic boutiques and quirky shops, in Bold Street, offering a range of styles from urban streetwear to vintage.

- Liverpool ONE
- Met Quarter
- Cavern Walks
- Grand Central
- Bold Street

Liverpool ONE houses over 160 shops, bars and restaurants and a multiplex cinema right in the heart of Liverpool city centre. ↓

Relaxing

You might be surprised to find how green Liverpool is, the city has a wealth of beautiful parks. In the south of the city you will find Sefton Park and Lark Lane, home to chilled-out bars, restaurants and an eclectic mix of independent shops. As a coastal city we also have some beautiful beaches. To the north of the city you will find Formby, an unspoilt stretch of National Trust coastline with fantastic sand dunes and forests. Or head to Crosby Beach to see Antony Gormley's 'Another Place', an installation of 100 life-size cast iron figures facing towards the sea. Liverpool is also within easy reach of the Lake District, North Wales and the Peak District.

- Sefton Park
- Calderstones Park
- Lark Lane
- Croxteth Country Park
- The Royal Albert Dock
- Formby
- Crosby Beach
- Lake District
- Peak District
- North Wales

Music and festivals

Whether you prefer to see big names in stadium size venues or the newest unknown talent in underground clubs, Liverpool is the place to be. Classical music fans should not miss the world renowned Royal Liverpool Philharmonic Orchestra. Year-round Liverpool draws crowds to its internationally acclaimed music and cultural festivals. You can be sure Liverpool is always celebrating something.

- M&S Arena Liverpool
- Liverpool Philharmonic
- Camp and Furnace
- The Guild
- Liverpool Sound City
- Liverpool International Music Festival
- Africa Oyé
- Creamfields
- Brouhaha
- Brazilica
- Liverpool Pride
- Mersey River Festival
- Liverpool Biennial

Sport

Liverpool is sport mad. Home to two of the Premier League's biggest football teams, Liverpool FC and Everton FC, both grounds are a mile or so from the city centre. Aintree Racecourse is home to one of the highlights of the annual horse racing calendar, the Grand National. Locally there is county cricket, world class golf courses on 'England's Golf Coast' such as Royal Birkdale, Rugby League at St Helens and Widnes, and ample opportunities for water sports at the Liverpool Watersports Centre and the coastal outskirts of the city.

- Liverpool FC
- Everton FC
- Aintree Racecourse
- Liverpool Cricket Club
- Royal Birkdale
- Royal Liverpool Golf Club
- St Helens Rugby FC

Undergraduate programmes

You can choose from an extensive range of hundreds of undergraduate programmes including: Accounting, Aerospace Engineering, Architecture, Biochemistry, Business, Computing, Electronics, Environment and Planning, Geology, Law, Medicine and Zoology.

Our undergraduate programmes, fees and entry requirements listed on the following pages are grouped by Faculty. We have three Faculties at Liverpool, Health and Life Sciences, Humanities and Social Sciences and Science and Engineering. For further information and details of modules see liverpool.ac.uk/study/undergraduate/courses

What I enjoy most about my course is the large amount of practical, hands-on learning it offers. I have also thoroughly enjoyed developing my approach to patients and learning how to effectively communicate with them to provide the best quality health care. I love the fact that everyday I'm learning something new and expanding on my knowledge. There is so much support for students on my course, if I ever need help it is always available.

[†]No score less than 4.

*Including Mathematics.

I appreciate how helpful and nice all the staff are here. You feel supported in your studies and the great tutorial system aids learning and helps you manage workloads. All the lecturers are very professional and enthusiastic about their subject, which is something I really value. Liverpool is the perfect city in my opinion. It's not too big, so it's not overwhelming and chaotic, but it's big enough for it to be vibrant and exciting and to offer everything you could ask for and it is also really, really pretty. Liverpool also has an amazing music scene, festivals, concerts and other musical events take place in the city and almost every week nightclubs and bars host events for all kinds of music genres.

Denise Lillini
BA (Hons) French and Mathematics
Italy

Honours Select

Choosing a subject to study at university can be a daunting task, and we understand that a lot can change once you start studying. Honours Select gives you the flexibility to design your own joint honours degree from a vast range of subjects across the Faculty of Humanities and Social Sciences.

With 30 different subjects and over 200 subject combinations to choose from, you can select a degree that is tailored to your interests, academic strengths and career aspirations.

The Honours Select framework gives you additional flexibility. For the majority of combinations it gives you the opportunity to continue with both subjects at 50% or you can choose to increase/decrease a subject weighting by 25% at the end of your first year, if you find you enjoy one subject more than the other, or you feel one of your subjects is more relevant to your future career goals.

Example: You may choose to apply for Joint Honours 'English and History', but after Year One opt to decrease the 50% weighting of History by 25% and increase the weighting of English to 75%.

There are exceptions to this principle.

The weighting of any University of Liverpool Management School subject cannot be increased. If you wish to obtain a Qualifying Law Degree in order to practice Law you will need to study a Single Honours Law Degree (100%) or one of our named Major/Minor programmes with 75% in Law. It is also not possible to increase the Law component of any 50/50 programme involving Law, due to specific module requirements for qualifying law degrees. In addition, Games Design Studies is currently only available at 50% or 25%.

Entry requirements

For the majority of Joint Honours (50:50) combinations, the entry requirement is ABB. The exceptions are where both subjects have an entry requirement of BBB, in which case the joint entry (50:50) requirement will also be BBB. You will need to satisfy the subject specific entry requirements, including GCSE, for both subject areas.

How does it work?

Use our 50/50 combinations grid on our website to choose your first subject of interest from the vertical list, then working across the grid see if it is available to be studied in combination with your second subject of interest on the horizontal list. Available combinations show the relevant UCAS code to use when applying, combinations that are greyed out in the grid are not currently available.

liverpool.ac.uk/study/undergraduate/courses/honours-select

We offer the chance to combine subjects from across the Faculty of Humanities and Social Sciences with a language, at a variety of weightings. For more information see liverpool.ac.uk/languages

Study abroad with Honours Select

Students studying under Honours Select can still apply to study abroad, as long as both subjects have compatible partners. See course details on our website for more information.

Undergraduate programmes: How to apply

All students applying for an undergraduate programme do so through UCAS (the Universities and Colleges Admissions Service).

UCAS is a central online application system allowing students to apply for up to five courses in the UK via one application. Students would normally apply for a specific programme at five different universities, but you can apply for more than one programme at a specific university. For example, you could apply for Politics at Liverpool as well as International Politics and Policy at Liverpool. The application deadline for international students is 30 June 2020.

Help with your application

For more information about completing your application you can use the following sources:

- The UCAS website at ucas.com
- Our representatives in your country, full contact details can be found on our website on each specific country page liverpool.ac.uk/study/international/countries
- A British Council office in your country britishcouncil.org
- Your school counsellor.

If you miss the UCAS International application deadline you can still apply to us.

Every summer the University of Liverpool opens its International Vacancy Service (also known as International Clearing) where you can apply directly to the University for non-clinical programmes that still have places available.

International Vacancy Service

To apply via our International Vacancy Service you need to be classified as an international or EU student and should be in possession of all your original or certified/notarised copies of academic transcripts. At this point in the recruitment cycle we are usually able to process applications very quickly and you would normally hear whether your application has been successful within a few days.

The International Vacancy Service opens at the beginning of July and closes in August. It will be promoted on our website liverpool.ac.uk/study/international

Postgraduate programmes

The University of Liverpool offers postgraduate taught programmes and research opportunities in a huge range of areas including Biological Sciences, Computer Science, Dentistry, Engineering, Environmental Sciences, Law, Management, Physics and Urban Planning.

The following pages list all our postgraduate programmes and fees. Our master's programmes usually last for one year and start in September (we do not have a January intake). You can study Master of Arts (MA) or Master of Science (MSc) programmes as well as Master of Research (MRes) programmes. MRes programmes usually involve more independent study than an MA or MSc and are often a route to PhD study.

