

Texas State University
2015-2016
Graduate and Undergraduate Catalog

TEXAS  STATE
UNIVERSITY[®]

The rising STAR of Texas

TABLE OF CONTENTS

Home	13	Credit-by-Examination	30
Undergraduate	14	International Baccalaureate (IB)	31
General Information	14	New Student Orientation and Registration for Classes	31
Board of Regents	14	Residency for Tuition	31
University Administration	14	Determination of Residence Status	31
Academic Deans	14	Albert B. Alkek Library	32
Accreditations	15	Career Services	32
History of the University	15	Disability Services	33
Mission Statement	16	Financial Aid and Scholarships	33
Shared Values Statement	16	Housing and Residential Life	34
Multicultural Policy Statement	16	Veteran's Affairs	35
Students' Rights, Privileges, and Expectations	16	Tuition and Fees	35
Student Right-to-Know and Campus Security Act	16	Academic Policies	39
Student Data, Privacy, and Communications	17	Honor Code	39
Abandoned and Unclaimed Personal Property	17	Registration	39
Undergraduate Academic Advising	17	Texas Legislative Requirements	40
Using the Undergraduate Catalog	18	Academic Regulations	41
Admissions	20	Academic Probation and Academic Suspension	43
Deadlines	20	Degree and Graduation Policies	45
Application Fee	20	Athletic Certification	46
State of Texas Uniform Admission Statement	20	Academic Honors	46
Freshman Admission	20	Multicultural Course Designation	47
Transfer Admission	21	Correspondence Studies	47
Teacher Education Program	22	Extension Studies	48
Round Rock Campus	22	Study Abroad	48
International Admission	22	Continuing Education	48
Readmission of Returning Texas State Students	23	Texas Certified Public Manager Program	49
Special Admission Options	24	International Office	49
Alternative Admissions Programs	25	Texas State Intensive English Program	49
Second Bachelor's Degree	25	Round Rock Campus	49
Auditing Courses	25	Academic Services	50
Transfer Credit	25	Student Learning Assistance Center	50
Texas Common Course Numbering	27	Testing, Research-Support and Evaluation Center (TREC)	50
Transcripts	29	Core Curriculum	51
Maximum Hours Accepted	29	Degree and Program Information	52
Resolution of Transfer Disputes for Lower-Division Courses	30	Degrees	54
Non-Traditional Credit	30	Majors	54
Credit for Experiential Learning	30	Minors	55
Military Credit	30	Certificates	56
		Honors College	56
		Minor in Honors Studies	88

College of Applied Arts	88	B.S.F.C.S. Major in Fashion Merchandising	133
Department of Aerospace Studies	88	B.S.F.C.S. Major in Interior Design	133
Minor in Aerospace Studies	90	B.S.F.C.S. Major in Nutrition and Foods	134
Department of Agriculture	90	B.S.F.C.S. Major in Nutrition and Foods (Dietetics Track)	135
B.S.A.G. Major in Agriculture	97	B.S.F.C.S. Major in Nutrition and Foods (Teacher Certification in Hospitality, Nutrition, and Food Sciences, Grades 8-12)	136
B.S.A.G. Major in Agriculture (Teacher Certification in Agricultural Science and Technology, Grades 6-12)	98	Minor in Consumer Affairs	137
B.S.A.G. Major in Agriculture Animal Science (Basic Science and Pre-Vet Specialization)	99	Minor in Early Childhood Intervention	137
B.S.A.G. Major in Agriculture Animal Science (Integrated Ranch and Natural Resources Management Specialization)	100	Minor in Family and Child Development	137
B.S.A.G. Major in Agriculture Business and Management (Agribusiness Management Specialization)	101	Minor in Family and Consumer Sciences	138
B.S.A.G. Major in Agriculture Business and Management (Agricultural Systems Management Specialization)	102	Minor in Fashion Merchandising	138
B.S.A.G. Major in Agriculture Business and Management (Horticultural Business Specialization)	103	Department of Military Science	138
Minor in Agriculture	104	Minor in Military Science	140
Minor in Animal Science	104	Department of Occupational, Workforce, and Leadership Studies	140
Minor in Horticulture	104	B.A.A.S. Major in Applied Arts and Sciences	143
Minor in Plant and Soil Science	105	School of Social Work	143
Second Teaching Field in Agriculture Science and Technology (Grades 6-12)	105	B.S.W. Major in Social Work	148
School of Criminal Justice	105	Minor in Social Work	148
B.S.C.J. Major in Criminal Justice (Non-Internship Option)	110	Emmett and Miriam McCoy College of Business Administration	148
B.S.C.J. Major in Criminal Justice (Internship Option)	111	Minor in Business Administration	151
B.S.C.J. Major in Criminal Justice Corrections (Non- Internship Option)	112	Minor in International Business	151
B.S.C.J. Major in Criminal Justice Corrections (Internship Option)	112	Department of Accounting	152
B.S.C.J. Major in Criminal Justice Law Enforcement (Non- Internship Option)	113	B.B.A. Major in Accounting	154
B.S.C.J. Major in Criminal Justice Law Enforcement (Internship Option)	114	Department of Computer Information Systems and Quantitative Methods	154
Minor in Criminal Justice	114	B.B.A. Major in Computer Information Systems	158
School of Family and Consumer Sciences	115	Certificate in Computer Information Systems	159
B.S.F.C.S. Major in Consumer Affairs	129	Department of Finance and Economics	160
B.S.F.C.S. Major in Consumer Affairs (Family and Consumer Sciences Option)	129	B.A. Major in Economics	166
B.S.F.C.S. Major in Consumer Affairs (Teacher Certification in Family and Consumer Sciences, Grades 6-12)	130	B.B.A. Major in Economics	166
B.S.F.C.S. Major in Family and Child Development	131	B.B.A. Major in Finance	167
B.S.F.C.S. Major in Family and Child Development (Teacher Certification in Human Development and Family Studies, Grades 8-12)	132	Minor in Economics	168
		Department of Management	168
		B.B.A. Major in Management	173
		B.B.A. Major in Management (Entrepreneurial Studies Concentration)	174
		B.B.A. Major in Management (Human Resource Management Concentration)	174
		B.B.A. Major in Management (Teacher Certification in Business Education, Grades 6-12)	175
		Department of Marketing	176

B.B.A. Major in Marketing	179	Minor in Coaching	231
B.B.A. Major in Marketing (Professional Sales Concentration)	179	Minor in Exercise and Sports Science	231
B.B.A. Major in Marketing (Services Marketing Concentration)	180	Minor in Health and Wellness Promotion	232
College of Education	180	Minor in Recreational Administration	232
Department of Counseling, Leadership, Adult Education, and School Psychology	182	Second Teaching Field in Health (Grades EC-12)	232
Department of Curriculum and Instruction	184	Office of Educator Preparation	232
B.S. Major in Interdisciplinary Studies (Teacher Certification in Bilingual Generalist-Spanish, Early Childhood Through Grade 6)	193	College of Fine Arts and Communication	233
B.S. Major in Interdisciplinary Studies (Teacher Certification in English as a Second Language Generalist, Early Childhood Through Grade 6)	194	School of Art and Design	234
B.S. Major in Interdisciplinary Studies (Teacher Certification in English, Language Arts, Reading and Social Studies, Grades 4-8)	195	B.A. Major in Art	254
B.S. Major in Interdisciplinary Studies (Teacher Certification in Generalist, Grades 4-8)	197	B.A. Major in Art History	255
B.S. Major in Interdisciplinary Studies (Teacher Certification in Mathematics, Grades 4-8)	197	B.F.A. Major in Communication Design	255
B.S. Major in Interdisciplinary Studies (Teacher Certification in Mathematics and Science, Grades 4-8)	198	B.F.A. Major in Photography	256
B.S. Major in Interdisciplinary Studies (Teacher Certification in Science, Grades 4-8)	199	B.F.A. Major in Studio Art (Ceramics Specialization)	257
B.S. Major in Interdisciplinary Studies (Teacher Certification in Special Education, Early Childhood Through Grade 12)	200	B.F.A. Major in Studio Art (Drawing Specialization)	257
Minor in Secondary Education	201	B.F.A. Major in Studio Art (Expanded Media Specialization)	258
Minor in Special Education	201	B.F.A. Major in Studio Art (Metals Specialization)	259
Department of Health and Human Performance	202	B.F.A. Major in Studio Art (Painting Specialization)	260
B.E.S.S. Major in Exercise and Sports Science (Pre-Physical Therapy Concentration)	220	B.F.A. Major in Studio Art (Printmaking Specialization) ...	260
B.E.S.S. Major in Exercise and Sports Science (Health and Wellness Promotion for Clinical Populations Concentration)	221	B.F.A. Major in Studio Art (Sculpture Specialization)	261
B.E.S.S. Major in Exercise and Sports Science (Teacher Certification in Physical Education, Early Childhood through Grade 12)	223	B.F.A. Major in Studio Art (Teacher Certification in Art, Grades EC-12)	262
B.E.S.S. Major in Health and Fitness Management	224	Minor in Art	263
B.H.W.P. Major in Health and Wellness Promotion	226	Minor in Art History	263
B.H.W.P. Major in Health and Wellness Promotion (Teacher Certification in Health, Early Childhood through Grade 12)	227	Department of Communication Studies	263
B.S. Major in Athletic Training	228	B.A. Major in Communication Studies	269
B.S.R.A. Major in Recreational Administration	229	B.A. Major in Communication Studies (Teacher Certification in Speech, Grades 7-12)	270
B.S.R.A. Major in Recreational Administration (Therapeutic Recreation Concentration)	230	Minor in Communication Studies	270
		Minor in Health Communication	271
		Minor in Leadership Studies	271
		Minor in Political Communication	272
		Second Teaching Field in Speech (Grades 7-12)	272
		School of Journalism and Mass Communication	272
		B.A. Major in Mass Communication	283
		B.S. Major in Advertising and Mass Communication	284
		B.S. Major in Advertising and Mass Communication (Digital Media Concentration)	284
		B.S. Major in Advertising and Mass Communication (Multimedia Production Concentration)	285
		B.S. Major in Electronic Media and Mass Communication	286
		B.S. Major in Electronic Media and Mass Communication (Digital Media Concentration)	286

B.S. Major in Electronic Media and Mass Communication (Multimedia Production Concentration)	287	B.F.A. Major in Dance (Single Field Teacher Certification in Dance, Grades 8-12)	347
B.S. Major in Journalism and Mass Communication	288	B.F.A. Major in Dance (Two Field Teacher Certification in Dance, Grades 8-12)	347
B.S. Major in Journalism and Mass Communication (Digital Media Concentration)	288	Minor in Theatre	348
B.S. Major in Journalism and Mass Communication (Multimedia Production Concentration)	289	College of Health Professions	348
B.S. Major in Public Relations and Mass Communication	290	Clinical Laboratory Science Program	349
B.S. Major in Public Relations and Mass Communication (Multimedia Production Concentration)	290	B.S.C.L.S. Major in Clinical Laboratory Science	352
B.S. Major in Public Relations and Mass Communication (Digital Media Concentration)	291	Department of Communication Disorders	353
Minor in Mass Communication	292	B.S.C.D. Major in Communication Disorders	355
Minor in Journalism	292	School of Health Administration	356
Second Teaching Field in Journalism (Grades 8-12)	292	B.H.A. Major in Healthcare Administration	360
School of Music	292	Minor in Healthcare Administration	361
B.A. Major in Music	318	Department of Health Information Management	361
B.M. Major in Music Studies (Instrumental Concentration with Teacher Certification in Music, Grades EC-12)	318	B.S.H.I.M. Major in Health Information Management	365
B.M. Major in Music Studies (Choral Concentration with Teacher Certification in Music, Grades EC-12)	319	Certificate in Health Information Privacy & Security	366
B.M. Major in Performance (Guitar Concentration)	320	Minor in Health Information Management	366
B.M. Major in Performance (Instrumental Concentration)	321	St. David's School of Nursing	366
B.M. Major in Performance (Keyboard Concentration)	321	B.S.N. Major in Nursing	370
B.M. Major in Performance (Jazz Concentration)	322	Department of Physical Therapy	371
B.M. Major in Performance (Vocal Concentration)	323	Radiation Therapy Program	372
B.S. Major in Sound Recording Technology	324	B.S.R.T. Major in Radiation Therapy	376
Minor in Jazz	324	Department of Respiratory Care	376
Minor in Mariachi	324	B.S.R.C. Major in Respiratory Care	380
Minor in Music	325	College of Liberal Arts	381
Department of Theatre and Dance	325	Center for International Studies	382
B.A. Major in Theatre	341	B.A.I.S. Major in International Studies (Asian Studies Focus)	383
B.F.A. Major in Theatre (Acting Pre-Professional Option)	341	B.A.I.S. Major in International Studies (European Studies Focus)	384
B.F.A. Major in Theatre (Design/Technology Pre-Professional Option)	342	B.A.I.S. Major in International Studies (Interamerican Studies Focus)	385
B.F.A. Major in Theatre (Performance and Production Pre-Professional Option)	343	B.A.I.S. Major in International Studies (International Business Focus)	385
B.F.A. Major in Theatre (Teacher Certification in Theatre, Grades EC-12)	344	B.A.I.S. Major in International Studies (Middle East/African Studies Focus)	386
B.F.A. Major in Musical Theatre	344	B.A.I.S. Major in International Studies (Russian/East European Studies Focus)	387
B.F.A. Major in Dance (Dance Studies Emphasis)	345	B.A.I.S. Major in International Studies (Travel and Tourism Focus)	387
B.F.A. Major in Dance (Performance and Choreography Emphasis)	346	B.A.I.S. Major in International Studies-International Relations	388
		Certificate in Interamerican Studies	389
		Certificate in Southeast Asian Studies	389
		Minor in International Studies	389

Center for Diversity and Gender Studies	390	Minor in Geology	449
Minor in Diversity Studies	391	Minor in Nature and Heritage Tourism	449
Minor in Women's Studies	392	Department of History	450
Center for the Study of the Southwest	392	B.A. Major in History	465
Minor in Southwestern Studies	392	B.A. Major in History (Single Field Teacher Certification in History, Grades 7-12)	467
Department of Anthropology	393	B.A. Major in History (Teacher Certification in Social Studies, Grades 7-12: Geography Minor and Political Science Third Field)	470
B.A. Major in Anthropology	401	B.A. Major in History (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and Geography Third Field)	474
B.S. Major in Anthropology	402	B.A. Major in History (Two Fields Teacher Certification in History, Grades 7-12)	477
Minor in Anthropology	403	Minor in History	480
Department of English	403	Second Teaching Field in History (Grades 7-12)	482
B.A. Major in English	412	Department of Modern Languages	484
B.A. Major in English (Creative Writing Emphasis)	414	B.A. Major in French	495
B.A. Major in English (Film Emphasis)	415	B.A. Major in French (Teacher Certification in French, Grades EC-12)	496
B.A. Major in English (Single Field Teacher Certification in English Language Arts and Reading, Grades 7-12)	417	B.A. Major in German	497
B.A. Major in English (Two Fields Teacher Certification in English Language Arts and Reading, Grades 7-12)	419	B.A. Major in German (Teacher Certification in German, Grades EC-12)	497
B.A. Major in English (Writing and Rhetoric Emphasis)	420	B.A. Major in Spanish	498
Minor in English	422	B.A. Major in Spanish (Teacher Certification in Spanish, Grades EC-12)	499
Minor in Media Studies	423	Minor in French	500
Minor in Medieval and Renaissance Studies	423	Minor in German	500
Minor in Southwestern Studies	424	Minor in Japanese	500
Minor in Writing	424	Minor in Spanish	500
Second Teaching Field in English (Grades 7-12)	425	Department of Philosophy	500
Department of Geography	425	B.A. Major in Philosophy	507
B.A. Major in Geography	436	Minor in Philosophy	507
B.S. Major in Geographic Information Science	437	Minor in Religious Studies	507
B.S. Major in Geography	438	Minor in Value Studies	508
B.S. Major in Geography (Teacher Certification in Social Studies, Grades 7-12: History Minor and Political Science Third Field)	439	Department of Political Science	508
B.S. Major in Geography (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and History Third Field)	441	B.A. Major in Political Science	517
B.S. Major in Geography Resource and Environmental Studies	442	B.A. Major in Political Science (Teacher Certification in Social Studies, Grades 7-12: Geography Minor and History Third Field)	518
B.S. Major in Geography Urban and Regional Planning	444	B.A. Major in Political Science (Teacher Certification in Social Studies, Grades 7-12: History Minor and Geography Third Field)	520
B.S. Major in Geography Water Resources	445	B.P.A. Major in Public Administration	522
B.S. Major in Physical Geography	446	Minor in Political Communication	523
Certificate in Environmental Interpretation	447	Minor in Political Science	523
Certificate in Geographic Information Science	447		
Certificate in Location Analysis	448		
Certificate in Water Resources Policy	448		
Minor in Geography	448		

Minor in Public Administration	523	B.A. Major in Computer Science (Teacher Certification in Computer Science, Grades 8-12)	574
Department of Psychology	524	B.S. Major in Computer Science	576
B.A. Major in Psychology	529	B.S. Major in Computer Science (Computer Engineering Concentration)	577
B.S. Major in Psychology	530	B.S. Major in Computer Science (Teacher Certification in Computer Science, Grades 8-12)	578
Minor in Forensic Psychology	531	Certificate in Computer Science	579
Minor in Psychology	532	Minor in Computer Science	579
Minor in Sport Psychology	532	Second Teaching Field in Computer Science (Grades 8-12)	579
Department of Sociology	532	Ingram School of Engineering	579
B.A. Major in Sociology	537	B.S. Major in Electrical Engineering (Computer Engineering Concentration)	589
B.S. Major in Applied Sociology	538	B.S. Major in Electrical Engineering (Micro and Nano Devices and Systems Concentration)	590
Minor in Aging and the Life Course	538	B.S. Major in Electrical Engineering (Networks and Communication Systems Concentration)	591
Minor in Sociology	539	B.S. Major in Industrial Engineering	592
Minor in Studies in Popular Culture	539	B.S. Major in Manufacturing Engineering (General Manufacturing Concentration)	593
College of Science and Engineering	539	B.S. Major in Manufacturing Engineering (Mechanical Systems Concentration)	594
B.S. Major in Interdisciplinary Science (Teacher Certification in Science, Grades 7-12)	540	B.S. Major in Manufacturing Engineering (Semiconductor Manufacturing Concentration)	595
Second Teaching Field in Life Science (Grades 7-12)	541	Department of Engineering Technology	595
Second Teaching Field in Physical Science (Grades 6-12)	541	B.S. Major in Concrete Industry Management	605
Department of Biology	542	B.S. Major in Construction Science and Management	605
B.S. Major in Biology	552	B.S. Major in Technology Management (Electronics Technology Concentration)	607
B.S. Major in Biology (Teacher Certification in Life Science, Grades 7-12)	553	B.S. Major in Technology Management (Manufacturing Technology Concentration)	607
B.S. Major in Aquatic Biology	554	B.S. Major in Technology Management (Teacher Certification in Technology Education, Grades 6-12)	608
B.S. Major in Microbiology	554	B.S.T. Major in Engineering Technology (Construction Engineering Technology Specialization)	609
B.S. Major in Wildlife Biology (leading to certification as a Wildlife Biologist)	555	B.S.T. Major in Engineering Technology (Electrical Engineering Technology Specialization)	610
Minor in Biology	556	B.S.T. Major in Engineering Technology (Environmental Engineering Technology Specialization)	610
Department of Chemistry and Biochemistry	556	B.S.T. Major in Engineering Technology (Manufacturing Engineering Technology Specialization)	611
B.S. Major in Biochemistry	562	B.S.T. Major in Engineering Technology (Mechanical Engineering Technology Specialization)	612
B.S. Major in Chemistry	563	Driver and Traffic Safety Education Certification	613
B.S. Major in Chemistry (Teacher Certification in Chemistry, Grades 7-12)	563	Minor in Technology	613
B.S. Major in Chemistry (Teacher Certification in Physical Science, Grades 6-12)	564	Department of Mathematics	613
B.S./M.S. Major in Biochemistry (Early-Entry Combined Program)	565		
B.S./M.S. Major in Chemistry (Early-Entry Combined Program)	566		
Minor in Biochemistry	567		
Minor in Chemistry	567		
Second Teaching Field in Chemistry (Grades 7-12)	568		
Department of Computer Science	568		
B.A. Major in Computer Science	573		

B.A. Major in Mathematics	619	Application Deadlines	642
B.S. Major in Applied Mathematics	620	Master's and Doctoral Degree-Seeking Applicants	643
B.S. Major in Mathematics	621	Non-Degree-Seeking Applicants	644
B.S. Major in Mathematics (Teacher Certification in Mathematics, Grades 7-12)	621	Visiting Student Applicants	645
Minor in Applied Mathematics	622	Texas State Certificate Program Applicants	645
Minor in Mathematics	623	Certification or Licensure Program Applicants	645
Second Teaching Field in Mathematics (Grades 7-12)	623	Teacher Certification	646
Department of Physics	623	Professional and Master Teacher Certification	646
B.A. Major in Physics	628	Texas Certified Public Manager (CPM) Program	647
B.S. Major in Physics	629	Reapplication Policy Procedure	647
Minor in Physics	629	Applicants Seeking a Second Graduate Degree or Changing Majors	647
University College	630	Changing From Certification/Certificate/Non-Degree Status to Degree-Seeking Status	647
B.G.S. Major in General Studies	632	Applicants Seeking a Second Baccalaureate Degree	648
University Seminar	632	Texas State Intensive English Language Program (TSIE)	648
Texas Success Initiative Program	633	Graduate Student Advisement	648
Athletic Academic Center	633	Admission Documents	648
Graduate	634	General Admission Documents	648
General Information	634	International Admission Documents	649
Board of Regents	634	Registration and Course Credit	649
University Administration	635	Course Credit	651
Academic Deans	635	Distance and Extended Learning	652
Accreditations	635	Academic and Grading Policies	653
History of the University	636	Doctoral Leave of Absence Policy	653
Graduate Council	636	Honor Code	654
Mission Statement	637	Information for Graduate Assistants (GA's)	655
Shared Values Statement	637	Probation and Suspension	656
Multicultural Policy Statement	637	Degree Information	657
Students' Rights, Privileges, and Expectations	638	General Graduation Requirements	658
Student Right-to-Know and Campus Security Act	638	Thesis Requirements for a Master's Degree	658
Student Data, Privacy, and Communications	638	Dissertation Requirements for Doctoral Degrees	659
Abandoned and Unclaimed Personal Property	638	Graduate Degrees Offered at Texas State	660
Albert B. Alkek Library	639	Graduate Minors	662
Career Services	639	Texas State Graduate Certificate Programs	663
Disability Services	639	Tuition and Fees	664
Veterans Affairs	640	Additional Fees and Expenses	665
International Office	640	Refund of Fees	667
Round Rock Campus	640	College of Applied Arts	668
Study Abroad	640	Department of Agriculture	668
Financial Aid	641	M.Ed. Major in Agricultural Education	668
Scholarships	642	Minor in Agricultural Education	671
Admission Information	642		

School of Criminal Justice	671	Ed.D. Major in Developmental Education	801
Ph.D. Major in Criminal Justice	672	Ph.D. Major in Developmental Education	815
M.S.C.J. Major in Criminal Justice	680	M.A. Major in Developmental Education	830
Minor in Criminal Justice	685	M.A. Major in Elementary Education	845
Certificate in Intelligence Analysis	685	M.Ed. Major in Elementary Education	859
School of Family and Consumer Sciences	685	M.A. Major in Elementary Education-Bilingual/Bicultural	873
M.S. Major in Family and Child Studies	686	M.Ed. Major in Elementary Education-Bilingual/Bicultural	887
M.S. Major in Human Nutrition	691	M.Ed. Major in Educational Technology	900
M.S. Major in Merchandising and Consumer Studies	696	M.Ed. Major in Reading Education	913
Certificate in Dietetic Internship	699	M.A. Major in Secondary Education	926
Department of Occupational, Workforce, and Leadership Studies	699	M.Ed. Major in Secondary Education	939
M.A.I.S. Major in Interdisciplinary Studies	700	M.Ed. Major in Special Education	953
M.S.I.S. Major in Interdisciplinary Studies	704	Minor in Developmental Education	967
M.Ed. Major in Management of Technical Education	708	Minor in Developmental Education (Community College Support)	967
School of Social Work	713	Minor in Elementary Education	967
M.S.W. Major in Social Work	713	Minor in Elementary Education-Bilingual/Bicultural	967
Emmett and Miriam McCoy College of Business Administration	718	Minor in Gifted and Talented	967
Department of Accounting	718	Minor in Methods & Materials	967
M.Acy. Major in Accounting	719	Minor in Reading Education	968
M.S. Major in Accounting and Information Technology ...	724	Minor in Secondary Education	968
Department of Management	728	Minor in Special Education	968
M.S. Major in Human Resource Management	729	Certificate in Autism	968
M.B.A. Major in Business Administration	732	Certificate in Behavioral Disorders/Positive Behavioral Support	969
College of Education	749	Certificate in Developmental Education	969
Department of Counseling, Leadership, Adult Education, and School Psychology	749	Certificate in Learning Disabilities/Inclusion	969
Ph.D. Major in Education – Adult, Professional and Community Education	752	Department of Health and Human Performance	969
Ph.D. Major in Education – School Improvement	765	M.S. Major in Athletic Training	970
M.A. Major in Adult Education	777	M.S. Major in Exercise Science	974
M.A. Major in Educational Leadership	781	M.Ed. Major in Health Education	978
M.Ed. Major in Educational Leadership	784	M.Ed. Major in Physical Education	982
M.A. Major in Professional Counseling	786	M.S.R.L.S. Major in Recreation and Leisure Services - Recreation Management	994
M.Ed. Major in Student Affairs in Higher Education	792	M.S.R.L.S. Major in Recreation and Leisure Services - Therapeutic Recreation	999
S.S.P. Major in School Psychology	794	Minor in Exercise Science	1004
Minor in Adult Education	796	Minor in Health Education	1004
Minor in Counseling and Guidance	796	Minor in Physical Education	1004
Minor in Educational Leadership	797	Minor in Recreation and Leisure Services	1004
Certificate in Adult English as a Second/Foreign Language	797	College of Fine Arts and Communication	1004
Department of Curriculum and Instruction	797	School of Art and Design	1004

M.F.A. Major in Communication Design	1005	Department of English	1119
Department of Communication Studies	1010	M.F.A. Major in Creative Writing	1121
M.A. Major in Communication Studies	1011	M.A. Major in Literature	1127
Minor in Communication Studies	1019	M.A. Major in Rhetoric and Composition	1133
Certificate in Corporate Communication and Training ...	1019	M.A. Major in Technical Communication	1139

Located in San Marcos at the foot of the Texas Hill Country, where blackland prairies turn into beautiful hills, Texas State University (Texas State) enjoys a setting that is unique among Texas universities. The beauty of the crystal clear San Marcos River and many sprawling cypress and pecan trees on the campus add to the charm of this picturesque locale. Although major metropolitan centers are not far away, San Marcos has managed to retain the charm of a smaller community, and Texas State still has a real university atmosphere – a place where faculty and students take the processes of teaching and learning seriously.

2015-2016 Undergraduate Catalog

This catalog is a general information publication only and is not intended to nor does it contain all regulations that relate to students. The information in this version of the Undergraduate Catalog is subject to change without notice. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student, faculty member, or staff employee and Texas State University or The Texas State University System. In the event of conflict between the provisions of this catalog and The Texas State University System Rules and Regulations, the latter shall govern. Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both prospective students and those already enrolled. Questions regarding current information should be addressed to the Office of the Provost and Vice President for Academic Affairs.

This catalog was published in May 2015 and becomes effective with the beginning of the fall semester, 2015.

General Information

Texas State University offers bachelor's, master's, specialist, and doctoral degree programs in the colleges of Applied Arts (<http://www.txstate.edu/appliedarts>), McCoy College of Business Administration (<http://www.business.txstate.edu>), Education (<http://www.education.txstate.edu>), Fine Arts and Communication (<http://www.finearts.txstate.edu>), Health Professions (<http://www.health.txstate.edu>), Liberal Arts (<http://www.txstate.edu/liberalarts>), Science and Engineering (<http://www.txstate.edu/science>), University College (<http://www.txstate.edu/ucollege>) and The Graduate College (<http://www.gradcollege.txstate.edu>). As an Emerging Research University, Texas State offers opportunities for discovery and innovation to faculty and students.

Texas State's main campus is in San Marcos, a growing community of 54,000 people in the Austin Metropolitan Area. The Texas State University Round Rock Campus (<http://www.rrc.txstate.edu>) is located north of Austin. Students there can take upper-level courses leading to bachelor's degrees and complete master's degree and certificate programs.

Accreditations

Texas State is accredited by the following

- AACSB International-The Association to Advance Collegiate Schools of Business
- ABET, Inc.
- Academy of Nutrition and Dietetics, Accreditation Council for Education in Nutrition and Dietetics
- Accrediting Council on Education in Journalism and Mass Communications
- American Academy of Sleep Medicine
- American Bar Association, Council on the Section of Legal Education
- American Council for Construction Education
- American Physical Therapy Association, Commission on Accreditation in Physical Therapy Education
- American Society of Biochemistry and Molecular Biology
- American Speech-Language-Hearing Association, Council on Academic Accreditation in Audiology and Speech-Language Pathology
- American Psychological Association
- Association of University Programs in Health Administration
- Commission on Accreditation for Health Informatics and Information Management Education
- Commission on Accreditation for Respiratory Care
- Commission on Accreditation of Athletic Training Education
- Commission on Accreditation of Healthcare Management Education
- Commission on Collegiate Nursing Education
- Commission on English Language Program Accreditation
- Concrete Industry Management
- Council for Accreditation of Counseling and Related Educational Programs
- Council for the Accreditation of Educator Preparation
- Council for Interior Design Accreditation
- Council on Social Work Education, Office of Social Work Accreditation, Commission on Accreditation
- Foundry Education Foundation
- Joint Review Committee on Education in Radiologic Technology
- National Accrediting Agency for Clinical Laboratory Sciences
- National Association for the Education of Young Children
- National Association of School Psychologists
- National Association of Schools of Music, Commission on Accreditation

- National Recreation and Park Association, Council on Accreditation of Parks, Recreation, Tourism, and Related Professions
- Network of Schools of Public Policy, Affairs, and Administration, Commission of Peer Review and Accreditation
- Teacher Education Accreditation Council, Inc.
- University Council for Educational Administration

History of the University

Authorized by the Texas Legislature in 1899, Southwest Texas State Normal School opened its doors in 1903. During the first century, the Legislature retained the regional designation in the name, but as its mission changed it became first Normal College, then successively Teachers College, College and University. These changes reflected the change from a teacher-preparation institution to a regional university. In 2003 the Legislature dropped the regional designation and the institution became Texas State University-San Marcos, and in 2013 the place name itself was eliminated as the Legislature viewed Texas State University as an emerging research university within the State.

Texas State's original mission was to prepare Texas public school teachers, especially those of the south central area. It became renowned for carrying out this mission, but today it does far more. Texas State currently offers programs in the College of Applied Arts, Emmett and Miriam McCoy College of Business Administration, College of Education, College of Fine Arts and Communication, College of Health Professions, Honors College, College of Liberal Arts, College of Science and Engineering, and University College. The University College oversees undergraduate advising as well as the freshman year experience. The Graduate College provides opportunities for continued intellectual growth through advanced and specialized education that develops leaders in the professions and in research.

As Texas State's student population has grown — from 303 in 1903 to more than 35,000 in 2013 — the campus, too, has expanded and today Texas State is the sixth largest public university in the state. Overlooking the campus and serving as a landmark since 1903 is Old Main, a red-gabled Victorian building restored to its original grandeur.

In 1979, after adding a number of classroom buildings and residence halls, Texas State purchased the former San Marcos Baptist Academy adjacent to the original campus. In 1981, South Texas entrepreneur Harry M. Freeman donated a 3,500-acre ranch to Texas State to be held in perpetual trust as the Harold M. Freeman Educational Foundation. The working ranch is used as a laboratory for students in agriculture, animal science, biology and a variety of other academic disciplines. In 1990, the university opened the Albert B. Alkek Library. The building, conveniently located in the center of campus, is named for the noted Texas rancher, oil man and educational philanthropist who died in 1995.

Texas State acquired one of the most unique ecosystems in the world in 1994 when it purchased the former Aquarena Springs resort and theme park. The purchase allowed Texas State to serve as steward of the headwaters of the San Marcos River, preserving and protecting the area for future generations of Texans. Now called the Aquarena Center, the 90-acre property is the site of a wide variety of educational and research pursuits. Aquarena Center is home to several endangered species of plants and animals that exist nowhere else in the world.

In 1998, as the lead institution, Texas State joined forces with other area universities to establish the Round Rock Higher Education Center, now known as the Texas State University Round Rock Campus (RRC). The

RRC, located on 101 acres in northeast Round Rock, offers upper-division and graduate educational opportunities in Williamson County and Austin.

Texas State is located in San Marcos, a Hill Country community about halfway between Austin and San Antonio. Its location on the banks of the San Marcos River provides recreational and leisure activities for students throughout the year.

Texas State became part of The Texas State University System in 1911. That System is governed by a nine-member Board of Regents. Other components in the System include Lamar University-Beaumont, Lamar University Institute of Technology, Lamar College-Orange, Lamar College-Port Arthur, Sam Houston State University and Sul Ross State University. The first president of Texas State was Mr. T.G. Harris, who served from 1903 to 1911. He was followed by Dr. C.E. Evans, 1911–1942; Dr. J.G. Flowers, 1942–1964; Dr. James H. McCrocklin, 1964–1969; Dr. Leland E. Derrick, 1969; Dr. Billy Mac Jones, 1969–1973; Mr. Jerome C. Cates, 1973–1974; Dr. Lee H. Smith, 1974–1981; Mr. Robert L. Hardesty, 1981–1988; Dr. Michael L. Abbott, 1988–1989; Dr. Jerome Supple, 1989–2002, and Dr. Denise M. Trauth, 2002–present.

Mission Statement

“The noblest search is the search for excellence.”

—Lyndon B. Johnson

Thirty-Sixth President of the United States, 1963–1969

Texas State University Class of 1930

Texas State University is a public, student-centered, Emerging Research University dedicated to excellence in serving the educational needs of the diverse population of Texas and the world beyond.

Shared Values Statement

In pursuing our mission as a premier institution, we, the faculty, staff, and students of Texas State University, are guided by a shared collection of values. Specifically, we value:

- An exceptional undergraduate experience as the heart of what we do;
- Graduate education as a means of intellectual growth and professional development;
- A diversity of people and ideas, a spirit of inclusiveness, a global perspective, and a sense of community as essential conditions for campus life;
- The cultivation of character and the modeling of honesty, integrity, compassion, fairness, respect, and ethical behavior, both in the classroom and beyond;
- Engaged teaching and learning based in dialogue, student involvement, and the free exchange of ideas;
- Research, scholarship, and creative activity as fundamental sources of new knowledge and as expressions of the human spirit;
- A commitment to public service as a resource for personal, educational, cultural and economic development;
- Thoughtful reflection, collaboration, planning, and evaluation as essential for meeting the changing needs of those we serve.

Multicultural Policy Statement

Texas State believes that freedom of thought, innovation and creativity are fundamental characteristics of a community of scholars. To promote such a learning environment, the university has a special responsibility to seek diversity, to instill a global perspective in its students, and to

nurture sensitivity, tolerance and mutual respect. Discrimination against or harassment of individuals on the basis of race, color, national origin, religion, sex, sexual orientation, age, or disability are inconsistent with the purposes of the university.

Students' Rights, Privileges, and Expectations

Texas State believes that the primary purpose of higher education is to promote learning and stimulate inquiry for truth in an atmosphere of freedom. Texas State is committed to the value of a racial and ethnic diversity. Accordingly, Texas State encourages students to exercise the rights of citizenship. However, these rights are subject to reasonable limitations necessary for the orderly operation of Texas State. Texas State expects students to accept their responsibilities as citizens and members of a scholarly community. Paramount among these responsibilities is respect for the rights of others, academic and personal integrity, and adherence to federal, state, and local law as well as university regulations.

The faculty and administration are genuinely concerned with the physical and ethical welfare of students. To that end, Texas State has established rules of conduct and has published these in a Code of Student Conduct and Honor Code. These regulations guide students in achieving personal and academic goals and help the University function in an orderly way. Since students voluntarily associate themselves with Texas State, they should know that these rules are honestly and faithfully enforced. The rules include clear prohibitions against sexual or racial harassment.

Texas State has established a grievance procedure for the prompt and equitable resolution of complaints related to illegal discrimination or harassment on the basis of race, color, national origin, age, sex, religion, disability, or veterans' status. This grievance procedure is described in University Policy and Procedure Statement 04.04.46 (<http://www.txstate.edu/effective/UPPS/UPPS-04-04-46.HTML>), Prohibition of Discrimination or Harassment. Students should follow the procedures for reporting instances of discrimination or harassment.

The administration and faculty encourage students to participate in managing Texas State through its system of advisory councils and committees. Students are invited to serve as voting members of many of these groups, and are expected to contribute actively to their success. Students may submit recommendations for changes in policy, not only through the committee structure, but also through their own student government.

Student Right-to-Know and Campus Security Act

The Student-Right-to-Know and Campus Security Act was enacted in 1990 by federal law. The law requires institutions that receive student aid assistance to prepare and distribute an Annual Security Report (Campus Watch). The Campus Watch for Texas State University at San Marcos and Round Rock campuses include descriptions of campus crime prevention programs, procedures for reporting crimes and information about the number and frequency of crimes reported to the University Police Department for the last three years. It also provides Texas State's policies for campus security and law enforcement related to sexual offenses, liquor law violations, and controlled substance offenses. In addition to publishing crime statistics, the act requires the Institute to provide timely warnings to the campus community of certain crimes reported to the

University Police Department or local law enforcement which may be considered a threat to the campus community. The Campus Watch is available on the Texas State Website at <http://www.police.txstate.edu/Clery.html>, in the Offices of Undergraduate Admissions, Graduate College, Human Resources, and the University Police Department.

For a hard copy of the Campus Watch, contact the University Police Department, Nueces Building or to have a hard copy mailed to you free of charge you may call 512-245-2890.

Student Data, Privacy, and Communications

Correct Data

All students are responsible for making certain Texas State has correct demographic data. A student's name will appear on official records as it is stated on the application for admission, unless a student has previously attended Texas State under a different name. Changes in name, local and/or permanent address, telephone number, marital status, etc. should be reported immediately to the Office of the University Registrar. Texas State is not responsible for loss of correspondence credits due to unreported name changes. Address changes can be submitted at <http://www.registrar.txstate.edu/our-services.html>.

Family Educational Rights and Privacy Act of 1974 (FERPA)

FERPA protects the privacy of educational records, establishes the right of students to inspect and review their educational records, and provides guidelines for the correction of inaccurate or misleading data. Students also have the right to file complaints with the FERPA Office concerning alleged failures by Texas State to comply with the Act. University policy explains in detail the procedures to be used in complying with the act. The policy is available at <http://www.registrar.txstate.edu/persistent-links/ferpa>. The Dean of Students and the Registrar both presume that each student is independent of his or her parents when dealing with the student's educational records. Procedures for establishing dependency status are available in both offices.

Communications

Most university offices use Texas State email as the official means of communication. Students are expected to set up and read their Texas State email frequently.

Abandoned and Unclaimed Personal Property

Abandoned and unclaimed personal property discovered on a system university campus shall be turned over to the University Police Department for safekeeping and standardized handling. Property shall be considered abandoned if it appears from the circumstances under which the University comes into possession of the property that the owner has thrown it away, has voluntarily left it, or has lost it without any intent or expectation to regain it.

Abandoned and unclaimed personal property acquired by the police department of a system university shall be held for a minimum of one hundred and twenty (120) days from the time the department acquires the property. If the property is reclaimed during that time, the University may charge the owner a reasonable storage fee. The University Police

Department will develop appropriate procedures to facilitate the return of unclaimed personal property to the proper owners. A reasonable effort will be made to notify the owner.

After one hundred and twenty (120) days the property will be declared abandoned. After appropriate property checks that reflect the value of the property have been made, the property may be sold as part of a normal surplus property sale. For specifics on the handling and processing of abandoned and unclaimed property, please refer to University Policy and Procedure Statement 05.01.20.

Undergraduate Academic Advising

Advising Mission

As an integral part of teaching and learning at Texas State, advising is a student-centered, collaborative process that engages students in educational planning to promote academic, personal, and professional development, while considering diverse interests, abilities, and goals.

Definition and Philosophy

Academic advising is an educational process that, by intention and design, facilitates students' understanding of the meaning and purpose of higher education and fosters their intellectual and personal development toward academic success and lifelong learning (NACADA, 2004).

At Texas State, academic advising provides students with the opportunity to meet with an advisor for the purpose of gaining assistance in planning their educational career, in learning the skills needed for academic success, and in learning how to access the variety of resources and services available to them on the Texas State campus.

As academic advisors at Texas State University, we adhere to key principles provided by the National Academic Advising Association (NACADA) when developing our advising philosophies. Academic advising is a partnership between a student and an academic advisor to develop meaningful educational goals and plans that are consistent with the student's personal values, interests and abilities. This is a collaborative approach in which the student and the advisor have clear responsibilities for ensuring the advising partnership is successful.

Degree Works is the Degree Audit System for Texas State University. Degree Works assists the advising process and greatly simplifies the preparation of student graduation audits. It is an advising report that shows a student's progress towards their degree. Students can request a degree audit report through the Self Service Banner for the degree program(s) in which they are enrolled or for degree programs in which they are interested. Degree Works takes the guess work out of selecting courses for future enrollment.

Degree Works will display any university major and graduation (i.e. general education and university degree) requirements and will show which of these requirements the student has already fulfilled and which remain to be completed. Students can print a copy and take it with them when they see their academic advisors. Visit <http://www.registrar.txstate.edu/resources/degreeworks.html> for more information and a video tutorial or contact your academic advisor.

Advisee Responsibilities – What You Are Expected To Do

As an advisee, you have clear responsibilities in the advising partnership in order to be successful:

- Know the requirements of your degree program and make sure that you are taking the courses your program requires for graduation.
- Ensure compliance with all University and College policies, procedures, and deadlines.
- Gather all relevant decision-making information (e.g., deadlines, prerequisites, policies).
- Organize official documents in a way that enables you to access them when needed.
- Schedule timely, regular appointments with an advisor during each semester.
- Come prepared, with your student ID, and be on-time to each appointment.
- Bring questions and materials for discussion, such as a degree audit, degree work sheet, and/or other relevant documents for discussion to your appointment.
- Be an active learner by participating fully in the advising experience.
- Ask questions if you do not understand an issue or have a specific concern.
- Follow through with all recommendations from your advisor.
- Clarify personal values and goals and provide your advisor with accurate information regarding your interests and abilities.
- Keep a personal record of your progress toward meeting your goals.
- Adhere to the Texas State honor code when interacting with others.

Advisor Responsibilities – What You Can Expect

You can expect your advisor to:

- Assist you in understanding the purposes and goals of higher education and its effect on your lives and personal goals.
- Assist you in gaining decision making skills and assuming responsibility for your educational plans and achievements.
- Encourage and guide you as they define and develop realistic goals.
- Encourage and support you as you gain the skills to develop clear and attainable educational plans.
- Maintain confidentiality.
- Understand and effectively communicate the curriculum, graduation requirements, and university and college policies and procedures.
- Provide you with information and strategies for using the available resources and services on campus.
- Accurately document your progress toward meeting your goals.
- Be accessible for meeting with you.

Using the Undergraduate Catalog

Glossary of Terms

Academic Advising Center

Located in each College, the Academic Advising Center houses most of the undergraduate advisors for that College.

Classification

Academic level based on hours earned: 1–29 freshman, 30–59 sophomore, 60–89 junior, and 90+ senior.

Contact Hours

Clock hours spent each week in the instruction process. Contact hours are not course credit hours. Lecture contact hours are the hours per week students are required to spend in contact with faculty in a lecture setting, e.g., class, conference, seminar, individual instruction, private lesson, thesis or dissertation discussion, or independent study. Laboratory contact hours are the number of hours per week that students are required to spend in contact with faculty in an experiential situation, e.g., laboratory clinical, practicum, internship, or student teaching.

Core Curriculum

Serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor's degree. See the Academic Services section of the catalog for more detailed information.

Co-requisite

A directive from a School or Department that requires a certain action be taken while enrolled in a certain course. A corequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as determined by the faculty.

Course Description

Summarizes the content of the course. May include repeatability information as well as pre-requisites or co-requisites.

Course Number

Courses listed in this catalog and in the Schedule of Classes follow a four-digit numbering system. The first digit indicates the level of the course: 1-freshman, 2-sophomore, 3-junior, 4-senior, 5- and 6-masters, and 7-doctoral. The second digit indicates the number of semester credit hours. The last two digits usually indicate the sequencing of the course in the curriculum. The letter (A, B, C, etc.) at the end of a course number usually indicates a topics course.

Course Prefix

Letters preceding the course number that indicate the subject of the course. For example, CJ = Criminal Justice; ANTH = Anthropology.

Credit Hour

For purposes of this catalog and in accord with federal regulations, a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates:

- not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time;
- at least an equivalent amount of work as outlined in the item above for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

A semester credit hour is defined by THECB as a unit of measure of instruction consisting of 60 minutes, of which 50 minutes must be direct

instruction over a 15-week period in a semester system. Credit hours must be presented in whole numbers. Academic administrative units are responsible for ensuring that credit hours are awarded only for work that meets this requirement. Students should expect to invest a minimum of two hours of additional work for each hour of classroom or faculty instruction per week. Additional work often includes reading, studying, writing, conducting research, meeting with tutors, and other learning activities.

Degree Audit

An advising report, through Degree Works, that shows a student's progress towards their degree. Students can request a degree audit report through the Self Service Banner for the degree program(s) in which they are enrolled or for degree programs in which they are interested. Visit <http://www.registrar.txstate.edu/resources/degreeworks.html> for more information and a video tutorial or contact your academic advisor.

Degree Plan

Set of courses that a student may follow in order to achieve the desired bachelor's degree.

Grade Point Average (GPA)

Texas State utilizes a four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: "A" = 4 points; "B" = 3 points; "C" = 2 points; "D" = 1 point; "F" = 0 points. Neither hours nor grades are calculated for "I", "CR", "PR", or "W". "U" and "N" grades are the same as an "F" and equal 0 points.

Graduate Student

A student who has graduated with a bachelor's degree and is returning to the university to pursue either a master's or doctoral level degree.

Graduation with Honors

Students earning a GPA of 3.40-3.59 will graduate cum laude; 3.6-3.79 will graduate magna cum laude; 3.8-4.0 will graduate summa cum laude. Effective Summer 2012, to be eligible for graduation with honors a student seeking a baccalaureate degree must have completed a minimum of 54 semester credit hours preceding graduation at Texas State. Graduation in the Honors College is described on p. 47.

Multicultural Course

Course identified in the catalog and schedule of classes that offers students an opportunity to enhance their multicultural competence.

Post Baccalaureate Student

Student who has completed a bachelor's degree and returned to the university to take additional course work that will not count towards a second bachelor's degree.

Prerequisite

A directive from a School or Department that requires a certain action be taken before enrolling in a certain course. A prerequisite may be a course, permission from a faculty member, a specified classification, or additional requirements as determined by the faculty.

Probation, Academic

An emphatic warning that the quality of the student's work has not met Texas State's minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation

at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of any long semester or summer term if the Texas State GPA is 2.00 or higher.

Second Degree Seeking Student

Student who has completed a bachelor's degree and returned to the university with the intention to take additional course work that will complete a second baccalaureate degree.

SLAC

The Student Learning Assistance Center provides a wide range of academic support programs. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides a walk-in tutoring lab, Supplemental Instruction, campus presentations, and online services.

Suspension, Academic

Instated on students who fail to raise their GPA higher than a 2.00 at the end of the second probationary semester.

Transcript

Official Texas State transcripts bear the University Seal and the Registrar's signature. The transcript is an official record of a student's academic course work.

Transfer Student

Student who has attended an institution prior to enrollment at Texas State.

TSIP

The Texas Success Initiative program is a legislatively mandated program for certain college freshmen and transfer students, and is located within the University College. Additional information about this program and its requirements can be found in the University College section of this catalog.

Undergraduate Student

Student enrolled in course work with the intent of receiving a bachelor's degree at Texas State.

Writing Intensive

Undergraduate courses for which at least sixty five percent of the grade must be based on written exams or assignments, and at least one assignment must be 500 words or more in length. Writing intensive is a designation intended to address the writing policy for undergraduate degree programs.

How to Interpret a Course Entry in the Catalog

Academic courses are located alphabetically by course prefix within the school or department in which they are taught. Within each prefix, the courses are listed numerically beginning with freshman level and proceeding through senior level course work. Graduate courses may be found in the Graduate Catalog.

Texas State reserves the right to withdraw courses at any time, to change its fees or tuition, calendar, curriculum, degree requirements, graduation procedures, and any other requirements affecting students. Changes will become effective whenever authorities determine and will apply to both

prospective students and those already enrolled. Questions regarding current information should be addressed to the Office of the Provost and Vice President for Academic Affairs.

Undergraduate Admissions

429 N. Guadalupe Street
www.admissions.txstate.edu (<http://www.admissions.txstate.edu>)
 T: 512.245.2364 F: 512.245.8044

The university provides general admission programs for first-time freshman, transfer, and international students. The admission standards are designed to ensure that admitted students are prepared to meet the academic challenges of the classroom at Texas State.

Students and their parents are welcome to visit Texas State any day the university is open. Drop-in visitors are welcome but an online reservation or a phone call a few days in advance will help the Welcome Center staff give the best possible service. When classes are in session, campus tours are available Monday through Friday. University offices are closed on weekends; however, the Welcome Center is open on a limited basis on weekends during the fall and spring semesters. The Welcome Center is located in the LBJ Student Center. Convenient parking is available at the Student Center Parking Garage.

Bobcat Days at Texas State are special Saturdays when prospective students and their families visit the campus to learn about academic programs, services, activities, and admissions. For Bobcat Days schedules, visit www.admissions.txstate.edu/visit/bobcat-days (<http://www.admissions.txstate.edu/visit/bobcat-days>).

For further information on available tour times or scheduling your visit www.admissions.txstate.edu/visit (<http://www.admissions.txstate.edu/visit>), contact the Welcome Center at 512.245.8871 or email welcomecenter@txstate.edu (welcomecenter@txstate.edu).

Deadlines

Students should apply for admission as early as possible. Those still in high school may apply once they have completed six semesters and can provide a high school transcript showing class rank and grades. Application forms and all credentials must be received by the following deadlines:

Fall	March 1 (admission priority date)
	May 1 (freshman)
	July 15 (transfer)
Spring	November 15
Summer I	May 1 (for classes starting in June)
Summer II	June 15 (for classes starting in July)

Application Fee

A non-refundable application fee is required with all applications. The application fee is \$75 for new students; \$75 for special and transient/visiting students; \$40 for former students; and \$90 for applicants considered for admission on the basis of foreign credentials.

State of Texas Uniform Admission Statement

Per state law, Uniform Admissions Policy, Texas Education Code 51.803-51.809 requires that all students must meet one of the following college readiness standards in order to be eligible to be considered for admission at a Texas Four-Year Public Institution.

- Successfully complete the Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Minimum (UAP), Recommended (UAP) or Distinguished (UAP) high school program or complete the portion of the program that was available to them; or
- Successfully complete a curriculum that is equivalent in content and rigor to the Foundation, Foundation with endorsements Distinguished Achievement, Minimum (UAP), Recommended or Advanced (Distinguished Achievement) high school program at a high school that is exempt from offering such programs; or
- Satisfy the College Readiness Benchmarks on the SAT or ACT assessment
 - SAT – 1500 out of 2400
 - ACT – 18 English, 22 Reading, 22 Mathematics and 23 Science

Equivalencies must be documented by the student's high school. The forms can be found at <http://www.theccb.state.tx.us/>.

Freshman Admission

Texas State freshman applicants must complete and meet the following requirements to be considered for admission:

1. Complete the State of Texas Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Minimum (HB5), Recommended (UAP) or Distinguished (UAP) high school program (or their equivalents).
2. In order to be successful at Texas State, students should complete a rigorous curriculum in high school. We strongly recommend that all applicants complete four credits of English, including English I-IV; four credits of math, including Algebra I, Algebra II, Geometry, and an additional advanced math; four credits of science, including Biology, Chemistry, Physics, and an additional advanced science; four credits of social studies, including one credit of World History, World Geography, U.S. History Since 1877, 1/2 credit of U.S. Government and 1/2 credit of Economics; two credits of a foreign language; one credit of fine arts; and one credit of Physical Education.
3. Submit parts I and II of the ApplyTexas Application (www.applytexas.org (<http://www.applytexas.org>)).
4. Submit one of the Apply Texas application essays (Topic A,B, or C).
5. Submit an official high school transcript (which must include class rank or a statement that the school does not rank) or GED certificate.
6. Submit official SAT or ACT scores including the writing sections.
7. Submit an application fee of \$75 (check, money order, American Express, Visa or MasterCard).
8. Submit an official college transcript from each postsecondary school attended. Student must be eligible to return (e.g., free of suspension, dismissal or enforced withdraw) and have a cumulative 2.0 grade point average in all transferable college work.

Texas State admits freshman students in two ways, Assured Admission and Admission Review.

Assured Admission

Students completing either the Distinguished Achievement (HB5), Recommended (UAP) or Distinguished (UAP) and meet the minimum class rank and SAT/ACT scores below are eligible for assured admission.

Class Rank	SAT (Critical Reasoning ACT + Math)	
Top 10%	No minimum required ¹	
1st Qtr.	920	20
2nd Qtr.	1010	22
3rd Qtr.	1180	26
4th Qtr.	1270	29

¹ No minimum scores required for students who rank in the top 10% of their graduating class. ACT or SAT scores, however, must be submitted.

Writing Section of ACT/SAT is required, but will not be included in the scores used in initial review by Texas State.

Admission Review

Freshman applicants who complete either the Foundation (HB5), Foundation with Endorsements (HB5), Distinguished Achievement (HB5), Recommended (UAP) or Distinguished (UAP) high school program; rank in the top three quartiles (top 75%) of their class, and have a high school class rank and test scores that place them near the assured admission requirements, may be eligible for the Predicted Academic Success (PAS) Review. A limited number of students whose academic record demonstrates potential for academic success at Texas State will be offered admission. If granted a PAS review, Texas State will consider the high school curriculum, extracurricular involvement, leadership, community service, work experience, essay, class rank, size of graduating class, quality and competitive level of high school courses taken and grades earned, and the applicant's individual verbal and math scores on either the ACT or SAT I. Additional factors such as bilingual proficiency, the applicant's responsibilities while attending school, and the applicant's region of residence may also be considered. The review, however, must clearly demonstrate potential for academic success during the freshman year at Texas State. Students in the fourth quarter are not eligible for this review. Applicants offered admission to Texas State University through PAS Review typically have the following minimum coursework: 4 years of English, 4 years of Math (Algebra I, Geometry, Algebra II and an advanced math), 3-4 years of Science, and 2-3 years of the same Foreign Language.

To be considered, students may be asked to submit a seventh-semester transcript that includes class rank. A resume highlighting personal involvement and achievements while in high school and a personal statement that addresses factors the applicant wishes to bring to the attention of the Office of Undergraduate Admissions may also be submitted. Applicants will be notified of their admissibility or inadmissibility on a rolling basis.

A limited number of fall applicants who are reviewed through PAS may be offered admission to a special summer entrance program or a fall co-enrollment program with Austin Community College.

Limited Access Programs

Emmett and Miriam McCoy College of Business Administration

If a student wishes to pursue a major in the Emmett and Miriam McCoy College of Business Administration, they will be automatically admitted when they:

- Select Business as a first-choice major and receive assured admission to Texas State
- Achieves one of the following: an SAT score of 1200 or higher, an ACT score of 27 or higher, or a ranking in the top 25 percent of their high school graduating class.

Other applicants who have received admission to Texas State will be considered through a competitive review process.

Pathway Program

The Pathway program (<http://www.admissions.txstate.edu/pathway>) is a unique one-year co-enrollment partnership between Texas State University and Austin Community College (ACC). As a participant in the program, the student enrolls for courses at Texas State each semester and at ACC Hays. Acceptance into the program is by invitation and is based on the university's Predicted Academic Success review process. A limited number of fall applicants will be offered a place in this alternative program based on the outcome of the holistic review.

Transfer Admission

Transfer Students with Less than 30 Hours

Students with less than 30 transferrable hours at the time of application must meet the following requirements:

1. Submit the ApplyTexas Application for transfer admission including one essay and information on extracurricular activities, application fee, and all other documents by the deadline. (see freshman admission requirements)
2. Meet assured admission requirements.
3. Submit an official transcript from each post secondary institution attended. Students must be eligible to return (e.g., free of suspension, dismissal or enforced withdrawal) to all previous institutions regardless of grade point average (GPA) or degrees received.
4. Have a cumulative 2.0 GPA in all transferable college work.

Transfer Students with 30 Hours or More

All Transfer students with 30-plus completed transferable credit hours must meet a 2.25 grade point average for all transferable credit. Transfer applicants must complete and meet the following requirements:

1. Submit part I of the ApplyTexas Application for Transfer/Transient/Readmit (www.applytexas.org (<http://www.applytexas.org>))
2. Submit application fee of \$75 (check, money order, American Express, Visa or MasterCard)
3. Submit an official college transcript from each postsecondary school attended. Student must be eligible to return (e.g., free of suspension, dismissal or enforced withdrawal) to all previous institutions regardless of GPA or degrees received.

4. Have a minimum 2.25 GPA in all transferable work attempted. In calculating the GPA, grades of A, B, C, D, and F are computed as recorded. Non-punitive grades such as W or WP are posted but not calculated. Grades of WF or I are averaged as F. If a course has been repeated, all grades except the first will be used. Grades in non-transferable and technical/VocEd courses are disregarded. See Academic Policies section for specific information and policies for repeated grades and courses.

NOTE: Entering students are required to demonstrate that they have competency in foreign language. This can be demonstrated by:

- Two years of the same foreign language in high school or two semesters of the same foreign language in college. (Some degree programs may have additional requirements for graduation.)
- A placement exam
- CLEP

Transfer students who have met this requirement via their high school work should submit their high school transcript for credit.

Teacher Education Program

To be eligible for a Texas teaching certificate, a student must first be admitted to the university, then they can apply for admittance to the teacher preparation program through the Office of Educator Preparation (p. 232). Information regarding these requirements can be found in the College of Education section of this catalog.

Round Rock Campus

1555 University Blvd.
Round Rock, TX 78665-8017
www.rrc.txstate.edu (<http://www.rrc.txstate.edu>)
T: 512-716-4001

Texas State University offers students who live or work in the north Austin or Round Rock area a convenient option for completing a bachelor's degree or obtaining a graduate degree. The Round Rock Campus (RRC) offers classes after 5:00 p.m. one night per week while other programs are offered during daytime hours. In addition to admissions, advising, financial aid and veteran affairs counseling, the RRC also provides computer technology assistance, library services, study areas, workshops, and convenient parking. Students who complete their degree requirements at the RRC are Texas State students who meet all of the same admissions and graduation requirements as students at the main campus.

The RRC offers junior- and senior-level classes to complete a bachelor's degree in 13 programs as well as 12 graduate degrees and 13 post baccalaureate certificate programs. Students may enroll in hybrid and online courses and, if they choose, can complete their freshman- and sophomore-level classes at the San Marcos campus, at a community college or some other (accredited) institution then transfer to the RRC.

Undergraduate Degree Programs

To register for classes at the Round Rock Campus, students must have completed their sophomore year or at least 45 transferable hours. The 45 hours of credit must be from one of the several degree plans (<http://www.rrc.txstate.edu/about/programs/bachelors.html>) offered by the RRC. Students who intend to complete the junior- and senior-level classes at the RRC will follow the same application process (<http://www.rrc.txstate.edu/prospective/starting.html>) as other applicants to Texas State. Because the advising and orientation processes are unique to the RRC it is important to contact RRC student services as soon as possible.

www.rrc.txstate.edu/prospective/starting.html) as other applicants to Texas State. Because the advising and orientation processes are unique to the RRC it is important to contact RRC student services as soon as possible.

Graduate Degree Programs

Students wanting to grow in their career or simply expand their knowledge can choose to pursue one of the Continuing Education, Post-Baccalaureate Certificate or Master's degrees programs offered at the Round Rock Campus. Click for a list of those programs (<http://www.rrc.txstate.edu/about/programs.html>).

International Admission

An international student is defined as anyone who is not a United States citizen. However, a permanent resident alien who has completed two or more years in and graduated from a U.S. high school is required to meet the admission requirements established for U.S. citizens (see Undergraduate Admission in this section of the catalog).

International applicants should complete the International Student Application which is available at www.applytexas.org (<http://www.applytexas.org>). The application and all credentials must be submitted by the required deadline. A non-refundable \$90.00 fee (U.S. currency) is required for all international applicants. Freshman applicants who are graduates of foreign secondary schools must demonstrate that they have above average academic achievement and an education equivalent to that of a U.S. high school graduate. Students transferring from foreign institutions must demonstrate above average academic achievement in their post-secondary education. Applicants must submit original academic records (or copies which have been certified by an appropriate school official) of all secondary and post-secondary course work, examination results, SAT/ACT test scores, certificates awarded, and/or diplomas. A certified English translation must accompany the original academic records if the original records are not in English. Freshman applicants who are graduates of a U.S. high school and who completed at least two years in a U.S. high school must meet the freshman admission requirements established for U.S. citizens. Transfer applicants from within the U.S. must meet all regular transfer admission requirements (see Undergraduate Admission in this section of the catalog).

All applicants whose native language is not English must present proof of English proficiency. Texas State accepts the following measures of English proficiency for regular admission:

- Test of English as a Foreign Language (TOEFL) minimum score of 550 (paper-based test, PBT) or 213 (computer-based test, CBT), or 78 total score (internet-based test, iBT) with the following 3 out of 4 minimum section scores: 19 in Reading, 19 in Listening, 19 in Speaking and 18 in Writing, or
- International English Language Testing System (IELTS) minimum score of 6.5, or
- International Baccalaureate (IB) grade of 4, 5, 6 or 7 in English A1 or A2 at the Higher Level or Standard Level or English B at the Higher Level, or
- 30 semester hours of college course work transferred from a regionally accredited U.S. institution to include ENG 1310 College Writing I and ENG 1320 College Writing II with grades of "C" or higher, or

- Advanced Level exam in English Language on GCE, GCSE, IGCSE or HKCEE with grade of “C” or higher, or
- Completion of all level 5500 Texas State Intensive English classes with composite grade of “A” or “B” and positive recommendation from program director.

International students who meet the established admission requirements but do not yet have the required level of English proficiency may be eligible for the Texas State Intensive English Bridge program. A TOEFL score between 500 & 549 (PBT) or between 173 & 210 (CBT) or 58 (iBT) total score with minimum section scores of 14 in Reading, 14 in Listening, 14 in Speaking and 14 in Writing, or IELTS score between 5.5 & 6.9 is required for the Texas State Intensive English Bridge program. Admission to the Texas State Intensive English Bridge program allows students to begin university academic study on a part-time basis while completing their English proficiency requirements in the Texas State Intensive English program. Acceptance into full-time academic study is contingent upon achieving one of the measures of English proficiency listed in the paragraph above, successfully completing the Intensive English program at Texas State and completing the Texas State credit courses with a grade of “C” or higher.

F1 International Students Transferring to Texas State from Another U.S. Institution

International students who wish to transfer to Texas State University need to meet the academic as well as the immigration requirements for this transfer. Students who have been already admitted into an academic program and provided the financial documentation required for their admissions should follow the steps below to process their SEVIS or immigration transfer. This is a separate procedure not to be confused with the academic transfer done through the Undergraduate or Graduate Admission offices. Simply transferring academically doesn't complete your SEVIS transfer.

1. Notify your international/ (<http://www.international.txstate.edu>)immigration student advisor at your current school of your intent to transfer and verify the procedures with them.
2. Request your current school to fill out and fax or email the Status Verification Form. It is your responsibility to make sure that your previous/current institution fills out the Status Verification Form and submits it.
3. Upon your notification, a DSO at your current school will update your record in SEVIS as a “transfer out” and indicate a release date. Once this release date is reached the International Office at Texas State will have access to your SEVIS record to process your transfer I-20.
4. After the release date of your SEVIS record contact the Texas State International Office to confirm that all documents needed for your SEVIS transfer have been received as well as your SEVIS record.
5. Call the International Office to schedule a check-in. You must bring all of your immigration documents to this meeting. Your transfer I-20 will be given to you at this time. For more detailed information on our Check-ins and International Student Orientation visit our website at www.international.txstate.edu (<http://www.international.txstate.edu>).

Important Considerations

- Transfer students must start attending classes within 5 months of the last day he or she attended classes (or ended OPT), or the next available session, whichever comes sooner.

- If a student completes a course of study (or OPT), the student is eligible for transfer through the end of the 60-day grace period.
- If you are planning on traveling abroad you must re-enter the country with the I-20 from the school that holds your SEVIS record at the time. If your release date occurs when you are abroad the Texas State International Office will have to mail you the transfer I-20.
- A student's authorization for OPT or CPT ends on the transfer release date or the end of the work authorization whichever one is earlier.

F1 International Students Transferring to Another U.S. Institution from Texas State

To transfer to another U.S. institution from Texas State you must request a SEVIS transfer from the International Office. This is a separate transfer from the academic transfer and does not imply a transfer of your academic records. The SEVIS transfer will allow your new institution to issue you a new I-20 that will allow you to maintain your legal status.

To notify the Texas State International Office of your intention to transfer out, you must fill out the SEVIS Transfer Out Form and submit it to our office with the admissions acceptance letter attached to it.

An International Office advisor will determine an appropriate release date for your SEVIS transfer which will generally be the last day of your current semester. More detailed information is included in the SEVIS Transfer Out Form.

If you decide to cancel your transfer, you must notify the Texas State International Office before your SEVIS transfer release date. Once the transfer release date has been reached, Texas State will no longer have access to your SEVIS record and your new institution will be responsible for the management of your record.

Simply receiving the new school's I-20 doesn't complete the transfer process. Contact the staff at your new institution responsible for assisting international students about completing the required SEVIS transfer procedures.

For further information on immigration requirements, contact the Texas State International Office at 512.245.7966 or www.international.txstate.edu (<http://www.international.txstate.edu>).

For further information on admission requirements for international students, contact the Office of Undergraduate Admissions at 512.245.2759 or www.admissions.txstate.edu (<http://www.admissions.txstate.edu>).

Readmission of Returning Texas State Students

Any Texas State student who does not enroll in the university for one long semester but wishes to return is considered a returning student (<http://www.admissions.txstate.edu/future/former-students>). Whether the student leaves on academic or disciplinary suspension or of their own accord, he or she must follow these procedures for readmission:

1. Submit part I of the ApplyTexas Application (<http://www.applytexas.org>) for Transfer/Transient/Readmit and required transcripts prior to the start of classes for the semester of desired enrollment.
2. Submit application fee of \$40 (check, money order, American Express, Visa or MasterCard). Fee waivers (<http://www.applytexas.org>).

www.admissions.txstate.edu/future/freshman/app-fee-and-waiver.html) based on need are available.

3. Submit official transcripts from every institution attended since last enrolled at Texas State.

NOTE: Returning students who have taken 30 or more transferable hours since last enrolled must be eligible to return to all previous institutions and have a minimum GPA of 2.25 in that work. Those who left and enrolled for fewer than 30 transferable hours at another institution must also be eligible to return to all previous institutions and have a 2.0 GPA in that work.

4. Attest that no suspensions, withdrawals, or dismissals affect his or her eligibility to return to all previously attended institutions.

A student who has left Texas State due to academic suspension will return on probationary status after complying with the suspension requirements and meeting the readmission criteria outlined above. (See the policy stated in "Readmission Following Suspension" in the Academic Policies of this catalog.) Some Texas State returning students may be eligible to take advantage of one of our Alternative Admission Programs (p. 25).

A student who is member of the U.S. Armed Forces or National Guard who withdrew from school as a result of a call to active duty is eligible to re-enroll without paying a reapplication fee or having to complete a readmit application if the student returns to Texas State within a year of being released from active duty. These students will need to complete the Returning Military Information Form (<http://gato-docs.its.txstate.edu/office-of-undergraduate-admissions/forms/Returning-Military-Information/Returning%20Military%20Information.pdf>), provide a copy of their DD-214 and contact the Office of Undergraduate Admissions to have their status reactivated

Special Admission Options

All special admission categories will need to meet the State of Texas Uniform Admission Policy, Texas Education Code 51.803-51.809. (see State of Texas Uniform Admission Statement).

Early Admission Program

The Early Admission program offers high school juniors and seniors an opportunity to take college courses while still in high school.

Requirements for admission include:

1. A grade average of "B" or higher
2. A recommendation from a high school counselor or principal
3. Evidence that the student will meet or exceed Texas State freshman general admission requirements.
4. The PSAT or PLAN scores may be used in lieu of the SAT or ACT scores.

The ApplyTexas application, official high school transcripts and application fee of \$75 and all supporting documents must be submitted by the deadline. Students admitted under this option are considered non-degree seeking and are not eligible for Financial Aid. After high school graduation, those students wishing to continue at Texas State in degree-seeking status must reapply and submit their final high school transcript.

Individual Approval

Applicants who have been out of high school for at least three years and have 0-29 transferable semester hours may be considered for admission on an individual basis. Applicants must submit an official

high school transcript validating high school graduation or GED completion certificate. The high school transcript or GED certificate, college transcript(s), application including one essay (Topic C) and information on extracurricular activities, and the \$75 application fee must be submitted by the appropriate deadline. No test score is required for admission review, but test score submission is recommended. Students whose record demonstrates potential for academic success at Texas State may be offered admission.

Special Talent Program

Students who receive a Fine Arts or Athletic Scholarship and are recommended for admission by the Dean of the College of Fine Arts and Communication or the Director of Athletics, but do not meet Assured, Predicted Academic Success or Individual Approval admission requirements, may be granted admission to Texas State. Freshman students admitted under the Special Talent Program must rank in the top three quarters of their high school class. Transfer students must have a minimum 2.00 cumulative GPA. The university president may authorize exceptions to this policy.

Non-Accredited High Schools

Graduates of non-accredited high schools must have a minimum ACT of 26 or SAT I (Critical Reasoning + Math) of 1180 and must meet the course unit requirements (Uniform Admission Policy and Freshman Admission) as outlined in the general admission requirements.

Home-Schooled

Home-schooled applicants must have a minimum ACT of 26 or SAT I (Critical Reasoning + Math) of 1180 to be considered and meet the State of Texas Uniform Admission Policy (see freshman admission policy) and Texas State Freshman Admission Requirements.

Veteran's Guaranteed Admission Program

The Texas State University System's (TSUS) Veterans Guaranteed Admission Program is designed to encourage all honorably discharged veterans to complete their undergraduate college education by guaranteeing admittance to one of the System's institutions of higher education. Military veterans may gain admission to one of the TSUS institutions in several ways:

1. Veterans who apply by the institution's application deadline and meet the freshman or transfer admission requirements of the TSUS institution will be admitted after their application and official credentials are complete usually in 2-3 weeks.
2. Veterans who narrowly miss the admission requirements of the TSUS institution of their choice will be admitted via one of the institution's alternative admissions programs (e.g., summer bridge programs, admission contract programs, or similar admission opportunities).
3. Veterans not interested in gaining admission through a summer bridge or similar program may opt to have their file referred to another TSUS institution.
4. TSUS institutions will provide transfer counseling to veterans who wish to begin their higher education pursuits at a community college. Working closely with university admissions counselors, veterans will be provided a specific pathway through one of the Lamar State Colleges or another community college to be able to transfer seamlessly at a later date. These students will be guaranteed admission as soon as they fulfill their transfer admission plan with the TSUS institution.

5. Veterans seeking technical degrees or specific workforce training will be admitted to Lamar State College-Orange, Lamar State College-Port Arthur or the Lamar Institute of Technology. Should their goals change and a baccalaureate degree be sought, these students will be counseled by Lamar staff to take appropriate courses and will be guaranteed admission to any of the TSUS institutions as soon as the transfer requirement have been met.

General Educational Development Tests

Students with medical or personal reasons for not completing high school may elect to take the General Educational Development (GED) tests. Texas State recognizes the GED tests from an applicant with no previous college work whose high school class has graduated. Students with a GED certificate may be considered for admission provided they have a minimum ACT of 26 or SAT I (Critical Reasoning + Math) of 1180.

Transient/Visiting Student Admission

Students who have completed college work and who are working toward a degree at another college or university are eligible to be considered for transient/visiting admission. Transient/Visiting admission is for the summer only. The applicant must complete an application for admission listing all colleges and universities attended. To be admissible as a transient/visiting, a student must be in good standing at their current institution. A current transcript or documentation from Registrar indicating good standing at the institution of current enrollment must be submitted to the Office of Undergraduate Admissions. Upon completion of the summer work, the student may request a transcript/visiting for use in the home institution. Credit and grade points earned as a transient/visiting student at Texas State will not be used in determining regular eligibility for admission to Texas State.

