

Admission & Enrolment

- All newly admitted students have to enroll in this program, unless they are exempted from any of its components according to UoB's Exemption Policy.
- All students need to sit for a Placement Test (PT) to determine their level in the main components of the program. Based on their PT result, students are allocated to one of the THREE levels of the major components:
 - Level 1 (if PT result is: 01-49)
 - Level 2 (if PT result is: 50-74)
 - Level 3 (if PT result is: 75-89)
- Students who score 90+ in the PT are given a challenge test. If they score 65+ they are eligible for exemption from that component.

Duration & Distribution of Teaching Hours

The program is offered over THREE successive semesters (based on the student PT result). The first and second semesters (fall and spring) run over a period of 14 weeks while the third (summer) lasts for 10 weeks.

General Foundation Program

The General Foundation Program (GFP) is designed to bridge the gap between secondary and post-secondary education. It is a preparatory non-credit hour program offered to newly admitted students for an average of one academic year, and covering FOUR major components: English Language, Mathematics, Information Technology, and Study Skills (embedded within the English component). The program aims to empower students with the desire and the ability to pursue lifelong learning.

Merits and Features
