6 Urban Campuses

BERLIN

The Berlin campus is situated in the western part of the city centre, near the Charlottenburg Palace and its splendid gardens. Berlin is a fast-growing city characterised by a rich multifaceted economic structure and culture.

LONDON

Located in West Hampstead in North-West London, this campus offers students state-of-the-art facilities in a traditional Victorian building.

MADRID

The Madrid Campus is located in the exclusive neighborhood of Puerta de Hierro, 10 minutes away from the city centre. Madrid is one of the most visited cities in Europe, with an exceptional lifestyle, an incredible gastronomy and thousands of places to visit. Most importantly, Madrid is one of the leading business and innovation hubs in Europe.

PARIS

République & Montparnasse

The Paris sites are conveniently located in the centre of the city. They enjoy easy access to all of the capital's major business districts.

TURIN

The Turin campus is located in a beautiful building with modern facilities. Turin is one of the main business centres of the Italian economy and home to many architectural masterpieces.

WARSAW

Our campus is based at Kozminski University, located in Warsaw's northeast district of Praga Północ. It is one of the city's most historic neighbourhoods.

ESCP It all starts here

Founded in 1819 by economists and entrepreneurs, ESCP is the world's first business school. For over 200 years, we have been training generations of responsible and purpose-driven leaders eager to leave their mark on business and society.

With six campuses in Berlin, London, Madrid, Paris, Turin, and Warsaw, ESCP is also the only pan-European business school. It is with this European mindset, rooted in our commitment to excellence and humanism, that ESCP strives to build a more sustainable world.

Becoming part of ESCP is to adopt this vision and to learn how to make enlightened choices, guided by the universal values of diversity, multiculturalism and interdisciplinarity.

Becoming part of ESCP is to be ready to meet the great challenges of our time with optimism. To support companies and institutions as they face these challenges head-on, we recruit and train the best talents, from all academic, geographical and social backgrounds.

Our graduates are prepared to make choices grounded in knowledge, science and creativity thanks to ESCP's unique pedagogical approach, which combines management, social and digital sciences in interdisciplinary programmes, a multicultural experience with required studies in several European cities, and partnerships with leading universities around the world.

Are you ready to redefine success with purpose? Choose ESCP.

It all starts here, with you.

Prof. Frank Bournois
Executive President &
Dean of ESCP

Prof. Léon Laulusa

Master in Management

Anaïs Ravet
European Director of Studies

The Master in Management is both a generalist and a specialist programme: core management courses drive long-term career progression, while specialisations help our students to launch their careers.

The unique model of ESCP offers Master in Management students the opportunity to obtain national diplomas in six countries. If they wish, students can also spend one or two semesters at one of our many partner universities worldwide, where in some cases they can also be awarded an additional diploma.

During the two- to three-year Master in Management programme, our students first learn about the various fields of business management before acquiring deeper knowledge in up to 3 different specialisations. These specialisations include the classical business functions, for example Finance and Marketing, but also other areas such as Sustainability and Data Science.

Beyond its strong European identity, the Master in Management also has plenty of time for world affairs. This is reflected through international internships or periods of study in such exciting cities as Boston, New Delhi or Shanghai. The number of job offers our students receive and the bright career paths they then follow all over the world serve as a testimony to the relevance of the unique experience ESCP has to offer.

A Diverse International Faculty

The ESCP Faculty endeavours to inspire students and help them take their first step towards an ambitious and exciting international career in today's diverse, multicultural business world.

Prof. Dr. Marion Festing
HRM and Intercultural Leadership
BERLIN CAMPUS

"The study of management in mixed groups at different campuses allows students to experience and practice cultural diversity, sharpen their international profile and prepare for the demands of a globalised economy."

Prof. Terence Tse

LONDON CAMPUS

"Combining students' abilities to grasp and apply the concepts, with their maturity as well as their diverse cultural and business backgrounds, the grand result is a recipe that guarantees wonderful class discussions and a superb preparation for their future careers."

Prof. Lorena Blasco-Arcas
Marketing
MADRID CAMPUS

"Multiculturalism, humanistic values and learning by doing define the ESCP experience, the perfect combination to prepare our students for the societal and businesses demands of the future."