MSc Programmes with a Year in Industry

To meet the increasing demand for MSc students to have industry experience the School of Electrical Engineering, Electronics and Computer Science now offers six, two year MSc programmes that include a year in industry, to ensure students obtain invaluable work experience and an opportunity to put their knowledge into practice.

Postgraduate Research Opportunities

Research degrees take one to two years for an MPhil qualification and three to four years for a PhD. Start dates for research degrees are more flexible but many students still start in September.

To see more detailed information on all the postgraduate degree programmes including an overview, modular detail, and admissions information, visit our website liverpool.ac.uk/study/postgraduate-taught

To find out more about postgraduate research opportunities at the University please visit liverpool.ac.uk/study/postgraduate-research

The University of Liverpool has opened up a world of opportunities for me. I have truly discovered how to become a better version of myself here. It is quite outstanding how many things I have learnt in such a short period of time and everyone has been extremely supportive, any international student would feel welcome at this University. Lecturers encourage independent thinking and all modules place an emphasis on practical work.

Iuliana Consuela Smaranda

The University of Liverpool, offers a vibrant atmosphere and top-class education. I love the level of teaching, friendly approach of my professors and the amazing Sydney Jones library. My course takes a quantitative approach to the study of Economics which makes it more career oriented. I'm also impressed with the facilities provided by the University, such as the Know How workshops, the Careers and Employability service, the various sport groups, societies and volunteering opportunities, you can never be bored here.

Every time I explore a new part of Liverpool I'm amazed and I fall more and more in love with this the hometown of The Beatles and iconic Anfield stadium.

Postgraduate programmes: How to apply

You should apply for all postgraduate study opportunities at the University of Liverpool online. liverpool.ac.uk/study/postgraduate-taught/applying

We cannot assess your application until we receive your completed form and as much of the supporting documentation as you have available, including:

- School or college transcripts or certificates
- University/degree transcripts and certificates upon completion. (Partial transcripts are acceptable at point of application)
- Evidence of English language ability
- A personal statement explaining why you want to undertake the programme and why you feel you are a suitable candidate
- Details of two people prepared to provide references (they should be academic references if you have been in full-time education in the last three years)
- A research proposal (if applicable)
- CV (if applicable)
- Portfolio (if applicable).

Our network of local Overseas Representatives (educational agents) will be able to assist you with the application process and provide you with advice on key issues. For details of all our overseas representatives see liverpool.ac.uk/study/international/countries

Fee deposits

The University operates a fee deposit scheme for all international postgraduate master's students. Once you have received a conditional offer you should pay your fee deposit of £1,000 as it is a specified condition of your offer. Your offer will not become unconditional until the deposit has been paid.

The University will also only issue a Confirmation of Acceptance for Studies (CAS) once your deposit payment has been made, and any academic conditions required have been met. Your CAS is an essential document when you are applying for your Tier 4 student visa through the UKVI. The fee deposit amount will be offset against your tuition fee at the start of the academic year. Students exempt from paying a deposit include those sponsored by a third party (government or commercial organisation), students who are in receipt of an approved scholarship or studentship covering the full cost of tuition fees (evidence of sponsors and scholarships must be provided), and students holding an offer to study on one of our pre-session English Language Centre (ELC) programmes.

You will be asked to pay a minimum fee deposit of £1,000 before one of three deadline dates (see below), depending on the date you receive your offer (your fee deposit deadline date will also be specified in your offer). If payment is not made by the relevant specified date, your offer will be withdrawn.

- **Offers made 1 October - 31 December**
Deposit payment required by 28 February
- **Offers made 1 January - 31 May**
Deposit payment required by 30 June
- **Offers made 1 June - 31 July**
Deposit payment required by 16 August.

Research degrees

In the UK, undertaking an MPhil, PhD or MD degree entails completing a unique research project under the supervision of academic staff. Some departments list research projects for students to apply for, but mostly, the title for your research project is suggested by you. It is important when you apply, you check the research interests of academic staff at Liverpool are related to the research area you would like to undertake.

You should prepare a brief proposal of your research idea and contact a potential supervisor to discuss your proposal before finalising it and exploring funding opportunities. When you submit your application and supporting documents, include a clear statement on how you intend to fund your research qualification.

Help with your application

For more information about applying for postgraduate study, see:

- Our website at liverpool.ac.uk/study/postgraduate or liverpool.ac.uk/study/postgraduate-research/
- Our representatives (agents) in your country liverpool.ac.uk/study/international/countries
- A British Council office in your country britishcouncil.org

Spending a year here is making me a more confident, disciplined individual. I am learning to live alone, manage my finances, work, and study and have fun all at the same time. As a political science student my course is really interesting and it provides me with an international perspective on current conflicts and security concerns around the world. I've also joined a few societies in the Guild which has given me the opportunity to meet new people with similar interests.

Scholarships and awards for international students

The University of Liverpool offers a generous range of scholarships and awards for international students. The tables on the following pages outline the various awards, eligibility criteria, award amounts and application details.

All the scholarships and awards listed are for students who apply to us directly, not via any of our partner organisations. We do also provide a range of scholarships specifically for students who join the University via our partners such as XJTLU, Liverpool International College (LIC) and Kaplan International College London (KICL).

The information on scholarships and awards in this booklet is correct at the time of going to print, however it may be subject to change.

For further details and the most up-to-date information on all of our scholarships please visit our website liverpool.ac.uk/study/international/tuition-fees-and-scholarships

Undergraduate scholarships and awards

Award	Eligibility	Amount	Application Process
Vice-Chancellor's Attainment Scholarship UG	New international students on non-clinical programmes achieving the equivalent of AAB in UK A level exams or equivalents.	£2,000 fee reduction for first year of study.	No application necessary, automatically awarded to those who meet criteria. Award confirmed to successful candidates by email.
	New international students on non-clinical programmes achieving A*AA in UK A level exams or equivalents (see website for equivalents).	£2,500 fee reduction for first year of study.	
University of Liverpool First Class Scholarship	International students on non-clinical programmes who achieve and maintain a First Class average (70%).	£1,000 tuition fee reduction for each subsequent year of study if a First Class average is maintained.	No application necessary, automatically awarded to those who meet the criteria.
University of Liverpool Hong Kong Graduate Association Scholarships (including the Tung and Yu Undergraduate Scholarships)	Competitive scholarships for offer holders from Hong Kong SAR and PR China.	Various. Partial tuition and/or living cost scholarships. £3,000 or £6,000.	See liverpool.ac.uk/study/international/tuition-fees-and-scholarships/undergraduate/hong-kong-awards
LLB for Graduates	Available to non-EU international students who attain excellent results.	Two awards of £1,000 for the first year of study.	No application necessary, automatically awarded to successful students.
Liverpool Law School Hong Kong Scholarships	Three scholarships for full-time students from Hong Kong awarded on merit.	£1,000 towards tuition fees.	No application necessary, students are automatically assessed.
Sport Liverpool Scholarships	Talented athletes competing at national/regional levels.	Up to £2,000 a year to support sporting performance.	See liverpool.ac.uk/sports/performance/elite-athlete-scheme/

Please check the scholarship pages on our website for the most up-to-date details at liverpool.ac.uk/study/international/tuition-fees-and-scholarships

For information on scholarships available for EU students see liverpool.ac.uk/study/postgraduate-taught/finance/scholarships

Entry requirements

Undergraduate students

Here at the University of Liverpool, we recognise a wide range of international qualifications. On the country specific section of our website liverpool.ac.uk/study/international/countries we list the international qualifications for each country that are accepted as alternatives to A levels (the qualifications most UK students complete in order to qualify for university). If your country is not listed on our website we can still consider your application.

Postgraduate students

For entry onto a master's programme, you will normally require a Bachelors (Honours) degree from a UK university or equivalent. For an MPhil/PhD programme, you will need a master's qualification or the equivalent of a Bachelors (Honours) degree with high grades and some research experience.

To find out whether your particular qualifications are appropriate for entry to our postgraduate programmes, you can check the country information on our website at liverpool.ac.uk/study/international/countries

Pathway programmes

Many countries have a different education system to that of the UK. This means that you may require further preparation before you start your university programme in the UK.