Special Student Option

Students who are not working toward a degree at Texas State may be considered for admission as a Special Student. To qualify, students must either

1. verify an overall 2.25 GPA in previous college work or
2. have a high school diploma or equivalent and not have been enrolled in any secondary or post-secondary institution for the last three years.

Applicants must complete an application for admission listing all colleges and universities attended and the application fee by the required deadline. Students must be eligible to return to each previous post-secondary institution (i.e., free of suspension, dismissal or enforced withdrawal). Enrollment as a Special Student is limited to a total of 24 semester hours and students must reapply each semester. Students admitted under this option are considered non-degree seeking and are not eligible for Financial Aid. Work earned as a Special Student may be considered for degree purposes only after the student has reapplied and has met general admission requirements.

Appeals

Students who wish to appeal their admission decision should submit a letter of appeal providing further information about their circumstances and an indication of their readiness for study at Texas State.

Alternative Admissions Programs

Some prospective transfer students may be eligible for one of these alternative admission programs. Students interested in either the Academic Fresh Start or Academic Bankruptcy program are urged to consult with an admission counselor first before pursuing one of these options. These programs are intended for prospective students only and cannot be applied after the student has been accepted.

Academic Fresh Start

Under the provisions of the Texas Education Code, the Academic Fresh Start program was established to allow a Texas resident to apply for admission and elect to have all academic course work earned 10 or more years prior to the requested enrollment date ignored for admission purposes. Individuals who choose Academic Fresh Start, including former Texas State students, must meet current published admission criteria for Texas State and must submit official records from all colleges attended. Students admitted under this provision will not receive any course credit for courses taken 10 or more years prior to enrollment.

Academic Bankruptcy Policy

Students who have not enrolled in any accredited college or university for five or more consecutive calendar years immediately prior to admission to Texas State may, at the time they apply for admission, request permission to declare academic bankruptcy. Under this policy all college-level work done at an earlier date is eliminated from computation of the GPA and none of it is applied toward a degree at Texas State. Such work, however, will not be removed from the student's records. Those granted academic bankruptcy are admitted on academic probation.

Second Bachelor's Degree

Students who have earned a bachelor's degree and wish to complete a second bachelor's degree should submit the ApplyTexas application, \$75 application fee and official transcripts from all colleges or universities attended including the transcript where the highest degree was obtained. Transcripts for any course work completed after the degree was earned must also be submitted. All usual deadlines apply. Students who hold a bachelor's degree and wish to pursue additional course work but not a second bachelor's degree should apply through The Graduate College.

Auditing Courses

Those who wish to audit a course must be accepted by the Office of Undergraduate Admissions and approved by the school, department, or program offering the course. Audit status must be declared at registration. Participation in class discussion and examinations is optional with the instructor. Auditors receive no course credit but are expected to attend class regularly. With departmental/school approval, a student who has audited a course may later take the course for credit.

Transfer Credit

Evaluation of Transfer Credit

Transfer of credit from another institution to Texas State involves consideration of accreditation, comparability of course work and applicability of that course work to a Texas State degree program. The Office of Undergraduate Admissions provides, along with the admission notification letter, an evaluated transfer work that shows how each

course that the student has completed has been evaluated for transfer to Texas State.

Regional Accreditation

Texas State will consider for transfer credit (subject to other provisions outlined below) course work completed at institutions which have been granted membership or candidacy status in a regional association of the Association of Colleges and Schools, excluding accrediting commissions for vocational or occupational training.

No Regional Accreditation

Course work from an institution which is neither regionally accredited nor a candidate for such accreditation will not be recognized for transfer purposes. Student appeals may be reviewed on an individual basis.

Bible College Accreditation

Courses from institutions accredited solely by ABHE (Association for Biblical Higher Education) are awarded transfer credit on a parallel course by course basis. Remedial courses are nontransferable. Religious courses of a doctrinal or denominational character (sacraments, Christian approaches to missions, etc.) are not transferable.

Credit from Abroad

Course work completed at foreign institutions will be evaluated on an individual basis. Foreign institutions must be officially recognized by their Ministry of Education for transfer credit to be considered.

Role of the Office of Undergraduate Admissions in Determining Transfer Credit

The Office of Undergraduate Admissions reviews each course taken at another college or university and makes the initial determination of whether or not a course is transferable. The course is evaluated for transfer credit by comparing the nature, content, and level of transfer credit and in consultation with appropriate academic units at Texas State. Courses transfer to Texas State on the same level and with the corresponding grades and number of hours as earned at the other institution. It is sometimes necessary for the transfer student to provide such materials as catalogs, course descriptions, syllabi, class assignments, or textbooks to assure proper evaluation. The holding of an associate degree from another institution has no effect on the transfer of credit or admission to Texas State.

Role of University College

The University College will review student requests for review of elective courses (ELNA, ELADV) for application to the general education core curriculum.

Role of College Dean and Program Chair/ Department Chair/School Director of Student's Major

The applicability of transferred credit toward a degree at Texas State will be the decision of the college dean and the chair/director of the student's major department/school/program. The applicability of transferred credit will be evaluated on a course-by-course basis.

Explanation of Evaluation Symbols. Admissions personnel assign evaluation symbols to all courses submitted.

1. Courses that have direct Texas State course equivalency will be equated to the Texas State course number and be reflected accordingly on the evaluated transcript record.
2. Courses that hold transfer credit value, but which do not have an exact Texas State course equivalency, will transfer as elective courses. Elective courses will be recorded as ELNA (for lower-level freshman and sophomore courses) and ELADV (for upper-level junior and senior courses). Courses transferred at the lower-level cannot be equated as upper-level courses. The college dean and the chair/director of the student's major department/school/program will determine how these elective courses apply toward the student's degree.
3. Courses evaluated as Vocational Education (VocEd) are not transferable and are not computed in the GPA for admission purposes. In cases where VocEd courses support a student's degree program, the student may request the chair/director of his/her major department/school/program to review the courses. If approved, the VocEd credit will be recorded on the student's official Texas State transcript for application to that degree program. Should the student's major change, the applicability of the VocEd credit toward the new major will be subject to review by the chair/director of the student's new major department/school/program.
4. Courses that hold no transfer value for either admission or degree purposes are evaluated as Non-Transferable (NOCRD). Generally, these are courses that are remedial, preparatory, or developmental in nature.
5. Physical fitness activity courses are evaluated as Activity (ACT). These are transferable for admission and degree purposes.

Course Equivalency Information

Course equivalency information may be obtained from the junior/community college counselor, the Texas State Office of Undergraduate Admissions or through CatsWeb on the Texas State web site (www.txstate.edu (<http://www.txstate.edu>)). Students are encouraged to plan all course selections at the junior/community college as far in advance as possible. Proper planning and use of the equivalency information will maximize the transfer of credit to Texas State.

Texas Junior/Community College Transfer Students

Prior to transferring from a Texas junior/community college, students should discuss their course selections and degree plans with their two-year college counselor or academic advisor.

Articulation Agreements and Transfer Planning Guides

Texas State has formal articulation agreements and/or transfer planning guides with Alvin Community College, Amarillo College, Austin Community College, Blinn College, Brazosport College Central Texas College, Cisco Jr. College, Coastal Bend College, Collin County Community College, Dallas County Community College District, El Paso Community College, Frank Philips College, Houston Community College, Kilgore College, Laredo Community College, Lone Star College, McLennan Community College, Midland College, Northeast Lakeview College, Northwest Vista, Odessa College, Palo Alto College, Paris Jr. College, San Antonio College, San Jacinto College, South Plains

College, South Texas College, Southwest Texas Junior College, St. Philips College, Tarrant Community College, Temple College, Western Texas College, Wharton Jr. College and Victoria College. Transfer planning guides have been developed for many programs in these community colleges and for many additional programs in other community colleges. Potential transfer students may access existing transfer planning guides at www.admissions.txstate.edu/future/transfer/tpg.html (<http://www.admissions.txstate.edu/future/transfer/tpg.html>).

Texas Common Course Numbering

Under Texas Education Code 61.832, the Texas Common Course Numbering System (TCCNS) was developed to facilitate transfer of general academic courses between Texas public institutions. Common courses are included in the Community College General Academic Course Guide Manual, published by the Texas Higher Education Coordinating Board. Common course numbers may be used to determine how freshman and sophomore level courses transfer between Texas public institutions.

The common course number has a standardized four-letter prefix followed by a four-digit number, for example, ENGL 1301. The four-letter prefix identifies the subject area. Each digit in the four-digit sequence gives additional information about the course. The first digit identifies the course as either freshman level (1) or sophomore level (2). The second digit identifies the number of credit hours a student will earn upon completion of the course. Most often this digit will be a 1, 2, 3, or 4. The final two digits serve to establish the sequence in which courses are generally taken.

In the course description sections of the catalog, the common course number is shown in parentheses, for example, (ENGL 1301). The following is a list of all the common course numbers currently adopted by Texas State. The courses that fulfill Texas State's general education core curriculum requirements are designated with an asterisk.

Transcripts

Official Texas State transcripts separate transfer course work and grades from Texas State course work and grades. The transfer GPA is used to determine eligibility for admission purposes. Credits transferred are included in the total hours the student has earned, but the grades and quality points do not affect the student's Texas State GPA.

Maximum Hours Accepted

Texas State will apply to a specific degree no more than 66 semester hours from an accredited junior/community college (at the approval of the individual dean, 6-8 hours may be added). At the time of the transfer,

all transferable work completed at a junior/community college will be recorded on the official transcript. If the number of hours transferred from a junior/community college exceeds 66 hours, it will be the responsibility of the chair/director to recommend to the academic dean how the student will satisfy degree requirements.

Resolution of Transfer Disputes for Lower-Division Courses

1. The following procedures shall be followed by public institutions of higher education in the resolution of transfer credit disputes involving lower-division courses:
 - a. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied.
 - b. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and/or guidelines.
 - c. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date the student received written notice of denial, the institution whose credit is denied for transfer shall notify the Commissioner of the denial.
2. The Commissioner of Higher Education or the Commissioner's designee shall make the final determination about the dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.
3. All public institutions of higher education shall publish the procedures described in sub-sections (1) and (2) of this section in their undergraduate course catalogs.
4. All public institutions of higher education shall furnish data to the Board on transfer disputes as the Board may require in accord with its statutory responsibilities under Texas Education Code Section 61.826.
5. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it should notify the Commissioner of Higher Education. The Commissioner may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

Non-Traditional Credit

Students admitted to Texas State may earn academic credit for learning or experience they have completed before enrolling. Other types of non-traditional credit are summarized below. For further information, contact the Office of Undergraduate Admissions.

Credit for Experiential Learning

The Department of Occupational, Workforce, and Leadership Studies is the only academic unit at Texas State that employs a systematic process for evaluating and credentialing experiential learning with academic merit and credit. Such credit is validated after enrollment at Texas State according to established criteria and is forwarded to the Office of Undergraduate Admissions for posting to the student's record. Should a student change majors, the validation of extra-institutional credit will be re-evaluated by the new academic department/school.

Military Credit

The Office of Undergraduate Admissions will review course work from educational experience obtained in the Armed Forces. In compliance with Texas Education Code 51.3042, eligible former members of the armed forces admitted as an undergraduate student or readmitted as an undergraduate student could be awarded course credit for all physical education courses Texas State requires for an undergraduate and for additional semester credit hours, not to exceed 12, that may be applied to satisfy any elective course requirements for the student's degree program for courses outside the student's major or minor if the student:

1. graduated from a public or private high school accredited by a generally recognized organization or from a high school operated by the United States Department of Defense; and
2. is an honorably discharged former member of the armed forces of the United States who completed at least two years of service in the armed forces or was discharged because of disability.

Two hours of physical education activity credit will be awarded by the Office of Undergraduate Admissions upon receipt of Form DD214 that verifies 2 Years of active military duty. The student must also submit an official high school transcript.

The Office of Undergraduate Admissions uses the "Guide to the Evaluation of Educational Experience in the Armed Services" for evaluating the course work. Other military course work may be considered for transfer credit. Acceptable forms of documentation that may be submitted include:

1. JST (Joint Services Transcript)
2. CCAF Transcript (Community College of the Air Force)
3. Form DD214 (Report of Separation)

Texas State grants credits for the lower and upper division baccalaureate category but does not award credit for vocational or graduate level work. Transfer credit is subject to approval by the student's major department/school. ACE credit is only considered for military coursework.

Credit-by-Examination

Credit may be earned by achieving a sufficient score (as determined by the relevant academic department of Texas State University) on any of several exams and submitting official score reports to the Testing, Research Support, & Evaluation Center (TREC), or by submitting a transcript from another college or university to Undergraduate Admissions documenting credits awarded there through examination

Sufficient scores on the following examinations may be applied for credit:

1. College Level Examination Program (CLEP),
2. College Board Advanced Placement Examination Program (AP),
3. International Baccalaureate Program (IB), and
4. certain established departmental examinations (administered by TREC or by the relevant academic department)

Credit established in this manner through TREC will be recorded as "credit only" (CR) on the transcript and will not affect the GPA, except that Texas State University recognizes superior scores for CLEP exams in French, German, and Spanish language by awarding letter grades of A or B according to the Credit & Grade Awarding Table (<http://tllg.net/Zbzr>).

Letter grades for the French, German, and Spanish language CLEP exams are optional, and may be recorded as CR at the student's request.

Evidence of credit by any examination must be evaluated by TREC before it can be entered on a transcript. More detailed materials on this and other TREC programs are available at the TREC website, www.txstate.edu/trec/ (<http://www.txstate.edu/trec/>).

When an official transcript from a previously attended institution of higher education indicating credit earned through examination is received in Undergraduate Admissions, those credits are evaluated by transfer credit criteria and awarded grades of "credit only" (CR).

Credit earned by exam satisfies degree requirements in the same way as credit earned by passing courses does except that it does not count as credit earned in residence.

International Baccalaureate (IB)

The International Baccalaureate (IB) is an international program of courses and examinations offered at the high school level. An IB program official transcript of grades (diploma or certificate) must be sent to Texas State for evaluation and award of appropriate course credit. Those students participating in the IB program and planning on attending Texas State University should indicate Texas State as the recipient of the IB diploma or certificate. Students presenting an IB diploma will receive a minimum of 24 course specific semester credit hours in the appropriate subject areas for all IB exam scores of 4 or higher. Students who successfully complete the IB diploma program may receive fewer than 24 semester credit hours under this policy if the student has scored lower than 4 on any IB examination administered as part of the diploma program. The following are the Standard (SL) and Higher Level (HL) exams approved for course credit at Texas State.

New Student Orientation and Registration for Classes

All students, including former/readmit students are required to attend New Student Orientation. These special programs for are held before each semester to provide information about student services, class scheduling, and university resources. Additionally, these sessions include academic advisement and course registration. Transfer students with 30 transferable hours complete, readmit and subsequent degree students are eligible for online orientation. International students must also attend International Student Orientation.

Residency for Tuition

Residency status affects an individual's eligibility for resident tuition and for financial aid at Texas State. Applicants for admission to Texas State as well as current students are classified either as an in-state resident of Texas or an out-of-state non-resident.

Rules for determining Texas residency (<http://www.admissions.txstate.edu/future/residency.html>) classification are different from those regarding standard legal residency. An individual's residency classification is initially determined by the information provided by the student on their ApplyTexas admission application. The student is responsible for ensuring that their residency information is accurate and any corrections are made to their classification before the census date (normally the 12th day of classes for the spring and fall semesters or the 4th day for summer terms).

Some non-residents may qualify to have the out-of-state portion of their tuition waived (<http://www.sbs.txstate.edu/students/waivers-exemptions.html>). It is imperative that students understand that a waiver is temporary and does not grant in-state residency. If the waiver expires, or is lost, the tuition bill will reflect the full non-resident amount if residency has not otherwise been established.

Determination of Residence Status

1. The following persons shall be classified as Texas residents and entitled to pay resident tuition:
 - a. a person who graduated from a public or accredited private high school in this state or received the equivalent of a high school diploma in this state, and maintained a residence continuously in this state for the thirty-six months immediately preceding the date of graduation or receipt of the diploma equivalent, as applicable; and the 12 months preceding the census date of the academic semester in which the person enrolls in an institution;
 - b. a person who established a domicile in this state not less than 12 months before the census date of the academic semester in which the person enrolls in an institution; and maintained a residence continuously in the state for the 12 months immediately preceding the census date of the academic semester in which the person enrolls in an institution; and
 - c. a dependent whose parent established a domicile in this state not less than 12 months before the census date of the academic semester in which the person enrolls in an institution; and maintained a residence continuously in the state for the 12 months immediately preceding the census date of the academic semester in which the person enrolls in an institution.
2. The following non-U.S. citizens may establish a domicile in this state for the purposes of subsection (1)(b) or (c) of this section:
 - a. a Permanent Resident;
 - b. a person who is eligible for permanent resident status;
 - c. an eligible nonimmigrant that holds one of the approved types of visas. A complete list is available at www.collegefortexans.com (<http://www.collegefortexans.com>);
 - d. a person classified by the USCIS as a Refugee, Asylee, Parolee, Conditional Permanent Resident, or Temporary Resident;
 - e. a person holding Temporary Protected Status, and Spouses and Children with approved petitions under the Violence Against Women Act (VAWA), an applicant with an approved USCIS I-360, Special Agricultural Worker, and a person granted deferred action status by USCIS;
 - f. a person who has filed an application for Cancellation of Removal and Adjustment of Status under Immigration and Nationality Act 240A(b) or a Cancellation of Removal and Adjustment of Status under the Nicaraguan and Central American Relief Act (NACARA), Haitian Refugee Immigrant Fairness Act (HRIFA), or the Cuban Adjustment Act, and who has been issued a fee/filing receipt or Notice of Action by USCIS; and
 - g. a person who has filed for adjustment of status to that of a person admitted as a Permanent Resident under 8 United States Code 1255, or under the "registry" program (8 United States Code 1259), or the Special Immigrant Juvenile Program (8 USC 1101(a)(27)(J)) and has been issued a fee/filing receipt or Notice of Action by USCIS.

3. The domicile of a dependent's parent is presumed to be the domicile of the dependent unless the dependent establishes eligibility for resident tuition under subsection (1)(a) of this section.
4. A domicile in Texas is presumed if, at least 12 months prior to the census date of the semester in which he or she is to enroll, the person owns real property in Texas, owns a business in Texas, or is married to a person who has established a domicile in Texas. Gainful employment other than work-study and other such student employment can also be a basis for establishing a domicile.
5. The temporary absence of a person or a dependent's parent from the state for the purpose of service in the U.S. Armed Forces, Public Health Service, Department of Defense, U.S. Department of State, as a result of an employment assignment, or for educational purposes, shall not affect a person's ability to continue to claim that he or she is a domiciliary of this state. The person or the dependent's parent shall provide documentation of the reason for the temporary absence.
6. The temporary presence of a person or a dependent's parent in Texas for the purpose of service in the U.S. Armed Forces, Public Health Service, Department of Defense or service with the U.S. Department of State, or as a result of any other type of employment assignment does not preclude the person or parent from establishing a domicile in Texas.

For information on Residency Requirements contact the Residency Determination Officer for Texas State University at Residency@txstate.edu.

Exceptions. A non-resident or foreign student may qualify to pay in-state tuition. Questions and documentation should be directed to Student Business Services.

1. The student or student's spouse or parent is a member of the Armed Forces or a commissioned officer of the Public Health Service and is stationed in Texas. (Military and Public Health Service personnel who maintain their official home of record as Texas or who meet the criteria for establishing a domicile in Texas are considered to be Texas residents.)
2. The student or student's spouse or parent is employed at least half-time as a teaching or research assistant in a position related to the assistant's degree program at a Texas public institution of higher education.
3. The student or student's spouse or parent is employed at least half-time on a regular monthly salaried basis as a teacher or professor at a Texas public institution of higher education.
4. The student holds an approved competitive scholarship from Texas State of at least \$1000 for the academic year or summer awarded by an official Texas State scholarship committee.
5. The student or student's spouse or parent has located in Texas as an employee of a business or organization that became established in this state as part of the state economic development and diversification program. (Refer to www.collegefortexans.com/Residency for a list of qualified employers.)
6. The student is a New Mexico resident who resides in a county bordering Texas.
7. The student is a Louisiana resident who resides in a parish bordering Texas.
8. The student is a resident of Mexico who has demonstrated a financial need.

Albert B. Alkek Library

Alkek Library

www.library.txstate.edu (<http://www.library.txstate.edu>)

T: 512.245.2686 F: 512.245.0392

The Alkek Library contains more than 1.5 million print materials, including books, documents, theses/dissertations, and other resources. The library provides access to 540,000 ebooks, 500+ databases, more than 80,000 audiovisual materials, and more than 700,000 microform materials.

Special holdings of the Library include the Wittliff Collections (comprised of the Southwestern Writers Collection and the Southwestern and Mexican Photography Collection), the University Archives, and the K-12 textbook collection. The Library is also a selective depository for federal government documents. As a member of the Texas Digital Library, the Library's Digital Collections (<http://digital.library.txstate.edu/>) provides access to unique Texas State collections, including scholarships authored by university faculty, students, and staff and selected materials from The Wittliff Collections and the University Archives.

The Library's online catalog (<http://catalog.library.txstate.edu>) provides information on the Library's holdings. Wireless access to the university network is available within the Library. Laptop computers may be checked-out for building use. A computer lab provides workstations, laser printers, scanners, video-editing equipment, and adaptive equipment for individuals with disabilities.

The Library maintains cooperative borrowing agreements with other libraries in the region. Through TexShare, a statewide resource sharing program, students and faculty may borrow materials held by most public and private university libraries in the state. Materials may be transferred, by request, to the Texas State University Library in Round Rock.

Career Services

LBJ Student Center, 5th Floor

www.careerservices.txstate.edu (<http://www.careerservices.txstate.edu>)

T: 512.245.2645

Exemplary career services leading Texas State students into the future.

We provide compassionate, comprehensive career assistance to the diverse Texas State family. Our services incorporate leading practices to guide students through all stages of their career development and progression from college to career.

Through Career Services, students have access to a wide array of career-related programs, resources, and career development support.

Career Planning and Exploration

Individual career counseling and planning assistance is available to students as they select a major and establish their career goals. Career assessments and web-based guidance programs are also available to facilitate this process. In addition, counselors can review job search materials and assist with post-graduate program applications.

Career Advising and Job Search Strategies

Career Advisors are available to meet one-on-one with students to discuss their job search preparation. Topics of discussion include résumé and cover letter writing, interviewing techniques, and salary negotiations.

Workshops focused on career development and professionalism are offered throughout the school-year to help in the transition from student to professional.

Employment

Resources are available to assist students find part-time, full-time, college work-study, internships and summer employment. These opportunities can be found in our online database, Jobs4Cats. Résumés, class schedules, applications, and proof of employment eligibility are required.

Job Shadowing and Internships

Job shadowing is a short term opportunity for students to discover various career options. This experience includes spending time with professionals inside different organizations gaining firsthand knowledge about diverse career fields, and serves as a critical component of career exploration. Internship opportunities are available to refine career goals, gain practical experience, and expand students' views of the world. Often, internships serve as key experiences that lead to full-time opportunities.

Employer Connections

Career Services provides students and alumni the opportunity to interact with numerous employers for networking and employment purposes. Bobcats have access to Jobs4Cats, Texas State's exclusive job search database, as well as many additional online resources that can be viewed at www.careerservices.txstate.edu (<http://www.careerservices.txstate.edu>).

Career Services hosts approximately ten career events per semester. A few examples include an "All Majors" Spring and Fall Job and Internship Fair, STEM (Science, Technology, Engineering and Math) Job and Internship Fair, Health Professions Fair, and a Mass Communication Career Fair. These events bring hundreds of employers to campus with internship, part-time, and full-time opportunities for students and alumni.

Additional networking is available through employer information sessions and panel presentations, annual externship days, and résumé referrals.

Career Services hosts a robust on-campus interviewing program. Each long semester, approximately 70 employers conduct 700+ interviews on campus for internship and full-time opportunities. All on-campus interviewing opportunities can be found in Jobs4Cats.

Disability Services

LBJ Student Center 5-5.1
www.ods.txstate.edu (<http://www.ods.txstate.edu>)
T: 512.245.3451 F: 512.245.3452

Texas State does not discriminate on the basis of disability in the recruitment and admission of students. Students with disabilities must meet the same admission requirements as other students. A student whose educational and/or personal goals for success have been negatively impacted due to disability-based reasons may wish to address this in the supplemental essay portion of the admission application.

The Office of Disability Services (ODS) at Texas State is dedicated to supporting the lives of students with disabilities who seek the goal of higher education. Because each person's situation is unique, Disability Services simply asks that any interested student meet with us. Documentation requirements vary by situation. The Disability Services staff member will talk to the student about documentation during the

initial conversation. No student should delay meeting with the ODS out of concern for not having appropriate paperwork. Students needing sign language or oral interpreting services for admissions counseling or academic advising should contact ODS one week prior to the event to ensure interpreter availability.

Students with disabilities may be entitled to financial assistance from the Department of Assistive and Rehabilitative Services.

Texas State has established a grievance procedure for the prompt and equitable resolution of complaints related to illegal discrimination on the basis of disability. This grievance procedure is described in UPPS No. 04.04.46 (<http://www.txstate.edu/effective/UPPS/UPPS-04-04-46.HTML>), Prohibition of Discrimination or Harassment. A copy is available in the university library, the Office of Disability Services and most other university offices. Students who have concerns or complaints should contact the Director of Disability Services at 512.245.3451 or the university ADA Coordinator at 512.245.2278.

Financial Aid and Scholarships

J.C. Kellam Building Room 240
www.financialaid.txstate.edu (<http://www.financialaid.txstate.edu>)
Email: financialaid@txstate.edu
T: 512.245.2315

Texas State makes every effort to help students who need assistance in paying for the cost of their education. Various financial aid programs are available. Interested students should contact Financial Aid and Scholarships or visit the office's website to view the types of assistance that are available.

Federal and State Aid Programs

Texas State participates in both federal and state financial aid programs. Financial Aid and Scholarships offers grants, work study, student and parent loans, scholarships and other types of aid. Students with sufficient financial need can benefit from such grants as the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, TEACH Grant, Iraq-Afghanistan Service Grant, TEXAS Grant, Texas State Tuition Grant and Texas Public Educational Grant.

Applying for Financial Aid

To apply for financial aid, a student must complete and submit the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov (<http://www.fafsa.ed.gov>) and include the Texas State University school code – 003615.

Deadlines

- March 15 is the priority date for filing a FAFSA for the upcoming academic year (fall and spring). If the deadline is missed, a student may still apply and receive some forms of assistance such as the Pell Grant and student loans.
- March 1 is the priority deadline for filing the separate summer financial aid application prior to the upcoming summer semester. This separate summer application, which can be found online at www.financialaid.txstate.edu (<http://www.financialaid.txstate.edu>), is in addition to filing the appropriate year's FAFSA.
- For scholarships deadline information, visit www.financialaid.txstate.edu/scholarships (<http://www.financialaid.txstate.edu/scholarships>).

Satisfactory Academic Progress Requirements

Federal regulations require students to meet certain minimum academic standards in order to remain eligible for financial assistance. The requirements are that a student:

1. maintain a minimum cumulative Texas State GPA;
2. complete at least 67% of all coursework; and
3. not exceed a maximum limit of attempted hours toward their degree.

Additional program-specific requirements also exist. View these SAP criteria in more detail at www.financialaid.txstate.edu (<http://www.financialaid.txstate.edu>) by selecting *Undergraduate Aid* from the dropdown menu and then *Maintain My Eligibility*.

Alternative Loan Resources

For information on alternative loans, visit www.financialaid.txstate.edu (<http://www.financialaid.txstate.edu>), select *Undergraduate Aid* from the dropdown menu and then *Types of Aid*.

Official Withdrawals and Financial Aid

If a student withdraws or is expelled from the university on or prior to the 60-percent point of the semester, the student is required to repay any unearned portion of their federal Title IV aid. For more details, visit www.financialaid.txstate.edu (<http://www.financialaid.txstate.edu>), select *Undergraduate Aid* from the dropdown menu and then *Withdrawing, Non-Passing Grades and Attendance*.

Unofficial Withdrawals and Financial Aid

If the student fails to earn a passing grade in at least one of their courses (i.e., all U's, all I's or a combination of all U's, W's or I's) during a semester, the student is considered to have, for purposes of federal Title IV funds, unofficially withdrawn from the university. As a result, a federal withdrawal calculation must be performed to determine the amount of Title IV funds the student must repay. For more details, visit www.financialaid.txstate.edu (<http://www.financialaid.txstate.edu>), select *Undergraduate Aid* from the dropdown menu and then *Withdrawing, Non-Passing Grades and Attendance*.

Non-Attendance and Financial Aid

If the student is a Pell Grant, Iraq-Afghanistan Service Grant (IASG) or TEACH Grant recipient, federal regulations require the student to have begun attending the courses for which the student is enrolled and receiving these grants. If on the census date roster (e.g., 12th day of each fall and spring semester) the student is reflected as not attending a course, the student is assumed (for financial aid purposes) not to have begun attendance for that course. The student's grant will then be adjusted or cancelled based on the courses the student has actually begun attending. For more details, visit www.finaid.txstate.edu (<http://www.finaid.txstate.edu>), select *Undergraduate Aid* from the dropdown menu and then *Withdrawing, Non-Passing Grades and Attendance*.

To Withdraw

The student must complete the form entitled "Texas State Official Withdrawal Request" from the Registrar's Office. Financial aid recipients should speak with a Financial Aid and Scholarships representative before the withdrawal is processed. The withdrawal date is defined as the date on which a student first indicates his or her intent to withdraw.

Housing and Residential Life

DHRL Office Building

515 N. Comanche Street

www.reslife.txstate.edu (<http://www.reslife.txstate.edu>)

T: 512.245.4663 F: 512.245.7619

University Housing Policy

The Department of Housing and Residential Life at Texas State University supports the academic mission of the university by providing on-campus housing. In support of the educational mission of the university and the value of the on-campus residential experience to students the department provides students with a safe, comfortable and convenient living environment, while offering opportunities for increased campus involvement, social interaction and academic assistance. For these reasons, the university requires that certain students live on campus.

New freshmen under the age of 20 (by September 1 for fall admission or January 1 for spring admission) with fewer than 30 credit hours are required to live in on-campus university housing. All students who graduated from high school within the preceding 12 months of the semester of their admission are also required to live on campus.

Living On-Campus

Ask someone about their college experience, and they're likely to relate stories of the most exciting, intense and memorable times of their life. These memories will almost always relate to their experience in a residence hall. The on-campus living experience is where lifetime friendships are formed, ideas and ideals are exchanged, and a whole world of opportunity and potential is spread before those willing to explore, study and get involved.

It is the mission of the Department of Housing and Residential Life to provide you with welcoming living communities that foster academic success, campus engagement, and personal development.

Research on-campus and nationally has shown that, when compared to those living elsewhere, students living in the residence halls are more fully involved in academic and extracurricular activities and tend to earn a higher GPA.

Dining On-Campus

No matter what you like to eat, when you want to eat, or whom you want to be with, our dining plans have your needs in mind. The university offers four different dining plans so you can pick the one that best fits your schedule, eating preferences, and pocketbook.

Applying to Live On Campus

Contracts for on-campus housing are accepted only after you have been admitted to Texas State

Cancellation Deadlines

Contracts for on-campus living are for the entire academic year. Once your contract has been signed and returned there are very limited reasons for cancellation. If you are not planning to attend the university, cancellation deadlines must be met for a deposit to be refunded. Please see our contract terms and conditions for specific cancellation details.

Veteran's Affairs

J.C. Kellam Building Room 111
www.va.txstate.edu (<http://www.va.txstate.edu>)
 Email: veteransaffairs@txstate.edu
 T: 512.245.2641 F: 512.245.3271

Students attending Texas State while receiving educational assistance under one of the public laws for veterans and/or their dependents must contact the Texas State Office of Veterans Affairs to complete the required forms. Information and forms are also available on our website www.va.txstate.edu (<http://www.va.txstate.edu>).

New and transfer students applying for educational benefits under the U.S. Department of Veterans Affairs for the first time must provide the Office of Veterans Affairs with a Certificate of Eligibility for the respective benefit, a photocopy of the DD214 Member 4 form, "Certificate of Release or Discharge from Active Duty," and a Change of Place of Training VA Form 22-1995 for transfer students. Reserve and National Guard members applying for Chapter 1606 benefits must provide DD 2384 form: "Notice of Basic Eligibility". Active duty military and dependents are exempt from the above DD-214 requirement. All students must provide a copy of their Degree Works Audit for their major and must follow the degree requirements in order to receive the maximum payout of their benefit. It is the student's responsibility to notify the Office of Veterans Affairs of any adds, drops, course, or program changes.

Benefit payments are made at the end of each month. Any student enrolling under any of the provisions for VA educational benefits should bring sufficient funds to defray the initial cost of tuition, fees, and living expenses for approximately three (3) months.

As a graduate student receiving veteran benefits, you must file with the Office of Veterans Affairs an official master's degree outline, a certification deficiency plan, or other similar documentation showing the requirements needed to accomplish your objective. It is the student's responsibility to notify the Office of Veterans Affairs of any adds, drops, course, or program changes.

Dependents of Texas veterans and veterans who have exhausted VA educational benefits, should check with the Office of Veterans Affairs for information about the Hazlewood Exemption. Note: dependents students who are eligible for Hazlewood are subject to federal satisfactory academic progress (SAP) policies. For more information, go to <http://www.va.txstate.edu/benefits/hazlewood.html>. Applications and information sheets for the Hazlewood Exemption may be obtained at the Office of Veterans Affairs or at www.va.txstate.edu (<http://www.va.txstate.edu>).

Tuition and Fees

Information regarding tuition and fees may be obtained at <http://www.sbs.txstate.edu/>.

The University reserves the right to change fees in keeping with the acts of the Texas Legislature and the Board of Regents of The Texas State University System. The payment of all fees entitles the student to admission to classes; admission to auditorium and athletic attractions; subscription to The University Star; use of the Student Center and Recreational Sports Center, health services, and Sewell Park facilities; and group use of the Wimberley Camp. These fees also help provide

funds for the Associated Students, band, choir, dramatics, debate and other student activities.

Tuition

Tuition for Excessive Undergraduate Hours

Texas Education Code §54.014 specifies that resident undergraduate students may be subject to a higher tuition rate for attempting excessive hours at any public institution of higher education while classified as a resident student for tuition purposes. Texas State students attempting hours in excess of their degree program requirements will be charged at the non-resident tuition rate for those hours, and those students are categorized as follows:

1. Students initially enrolled during or after the fall 2006 semester will be charged at the non-resident rate if, prior to the start of the semester or session, the student has previously attempted 30 or more hours over the minimum number of semester credit hours required for completion of the degree program in which the student is enrolled.
2. Students initially enrolled during the fall 1999 through summer 2006 semesters will be charged at the non-resident rate if, prior to the start of the semester or session, the student has previously attempted 45 or more hours over the minimum number of semester credit hours required for completion of the degree program in which the student is enrolled.

Attempted courses include those courses attempted at Texas State or any Texas public institution of higher education. The following types of credit hours will count toward the excessive hour limit if they are normally eligible for formula funding:

- major courses;
- dual degree;
- minor courses;
- certificate courses
- teaching certification courses
- hours in distance and off-campus course
- bankruptcy hours;
- repeated courses; and
- courses dropped after the official census date.

The following types of credit hours are exempt and will not count toward the limit:

- hours earned by the undergraduate before receiving a bachelor's degree that has been previously awarded;
- hours earned through examination or similar method without registering for a course;
- hours from developmental courses or interventions, workforce education courses, or other courses that would not generate academic credit that could be applied to a degree at Texas State if the course work is within the 27-hour limit at two-year colleges and the 18-hour limit at general academic institutions;
- hours earned by the undergraduate at a private institution or an out-of-state institution;
- hours not eligible for formula funding;
- hours earned by the undergraduate before graduating from high school and used to satisfy high school graduation requirements; and

- hours earned by the undergraduate ten or more years before beginning a new degree program under Academic Fresh Start as described in Texas Education Code §51.931 and Texas Education Code §61.0595(c).

Appeals due to economic hardship are permitted under defined institutional policy. Texas State has determined that students who are eligible for financial aid under the Federal Pell Grant (Pell) program will be exempted from the non-resident tuition if, at the time of registration, their Pell eligibility is documented in the financial aid system at Texas State. Students who become Pell eligible, during the semester in which they are charged the non-resident tuition, may submit eligibility documents to the Student Business Services office no later than the official last class day of the semester in which the appeal is being requested.

Tuition Rebate Program

Under Texas Education Code §54.0065, qualified students will receive up to a \$1,000 tuition rebate upon graduation from Texas State. To be eligible for this rebate, a student must meet all of the following conditions:

1. The first enrollment in any institution of higher education must be in the fall 1997 semester or later.
2. The student must have received his/her baccalaureate degree from a Texas public university.
3. The student must be a resident of Texas and entitled to pay resident tuition at all times while pursuing the degree.
4. If enrolled for the first time in fall 2005 or later, the student must graduate within four calendar years from the first semester enrolled for a four-year degree or within five calendar years for a five-year degree. Note that the four- or five-year time limit prescribed begins on the first day of the month for enrollment in the semesters described as follows: September for a fall semester, January for a spring semester, and June for summer. For example, a student enrolling for the first time in fall 2006 for a four-year degree must complete that degree not later than September 1, 2010 to be eligible for the rebate.
5. The student must attempt no more than three hours in excess of the minimum number of semester credit hours required to complete the degree under the catalog under which he/she graduates. Hours attempted include transfer credits, course credit earned exclusively by examination in excess of nine semester credit hours, courses that are dropped after the official census date (twelfth class day fall and spring semesters, fourth class day summer sessions), for-credit developmental courses, optional internship and cooperative education courses, and repeated courses. For students concurrently earning a baccalaureate degree and a Texas teaching certificate, required teacher education courses shall not be counted to the extent that they are over and above the free electives allowed in the baccalaureate degree program. Courses dropped for reasons that are determined by the institution to be totally beyond the control of the student shall not be counted.

This tuition rebate program is designed to provide a financial incentive for students to complete their baccalaureate studies with as few extraneous courses as possible. To earn the rebate, it is particularly important to follow the advice and counsel of the academic advisors. Students must apply for the Tuition Rebate Program no sooner than the first day of class of the semester in which the student plans to graduate and not later than the business day immediately preceding graduation. Students must consult with their academic advisor to assure they meet all requirements to qualify for this program. Rebates will first be applied to outstanding

obligations owed to Texas State prior to funds being issued to the student.

Appeals due to hardship are permitted under defined institutional policy. Effective for students who enroll for the first time in fall 2005 or later, an otherwise eligible student may be eligible for a rebate without satisfying the above requirements, if the student is awarded a baccalaureate degree and the college dean certifying the degree has determined, with the completion of a Tuition Rebate Hardship Justification form, that the student has demonstrated a hardship under any of the following conditions:

1. a severe illness or other debilitating condition that may affect the student's academic performance;
2. an indication that the student is responsible for the care of a sick, injured, or needy person and that the student's provision of care may affect his or her academic performance; or
3. performance of active duty military service.

Special Fees and Charges

Admission Application Fee	\$60.00
Admissions/Evaluation Fee for International Applicants	\$75.00
Athletic Training Fee (to sophomores who have earned competitive admission to the undergraduate athletic training education program)	\$100.00
Auditing Fee	same as if course were taken for credit
Certificate Fee (payable when applying for teacher certification)	
Texas Standard Certificate	\$77.00
Deficiency Plan Fees (for students seeking teacher certification)	
First Plan	\$75.00
Additional Plans (each)	\$25.00
Delinquent Installment Fee (for installments not paid by due dates)	\$25.00
Electronic Course Fee (per semester credit hour)	\$50.00
Evaluation of Foreign Credentials (for domestic applicants)	\$35.00
Payment Plan Enrollment Fee (for handling & other processing)	\$30.00
Late Registration Fee	
Prior to first day of class	\$25.00
1st 4 class days - fall/spring	\$100.00
1st 2 class days - summer	\$100.00
5th through 12th class day - fall/spring	\$200.00
3rd-4th class days - summer	\$200.00
Off-Campus Course Fee (per semester credit hour)	\$30.00/semester credit hour
Orientation Fee (mandatory, non-refundable)	\$30.00
Physical Therapy Application Fee	\$50.00

Post-Baccalaureate Teaching Intern	\$500.00
Application Fee	
Returned Item Fee (for handling and other processing)	\$30.00
Transcript Fee (official copy)	\$5.00

Some fees are waived for students taking classes exclusively in Round Rock.

Campus Parking/Vehicle Registration Fee

Every student, faculty, and staff person who operates or parks a vehicle on campus must:

1. register the vehicle at Parking Services
2. purchase a permit
3. properly display the permit anytime the vehicle is parked on campus
4. become familiar with and abide by the traffic and parking rules. The rules are enforced at all times throughout the year. The purchase of a permit and registration of the vehicle does not guarantee a parking space.

Fees for vehicle registration will be published each year in the Schedule of Classes and in the official rules and regulations. You may register your vehicle on-line at www.parking.txstate.edu (<http://www.parking.txstate.edu>).

Additional information concerning the purchase and issuance of parking permits may be obtained by contacting Parking Services at 512.245.2887.

Course Repeat Fee

The Texas Legislature (TEC 54.014) eliminated funding to higher education for courses that are attempted three or more times. An attempted course is defined as any course in which a grade is earned on the transcript, including repeated courses and courses dropped with a grade of "W".

In order to compensate for this loss of state funding, students attempting a course for the third or more time may be charged a fee in addition to the tuition charged for the course. This fee will be assessed for courses attempted at Texas State as of the fall semester of 2002 or later. This assessment does not include courses attempted at other colleges or universities.

Certain courses are exempt from this fee because they are designed to be repeated for additional credit, such as thesis, dissertation, and independent study courses; various music, physical education, physical fitness and wellness, studio art, and theatre courses; developmental education courses; and topics courses.

Appeals for the Course Repeat Fee charge due to economic hardship are permitted under defined institutional policy. Texas State has determined that students who are eligible for financial aid under the Federal Pell Grant (Pell) program will be exempted from the nonresident tuition if, at the time of registration, their Pell eligibility is documented in the financial aid system at Texas State. Students who become Pell eligible, during the semester in which they are charged the course repeat fee, may submit eligibility documents to Student Business Services Office no later than the official last class day of the semester in which the appeal is being requested. A student shall be exempted from payment of higher tuition for any course repeated in the final semester or term before graduation, if the course(s) is taken for the purpose of receiving a grade that will satisfy

a degree requirement. This exemption applies for only one semester. The exemption does not affect an institution's ability to charge a higher rate for courses that cannot be reported for funding for other reasons such as the excess credit hour limit, or an institution's ability to waive higher tuition rates for economic hardship.

International Student Health Insurance Fee

All nonimmigrant international students enrolling at Texas State are required to carry health insurance. The fee for the Texas State International Student Health Insurance Plan is automatically added to the fee bill at the time of registration. International students who wish to have this fee waived must present proof of comparable insurance (including major medical, evacuation and repatriation) to the Student Health Center for approval prior to each registration. Appointments are required for waivers and may be obtained by calling 512.245.2161.

International Student Operations Fee

All international students with an immigration status of "F1" or "J1" will be charged \$60.00 per semester for the maintenance of records, compliance with government regulations, and other services.

Laboratory Fees

The amount of lab fees varies on a per course basis. See the Schedule of Classes for current lab fees.

Testing Fees

Texas State students, enrolled in a distance education course, who wish to take a course exam through the Testing, Research-Support, and Evaluation Center (TREC) or the Correspondence, Extension, and Study Abroad Programs Office in San Marcos, or the Round Rock Campus Testing Center, will be charged \$20.00 per test. This fee applies only to students who wish to take a course exam through these offices rather than take the exam at the times offered as part of the distance education course.

Non-Texas State students, enrolled in a distance education course at another college or university, who wish to take a course exam at the Testing, Research-Support, and Evaluation Center or the Correspondence, Extension, and Study Abroad Programs Office in San Marcos, or the Round Rock Campus Testing Center, will be charged \$40.00 per test.

Room and Board Rates

Information regarding room and board rates for a specific semester may be obtained at www.reslife.txstate.edu (<http://www.reslife.txstate.edu>). Room and board is billed on a semester basis and may be paid in full at registration or in installments. All residence halls will be closed between semesters; however, Texas State may choose to keep some of the halls open during the break for an additional room charge.

Refund of Room and Board Fees

Any student who withdraws officially from Texas State may receive a refund on the unused portion of the room and board payment. Room and board charges will continue until the student has officially moved from university housing and has received written clearance from the director of Housing and Residential Life. Any refund due will be applied to any unpaid financial obligation with Texas State. If the refund exceeds any unpaid balance, a refund will be processed within 30 days to the permanent address on file in the Registrar's Office or deposited to the students' bank account if they have signed up for direct deposit.

Student's Financial Obligations

Students are expected to meet financial obligations to the university in accordance with specified deadlines and due dates. Registration fees are payable before classes begin. Students are not entitled to enter class, or laboratory, until their fees and deposits have been paid. Failure to pay the amount owed in the allotted time, or payments made with checks that are returned to Texas State unpaid by the bank, may result in any or all of the following:

1. dismissal from Texas State
2. withholding of future registration privileges
3. withholding the issuance of grades or of an official certified transcript
4. withholding the conferring of a degree
5. bar against re-admission for the student
6. warrant hold with the State of Texas
7. referral of debt to a collection agency

Once a student registers, he or she is responsible for the total fees assessed regardless of whether the installment option is used. Refund percentages are applied to total fees assessed and not the amount paid. Students who withdraw before paying all charges may, in the event of withdrawal, receive a bill with a balance due rather than a refund. Delinquent accounts may be referred to a collection agency and the student is responsible for all attorney and collection fees.

Returned Checks

If a check or e-checks are returned unpaid for any reason other than the admitted error of the bank, the student must pay in cash, cashiers check, money order, or credit card (American Express, Discover, Diner's Club, MasterCard, VISA) immediately and a \$30 service fee is assessed for each returned check. A late fee may also be assessed. If a registration check is returned unpaid, the student must make payment (check amount plus a \$30 service fee) within ten working days. If the student does not pay in full within that time period, Texas State reserves the right to initiate withdrawal procedures. You will not be officially withdrawn by the Student Business Services Office unless you are notified in writing. It is the student's responsibility to initiate a formal withdrawal from Texas State at the Registrar's Office.

Stopping payment on a check for fees or allowing the check to be returned unpaid by the bank for any reason does not constitute official withdrawal. Failure to follow procedures for withdrawing from Texas State may result in financial penalties and delays with future enrollment in Texas State.

If a student has an outstanding returned check, he/she will be on a "cash-only" basis until the obligation is cleared. Cash Only status is a denial of check cashing privileges on campus. If a student has three or more returned checks within a 365-day period (i.e., one calendar year), Texas State reserves the right to place the student on a "cash-only" basis.

Installment Policy

Tuition, fees, and room and board may be paid through the following alternatives:

1. Full payment is due prior to the beginning of the semester.
2. Students may enroll in a payment plan. You can view by going to: <http://www.sbs.txstate.edu/>.

Installment Payments

Students are responsible for making their installment payments by the due date. For questions about due dates and amounts due, contact the Student Business Services Office at 512.245.2544. Students can check their balance and make payments on the web at <http://www.sbs.txstate.edu/>.

Late Payment Fees

A delinquent charge of \$25 will be assessed the first day after the installment due date. Under Texas Education Code §54.007, a student who fails to make full payment of tuition and fees, including any incidental fees, by the due date may be prohibited from registering for classes until full payment is made. A student who fails to make full payment prior to the end of the semester or term may be denied credit for the work done that semester or term. See the Student Financial Obligation section for more details.

Refunds

Refunds from the add/drop process will be credited to unpaid financial obligations. Additional fees incurred from the add/drop process will be billed to the student's account.

Room and board refunds will be applied to any remaining financial obligation owed to Texas State. The additional charge for moving from one dorm to another or moving into a private room will be added to the balance due.

Refunds in the Event of Death. In the event a student dies and a refund of tuition, fees, room and board, deposits, or other monies is due the estate of the deceased student, the university will, as soon as practicable after the death of the student, pay all refunds to the estate of the deceased student.

Drops

Dropping a class – Removing one or more classes from your schedule, while remaining enrolled in at least one course. If you are registered in only one class and wish to drop it, you must withdraw. Refund of applicable tuition and required fees will be made for classes dropped during the first twelve class days in the long semester or first four class days in summer terms, provided you remain enrolled at Texas State until the end of the semester. No refund is made for classes dropped after the twelfth/fourth class day.

Any refund will be applied to remaining unpaid obligations. If you have paid in full, a refund will be processed within 30 days and will be deposited to your bank (sign-up via our secure web site: sbs.txstate.edu/students.fa.eft.html (<http://sbs.txstate.edu/students.fa.eft.html>)) or mailed to your address on file. Check your mailing address at registrar.txstate.edu/our-services/address-change.html (<http://registrar.txstate.edu/our-services/address-change.html>).

Reducing semester credit hours to zero is considered a withdrawal, and withdrawal refund policies apply. For refund information on Special Course Offerings, call the Refund Clerk in the Student Business Services Office.

Withdrawals

Any student who has paid registration fees and officially withdraws by submitting a withdrawal request to the Office of the University Registrar, J.C. Kellam, #111, is entitled to a refund of tuition and fees if

the following condition is met: The amount actually paid, either in full or installment, must be greater than the percentage of total semester's charges OWED Texas State at the time of withdrawal. The amount of the refund is calculated as follows: (Total amount of tuition and fees minus non-refundable fees) times (refund percentage) minus (outstanding balance of charges, if any) equals Refund. Once a student registers, he or she is responsible for the total fees assessed regardless of whether the installment option is used. Refund percentages are applied to total fees assessed and not the amount paid. Students who withdraw before paying all installments may, in the event of withdrawal, receive a bill with a balance due rather than a refund. Withdrawing is ONLY for the current semester and does not affect any future semesters in which the student is enrolled. For example, if the student withdraws from all classes in Summer, this does not affect the student's Fall schedule.

Academic Policies

This section of the catalog contains information about Texas State's general academic policies. All Texas State students should review this information carefully when they enter the University.

Honor Code

As members of a community dedicated to learning, inquiry, and creation, the students, faculty, and administration of our university live by the principles in this Honor Code. These principles require all members of this community to be conscientious, respectful, and honest.

We are Conscientious

We complete our work on time and make every effort to do it right. We come to class and meetings prepared and are willing to demonstrate it. We hold ourselves to doing what is required, embrace rigor, and shun mediocrity, special requests, and excuses.

We are Respectful

We act civilly toward one another and we cooperate with each other. We will strive to create an environment in which people respect and listen to one another, speaking when appropriate, and permitting other people to participate and express their views.

We are Honest

We do our own work and are honest with one another in all matters. We understand how various acts of dishonesty, like plagiarizing, falsifying data, and giving or receiving assistance to which one is not entitled, conflict as much with academic achievement as with the values of honesty and integrity.

The Pledge for Students

Students at our university recognize that, to ensure honest conduct, more is needed than an expectation of academic honesty, and we therefore adopt the practice of affixing the following pledge of honesty to the work we submit for evaluation:

"I pledge to uphold the principles of honesty and responsibility at our university."

The Pledge for Faculty and Administration

Faculty at our university recognize that the students have rights when accused of academic dishonesty and will inform the accused of their

rights of appeal laid out in the student handbook and inform them of the process that will take place:

"I recognize students' rights and pledge to uphold the principles of honesty and responsibility at our university."

Addressing Acts of Dishonesty

Students accused of dishonest conduct may have their cases heard by the faculty member. The student may also appeal the faculty member's decision to the Honor Code Council. Students and faculty will have the option of having an advocate present to insure their rights. Possible actions that may be taken range from exoneration to expulsion. Information about the Honor Code Council and its policies and procedures may be found at www.txstate.edu/honorcodecouncil (<http://www.txstate.edu/honorcodecouncil>).

Registration

Registration Instructions

Registration Instructions contain CatsWeb registration instructions, dates, fee schedules, instructions on dropping a class or withdrawing, refund schedules, and other information that will be needed throughout the semester. This information, along with the most current class offerings, is available at www.registrar.txstate.edu/registration.html (<http://www.registrar.txstate.edu/registration.html>).

Academic Advising

Texas State encourages all students to seek academic advising before each registration and at other times when academic questions arise. In some departments, schools, or colleges and for some students, this advising may be mandatory. Students who are undecided about their major are advised through the University College, others through their major department or school and/or in the appropriate college advising center. Advisors help students understand academic requirements and plan schedules to meet those requirements as well as address the choice of majors and career preparation issues.

Undergraduate Student Classification

Classification is based on cumulative hours passed, not counting hours currently enrolled.

Freshman	0-29 hours
Sophomore	30-59 hours
Junior	60-89 hours
Senior	90+ hours

Course Numbers

Courses listed in this catalog and in the Schedule of Classes follow a four-digit numbering system. The first digit indicates the level of the course: 1—freshman, 2—sophomore, 3—junior, 4—senior, 5— and 6—master's, 7—doctoral. The second digit indicates the number of semester credit hours the course carries. The last two digits usually indicate the location of the course in the department/school's curriculum. A letter (A, B, C, etc.) attached to a course number usually indicates a topics course. The numbers in parentheses following a course title indicate the clock hours per week spent in lecture and in laboratory, respectively.

Texas Legislative Requirements

Texas Success Initiative Program (TSIP)

The main component of the TSIP program is an initial assessment that measures skills in mathematics, reading, and writing. All students, except those who are TSI-Exempt, should take an initial assessment test before their first semester in college at a Texas public institution of higher education. Students with disabilities who need reasonable accommodations should contact the Office of Disability Services.

The State of Texas has one approved assessment instrument, the TSI Assessment. This assessment instrument is administered at the Texas State University as well as all two- and four-year public institutions across the state year-round. Prior to taking the TSI Assessment, all examinees must complete a Pre-Assessment Activity (PAA) to understand the importance and process of the assessment, developmental options, and institutional resources.

Approved Assessment Instruments and Cut-Scores

TSI Assessment

- College Ready Cut-Scores
 - Mathematics - 350
 - Reading - 351
 - Writing - Essay Score of 5; Essay Score of 4 with Multiple Choice of 363
- Developmental Education Cut-Scores
 - Mathematics - 336
 - Reading - 342
 - Writing - 350

TSI Exemptions

Some students are exempt or partially exempt from assessment. A student will be identified as TSI-Exempt or partially exempt when Texas State has received official proof that he or she satisfies any one of the following:

- Earned an Associate or Bachelor’s degree from an institution of higher education whose accreditation is recognized by SACS (Southern Association of Colleges and Schools);
- Earned a composite score of at least 23 and at least 19 on the Mathematics and/or English components of an ACT TEST which is no more than five years old;
- Earned a Verbal plus Mathematics total of at least 1070 on a SAT test that is less than five years old, with a minimum score of 500 on the Verbal and/or a minimum of 500 on the Math;
- Performed on the Eleventh grade exit-level Texas Assessment of Knowledge and Skills (TAKS) test that is no more than five years old with a minimum scale score of 2200 on the English Language Arts section with a writing composition score of at least 3 and/or a minimum scale score of 2200 on the Mathematics section;
- STAAR end-of-course (EOC) with a minimum score of Level 2 on the English III shall be exempt from the TSI Assessment required under this title for both reading and writing, and a minimum score of Level 4 on the Algebra II EOC shall be exempt from the TSI Assessment required under this title for the mathematics section.
- Enrolled in a certificate program of one year or less (Level-One certificates, 42 or fewer semester credit hours or the equivalent);
- Previously attended any institution and has been determined to have met readiness standards by that institution;

- Serving on active duty as a member of the armed forces of the United States, the Texas National Guard, or as a member of a reserve component of the armed forces of the United States and has been serving for at least three years preceding enrollment;
- Was honorably discharged, retired, or released from active duty as a member of the armed forces of the United States or the Texas National Guard or service as a member of a reserve component of the armed forces of the United States on or after August 1, 1990.
- An institution may exempt a non-degree seeking or non-certificate seeking student.
- ESOL Waiver—An institution may grant a temporary waiver from the assessment required under this title for students with demonstrated limited English proficiency in order to provide appropriate ESOL/ESL coursework and interventions

The Undergraduate Admissions Office should receive your transcript and ACT, SAT, or TAKS scores. The Office of Disability Services should receive the necessary documentation that the student is deaf or blind. The Success Initiative Program Office may also receive TAKS scores.

Remediation

If the student fails one or more parts of the initial assessment test, he or she will be required to participate in an individualized developmental education program that will prepare the student for freshman-level coursework in the area of deficiency. The program may require re-testing, enrollment in developmental courses, and/or participation in lab-based remediation. There are several ways to meet the requirements of the Success Initiative. The student and a Success Initiative Program representative will jointly determine successful completion of the program.

Out-of-State/Private School Transfers

A student who is transferring coursework from a private or out-of-state school may not need to take an assessment test. This rule has many restrictions, and students should check with the Success Initiative Program Office before assuming this applies to them. The following statements apply to exact transfer courses and not to ELNA courses. They also must have been taken at private or out-of-state schools. A student who transfers a grade of “A”, “B”, or “C” in the following will be regarded as having passed the Mathematics part of the assessment test.

MATH 1315	College Algebra	3
MATH 1316	Survey of Contemporary Mathematics	3
MATH 1319	Mathematics for Business and Economics I	3

A student who transfers a grade of “A”, “B”, or “C” in the following will be regarded as having passed the writing part of the assessment test.

ENG 1310	College Writing I	3
ENG 1320	College Writing II	3

A student who transfers a grade of “A”, “B”, or “C” in any one of the following will be regarded as having passed the reading part of the assessment test:

HIST 1310	History of the United States to 1877	3
HIST 1320	History of the United States, 1877 to Date	3
POSI 2310	Principles of American Government	3
POSI 2320	Functions of American Government	3
PSY 1300	Introduction to Psychology	3
ENG 2310	British Literature before 1785	3

ENG 2320	British Literature since 1785	3
ENG 2330	World Literature before 1600	3
ENG 2340	World Literature since 1600	3
ENG 2360	US Literature since 1865	3

If a student has passed some part of the assessment test satisfactorily, he or she should take the remaining parts of the test prior to attempting to register for classes at Texas State.

Incoming students who have taken an assessment test but have not submitted their scores to Texas State, should contact the Success Initiative Program Office for additional information: www.txstate.edu/tsip (<http://www.txstate.edu/tsip>).

Requirements in History and Government

Pursuant to Texas Education Code §51.302, every student graduating from a state-supported college or university must complete six semester hours of American history and six semester hours of American government. Both of these requirements are included in Texas State's general education core curriculum. According to current law, up to three semester hours of credit in an upper-level ROTC course may be applied to the core curriculum history requirement (HIST 1310 or HIST 1320) and up to three hours to the core curriculum government requirement (POSI 2320 only).

Field of Study

Field of Study means a set of courses that will satisfy the lower division requirements for a bachelor's degree in a specific academic area. Field of study curricula were mandated in Senate Bill 148 (75th Texas Legislature) and are intended, along with general education core curricula, to facilitate the free transferability of lower-division academic course credit among public colleges and universities throughout Texas. As found in Texas Education Code Chapter 61, Subchapter S, Section 61.821-61.829, field of study curricula are developed in accordance with the policies and procedures of the Texas Higher Education Coordinating Board, along with the assistance of advisory committees composed of representatives of institutions of higher education. To date, field of study curricula have been developed in the following academic areas: Business, Computer Science, Communications, Criminal Justice, Early Childhood Education, Engineering, Engineering Technology, Grades 4-8 Teacher Certification, Music.

Each field of study will include the lower division courses that are required before a student may enroll in upper-division courses within the degree program, and may also offer guidelines and suggestions for appropriate general education core curriculum or elective courses in addition to the courses that actually compose the field of study curriculum itself. If a student successfully completes a field of study curriculum that block of courses may be transferred to a general academic teaching institution and must be substituted for that institution's lower division requirements for the degree program for the field of study into which the student transfers, and the student shall receive full academic credit toward the degree program for the block of courses transferred. A student who transfers from one institution of higher education to another without completing the field of study curriculum of the sending institution shall receive academic credit from the receiving institution for each of the courses that the student has successfully completed in the field of study curriculum of the sending institution. Following receipt of the credit for these courses, the student may be required to satisfy further course requirements in the field of study curriculum of the receiving institution. A student concurrently

enrolled at more than one institution shall follow the field of study curriculum of the institution in which the student is classified as a degree-seeking student. More information about field of study is available online at: www.theccb.state.tx.us/ctc/ip/core11_00/index.htm (http://www.theccb.state.tx.us/ctc/ip/core11_00).

Degree Plan

Upon enrollment, all degree-seeking students are provided with a degree plan through DegreeWorks. Based upon the student's major, this online system displays the courses required for graduation, tracks the individual student's progress and maintains an up-to-date list of their remaining course work. Students and advisors utilize this tool to facilitate proper class scheduling and to monitor progress toward the degree. (Texas Education Code, Chapter 51, Section 51.9685)

Academic Regulations

Catalog Designation

The catalog designation a student receives when entering Texas State determines the curriculum and other academic policies that apply to the student. Catalog designations are made according to the following guidelines:

1. Students with no prior college work are assigned to the current catalog.
2. Students with prior college work:
 - a. Students with prior college work from out-of-state or private institutions are assigned to the current catalog.
 - b. Students with prior college work during the last six years, solely from Texas public institutions of higher education, are assigned to the Texas State catalog which was in effect at the time of the student's initial college enrollment.
3. Former Texas State students (those who leave for 12 or more consecutive months and apply for readmission).
 - a. Former students whose initial Texas State enrollment was more than six years ago are assigned to the current catalog.
 - b. Former Texas State students whose initial Texas State enrollment was within the last six years and who have completed fewer than 30 hours of college work elsewhere during the interim retain their initial Texas State catalog designation.
 - c. Former Texas State students whose initial Texas State enrollment was within the last six years and who have completed 30 or more hours of college work elsewhere during the interim are assigned to the current catalog.
4. A college dean may change the catalog designation.

Per Texas Administrative Code, Rule 4.25, each institution of higher education shall permit a student who transfers from another Texas public institution of higher education to choose a catalog for the purpose of specifying graduation requirements, based upon the dates of attendance at the receiving institution and at the transferring institution, in the same manner that a non-transfer student may choose a catalog. Each Texas public institution of higher education shall include information about graduation requirements under a particular catalog in its official publications, including print and electronic catalogs.

Course Information

Information on Texas State's undergraduate classroom courses, including lecture and seminar courses, may be found at the following

web site: <http://hb2504.txstate.edu>. Contents include course syllabi, curriculum vita for the instructor of record, departmental budget reports, end-of-course evaluations of faculty and current work-study job openings.

Course Load

The following regulations govern the number of credit hours an undergraduate student may carry during a given term:

1. Fall or Spring Semesters: Students enrolled in 12 or more credit hours are considered full-time students. Students in good academic standing may register for up to 18 credit hours each semester. Graduating seniors or other students with a Texas State GPA of 3.50 or higher may register for 19 or more credit hours with approval from their academic dean.
2. Summer Term: Students enrolled in 12 or more hours combined over the Summer term are considered full-time students. Students in good academic standing may register for up to 10 credit hours in each of the parts of Summer term.

Only in exceptional circumstances, and only with the approval of the college dean, will students be allowed to exceed the stated course load limitations. In any regular semester or summer term during which a student is enrolled at Texas State, the course load limitations apply to all work attempted, whether at Texas State or elsewhere.

Class Attendance

Texas State expects students to attend every scheduled class meeting. General requirements for class attendance are as follows:

1. Faculty are encouraged to establish mandatory attendance requirements in each course.
2. Each faculty member will inform students of the course attendance policy at the initial class meeting.
3. Students are responsible for understanding the attendance policy for each course in which they enroll and for meeting the attendance requirements.
4. Failure to meet the attendance requirements in a course may lower a grade.

Religious Holy Days

"Religious holy day" means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code. In accordance with Texas Education Code Section 51.911, Texas State will allow a student who is absent from classes for the observance of a religious holy day to take an examination or complete an assignment scheduled for that absent day within a reasonable time after the absence if the student notifies the instructor of each class that he or she would be absent for a religious holy day. The Education Code includes excused absences for travel to and from the religious holy day observance. The student may make up class assignments or examinations without penalty within a reasonable time after the absence. Students may obtain notification forms from the Dean of Students' Office. The student should personally deliver completed forms to the instructor for each class. The instructor will sign and date the form, thus acknowledging notification. If the student cannot personally deliver the form to an instructor, the student should mail the form to the instructor by certified mail, return receipt requested. A student who is excused under this section shall not be penalized for the absence, but the instructor may appropriately respond if the student fails to satisfactorily complete the assignment or examination within a

reasonable time. Each instructor may establish additional procedures to accommodate the needs of students who are absent from classes to observe a religious holy day. These procedures must not conflict with the state law. Coordinating Board rules now provide for an appeal of a disagreement between the student and a faculty member over an absence related to a religious holy day. If a student and an instructor disagree about the nature of the absence being for the observance of a religious holy day, or if there is a disagreement about whether the student has been given a reasonable time to complete any missed assignments or examinations, either the student or the instructor may request a ruling from the President or the President's designee. The President or the President's designee must take into account the legislative intent of Education Code Section 51.911. The student and instructor shall abide by the decision of the President or the President's designee. The academic dean of each college serves as the President's designee to hear requests for decisions on these matters from either the faculty member or the student. Any questions concerning this policy should be directed to the Office of the Dean of Students.

Number of Drops

In 2007, the Texas Legislature enacted Senate Bill 1231 which provides that, except for specific instances of good cause, undergraduate students entering as first time freshmen at a Texas public institution of higher education in the fall of 2007 or later will be limited to a total of six dropped courses during their undergraduate career.

Under Texas Education Code Section 51.907 "an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education." This law applies to courses dropped at public institutions of higher education in Texas, including community and technical colleges, health science centers that offer undergraduate programs, and universities. Some courses will not count against the six-drop limit. These include courses dropped at independent or private Texas institutions, courses dropped while the student is still enrolled in high school, developmental courses, non-funded courses or courses dropped at colleges in other states. For the purposes of this law, a "dropped course" is defined as a course that is dropped after the census date, but before the last day to drop.

Dropping Classes/Withdrawing from the University

Dropping a class is an official action whereby students inform Texas State that they will cease attending a class in which they are enrolled while remaining enrolled in at least one other course. Withdrawing is an official action whereby a student informs Texas State that he/she will cease attending all classes.

Automatic "W" Deadline – the deadline to receive an automatic "W" grade is the first 60% of the semester.

Drop Deadline – the deadline to drop (remaining in at least one hour) a class is the first 60% of the semester. Special deadline dates will be enforced for courses offered in a different format.

After the drop deadline, students will be unable to drop individual classes and will receive the grade (A, B, C, D, F, U, or I) earned in the course. To initiate an appeal to drop a class or classes after the semester has ended the student must provide:

1. a written letter of appeal and
2. documentation of extremely extenuating circumstances to the appropriate chair(s).

Withdrawal Deadline – the deadline to withdraw (go to zero hours) from Texas State is two weeks preceding final examinations during the fall and spring semesters and one week preceding final examinations during the two parts of Summer term.

If a student is withdrawing from Texas State after the automatic “W” period, faculty assign the “W” grade only to those students who have a passing average at the time the withdrawal action is officially completed. Otherwise, faculty members will assign an “U” grade.

Grade Reports

Semester grades are based on the student’s written or oral work in a given course. Attendance may also affect the grade. Final grade reports can be accessed thru the University’s student information system. Students may print a grade report via <https://ssb.txstate.edu>.

Grade Symbols

Grades at Texas State are indicated by the following symbols: “A”-excellent; “B”-good; “C”-average “D”-passing; “F”-failing; “U”- unearned failing (student was not academically engaged until end of term) or withdrawn failing; “N” failure (never attended); “CR”-credit. A grade of “PR” which is temporary and non-punitive, may be assigned in selected courses where the required clock hours needed to complete requirements extend beyond the regular semester or summer session. The “I” grade may be assigned when, due to unusual circumstances beyond the student’s control, a significant portion of a course, such as a term paper or final examination, has not been completed. If a student needs to repeat a course or a significant portion of a course, a “W”, “F”, or “U” grade should be assigned according to regulations governing the assignments of such grades. A “W” grade cannot be assigned if the student has not officially dropped the course within the semester deadlines. An “I” grade from Texas State will not count as hours completed until another grade is assigned. Twelve months after a Texas State “I” grade is assigned, it will automatically change to an “F” if the course work has not been completed. An “I” grade transferred from another institution remains as “I” on the Texas State record until an updated transcript is received from the other institution. A grade of “W” is assigned if a student drops a course by the Automatic “W” Drop/Withdrawal Deadline (see University Calendar in this catalog). After the Automatic “W” Drop/Withdrawal Deadline, a “U” or “W” will be assigned depending on whether the student is passing (“W”) or failing (“U”) the course at the time the drop/withdrawal action is officially completed.

Grade-Point Average (GPA)

Texas State utilizes the four-point system. The GPA is the total number of grade points earned divided by the number of semester hours attempted. Semester grade symbols have the following values: “A” = 4 points; “B” = 3 points; “C” = 2 points; “D” = 1 point; “F” and “U” = 0 points. Neither hours nor grades are calculated for “I”, “CR”, “PR”, or “W”. To maintain an average of “C”, grade points divided by semester hours attempted must equal at least 2.00.

The Texas State GPA for all work attempted at Texas State is used to determine whether a student is meeting minimum academic standards. Beginning in the fall of 1991, this Texas State GPA will be calculated by the procedures described in the section titled “Repeating Courses” (see

below). Courses taken at other schools will not be included in the GPA at Texas State.

Transcripts

Effective fall 1991, Texas State transcripts will separate transfer course work from Texas State course work. Transfer work will be listed first and will show the number of hours transferred. Texas State course work listed chronologically will follow any transfer course work. The transcript will show Texas State hours attempted, Texas State hours passed, Texas State grade points and Texas State GPA.

Repeating Courses

Effective fall 1991, a student may repeat a course, but cannot receive credit for the course more than once unless the course description in the catalog specifically provides that the course may be repeated for credit. When a course is taken more than once from Texas State, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Texas State hours attempted, grade points earned and GPA. W, I, PR, and RP grades are excluded. If the last grade in a repeated course is lower than an earlier grade, the last grade is used to determine whether the course fulfills university requirements. If the last time a course is taken is from another school, that course will meet degree requirements, but the last grade at Texas State counts towards the Texas State GPA. A course taken for transfer credit must be repeated as transfer credit to count as a repeat. When a course is taken more than once from a transfer institution, the second grade (first repeat) and all subsequent grades (repeats) are included in computing the Overall hours attempted, grade points earned and GPA. “W” and “I” grades are excluded.

Change of Grade

An individual course grade may be changed when the involved faculty member certifies to the University Registrar that an error was made in computing the original grade. The grade change must be approved by the department chair/school director and the appropriate college dean. Students who wish to protest a grade earned in a course should first discuss the grade with the instructor. If no resolution is reached, the student may appeal the grade to the department chair/school director. If no satisfactory conclusion can be reached at this level, the student may appeal to the college dean whose decision is final. In accordance with Texas State’s records retention policies, a student appeal for a change of grade must be filed no later than 2 years after the grade is issued.

Student Indebtedness

All University property in a student’s possession must be returned and all debts to Texas State, including past due indebtedness to loan funds, must be satisfactorily adjusted before the student is eligible to receive a statement of good standing, an official transcript of credit, graduation, or re-admission to Texas State. Moreover, continued failure to adjust such debt may result in the student’s losing the privilege of attending class.

Academic Probation and Academic Suspension

Minimum Academic Standards

Students must meet minimum academic standards in work completed at Texas State. Those who fail to do so are placed on academic probation or academic suspension, as appropriate. In determining whether a student

is placed on probation or suspension, only grades earned at Texas State are considered.

Academic Probation

Academic probation is an emphatic warning that the quality of the student's work has not met Texas State's minimum academic standards and that the quality must improve during the probationary semester in order for the student to continue at Texas State. A student will be placed on academic probation at the end of the fall or spring semester in which the Texas State GPA is less than 2.00. A student will be removed from academic probation at the end of any long semester or summer term if the Texas State GPA is 2.00 or higher.

Students placed on academic probation are given two probationary semesters (fall or spring terms) to raise their Texas State GPA to 2.00. For example, if a student is placed on academic probation because the Texas State GPA has fallen to 1.85, then at the end of the two following probationary semesters the Texas State GPA must be 2.00 or higher, or the student will be placed on first academic suspension. Grades earned in developmental coursework, in which neither hours nor grades are calculated toward the GPA, will not affect a student's academic standing.

Policies Governing First Academic Suspension

A first academic suspension will be for the first long semester following placement on academic suspension. Appeals for reinstatement, based on extenuating circumstances, may be made prior to the Monday of registration week to the student's college dean or designee, who will render a decision on the matter. A student suspended from one college of Texas State may not be reinstated by the dean of another undergraduate college. Deans may, at their discretion, impose conditions regarding course load limits, work load limits, counseling, etc. If the dean denies reinstatement, the student may then appeal to the Suspension Appeals Committee. If reinstatement is allowed, the suspension notation will remain on the student's transcript. The transcript will also show "Reinstated for ___, Enters on Academic Probation."

