

# 2020/21 VIEWBOOK

EXCITED

CONFIDENT

OPTIMISTIC

FUTURE READY

## Land Acknowledgment

Mohawk College derives its name from the Mohawk Nation, one of the Six Nations of the Haudenosaunee Confederacy. The Confederacy marks a union of peace and friendship, and Mohawk College honours that union by recognizing the Six Nations of the Grand River and the Mississaugas of the Credit First Nation.

We acknowledge that the territories on which Mohawk College and its campuses are situated are governed by the Between the Lakes Treaty, the Dish with One Spoon Wampum Agreement, and the Upper Canada Treaty Agreement. These agreements are binding to this day and represent our mutual commitment to maintain healthy, reciprocal and respectful relationships with the many Indigenous nations and peoples of this area. We acknowledge this and iterate our dedication to inclusivity, to friendship and to valuing the ongoing contributions of Indigenous peoples and communities.

# Become Future Ready at Mohawk.

**Mohawk is a leader among Ontario's colleges. Deeply rooted in our community and the demands of the present, we have a global perspective that addresses the needs of the future.**

PHOTO: The Joyce Centre for Partnership & Innovation at Mohawk's Fennell Campus in Hamilton. Photo by Ema Peter.

WHY MOHAWK

# We are transforming the way we deliver educational experience.

We've redefined the meaning of campus—to meet our students' educational needs and increase collaboration with our partners.

**We've honed our expertise in the technologies shaping the world—artificial intelligence, robotics, augmented and virtual reality, biotechnology, digital health and cybersecurity to name a few.**

We set the standard for applied learning—the most effective way to equip students for their complex digital futures.

**We're committed to supporting lifelong learning—to ensure our grads' skills remain relevant.**

## We are inspiring students to be the sustainability leaders of tomorrow.

We're the first Ontario college to get a STARS® Gold Rating for sustainability achievements from the Association for the Advancement of Sustainability in Higher Education (AASHE).

### **Learning. Living. Leading.™**

Our Sustainability team offers students over 35 programs and services each year that help promote a sustainable lifestyle.

PHOTO ABOVE: Harvesting food from the Community Garden at Fennell Campus.  
PHOTO LEFT: Rooftop solar panels at Fennell Campus. Photo by Ema Peter.

# We have forward-looking spaces that reflect our core values of excellence and innovation.

The Joyce Centre for Partnership & Innovation is a unique 'teaching tool', the largest net zero institutional building in Canada, with 96,000 square feet on seven levels with access for students on all. It exceeds LEED® Platinum standards and generates as much or more energy as it consumes annually.

**Opportunities for collaboration and innovation are built into the building's design. Its multi-space, interconnected configuration brings students, faculty, researchers and partners together in new ways, to encourage discussion and generate ideas.**

PHOTO: Students examine solar panels on the roof of The Joyce Centre for Partnership & Innovation at Fennell Campus. Photo by Ema Peter.

PHOTO ABOVE: The Digital Creativity Centre, located in The Joyce Centre, features a makerspace with 3D printers, laser machine, AR/VR and media studios as well as project rooms and space for collaboration. The visualization wall, which combines ten 70-inch 4K digital screens, is used for industry events, interactive class sessions and to promote creative student work.

PHOTO ABOVE LEFT: The Joyce Centre for Partnership & Innovation at Fennell Campus. Photo by Ema Peter.

PHOTO ABOVE RIGHT: Students working in the Digital Creativity Centre.

# We strive to ensure an inclusive environment for everyone.

As an inclusive college, Mohawk benefits from the diversity of thoughts, experiences, skills and talents of our students, faculty, staff and administrators. We are focused on creating an environment that reflects all identities, where every student belongs, is welcomed and has a voice.

# We have an impressive track record as a community leader.

Our unique City School by Mohawk breaks down barriers to education and employment by bringing the college directly into Hamilton neighbourhoods to offer free courses, training and employment services. The credits students earn at City School apply to Mohawk academic and pre-apprenticeship programs.

PHOTO ABOVE: In addition to its customized Mobile Classroom, City School by Mohawk operates in three community-based classrooms, including this space at the Eva Rothwell Centre.

PHOTO RIGHT: Say 'cheese'! Just another beautiful day hanging out on campus.

# We are leaders in experiential learning.

Mohawk programs offer a wide range of experiential learning activities that provide hands-on, practical experience that bolsters your job readiness and prepares you for a successful transition into your career.

## **Applied Research**

Work directly with industry and community partners on real-world research challenges with IDEAWORKS, Mohawk's applied research and innovation hub.

## **Apprenticeship**

Combine paid employment under the supervision of a certified journeyman and in-class training from a postsecondary institution.

## **Campus Incubator**

Become an entrepreneur by turning a business idea into reality with mentorship from SURGE, Mohawk's entrepreneurship resource hub.

## **Capstone Project**

Solve a challenge by applying knowledge and skills acquired in earlier courses using a written report or presentation.

## **Clinical/Practicum Placement**

Under the supervision of a registered or licensed professional, meet the mandatory requirements to receive a professional licence, certification, or registration within a professional association.

## **Industry or Community Project**

Work with a business or organization, with the guidance of faculty, to explore, develop and solve an identified challenge.

## **Co-operative Education**

Acquire industry-related experience through paid work terms. Read more about Co-op on page 17.

## **Field Trips**

Explore academic content outside the classroom in a short-term field trip or site visit.

## **Field Placement**

Gain hands-on experience in a workplace setting, for a specified amount of hours within a semester.

## **Labs**

Observe, test and apply course content using tools, equipment and resources utilized in a specific field or program of study.

## **Performance-based learning**

Produce or participate in an artistic or musical performance or portfolio exhibit in front of an audience.

## **Simulation**

Experience an interactive and accurate representation of a real-life situation or process by using critical thinking and decision-making skills.

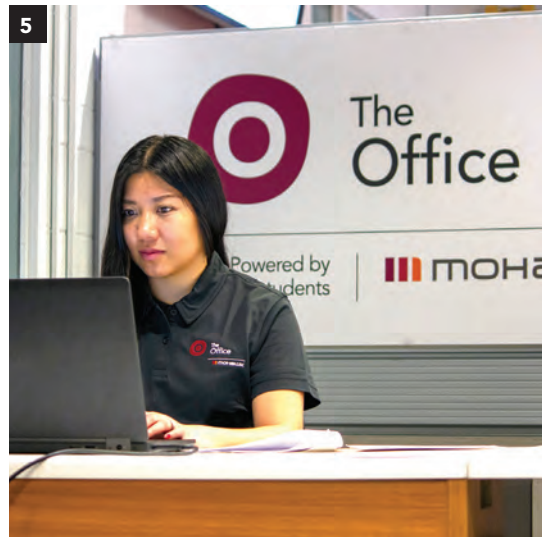

## **Service Learning**

Foster civic or social responsibility while working with a local or national organization to address a community or global need.