Foundation and Pre-Master's pathway programmes provide an entry route into many of our undergraduate and postgraduate programmes for international students whose qualifications do not meet our admissions entry requirements.

Liverpool International College (LIC)

In conjunction with our partner organisation, Kaplan International Colleges, we offer a number of entry route options for students to consider.

Liverpool International College (LIC) based on the University's Liverpool campus, is fully integrated with the University. LIC's Foundation Certificate programme is designed to prepare you for entry to an undergraduate degree in a number of subject areas. There are two pathway options:

- Foundation Certificate in Business, Law and Social Sciences
- Foundation Certificate in Science and Engineering.

Upon successful completion of your choice of Foundation Certificate at the required level, your progression is guaranteed onto your chosen undergraduate programme at the University of Liverpool.

LIC also offers three Pre-Master's pathway programmes to prepare international students for studying many of our postgraduate programmes at the University of Liverpool:

- Pre-Master's Programme in Business, Economics and Finance
- Pre-Master's Programme in Law and Social Sciences
- Pre-Master's Programme in Science and Engineering.

Upon successful completion of your choice of Pre-Master's Programme at the required level, you are guaranteed a place on your chosen master's programme at the University. Please see Kaplan's Liverpool International College website for details kic.org.uk/liverpool

Kaplan International College London (KICL)

Kaplan International College London (KICL) is based in central London and offers a Pre-Master's programme in Business, Law and Social Sciences designed to prepare you for study at postgraduate taught master's level. Upon successful completion of this programme you are guaranteed a place on your chosen master's programme at the University of Liverpool in London. Please see the Kaplan International College London website for more details kaplanpathways.com/colleges/kaplan-international-college-london/

My course gives me both academic and practical experience which will be beneficial when applying for graduate jobs. My tutors are professional and friendly and they give me a lot of support. The University also has great facilities, the library and its resources are outstanding and attending the gym helps me to maintain a healthy lifestyle.

Liverpool is a very friendly, passionate city with a good balance of day and nightlife, there's always something to do. I love travelling to other countries in Europe too and documenting my experiences in a journal which will help me to look back at this special time years from now.

Asilah Abdullah
Progressed from Liverpool International College
BA (Hons) International Business
Malaysia

English language *entry requirements*

All students applying to the University of Liverpool must demonstrate that they are competent in the use of the English language. The qualifications listed on the following pages are accepted by the University and are considered to satisfy a minimum of CEFR B2 level in each component (speaking, writing, listening and reading). This is the minimum level acceptable for degree level study in order to secure a visa to enter the UK via Tier 4. For further information visit gov.uk/tier-4-general-visa/knowledge-of-english

Minimum English language requirements by subject area and level of study

The tables on the following pages specify the levels of English required to enter programmes within the University's three Faculties. The levels vary according to the programme and the level of study that you are applying for. Students who are nationals from a majority English-speaking country as defined by UK Visas & Immigration (UKVI) are automatically assumed to meet minimum English language requirements. These countries are: Antigua and Barbuda, Australia, the Bahamas, Barbados, Belize, Canada, Dominica, Grenada, Guyana, Jamaica, New Zealand, St Kitts and Nevis, St Lucia, St Vincent and the Grenadines, Trinidad and Tobago and the United States of America.

Students who have previously completed an academic qualification equivalent to a UK degree, taught in what is defined by UK Visas & Immigration (UKVI) as a 'majority English-speaking' country (within two years of the start date of the programme at the University of Liverpool), are automatically assumed to meet minimum English language requirements. These countries are Antigua and Barbuda, Australia, the Bahamas, Barbados, Belize, Dominica, Grenada, Guyana, Ireland, Jamaica, New Zealand, St Kitts and Nevis, St Lucia, St Vincent and the Grenadines, Trinidad and Tobago and the United States of America.

An impressive thing here is how friendly all the lecturers are. I'm not a native speaker of English, yet they are always so patient when I can't understand it perfectly. The people in Liverpool are also really friendly, when you need help they are always willing to give you a hand. In my spare time I am the social secretary of the Dance Sports society. Dancing makes my life happier and I've made lots of new friends by dancing. I also teach Chinese and Chinese culture to my foreign friends who are going to XJTLU to study next year.

Foundation Certificate from Liverpool International College (LIC) and other Kaplan International Colleges	60% or above overall with minimum 55% in each component. Geography BA/BSc require 65% overall with a minimum of 55% in each component.	65% or above overall with minimum 55% in each component. Health and Life Sciences 70% overall with a minimum of 65% in each component. Medicine and Dentistry IELTS required (see above). (progression requirements are subject to change. Please consult your Kaplan offer letter for official entry requirements).
HELP University College, INTI University College, Brickfields Asia College, Taylor's University, Malaysia	SPM 119 English Grade C or above or IELTS 6.5 no component less than 5.5.	SPM 119 English Grade C or above or IELTS 6.5 no component less than 5.5.
Students from the Medicine programme at the International Medical University (IMU) Malaysia entering year 3 of MBChB programmes at the University of Liverpool	n/a	A minimum standard of English of IELTS 7.0 (with a minimum of 7.0 in each element) or TOEFL 100 (with a minimum score of 22 in each component and at least 24 in speaking) is required to progress.
English for Academic Purposes module from the NCUK IFY/FC or IntDip	Grade C or above overall (min D in each component equates to B2).	Grade B or above overall (min D in each component equates to B2). Biological Sciences – grade C or above overall (min grade D in each component) equates to B2.
Students from Xi'an Jiaotong-Liverpool University	Successful completion of the first two years of the degree programme at XJTLU taught in English medium satisfies the University's English language requirement.	
University of Liverpool Pre-sessional English examination	40% or more on all pre-sessional sub-tests (reading, writing, speaking and listening). However overall entry requirements to study specific academic degrees might be much higher than 40% (see below). IELTS direct entry requirements (as stated by individual departments) and the ELC's equivalent overall pre-sessional scoring requirements are outlined below.	
	Academic programme IELTS entry requirement	CEFR score
	Overall 6.0, no score less (nsl) 5.5	Overall Pre-sessional score required
	Overall 6.5, nsl 5.5	Overall Pre-sessional score required
	Overall 6.5, nsl 6.0	Overall Pre-sessional score required
	Overall 6.5, nsl 6.5 (or specific skills at 6.5)	Overall Pre-sessional score required
	Overall 7.0	Overall Pre-sessional score required
	Overall 7.5	Overall Pre-sessional score required
	If a student does not score a minimum 40% on all the pre-sessional subtests (reading, writing, speaking and listening) and achieve the minimum overall score required for their specific course, they may not be able to progress on to their academic course.	

Please note, that English language tests are only valid for two years from the date the exam was taken. The University will only consider the latest English language qualification for entry to all academic programmes.

At the time of going to print this information is accurate but please check the website below for the most up-to-date information. gov.uk/tier-4-general-visa/knowledge-of-english

For further information about the full range of English language courses the University's English Language Centre offers, please see page 78, or visit liverpool.ac.uk/english-language-centre or contact **E.elc@liverpool.ac.uk**

Country-specific English language entry requirements for undergraduate and postgraduate programmes

All applicants applying with a country-specific English language test will be required to achieve CEFR2 level in an internal test of their English language speaking and listening skills.

Tests for entry to UG and PG programmes	Faculty of Science and Engineering <i>(with exceptions)</i>	Faculty of Humanities and Social Sciences and Faculty of Health and Life Sciences <i>(excluding clinical programmes in Medicine and Dentistry unless otherwise specified) and Geography (L700, F750, F800), Planning (L7K4, K400, K430, K4L7) and Carmel College</i>
Country-specific English Language Tests (for students educated in English medium)		
Botswana Cambridge Overseas School Certificate	This will be accepted for English Language and Mathematics for both UG and PG at grades A-C.	This will be accepted for English Language and Mathematics for both UG and PG at grades A-C.

English Language Centre

If your English language skills do not meet the levels required for your programme of study, the University's English Language Centre provides a range of specialist English language courses for international students.

The ELC provides a range of specially designed courses in English for international students from intensive short courses to all year-round study.

