Welcome to Commonwealth College

Thank you for your inquiry into Commonwealth College's programs. A copy of our brochure and information package has been enclosed for your reference.

Commonwealth College was established over 30 years ago and offers comprehensive and advanced programs available in the fields of Health & Beauty, Hospitality and Business. Our extensive theory and practical hands-on instruction by fully licensed and certified educators makes us remarkably exceptional. Please fill out the application form enclosed to enrol and secure a start date and submit it to us along with the registration fee.

Please feel free to contact the school with any questions you may have or to arrange for an interview or tour. For additional information on our school or programs, please visit our website at www.commonwealthcollege.ca.

We look forward to meeting you.

Sincerely,
Wayne Palendat
President
Commonwealth Education Group Inc

Why We Are **OUTSTANDING**

We offer instructor-led classes with training based on applying knowledge to practical situations. Our classroom environment is flexible to meet all learning needs and class sizes are small to allow for one-on-one assistance. Staff members with both educational and business experience are constantly in touch with potential employers to understand the immediate needs of the marketplace, so as to keep training in step with the latest trends in employer requirements.

About Commonwealth College

Commonwealth College was founded in 1996. Commonwealth College is a progressive Private Vocational Institute located in the heart of beautiful and historic Exchange District of Winnipeg (just five minutes' walk to most major attractions like the historic and cultural Forks Market).

Commonwealth College enrolls students from all around the world and offers firstclass facilities and courses in Business, Health & Beauty and Hospitality Programs. The Management Team and Faculty are committed to giving you the best possible educational experience whilst you study with Commonwealth College.

By studying Vocational, Educational and Training courses at Commonwealth College, students will be job-ready in less than a year and can also use the qualification gained to enter a range of Tertiary Institutions like Universities and other Colleges of Higher Learning.

Find A Program That's Right For You

BUSINESS ACCOUNTING

“

I wanted a career, not just a job and at Commonwealth College they have small classes and they have instructors that actually work in the field that they teach. I am ready to start my new career and its not even been a year! Oh and I saved bigtime on tuition too.

Jonathan Williams

A group of diverse young children and a smiling woman with glasses, likely an educator, in a classroom setting. The woman is in the upper right, smiling warmly. In the center, a young boy with light hair looks forward. To the left, a young girl with braids is partially visible. In the foreground, a young girl with dark curly hair is holding a red apple and resting her chin on her hand. Another girl with blonde pigtails is partially visible on the right. The background is a blurred classroom environment.

INDIGENOUS FOCUSED EARLY CHILDHOOD EDUCATOR

Program at a Glance

This program is ideally suited for anyone seeking a career in Early Childhood Education. The Indigenous focus of the program will enhance your cultural awareness and best prepare you to work in a wide variety of child care facilities. Lab Fees	\$ 100.00 CAD
Total Fees	\$ 17,974.26 CAD

ESTHETICS

“

I was a student at CWC a few years ago and took the full Esthetics course. During my time at the school, I really enjoyed the 1 on 1 education and the small class sizes. Now, a few years later, I'm working at the Beauty Theory, and at CWC, working on a career that I love. I'm glad that I went into Esthetics and I'm glad I went to CWC, for it gave me the foundation I needed to love my job

- Kayla Krause

Program at a Glance

Full Time : 9:00 AM- 4:30 PM

NAIL TECHNICIAN

“

I am so grateful for the knowledge I've gained at CWC. I was so happy to participate in the smaller classes it made learning easier and more laid back. My classmates felt like family by the time I graduated and Mondays and Fridays were the best! Forever grateful for choosing the Esthetics Trade.

- Tia Filby

Program at a Glance

Full Time : 9:00 AM- 4:30 PM

The Nail Technician program initiates students into one of the most fascinating industries in the country. People with a sense of creativity, visual perception, good human relations, and communication skills will be attracted to this occupation. Students develop nail technician skills in the classroom and a simulated salon setting. The Nail Technician program provides exposure to many aspects of the industry including sterilization and sanitation, manicures, pedicures, artificial nails, acrylic nails, gel nails, wraps (fibreglass), nail art, manicures, pedicures and the use of the electric file.

Career Opportunities

Upon successful completion of the Nail Technician program, graduates are qualified to work in a variety of areas. Many Nail Technicians aim to become self-employed. Some technicians own their own salon, or rent out space in a salon. Others may choose to run a mobile business, which involves visiting customers' homes. Thus, depending on circumstances or specific hiring practices nail technicians could work alone, or in a salon with other technicians, beauticians, hairstylists, or therapists.

SKIN CARE TECHNICIAN

“

Thank you to The CWC for the premium education I received. The invaluable knowledge and experience gained was surpassed only by the infinite patience, understanding, and devotion of Ms. Doreen Maunder. Only four years after graduating from CWC, I have become the proud owner of a successful salon - B.B's Salon

- Mrs. Brigitte Blais,
Owner at B.B's Salon

Program at a Glance

Full Time : 9:00 AM- 4:30 PM

Students enrolled in this program study skin's biology and physiology as well as the internal and external factors that cause skin cells to degenerate. This knowledge is essential to the development of in-office treatment plans and at-home skin care regimens designed to protect, repair, and rejuvenate skin tissue.

The coursework covers theory and practical clinic sessions to ensure students graduate with necessary skills to become well-qualified practitioners..