Prof. Philippe Zarlovski
Management Control
PARIS CAMPUS

"Students are ESCP's wealth. The diversity of their backgrounds together with their commitment to their studies make each course an original learning experience that prepares them to take on responsibilities in a fast-changing and complex world."

Prof. Chiara Succi

TURIN CAMPUS

"Every time I teach ESCP students, I learn something new. Their varied backgrounds, cultures and experiences allow discussions to cover many different points of view and deeply explore the content."

Prof. Grzegorz Mazurek
Marketing
WARSAW CAMPUS

"ESCP with its history and pan-European perspective is associated not only with a high quality of teaching, superb knowledge and unique skills, but an amazing mixture of intercultural values which can be simply defined as the 'ESCP experience' – students are aware of that, appreciate it and take the most from it."

ERIM

ESCP Research Institute of Management is a state-recognized research laboratory that allows ESCP not only to deliver a Doctorate degree independently but also to apply for national research funding such as the ANR funding.

ERIM also plays an important role in promoting research activities of ESCP Business School.

Curriculum

The ESCP Master in Management is a two- to three-year programme combining core management courses, and specialisations across the School's campuses. Its objective? Prepare savvy, internationally-minded graduates to successfully launch their careers.

There are two points in your studies at which you can join the programme:

The Pre-Master year was designed for students having completed Preparatory School or at least 2 years of university studies who wish to take a deep dive into the fundamentals of management.

Curriculum

Experiential learning

Take a deep dive into the major issues today's leaders face with five thematic seminars. You will learn by doing together with fellow students from all over the world.

- **Designing Tomorrow: Business and Sustainability:** Climate and related societal issues have a major impact on companies worldwide. This Pre-Master seminar demonstrates the links between these issues and management, and identifies approaches managers can take to address the challenge.
- **Immersion:** Discover the practicalities of managerial life and understand the day-to-day activities that structure your actions as manager and leader.
- **Digital Spark:** Understand and experience the digital challenges at stake for organisations.
- **Designing Europe:** With the participation of key personalities in European politics, students role-play negotiations as if they were a member of the European Parliament.
- **Business Strategy Simulation:** This hands-on, 3-day seminar is a computer-based business simulation that allows them to develop, implement and manage international business strategies of a simulated company.
- **Soft Skills for Leaders:** Analyse the personality traits and behaviours that will help you to get hired and succeed in your work.

Designing Europe

To immerse our students in the School's European values, all first-year Master in Management students take a learning expedition to the European Parliament. During this seminar, students attend online courses given by experts on the issues surrounding the economic, institutional and cultural aspects of European policy-making. The students also take part in a negotiation role-play to experience the EU from the inside.

Apprenticeship Track

The ideal way to combine study and professional experience

150 student apprentices
each year (upon admission)

€1000 – 1600
per month salary range

1 and 2- year options

The apprenticeship track combines in-company work experience with academic coursework at ESCP Business School.

Why choose the Apprenticeship Track?

- You work in a company and become deeply involved in day-to-day business.
- You exercise day-to-day responsibilities under the guidance of a senior manager, with the support of a tutor.
- Your tuition fees are reimbursed and you benefit from a monthly salary from your company over the full period of the contract.

“*The apprenticeship track is a very enriching opportunity as it allows you to combine the best of two worlds: that of a student and of a working professional. It is also a great way to perfect your time management skills.*

The apprenticeship track is definitely the best way to not only finance your studies but also to acquire professional experience that is highly valued by employers. In fact, I am now in a full-time position at Siemens, where I started as an apprentice.

Elias Orphelin,
Class of 2021
Pricing Manager
Siemens

Is the apprenticeship track for you?

2-Year Track

Candidate profile

You are in your first Master year (M1), and have either completed the pre-master year at ESCP, or a business-related bachelor degree at an accredited university. You have a work permit in France and speak fluent French.

Work/study schedule

This track starts in August of M1 and continues through the M1 and M2 years of the Master in Management programme. In addition to the time spent in-company, it is made up of several study periods over the course of the 24 months, including a 4-month international study period.