Unless other special conditions are imposed by the dean or the Suspension Appeals Committee, students granted reinstatement and re-admitted on academic probation are given two probationary terms (fall or spring terms) to raise their Texas State GPA to 2.00.

In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under "Academic Probation" explained above.

At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on second academic suspension.

Students who are placed on first academic suspension from Texas State at the end of the spring semester will be reinstated by the registrar on academic probation for the following fall semester if they

1. attend the summer term at Texas State,
2. pass nine semester hours, and
3. earn a 2.00 GPA on all work attempted in summer or the student will be removed from probation if the Texas State GPA is 2.00 or greater at the end of the summer term.

Readmission Following a First Academic Suspension

At the end of the one long semester period for a first suspension, students must apply for readmission to Texas State for the subsequent semester. Students also must apply for readmission to Texas State following an absence of one long semester or more. Students who re-enter Texas State following an academic suspension do so on academic probation. For specific regulations, refer to paragraph on "Academic Probation". If the Texas State GPA is less than 2.00 at the end of the second probationary semester, the student will be placed on second academic suspension.

Policies Governing Second Academic Suspension

Students who fail to meet the minimum academic standards defined above will be placed on academic suspension for a second time, for a period of two calendar years. If there are extenuating circumstances, students may appeal prior to the Monday of registration week to the appropriate college dean for reinstatement. If reinstatement is denied, students may then appeal to the Suspension Appeals Committee. If the appeal is approved, students may return to Texas State on academic probation, subject to special conditions imposed by the dean or the Suspension Appeals Committee regarding course load limits, work load limits, counseling, etc. If reinstatement is allowed after one long term, prior to the end of the second calendar year, students must apply for re-admission to Texas State (refer to Program D in the Admissions section). The suspension notation will remain on the student's transcript, which will also show "Reinstated for ___, Enters on Academic Probation." In addition to any special conditions imposed by the dean or the Suspension Appeals Committee, students must meet the conditions under "Academic Probation" explained previously. At the end of the second probationary semester, if the Texas State GPA is less than 2.00, the student will be placed on academic suspension.

Readmission Following a Second Academic Suspension

At the end of the two-year period for a second academic suspension, students may apply for re-admission to Texas State (refer to Program D in the Admissions section).

Effect of Suspension on Correspondence or Extension Courses

While on suspension, students may complete a correspondence course in which they enrolled prior to suspension. Students may not enroll in an extension or correspondence course from Texas State while on suspension.

Registering at Another Institution During Suspension

Students who have been placed on academic suspension are not prohibited from registering at another institution; however, such academic work will not change the GPA used for calculating probation and suspension, since only those grades earned at Texas State are calculated in determining probation-suspension status. Students who enroll for 30 or more semester hours at another institution while on suspension from Texas State will be considered transfer students if

they return and will be required to have a 2.25 GPA in that work for re-admission.

Exceptions

Cases in which the circumstances are not covered by the above regulations shall be handled at the discretion of the Director of Undergraduate Admissions and the college dean.

Degree and Graduation Policies

Request for Degree Audit

After completing 45-60 semester hours, students should request a degree audit through the college academic advising center or through their major department/school, as determined by college guidelines. When the audit is approved by the appropriate college dean or dean's representative, it will list all courses required for graduation. Students also have the option to run their own unofficial audit at any time before seeing their advisor. The audit should be used to determine which courses to take at each registration.

It is highly recommended that students see their academic advisors to review their degree audits within their last 30 hours prior to graduation. Students need to verify that they are meeting the appropriate degree requirements including coursework and grade-point averages in all courses taken at Texas State and in the major and minor fields of study. If any of the grade-point averages are below the minimums required for graduation, the degree audit can be used in deciding how to raise the averages in the remaining course work.

The college dean has the final approval and appeal for all graduation requirements, including but not limited to degree audits, grade point average, courses, prerequisites, graduation application, transfer credit, residency, catalog time limit and designation.

Teacher Certification

Any degree that includes preparation for becoming a Texas certified teacher will have special degree and graduation requirements. Please refer to the degree requirements under the appropriate College's section and to the Teacher Preparation Program (p. 232) section of this catalog.

Application for Graduation

Students must indicate their intent to graduate by applying for graduation at the beginning of their final long semester or summer session I for August graduation. The student must complete the graduation application using the online application in Self Service Banner. If a student fails to complete the required courses in time for a planned graduation, the student must reapply for the next graduation. Failure to apply for graduation on time may delay the awarding of the diploma until the following graduation. To allow for the receipt and processing of official transcripts in a timely manner, students taking off-campus courses in their final semester should make sure that the Office of Undergraduate Admissions receives official transcripts as soon as they are available from the sending institution.

Minimum Degree Hours and Advanced Hours

Most undergraduate degrees at Texas State require a minimum of 120 semester hours, including 36 advanced hours (junior and senior level courses).

Residency Requirements

To qualify for graduation with a bachelor's degree, a student must complete, through Texas State coursework, at least 25 percent of the minimum number of semester hours required for the degree; within this requirement, at least 24 semester hours must be advanced and at least 12 hours of the advanced work must be completed in the major at Texas State. Additionally, at least 24 semester hours of the last 30 hours completed that are required for the degree must be taken at Texas State. Correspondence, extension, and off-campus coursework completed through Texas State may be applied toward residency requirements. Credit-by-examination may not be applied toward residency.

Minimum Grade-Point Requirements for Graduation

Before graduating from Texas State, first and second baccalaureate students must satisfy the following minimum grade requirements:

1. A Texas State GPA of 2.00
2. A GPA of 2.25 in the major(s)
3. A GPA of 2.00 in the minor(s)

NOTE: Individual departments/schools as well as degree programs with Teacher Certification may have higher requirements listed in their sections of this catalog.

Maximum Elective Hours in Courses for the Major or Minor

No more than six semester hours within a major or a first teaching field may count as electives after the minimum requirements of the major or teaching field are fulfilled. Likewise, no more than six semester hours may be counted as electives in a minor or second teaching field once the minimums have been met. Approval of elective credit beyond these maximums must be granted by the appropriate college dean. If the degree program requires electives, the number of free elective hours a student will complete depends on the number of hours a student may need to achieve the minimum hours and/or the 36 advanced total hours required.

Second Bachelor's Degree

A second bachelor's degree may be earned by completing a minimum of 30 additional semester hours as recommended by the chair/director of the student's major program/department/school and subject to the approval of the appropriate college dean. Students earning second bachelor's degrees subsequent to receiving the first bachelor's degree are eligible for graduation with honors if they complete 54 or more hours at Texas State in pursuit of the second bachelor's degree. Residency requirements (as indicated above) apply except that the advanced semester hours required are determined by the dean.

For students who have already completed a first baccalaureate degree at an accredited college or university, with the approval of the department chair/school director and the college dean, the core curriculum requirements for that degree may be accepted in lieu of Texas State's general education core curriculum. However, requirements associated with particular degrees, e.g., completion of the second semester of a modern language for a Bachelor of Arts degree, or Legislative requirements, e.g., history and government course requirements, must be included in an approved program for a second baccalaureate degree.

Dual Bachelor's Degrees

If two bachelor's degrees are conferred simultaneously, the student must complete a minimum of 30 hours beyond the requirements of the

single degree. Degree audits must be filed in the office of both college advising centers. Graduation will occur when the student has completed requirements for both degrees. Students completing dual bachelor's degrees receive two diplomas.

Double Majors

A student who fulfills the specified requirements for two different majors authorized under a single degree has completed a double major and will receive a single diploma. Both majors appear on the diploma.

Time Limit for Earning a Degree

Students may graduate under the requirements for the degree set forth in the Texas State catalog in force during the session in which they first enroll, provided they graduate within six years from the end of the session. Transfer students who have been assigned a Texas State catalog based on their first semester at a Texas junior college have six years from the end of the semester upon which their catalog designation was based to graduate, not six years from their initial semester at Texas State. After the expiration of such a period of time, students may have to meet requirements outlined in the current catalog. "Requirements for the Degree" refers to the pattern of courses and grade-point averages required for graduation. It does not include other rules and regulations such as probation and suspension criteria, requirements for admission to courses or programs, etc.

Transfer Credit from Two-Year Colleges

Texas State will apply to a degree up to 66 hours from an accredited junior/community college. (At the approval of the individual college dean, 6-8 hours may be added.) At the time of transfer, all transferable work attempted at a junior/community college will be recorded on the official transcript. If the number of hours transferred from a junior college exceeds 66, the student's chair or director will recommend to the college dean how the student will satisfy degree requirements.

Athletic Certification

J.C. Kellam Building Room 164
T: 512.245.8148 F: 512.245.6826

The Athletics Certification Office is responsible for obtaining, evaluating and documenting the academic credentials in accordance with National Collegiate Athletic Association (NCAA) and Sun Belt Conference eligibility rules for approximately 400+ student-athletes. This office provides the official certification of eligibility documentation to the Texas State Department of Athletics.

Academic Honors

Dean's List

To be eligible for the Dean's List at the close of any fall or spring semester, an undergraduate student must have earned a minimum GPA of 3.5 in that semester on at least 12 credit hours. Hours and grades earned through Texas State correspondence courses and extension courses are counted in the hours required to be eligible for Dean's List and in the GPA calculation for Dean's List. Graduate courses also count.

Graduation with Honors

Students earning a GPA of 3.40-3.59 will graduate cum laude; 3.6-3.79 will graduate magna cum laude; 3.8-4.0 will graduate summa cum laude. Effective Summer 2012, to be eligible for graduation with honors, a student seeking a baccalaureate degree must have completed a

minimum of 54 semester credit hours preceding graduation at Texas State. Calculation of the GPA to determine honors status is based on all Texas State work applied to the first baccalaureate degree, including work completed in the final semester.

Hours earned through Texas State correspondence courses and extension courses are counted in the hours required to be eligible for honors and in the GPA calculation for honors. Hours earned through Texas State credit-by-examination, work/life experience, and other courses receiving "CR" (pass/fail) grades are counted in the hours required to be eligible for honors, but do not count in the GPA calculation. Remedial courses with a "CR" grade and graduate courses are not counted in either the hours required or the GPA calculation for honors.

Transfer students who have earned at least 54 semester hours at Texas State are eligible to graduate with honors if their Texas State GPA meets the above criteria. Students earning second baccalaureate degrees are eligible for graduation with honors if they complete 54 or more hours at Texas State in pursuit of the second degree.

Honor Societies

The following honor societies are open to qualified Texas State students. More information may be obtained through Campus Activities and Student Organizations (CASO). For a complete list of all Honor Societies, see the Registered Student Organizations website at www.studentorgs.txstate.edu (<http://www.studentorgs.txstate.edu>).

Alpha Chi

Alpha Chi is a national honor society, which promotes academic excellence and exemplary character among undergraduate college and university students and honors those who achieve such distinction. To qualify for membership, a student must be a first-time undergraduate, a junior or senior (having attained no less than 60 credit hours), have a minimum Texas State GPA of 3.50 on at least 45 semester hours at Texas State. Graduate students with a 4.0 and at least 15 hours of graduate course work at Texas State also qualify for Alpha Chi membership. Alpha Chi is the oldest honor society at Texas State, founded in 1922. Membership in the honor society is indicated on the student's transcript. For more information, contact Dr. Ronald Brown at RonBrown@txstate.edu.

Alpha Lambda Delta

Alpha Lambda Delta is a national academic honor society for freshmen that honors academic excellence during a student's first year in college. Its purpose is to encourage superior academic achievement among students in their first year in institutions of higher education, to promote intelligent living and a continued high standard of learning, and to assist women and men in recognizing and developing meaningful goals for their roles in society. Membership is open to all freshmen who are registered for a full course of study leading to a bachelor's degree, who achieve a minimum scholastic average of 3.50 (based on grades of the first full semester or on the cumulative average of the first year in college), and who have paid the initiation and lifetime membership fee. For more information, contact Diann McCabe dm14@txstate.edu.

Golden Key National Honor Society

Golden Key recognizes and encourages scholastic achievement and excellence in all undergraduate fields, supports the faculty and administration in developing and maintaining high academic standards, provides economic assistance by means of annual scholarships, and

promotes altruistic conduct through volunteer service to Texas State and community. The Golden Key National Honor Society accepts students who have a minimum cumulative GPA of 3.40, have completed 60 college hours, 25 of which must have been taken at Texas State, have filed a Member Data Form, and have paid the initiation and lifetime membership fee.

The Honor Society of Phi Kappa Phi

Phi Kappa Phi is the nation's oldest, largest, and most selective collegiate honor society for all disciplines. This prestigious honor society was chartered at Texas State in 2013 and thirty members of the faculty, staff, and administration signed the charter petition. To qualify for membership, undergraduates must be juniors who are in the top 7.5 percent or seniors in the top 10 percent of their respective classes. Graduate students must rank in the upper 10 percent of their class. Students who are invited to become members may join by paying the initiation and membership fee and participating in an induction ceremony. In addition to numerous membership benefits, the national organization awards over one million dollars in scholarships and fellowships each biennium. The local chapter website is located at <http://www.txstate.edu/honors/phikappaphi>.

Multicultural Course Designation

In support of an increasingly diverse student body, Texas State is dedicated to increasing multiculturalism in the curriculum. Thus, courses are identified in the catalog and schedule of classes that offer students an opportunity to enhance their multicultural competence.

Classification System

The multicultural classification system helps Texas State track multicultural courses to determine the level at which we are providing U.S. and international diversity issues in the curriculum. The system is an accountability measure that is used as a tool to help departments/schools and colleges communicate diversity infusion to faculty, staff, students, and the community through published data reports. The classification system recognizes the significance of multicultural content and multicultural perspectives. Students benefit from multicultural content as well as perspectives. A course that is high in multicultural content (60% or more) may promote multicultural literacy through multicultural perspectives; that is, its approach to teaching strategies, interactions, and assessment promotes an awareness and appreciation of diversity.

Definitions

Multicultural Content (MC): Courses with 60% of the content multicultural (U.S. or international.)

Multicultural Perspective (MP): Courses using a variety of strategies to encourage multicultural literacy, including content, instructional strategies, assessment, and classroom interactions. (When this is the only classification noted, the content is less than 60%).

Correspondence Studies

302 Academic Services Building North
www.correspondence.txstate.edu (<http://www.correspondence.txstate.edu>)
T: 512.245.2322 F: 512.245.8934
Toll-free: 800.511.8656

When circumstances such as family, jobs, business travel, etc. compete for time, and students find that it is difficult to schedule their on-campus classes, correspondence study offers a solution. Courses are offered through various disciplines such as art, humanities, health-related fields, mathematics, psychology, modern languages, and sociology. Courses are frequently revised, so students are encouraged to contact the Office of Distance and Extended Learning for the most current list of course offerings or visit the office's website. Students may enroll in courses at any time of the year and take up to nine months to complete them. Instruction for most courses is online.

How Correspondence Study Works

The course website used in each course gives students step-by-step instructions for completing the lessons required for the course and includes study tips, topic discussions, assignments, and other pertinent course information. Students must complete each lesson and submit the accompanying assignment to the instructor through the course website or the Office of Distance and Extended Learning. The instructor provides feedback on assignments and answers student questions. Assignments are then returned to the student. Almost all courses have proctored examinations, and many have two or three. All proctored examinations must either be administered at Texas State in the Testing, Research Support, and Evaluation Center (TREC) or, for those students who live outside the area, administered by an approved exam proctor.

General Regulations

The following regulations govern correspondence study at Texas State:

1. Students do not have to be currently enrolled or admitted to a college or university to take a correspondence course.
2. Enrollment in a correspondence course does not constitute official admission to Texas State.
3. Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program regulations.
4. It is the students' responsibility to ensure that all prerequisite requirements have been met. Prerequisite requirements for all courses are listed in the course information on the office's website. Non-Texas State students will be required to provide official transcripts to confirm prerequisites have been met.
5. Texas State correspondence courses are applicable toward Texas State degrees. A maximum of 18 hours of correspondence credit may be applied toward a bachelor's degree.
6. All assignments and exams must be completed to receive credit. The grading criteria for each course are stated on the course website or in the course study guide.
7. Correspondence course grades are calculated into students' Texas State GPA and included in the review for graduation with honors and for Dean's List.
8. Students may enroll in a correspondence course at any time during the year and take up to nine months to complete it.
9. A minimum of four weeks must be allowed after a course has been completed for a grade to be reported to the Texas State Registrar.
10. Students on active suspension from Texas State are not eligible to enroll in correspondence courses.
11. If enrollment in correspondence courses creates an academic overload, students must have prior, written approval of their college dean or department chair/school director.

12. Correspondence courses completed through Texas State are applicable toward residency requirements.

Extension Studies

302 Academic Services Building North
www.extension.txstate.edu (<http://www.extension.txstate.edu>)
 T: 512.245.2322 F: 512.245.8934
 Toll-free: 800.511.8656

Texas State's Office of Distance and Extended Learning serves those persons who are unable to come to campus and who wish to earn degree credit, as well as those who wish to pursue in-service training, or to enroll in college courses not normally offered through the academic departments/schools. Extension courses are offered on campus and at various off-campus locations. The times and locations for such courses depend on student need, faculty availability, and demand.

The following regulations govern Texas State extension study:

1. Enrollment in an extension course does not constitute official admission to the university.
2. Students from other institutions who wish to transfer extension credit should obtain prior approval of their home institution.
3. If enrollment in extension courses will create an academic overload, students must have prior, written approval of their college dean and department chair/school director.
4. Transcript records are maintained for all credit earned by extension.
5. A maximum of thirty semester hours for Texas State credit may be completed through a combination of correspondence, extension, and study abroad courses.
6. Students on active suspension from Texas State are not eligible to enroll in courses for extension credit.
7. Texas residents or persons attending public colleges or universities in Texas are subject to compliance with Texas Success Initiative Program regulations.
8. Students are responsible for ascertaining whether or not credit for an extension course will apply to a particular program and whether or not it will transfer to another institution.
9. Extension courses completed through Texas State are applicable toward residency requirements.

Study Abroad

Thornton International House
 334 W. Woods Street
www.studyabroad.txstate.edu (<http://www.studyabroad.txstate.edu>)
 T: 512.245.1967 F: 512.245.1644

A study-abroad experience expands students' intellectual and personal development as they become immersed in other cultures. Students gain a critical self-awareness, an appreciation for a multicultural world, and a clearer understanding of their own culture. Study abroad prepares students to assume their role as responsible world citizens and to succeed professionally in today's global economy.

The Study Abroad Office offers students the opportunity to participate in a variety of study abroad programs at locations around the world. The credit students earn may be applied toward a degree at Texas State. Some of these programs involve direct enrollment in an overseas institution, while other programs are led by Texas State faculty.

Through Texas State Study Abroad Programs, students can spend from one week to a full academic year in another country either by learning another language, by concentrating their studies related to a specific topic in their field of study, or by participating in an internship. Texas State Study Abroad Programs include a variety of activities that allow students to learn and experience the culture of the host country. In some of these programs students have the opportunity to live with a host family to become totally immersed in the culture of the host country for a more comprehensive learning experience.

Program locations vary each year. Students may learn more about these programs from current information located in the Study Abroad Library. In addition to information about Texas State's Study Abroad Programs, the Study Abroad Library houses a wealth of information about programs available from other universities as well as study-abroad providers.

Financial Assistance for Study Abroad Programs

Most of the financial aid that students would normally receive for studying at Texas State may be applied toward Texas State Study Abroad Programs. Additionally, there are many schools and study-abroad providers that offer financial aid for attending their programs. If a student is on federal or state financial aid, it is recommended that the student speak with a representative of the Texas State Office of Financial Aid and Scholarships to determine the application of such aid to any study-abroad program and the possible adjustment to meet the student's needs.

The Study Abroad Office also has information on scholarships that are available to students who want to study abroad. At Texas State, students are also eligible for the International Education Fee Scholarship (IEFS). This scholarship program is funded through the student service fee account. The scholarships are distributed in a competition open to all undergraduate and graduate Texas State students, including international students, who meet the established eligibility requirements.

Continuing Education

302 Academic Services Building North
www.continuing-ed.txstate.edu (<http://www.continuing-ed.txstate.edu>)
 T: 512.245.2507 F: 512.245.8934

The Office of Continuing Education works in cooperation with the academic colleges, schools, departments and programs to extend the resources of Texas State beyond the traditional campus classroom. Professional staff in Continuing Education work with faculty and staff in offering seminars, workshops, conferences, and short courses that help meet the educational needs of the many communities Texas State serves. Continuing Education coordinates planning, budgeting, marketing, fee collection, registration, meals, evaluation, and other duties that may be required.

These programs are generally non-credit in nature. Some programs receive Continuing Education credits, and those who successfully complete these designated programs are awarded Continuing Education Units (CEU). One CEU is awarded to a person who completes a ten contact hour program.

Texas Certified Public Manager Program

www.txstate.edu/cpm (<http://www.txstate.edu/cpm>)

T: 512.245.3453 F: 512.331.7293

Texas State has been officially designated by the National Consortium of Certified Public Managers (CPM) to offer this program in Texas. The CPM Program offers a systematic training program to enhance the quality and efficiency of management in government and to improve professionalism and effectiveness of government managers. Individuals may enroll at any time during the year; programs are held approximately every two months. Admission to Texas State is not required. Courses may be completed for academic credit.

The CPM program is a nationally accredited comprehensive statewide management development program specifically for managers in federal, state, and local government and for managers in the not for profit sector. The program's primary goal is to improve the performance of public and not for profit sector managers and the organizational performance of state, local, and federal government. It is a comprehensive course of study by which public managers can acquire and apply the best practices and theory to their management behaviors and strategies using prescribed sets of professional standards. The curriculum uses theory as the foundation and applies it to practical problems facing the participant, their agency/department, and the citizens. Those who complete the program earn a national trademark designation of CPM (Certified Public Manager[®]).

The Texas CPM Program is a 7 course sequence which leads to a nationally accredited public manager certification. The CPM Program is offered by Texas State University's William P. Hobby Center for Public Service.

International Office

Thornton International House

334 W. Woods Street

www.international.txstate.edu (<http://www.international.txstate.edu>)

T: 512.245.7966 F: 512.245.8264

The International Office assists the University in developing and maintaining an internationally diverse student body, faculty, and staff by:

1. Contributing to the retention of international students and scholars by serving as their advocates, and by providing information and services that facilitate their academic success and cultural adjustment.
2. Maintaining compliance with federal regulations by acting as liaison with the Department of Homeland Security (DHS), and serving as immigration advisors to international students and scholars.
3. Contributing to the research and teaching mission of the university by assisting in the procurement of proper legal employment authorization for distinguished international faculty and staff.
4. Promoting global awareness and perspective at the university by facilitating international agreements and by sponsoring International Education Month each November.

Texas State Intensive English Program

Thornton International House

334 W. Woods Street

www.txstate.edu/ie (<http://www.txstate.edu/ie>)

T: 512.245.7810 F: 512.245.3752

TSIE is a non-credit university intensive English-as-a-Second-Language (ESL) program for students who:

1. want to improve their command of the English language before entering college;
2. are participating in the TSIE Pre-Bridge or Bridge Programs; or
3. would like to polish their language abilities.

Beginning, intermediate, and advanced classes, emphasizing academic reading, writing, grammar, and oral skills, are offered during the fall, spring, and summer sessions.

Round Rock Campus

www.rrc.txstate.edu (<http://www.rrc.txstate.edu>)

T: 512.716.4001 F: 512.716.4110

In 1998, as the lead institution, Texas State joined forces with other area universities and colleges to establish the Round Rock Higher Education Center, now known as Texas State University Round Rock Campus (RRC). In 2005, Texas State opened the Round Rock Campus on 101 acres and offers bachelor's and master's programs in Williamson County.

Texas State is addressing the educational needs of North Austin and the Central Texas area at the RRC. Located at 1555 University Boulevard in northeast Round Rock, the RRC offers small class size as well as supportive, engaging faculty and staff in a state-of-the-art collegiate environment. The RRC provides the upper level coursework in select bachelor's degrees, as well as several, post baccalaureate certificates and master's degree programs. At the undergraduate level, students transfer hours to the RRC from a community college, another university or the San Marcos Campus. Students may also complete some lower level courses in online classes or via Texas State Correspondence. Round Rock students pay the same tuition as those attending in San Marcos, but certain fees may be waived.

Texas State offers the junior and senior level courses for the following:

- Bachelor of Applied Arts and Sciences, major in Applied Arts and Sciences
- Bachelor of Arts, major in Computer Science
- Bachelor of Arts, major in Mass Communication
- Bachelor of Arts, major in Psychology
- Bachelor of Business Administration, major in Management
- Bachelor of Science, major in Interdisciplinary Studies (Teacher Certification in English as a Second Language Generalist, Grades EC-6)
- Bachelor of Science, major in Computer Science
- Bachelor of Science in Criminal Justice, majors in Criminal Justice, Criminal Justice Law Enforcement, and Criminal Justice Corrections.
- Bachelor of Science in Nursing, major in Nursing

To be eligible to register for Texas State classes at the RRC, students must have completed their sophomore year or at least 45 hours from the prescribed degree plans above. Students who intend to complete the junior and senior level classes at RRC must submit the same admission documents and meet the same admission requirements as any potential Texas State University student. After admission, however, the procedures are different for the RRC.

It is, therefore, very important to follow the Getting Started procedures listed on the RRC website at www.rrc.txstate.edu (<http://www.rrc.txstate.edu>).

Academic Services

The Assistant Vice President for Academic Services and units (Testing, Research Support, and Evaluation Center [TREC], Academic Testing for Students with Disabilities [ATSD], and Student Learning Assistance Center [SLAC]) reporting to this office provide supplementary, essential services to students, faculty, and administration at Texas State. Specifically the units provide timely and high quality assistance to faculty and administration in processing and analysis of assessment data, and address specific student needs: administration of specific credit and non-credit testing; provision of institutional testing for students with disabilities; provision of supplementary instruction and enhancement of student academic performance, especially among the undergraduate population; and coordination of the undergraduate general education core curriculum.

Student Learning Assistance Center

Alkek Library 411
T: 512.245.2515 F: 512.245.3002
www.txstate.edu/slac (<http://www.txstate.edu/slac>)

Texas State's Student Learning Assistance Center (SLAC) provides a wide range of academic support programs. Whether students are seeking help with course content, study skills, or test preparation, SLAC provides a variety of services including a walk-in tutoring lab, Supplemental Instruction, campus presentations, and online services.

The SLAC Learning Lab provides academic assistance in accounting; sciences such as physics, biology, and chemistry; English; statistics; computer information systems; history; philosophy; languages such as Spanish; and a number of math courses. The Lab also contains study materials, handouts, and computer-assisted instructional software on a wide range of topics and levels, from correcting comma splices to preparing for graduate school.

Students may also visit SLAC for assistance in preparing for the admissions tests for graduate (GRE), law (LSAT), and business (GMAT) colleges as well as local tests such as the School of Journalism and Mass Communication's Punctuation, Usage, and Grammar (PUG) exam.

Supplemental Instruction, a nontraditional approach to collaborative learning, provides structured group study for students in historically difficult courses. Supplemental Instruction Leaders (SI's) act as role models and facilitate multiple study sessions per week in order to assist students, not only with course content, but also with the development of positive study skills and habits.

SLAC staff members also provide informational and interactive presentations on test-taking and anxiety management, learning styles, time management, note-taking, and other topics. Upon request, SLAC's

staff will design specialized programs on study skills and academic improvement to fit the needs of a campus club, organization, or professor. In addition, SLAC works to facilitate the College Note-Taking session of PAWS Preview by showing incoming freshmen proper techniques and giving tips for successfully negotiating a college lecture.

SLAC also provides Texas State students with a number of online resources. By simply visiting www.txstate.edu/slac (<http://www.txstate.edu/slac>), students can access the Learning Lab's tutoring schedule and hours, times and locations of Supplemental Instruction sessions, information regarding becoming a lab tutor or SI Leader, content area handouts, and test preparation materials. SLAC also maintains an Online Writing Lab (OWL), providing tutoring in an electronic format accessible via email.

Testing, Research-Support and Evaluation Center (TREC)

Commons Hall Ground Floor
T: 512.245.2276 F: 512.245.2903
www.txstate.edu/trec (<http://www.txstate.edu/trec>)

The Testing, Research Support & Evaluation Center (TREC) includes a testing center offering a variety of academic tests, including:

1. TSI Assessment
2. THEA Quick Test (paper-based)
3. THEA IBT (internet-based)
4. TEAS V (pre-nursing assessment)
5. Punctuation, Usage and Grammar (PUG)
6. CLEP
7. Departmental Examinations-for-Credit
8. Course exams for Texas State correspondence courses
9. Proctored exams for other institutions
10. DSST exams

Note: Texas State University does not generally accept DSST exams for credit (with the possible exception of the Applied Arts and Sciences program in the Department of Occupational, Workforce, and Leadership Studies.)

Credit-by-Examination

Credit may be earned by achieving a sufficient score (as determined by the relevant academic department of Texas State University) on any of several exams and submitting official score reports to the Testing, Research Support, and Evaluation Center (TREC), or by submitting a transcript from another college or university to Undergraduate Admissions documenting credits awarded there through examination.

Sufficient scores on the following examinations may be applied for credit:

1. College Level Examination Program (CLEP),
2. College Board Advanced Placement Examination Program (AP),
3. International Baccalaureate Program (IB), and
4. certain established departmental examinations (administered by TREC or by the relevant academic department)

Credit established in this manner through TREC will be recorded as "credit only" (CR) on the transcript and will not affect the GPA, except that Texas State University recognizes superior scores for CLEP exams

in French, German, and Spanish language by awarding letter grades of A or B according to the Credit & Grade Awarding Table (<http://tlg.net/Zbzt>). Letter grades for the French, German, and Spanish language CLEP exams are optional, and may be recorded as CR at the student's request.

Evidence of credit by any examination must be evaluated by TREC before it can be entered on a transcript. More detailed materials on this and other TREC programs are available at the TREC website, www.txstate.edu/trec/ (<http://www.txstate.edu/trec/>).

Credit earned by exam satisfies degree requirements in the same way as credit earned by passing courses does except that it does not count as credit earned in residence

Academic Testing for Students with Disabilities

Academic Testing for Students with Disabilities (ATSD) is the office within TREC that provides academic testing services (course exams and quizzes) for students who are currently registered with and approved by the Office of Disability Services (ODS) to receive accommodations when testing. Some examples of testing accommodations provided by ATSD include extended time, reduced distraction environment, use of a computer, and use of a reader and/or scribe.

Note that before a student can sign up to take a test at ATSD, the need for testing accommodations must be approved by ODS, and only those accommodations designated by ODS will be provided. ATSD works closely with ODS and the other parts of TREC to provide the most secure, up-to-date, and reduced-distraction testing environment possible to all students registered with ODS.

General Education Core Curriculum

In order to acquire the fundamental skills and cultural background that are the marks of an educated person, all undergraduate students at Texas State complete a 42 semester credit hour program of general education core curriculum courses, which serves as the common foundation for all majors and accounts for about 35 percent of the approximately 120 semester credit hours required for a bachelor's degree.

At the end of the bachelor's program, the student is prepared not only in a departmental field of study, but also in the general abilities of critical thinking, communication, empirical and quantitative skills, teamwork, personal responsibility and social responsibilities that remain universally useful skills in a rapidly changing world. Texas State graduates have the raw materials to build solutions as they fulfill career and civic responsibilities.

A list of courses and course choices that fulfill the general education core curriculum is given below. In many cases, the academic plans of various Texas State colleges, schools, departments, degrees, majors, and certifications modify or exceed these standards, so students are urged to carefully examine all sections of this catalog, which apply to the academic program of their choice.

Students transferring from Texas public institutions of higher education may have to fulfill only those portions of the general education core curriculum not completed at their previous institutions. Students from private or out-of-state institutions or those who took coursework before this core curriculum was put into place (Fall 2014), will have their

coursework evaluated to determine if it is equivalent to that required at Texas State.

For all undergraduate students, specific major requirements may override those in the core curriculum. Those who have completed the core requirement for college math, for instance, may have to complete Calculus if such is required by their major. In all cases, the major and core requirements applicable are those in the catalog year to which the student is assigned. A list of general education core requirements at all Texas public institutions of higher education is available online at <http://www.theccb.state.tx.us/apps/tcc/>.

General Education Core Curriculum Components

Communication (6 semester credit hours) Code 010

Select two of the following:

ENG 1310	College Writing I
ENG 1320	College Writing II
HON 2301A	Writing to Change the World
HON 2301B	Writing Yourself into Academia: Creating Portraiture

Mathematics (3 semester credit hours) Code 020

Select one of the following:

MATH 1312	College Statistics and Algebra
MATH 1315	College Algebra ¹
MATH 1316	Survey of Contemporary Mathematics
MATH 1317	Plane Trigonometry
MATH 1319	Mathematics for Business and Economics I
MATH 1329	Mathematics for Business and Economics II
MATH 2321	Calculus for Life Sciences I
MATH 2417	Pre-Calculus Mathematics
MATH 2471	Calculus I
HON 2302A	Elementary Number Theory

¹ See Department of Mathematics section of this catalog for minimum test scores and/or prerequisites required to enroll in these courses. Students may have to complete MATH 1300 or MATH 1311 before enrolling in MATH 1315.

Life and Physical Sciences (6 semester credit hours) Code 030

Select two of the following:

ANTH 2414	Biological Anthropology
BIO 1320	Modern Biology I, Molecules, Cells, and Physiology
BIO 1330	Functional Biology
BIO 1331	Organismal Biology
BIO 1421	Modern Biology II, Organisms, Evolution, and Environment
CHEM 1310	Introductory Chemistry for Non-Science Majors ¹
CHEM 1341	General Chemistry I ¹
CHEM 1342	General Chemistry II
CHEM 1430	Chemistry for Non-Science Majors
GEO 1305	Meteorology

GEOL 1410	Physical Geology
GEOL 1420	Historical Geology
PHYS 1310	Elementary Physics
PHYS 1320	Elementary Physics
PHYS 1315	General Physics I
PHYS 1325	General Physics II
PHYS 1340	Astronomy: Solar System
PHYS 1350	Astronomy: Stars and Galaxies
PHYS 1430	Mechanics
PHYS 2425	Electricity and Magnetism
HON 2303A	Teaching Physical Science to Children

¹ Students will not receive general education core curriculum credit for both CHEM 1310 and CHEM 1341.

Language, Philosophy, and Culture (3 semester credit hours) Code 040

Select one of the following:

PHIL 1305	Philosophy and Critical Thinking
PHIL 1320	Ethics and Society
HON 2304A	The Meaning of Death
HON 2304B	Eating Animals in America: Historical and Philosophical Perspectives

Creative Arts (3 semester credit hours) Code 050

Select one of the following:

ART 2313	Introduction to Fine Arts
DAN 2313	Introduction to Fine Arts
MU 2313	Introduction to Fine Arts
TH 2313	Introduction to Fine Arts
HON 2305A	African American Popular Music: Society, Politics, and Culture
HON 2305B	Women and Texas Music

American History (6 semester credit hours) Code 060

Select two of the following:

HIST 1310	History of the United States to 1877
HIST 1320	History of the United States, 1877 to Date
HON 2306A	American History Through Memoirs
HON 2306B	Baseball and the American Experience
HON 2306C	America in the 1960s: A History of Movements and Ideas

Government/Political Science (6 semester credit hours) Code 070

Select two of the following:

POSI 2310	Principles of American Government
POSI 2320	Functions of American Government
HON 2307A	Democracy in America

Social and Behavioral Sciences (3 semester credit hours) Code 080

Select one of the following:

ANTH 1312	Cultural Anthropology
-----------	-----------------------

ECO 2301	Principles of Economics
ECO 2314	Principles of Microeconomics
GEO 1310	World Geography
PSY 1300	Introduction to Psychology
SOCI 1310	Introduction to Sociology
HON 2308A	Economic Anthropology

Texas State Area Option (6 semester credit hours) Code 090

Select one of the following:

COMM 1310	Fundamentals of Human Communication
HON 2309B	Re-Humanizing Communication

And select one of the following:

ENG 2310	British Literature before 1785
ENG 2320	British Literature since 1785
ENG 2330	World Literature before 1600
ENG 2340	World Literature since 1600
ENG 2359	US Literature before 1865
ENG 2360	US Literature since 1865
HON 2309A	Origins of Civilization
HON 2309C	Great Ideas: Humanities I
HON 2309D	Magic Realism in the Works of Gabriel Garcia Marquez
HON 2309E	Preserving Humanity in the Face of Conflict: The War Story Genre

Degree and Program Information

Texas State University offers a full range of programs in applied arts, business administration, education, the fine arts, general studies, health professions, the liberal arts, sciences, and engineering. This section of the catalog gives basic information about the undergraduate degrees, majors, minors, and alternative curricula available at Texas State. Certificate and degree programs are approved in accordance with guidelines provided by the Southern Association of Colleges and Schools Commission on Colleges, the Texas Higher Education Coordinating Board and The Texas State University System.

Special Requirements for the Bachelor of Arts

The following requirements apply to all Bachelor of Arts programs.

Minor Requirement

A minor is required and may be selected from any of the Texas State approved minors.

Science Requirement

In addition to completing the mathematics and the life and physical sciences requirements of the general education core curriculum, students must complete one additional science course (3-4 hours) from anthropology (biological anthropology only), biology, chemistry, computer science, geography (physical geography only), geology, mathematics, philosophy (logic only), physics.

Modern Language Requirement

An intermediate level proficiency demonstrated by successful completion of American Sign Language, Arabic, French, German, Italian, Japanese, Latin, Portuguese, or Spanish (2310 and 2320) is required. Most students will need to complete 1410 and 1420 as prerequisites before attempting 2310.

Select one of the following:

ASL 2310 & ASL 2320	Intermediate American Sign Language I and Intermediate American Sign Language II
ARAB 2310 & ARAB 2320	Intermediate Arabic I and Intermediate Arabic II
CHI 2310 & CHI 2320	Intermediate Chinese I and Intermediate Chinese II
FR 2310 & FR 2320	Intermediate French I and Intermediate French II
GER 2310 & GER 2320	Intermediate German I and Intermediate German II
ITAL 2310 & ITAL 2320	Intermediate Italian I and Intermediate Italian II
JAPA 2310 & JAPA 2320	Intermediate Japanese I and Intermediate Japanese II
LAT 2310 & LAT 2320	Intermediate Latin and Intermediate Latin
POR 2310 & POR 2320	Intermediate Portuguese I and Intermediate Portuguese II
SPAN 2310 & SPAN 2320	Intermediate Spanish I and Intermediate Spanish II

English Literature Requirement

Select two of the following:

ENG 2310	British Literature before 1785
ENG 2320	British Literature since 1785
ENG 2330	World Literature before 1600
ENG 2340	World Literature since 1600
ENG 2359	US Literature before 1865
ENG 2360	US Literature since 1865

Note: Students who earn a "B" or "A" in the first sophomore literature course may choose to take an advanced literature course (3000 or 4000 level) instead of a second sophomore literature course.

Special Requirements for the Bachelor of Science

A **minor** is required and may be selected from any of the Texas State approved minors.

Pre-Professional Curricula

Students preparing to study dentistry, law, medicine, pharmacy, physical therapy, or veterinary medicine should enroll in the degree plan as suggested by the advisors listed below. Before each registration, the student should consult with an academic advisor.

Dentistry

The Dental Early Admission Program (DEAP) allows a qualified student to apply credits earned during Dental School to an undergraduate degree at Texas State, saving a year's coursework while earning both a bachelor's degree from Texas State and a dental degree from The University of Texas Health Science Center at San Antonio. A DEAP student enters and completes an accelerated undergraduate curriculum at Texas State including a minimum of 93 semester credit hours which can usually be completed in 3 years, 60 of these hours must be earned in residence at Texas State. Advanced placement and dual credit hours shall not be counted in the minimum of 60 hours in residence at Texas State. For more information contact the Department of Biology pre-health advisor, www.bio.txstate.edu/prehealthadvising (<http://www.bio.txstate.edu/prehealthadvising>).

Law

All accredited law schools in the state require at least the following from applicants prior to admission:

1. a bachelor's degree,
2. superior grades, and
3. a satisfactory score on the Law School Admission Test (LSAT).

Pre-law students are urged to consult a pre-law representative, as appropriate, from the following Texas State colleges, schools, or departments:

- School of Criminal Justice,
- Emmett and Miriam McCoy College of Business Administration,
- Department of Philosophy, or
- the Department of Political Science.

- 6 The pre-law student should also become familiar with the services available through the Student Learning Assistance Center. For more information contact your pre-law representative.

Medicine

Medical schools recommend an appropriate bachelor's degree and specific prerequisites for entrance. For more information contact the Department of Biology pre-health advisor, www.bio.txstate.edu/prehealthadvising (<http://www.bio.txstate.edu/prehealthadvising>).

Pharmacy

Pharmacy is a six-year program, two years of which may be taken at Texas State. The seven pharmacy schools in Texas (Texas A&M Health Science Center Irma Lerma Rangel College of Pharmacy, Texas Southern University College of Pharmacy and Health Sciences, Texas Tech University Health Sciences Center School of Pharmacy, University of Houston College of Pharmacy, University of the Incarnate Word Feik School of Pharmacy, The University of Texas at Austin College of Pharmacy, and University of North Texas Health Science Center) all require two years of prerequisite courses in chemistry, biology, mathematics, physics, English, humanities and social sciences, but the exact courses required vary by school. Consequently, it is imperative that pre-pharmacy students consult with an advisor prior to and during their pre-pharmacy program. For more information contact the Department of Chemistry and Biochemistry.

Physical Therapy

The physical therapy profession requires a post-baccalaureate degree in order to practice; Texas State offers a Doctor of Physical Therapy

degree program. For more information, contact the Department of Physical Therapy or visit www.health.txstate.edu/pt (<http://www.health.txstate.edu/pt>). The Department of Physical Therapy does not require a specific undergraduate degree in order to gain entrance into their program. However, the Department of Health and Human Performance (HHP) offers an undergraduate degree program that will prepare students to enter the application process for a physical therapy program. The main focus of this pre-professional program is to provide a strong theoretical background utilizing courses across multiple disciplines, including Athletic Training and Exercise and Sports Science, for admittance into a physical therapy program. Coursework will also help prepare students for professional degree programs in related fields, e.g., occupational therapy, chiropractor, and physician assistant. Because the prerequisites amongst professional programs vary, students should seek specific prerequisites for each program of interests.

See the HHP Department section of the catalog for specific course requirements in the degree plan for the Exercise and Sports Science major with a concentration in Pre-Physical Therapy.

Veterinary Medicine

The only College of Veterinary Medicine in Texas is at Texas A&M University. Prior to admission, students must complete at least 64 hours of coursework, which constitutes a pre-veterinary program. At Texas State, all students must choose a major in one of the 4-year bachelor's programs. While any major is acceptable, majors in Agriculture Animal Science, Biology or Chemistry most nearly parallel the courses required in the pre-veterinary program.

Advising for students at Texas State who wish to pursue the pre-professional curriculum in veterinary medicine is available by contacting the pre-veterinary advisor in the Department of Agriculture at Texas State, or by appointment with the College of Veterinary Medicine at Texas A&M University.

Degrees

Bachelor of Applied Arts and Sciences (B.A.A.S.)
 Bachelor of Arts (B.A.)
 Bachelor of Arts in International Studies (B.A.I.S.)
 Bachelor of Business Administration (B.B.A.)
 Bachelor of Exercise and Sports Science (B.E.S.S.)
 Bachelor of Fine Arts (B.F.A.)
 Bachelor of General Studies (B.G.S.)
 Bachelor of Health and Wellness Promotion (B.H.W.P.)
 Bachelor of Healthcare Administration (B.H.A.)
 Bachelor of Music (B.M.)
 Bachelor of Public Administration (B.P.A.)
 Bachelor of Science (B.S.)
 Bachelor of Science in Agriculture (B.S.A.G.)
 Bachelor of Science in Clinical Laboratory Science (B.S.C.L.S.)
 Bachelor of Science in Communication Disorders (B.S.C.D.)
 Bachelor of Science in Criminal Justice (B.S.C.J.)
 Bachelor of Science in Health Information Management (B.S.H.I.M.)
 Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.)
 Bachelor of Science in Nursing (B.S.N.)
 Bachelor of Science in Radiation Therapy (B.S.R.T.)
 Bachelor of Science in Recreational Administration (B.S.R.A.)
 Bachelor of Science in Respiratory Care (B.S.R.C.)
 Bachelor of Science in Technology (B.S.T.)
 Bachelor of Social Work (B.S.W.)

Majors

The table below lists all undergraduate majors as they would appear on a diploma and transcript. Please note that a number of these programs have additional emphases, specializations, or concentrations available.

Major	Degree	Minimum Hours	Minor	Teacher Cert.
Accounting	B.B.A.	120		
Advertising and Mass Communication	B.S.	120	Required	
Agriculture	B.S.A.G.	120		Optional
Agriculture Animal Science	B.S.A.G.	120		
Agriculture Business and Management	B.S.A.G.	120		
Anthropology	B.A.	120	Required	
Anthropology	B.S.	120	Required	
Applied Arts and Sciences	B.A.A.S.	120		Optional
Applied Mathematics	B.S.	120	Required	
Applied Sociology	B.S.	120	Required	
Aquatic Biology	B.S.	120	Required	
Art	B.A.	120	Required	
Art History	B.A.	120	Required	
Athletic Training	B.S.	122		
Biochemistry	B.S.	120	Required	
Biology	B.S.	120	Required	
Chemistry	B.S.	120	Required	
Clinical Laboratory Science	B.S.C.L.S.	120		
Communication Design	B.F.A.	120		
Communication Disorders	B.S.C.D.	120		
Communication Studies	B.A.	120	Required	Optional
Computer Information Systems	B.B.A.	120		
Computer Science	B.A.	120	Required	Optional
Computer Science	B.S.	120	Required	Optional
Concrete Industry Management	B.S.	120	Required	
Construction Science and Management	B.S.	120	Required	
Consumer Affairs	B.S.F.C.S.	120	Required	Optional
Criminal Justice	B.S.C.J.	120		
Criminal Justice Corrections	B.S.C.J.	120		
Criminal Justice Law Enforcement	B.S.C.J.	120		
Dance	B.F.A.	120		Optional
Economics	B.A.	120	Required	
Economics	B.B.A.	120		
Electrical Engineering	B.S.	136	Required	
Electronic Media and Mass Communication	B.S.	120	Required	
Engineering Technology	B.S.T.	120		
English	B.A.	120	Required	Optional
Exercise and Sports Science	B.E.S.S.	120		Optional

Family and Child Development	B.S.F.C.S.	120		Optional
Fashion Merchandising	B.S.F.C.S.	120	Required	
Finance	B.B.A.	120		
French	B.A.	120	Required	Optional
General Studies	B.G.S.	120	Required	
Geographic Information Science	B.S.	120	Required	
Geography	B.A.	120	Required	
Geography	B.S.	120	Required	Optional
Geography Resource and Environmental Studies	B.S.	120	Required	
Geography Urban and Regional Planning	B.S.	120	Required	
Geography Water Resources	B.S.	120	Required

Honors College

Dean

Heather C. Galloway, Ph.D.

Lampasas Building Room 407

T: 512.245.2266 F: 512.245.8959

www.txstate.edu/honors (<http://www.txstate.edu/honors>)

The Honors College provides a community for students from all majors. Students can take advantage of eclectic and challenging interdisciplinary courses designed by professors in fields such as:

- physics,
- mathematics,
- the humanities,
- poetry,
- business, or
- the arts.

In these small seminar-type classes, students discuss ideas and raise questions stimulated by readings, field trips, and presentations. Honors classes aim to promote interdisciplinary inquiry, creativity, and a lifetime love of learning. Through the Honors Independent Study, the Honors Contract course and the Honors Thesis, students can also design their own course of study.

The Honors College encourages students to apply for nationally and internationally competitive awards such as the Truman graduate scholarships, and Honors faculty assist students applying to graduate schools. The college offers study abroad experiences and encourages students to participate. Additionally, the Honors College participates in the Texas State "Common Experience" program through programming, art exhibits, and courses which connect to the theme.

The Honors College is housed in the historic Lampasas building, adjacent to Old Main. The space includes seminar rooms, a student computer lab, a conference room, offices for staff and student academic organizations and the Honors Coffee Forum - a large area for coffee, conversation, study, and events completely surrounded by the Gallery of the Common Experience art exhibits.

Application

The Honors College accepts students on a rolling admissions basis. To apply, go to <http://www.txstate.edu/honors/work/application.html>. Entering 1st year students from the top 10 percent of their graduating class, or those with a composite score of 27 on the ACT or 1180 on the SAT (Math + Verbal), are eligible to apply for admission to the college. Transfer or currently enrolled students with a GPA of at least 3.25 are also eligible to apply.

Graduation

Students wishing to graduate in the Honors College have two avenues available for doing so:

1. the traditional Honors College route, where students complete 15 hours of honors courses, including the Honors Thesis and
2. a minor in Honors Studies, where students complete 21 hours of honors courses, including the Senior Seminar and the Honors Thesis.

All Honors College students must maintain a minimum GPA of 3.25 to remain in and to graduate from the program. Students may elect to participate in the Honors College curriculum and community without completing Honors graduation requirements.

Program Benefits

Continuing Honors College students receive access to early registration each semester. Students may receive travel assistance from the college to present research at regional and national conferences and are eligible for scholarships and research support awarded through the Honors College.

The Honors Thesis (a requirement to graduate in the college) allows students to design a research or creative project that they complete under the supervision of a professor who is an expert in the research area. Students present their theses in an undergraduate thesis forum, and completed theses are added to the collection of Alkek Library. Students use the experience of completing an Honors Thesis in their applications to graduate school and/or applications for post graduate work.

Texas State rewards completion of the Honors College requirements with name and thesis title included in the Commencement program, a special transcript annotation, and an Honors College certificate as a supplement to the diploma. The Honors College also provides a special medallion to its graduates, especially suited for wearing at Commencement.

Program Faculty

The Honors College builds on the strength of master teacher-scholars from across the campus, including persons who have garnered Presidential Excellence awards, Piper Professor and other state/national teaching awards, Fulbright Fellowships, and awards for their writing, research, and service contributions. Current faculty are listed on the website.

Courses in Honors

New courses in the Honors College are created continually, a process that ensures innovative, thoughtful offerings not duplicated elsewhere. Faculty members and students who participate in Honors classes represent many different academic departments and colleges from across the campus. Honors courses feature an explicitly interdisciplinary component, and all courses are, by definition, writing intensive. The courses are also discussion intensive, and students are expected to communicate orally, as well as demonstrate problem-solving skills. Many of the courses are designed to replace general education core requirements or advanced offerings. To see particular courses that are offered within the general rubrics listed, please see course listings at the Honors College website: <http://www.txstate.edu/honors>. Recent course offerings include Graphic Novel: Form and Practice, New and Old World Philosophy, The Voices of Eros in Poetry, Elementary Number Theory, Baseball and the American Experience, Nature and the Quest for Meaning, Humanity and the Natural Environment: A Study of Interrelationships, Disturbing the Peace: Politics of Language and Power in Hip-Hop Culture, C.S. Lewis: Chronicles of a Master Communicator, Astronomy in Art, History and Literature, and From Court to Street: 18th Century France, a course taught entirely in Paris.

Honors Contract Course

Designated with "Honors work included" on students' transcript upon completion, any regular Texas State course above the 2000 level can become an Honors Contract course with the concurrent approval of the student, faculty instructor, and Honors College. Students completing an Honors Contract course complete at least 15% work in addition to the requirements set forth in the course and must earn a 'B' or better in the course. (WI)

Departmental Honors Course

Offered in a growing number of departments, the Departmental Honors Course will follow the set curriculum with additional depth in subject matter and will encourage more student independent research. Possible course modifications include independent projects, group projects, papers, fewer multiple-choice exams, and class size limited to 17 students.

Minor

Courses in Honors (HON)

HON 1390A. History of Ideas I: Greek Civilization.

The course aims at surveying Greek Civilization from the beginnings through the Trojan War until the rise of Alexander the Great, concentrating on the flux of the fifth century for the most part, using selected Greek literature to attempt to instill awareness of Greek achievement and society and its continuing legacy for our own. Students will also read Greek philosophy and history. (WI).

HON 3393B. Quest for Order & Justice in Law.

This course explores the nature of law. It examines diverse perspectives of law expressed in legal texts, religious texts and literature, in order to identify tensions between two important ends of law. Law is a source of social order and it is a source of justice. But these ends sometimes conflict. The course begins by indentifying this conflict and analyzing arguments that resolve it in favor of order or justice. Afterwards, it explores how the conflict influences the development of legal doctrine and how it shapes the practice of law. (WI).

HON 3395X. Writing Yourself into Academia: Creating Portraiture.

Portraiture is a cross-genre research methodology in which writers study a person, a group of people, an institution, or a concept. Students will create carefully researched portraits that integrate personal narrative, interviews, and academic research. Portraiture values students' lived experiences and has roots in anthropology, sociology, journalism, and creative nonfiction. (WI).

HON 3480C. Teaching Physical Science to Children.

This studio-styled physics course is ideal for preservice K-8 teachers. Course content includes both physics concepts and research findings on physics teaching and learning. We will focus on developing deep understanding of fundamental concepts in physical science and how these concepts relate to making sense of our everyday experience. (WI).

Faculty

Burka, Paul Joel, Lecturer, Honors College, J.D., University of Texas at Austin

Galloway, Heather C, Dean, Honors College and Professor of Physics, Honors College, Ph.D., Univ of California-Berkeley

Haas, Ronny Michael, Lecturer, Honors College, Ph.D., Rice University

McCabe, Diann A, Senior Lecturer, Honors College, M.F.A., Texas State University

Miller, Michael Nelson, Lecturer, Honors College, Ph.D., Texas A&M University

Poston, William Joseph, Lecturer, Honors College, M.B.A., University of Texas at Austin

Minor in Honors Studies

A minor in Honors Studies requires 21 semester hours, of which 12 hours are advanced including HON 4390A and HON 4390B. Of the advanced courses, a maximum of 2 may be Honors Contract courses. Honors Contract courses may not be counted for both the minor and the major. A maximum of 3 Honors courses may be counted to satisfy both General Education Core Curriculum requirements and the minor. Students are required to demonstrate cross-cultural experience by completing a study abroad program or an alternative cross-cultural component. Students must complete an Honors Thesis by enrolling in HON 4390B. Students are required to make a presentation of the thesis in the Honors Thesis Forum and obtain approval by the thesis supervising professor and the Dean of the Honors College.

College of Applied Arts

Dean

T. Jaime Chahin, Ph.D.

Assistant Dean

Donna Vandiver, Ph.D.

Department Chairs/School Directors

Aerospace Studies—Lt. Col. Matthew S. Fehrman
Agriculture—Donna Vandiver, Ph.D., Interim
Criminal Justice—Christine Sellers, Ph.D.
Family and Consumer Sciences—Rodney C. Runyan, Ph.D.
Military Science—Lt. Col. Jose A. Garcia, M.A.
Occupational, Workforce, and Leadership Studies—Mary Jo Biggs, Ph.D., Interim
Social Work—Karen Knox, Ph.D., Interim

The College of Applied Arts' mission is to prepare undergraduate and graduate students for careers through programs of high quality in academic, professional, and technical areas; to further faculty excellence in teaching supported by quality scholarship; and to enhance our involvement with local, state, national, and international constituencies.

The College of Applied Arts offers five undergraduate degrees:

1. Bachelor of Science in Agriculture;
2. Bachelor of Science in Criminal Justice;

3. Bachelor of Science in Family and Consumer Sciences;
4. Bachelor of Applied Arts and Sciences;
5. Bachelor of Social Work

In addition, the Departments of Aerospace Studies and Military Science prepare students for commissioning in the United States Air Force, United States Army, United States Army Reserves, or Army National Guard.

Twenty-two undergraduate majors (several with specialized options) are offered by four departments and three schools within the College:

- Agriculture: animal science with specializations in basic science and pre-vet and integrated ranch and natural resources management, general agriculture with or without teacher certification, agricultural business and management with specializations in agribusiness management, agricultural systems management, and horticultural business.
- Criminal Justice: law enforcement, corrections, criminal justice.
- Family and Consumer Sciences: family and consumer sciences (with consumer science option and teacher certification option), family and child development (with teacher certification option), fashion merchandising, interior design, nutrition and foods (with teacher certification option).
- Occupational, Workforce, and Leadership Studies: applied arts and sciences. (Individualized degree program that offers adults the opportunity to receive college credit for previous competencies acquired in the workplace as well as select a new career path or supplement skills in current path.)
- Social Work: Education for beginning generalist in social work practices. Designed to give you a well-rounded perspective on efforts to enhance human well-being and productivity, help alleviate poverty and strengthen social justice.

Several of the College's programs have externship-type courses. These courses provide opportunities for students to further their education in an environment external to Texas State. These courses have entrance requirements including good academic standing at the time of the internship. More specific course requirements are available from the department of your major.

Academic Advising Center

Agriculture Building Room 201

T: 512.245.1490 F: 512.245.1627
www.advising.appliedarts.txstate.edu (<http://www.advising.appliedarts.txstate.edu>)

The mission of the College of Applied Arts Academic Advising Center is to provide accurate and timely advice to prospective and current students regarding their progress toward completion of undergraduate degree programs administered by the college. Services include preparation of degree audits, assistance with degree planning, scheduling of classes, counseling for probation and suspension, evaluation of transfer work, and application for graduation. Please contact the Advising Center staff to schedule an appointment for advising.

Department of Aerospace Studies

Air Force Reserve Officer Training Corps Detachment 840

Derrick Hall Room 301

T: 512.245.2182 F: 512.245.7474

www.afrotc.txstate.edu (<http://www.afrotc.txstate.edu>)

The Air Force Reserve Officer Training Corps (AFROTC) Program at Texas State develops skills and attitudes vital to professional Air Force Officers. The purpose of the program is to commission qualified students who wish to serve in the United States Air Force.

For the four-year program, students may register in the same manner as for other college courses. During the freshman and sophomore years of the program, students enroll in the General Military Course (GMC). Membership in the GMC does not confer any military status or commitment upon the cadet. After completion of the GMC, students compete for entry into the Professional Officer Course (POC), which is outlined below and normally is taken during the last two years of college.

The POC is designed to provide greater flexibility to meet the needs of students desiring a commission in the Air Force. The basic requirement is that the student has two full-time academic years remaining at either the undergraduate or graduate level to meet the minimum requirement of four semesters of POC academics and Leadership Laboratory.

Selection for the POC is highly competitive. Criteria used to assess qualifications of applicants are the Air Force Officer Qualification Test (testing material and information is available through AFROTC), cumulative GPA, physical fitness test, and the recommendation of the Professor of Aerospace Studies. Before formal induction into the POC, applicants must complete a four-week summer Field Training encampment paid for and conducted annually by the Air Force.

Both GMC and POC members must attend a weekly two-hour laboratory each semester. The laboratory provides cadets an environment to develop, learn and practice Air Force leadership skills. Students interested in learning more about AFROTC may visit <http://www.afrotc.com> or contact the Department of Aerospace Studies and Detachment 840.

Students may compete for a variety of scholarships. Qualified students may apply during the fall or spring semester for a scholarship that covers the remaining years in the program. The scholarships provide up to full tuition, laboratory and incidental fees, and an allowance for books. All students must complete a minimum of 24 semester hours of math and physical science or four semester hours of the same foreign language. In addition, scholarship students, based on their classification, may receive up to \$500.00 per month tax-free subsistence. Students may obtain complete scholarship information at the department.

Pursuant to Texas Education Code §51.302, up to three semester hours of credit in an upper-level ROTC course may be applied to the general education core curriculum American History Component (HIST 1310 or HIST 1320) and up to three hours to the general education core curriculum Government/Political Science Component (POSI 2320 only).

Minor

- Aerospace Studies

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Aerospace Studies (A S)

A S 1000. Leadership Laboratory.

An integral and mandatory two-hour lab accomplished concurrently with all Aerospace Studies courses. It is a progression of practical command and staff experiences that develop leadership potential. AFROTC cadets plan, organize, direct, coordinate, and control all activities. The lab is repeatable without credit because it focuses on different leadership processes.

about Leadership Laboratory

0 Credit Hours. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Time Conflicts Permitted

Grade Mode: Credit/No Credit

about Leadership Laboratory

A S 1110. The Air Force Today I.

A study of the doctrine, mission, and organization of the United States Air Force; United States strategic offensive and defensive forces, their missions and functions; and employment of nuclear weapons. Co-requisite: A S 1000.

about The Air Force Today I

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about The Air Force Today I

A S 1120. The Air Force Today II.

An introduction to flight, oral and written communication for the Air Force officer, Air Force installations, the Air Force profession and how the Air Force integrates with the U.S. Army, Navy, Marines, and Coast Guard. Co-requisite: A S 1000.

about The Air Force Today II

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about The Air Force Today II

A S 2110. The Development of Air Power I.

A historical study of the development of air and space power beginning before the first powered flights through WWI, the inter-war years, and WWII, tracing the development of various air power concepts with a focus on factors prompting aerospace research and technological change. Co-requisite: A S 1000.

about The Development of Air Power I

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about The Development of Air Power I

A S 2120. The Development of Air Power II.

A continuation of A S 2110 studying the historical development of air and space power from Vietnam to the present. Events and trends in the history of airpower are examined, emphasizing examples of the impact of air and space power on strategic thought. Co-requisite: A S 1000.

about The Development of Air Power II

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about The Development of Air Power II

A S 3311. Leadership and Management I.

A study of the framework of leadership in the Air Force (AF), part 1. Practical case studies examine AF leadership and management situations and discipline and ethics scenarios that demonstrate applications of the concepts. The course emphasizes communication skills used by officers in the AF. Co-requisite: A S 1000.

about Leadership and Management I

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Leadership and Management I

A S 3312. Leadership and Management II.

A study of the framework of leadership in the Air Force (AF), part 2. Practical case studies examine AF leadership and management situations and discipline and ethics scenarios that demonstrate applications of the concepts. The course emphasizes communication skills used by officers in the AF. Co-requisite: A S 1000.

Faculty

Carter, Nicholas J, Assistant Professor, Aerospace Studies, M.S., University of Phoenix

Fehrman, Matthew Steven, Chair - Professor, Aerospace Studies, M.S., Air University

Lawrence, Adam Christopher, Assistant Professor, Aerospace Studies, M.A., Univ of Oklahoma Norman Campus

Minor in Aerospace Studies

A minor in Aerospace Studies requires 19 hours, including:

A S 1110	The Air Force Today I	1
A S 1120	The Air Force Today II	1
A S 2110	The Development of Air Power I	1
A S 2120	The Development of Air Power II	1
A S 3311	Leadership and Management I	3
A S 3312	Leadership and Management II	3
A S 4311	National Security Forces in Contemporary American Society I	3
A S 4312	National Security Forces in Contemporary American Society II	3
3 hours of MATH		3
Total Hours		19

Cadets must enroll in A S 1000 every term until graduation.

Department of Agriculture

Agriculture Building Room 206

T: 512.245.2130 F: 512.245.3320

www.ag.txstate.edu (<http://www.ag.txstate.edu>)

Agriculture majors have a choice of four different degree tracks:

- Agriculture,
- Agriculture Teacher Certification,
- Agriculture Animal Science,
- Agriculture Business and Management.

The Department of Agriculture offers programs reflecting the diversity of choices available and skills required in modern agriculture and its related professions. This dynamic, global industry uses new technologies to improve the production, management, manufacture, and distribution of food and agricultural products.

Major in Agriculture

Agriculture majors are provided a broad exposure to agriculture. With this curriculum, students may expect to manage a ranch or a farm, or work in any career that requires a general agriculture education such as county extension agents, banking or government service.

Major in Agriculture with Teacher Certification in Agricultural Science and Technology

A comprehensive educational program concerned with the broad field of agriculture. Emphasis in the major is on production techniques, managerial skills and competencies necessary to function as agricultural scientists, educators, or agricultural managers in today's complex agricultural industry. Agricultural science and technology teachers are certified to teach in grades six through twelve in the public schools of Texas.

Major in Agriculture Animal Science

The study of all aspects of the livestock and poultry industries including commercial production and management; food processing; and animal feed/animal health including nutrition, biotechnology and veterinary medicine. Involvement of students in ongoing faculty research prepares graduates for careers in research and industry; and for further education

in veterinary schools or graduate schools. Students may pursue two specializations with this major:

- Basic Science and Pre-Vet. The department supervises the Pre-Veterinary Science program, which provides two years of specialized course work for students planning to enter veterinary school.
- Integrated Ranch and Natural Resources Management

Major in Agriculture Business and Management

This major reaches far beyond the farm to encompass the activities involved in bringing food and fiber to consumers. Students may pursue three specializations with this major:

- Agribusiness Management. In this specialization students learn about the acquisition and use of capital, the working of the marketplace, financial institutions, and the effect of government policies on agriculture. Therefore, the Agribusiness Management specialization includes courses in agricultural finance, marketing and policies dealing with resource use as well as courses in technical agriculture and general education core curriculum.
- Agricultural Systems Management. This specialization integrates and applies engineering technology, agricultural sciences, and business. It prepares graduates for careers in technical fields and engineering such as agricultural machinery and power systems, electrical energy systems including sensors and controls, agricultural structures, surveying, and environmental systems including water utilization and quality. Students are involved with ongoing research, farm power and machinery, and precision farming and global positioning systems. Graduates are expected to assume positions of leadership and responsibility in careers such as product testing and service management, agricultural sales and services, and agricultural production systems.
- Horticultural Business. This specialization teaches management of commercial establishments and institutions that produce ornamental plants such as greenhouses and nurseries, floral shops and plant therapy businesses. The major also contains specialized courses in horticulture that utilize greenhouses, the Freeman Center and the Living Library Gardens.

Internship

Students are encouraged to apply for internships and enroll in AG 4310 after their junior year. The department will assist students in securing internships in agriculturally related businesses or agencies. For specific information and requirements about internships, contact the Department Chair.

Bachelor of Science in Agriculture (B.S.A.G.)

- Major in Agriculture (p. 97)
- Major in Agriculture (Teacher Certificate in Agriculture Science and Technology, Grades 6-12) (p. 98)
- Major in Agriculture Animal Science (Basic Science and Pre-Vet Specialization) (p. 99)
- Major in Agriculture Animal Science (Integrated Ranch and Natural Resources Management Specialization) (p. 100)
- Major in Agriculture Business and Management (Agribusiness Management Specialization) (p. 101)

- Major in Agriculture Business and Management (Agricultural Systems Management Specialization) (p. 102)
- Major in Agriculture Business and Management (Horticultural Business Specialization) (p. 103)

Minors

- Agriculture (p. 104)
- Animal Science (p. 104)
- Horticulture (p. 104)
- Plant and Soil Science (p. 105)
- Second Teaching Field in Agriculture Science and Technology (Grades 6-12)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Agriculture (AG)

AG 1110. Careers in Agriculture.

This course is an introduction to careers available in the broad field of agriculture including an overview of personal and career qualifications needed for workplace success.

about Careers in Agriculture

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: AGRI 1131

about Careers in Agriculture

AG 1445. Basic Animal Science.

An introductory course designed to acquaint students with the importance of the livestock industry. A study of the types and breeds; market classes and grades of beef cattle, swine, sheep, goats, horses, and poultry; attention will be given to breeding, judging, care, and management.

about Basic Animal Science

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

TCCN: AGRI 1419

about Basic Animal Science

AG 2310. Applied Leadership Principles.

Preparation for professional leadership and service, with emphasis on application of leadership principles. The course will focus on guiding students in developing enhanced leadership skills through group and individual leadership enhancement projects and topic research.

Prerequisite: AG 1110.

about Applied Leadership Principles

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Applied Leadership Principles

AG 2313. Agronomic Crops.

A study of the production, harvest practices, storage, and use of cereal and feed grains, fiber crops, forages, and other related crops requiring special technology.

about Agronomic Crops

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

TCCN: AGRI 1307

about Agronomic Crops

AG 2345. Horse Management.

A course designed as a broad but thorough coverage of most areas of horse husbandry and production, including anatomy, physiology, breeding, feeding, training, and health care. Laboratory sessions are designed to acquaint the student with modern methods of breeding, training, and care of the horse.

about Horse Management

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Horse Management

AG 2367. Animal Ultrasonography.

A study of current developments and utilization of animal ultrasonography technology in agriculture. Hands-on training in animal growth and development, animal breeding, animal handling and management, animal reproduction, computer technology and data interpretation.

about Animal Ultrasonography

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Animal Ultrasonography

AG 2373. Introduction to Agricultural Engineering.

An introductory course designed to acquaint students with a wide range of concepts, principles and applied technologies in agricultural engineering. A problem solving course.

about Introduction to Agricultural Engineering

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

TCCN: AGRI 2303

about Introduction to Agricultural Engineering

AG 2374. Metal Fabrication and Welding Technology for Agriculture.

This course covers the principles and practices of applied metallurgy and welding. Emphasis is given to the management of the technologies and techniques associated with oxy-fuel cutting, shielded metal arc welding (SMAW), Gas Metal Arc Welding (GMAW), Gas Tungsten Arc Welding (GTAW), and Plasma Arc Cutting (PAC). Prerequisite: AG 2373.

about Metal Fabrication and Welding Technology for Agriculture

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

TCCN: AGRI 1309

about Computer Applications in Agriculture

AG 3301. Genetics of Livestock and Plant Improvement.

Fundamental principles of genetics and their application to higher plants and animals. The physical basis of Mendelian inheritance, expression and interaction of genes, gene frequency, linkage, sex linkage, inbreeding, line breeding, and crossbreeding as applied to selection indices for livestock and plants. Prerequisites: AG 1445; BIO 1330 and BIO 1130. (WI).

about Genetics of Livestock and Plant Improvement

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Genetics of Livestock and Plant Improvement

AG 3302. Herbaceous Plant Materials.

This course will include the identification, selection, use, and management of annuals, perennials, herbs, and ornamental grasses in the landscape. Each student will learn irrigation, fertilization, pruning, and other cultural needs of such plants. The laboratory will complement lecture.

about Herbaceous Plant Materials

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Herbaceous Plant Materials

AG 3304. Propagation of Horticultural Plants.

Principles and practices of propagating ornamental plants, vegetables, and fruits by sexual and asexual methods including germination of seed, layerage, graftage, division, cuttage, bulbs, corms, and other vegetative plant structures. Study of physical, physiological and environmental factors affecting propagation of ornamental plants.

about Propagation of Horticultural Plants

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Propagation of Horticultural Plants

AG 3305. Woody Plant Materials for Outdoor Landscapes.

Study of woody plant material including fruit and ornamental trees, shrubs, and ground covers and their identification, nomenclature, and use in the planting and development of home landscapes.

about Woody Plant Materials for Outdoor Landscapes

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Woody Plant Materials for Outdoor Landscapes

AG 3306. Flowers and Plants for Interior Design.

Study of flowers, cut flowers, foliage and blooming pot plants to enhance the interior design of homes and businesses including their identification, cultural requirements, uses, diagnoses and corrective measures of disorders. Basic principles of flower arrangement and the preparation of floral and plant decoration as used in interior design. (WI).

about Flowers and Plants for Interior Design

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Flowers and Plants for Interior Design

AG 3308. Organic Gardening.

Study of principles and practices that involve the production of vegetables by organic methods. Fertility and irrigation; as well as weed, insect and disease control by practices will be covered.

about Organic Gardening

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Organic Gardening

AG 3310. Agriculture Power and Machinery Technology.

This course covers the principles of 2 stroke and 4-stroke cycle engines, ignition, and combustion types including injection systems. Components including power and power transmissions and hydraulic systems will also be addressed. Prerequisites: Math 1315 and AG 2373.

about Agriculture Power and Machinery Technology

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Agriculture Power and Machinery Technology

AG 3314. Animal Health and Disease Control.

A course designed to enable the animal science student to understand basic veterinary principles as applied to prevention of disease in domestic livestock. Common diseases of livestock are considered, with emphasis on sanitation and modern preventative methods concerned with keeping livestock healthy. Prerequisite: AG 1445.

about Animal Health and Disease Control

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Animal Health and Disease Control

AG 3317. Farm Management.

Tools and techniques which are basic to the study of farm organization and decision making, the wise allocation of factors of production, the keeping of records, and income tax management. Prerequisites: AG 2383, AG 2390; MATH 1315 or MATH 1319.

about Farm Management

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Farm Management

AG 3318. Agricultural Business Management.

Introduction to the institutions and functions in agribusiness. The institutional structure of the agribusiness sector such as the feed, farm machinery and equipment, farm chemicals, financial institutions and private and public agri-services will be delineated. The second part of the course will introduce and develop the various functions such as organizational behavior, financial management, market management and human resource management. Prerequisites: AG 2383, AG 2390; MATH 1315 or MATH 1319.

about Agricultural Business Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Agricultural Business Management

AG 3319. International Food and Fiber Systems.

Presents the food and fiber system from an international Component. Analysis of food production and consumption patterns under different world economic systems, causes of surpluses and shortages throughout the world; the role of trade in solving food and agricultural problems. Outlook and situation for food and fiber is discussed for both developed and developing nations, and impact of U.S. food policy on world trade flows is presented. (MC).

about International Food and Fiber Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about International Food and Fiber Systems

AG 3321. Range Management.

Practical problems met in managing native pastures and rangelands. Attention to determining range condition and proper stocking rates, methods of handling livestock on the range, range reseeding, brush control, and poisonous plants. The ecological and physiological response of range vegetation to grazing. Prerequisite: AG 1445.

about Range Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Range Management

AG 3325. Animal Nutrition.