PHOTO LEFT: Photography – Still and Motion student Amari Lindsay-Simon participated in a trip to Jamaica to document students from Mohawk's Computer Networking and Building Renovation programs as they worked on technology and construction upgrades at a primary school. Photo by Maddy Darling, Photography – Still and Motion Program student.

# Experiential learning opportunities at Mohawk

- 1** Under the guidance of faculty, students will receive hands-on training in the Mohawk Centre for Health Care Simulation at the Institute for Applied Health Sciences at McMaster. The clinical space is designed to simulate the experience of a hospital, long-term care facility and community clinic using the latest equipment and technology.
- 2** Mohawk College is the only Canadian community college that uses simulated judgemental training systems, both tactical and virtual, in their scenario-based learning for Police Foundations; Protection; Security and Investigation; and Advanced Police Studies.
- 3** SURGE, Mohawk's entrepreneurship resource hub, provides free one-on-one mentoring and support to develop your business idea or expand your current business.
- 4** Broadcasting – Television and Communications Media students participate in a seven-week field placement.
- 5** The Office is powered by Office Administration and Business Analysis students to provide accessible document production and data analysis for industry partners.
- 6** Advertising and Marketing Communications Management students presented a partnership marketing campaign to the NHL at their Canadian headquarters in Toronto.
- 7** Operating within the McKeil School of Business, The Agency brings students from a variety of programs together to develop marketing and communication solutions for selected non-profit organizations and start-up companies in the greater Hamilton area.
- 8** Mohawk has partnered with CityLAB, an innovation hub that brings together City of Hamilton staff members with students from a variety of programs, to create solutions to the city's current projects and challenges.
- 9** Apply your knowledge and skills to care for patients in the community, through clinical placements.

10

11

12

13

**10** In the last semester of the Health, Wellness and Fitness program, you'll design an innovative industry-related business plan and pitch the idea to an audience of peers and industry experts, as part of your capstone project. **11** Construction Engineering students travelled to an elementary school in Jamaica to help rebuild the school's library and kitchen. **12** In partnership with the Global Autism Project, students from the Autism and Behavioural Science Graduate Certificate program travelled to Northern India to work with local teachers and support students with autism. **13** Mohawk is the only college in Ontario to offer FANUC certification as an integrated part of five Engineering Technology programs. You'll complete your FANUC certification before beginning your co-op work terms, giving you an edge over the competition.

14

15

16

17

**14** The Garage is part of the Motive Power Technician program and gives you the opportunity to work on real customers' vehicles, under the direct supervision of Mohawk faculty, who are licensed automotive service technicians. **15** Students from the Recreation Therapy program stayed at the YMCA Geneva Park in Orillia, learning how to provide services and activities to individuals who have physical, mental, emotional or social limitations. **16** Sixth semester Civil Engineering Technology students toured the West Block at Parliament Hill in Ottawa, from the foundation to the superstructure, that will enclose the new House of Commons. **17** As an Applied Music student, you will be able to showcase your learned skills by performing in ensembles and final recitals.

## WHY MOHAWK

18

19

20

21

22

**18** Students from the Advertising, Broadcasting – TV and Communications Media, and Graphic Design programs toured agencies and broadcasting sets in New York City. **19** In the Photography – Still and Motion program, you'll complete your studies with a gallery production showcasing your strongest still and motion content. **20** Skilled Trades apprentices learn theory to support their trade and complete projects that simulate typical work assignments. **21** Journalism students visited the Woodland Cultural Centre in Brantford to learn about the Mohawk Institute Residential School's history, tour the museum and view the construction taking place to save the historic building. **22** Students in the Electrical Engineering program completed an applied research project to find a solution for a pair of malfunctioning wind turbines installed at the Catholic Youth Organization site in Hamilton.

**"I refused to let the fact that I'm Deaf stand in the way of my dreams. During my clinical placements, I was able to apply my skills while advocating for myself and my patients. I felt more confident after I completed my placements and was motivated to keep learning."**

**Natasha Mando**

Graduate, Practical Nursing Program

Co-operative Education and Work-Integrated Learning (CEWIL) Canada –  
Student of the Year, Work-Integrated Learning

Mohawk College Leadership Accessibility Award recipient

PHOTO ABOVE: Co-op provides students with an opportunity to develop employment skills, explore career options and network with potential employers.

# Co-operative education

Over 3,000 students participate in a co-op work term annually, ranging in length from four to 16 months.

As the first college in Canada to develop a co-operative education program, Mohawk College has long since known the importance of the co-op experience to student success. Co-operative education offers you the opportunity to integrate relevant work experience with your academic studies, providing you with a competitive edge upon graduation.

## Programs with co-op:

- Architectural Technology
- Biotechnology
- Biotechnology (Health)
- Business – Accounting
- Business Administration – Marketing
- Chemical Engineering Technology
- Civil Engineering Technology
- Civil Engineering Technology – Transportation
- Community and Justice Services
- Computer Engineering Technology
- Computer Systems Technician – Network Systems
- Computer Systems Technician – Software Support
- Computer Systems Technology – Network Engineering and Security
- Computer Systems Technology – Software Development
- Electrical Engineering Technician – Power
- Electrical Engineering Technology
- Energy Systems Engineering Technology
- Environmental Technician
- Insurance
- Manufacturing Engineering Technician – Automation (Industrial Mechanic Millwright)
- Mechanical Engineering Technology
- Police Foundations
- Protection, Security and Investigation
- Quality Engineering Technician – Non Destructive Evaluation (NDE)

## Mohawk works with over 1,100 employers, including:

- Alectra Utilities
- ArcelorMittal Dofasco
- Canada Revenue Agency
- City of Hamilton
- Environment Canada
- Evertz Microsystems
- Hatch Ltd.
- Ontario Power Generation Inc.
- Royal Bank of Canada
- Stelco

# Areas of Study

- 20 Business**
- 24 Communication Arts**
- 28 Community Services**
- 32 Health**
- 38 Preparatory Studies**
- 40 Technology**
- 48 Skilled Trades & Apprenticeship**
- 56 Graduate Studies and Pathways**

## Choose your credential

A credential is the document that confirms you have completed the requirements of your program. Different credentials require different amounts of time to complete, see below for a general time range for each type of credential.