1-Year Track

Candidate profile

You are in your second Master year (M2) and have some professional experience. You have studied at least one semester on a campus other than Paris during your M1, have a work permit in France and speak fluent French.

Work/study schedule

The track starts in June of your M1 year and continues through M2. It consists of either blocks of a few months in-company and a few months in-class or weeks split between the company and the School.

How do you apply?

Upon admission to the Master in Management, you may apply to the apprenticeship track. Acceptance is dependent primarily upon your performance in your first year at ESCP or bachelor's studies, and the acquisition of a company-sponsored apprenticeship employment agreement, which is subject to approval by the School.

The apprenticeship must be in a business position that has some level of responsibility; new start-ups do not usually offer this type of experience and are therefore not eligible.

After admission to the Master in Management, the ESCP Careers service team can provide support in finding apprenticeship contracts.

Promoting an Entrepreneurial Spirit

ESCP places an increasing value on capturing and nurturing an entrepreneurial spirit: as true for established businesses as for start-ups. Our Chair for Entrepreneurship, created in 2007, was a token of our strong belief that cultivating entrepreneurial spirit is important for all students in all disciplines. In 2018 the JEAN-BAPTISTE SAY INSTITUTE was launched to offer a European academic reference dedicated to entrepreneurial leadership and innovation.

Learning to be an Entrepreneur

Entrepreneurship is taught through specialisations that take students through the stages of self-reflection and leadership style through the essential business functions (finance, marketing, organisational development, etc).

Incubators and accelerators

The School has three 'Blue Factory' incubators in Berlin, Madrid and Paris, as well as an accelerator in Paris. Overall the creation of more than 600 companies was supported since 2007.

Events include real and simulated opportunities for students to pitch their business ideas to panels of investors and experienced entrepreneurs. Highlights are the annual 'Innovation & Entrepreneurship Award' and the 'Made in ESCP' pitching event in Paris. In addition, during the annual Global Entrepreneurs Week, Entrepreneurship Festivals are organised at each of our campuses.

ESCP Business School has been training and supporting entrepreneurs for two centuries. As early as 1819, Jean-Baptiste Say, a renowned economist and co-founder of the school, defined the word entrepreneur for the first time. Today, the Jean-Baptiste Say Institute is inventing new methods for teaching students how to be entrepreneurs in an uncertain world.

*Prof. René Mauer,
European
Coordinator of the
Jean-Baptiste Say
Institute*

I chose to alternate theory with the ESCP apprenticeship track. I worked for two years at Total Energies in customer credit risk management, which led to my current position in the Finance Department of Orange.

My experience at ESCP gave me the desire to help other African students attend top business schools, which drove me to create STUD'HERO.

*Michèle Tsague,
Class of 2020
Consolidation Analyst,
Orange, Paris and
Founder,
Stud'Hero, Yaounde*

“ By studying in Berlin, Madrid and Paris, I learned three degrees with the MiM. In addition to deepening my intercultural competencies, the programme offered the opportunity to specialise in Digital Strategy, which opened the door for my current position at Google's European headquarters.

Matthias Gleich,
Class of 2021
Digital Growth Strategist
Google, Dublin

As many as 5 degrees

Employers highly appreciate graduates with two or more degrees. You'll have an unbeatable advantage because of your interdisciplinary knowledge and adaptability.

A double degree proves you are serious and determined and are not afraid of taking up a challenge. A double degree signals employers you have a strong work ethic and you are willing to assume responsibility for demanding and complex tasks and duties.

Degrees obtainable without leaving the ESCP campus:

	Degree	Institution
France	Master in Management Grande Ecole	ESCP Business School
Germany	Master of Science	ESCP Business School
Italy	Laurea Magistrale in Economia	University of Turin
Poland	MSc in Management	Kozminski University
Spain	Master en Administracion y Direccion de Empresas	Carlos III University of Madrid
United Kingdom	MSc in Management	City, University of London

Course offerings, specialisations, location and language options as well as fees are subject to change without notice.