Principles of animal nutrition with emphasis on digestion, absorption, metabolism, and function of nutrients; estimation of feedstuff nutritive value; and requirements of animals. Prerequisites: CHEM 1341, CHEM 1141 and BIO 1330 BIO 1130. (WI).

about Animal Nutrition

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Animal Nutrition

AG 3329. Economic Entomology.

A study of the most common insects of field crops, fruits, and vegetables; life history, methods of attack, damage, and means of preventing and controlling. Collection and mounts of insects will be made.

about Economic Entomology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Economic Entomology

AG 3330. Applied Wildlife Nutrition.

Basic and fundamental principles of nutrition for ruminant and non-ruminant wildlife with emphasis in North American and African wildlife. Attention will be given to digestive physiology and anatomy, feed sources, forage resources, and nutrient requirements. Prerequisite: AG 1445 or BIO 1330 and BIO 1130.

about Applied Wildlife Nutrition

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Lab Required

Grade Mode: Standard Letter

about Applied Wildlife Nutrition

AG 3331. Reproduction in Farm Animals.

An examination of the anatomy and physiology of reproductive systems of livestock of economic importance. Attention is given to reproductive failure and disease. The laboratory includes pregnancy testing, semen collection and evaluation, artificial insemination techniques, and evaluation of breeding records. Prerequisites: AG 1445 and 3301, or BIO 2450.

about Reproduction in Farm Animals

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Reproduction in Farm Animals

AG 3345. Livestock Selection and Evaluation.

Detailed consideration of the factors involved in the selection and evaluation of beef cattle, sheep, swine, rabbits, goats, and chickens. Emphasis will be placed on the care, grooming and exhibition of livestock projects. Prerequisite: AG 1445; junior classification.

about Livestock Selection and Evaluation

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Livestock Selection and Evaluation

AG 3351. Agricultural Marketing and Sales.

A study of the food marketing system and farm input sales; includes the functional systems approach that integrates the agricultural input industries into a discussion of food marketing; takes a micro approach to the development of marketing management skills needed in agribusiness; and provides a critical outlook on issues ranging from inputs to final food products. Prerequisites: AG 2383; MATH 1315 or MATH 1319. (WI).

about Agricultural Marketing and Sales

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Agricultural Marketing and Sales

AG 3352. Quantitative Methods in Agricultural Economics.

Principles involved in collection, tabulating and analyzing agricultural data. Topics include sampling procedures, questionnaire development, descriptive analysis of data, correlation, prediction and forecasting and tests of significance. Simple computer programs will be stressed for class exercises during the course. Prerequisite: MATH 1315, MATH 1319, MATH 2321, or MATH 2471.

about Quantitative Methods in Agricultural Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Quantitative Methods in Agricultural Economics

AG 3353. Agricultural Structures and Environment.

Principles and practices associated with structural components, selection, materials of construction, heat and moisture control, and the environmental issues of waste management systems; a problem solving course. Prerequisites: MATH 1315, AG 2373 and AG 2390.

about Agricultural Structures and Environment

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Agricultural Structures and Environment

AG 3375. Management of Agricultural Machinery and Equipment.

This course addresses the optimization of the equipment phases of agricultural production and processing. Emphasis will be placed on management and decision making principles concerned with the efficient selection, operation, repair, maintenance, and replacement of machinery and equipment. Prerequisites: AG 2373, MATH 1315, CHEM 1341, CHEM 1141, and AG 2390.

about Management of Agricultural Machinery and Equipment

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Management of Agricultural Machinery and Equipment

AG 3426. Soil Science I.

The fundamental principles of soil science to acquaint the student with some physical, chemical, and biological properties of the soil. Prerequisites: CHEM 1341 and CHEM 1141; and AG 2313 or AG 2379.

about Soil Science I

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Soil Science I

AG 3427. Soil Science II.

Management of soils as pertaining to their place in the environment. Special emphasis will be given to the role of soil in conventional agricultural systems, natural resource systems, waste management systems, and reclaimed and artificial soil systems. Prerequisite: AG 3426. (WI).

about Soil Science II

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Soil Science II

AG 3455. Land Surveying.

Engineering practices used in plane and geodetic surveying including differential and profile leveling, topographic, land, boundary and cadastral, and construction surveys. Laboratory exercises include use of dumpy levels, transits and total stations, and GPS (Global Positioning System) total station with RTK (real time kinematic). Planimeters and stereoscopes are used in analyzing aerial maps. Prerequisites: MATH 1315 or MATH 1317 or MATH 1319; AG 2373 and AG 2390.

about Land Surveying

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required|Time Conflicts Permitted

Grade Mode: Standard Letter

about Land Surveying

AG 4185. Current Problems in Technical Agriculture.

A course for advanced undergraduates to study subject matter of special interest in agriculture. Problems in agronomy, economics, animal science, plant science, and farm mechanics may be selected. Prerequisite: Approval by department chair. May be repeated for up to three semester hours credit. Course may not be taken for graduate credit. (WI).

about Current Problems in Technical Agriculture

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Dual Enrollment Permitted|Writing Intensive

Grade Mode: Standard Letter

about Current Problems in Technical Agriculture

AG 4212. Program Building.

This course will focus on program and curriculum development in agricultural education settings. Primary course elements will include determining program and curriculum goals and objectives, implementing the program, and curriculum evaluation. Prerequisites: AG 4343, AG 4361 (to be taken in final semester).

about Program Building

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Program Building

AG 4300. Greenhouse and Nursery Management.

Planning greenhouses for commercial and home use; plant-nursery layouts. Study of the physical and economic factors affecting the production of plants in the greenhouse and other forcing structures, and in the field; management techniques used in the production and marketing of greenhouse and nursery plants. (WI).

about Greenhouse and Nursery Management

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Greenhouse and Nursery Management

AG 4302. Fruit and Vegetable Crop Production.

Factors influencing small-fruit and tree-fruit and vegetable crop production in the field including root stocks, varieties, soil, planting, transplanting, irrigating, fertilizing, pruning, insects, diseases, nematodes, weeds, chemicals, harvesting, storing, and marketing; greenhouse production of certain vegetables. Prerequisite: AG 2313 or AG 2379. (WI).

about Fruit and Vegetable Crop Production

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Fruit and Vegetable Crop Production

AG 4304. Landscape Management.

To acquaint students with the practices and techniques used in professional landscape construction and management, and with the scientific and technical basis for such practices.

about Landscape Management

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Landscape Management

AG 4305. Landscape Design.

Landscaping combines elements of art and science to create functional, aesthetically pleasing outdoor space. This class helps students develop knowledge of design elements and principles. Students learn site and client analysis techniques for critiquing landscapes. Students learn to communicate ideas through the planning and drawing of landscape plans.

about Landscape Design

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Landscape Design

AG 4307. Professional Development in Agriculture.

This course requires students to select a topic of current interest appropriate to the major. Critical analysis of the situation including both positive and negative aspects will be encouraged. Findings will be presented in both oral and written form. (Capstone Course). Senior Classification required to enroll.

about Professional Development in Agriculture

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Professional Development in Agriculture

AG 4310. Agricultural Internship.

This course integrates professional and academic experience through internship with an external employer. The internship is designed to provide actual work experience, observation and analysis in the student's chosen career field. Prerequisites: Junior or Senior standing and a GPA of 2.75 or higher.

about Agricultural Internship

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Agricultural Internship

AG 4311. Instructional Methods for Career and Technology Educators.

An analysis of the instructional techniques, strategies and methods appropriate to the effective teaching of career and technology subjects. Teaching special populations and teaching in multicultural environments will be addressed. To be taken the Fall semester before student teaching.

about Instructional Methods for Career and Technology Educators

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Instructional Methods for Career and Technology Educators

AG 4325. Feeds and Feeding.

Study of feedstuffs used in livestock enterprises. Application of basic nutrients to the needs of different species of livestock. Formulating rations, methods of feeding, feed control laws, and feeding investigation. Prerequisites: AG 1445; CHEM 1341, CHEM 1141; BIO 1330, BIO 1130.

about Feeds and Feeding

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Feeds and Feeding

AG 4326. Advanced Animal Science-Ruminants.

The application of scientific and technological advances to production and management in ruminant animal production and management. Prerequisite: AG 1445. (WI).

about Advanced Animal Science-Ruminants

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Advanced Animal Science-Ruminants

AG 4328. Advanced Animal Science-Poultry and Swine.

Application of basic principles in the production and management of nonruminant animals. Scientific and technological advances with emphasis on overall management, health care, nutrition, genetics, physiology, and marketing of nonruminant animals. Prerequisite: AG 1445. (WI).

about Advanced Animal Science-Poultry and Swine

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Advanced Animal Science-Poultry and Swine

AG 4330. Food Technology: Processing Meats.

Evaluation and grading of carcasses; wholesale and retail cuts of beef, pork, lamb, and poultry. Emphasis on quality controls, testing of finished products that have been frozen, cured, fried, pickled, and canned. Prerequisites: AG 1445, BIO 1330, 1130 and CHEM 1341, 1141; or consent of instructor.

about Food Technology: Processing Meats

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Food Technology: Processing Meats

AG 4343. Organization and Management for Laboratory Programs.

Instructional programs involving laboratory equipment and facilities will be examined. Curriculum, teaching methods, equipment and facility management practices including various aspects of safety, tool management, inventory and security are emphasized along with facilities layout planning. Must be taken in last semester of program. Prerequisites or co-requisites: AG 4212 and AG 4681.

about Organization and Management for Laboratory Programs

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Organization and Management for Laboratory Programs

AG 4361. Agriculture Electric and Mechanical Systems.

Electrical fundamentals applied to agricultural production and processing. Circuits, power, energy, wiring design, and motor fundamentals; selection, installation and operational characteristics. Sensors and control devices including switches, relays, timers, and circuit breakers will be studied. Prerequisite: AG 2373.

about Agriculture Electric and Mechanical Systems

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Agriculture Electric and Mechanical Systems

AG 4371B. Agriculture Irrigation Technology.

Principles associated with water management practices in maintaining soil productivity and the influence of water management on environmental quality. Emphasis will be placed on the selection and layout of irrigation and drainage systems, waste management systems, and the impact on the environment. Prerequisite: AG 2373.

about Agriculture Irrigation Technology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Agriculture Irrigation Technology

AG 4371T. International Horticulture.

The purpose of this program is to introduce students to the English culture and way of life, as well as England's historic role in Horticulture, past and present. Students will intensely study from the following four horticultural fields: Ornamental Horticulture, Landscape Design, Vegetables/Fruit Crops, and Vineyards and Hops. The program includes basic instruction in English history, as well as lectures and field trips.

about International Horticulture

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about International Horticulture

AG 4380. Agricultural Finance.

An introduction to finance and financial problems faced by agribusiness managers. The subject matter includes financial analysis, planning, and control; capital budgeting; capital structure, liquidity, and risk management; and financial markets. Prerequisites: AG 2383; MATH 1315 or MATH 1319; ACC 2361.

about Agricultural Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Agricultural Finance

AG 4381. Agricultural Policy.

Identification and analysis of governmental programs and policies affecting the production and marketing of agricultural products. An economic evaluation of alternative policies and their application for farmers, consumers and agribusinesses will be considered. Prerequisites: AG 2383; MATH 1315 or MATH 1319. (WI).

about Agricultural Policy

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Agricultural Policy

AG 4383. Agricultural Resource Economics.

Economic concepts and institutional factors relating to the use of agricultural resources such as land, air, water, energy, space, etc. Emphasis is on the conservation of resources and the environmental interactions resulting from the use of natural resources for agricultural production. Prerequisite: AG 2383, MATH 1315 or MATH 1319. (WI).

about Agricultural Resource Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Agricultural Resource Economics

AG 4681. Student Teaching in Agricultural Science and Technology.

Planning for teaching agricultural science in selected schools in Texas. Course to be taken in final semester. Senior classification required to enroll.

about Student Teaching in Agricultural Science and Technology

6 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Credit/No Credit

about Student Teaching in Agricultural Science and Technology

Richardson, Carl R, Professor, Agriculture, Ph.D., Univ of Illinois Urbana-Champaign

Wakefield, Dexter Bernard, Assistant Professor, Agriculture, Ph.D., Purdue University Main Campus

Bachelor of Science in Agriculture (B.S.A.G.) Major in Agriculture

Minimum required: 120 semester hours

General Requirements

1. Students cannot enroll in upper-level (3000 or 4000) agriculture courses until they have successfully completed MATH 1315 or MATH 1319, and CHEM 1341 and CHEM 1141.
2. If two years of the same foreign language were taken in high school, then enough additional hours to total the minimum 120 hours required for the degree will fulfill this requirement. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.

AG 4361	Agriculture Electric and Mechanical Systems
AG 4381	Agricultural Policy
AG 4383	Agricultural Resource Economics

Minor in Agriculture

A minor in Agriculture requires 19 hours, which includes:

AG 1445	Basic Animal Science	4
AG 2313	Agronomic Crops	3
AG 2373	Introduction to Agricultural Engineering	3
Advanced AG classes		9

Total Hours 19

A minor in agriculture is ideal for someone majoring in the life sciences, family and consumer sciences, or in any discipline where knowledge of the food and fiber industry would be beneficial.

Agriculture majors may not select a minor in Agriculture due to course duplication.

Minor in Animal Science

A minor in Animal Science requires 19 hours, which includes:

AG 1445	Basic Animal Science	4
AG 3325	Animal Nutrition	3
AG 3331	Reproduction in Farm Animals	3
Select 9 hours of the following:		9

AG 3301	Genetics of Livestock and Plant Improvement
AG 3314	Animal Health and Disease Control
AG 3321	Range Management
AG 3352	Quantitative Methods in Agricultural Economics
AG 4326	Advanced Animal Science-Ruminants
AG 4330	Food Technology: Processing Meats

Total Hours 19

Minor in Horticulture

A minor in Horticulture requires 18 hours, which includes:

AG 2379	General Horticulture	3
AG 3302	Herbaceous Plant Materials	3
AG 3305	Woody Plant Materials for Outdoor Landscapes	3
Select 9 hours of the following:		9

AG 3304	Propagation of Horticultural Plants	
AG 3306	Flowers and Plants for Interior Design	
AG 3308	Organic Gardening	
AG 3426	Soil Science I	
AG 3427	Soil Science II	
AG 3455	Land Surveying	
AG 4300	Greenhouse and Nursery Management	
AG 4302	Fruit and Vegetable Crop Production	
AG 4304	Landscape Management	
AG 4305	Landscape Design	
AG 4371B	Agriculture Irrigation Technology	
Total Hours		18

Minor in Plant and Soil Science

A minor in Plant and Soil Science requires 20 hours, which includes:

AG 2313	Agronomic Crops	3
AG 3426	Soil Science I	4
AG 4302	Fruit and Vegetable Crop Production	3
Select 10 hours of the following:		10
AG 3301	Genetics of Livestock and Plant Improvement	
AG 3304	Propagation of Horticultural Plants	
AG 3321	Range Management	
AG 3329	Economic Entomology	
AG 3427	Soil Science II	
AG 3455	Land Surveying	
AG 4371B	Agriculture Irrigation Technology	
Total Hours		20

Second Teaching Field in Agriculture Science and Technology (Grades 6-12)

For students who are seeking a teacher certification within their major and would like a second teaching field in Agriculture Science and Technology, the requirements are:

AG 2373	Introduction to Agricultural Engineering	3
AG 2374	Metal Fabrication and Welding Technology for Agriculture	3
AG 2383	Introduction to Agricultural Economics	3
AG 3345	Livestock Selection and Evaluation	3
AG 4212	Program Building	2
AG 4325	Feeds and Feeding	3
AG 4343	Organization and Management for Laboratory Programs	3
Select one of the following:		3
AG 2313	Agronomic Crops	
AG 2379	General Horticulture	
Select one of the following:		3
AG 3310	Agriculture Power and Machinery Technology	
AG 3353	Agricultural Structures and Environment	
AG 4361	Agriculture Electric and Mechanical Systems	

Select one of the following:		3-4
AG 3305	Woody Plant Materials for Outdoor Landscapes	
AG 3306	Flowers and Plants for Interior Design	
AG 3426	Soil Science I	

Total Hours **29-30**

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).

School of Criminal Justice

Hines Building Room 108
T: 512.245.2174 F: 512.245.8063
www.cj.txstate.edu (<http://www.cj.txstate.edu>)

The degree programs in the School of Criminal Justice prepare students to pursue advanced academic degrees and to serve the community in the operation and management of criminal justice agencies which include:

- federal, state, county, and municipal law enforcement;
- probation;
- courts;
- institutional corrections;
- parole;
- related agencies.

The programs are founded on an interdisciplinary and academic approach to the role of criminal justice in the maintenance of social order in a democratic society.

Students pursuing a degree in criminal justice should be willing to meet the standards required of such a career. The majority of criminal justice agencies require sound academic preparation, psychological stability, physical agility, and a record free of felonies or excessive traffic offenses. All three programs include optional internships, and students selecting an internship option must meet criteria described below. The Criminal Justice programs include the development of advanced research and writing skills and includes interdisciplinary course work.

15 credit hours in criminal justice core curriculum (or their equivalents) may be transferred from a Texas public two-year college as agreed by Texas public institutions for the criminal justice field of study. If transferring additional criminal justice courses please contact the College of Applied Arts Academic Advising Center for assistance.

Criminal Justice Core

Required Courses		
CJ 1310	Introduction to Criminal Justice	3
CJ 2310	Police Systems and Practices	3
CJ 2350	The Courts and Criminal Procedure	3
CJ 2355	Correctional Systems and Practices	3
CJ 2360	Fundamentals of Criminal Law	3
Total Hours		15

Internship

A student must meet the following requirements before being allowed to enroll in an internship course: Texas State GPA of 2.25, CJ CPA of 2.50,

completion of 90 college course work hours (including 21 in CJ), and the following courses. Permission of Internship Coordinator is also required.

ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
CJ 3346	Research in Criminal Justice	3
HIST 1310	History of the United States to 1877	3
HIST 1320	History of the United States, 1877 to Date	3
COMM 1310	Fundamentals of Human Communication	3
MATH 1315	College Algebra	3
MATH 1316	Survey of Contemporary Mathematics	3
or MATH 1319	Mathematics for Business and Economics I	
Select one of the following:		3
CJ 3347	Statistics For Criminal Justice	
MATH 2328	Elementary Statistics	
SOCI 3307	Statistics for the Behavioral Sciences	
PSY 2301	Introduction to Statistics	
& PSY 2101	and Introduction to Statistics Laboratory	
POSI 2310	Principles of American Government	3
POSI 2320	Functions of American Government	3
6 hours of Life and Physical Sciences		6

Minors

- Criminal Justice

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Criminal Justice (CJ)

CJ 1310. Introduction to Criminal Justice.

History and philosophy of criminal justice: ethical considerations, crime defined, overview of criminal justice system, law enforcement, court system, prosecution and defense, trial process, and corrections. about Introduction to Criminal Justice

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: CRIJ 1301

about Introduction to Criminal Justice

CJ 2310. Police Systems and Practices.

Police profession: organization of law enforcement systems, the police role, police discretion, ethics, police-community interaction, and current and future issues. Prerequisite: CJ 1310.

about Police Systems and Practices

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: CRIJ 2328

about Police Systems and Practices

CJ 2350. The Courts and Criminal Procedure.

Judiciary in the criminal justice system: structure of American court system, prosecution, right to counsel, pre-trial release, grand juries, adjudication process, types and rules of evidence, and sentencing. Prerequisite: CJ 1310.

about The Courts and Criminal Procedure

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: CRIJ 1306

about The Courts and Criminal Procedure

CJ 2355. Correctional Systems and Practices.

Corrections in the criminal justice system: organization of correctional systems, correctional role, institutional operations, alternatives to institutionalization, treatment and rehabilitation, and current and future issues. Prerequisite: CJ 1310.

about Correctional Systems and Practices

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: CRIJ 2313

about Correctional Systems and Practices

CJ 2360. Fundamentals of Criminal Law.

A study of the nature of criminal law: philosophy and historical developments, major definitions and concepts, classification of crime, elements of crimes and penalties using Texas Statutes as illustrations, and justifications of and defenses to criminal responsibility.

about Fundamentals of Criminal Law

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: CRIJ 1310

about Fundamentals of Criminal Law

CJ 3300. Juvenile Justice.

A study of the juvenile justice process to include both the specialized juvenile law and the role of the courts, police and corrections in juvenile justice. Prerequisite: CJ 1310. (WI).

about Juvenile Justice

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Juvenile Justice

CJ 3322. Race, Ethnicity and Criminal Justice.

This course examines the relationship between race/ethnicity and the criminal justice system. Theories of race/ethnicity and crime, the criminal justice system, and social systems including media, politics and economics are examined to form a comprehensive understanding of the social construction of race as it pertains to a racially disproportionate system.

about Race, Ethnicity and Criminal Justice

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Race, Ethnicity and Criminal Justice

CJ 3323. Mid-Level Management in Criminal Justice Agencies.

Introduction and overview of the organizational theories of classical behavioral, and systems management concepts. Included in the course content are analyses of the functions of management in modern CJ organizations, internal and external environmental factors, individual & group dynamics, motivation, and leadership styles. Prerequisites: CJ 1310 and CJ 2310 or CJ 2355.

about Mid-Level Management in Criminal Justice Agencies

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Mid-Level Management in Criminal Justice Agencies

CJ 3325. Penology.

Role of the institution in the process of corrections including the philosophy of imprisonment, the inmate subculture and special problems and programs in institutions. Prerequisite: CJ 1310 and CJ 2355.

about Penology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Penology

CJ 3329. Forensic Evidence.

Investigator's role in collecting, preparing and presenting evidence in criminal trials. Special attention will be given to electronic evidence in addition to traditional physical evidence. Prerequisites: CJ 2350 and CJ 2360.

about Forensic Evidence

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Forensic Evidence

CJ 3346. Research in Criminal Justice.

Analysis of criminal justice research, survey methods, and the utilization of research in criminal justice. Prerequisite: CJ 1310, CS 1308 or equivalent and Statistics (CJ 3347, MATH 2328, PSY 3301, SOCI 3307 or equivalent). (WI).

about Research in Criminal Justice

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Research in Criminal Justice

CJ 3347. Statistics For Criminal Justice.

The theory and application of statistical inferential techniques, and correlation and regression for behavioral science data and its applications in Criminal Justice. Emphasis is on the collection, analysis, and interpretation of statistical data in criminal justice settings.

about Statistics For Criminal Justice

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Statistics For Criminal Justice

CJ 4301. Internship I.

Field service training in public and private criminal justice agencies at the federal, state and local levels. The internship is designed to provide actual work experience, observation, and analysis in the student's chosen career field. (WI).

about Internship I

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Credit/No Credit

about Internship I

CJ 4302. Internship II.

Field service training in public and private criminal justice agencies at the federal, state and local levels. The internship is designed to provide actual work experience, observation, and analysis in the student's chosen career field. (WI).

about Internship II

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Credit/No Credit

about Internship II

CJ 4309E. Criminal Justice in Southeast Asia.

This course provides an overview of the systems of policing, criminal courts and criminal procedure, prisons, and non-institutional corrections in the nations of Myanmar (Burma), Laos, Vietnam, Thailand, Singapore, Cambodia, the Philippines, Malaysia, and Indonesia, and critically examines justice-related political, social, cultural, and human rights issues.

about Criminal Justice in Southeast Asia

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Criminal Justice in Southeast Asia

CJ 4309F. The Psychology of Antisocial Behavior.

This course examines how psychological perspectives are used to explain antisocial behavior, by drawing on the intersection between theory and research in the following areas in psychology: developmental, child psychopathology, biological, personality, cognitive, and social.

about The Psychology of Antisocial Behavior

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about The Psychology of Antisocial Behavior

CJ 4310. Special Problems in the Criminal Justice System.

A study of contemporary problems in administration, management, organization and operation of criminal justice agencies. Prerequisites: CJ 2310, CJ 2350, CJ 2355, CJ 2360 and senior standing. (Capstone Course). (WI).

about Special Problems in the Criminal Justice System

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Special Problems in the Criminal Justice System

CJ 4314. Terrorism in the United States.

Terrorist groups operating in the U.S. are examined with special emphasis on the far-right (militia, Christian identity, neo-nazi, other racist groups). Analyzed are their belief systems and structures, organizational structure, tactics and targets, and weapons. Future trends are discussed, including the threat posed by nuclear, biological, and chemical terrorism. about Terrorism in the United States

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Terrorism in the United States

CJ 4316. Treatment in Community and Institutional Corrections.

A study of community based programs for adult and juvenile offenders, treatment modalities in various correctional settings, administration, legal issues, and future trends associated with community-based and institutional based treatment. Prerequisites: CJ 2355 and CJ 3325.

about Treatment in Community and Institutional Corrections

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Treatment in Community and Institutional Corrections

CJ 4321. Occupational Crime.

A study of the problems of organized and upper social status criminal activities with emphasis on statutes and their application to fraud, embezzlement, deceptive trade practices and illegal trade practices.

about Occupational Crime

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Occupational Crime

CJ 4323. Special Operation Units in Law Enforcement and Corrections.

This course introduces students to the basic principles of Special Operations Units (SOUs) within criminal justice agencies. Topics include the necessity for such units, the changing nature of communities and policing in America, the principles of crisis management, the development/implementation of SOUs, selection/training/operationalizing of personnel, and types of SOUs.

about Special Operation Units in Law Enforcement and Corrections

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Special Operation Units in Law Enforcement and Corrections

CJ 4326. Women and Criminal Justice.

This course is designed to explore women's involvement in three primary areas of criminal justice-as victims, criminals and practitioners employed in criminal justice agencies. It will analyze the impact of sex and gender on such things as criminological theory, sentencing, prison subcultures victimization and career choices. Prerequisite: junior standing. (MC) (WI). about Women and Criminal Justice

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Women and Criminal Justice

CJ 4327. Ethics of Social Control.

This course is designed to explore moral decision making. Basic moral or ethical frameworks are applied to ethical decision which often need to be made in the criminal justice system. Prerequisite: junior standing. (WI).

about Ethics of Social Control

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Ethics of Social Control

CJ 4329. Organized Crime.

Survey of organized crime in contemporary society. Includes attention to crime types and methods, motivation, affiliations, and the effects of this type of criminality. Related legal and law enforcement perspectives will be covered, along with international and cyberspace issues. Prerequisite: CJ 1310.

about Organized Crime

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Organized Crime

CJ 4330. Cybercrime.

This course introduces students to the concepts, technologies, techniques and legal and ethical issues associated with cybercrime, security, and computer forensics. Students will gain knowledge regarding development of national and international computer crime law, crimes unique to computer environments, and traditional crime involving computers and the Internet.

about Cybercrime

Bachelor of Science in Criminal Justice (B.S.C.J.) Major in Criminal Justice (Non-Internship Option)

Minimum required: 120 semester hours

General Requirement

1. If two years of the same foreign language were taken in high school, then enough additional hours to total the minimum 120 hours required for the degree will fulfill this requirement. This can be satisfied by the electives in the junior or senior year. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.

School of Family and Consumer Sciences

Family and Consumer Sciences Building Room 101
T: 512.245.2155 F: 512.245.3829
www.fcs.txstate.edu (<http://www.fcs.txstate.edu>)

Major in Consumer Affairs

Majors have a choice of three different tracks:

- Consumer Affairs,
- Family and Consumer Sciences, and
- Family and Consumer Sciences with teacher certification.

Students choosing the Consumer Affairs track study family financial decisions and the role of the consumer in the economy. Students prepare for such careers as business consumer liaisons, consumer advocates, or government agency employees. In the Family and Consumer Science track, students take courses from all areas of Family and Consumer Sciences and select a minor. Graduates seek employment in business, the extension service, and community agencies. The teacher certification option, approved by the Texas Education Agency, certifies graduates to teach Family and Consumer Science in secondary public schools. See note below regarding admittance to the Child Development Center and Texas Teacher Certification Requirements.

Major in Family and Child Development

Majors work in family and child programs, and community agencies. Using an interdisciplinary approach, students focus on human development and relationships across the lifespan. As a condition for participation in a child development class that requires either observation or participation at the campus Child Development Center, students must undergo a criminal background check and provide verification of an annual TB test. As a condition for placement in an internship site, students must complete a criminal background check and meet any additional requirements set by the internship site. See note below regarding admittance to the Child Development Center and Texas Teacher Certification Requirements.

Major in Fashion Merchandising

Prepares majors for careers in the merchandising and promotion of fashion goods and services including: apparel, accessories, cosmetics, fragrances, and home furnishings and a variety of other consumer products. Students must complete the required courses for a Business Administration minor.

Major in Interior Design

Prepares students for careers as residential and/or commercial interior designers. The program is accredited by the Council for Interior Design

Accreditation (formerly FIDER), the recognized accrediting agency for the discipline. Students learn to communicate their design concepts and to solve design problems.

Major in Nutrition and Foods

Majors study the relationships between the dietary intake of whole foods, processed foods, functional foods and dietary supplements and the health of individuals and populations. Majors prepare for careers in medical nutrition therapy, food service administration, public health nutrition programs, government agencies, private practice, research, and industry. The Dietetics track is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) and also fulfills didactic requirements for Texas licensing. Graduates of this track will receive a Verification Statement and are qualified to apply for post-graduate dietetic internships in pursuit of Registered Dietitian certification. See note below regarding admittance to the Child Development Center and Texas Teacher Certification Requirements.

Family and Consumer Sciences Core

All majors in the school, with the exception of Nutrition and Foods Dietetics Concentration, are required to take FCS 4347.

Note: Admittance to the Child Development Center and Texas Teacher Certification Program

Be advised that in the State of Texas, criminal convictions may affect a person's ability to be present in a Licensed or Certified Child Care facility (Chapter 42, Human Resources Code) or obtain teacher certification from the Texas State Board for Educator Certification (Chapter 232, Subchapter C, Texas Administrative Code). Therefore, students enrolling in course work which requires any of the following: observation or participation at the campus Child Development Center; or observing or student teaching in K-12 grade Texas schools must undergo a criminal background check. Criminal history will be reviewed and students may be subject to an investigation based on that criminal history. Furthermore, before teacher certification is granted, applicants will be required to submit fingerprints in a digital format that can be processed by Texas Department of Public Safety.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.)

- Major in Consumer Affairs (p. 129)
- Major in Consumer Affairs (Family and Consumer Sciences Option) (p. 129)

Minors

- Consumer Affairs
- Early Childhood Intervention
- Family and Child Development
- Family and Consumer Sciences
- Fashion Merchandising

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this school include: CA (p. 116), FCD (p. 117), FCS (p. 119), FM (p. 120), ID (p. 122), NUTR (p. 125)

Courses in Consumer Affairs (CA)

CA 1341. Consumers in the Marketplace.

This course is an introduction to consumerism. Topics covered include: the consumer's role in the economy; consumer responses to the pressures of the economy (credit, inflation, and savings); and an analysis of the largest consumer expenditures (housing, food, and transportation). about Consumers in the Marketplace

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: ECON 1303

about Consumers in the Marketplace

CA 1347. Family and Personal Resource Management.

This course focuses on the analysis of family and personal management processes including resource identification and factors that impact management and decision making. Contemporary issues in the field such as changing family roles, one-parent families, aging, the handicapped, low income families, one-person family and alternate lifestyles will be discussed.

about Family and Personal Resource Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Family and Personal Resource Management

CA 3341. Family Finance.

In this course students will examine personal/family financial management during different stages of the family life cycle. Topics include budgeting/recordkeeping to achieve economic goals, the role of credit and the need for financial counseling; economic risks and available protection; and alternative forms of saving and investments. Prerequisite: CA 1341.

about Family Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Family Finance

CA 3342. Consumer Law.

This course explores the relationship between consumer laws (federal and state) and policy. Topics include consumer protection legislation which defines the consumer's rights/responsibilities and the appropriate avenues of redress on the part of the consumer. Prerequisite: CA 1341. about Consumer Law

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Consumer Law

CA 3391. Communication Skills and Techniques.

This course covers the analysis of factors that influence program planning and the application of program development for entities with differing purposes and organizational structure. Students plan, develop, and implement using alternative methods, such as audio-visuals, demonstration techniques, radio and television, with emphasis on methods for use with adults. Restricted to students in the School of Family and Consumer Sciences.

about Communication Skills and Techniques

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Communication Skills and Techniques

CA 4100. Professional Preparation in Consumer Affairs.

Students explore Consumer Affairs in the professional world and continuing education through opportunities, interviews, and professional ethics while practicing the development of credentials and portfolios.

Required of all seniors majoring in Consumer Affairs.

about Professional Preparation in Consumer Affairs

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Professional Preparation in Consumer Affairs

CA 4301. Internship in Consumer Affairs.

This course is an Internship program in Consumer Affairs related professions, services, business, or industry. Must meet college, department and program requirements. Repeatable for credit with different emphasis. (Capstone Course).

about Internship in Consumer Affairs

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Internship in Consumer Affairs

CA 4341. Counseling for Family Practitioners.

This course is an in-depth study of the role of the financial counselor. Topics covered will increase awareness and knowledge of the characteristics of persons with financial difficulties, complexity of factors affecting such situations, desirable relationships between the helper and helped, and an awareness of community resources. Prerequisite: CA 3341.

Courses in Family and Child Development (FCD)

FCD 1351. Lifespan Development.

Developmental principles underlying behavior as experienced in physical, intellectual, emotional and social changes across the lifespan. Emphasis will be on adult development.

about Lifespan Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Lifespan Development

FCD 2351. Child Development.

The development of the total child from conception through adolescence. Observation in Child Development Center.

about Child Development

3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Child Development

FCD 2353. Principles of Guidance.

Students will examine research, theory, and developmentally appropriate practices related to children's social development and child guidance.

Participation in the Child Development Center is required. Restricted to Family and Child Development majors. Prerequisite: FCD 2351.

about Principles of Guidance

3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Principles of Guidance

FCD 2357. Infants and Toddlers.

This course focuses on understanding and enhancing the development of infants and toddlers in home and group settings. Emphasis is on experiences that promote physical, cognitive, language, and social/emotional development.

about Infants and Toddlers

3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Infants and Toddlers

FCD 3344. Introduction to Infant and Early Childhood Mental Health.

This course is an introduction to the interdisciplinary understanding of the social and emotional development of infants and young children within the context of the family. The role of the infant mental health specialist in strengthening the development of young children will be emphasized.

about Introduction to Infant and Early Childhood Mental Health

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Infant and Early Childhood Mental Health

FCD 3345. Methods in Child Life.

This course focuses on the applied techniques of the Child Life profession. The course will include medical diagnosis terminology, patient assessment, therapeutic techniques and interventions utilized in child life clinical practice.

about Methods in Child Life

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Methods in Child Life

FCD 3346. Families in Southeast Asia.

This course will focus on how children and families negotiate their daily lives in Southeast Asia. Topics will include a broad overview of issues relevant to Southeast Asian children and families in addition to more detailed analysis of the unique experiences of specific ethnic groups.

about Families in Southeast Asia

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Families in Southeast Asia

FCD 3350. Sexuality Across the Lifespan.

A study of sexuality development as it relates to current critical issues for families and society.

about Sexuality Across the Lifespan

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Sexuality Across the Lifespan

FCD 3351. Creative Experiences for Children.

This course focuses on developmentally appropriate methods, materials, and planning for children's programs through language, literature, music, art, play, social studies, math, and science. Participation in the Child Development Center is required. Prerequisite: FCD 2353.

about Creative Experiences for Children

3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Creative Experiences for Children

FCD 3352. Development of Programs for Young Children.

The study of group care programs for children including development, implementation and assessment of developmentally appropriate programs. Various theoretical and philosophical components will be included.

about Development of Programs for Young Children

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Development of Programs for Young Children

FCD 3353. Family Life Education.

Study of relationships between core knowledge, educational practice, and audience characteristics in family life education. Translation of research-based knowledge about family life into education materials and presentations suitable for families. Opportunity to develop, implement, and evaluate a family life education presentation. Prerequisites: FCD 2353 and FCD 3355. (WI).

about Family Life Education

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Family Life Education

FCD 3354. Creative Experiences: Science and Math.

The application of methods, materials and planning in the development of curriculum for the preschool child through math, science, nutrition and outdoor play. Participation in Child Development Center required.

Prerequisite: FCD 2353 or approval of instructor.

about Creative Experiences: Science and Math

3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Creative Experiences: Science and Math

FCD 3355. Family Relationships.

This course will cover a broad range of research-based topics including the universality and uniqueness of American families, the establishment and maintenance of intimate relationships, family formation and parenthood, and various other aspects related to individual and family relationships over time.

about Family Relationships

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

about Professional Practices

ID 3325. Interior Lighting Design.

The study of natural and manufactured light sources relative to the interior environment. Emphasis is on light science and technology and the effects on health, behavior, color and form. Includes issues of aesthetics, energy conservation, codes, evaluation, and specifications. Prerequisites: ID 2322, ID 2323, and ID 2329 with grades of "C" or higher.

about Interior Lighting Design

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Interior Lighting Design

ID 3326. Comprehensive Interior Design.

Advanced study of materials, systems, codes and other factors relating to public health, safety, and welfare in interior environments. Lecture and application of resources, materials and design technologies. Addresses specifying, scheduling, budgeting, and resource conservation. Prerequisites: ID 2322, 2323, 2329 with grades of "C" or higher.

about Comprehensive Interior Design

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Comprehensive Interior Design

ID 3329. Housing, Interiors, and Furnishings.

An application of the basic design principles in planning, designing, and furnishing interiors for contemporary living to reflect function, economy, beauty, and individuality for varying income levels. For non-Interior Design majors only.

about Housing, Interiors, and Furnishings

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Housing, Interiors, and Furnishings

ID 4101. Special Problems in Interior Design.

A study of selected areas of Interior Design.

about Special Problems in Interior Design

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Special Problems in Interior Design

ID 4120. Portfolio Design.

Portfolio preparation and production for seeking employment with design firms. Includes instruction on graphic and publication design, business structures and portfolio strategies. For graduating interior design majors. Prerequisites: ID 3220 and ID 4323 with grades of "C" or higher.

about Portfolio Design

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Portfolio Design

ID 4220. Portfolio Development.

Focuses on portfolio development in preparation for the workplace. Addresses principles of visual and verbal communication, portfolio content and presentation techniques. Requires upgrading and archiving of studio projects, and investigating alternative presentation methods. Prerequisite: ID 4323.

about Portfolio Development

2 Credit Hours. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Standard Letter

about Portfolio Development

ID 4301. Internship in Interior Design.

Internship experience in the Interior Design profession. Must meet college, department, and program requirements. (Capstone Course)
Prerequisites: ID 3321, ID 3323, ID 3324, ID 3325, and ID 3326. (WI).
about Internship in Interior Design

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter
about Internship in Interior Design

ID 4302A. Historic Preservation.

Introduction to the field of historic preservation, including history, theory, planning, advocacy, law, conservation, and adaptive use, emphasizing the Secretary of the Interior's Standards for Rehabilitation. Students combine design and technical knowledge to approach historical design problems in creative, sensitive, and economical ways. Prerequisites: ID 2321, ID 3321, and ID 3322.

about Historic Preservation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter
about Historic Preservation

ID 4302B. Digital Interior Design.

Exploration of computer technology resources, including CADD and three dimensional modeling programs, for the solution of interior design problems. Emphasis on the integration of technology as part of the design process as well as the production of presentation graphics and drawings. Prerequisites: ID 3322, TECH 2313 or consent of instructor.

about Digital Interior Design

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter
about Digital Interior Design

ID 4302C. Lighting Research and Applications.

An in-depth study of light and color and its impact on people's behavior in interior environments.

about Lighting Research and Applications

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter
about Lighting Research and Applications

ID 4302D. Manual Design Graphics.

Introduces illustrative sketching, three-dimensional graphics and rendering techniques of interiors. Pre-requisites: ARTF 1302, ID 1320, and ID 1321.

about Manual Design Graphics

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter
about Manual Design Graphics

ID 4302E. Interior Design – Critique.

Qualitative assessment of the built environment; specifically Interior Design. Basic research methodologies will be introduced. Existing critical design analysis will be studied to develop a design-analysis rubric. Site visits to conduct design analysis and written critique of a selected regional project are required. Prerequisites: ID 2323 or consent of instructor.

about Interior Design – Critique

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter
about Interior Design – Critique

ID 4302F. Color Theory and Design Applications.

An introduction to color theory and principles with a fundamental understanding of the psychological and physiological effects color has on human perception. Characteristics of major hues which influence design and behavior and how to use, design, and apply color in the creative process will be studied.

about Color Theory and Design Applications

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter
about Color Theory and Design Applications

ID 4302G. Color Theory & Design Applications.

An introduction to color theory and principles with a fundamental understanding of the psychological and physiological effects color has on human perception. Characteristers of majors hues which influence design and behavior and how to use, design, and apply color in the creative process will be studied.

about Color Theory & Design Applications

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter
about Color Theory & Design Applications

ID 4323. Studio III: Research & Advanced Design.

This course exposes students to specialized research in and application of factors impacting the interior environment. The topics covered include design programming, advanced space planning, finish selection/specifying, furnishings design and detailing, and presentation strategies through creative problem-solving and expanded contract document preparation. Prerequisites: ID 3321, ID 3323, ID 3325, ID 3326, and ID 2325; CSM 4313; all prerequisites with at least a C grade. (MC).

about Studio III: Research & Advanced Design

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter
about Studio III: Research & Advanced Design

ID 4324. Studio IV: Contemporary Design Issues.

This course requires students to conduct specialized research in interior design to include design issues such as barrier free environments, medical facilities, historic preservation/adaptive re-use, international interiors, energy issues, sustainable design and design for special needs. Prerequisites: ID 2325, ID 3321, ID 3323, ID 3325, ID 3326, and ID 4323; CSM 4313; all prerequisites with at least a C grade.

about Studio IV: Contemporary Design Issues

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Grade Mode: Standard Letter
about Studio IV: Contemporary Design Issues

ID 4340. Interior Design in International Markets.

Study of Interior Design topics in international settings. Emphasis will be placed on market differences and cultural awareness, and the implications within Interior Design. Repeatable for credit with different emphasis. (MC).

about Interior Design in International Markets

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content

Grade Mode: Standard Letter

about Interior Design in International Markets

ID 4391. Independent Study in Interior Design.

Independent reading and/or research on a specific topic related to student's primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI).

about Independent Study in Interior Design

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Courses in Nutrition and Foods (NUTR)

NUTR 1162. Food Systems Laboratory.

This course provides for application of the management techniques and concepts of planning, preparation, cost analysis, and evaluation covered in NUTR 1362. Pre or Co-requisite: NUTR 1362.

about Food Systems Laboratory

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Food Systems Laboratory

NUTR 1362. Food Systems.

Nutrition, food science, and management principles in planning, procuring, preparing, preserving, evaluating, and serving food to fulfill dietary requirements of individuals and diverse cultural groups. Includes federal legislation, environmental issues, and culinary principles. Pre or Co-requisite: NUTR 1162.

about Food Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Food Systems

NUTR 2162. Food Science Laboratory.

Students engage in laboratory techniques and exercises related to food, chemistry, microbiology, nutrition, food palatability, and food safety.

Prerequisite: NUTR 2360 with grade of C or higher. Co- or prerequisite: NUTR 2362.

about Food Science Laboratory

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Food Science Laboratory

NUTR 2360. Nutrition Science.

The science of human nutrition with emphasis on nutrient digestion, absorption, and excretion; nutrient metabolism, requirements, and sources. Prerequisite: Three semester hours of science.

about Nutrition Science

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: BIOL 1322

about Nutrition Science

NUTR 2361. Nutritional Assessment.

This course teaches the principles and techniques of assessing nutritional status, presents interviewing and nutrition counseling theories, development of individualized treatment plans and educational tools, and accessing community nutrition resources. Practical application is provided through assignments and in-class experiences. Prerequisites: NUTR 1362, NUTR 2360 with grades of C or higher.

about Nutritional Assessment

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Nutritional Assessment

NUTR 2362. Food Science.

Students learn the scientific principles underlying the relationships among food, chemistry, microbiology, nutrition, and food safety as related to the major food groups. Prerequisites: 3 hours of chemistry or biology, and NUTR 2360 with grade of C or higher. Co- or prerequisite: NUTR 2162.

about Food Science

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Food Science

NUTR 3166. Advanced Food Science Laboratory.

This lab teaches different techniques and protocols used in physical, chemical, colorimetric, spectrophotometric, molecular, and microbiological analysis of food components and assessment of food quality, stability, and safety. Different bioprocessing techniques to improve the quality of food will also be performed. Prerequisites: NUTR 2362, NUTR 2162, CHEM 1341, CHEM 1342. Co-requisite: NUTR 3366.

about Advanced Food Science Laboratory

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Advanced Food Science Laboratory

NUTR 3362. Nutrition and Health.

For non-science majors. Involves the study of the nutrients and their function in promoting health throughout the life span. Includes standards for consumer selection of a proper diet and analysis of nutrition-related health problems.

about Nutrition and Health

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Nutrition and Health

NUTR 3363. Nutrition for Wellness and Fitness.

Students will study the causes and treatment of overweight and obesity and the effects of dietary and lifestyle choices on attainment and maintenance of health and prevention of chronic diseases. Basic exercise physiology is introduced and dietary recommendations for sports, fitness and prevention of eating disorders are also presented. Prerequisites: NUTR 2361 and NUTR 3367; BIO 2430, or BIO 2451 and BIO 2452, all with grades of C or higher.

about Nutrition for Wellness and Fitness

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multi.Content & Perspective

Grade Mode: Standard Letter

about Nutrition for Wellness and Fitness

NUTR 3364. The Science of Nutrition and Exercise.

This course focuses on basic nutritional science, with emphasis on the physiological and biochemical importance of nutrition to physical performance, health, and fitness. The use and efficacy of ergogenic aids will be investigated. The course requires reading and interpreting the scientific literature. Restricted to students majoring in Athletic Training, Exercise Sports Science, Family and Consumer Sciences, Health & Fitness Management, or Health & Wellness Promotion.

about The Science of Nutrition and Exercise

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about The Science of Nutrition and Exercise

NUTR 3366. Advanced Food Science.

This course provides an examination of the chemistry, morphology, concentration, and compartmentalization of cellular components in food; the effect of storage and processing on molecular levels of food quality; the kinetic behavior, activity, and stability of food enzymes and microbes, and their effect on food quality and safety. Prerequisites: NUTR 2162, NUTR 2362, CHEM 1341, CHEM 1342. Co-requisite: NUTR 3166.

about Advanced Food Science

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Advanced Food Science

NUTR 3367. Nutrition and Physiology.

This course integrates the study of nutrition with other biological sciences, focusing on cellular and molecular physiological processes related to digestion, absorption, transport, and metabolism of nutrients and other dietary components. Prerequisites: NUTR 2360 and BIO 2430 with grades of C or higher; and CHEM 1341, CHEM 1141, CHEM 1342, CHEM 1142.

about Nutrition and Physiology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Nutrition and Physiology

NUTR 4101. Special Problems in Nutrition and Foods.

Independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor.

about Special Problems in Nutrition and Foods

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Special Problems in Nutrition and Foods

NUTR 4167. Food Systems-Production & Management Laboratory.

This course provides for the application of the management techniques and concepts of institutional food production covered in NUTR 4367.

Prerequisites: NUTR 1362, NUTR 2360 with grades of C or higher; Pre- or corequisite: NUTR 4367.

about Food Systems-Production & Management Laboratory

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Food Systems-Production & Management Laboratory

NUTR 4301. Career Exploration in Nutrition and Foods.

Students engage in applied experience under the supervision of a professional mentor in nutrition and foods-related professions, services, businesses, and/or research. Prerequisite: must meet college, department and program requirements. (WI)(Capstone Course).

about Career Exploration in Nutrition and Foods

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Career Exploration in Nutrition and Foods

NUTR 4302C. Micronutrients.

A study of the biochemical and physiological foundations of nutrition. Information pertaining to biochemical structure, metabolism and physiological regulation of minerals and fat-soluble vitamins.

Prerequisites: NUTR 2360 and NUTR 3365; Co-requisite: CHEM 2450.

about Micronutrients

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Micronutrients

NUTR 4302E. Community Nutrition.

A study of community nutrition programs addressing food insecurity, prevention and treatment of chronic diseases, and health promotion among special populations, including maternal, infant, child, adolescent and older adults. Review of national and international healthcare systems; program planning incorporating evidence-based intervention strategies. Prerequisite: NUTR 2360 or NUTR 3362; NUTR 4365.

about Community Nutrition

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Community Nutrition

NUTR 4304. Functional Foods and Nutraceuticals.

This course introduces students to functional foods, nutraceuticals and dietary supplements used to prevent and treat chronic and infectious diseases. Emphasis is placed on sources and mechanisms of action of dietary bioactives and addresses regulatory issues that govern the development and commercialization of these compounds. Prerequisites: NUTR 2360 or NUTR 3362 and two semesters of chemistry and/or biology.

about Functional Foods and Nutraceuticals

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Functional Foods and Nutraceuticals

NUTR 4350. Hospitality.

Focus on the principles underlying operations in the hospitality industry. Concepts include residential and lodging operations, guest expectations, food, beverage, and maintenance services, promotions, budget control, personnel and security.

about Hospitality

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Hospitality

NUTR 4360. Medical Nutrition Therapy.

This course explains the physiological and biochemical abnormalities of certain disease states of human body systems with emphasis on diet modification as a therapeutic measure. Prerequisites: NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452, all with grades of C or better; and NUTR 4365 with a grade of D or better.

about Medical Nutrition Therapy

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Medical Nutrition Therapy

NUTR 4361. Biochemical Nutrition.

A study of the biochemical and physiological foundations of nutrition. Information pertaining to cytology, biochemical structure of nutrients, energy transformations, nutrient-drug interactions, and the anatomy, physiology, and nutrient metabolism of major organ systems is covered. Prerequisites: NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452, all with grades of C or better; and NUTR 4365 with grade of D or better. Pre- or co-requisite: CHEM 2350 and CHEM 2150, or CHEM 3375, or CHEM 4375.

about Biochemical Nutrition

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Biochemical Nutrition

NUTR 4362. Nutrition and Genetics.

This course will examine the specific processes in intermediary nutrient metabolism and their genetic regulation. The effects of nutrients on gene expression, cell signaling, cell physiology, and disease processes will also be explored. Prerequisites: NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452; and BIO 2440 or BIO 2400, all with grades of C or higher.

about Nutrition and Genetics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Nutrition and Genetics

NUTR 4363. Nutrition Counseling and Education.

Study of teaching/learning styles and development of counseling skills to improve the nutritional status of individuals, families, and groups. Development of effective nutrition education materials and media communications. Prerequisites: NUTR 2361, 4365.

about Nutrition Counseling and Education

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Nutrition Counseling and Education

NUTR 4365. Nutrition in the Life Span.

This course provides for the in-depth study of the normal growth, development, and nutritional requirements associated with pre-pregnancy, pregnancy, infancy, childhood, adolescence, and the older adulthood. Prerequisites: NUTR 3367; and BIO 2430 or BIO 2451 and BIO 2452, all with grades of C or higher. (WI).

about Nutrition in the Life Span

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Nutrition in the Life Span

NUTR 4366. Ethics and Policy in Nutrition.

This course addresses the influence of government, interest groups, media, and industry on nutrition policy decisions, public and private funding, nutrition education, the food supply and food choices, and includes discussion of ethical considerations that have an impact on public health. Prerequisites: NUTR 1362 with grade of C or higher; NUTR 4365. (WI).

about Ethics and Policy in Nutrition

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Ethics and Policy in Nutrition

NUTR 4367. Food Systems-Production & Management.

Students study the principles, policies, and procedures for planning, procurement, staffing, production, evaluation, and research in institutional food service. Topics include systems design, decision hierarchy, organizational structure, and personnel selection, training, and management. Prerequisites: NUTR 1362, NUTR 2360 with grades of C or higher; Pre- or corequisite: NUTR 4167.

about Food Systems-Production & Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Food Systems-Production & Management

NUTR 4391. Independent Study in Nutrition and Foods.

Independent reading and/or research on a specific topic related to students' primary area of interest. Work may consist of research, reviews, and integration of existing literature, or other appropriate independent work. May be repeated once for credit with approval of instructor. (WI).

about Independent Study in Nutrition and Foods

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Consumer Affairs

Minimum required: 120 semester hours

General Requirements

1. In addition to general education and departmental core requirements, this major requires specialized courses in consumer education, family and personal resource management, family finance, consumer law, family financial counseling and family policy.
2. Students participate in an internship in a related area.
3. MATH 1316 is not accepted as a prerequisite for courses in some minors.
4. A minor is required.
5. If two years of the same foreign language were taken in high school, then no additional language hours will be required for the degree. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Consumer Affairs (Teacher Certification in Family and Consumer Sciences, Grades 6-12)

Minimum required: 120 semester hours

General Requirements

1. In addition to general education core curriculum and departmental core requirements, the Consumer Affairs major pursuing Teacher Certification in Family and Consumer Sciences is required to take from 6 to 12 semester hours in each of the following areas: nutrition and foods, family and child development, fashion merchandising, interior design, consumer science, and occupational family and consumer sciences.
2. Students must demonstrate competency in basic clothing construction techniques.
3. Students participate in student teaching for pre-professional experience.
4. No minor is required.
5. If two years of the same foreign language were taken in high school, then no additional language hours will be required for the degree. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.
6. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Family and Child Development

Minimum required: 120 semester hours General Requirements

1. In addition to general education core curriculum and Family and Consumer Sciences core requirements, the Family and Child Development major is required to take specialized courses including infant and toddler development, child development, family life education, creative activities for children, and administration of programs for young children.
2. As a condition for participation in a child development class that requires either observation or participation at the campus Child Development Center, students must undergo a criminal background check and provide verification of an annual TB test.
3. As a condition for placement in an internship site, students must complete a criminal background check and meet any additional requirements set by the internship site.

4. No minor is required; however, Family and Child Development majors may add a minor relevant to their career interests, such as, Social Work, Psychology, or Early Childhood Intervention.
5. If two years of the same foreign language were taken in high school, then no additional language hours will be required for the degree. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Fashion Merchandising

Minimum required: 120 semester hours

General Requirements

1. A Minor in Business Administration is required for this degree. Courses for the minor in Business Administration are included in the following degree plan.
2. Majors are required to take specialized courses in Fashion Merchandising including culture and consumer behavior, textiles, textile product analysis, fashion buying principles, fashion merchandising, fashion history, fashion merchandising administration, fashion economics, and fashion promotional strategies.
3. Majors participate in an internship in a related area.
4. If two years of the same foreign language were taken in high school, then no additional language hours will be required for the degree. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.
5. Majors must pass all required Fashion Merchandising courses with a "C" or higher.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Interior Design

Minimum required: 120 semester hours

General Requirements

1. Majors must maintain a Texas State GPA of 2.0 in order to graduate.
2. The Interior Design major is required to take specialized courses in interior design including history of furnishings and architecture, residential and commercial interior design, research and programming, professional practices, and portfolio design. Visual communication courses, such as drawing, rendering and CADD, are taken in the School of Art and Design and the Department of Engineering Technology.
3. It is strongly suggested that students consider transferring into the program prior to meeting all general education core curriculum requirements or course options may be limited. The completion of ID major course requirements alone requires a minimum of seven semesters due to strict sequencing, regardless of other credit hours accumulated.
4. Students participate in an internship in a related area. Students are required to have completed ENG 1310, ENG 1320, COMM 1310,

MATH 1315 or MATH 1319 in addition to the Interior Design course requirements prior to the internship.

5. Majors must pass all required Interior Design, Art, and Technology classes with a grade of "C" or higher. Any student making a grade of "D" or lower in ID, ART, or CSM courses may not proceed to the next level course until a grade of "C" or higher is achieved.
6. If two years of the same foreign language were taken in high school, then no additional language hours will be required for the degree. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.

- ¹ A portfolio review for all Interior Design majors is conducted by the Interior Design faculty immediately upon completion of all ID 2323 course work. The purpose of the review process is to ensure that the most qualified students, evidenced by adequate skill and knowledge levels, will advance in the program. Students must pass portfolio review to proceed to the studio sequence beginning with ID 3322.

Bachelor of Science in Family and Consumer Sciences (B.S.F.C.S.) Major in Nutrition and Foods

Minimum required: 120 semester hours

General Requirements

1. In addition to general education core requirements, majors take courses in biology, and specialized courses in food systems, food science, nutritional assessment, physiology and nutrition, wellness and fitness, life span nutrition, and food service management. Course

options include medical nutrition therapy, advanced food science, and nutrition and genetics.

2. Majors must maintain a Texas State and major GPA of 2.50 or higher in order to graduate.
3. Majors participate in an externship.
4. A minor is required, and those in biology, business administration, and chemistry are recommended.
5. If two years of the same foreign language were taken in high school, then no additional language hours will be required for the degree. In the absence of such high school language, two semesters of the same modern language must be taken at the college level.

Department of Military Science

Army Reserve Officer Training Corps
Adamson Building Room 104
T: 512.245.3232 F: 512.245.3264

The Army Reserve Officer Training Corps (AROTC) Program at Texas State is designed to develop the professional skills vital to Army officers. The purpose of the program is to qualify students for a commission in the U.S. Army, U.S. Army Reserve, or Army National Guard.

The freshman and sophomore years of AROTC are called the Basic Course, and the junior and senior years are called the Advanced Course. Entry into the Basic Course requires no formal application; however, an interview is advisable because the student may be eligible for advanced placement. Registration is accomplished at the same time and in the same manner as for other college courses. Enrollment in the Basic Course does not confer any military status or commitment upon the

cadet. Successful completion of, or constructive credit for, the Basic Course is necessary before progressing to the Advanced Course.

Students entering the Advanced Course should have two academic years remaining at Texas State. Coordination should be made with the Professor of Military Science well in advance of anticipated enrollment in order to allow adequate time for application processing. A student may meet some prerequisites as a result of prior military training, ROTC training with any service, or successful completion of the AROTC Leader's Training Course. An interview is advisable in order to determine if a student meets any of the above prerequisites.

Students in the Advanced Course attend a summer course at Fort Lewis, Washington between their junior and senior years. The purpose of this course is to evaluate the cadets' performance in leadership positions while giving them practical field experience in a military environment.

Textbooks and materials for military science classes are furnished without cost to the student.

Some cadets are eligible to participate in the Simultaneous Membership Program, which allows them to serve in the National Guard or Army Reserve concurrently with AROTC. The Department of Military Science should be consulted for additional information regarding this program.

Army scholarships are available on a competitive basis to cadets enrolled in AROTC. These scholarships pay 100% of tuition and fees or room and board, plus a \$600 allowance per semester for books and necessary supplies. All scholarship cadets also receive the following tax-free stipend per month: freshmen, \$300.00; sophomores, \$350.00; juniors, \$450.00; and seniors, \$500.00. Eligible non-scholarship cadets who sign an AROTC contract may begin receiving the stipend during their sophomore year.

Opportunities to attend Airborne, Air Assault, and other service schools are available to eligible cadets on a competitive basis.

Pursuant to Texas Education Code 51.302, up to three semester hours of credit in an upper-level ROTC course may be applied to the general education core curriculum American History Component (HIST 1310 or HIST 1320) and up to three hours to the general education core curriculum Government/Political Science Component (POSI 2320 only).

All AROTC cadets are required to attend a weekly 90-minute leadership laboratory. This gives them an opportunity to practice basic military skills and the art of leadership.

Minor

- Military Science

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Military Science (MS)

MS 1000. Leadership Laboratory.

This course concentrates on practical leadership training. Must be taken concurrently with all other MS courses. Repeatable for credit with different emphasis.

[about Leadership Laboratory](#)

0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

[about Leadership Laboratory](#)

MS 1211. Foundations of Officership.

This course introduces the Army profession and the role of the commissioned officer. It focuses on leadership, ethics and military customs as well as practical skills like physical fitness and stress management. Students must enroll in MS 1000 concurrently.

[about Foundations of Officership](#)

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

[about Foundations of Officership](#)

MS 1212. Basic Leadership.

This course is designed to broaden the introduction to the Army and the skills needed to be a successful Army officer. It focuses on leadership, communication and problem solving as well as nutrition and personal development. Students must enroll in MS 1000 concurrently.

[about Basic Leadership](#)

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

[about Basic Leadership](#)

MS 2211. Individual Leadership Studies.

This course is designed to develop the student's self-confidence, leadership skills and problem solving abilities. It focuses on critical thinking, communication and conflict resolution skills.

[about Individual Leadership Studies](#)

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

[about Individual Leadership Studies](#)

MS 2212. Leadership and Teamwork.

This course focuses on self-development guided by group processes. Experiential learning activities are designed to challenge current beliefs, knowledge and skills. This course also provides equivalent preparation for the ROTC Advanced Course and the Leaders Training Course.

[about Leadership and Teamwork](#)

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

The B.A.A.S. is a program designed to allow students to earn a degree with a major in an individualized academic area. In addition, it allows students to assist in the choice of courses that would complement their career goals. The following are unique characteristics of the B.A.A.S.:

- The B.A.A.S. is an individualized, interdisciplinary degree with the option for prior learning assessment (PLA) and is considered a fast track to degree completion.
- Prior learning assessment (PLA) is available to document college-level learning for work experience, noncollegiate training, industry certifications, and non-sponsored learning for academic credit through a portfolio development process.
- The B.A.A.S. includes multiple options for obtaining college credit including testing by CLEP or DSST, correspondence studies, and extension courses.

- Courses are delivered at convenient times and locations as well as online.
- The professional development and practicum modules of the degree plan are individualized based on the students' career goals.
- Certificates, such as Certified Public Manager (CPM), may be included in the B.A.A.S. degree plan.
- Technical Associates' degrees and coursework may be included in the B.A.A.S. degree plan.
- Military coursework may be included in the B.A.A.S. degree plan

Technological Focus

Students holding a two-year technical associates degree or work experience in a technical area may wish to pursue the B.A.A.S. with a technological focus. These students may enroll in upper- and lower-division technological coursework in the Occupational Emphasis module and also additional upper-division technological courses in the Professional Development module of the degree plan. In addition, those students with technical work experience may apply for extra institutional credits, as do other students in the B.A.A.S. degree plans.

Bachelor of Applied Arts and Sciences (B.A.A.S.)

- Major in Applied Arts and Sciences

ART 2313	Introduction to Fine Arts	
DAN 2313	Introduction to Fine Arts	
MU 2313	Introduction to Fine Arts	
TH 2313	Introduction to Fine Arts	

Occupational Emphasis Module

Select 45 credits to satisfy this module from experiential learning (work/life experience, non-collegiate sponsored instruction, credit by examination), transfer work from other accredited institutions of higher learning, or a comprehensive cooperative education program.

OCED 4350	Foundations of Career and Prior Learning Assessment ²	3
-----------	--	---

Professional Development Module

This module of 21 credits is individualized to students' educational needs.³

Internship⁴

OCED 4360	Cooperative Occupational Education Readiness	3
OCED 4361	Practicum in Cooperative Occupational Education	3

Elective Module

Select enough elective hours to complete the 120 hour degree chosen with the advice of the student's degree advisor.

Foreign Language

Students who have not had two years of the same foreign language in high school or who do not have one year of the same foreign language from an accredited college must take the two courses of the same foreign language, which may include American Sign Language.

Total Hours **120**

- 1 This module may be satisfied through a number of options including traditional course work from Texas State and transfer credit from accredited institutions of higher learning plus limited numbers of hours from nontraditional methods including correspondence, extension, and forms of testing including CLEPs.
- 2 OCED 4350 (Occupational Assessment) is the required entry course for this module.
- 3 Students will choose courses with the assistance of the degree advisor from at least three academic departments. This module of 21 hours constitutes the major for GPA calculation purposes.
- 4 This is a required independent activity completed during the student's last semester.

School of Social Work

Health Professions Building Room 150

T: 512.245.2592 F: 512.245.8097

www.socialwork.txstate.edu (<http://www.socialwork.txstate.edu>)

The Bachelor of Social Work with a major in Social Work, which is fully accredited by the Council on Social Work Education, prepares students

to engage in entry-level social work practice, to apply for state social work licensure, and to pursue graduate social work studies. Social Work students must maintain high scholastic standards. They must also develop the capacity to work with people from all walks of life and be sensitive toward all people and the many problems they face.

Admission Process

The Social Work degree requires 54 hours in Social Work and 9 hours in supportive Social Sciences, and builds on liberal arts and the general education core curriculum. The Social Work curriculum is based on and interwoven with the liberal arts/general education core curriculum consisting of 54 semester credit hours. The Social Work major does not require a minor. Students' progress in three phases of the Social Work major, without regard to disability. A social worker must be emotionally and mentally stable, must have strong communication skills, must have solid interpersonal relationship-building skills, and must conform to professional ethics. The School of Social Work faculty evaluate whether students meet these criteria and may advise a student at any point to continue in the B.S.W. major or consider another major.

Phase I: (Pre-Social Work Major)

Any student may declare a pre-social work major and may enroll in SOWK 1350, SOWK 2375, as well as SOWK elective courses. Social work pre-majors should complete most of their general education core curriculum and liberal arts courses before applying to Phase II of the Social Work major. They must complete at least 45 credit hours, including the following:

BIO 1320	Modern Biology I, Molecules, Cells, and Physiology ¹	3
BIO 1421	Modern Biology II, Organisms, Evolution, and Environment ¹	4
COMM 1310	Fundamentals of Human Communication	3
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
HIST 1310	History of the United States to 1877	3
HIST 1320	History of the United States, 1877 to Date	3
Any course which meets the MATH Core criteria		3
PHIL 1305	Philosophy and Critical Thinking	3
or PHIL 1320	Ethics and Society	
SOWK 1350	Introduction to Social Work	3
SOWK 2375	Social Services in the Community	3
US 1100	University Seminar (if required)	1
Total Hours		35

¹ Biology is the only acceptable Life and Physical Science for admission to the B.S.W. major regardless of core curriculum requirements.

Applicants must have a minimum 2.50 overall GPA and a minimum 2.75 GPA in SOWK courses and supportive courses (Biostatistics, ENG 3303 or ENG 3304, and PSY 3322) to apply for Phase II. Students interested in Social Work must contact the College of Applied Arts Academic Advising Center for advisement.

Phase II: (Social Work Major)

Students submit a formal application for admission to Phase II. Application materials are due to the School of Social Work office by 5:00 p.m. on the second Monday of November for spring admission to

the major or the second Monday in April for fall admission to the major. An admission committee screens applicants, considering academic record and suitability for social work practice, and informs applicants in writing of their decision to admit to full major status, conditionally admit to full major status, or deny admission to full major status. Students admitted to Phase II must attend a mandatory orientation to the major prior to beginning Phase II of the degree program. Information regarding the orientation will be provided in the written notification of admission to Phase II of the major. When students are admitted to Phase II, their formal academic major is converted from Pre-Social Work to Social Work.

Admission into Phase II does not guarantee permission to remain in the degree program. Social Work faculty will continuously assess a student's progress. To be retained, the student must maintain the required minimum Texas State GPA of 2.50. Students must also earn a minimum grade of "C" in each social work course and each supportive course. The School of Social Work outlines the academic progress and advancement to graduation in relation to retaking major sequence coursework in the student handbook. To remain in Phase II, students must also agree to adhere to the NASW Code of Ethics and must demonstrate emotional and mental stability, competent communication skills, interpersonal relationship skills, and high levels of self-awareness.

Phase III: (Field Placement)

Students who have completed all required courses for the B.S.W., excluding SOWK 4645 and SOWK 4650 (Field Placement), and who have met all the requirements noted above may apply for field placement. Students apply for field placement with the School of Social Work's Field Office.

The School prefers that students take SOWK 4645 and SOWK 4650 during the same semester, which requires that the student limit his/her enrollment that semester to field placement, totaling 12 hours. Under exceptional circumstances, students may request permission from the Field Coordinator to take SOWK 4645 and SOWK 4650 over two consecutive semesters (6 hours each semester).

To be eligible for graduation a student must complete all degree requirements and must have a minimum Texas State GPA of 2.50 with a GPA of 2.75 in social work and supportive courses. Students seeking either a dual degree or a second bachelors' degree in Social Work will need to complete all requirements for the B.S.W degree totaling 54 hours for the major, to include 12 hours in field internship, 14 hours in modern languages, 9 hours in supportive courses and the required biology curriculum. To be eligible for graduation a student must complete all degree requirements and must have a minimum Texas State GPA of 2.50 with a GPA of 2.75 in social work and supportive courses.

Minor in Social Work

The Social Work minor makes students aware of our society's problems, conditions, and value systems, while enhancing their growth in their chosen major fields. The minor does not prepare students for professional social work practice nor for state social work licensure.

A minor in Social Work requires 18 semester hours, including:

SOWK 1350	Introduction to Social Work	3
SOWK 2375	Social Services in the Community	3
SOWK 4355	Policy Practice	3

Named on February 27, 2004 in honor of the generous support of Mr. and Mrs. Emmett McCoy, Texas State's Emmett and Miriam McCoy College of Business Administration provides broad-based undergraduate and masters-level educational programs that produce graduates with the

values, knowledge, and skills to help them excel in a diverse, globally-competitive environment.

Mission

The Emmett and Miriam McCoy College of Business Administration is a student-centered learning community dedicated to sharing values, knowledge, and skills that enable students to compete responsibly and successfully in a global business environment. The College serves a diverse population of undergraduate and graduate students primarily from Texas. Emphasizing an applied orientation, we value teaching excellence and intellectual contributions, complemented by service.

Vision

The Emmett and Miriam McCoy College of Business Administration strives to be a leader in experiential business education and business relevant, socially significant research.

Values

Committed to supporting the mission of Texas State University as a Hispanic Serving Institution and designated emerging research institution for the state of Texas, we embrace:

- A unique combination of experiential learning, excellent faculty instruction, and a student-centered culture.
- Responsiveness, accountability, and on-going contributions through research and service to Texas and beyond.
- Excellence in all endeavors through self-study, innovation, and continuous improvement.
- Integrity and adherence to professional and ethical standards.
- Respect for individuals and a diverse culture that promotes a globally engaged community of students, staff, and faculty.
- Student engagement and development through active involvement in student organizations.
- Life-long learning and professional development of students, staff, and faculty.

Background

Established in 1958, McCoy College offers the Bachelor of Business Administration (B.B.A.) degree with majors in accounting, computer information systems, economics, finance, management, and marketing. The management major offers a teacher certification option. Computer Information Systems offers a certificate program. Additionally, the College cooperates with the College of Liberal Arts in offering the Bachelor of Arts (B.A.) degree with a major in economics. The B.B.A. degree does not require a minor. Non-business majors may choose business administration as their minor.

The learning environment of McCoy College places primary importance on teaching excellence and intellectual contributions complemented by service. This environment prepares students for careers in both the private and public sectors. The curriculum addresses the economic, legal, political, social, technological, and demographically diverse environment in which modern business is conducted. This environment emphasizes comprehensive learning that combines general education and professional studies in business. The core requirements cover the main functional areas of business, and specialized study in one of six traditional business majors provides knowledge upon which to build a career.

McCoy College, accredited by AACSB-International, The Association to Advance Collegiate Schools of Business, serves over 3,500 undergraduate and graduate business students and has five academic departments: Accounting, Computer Information Systems and Quantitative Methods, Finance and Economics, Management, and Marketing.

McCoy College is entitled by its designation as an AACSB-International accredited school to have Beta Gamma Sigma as its honorary business society. The university chapter has been in existence since 1997. In the College, the top 10 percent of undergraduate business students in their respective classes are eligible to join the society as early as the last semester of their second year of study. Graduate students ranked in the top 20% of their class may join the society after completing one year of study.

Academic Advising Center

McCoy Hall Room 115

T: 512.245.1993 F: 512.245.1996

www.advising.mccoy.txstate.edu

The McCoy College Academic Advising Center is an accessible, student-centered support service that provides official and accurate academic information, encourages students to develop educational goals, and enables students to identify strategies for success. The services available for students include information sheets for schedule-building and degree requirements, an on-call advisor to address frequently asked questions, one-on-one advising sessions by appointment, information on student professional development opportunities in the College, and the certification of undergraduate graduation applicants. For a complete description of advising services and student responsibilities refer to the McCoy College Academic Advising Syllabus which is available for download at <http://advising.mccoy.txstate.edu/resources/syllabus.html>. Students are required to show their Texas State ID to speak with an advisor about specific academic information.

Admission Policy

Admission to the College is competitive, and a student must be admitted to the College to pursue a B.B.A. degree. Consideration for admission to McCoy College undergraduate programs is based on specific admission criteria and is conducted as a rolling admission process. For current Texas State students, applications are available online at <http://advising.mccoy.txstate.edu/apply>. For students not yet admitted to the University, applications are available online at www.applytexas.org (<http://www.applytexas.org>). Students should list a business major as their first major choice.

Priority dates are March 1 for summer/fall semester and October 15 for the spring semester. Applications received after the priority date will be considered for admission on a space-available basis. Students not yet admitted to Texas State must meet Texas State admission deadlines. Students attending Texas State who are currently on academic probation are not eligible for admission to McCoy College.