How long it takes to complete a program depends on many factors including co-op work terms, fast-track options where you attend semesters back-to-back with no semester break, and your pace of learning. For detailed information, check your program's web page at [mohawkcollege.ca](http://mohawkcollege.ca).

### **Certificates (1 year)**

Certificate programs provide an introduction to an area of study and help students develop fundamental knowledge and skills in their field of choice.

### **Mohawk College Certificates (2–5 years)**

#### **Apprenticeship Programs**

Mohawk offers the required in-class component of apprenticeship training. Apprenticeship is learning a skilled trade on the job, under the supervision of an experienced tradesperson.

#### **Diplomas (2 years)**

Diploma programs deliver the theory and practical skills to prepare students for a specific career. Many Mohawk diplomas include an optional co-op.

### **Advanced Diplomas (3 years)**

Advanced diploma programs provide additional specialized knowledge in the chosen field. Some Mohawk advanced diploma programs include a required co-op.

### **Degrees (4 years)**

Degree programs are offered jointly by Mohawk College and a university. They combine hands-on, applied learning with theory and critical thinking and include work term placements.

### **Graduate Certificates (1 year)**

Graduate certificate programs build on previous postsecondary study to enhance professional skills or develop specializations.

# Business

“I love what I do! I plan and execute over 20 events during the year, and promote the Chamber on a daily basis. My Mohawk education opened the door to many opportunities. All those projects, presentations, exams and tests are worth it when you land a job post-graduation!”

**Julia Jarusauskas**

Communications and Events  
Coordinator, Hamilton Chamber  
of Commerce  
Graduate, Business – Marketing

At the McKeil School of Business, you'll get the knowledge, practical experience and network of colleagues and contacts that give you an edge in today's business world. Accounting, financial services, marketing, human resources or insurance—whatever area of business interests you, our specialized programs will help you achieve your career goal.

The “Make Learning Come Alive” experiential showcase provides business students with the opportunity to present featured projects and network with industry guests.

Business students participated in Mohawk's first ever “Mindshift” conference on entrepreneurship—an event that included networking opportunities, panel discussion and workshops.

As part of an assignment on prospecting and selling skills, students from the Business – Financial Services program have raised over \$180,000 for a local charity since 2014.

PHOTO ABOVE: Office Administration students completing an assignment.

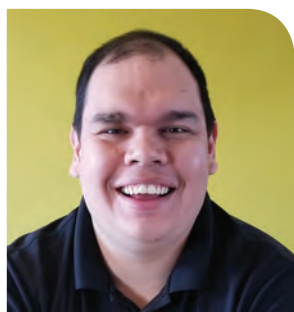

PHOTO ABOVE: Paralegal students and two faculty members travelled to Ottawa to visit the Supreme Court of Canada and tour Parliament.

Our faculty bring their own business experience to teaching, and our corporate and community partners offer fieldwork opportunities in the financial, creative, government and not-for-profit sectors.

You can earn important industry certifications and designations in many of our business programs while you study.

If you're interested in starting your own business, you'll get the support of SURGE, Mohawk's entrepreneurship connection that encourages students to start their own viable businesses by providing education, training and mentorship.

A group of Tourism students, supervised by a faculty member, completed a three-week work placement in Campeche, Mexico.

**"Don't be afraid to make mistakes. The environment at Mohawk isn't there to fail you, it's there to support you and build you up. Mohawk isn't trying to churn out cookie-cutter students, every individual has their own skills and strengths and Mohawk really helps you find that."**

**Raymond Watkins**

Advisor, Aboriginal Liaison Programs, Statistics Canada  
 Graduate, Business (General), Business Administration

# Communication Arts

Our multi-talented faculty have the knowledge, techniques and professional experience to guide you to a standout career in the creative economy. Whether you are drawn to 3D animation, radio and television broadcasting, music, photography, graphic design or journalism, our Communication Arts programs will inspire you to gain the skills you need for a creative career. You'll get the bonus of Mohawk's technology expertise and exceptional facilities to realize your vision.

PHOTO ABOVE: At The Agency, students collaborate to provide marketing and communications solutions for local businesses and organizations in advertising, public relations, marketing, graphics, broadcast media, software development, animation, journalism and photography.

Advertising and Marketing Communications students have won the Gold award six years in a row at the National Advertising Challenge. At One Show, North America's most prominent advertising competition, two 2019 Advertising graduates placed in the top three.

Every year since 2016, Photography – Still and Motion students have been finalists in the Emerge Media Awards and have placed first or second four times.

Through Mohawk's partnership with Berklee College of Music in Boston, music students receive advanced standing toward a degree with one of the leading North American music schools.

The "Make Learning Come Alive" experiential showcase provides Communication Arts students with the opportunity to present featured projects and network with industry guests.

PHOTO ABOVE: Broadcasting – Radio students work with industry professionals and gain hands-on practical experience on Mohawk's award-winning radio station, 101.5 The Hawk.

Visit [mohawkcollege.ca/careertools](http://mohawkcollege.ca/careertools) to learn more about careers and research career requirements, including physical standards, additional certifications, tests, etc.  = competitive program, see page 76 for details.

# Community Services

You can make a meaningful difference in your community. Mohawk's Community Services programs prepare you for a rewarding, purposeful career. Our early childhood education, educational support, child and youth care and social service worker programs teach you how to improve the well-being of children, adolescents, families and people who live with disabilities or mental health problems. Our law enforcement, justice and legal services programs train you to safeguard neighbourhoods, manage emergency situations or for careers in the judicial and security sectors.

PHOTO ABOVE: Brantford police Constable Kari Drake, with her partner, Scout, is among the first female police officers in the province to be a canine handler. Kari is a graduate of Mohawk's Police Foundations program. Photo by Brian Thompson. Material republished with the express permission of: Brantford Expositor, a division of Postmedia Network Inc.

Mohawk students gain global awareness and experience through international service-learning trips. Child and Youth Care and Social Service Worker students volunteered at the Ritsona Refugee Camp in Chalkida, Greece.

A field placement at the Hamilton-Wentworth District School Board brings students from different programs, like Early Childhood Education and Child and Youth Care, together in the same school where they work as a team and learn more about each other's roles.