Our English Language Centre's (ELC) Pre-sessional English for Academic Purposes (EAP) courses are ideal if you are looking to improve your English language and you need to do so as a condition of your offer to enter an undergraduate or postgraduate programme at the University of Liverpool.

Delivered by specialist staff our Pre-sessional courses can improve your English by up to two IELTS bands over a 30-week period and by half a band over a six-week period. For most of our degree programmes if you successfully complete one of our Pre-sessional courses at the required level you will not have to take an IELTS test*. There will be an assessment in each language skill (reading, writing, speaking, listening) in order to ensure progression onto an academic programme.

The ELC also provides a free comprehensive programme of In-session English language support for current international undergraduate, postgraduate taught and research students and staff at the University of Liverpool, to run alongside academic studies or work. These courses can be discipline-specific, focusing on relevant language used in particular subject areas, or general academic English suitable for all international students and staff.

In addition to a wide range of Pre-sessional and In-session English language courses, the ELC is also a registered IELTS Test Centre offering over 20 tests a year. The ELC also provides IELTS training as part of their Activate English Programme (see page 79) or liverpool.ac.uk/ELC. If you are intending to use your IELTS test results to apply directly for an undergraduate or postgraduate programme at the University of Liverpool you will be able to take your test at the ELC. If you need IELTS for another purpose, please be aware that the ELC offers Non UKVI-IELTS tests and we advise you to check whether our test is suitable for your needs.

If you are using your IELTS test results to apply for a Pre-sessional or Foundation course in the UK you will need to take your test at a UKVI SELT test centre [gov.uk/government/publications/guidance-on-applying-for-uk-visa-approved-english-language-tests](https://www.gov.uk/government/publications/guidance-on-applying-for-uk-visa-approved-english-language-tests)*

*For exceptions and further information see liverpool.ac.uk/ELC

Other English language opportunities

Activate English

The University of Liverpool's English Language Centre offers a year-round General English language course, which is suitable for elementary to advanced learners. If you have family members who wish to improve their English whilst you study, they can enrol on Activate English. This course offers General English and can include IELTS preparation or English for Business. You can also study on a part-time basis leaving your afternoons free for exploration of the city.

Activate English is open to over 18s whether you have a connection to the University or not. It gives you full access to University facilities including the sports centre, library, student societies, as well as social events provided by the ELC.

Most people study Activate English on a short term study visa. For more information please contact E: elc@liverpool.ac.uk

Programmes for educators or enterprise

The ELC are experts in designing and delivering programmes based around English language, Teacher Training, and English for Specific Purposes. The ELC will work with you to create a course to meet your own requirements. Combining campus-based learning and bespoke programmes of lectures and activities, we have succeeded in meeting the needs of universities, governments and industry across the globe. Courses can be designed for groups of any size, and run from two weeks to a full academic year depending on requirements.

For more information please contact E: elc-coms@liverpool.ac.uk

Applying for a visa

The majority of international students coming to study at the University of Liverpool will need a Tier 4 (General) student visa, which you will usually apply for from outside the UK, before you travel to the UK.

Please ensure you keep a copy of your completed visa application and all supporting documents.

The earliest you can apply for your visa is three months before the start of your course. Visa Application Centres will be very busy so we recommend that you apply as soon as you are eligible. To apply for your visa you will need to:

- Complete a Tier 4 (General) student visa application online (use form VAF2 if applying from North Korea)
- Pay an application fee (currently £348), in some countries you can also pay an optional priority fee
- Pay an Immigration Health Surcharge (IHS) fee (£300 per year, per student and each dependant and £150 for part of a year if less than six months)
- Submit all the required original documentation which includes:
 - Your passport
 - Confirmation of Acceptance for Studies (CAS) (you do not need an original document)
 - Certificates of all qualifications listed on your CAS
 - Evidence of your funds – one year's course fees plus living expenses of £9,135 (Liverpool campus) and £11,385 (London campus) or financial sponsorship letter
 - Police Registration Certificate (if applicable)
 - ATAS certificate (if applicable)
 - Tuberculosis (TB) Screening certificate (if applicable)
 - Certificate of previous course as evidence of completion (only if extending visa inside the UK)
 - Acceptable translations (if any of the above documents are not in English).

After you submit your visa application you should receive information on how to provide your biometric information which is a digital photograph and fingerprints, which will be required for your Biometric Residence Permit (BRP).

Tier 4 Visa pilot scheme

The University of Liverpool has been selected to be part of a Home Office pilot scheme which simplifies the visa application process and offers additional benefits to master's students (only programmes of 13 months or less) applying for a Tier 4 visa.

The scheme allows master's students to stay in the UK for six months after your course end date instead of the usual four months. Another benefit of the pilot scheme is that you are not required to submit financial or academic qualification documentation with your visa application. You must still confirm in your visa application that you meet the requirements and that you hold all the required documentary evidence. (Documents can be requested or may be required for a spot-check. If you are asked for your documents and cannot provide them your application will be refused).

Tier 4 visa requirements still apply to you even if you are part of the pilot scheme; therefore, you must ensure you follow the rest of the guidance in relation to applying. If you are required to have an ATAS clearance certificate and/or a TB certificate you must still include these documents with your visa application. If you are bringing dependants with you and they apply for a visa at the same time as you, they are also not required to submit documents showing they meet the maintenance requirements. However, if they don't apply at the same time as you they will need to submit supporting financial documentation with their application.

For a comprehensive guide on how to complete a Tier 4 (General) student visa from outside the UK see [liverpool.ac.uk/student-support/international/visas/student-visa-applications-outside-the-uk/](https://www.liverpool.ac.uk/student-support/international/visas/student-visa-applications-outside-the-uk/)

The UK Government's proposed changes to the visa process and post-study leave period will allow international students to remain in the UK and work for two years after graduating. At the time of going to print full details of the changes are still to be confirmed. For latest updates see [gov.uk/tier-4-general-visa](https://www.gov.uk/tier-4-general-visa)

Confirmation of Acceptance for Studies (CAS)

To apply for a Tier 4 visa you must first have a Confirmation of Acceptance for Studies (CAS) which can only be issued by a Tier 4 sponsor, which is an institution with a Tier 4 licence such as the University of Liverpool. Your CAS is a unique reference number which links you to the University of Liverpool.

To obtain your CAS you must accept your unconditional offer for the University of Liverpool, and postgraduate students must also pay a tuition fee deposit. The deposit amount will be confirmed in your offer letter.

The following webpage explains how to pay your deposit [liverpool.ac.uk/study/international/tuition-fees-and-scholarships/fee-deposits/](https://www.liverpool.ac.uk/study/international/tuition-fees-and-scholarships/fee-deposits/)

Your CAS will normally be emailed to you and it is stored on the UKVI database. It lists the qualifications used by the University of Liverpool to offer you your place on the course, information about your course, course fees and any scholarships you have been awarded. For further information on CAS visit [liverpool.ac.uk/student-support/international/visas/student-visa-applications-outside-the-uk/cas-confirmation-of-acceptance-of-studies/](https://www.liverpool.ac.uk/student-support/international/visas/student-visa-applications-outside-the-uk/cas-confirmation-of-acceptance-of-studies/)

Immigration Health Surcharge

Students and dependants are required to pay an Immigration Health Surcharge of £300 each for each year the visa is issued for and £150 for part of a year less than six months in order to access the UK's National Health Service. Although there will be no further charge for most NHS services you will still need to pay for some services including prescription charges (for medication prescribed by a doctor). You must make your IHS payment before submitting your visa application. If your visa is refused you will automatically receive a full IHS refund. For further information please visit liverpool.ac.uk/studentsupport/international/visas/studentvisaapplicationsinsidetheuk/health-surcharge/

Evidence of funds

The money you need to show you have is made up of two parts, tuition fees for your first year of study, plus your living costs (known as maintenance) which is £9,135 if you are based in Liverpool or £11,385 if you are studying at our London campus.

The total amount of funds must have been available to you for 28 days. The balance in your bank account must never fall below the required amount during the whole 28 day period. If it is below the required amount for any one of these 28 days, your application will be refused. The last transaction date (on the bank statement) of that 28 day period, must not be more than one month before the date of your application.