Freshmen and Students with fewer than 30 Semester Hours

Students are automatically admitted if their SAT I score is 1200 (Critical Reasoning + Math) or greater, if their ACT score is 27 or greater, or if the student graduated in the top 25% of their high school class. All other applicants will be considered for the remaining openings through a review process. The competitive admission index is based

on a combination of a student's high school academic record and standardized test score (SAT I or ACT). Students who are admitted to the University but denied admission to a business degree program will be considered for admission to their second choice major or as an undeclared major.

Students with 30 or more Semester Hours

Students who have not been admitted to McCoy College and have completed at least 30 semester hours either at Texas State or another college or university including ENG 1310, ENG 1320, and MATH 1329 will be considered for admission based upon a competitive index using the grades from ENG 1310, ENG 1320, MATH 1329, and the overall GPA from all colleges and universities attended. Students will be automatically admitted if they have a cumulative GPA of 3.0 or higher and have completed ENG 1310, ENG 1320 and MATH 1329.

Restricted Status

Any business student whose Texas State GPA drops below a 2.0 is placed on probation by Texas State and on restricted status by McCoy College. Business majors on restricted status must increase their Texas State GPA to at least 2.0 in the subsequent semester or their admission to the College will be voided. Students are required to meet with a representative of the McCoy College Academic Advising Center to remove probation holds; otherwise, the hold will prevent registration or schedule changes. A student whose admission is voided may regain admission to the College by going through the application process and competing with other applicants for openings. Business students with a Texas State GPA below a 2.0 are also subject to the University academic probation and suspension policies.

General Requirements for the B.B.A. Degree

All students seeking the B.B.A. must complete

1. The general education core curriculum prescribed by Texas State including the following:

COMM 1310	Fundamentals of Human Communication	3
ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
MATH 1329	Mathematics for Business and Economics II	3
PHIL 1320	Ethics and Society	3
2. A common core of business courses outlined by McCoy College,
3. A combination of courses in the major program area specified by the appropriate academic department and restricted upper-division business electives to complement the major, and
4. Free electives to achieve a minimum total of 120 semester hours. To ensure compliance with the course requirements for a B.B.A. degree, business students should follow the general sequence of courses specified for the business curriculum in this section of the catalog. Also, students who did not complete satisfactorily at least two years of the same foreign language in high school must complete two semesters (6-8 hours) of a single foreign language.

Enrollment in Upper-Division Business Courses

Upper-division McCoy College courses (3000- and 4000-level) are restricted to business majors or to students who require the courses for their declared program of study. To be eligible to enroll in these courses, all students must satisfy stated course prerequisites, maintain an overall GPA of 2.00 or greater, and have completed at least 60 semester hours. Students should note that not all courses are taught each semester. If a

specific course is needed, students should verify the prospective course offering with the department.

Common Business Core

To provide a common body of knowledge in business, all students seeking the B.B.A. are required to complete the following courses or their equivalents:

ACC 2361	Introduction to Financial Accounting	3
ACC 2362	Introduction to Managerial Accounting	3
CIS 1323	Introduction to Microcomputer Applications	3
ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
BLAW 2361	Legal Environment of Business	3
QMST 2333	Business Statistics	3
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
CIS 3380	Enterprise Information Technology and Business Intelligence	3
FIN 3312	Business Finance	3
MGT 3453	Business Communication and Professional Development ¹	4
MGT 4335	Strategic Management and Business Policy	3

¹ Students in the 2014 and subsequent catalog years cannot receive credit for MGT 3353.

Transfer Credit

Business transfer students must meet residency requirements for all Texas State programs outlined in the academic policies section of this catalog. Additionally at least 50% of the semester hours in business required for the College's various degree programs must be completed in residence at Texas State.

Undergraduate transfer students who received elective credit rather than course-specific credit from the Texas State admissions office may appeal this designation to the McCoy College department in which the course is offered.

Community/junior college students who plan to transfer to McCoy College are advised to pursue the business curriculum outlined in this section. The appropriate course equivalency guide and/or transfer planning guide should be consulted to resolve questions of course transferability. Courses acceptable for transfer by Texas State will transfer at the level at which the courses were taken (i.e., acceptable courses from a community/junior college transfer as freshman or sophomore courses and cannot be used to satisfy junior/senior-level requirements). A maximum of 72 hours from an accredited community/junior college may be applied to a business degree.

Writing Intensive Hour Requirement

Nine hours of designated "writing intensive" (WI) courses must be completed at Texas State to satisfy degree requirements.

Grade-Point Average for Graduation

B.B.A. students must achieve the following minimum grade-point averages:

1. A Texas State GPA of 2.00
2. A Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives); and
3. A GPA of 2.0 in the minor(s).

B.B.A. Accounting students must achieve the following grade point averages:

1. A Texas State GPA of 2.00
2. A Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives)
3. A GPA of 2.0 in the minor(s); and
4. A Major GPA of 2.50

B.A. students must achieve the following minimum grade point averages:

1. A Texas State GPA of 2.00
2. A major(s) GPA of 2.25 (includes major courses and restricted/advanced electives); and
3. A GPA of 2.0 in the minor(s).

Double Majors Within Bachelor of Business Administration Programs

Students must fulfill the specified requirements for both majors in full and restricted/advanced electives may not double count.

Minors

- Business Administration (p. 151)
- International Business (p. 151)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Business Administration (B A)

Minor in Business Administration

An undergraduate major of your choice combined with a business administration minor can be beneficial. The minor requires the completion of 18 semester credit hours including:

Select one of the following:		3
ACC 2301	Accounting in Organizations and Society	
ACC 2361	Introduction to Financial Accounting	
& ACC 2362	and Introduction to Managerial Accounting	
Select one of the following:		3
ECO 2301	Principles of Economics	
ECO 2314	Principles of Microeconomics	
& ECO 2315	and Principles of Macroeconomics	
Select 12 hours from the following:		12
BLAW 2361	Legal Environment of Business	
CIS 3317	E-Business	
FIN 3325	Personal Financial Management	
MGT 3303	Management of Organizations	
MKT 3343	Principles of Marketing	
Total Hours		18

Students seeking a B.B.A. degree are not eligible to declare a business minor.

Minor in International Business

Obtaining an International Business minor will give you an understanding of the economic and financial differences across countries. It can also provide a broad background in international management and marketing.

Only students seeking a B.B.A. degree are eligible to declare an international business minor.

The minor requires 18 semester hours, which includes a 12 hour core:

ECO 3353	Comparative Economic Systems	3
MGT 3375	International Business	3
MKT 4310	International Marketing	3
B A 4315	International Trade Operations	3
Advanced electives		6
Total Hours		18

The advanced electives may be selected from an approved list that is available online at http://www.mccoy.txstate.edu/Undergraduate/majors_programs/intlbusinessminor.html.

Department of Accounting

McCoy Hall Room 431

T: 512.245.2566 F: 512.245.7973

www.accounting.mccoy.txstate.edu ([http://](http://www.accounting.mccoy.txstate.edu)

www.accounting.mccoy.txstate.edu)

Our mission is to offer quality, student-centered accounting programs for undergraduate and graduate students. Our primary goal is to prepare students for careers in public accounting, industry, government, nonprofit, and other organizations. We strive to:

- Provide quality instruction and curricula that offer strong conceptual foundations and technical skills in accounting. Our programs emphasize critical thinking, ethical decision-making, technology usage, and communication skills. Our graduate programs augment the undergraduate degree and prepare graduates for professional careers in accounting including eligibility for licensure by State Boards of Public Accountancy.
- Engage in intellectual contributions in the areas of discipline-based scholarship, contributions to practice and learning and pedagogical research.
- Provide service to our department, college, university, and other academic organizations. This includes support of the accounting profession and accounting student organizations.
- Build and maintain professional relationships among students, alumni, the accounting profession, and other stakeholders.

The accounting curriculum provides a broad education in theory, ethics and practice. Students completing the four year prescribed program of study earn the Bachelor of Business Administration degree with a major in accounting. Career options include accounting for corporations, industry, governmental, and other not-for-profit organizations.

For a Bachelor of Business Administration with a major in accounting all students must achieve the following grade point averages for graduation:

1. A Texas State GPA of 2.00
2. A Business GPA of 2.25 (includes common business core, major(s), and restrictive/advanced electives)
3. A GPA of 2.0 in the minor(s); and
4. A Major GPA of 2.50.

To meet the educational requirements to take the Uniform CPA Examination in Texas current law requires 150 semester credit hours, including 30 hours of upper-division accounting (including a research course), 24 hours of upper-division related business courses (including business communications), and 3 hours of an approved ethics course. Students may contact the Texas State Board of Public Accountancy at (512) 305-7870 or at <http://www.tsbpa.state.tx.us> to verify the educational requirements. Although these hours may be satisfied with undergraduate courses, the Department provides a 33 hour Master of Accountancy (M.Acy.) program and a 36 hour Master of Science in Accounting and Information Technology (M.S.A.I.T.) program which offer graduate level accounting courses. Students completing one of these graduate programs should experience greater opportunities for initial employment and career success. In addition to the career choices available to B.B.A. graduates, M.Acy. and M.S.A.I.T. graduates position themselves for career opportunities in public accounting such as auditing, tax, and management consulting.

To make the transition from undergraduate to graduate easier, Texas State undergraduate students who are within 6 hours of completing their undergraduate program may apply for admission to any graduate business program. This allows a student to take graduate courses as appropriate in their last undergraduate semester. Students must complete their undergraduate program at the end of that semester. For more information about graduate program requirements and the admission process, please consult the graduate catalog. To talk with a graduate academic advisor, students should contact the Accounting Department, (512) 245.2566, or go to McCoy Hall 431.

Bachelor of Business Administration (B.B.A.)

- Major in Accounting (p. 154)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Accounting (ACC)

ACC 2301. Accounting in Organizations and Society.

Introductory accounting course for non-business majors. Describes the role of accounting as an information system essential for the operation of today's organizations. Focus is on (1) how data is captured and processed to provide information for decision-making, and (2) how the information provided can be used for decision-making.

about Accounting in Organizations and Society

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Accounting in Organizations and Society

ACC 2325. Financial Analysis and Accounting.

A study of financial statement analysis and overview of financial statements.

about Financial Analysis and Accounting

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Financial Analysis and Accounting

ACC 2361. Introduction to Financial Accounting.

This course introduces financial accounting concepts and their application in the accounting process for business organizations, including financial statement preparation, analysis and communication of financial information and related ethical responsibilities. Prerequisite: Math 1319 or equivalent or SAT Mathematics score of 580 to 800 or ACT Math (MP) score of at least 27.

about Introduction to Financial Accounting

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: ACCT 2301

about Introduction to Financial Accounting

ACC 2362. Introduction to Managerial Accounting.

This course provides an introduction to the use of accounting information as an aid to management decision making and budgeting. Students will gain an appreciation of control processes and an understanding of accounting reports and related ethical responsibilities. Prerequisites: ACC 2361 and MATH 1319 or equivalent.

about Introduction to Managerial Accounting

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: ACCT 2302

about Introduction to Managerial Accounting

ACC 3313. Intermediate Accounting I.

An in-depth study of accounting concepts and standards with emphasis on current theory and practices relating to corporate financial statements particularly stressing asset measurement and presentation. Prerequisites: ACC 2361 and ACC 2362 with a grade of "C" or higher.

about Intermediate Accounting I

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Intermediate Accounting I

ACC 3314. Intermediate Accounting II.

This course provides a study of accounting problems related to liability measurement, determination of stockholders' equity, earnings per share, leases, and revenue recognition. It also covers intangibles and investments. Prerequisite: ACC 3313 with a grade of "B" or higher.

about Intermediate Accounting II

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Intermediate Accounting II

ACC 3363. Governmental Accounting.

A study of concepts and techniques of fund accounting, and financial reporting for governmental and not-for-profit organizations including state and local government, universities, hospitals, and other public sector entities. Prerequisite: ACC 3313 with a grade of "B" or higher.

about Governmental Accounting

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Governmental Accounting

ACC 3365. Cost/Managerial Accounting.

The study of cost/management accounting within the manufacturing and merchandising environment. Includes the analysis of cost accumulation, planning, and control within the organization. Specific topics emphasized are job order and process costing; standard costing, standard costing and variance analysis; absorption and direct costing; budgetary procedures; cost/volume profit analysis; and capital budgeting techniques. Prerequisites: QMST 2333; ACC 2362 with a grade of "C" or higher, and completion or concurrent enrollment in ACC 3313.

about Cost/Managerial Accounting

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Cost/Managerial Accounting

ACC 3385. Accounting Systems.

A study of elements of theory, procedures, and practice relating to system design and implementation for manual and computerized accounting information systems. Emphasis placed on system selection, data entry, file structure, internal control implementation, and report generation for various information end-users. Prerequisites: ACC 3313 with a grade of "B" or higher; CIS 3380.

about Accounting Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Accounting Systems

ACC 4313. Internal Audit and Controls.

A study of the theory and practices relating to internal auditing. The course emphasizes the procedures used to evaluate and improve the effectiveness of risk management and control processes, including prevention and detection of fraud. Prerequisites: ACC 3314 and ACC 3385 with grades of "C" or higher.

about Internal Audit and Controls

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Internal Audit and Controls

ACC 4328. Survey of Income Tax.

An introduction to Federal income tax provisions, concepts and issues concerning individuals, business and property transactions. The coursework focuses on income and expense recognition as well as tax planning opportunities. Prerequisite: ACC 3313.

about Survey of Income Tax

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Survey of Income Tax

ACC 4390A. International Accounting.

This course introduces students to accounting issues unique to multinational enterprises and international business activity. Financial accounting practices are compared across different countries. The development of international accounting standards is also explored. Prerequisite: ACC 3313.

Department of Computer Information Systems and Quantitative Methods

McCoy Hall Room 404

T: 512.245.2291 F: 512.245.1452

www.cis.txstate.edu (<http://www.cis.txstate.edu>)

The mission of the Department of Computer Information Systems and Quantitative Methods is to provide relevant educational opportunities to students wishing to pursue professional careers related to information systems and information technology. The department strives to create an environment for preparing individuals for a lifetime of learning and growth by producing graduates who understand the concepts and uses of information technology and are capable of applying these concepts to business and government.

The computer information systems curriculum provides a strong foundation in the concepts and applications of information systems and technology in organizations. It gives CIS majors the opportunity to study enterprise design, business intelligence, database development, network and security administration, programming languages, and the integration of hardware and software systems with management practices. Students completing the prescribed program of study earn the Bachelor of Business Administration degree with a major in Computer Information Systems. CIS graduates pursue careers as IT integrators, global enterprise system architects, database administrators, network administrators, information security analysts, business systems analysts, application developers, digital-business solution developers, and information systems managers. Graduates work for technology companies, government agencies, accounting firms, oil companies, financial and insurance institutions, retail firms, manufacturing concerns, and consulting companies. Many of these are global enterprises.

Bachelor of Business Administration (B.B.A.)

- Major in Computer Information Systems (p. 158)

Certificate

- Computer Information Systems

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this department include: CIS (p. 155),
QMST (p. 157)

Courses in Computer Information Systems (CIS)

CIS 1323. Introduction to Microcomputer Applications.

This course develops advanced information technology skills, focusing on office productivity software. Primary emphasis is placed on spreadsheet, database, and presentation software. Advanced techniques are presented for use in data analysis and decision-making. Students will be expected to demonstrate mastery of these techniques in a hands-on environment.

about Introduction to Microcomputer Applications

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

about Visual Programming I

CIS 3317. E-Business.

Explores the constantly changing world of e-Business from an international perspective. This course will emphasize e-Business challenges and opportunities in the worldwide marketplace, while focusing on global issues of management, implementation, and integration of IT resources. Does not count for CIS advanced elective credit. (MC).

about E-Business

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multi.Content & Perspective

Grade Mode: Standard Letter

about E-Business

CIS 3325. Visual Programming II.

An advanced visual programming course covering topics related to the design and implementation of user interface, business logic and data access in a tiered architecture. The emphasis is on techniques that take advantage of a development framework through the use of forms, classes, and objects. Prerequisite: CIS 2324.

about Visual Programming II

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Visual Programming II

CIS 3350. Information Security Assurance: Principles and Practices.

This course examines the concepts of information systems and network availability, integrity, and confidentiality in order to develop effective security controls, processes, practices, and procedures. Topics include methodologies, models, architectures, access control systems, ethics, and legal implications of IT security. Prerequisites: Overall GPA 2.0 required. Restricted to Juniors or Seniors in BBA or CJ majors.

about Information Security Assurance: Principles and Practices

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Information Security Assurance: Principles and Practices

CIS 3360. e-Business Applications Design and Development.

The course focuses on designing effective e-business applications to support the e-business strategy of a company. It covers e-business models, business solution delivery strategy, web required architectures, and development and deployment of dynamic, multi-tiered, transaction-oriented, e-business applications in a business-to-business environment. Prerequisite: CIS 3325 and ACC 2362.

about e-Business Applications Design and Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about e-Business Applications Design and Development

CIS 3374. System Analysis and Design.

The analysis and general design phases of the system development life cycle are reviewed. Emphasis on techniques and tools for determining systems requirements that lead to the development of logical design models using structured and object-oriented methodologies. (WI).

about System Analysis and Design

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

CIS 3375. Enterprise Computing Skills using COBOL.

Basic features of the COBOL language. Emphasis is on structured program development and file processing. Topics include file processing, sort feature, and subprograms. Prerequisite: CIS 3325.

about Enterprise Computing Skills using COBOL

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Enterprise Computing Skills using COBOL

CIS 3380. Enterprise Information Technology and Business Intelligence.

Students will extend their ability to effectively use integrated software applications to identify and provide access to various information sources. The course will focus on applying information and Internet Technologies that span normal business functions for the development and implementation of solutions to managerial problems. Prerequisites: CIS 1323, MATH 1329 or equivalent, and QMST 2333. (MC).

about Enterprise Information Technology and Business Intelligence

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Enterprise Information Technology and Business Intelligence

CIS 3382. Computer Data Base Systems.

Concepts and methodology of planning, design, development, and management of the computerized data base. The emphasis is on logical database design and a study of relational implementation. A relational DBMS with a relational query language is used for the development of a business application system. Prerequisites: CIS 3374 and completion of or concurrent enrollment in CIS 3380.

about Computer Data Base Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Computer Data Base Systems

CIS 3389. Business Application Programming III.

This course will continue the study of business-oriented software development using an object-oriented programming language. Topics covered will include client/server object relationships, inheritance, polymorphism, encapsulation, inner classes, threads, GUI design, and the use of event models. Prerequisite: CIS 3325.

about Business Application Programming III

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Business Application Programming III

CIS 3390. Project Management for Business Professionals.

An introduction to project management body of knowledge as applied to Information Technology with emphasis on the management of scope, costs, schedules, quality and risks. Program management, system methodologies, material procurement, human, and international issues will be examined from the perspective of their impact on functional disciplines in the organization.

about Project Management for Business Professionals

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

about Project Management for Business Professionals

CIS 4318. Enterprise System Development and Application Security.

Advanced use of information technology in the design and implementation of business applications to support electronic commerce. Concepts, methodology, and toolsets for designing, implementing, and management of applications in Business-to-Business paradigm. Prerequisites: CIS 3382 and CIS 3325 or CIS 3389.

about Enterprise System Development and Application Security

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Enterprise System Development and Application Security

CIS 4319. Mobile Application Development for Windows.

This course introduces the concepts, methodology, and toolset for designing business applications. Students will learn the MVC development framework and .Net programming environment for Windows to create interactive business applications. Prerequisite: CIS 3325.

about Mobile Application Development for Windows

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Mobile Application Development for Windows

CIS 4320. Mobile Application Development for Apple-iOS.

This course introduces the concepts, methodologies, and toolset for designing business applications for mobile devices such as iPhone and iPad. Students will learn the MVC development framework and Objective-C programming environment for Apple-iOS to create interactive business applications. Prerequisite: CIS 3325.

about Mobile Application Development for Apple-iOS

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Mobile Application Development for Apple-iOS

CIS 4321. Mobile Application Development for Android.

This course introduces the concepts, methodology, and toolset for designing business applications for mobile devices. Students will learn the MVC development framework and Java programming environment for Android to create interactive business applications. Prerequisite: CIS 3325.

about Mobile Application Development for Android

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Mobile Application Development for Android

CIS 4322. Computer System Development and Design.

A course that integrates systems development with analysis, design, project management, and the systems development life cycle. Object-oriented methods and UML models will be used to develop a project for a client. Students will select methodology, platform, and development technology based on client requirements. Prerequisites: CIS 3325 and CIS 3382.

about Computer System Development and Design

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Computer System Development and Design

CIS 4332. Enterprise Resource Planning Systems.

The use of advanced information technology for integrating business functions in an enterprise through distributed databases is emphasized. Methodology and tools for the selection and implementation of Enterprise Resource Planning (ERP) systems are discussed. Students will use available ERP software to create, track and communicate enterprise information. Prerequisite: CIS 3380.

about Enterprise Resource Planning Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Enterprise Resource Planning Systems

CIS 4348. Fundamentals of Data Communications.

A course oriented to the technical concepts of data communications and network designs and how they relate to contemporary computer end-user environments. It incorporates the systems approach for understanding, designing, managing, securing, and implementing data communication networks. Students will analyze and design data communication networks for various business situations.

about Fundamentals of Data Communications

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Fundamentals of Data Communications

CIS 4349. Advanced Database Management Systems.

This course introduces advanced concepts and database processes to support applications for Business Intelligence. Multi-dimensional modeling along with database, reporting, and analysis capabilities of a modern database environment will be used to design and develop stored procedures, views, user-defined functions, reports and multi-dimensional information cubes. Prerequisite: CIS 3382.

about Advanced Database Management Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Advanced Database Management Systems

CIS 4350. Information Systems Security.

This course focuses on the technology and managerial issues related to information systems security. Topics include: Attack methods, access control, authentication, firewalls, incident and disaster response, disaster recovery, security function management, and cryptography. Prerequisite: CIS 4348.

about Information Systems Security

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Information Systems Security

CIS 4358. Network Administration.

This course provides students with an understanding of the responsibilities assigned to network administrators. Students will acquire a working knowledge of these responsibilities and skills using tools and technologies for administering enterprise networks via network operating systems commonly used in modern business enterprises. Prerequisite: CIS 4348.

about Network Administration

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Network Administration

CIS 4360. Developing Business Solutions for the Enterprise.

An introduction to the concepts, methodology, and toolsets for the architecture, design, implementation, and deployment of business solutions for the enterprise in a services-oriented computing environment. Topics include services-oriented architecture, "Software as a Service" framework, n-tier development of business and data services, and application security. Prerequisites: CIS 3325 and CIS 3382.

about Developing Business Solutions for the Enterprise

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Developing Business Solutions for the Enterprise

CIS 4395. Independent Study in Computer Information Systems.

An in-depth study of a single topic or related problem solved through computer information systems research. May be repeated once for credit with a different emphasis. Prerequisite: Consent of instructor and department chair.

about Independent Study in Computer Information Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Independent Study in Computer Information Systems

CIS 4399. Computer Information Systems Internship.

This one-semester course involves an internship in business information systems. Emphasis is on the application of computer information systems theory to business problems in the area of computer based management information systems. Prerequisite: Specified by employer with consent of instructor and department chair.

about Computer Information Systems Internship

3 Credit Hours. 0 Lecture Contact Hours. 15 Lab Contact Hours.

Grade Mode: Credit/No Credit

Courses in Quantitative Methods (QMST)

QMST 2333. Business Statistics.

This introductory course covers descriptive and inferential statistical techniques for business and economic decision making. Topics include measures of central tendency and dispersion, probability distributions, sampling distributions, confidence intervals, hypothesis testing, simple linear regression, and correlation analysis. Prerequisites: CIS 1323; MATH 1329 or equivalent. (MC).

about Business Statistics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Business Statistics

QMST 3334. Statistical Modeling.

Students will learn to apply a broad range of statistical analysis techniques using statistical software in business decision-making. Topics include applied modeling techniques, such as regression modeling, time-series modeling and analysis of variance; non-parametric methods; quality control; and simulation. Prerequisite: QMST 2333. about Statistical Modeling

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter
about Statistical Modeling

QMST 4373A. Applied Time Series.

This course will teach the fundamentals of time series methods to be applied on real-life data. The course focuses on application, however the methodology behind the models will also be discussed. Students will learn how to pick the appropriate method for the time series of interest. Prerequisites: Consent of instructor and department chair. about Applied Time Series

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics
Grade Mode: Standard Letter
about Applied Time Series

QMST 4373B. Advanced Data Mining Topics.

This course will teach advanced techniques of data mining such as fuzzy approaches, memory-based reasoning, vector machines and genetic algorithms. Techniques will be applied to data sets expected in the business environment. Prerequisites: Consent of instructor and department chair. about Advanced Data Mining Topics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Certificate in Computer Information Systems

The Department of Computer Information Systems and Quantitative Methods offers an intensive program leading to a Certificate in Computer Information Systems (CIS). The program is directed at students who wish to gain information technology (IT) exposure without having to pursue a full degree program in computer information systems. Students who wish to pursue the Computer Information Systems Certificate are required to be a Texas State University Undergraduate degree seeking or post-baccalaureate student. The primary objective of the program is to offer an option to non-IT professionals and non-CIS majors to gain an initial expertise in the use of information technology to develop computer-based business information systems. Students must apply for admission in the Department of Computer Information Systems and Quantitative Methods prior to taking any courses and successfully complete 18 semester hours of course work in information technology (IT). These include 12 semester credit hours of required core CIS courses and 6 semester credit hours of CIS advanced elective courses. Required courses include:

The certificate requires 18 hours. Students must complete:

CIS 2324	Visual Programming I	3
CIS 3325	Visual Programming II	3
CIS 3374	System Analysis and Design	3
CIS 3382	Computer Data Base Systems	3
CIS Advanced Electives. Select two of the following:		6
CIS 3360	e-Business Applications Design and Development	
CIS 3375	Enterprise Computing Skills using COBOL	
CIS 3389	Business Application Programming III	
CIS 3390	Project Management for Business Professionals	
CIS 4318	Enterprise System Development and Application Security	
CIS 4319	Mobile Application Development for Windows	

CIS 4320	Mobile Application Development for Apple-iOS
CIS 4321	Mobile Application Development for Android
CIS 4322	Computer System Development and Design
CIS 4332	Enterprise Resource Planning Systems
CIS 4348	Fundamentals of Data Communications
CIS 4349	Advanced Database Management Systems
CIS 4350	Information Systems Security
CIS 4358	Network Administration
CIS 4360	Developing Business Solutions for the Enterprise
CIS 4395	Independent Study in Computer Information Systems
CIS 4399	Computer Information Systems Internship

Total Hours 18

Students interested in pursuing the certificate program should contact the Chair of Computer Information Systems and Quantitative Methods, McCoy Hall 404 or visit the Department website at www.cis.txstate.edu (<http://www.cis.txstate.edu>).

Department of Finance and Economics

McCoy Hall Room 504
T: 512.245.2547 F: 512.245.3089
www.fin-eco.mccoy.txstate.edu (<http://www.fin-eco.mccoy.txstate.edu>)

The mission of the Department of Finance and Economics is to provide students the ability to pursue learning throughout their lives, accept responsibility for their actions, and contribute to the common goals of society. Departmental programs are designed to develop informed citizens capable of thinking critically and succeeding in a highly-complex, interdependent, global society. Ideally, graduates will successfully compete for employment in both the public and private sectors and for entrance to high-quality graduate education.

The Department includes two closely related disciplines - finance and economics. Economics studies the use of scarce resources to satisfy unlimited wants. The department's introductory courses meet the need for basic economic and legal understanding in a complex modern society. Upper-division economics and business law courses build upon this foundation. Finance addresses the behavior and determinants of securities prices, portfolio management, and the management of corporate and public funds. In addition, the relationships among monetary policy, the banking system, and financial markets are analyzed.

Students completing one of the three curricula offered by the department earn a Bachelor of Business Administration with a major in either economics or finance, or they may earn a Bachelor of Arts with a major in economics. Finance graduates pursue careers in financial management, banking and other financial institutions, the securities industry, financial planning, and real estate. Economics graduates follow career paths similar to finance majors. Those with the B.A. degree often enter graduate or law school.

Bachelor of Arts (B.A.)

- Major in Economics (p. 166)

Bachelor of Business Administration (B.B.A.)

- Major in Economics (p. 166)
- Major in Finance (p. 167)

Minor

- Economics (p. 168)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this department include: BLAW (p. 160), ECO (p. 161), FIN (p. 163)

Courses in Business Law (BLAW)

BLAW 2361. Legal Environment of Business.

A survey of basic features of the American legal system and legal aspects of business transactions. Topics include the nature and sources of law, court systems and procedures, agency, torts, contracts, ethics, and government regulation of business.

about Legal Environment of Business

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: BUSI 2301

about Legal Environment of Business

BLAW 3360. Business Organizations and Government Regulations.

This course studies corporations, partnerships, limited liability companies, securities law, law for small business, administrative law, consumer law, environmental law, antitrust law, and insurance. Prerequisite: BLAW 2361.

about Business Organizations and Government Regulations

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Business Organizations and Government Regulations

BLAW 3363. International Business Law.

This course studies the principles of international business law which emphasizes the commercial activities of the multinational firm conducting business in global economic, political, social and cultural environments. (MC/MP).

about International Business Law

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multi.Content & Perspective

Grade Mode: Standard Letter

about International Business Law

BLAW 3364. Commercial Law.

This course studies sales law, negotiable instruments, secured transactions, suretyship, bankruptcy, personal property and bailments, real property, and creditors' rights and remedies. Prerequisite: BLAW 2361.

about Commercial Law

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Commercial Law

BLAW 3367. Employment Law.

This course studies the legal developments in the workplace, with emphasis on attempts to maintain a proper balance between employees' interest in earning a livelihood and employers' interest in operating their business efficiently and profitably. Prerequisite: PHIL 1320. (MC).
about Employment Law

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Employment Law

BLAW 4395. Independent Study in Business Law.

An in-depth study of a single topic or related problem solved through business law research. May be repeated once for credit with different emphasis. Prerequisite: Consent of instructor and department chair.
about Independent Study in Business Law

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Independent Study in Business Law

Courses in Economics (ECO)

ECO 2301. Principles of Economics.

A non-technical study of micro- and macroeconomic principles, including demand and supply, production and cost, market structures, aggregate output and performance of the economy, the business cycle and growth, unemployment and inflation, money and banking, fiscal policy, monetary policy, and international trade and finance. Not for business or economics majors.

about Principles of Microeconomics

ECO 2315. Principles of Macroeconomics.

This course provides an introduction to the macroeconomics of a modern industrial society. Emphasis is placed on the analysis of national income, economic stability, fiscal policy, money and banking, economic growth, and international trade. Prerequisites: ECO 2314; MATH 1319 or equivalent. (MC).

about Principles of Macroeconomics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

TCCN: ECON 2301

about Principles of Macroeconomics

ECO 3301. Economics of Sports.

This course focuses on the business and economics aspects of professional and intercollegiate sports. Topics include the role of sports leagues, the demand for sports, the structure of labor markets in the four major sports, salaries of professional athletes, antitrust legislation, and intercollegiate athletics. Prerequisite: ECO 2301 or ECO 2314.

about Economics of Sports

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Economics of Sports

ECO 3304. Environmental Economics for Decision Makers.

Economic analytical tools and concepts are used to understand how the environment, economy, and businesses interact and the importance of public policy in shaping this interaction. Natural resources as inputs to production are explored. Current policy issues and environmental problems provide illustration and application. Prerequisite: ECO 2301 or ECO 2314.

about Environmental Economics for Decision Makers

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Environmental Economics for Decision Makers

ECO 3305. Law and Economics.

Economic analytical tools and concepts are used to understand how the environment, economy, and businesses interact and the importance of public policy in shaping this interaction. Natural resources as inputs to production are explored. Current policy issues and environmental problems provide illustration and application. Prerequisite: ECO 2301 or ECO 2314.

about Law and Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Law and Economics

ECO 3311. Money and Banking.

A study of money and credit in the modern economy. Examines the development of modern money and banking systems, the structure of the Federal Reserve System, and monetary theory. Prerequisites: ECO 2314 and ECO 2315.

about Money and Banking

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Money and Banking

ECO 3313. Labor Economics.

A study of the application to labor markets of supply and demand principles. Topics include the work/leisure decision, time allocation in the household, the demand for education and training, the firm's use of labor inputs, the impact of unions, and discrimination in labor markets based on race and gender. Prerequisite: ECO 2314.

about Labor Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Labor Economics

ECO 3314. Intermediate Microeconomics.

A study of the application to labor markets of supply and demand principles. Topics include the work/leisure decision, time allocation in the household, the demand for education and training, the firm's use of labor inputs, the impact of unions, and discrimination in labor markets based on race and gender. Prerequisite: ECO 2314 and ECO 2315.

about Intermediate Microeconomics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Intermediate Microeconomics

ECO 3315. Intermediate Macroeconomics.

An analysis of the traditional and modern theories of inflation, unemployment, long-run economic growth, and stabilization policies for promoting economic stability. Prerequisites: ECO 2314 and ECO 2315.

about Intermediate Macroeconomics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Intermediate Macroeconomics

ECO 3317. International Economics.

A study of the basis for trade among nations and the means of its financing, customs unions, balance-of-payments problems, and similar issues. Prerequisites: ECO 2301 or both ECO 2314 and ECO 2315. (MC).

about International Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about International Economics

ECO 3320. Emerging Market Economies.

The course focuses on the structural characteristics of the emerging market economies, with an emphasis on analyzing the salient economic challenges and opportunities facing contemporary emerging market economies. Prerequisites: ECO 2301 or both ECO 2314 and ECO 2315. (WI).

about Emerging Market Economies

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Emerging Market Economies

ECO 3327. Public Finance.

A study of the growth of the revenue and debt of the United States, taxation and tax incidence theory, and the effect of public expenditures and taxes on economic growth. Prerequisites: ECO 2301 or both ECO 2314 and ECO 2315. (WI).

about Public Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Public Finance

A survey of the development and structure of American industry and of governmental regulation of business. Prerequisite: ECO 2314. (WI).

about Business Enterprise and Public Policy

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Business Enterprise and Public Policy

ECO 3335. Managerial Economics.

A study of the application of economic analysis in the formulation of business policies. Includes demand analysis and pricing policies.

Prerequisite: ECO 2314.

about Managerial Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Managerial Economics

ECO 3353. Comparative Economic Systems.

An analysis of the theory and practice of capitalism, socialism, and communism. Prerequisites: ECO 2301 or both ECO 2314 and ECO 2315. (WI).

about Comparative Economic Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Comparative Economic Systems

ECO 4305. Urban and Regional Economics.

A study of urban and regional economic issues including regional growth, crime, transportation, and the urban-rural interface. A focus on sources and uses of models and data unique to regional science and urban economics. Prerequisites: ECO 2314 and ECO 2315. (WI).

about Urban and Regional Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Urban and Regional Economics

ECO 4313. Econometrics.

This course studies statistical estimation, inference and forecasting methods used in economic research with a focus on models and methods unique to economics. Prerequisites: ECO 2314 and ECO 2315, QMST 2333, MATH 1329 or equivalent. (WI).

about Econometrics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Econometrics

ECO 4390. Internship in Economics.

Integration of professional and academic experience through an internship with an external employer. Prerequisites: Open to Economics majors only, students must have completed at least nine hours of major courses, enrollment subject to availability and approval, and credit awarded as pass/fail or grade at departmental election.

about Internship in Economics

3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Internship in Economics

ECO 4395. Independent Study in Economics.

An in-depth study of a single topic or related problem solved through economic research. May be repeated once for credit with different emphasis. Prerequisite: Consent of instructor and department chair. (WI).

about Independent Study in Economics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Independent Study in Economics

Courses in Finance (FIN)

FIN 3301. Real Estate.

A study of basic real estate principles. Topics include legal instruments and processes, property management, valuations, planning, development and sales, financing, and private and public interests.

about Real Estate

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Real Estate

FIN 3312. Business Finance.

This course is an introduction to the finance function and to problems confronting financial managers. Topics covered include ratio analysis, time value of money, asset valuation, and risk and return. Prerequisites: ACC 2362; CIS 1323; ECO 2314; ECO 2315; MATH 1329 or equivalent; and completion of, or concurrent enrollment in, QMST 2333.

about Business Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Business Finance

FIN 3313. Financial Management.

This course is an advanced study of intermediate and long-term financing alternatives, the incorporation of risk analyses in capital budgeting and the determination of capital costs, capital structure, and dividend policies. Prerequisites: FIN 3312 with a grade of "C" or higher and QMST 2333.

about Financial Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Financial Management

FIN 3316. Financial Information Technologies.

The course introduces students to technology supporting financial modeling and decision making. Students use computers to apply concepts and theories learned in the introductory Finance course. Course relies on quantitative analysis and use of the internet. Prerequisites: FIN 3312 with a grade of "C" or higher and QMST 2333. (MP).

about Financial Information Technologies

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Financial Information Technologies

FIN 3318. Investment Analysis.

This course studies the principles governing the investment of personal and institutional funds. Also examined are information sources, exchanges, and regulations. Prerequisites: FIN 3312 with a grade of "C" or higher.

about Investment Analysis

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Investment Analysis

FIN 3325. Personal Financial Management.

A study of modern money management, including budgeting, banking, real estate, insurance, consumer credit, and retirement and estate planning. Not for Business majors.

about Personal Financial Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Personal Financial Management

FIN 3326. Financial Planning Insurance.

An introduction to the steps in the financial planning process. Topics include assessing financial objectives, financial planning, and personal financial management. Insurance planning is emphasized. Prerequisites: FIN 3312.

about Financial Planning Insurance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Financial Planning Insurance

FIN 3335. Retirement Planning and Employee Benefits.

Planning for individual and family retirement using models, software, and the analysis of federal regulations. Employee benefits are described and analyzed based on current practices and federal regulations.

Prerequisites: FIN 3318 and FIN 3326.

about Retirement Planning and Employee Benefits

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Retirement Planning and Employee Benefits

FIN 4317. Case Problems in Finance.

An application of investment and financial management techniques and concepts to finance cases. Issues and alternatives are identified and evaluated. Prerequisites: FIN 3312, FIN 3313, and FIN 3316. (WI).

about Case Problems in Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Case Problems in Finance

FIN 4318. Portfolio Management & Derivatives.

An advanced investments course which includes the following topics: portfolio analysis and management, derivatives theory and pricing, and applications of derivatives in portfolio management. Prerequisites: FIN 3313, FIN 3316, FIN 3318.

about Portfolio Management & Derivatives

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Portfolio Management & Derivatives

FIN 4319. Financial Markets and Institutions.

A study of financial assets, money and capital markets, institutional intermediaries, and the impact of interest rates. Affords a thorough examination of the financial system facilitating economic growth and development. Prerequisites: ECO 3311; FIN 3313, FIN 3316. Prerequisite or co-requisite: FIN 3318.

about Financial Markets and Institutions

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Financial Markets and Institutions

FIN 4320. Treasury and Working Capital Management.

A study of working capital and short-term financial management. Major topics include cash collections, cash concentration, disbursement management, forecasting cash flows, management of receivables and inventory, banking relationships, and short-term investment and borrow strategies. Prerequisites: FIN 3313 and FIN 3316.

about Treasury and Working Capital Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Treasury and Working Capital Management

FIN 4321. Real Estate Finance.

An analysis of problems involved in selecting and financing real estate investment opportunities. Prerequisite: FIN 3312.

about Real Estate Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Real Estate Finance

FIN 4322. Student Managed Investment Fund Practicum.

The course examines the issues involved in the management and investment strategies of an endowment. It focuses on investment analysis, asset allocation, portfolio monitoring, evaluation, and rebalancing. May be repeated one time for credit with different emphasis.

Prerequisites: FIN 3318 and consent of the instructor.

about Student Managed Investment Fund Practicum

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Student Managed Investment Fund Practicum

FIN 4325. Advanced Financial Planning.

Advanced course for finance majors interested in financial planning.

Topics include ethics in the financial services industry, retirement planning and employee benefits, and estate planning. Prerequisites: FIN 3318, FIN 3326.

about Advanced Financial Planning

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Advanced Financial Planning

FIN 4326. Financial Plan Development.

Financial Plan Development. Capstone course in personal financial planning. Integration of the financial planning curriculum in the development and presentation of a comprehensive personal financial plan. Prerequisites: FIN 3335, FIN 4325. Prerequisite/Corequisite: ACC 4328.

about Financial Plan Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Financial Plan Development

FIN 4331. International Finance.

A study of international finance principles and their application in a multinational financial management setting. Prerequisites: ECO 3311, FIN 3313, and FIN 3316. (MC).

about International Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about International Finance

FIN 4340. Commercial Bank Management.

Examines a variety of aspects of managing a commercial bank. Provides students with a conceptual framework for determining the effects of various decisions and environmental factors on a commercial bank's operations. Issues addressed include bank regulations, asset and liability management, analyzing bank performance, and capital management.

Prerequisite: FIN 3313 and FIN 3316.

about Commercial Bank Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Commercial Bank Management

FIN 4380A. Advance Capital Budgeting.

A study of capital budgeting techniques, analyses (including risk), and strategies, and their implementation in capital assets investment.

Prerequisite: FIN 3313 and FIN 3316.

about Advance Capital Budgeting

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Advance Capital Budgeting

FIN 4380F. New Venture Finance.

An advanced study of methodologies to value financial investments; including but not limited to capital expenditures, commercial real estate, public companies, private companies, and start-up companies. Additional studies will include cost of capital structure and funding sources and alternatives. Prerequisite: FIN 3313 and FIN 3316.

about New Venture Finance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about New Venture Finance

FIN 4380G. Financial Modeling and Equity Analysis.

This course reviews and extends students' ability to perform financial statement analysis and forecasting. The focus of the course is on producing objective, theory-based company valuation research. Students will choose and defend inputs for qualitative analysis, and discover the importance of qualitative factors in firm value and performance.

about Financial Modeling and Equity Analysis

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Bachelor of Arts (B.A.) Major in Economics

Minimum required: 120 semester hours

The following requirements apply to all Bachelor of Arts programs:

1. GPA Requirement - To be eligible to declare the B.A. in Economics students must be in good academic standing.
2. Minor Requirement - A minor is required and may be selected from any of the Texas State approved minors (excluding the economics minor).
3. Science Requirement - In addition to completing the mathematics and life and physical sciences requirements of the general education core curriculum, students must complete one additional science course (3-4 hours) from anthropology (biological anthropology only), biology, chemistry, computer science, geography (physical geography only), mathematics, philosophy (logic only), and physics.

Department of Management

McCoy Hall Room 524
T: 512.245.2571 F: 512.245.2850
www.mgt.mccoy.txstate.edu (<http://www.mgt.mccoy.txstate.edu>)

The mission of the Department of Management is to educate our students to become successful managers and leaders in a dynamic business world. To accomplish this mission, we balance effective teaching with scholarly activities and our professional service contributions. Faculty strive for quality in all department course offerings and undertakings to help prepare students for leadership and service in private and public organizations.

The Management program prepares students for challenging careers in a variety of business and governmental organizations, as well as secondary education. Management majors typically pursue careers in human resource management, industrial relations, production management, hospital administration, office management, and sales management. The concentration in Entrepreneurial Studies is designed for students who wish to start, operate, or expand their own businesses or family-owned businesses. The concentration in Human Resource Management is designed to prepare students for careers in human resource management. Both concentrations consist of 12 hours of undergraduate coursework that may be accommodated within the 120 hours required in the undergraduate business curriculum. More information is available in the McCoy College Academic Advising Center. Students choosing teacher certification pursue careers as secondary education teachers or in the private sector.

Bachelor of Business Administration (B.B.A.)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Management (MGT)

MGT 3303. Management of Organizations.

A study of management functions in modern organizations, the internal and external environmental factors affecting organizational efficiency, and the application of quantitative and behavioral science to management study.

about Management of Organizations

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Management of Organizations

MGT 3353. Business Communication.

An introduction to the uses of communication in modern organizations. Provides students the opportunity to gain practice in making decisions involving selection and organization of communication content, in choosing an appropriate medium for presentation of information, and developing an effective writing style. Includes the study of the theory of business communication, including communication models, general semantics, and causes of miscommunication. Prerequisites: ENG 1310, ENG 1320; COMM 1310. (WI).

about Business Communication

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Business Communication

MGT 3360. Studies in Entrepreneurship.

Students gain personal insights into entrepreneurship as entrepreneurs describe their contributions, reveal the sources of ideas, and discover ways of growth and success. Includes starting and managing businesses as well as ownership forms, sources of funds, location analysis, facility requirements, management, marketing, and feasibility plans.

about Studies in Entrepreneurship

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Studies in Entrepreneurship

MGT 3361. Small Business Operations and Financials.

This course is a study of funding and financial concepts necessary to effectively operate a successful small business. Students will use software programs to maintain working capital and a complete set of books related to running businesses. Prerequisite: ACC 2361 or ACC 2301. Co-requisite: MGT 3360.

about Small Business Operations and Financials

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Small Business Operations and Financials

MGT 3362. Issues in Family Business.

Issues affecting the management of family businesses. Topics include the uniqueness of family business, family culture, building competitive advantage, marketing, building trust and commitment, family communication, family business governance, nonfamily management roles, succession and estate planning, change and adaptation, and the future of family business. Prerequisite: MGT 3361.

about Issues in Family Business

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Issues in Family Business

MGT 3365. Communication Systems.

Office information and decision support systems are examined as critical elements in business data and information systems. Emphasis is given to information processing considerations at the systems level, including analysis and management of support activities such as data and records management, electronic filing and retrieval systems, word processing, micro and reprographics, and telecommunications. Includes discussions of current and future technological trends. Prerequisite: MGT 3303. (WI).

about Communication Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Communication Systems

MGT 3375. International Business.

International business perspectives underlying different business functions. Concepts, processes, and philosophical bases for international operations in selected global markets are emphasized with culture and global dynamic environment as the basis. A project is required.

Prerequisite: MGT 3303. (WI).

about International Business

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about International Business

MGT 3453. Business Communication and Professional Development.

This course is designed to enhance critical professional skills including the uses of communication in modern organizations, verbal and written communication, interviewing, networking, organizational politics, teamwork, and understanding the role of ethics in these areas. It introduces theories of business communication including communication models, general semantics, and causes of miscommunication. Prerequisites: ENG 1310, ENG 1320; COMM 1310. (WI).

about Business Communication and Professional Development

Course Attribute(s): Exclude from 3-peat Processing|Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Business Communication and Professional Development

MGT 4315. Business Principles, Issues and Trends.

Review of the fundamentals of business administration as applied to contemporary business problems. Also, a discussion of current business issues and trends. Open to students seeking certification only.

about Business Principles, Issues and Trends

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Business Principles, Issues and Trends

MGT 4330. Operations Management.

A study of the various aspects of managing production and operations management functions in manufacturing and service organizations. Methods necessary for analyzing and solving related problems to design, operations, and improvements of the systems that create products and/or services in a global supply chain environment are investigated and emphasized. Prerequisites: MGT 3303; QMST 2333 or IE 3330 or TECH 3364.

about Operations Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Operations Management

MGT 4335. Strategic Management and Business Policy.

An integrative course in strategic management and business policy that utilizes the case method of instruction. A capstone course involving the analysis of business through the application of principles of accounting, communications, economics, finance, management, marketing, quantitative methods, and related disciplines. Prerequisites: MGT 3303; MKT 3343; FIN 3312; QMST 2333. Capstone course and open only to seniors in business. (WI).

about Strategic Management and Business Policy

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Strategic Management and Business Policy

MGT 4340. Quality Management and Beyond.

A conceptual and practical overview of the role of quality as a system for establishing a “world class” competitive position. It explores philosophies and ideas of the leading thinkers in quality management, impact of process improvement methods, quality requirements definition and organizational change as it applies to total quality initiatives.

Prerequisites: QMST 2333 or consent of professor. MGT 4330 is recommended. (WI).

about Quality Management and Beyond

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Quality Management and Beyond

MGT 4350. Business Plan Development.

Students work in teams to select, create, and write solid business plans for proposed or real businesses. Prerequisite: MGT 3361. (WI).

about Business Plan Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Business Plan Development

MGT 4351. Applied Entrepreneurship.

Students design, staff, operate, and manage a business or service. Business teams develop financial and operational control systems and procedures for organizational, group, and individual performance evaluations, implement service and business projects, and provide a final public report. Prerequisite: MGT 4350.

about Applied Entrepreneurship

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Applied Entrepreneurship

MGT 4370. Business Ethics.

This course examines a variety of ethical issues in business from the point of view of practicing manager and corporate leaders. This course is designed to enhance moral awareness and facilitate individual development with respect to making ethical decisions that contribute to effective corporate management and leadership. Prerequisites: PHIL 1320; MGT 3303.

about Business Ethics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Business Ethics

MGT 4371. Business, Government, and Society.

An integration of a number of disciplines and value systems which affect and determine the proper role of business in satisfying the needs of customers, creditors, community, government, stockholders, managers, employees, suppliers, and society in general. Prerequisite: MGT 3303.

about Business, Government, and Society

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Business, Government, and Society

MGT 4372. Effective Leadership.

This course facilitates the development of leadership capabilities and addresses the complexities, paradoxes, and challenges of leadership. Through self-assessments, readings, lectures, and assignments students gain an appreciation of effective leadership approaches and are provided with opportunities to practice new leadership behaviors. Prerequisite: MGT 3303.

about Effective Leadership

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Effective Leadership

MGT 4373. Human Resource Management.

A study of the principles of human resource management in public and private institutions. Stresses the human resource aspects of recruitment, selection and placement, performance appraisal and compensation.

Prerequisite: MGT 3303.

about Human Resource Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Human Resource Management

MGT 4375. Organizational Behavior and Human Relations.

A study of the role of the individual in formal organizations, group dynamics, motivation theory, communication and leadership. Integrates behavioral science concepts. Prerequisite: MGT 3303.

about Organizational Behavior and Human Relations

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Organizational Behavior and Human Relations

MGT 4377. Labor Relations and Collective Bargaining.

A study of unions and their impact on private and public employment. Examines union growth and governance, collective bargaining, contract negotiation and administration, and arbitration and mediation. Prerequisite: MGT 4373. (WI).

about Labor Relations and Collective Bargaining

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Labor Relations and Collective Bargaining

MGT 4378. Training and Development.

This course is designed to develop theoretical and applied perspective on needs assessment, design, development, delivery and evaluation of training and development in organizational contexts. Prerequisites: MGT 4373.

about Training and Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Training and Development

MGT 4379. Organizational Staffing.

A study of current theory and practice in the process of selecting the right employees for positions within the organization, including HR planning, EEO, job analysis, recruitment, and selection procedures. Prerequisite: MGT 4373.

about Organizational Staffing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Organizational Staffing

MGT 4380. Compensation Management.

A study of the compensation administration in public and private organizations, with stress on the determinants of general wage levels; job analysis and evaluation; incentive, merit, seniority, and executive compensation; fringe benefits, and wage and salary control. Prerequisite: MGT 4373.

about Compensation Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Compensation Management

MGT 4390A. Advanced Business Communication.

An advanced study of the uses of business communication in modern organizations. Students gain experience in making decisions involving selection and organization of communication content, and in choosing an appropriate medium for presentation of information. Emphasis is placed on gaining proficiency in various business communication processes. Prerequisite: MGT 3303 and MGT 3353. (WI).

Department of Marketing

McCoy Hall Room 424

T: 512.245.7428 F: 512.245.7475

www.marketing.mccoy.txstate.edu ([http://](http://www.marketing.mccoy.txstate.edu)

www.marketing.mccoy.txstate.edu)

The mission of the Department of Marketing is to educate students to succeed in a dynamic business world. To accomplish this mission, faculty will combine effective teaching with basic, applied, and instructional scholarship with professional service. The faculty will strive for quality in all activities to help prepare students for leadership and service in a diverse, global, and competitive environment.

This program prepares students for challenging careers in a variety of business, non-profit, and governmental organizations. Marketing majors typically pursue careers in sales and sales management, product and brand management, retail management, physical distribution, marketing research, advertising, or international marketing. Texas State marketing students graduate with knowledge, skills, and a portfolio of projects that enable them to succeed in a dynamic business environment.

Bachelor of Business Administration (B.B.A.)

- Major in Marketing (p. 179)
- Major in Marketing (Professional Sales Concentration) (p. 179)
- Major in Marketing (Services Marketing Concentration) (p. 180)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Marketing (MKT)

MKT 3343. Principles of Marketing.

This course studies the strategic marketing process, which creates value for consumers and organizations through integrated production and distribution of products. It examines the marketing process in the context of the global, cultural, economic, legal/regulatory environment. It also examines ethical and socially-responsible marketing and the impact of information technology.

about Principles of Marketing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Principles of Marketing

MKT 3350. Consumer Behavior.

A study of the role of the consumer in marketing. Considers the motivation, personality, attitudes, perceptions, lifestyle, and decision-making processes of consumers. Prerequisite: MKT 3343.

about Consumer Behavior

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Consumer Behavior

MKT 3355. Retailing.

A study of the principles of retail store management, including market and trade area analysis, store location and design, organization and operation management, merchandising, inventory control, and promotion and pricing policies. Prerequisite: MKT 3343.

about Retailing

Department Chairs

Counseling, Leadership, Adult Education, and School Psychology—Michael P. O'Malley, Ed.D.
Curriculum and Instruction—Jodi Patrick Holschuh, Ph.D.
Health and Human Performance—Duane V. Knudson, Ph.D.

The College of Education includes three academic departments. These are Counseling, Adult Education, and School Psychology (CLAS); Curriculum and Instruction (CI); and Health and Human Performance (HHP).

Teacher preparation was the original mission of Southwest Texas Normal School when it was chartered in 1899, and today faculty members in the College of Education continue to focus their efforts on this primary mission. Over the last century, the mission of the College has expanded from preparing teachers at the undergraduate level to include the preparation of educators at the master's and doctoral levels as well as the preparation of professionals in other fields including recreation administration, health and wellness promotion, athletic training, health and fitness management, educational leadership, school psychology, professional counseling, and adult and developmental education.

Academic Advising Center

Education Building Room 2143

T: 512.245.3050 F: 512.245.8225

www.education.txstate.edu/advising (<http://www.education.txstate.edu/advising>)

The College of Education Undergraduate Advising Center is a student-centered, collaborative resource for undergraduate students seeking an undergraduate degree through the College of Education. As an integral part of teaching and learning at Texas State, academic advisors in the Undergraduate Advising Center cultivate student success by engaging students in educational planning to promote academic, personal, and professional development while considering diverse interests, abilities, and goals. Services available for students include, but are not limited to:

- exploration of career and educational goals;
- assistance with selection of educational programs;
- interpretation of policies and procedures;
- information on course sequencing and degree requirements;
- referral to other university resources; and
- verification of graduation requirements.

Ultimately, the academic advisors in the College of Education Advising Center strive to develop a guidance and support system to encourage student self-reliance, responsibility, and success in achieving academic goals.

Teacher Certification

Students seeking certification to teach EC-6 (Early Childhood through Grade Six), 4-8 (Grade Four through Grade Eight), or All-level Special Education (Early Childhood through Grade 12) will major in Interdisciplinary Studies in the Department of Curriculum and Instruction within the College of Education. Students may acquire an All-level certificate to teach Physical Education or Health in the Department of Health and Human Performance within the College of Education. Students seeking 6, 7, or 8-12 (Grade Six, Seven, or Eight through Grade Twelve) certification or All-level certification in other disciplines will instead complete an academic major within their chosen teaching field in the department and college where that major is housed. Students should note that teacher certification requirements may differ from degree requirements and that completion of both is necessary for awarding a degree and recommending a student for teacher certification. In order to pursue teacher certification, students must apply and be admitted

into the Teacher Preparation Program through the Office of Educator Preparation (p. 232).

Courses in Education Student Teaching (EDST)

EDST 4380. Student Teaching All-Level I EC-6/4-8.

This half-semester student teaching course is designed for undergraduate students seeking All-Level teacher certification. Students will engage in teaching experiences in EC-6 or 4-8 settings for half of a 14-week assignment with university guidance and supervision. Repeatable for credit. Prerequisite: Admission to the Teacher Preparation Program; Co-requisite: EDST 4381; All coursework completed; 2.75 Overall GPA. about Student Teaching All-Level I EC-6/4-8

Department of Counseling, Leadership, Adult Education, and School Psychology

Education Building Room 4037

T: 512.245.2575 F: 512.245.8872

www.txstate.edu/clas (<http://www.txstate.edu/clas>)

The Department of Counseling, Leadership, Adult Education, and School Psychology (CLAS) is primarily a graduate department, offering programs in Professional Counseling, School Counseling, Adult Education, Educational Leadership, School Psychology, and Student Affairs in Higher Education. While the department offers no undergraduate degrees, it does provide support courses for other programs.

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this department include: COUN (p. 182), SAHE (p. 182)

Courses in Counseling (COUN)

COUN 3320. Introduction to Counseling and Psychotherapy.

The course is designed for upper-division undergraduates considering a helping profession or who wish to know more about counseling before entering into graduate study. The course offers introduction to counseling, counseling theories, and interpersonal communication skills that facilitate counseling relationships. Repeatable for credit with different emphasis.

Levels of Certification

Students who wish to teach Early Childhood (EC) through Grade 6 (elementary), Grades 4-8 (middle school), or All-Level Special Education pursue the Bachelor of Science major in Interdisciplinary Studies.

Students seeking 6-12, 7-12, or 8-12 (Grade Six, Seven, or Eight through Grade Twelve) certification or All-level certification in other disciplines will instead complete an academic major within their chosen teaching field in the department and college where that major is housed and should consult with advisors in that college.

Interdisciplinary Studies Majors

Students seeking this major should consult with advisors in the College of Education Undergraduate Advising Center for detailed information regarding specific degree requirements, the semester-by-semester

sequence, and other requirements such as block applications. Because courses must be taken in a predetermined sequence, it is likely that students will be required to attend summer sessions in order to complete the program within a 4-year time period.

Admittance to the Teacher Preparation Program

With exception of the minor in Special Education, all degree programs within the Department of Curriculum and Instruction require formal admittance into the Teacher Preparation Program. (Refer to the Office of Educator Preparation (p. 232) section.)

Bachelor of Science (B.S.)

- Major in Interdisciplinary Studies (Teacher Certification in Bilingual Generalist-Spanish, Early Childhood Through Grade 6) (p. 193)
- Major in Interdisciplinary Studies (Teacher Certification in English as a Second Language Generalist, Early Childhood Through Grade 6) (p. 194)
- Major in Interdisciplinary Studies (Teacher Certification in English, Language Arts, Reading and Social Studies, Grades 4-8) (p. 195)
- Major in Interdisciplinary Studies (Teacher Certification in Generalist, Grades 4-8) (p. 197)
- Major in Interdisciplinary Studies (Teacher Certification in Mathematics, Grades 4-8) (p. 197)
- Major in Interdisciplinary Studies (Teacher Certification in Mathematics and Science, Grades 4-8) (p. 198)
- Major in Interdisciplinary Studies (Teacher Certification in Science, Grades 4-8) (p. 199)
- Major in Interdisciplinary Studies (Teacher Certification in Special Education, Early Childhood Through Grade 12) (p. 200)

Minors

- Secondary Education
- Special Education

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this department include: CI (p. 184), ECE (p. 187), EDP (p. 187), RDG (p. 187), SPED (p. 189)

Courses in Curriculum and Instruction (CI)

CI 3300. Middle School Curriculum and Instruction.

Overview of developmentally appropriate curriculum adhering to state and national standards for grades 4-8. Includes the application of learning theory in a safe classroom environment with a focus on cooperative learning, direct instruction, discovery learning, technology, and learner-centered instruction. Prerequisites: Admission to the Teacher Preparation Program; 2.75 Overall GPA. (WI).

about Middle School Curriculum and Instruction

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Middle School Curriculum and Instruction

CI 3310. Public Education in a Multicultural Society.

Course utilizes historical, sociocultural, and political lenses to provide an overview of public schooling as a complex system within a multicultural society. Key concepts include: educational philosophy, legal and policy issues, curriculum and instruction, equity, school-community connections, and teachers as change agents. Prerequisite: 2.75 overall GPA. Junior classification required. Must be declared in a degree program that leads to teacher certification.

Bachelor of Science (B.S.) Major in Interdisciplinary Studies (Teacher Certification in Bilingual Generalist-Spanish, Grades EC-6)

Minimum required: 125 semester hours General Requirements

1. Students must apply and be admitted to the Teacher Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Teacher Preparation Program through the Office of Educator Preparation (p. 232).
2. A 2.5 Major GPA and a 2.75 Overall GPA are required to graduate.
3. All Major as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or higher.
4. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
5. Any degree program of 122 hours or more may be considered a five-year program. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.

Bachelor of Science (B.S.) Major in Interdisciplinary Studies (Teacher Certification in Science, Grades 4-8)

Minimum required: 126 semester hours

General Requirements

1. Students must apply and be admitted to the Teacher Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Teacher Preparation Program through the Office of Educator Preparation (p. 232).
2. A 2.5 Major GPA and a 2.75 Overall GPA are required to graduate.
3. All Major as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or higher.
4. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
5. Any degree program of 122 hours or more may be considered a five-year program. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.

- ¹ While not recommended, previously completed courses in some areas can be substituted for the following degree requirements:
- MATH 2417 or MATH 2471 with a grade of "C" or better can satisfy the MATH 1315 or MATH 1319 requirement.
 - BIO 1421 or BIO 1330 or BIO 1331 with a grade of "C" or better can satisfy
 - PHYS 1315 with a grade of "C" or better can satisfy the PHYS 1310 requirement.
 - PHYS 1325 with a grade of "C" or better can satisfy the PHYS 1320 requirement.
 - PHYS 1115 or PHYS 1125 with a grade of "C" or better can satisfy the PHYS 1110 requirement.

Minor in Secondary Education

A minor in Secondary Education requires 21 hours, including:

Education Core		
CI 4332	Secondary Teaching: Curriculum and Technology	3
CI 3325	Adolescent Growth and Development	3
Field-Based Block		
CI 4343	Instructional Strategies for the Secondary Teacher	3
CI 4370	Classroom Management, Ethics, and Legal Issues in Secondary Teaching	3
RDG 3323	Teaching Reading in the Content Areas	3
Student Teaching		
EDST 4681	Student Teaching 8-12	6
Total Hours		21

Note that a minor in Secondary Education is not available with all majors. Students must declare a major in a content area for which teacher certification is available. See the Academic Advisor in the College of your major for more information.

Minor in Special Education

A minor in Special Education requires 21 hours, including:

SPED 2360	Survey of Exceptionalities	3
SPED 3338	Educating Students with Emotional/Behavioral Disorders	3
SPED 3390	Assessing Students with Disabilities	3
SPED 4344	Educating Students with Mild Disabilities	3
SPED 4345	Teaching Language Arts to Students with Disabilities	3
SPED 4374	Classroom and Behavior Management Strategies for Students with Disabilities	3
SPED 4381	Educating Students with Intellectual and Developmental Disabilities	3
Total Hours		21

Students pursuing a Minor in Special Education, who are not otherwise declared in a teacher certification-seeking degree plan, do not need to be admitted to the Teacher Preparation program. They will, however, encounter prerequisite restrictions when attempting to register for their SPED minor courses since those courses in the registration system list 'Teacher Certification Cohort' as a prerequisite requirement. In order to resolve this, those students will need to request prerequisite overrides each semester for each SPED course that they plan to register for by

using the CI Department's Prerequisite Override Request form accessible at: <http://www.education.txstate.edu/ci/forms/course-override.html>.

Exercise and Sports Science

The Bachelor of Exercise and Sports Science (B.E.S.S.) has several specializations that allow graduates to prepare for careers in education, exercise prescription, health professions, management of exercise programs, and coaching. The BESS with All-Level (EC-12) Teacher Certification in Physical Education prepares graduates to teach in elementary and secondary schools. The BESS with a concentration in Health and Wellness Promotion for Clinical Populations prepares graduates for careers in cardiopulmonary, clinical exercise physiology, and diagnostic testing and programming for cardiac rehabilitation and other special populations. The BESS with a concentration in Pre-Physical Therapy gives students a degree that is well aligned with entrance requirements of advanced study in health care and allied health professions like physical therapy, occupational therapy, orthotics/prosthetics, chiropractics, or physician's assistant. The BESS with a major in Health and Fitness Management and minor in Business Administration blends exercise science knowledge with the management and leadership skills needed to direct fitness enterprises and wellness/health awareness programs in commercial, corporate, and institutional settings.

Athletic Training

Athletic trainers (ATs) are health care professionals who specialize in the prevention, diagnosis, clinical management and rehabilitation of musculoskeletal injuries and medical conditions

Texas State University has a long and rich history with regard to athletic training education. Our Professional Program in Athletic Training was one of the first programs in the United States to be accredited, and has been continuously accredited since 1972. The Commission on Accreditation of Athletic Training Education (CAATE) has accredited our Bachelor of Science degree program in Athletic Training through the 2019-2020 academic year. Admission to the Professional Program in Athletic Training at Texas State University is a competitive process that involves successful completion of all of the requirements associated with a Pre-Athletic Training Program, e.g., 5 specific prerequisite courses, 50 hours of directed observation, a formal written application due April 1st, a formal admission interview on or about May 1st, and a minimum Texas State GPA of 2.75. Admission selections are made once per year, at the end of the academic year. In early June each year, the 20 top-ranked applicants are offered admission for the upcoming year as sophomores in the program. Once admitted to the Athletic Training sophomore cohort, the student will take six long semesters (three years) of supervised clinical education experiences in conjunction with a formal sequence of lecture and laboratory-based courses. Completion of our Bachelor of Science degree in Athletic Training qualifies the student to take the national Board of Certification examination and the Texas Advisory Board of Athletic Trainers state licensure examination. For the most current program information and a comprehensive list of all of the Athletic

Training Program admission requirements, please refer to our website, <http://www.hhp.txstate.edu/Divisions/Athletic-Training.html>.

Health Education

Health promotion is the process of empowering people to make informed decisions to improve personal and community health. The Bachelor of Health and Wellness Promotion provides students the opportunity to become competent in the seven areas of responsibility to improve the practice of health education and promotion. Degree focus areas offered include community health promotion or school health education with the option of becoming a Certified Health Education Specialist or obtaining teacher certification. Professionals in health education and health promotion work in many settings, including community, school (K-12), health care, business/industry, college/university professional preparation programs, and university health services settings.

Recreational Administration

The Bachelor of Science in Recreational Administration combines classroom learning and on-the-job training in two career tracks: recreation administration and therapeutic recreation. Students study such areas as recreation programming, leadership, marketing, evaluation, administration, and therapeutic recreation. Recreational Administration graduates, work in camps, nursing homes, recreation centers, resorts, hospitals, rehabilitation facilities, fitness centers, and state and national parks. The program is nationally accredited in recreation administration and therapeutic recreation. Graduates of this program are eligible to sit for certification examinations for National Council for Therapeutic Recreation Certification (CTRS) and/or the National Recreation and Park Association's National Certification Board (CPRP).

PFW Service Courses

Several Texas State degree programs require Physical Fitness and Wellness (PFW) classes to give students knowledge, skills, and health-related benefits of physical activity. All students may elect to take PFW classes to learn new skills/activities, relieve stress, maintain health, and meet others with similar activity interests. The PFW program provides a wide variety of activity classes that include sports, games, indoor or outdoor activities both on and off campus. PFW classes are for students of all ages, skill ranges, and abilities or disabilities. Some PFW classes, however, are restricted to students who are involved in athletics, band, ROTC, and other organizations. Some off-campus classes have an additional activity fee appropriate for the instructor and facilities used. Contact the Director of the PFW Division if you have any questions about PFW classes.

Admittance to the Teacher Preparation Program

The All-Level Physical Education and All-Level Health Teacher Certifications require formal admittance into the Teacher Preparation Program by the Office of Educator Preparation. (Refer to "Admittance to the Teacher Preparation Program" section under the College of Education.)

Bachelor of Exercise and Sports Science (B.E.S.S.)

- Major in Exercise and Sports Science (Pre-Physical Therapy Concentration) (p. 220)

- Major in Exercise and Sports Science (Health and Wellness Promotion for Clinical Populations Concentration) (p. 221)
- Major in Exercise and Sports Science (Teacher Certification in Physical Education, Grades EC-12) (p. 223)
- Major in Health and Fitness Management (p. 224)

Bachelor of Health and Wellness Promotion (B.H.W.P.)

- Major in Health and Wellness Promotion (p. 226)
- Major in Health and Wellness Promotion (Teacher Certification in Health, Grades EC-12) (p. 227)

Bachelor of Science (B.S.)

- Major in Athletic Training (p. 228)

Bachelor of Science in Recreational Administration (B.S.R.A.)

- Major in Recreational Administration (p. 229)
- Major in Recreational Administration (Therapeutic Recreation Concentration) (p. 230)

Minors

- Coaching
- Exercise and Sports Science
- Health and Wellness Promotion
- Recreational Administration
- Second Teaching Field in Health (Grades EC-12)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this department include: AT (p. 203), ESS (p. 205), H ED (p. 209), PFW (p. 211), REC (p. 216)

Courses in Athletic Training (AT)

AT 1298. Orientation to Athletic Training Education.

Pre-Athletic Training majors will be introduced to the academic and clinical aspects of the CAATE accredited athletic training education program. The course is utilized as part of the rigorous student evaluation process before formal entrance into the athletic training education program.

about Orientation to Athletic Training Education

2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.

Grade Mode: Standard Letter

about Orientation to Athletic Training Education

AT 2156. Taping and Bandaging Athletic Injuries.

This course focuses on the use of taping, bracing, and bandaging techniques in the prevention and care of athletic injuries.

about Taping and Bandaging Athletic Injuries

1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Taping and Bandaging Athletic Injuries

AT 2260. Acute Care of Injuries and Illnesses.

This course will address the knowledge and skills related to the immediate evaluation and specialized care of acute injuries and illnesses common in sports settings. Lectures and laboratory experiences are focused on key aspects of emergency sports health care, including the rapid assessment, resuscitation, packaging and transportation of injured patients. Must be admitted to the Pre-Athletic Training major to enroll.

about Acute Care of Injuries and Illnesses

2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Acute Care of Injuries and Illnesses

AT 2356. Prevention and Care of Athletic Injuries.

This course focuses on the theoretical and practical aspects of the prevention, treatment, and rehabilitation of athletic injuries.

about Prevention and Care of Athletic Injuries

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Prevention and Care of Athletic Injuries

AT 2497. Clinical Experience in Athletic Training I.

This course addresses emergency management and athletic injury prevention. These topics are integrated into a clinical education experience to assess professional behaviors, cognitive knowledge, psychomotor skills, and proficiency-based case simulations. The course incorporates didactic education and clinical education at an assigned clinical site under the supervision of a clinical instructor. Must be admitted to an Athletic Training major to enroll.

about Clinical Experience in Athletic Training I

4 Credit Hours. 2 Lecture Contact Hours. 20 Lab Contact Hours.

Grade Mode: Standard Letter

Courses in Exercise and Sports Science (ESS)

ESS 1100. Lifetime Fitness and Wellness.

This course introduces students to the concepts of health-related physical fitness. Emphasis is placed on learning how to teach these concepts. Students will design and implement an exercise program for enhancing health-related physical fitness. Restricted to majors or minors in Exercise and Sports Science, Athletic Training, or Health and Fitness Management.

about Lifetime Fitness and Wellness

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Lifetime Fitness and Wellness

ESS 1128. Aquatic Therapy.

The course addresses basic principles and concepts of aquatic therapy and aquatic emergency management. This course prepares students for the American Red Cross Basic Water Rescue Certification.

about Aquatic Therapy

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Aquatic Therapy

ESS 1172. Beginning Field Sports.

This course prepares students to become proficient instructors of field sports, including softball and soccer. Emphasis is on skill development, instructional practices, peer coaching, rules, terminology, offensive and defensive strategies, team organization, game play, referee skills, skills assessment, and conditioning for field sports. Restricted to majors or minors in Exercise and Sports Science, Coaching, or Health and Fitness Management.

about Beginning Field Sports

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Beginning Field Sports

ESS 1175. Beginning Jogging and Conditioning.

This course presents the proper biomechanics of jogging, safety rules, and conditioning principles relevant to the activity. Course topics include warming-up and cooling-down, hydration, monitoring and modifying intensity, training for road races, and jogging-related injuries. Students will also learn how to train individuals entering into a jogging program. Restricted to majors or minors in Exercise and Sports Science or Health and Fitness Management.

about Beginning Jogging and Conditioning

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Beginning Jogging and Conditioning

ESS 1176. Beginning Tennis, Badminton, and Other Racket Sports.

This course prepares Exercise and Sports Science majors to be proficient instructors of racket sports, including tennis and badminton. The emphasis is on the fundamentals of racket sports and program development for the beginner. Restricted to majors or minors in Exercise and Sports Science, Health and Fitness Management, or Coaching.

about Beginning Tennis, Badminton, and Other Racket Sports

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Beginning Tennis, Badminton, and Other Racket Sports

ESS 1177. Beginning Track and Field.

This course prepares students to become proficient instructors of track and field. Emphasis is on skill development and instructional practices, rules, terminology, team organization, communication, athlete selection, and event-specific conditioning for track and field. Prerequisite: Major or minor in Exercise and Sports Science or minor in Coaching.

about Beginning Track and Field

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

ESS 1179. Beginning Weight Training.

This course prepares students to be proficient instructors of all forms of resistance training. Emphasis is on understanding the proper, safe, and effective techniques of weight lifting. Students will learn how to develop resistance-training programs for untrained individuals with a variety of conditions. Restricted to majors or minors in Exercise and Sports Science, Athletic Training, or Health and Fitness Management.

about Beginning Weight Training

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Beginning Weight Training

ESS 1192. Beginning Balance and Tumbling.