**“The people, the culture— I have always felt at home at Mohawk College. Right from my first day at Mohawk to now, I’ve been encouraged to explore opportunities and try new things. I’m given the freedom to go with my ideas.”**

**Karen Davis**

Professor, Early Childhood Education Program  
 Graduate, Early Childhood Education  
 Alumni of Distinction Award recipient

Simulation-based learning is a Mohawk priority to equip students for complex careers. Our Early Childhood Education Room helps students experience an interactive early years’ environment. Paralegal students participate in interactive courtroom simulations in the Mock Trial Courtroom, and the Police Tactical House provides simulated scenario-based training, both tactical and virtual, for police and security program students.

National employers recognize that Mohawk’s Advanced Security Management grads have the practical industry-level skills and industry certifications to start their careers in intermediate versus entry-level roles when they graduate.

Police Foundations students finished with strong results in intercollegiate fitness competitions, particularly in the annual Fit Pin Challenge held by Peel Regional Police, placing first in the male division and second as a team.

\*\* Apprenticeship students must be in good standing with the Ontario College of Trades (OCOT).

\*\*\* Trades may vary by level and duration. Check program page for availability.

# Health

Careers in the growing health care sector range from helping people stay physically and mentally healthy to saving lives. Students in all our health programs learn from professional faculty in the most advanced simulation labs, and apply their skills in real-world clinical placements. From diagnosis and treatment to rehabilitation and wellness, Mohawk's interprofessional programs will give you the skills and experience you need to fulfill your calling in your chosen career.

PHOTO ABOVE: The Centre for Health Care Simulation at the Institute for Applied Health Sciences at McMaster has the look and feel of a hospital, long-term care facility and community clinic. More than 2,000 students use the Centre each semester, gaining experience in the team-based approach required by today's health care graduates.

PHOTO RIGHT: Students working in the Pharmacy Lab.

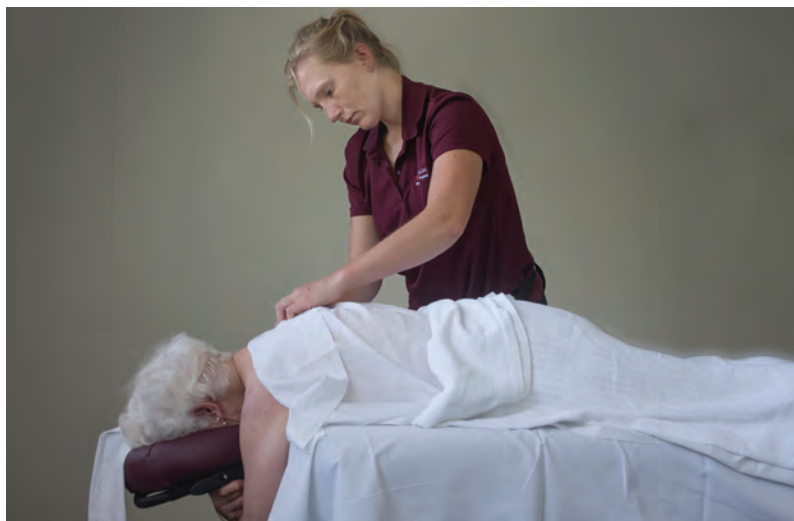

PHOTO ABOVE: A Massage Therapy student participates in a practicum placement at St. Elizabeth Village in Hamilton.

The Clinic, at St. Elizabeth Village retirement community in Hamilton, gives Mohawk massage therapy students an opportunity to acquire the necessary clinical hours to graduate while meeting a community need.

Close to 3,000 students in 35 programs do placements each year at Hamilton Health Sciences (HHS). Their work adds up to close to 188,000 hours annually and Mohawk students report extremely high satisfaction rates about their experiences at HHS.

The Practical Nursing Diploma Program is currently Approved (Category 1) by the College of Nurses of Ontario (cno.org). Current graduates from this program are eligible to apply for registration as a Registered Practical Nurse in Ontario.

# Preparatory Studies

Mohawk offers a variety of preparatory programs that prepare students for the workplace or further college and university level programs. Students can explore possible areas of interest while developing writing, research, math, academic and critical thinking skills.

It's not too late! In grade 11 or 12, students make course selections not knowing where their interests may take them in the future. In our preparatory programs students can earn missing prerequisites and re-open many doors.

Mature students—welcome back! Maybe you took some time off after high school and are ready to return to school. For mature learners, General Arts and Science offers a welcome refresher for students interested in getting back in the books.

Find your path! In the General Arts and Science program, students can explore options while searching for an area of interest that inspires them. Choose from a wide selection of course options for future studies in business, health, social sciences, human services and other college and university programs.

PHOTO ABOVE: Students working in a computer lab on campus.

# Technology

Whether you want to develop software, design video games or learn about systems that drive business and industry, Mohawk's unique approach to technology and applied learning will prepare you for your future-ready career. We have expertise in the technologies that are shaping the world—AI, robotics, cybersecurity, augmented and virtual reality and digital health. In our new Joyce Centre's advanced learning labs and smart classrooms, taught by authoritative faculty, with direct input from relevant industry partners, you'll gain the knowledge and skills to achieve your career goal.

PHOTO ABOVE: Mohawk students (left to right) Joseph Iaccino, Paul Belisario, Jason LaPorta (in car), Tyler Yuskow, Ethan Trumbley and Cameron Behnke worked as part of a team to design a vehicle for a fuel-efficiency challenge.

The Joyce Centre's classrooms and labs link to each other—for example, the simulated factory links key labs to better replicate an industrial internet of things (IIoT) environment.

Students can access Mohawk's new EON AVR Development Lab, the first of its kind in Canada. This lab positions Mohawk as a North American leader for AVR education.

Students get hands-on experience in the Cyber Security Testing Lab, where an advanced simulator provides immersive experience in the world of cybersecurity.

In the Sustainable Design Lab, architecture and civil students design 3D projects, using virtual reality, augmented reality, 3D scanners and drones to digitally replicate an environment—either real or imaginary.

Mohawk has the only Civil Transportation Program in Canada, leading to careers in the design, construction and operation of transportation systems.

“We are extremely proud of what The Joyce Centre for Partnership & Innovation represents. This is a building that stands for something—sustainability, net zero energy and technology. It offers a terrific opportunity for Mohawk’s students, faculty and industrial partners to work together in developing new technologies in low-carbon energy in a centre that is a one-of-a-kind living lab from its basement to its roof.”

