At **The University of Texas at Dallas**, we bring people and ideas together to create the future — ours, yours and the world's. We like to think big, and we're eager to try creative approaches in solving problems.

# Discovery

With cutting-edge disciplines from bioengineering, to audiology and brain science, to nanotechnology, global business programs and other critical 21st-century fields, we offer rigorous academics with practical applications.

Come discover what we're all about!

**MINORS**

As a rapidly growing research institution,  
**The University of Texas at Dallas** attracts a diverse  
group of students and faculty members to the vibrant,  
dynamic and globally connected Dallas-Fort Worth area.

# Growth

UT Dallas offers the reputation and resources  
of a big university combined with the close-knit  
community of a smaller one where the average student  
to faculty ratio is 21-1. It's the perfect balance of  
academic and campus life.

Rodolfo Perez  
Psychology Senior

*“When I arrived to UT Dallas and entered its School of Behavioral and Brain Sciences, I was impressed with the quality of the faculty and the level of care and resources they provide for their students. With so many research options, I was able to find a research lab that was tailored to my individual interests. I know that my experience here will provide me with the necessary tools to excel in my career path.”*

# Dallas-Fort Worth

The Dallas-Fort Worth Metroplex is one of the nation's largest urban areas, with shopping, entertainment venues — including five major sports teams — and museums and art galleries. You'll find plenty of opportunities for discovering entertaining and exciting things to do and see.

AT&T Stadium, Arlington

## Facts

Average undergraduate class size:

**44%** < **30**  
students

**75%** < **50**  
students

Eight Schools:

School of Arts and Humanities

School of Arts, Technology, and Emerging Communication

School of Behavioral and Brain Sciences

School of Economic, Political and Policy Sciences

Erik Jonsson School of Engineering and Computer Science

School of Interdisciplinary Studies

Naveen Jindal School of Management

School of Natural Sciences and Mathematics

Student/faculty ratio:

Rankings:

*The Princeton Review* and *Kiplinger's* magazine consistently call us one of the **best values among public universities**, and *Times Higher Education* ranks the University **#1 in Texas, #2 in the nation and #24 out of the top 150 colleges in the world under 50 years of age.**

Team nickname:  
**the Comets**

Mascot: Temoc

Nearly 18,500 pizzas were served last school year.

*"I am constantly reminded how fortunate I am to be a professor of communication sciences and disorders in the School of Behavioral and Brain Sciences (BBS) at UT Dallas. From rich, interdisciplinary collaborations I enjoy with other BBS colleagues where we are unpacking the dynamic co-development of dual language acquisition and self-regulation skills, having access to state of the art resources and robust institutional support, to bright and insightful undergraduate and graduate students who rotate through my lab,*

*I have found an unparalleled research environment for innovation and learning."*

**Raúl Rojas, Ph.D., CCC-SLP**  
Assistant Professor of Communication Sciences  
Director of the Bilingual Language Lab  
School of Behavioral and Brain Sciences

**Emma Mathes**  
 Arts and Technology  
 Major, National Merit  
 Scholar, and Clark Van  
 Pelt Scholarship Recipient

*“The ATEC program allows me to study a creative major while still having access to academic classes, which was something I couldn’t get at an art school. I’m a nerd who loves sci-fi, comics, art, computers — definitely a good fit for ATEC. UT Dallas has a great atmosphere, and the moment I set foot on campus, I knew I wanted to go to school here.”*

**Kim Knight, PhD**

Assistant Professor of Arts, Technology  
 and Emerging Communication  
 UT System Regents’  
 Outstanding  
 Teaching Award  
 Recipient

*“There is a temptation to think of technology as neutral, i.e. as “just a tool.” Yet technology arises from social contexts shaped by history, legal frameworks, power imbalances and globalized capitalism. Part of the fun of working with students is helping them develop a deep understanding of the way that technology both emerges from and influences society. We combine study of the social, historical and ethical dimensions of contemporary technoculture with critically informed production practices. With this educational foundation, our students use emerging media to create a more just and equitable world.”*

More than 2,500 internships are awarded to UT Dallas undergraduate and graduate students every year, including top Fortune 500 companies such as AT&T, Cisco Systems, ExxonMobil, IBM, Intel, Microsoft, JPMorgan Chase & Co. and Texas Instruments.