This means that your bank statement cannot be more than one month old when you submit your visa application. You must have **already** held the funds for 28 days **before** you submit your online visa application.

There is further information on our International Advice and Guidance (IAG) website liverpool.ac.uk/studentsupport/international/visas/studentvisaapplicationsoutsidetheuk/maintenance

Tuberculosis (TB) Screening Certificate

If you are applying for your visa from outside the UK, pre-entry Tuberculosis Screening is mandatory in certain countries identified by the World Health Organization (WHO). liverpool.ac.uk/studentsupport/international/visas/studentvisaapplicationsoutsidetheuk/tuberculosiscreening/

You can find a list of clinics included in the pre-screening programme at gov.uk/government/collections/tuberculosis-testing-home-office-approved-clinics

TB screening provides health benefits to overseas applicants through:

- Providing early detection and treatment for those infected
- Protecting global public health by preventing in-flight transmission.

Biometric Residence Permit (BRP)

Following your successful visa application your documents and passport will be returned to you along with a letter confirming the conditions of the visa including whether you need to register with the UK Police. You will initially be issued with a vignette (a sticker) inside your passport which is valid for 30 days from the date you indicated as your intended travel date in your visa application. This vignette allows you to travel to the UK to collect your Biometric Residence Permit (BRP). You can travel to the UK any time during this 30 day period; however it is important to note that you must collect your (BRP) within ten days of your arrival into the UK. A BRP looks like an ID card and is your evidence of your permission to be in the UK.

You will receive details of where you can collect your BRP prior to your arrival in the UK. Your CAS may contain an 'Alternative Location Code (ALC)', to enter on your visa application so that you are able to collect your BRP from the University campus. This is recommended, as you can collect your BRP at the same time as your other documentation is checked during registration. If you do not enter an ALC on your visa application you will automatically be assigned a local Post Office for you to collect your BRP from. For further details on collecting your BRP go to liverpool.ac.uk/studentsupport/international/visas/studentvisaapplicationsoutsidetheuk/brpcollection

If you need to register with the police, you must do so within seven days of your arrival and you need to take your letter or BRP with you.

For further general information about BRP's see gov.uk/biometric-residence-permits

I enjoy studying Mechatronics and learning new concepts that will help me realise my future objectives. We learn the basics then develop our knowledge with the lecturers' guidance, we also get the opportunity to meet with students from different fields in engineering and different year groups to discuss topics.

Living in the city of Liverpool is one of the greatest things I've done, it is less expensive than other UK cities which lets me have a better quality of life while spending less. Being here has taught me how to manage budgets, be independent, organise my time to study and enjoy the opportunity of being in one of the best cities and universities in the UK.

Miguel Angel Li Arzapalo
MEng Mechatronics and Robotic Systems
Peru

Credibility interviews

You might be invited to attend a short credibility interview as part of your visa application. This invitation will be sent to you by email so regularly check your email account including your junk mail.

The brief interview is with a UKVI officer via a video link and you should expect to answer questions relating to:

- Your education history
- Study programme
- Why you want to study in the UK
- Why you chose the University of Liverpool
- Why you chose the particular course
- Plans for after your course has finished
- Financial circumstances.

The interviewer will check that your level of English matches the requirements for the level of your study programme. The report of the interview will be sent to the Entry Clearance Officer who makes the decision on your Tier 4 application.

Read our guidance notes to help you prepare liverpool.ac.uk/media/livacuk/student-support/ist/pdfs/UOL_CredibilityInterviewInformation_v2.pdf

Dependants

Some family members known as dependants may join you in the UK whilst you hold a Tier 4 student visa. They must apply online from outside the UK (fee of £348). Dependants who can apply include; spouses (husband or wife), civil partners (same sex partner you have entered into a legally recognised relationship with), unmarried partner (someone you have been in a relationship with akin to marriage for two years or more) and your children under 18 years of age. Your family may be allowed to join you if:

- You are a postgraduate student studying on a full-time programme of at least nine months
- You are a government sponsored student on a full-time programme of at least six months
- Your current or most recent immigration permission was as a Tier 4 (General) student or a pre-Tier 4 student on a full-time course longer than six months **AND** all four points below apply:
 1. your permission is current or it expired no more than three months before this immigration application **AND** 2. your new immigration application is for a full-time course that is longer than six months **AND** 3. your dependant already has Tier 4 dependant or 'student' dependant immigration permission (or it is the most recent immigration permission that they had, and it expired no more than three months before this application) **AND** 4. you apply for immigration permission at the same time as your dependant.

Children will only be eligible if both parents are coming to the UK. If only one parent is intending to enter the UK any child will only be able to enter the UK too if:

- You are the child's sole surviving parent or you have sole responsibility for their upbringing
- There are serious or compelling reasons for the child to join you in the UK.

Each of your dependants is also required to show that they have enough money to cover their living costs. Each dependant must show they have £6,120 if living in Liverpool or £7,605 if living in London. The required amounts must be held in your (or your dependant's) bank account for at least 28 days before the application is made.

Please see the International Advice and Guidance website for further information liverpool.ac.uk/student-support/international/visas/familyvisa You can also download detailed 'PBS Dependant Guidance' from the UKVI gov.uk website.

Checking your visa

If you are successful in being granted a visa, check it immediately. If you have been issued a 30-day vignette then you should check that the information in the accompanying letter is correct.

You should also check all information is correct on your BRP as soon as you collect it, including:

- Your name and date of birth
- That you are a Tier 4 (General) student
- Sponsor Licence Number (SLN) of the institution that you intend to study at
- Start and end dates of the permission are correct
- Make sure your visa is granted to expire four months after your course end date or six months for master's students under the Tier 4 pilot scheme*
- Make sure your visa does not prohibit you from working.

If any of this information is incorrect, you can ask for these errors to be corrected immediately, before you travel to the UK. If there is no time for the error to be corrected before you travel, ask the entry clearance post for advice. Alternatively you can travel to the UK and then request a correction of the error/s on your visa later.

*Following proposed changes you will be allowed to stay in the UK for two years after you graduate. For the latest details to post-study leave period see gov.uk/tier-4-general-visa

Being refused a visa and arriving late

If you are not successful with your visa application, you will be given a refusal notice which will tell you why you have been refused. If you have been refused:

- Contact International Advice and Guidance here at the University as soon as possible by email **E: iagteam@liverpool.ac.uk**
- If your visa is refused and it is near the start of your programme, please contact your academic department to ask what the latest date is that you can start your programme.

If you have missed the official start date of your programme, there may be two possible outcomes:

- **Late arrival** – If your School agrees you can arrive a little later, you must make sure you have this new start date updated on your CAS and in writing from your department, as you may be asked to provide evidence on entering the UK
- **Deferred arrival** – If your School cannot give you a later start date, or you do not manage to get a visa in time, do not travel to the UK. Contact the IAG for advice. You may need to ask your department if you can defer your offer to the following academic year.

For further information relating to visa applications you can also visit:

- Our International Advice and Guidance website liverpool.ac.uk/student-support/international/visas/
- The UK Visas & Immigration (UKVI) website gov.uk/tier-4-general-visa/
- UKCISA website ukcisa.org.uk/Information--Advice/Visas-and-Immigration/Making-a-tier-4-General-application-outside-the-UK

Living costs

Liverpool is one of the most cost-effective student cities in the UK, which is good news for all our students.

Living costs per year

In addition to paying your tuition fees you must also show that you have enough money to cover your living costs for up to nine months.

When applying for your visa, immigration rules require you to have a minimum of £9,135 (£1,015 per month for nine months) in your bank account for living costs. For students studying at our London campus the living costs/maintenance required is £11,385 (£1,265 per month for nine months). As a single student, we estimate that you will actually need between £8,500-£10,500 per year for your daily living expenses including accommodation, food and local travel in Liverpool or £10,000-£12,000 if you are at our London campus. Of course your actual living costs will vary according to your lifestyle and accommodation.