This course prepares students as proficient instructors of the basic fundamentals of balance and tumbling. Emphasis is on the teaching of progressions, skills, and routines. Students will learn and practice safe teaching techniques for spotting in selected balance and tumbling skills. Prerequisite: Major seeking All-Level Teacher Certification in Physical Education.

about Beginning Balance and Tumbling

1 Credit Hour. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Beginning Balance and Tumbling

ESS 1201. Group Exercise Instructor Training.

This course is for students interested in becoming certified group exercise instructors. Students will learn how to safely and effectively conduct group exercise classes. Students will be trained to teach a variety of formats, such as high- and low-impact aerobics, step aerobics, kickboxing, yoga, and resistance training. Prerequisite: Major in Health and Fitness Management or consent of the instructor.

about Group Exercise Instructor Training

2 Credit Hours. 1 Lecture Contact Hour. 1 Lab Contact Hour.

Grade Mode: Standard Letter

about Group Exercise Instructor Training

ESS 1310. Introduction to Exercise and Sports Science.

This course introduces students to the various areas of exercise science and physical education. Emphasis is on the history of the profession, professional opportunities, present status, past and present leaders, individual awareness of professional responsibilities, current trends and issues, and the professional literature.

about Introduction to Exercise and Sports Science

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Exercise and Sports Science

ESS 2320. Moto Development.

This course provides the exercise science and physical education student with a knowledge base in the study of changes in motor behavior across the lifespan, the processes that underlie these changes, and factors that affect them. Prerequisite: Major or minor in Exercise and Sports Science.

about Moto Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Moto Development

ESS 3117. Laboratory in Exercise Physiology.

In this laboratory course, students perform experiments that highlight the physiological responses to exercise. This course also introduces students to basic techniques in the assessment of health and human performance, including the assessment of maximal oxygen consumption, body composition, anaerobic power and capacity, muscular fitness, movement economy, and dietary intake. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452, with grades of "C" or higher. Co-requisite: ESS 3317. An overall GPA of 2.5 or higher is required.

about Laboratory in Exercise Physiology

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Laboratory in Exercise Physiology

ESS 3303. Assistant Dive Instructor.

This course provides students with the technical knowledge necessary to prepare for the Assistant Diver Instructor Scuba Certification. Topics include advanced diving physiology, air station operations, assisting instructors with beginning open-water dive students, and boat diving operations. Prerequisite: PFW 1201.

about Assistant Dive Instructor

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Assistant Dive Instructor

ESS 3304. Divemaster.

This course provides students with the technical knowledge necessary to prepare for the National Association of Underwater Instructors Divemaster Scuba Certification. Topics include advanced diving physiology, organizing open-water dives, air station operations, assisting instructors with beginning and advanced open-water dive students, and boat diving operations. Prerequisite: Assistant Instructor Certification.

about Divemaster

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Divemaster

ESS 3317. Exercise Physiology.

Students learn the acute and chronic physiological responses to exercise. Emphasis is on muscle bioenergetics, muscle contractile properties, performance improvement through training and supplementation, as well as cardiopulmonary and endocrine responses to exercise. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452, with grades of "C" or higher. An overall GPA of 2.5 or higher is required. Co-requisite: ESS 3117.

about Exercise Physiology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Exercise Physiology

ESS 3320. Biomechanics.

This course provides an introduction to the mechanical foundations of anatomical function and human movement. Qualitative and quantitative biomechanical analyses of human movement are introduced to inform the prescription of technique, equipment, and training interventions. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452, with grades of "C" or higher. An overall GPA of 2.5 or higher is required.

about Biomechanics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Biomechanics

ESS 3321. Teaching Elementary Children Physical Activity.

This course introduces students majoring in Elementary Education and/or Exercise and Sports Science to physical education knowledge and movement concepts. It provides innovative techniques for incorporating physical activity within the elementary school setting. The course presents theory and then guides the students in applying those theories in a practical way.

about Teaching Elementary Children Physical Activity

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Teaching Elementary Children Physical Activity

ESS 3323. Psychosocial Aspects of Exercise of Sport Sciene.

This course examines the psychological and social theories and and research related to physical activity. Emphasis is on the determinants that influence exercise behavior and sport participation.

about Psychosocial Aspects of Exercise of Sport Sciene

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Psychosocial Aspects of Exercise of Sport Sciene

ESS 3325. Applied Assessment of Physical Activity.

This course is designed to provide students with a theory to practice approach in the assessment of physical activity within the physical education setting. Particular emphasis is placed on empowering students to use relevant and meaningful physical activity assessments in K-12 schools. Prerequisites: ESS 1310 and ESS 2320. Restricted to majors seeking all level Teacher Certification in Physical Education.

about Applied Assessment of Physical Activity

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Applied Assessment of Physical Activity

ESS 3329. Motor Learning.

This course provides students with an understanding of the physiological, neurological, and psychological factors affecting performance and acquisition of motor skills. Students will examine the structural components underlying the learning of motor skills an draw upon examples from sport, physical activities, and rehabilitation.

about Motor Learning

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Motor Learning

ESS 3340. Theory and Principles of Coaching.

This course examines the theories and principles of effective coaching, including philosophy, ethics, strategies, team motivation and organization, coach-athlete relationships, performance analysis, and the administration of facilities, personnel, and contests.

about Theory and Principles of Coaching

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Theory and Principles of Coaching

ESS 4317. Fitness Assessment and Exercise Prescription.

Students are presented with current information on fitness assessment and exercise programming for individuals of all ages and fitness levels. Emphasis is placed on preparation for multiple certifications offered by relevant professional organizations. Prerequisites: ESS 3117 and ESS 3317; BIO 2430, or BIO 2451 and BIO 2452, all with grades of "C" or higher. An overall GPA of 2.5 or higher is required.

about Fitness Assessment and Exercise Prescription

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Fitness Assessment and Exercise Prescription

ESS 4318. Fitness Assessment and Exercise Prescription Practicum.

During this 120-hour practicum, students will acquire advanced knowledge and skills associated with appraising health risk, assessing fitness levels, and designing exercise programs for diverse populations through on-line, classroom, and laboratory settings as well as through field-based experiences by working in a variety of exercise venues.

Prerequisites: BIO 2430, or BIO 2451 and BIO 2452; ESS 3117 and ESS 3317, all with grades of "C" or higher. An overall GPA of 2.5 or higher is required.

about Fitness Assessment and Exercise Prescription Practicum

3 Credit Hours. 2 Lecture Contact Hours. 6 Lab Contact Hours.

Grade Mode: Standard Letter

about Fitness Assessment and Exercise Prescription Practicum

ESS 4319. Clinical Exercise Physiology.

Students gain a thorough understanding of the health appraisal/risk assessment, exercise testing, and exercise programming guidelines for clinical populations. In addition, basic electrocardiography and cardiopulmonary pathology and pharmacology are introduced.

Prerequisites: ESS 3117 and ESS 3317; BIO 2430, or BIO 2451 and BIO 2452, all with grades of "C" or higher. An overall GPA of 2.5 or higher is required.

about Clinical Exercise Physiology

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.

Grade Mode: Standard Letter

about Clinical Exercise Physiology

ESS 4320. Resistance Training and Conditioning.

This course discusses the development and evaluation of training principles and programs for diverse populations. Emphasis is placed on physiological adaptations and mechanical principles related to the application of resistance training. Prerequisites: BIO 2430, or BIO 2451 and BIO 2452; ESS 3317 and ESS 3117, all with grades of "C" or higher. An overall GPA of 2.5 or higher is required.

about Resistance Training and Conditioning

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.

Courses in Recreational Administration (REC)

REC 1310. Introduction to Recreation and Leisure Services.

Introduction to recreation, includes brief historical backgrounds, professional opportunities, present status, past and present leaders. Role of leisure time in our social structure, professional responsibility, familiarization with current issues and trends, and professional literature. Lecture and field trips. A grade of "C" or higher in this course is required to enroll in any upper division Recreational Administration courses. about Introduction to Recreation and Leisure Services

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Recreation and Leisure Services

REC 1330. Leisure and Outdoor Recreation.

This course provides students with an overview of the role the natural world plays in recreation and leisure services. The course will focus on values of outdoor recreation, adventure recreation, environmental impact, and the role of government in the provision and protection of outdoor recreation programs and resources.

about Leisure and Outdoor Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Leisure and Outdoor Recreation

REC 1370. Introduction to Therapeutic Recreation.

This course surveys history, philosophy, terminology and professional opportunities in therapeutic recreation. The role of leisure and therapeutic recreation in enhancing quality of life is explored.

about Introduction to Therapeutic Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Therapeutic Recreation

REC 2330. Leadership in Recreation and Leisure Services.

Discussion of leadership theories and skill development for indoor-outdoor games and sports. Teaching activities to develop skill in programming various indoor/outdoor recreational settings.

about Leadership in Recreation and Leisure Services

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Leadership in Recreation and Leisure Services

REC 2335. Recreation Program Development.

This course introduces students to basic principles and procedures for developing recreation programs that respond to human needs.

This course provides students with opportunities to acquire and utilize recreation programming skills through practical application.

Prerequisites: REC 1310 with a grade of "C" or better, and REC 2330. about Recreation Program Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: PHED 1336

about Recreation Program Development

REC 2336. Directed Field Experience in Programming Recreation.

Students participate in programming and leadership with a selected recreation agency. Online learning modules and communications guide the work and professional reflections. Prerequisite: REC 2335 with a grade of "C" or better.

about Directed Field Experience in Programming Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Directed Field Experience in Programming Recreation

REC 2370. Practices and Interventions in Therapeutic Recreation.

Students engage in classroom content and service learning to develop knowledge and skills in facilitation techniques used in a variety of therapeutic recreation settings. Prerequisites: REC 1310 and REC 1370 with grades of "C" or better.

about Practices and Interventions in Therapeutic Recreation

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Practices and Interventions in Therapeutic Recreation

REC 3325. Recreation Administration.

This course covers administrative practices relevant to entry-level professionals in the recreation industry. Topics include foundations of management, decision-making, planning, coordination of resources, and ethics in the public recreation sector. Prerequisite: REC 2335 with a grade of "C" or better.

about Recreation Administration

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Recreation Administration

REC 3335. Advanced Recreation Program Development.

Students will develop advanced program planning skills through the integration of theories and models of program development, consideration of diverse target markets, performing needs assessments, and planning for risk management issues. Students will apply these planning skills through an applied project. Prerequisite: REC 2335 with a grade of "C" or better. (WI).

about Advanced Recreation Program Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Advanced Recreation Program Development

REC 3340. Design and Maintenance of Recreational Facilities.

Introduce theories and provide practical experience in the design, development, operation, maintenance, administration of various recreational facilities. Prerequisite: REC 2335.

about Design and Maintenance of Recreational Facilities

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Design and Maintenance of Recreational Facilities

REC 3351. Evaluation of Leisure Service Programming.

Methods, techniques and application of the evaluation process related to a wide variety of leisure service functions: clientele and prospective participants, programs, personnel, facilities, organizations and literature. Prerequisite: REC 2335. (WI).

about Evaluation of Leisure Service Programming

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Evaluation of Leisure Service Programming

REC 3360. Field Work in Recreation Leadership.

The student participates at the leadership level in the ongoing work of a selected recreation agency. The work is supervised by an agency representative and a faculty member trained in the recreation field.

Prerequisites: REC 1330, REC 2330, and Departmental Approval.

about Field Work in Recreation Leadership

3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Field Work in Recreation Leadership

REC 3370. Assessment and Documentation in Therapeutic Recreation.

This course introduces students to selecting, utilizing, and interpreting assessment instruments, and to the processes used to document assessment results and client progress used in therapeutic recreation practice. Prerequisites: REC 1370 with a grade of "C" or better, and HIM 2360.

about Assessment and Documentation in Therapeutic Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Assessment and Documentation in Therapeutic Recreation

REC 4318A. Military Recreation.

A topic course to cover the: Survey of U.S. military recreation programs, role of recreation in military mission, concepts of administration and availability of career opportunities within military recreation.

about Military Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Military Recreation

REC 4318B. Campus Recreation.

A topic to cover recreation and leisure services at a college campus.

Topics include recreational sports, residence life, Greek organizations, and campus activities.

about Campus Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Campus Recreation

REC 4318D. Leisure and Aging.

A study of the relationship of leisure and aging in our society is the primary focus. Students will examine the aging process from biological, psychological and social aspects. Trends in and benefits of leisure programming for senior citizens will be reviewed. A variety of recreation and leisure delivery systems will be investigated as they relate to service delivery to well and frail elderly.

about Leisure and Aging

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

about Leisure and Aging

REC 4320. Therapeutic Recreation and People with Psychiatric Conditions.

Students will gain a theoretical and practical foundation for applying the therapeutic recreation process with persons with psychiatric conditions. Focus will be on the development of skills necessary to implement evidence-based interventions aimed at behavior change. A grade of "C" or higher in this course is required for enrollment into REC 4680.

Prerequisites: REC 1370, REC 2370, REC 3370, PSY 3300 and PSY 3315, all with grades of "C" or higher.

about Therapeutic Recreation and People with Psychiatric Conditions

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Therapeutic Recreation and People with Psychiatric Conditions

REC 4330. Entrepreneurial Recreation Management.

This course provides a study of the scope and the entrepreneurial management of leisure services. The focus will be on financial management related to profit centers including planning, legal liability, record keeping, and revenue management. Prerequisite: REC 2335.

about Entrepreneurial Recreation Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Entrepreneurial Recreation Management

REC 4335. Outdoor Recreation Programming.

Students apply principles and procedures for developing and leading recreation programs in a variety of specialized, outdoor environments. Students will demonstrate competencies for Leave No Trace certification. Course is taught in cooperation with the Texas State University—Outdoor Center. Prerequisites: REC 1330, REC 2335; PFW 1154C; or Consent of Instructor.

about Outdoor Recreation Programming

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Outdoor Recreation Programming

REC 4337. Independent Study in Recreational Administration.

Individual study related to recreational administration under direct supervision of a faculty member. (WI).

about Independent Study in Recreational Administration

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Independent Study in Recreational Administration

REC 4350. Theories and Methods of Supervision in Recreation and Leisure Services.

This course presents theories and methods relating to recruitment, selecting, hiring, training, disciplining, and discharging employees. This course also addresses legal issues related to personnel supervision.

Prerequisite: REC 2335.

about Theories and Methods of Supervision in Recreation and Leisure Services

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Theories and Methods of Supervision in Recreation and Leisure Services

REC 4370. Principles of Therapeutic Recreation.

This course will cover the principles of therapeutic recreation services including comprehensive program planning, administrative processes, and issues related to professionalism. Prerequisites: REC 1370, REC 2370, and REC 3370, all with grades of "C" or higher.

about Principles of Therapeutic Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Principles of Therapeutic Recreation

REC 4380. Seminar in Recreation.

This capstone seminar addresses trends in leisure services. Emphasis is on the interactional effects of diverse services, consumers, and environments. Taken in the fall or spring semester immediately preceding enrollment in REC 4680. Departmental approval required. (WI).

about Seminar in Recreation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Seminar in Recreation

REC 4680. Internship in Recreation.

The student participates at the administrative level in the ongoing work of a selected parks and recreation agency. The work is co-supervised by an agency representative trained in the recreation field.

Prerequisites: In addition to completion of all REC classes on degree plan and Departmental Approval, completion with a 'C' or better in REC 1370, REC 2370, REC 3370, REC 4320 and REC 4370 for Therapeutic Recreation majors or in REC 2335, REC 2336, REC 3325 and REC 4380 for Recreational Administration majors.

about Internship in Recreation

Zimmermann, Jo An, Associate Professor, Health & Human Performance, Ph.D., Clemson University

Bachelor of Exercise and Sports Science (B.E.S.S.) Major in Exercise and Sports Science (Pre-Physical Therapy Concentration)

Minimum required: 120 semester hours General Requirements

1. This 120 credit-hour degree program blends rigorous basic sciences, Athletic Training, and exercise science courses relevant to physical rehabilitation. The main focus of this pre-professional program is to combine the prerequisite coursework required for entrance to a graduate-level allied health program with quality support courses from the Athletic Training and Exercise and Sports Science programs. This degree program will also prepare students for several other graduate programs such as: entry-level Athletic Training, Occupational Therapy, Chiropractic, Physician Assistant, Orthotic/Prosthetic, and Exercise Physiology.
2. Graduate-level programs may require additional or modified prerequisite coursework for admission not included in this program. Students are ultimately responsible for knowing and completing prerequisite requirements for graduate programs of interest. Completion of this program does not guarantee admission to a graduate program in Physical Therapy.
3. Students in the Pre-Physical Therapy program must establish and maintain at least a 2.75 Texas State GPA in order to enroll in the following courses:

AT 3326	Evaluation Techniques of Upper Extremity Injuries	3
AT 3126	Applied Laboratory of Upper Extremity Injuries	1
AT 3328	Evaluation Techniques of Lower Extremity Injuries	3
AT 3128	Applied Laboratory of Lower Extremity Injuries	1
AT 3336	Principles and Techniques of Therapeutic Modalities	3
AT 3136	Applied Laboratory for Therapeutic Modalities	1
AT 3346	Therapeutic Exercise and Rehabilitation	3
AT 3146	Applied Laboratory for Therapeutic Exercise and Rehabilitation	1

4. Students are advised to follow the approved 4-year academic plan provided by the College of Education Advising Center. Students are advised to complete AT 3326/AT 3126 prior to enrolling in AT 3328/AT 3128. Students should not complete both AT 3326/AT 3126 and AT 3328/AT 3128 in the same semester. Students should enroll in AT 3336/AT 3136 after AT 3326/AT 3126 and AT 3328/AT 3128 have been completed.

5. A 2.75 Texas State GPA is required to graduate.
6. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100 All others will be exempt from taking this course, but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

Bachelor of Exercise and Sports Science (B.E.S.S.) Major in Exercise and Sports Science (Health and Wellness Promotion for Clinical Populations Concentration)

Minimum required: 120 semester hours

General Requirements

1. This degree program is designed to prepare graduates for study towards a Master's degree in Exercise Physiology, Biomechanics, or a similar field of study. Completion of this degree does not guarantee admission to a graduate program.
2. This degree program can lead to careers in cardiopulmonary, clinical exercise, and diagnostic testing and programming for cardiac rehabilitation and other special populations. Additional requirements may be necessary to enter these fields.
3. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

Bachelor of Exercise and Sports Science (B.E.S.S.) Major in Exercise and Sports Science (Teacher Certification in Physical Education, Early Childhood through Grade 12)

Minimum required: 125 semester hours

General Requirements

1. Students must apply and be admitted to the Teacher Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Teacher Preparation Program through the Office of Educator Preparation (p. 232).
2. A Minor or Second Teaching Field is required and must not be a Minor in Exercise and Sports Science or a Minor in Coaching Athletics. Courses toward a Second Teaching Field are recommended to improve job opportunities. The degree plan below is based on an 18-hour Minor or Second Teaching Field. Certain Minors and Second Teaching Fields may increase the total number of credit hours required for degree completion. Consult an academic advisor for a list of available Second Teaching Fields and recommended Minors.
3. A 2.5 Major GPA and an Overall GPA of 2.75 is required to graduate. If declared, a 2.5 GPA is required within the Second Teaching Field and a 2.0 is required within the Minor to graduate.
4. All Major as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or better.
5. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course, but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
6. To complete the predetermined sequence of courses in 4 years, students will most likely need to attend summer sessions.

Bachelor of Health and Wellness Promotion (B.H.W.P.) Major in Health and Wellness Promotion (Teacher Certification in Health, Early Childhood through Grade 12)

Minimum required: 121 semester hours

General Requirements

1. Students must apply and be admitted to the Teacher Preparation Program in order to enroll in Block coursework and Student Teaching in the Junior and Senior year. Refer to the requirements for Admittance to the Teacher Preparation Program through the Office of Educator Preparation (p. 232).
2. A Minor or Second Teaching Field is required and must not be a Minor in Exercise and Sports Science or a Minor in Coaching. Courses toward a Second Teaching Field are recommended to improve job opportunities. The degree plan below is based on an 18-hour Minor or Second Teaching Field. Certain Minors and Second Teaching Fields may increase the total number of credit hours required for degree completion. Consult an academic advisor for a list of available Second Teaching Fields and recommended Minors.
3. A 2.5 Major GPA and an Overall GPA of 2.75 is required to graduate. If declared, a 2.5 GPA is required within the Second Teaching Field and a 2.0 is required within the Minor to graduate.
4. All Major as well as Pedagogy and Professional Responsibility courses must be completed with a grade of "C" or better.
5. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

Bachelor of Science (B.S.) Major in Athletic Training

Minimum required: 122 semester hours

General Requirements

1. The Athletic Training Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE). Students desiring admission must first declare the Athletic Training major and complete the preliminary requirements for the Athletic Training major at Texas State University in order to become eligible to be admitted to the Athletic Training Program cohort. Once per year, in June, following the completion of a year-long competitive admissions process, the top 20 ranked applicants are offered admission to the Athletic Training Program cohort. For more information, please refer to <http://www.hhp.txstate.edu/Divisions/Athletic-Training.html>.
2. Students admitted to the Athletic Training Program cohort must be committed to taking the Board of Certification's national examination, as well as the Texas Advisory Board of Athletic Trainers' state licensure examination during the last semester prior to graduation.
3. To be considered as a candidate for admission to the Athletic Training Program cohort, students must complete AT 1298, AT 2156, AT 2260, AT 2356, and BIO 2430 with grades of B or better, and:
 - Participate in the competitive admission process that includes the five prerequisite courses mentioned above, a completed application (due annually on April 1), and an admissions interview in early May.
 - Establish and maintain a minimum Texas State GPA of 2.75.
 - Complete 50 hours of directed Athletic Training observation as part of AT 1298 – Orientation to Athletic Training Education.
 - Hold current Emergency Cardiac Care (ECC) certification in CPR/AED at the Professional Rescuer level.
4. The six-component objective formula used to rank applicants for admission to the AT Program cohort is available to view at <http://www.hhp.txstate.edu/Divisions/Athletic-Training/Undergraduate-Program>.
5. The required Technical Standards for the AT Program are available at the department website listed, in the AT 1298 Policy and Procedures Manual, and from the program director.
6. Students accepted into the AT Program cohort must provide current immunization records to the Texas State Student Health Center.
7. Students must maintain at least a Texas State GPA of 2.75 at all times while pursuing the degree, and in order to graduate.
8. The Athletic Training clinical education requirement at Texas State involves the completion of six long-semester courses over a three-year period that can only be completed at Texas State University. Each of the six clinical education courses in our program involve 2 contact hours per week with a classroom instructor and approximately 20 contact hours of supervised clinical education experiences at various on-campus or off-campus clinical sites.

9. Students are advised to follow the approved 4-year academic plan provided by the College of Education Advising Center. Students are advised to complete AT 3326/AT 3126 prior to enrolling in AT 3328/AT 3128. Students should not complete both AT 3326/AT 3126 and AT 3328/AT 3128 in the same semester. Students should enroll in AT 3336/AT 3136 after AT 3326/AT 3126 and AT 3328/AT 3128 have been completed.
10. Students contemplating transfer should expect to spend four (4) years at Texas State in order to complete the Athletic Training major.
11. Upon completion of the degree, the graduate will be qualified to take the Board of Certification's national examination and the Texas Advisory Board of Athletic Trainers' state licensure exam.
12. Athletic Training does not constitute a teaching field. If you are interested in an All-Level Physical Education Teacher Certification, contact the College of Education Undergraduate Advising Center.
13. Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.
14. To complete the predetermined sequence or courses in 4 years, students will most likely need to attend summer sessions.

Bachelor of Science in Recreational Administration (B.S.R.A.) Major in Recreational Administration

Minimum required: 120 semester hours

General Requirements

- Graduates are prepared to take the national examination to obtain the Certified Park and Recreation Professional certification endorsed by the National Recreation and Park Association.
- Students must complete 20 elective hours, 12 of which must be advanced. Consult with an academic advisor for recommended electives.
- Students should be aware that some REC courses may only be offered once a year, during a Fall or Spring semester.
- Students entering Texas State with fewer than 16 hours completed after high school graduation will be required to take US 1100. All others will be exempt from taking this course but will be required to earn an additional free elective, if needed, to reach the 120 minimum total hour requirement for the awarding of a degree.

Second Teaching Field in Health (Grades EC-12)

For students who are seeking a teacher certification within their major and would like a second teaching field in Health, the requirements are:

H ED 1310	Foundations of Personal Health	3
H ED 1320	Introduction to Health and Wellness Promotion	3
H ED 3321	Health in the Elementary Setting	3
H ED 3331	Health Education in the Secondary School Setting	3
H ED 3350	Consumer Health	3
Select three courses from the following:		9
H ED 2338	Contemporary Issues in Drug Prevention	
H ED 3301	Environmental Health Issues	
H ED 3348	Prevention of Disease	
H ED 3360	Sexuality Education	
Total Hours		24

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).

Office of Educator Preparation

Education Building Room 2016

T: 512.245.7880 F: 512.245.8345

www.education.txstate.edu/oep (<http://www.education.txstate.edu/oep>)

The Office of Educator Preparation (OEP) serves all university departments and schools that are involved in producing new teachers for grades EC-12, namely, departments and schools in the Colleges of Applied Arts, Business Administration, Education, Fine Arts and Communication, Liberal Arts, and Science and Engineering. The OEP advises and assists students seeking to earn Texas teacher credentials at the undergraduate, post-baccalaureate, and graduate levels.

Teacher Certification

Students seeking certification to teach EC-6 (Early Childhood through Grade Six), 4-8 (Grade Four through Grade Eight), or All-level Special Education (Early Childhood through Grade 12) will major in Interdisciplinary Studies in the Department of Curriculum and Instruction within the College of Education. Students seeking certification to teach All-level Physical Education or All-level Health will major in X or Y, respectively, in the Department of Health and Human Performance within the College of Education. Students seeking certification to teach in Grades 6, 7, or 8-12 (Grade Six, Seven, or Eight through Grade Twelve) or All-level certification in other disciplines will major in their chosen teaching field in the department and college where that major is housed. Students should note that teacher certification requirements may differ from degree requirements and that completion of both is necessary for awarding a degree and recommending a student for teacher certification. In order to pursue teacher certification, students must apply and be admitted into the Teacher Preparation Program through the Office of Educator Preparation.

Admittance to the Teacher Preparation Program

In addition to meeting the requirements for admission into the University and following a student's official declaration of a certification-seeking degree program, students must apply to and meet the following requirements for formal admittance into the Teacher Preparation Program:

1. An Overall GPA of at least 2.75.
2. Completion of the following coursework with a grade of "C" or better to demonstrate competency in the following skill areas:
 - Reading: two courses from HIST 1310, HIST 1320, POSI 2310 or POSI 2320 or their equivalents.
 - Written Communication: ENG 1310 and ENG 1320 or their equivalents.
 - Critical Thinking: PHIL 1305 or PHIL 1320 or its equivalent.
 - Mathematics: MATH 1315 or MATH 1319 or MATH 1329 or MATH 2321 or MATH 2417 or MATH 2471 for Interdisciplinary Studies majors or any algebra-equivalent or higher mathematics course, as determined by the Mathematics Department at Texas State. (Note: MATH 1316 does not fulfill the mathematics requirement for Teacher Preparation Program admittance.)
3. Completion of COMM 1310 or its equivalent with a grade of "B" or better to demonstrate competency in oral communication.

If a grade lower than “B” is earned, students may schedule an interview with the Office of Educator Preparation to determine whether the course must be repeated.

4. Completion of the online Teacher Preparation Program Admittance Module and quiz to learn about current teacher certification requirements, program expectations, and application procedures.
5. Application to the Teacher Preparation Program
The online application form is available at <http://www.education.txstate.edu/oep/>.

Determination of admittance to the Teacher Preparation Program is overseen by the Office of Educator Preparation. More information is available at <http://www.education.txstate.edu/oep/>.

Sequence of Coursework

Students should refer to their Advising Center’s degree plan check sheets for guidance in following the Teacher Preparation course sequence in their degree plan. At a minimum, each Teacher Preparation sequence consists of introductory “Education Core” classes, at least one semester of a Field-Based Block of coursework and a final semester of Student Teaching that occurs after all other coursework has been completed. Students must apply for Field-block coursework at <http://www.education.txstate.edu/oep/Applications/apply-for-fieldblock-experience.html> and for Student teaching coursework at <http://www.education.txstate.edu/oep/Applications/apply-for-student-teaching.html>.

Elementary, Middle School, High School, and All-Level Certification Field-Based Requirements

Students in any undergraduate teacher certification program must participate in one or more field-block(s) of integrated courses taught two days per week at a public school in the Central Texas area. This pre-Student Teaching experience is a unique opportunity to learn in actual classrooms, in a partnership between Texas State and public school faculty.

Student Teaching

All coursework for a student’s degree program should be completed prior to Student Teaching. Student Teaching should be done during a student’s final semester.

The requirements to be admitted to Student Teaching are as follows:

1. Attendance at a mandatory Student Teaching Round-Up meeting during the long semester prior to the Student Teaching semester (typically the third week of each semester).
2. Validation of required pre-Student Teaching field experiences.
3. An Overall GPA of at least 2.75.
4. A GPA of at least 2.50 in all assigned courses in the professional sequence and in the teaching field(s) or specialization(s), with no grade below a C in these courses.
5. Approval from the Office of Educator Preparation.

Graduation and Certification

Graduation

In addition to the other graduation requirements listed in this catalog, the following graduation requirements must be met by students seeking teacher certification:

1. An Overall GPA of at least 2.75.
2. Successful completion of student teaching.
3. A GPA of at least 2.50 in all assigned courses in the professional sequence and in the teaching field(s) or specialization(s) with no grade below a “C” in these courses.
4. Submission of online Graduation Application by the university’s deadline.

Certification

Eligible students should apply for a Texas Educator Certificate through the State Board for Educator Certification. The Certification Officer in the OEP will recommend the issuance of the appropriate certificate by the State of Texas. The certification process includes the following steps:

1. Completion of at least a baccalaureate degree and the posting of the degree to the official transcript.
2. Verification of satisfactory completion of Student Teaching experience.
3. Passing scores on the appropriate Texas Examination of Educator Standards (TExES).

Dispositions for the Teaching Profession

Students in teacher certification seeking programs are preservice teachers who are expected to exhibit professional dispositions and behaviors that are appropriate to the school environment and that support learners’ academic success. These dispositions and behaviors include professional attitudes, values, and beliefs demonstrated through both verbal and non-verbal behaviors as educators interact with students, families, colleagues, and communities.

A candidate who does not meet the expectations for the behaviors and dispositions for the teaching profession will be identified by a professor, supervisor, cooperating teacher, or principal and will meet with an administrator in the Department of Curriculum and Instruction and/or the Office of Educator Preparation to discuss the case. If further action is necessary, the candidate’s case will be reviewed by the chair of the appropriate department with input from other faculty, as appropriate, to determine eligibility for the Teacher Preparation Program. Appeals regarding this Committee’s decision must be made to the Dean of the College of Education whose decision is final.

Post-Graduate Certificate Requirement

Persons who hold at least a bachelor’s degree and who are seeking either initial or additional Texas teaching certificates need to follow information listed in the Graduate Catalog. More information regarding admittance into Teacher Preparation Program is available at: www.education.txstate.edu/oep/ (<http://www.education.txstate.edu/oep/>).

Music—Thomas S. Clark, D.M.A.

Theatre and Dance—Debbie R. Alley, M.F.A.

The College of Fine Arts and Communication offers four undergraduate degrees:

- the Bachelor of Arts (B.A.),
- the Bachelor of Fine Arts (B.F.A.),
- the Bachelor of Music (B.M.), and
- the Bachelor of Science (B.S.).

A wide range of programs are available within the disciplines of art and design, theatre and dance, music, mass communication, journalism and communication studies.

In addition to the college's formal degree programs, students have the opportunity to pursue a number of co-curricular programs. These are available to all Texas State students, regardless of major or minor, and range from acting, marching band, wind ensemble, choir, orchestra, jazz bands, classical guitar, concert bands, multicultural ensembles, debate, attendance of art exhibits, lectures and workshops, to production work for KTSW, the campus radio station, or the student newspaper, The University Star.

Academic Advising Center

Old Main Building Room 110

T: 512.245.1932 F: 512.245.8334
www.advising.finearts.txstate.edu (<http://www.advising.finearts.txstate.edu>)

The College of Fine Arts and Communication Academic Advising Center provides students with advising on academic and administrative issues. Students are informed about matters related to academic majors and career possibilities, the selection of appropriate courses, and the choice of an education program leading to a Bachelor's degree. The Advising Center is a resource for current students and for prospective students who are considering a major or minor in the College of Fine Arts and Communication.

School of Art and Design

Joann Cole Mitte Building Room 2112
 T: 512.245.2611 F: 512.245.7969
www.finearts.txstate.edu/Art/art.html (<http://www.finearts.txstate.edu/Art/art.html>)

The School of Art and Design promotes the understanding of art in culture by providing a learning environment that advances students' critical and creative thinking, encourages diverse perspectives, and nurtures individual artistic expression. The School fosters creative and scholarly activities that develop students' conceptual and technical abilities and encourages visually articulate thinkers. The faculty come from diverse educational, professional and cultural backgrounds. Through effective teaching, the School of Art and Design helps students achieve excellence in their individual, artistic and career goals.

The School of Art and Design offers six programs leading to the following degrees:

- Bachelor of Fine Arts with a major in Communication Design;
- Bachelor of Fine Arts with a major in Photography;
- Bachelor of Fine Arts with a major in Studio Art that offers specializations in ceramics, drawing, expanded media, metals, painting, printmaking, and sculpture;
- Bachelor of Fine Arts with a major in Studio Art leading to All-Level (EC-12) Certification that prepares students for teaching art in elementary and secondary schools;
- Bachelor of Arts with a major in Art History that provides an intellectual foundation and a broad background in the history of art, aesthetics and art criticism; and
- Bachelor of Arts with a major in Art that provides broad exposure to art.

All art and design majors are encouraged to enter the annual student exhibition and to take advantage of the University Art Gallery and visiting artists programs. An active internship program is available for all qualified art and design majors.

Special Requirements

All students majoring in Studio Art or in Photography are required to participate in the Senior Exhibition (ARTS 4000) within the academic year they plan to graduate. All students majoring in Communication Design are required to participate in Exit Review (ARTC 4000) within the academic year they plan to graduate.

Communication Design Admission

The Communication Design Program, a three and a half year sequenced curriculum, emphasizes the integration of critical thinking with a thorough understanding of design principles and processes relevant to the professional practice of design. The program also embraces social, cultural, historical, economic, and global contexts to prepare students to advance knowledge within the discipline. This approach prepares graduates for successful entry into the profession, as well as for entry into graduate education programs.

Admission requirements for the Communication Design program are more restrictive than those of the University and enrollment is limited to provide students with a quality experience.

All applicants who indicate Communication Design as their preferred major will be assigned a temporary status/major code of pre-Communication Design. In addition to meeting Texas State's general admission criteria, all students intending to major in Communication Design must pass ARTC 2000 Admission Portfolio Review to be admitted into the program. Admission Portfolio Review is a competitive formal review of creative work, conducted by Communication Design faculty, which takes place once a year at the end of the spring semester. Native

and transfer students will be required to sign up for Admissions Portfolio Review during the earliest spring semester in which they will meet all eligibility requirements for the review. Students who are denied admission to the Communication Design program after their first review will be allowed only one more attempt during the next review. Pre-Communication Design majors will not be permitted to enroll in 2000 – 4000 level Communication Design courses until they have passed Admission Portfolio Review and have been formally admitted to the program.

All students must meet the following criteria to be eligible to submit their work for the Admission Portfolio Review:

1. Be enrolled in ARTC 2000 Admissions Portfolio Review
2. Complete ARTF 1301, ARTF 1302 with a minimum grade of “C”
3. Have an Overall GPA of 2.75
4. Complete ARTC 1301 and ARTC 1302 with a minimum grade of “B” or concurrent enrollment in ARTC 1301 and ARTC 1302 (ARTC 1301 and ARTC 1302 must be taken at Texas State.) The school no longer accepts transfer credits in Communication Design. All criteria apply to both transfer students and incoming freshman.

Requirements for admission to the Communication Design program are:

1. Passing grade in Admission Portfolio Review (ARTC 2000)
2. Completion of ARTC 1301 and ARTC 1302 each with a minimum grade of “B”

All Communication Design majors must maintain a minimum major GPA of 2.75 to meet graduation requirements.

Bachelor of Arts (B.A.)

- Major in Art (p. 254)
- Major in Art History (p. 255)

Bachelor of Fine Arts (B.F.A.)

- Major in Communication Design (p. 255)
- Major in Photography (p. 256)
- Major in Studio Art (Ceramics Specialization) (p. 257)
- Major in Studio Art (Drawing Specialization) (p. 257)
- Major in Studio Art (Expanded Media Specialization) (p. 258)
- Major in Studio Art (Metals Specialization) (p. 259)
- Major in Studio Art (Painting Specialization) (p. 260)
- Major in Studio Art (Printmaking Specialization) (p. 260)
- Major in Studio Art (Sculpture Specialization) (p. 261)
- Major in Studio Art (Teacher Certification in Art, Grades EC-12) (p. 262)

Minors

- Art
- Art History

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this school include: ART (p. 235), ARTC (p. 235), ARTF (p. 239), ARTH (p. 239), ARTS (p. 242), ARTT (p. 251)

Courses in Art (ART)

ART 2313. Introduction to Fine Arts.

An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking MU 2313, TH 2313, or DAN 2313. (MC/MP).

about Introduction to Fine Arts

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Creative Arts Core|Multi.Content & Perspective

Grade Mode: Standard Letter

TCCN: HUMA 1315

about Introduction to Fine Arts

ART 3313. Introduction to Fine Arts.

This course is designed to give the student a critical understanding and appreciation of the history and principles associated with each of the artistic disciplines of theatre, dance, music and the visual arts.

about Introduction to Fine Arts

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Courses in Communication Design (ARTC)

ARTC 1301. Introduction to Communication Design.

Introduces the field of Communication Design including terminology, creative visual thinking/problem solving, layout design, tools, and materials. Corequisite: ARTC 1302. Prerequisite: ARTF 1301, ARTF 1302 with grades “C” or higher.

about Introduction to Communication Design

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: ARTS 2313

about Introduction to Communication Design

ARTC 1302. Imaging I.

An introduction to digital imaging emphasizing visual strategies, techniques, and concepts. Corequisite: ARTC 1301. Prerequisites: ARTF 1301, ARTF 1302 with grades “C” or higher.

about Imaging I

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: ARTS 2314

about Imaging I

ARTC 2000. Admission Portfolio Review.

During this course, students will prepare and present an entry-level design portfolio. Communication Design majors must pass Admission Portfolio Review to gain entrance into the program. Course is repeatable one time. Co-requisites: ARTC 1301 and ARTC 1302. Prerequisites: ARTF 1301 and ARTF 1302 with grades of “C” or higher. 2.75 Overall GPA required.

about Admission Portfolio Review

0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Admission Portfolio Review

ARTC 2303. Typography I.

This course introduces the evolution and development of alphabets, letter forms, and typography in relationship to visual expression and communication. Corequisite: ARTC 2304. Prerequisites: Admission into the Communication Design Program. ARTC 1301 and ARTC 1302 with grades "B" or higher.

about Typography I

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Typography I

ARTC 2304. Conceptual Strategies.

Focuses on concept development and ideation strategies through the production of various design forms. Corequisite: ARTC 2303. Prerequisites: Admission into the Communication Design Program. ARTC 1301 and ARTC 1302 with grades "B" or higher.

about Conceptual Strategies

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Conceptual Strategies

ARTC 2305. Visualization and Presentation Techniques.

For Interior Design majors only. Introduces rendering techniques, three-dimensional graphics, and digital imaging for visual presentations.

Prerequisites: FCS 1321; ARTF 1302; TECH 1413.

about Visualization and Presentation Techniques

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Visualization and Presentation Techniques

ARTC 3301. Art Direction I.

Students will develop advertising concepts that relate to the creative strategies, marketing platforms, and psychology specific to client-based communication, and the type of media used. Corequisites: ARTC 3303 and ARTC 3316. Prerequisites: ARTC 3307 and ARTC 3320.

about Art Direction I

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Art Direction I

ARTC 3303. Trademark Design.

Focuses on the design process and concept development of trademark design (i.e., logo design, corporate identity, iconographic systems).

The class emphasizes incorporating historic and contemporary methodologies and practices of trademark design within the context of the communication design discipline. Corequisites: ARTC 3301 and ARTC 3316. Prerequisites: ARTC 3307 and ARTC 3320.

about Trademark Design

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Trademark Design

ARTC 3304. Branding Systems.

Focuses on the creation and application of integrated brand communication systems. Students will develop comprehensive brand identities, typographic elements and layout designs for print and digital media. Prerequisites: ARTC 3301, ARTC 3303 and ARTC 3316.

about Branding Systems

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Branding Systems

ARTC 3307. Interactive Media I.

This course introduces Web Site design, construction, basic User Interface design, and explores the elements of HTML and CSS. Corequisite: ARTC 3320. Prerequisites: ARTC 2303 and ARTC 2304.

about Interactive Media I

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Interactive Media I

ARTC 3310. Illustration.

Introduces media and illustration methods for basic image development.

Prerequisites: ARTC 3301, ARTC 3303 and ARTC 3316.

about Illustration

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Illustration

ARTC 3313. Imaging II.

This course uses advanced digital and traditional imaging as it applies to visual and verbal problem solving. The class emphasizes incorporating drawing, photography and appropriated images in order to reinforce and extend the possibilities of sourcing and manipulation of images digitally.

Prerequisites: ARTC 3301, ARTC 3303 and ARTC 3316.

about Imaging II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Imaging II

ARTC 3316. Communication Design History Seminar.

This course traces communication design history, through examples of social, political, cultural, technological and economic perspectives, from the end of the 19th century to the present. Students examine how past and current design practices, theory and aesthetics inform and shape the discipline of communication design and contemporary society. Corequisites: This course is to be taken concurrently with ARTC 3301 and ARTC 3303. Prerequisites: ARTC 3307 and ARTC 3320.

about Communication Design History Seminar

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Communication Design History Seminar

ARTC 3320. Typography II.

Introduces advanced issues in page structure and composition, content organization and management, typographic hierarchies, typeface selection, and typesetting. Corequisite: ARTC 3307. Prerequisites: ARTC 2303 and ARTC 2304.

about Typography II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Typography II

ARTC 4000. Senior Exit Review.

A course in which all graduating seniors must participate during their last academic year. Work will be examined and evaluated while displayed in the Exit Review. Corequisite: ARTC 4315. Prerequisites: ARTC 4308 and completion of 109 hours.

about Senior Exit Review

0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Credit/No Credit

about Senior Exit Review

ARTC 4200. Senior Show & Review.

Students will be given the guidance and the studio time needed to polish their portfolios and to organize and produce the Communication Design Exit Review. Lectures will focus on best practices for professionals in communication design. Final portfolios will be evaluated while exhibited in the Exit Review. Prerequisite: ARTC 4308. Co-requisite: ARTC 4315.

Communication Design majors must take ARTC 4200 and ARTC 4315 in their last semester prior to graduation.

about Senior Show & Review

2 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Senior Show & Review

ARTC 4302. Art Direction II.

Students develop strategic messages across print, digital, and social media and evaluate how conceptual direction and message must shift to accommodate various media. Students strengthen their verbal and visual conceptual skills and elevate their research abilities to create dynamic advertising campaigns, and unify brand position with communication. Prerequisites: ARTC 3301, ARTC 3303 and ARTC 3316.

about Art Direction II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Art Direction II

ARTC 4303. Art Direction III.

This course allows students to create art direction projects based on individual professional goals. Faculty will assess each portfolio at the beginning of the course. Students will then address their portfolio content and work to create a body of art direction pieces. Prerequisite: ARTC 4302.

about Art Direction III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Art Direction III

ARTC 4305. Typography III.

Continues the study of letter form, typography, image and concept relationships for effective communication. Prerequisites: ARTC 3301, ARTC 3303 and ARTC 3316.

about Typography III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Typography III

ARTC 4306. Environmental Graphic Design.

Introduces a multidiscipline-based design practice centered around exterior and interior built environments. Students examine the visual, theoretical and applied aspects of defining a place through wayfinding, identity and information design. Prerequisites: ARTC 3301, ARTC 3303 and ARTC 3316.

about Environmental Graphic Design

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Environmental Graphic Design

ARTC 4308. Interactive Media II.

This course explores advanced Web Site design, construction and User Interface design, advanced Web authoring for multiple platforms, and advanced Web typography. Prerequisites: ARTC 3301, ARTC 3303, ARTC 3307 and ARTC 3316.

about Interactive Media II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Interactive Media II

ARTC 4309. Interactive Media III.

Mobile application design. Exploration of User Interface design and Experience design for mobile devices. Students will learn to prototype applications that connect the physical and digital worlds. Prerequisite: ARTC 4308.

about Interactive Media III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Interactive Media III

ARTC 4310. Communication Design Practicum.

Students are placed in regional graphic design firms and advertising agencies to gain professional design/art experience. May be repeated with different emphasis for additional credit. Prerequisites: ARTC 3301, ARTC 3303 and ARTC 3316 and completion of 75 hours.

about Communication Design Practicum

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

ARTH 4303. Pre-Columbian Art.

A survey of the art of Pre-Columbian sites and cultures in Mesoamerica and the Central Andes, from pre-history to the European conquest. (MC) (WI).

about Pre-Columbian Art

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Pre-Columbian Art

ARTH 4304. Global History of Cinema.

A survey of the history of European and American film as an art form. (MC) (WI).

about Global History of Cinema

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Global History of Cinema

ARTH 4306. Renaissance Art.

An in-depth survey of the history of Italian Renaissance art, including key works of art representative of the Northern Renaissance. Course emphasizes the study of iconography and stylistic change, in conjunction with larger cultural developments. (MC) (WI).

about Renaissance Art

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Renaissance Art

ARTH 4308. Asian Art.

A broad survey of the art of Asian cultures including India, Japan, and China from pre-history to the present. (MC) (WI).

about Asian Art

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Asian Art

ARTH 4309. Feminism and Visual Representation.

This course provides an introduction to feminist art, theory, and visual culture by focusing on the relationships between several key feminist concerns, including sexuality and gender experience and difference. (WI).

about Feminism and Visual Representation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Feminism and Visual Representation

ARTH 4310. Race and Representation.

This course explores the variegated ways that race, and, by implication, identity and difference, is figured and represented in a range of cultural productions, including art, film and visual culture. (WI).

about Race and Representation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Race and Representation

ARTH 4311. History of Italian Art.

Taught on-site and centered in Florence, Italy, this course represents a targeted immersion into Renaissance art and culture and includes the study of pivotal works of art and architecture across the Italian peninsula. May be substituted for ARTH 2301 or ARTH 2302. (WI).

about History of Italian Art

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about History of Italian Art

ARTH 4312. The Arts in Popular Culture.

This course examines popular culture, including the emergence of mass culture, and its complex intersection with the fine arts from the nineteenth century onwards. (WI).

about The Arts in Popular Culture

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about The Arts in Popular Culture

ARTH 4313. Hellenistic Art and Culture.

This course focuses on the Greek aesthetic tradition from the fourth century BCE to the end of the first century C.E., with a cross-disciplinary emphasis on the interaction of Greek and non-Greek cultures from Northern India to the Italian peninsula. (WI).

about Hellenistic Art and Culture

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Hellenistic Art and Culture

ARTH 4320A. Documentary Photography.

This course explores key issues in the theory, history, and practice of documentary photography. (WI).

about Documentary Photography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

about Documentary Photography

ARTH 4320B. Curatorial Practices.

This course considers the history and cultural significance of the practice of curating and exhibition making. (WI).

about Curatorial Practices

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter
about Curatorial Practices

ARTH 4321M. Art and Politics.

This course explores various ways in which artists have worked to affect and/or endorse changes in government, exploring both art as a tool for social cohesion in support of a particular political party or ideal and art as a means of political protest. (WI).

about Art and Politics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter
about Art and Politics

ARTH 4321N. Perspectives on Andy Warhol.

This course explores Post-World War II art and culture by focusing on the career of Andy Warhol. The class will examine the multiple media and strategies for artistic dialogue and visibility that the artist implemented over his decades-long practice from the 1960s through the 1980s. (WI).

about Perspectives on Andy Warhol

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter
about Perspectives on Andy Warhol

ARTH 4321O. Spanish Colonial Art of Latin America.

This course surveys the art and architecture of the Spanish and Portuguese Viceroyalties in the Americas from the conquest to the wars of independence, examining the role that art and architecture played in religion, government, social structuring, and identity formation. (WI).

about Spanish Colonial Art of Latin America

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter
about Spanish Colonial Art of Latin America

ARTH 4321P. Artists' Writing.

This course explores ways in which visual artists have engaged with the written word in relationship to their art work. Readings will be taken from diaries, manifestos, critical and experimental essays, and works of fiction. Students will create their own writings and/or art work in response to weekly readings. (WI).

about Artists' Writing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter
about Artists' Writing

ARTH 4321Q. Video Art.

This course considers the myriad ways artists have mobilized video to confront and complicate representations of people affected by the HIV/AIDS pandemic. Most of this course will be spent discussing videos and readings from the 1980s and 1990s and will be localized to the United States. (WI).

about Video Art

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter
about Video Art

ARTH 4321S. Conceptualism.

This course explores the emergence of conceptualism globally during the 1950s through the 1980s and considers its impact on contemporary art. (WI).

about Conceptualism

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Topics|Writing Intensive

Grade Mode: Standard Letter

ARTH 4325. Art History Internship.

This course will offer students the opportunity to experience and receive academic credit for professional activities related to the field of art history. Consent of instructor required.

about Art History Internship

3 Credit Hours. 0 Lecture Contact Hours. 6 Lab Contact Hours.

Grade Mode: Standard Letter

about Art History Internship

Courses in Studio Art (ARTS)

ARTS 1305. Digital Studio Foundations.

This course will provide an introduction to digital imaging software as a tool for the visual artist. Students will learn terminology, operating systems, and how to store, organize and transfer digital data. Special emphasis will be placed upon the use of the computer for conceptual and aesthetic problem solving.

about Digital Studio Foundations

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Digital Studio Foundations

ARTS 2301. Expanded Media I.

This introductory studio art course introduces time as a medium. Students become familiar with the unique capabilities of video, sound and performance through screenings, demonstrations, individual projects and critiques. Prerequisites: ARTS 1305 (or ARTC 1302) and ARTF 1301.

about Expanded Media I

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Expanded Media I

ARTS 2311. Ceramics I.

An introduction to clay as a medium for creative expression. Basic hand-building and wheel-throwing methods of forming are employed to investigate form and develop conceptual awareness. Prerequisites: ARTF 1301, ARTF 1302, and ARTF 1303.

about Ceramics I

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

TCCN: ARTS 2346

about Ceramics I

ARTS 2321. Drawing I.

Introduces the analytical study of the human form and the figure's potential for compositional and expressive use of drawing. Prerequisites: ARTF 1301 and ARTF 1302.

about Drawing I

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Watercolor I

ARTS 3302. Expanded Media II.

This studio course continues explorations of formal, critical and technical approaches to time-based practices. Students incorporate diverse media and materials to generate interdisciplinary projects. Emphasis is placed on modes of presentation. Prerequisite: ARTS 2301.

about Expanded Media II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Expanded Media II

ARTS 3303. Expanded Media III.

This is a rotating topics course in Expanded Media. Potential course topics include, but are not limited to, performance, participatory practices, institutional critique and contextual methodologies. Prerequisite: ARTS 3302.

about Expanded Media III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Expanded Media III

ARTS 3304. Expanded Media IV.

This is a rotating topics course in Expanded Media. Potential course topics include, but are not limited to, computer programming, web-based systems, animation, sound design and interactive multimedia. Prerequisite: ARTS 3303.

about Expanded Media IV

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Expanded Media IV

ARTS 3312. Ceramics II.

Through pottery forms and/or clay sculpture, students develop conceptual and expressive skills. Students formulate glazes and fire kilns. Prerequisites: ARTS 2311.

about Ceramics II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Ceramics II

ARTS 3313. Ceramics III.

Through individualized projects, students develop personal content and expression in their work. Students formulate clay bodies and slips, and investigate experimental firing methods. Prerequisite: ARTS 3312.

about Ceramics III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Ceramics III

ARTS 3314. Ceramics IV.

Continued development of personal expression through a self-initiated series of works. Students investigate technically complex forming methods. Prerequisite: ARTS 3313.

about Ceramics IV

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Ceramics IV

ARTS 3322. Drawing II.

Experimentation with techniques and materials to develop perceptual and conceptual skills leading to individual expression in drawings.

Prerequisite: ARTF 1303.

about Drawing II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Drawing II

ARTS 3323. Drawing III.

Focuses on the development of a personal visual statement using the human form as subject matter. Interpretive skills are stressed and alternative approaches to generating visual imagery are explored.

Prerequisite: ARTS 3322.

about Drawing III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Drawing III

ARTS 3324. Drawing IV.

Emphasizes conceptual skills and critical analysis in the development of individual imagery and aesthetics in drawing. Consistent thematic drawings are required. Prerequisite: ARTS 3323.

about Drawing IV

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

about Drawing IV

ARTS 3332. Fibers II.

Development of visual and conceptual skills through traditional and experimental techniques. Prerequisites: ARTS 2331.

about Fibers II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Fibers II

ARTS 3333. Fibers III.

Development of a personal aesthetic direction in fibers using loom and/or non-loom processes. Prerequisites: ARTS 3332.

about Fibers III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Fibers III

ARTS 3334. Fibers IV.

The conceptual and technical aspects of fibers are developed through experimentation, research and evaluation. Prerequisite: ARTS 3333.

about Fibers IV

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Fibers IV

ARTS 3342. Metals II.

The development of a personal aesthetic and conceptual direction in the metal medium focusing on the relationship between surface and form. Casting is introduced and the exploration of patination and surface coloration continues. Prerequisites: ARTS 2341.

about Metals II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Metals II

ARTS 3343. Metals III.

Emphasis on a personal conceptual direction in the solution of formal problems using complex construction and fabrication processes.

Prerequisite: ARTS 3342.

about Metals III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Metals III

ARTS 3344. Metals IV.

An introduction to the ductile qualities of the metal medium through advanced forming and raising processes. In a series of artworks, students develop a personal aesthetic. Prerequisite: ARTS 3343.

about Metals IV

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Metals IV

ARTS 3352. Painting II.

A series of projects synthesizing the elements and principles of pictorial composition that encourage individual creative solutions. Prerequisites: ARTS 2351, ARTF 1303.

about Painting II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Painting II

ARTS 3353. Painting III.

Development of personal imagery in painting through individualized projects. Prerequisite: ARTS 3352.

about Painting III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Painting III

ARTS 3354. Painting IV.

The conceptual and technical aspects of painting are developed through experimentation, research and evaluation. Prerequisite: ARTS 3353.

about Painting IV

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Painting IV

ARTS 3355. Digital Painting.

A course developing basic skills in the use of computer graphic tools and related peripheral devices for creating digital paintings. The course is intended for students with a foundation in traditional painting and drawing media. Prerequisite: ARTS 2351.

about Digital Painting

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Digital Painting

ARTS 3361. Foundations of Photography II.

This course introduces black and white aesthetics and techniques within a traditional and digital context. Prerequisite: ARTS 2361.

about Foundations of Photography II

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Foundations of Photography II

ARTS 3363. Alternative Photographic and Digital Processes.

This course places an emphasis on the conceptual and technical aspects of digital and photographic imaging using the chemistry and techniques of alternative printing methods. Prerequisites: ARTS 3361 and ARTS 3364.

about Alternative Photographic and Digital Processes

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Alternative Photographic and Digital Processes

ARTS 3364. Introduction to Digital Photography.

This course introduces students to the aesthetics of current digital imaging technology, including new digital cameras, scanning equipment, Macintosh computers, image-manipulation programs and printing devices. Prerequisite: ARTS 2361.

about Introduction to Digital Photography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Introduction to Digital Photography

ARTS 3365. Studio Photography.

This course uses a studio environment to explore issues in controlled lighting in photography. Prerequisites: ARTS 2361 and ARTS 3364.

about Studio Photography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Studio Photography

ARTS 3366. Intermediate Digital Photography.

This course builds and expands upon the digital concepts and techniques covered in Introduction to Digital Photography. Prerequisite: ARTS 3364.

about Intermediate Digital Photography

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Intermediate Digital Photography

ARTS 3372. Printmaking II.

This course introduces, in alternate semesters, intaglio printing during the fall semesters (including copper plate printing: drypoint, mezzotint, etching, aquatint and photo-polymer plates) and lithography printing during the spring semester (including plate and stone litho, as well as photo-lithography) Prerequisites: ARTS 2371, ARTF 1303.

about Printmaking II

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Printmaking II

ARTS 3373. Printmaking III.

This course introduces, in alternate semesters, intaglio printing during fall semesters (including copper plate printing: drypoint, mezzotint, etching, aquatint, and photo-polymer plates) and lithography printing during the spring semester (including plate and stone litho, as well as photo-litho). Prerequisite: ARTS 3372.

about Printmaking III

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Printmaking III

ARTS 3374. Printmaking IV.

Having learned the basic printmaking techniques, students are introduced to Book Arts, hand binding, and containers/boxes.

Digital printmaking is also introduced as part of the repertoire of the contemporary artist/printmaker. Prerequisite: ARTS 3373.

about Printmaking IV

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Printmaking IV

ARTS 3376. Screen Printing.

This course introduces students to contemporary and traditional techniques in serigraphy (also known as screen printing) to produce a series of four in-depth, major creative projects. Repeatable for credit. Prerequisites: ARTF 1301, ARTF 1302, ARTF 1303, and ARTS 1305 or ARTC 1302.

about Screen Printing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

ARTS 4308N. Digital Animation.

This course will provide an introduction to the technical and conceptual processes for creating digital animations. Instruction includes software and hardware requirements and knowledge, visual problem solving, and conceptual development. Each student will complete a short animated video by the end of the course. Prerequisites: ARTF 1301, ARTF 1302, and ARTS 1305 or ARTC 1302.

about Digital Animation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Digital Animation

ARTS 4308O. Graphic Novels and 'Zines.

This class will explore comics, zines, graphic novels and forms of narrative art as a contemporary medium. The student will be introduced to historical and contemporary examples, including cinema and printed matter. The student will create original work in comic strips, 'zines, graphic novellas and/or printed ephemera.

about Graphic Novels and 'Zines

Courses in Art Theory and Practice (ARTT)

ARTT 2371. Fundamentals of Art Theory and Practice.

A survey and analysis of the theories and practices of art learning. Topics include: philosophy; history and theory of art learning; technology; artistic development; learning theories; assessment tools; program development; presentations and current realities; trends and issues. (WI).

about Fundamentals of Art Theory and Practice

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Fundamentals of Art Theory and Practice

ARTT 3370. Art Theory and Practice.

Introduces the theories and practices of children's art learning for the non-art major.

about Art Theory and Practice

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Art Theory and Practice

ARTT 3372. Art Theory and Practice for Children.

A survey and analysis of the theories and practices of teaching art to children. Topics include artistic development, art programming, content, philosophies, methodologies, objectives and assessment. Requires 10 clock hours of field experience in an elementary art learning setting.

Prerequisite: ARTT 2371. (WI).

about Art Theory and Practice for Children

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Art Theory and Practice for Children

ARTT 3373. Art Theory and Practice for Adolescents.

The theories and practices of adolescent art learning. Topics include: learning environments, artistic development, presentation methodologies, objectives and assessment, and other current topics. Requires 10 clock hours of field experience in a secondary school art setting. Prerequisite: ARTT 2371.

about Art Theory and Practice for Adolescents

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Art Theory and Practice for Adolescents

ARTT 3374. Learning and Digital Media.

The theories and practices of using electronic media for the creation of art as well as for the enhancement of the art learning process.

Prerequisite: ARTT 2371. Recommended co-requisite ARTT 3373.

about Learning and Digital Media

3 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Learning and Digital Media

ARTT 3375. Experimental Water Media.

Upper level elective for studio majors. Fills teaching certification watercolor requirement. Students will experiment with water media, including watercolor, egg tempera, gouache, and mixed media on a variety of surfaces, including yupo and gessoed paper. Students will explore mixed media with watercolor. Justification: Future teachers need to develop skills in a wide range of water media, on a wide range of paper including yupo, and in combining watercolor with media, such as prismacolors, markers, water soluble markers and pencils and collage. These things are not covered in the watercolor studio course. The course would also serve as an elective for studio art majors who want to explore multiple media with watercolor.

about Experimental Water Media

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Experimental Water Media

ARTT 4000. Senior Art Education Exhibition.

A senior level course in which all graduating Art Education Seniors must participate during their last academic year. Work will be examined and produced leading to a showing in one of the Senior Student Exhibitions.

about Senior Art Education Exhibition

0 Credit Hours. 0 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Four courses selected from advanced level Art and Design courses 12

Total Hours 24

Minor in Art History

The School of Art and Design offers a Minor in Art History. 18 semester credit hours are required. This minor will offer students, who are interested in art history but do not want to major in it, the opportunity to acquire important visual and critical thinking skills central to the discipline. We believe that the minor in Art History will help students increase their competitiveness in a job market where employees are particularly interested in well-rounded job applicants who not only have specific technical skills but also a wider understanding of history and culture. A student cannot both major and minor in the School of Art and Design.

Required Courses

ARTH 2301	Ancient to Medieval Art	3
ARTH 2302	Renaissance to Modern Art	3

Elective Courses

Students select four Upper Division Art History Electives from the 3000 level lecture and 4000 level seminar courses.¹ 12

Total Hours 18

¹ With the exception of ARTH 4325: Art History Internship, offered every semester, the 4000 level courses are taught in rotation on a three-year cycle.

Department of Communication Studies

Centennial Hall Room 205

T: 512.245.2165 F: 512.245.3138

www.finearts.txstate.edu/commstudies ([http://](http://www.finearts.txstate.edu/commstudies)

www.finearts.txstate.edu/commstudies)

Communication studies examines the creation, expression, and analysis of messages in our personal, professional, and public lives. Communication studies students learn to manage message processes within and among individuals, groups, organizations, and societies. They explore verbal and nonverbal communication, organizational and business communication, rhetoric and criticism, argumentation and persuasion, and communication technology.

Communication studies majors learn principles and practical skills useful for careers in business, industry, government, non-profit organizations, social services, and education. Graduates enter such professions as law, business, public relations, event planning, public service, teaching, management, human resources, training and development, marketing, sales, public administration, politics, and ministry.

Some students may wish to concentrate on a particular aspect of communication study. Although there is no required sequence of courses for any single area of interest, the following general guide may be used to assist students in providing a focal point for their communication study.

Interpersonal Communication

Courses that focus on interpersonal communication are designed to provide students with skills and knowledge to pursue a variety of career goals that involve interpersonal interactions with others. This area of interest is appropriate for students seeking careers in business, non-profit organizations, sales, public relations, customer service, counseling, hospitality services (e.g. travel or hotel industry) or other careers or professions which emphasize effective human relationship skills. Students interested in interpersonal communication may wish to select from the following courses:

COMM 3325	Communication and Conflict Management	3
COMM 3326	Family Communication	3
COMM 3328	Communication and Gender	3
COMM 3329	Intercultural Communication	3
COMM 3330	Nonverbal Communication	3
COMM 4326	Health Communication	3
COMM 4331	Persuasion	3

Organizational Communication

Courses that focus on organizational communication are designed to enhance the student's marketability in careers requiring skills in the management of human relationships and communication flow within

contemporary business, public service, non-profit, and professional organizations. Students interested in organizational communication may wish to select from the following courses:

COMM 3319	Introduction to Organizational Communication	3
COMM 3325	Communication and Conflict Management	3
COMM 3329	Intercultural Communication	3
COMM 3330	Nonverbal Communication	3
COMM 3358	Professional Communication	3
COMM 4324	Organizational Rhetoric	3
COMM 4329	Communication Training and Human Resource Development	3
COMM 4331	Persuasion	3
COMM 4347	Leadership and Communication	3
COMM 4390	Communication Internship	3

Persuasive Communication

Persuasive communication emphasizes study in rhetoric, public address, and argumentation. This area of interest is appropriate for students planning careers in business and industry, non-profit organizations, sales and marketing, the ministry, law, politics or other careers in which persuasion, rhetorical, and analytical skills are important. Students interested in persuasive communication may wish to select from the following courses:

COMM 3345	Argumentation and Debate	3
COMM 4307	Media Criticism	3
COMM 4321	American Speeches	3
COMM 4322	Rhetoric of Protest Movements	3
COMM 4324	Organizational Rhetoric	3
COMM 4331	Persuasion	3
COMM 4338	Advanced Public Speaking	3
COMM 4345	Political Communication	3

Application may be made to the departmental internship committee for permission to enroll in COMM 4390. A 2.75 GPA (3.0 preferred), senior status, and completion of at least 21 hours of communication studies courses are usually required. An internship will afford the student an opportunity to work in a communication related role in an organization and apply that work experience to communication theories, principles, skills, and strategies learned in communication studies courses. Normally the student will be expected to work on the job for approximately 100 clock hours, complete a research project, and submit an analytical journal for 3 semester hours of academic credit.

Bachelor of Arts (B.A.) Major in Communication Studies

Minimum required: 120 semester hours

General Requirements

1. General education core curriculum options should be discussed with your academic advisor. Requirements and choices are listed in the Academic Services section.
2. In addition to the core curriculum requirements, the Bachelor of Arts degree requires three additional hours of English literature, three hours of math/science/logic/computer science courses, and six hours of 2000-level modern language courses.
3. Any student admitted to Texas State may declare and be admitted under the temporary pre-program status. With this status, students may enroll in the following communication courses, COMM 1310, COMM 2315, COMM 2330, and COMM 2338. Once a student has accumulated at least 45 hours and has a Texas State GPA of at least 2.50, the student may then declare a major in Communication Studies. Only students admitted to the major will be able to register for additional upper level courses.

Minor in Health Communication

A minor in Health Communication includes a unique blend of theory, research, and application. The study of health communication can contribute to disease prevention and health promotion in areas such as provider-patient communication, patient-family communication, public health messages and campaigns, health in mass media, public health, and technology and health. The minor is interdisciplinary and requires 21 hours, including courses from the Department of Communication Studies, the School of Health Administration, the School of Journalism and Mass Communication, and the Department of Psychology. Students will take the following:

COMM 4326	Health Communication	3
MC 4322	Health Communication Campaigns	3
COMM 2315 or COMM 2330	Interpersonal Communication Small Group Communication	3
Select two of the following:		6
COMM 3318J	Communication in Health Organizations	
COMM 3319	Introduction to Organizational Communication	
COMM 3325	Communication and Conflict Management	
COMM 3326	Family Communication	
COMM 3328	Communication and Gender

PSY 3325	Psychology of Persuasion	
PSY 3300	Lifespan Development	
PSY 3331	Social Psychology	

PSY 3333	Industrial Psychology	
Total Hours		21

If a student elects to minor in either Communication Studies or Health Communication, no COMM or HA course may count for a major and a minor.

Minor in Leadership Studies

A minor in Leadership Studies is interdisciplinary and requires 21 hours, including courses from the following departments Communication Studies, Management, Agriculture, Philosophy, Aerospace Studies, Psychology, and Health Administration. The three required core courses are COMM 2315, COMM 4347, and PHIL 3322. In addition, students select two courses (6 hours) which emphasize leadership skill development and two courses (6 hours) which provide a theoretical or conceptual approach to leadership. All students in this minor will be advised by the Department of Communication Studies. Students entering the program will be contacted by the department and will be required to see an advisor before selecting elective courses.

Core Courses

COMM 3330	Nonverbal Communication	3
COMM 4347	Leadership and Communication	3
PHIL 3322	Professional Ethics	3

Skill Development

Select two of the following:		6
COMM 3345	Argumentation and Debate	
COMM 2330	Small Group Communication	
COMM 2338	Public Speaking

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).

School of Journalism and Mass Communication

Old Main Building Room 102
T: 512.245.2656 F: 512.245.7649
www.masscomm.txstate.edu (<http://www.masscomm.txstate.edu>)

The School of Journalism and Mass Communication is an ACEJMC accredited program that offers a curriculum that introduces students to the broad framework of mass communication, emphasizing what is common and fundamental to advertising, electronic media, journalism and public relations.

The mission of the School of Journalism and Mass Communication is to pursue excellence. Our programs strive to cultivate strong professional, research, theoretical, critical and ethical skills in a diverse and engaging environment that prepares students to be socially responsible media professionals, scholars and citizens. Students may earn a Bachelor of Arts in Mass Communication or a Bachelor of Science degree with a

major in Advertising and Mass Communication, Electronic Media and Mass Communication, Journalism and Mass Communication, or Public Relations and Mass Communication.

Students may gain experience by working in student media, such as the *University Star*, KTSW 89.9 FM, *Bobcat Update*/Channel 23 News, Bobcat Promotions, and through internships outside the school. They also have the opportunity to participate in intercollegiate competitions through organizations such as the American Advertising Federation, Public Relations Society of America, Texas Intercollegiate Press Association, National Broadcast Society, and the Society of Professional Journalists.

To earn a Bachelor of Science degree students must complete 120 semester hours, which includes the general education core curriculum requirements, B.S. support coursework requirements, 40 hours in the major, and a minor outside the school. No more than 48 hours of Mass Communication may be counted toward degree requirements. Due to ACEJMC accrediting standards at least 72 hours of the total degree must be outside of MC prefix courses. As a result no more than 48 hours of Mass Communication coursework may be counted toward the minimum 120 hours degree requirements. Students should keep this in mind when considering minor, concentration and open elective options.

To earn a Bachelor of Arts degree in Mass Communication, students must complete 120 semester hours, which includes the general education core curriculum requirements, B.A. degree requirements, 33 hours in Mass Communication, and a minor outside the school. No more than 48 hours of Mass Communication may be counted toward the minimum 120 hour degree requirements.

For the B.S. degree community college transfer students may apply no more than 13 semester credit hours of mass communication transfer courses to their degree. Transfer students from four-year institutions may apply no more than 19 semester credit hours of mass communication transfer courses to their degree. Regardless of transfer coursework at least 21 hours of the major coursework must be earned at Texas State.

For the B.A. degree community college transfer students may apply no more than 12 semester credit hours of mass communication transfer courses to their degree. Transfer students from four-year institutions may apply no more than 15 semester credit hours of mass communication transfer courses to their degree.

At the Round Rock Campus only the Bachelor of Arts major in Mass Communication degree program is offered.

Special Requirements

1. Any student admitted to Texas State may declare and be admitted to the program under a temporary status called pre-mass communication. Once a student has accumulated at least thirty credit hours and meets the requirements outlined below, the student will be admitted to the school in full-major status. Students who fail to meet these requirements will not be admitted to the major.
 - a. An overall GPA of at least a 2.5 on a 4.0 scale.
 - b. A grade of a "C" or higher in the following courses or their equivalents:

ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
COMM 1310	Fundamentals of Human Communication	3
MC 1100B	Grammar for Journalists ¹	1
MC 1301	Introduction to Mass Communication	3

¹ Note: Or a score of 70 or higher on the school's Punctuation, Usage and Grammar (PUG) test.

2. General education core curriculum options should be discussed with an academic advisor. Requirements and choices are listed in the Academic Services section.
3. The Punctuation, Usage and Grammar (PUG) test is given by the Texas State Testing, Research-Support and Evaluation Center on the main campus. The PUG is administered weekly; call 512.245.2276 for testing times. There is a fee of \$40 per test. Students enrolled at the Round Rock Campus should call the One Stop Center at (512) 716-4000 for testing information.
4. In an effort to promote the academic welfare of all Mass Communication students, the school strongly recommends that all students seek academic advising each semester. In certain situations, students may have an advising hold placed on their records. Advisors are available year round to assist students with academic issues and concerns. Students can call 512-245-1932 to make an advising appointment.
5. All students must earn a "C" or higher in each of four core courses in Mass Communication, which include:

MC 1301	Introduction to Mass Communication	3
MC 1313	Writing for the Mass Media	3
MC 4301	Media Law and Ethics	3
MC 4381	Fundamentals of Digital and Online Media	3

6. Students must earn a "C" or higher in all prerequisite courses, as listed by major:

Advertising and Mass Communication

MC 1313	Writing for the Mass Media	3
MC 3367	Advertising	3
MC 3372	Advertising Media Planning	3
MC 4316G	Advertising Copywriting and Layout I	3
MC 4317	Account Planning	3

Electronic Media and Mass Communication

MC 1313	Writing for the Mass Media	3
MC 3306	Writing for the Electronic Media	3
MC 3311	Video Production	3
or MC 4356I	Visual Storytelling	

Journalism and Mass Communication

MC 1313	Writing for the Mass Media	3
MC 3321	News Writing and Reporting I	3

Public Relations and Mass Communication

MC 1313	Writing for the Mass Media	3
MC 3343	Introduction to Public Relations	3
MC 3383	Editing for Clear Communication	3
MC 4313	Writing for Public Relations	3

Mass Communication

MC 1313	Writing for the Mass Media	3
---------	----------------------------	---

Students are required to submit a senior portfolio and complete a senior exam before they graduate. Please click the following link for more information about the senior portfolio. <http://www.masscomm.txstate.edu/resources/advising/forms>

Mass Communication Majors

In addition to core MC courses, the school offers courses to prepare students for work within all areas of mass communication. Students may concentrate their study in Advertising, Electronic Media, Journalism or Public Relations, or elect a general Mass Communication course of study.