# Career

You can be one of them.

Our Career Center services include one-on-one career counseling, job search strategies, externships and internships to put your career on track.

[utdallas.edu/career](http://utdallas.edu/career)  
[utdallas.edu/outcomes](http://utdallas.edu/outcomes)

A scientist in a white lab coat is working in a biosafety cabinet. The scientist is wearing blue gloves and is holding a petri dish under a magnifying glass. The scene is lit with a greenish-yellow light, creating a scientific and focused atmosphere. The background shows various laboratory equipment and supplies.

# Research

UT Dallas offers a hands-on approach through numerous undergraduate research opportunities that allow you to work side-by-side in collaboration with our award-winning, globally recognized faculty. Unlocking the secrets of everything from nanoparticles to celestial objects millions of light-years away provides you with environments ripe for scientific discovery and innovation.

Natural Science and Engineering Research Laboratory

Reza Moheimani, PhD  
Professor of Mechanical Engineering  
James Von Ehr Distinguished Chair in  
Science and Technology

Interests:  
Control Systems,  
Mechatronics,  
Nanotechnology

*“UT Dallas is a young and ambitious university with clear direction. In a vibrant environment like this, more interesting things happen. People are more open to new ideas, and the desire to collaborate across disciplinary boundaries fuels growth and innovation.”*

*“There are a lot of misconceptions about accounting: That it’s boring; that it’s purely math equations. I love convincing students otherwise. People assume that if you are an accountant, you must be really good with numbers. While that might be true, I think it’s more about having an organized mind and putting information in the correct buckets.”*

Dr. Rebecca L. Files  
Assistant Professor of Accounting  
Sydney Smith Hicks Faculty Fellow

# Live

We know there's more to college life than just academic excellence, and at UT Dallas you will find endless opportunities to interact with fellow students, create lasting memories and have new experiences.

Whether you're looking for new friends or a way to get involved, there's something at UT Dallas for you.

# Participate

We offer:

- More than 300 Student Organizations
- Living Learning Communities
- Study Abroad Programs
- Recreational Sports
- Student Media
- Honors Programs

[utdallas.edu/enroll/campuslife](http://utdallas.edu/enroll/campuslife)

**Tina Dam BS'15**

Undergraduate Research Award Recipient

*"UTD provided me with many opportunities to experiment and step out of my comfort zone as well as figure out what I actually excelled at. My research experience at UTD led to much personal growth and improved many skills such as attention to detail, critical thinking, work ethic, teamwork, and perseverance. I can't express enough how grateful I am to all my professors, especially the ones who have mentored me extensively during my time at UTD."*

UT Dallas' intercollegiate athletic program is one of the most successful in the NCAA Division III American Southwest Conference (ASC).

# Play

Our teams include:

## Men's

Baseball

Basketball

Cross Country

Golf

Soccer

Tennis

## Women's

Softball

Basketball

Cross Country

Golf

Soccer

Tennis

Volleyball

If you're looking to experience independence away from home and make new friends in the process, our residence halls are just the thing for you. Our Living Learning Communities also enable freshmen with similar majors and

# Home Away From Home

interests to live together, study together, participate in social functions and have the opportunity to interact with faculty in various disciplines.

University Commons Residence Halls

Your UT Dallas journey begins with **Freshman Orientation**, a two-day introduction to campus, culminating with class registration.

Next up is **Comet Camp**, which is a three-day, two-night adventure that offers you the opportunity to bond with new friends and get a head start on what to expect in college.

# Freshman Year Experience

Finally, **Success Camp** provides you with important advice from the experts: faculty and staff who have suggestions for making the most of your time in college. You'll also have a chance to mingle with upperclassmen who will give you inside tips on programs, activities and the resources or professors that can help partner your success.

# Transfer

Almost half of our student body is comprised of transfers, who are consistently ranked among our most successful students. Wherever you have studied before, we invite you to come join the UT Dallas community and explore new goals and opportunities.