Dependants

If you are bringing your family to the UK you are required to show that you also have enough money to cover their living costs too. The current immigration rules state when applying for a visa for a family member you must show you have £6,120 living costs for each dependant if you are based in Liverpool and £7,605 living costs for each dependant if you are based at our London campus.

Approximate living costs of students at our Liverpool campus

It is important to budget your money carefully. The table opposite summarises the approximate living costs for a number of our undergraduate and postgraduate international students to give you an idea of the typical amounts of money students spend whilst living and studying in Liverpool.

Georgia is a second year undergraduate Psychology student, who lives in private accommodation, her monthly living costs are £670.

Agata is a postgraduate student living in self-catered University accommodation studying MSc Sports Business and Management and he spends approximately £713.50 a month.

Tito is an undergraduate Geology student living in our modern Crown Place University accommodation on campus, his monthly living costs are approximately £823.

Rahmat a first-year undergraduate studying Law with Accounting and Finance, lives in private accommodation with living costs of around £910 a month.

Lennart is a postgraduate student undertaking a master's in Product Design and Management. He lives in private accommodation and he spends £948 each month.

Elaine is a postgraduate student who lives in private accommodation with her husband and her monthly living expenses are £1,280.

Another way to get a good idea of day-to-day living costs and tips on managing your money effectively while studying in the UK, is to log onto the free online tool <https://university.which.co.uk/student-budget-calculator>

It might also be useful to have a look at the websites of UK supermarkets such as Asda, Aldi, Tesco or Sainsbury's for UK prices for food and household items.

	Georgia	Agata	Tito	Rahmat	Lennart	Elaine
Accommodation	£420	£520	£570	£672	£660	£800
Travel (bus/trains/taxis)	£30	£20	£0	£0	£10	£60
Food	£90	£90	£180	£180	£200	£200
Mobile phone	£20	£7.50	£8	£8	£8	£10
Leisure/entertainment	£80	£30	£30	£30	£50	£200
Study costs	£10	£5	£5	£5	£10	£5
Laundry	£20	£25	£30	£15	£0	£5
Household bills*	£0	£0	£0	£0	£0	£0
Gym membership	£0	£16	£0	£0	£10	£0
Approx monthly living costs	£670	£713.50	£823	£910	£948	£1,280

*Household bills such as gas and electricity are usually included in the cost of accommodation

Calling home

You will probably want to keep in regular contact with family and friends back home. There are lots of options to make cheap international calls. However, international calls can be very expensive too so you need to make sure you compare the best deals from different networks to find the one that best meets your needs.

Popular networks in the UK include: Vodafone, O2, EE, and Virgin. You should also check call rates offered by networks such as Lyca mobile and Lebara who specialise in providing cheap international call rates. For further information see <https://www.thecompleteuniversityguide.co.uk/international/studying-in-the-uk/broadband-and-mobile-for-international-students-in-the-uk/>

From welcome week to the numerous cultural, technical and managerial events happening every day, this University has the right balance of academic excellence and overall perfect student life. I spend my free time socialising in some of the many societies in the Guild such as the South Asian Society, the Liverpool Hindu Society and Bollywood Dance sessions and I never miss a Careerhub event which all allow me to network and make new friends. I also work part-time for Liverpool Football Club which is great, as visiting Anfield was one of my childhood dreams.

Cyriac Jose
MSc (Eng) Energy and Power Systems
India

The University of Liverpool is the best thing to happen to me. I appreciate the individual approach to each student the lecturers and staff have. The University provides free language lessons, career guidance, help with my CV and job applications and many societies, which have all given me the opportunity to improve my language, academic, professional, social and personal skills. My classmate group is the best, we organise class events like hiking trips, coffee sessions and evening activities. The campus also has everything you could want, places to study, sport and art facilities, places to chill out and socialise, which all creates a unique atmosphere for my student life.

Lenka Hasova
MSc Geographic Data Science
Czech Republic

My master's degree has exceeded my expectations with its high level learning, great diversity of students and professors who are experts in their field. The University provides a lot of support and guidance for international students in a friendly environment. There are so many societies to join, I play guitar so I joined the Band Society where I've met many other musicians and we enjoy playing together. I also like that the city is relatively small so I can get to most places riding my bicycle, yet there is always something happening here so it's never boring.

Ernesto Sandoval Cuevas
MSc Entrepreneurship and Innovation Management
Mexico

I study alongside people from all over the world and I'm gaining a great insight into how Law is practiced. It's exciting to do mock trials and debates and act as professional lawyers and judges to develop our legal skills. My modules also cover interesting topics on social issues and politics. The University is great at preparing you for your career too, through different experiences and extracurricular activities, from the help and support of our tutors, to the Law Extra programme's guest lecturers, who give us advice on life as a lawyer, and the Careers service who help us improve our CV's and apply for vacation schemes in law firms.

Farida Rezek
Law LLB (Hons)
Egypt

Working *while* you Study

International students are usually legally allowed to work for up to 20 hours per week during term time. However, the University recommends that students work a maximum of 15 hours per week to ensure that your studies are not affected. During university vacations students are allowed to work full-time hours. International students undertaking part-time study options are not permitted to work. Master's students do not have a set summer vacation like other students so you are restricted to 20 hours per week during this time.

How much can I earn?

From April 2019 the minimum wage in the UK for people aged 18-20 inclusive is £6.15 per hour, for people aged 21-24 the minimum wage is £7.70 per hour. For people aged 25 and over the minimum wage is currently £8.21. The following calculations give an indication of how much you could potentially earn during term time and during university vacations. Calculations are based on the minimum wage, depending on the job/role you might be paid more than the minimum wage.

During term time

Weekly income, working 15 hours per week for minimum wage:

18-20 years of age $£6.15 \times 15 = £92.25$
 21-24 years of age $£7.70 \times 15 = £115.50$
 25+ years $£8.21 \times 15 = £123.15$

During agreed vacation time

Weekly income, working full-time (based on 40 hours per week) for minimum wage:

18-20 years of age $£6.15 \times 40 = £246.00$
 21-24 years of age $£7.70 \times 40 = £308.00$
 25+ years $£8.21 \times 40 = £328.40$

It is important to be aware that any earnings you make in the UK through part-time jobs will supplement your living costs, but cannot be relied on as a source of financial support. You will need to prove that you have the funds to cover tuition fees and living costs for your first year of study when you apply for your visa. Employment in the UK as a student is mainly for experience and the opportunity to be involved with UK society. For further information go to gov.uk/tier-4-general-visa

Studying at the University of Liverpool is extraordinary. My tutors are always willing to help me and all the University staff are very friendly and make me feel at home. The University helps students find volunteer and part-time jobs. I've had many volunteer jobs such as raising funds for the children's hospice Claire House, which has given me some great experience and helped me make many friends. I am also a mentor in the maths department to help first year students.

Xiaojun Yao
 BSc (Hons) Mathematics with Finance

Jobs and events

The University of Liverpool's Careers and Employability team actively work with local companies and organisations to help students find internships, work experience and part-time job opportunities.

The Careers and Employability team's vacancy website advertises part-time jobs for students both on and off the University campus, as well as internships, placements, and graduate jobs.

Students are encouraged to find out about the latest events and job opportunities via the Careers and Employability team's [@livunicareers](https://twitter.com/livunicareers) social media accounts on twitter, facebook, and Instagram. Part-time jobs are also advertised using our dedicated [@livuniPTjobs](https://twitter.com/livuniPTjobs) twitter feed.

Many students also undertake voluntary work experience to build their skills while at university. The Liverpool Guild of Students manages voluntary opportunities for students and you can learn more about what's available by visiting liverpoolguild.org/volunteering-opportunities

You can also find out about extracurricular activities on the MyLiverpool website which may help you become more employable. liverpool.ac.uk/my-liverpool/

Careers and Employability also run many seminars, workshops and careers fairs with employers. There are also specific events for international students. There is a wide range of online resources to help with everything from researching potential employers to creating the perfect CV, and you can drop-in to the Career Studio in the centre of campus for support from our team of Career Coaches in finding and applying for opportunities.