**David Santi** (PHOTO LEFT)  
 Dean, School of Engineering Technology

PHOTO ABOVE: Building and Construction Sciences students and faculty work with industry partners to use drones to monitor the progress of buildings under construction. The traditional way to inspect the ‘structural envelope’ of a building involves dropping inspectors over the sides to take samples and photos. It can take a day to cover just 10-15% of the building at a cost of several thousand dollars. Drones can cover the same building in an hour, at a significantly lower cost, and importantly, minimize risk to employee safety. Building and Construction Sciences students featured above (left to right): Tyler Sowden, Quincey Bailey, Kevin Robinson, Ardaela Gjoka and Jessica Kingdon.

Applicants are encouraged to review the program website for post-admission requirements, such as police checks, field placement/clinical requirements and equipment purchases. Visit [mohawkcollege.ca/careertools](http://mohawkcollege.ca/careertools) to learn more about careers and research career requirements, including physical standards, additional certifications, tests, etc. **C** = competitive program, see page 76 for details.

# Skilled Trades & Apprenticeship

Join a workforce in demand. At Mohawk's specialized Marshall School of Skilled Trades & Apprenticeship, you'll get hands-on training from expert faculty in both traditional skills and the latest emerging technologies. You'll learn about the trade that interests you, from construction and manufacturing, to electrical wiring, automotive service and more.

"Fixing a digital clock gave me a big clue about what further education I wanted to pursue. I was soldering the wires to the contacts when I had my revelation: this is what I get excited about! A few months later, I was attending Mohawk College, taking the Mechanical Techniques (Electrical Monitoring & Systems) program. From there, I worked as an electrical apprentice before obtaining my licence in 2018."

**Hollie Cook**

Electrician

Graduate, Mechanical Techniques  
(Electrical Monitoring & Systems)

PHOTO ABOVE: Construction Engineering Technician – Building Renovation students helped bring a closed community school in Jamaica back to life by refurbishing the building with a storage room, renovated kitchen, new shelves, bookcases and cabinets.

The Sustainable Resource Centre (SRC) is a research and teaching space where students learn about sustainable community infrastructure and how to put clean energy and waste minimization into action, from rain water treatment to aquaponics.

In partnership with the City of Hamilton, nearly 100 students from Mohawk's Construction Engineering Technician – Building Renovation program spent 12 weeks working alongside city employees to renovate and update two social housing units on Hamilton Mountain.

The Hamilton Port Authority (HPA) is working with City School by Mohawk to create pathways to jobs in different sectors of industries on Port lands. HPA's contributions to City School programming has encouraged in-demand career options for entry-level workers.

Mohawk is one of the largest trainers of apprentices in Ontario, with more than 2,700 apprenticeship students enrolled in 19 apprenticeship programs.

## Skilled Trades Programs

Develop the skills to enter the workforce by earning a postsecondary college certificate or diploma.

PROGRAM	PAGE	PROGRAM	PAGE
Construction Engineering Technician	50	Mechanical Techniques (Electrical Monitoring and Systems)	51
Construction Engineering Technician – Building Renovation	50	Mechanical Techniques (Plumbing)	51
Construction Techniques	50	Mechanical Techniques (Welding and Fabrication)	52
Electrical Engineering Technician – Power	50	Motive Power Fundamentals	52
Gas and Oil Burner Technician 2	50	Motive Power Technician	52
Heating, Refrigeration and Air Conditioning Techniques	50	Power Engineering Techniques	52
Manufacturing Engineering Technician – Automation (Industrial Mechanic Millwright)	50	Power Engineering Techniques – 3rd Class	52
Mechanical Techniques (Cabinetry)	51	Utilities Systems Operator	52

## Apprenticeship Programs

Head straight to the workforce through a traditional apprenticeship.

PROGRAM	PAGE	PROGRAM	PAGE
Auto Body and Collision Damage Repairer	53	Metal Fabricator (Fitter)	55

# Apprenticeship Programs

Thinking about apprenticeship? Learn how it works.

## What is an apprenticeship?

Apprenticeship training is an agreement between a person wishing to learn a skill and an employer who can provide the environment for skills training. It is administered by the Ontario Ministry of Training, Colleges and Universities.

Read more about how to get started with an apprenticeship program at [mohawkcollege.ca/apprenticeship](http://mohawkcollege.ca/apprenticeship).

# Graduate Studies and Pathways

At Mohawk, we use the word 'pathways' to describe the route you can take to achieve your ultimate education and career goals. From a preparatory certificate to a diploma, a diploma to a graduate certificate or degree, we help you understand your options.

## Pathways to Mohawk

If you've studied at another institution, you may be able to earn credit toward your credential at Mohawk. Plus, you may be eligible to get recognition for prior learning acquired through study, work and life experiences. Learn more at [mohawkcollege.ca/transfer](http://mohawkcollege.ca/transfer).

## Pathways within Mohawk

Progress to your next credential at Mohawk. Most programs offered at Mohawk have an Internal Pathways Map which shows how the program can lead to future program choices without having to repeat prior learning.\* Visit [mohawkcollege.ca/transfer](http://mohawkcollege.ca/transfer) to access your Internal Pathways Maps and to learn more about Graduate Studies opportunities.

### Diplomas:

Early Childhood Education (Intensive)

Educational Support (Intensive)

Practical Nursing  
(PSW to PN Bridging Stream)

Recreation Therapy (Intensive)

Social Service Worker (Intensive)

Autism and Behavioural Science

Brain Disorders Management

Business Analysis

Communications Media Practices

Community and Social Services  
Management

Concurrent Disorders

Creative Arts Business

Cyber Security Analytics

Diagnostic Cardiac Sonography

Expressive Arts

Global Business Management

Global Business Management – Family  
Enterprise

Human Resources Management

International Business Management

Mental Health and Disability  
Management

Multimedia Storytelling

Public Relations

Supply Chain Management

Virtual Reality Multimedia Production

### Graduate certificates:

Accessible Media Production

Advanced Police Studies

Advanced Security Management

Analytics for Business Decision Making

### Further study:

Bachelor of Technology Partnership:  
Degree Completion

Diploma RPN to BScN Degree

Mohawk's Continuing Education offerings include a wide range of workshops, courses and programs to help you specialize your skills and advance your career. In an online learning course, you can study at home or at work—wherever you like, whenever you like, within a prescribed time frame. Most courses do not require that you be online at a certain time, but do require that you are actively participating in the course. Visit [ce.mohawkcollege.ca](http://ce.mohawkcollege.ca) for more information.

\*Enter Semester 1 unless otherwise specified. Equivalencies and/or course exemptions may apply. Prerequisite courses and/or minimum averages may be required. Contact the academic area for full details. Programs and pathways subject to change without notice.