[utdallas.edu/transfer](https://utdallas.edu/transfer)

Kwentoria Williams BS'15  
Healthcare Studies Graduate

*“What I like best about UT Dallas is the limitless resources. There is literally something for everyone. With numerous social, professional, academic, religious and cultural organizations on campus, it’s impossible not to find your niche. Also there are services specifically for international students, transfer students and veterans.”*

The cost of college varies from student to student, but here is what you can expect for one full year of attending UT Dallas. For the most current tuition estimates, refer to the financial aid website at [financial-aid.utdallas.edu](http://financial-aid.utdallas.edu).

# Affordability

## Estimated Cost of Attendance 2016-2017\*

Per Year	Texas Resident	Out of State
Tuition & Fees	\$12,162	\$33,654
Books & Supplies	\$1,200	\$1,200
Room & Board	\$10,668	\$10,668
<b>Total</b>	<b>\$24,030</b>	<b>\$45,522</b>

\* Tuition projections are based on 30 hours (15 hours per semester) beginning fall 2016. Projected tuition costs should be used only as a guideline for estimating charges. Estimates including tuition, fees, books, room and board remain subject to change, up to the time of enrollment. Once enrolled, the student pays the tuition that is locked in through the Guaranteed Tuition Plan. Please refer to the financial aid website at [financial-aid.utdallas.edu](http://financial-aid.utdallas.edu) for the most current estimates. Travel and miscellaneous costs are estimated at \$3,952 for financial aid purposes. Oklahoma residents pursuing their first undergraduate degree pay the Texas resident tuition rate plus \$30 per credit hour. Students must show proof that they are residents of Oklahoma to receive this waiver.

All incoming students receive the benefit of UT Dallas' Guaranteed Tuition Plan, which allows you to receive a four-year, locked-in rate on up to 15 credit hours per semester.

# Financial Aid and Scholarships

Additionally, more than half of all UT Dallas students receive some sort of financial aid that includes grants and scholarships. All first-time college freshman undergraduates admitted to the University in the fall automatically are considered for an Academic Excellence Scholarship (AES) Award. Likewise, admitted transfer students are considered for Comet Transfer Scholarships that are renewable for up to six semesters.

[utdallas.edu/scholarships](https://utdallas.edu/scholarships)

University Parkway,  
the tree-lined entrance  
to UT Dallas

UT Dallas is a special place, but don't just take our word for it — visit campus and check us out. Our campus tours will guide you through the heart of UT Dallas as you explore the Student Services Building, Science Learning Center and Natural Science and Engineering Research Laboratory,

# Visit

among many others. You also can visit the University Commons Residence Halls and the state-of-the-art Edith O'Donnell Arts and Technology (ATEC) Building.

Call 972-883-2270 or 1-800-889-2443 to schedule a tour, or visit [utdallas.edu/visitors](https://utdallas.edu/visitors) for more information. You can also check out our virtual tour at [utdallas.edu/virtualtour](https://utdallas.edu/virtualtour).

# Next Steps

As an incoming student there are several things you'll need to do before your semester begins:

1

**Accept your offer of admission online through Galaxy.**

Visit our student information system at [utdallas.edu/galaxy](http://utdallas.edu/galaxy). While you're there, check for any outstanding requirements you'll need to fulfill before the start of classes.

2

**Send your final transcript.**

Make sure to send a final transcript showing completion of all courses.

3

**Apply for housing.**

Priority application deadline for housing is May 1, so apply now at [utdallas.edu/housing](http://utdallas.edu/housing).

4

**Register for orientation.**

Visit [utdallas.edu/orientation](http://utdallas.edu/orientation).

5

**Apply for financial aid.**

Visit [utdallas.edu/student/finaid](http://utdallas.edu/student/finaid).

Priority application deadline is March 15.

Submit your FAFSA at [fafsa.gov](http://fafsa.gov) beginning October 1.

6

**Submit bacterial meningitis vaccination documentation.\***

Visit [utdallas.edu/vaccine](http://utdallas.edu/vaccine) for more information.

\*Applies to students under the age of 22.