International student ambassadors

Every year we recruit a number of International Student Ambassadors to work alongside the International Recruitment, Relations and Study Abroad Team. Our ambassadors are given an opportunity to get involved in all kinds of interesting paid work projects, including enquiry handling, welcome events, representing the University at exhibitions and events and acting as a point of contact for international offer holders.

Working *in the* UK after you graduate

If you are considering working in the UK after graduation, it is important to apply for graduate opportunities early in the final year of your studies.

The UK Government's proposals to change the visa process and extend the post-study leave period will allow international students to stay in the UK for two years after you graduate, to find relevant employment. At the time of going to print full details of the proposals are still to be confirmed. The changes may affect conditions and terms of the Tier 2 and Tier 5 visas outlined below. For the latest information see gov.uk

Students looking to study and work in the UK after their studies can currently do so through the Tier 2 sponsored working visa. This involves gaining a graduate level job with an employer registered on the Tier 2 sponsor register. There are approx 30,000 employers on the Tier 2 sponsor register in the UK. The complete register is available on the UKVI website.

<https://tinyurl.com/tier2-5employers>

To meet the conditions of the Tier 2 visa requirements, the roles must offer the minimum graduate salary (which currently stands at £20,800 for an applicant switching from Tier 4 to Tier 2 inside the UK) or the salary specified in the Standard Occupational Code for salary levels, published by the UKVI, which are usually higher than £20,800. Further information is available at gov.uk/tier-2-general

In addition to Tier 2, there is also the possibility of obtaining a temporary visa under Tier 5. The Tier 5 visa is issued for either one or two years and allows people to undertake a work placement or professional training related to your degree or specific research programme. To obtain a Tier 5 visa you must be sponsored by an 'overarching body', an organisation running an approved scheme.

A list of organisations running approved schemes can be found on <https://tinyurl.com/tier5schemes>. More information can be found on gov.uk/tier-5-government-authorised-exchange

The Careers and Employability service can only provide general advice on working in the UK not specific advice on your individual circumstances. The International Advice and Guidance team can help you with this. Visit liverpool.ac.uk/student-support/international. You can also access ukcisa.org.uk for further information and advice on this subject. A qualification from the University of Liverpool and the skills development you will receive during your degree will give you every advantage possible in your search for employment in the UK or around the world. The job market in the UK is highly competitive but we know that Liverpool graduates are well prepared and valued by employers. As the University has been selected to take part in the Tier 4 visa pilot scheme, our international postgraduate master's students are already allowed to stay in the UK for six months after their course end date to look for suitable employment opportunities (see page 81). See information in the box above in relation to UK Government's proposed changes.

Not all international graduates wish to work in the UK; the majority of our graduates choose to return home after graduation to seek employment. All University of Liverpool students, whether they wish to work in the UK or elsewhere, have access to excellent career development opportunities through our specialist award winning Careers and Employability service. For more information about working in the UK after your studies, please see liverpool.ac.uk/student-support/international/visas/workingafteryourstudies/

All the teachers on my course are extremely enthusiastic. My colleagues and I have built an international network of people where everyone is able to work with each other sharing ideas. The campus is amazing so are all the facilities such as the libraries, the Sport Centre, the Guild and restaurants and they are all easy to reach and all the students are so friendly, the more my mind is open to new challenges the more I am able to adapt to different scenarios.

Federico Gennaro Ferrante
MSc Operations and Supply Chain Management
Italy

Making the move

To ensure your journey to the UK and arrival in Liverpool goes as smoothly as possible, please read through the information and checklists contained in the following pages.

Every international student says the best part of Liverpool is how friendly it is. This amazing place has a great city centre with lots of activities, it's fun, unique and diverse, but it also gives you a real sense of a community. I don't feel like an outsider here, I feel like I belong.

Lama Saheer Hisham Hijjawi
BA (Hons) International Politics and Policy
Jordan

Journey preparation

- Book your flights to ensure you arrive in Liverpool in time for Hello International! Hi! our orientation and welcome programme of events for international students, the week before your studies begin
- Are there government restrictions on how much money you can take out of your country and bring into the UK?
- Check if you need permission to transfer money to the UK
- Order British currency (sterling) or a travel money card
- Make sure you have travel insurance that covers you for medical emergencies while you are travelling and the full value of any lost luggage before you leave your country for the UK
- Book onto our Airport Transfer – Meet and Greet service from Manchester Airport to Liverpool
- Obtain a letter from your doctor for any prescribed drugs you need to bring
- Find out what items you can take through customs and what you must declare
- Weigh your luggage. Is it within airline allowances? Can you carry it?
- Label your luggage clearly with your own name and new address here in the UK
- Make sure your luggage is securely fastened and locked.

Travelling to the UK

Flying into Manchester

Many airlines fly direct to Manchester. If you are travelling independently from Manchester Airport to Liverpool allow one to two hours for the journey.

Flying into London

If you arrive in the UK at London Heathrow or London Gatwick airports and you do not have a connecting flight to Manchester you can travel to Liverpool via train. Prices vary considerably between £25 and £175 depending on the time and day you travel. You can also travel by coach. National Express run coach services from London airports to Liverpool ONE bus station. Coach travel can take much longer than the train depending on the traffic and the number of designated stops. Fares cost between £12 and £60. For both coach and train return journey tickets might be a cheaper option than a one-way ticket. Tickets are usually cheaper if you buy them well in advance of your travel date.

Flying into Liverpool

Currently six airlines fly into Liverpool John Lennon Airport from Europe. The airport website shows possible international routes. From Liverpool John Lennon Airport, Arriva run a number of bus services to the city centre and other areas of the city. Airlink 500 runs from the airport to Liverpool ONE bus station in the city centre, this service runs every 30 minutes. The journey to the city centre takes approx. 45 mins and stops at various points along the route. (cost approximately £3). Further information is available at liverpoolairport.com

A taxi from Liverpool John Lennon Airport to the University's Student Village at Greenbank, takes approx. 20 minutes. A taxi from the airport to any of our on-campus accommodation will take approximately 30 minutes. Costs will vary depending on your exact location, time of day and taxi company. Approx. £15- £25.

Airport Transfer Service

Manchester International Airport

The University operates a Meet and Greet coach transfer service from Manchester International Airport (MAN) over four days in September. If you arrive during this time you will be here in time to attend all of our Hello International! Hi! welcome week events.

If you book onto our Airport Transfer Service, university representatives and International Student Ambassadors will be on hand to assist you and give you a warm welcome as you arrive in the UK. The service will run from 8am to 19.30pm on each of the four days. It is a free service for all international students staying in University accommodation. We will transport you from the airport by coach to your University of Liverpool accommodation. If you choose to stay in privately owned student accommodation (halls or houses), you will be able to book onto our transfer service at a cost of £25 per person. We will transfer you from the airport to the centre of the University campus and from here you will be taken on to your accommodation by taxi.

An invitation to book onto our Airport Transfer, Meet and Greet service will be sent to you via email at the beginning of September. Students staying in University accommodation can book onto the service early online via Liverpool Life, the University's portal for current students and applicants.

Space on the coach is limited, so only bring essential luggage. The Liverpool campus is located very close to shops and amenities, should you need to purchase some home comforts on arrival.

If you do not book onto our transport service you can travel to Liverpool via a train from Manchester Airport to Liverpool Lime Street in the city centre which usually takes just over an hour. National Express also operate a coach service from Manchester Airport to Liverpool city centre coach station. For details see thetrainline.com or nationalexpress.com

Get packing

When you're packing, don't bring unnecessary items, remember you can get most things cheaply in Liverpool.

In your hand luggage

- Passport/vignette/visa
- Travel tickets
- Travel insurance documents
- Travel money card, credit cards
- Enough sterling cash for your first few days; try to include some £5 and £10 notes
- A photocopy of each page of your passport, any visa/entry clearances. Keep these separate from originals
- CAS statement or number
- Original academic documents as these will need to be presented at registration
- List of contents of your main luggage
- Any prescribed medication plus a letter from your doctor explaining what it is
- Details of your accommodation including full address and telephone number
- Original documentary proof you have enough money to pay your fees and meet your living costs (eg recent bank statements, proof of scholarship, sponsor's letter)
- Photocopies of all essential documents
- Something to entertain you on the journey
- A toothbrush, small towel, warm jumper/jacket.