PHOTO ABOVE: In 2000, Mohawk College’s Diagnostic Cardiac Sonography program launched with its first full-time cohort and remains one of only a few such graduate certificate programs in Canada.

## Pathways beyond Mohawk

Mohawk offers 200+ credit transfer agreements with partner institutions within Ontario, across Canada, in the US and abroad. There are almost 1,000 additional pathways available with colleges and universities within Ontario. You may choose to pursue credit for your Mohawk learning at another institution. As a Mohawk grad, you may receive credit for several courses, or for a year or more towards another credential. This allows you to develop practical skills and knowledge at the college level, and build on this foundation with more theoretical learning at university.

### Search and find

Check out the Mohawk transfer database at [mohawkcollege.ca/transfer](http://mohawkcollege.ca/transfer) and find pre-negotiated, Mohawk specific degree completion options. Or, go directly to [ONTransfer.ca](http://ONTransfer.ca)—your guide to credit transfer in Ontario colleges and universities.

### Earn two qualifications simultaneously

Combine a McMaster University Honours Bachelor of Applied Science degree with a Mohawk program and graduate with a degree and a Mohawk credential in four years. Choose from:

McMaster Honours Bachelor of Applied Science degree	+	Early Childhood Education Diploma	In 4 years
---	---	-----------------------------------	------------

McMaster Honours Bachelor of Applied Science degree	+	Autism and Behavioural Science Graduate Certificate	In 4 years
---	---	---	------------

Learn more at [science.mcmaster.ca](http://science.mcmaster.ca).

# Your college experience

**Your time at Mohawk is your personal journey of growth, learning and discovery. You'll gain new knowledge and skills and develop relationships that can last a lifetime.**

# Find services, support and more!

From orientation to graduation, Mohawk offers services and activities to help you get the most out of your education, prepare you for your future career and make your college experience memorable.

