College of Health Sciences

College Information

The College of Health Sciences (CoHS) was established in 2010 as one of the academic entities in the University of Buraimi, and since then, had produced 439 graduates. The College is adequately staffed with diversified and qualified faculty members who have robust teaching experience, and vast clinical and industry exposure. Currently, the College offers two undergraduate health sciences programs - Nursing and Optometry.

Student learning experiences are supported and enhanced by state-of-the-art classrooms, learning management systems (SharePoint and Moodle) and well-equipped laboratories and pre-clinical training facilities. The curricula focus on an integrated approach where diverse teaching and learning methods are applied to ensure that knowledge, skills, and attitude are learned, acquired and practiced by the students. Life-long learning, critical thinking, and problem-solving skills are embedded in teaching and learning interactions, laboratory and clinic-based sessions, and other academic activities.

Admission Information

The College accepts graduates of a General Education Diploma or certified equivalent with overall score of C, and minimum of grade C in:

- Chemistry, Biology, Pure Mathematics, and English for Nursing
- Chemistry, Biology, Physics, Pure Mathematics, and English for Optometry

In addition, students must pass a College Admission Test.