In your suitcase

- List of contents of your hand luggage
- Enough clothes to last you until you get settled
- Photos from home
- Camera
- A few passport sized photographs of yourself – you may need them for ID cards, bus/rail passes in your first few days here.

What not to pack

- Electrical items
- Lots of books – buy your textbooks in Liverpool or use the library
- Too many clothes
- Bedding and towels – buy these in Liverpool
- Food – it is heavy and you can buy most types of food in Liverpool
- Cooking equipment and utensils.

Some students choose to buy all their initial essential items online and arrange for them to be delivered in Liverpool for when they arrive – see the online company click2campus.com

Security while travelling

Be careful when you are travelling, especially when you are tired. Never leave luggage or any belongings unattended. Only carry enough cash for your travelling expenses and the first day or two in Liverpool. Keep a record of any bank, credit or travel money card numbers somewhere safe so if you do lose them you have a record of the numbers and can inform your bank.

Most students have no problem with their journey but if you lose any of your luggage, tell the airline immediately. If you lose anything at an airport, train or coach station, go to the Lost Property office – if you are lucky, it might have been found and handed in. If you lose luggage in the street, or think it has been stolen, you will need to report this to the police. The police will issue you with a 'crime number' which will be required for your insurance company if you need to make a claim. If you lose your passport, you must tell the police and your British diplomatic post (Embassy) immediately. Our International Advice and Guidance (IAG) team can help you with this.

Immigration on arrival in the UK

You will need to show your passport and visa to an Immigration Officer when you land in the UK. An Immigration Officer has the right to interview you on arrival to check that your situation has not changed since you were granted entry clearance.

You are therefore advised to carry your CAS statement, a copy of your offer email or letter and financial support proof in your hand luggage to show you meet the requirements of the Immigration Rules. The UKVI Immigration Officer may also want to talk to you about the University of Liverpool and your new academic programme. They will be aware that you may be tired after a long journey but they will expect you to be able to speak to them and answer their questions in English.

If you have any problems you can ask the Immigration Officer to contact our International Advice and Guidance team or the Immigration Advice Service (IAS). The IAS has offices across the UK and can provide specialist immigration advice and representation.

<http://iasservices.org.uk>

In addition to the well organised study programmes, this University really enriches your life by providing excellent facilities and the amazing Guild of Students which provides plenty of opportunities and social events where you can really make a difference and meet lots of interesting friends. It is a privilege to study at such a distinguished university that truly considers students' needs. Liverpool is a beautiful harbour city with fresh air and mild temperatures. It has two exquisite cathedrals and plenty of fabulous theatres and shopping centres. I'm also really impressed with the politeness and friendliness of people in this city which makes you feel comfortable and at ease.

Yue Guan
MA TESOL
China

Remember to bring your original academic documents with you to the UK, you will need to present these during the registration process.

Hello International! (Hi!) *Your orientation programme*

All new international students are invited to attend Hello International! (Hi!) our orientation and welcome programme of events delivered by the International Advice and Guidance team.

Ensure when you are booking your flights to the UK that you arrive in time to attend Hi! which begins Monday 21 September 2020. If you are not able to take advantage of our Meet and Greet Airport Transfer Service to collect you from Manchester Airport, then this will be the first organised contact you will have with the University and other international students.

At the start of Hi! you will be given:

- a *Now You've Arrived* booklet containing details of what you need to do in your first few days in Liverpool
- a programme of all the Hi! sessions you should attend during Welcome Week
- details of IAG presentations throughout Semester 1.

This programme of events will provide you with all the information you need to adjust to life in Liverpool as effortlessly as possible and make sure you enjoy your time here. It is also a great chance to meet other students, make new friends and learn about the University, the city and living in the UK.

There will also be an opportunity for you to provide us with your original documents at this time. This is an important part of the registration process and you must ensure you do this to successfully register at the University. You will receive further information about all the planned events by email leading up to your departure.

If you have any individual access requirements due to a disability, medical condition or specific learning need, that you think we may need to consider when we are planning Hi! please contact International Advice and Guidance to discuss
E: iagteam@liverpool.ac.uk

Studying Law at the University of Liverpool is exciting, I love the quality of education and freedom for independent thought and expression, the diversity of my course and the challenge it brings to not just accept the law but to think of ways in which it can be improved. The lectures and tutorials are thought provoking and the careers workshops and talks are chances to make connections with practising barristers and solicitors. As an international student, the vast range of societies, student activities and departments such as the International Advice and Guidance team have helped me ease into living and studying in a different country.

Find out more?

We are different view points and daring ideas. Unique perspectives and a city bursting with characters. Study with us and stand out.

Studying at the University of Liverpool is a real privilege. It offers a remarkable student experience on campus with its wide range of advanced learning facilities and the Guild of Students which offers educational and entertaining extracurricular social activities and opportunities to meet students from all around the world. In my spare time I enjoy playing football and I am a member of the Arab society, Film society and Engineering society. I've been living in Liverpool for two years now and I love this city more and more, with its great shopping, restaurants and entertainment places and the people here are so friendly and helpful.

For detailed information on all our undergraduate and postgraduate degree courses including an overview, entry requirements, module details, career prospects and fees see liverpool.ac.uk/study/undergraduate/courses or liverpool.ac.uk/study/postgraduate-taught/courses or liverpool.ac.uk/study/postgraduate-research

Overseas representatives (agents)

The University works closely with a growing network of overseas representatives (educational agents) who can provide you with more information about the University and help you with the application process. Details of all our agents can be found on the individual country pages on our website liverpool.ac.uk/study/international/countries

Fees commitment for EU students

We value our international student community. Every single student at the University contributes to our welcoming and diverse community and we will continue to take great pride in offering a truly international experience for all of our students.

In relation to the UK leaving the European Union, the UK government has confirmed that undergraduate and postgraduate EU students starting their degree in 2020 will receive home fee status for 2020/21 entry and pay the same tuition fees as English students.

This status will last for the duration of the degree courses. EU students will also be able to access student support on the same basis as home students if their courses start in 2020.

As the UK moves away from EU membership we will endeavour to keep you as up-to-date as possible on any changes that may affect you if you are a student from an EU country. For the latest information visit liverpool.ac.uk/europe/prospective-students

Terms and conditions

Every effort has been made to ensure that information contained within this brochure is accurate at the time of going to print.

For more detailed terms and conditions see liverpool.ac.uk/student-administration/student-administration-centre/terms-and-conditions or liverpool.ac.uk/study/postgraduate-taught/applying/taught_policies/

Great connectivity

Having two international airports so close to the University, Liverpool John Lennon Airport (20 minutes from campus) and Manchester Airport (approximately one hour from campus), provides great access to daily flights to many European countries, key international hubs and worldwide destinations.

Distance from Liverpool:

	Miles	Kilometers
Manchester	32	50
Leeds	65	105
Birmingham	80	126
York	95	140
Newcastle	125	200
Cardiff	135	215
Bristol	137	220
Belfast	145	233
Dublin	166	267
Edinburgh	175	280
Glasgow	177	285
London	180	290
Plymouth	220	350

Approximate flight times into:

Liverpool John Lennon Airport (Direct)

Amsterdam	1hr	30mins
Paris	1hr	50mins
Berlin	2hrs	10mins
Milan	2hrs	30mins
Barcelona	2hrs	45mins

Manchester International Airport (Direct)

Jeddah/Dubai	7hrs	00mins
New York	7hrs	30mins
Beijing	10hrs	30mins
Hong Kong	12hrs	00mins
Singapore	13hrs	30mins

Manchester International Airport (Via hub)

Lagos	9hrs	30mins
Mumbai	12hrs	00mins
Johannesburg	13hrs	15mins
Tokyo	13hrs	30mins
Mexico City	14hrs	00mins

Liverpool is a city overflowing with culture and glowing with friendly people. Mix that with a student atmosphere and you have the best city in which to spend your days at university.