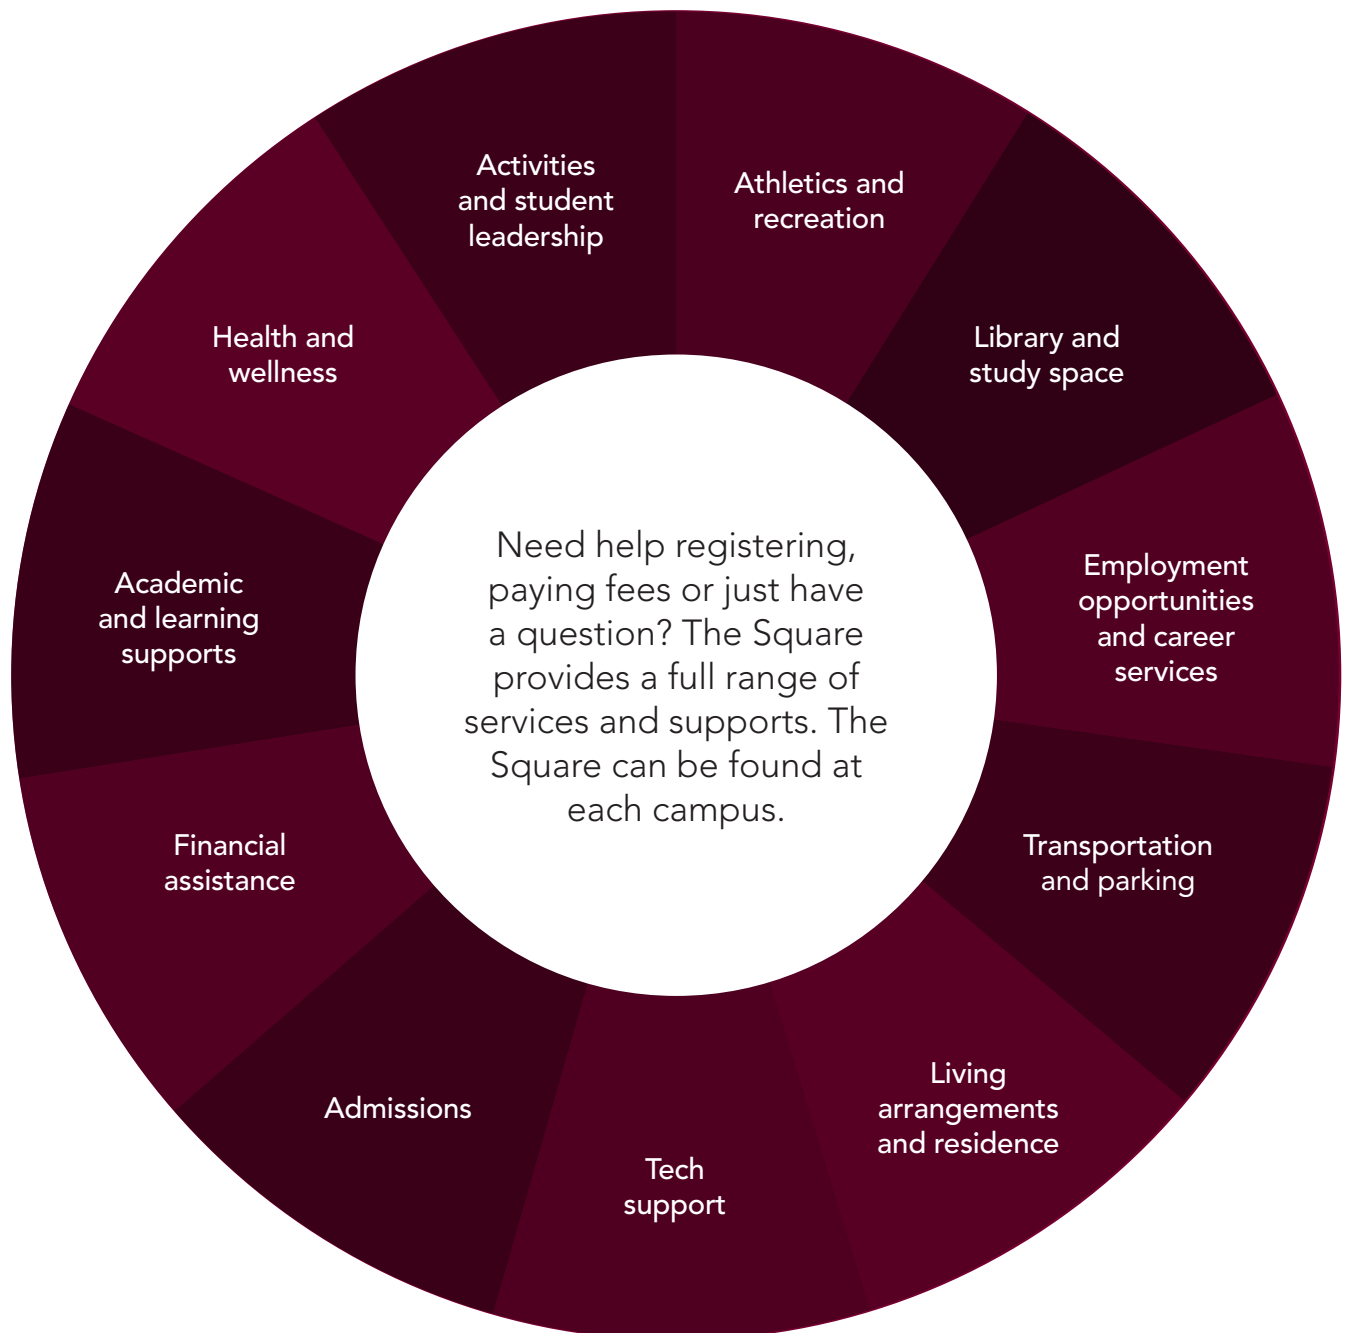

PHOTO ABOVE: Student leaders at the 2019 Mohawk Student Leadership Academy.

# Student Life

Student Life fosters meaningful relationships and personal development by providing students with intentional experiences and services in a fun, inclusive learning environment. Make the most of your college experience by getting involved in Orientation, Co-Curricular, Campus to Community, Volunteer, and Leadership activities while you complete your Mohawk credential.

PHOTO ABOVE: Campus to Community volunteers pitching in at a local garden cleanup.

## Get involved

Mohawk sees learning outside the classroom as a vital part of your college experience. We encourage all students to get involved in co-curricular and extra-curricular activities from a broad range of social, athletic, cultural and community service options. You gain experiences relevant to your career, build your 'transferable skills', grow your leadership skills and make meaningful connections with faculty, staff and your fellow students.

The Co-Curricular Record (CCR) keeps track of your activities and the skills you develop and becomes a certificate that you can include with your resume.

PHOTO LEFT: Mohawk Mountaineer volunteers building hope with Habitat for Humanity.

## Indigenous Education & Student Services

Services and supports for Indigenous students include having an Elder as a resource, peer tutors, academic assistance, job postings and access to bursaries and scholarships. If you are an Indigenous student applying to Mohawk, we invite you to complete a self-identification form. Learn more at [mohawkcollege.ca/indigenous](http://mohawkcollege.ca/indigenous).

PHOTO LEFT: The first outdoor Indigenous gathering space of its kind among Ontario postsecondary institutions, Hoop Dance honours Indigenous traditions and promotes First Nations, Métis and Inuit culture.

# Make a difference

Campus to Community connects Mohawk students with community partner organizations across Hamilton where they volunteer in teams to gain hands-on experience that complements their academic learning while giving back to the community. There are hundreds of volunteer opportunities available each year. To get involved, visit [mohawkcollege.ca/c2c](http://mohawkcollege.ca/c2c).

PHOTO ABOVE: Campus to Community volunteers clearing out garbage and debris with Stewards of Cootes Watershed.

## Career preparation

Mohawk's Student & Graduate Employment helps students and alumni at all stages of career development. Career Advisors and Coaches provide resume and interview assistance and help connect students with employers through networking events and job fairs.

Student & Graduate Employment was recognized nationally in a recent report highlighting best practices across the country in career services.

PHOTO LEFT: Students take part in the Connect to Careers job fair.

## Flexible learning

Mohawk courses can be:

- face-to-face in a classroom or lab, with other students, led by an instructor
- online, accessed through our online learning management system with no in-person meetings of students and instructors
- a mix of both—we call this blended learning and it's where courses integrate both face-to-face learning and online learning

## Embrace international culture

Our Language & Culture Centre hosts academic and social activities and celebrates diversity through cultural festivals on all campuses and in Hamilton's community. Mohawk welcomes students from more than 70 countries. The International Square service hub at Fennell Campus helps international students make a successful transition to Mohawk, as well as make friends and gain leadership skills.

PHOTO ABOVE: Pictured here are some of the dedicated volunteers of the Language & Culture Centre, and Ola Salah – International Welcome and Orientations Officer. The mural pictured is a representation of "home", as pictured through our community's favourite meals, by local artist Norman Coloma.

# Your Mohawk Students' Association

Once you're registered as a student, you're a part of the Mohawk Students' Association (MSA), your student government on campus. The MSA provides students with public transit, academic services, career services, campus events and activities. We are your built-in best friend on campus. We welcome your input and influence through student representation and governance, and we will be there to support you each step of the way.

Learn more at [mohawkstudents.ca](http://mohawkstudents.ca) and follow us at [Twitter](#) [Facebook](#) [Instagram](#) /MSAmohawk

PHOTO ABOVE LEFT: Students enjoying a campfire in the MSA Plaza during orientation.

PHOTO LEFT: The MSA Board of Directors during their monthly meeting.

## Athletics and Recreation

# Keep learning. Keep playing.

PHOTO: Mohawk's men's rugby team huddles during a game.

Mohawk offers 14 competitive varsity sports teams and a wide range of recreational activities for all levels. Mohawk is proud to provide athletic bursaries to student athletes based on academic and athletic success.

The David Braley Athletic & Recreation Centre at Fennell Campus is Mohawk's athletics and recreation hub. Take a break between classes and join a pick-up basketball, volleyball or badminton game, join a fitness class, or break a sweat on the latest and greatest equipment. Our Stoney Creek Campus for Skilled Trades also offers a fitness centre at the heart of the campus.

# Paying for college

When it comes to financing their college education, students have important decisions to make. At Mohawk, we're here to help.

## Supporting Students: Financial Assistance Options

We understand that a college education is not only an investment of your time, but of your finances, too. For students who need help paying for college, Mohawk will expertly guide you through the many ways you may be eligible to receive financial assistance. Whether you're about to begin your postsecondary education, already in school or coming back to learn new skills, investing in your future can be more affordable than you think.

At Mohawk, we will work with you to help you discover the financial assistance options that you may qualify for which include more than 900 awards, scholarships and bursaries, on-campus jobs and OSAP.

Our Mo' Money Financial Literacy Resource Centre provides the tools and resources to help you make informed financial decisions with confidence. Through our events and workshops, you will learn valuable information about saving for school, budgeting, credit use, debt repayment and major purchases.