Careers Service

The ESCP Careers Service helps students identify their professional objectives to ensure their career prospects. Located on each of the six campuses, the Careers Service provides students with the advice, data and tools to connect them to companies. ESCP students have access to over 30,000 internship opportunities each year.

Through the Careers Service, students benefit from:

- **Career workshops and individual coaching**, personality and logic tests to identify strengths and motivations
- **Company presentations, seminars, conferences, roundtables and interviews with recruiters**
- **On-campus generalist and industry-specific job fairs** attracting over 130 companies throughout the year
- **Bootcamps on Consulting, Banking, Tech and Marketing led by ESCP Alumni** on how to be recruited by the leading companies in these sectors.

Student Life

A strong sense of school spirit and community is a defining characteristic of ESCP. Involvement in extra-curricular activities and student associations is strongly encouraged; we consider it an essential part of personal well-being and professional development.

Student life on each of the campuses is shaped by the initiatives and activities offered by some fifty clubs and associations which organise networking, and artistic and cultural events, political discussions, sports tournaments, social events, humanitarian activities, etc.

The ESCP Regatta: Students and Alumni sail together

The ESCP Regatta symbolises what ESCP is all about. Once a year, students from all five campuses, as well as members of staff, faculty and alumni, gather in Italy for a weekend at sea. The event is a unique opportunity to fully exploit the potential of a multi campus school and to strengthen and broaden the group spirit key to the ESCP community.

The ESCP Regatta has become a landmark in the School's sporting, networking and social calendar. Around 400 participants sailed together in 2022, manning over 40 sailboats around Ischia, Italy. Working in teams to take first place, the event allows for excellent group bonding and the continued development of team-building skills.

I chose to specialise in strategy and consulting, where I had the chance to meet brilliant and inspiring people and learn how to solve complex problems. After a summer internship, I was offered a full-time job at P&G where I now manage 3 products. The analytical thinking and cross functional knowledge gained at ESCP helps me to take strategic decisions for the future of the brands.

Valentina Ricciardo,
Class of 2016
Product Manager Hair Care Portfolio
France Benelux - Procter and Gamble

Candidates with specific backgrounds may apply to ESCP through the corresponding admissions processes.

The specific backgrounds include:

- Engineering partner schools: Centrale/Supélec, ENSAE, ESTP, Mines ParisTech and Politecnico di Torino
- Sportifs de haut niveau
- Talent Spring

Please see our website for more information.

“The ESCP Foundation scholarship enabled me to take advantage of both the academic opportunities and the student life of the School. I don't have to worry about financial problems that would have prevented me from investing myself fully in attaining my dual degree in management and law.

Fouad Azzi,
Class of 2021

Scholarships

ESCP Business School strives to attract the best students, regardless of their financial background. As such, the School offers a selection of financial need- and merit-based scholarships. Some 400 are awarded every year.

- Students from the EU may apply for financial need-based scholarships that can finance up to 80% of the first year's tuition fees. Scholarship applications are open in the summer preceding the September intake. Awards are announced in September.
- Non-EU students may be awarded merit-based scholarships. There is no need to apply as these scholarships are awarded upon admission.
- Some countries provide scholarships for their own citizens. Please obtain information in your home country by contacting the relevant government bodies and foundations.
- Eligible students should apply for Higher Education Grants awarded by the CROUS. Students who are eligible for CROUS* scholarships, level 4 to 7, are exempt from tuition fees for all years of study, including the Pre-Master Year, M1 and M2 years. This full scholarship covers both standard Tuition Fees and Fees related to the prerequisite courses in Management.

Other sources of financial aid include:

- Bank loans: Thanks to the excellent placement rate and starting salaries of ESCP Master in Management graduates, many banks offer student loans at attractive rates, with deferred repayment. Bank loans are taken from institutions in your home country.
- Paid internships: while the salaries offered can vary significantly, most students receive between €800 and €2800 per month during their internships. In many cases, work permits are not required as the internship is a compulsory part of the curriculum (please check with local requirements).
- Apprenticeships: tuition fees are covered by the student's employer (see page 24).