For B.S. degrees, students must complete an additional 28 hours. For B.A. degree, students must complete an additional 21 hours. Students should see a Mass Communication academic advisor for assistance in planning their programs in these areas of study.

Advertising and Mass Communication

The Advertising (B.S.) sequence aims to help students sharpen their creativity and learn how to solve clients' problems. To the end, the Advertising sequence offers courses that cover the major job descriptions of advertising, such as account management, creative, and media. From the courses, students will get exposed to various issues in the field and learn the skills that are needed to become professional. Further, students will have opportunities to participate in extracurricular activities designed to train and prepare students for the job market through AAF (American Advertising Federation) student advertising competition and Ad Club.

Electronic Media and Mass Communication

The Electronic Media (B.S.) sequence offers courses designed to prepare students for careers in broadcasting, cable, satellite and new media. The courses emphasize journalism, audio and video production, management, and programming by combining skills instruction with decision-making opportunities, which students put into practice while working for student media. Electronic media sequence students receive hands-on experience while working for radio station KTSW, a cable access television channel, and online. Students are also encouraged to seek internships in professional media organizations off-campus.

Mass Communication

The Mass Communication (B.A.) sequence emphasizes theory and research for students interested in graduate school and also provides flexibility for students to study other areas of mass communication.

Journalism and Mass Communication

The Journalism (B.S.) sequence prepares students to be reporters, editors, designers and visual journalists. An emphasis is placed on writing and multimedia skills. Students are encouraged to work with campus media outlets, including the University Star newspaper, and to seek internships with media organizations off campus.

Public Relations and Mass Communication

Based on the skills of writing, graphics and internet tools, Public Relations (B.S.) students learn to develop strategies to effectively communicate carefully designed messages to audiences important to their organizations. Students have opportunities to practice their skills in Bobcat PRomotions, the student-run public relations agency, and in internships in Texas and major cities in the United States.

Concentrations in Digital Media and Multimedia Production

Any student pursuing a B.S. degree in the School of Journalism and Mass Communication may elect to add a concentration in Digital Media or Multimedia Production. Students who elect to add a concentration can apply the 9 hour concentration towards the 12 hours of advanced MC electives required of the B.S. degree.

MC 4382W. Digital Media Innovation Capstone.

This course will explore innovation and creativity associated with digital entrepreneurship. Through a speaker series, students will be introduced to important concepts and ideas from thought leaders and innovators at the intersection of media and technology.

about Digital Media Innovation Capstone

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Digital Media Innovation Capstone

MC 4386. Journalism Project.

This is a senior portfolio course integrating a variety of journalism skills to produce a substantial work ready for publication online and in print. Students will combine elements of writing and visual storytelling to produce an original collection of journalism. Prerequisites: Full major status, MC 3321. (WI).

about Journalism Project

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Journalism Project

Faculty

Aguirre, Emmeline R, Lecturer, Journalism & Mass Comm, M.A., University of Texas at Austin

Bajackson, Robert E, Senior Lecturer, Journalism & Mass Comm, M.A., Texas A&M Univ-Commerce

Baldwin, Patricia Cafferty, Lecturer, Journalism & Mass Comm, Ph.D., University of North Texas

Barasch, Carole L, Lecturer, Journalism & Mass Comm, M.A., Texas Tech University

Bertling, Teresa S, Lecturer, Journalism & Mass Comm, M.A., Univ of the Incarnate Word

Blasingame, Dale C, Lecturer, Journalism & Mass Comm, M.A., Texas State University

Bowers, Harry Toulmin, Senior Lecturer, Journalism & Mass Comm, M.S.I.S., Texas State University

Brown, Jordon Michael, Lecturer, Journalism & Mass Comm, M.A., Texas State University

Buschhorn, Jennifer L, Lecturer, Journalism & Mass Comm, M.A., University of Texas at Austin

Capwell, Grace Herget, Lecturer, Journalism & Mass Comm, M.B.A., University of Houston

Carlson, Larry A, Senior Lecturer, Journalism & Mass Comm, M.Ed., Texas State University

Clark, Elizabeth J, Senior Lecturer, Journalism & Mass Comm, M.J., University of North Texas

Davila, Vianna Risa, Lecturer, Journalism & Mass Comm, M.J., Univ of California-Berkeley

Ehmer, Emily Ann, Assistant Professor, Journalism & Mass Comm, Ph.D., Indiana University Bloomington

England, Michael T, Associate Professor, Journalism & Mass Comm, Ph.D., University of Tennessee

Fluker, Laurie H, Associate Dean, College of Fine Arts and Communication and Associate Professor, Journalism & Mass Comm, Ph.D., University of Texas at Austin

Passing score on the PUG test or a letter grade of "C" or higher in MC 1100B ¹		
Total Hours		18

¹ A letter grade of C or higher in MC 1100B or a passing score on the PUG test must be earned to enroll in any course beyond MC 1301.

Second Teaching Field in Journalism (Grades 8-12)

For students who are seeking teacher certification in their major and would like a second teaching field in Journalism, the requirements are:

MC 1301	Introduction to Mass Communication	3
MC 1313	Writing for the Mass Media	3
MC 3383	Editing for Clear Communication	3
MC 3390	Media Design	3
MC 4301	Media Law and Ethics	3
Select one of the following:		3
MC 3321	News Writing and Reporting I	
MC 4312	Photojournalism	
MC 4356A	Science Writing and Reporting	
MC 4356B	Editorials, Columns, and Reviews	
MC 4356C	Community Affairs	
MC 4356F	Feature Writing	
MC 4356G	Magazine Writing	
MC 4356H	Multimedia Journalism	
MC 4356I	Visual Storytelling	
Total Hours		18

A letter grade of C or higher in MC 1100B or a passing score on the PUG test must be earned to enroll in any course beyond MC 1301.

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).

School of Music

Music Building Room 101
T: 512.245.2651 F: 512.245.8181
Email: music@txstate.edu
www.music.txstate.edu (<http://www.music.txstate.edu>)

Mission Statement

The School of Music is committed to excellence in music teaching and learning for all students at Texas State. As a unit within Texas State, we provide a liberal education with emphasis on cultural values by offering special course work in the arts and humanities.

The School of Music offers thorough preparation for careers in music, music education, music performance and sound recording technology. In addition, it provides opportunities for all university students to develop musical skills and cultural understanding. The School also serves as an outstanding cultural resource for the university and San Marcos communities.

Music graduates with teacher certification work as band directors, choir directors, orchestra directors, or general music teachers. Music Performance graduates perform, establish their own teaching studios, attend graduate school, or use their music degree as a foundation for their careers. Sound Recording Technology graduates work as sound recording engineers, producers, and technicians in the recording and entertainment industries. Bachelor of Arts graduates work in arts administration, musicology, librarianship, and other music-related fields such as law, management, and sales. The choices of profession for a student completing a Bachelor of Arts or a Bachelor of Music are numerous.

Courses Offered

Courses are offered in individual and ensemble performance, music education, history, literature, theory, composition, jazz, Latin, and sound recording. All university students, both music majors and non-music majors, are encouraged to participate in performing ensembles. However, due to the limited availability of private applied music instruction, as well as certain other music classes, the School may use the following criteria for determining students' access to private applied music instruction:

1. student's overall musical talent, musical achievement, and performance/teaching potential as determined by audition; and/or
2. studio/class space availability,
3. academic standing as represented by GPA, and
4. other appropriate indicators.

Admission Requirements

Students wanting to enter the music program as a music major must submit an online application and audition on their principal instrument or voice the semester before their desired entrance. Students interested in Sound Recording Technology must complete an additional application, submit materials for pre-screening (see www.txstate.edu/music/srt (<http://www.txstate.edu/music/srt>) for details), and interview.

Admission to the School of Music is contingent upon admission to Texas State, successful completion of the audition process, and available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to the School of Music at Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have been accepted based on their audition and met with an academic advisor.

Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities. The deadline to submit a recorded audition is March 1 (Fall admission) or November 1 (Spring admission). Audition requirements are available upon request and on the School of Music website.

School Policies

Those planning careers in music must have a high level of musical skill and understanding. To help evaluate musical skills for counseling and

placement purposes, the School of Music requires all music majors to pass several evaluations and academic requirements. Credit by examination is available for Music Theory I - IV and Piano Techniques I - IV only before entering the course sequence at Texas State. Students testing out of one or more of the proficiency exams or courses above must remit \$10 to the University's Testing Center (set fee whether receiving credit for one or more courses) before your CR grade will be processed by the Registrar's Office. See an academic advisor and the School of Music's website for details.

A student who leaves Music major status in good standing can be readmitted as a Music major without re-auditioning if returning within twelve (12) months. A Music student who fails to complete or pass (note: failing grades are F, N, and U) applied lessons or has not been a Music major at Texas State for more than twelve (12) months (i.e. not enrolling or two W grades in a row) will automatically be moved to a pre-music status by their academic advisor and must re-apply and/or re-audition to be accepted back as a Music major.

Music Theory Proficiency

Students seeking teacher certification must pass the theory proficiency examination no later than the semester before student teaching. All other music majors, with the exception of sound recording technology, must pass the theory proficiency examination before applying for graduation. A passing score is also a prerequisite for advanced theory coursework. Theory proficiency requirements are available on the School of Music's website.

Upper Level Competency Review

The upper level competency review (ULCR) helps music majors determine if they are pursuing the most suitable career. On completion of four long semesters as a music major, the student's total record is reviewed by the music faculty. This review is completed before the student enrolls for 3000-level courses in the degree area. The upper-level competency review is offered at the end of each long semester. Specific information and requirements are available in the School of Music Student Handbook.

Transfer students with four or more semesters of music study should complete the exam at the end of the first long semester of study at Texas State.

Piano Proficiency

All BA, BM – Music Studies, instrumental concentration students seeking teacher certification, and BM – Performance, jazz concentration students must pass the level II piano proficiency exam by the end of their fourth (4th) long semester. BM – Performance, keyboard concentration students must pass the piano majors piano proficiency exam by the end of their fourth (4th) long semester. BM – Music Studies, choral concentration and all other BM – Performance majors must complete the level IV piano proficiency exam before applying for graduation. Piano proficiency requirements are available on the School of Music's website. Note: No Piano Proficiency exam is required for BS students.

Senior Recital

A senior recital is required for all students enrolled in a Bachelor of Music degree program. Students seeking teacher certification must present the recital no later than the semester before student teaching. Specific requirements for the senior recital are described in the School of Music Student Handbook and the School of Music's website.

Recital Attendance Requirements

Each semester, various recitals and concerts are presented by students, faculty, and visiting artists. All undergraduate music majors, with the exception of Bachelor of Science students, are required to attend a significant number of these events each semester, through enrollment in Departmental Recital. In addition, applied music instructors may require attendance at all recitals in the students individual performance area.

Grade Requirements

Students majoring in the School of Music must achieve a grade of "C" or higher (including a CR in Departmental Recital) on all required music (MU, MUSE and MUSP) courses.

Student Teaching Requirements

Before being allowed to enroll for student teaching, music students must have:

1. completed all major coursework for the degree with a "C" or higher;
2. presented a senior recital;
3. passed the Upper Level Competency Review;
4. passed the piano and theory proficiency examinations; and
5. fulfilled the requirements for teacher certification as determined by the College of Education.

Ensemble Requirements

All music majors must participate in the appropriate major ensemble each semester. Music Studies majors are exempt from this requirement during the student teaching semester only. Only one major and one secondary ensemble will be counted toward the student's degree plan per semester.

Music Fees/Costs

This is a partial listing. Please consult the schedule of classes for other registration fees.

- Instrument rental fee – \$30 per semester (Includes all percussionists and students participating in percussion ensembles.)
- Choir dresses - \$63 one-time charge (all women participating in a choral ensemble, with the exception of Vocalibre must purchase a choir dress through the School of Music)
- Tuxedos - up to \$100 one-time charge (all men participating in a choral ensemble, with the exception of Vocalibre or a concert instrumental ensemble must rent/purchase a tuxedo; locations provided by ensemble director)

NOTE: Students enrolled in private voice lessons or instrumentalists preparing for juries/recital performances are responsible for the cost of providing their own accompanist for lessons, rehearsals, and recitals.

Bachelor of Arts (B.A.)

- Major in Music (p. 318)

Bachelor of Music (B.M.)

- Major in Music Studies (Instrumental Concentration with Teacher Certification in Music, Grades EC-12) (p. 318)
- Major in Music Studies (Choral Concentration with Teacher Certification in Music, Grades EC-12) (p. 319)
- Major in Performance (Guitar Concentration) (p. 320)

- Major in Performance (Instrumental Concentration) (p. 321)
- Major in Performance (Keyboard Concentration) (p. 321)
- Major in Performance (Jazz Concentration) (p. 322)
- Major in Performance (Vocal Concentration) (p. 323)

Bachelor of Science (B.S.)

- Major in Sound Recording Technology (p. 324)

Minors

- Jazz (p. 324)
- Mariachi (p. 324)
- Music

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this school include: MU (p. 294), MUSE (p. 304), MUSP (p. 306)

Courses in Music (MU)

MU 1000. Departmental Recital.

Performance, attendance, and weekly observation of recitals. Concurrent enrollment with applied lessons required for all music majors.

Corequisites: Concurrent enrollment with applied lessons and major ensemble required for all music majors.

about Departmental Recital

0 Credit Hours. 0 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Credit/No Credit

about Departmental Recital

MU 1112. Basic Musicianship.

A study of music fundamentals: reading rhythms, pitches in bass and treble clefs, spelling, notating, and identifying key signatures, intervals and chords. Prerequisite: Music major status.

about Basic Musicianship

1 Credit Hour. 1 Lecture Contact Hour. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Basic Musicianship

MU 1150. Introduction to Music Technology.

Introduction to current computer applications in music. Including MIDI and sequencing, notation, internet communication, and digital audio.

Prerequisite: Full major status.

about Survey of Choral Performance Literature

MU 3253. Instrumental Performance Ensemble Techniques.

This course is designed to introduce fundamental principles of effective instrumental music instruction, rehearsal techniques, and administration of secondary school music programs. This course will provide opportunities for students to conduct and rehearse instrumental ensembles, present teaching demonstrations, and conduct independent scholarship projects related to teaching. Prerequisites: Music Studies major, MU 3207, MU 2263, MUSE 3145 or MUSE 3147, MUSE 3155 or MUSE 3157.

about Instrumental Performance Ensemble Techniques

2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Instrumental Performance Ensemble Techniques

MU 3254. Choral Ensemble Techniques.

This course provides practical experience in developing, teaching and maintaining a successful choral program at the secondary level. Assignments are designed to give students the opportunity to develop approaches to the basic challenges that face high school/middle school choral directors. Students will share ideas and evaluate each other's work. Prerequisites: Music Studies with choral concentration, MU 2263.

Co-Requisite: MU 3208.

about Choral Ensemble Techniques

2 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Choral Ensemble Techniques

MU 3263. Marching Band Techniques.

An examination of the techniques required to program, design, and instruct a successful marching band show. The class will discuss different types of design concepts currently being employed throughout the country, but also to construct and chart those designs. Prerequisite: Full major status.

about Marching Band Techniques

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Marching Band Techniques

MU 3269. Current Trends in Music II.

A study of melodic and harmonic techniques for keyboard percussion instruments. Sight-reading techniques using Sol-Fa. Survey of the folk music of Europe and America. Prerequisite: MU 3340.

about Current Trends in Music II

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Current Trends in Music II

MU 3308. History of Rock.

A survey of the evolution of rock styles, contributions of important performers, and musical techniques involved in the creation and performance of rock music. The course focuses on the first three decades of rock history.

about History of Rock

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about History of Rock

MU 3310. Guitar Class II.

Primarily for the non-music major, the course includes the opportunity for development of more advanced techniques in accompaniment, music reading and solo guitar techniques. Prerequisite: MU 2310.

about Guitar Class II

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Guitar Class II

MU 3313. Introduction to Fine Arts.

This course is designed to give the student a critical understanding and appreciation of the history and principles associated with each of the artistic disciplines of theatre, dance, music and the visual arts.

about Introduction to Fine Arts

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Fine Arts

MU 3315. History and Analysis of Music I.

This course is an intensive chronological study of music from the Medieval through Baroque periods. Students will learn what ideas, forces, and innovations shaped the composers during each period. Students are required to identify/analyze and write about the different styles, genres, and music works of each period. Prerequisites: MU 1212 and MU 2303 or consent of instructor. (MC) (WI).

about History and Analysis of Music I

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about History and Analysis of Music I

MU 3316. History and Analysis of Music.

A comprehensive musicianship approach to the study of music from the earliest times to the present using techniques of stylistic and structural analysis. Prerequisites: MU 2303 and MU 3315 or consent of instructor. (MC) (WI).

about History and Analysis of Music

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about History and Analysis of Music

MU 3318. World Musics.

This course equips students with practical and intellectual tools to enhance their enjoyment and understanding of popular, folk and classical music traditions around the globe, (with the exclusion of what is commonly referred to as Western Art Music) and explores how these traditions relate to history, social issues, politics and identity. (MC) (WI).

about World Musics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about World Musics

MU 3340. Current Trends in Music I.

A study of the components of music and their concepts. An emphasis on singing and rhythmic performance skills, and esthetic awareness through listening. Prerequisite: MU 2123.

about Current Trends in Music I

3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Grade Mode: Standard Letter

about Current Trends in Music I

MU 3370. Music for the Elementary Classroom.

Introduction to basic music skills for the elementary classroom teacher. Include practical application and development of strategies and instructional techniques necessary for effective integration of music experiences in the elementary classroom curriculum. Intended for interdisciplinary studies majors.

about Music for the Elementary Classroom

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

Minor in Jazz

A minor in Jazz requires 18 hours, including:

MU 3233	Jazz Theory and Improvisation I	2
MU 3234	Jazz Theory and Improvisation II	2
MU 3375	History of Jazz	3
MU 4245	Jazz Composition and Arranging	2
MU 4343	Jazz Pedagogy	3
MUSE 3127	Jazz Combo	1
MUSP 3131	Jazz Piano Techniques I	1
	and 4 hours from:	4
	MUSE 3160 Jazz Ensemble	
	MUSE 3161 Jazz Orchestra	
	MUSE 3162 Jazz Lab Band	
	Total Hours	18

The Jazz minor is available only to students in the program for Bachelor of Music major in Music Studies, Instrumental Concentration.

Minor in Mariachi

A minor in Mariachi requires 18 hours from the following:

MU 4156	Mariachi Arranging (Take 3 times)	3
MU 4157	Mariachi Ensemble Teaching Lab (Take 3 times)	3
MUSE 3103	Texas State Mariachi (Take 2 times)	2
MUSP 4164	Mariachi Melodia Techniques (Take 3 times)	3
MUSP 4165	Mariachi Armonia Techniques (Take 3 times)	3
	and four hours from:	4
	MUSP 1220 Applied Voice	
	MUSP 1250 Applied Brass	
	MUSP 1260 Applied String	
	Total Hours	18

The Mariachi minor is available only to students in the Bachelor of Music major in Music Studies, Instrumental Concentration.

Minor in Music

A minor in Music requires 18 hours, including:

Lecture		
MU 1312	Essential Musicianship	3
MU 2303	Survey of Music Literature	3
Select three hours from the following:		3
MU 3308	History of Rock	
MU 3315	History and Analysis of Music I	
MU 3316	History and Analysis of Music	
MU 3318	World Musics	
MU 3375	History of Jazz	
MU 3380A	Women in Jazz	
MU 3380B	Music and Film	
MU 3380C	Rock Harmony	
MU 3380D	History of Blues	
Performance		
Select 6 hours from the following:		6
Any MUSE course		
Any MUSP course (with Departmental Approval)		
MU 3310	Guitar Class II	
or MU 4310	Guitar Class III: Rock, Country, Blues	
or MU 4312	Guitar Class IV: Rock, Country, Blues	
Elective

Department of Theatre and Dance

Theatre Center Room 101
 T: 512.245.2147 F: 512.245.8440
www.theatreanddance.txstate.edu (<http://www.theatreanddance.txstate.edu>)

The Department of Theatre and Dance provides classroom instruction in all phases of live theatre performance. That instruction is reinforced by students' participation in every area of theatrical production and performance.

All theatre majors take a sixteen hour core curriculum in the discipline, and then specialize in acting, design/technology, performance and production, musical theatre, or certification to teach in the public schools. Graduates of the theatre program work as teachers, actors, designers, writers, producers, directors, and technicians in film, television, and theatre. Some have also gone on to pursue advanced degrees, conducting further preparation for the profession or preparing to teach at the college or university level.

Texas State's dance program prepares professional performers and choreographers and certifies teachers for the public schools. Students explore several forms of dance and learn to use those forms in educational and community settings. The role of dance as an art form and a means of developing sound aesthetic values are paramount in the program. Graduates work in public schools, private schools, private studios, and professional dance groups. Some have also gone

on to pursue advanced degrees, conducting further preparation for the profession or preparing to teach at the college or university level.

Special Requirements

Theatre majors must possess a 2.5 GPA to be eligible for casting in a major production and for admission into the Acting, Musical Theatre, and Design and Technology programs. Students who are admitted to these three programs must maintain a 2.5 GPA to remain in the program. Students who fail to do so will be advised into another program.

Bachelor of Arts (B.A.)

- Major in Theatre (p. 341)

Bachelor of Fine Arts (B.F.A.)

- Major in Theatre (Acting Pre-Professional Option) (p. 341)
- Major in Theatre (Design/Technology Pre-Professional Option) (p. 342)
- Major in Theatre (Performance and Production Pre-Professional Option) (p. 343)
- Major in Theatre (Teacher Certification in Theatre, Grades EC-12) (p. 344)
- Major in Musical Theatre (p. 344)
- Major in Dance (Dance Studies Emphasis) (p. 345)
- Major in Dance (Performance and Choreography Emphasis) (p. 346)
- Major in Dance (Single Field Teacher Certification in Dance, Grades 8-12) (p. 347)
- Major in Dance (Two Field Teacher Certification in Dance, Grades 8-12) (p. 347)

Minors

- Theatre

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects included in this department: DAN (p. 325), TH (p. 330)

Courses in Dance (DAN)

DAN 1111. Freshman Dance Seminar.

Designed to orient incoming dance majors to several dance topics: dance appreciation, nutrition, time management, and career opportunities in dance. Also includes the practical component of assisting as crew members for dance productions.

about Freshman Dance Seminar

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Freshman Dance Seminar

DAN 1114. Topics in Fitness Activities: Pilates.

Pilates exercise work is designed as a rehabilitative and physical improvement technique (body therapy) that is especially useful for dancers who have sustained injuries or want to avoid common dance injuries. Prerequisites: Intermediate level dance.

about Topics in Fitness Activities: Pilates

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Topics in Fitness Activities: Pilates

DAN 1160. Beginning Jazz.

Beginning levels of jazz dance technique including basic jazz walks and weight shifts, isolations, stretches, and dance combinations. Combinations are designed to challenge and enhance the students' knowledge of the various styles and "schools" of jazz dance and to develop performance and choreographic abilities in these styles. This course is also offered as PFW 1180A.

about Beginning Jazz

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: DANC 1147

about Beginning Jazz

DAN 1170. Beginning Recreational Dance.

Recreational dance includes international folk dance, square dance, and ballroom dance. Students will learn specific dances from each of these styles and gain an understanding and appreciation of the role of dance in societies and culture. This course provides an opportunity for students to explore the elements of dance as a way to discover movement as an expressive medium. This course is also offered as PFW 1180J.

about Beginning Recreational Dance

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: DANC 1128

about Beginning Recreational Dance

DAN 1180. Beginning Ballet.

Introduction to the basic technique and steps of the classical ballet. Basic barre exercises and basic positions and traveling steps of the ballet movement vocabulary will be taught and practiced for mastery, singly and in combination. Students are expected to gain an understanding of ballet as a performing art through historical as well as practical experience. May be repeated once for credit.

about Beginning Ballet

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

TCCN: DANC 1141

about Beginning Ballet

DAN 1190. Beginning Modern Dance.

Basic modern dance technique and movement vocabulary are introduced and practiced for mastery. Biomechanical principles and the elements of dance are introduced. Elementary choreographic experiences will be included. This course is also offered as PFW 1180G.

about Beginning Modern Dance

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: DANC 1145

about Beginning Modern Dance

DAN 2161. Intermediate Jazz.

(DANC 1148) Intermediate levels of Jazz dance techniques include complex weight shifts, syncopations, coordinations, and isolation techniques. Exercise and floor combinations are designed to challenge and improve previously obtained motor skills and to enhance the knowledge of correct mechanics of dance as a performing art.

Prerequisite: DAN 1160 or equivalent.

about Intermediate Jazz

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Intermediate Jazz

DAN 2181. Intermediate Ballet.

(DANC 1142) Intermediate level ballet barre, center, position, and transitional patterns of the classical ballet will be introduced and practiced for mastery. Emphasis will be on quick mastery of simple to complex combinations of those patterns plus an understanding of the biomechanical basis of each pattern. Restricted to Dance majors only. May be repeated once for credit. Prerequisite: DAN 1180 with a grade of A.

about Intermediate Ballet

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Intermediate Ballet

DAN 2191. Intermediate Modern Dance.

(DANC 1146) Intermediate modern dance skills are introduced and practiced for mastery. Students are expected to learn and perform combinations with skill and artistry, demonstrating a working knowledge of biomechanics and performance techniques. Application of movement principles is emphasized. Prerequisite: DAN 1190 or equivalent.

about Intermediate Modern Dance

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Intermediate Modern Dance

DAN 2201. Dance Composition I.

This course utilizes improvisation as a creative dance technique in designing new movements for choreography. Using current trends in improvisational materials, this course places emphasis on designing original movement while facilitating students in maintaining aesthetic forms and developing artistic discrimination. Prerequisite: DAN 1190.

about Dance Composition I

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Dance Composition I

DAN 2202. Dance Composition II.

Basic principles of dance composition will be applied to solo choreography emphasizing skilled use of space, dynamics, and rhythm to build artistic compositions. Exploration of crafting materials in authentic expression will be facilitated. Prerequisite: DAN 1190 or consent of instructor.

about Dance Composition II

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Dance Composition II

DAN 2210. Contact Improvisation.

Improvisational movement techniques that explore weight-sharing, non-verbal communication, sensory awareness, risk-taking, and physical and emotional trust. Students will gain the physical and perceptual skills to enhance performance in all areas of creative expression. Principles will be applied through movement training, discussion, and performance.

Prerequisite: DAN 2191.

about Contact Improvisation

2 Credit Hours. 1 Lecture Contact Hour. 3 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: DANC 1201

about Contact Improvisation

DAN 2313. Introduction to Fine Arts.

An introductory course designed to give the student a fundamental understanding of the creation and appreciation of diverse modes of expression through the visual and performing arts. This course may not be repeated for credit by taking ART 2313, MU 2313, or TH 2313. (MC/MP).

about Introduction to Fine Arts

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Creative Arts Core|Multi.Content & Perspective

Grade Mode: Standard Letter

TCCN: HUMA 1315

about Introduction to Fine Arts

DAN 2365. Creative Movement for Children.

Emphasis on rhythmical movement exploration and using creative movement as both an art form and as a teaching tool. Through class activities, students will develop effective facilitator skills and incorporate innovative strategies for teaching traditional material in non-traditional ways. Prerequisite: DAN 1190.

about Creative Movement for Children

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Multi.Content & Perspective

Grade Mode: Standard Letter

about Creative Movement for Children

DAN 3151. Musical Theatre Tap I.

This class covers the basic steps of tap technique. Students learn coordination, rhythmic variations, and performance skills through a series of tap combinations. Prerequisite: DAN 2161.

about Musical Theatre Tap I

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Musical Theatre Tap I

DAN 3152. Musical Theatre Tap II.

This class expands on skills covered in Musical Theater Tap I. Basic steps are perfected and more difficult steps and combinations are learned. Longer sequences set to musical theatre music are mastered, and attention is given to ensemble work, rhythmic variations, and performance skills. Prerequisite: DAN 3151.

about Musical Theatre Tap II

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Musical Theatre Tap II

DAN 3162. Advanced Jazz.

Advanced levels of jazz dance technique include more complex coordinations and combinations requiring increased levels of technique, strength and flexibility. Emphasis is on developing ability to quickly master increasingly challenging choreography while continuing to develop new skills. There is a continuing emphasis on biomechanics and choreography. May be repeated once for credit. Prerequisite: DAN 2161 or equivalent.

about Advanced Jazz

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Advanced Jazz

DAN 3171. Musical Theatre Dance I.

This course involves the study of dance as it applies to musical theatre performance. It covers some of the styles that make up musical theatre including character dancing, the Charleston, and various ballroom dances. Prerequisite: DAN 2181.

about Musical Theatre Dance I

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Musical Theatre Dance I

DAN 3172. Musical Theatre Dance II.

This course involves the study of dance, movement, and staging for musical theatre and culminates in student choreographed/staged works from a variety of musical theatre productions. It includes strategies for learning and performing dance combinations as they occur in a professional dance audition. Prerequisite: DAN 3171.

about Musical Theatre Dance II

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Musical Theatre Dance II

DAN 3182. Advanced Ballet.

This course is an introduction of the advanced concepts and principles of classical ballet. The class is designed to develop proper alignment, strength, flexibility, coordination and musicality. Restricted to Dance Majors. May be repeated once for credit. Prerequisite: DAN 2181 with a grade of A.

about Advanced Ballet

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Advanced Ballet

DAN 3292. Advanced Modern Dance.

Advanced modern dance skills are introduced and practiced for mastery. Students are expected to learn and perform increasingly complex combinations with skill and artistry, demonstrating a mastery of biomechanical principles and performance. Dance majors and minors are expected to develop a high level of skill in this dance style as the primary dance form for their teaching and performing preparation. Repeatable for credit with different emphasis. Prerequisite: DAN 2191 or equivalent.

about Advanced Modern Dance

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Advanced Modern Dance

DAN 3313. Introduction to Fine Arts.

This course is designed to give the student a critical understanding and appreciation of the history and principles associated with each of the artistic disciplines of theatre, dance, music and the visual arts.

about Introduction to Fine Arts

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Fine Arts

DAN 3330. Dance Curriculum Development.

Course builds on a requisite knowledge of basic educational theory and lesson plan structure with an emphasis on developing and implementing a successful Dance curriculum. Practical and effective strategies for teaching middle school and high school Dance will be examined.

Prerequisites: DAN 1170, DAN 1180, and DAN 1190.

about Dance Curriculum Development

3 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Dance Curriculum Development

DAN 3332. Dance Concert Production.

Develop skills required to plan and execute dance concerts in standard educational institutions, as well as professional venues. Orientation to technical theatre and design concepts for performance: lighting, stage management, make-up, costuming, and music selection. Students will also become acquainted with strategies for programming, marketing, publicity, and fund-raising for dance concerts. Prerequisite: Junior standing.

about Dance Concert Production

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Dance Concert Production

DAN 3340. Dance Touring Ensemble.

Learning and performing dances from the repertory of current faculty members, artists-in-residence, and from the repertory of historic modern dancers. Dances performed locally and regionally. Enrollment by audition only. May be repeated for credit with different emphasis.

about Dance Touring Ensemble

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Dance Touring Ensemble

DAN 3345. Video Dance.

The class is geared particularly towards dance makers and principally towards dance majors. The central objective is to enable the participants to create choreographic work for the camera, through the analysis and discussions of a selection of screenings as well as through hands-on work. Collaboration and cooperation is encouraged throughout the process.

about Video Dance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Video Dance

DAN 3350. Dance Team Directing.

Develop skills required to direct a performing dance team. Topics include choreography, administrative organization, public relations and communication skills.

about Dance Team Directing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Dance Team Directing

DAN 3365. Rhythmic Structure of Movement.

The structural analysis of basic and complex dance movements, their inherent rhythmic configuration. Understanding of movement and its rhythmic structure and correction of movement errors. Practical experience in percussion accompaniment of these movements will be emphasized. Prerequisites: DAN 2201 and DAN 2202.

about Rhythmic Structure of Movement

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Rhythmic Structure of Movement

DAN 3366. Laban/Bartenieff Movement Analysis.

Labanotation Theory & practice of the Laban Effort-Shape Movement System and its application toward creative expression. Theory and practice of Bartenieff Fundamentals, a movement training which patterns efficient connectivity in the body with emphasis on full psychophysical involvement in personal expression. Basic skill in reading and writing Labanotation will also be included.

about Laban/Bartenieff Movement Analysis

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Laban/Bartenieff Movement Analysis

DAN 3367. Dance Performance Workshop.

Designed to give the advanced dance student experience in learning and performing varied styles of dance choreography. Established dance works and experimental works will be included in order to develop a professional level ability to learn, remember and perform a wide repertory of choreography. Prerequisite: DAN 1191, or PFW 1180H, or DAN 1192, or PFW 1180I. (MC/MP).

about Dance Performance Workshop

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Dance Performance Workshop

DAN 3370. Dance Composition III.

Opportunity for students to increase knowledge and understanding of dance composition elements as they relate to group forms, theme, development, and phrase manipulation. Prerequisites: DAN 2201, DAN 2202, and DAN 2191. Restricted to dance majors.

about Dance Composition III

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Dance Composition III

DAN 4171. Musical Theatre Dance III: Pre 1970s Choreography.

This course provides an examination of the history and development of musical theatre dance styles, including an in-depth study of significant works of choreographers before 1970, from Agnes DeMille to Jerome Robbins. Prerequisite: DAN 3172.

about Musical Theatre Dance III: Pre 1970s Choreography

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Musical Theatre Dance III: Pre 1970s Choreography

DAN 4172. Musical Theatre Dance IV: Post 1970s Choreography.

This course provides an examination of the history and development of musical theatre dance styles, including an in-depth study of significant works of choreographers after 1970, including Bob Fosse, Michael Bennett, Ann Reinking, and Susan Stroman. Prerequisite: DAN 4171.

about Musical Theatre Dance IV: Post 1970s Choreography

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Musical Theatre Dance IV: Post 1970s Choreography

DAN 4292. Advanced Principles.

Students analyze and perform advanced principles based in dance technique, and somatic approaches to dance training. Students develop a high level of conceptual mastery and physical skill for their teaching and performing preparation. May be repeated once for credit. Prerequisite:

DAN 3292 or equivalent.

about Advanced Principles

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Advanced Principles

DAN 4330. Dance Kinesiology.

This course is an experiential study of the human body in rest and in motion. Emphasis will be on the skeletal and muscular systems in consideration of applications to dance performance, teaching and creative processes, and injury prevention and rehabilitation.

about Dance Kinesiology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Dance Kinesiology

DAN 4334B. Choreographic Influences in Dance.

The purpose of this course is to investigate how many single important dancers, particular school or movements in dance, artistic and technological developments and political, sociological and other world events have shaped choreographic trends in dance. Prerequisite: upper division standing.

about Choreographic Influences in Dance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

TH 3330. Advanced Stagecraft.

This course covers the facilities, tools, materials, equipment and techniques used to safely produce, from a technical standpoint, live theatrical performances. The course includes woodworking, metal working, stage rigging, stage lighting, audio and, in general, good stage hand practices. Prerequisite: TH 2330.

about Advanced Stagecraft

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Advanced Stagecraft

TH 3338. Stage Lighting.

This course in stage lighting design assumes basic knowledge of lighting technology equivalent to that learned in TH 2330. This class encompasses research, observation, group discussion, and practical "hands-on" projects with emphasis on learning to see light and developing a common language for light and the lighting design process.

Prerequisite: TH 2330.

about Stage Lighting

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Stage Lighting

TH 3342. Television/Film Performance.

A practical laboratory course in television and film performance techniques, including procedures and requirements for professional engagements. May be repeated with different emphasis for additional credit. Prerequisite: TH 1364.

about Television/Film Performance

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Television/Film Performance

TH 3343. Stage Makeup.

A practical course in developing techniques used in applying stage makeup. Emphasis is placed on painting, and contouring the face to achieve the desired effect. Special projects include fantasy makeup and mask making.

about Stage Makeup

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Stage Makeup

TH 3344. Costume Construction.

A practical approach to building costumes for the stage. Emphasis is on stitching techniques and introductory patterning. Practical experience with university productions required in laboratory.

about Costume Construction

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Costume Construction

TH 3346. Historical Costume Research.

Historical Costume Research. (3-2) A study of clothing, accessories, and customs of selected theatrical periods as an approach to costuming period plays.

about Historical Costume Research

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Historical Costume Research

TH 3350. Technical Production.

This course provides hands-on experience to qualified advanced students in technical theatre utilizing a series of rotating topics. Selected topics may include stage rigging, sound systems, remote device management, technical direction and/or technical writing/drawing. May be repeated for credit with different emphasis. Prerequisite: TH 2330 and approval of instructor.

about Technical Production

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Bachelor of Arts (B.A.) Major in Theatre

Minimum required: 120 semester hours

General Requirements

1. Majors must complete a minimum of 35 hours in Theatre, with six additional hours strongly recommended. A minimum of 12 TH hours must be advanced.
2. General education core curriculum and BA degree requirements must be met. **Elective hours may be needed to reach the minimum number of hours for the degree.**
3. All theatre majors are encouraged to participate in theatre production activities each semester, and BA students must enroll in TH 2111 a minimum of two semesters.

Bachelor of Fine Arts (B.F.A.) Major in Theatre (Acting Pre-Professional Option)

Minimum required: 125 semester hours

General Requirements

1. Admission to the B.F.A. in Theatre with an emphasis in Acting is highly competitive and based on an audition/interview with the Bachelor of Fine Arts Review Committee. Prospective students audition during their senior year of high school. Interested transfer students must contact the Head of Acting to see if there are any available slots in their class level; typically, transfer students require more than the usual 4 years to complete their degree. Students in the program are always on probation, with their work and progress continually evaluated. There is a formal review at the end of the sophomore year that determines whether each student may advance to the upper-level training.

Bachelor of Fine Arts (B.F.A.) Major in Theatre (Teacher Certification in Theatre, Grades EC-12)

Minimum required: 125 semester hours

General Requirements

1. Admission to the B.F.A. in Theatre with Teacher Certification in Theatre is based on grade point average; a 2.75 is required for admission to the program. Students will be expected to maintain high artistic and academic standards. For specific admission requirements and procedures, students should contact the Department of Theatre and Dance before March 15.
2. An all-level (EC-12) teacher certification in the theatre program consists of a minimum of 41 semester hours, with at least 24 hours advanced.
3. All theatre majors are encouraged to participate in theatre production activities each semester.
4. General education core curriculum requirements must be met.
5. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).
6. Teacher Certification majors must maintain an overall GPA of 2.75, a major GPA of 2.75, and a GPA of 2.75 in all required education courses.

Minimum required: 120 semester hours

General Requirements

1. Students in the dance program are expected to be active in the dance club, Orchesis, and to participate in dance concerts as dancers, choreographers, and technicians.
2. Students are expected to gain skills at the advanced level in modern dance plus skills in Ballet, Jazz, Folk, Social, and Square, and to enroll in a dance activity course each semester they are in school.

Bachelor of Fine Arts (B.F.A.) Major in Dance (Single Field Teacher Certification in Dance, Grades 8-12)

Minimum required: 120 semester hours

General Requirements:

1. Admission to the B.F.A. in Dance with Certification in Dance requires an Overall GPA of 2.75 for admission to the program. Students will be expected to maintain high artistic and academic standards.
2. General Education core curriculum requirements must be met.
3. All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).
4. Teacher Certification majors must maintain an Overall GPA of 2.75, a Major GPA of 2.75, and a GPA of 2.75 in all required education courses.

Department Chairs/Program Chairs/School Directors

Clinical Laboratory Science—Rodney E. Rohde, Ph.D.
Communication Disorders—Valarie Fleming, Ph.D.
Health Administration—Matthew S. Brooks, Ph.D.
Health Information Management—Jackie A. Moczygemba, M.B.A.
Nursing—Marla A. Erbin-Roesemann, Ph.D.
Physical Therapy—Barbara L. Sanders, Ph.D.
Radiation Therapy—Ronnie G. Lozano, Ph.D.
Respiratory Care—S. Gregg Marshall, Ph.D.

The College of Health Professions prepares students for careers in the healthcare field. Through its professional, technical, clinical and academic programs, the college serves as an advocate for change and technical improvement in the field. The college also serves as a catalyst to expand and improve public perceptions of healthcare.

Undergraduate programs are available in clinical laboratory science, communication disorders, healthcare administration, health information management, nursing, radiation therapy, and respiratory care. Graduate programs are offered in communication disorders, healthcare administration, nursing, and physical therapy. The college has a number

of cooperating teaching sites and more than 800 affiliations with hospitals and other healthcare facilities.

A number of programs offered in the College of Health Professions have specific admission requirements in addition to Texas State admission requirements. Most programs also have requirements for student liability insurance and immunizations. Background checks and drug testing may be required.

Academic Advising Center

Health Professions Building Room 207

T: 512.245.3506 F: 512.245.1615

www.health.txstate.edu/advising (<http://www.health.txstate.edu/advising>)

In the College of Health Professions Undergraduate Academic Advising Center, we are student-centered, supportive, and welcoming to all. We strive to empower students to be successful in their academic and life goals.

We pledge to be accurate, encouraging, sincere, realistic, approachable, and non-judgmental in our interactions to provide guidance and direction to the University community, including students, faculty, staff and members of students' support systems.

The College of Health Professions Academic Advising Center provides academic advising which supports undergraduate students seeking admission to a program offered in the College of Health Professions. The Center also prepares degree audits for all undergraduate students in the College of Health Professions, and in coordination with the Dean's Office, verifies graduation.

Clinical Laboratory Science Program

Health Professions Building Room 350-B

T: 512.245.3500 F: 512.245.7860

www.txstate.edu/cls (<http://www.txstate.edu/cls>)

The Bachelor of Science in Clinical Laboratory Science with a major in Clinical Laboratory Science prepares students to function as clinical laboratory scientists or medical technologists in a wide variety of settings from physician office laboratories to modern tertiary care hospital laboratories. The clinical laboratory scientist can become an indispensable top-level laboratory worker, a supervisor, a specialist, a researcher, or an educator.

The requirements during the first two years of study include courses in biology, chemistry, and mathematics, along with courses in the humanities and social and behavioral sciences. The junior and senior years combine clinical experiences in the affiliated clinical laboratories with advanced academic study in the CLS disciplines.

The program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS). Graduates of the program are eligible to take the national certification examination for the Medical Laboratory Scientist (MLS) given by the Board of Certification of the American Society for Clinical Pathology (ASCP).

Admission Process

Any student entering Texas State may declare Pre-Clinical Laboratory Science as their major. It is recommended that students arrange academic advising at least once prior to making application, and, if possible, arrange to learn about the profession through clinical laboratory

tours, personal research, and interviewing a practicing CLS professional. Admission and acceptance to Texas State and declaration as a clinical laboratory science major does not guarantee admission to the program. Admission to the program is competitive and selective. The academic sequence begins during the fall semester of the junior year. Students are selected in the spring semester of their sophomore year. Enrollment is limited by student/faculty ratios and clinical placement availability. The deadline for submission of applications is February 15. A typical cohort size of 20 students will be admitted. Applicants will be notified of their status by April 30th or sooner. The criteria for student selection for the junior class includes scholastic ability, particularly in the sciences, essays, and a personal interview, and not on the basis of gender, race, color, religion, veteran status or condition of disability, or national origin. Due to performance standards of the profession, students must meet specific ADA standards in accordance with physical and emotional requirements of the academic program to qualify for admission.

General Admission Requirements

1. Admission to Texas State University. University application deadlines are different than the CLS Program deadline. Potential applicants are encouraged to complete the University process early to facilitate review of transcripts during the CLS Program application process.
2. A minimum overall GPA and science GPA of 2.50; however, an overall GPA and a science GPA of 3.0 is recommended in order to be competitive in the application process.
3. Science courses require a minimum grade of "C" or higher.
4. Students may only have a maximum of 12 remaining prerequisite hours, with only eight of these credit hours in prerequisite science courses. Students are encouraged to complete all prerequisite courses prior to admission.
5. Completion of the CLS application packet for admission by the deadline (February 15th).
6. Successful interview of selected candidate with admission committee.
7. Other requirements as necessary by clinical placements (e.g. immunization, background check, and drug testing).

Program Progression

Successful program progression requires students to complete each semester in a lock-step sequence with a grade of "C" or higher in all major courses. Each course is offered only once each academic year; therefore, progress in the program is affected should a student fall out of the sequence due to failure to successfully complete a course. A student who falls out of sequence (whether due to illness, course failure, or other reasons) will be delayed one year to repeat the course. According to CLS program policy, students with a grade of less than a "C" in a CLS course will be stepped out of the program and individuals must reapply to the program the following year. To be considered for program readmission, all original program admission criteria and an approved schedule for retaking courses must be met. In addition, a student may repeat a CLS course only once. If the student does not earn a grade of at least "C" upon repeating the course, the student cannot continue in the program. **All non-CLS coursework must be completed prior to the senior year, 2nd semester (spring), due to students beginning off-campus clinical rotations.**

Graduation

To graduate with a Bachelor of Science in Clinical Laboratory Science, students must successfully complete all CLS courses with a "C" or higher. Requirements for BSCLS completion and graduation include

a Texas State GPA of 2.0 with a CLS major GPA of 2.25. During the second semester (spring) and final semester (summer) of the senior year, students are required to successfully complete five clinical laboratory rotations/experiences in CLS Clinical Practice courses. These courses require that the students spend clinical time in other facilities, primarily hospitals and reference laboratories, away from campus. Students must furnish their own transportation, and if necessary, housing. Because of the time and distances involved, typically no courses other than those listed in the CLS Program can be taken in the final two semesters of the senior year.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a clinical or internship assignment. Information on these requirements and forms to be supplied may be obtained through the program office.

Background Check and Drug Screening

As a condition for placement in professional practice sites, students will be required to have a background check and drug screening and meet other requirements set by individual sites. Information on the drug screening process will be provided by the CLS Program.

Clinical Placement (rotation) Requirements

The Clinical Laboratory Science (CLS) Program at Texas State provides clinical placements for all CLS students entering the clinical year (senior year / 2nd year of post baccalaureate) in good academic standing. Clinical placements are carefully and methodically assigned while taking into account transportation issues, types of clinical affiliates, and student characteristics. In the event a clinical affiliate is unable to fulfill their prior obligation, alternative clinical rotations will be sought at other affiliate institutions. In the very unlikely event alternative clinical rotations are unable to be secured; affected students will be reassigned to the first available rotation site. The next available clinical rotation will occur as soon as possible but no later than one year from the time the rotation was cancelled. If the clinical rotation cancellation occurs after clinical rotations have commenced, the affected student will be placed first in the queue to receive the first available clinical rotation slot that will occur no later than one year after the cancellation. If the clinical rotation cancellation occurs prior to the start of clinical rotations, affected students will be selected based on GPA calculated from performance in the CLS courses. Students with the lowest GPAs will be required to relinquish their clinical rotation slots which will delay clinical rotations.

Bachelor of Science in Clinical Laboratory Science (B.S.C.L.S.)

- Major in Clinical Laboratory Science (p. 352)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Clinical Laboratory Science (CLS)

CLS 3305. Introduction to Clinical Laboratory Techniques.

Clinical Laboratory Science students will be introduced to techniques, procedures, and instrumentation commonly used in clinical laboratories. (WI).

about Introduction to Clinical Laboratory Techniques

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Introduction to Clinical Laboratory Techniques

CLS 3323. Clinical Microscopy and Analysis of Body Fluids.

Study of body fluids present in the various anatomical compartments of the body as they differ in health and disease. Physical and chemical tests, and microscopic examination of select body fluids are performed. about Clinical Microscopy and Analysis of Body Fluids

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Clinical Microscopy and Analysis of Body Fluids

CLS 3326. Medical Parasitology.

This course includes lecture and laboratory instruction in medically important parasites producing disease in humans with emphasis on epidemiology, life cycles, identifying characteristics, and pathology of these parasites.

about Medical Parasitology

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Medical Parasitology

CLS 3410. Clinical Chemistry I.

Designed to acquaint the clinical laboratory science student with some of the concepts, techniques, procedures, and instrumentation used in clinical chemistry.

about Clinical Chemistry I

4 Credit Hours. 3 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Clinical Chemistry I

CLS 3412. Hematology/Coagulation I.

Qualitative and quantitative evaluation of formed elements of the blood and studies in coagulation abnormalities.

about Hematology/Coagulation I

4 Credit Hours. 3 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Hematology/Coagulation I

CLS 3424. Clinical Immunology.

Principles of immune response and underlying immunologic procedures of diagnostic value are discussed. Lectures and laboratory emphasize detection, identification, nature of antigens and antibodies, and the antigen-antibody reactions encountered.

about Clinical Immunology

4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Clinical Immunology

CLS 4225. Laboratory Management and Supervision.

Lectures and discussions of general principles of management and supervision of the clinical laboratory and its personnel. (WI).
about Laboratory Management and Supervision

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Introduction to Clinical Practice

CLS 4318. Hematology II.

In-depth study of theoretical and practical aspects of clinical hematology and hemostasis with emphasis on principles, methodology, problems encountered, and clinical applications.

about Hematology II

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Hematology II

CLS 4321. Directed Study in Clinical Laboratory Science.

An indepth study of a narrow range of topics or a related problem in the clinical laboratory sciences. Topics to be announced; may be repeated for credit when topics vary.

about Directed Study in Clinical Laboratory Science

3 Credit Hours. 2 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Lab Required

Grade Mode: Credit/No Credit

about Directed Study in Clinical Laboratory Science

CLS 4340. Clinical Microbiology II.

Study of medically important fungi, viruses, chlamydiae, rickettsiae, and advanced topics in clinical microbiology. Automated identification of microorganisms, database management, and epidemiologic techniques will be discussed.

about Clinical Microbiology II

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Clinical Microbiology II

CLS 4341. Molecular Diagnostics.

This course consists of an introduction to the principles, methodologies and applications of molecular diagnostic procedures used in clinical laboratories. Emphasis is placed on the procedures used in the identification of infectious agents that cause human disease, in the diagnosis of inherited diseases, and the diagnosis of cancer.

about Molecular Diagnostics

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Molecular Diagnostics

CLS 4361. Research Methods in Clinical Laboratory Science.

Directed independent research covering the principles of research and development of clinical laboratory methodology. (WI).

about Research Methods in Clinical Laboratory Science

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Research Methods in Clinical Laboratory Science

CLS 4370. Clinical Chemistry II.

A study of the theoretical and practical aspects of clinical chemistry.

Manual and automated laboratory procedures for quantitative analysis of various body fluids.

about Clinical Chemistry II

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Clinical Chemistry II

CLS 4440. Clinical Microbiology I.

Study of pathogenic and nonpathogenic bacteria, fungi, and viruses with special emphasis on methods of isolation from body fluids, cultural and differential biochemical characteristics of body pathogens.

about Clinical Microbiology I

4 Credit Hours. 3 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Clinical Microbiology I

CLS 4460. Immunohematology.

Study of theoretical and practical consideration of major blood groups with emphasis on grouping and typing, antibody detection and identification, compatibility testing and component therapy in blood transfusion service.

about Immunohematology

4 Credit Hours. 3 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Immunohematology

CLS 4463. CLS Clinical Practice I.

Structured clinical experience assigned on an individual basis for observation, study, and practical application of techniques and methodology in the clinical laboratory.

about CLS Clinical Practice I

4 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about CLS Clinical Practice I

CLS 4464. CLS Clinical Practice II.

Continuation of Clinical Laboratory Science Practice I; structured clinical experience assigned on an individual basis for observation, study and practical application of techniques and methodology in the clinical laboratory.

Department of Communication Disorders

Health Professions Building Room 150B

T: 512.245.2330 F: 512.245.2029

www.health.txstate.edu/CDIS (<http://www.health.txstate.edu/CDIS>)

The Department of Communication Disorders provides undergraduate students with the academic background to successfully enter a graduate program in speech-language pathology or audiology. The undergraduate curriculum provides knowledge in normal and disordered speech, language, swallowing and hearing processes. Coursework in the major is supported by additional courses in psychology, counseling, biology, physics, and statistics.

The Department prepares students at the graduate level to diagnose and manage speech-language problems in children and adults. A master's degree is required for state licensure and national certification. The graduate program is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology.

Admission Process

Students are initially considered Pre-professional Communication Disorders majors. Once the student is accepted into the Junior/Senior sequence, the major becomes Communication Disorders.

Admission to the CDIS Junior/Senior-level courses is competitive and selective. Enrollment is limited by student/faculty ratios in both academic and clinical components of the program. To be considered for admission to the Junior/Senior-level courses, the following are required:

1. Students must be in overall good standing to apply.
2. An overall GPA of 3.0
3. Completion of a minimum of 50 hours of coursework from the freshman and sophomore courses listed on the CDIS Degree Plan. The 50 hours must be completed by the end of the Summer 1 session in the same calendar year in which the student wishes to begin the Junior/Senior sequence.
4. The following courses must be taken in the 50 hours:

PHYS 1310	Elementary Physics	3
CDIS 1331	Introduction to Communication Disorders	3
BIO 2430	Human Physiology and Anatomy	4
HP 3302	Biostatistics (or an equivalent)	3
PSY 3300	Lifespan Development	3
5. These classes must be completed by the end of the Summer 1 session in the same calendar year in which the student wishes to begin the Junior/Senior sequence.
6. A minimum grade of C in support and major classes listed as part of the freshman/sophomore years on the Degree Plan:

HIM 2360	Medical Terminology	3
BIO 2430	Human Physiology and Anatomy	4
HP 3302	Biostatistics (or an equivalent)	3

PSY 3300	Lifespan Development	3
CDIS 1331	Introduction to Communication Disorders	3

Students are ranked by their GPA in the five required classes and admittance in the Junior/Senior year is based on this ranking. Preference for admission is given to students who have not repeated any of the five courses.

CDIS 1331	Introduction to Communication Disorders	3
HP 3302	Biostatistics (or an equivalent)	3
PHYS 1310	Elementary Physics	3
PSY 3300	Lifespan Development	3
BIO 2430	Human Physiology and Anatomy	4

The application for admission is submitted to the department by May 15th. Admission decisions are made after the end of Summer 1. All students will be notified by letter of the CDIS Undergraduate Admission Committee's decisions. Student selection is made on academic performance and not on the basis of race, color, religion, gender, age, or national origin.

CDIS Progression and Repeat Course Policy

1. The Junior/Senior-level courses (Bachelors of Science Degree in Communication Disorders) academic sequence begins during the fall semester only.
2. Courses must be taken in the sequence identified in the catalog.
3. After admission into the Junior/Senior sequence, failure to enroll in all of the recommended CDIS courses for that semester as identified by an advisor in conjunction with the Degree Plan will delay graduation at least a year.
4. CDIS students must receive a grade of "C" or higher in each CDIS class. If a grade below "C" in a junior- or senior-level CDIS courses is earned, the student will not be allowed to continue as a Communication Disorders major and must change majors to something other than CDIS. This change will be done in conjunction with the student's CDIS academic advisor and the College of Health Professions' Advising Center.

Graduation

1. Have a GPA of 2.75 in the major in order to graduate.
2. If a student has not earned the minimum major requirement of 2.75 for graduation and earned "C" or higher in all CDIS courses, the student will be allowed to re-take CDIS courses only until the student achieves the GPA of 2.75. CDIS students are NOT permitted to re-take CDIS courses if they have earned C's or higher in the courses.

Bachelor of Science in Communication Disorders (B.S.C.D.)

- Major in Communication Disorders (p. 355)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Communication Disorders (CDIS)

CDIS 1331. Introduction to Communication Disorders.

Study of speech, hearing, and language development and its disorders; descriptions of communicative disorders and their etiologies for the speech-language pathologist, health professional, and classroom teacher.

about Introduction to Communication Disorders

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Communication Disorders

CDIS 3312. Neuroanatomy for Communication Disorders.

This is a lecture course that examines the organization of the brain, spinal cord, and peripheral nervous system. Significance of the areas of the nervous system that are primary or secondary for speech, language and hearing are the main focus of this course.

about Neuroanatomy for Communication Disorders

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Neuroanatomy for Communication Disorders

CDIS 3325. Anatomy and Physiology of the Speech Production System.

Description of structure and function of the speech production system with emphasis on physical problems in speech, language, and hearing.

about Anatomy and Physiology of the Speech Production System

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Anatomy and Physiology of the Speech Production System

CDIS 3459. Phonemics and Phonetics.

Analysis of normal and abnormal phonological processes in children and adults. Proficiency in transcription using the alphabet of the International Phonetic Association emphasized.

about Phonemics and Phonetics

4 Credit Hours. 3 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Phonemics and Phonetics

CDIS 3462. Remediation of Articulatory and Phonological Disorders.

This course prepares students to manage articulation and phonological disorders. Current therapeutic models are reviewed. Observation of therapy and instruction in preparation of written clinical reports are required. Prerequisites: CDIS 3325 and CDIS 3459. (WI) (MP).

about Remediation of Articulatory and Phonological Disorders

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Remediation of Articulatory and Phonological Disorders

CDIS 3469. Introduction to Hearing Science.

Study of acoustics, auditory physiology and perception of sound.

Includes discussion of auditory sensitivity, signal detection, psychoacoustic methods, perception of pitch and loudness, binaural hearing and speech perception. Associated laboratory promotes reinforcement of concepts addressed in lecture through review, problem solving and weekly assignments.

about Introduction to Hearing Science

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Introduction to Hearing Science

CDIS 3475. Speech Science.

Normal processes of speech production will be addressed from anatomic, physiologic, kinematic, aerodynamic, acoustic, and perceptual perspectives. Measurement and analysis techniques, instrumentation, and experimental paradigms used to study speech production and perception will be emphasized. Prerequisites: CDIS 3325 and CDIS 3459.

about Speech Science

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Speech Science

CDIS 4301. Advanced Independent Study.

In-depth study of selected topics in Communication Disorders for the exceptionally motivated student. Work done on an independent basis with faculty member and only with prior departmental permission.

about Advanced Independent Study

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Advanced Independent Study

CDIS 4317. Service Delivery in Communication Disorders.

Provides a foundation of clinical management to prepare CDIS students to work in a variety of settings. Emphasis will be placed on techniques of goal and objective sequencing, report writing, evaluation of services, ethics, and interdisciplinary collaboration. Prerequisites: CDIS 3459, CDIS 3462, CDIS 4330, CDIS 4466 or CDIS 4350 . (WI).

about Service Delivery in Communication Disorders

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Service Delivery in Communication Disorders

CDIS 4330. Speech and Language Development.

Course to acquaint students with acquisition of speech and language in children. Basic information from linguistics, psycho-linguistics, psychology, and communication are examined for children in various stages of development.

about Speech and Language Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Speech and Language Development

CDIS 4340. Augmentative Communication Systems.

Designed to review methods of non-oral communication as applied to hospital, rehabilitation, and school settings. Use of electronic communication systems emphasized. Prerequisites or co-requisites: CDIS 4330.

about Augmentative Communication Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Augmentative Communication Systems

CDIS 4344. Clinical Practicum in Communication Disorders.

Supervised clinical practicum in speech-language pathology. Must be taken each semester student participates in any supervised clinical practicum in speech-language pathology. Prerequisites: CDIS 1331, CDIS 3459, CDIS 3462 or CDIS 4466, and CDIS 4330. (Concurrent registration in CDIS 4330 acceptable).

about Clinical Practicum in Communication Disorders

3 Credit Hours. 1 Lecture Contact Hour. 4 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing/Lab Required

Grade Mode: Credit/No Credit

about Clinical Practicum in Communication Disorders

CDIS 4350. Survey of Neurogenic Communication Disorders.

This course provides an introduction to acquired speech, language, cognitive and swallowing disorders resulting from brain injury. Basic neuroanatomy and physiology are reviewed, followed by discussion of the etiology, diagnosis, treatment, and prognosis of these disorders. Emphasis is placed on aphasia, dysarthria, apraxia of speech, right hemisphere syndrome, traumatic brain injury, dementia, and dysphagia. Prerequisite: CDIS 3312.

about Survey of Neurogenic Communication Disorders

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Survey of Neurogenic Communication Disorders

CDIS 4370. Aural Rehabilitation.

Principles and procedures in the habilitation and rehabilitation of hearing impaired children and adults. Prerequisites: CDIS 4420. (MC) (WI).

about Aural Rehabilitation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Aural Rehabilitation

CDIS 4420. Introduction to Audiology.

Relates anatomy and physiology of the auditory system and the science of acoustics to the study of normal and pathological auditory function. Laboratory experience in administration and interpretation of audiological tests. Discussion of professional opportunities in the field of audiology and provision of audiological service to special populations. Prerequisite: CDIS 3469. (MC).

about Introduction to Audiology

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Introduction to Audiology

CDIS 4466. Clinical Management of Language Disorders.

Study of principles and procedures for the identification, description, assessment and remediation of language disorders in infants, children, and adolescents. Students will observe demonstrations of assessment procedures and types of language disorders within the context of clinical procedures. Describing observed behaviors and analyzing language samples will be emphasized. Prerequisite: CDIS 4330.

about Clinical Management of Language Disorders

4 Credit Hours. 4 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing/Lab Required

Grade Mode: Standard Letter

about Clinical Management of Language Disorders

Faculty

Bowers, Jessica Ree, Lecturer, Communication Disorders, M.S., Texas State University

Chakraborty, Rahul, Associate Professor, Communication Disorders, Ph.D., Purdue University Main Campus

Domsch, Celeste A, Associate Professor, Communication Disorders, Ph.D., Vanderbilt University

Fleming, Valarie B, Chair - Associate Professor, Communication Disorders, Ph.D., University of Texas at Austin

Gonzales, Maria D, Associate Professor, Communication Disorders, Ph.D., Ohio University Main Campus

School of Health Administration

Health Professions Building Room 250

T: 512.245.3494 F: 512.245.8712

www.health.txstate.edu/HA (<http://www.health.txstate.edu/HA>)

The Healthcare Administration major integrates healthcare management theory and practice, and prepares graduates to assume entry to mid-level management positions in a variety of healthcare settings. These settings include health maintenance organizations (HMO's), physician group practice, hospitals, insurance companies, clinics, and medical offices. Healthcare administrators manage employees, prepare and maintain budgets, procure resources and perform other administrative functions so that the clinical professionals can provide their services. The major is certified by the Association of University Programs in Health Administration.

Admission

Any student in Texas State may declare Pre-Healthcare Administration as the major. To declare Pre-Healthcare Administration as a major, contact the School Administrative Assistant and schedule an appointment with the B.H.A. Director.

Admission to the Healthcare Administration program is competitive with a limited number of applicants accepted to each class. In addition to the minimum criteria for program consideration, applicants to the B.H.A. program are required to have an interview with the B.H.A. Program Director. B.H.A. applicants meeting the minimum criteria listed below will be considered for program admission:

- Successful completion of all general education core and support courses with a "C" or better in the following courses:

MATH 1315	College Algebra (or an equivalent)	3
ECO 2301	Principles of Economics	3
or ECO 2314	Principles of Microeconomics	
HP 3325	Healthcare Statistics (or an equivalent)	3
HA 3308	Healthcare Organization	3
- Texas State GPA of 2.75 or higher.
- Completion of the PUG (punctuation, usage, and grammar) test with a passing score (70% or higher). Applicants are allowed to take the PUG a maximum of three times.
- Application deadlines and items for application packet are posted on School webpage.

Progression and Repeat Course Policy

B.H.A. majors are required to take courses in a prescribed sequence and are required to successfully complete with a grade of "C" or better.

- All 3000-level courses before enrolling in any 4000-level courses.
- All 4000-level courses before enrolling in field placement. In addition, all B.H.A. majors are required to pass an EXIT exam administered in HA 4141 before enrolling in field placement.

B.H.A. majors are required to make a "C" or better in all HA courses and are allowed to repeat each HA course once, and only once, to improve their grade. In the event that B.H.A. majors do not make a "C" or better when repeating a course, they will be suspended from the major. B.H.A. majors suspended from the B.H.A. program have a right of appeal and should contact the B.H.A. Director.

Graduation

To graduate with a B.H.A. degree, a student must:

1. Complete all required courses.
2. Have a grade of "C" or better in each HA course.
3. Have a 2.00 Texas State GPA or better and 2.25 HA GPA or better.
4. Have met University residence requirements.
5. Pass an EXIT exam administered in HA 4141.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a clinical or residency assignment. Information on these requirements and forms to be supplied may be obtained through the school office.

NOTE: All students are required to complete a residency for the BHA.

A background check is required for all students in the 3rd HA semester during enrollment in HA 4141 prior to beginning the residency. Issues with the background check will impact residency placement and ability for employment in the healthcare industry.

Bachelor of Healthcare Administration (B.H.A.)

- Major in Healthcare Administration (p. 360)

Minor

- Healthcare Administration (p. 361)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this school include: HA (p. 357), HP (p. 359)

Courses in Healthcare Administration (HA)

HA 3308. Healthcare Organization.

Overview of the healthcare system and the role hospitals have played and continue to play in the future. Analysis of organizational structure of a hospital and other healthcare agencies, administrative and management elements necessary for policy determination, decision making, and control to achieve institutional goals and objectives.

about Healthcare Organization

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Healthcare Organization

HA 3309. Ethics in the Health Professions.

This course introduces the student to a sound foundation in well-established ethical theories and a familiarity with terms, concepts and issues in ethics as applied to the health professions. Also provides practical methods for proceeding from considered reflection to informed action in solving ethical problems.

about Ethics in the Health Professions

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Ethics in the Health Professions

HA 3311. Independent Study in Healthcare Administration.

An in-depth study of a single topic or problem confronting the healthcare industry. This course affords the student an opportunity to focus on a topic/problem or group of related problems impacting healthcare managers. This course may be repeated for credit with a different emphasis.

about Independent Study in Healthcare Administration

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Independent Study in Healthcare Administration

HA 3315. Healthcare Administration History, Culture, and Language.

An introduction to the historical and cultural development of modern healthcare administration in contemporary American society. Special attention is given to the mores of health services delivery including critiques and use of professional behavior and language. (MC).

about Healthcare Administration History, Culture, and Language

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Healthcare Administration History, Culture, and Language

HA 3324. Supervisory Management for Healthcare Managers.

Introduction to the following functions of supervisory management: planning, organizing, staffing, influencing, and controlling; as well as the connective processes of decisionmaking, coordinating, and communicating in healthcare organizations. (WI).

about Supervisory Management for Healthcare Managers

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Supervisory Management for Healthcare Managers

HA 3329. Human Resources in Healthcare Management.

Human resource management as applicable to the healthcare field. Course will cover human resource planning, staffing, job requirements, job descriptions, sources of labor supply, training and education programs, salary administration, employee communications, legal considerations, union-management relations.

about Human Resources in Healthcare Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Human Resources in Healthcare Management

HA 3340. Management of Health Information Systems.

Provides an introduction to information systems for healthcare facilities and agencies. Covers determining what information is needed by whom; designing information flows, procurement of computer/telecommunication resources, assuring information security, and continuing management of information systems supporting healthcare delivery.

about Management of Health Information Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Management of Health Information Systems

HA 3341. Training and Professional Development in Healthcare.

This course examines the training and professional development processes as applied to the healthcare industry. Emphasis is placed on staff developments, need analysis, task analysis, development of training and continuing education programs for healthcare personnel. (WI).

about Training and Professional Development in Healthcare

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Training and Professional Development in Healthcare

HA 3344. Patient Care Management & Quality Improvement in Health Care Integrated Delivery Systems.

This course is an introduction of integrated delivery systems and their operations. It includes an examination of patient care management and the patient experience. A framework for understanding healthcare quality efforts is also an integral part of the course.

about Patient Care Management & Quality Improvement in Health Care Integrated Delivery Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Patient Care Management & Quality Improvement in Health Care Integrated Delivery Systems

HA 3347. Essentials of Healthcare Law.

This course includes a review of the laws pertaining to healthcare institutions, physicians, and other healthcare workers who contribute to patient care. Tort and contract law are emphasized. The course addresses policy issues and ethics through topics like patient rights, reproduction, and end of life decisions.

about Essentials of Healthcare Law

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Essentials of Healthcare Law

HA 3375. Principles of Accounting for Healthcare Managers.

Provides an introduction to accounting useful in healthcare facilities and agencies, and demonstrates the application of accounting principles and techniques in the healthcare field. Prerequisites: ECO 2301 or ECO 2314, and HP 3325 or equivalent.

about Principles of Accounting for Healthcare Managers

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Principles of Accounting for Healthcare Managers

HA 3376. Financial Management for Healthcare Managers.

A concentration in the fundamentals of healthcare financial management including the financial organization of nonprofit facilities, sources of operating revenue, management of working capital, and the allocation, control and analysis of resources. Prerequisites: ECO 2301 or 2314, and HA 3375 or approval of instructor.

about Financial Management for Healthcare Managers

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Financial Management for Healthcare Managers

HA 4121. Problems in Healthcare Administration.

In-depth study of a singular problem considered to be of immediate concern to the health care industry. Special emphasis is placed on problems unique to managers in the field of health administration. May be repeated with permission of department chair.

about Problems in Healthcare Administration

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Problems in Healthcare Administration

HA 4141. Healthcare Comprehensive Exam and Review.

A course in which each of the respective faculty will review their portion of the comprehensive examination that all HA majors are required to successfully pass during their final semester of study. The comprehensive exam will be administered at the conclusion of the course.

about Healthcare Comprehensive Exam and Review

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Healthcare Comprehensive Exam and Review

HA 4221. Problems in Healthcare Administration.

In-depth study of a narrow range of topics considered to be of immediate concern to the health care industry. Special emphasis on problems unique to managers in the field of health administration. May be repeated with permission of department chair.

about Problems in Healthcare Administration

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Problems in Healthcare Administration

HA 4305. Healthcare Services Marketing.

The course applies the principles of services marketing to healthcare organizations. The course will present tools to identify and close the gaps that exist between customer expectation of services and the services provided and to ensure quality of health care.

about Healthcare Services Marketing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Healthcare Services Marketing

HA 4311. Cost Accounting for Healthcare Organizations.

A study of the cost accounting methods and techniques appropriate to the healthcare industry. The focus is on the control and measurement of costs, budgeting practices, and the generation of financial information to aid in supervisory and managerial decision making. Prerequisite: HA 3375.

about Cost Accounting for Healthcare Organizations

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Cost Accounting for Healthcare Organizations

HA 4315. Health Services Problem Solving and Decision Making.

An introduction to methodologies used to seek solutions to health administration problems which affect technical and professional personnel. Designed to place emphasis on techniques most directly applicable to models of administration and management decision making.

about Health Services Problem Solving and Decision Making

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Health Services Problem Solving and Decision Making

HA 4318. Employment Law in Healthcare Management.

This course examines the legal aspects of healthcare human resource management. Each of the major federal and state enactments impacting human resource management will be studied in depth. Prerequisite: HA 3329.

about Employment Law in Healthcare Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Employment Law in Healthcare Management

HA 4320. Seminar in Healthcare Administration.

Current trends and problems in health administration affecting health administration technical and professional personnel. Designed to place emphasis in selected areas of administration and management. Research paper and presentation is required of each student. (WI) (MC/MP).

about Seminar in Healthcare Administration

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Seminar in Healthcare Administration

HA 4325. Healthcare Strategic Management.

This capstone class integrates accounting, finance, marketing, MIS, and organizational behavior in the creation of sustainable competitive advantage. health care case studies will be used to illustrate key concepts.

about Healthcare Strategic Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Healthcare Strategic Management

HA 4440. Practicum Internship A.

Students with specialization in management participate in a health services based practicum. Experiences in providing opportunities for observation, participation, and practical application of administrative or management skills in the institutional setting are required. Must have a 2.25 major GPA and have completed all junior year major courses.

about Practicum Internship A

4 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Practicum Internship A

HA 4441. Practicum Internship B.

Studies tailored to particular interests and needs of individual students. A variety of experiences may be used to enrich the program for students with special needs or demonstrated competencies. This course is taken in the final semester of study.

about Practicum Internship B

4 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Practicum Internship B

HA 4848. Healthcare Administrative Residency.

Designed for students who have limited or no previous background in healthcare management/administration. Includes rotation through selected major departments, culminating in a major project. This course is taken in the final semester of study.

about Healthcare Administrative Residency

8 Credit Hours. 0 Lecture Contact Hours. 40 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Healthcare Administrative Residency

Courses in Health Professions (HP)

HP 2351. Application of Computers in the Health Professions.