PHOTO ABOVE: Students studying at the Institute for Applied Health Sciences at McMaster.

We can help you understand the financial assistance options you may qualify for.

### OSAP

The Ontario Student Assistance Program (OSAP) offers funding through grants and loans that can help you pay for college. Find out how much you may be eligible for at [ontario.ca/osap](http://ontario.ca/osap).

### Scholarships and bursaries

Complete your MyMohawk Financial Assistance Profile at the start of each semester to be considered for awards, bursaries and scholarships available through Mohawk College.

### Co-operative education

Get experience and earn an income while you're in school. Look for programs that offer co-op.

### Campus employment

Campus employment opportunities are available each semester.

**Tip:** For each Mohawk program, you can find the cost of tuition and fees on the program web page.

# Your home during college

## Residence

Live in a fully-furnished suite with a private bedroom and shared kitchenette and bathroom. Our residence has study and social spaces, laundry facilities and an on-site restaurant.

## Off campus

New to the Hamilton or Stoney Creek area? There are many community resources that provide housing options online, or come into Mohawk's Student Life office and our staff can help you through the process.

## At home

There are a variety of ways to get to Mohawk, including public transit, walking, cycling, carpooling and ridesharing. You can save money and reduce your impact on the environment by using public and alternative transportation.

PHOTO LEFT: Mohawk's residence offers many ways to connect with other students.

# Campuses and partner locations

## Fennell Campus

135 Fennell Avenue West, Hamilton

Fennell is Mohawk's main campus and includes our latest new space, The Joyce Centre for Partnership & Innovation, the region's first zero-carbon institutional building. Fennell Campus is energy efficient and provides barrier-free access.

## Institute for Applied Health Sciences at McMaster

1400 Main Street West, Hamilton

Mohawk's Health programs are delivered at this state-of-the-art campus. The Centre for Health Care Simulation features more than 25,000 square feet of space that provides the look and feel of a hospital, long-term care facility and community clinic. More than 2,000 students use the Centre each semester.

## Stoney Creek Campus for Skilled Trades

481 Barton Street, Stoney Creek

Home of the Marshall School of Skilled Trades & Apprenticeship, Mohawk's Stoney Creek Campus is equipped with top technology and professional facilities. Featured learning spaces include the Steam Lab, The Gerald Marshall Centre for Transportation and the Sustainable Resource Centre.

## Mohawk College Aviation Facility

9300 Airport Road, Mount Hope

## Ogwehoweh Skills and Trades Training Centre

16 Sunrise Court, Ohsweken

## Six Nations Polytechnic – Ohsweken

2160 Fourth Line, Ohsweken

## Six Nations Polytechnic – Brantford

411 Elgin Street, Brantford

## Wentworth Heights – Schlegel

1620 Upper Wentworth Street, Hamilton

# Mohawk Discovery Centre

We're here to help you research education pathways at Mohawk College. Take advantage of **FREE** resources and one-on-one support.

### Get your questions answered

Learn more about programs and services, financial assistance, admissions, and preparatory and upgrading options.

### Get help applying

We offer immediate assistance with completing your online Ontario Colleges application.

### Get one-on-one help

Drop by the centre and a Discover Coach will be happy to assist you with finding the information you're looking for.

### Visit us

We're located in N Building, Fennell Campus in Hamilton, Ontario. Contact us at 905-575-2460 or email [discover@mohawkcollege.ca](mailto:discover@mohawkcollege.ca). Visit [mohawkcollege.ca/discovery-centre](http://mohawkcollege.ca/discovery-centre) to learn more.

An aerial night view of the Hamilton skyline, featuring a prominent curved high-rise building on the left with many lit windows. The city lights are visible against a dark sky, with a body of water in the background. A street lamp is visible in the foreground.

LIFE AT MOHAWK

# Welcome to Hamilton, our city.

Explore Hamilton, home of Mohawk's three campuses:

As you travel across the Burlington Skyway Bridge, it's clear why Hamilton has been known as the Steel City. A closer look exposes a vibrant downtown packed with art galleries, independent shops and a diverse restaurant scene.

PHOTO: View of the Hamilton skyline from the Hamilton Mountain.

### **49 km of trails**

and 153 km of cycling lanes. Get around the city with one of 825 bikes from Hamilton Bike Share.

**3,480 acres of city parkland**  
at 394 locations.

### **61 art galleries**

Join the monthly Art Crawl on James Street North.

### **Tiger-Cats**

Hamilton's Canadian Football League team.

### **100+ waterfalls**

making Hamilton the Waterfall Capital of the World!

### **60 independent coffee shops**

Plus, home to the first Tim Hortons!

### **100s of restaurants**

and 7 craft breweries (and one cidery) to discover on the weekend.

### **1 hour to downtown Toronto,**

the US border in Niagara Falls, Port Dover beach, and Kitchener-Waterloo.

### **5 sets of stairs connecting the upper and lower escarpment**

Did you know you can climb the Escarpment? No rock climbing gear needed!

### **Hamilton's population: 536,917**

25% of Hamiltonians are new Canadians.

# Your step-by-step guide to becoming a Mohawk student

## STEP 1: **PREPARE**

Explore Mohawk's programs and check the admission requirements. Not sure which program to choose? Visit us—book a tour, attend Open House or an Information Session.

For one-on-one help, visit our Discovery Centre—we will be happy to answer your questions. To learn more visit [mohawkcollege.ca/discovery-centre](http://mohawkcollege.ca/discovery-centre).

## STEP 2: **APPLY**

Apply online at [ontariocolleges.ca](http://ontariocolleges.ca) If you need help, our Discover Coach can answer your questions.

Pay special attention to the deadlines for competitive programs (indicated with **■** beside the program name)—those programs have more qualified applicants than there are spaces. You must apply for these programs before the “equal consideration date” to be considered on an equal basis with all other applicants.

## STEP 3: **CONFIRM**

Receive your offer letter—congratulations! Confirm your program of choice at [ontariocolleges.ca](http://ontariocolleges.ca) and watch for your Registration and Fee Guide.

## STEP 4: **REGISTER**

Pay your tuition deposit to secure your spot. Once you've paid the balance of your fees, or made other financial arrangements, you're ready to select your timetable to register.

## STEP 5: **ARRIVE!**

Attend Day One Orientation and explore Mohawk's services and ways to get involved.

# Important dates and deadlines

See all important dates and deadlines at [mohawkcollege.ca/academicdates](http://mohawkcollege.ca/academicdates).