An introduction to computer applications important to health care including both common and specialized medical software. Common computer applications are introduced using projects and data resources from a healthcare environment. Students also examine specialized medical applications such as the National Library of Medicine, healthcare Internet resources, and telemedicine.

about Application of Computers in the Health Professions

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

Minor in Healthcare Administration

The Healthcare Administration minor is designed to complement the student's major with the objective of providing an introductory curriculum, which can assist the student in gaining employment in healthcare and healthcare related career fields. This objective can be achieved by: building on general education core foundations; offering scheduling flexibility for non-traditional students; introducing students to health services management functions through the mastery of certain skills including communication, decision-making, and coordination, unique to healthcare administration; and preparing students for graduate study. The minor requires 18 hours including:

Required Courses

HA 3308	Healthcare Organization ¹	3
---------	--------------------------------------	---

HA 3324	Supervisory Management for Healthcare Managers	3
HA 3347	Essentials of Healthcare Law	3

Electives

Select nine credits from the following: 9

HA 3309	Ethics in the Health Professions
HA 3315	Healthcare Administration History, Culture, and Language
HA 3329	Human Resources in Healthcare Management
HA 3340	Management of Health Information Systems
HA 3341	Training and Professional Development in Healthcare
HA 3344	Patient Care Management & Quality Improvement in Health Care Integrated Delivery Systems
HA 3375	Principles of Accounting for Healthcare Managers
HA 3376	Financial Management for Healthcare Managers

Total Hours 18

¹ HA 3308 must be taken prior or concurrent with other HA courses.

Department of Health Information Management

Health Professions Building Room 302

T: 512.245.8242 F: 512.245.8258

www.health.txstate.edu/HIM (<http://www.health.txstate.edu/HIM>)

The Health Information Management major prepares students to work in the health information management profession which focuses on managing patient health information, administering computer information systems, collecting and analyzing patient data and using classification systems and medical terminology.

Health Information Management professionals work in multiple settings throughout the healthcare industry. These include the continuum of care delivery organizations; hospitals, multispecialty clinics and physician practices, long-term care, mental health, and other ambulatory care settings. The profession has recently seen significant expansion in nonpatient care settings, with careers in managed care and insurance companies, software vendors, consulting services, government agencies, education, and pharmaceutical companies.

The program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education. Upon completion of the degree, graduates of the program are eligible to sit for the RHIA (Registered Health Information Administrator) examination offered by the American Health Information Management Association.

The B.S.H.I.M. is offered in two formats—the traditional campus-based program and an on-line program.

- The Traditional Campus-Based Program is a two plus two program with completion of general education core curriculum and program prerequisite coursework during the first two years. Following application and acceptance into the program, the final two years consist of the professional coursework reinforced with a professional practice experience assignment in a hospitals or health care related organization. Application deadline is March 1.
- The on-line Program is offered to traditional students who have completed the general education core curriculum and program

prerequisite coursework and those who have already completed an associate degree in health information or other degree. The courses in this format are offered via web-based instruction, independent study, and a professional practice experience. Application deadline is March 1.

Admission

Any student at Texas State University may declare Pre-Health Information Management as their major. To declare Pre-HIM as a major, contact the Department of Health Information Management to schedule an interview with the Department Chair. It is strongly recommended that students present themselves for academic advising with a HIM program advisor as soon as health information management has been selected as a major.

Admission Process for acceptance to the professional phase of the program to begin the 3000 and 4000 level coursework, students must:

1. Have completed the majority of the Core and other prerequisite coursework;
2. Have a minimum overall GPA of 2.50;
3. Be eligible for admission to Texas State. (University application deadlines are different than the HIM Program deadline. Potential program applicants are encouraged to complete the University process early to facilitate review of transcripts during the HIM Program application process.);
4. Submit HIM Program application by March 1 for consideration to begin the HIM coursework in the fall semester; and
5. Interview with the HIM Program Admissions Committee.

Advanced placement in the major coursework due to previous health information or related coursework and/or work experience will require a review of the student's credentials and transcripts. Because of course sequencing and the scheduling of clinical assignments, students who drop out of the program for one or more semesters will be required to reapply for admission and be re-interviewed by the admissions committee.

Progression

B.S.H.I.M. courses are to be taken in a published sequence. The HIM courses are offered in a lock-step sequence. Most courses are offered only once each academic year; therefore, progress in the program may be delayed if a student falls out of sequence due to failure to successfully complete the HIM courses with the required "C" or higher. Because of course sequencing and the scheduling of the professional practice experience assignment, students who drop out of the program for one or more semesters will be required to reapply for admission and be re-interviewed by the admissions committee for consideration to be allowed to continue in the program.

Graduation

To graduate with a Bachelor of Science in Health Information Management, students must successfully complete all HIM courses with a "C" or higher. Graduating students must have attained a 2.0 or higher Texas State University GPA with a minimum of 2.25 GPA in the HIM major courses.

During the second semester of the senior year students are required to take a five-week professional practice experience course. This course requires that the students spend a minimum of five weeks in other institutions (hospitals or healthcare related organizations) away from campus. Students who have already completed an associate

degree in health information or another bachelor's degree or who have significant healthcare experience are required to complete a two-week professional practice experience course. Students must furnish their own transportation and housing. Because of the time and distances involved, no courses other than those listed can be taken in the final semester of the senior year.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a professional practice experience assignment. Information on these requirements and forms may be obtained through the HIM Department.

Background Checks and Drug Screening

As a condition for placement in some professional practice experience sites, students may be required to have a background check and/or drug screening and/or meet other specific requirements as set by individual sites. Information will be provided by the HIM Department.

Courses in Health Information Management (HIM)

HIM 2345. The Language of Healthcare: Spanish.

An introduction of the practical language used in clinical settings to facilitate interaction with Spanish-speaking patients and healthcare professionals. Special emphasis is placed on the use of meaningful medical vocabulary for various healthcare professionals who work with Spanish-speaking patients and their families. Prerequisite: Two semesters of Spanish.

about The Language of Healthcare: Spanish

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about The Language of Healthcare: Spanish

HIM 2360. Medical Terminology.

Recognizing and understanding the vocabulary of the health care professions. Emphasis on medical prefixes, suffixes, and word roots as used in oral and written communications.

about Medical Terminology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Medical Terminology

HIM 3301. Principles of Health Information Management.

Exploration of the expanding role of the HIM professional. Emphasis will be on the organizational structure and delivery of healthcare in hospitals and other healthcare agencies and the associated roles of HIM professionals.

about Principles of Health Information Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Principles of Health Information Management

HIM 3310. Fundamentals of Health Information Systems.

An introduction to the information technology aspects of health information management to include hardware components, systems architecture, operating systems, languages, software applications, tools, and related topics and concepts.

about Fundamentals of Health Information Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Fundamentals of Health Information Systems

HIM 3311. Health Informatics, Analytics and Data Use.

This course provides an overview and introduction to healthcare data management. Topics in the course will include the system development life cycle, project management, information infrastructure and data analytics. Implementing healthcare information systems, decision making, and consumer informatics will also be examined.

about Health Informatics, Analytics and Data Use

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Health Informatics, Analytics and Data Use

HIM 3350. Legal Aspects of HIM.

A study of the legal issues of Health Information Management with focus on statutory and regulatory requirements, case law and practical applications. Special legal problems associated with access to patient information, disposition of records, confidentiality and privacy, reporting requirements and compliance with current state and federal legislation are emphasized.

about Legal Aspects of HIM

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Legal Aspects of HIM

HIM 3367. Disease and Medical Science I.

An introduction to the general disease process. Stress is placed upon the occurrence of disease, the signs and symptoms of disease, the test values and findings of disease, and the therapeutic treatment of disease.

about Disease and Medical Science I

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Disease and Medical Science I

HIM 3368. Disease and Medical Science II.

A continuation of Disease and Medical Science I.

about Disease and Medical Science II

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Disease and Medical Science II

HIM 3380. Quality Improvement Regulations & Procedures for HIM.

Overview of regulatory agency requirements for quality improvement, utilization management and risk management. Methods for integrating these procedures for credentialing and peer review are explored.

about Quality Improvement Regulations & Procedures for HIM

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Quality Improvement Regulations & Procedures for HIM

HIM 3390. Principles of Management in HIM.

This course provides a study of the principles of management in healthcare and related organizations. The course provides the opportunity to apply the fundamentals of management including ethical decision making and human resources in the expanded role of the HIM Professional.

about Principles of Management in HIM

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Principles of Management in HIM

HIM 3463. Introduction and Technical Aspects of Health Information Management.

An introduction into principles and procedures used in health records organization, maintenance and retention, numbering and filing systems and procedures, forms control and design, and imaging. Emphasis placed on functions and duties of the HIM administrator, and relationships of the medical record to the health care delivery system.

about Introduction and Technical Aspects of Health Information Management

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Standard Letter

Certificate in Health Information Privacy & Security

A certificate in Health Information Privacy & Security requires 16 hours, which include:

HIM 3311	Health Informatics, Analytics and Data Use	3
HIM 3350	Legal Aspects of HIM	3
HIM 3463	Introduction and Technical Aspects of Health Information Management	4
HIM 4385	Health Information Management Practicum	3
CIS 4348	Fundamentals of Data Communications	3
Total Hours		16

Applicants to the program are required to be a Texas State University Undergraduate degree seeking or post-baccalaureate student in good standing.

Minor in Health Information Management

A minor in Health Information Management requires 22 hours, including:

HIM 3350	Legal Aspects of HIM	3
HIM 3380	Quality Improvement Regulations & Procedures for HIM	3
HIM 3390	Principles of Management in HIM	3
HIM 3463	Introduction and Technical Aspects of Health Information Management	4
HIM 4331	Health Information Management Research and Data Analysis	3
HIM 4363	Comparative Record Systems	3
HIM 4385	Health Information Management Practicum	3
Total Hours		22

Appropriate sequencing of courses is necessary for progression to subsequent courses. This minor would enhance and broaden the scope of various other fields of study by providing a well-rounded introduction and an opportunity for practical applications of the administrative functions related to the management of health information. Completing this minor does not meet eligibility requirements for the R.H.I.A. (Registered Health Information Administrator) certification examination offered by the American Health Information Management Association. Academic advisement is important prior to enrolling in HIM minor courses due to sequencing requirements.

St. David's School of Nursing

Nursing Building
Round Rock Campus
Round Rock, TX
T: 512.716.2900 F: 512.716.2911
www.nursing.txstate.edu (<http://www.nursing.txstate.edu>)

Mission Statement

The St. David's School of Nursing, located in Round Rock, educates and prepares graduates, using innovative teaching strategies and state-of-the-art technology, to function in professional nursing roles to manage illness; promote, maintain, and restore health; and provide end of life care for diverse individuals, families, populations, and communities across the lifespan. Graduates demonstrate competence in clinical judgment, collaborate as members of the interprofessional health care team and utilize scientifically-based interventions. These future nurses will provide ethical, safe, and effective patient-centered care and contribute to present and emerging research and health management practices.

The nursing program offers a Bachelor of Science in Nursing (B.S.N.). Graduates are prepared to sit for the National Council Licensure Examination for Registered Nurses (NCLEX-RN®) and to meet the minimum competencies for beginning practice as a Registered Nurse. The B.S.N. graduate is prepared to pursue clinical excellence and certification by the American Nurses Credentialing Center (ANCC) and to continue formal education for the Master's Degree and Doctorate in Nursing. This program is accredited by the Commission on Collegiate Nursing Education.

The B.S.N. curriculum is 120 hours, including 61 hours of Texas State core curricular and prerequisite courses; and 59 hours of nursing

courses. The degree program in nursing is a five semester program beginning at the junior level. Academic study in nursing is combined with clinical experiences in affiliated clinical settings, as well as hours spent in the simulation laboratories in the School of Nursing building located on the Round Rock campus. The curriculum is designed to accommodate the latest teaching technologies and learning strategies to provide students with the skills, knowledge and abilities needed for professional nursing practice in the 21st Century.

Admission Process

The application period begins October 1 and closes January 15. Admission to the undergraduate major in nursing is competitive and selective. Applicants must first be admitted to Texas State University prior to submitting the School of Nursing application. Applicants must have a prerequisite GPA of 2.90 or higher and a science GPA of 3.00 or higher. However, a 3.0 prerequisite GPA is recommended to be competitive in the application process. Science courses require a minimum grade of "C" for admission. A maximum of 8 attempts (including W) on the 5 science courses, with no more than 2 attempts on any one science course, is permitted. There can be a maximum of 18 remaining prerequisite credit hours, (including no more than 2 of the 5 science courses) left to complete in the spring and summer semesters before final admission to the St. David's School of Nursing. An application fee and copies of all college transcripts are to accompany the St. David's School of Nursing application. Additional criteria include a personal persuasive essay, scores from the Test of Essential Academic Skills (pre-nursing entrance assessment) and 2 professional or academic references. One hundred (100) highly qualified junior level students will be admitted each fall.

For complete admission procedures, see online at www.nursing.txstate.edu (<http://www.nursing.txstate.edu>).

Academic Progression

The nursing program must be completed in three years from the time of first admission. Students enrolled in the nursing program are required to maintain a grade of at least a "C" (2.0 GPA) in all courses in the nursing curriculum. Nursing courses are offered in a lock-step sequence. Each course will be offered only once each academic year; therefore, progress in the program will be delayed if the student fails or drops a course. A student may repeat a nursing course only once. Following a second nursing course failure, the student is dismissed from the nursing program, but not from Texas State University.

Graduation

To graduate with a Bachelor of Science in Nursing, a student must successfully complete all nursing courses with a "C" or better in addition to completing all prerequisite courses. Graduating students must have attained a 2.0 or higher Texas State University GPA with a minimum of a 2.50 GPA in the Nursing major.

Immunizations and Basic Life Support

It is a policy of the College of Health Professions that each student complete a Health Certificate and Immunization Test Form. These forms must be signed by a physician or licensed healthcare provider. Students must stay current on immunizations. Basic Life Support for Healthcare Professionals is also to be completed.

Criminal Background Check (2)/Drug Screen

The first criminal background check conducted through the Board of Nursing is required prior to admission to the St. David's School of Nursing at Texas State. A valid social security number is required by the St. David's School of Nursing's clinical partners for the second background check. This background check also includes a drug screening. All nursing students are subject to random or for cause screens.

Bachelor of Science in Nursing (B.S.N.)

- Major in Nursing (p. 370)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Nursing (NURS)

NURS 3110. Health Assessment Across the Life Span Practicum.

This course requires demonstrated competency in the performance and documentation of physical assessments of well individuals and nursing care plans using the nursing process, critical thinking, and evidence-based practice. Apply teaching/learning principles in meeting the education needs of patients and demonstrate measures to maintain confidentiality of personal health information. Restricted to Nursing Majors.

about Health Assessment Across the Life Span Practicum

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Health Assessment Across the Life Span Practicum

NURS 3121. Essentials of Nursing Care Practicum.

This course requires the use of nursing process and clinical reasoning principles to provide safe, effective, patient-centered care. Evidence-based practices will be used when performing essential nursing skills and procedures to care for patients experiencing acute and chronic alterations in health status. Restricted to Nursing Majors.

about Essentials of Nursing Care Practicum

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Essentials of Nursing Care Practicum

NURS 3221. Essentials of Nursing Care.

This foundation course focuses on basic concepts related to essential nursing care of patients across the life span. Integration of knowledge of family systems, evidence-based practice, clinical reasoning, and the nursing process to provide safe, effective, patient-centered care will occur. Restricted to Nursing Majors.

about Essentials of Nursing Care

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Essentials of Nursing Care

NURS 3230. Healthcare Systems.

Access and barriers to healthcare, past and current healthcare policy, and the professional nurse's role in policy and delivery of healthcare, will be emphasized. Qualitative and quantitative research in relation to healthcare systems, evidence based nursing practice, and ethical topics will be discussed. Restricted to Nursing Majors.

about Healthcare Systems

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Healthcare Systems

NURS 3240. Nursing Care Across the Life Span Practicum.

This course uses clinical experiences to apply the nursing process in providing safe, effective, and quality care to patients and families across the life span. Clinical reasoning and judgment will be used to provide ethical, holistic, and patient-centered nursing care, promote health, prevent disease, and manage illness. Restricted to Nursing Majors.

about Nursing Care Across the Life Span Practicum

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Nursing Care Across the Life Span Practicum

NURS 3241. Acute Nursing Care of Adults Practicum.

This course requires students to use evidence-based and collaborative practice principles in providing safe, effective, and quality care to adult patients experiencing acute, rapidly changing, life-threatening alterations in health status. Clinical reasoning and judgment will be used to provide ethical, holistic, patient-centered nursing care, manage illness, and promote health. Restricted to Nursing Majors.

about Acute Nursing Care of Adults Practicum

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Acute Nursing Care of Adults Practicum

NURS 3250. Health Assessment Across the Life Span.

Conducting health histories and physical assessments of well individuals and developing nursing care plans that include patient age-specific health promotion, illness prevention, and risk factors will be emphasized. Assessments will encompass cultural domains, diversity, belief systems, and the implications for traditional as well as complementary and alternative healthcare. Restricted to Nursing Majors.

about Health Assessment Across the Life Span

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Health Assessment Across the Life Span

NURS 3260. Psychiatric Mental Health Nursing Practicum.

This course utilizes clinical experiences to promote application of the nursing process in providing quality care to those experiencing mental health issues across the life span. Competency in using evidence-based practices to promote health, prevent disease, and manage illness will be developed. Restricted to Nursing Majors.

about Psychiatric Mental Health Nursing Practicum

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Psychiatric Mental Health Nursing Practicum

NURS 3300. Foundations of Professional Nursing Practice.

This course explores the history of nursing in the context of the evolving healthcare system. Laws, regulations, and ethical guidelines impacting nursing licensure and professional practice will be examined. The delivery of patient and family-centered, evidence-based, and safe quality care will be explored. Restricted to Nursing Majors. (WI).

about Foundations of Professional Nursing Practice

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Foundations of Professional Nursing Practice

NURS 3302. Research and Ethics.

Introduction to critical appraisal of qualitative and quantitative research, and application of research and evidence-based processes used to improve decision-making and patient care outcomes across health settings. Integration of theory, information systems, clinical judgment, interprofessional perspectives and analysis of ethical conduct provide a foundation for learning the research process. Restricted to Nursing Majors. (WI).

about Research and Ethics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Research and Ethics

NURS 3430. Pathophysiology and Pharmacology for Nurses.

Introduction and overview of pathology, clinical pharmacology and pharmacotherapeutics, including how major drugs are used therapeutically for age-specific clients. Other topics to be covered include drug laws and regulations, patient and nurse safety. Prerequisite to NURS 3440 and NURS 3460. Restricted to Nursing Majors.

about Pathophysiology and Pharmacology for Nurses

4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Pathophysiology and Pharmacology for Nurses

NURS 3440. Nursing Care Across the Life Span.

This foundational course focuses on the use of clinical reasoning and judgment to provide collaborative care to patients across the life span experiencing chronic and acute alterations in health status. Content is presented based on evidence-based practice and the prevalent health needs of patients. Restricted to Nursing Majors.

about Nursing Care Across the Life Span

4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Nursing Care Across the Life Span

NURS 3441. Acute Nursing Care of Adults.

This course focuses on the use of evidence-based practice and clinical reasoning and judgment to provide collaborative care to adult patients experiencing acute, rapidly changing, life-threatening alterations in health status. Restricted to Nursing Majors.

about Acute Nursing Care of Adults

4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Acute Nursing Care of Adults

NURS 3460. Psychiatric Mental Health Nursing.

This course applies theories, concepts, knowledge, and skills for the comprehensive nursing care of those coping with mental health issues. Building on a liberal education, this course integrates theories of mental illness, psychopathology, and current research findings as they relate to the presentation of symptoms and holistic management of care.

Restricted to Nursing Majors.

about Psychiatric Mental Health Nursing

4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Psychiatric Mental Health Nursing

NURS 4201. Professional Growth and Empowerment.

This course focuses on issues related to professional practice, career planning, personal goal setting, and empowerment of self and others. Factors related to job performance, performance expectations and evaluation, reality orientation, and commitment to lifelong learning will be discussed. Restricted to Nursing Majors.

about Professional Growth and Empowerment

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Professional Growth and Empowerment

NURS 4211. Nursing Care in Complex Health Practicum.

This course focuses on providing care to patients with complex health alterations and life situations. Nursing care to patients in a variety of settings will be provided using the concepts of therapeutic communication and collaborative interventions with a focus on the complexity of the patient's or family's needs. Restricted to Nursing Majors.

about Nursing Care in Complex Health Practicum

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Nursing Care in Complex Health Practicum

NURS 4241. Leadership and Management of Nursing Care Practicum.

Leadership and management skills in a variety of nursing care situations will be applied. Nursing unit leadership and staff assignments based on assessment of client needs, resources, priorities, and competencies of staff will be covered. Assessment and evaluation of the provision of evidence-based nursing care will be performed. Restricted to Nursing Majors.

about Leadership and Management of Nursing Care Practicum

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Leadership and Management of Nursing Care Practicum

NURS 4250. Maternal, Newborn, and Pediatric Nursing Practicum.

This course is the clinical companion to NURS 4350. Concepts, knowledge, and skills taught in NURS 4350 will be applied to both simulation lab and clinical settings. Evidenced-based, developmentally and culturally appropriate nursing care in a variety of patient-care settings will be emphasized. Restricted to Nursing Majors.

about Maternal, Newborn, and Pediatric Nursing Practicum

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Maternal, Newborn, and Pediatric Nursing Practicum

NURS 4280. Community-Based Nursing Practicum.

Health assessment and planning will be conducted for diverse community groups including education, support groups/ resources, advocacy, response to situational crises, bio-terrorism and environmental emergencies, group dynamics, and impact on communities. Clinical experiences will occur in community or public health settings. Restricted to Nursing Majors.

about Community-Based Nursing Practicum

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about Community-Based Nursing Practicum

NURS 4311. Nursing Care in Complex Health.

This course explores traditional and contemporary nursing concepts related to complex health alterations, compensations, and environments across the life span. Therapeutic communication, education, and collaborative interventions with diverse individuals and groups are emphasized including the use of complementary and alternative modalities to meet the needs of patients. Restricted to Nursing Majors.

about Nursing Care in Complex Health

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Nursing Care in Complex Health

NURS 4350. Maternal, Newborn, and Pediatric Nursing.

This course applies the nursing process and evidenced-based practice to the care of maternal, newborn, and pediatric patients in acute care settings. The course emphasizes the use of the nursing process to provide care to individuals and families that is developmentally and culturally focused. Restricted to Nursing Majors.

about Maternal, Newborn, and Pediatric Nursing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Maternal, Newborn, and Pediatric Nursing

NURS 4380. Community-Based Nursing.

Using a variety of philosophical perspectives, community-based nursing care, learning to contrast care in hospital-based settings while transitioning into organizations within the community will be explored. Reflective assessment skills and mindful intervention/teaching projects will be developed. Restricted to Nursing Majors.

about Community-Based Nursing

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Community-Based Nursing

NURS 4441. Leadership and Management of Nursing Care.

Students discuss leadership and management theories related to organizational nursing roles, including competencies required for complex change, performance improvement, and transformational leadership. Organizational contexts – structure, processes, and culture – in leading and directing patient centered care are examined, along with relationships between governance structures, practice environments, and positive patient outcomes. Restricted to Nursing Majors. (WI).

about Leadership and Management of Nursing Care

4 Credit Hours. 4 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Leadership and Management of Nursing Care

Faculty

Allen, Leigh Wallace, Lecturer, Nursing, M.S.N., Walden University

Belcik, Kimberly Dawn, Clinical Assistant Professor, Nursing, Ph.D., University of Texas at Austin

Biggan, Elizabeth A, Clinical Assistant Professor, Nursing, M.S.N., University of Texas at El Paso

Boyd, Shawn L, Clinical Associate Professor, Nursing, M.S.N., Univ of Tex Hlth Sci San Antonio

Covington, Barbara G, Associate Professor, Nursing, Ph.D., Texas A&M University

Dettmann, Carol Arlene, Lecturer, Nursing, D.N.P., The University of Alabama

Eliason, Renee Frances, Lecturer, Nursing, M.S.N., Kent State University

Department of Physical Therapy

Health Professions Building Room 310B

T: 512.245.8351 F: 512.245.8736

www.health.txstate.edu/PT (<http://www.health.txstate.edu/PT>)

The Department of Physical Therapy is a graduate department offering a Doctor of Physical Therapy (D.P.T.). For more information, contact the Department of Physical Therapy or visit <http://www.health.txstate.edu/pt>. While the Department offers no undergraduate degree, it does provide advisement to students interested in pursuing a graduate degree in Physical Therapy.

The requirements for admission include:

1. completion of a baccalaureate degree with a minimum 3.00 GPA in the last 60 hours of course work completed for that degree;
2. minimum 3.00 GPA in all science courses;

3. preferred minimum GRE of 150 on verbal and 145 quantitative;
4. completion of all prerequisite courses, including general psychology, abnormal or developmental psychology, statistics, medical terminology, human physiology and anatomy or human structure and function, vertebrate physiology or physiology of exercise, general chemistry I and II, and general physics I and II.

This program is accredited by the Commission on Accreditation in Physical Therapy Education.

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Course in Physical Therapy (PT)

PT 3400. Human Structure and Function.

A study of the structure and function of the human body with emphasis on the skeletal, muscular, and nervous systems. Course focuses on anatomy and physiology of body systems of special interest to students preparing to be health professionals. Laboratory study of the human cadaver is included.

about Human Structure and Function

4 Credit Hours. 2 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

Radiation Therapy Program

Health Professions Building Room 220

T: 512.245.9081 F: 512.245.1477

www.health.txstate.edu/rtt (<http://www.health.txstate.edu/rtt>)

The radiation therapist is a key member of the professional team, which uses various forms of radiation to treat cancer patients. Radiation therapy may be used alone, or in combination with surgery or chemotherapy, and is the treatment of choice for cure of many cancers. Because of sustained contact with patients, the radiation therapist has considerable responsibility in patient care, dietary counseling and treatment evaluation. The radiation therapist must also appreciate the significant psychological impact that cancer has on patients and their families. The program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT). The curriculum complies with the professional curriculum of the American Society of Radiologic Technologists.

The degree program, Bachelor of Science in Radiation Therapy with a major in Radiation Therapy, is a two- and one-half year program beginning in the junior year. The junior and senior years combine clinical experiences in the affiliated radiation therapy facilities with advanced academic study in the professional disciplines. The program is designed to prepare students for the technical, theoretical, and psychological aspects of this career. Students acquire the technical skills necessary to plan, deliver, and record a prescribed course of radiotherapy. Upon completion of the degree, students are eligible to apply to the ARRT national registry examination.

Admission

Any student entering Texas State may declare Pre-Radiation Therapy as their major. Admission to Texas State does not guarantee admission to the program. Admission to the program is competitive and selective. It is recommended that students arrange academic advising at least once prior to making application. The academic sequence begins during the fall semester. Enrollment is limited by student/faculty ratios in the clinical components of the program. The deadline for submission of applications is January 15.

General Admission Requirements

1. Admission to Texas State
2. Satisfactory completion of all general education requirements and a minimum overall GPA of 2.75.
3. Any student who did not complete at least two years of the same foreign language in high school is required to take 6-8 hours of the same foreign language.
4. Students must receive a "C" or higher in all math, science, and support courses:

BIO 2430	Human Physiology and Anatomy	4
HP 3302	Biostatistics (or an equivalent)	3
AT 3358	Clinical Pathopharmacology	3
PHYS 1320	Elementary Physics	3
PHYS 1110	Elementary Physics Laboratory	1
CHEM 1341	General Chemistry I	3
CHEM 1141	General Chemistry Laboratory I	1
5. See Academic Services section of the catalog for course options that satisfy literature components.
6. Completion of an application packet for admission.
7. Three letters of reference and a career goal statement.
8. Successful interview of selected candidates with admission committee.
9. 40 hour clinical observation with completed evaluation on file by Jan. 15.
10. Students must be able to perform the 13 Technical Standards indicated by the American Disabilities Act (refer to program website or department for more information).
11. Previous misdemeanor or felony convictions will affect admission to the program.

Academic Progression

Students enrolled in the Radiation Therapy Program are required to maintain a grade of "C" or better in all coursework. Radiation Therapy courses are offered in a lock-step sequence. Each course is offered only once each academic year; therefore, progress in the program is affected should a student fall out of the sequence due to failure to successfully complete a course. A student who falls out of sequence (whether due to illness, course failure, or other reasons) will be delayed one year to repeat the course. In addition, a student may repeat a radiation therapy course only once. If the student does not earn a grade of at least "C" upon repeating the course, the student cannot continue in the program.

Graduation

To graduate with a Bachelor of Science in Radiation Therapy Degree, a student must successfully fulfill the general education requirements and complete all radiation therapy courses with a "C" or better. The student must meet the requirements for clinical competency as described in the Directed Clinical Learning syllabi. Graduation students must have attained a 2.0 or higher Texas State University GPA with a minimum of a 2.75 GPA in the Radiation Therapy major.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide a Health Report completed by a physician or licensed healthcare provider, and must take certain immunizations before the student can be placed in a clinical or internship assignment. Information on these

requirements and forms to be supplied may be obtained through the program office.

Criminal Background Check/Drug Screening

As a condition for placement in some professional practice sites, students may be required to have a background check and/or drug screening and meet other requirements set by individual sites. Information on the process of drug screening will be provided by the school/department/program. Previous misdemeanor or felony convictions under various titles of the Texas Penal Code may affect eligibility for state license status following graduation and may affect admission consideration to the Radiation Therapy program.

Bachelor of Science in Radiation Therapy (B.S.R.T.)

- Major in Radiation Therapy (p. 376)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Radiation Therapy Technology (RTT)

RTT 3120. Clinical Simulation Lab I.

Students are provided instruction and simulated practice in a controlled laboratory setting. This course provides first-year students foundational clinical set-up skills from which to build on during the clinical learning practicum course.

about Clinical Simulation Lab I

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Standard Letter

about Clinical Simulation Lab I

RTT 3121. Clinical Simulation Lab II.

Students are provided instruction and simulated practice in a controlled laboratory setting. This course provides instruction, demonstration and participation in immobilization, positioning and simulation with the aid of an anthropomorphic phantom. Students will learn aspects of simulation for basic treatment delivery applications.

about Clinical Simulation Lab II

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Standard Letter

about Clinical Simulation Lab II

RTT 3220. Directed Clinical Learning I.

Students will observe the basic operations of the radiation oncology clinic while interacting with the multidisciplinary team involved in providing treatment and care. The student will be introduced to oncology terminology, equipment, and techniques used for treatment. Learning is achieved through direct patient care, with instruction, demonstration and direct supervision. Prerequisite: Acceptance into the major.

about Directed Clinical Learning I

2 Credit Hours. 1 Lecture Contact Hour. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about Directed Clinical Learning I

RTT 3221. Directed Clinical Learning II.

Students will gain additional skills in clinical procedures, interaction with patients and professional personnel. Students apply knowledge from previous clinical learning experience under the supervision of a registered radiation therapist. Students are tested on intermediate clinical radiation therapy skills.

about Directed Clinical Learning II

2 Credit Hours. 1 Lecture Contact Hour. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about Directed Clinical Learning II

RTT 3300. Patient Care in Radiation Oncology.

This course will focus on basic nursing concepts involved in providing care for the cancer patient. Topics to be included in the class will be cancer as a chronic health problem, social roles and cancer, multidisciplinary approach to patient care, psychosocial dimension of cancer, in-treatment examinations, follow-up examinations, emergency management, chemotherapy and nutritional aspects of treating patients with cancer.

about Patient Care in Radiation Oncology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Patient Care in Radiation Oncology

RTT 3301. Introduction to Radiation Oncology.

An overview of radiation oncology and the role of the radiation therapist. Presentations will orient the student to the physical and biological basis of radiation equipment, procedures, tumor pathology, and patient interaction. (WI).

about Introduction to Radiation Oncology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Introduction to Radiation Oncology

RTT 3302. Radiologic Science and Medical Imaging.

This course will cover the principles governing production of radiation, interaction of radiation with matter, and protection of the radiation worker and patient from exposure. Basic principles of x-ray equipment, exposure factors, latent image formation, and processing of radiographs are presented. Prerequisite: Program Director's approval.

about Radiologic Science and Medical Imaging

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Radiologic Science and Medical Imaging

RTT 3310. Physics of Radiation Therapy I.

Students will learn the principles of radiation physics as they apply to the treatment and care of the cancer patient. Course will include a thorough review of x-ray production, fundamental principles, concepts and terminology. Topics studied include measurements, general principles, structure of the atom, structure of the matter, electrostatics, magnetism, electrodynamics, electromagnetism, rectification and production and properties of radiation and radiographic techniques.

about Physics of Radiation Therapy I

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Physics of Radiation Therapy I

RTT 3314. Radiation Therapy Sectional Anatomy.

The course provides instruction in identifying cross-sectional anatomy to develop the ability to make anatomic correlations between multiple planes of view. Major organs, lymphatics, vessels are emphasized as related to the clinical significance in the field of radiation therapy.

about Radiation Therapy Sectional Anatomy

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Radiation Therapy Sectional Anatomy

RTT 3350. Radiobiology.

This course will cover the principles of cell response to radiation, including tissue sensitivity, survival, repair and the latent effects of irradiated tissue. Topics to be covered include the development of radiation science, cellular targets for radiation action, target theory, physical/ chemical factors affecting radiation response, biological factors, repair and recovery, fractionated doses and dose rate, early/ acute effects of whole body exposure, late/chronic effects of whole body exposure, and radiation protection dose guidelines.

about Radiobiology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Radiobiology

RTT 4120. Clinical Simulation Lab III.

Students are provided instruction and simulated practice in a controlled laboratory setting. A continuation of RTT 3121. This course provides instruction, demonstration, and participation in immobilization, positioning and simulation with the aid of an anthropomorphic phantom. Students will learn aspects of simulation for basic intermediate treatment delivery applications.

about Clinical Simulation Lab III

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Standard Letter

about Clinical Simulation Lab III

RTT 4121. Clinical Simulation Lab IV.

Students are provided instruction and simulated practice in a controlled laboratory setting. A continuation of RTT 4120. This course provides instruction, demonstration and participation in immobilization, positioning and treatment simulation. Students will learn aspects of simulation for basic, intermediate, and some advanced treatment delivery applications.

about Clinical Simulation Lab IV

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Standard Letter

about Clinical Simulation Lab IV

RTT 4122. Clinical Simulation Lab V.

Students are provided instruction and simulated practice in a controlled laboratory setting. A continuation of RTT 4121. This course provides instruction, demonstration and participation in immobilization, positioning and treatment simulation. Students will learn aspects of simulation for basic, intermediate, and some advanced treatment delivery applications.

about Clinical Simulation Lab V

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

about Clinical Simulation Lab V

RTT 4189. Radiation Therapy Literary Scholarship and Manuscript Writing.

This intensive writing course provides instructions in research strategies, critical review and analysis of peer reviewed publications. An introduction to scholarly resources and professional manuscript development using peer reviewed journal guidelines for the profession of radiation therapy. This course prepares students for RTT 4191 Radiation Therapy Seminar. (WI).

about Radiation Therapy Literary Scholarship and Manuscript Writing

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Radiation Therapy Literary Scholarship and Manuscript Writing

RTT 4190. Professional Issues in Radiation Therapy.

This capstone course provides a comprehensive review of the program curriculum and clinical practice in the field. Current radiation therapy treatment management techniques and issues are presented for analysis.

about Professional Issues in Radiation Therapy

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Professional Issues in Radiation Therapy

RTT 4191. Radiation Therapy Seminar.

This course is a continuation of RTT 4189. The course provides instruction in the completion of a final draft for the student's technical manuscript. The course work builds from the completed manuscript and draws from the material and knowledge gained in RTT 4189 to develop a formal presentation.

about Radiation Therapy Seminar

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Radiation Therapy Seminar

RTT 4220. Directed Clinical Learning III.

Students will continue to develop skills during this clinical course. Progressive interaction with patients and professional personnel are monitored as students practice radiation therapy in a supervised setting. Additional areas include problem solving, identifying machine components and basic side effect management. Students will demonstrate competence in beginning, and intermediate procedures.

about Directed Clinical Learning III

2 Credit Hours. 1 Lecture Contact Hour. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about Directed Clinical Learning III

RTT 4221. Directed Clinical Learning IV.

The course provides students the opportunity to continue to develop confidence and increased skill in simulation and treatment delivery. Students will demonstrate competence in beginning, intermediate, and some advanced procedures through supervised clinical instruction, progressing through a competency-based educational sequence.

about Directed Clinical Learning IV

2 Credit Hours. 1 Lecture Contact Hour. 24 Lab Contact Hours.

Grade Mode: Standard Letter

about Directed Clinical Learning IV

RTT 4222. Directed Clinical Learning V.

The students will complete their clinical training by practicing all the skills they have learned in the classroom, lab, and clinical practicum. The students will continue demonstrating proficiency while completing the Skills Competency Checklist.

about Directed Clinical Learning V

2 Credit Hours. 1 Lecture Contact Hour. 24 Lab Contact Hours.

Grade Mode: Standard Letter

about Directed Clinical Learning V

RTT 4291. Professional Issues in Radiation Therapy.

This capstone course provides a comprehensive review of the program curriculum and clinical practice in the field. Current radiation therapy treatment management techniques and issues are presented for analysis.

about Professional Issues in Radiation Therapy

2 Credit Hours. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Professional Issues in Radiation Therapy

RTT 4310. Physics of Radiation Therapy II.

Students will continue to learn the principles of cell response to radiation. Topics covered will include properties of x-ray and gamma radiation, radiation units, x-ray production, photon interactions, beam characteristics, radioactivity, treatment units, and particle irradiation.

about Physics of Radiation Therapy II

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Physics of Radiation Therapy II

RTT 4330. Quality Assurance.

Students will study quality assurance tests related to patient charts, treatment accessories, patient communication devices, machine reading and safety devices. Emphasis on quality control procedures to include Continuous Quality Improvement (CQI), Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and responsibilities of each team member in relation to quality assurance duties.

about Quality Assurance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Quality Assurance

RTT 4331. Operational Issues in Radiation Therapy.

Course content is designed to focus on various radiation therapy operational issues. Accreditation, CQI development and assessment techniques will be presented. Human resource issues and regulations impacting the radiation therapist will be examined. Topics include the role of network information systems within the radiation oncology department. (WI).

about Operational Issues in Radiation Therapy

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Operational Issues in Radiation Therapy

RTT 4360. Dosimetry I.

This course will cover the basic concepts in treatment planning and clinical dosimetry. Students will learn to identify treatment preparation processes and needs for beam modifying devices. Students will also be taught isodose charts for several treatment arrangements and be able to calculate a variety of external beam treatment formulas.

about Dosimetry I

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Dosimetry I

RTT 4361. Dosimetry II.

Students will learn additional concepts in treatment planning and clinical dosimetry addressed in Dosimetry I. Computerized treatment planning applications will enhance the understanding of medical dosimetry.

about Dosimetry II

3 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Dosimetry II

RTT 4370. Clinical Radiation Oncology I.

The first of a two-part course, this course advances the student's knowledge of neoplastic disease management. Instruction will focus on the regional anatomy and physiology, epidemiology and etiology, detection and diagnosis, diagnostic procedures, histopathology, patterns of spread principles of treatment, staging, and prognosis.

about Clinical Radiation Oncology I

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Clinical Radiation Oncology I

RTT 4371. Clinical Radiation Oncology II.

The second of a twopart course, this course is a continuation of disease specific instruction. Instruction will focus on the regional anatomy and physiology, epidemiology and etiology, detection and diagnosis, diagnostic procedures, histopathology, patterns of spread, principles of treatment, staging, and prognosis. Prerequisite: RTT 4370.

about Clinical Radiation Oncology II

Department of Respiratory Care

Health Professions Building Room 351

T: 512.245.8243 F: 512.245.7978

www.health.txstate.edu/rc (<http://www.health.txstate.edu/rc>)

The Bachelor of Science in Respiratory Care Program prepares students to practice as respiratory care professionals and take their place as a key healthcare team member. Skilled in assessing patients with breathing disorders in the emergency room, intensive care units and many other areas in healthcare facilities, respiratory therapists work directly with physicians on newborn, pediatric or adult patients to analyze oxygen levels and breathing difficulty. Therapists administer medications to relieve breathing distress, provide pulmonary/lung therapies, and conduct lung diagnostics for all ages. Graduates find employment in many settings such as hospitals, pulmonary rehabilitation clinics, doctors offices, sleep labs, homecare, and air-life transport teams working with

patients in the emergency room, newborn/pediatric/adult intensive care units, and many other areas.

Respiratory care (RC) majors take classes on the San Marcos campus and gain clinical experience in area hospitals. Students successfully admitted to the program must complete the sequenced curriculum within the cohort group. Individuals taking core courses prior to applying for admission to the RC program should contact the College of Health Professions' Advising Office. Students completing an associate degree in RC from another university or college are eligible to apply for admission to the B.S.R.C. Program at Texas State for bachelor degree completion. For information on this option, see the department chair. The B.S.R.C. Program is accredited by the Commission on Accreditation for Respiratory Care (CoARC) and qualifies graduates to take national board credentialing exams offered by the National Board for Respiratory Care immediately upon completion.

The department also offers a graduate certificate in Polysomnographic Technology (sleep studies) at the graduate level that is fully accredited by CoARC and qualifies individuals to sit for national board credentialing exams immediately upon completion. The polysomnographic (PSG) graduate certificate is comprised of six courses (15 credit hours) with three courses offered each fall and spring. Individuals credentialed in PSG provide diagnostic and therapeutic treatment for those suffering from sleep disorders such as obstructive sleep apnea, insomnia, narcolepsy, and other conditions. Admission for the Polysomnographic Technology certificate is granted each summer for a cohort starting in the fall. Please refer to the Graduate catalog for admission requirements and course descriptions.

Admission Process

Application for admission to the RC program must be made to the RC department in addition to regular university admission procedures. All applicants must have an overall GPA of 2.50 to apply. It is highly recommended that individuals interested in applying for the RC program complete RC 2213 prior to application. Admission is competitive and enrollment is limited depending on student/faculty ratios in the clinical phase of the program. All courses must be taken in sequence and completed with a grade of C or higher in order to progress to the next semester in the curriculum. Due to performance standards of the profession, students must meet specific ADA standards in accordance with physical and emotional requirements of the academic program in order to qualify for admission.

Program Progression

Successful program progression requires students to complete each semester in a lock-step sequence with a grade of "C" or higher in all RC courses. According to departmental policy, students with a grade of less than a "C" in a RC course will be ineligible to continue the program and must reapply to the program the following year. To be considered for program readmission, all original program admission criteria must be met. If readmitted, an assessment of clinical skills will be required to determine appropriate clinical placement in the curriculum sequence.

Graduation

Requirements for B.S.R.C. completion and graduation include a Texas State GPA of 2.0 with a RC major GPA of 2.25.

Immunization Requirements

It is a policy of the College of Health Professions that each student must provide the College Health Report completed by a physician or licensed healthcare provider, and must complete specific immunizations before being placed in a clinical or internship assignment. Information on these requirements and forms may be obtained through the departmental office.

Background Checks and Drug Screening

As a condition for placement in some professional practice sites, all students are required to have a background check and/or drug screening to meet requirements of individual sites. Information on the drug screening process will be provided by the department. Previous misdemeanor or felony convictions under various titles of the Texas Penal Code may affect eligibility for state respiratory care practitioner license status following graduation and may affect admission consideration.

Bachelor of Science in Respiratory Care (B.S.R.C.)

- Major in Respiratory Care (p. 380)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Respiratory Care (RC)

RC 2213. Introduction to Respiratory Care.

This course offers an in-depth overview of the respiratory care profession to acquaint the student with the responsibilities of the respiratory therapist as part of healthcare team. Progression of the profession, career opportunities, past and future impact of profession on patient recovery and health maintenance, and medical gas therapy will be covered.

about Introduction to Respiratory Care

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Respiratory Care

RC 3125. Pulmonary Function Testing.

This course examines the most common pulmonary function tests, their techniques, and the pathophysiology that may be evaluated by each test. Pulmonary function equipment, calibration, and the American Thoracic Society guidelines will be discussed. Laboratory practice of performing the tests will be provided to develop skills for testing patients.

about Pulmonary Function Testing

1 Credit Hour. 0 Lecture Contact Hours. 4 Lab Contact Hours.

Grade Mode: Standard Letter

about Pulmonary Function Testing

RC 3212. Pharmacology.

A comprehensive study of pharmacology principles. Receptor theory, clinical applications of medications, and historical analysis of first-generation medications will be covered. Current medication trends and recommendations are also examined.

about Pharmacology

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Pharmacology

RC 3232. Hemodynamics.

This course is an advanced study of cardiovascular hemodynamic measurements. Normal cardiovascular physiology and measures are examined, as well as variations caused by disease. Current clinical trends and practices in hemodynamic procedures are also explored.

about Hemodynamics

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Hemodynamics

RC 3313. RC Clinical Practice I.

This course provides an introduction to respiratory care clinical skills, including vital signs, chest assessment, infection control, aerosolized medication delivery, oxygen therapy, hyperinflation therapy, and airway clearance. This course prepares the student for direct patient care to be performed in more advanced courses. Direct patient care is performed under close supervision.

about RC Clinical Practice I

3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about RC Clinical Practice I

RC 3314. Respiratory Care Instrumentation.

Through lectures and lab exercises, students are acquainted with concepts of design, function, and operation of basic respiratory care equipment. Oxygen cylinders, regulators, flowmeters, oxygen analyzers, oximeters, oxygen adjuncts, humidifiers, nebulizers, airways, and pressure cycled ventilators will be covered. The course also covers respiratory pharmacology, decontamination of equipment, and arrhythmia recognition.

about Respiratory Care Instrumentation

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Respiratory Care Instrumentation

RC 3315. Cardiopulmonary - Renal Anatomy & Physiology.

This course provides an in-depth human gross anatomy study of the cardiac, respiratory, and renal systems. Clinical application of pulmonary anatomy and physiology will also be explored.

about Cardiopulmonary - Renal Anatomy & Physiology

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Cardiopulmonary - Renal Anatomy & Physiology

RC 3316. Fundamentals of Respiratory Care.

This course provides a study of theories and modalities utilized in delivering, monitoring, and evaluating basic respiratory therapeutics to patients with compromised respiratory function in various healthcare settings. Aspects of artificial ventilation, arterial blood gas analysis, lung volume diagnostics, and hyperinflation intervention will be covered in patient scenarios.

about Fundamentals of Respiratory Care

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Fundamentals of Respiratory Care

RC 3321. Cardiopulmonary Pathology.

As an introduction to the assessment, treatment, and pathophysiology of respiratory diseases, this course focuses on the signs, symptoms, etiology, pathophysiology, diagnosis and treatment of selected diseases. Utilizing clinical simulation software to develop critical thinking regarding assessment, diagnostic data gathering. (WI).

about Cardiopulmonary Pathology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Cardiopulmonary Pathology

RC 3322. Critical Care Concepts.

This course provides students with an in-depth study of selected respiratory care techniques with an emphasis on the care of critically ill patients. Critical skills and knowledge of mechanical ventilation, bedside diagnostic techniques, patient monitoring, and rehabilitation are explored in the critical care setting.

about Critical Care Concepts

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Critical Care Concepts

RC 3323. RC Clinical Practice II.

Students perform clinical procedures and interact with patients and professional personnel in a healthcare institution under the supervision of a respiratory therapist. Students gain direct patient care experience as presented in medical/surgical and pediatric clinical situations. Preparatory instruction is provided for mechanical ventilation and other critical care procedures.

about RC Clinical Practice II

3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about RC Clinical Practice II

RC 3324. Critical Care Instrumentation.

A comprehensive study of advanced equipment and technology utilized in the critical care, homecare, pulmonary rehabilitation and blood gas lab settings. Lectures and class activities will detail hardware for hemodynamic monitoring, supplemental oxygen administration, noninvasive monitoring, blood gas measurement, quality control and assurance and mechanical ventilator concepts.

about Critical Care Instrumentation

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Critical Care Instrumentation

RC 3333. RC Clinical Practice III.

A supervised clinical education experience in which the student administers advanced respiratory therapeutics to patients in the adult critical care setting. Diagnostic and monitoring procedures, including arterial blood gases, bedside physiologic monitoring, airway care, advanced pulmonary function testing, ventilator management will be performed according to physician orders.

about RC Clinical Practice III

3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about RC Clinical Practice III

RC 3334. Neonatal Respiratory Care.

An in-depth study of neonatal utero development, fetal lung development, fetal circulation, and cardiovascular changes at birth. Neonatal respiratory emergencies, neonatal respiratory diseases and management, congenital defects, and respiratory care procedures specific to the neonate will be discussed. A specific emphasis on neonatal mechanical ventilation will be included.

about Neonatal Respiratory Care

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Neonatal Respiratory Care

RC 3335. RC Clinical Practice IV.

This course provides an advanced clinical education experience in respiratory therapeutics on patients in the adult critical care setting. Appropriate clinical expectations include experience in arterial blood gas procurement and measurement, bedside physiologic monitoring, airway care, and monitoring of mechanical ventilation in the intensive care unit.

about RC Clinical Practice IV

3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about RC Clinical Practice IV

RC 4211. Respiratory Care Research.

This course provides an introduction to applied experimental design, research ethics, and data analysis focusing on the respiratory care profession. Students will participate in each step the research process from developing a personal research hypothesis and research design through IRB submission. Prerequisite: HP 3302 or equivalent.

about Respiratory Care Research

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Respiratory Care Research

RC 4212. Critical Care Clinical Simulation.

This course will prepare respiratory care students to successfully navigate multiple clinical simulation patient cases. Clinical simulations covered reflect real-life patient scenarios and mirror the content found on national board exams. Students will receive focused attention on board exam review and evidence-based care.

about Critical Care Clinical Simulation

2 Credit Hours. 1 Lecture Contact Hour. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Critical Care Clinical Simulation

RC 4223. ICU Internship.

Through affiliations with agencies, hospitals and selected treatment centers, the student interns in the intensive care setting by providing patient care and administering critical care therapeutics. Analysis and clinical application of advanced ventilator care of patients is emphasized along with patient care diagnostics and management in the ICU.

about ICU Internship

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Grade Mode: Credit/No Credit

about ICU Internship

RC 4224. Research Seminar.

A study of the research process from a review of research design to methodology implementation including data collection, statistical analysis, and presentation of a research proposal on a topic in the respiratory care discipline. The course provides direct research experience culminating in a research paper and presentation.

Prerequisite: RC 4211.

about Research Seminar

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Research Seminar

RC 4225. Specialization Internship.

This course provides the student with an internship opportunity to gain clinical experience in sub-specialty areas including pediatrics, adult intensive care, neonatal intensive care, pulmonary function testing, home care/durable medical equipment, subacute care, pulmonary rehabilitation, polysomnography, education, and research. Specific specialty offerings will be based on clinical availability.

about Specialization Internship

2 Credit Hours. 0 Lecture Contact Hours. 8 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Credit/No Credit

about Specialization Internship

RC 4314. Advanced Ventilator Concepts.

This course provides an in-depth study of specific adult mechanical ventilators addressing traditional and proposed ventilator classification, various methods of operation, parameter interrelationships and ventilator patient monitoring. Lectures and class activities will focus on ventilator analysis of several contemporary volume-, time-, pressure- and flow-cycled ventilators with advanced graphics interpretation required.

about Advanced Ventilator Concepts

3 Credit Hours. 2 Lecture Contact Hours. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Advanced Ventilator Concepts

RC 4316. RC Clinical Practice IV.

This course provides an advanced intensive care clinical education requiring students to monitor and administer critical care therapeutics on assigned patients in the adult and neonatal critical care setting.

Cardiopulmonary diagnostic experience will be gained through arterial blood gas and co-oximetry assessment with ventilator graphic analysis.

about RC Clinical Practice IV

3 Credit Hours. 0 Lecture Contact Hours. 16 Lab Contact Hours.

Grade Mode: Standard Letter

about RC Clinical Practice IV

RC 4317. Pulmonary Rehabilitation.

This course is designed to introduce students to the medical, ethical, and insurance reimbursement issues of pulmonary rehabilitation, homecare, and sleep diagnostic facilities. The role of therapists in case management, treatment requirements, and discharge planning along with the impact of legislation, regulations, and politics will be explored.

about Pulmonary Rehabilitation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Pulmonary Rehabilitation

RC 4318. Independent Study in Respiratory Care.

This course provides the student an in-depth study on a topic or healthcare problem impacting respiratory care. The course may be repeated for credit with a different emphasis.

about Independent Study in Respiratory Care

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Independent Study in Respiratory Care

RC 4321. Leadership and Management for Respiratory Care Professionals.

This course is designed to comprehensively examine the dynamic evolution of respiratory care as a profession. The role of the respiratory care professional in the areas of leadership, management, and professional ethics will be explored with regards to the profession's impact on legislation, regulation, and politics. (WI).

about Leadership and Management for Respiratory Care Professionals

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Leadership and Management for Respiratory Care Professionals

RC 4322. RC Practitioner Seminar.

Students will research and present selected case studies by students to physicians, therapists, and colleagues. Presentations will emphasize total patient management with etiology, symptoms, pathophysiology, diagnosis, and treatment of specific diseases including asthma, pulmonary embolism, CHF, COPD, ARDS, neurologic diseases, inhalational injury, pneumonia, sleep disordered breathing, AIDS, and drug overdose. (WI).

about RC Practitioner Seminar

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

 Sociology—Chad L. Smith, Ph.D.

The College of Liberal Arts provides students with the foundation for a liberal education, preparing graduates to think independently, to choose freely, to base personal and professional decisions on a broad understanding of history and culture, and to live full, rewarding lives. Recognizing the central importance of liberal education, the university requires that more than fifty percent of the general education core curriculum be taken in the College of Liberal Arts, and students increasingly declare majors or minors in one of the college's nine departments or special programs.

The College of Liberal Arts offers the Bachelor of Arts in each of its nine departments: Anthropology, English, Geography, History, Modern Languages, Philosophy, Political Science, Psychology, and Sociology. The Bachelor of Science is awarded in Anthropology, Psychology, Sociology, and Geography. The college also offers two special degrees: the Bachelor of Arts in International Studies (B.A.I.S.), and the Bachelor of Public

Administration (B.P.A.). The college houses eleven interdisciplinary minors: Aging and the Life Course, Diversity Studies, International Studies, Media Studies, Medieval and Renaissance Studies, Nature and Heritage Tourism, Religious Studies, Southwestern Studies, Studies in Popular Culture, Value Studies, and Women's Studies. The college provides education not only in the traditional humanities but also in the practical application of the humanities to professional careers.

Specific Requirements of the College of Liberal Arts

The following requirements apply to all degree programs within the College of Liberal Arts. Students transferring in more than 15 hours will not be required to complete US 1100 – University Seminar. Bachelor of Arts degrees require two semesters of literature and one additional science course. Transferring in a core coded 040 course from another institution does not waive this requirement. See your academic advisor for questions related to these requirements.

Academic Advising Center

Flowers Hall Room 322
T: 512.245.1852 F: 512.245.7949
www.txstate.edu/liberalarts/advisingcenter (<http://www.txstate.edu/liberalarts/advisingcenter>)

The College of Liberal Arts Academic Advising Center provides effective guidance to a diverse community with integrity and commitment. In a supportive and collaborative environment, we motivate our students to take an active role in achieving their educational goals. The advising center works in cooperation with each department and center to provide quality academic advising and information to majors and minors within the College of Liberal Arts. The advising center is a resource for students, as advisors offer counseling on academic and administrative issues. Students can find information on core curriculum requirements, majors and minors, semester course selection, transfer credit, academic probation and suspension, progress toward degree completion, study abroad opportunities, and career options.

As students progress toward the completion of their degree, academic advisors recommend they follow a checklist of their major and a degree audit to guide them in course selection. Our advisors are available to offer explanations of these documents and assist in the process of applying for graduation. From new student orientation to graduation, academic advisors work closely with departments and centers in the college and throughout the university to ensure that each of our students has a successful academic career.

In an effort to prepare our Liberal Arts students for a career that offers them the opportunity to use their broad range of skills and abilities, the advising center has partnered with Career Services to bring special events and programs to the students in the college. In addition to meeting the individual needs of students, Career Services and the College of Liberal Arts frequently host programs and panels for specific majors where students can network with professionals.

Center for International Studies

Derrick Hall Room 101
T: 512.245.2339 F: 512.245.7857
www.txstate.edu/internationalstudies (<http://www.txstate.edu/internationalstudies>)

In Texas and throughout the United States, demand for graduates with knowledge of international business, cultural and area studies, and language skills continues to increase. The growing movement toward intercontinental and international trade blocs, such as NAFTA and the European Union, has created a need for persons who are not only skilled in business and communications technology, but also cultural understanding and international business practices. The Bachelor of Arts in International Studies (B.A.I.S.) degree offered by the Center addresses this need and prepares students for work in multinational corporations, state and federal governmental agencies with international divisions, and nonprofit corporations.

In addition to its academic programs, the Center gives its students several opportunities to develop global awareness and intercultural sensitivity during their undergraduate years, including internships and study abroad.

Academic Advising

Both pre-majors and declared majors will receive advising assistance from the College of Liberal Arts Academic Advising Center. The Center for International Studies employs a full time academic program coordinator who provides information on graduate study, internships, and planning for study abroad. The Center works closely with the Office of Career Services to prepare students for internationally-focused careers in various fields, and with the College of Liberal Arts Academic Advising Center to ensure our students' timely graduation.

Admission and Graduation Requirements

All majors in International Studies are required to have at least a sophomore standing, successfully completed ENG 1310, ENG 1320, HIST 1310, HIST 1320, POSI 2310 and POSI 2320, or approved equivalents and a minimum 3.00 Texas State GPA to officially declare the major. Eligible students should schedule an advising appointment with the Liberal Arts Advising Center to declare the major in International Studies. For graduation, all majors are required to maintain a TxSt GPA of 3.00, a major GPA of 3.00, complete the Texas State general education core curriculum (including the additional special requirements for the Bachelor of Arts), the International Studies Core, and the International Studies major courses. Additionally, all undergraduate students pursuing the B.A.I.S. degree are required to complete a global academic experience. The requirement can be fulfilled by a study abroad course or the IS 4387, International Studies Internship, if it entails international work, service, or group research. The Center's director and academic program coordinator will work closely with IS majors to find the best options for faculty-led or independent international study. International Studies majors are not required to complete a minor. Students must meet all course prerequisites. Please see the College of Liberal Arts, and Degrees and Programs sections of this catalog for specific information on the general education core curriculum, and special requirements for the Bachelor of Arts.

International Studies majors are required to complete the special requirements in science, modern language, and English for the Bachelor of Arts listed under the Degrees and Programs section of this catalog. For International Studies majors, the list of approved additional science courses under that section is expanded to include statistics. Approved statistics courses are:

QMST 2333	Business Statistics	3
SOCI 3307	Statistics for the Behavioral Sciences	3
GEO 3301	Research Methods in Geography	3

POSI 3377	Analytical Techniques	3
CJ 3347	Statistics For Criminal Justice	3
HP 3302	Biostatistics	3
MATH 2358	Discrete Mathematics I	3
MATH 3305	Introduction to Probability and Statistics	3

International Studies Core

All majors in International Studies are required to complete 27 hours of core courses:

ECO 2314	Principles of Microeconomics	3
ECO 2315	Principles of Macroeconomics	3
GEO 1310	World Geography	3
GEO 3303	Economic Geography	3
HIST 2310	Western Civilization to 1715	3
or HIST 2311	History of World Civilization to the 17th Century	
HIST 2312	History of World Civilization from the 17th Century	3
or HIST 2320	Western Civilization, 1715 to Date	
IS 4380	International Studies Seminar	3
POSI 3322	Introduction to International Studies	3
Modern Language of one advanced (3000- or 4000-level) course in the same language that was completed for the additional BA requirements		3
MODL 2310	Intermediate Modern Languages I	
MODL 2320	Intermediate Modern Languages II	

Total Hours **27**

Bachelor of Arts in International Studies (B.A.I.S.)

- Major in International Studies (Asian Studies Focus) (p. 383)
- Major in International Studies (European Studies Focus) (p. 384)
- Major in International Studies (Interamerican Studies Focus) (p. 385)
- Major in International Studies (International Business Focus) (p. 385)
- Major in International Studies (Middle East/African Studies Focus) (p. 386)

Minor

- International Studies (p. 389)

Certificates

- Interamerican Studies (p. 389)
- Southeast Asian Studies (p. 389)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in International Studies (IS)

IS 4380. International Studies Seminar.

A senior-level seminar that explores international topics through reading, writing, research and group discussion. Students will be expected to produce a significant research paper. This course is required for all International Studies majors and should be taken in the senior year of undergraduate study.

about International Studies Seminar

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about International Studies Seminar

IS 4387. International Studies Internship.

A semester-long work and study experience in a local, national, or foreign setting. Internships must be approved by the director of the Center for International Studies. May be repeated for credit.

about International Studies Internship

3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about International Studies Internship

IS 4687. International Studies Internship.

A semester long work and study experience in a local, national, or foreign setting. Internships must be approved by the director of the Center for International Studies. Open to International Studies majors and minors with 60 or more undergraduate hours and a minimum Texas State GPA of 3.00. Repeatable once for credit.

about International Studies Internship

6 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Multicultural Content

Grade Mode: Standard Letter

about International Studies Internship

Bachelor of Arts in International Studies (B.A.I.S.) Major in International Studies (Asian Studies Focus)

Minimum required: 120 semester hours General Requirements

1. Choose 9 courses (27 hours) from the list of prescribed electives for the Asian Studies focus. No more than 3 courses (9 hours) can be taken from a single discipline
2. All students are required to complete a global academic experience that can be fulfilled by a study abroad course or the IS 4387, if it entails international work, service, or group research. Consult with the academic program coordinator in the Center for International Studies for options.

Bachelor of Arts in International Studies (B.A.I.S.) Major in International Studies (Travel and Tourism Focus)

Minimum required: 120 semester hours

General Requirements

1. Required courses:

ACC 2301	Accounting in Organizations and Society	3
GEO 3340	Political Geography	3
6 hours advanced European or World HIST electives (one course before 1700, and one course after 1700; see Department of History Group A and B courses)		6
MGT 3303	Management of Organizations	3
MKT 3343	Principles of Marketing	3
IS 4687	International Studies Internship	6
2. Choose 2 additional courses (6 hours) from the list of prescribed electives for the Travel and Tourism focus.
3. It is strongly recommended that students also complete ENG 2330 and ENG 2340 to satisfy the general education core and additional B.A. sophomore ENG Literature requirements.
4. All students are required to complete a global academic experience that can be fulfilled by a study abroad course or an independent study/research course if it entails international work, service, or group research. Consult with the academic program coordinator in the Center for International Studies for options.

² Students are required to select courses from a list of prescribed (preapproved) electives specific to each International Studies Focus. For a complete list of course options that will satisfy the International Studies - Travel and Tourism focus, please visit the Center for International Studies website at www.txstate.edu/internationalstudies.

Bachelor of Arts in International Studies (B.A.I.S.) Major in International Studies-International Relations

Minimum required: 120 semester hours
General Requirements

1. Required Courses:

ECO 3317	International Economics	3
GEO 3340	Political Geography	3
HIST 3357	History of U.S. Foreign Relations	3
POSI 4356	International Law	3
POSI 4359	Politics of International Economic Relations	3
Select two of the following:		6

COMM 3318K Diversity and Communication

COMM 3318M Intercultural Communication in the Americas

COMM 3329 Intercultural Communication

ECO 3353 Comparative Economic Systems

GEO 3349 Population Geography

or SOCI 3320 Population Dynamics

H ED 3301 Environmental Health Issues

H ED 3348 Prevention of Disease

MC 4303 International Advertising

PHIL 3322 Professional Ethics

POSI 4326 Issues in World Politics

POSI 4327 Theories of International Politics

POSI 4345 American Foreign Policy

POSI 4357 International Organization

POSI 4367 International Conflict and Security

PSY 4393 International Psychology

SOCI 3328 Complex Organizations

SOWK 3339 Selected Topics in Social Work (when emphasis is international)

Select one of the following: 3

HIST 3312 Renaissance and Reformation

HIST 3313 Europe During the Old Regime, 1600-1760

HIST 3322 Colonial History of Latin America to 1828

HIST 4307 Medieval European History, 300-1400

HIST 4317 Tudor-Stuart England, 1485-1689

HIST 4320 Origins of Christianity

HIST 4325 Islamic History to 1798

HIST 4333 The History of Russia and Eurasia to 1917

Select one of the following: 3

HIST 3311 History of Europe Since 1919

HIST 3314 Revolutionary Europe, 1760-1815

HIST 3324 Latin America from Independence to Present

HIST 4326 The Modern Middle East

HIST 4334 The History of Russia and Eurasia from 1917 to Present

HIST 4336 Germany from 1815 to Present

HIST 4343	Modern China, 1600-Present
HIST 4344	Modern Japan, 1600-Present
HIST 4350B	Origins of the Modern Global Economic System
HIST 4373	Economic and Social History of the Americas

2. All students are required to complete a global academic experience that can be fulfilled by a study abroad course or the IS 4387, if it entails international work, service, or group research. Consult with the academic program coordinator in the Center for International Studies for options.

- ² Students are required to select courses from a list of prescribed (preapproved) electives specific to each International Studies Focus. For a complete list of course options that will satisfy the International Studies Focus, please visit the Center for International Studies website at www.txstate.edu/internationalstudies (<http://www.txstate.edu/internationalstudies>).

Certificate in Interamerican Studies

The Certificate in Interamerican Studies is an innovative program that seeks to educate leaders who are knowledgeable about society, history, culture, languages, government, and business between the United States, Canada, and Mexico in order to improve their ability to be successful in a number of major fields that deal with these countries including trade, conflict, resolution, cultural exchanges, hemispheric security, environmental and health threats, agriculture, access to water, Cuba, immigration and migration, drug trafficking, human rights, democratic institutions, media, public opinion, and labor. It also aims to familiarize students with the tri-lingual and tri-cultural nature of the United States, Canada, and Mexico with the aim of improving their ability to manage or work for firms or government agencies that deal with these countries. Enrollment is open to all degree seeking and post-baccalaureate students who satisfy individual course prerequisites and who are in good academic standing at Texas State.

The certificate requires 18 hours that may be accommodated within the hours required in the undergraduate curriculum for most majors. Six courses will be selected from the list of approved electives. For the complete list of course options that will satisfy the Interamerican Studies Certificate, please visit the Center for International Studies website at www.txstate.edu/internationalstudies (<http://www.txstate.edu/internationalstudies>).

Certificate in Southeast Asian Studies

The Certificate in Southeast Asian Studies is an undergraduate program of study that concentrates on Southeast Asia and offers students a credential to show that they have an academic specialization on the ASEAN Bloc. Enrollment is open to all degree seeking and post-baccalaureate students who satisfy individual prerequisites and who are in good academic standing at Texas State.

The Certificate requires 18 semester credit hours that may be accommodated within the hours required in the undergraduate curriculum for most majors. Six courses will be selected from the list of approved electives. For the complete list of course options that will satisfy the Southeast Asian Studies Certificate, please visit the Center for International Studies website at www.txstate.edu/internationalstudies (<http://www.txstate.edu/internationalstudies>).

Minor in International Studies

The minor requires 21 semester hours, which includes:

GEO 1310	World Geography	3
GEO 3303	Economic Geography	3
POSI 3322	Introduction to International Studies	3
Select one of the following:		3
ECO 3317	International Economics	
POSI 4326	Issues in World Politics	

POSI 4327	Theories of International Politics	
POSI 4356	International Law	
POSI 4357	International Organization	
POSI 4359	Politics of International Economic Relations	
POSI 4367	International Conflict and Security	
Advanced Electives ¹		9
Total Hours		21

¹ The nine hours of advanced electives are to be selected from an approved list that is available in the Center for International Studies. Please contact an advisor for this list. All courses attempted toward the minor must be completed with a minimum grade of "C" or better.

Center for Diversity and Gender Studies

Undergraduate Academic Center Room 478
T: 512.245.2361 F: 512.245.1414
www.mcgs.txstate.edu (<http://www.mcgs.txstate.edu>)

The Center for Diversity and Gender Studies in the College of Liberal Arts administers both the Diversity Studies minor at the undergraduate level and the Women's Studies minor at the undergraduate and graduate levels. The Center helps prepare students to work and live in a pluralistic society through curricular and co-curricular activities — symposia, workshops, exhibits, theater productions, diversity reading discussions, and research projects. In addition, it assists faculty with resources and professional development activities to encourage the infusion of multiculturalism in the curriculum through a Multicultural Curriculum Transformation and Research Institute. It houses a resource area with more than 300 books, articles, and syllabi. The Center sponsors a Women and Gender Research Collaborative with its own online professional peer reviewed *Journal of Research on Women and Gender*. Through private donations, Diversity and Gender Studies offers annual scholarships to students. The director of the Center works in collaboration with an advisory council of faculty and staff representing several Texas State colleges and departments.

Key issues for prospective minors to consider:

- Tomorrow's graduates will be entering a work force dominated by technological, service, and communication industries with an increasingly diverse workplace and clientele.
- Employer demand is increasing for diversity knowledge and skills among today's college students.
- In 2010, the Hispanic, Asian and African American population in Texas grew to approximately 53%—or the majority in the state.
- Well-rounded graduates have included in their liberal arts education a greater-knowledge of their cultural history and traditions.

Minors

- Diversity Studies (p. 391)
- Women's Studies (p. 392)

Subjects in this center include: DVST (p. 390), WS (p. 390)

Courses in Diversity Studies (DVST)

DVST 3301. Introduction to Diversity Studies.

The course is a general, multi-disciplinary and comparative survey of U.S. diversity issues. It highlights the traditional minorities, such as African, Latino/a American, Native, and Asian Americans, as well as European American ethnic groups. It also explores issues related to religion, age, sexual orientation, gender identity, and physical ability/disability.

about Introduction to Diversity Studies

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Introduction to Diversity Studies

DVST 3320. Introduction to Global Diversity Issues.

This course provides an understanding of relationship between U.S. and other nations in terms of economics, politics, and culture. Students will examine how colonialism shaped developed and underdeveloped nations, investigate grassroots activism in response to globalization and will examine how policies formulation by one country has consequences for other countries.

about Introduction to Global Diversity Issues

about Independent Research in Women's Studies

Minor in Diversity Studies

The 18-hour minor provides for an interdisciplinary approach to Diversity Studies. It also provides conceptual frameworks for exploring new perspectives which recover the history and creative expressions previously excluded by the traditional approaches to higher education. The minor fosters students development of self, voice, and moral vision to prepare students to live and work effectively in a pluralistic society. Although not required, the minor currently offers students the option of a concentration in a special topics area. The special topics include: African American, American Indian or Latino American Studies, Latinos and the Media. Students may also explore issues related to religion, age, sexual orientation, and physical ability and disability. Using the courses available students may design a special focus based on their interest or career path.

The required core course, (3 hours) DVST 3301 offers a general, multidisciplinary and comparative survey.

The general requirement block (9 hours): This area is meant for courses that focus specially on issues related to American ethnic groups and their country of origin, women and gender issues, sexual orientation, religion, age, and ability/disability issues.

The general concepts electives block (6 hours) deals more broadly with concepts of diversity. These courses provide a theoretical framework for understanding comparative, interdisciplinary approaches to the study of diversity. Related diversity topics may be substituted here also.

¹ Special topic courses (those offered on a selective basis) may count toward the minor with the permission of the U.S. Ethnic Studies Program Director.

Minor in Women’s Studies

The 18-hour minor offers an interdisciplinary program that concentrates on the images and realities of women. Drawing on recent scholarship on women and gender, the Women’s Studies minor provides a flexible, coherent program that enables students to consider the significance of gender.

On a personal level, courses in this program enhance the human potential of both men and women, because knowledge about how societies construct gender relations can encourage students to examine their own attitudes and behavior. On an academic level, a minor in Women’s Studies provides study of the ongoing scholarship about women and gender and offers students the opportunity for exciting intellectual growth. On a professional level, the minor provides a valuable specialty to prepare students for opportunities in a variety of fields, including business, counseling, education, government, health and medicine, human resources, law, politics, psychology, social work, and graduate studies. The Women’s Studies minor helps students recognize their opportunities in a rapidly changing society and flexibly complements any major.

The two required core courses (6 hours) are WS 3376 and WS 3377. They examine the images of women that are prevalent in Western culture (with examples being drawn from films, literature, visual arts, and popular music) as well as those topics and issues related to the realities of women’s lives.

Required Core Courses

WS 3376	Images of Women	3
WS 3377	Realities of Women	3

Elective Courses

Center for the Study of the Southwest

Brazos Hall Room 212
T: 512.245.2224 F: 512.245.7462
www.txstate.edu/cssw (<http://www.txstate.edu/cssw>)

The Center for the Study of the Southwest in the College of Liberal Arts, established in February 1990, has a threefold mission: curriculum development, public outreach, and research. Its 18-hour interdisciplinary minor, administered jointly with the Department of English, was approved in 1992. The Center draws faculty from varied disciplines (Art, Biology, English, Geography, History, and others); it disseminates information about its programs and research through *Southwestern American Literature*, a biannual journal devoted to the literature and culture of the Greater Southwest, and *Texas Books in Review*, a biannual that monitors publications from or about Texas.

The Center for the Study of the Southwest, funded in part by grants from the National Endowment for the Humanities, promotes the exchange of knowledge about regional humanities issues among individuals, communities, and institutions across the four-state region of Texas, New Mexico, Arizona, and Nevada. The Center encourages students, teachers, and the general public to understand the power of place to build identity, honor diversity, strengthen community, and celebrate the human spirit.

Minor

- Southwestern Studies (p. 392)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Minor in Southwestern Studies

A minor in Southwestern Studies requires 18 semester hours:

Total Hours**18**

No more than three courses, including core courses, in a single department may count toward this minor. A course may not be used to satisfy both a major and a minor requirement. Students should check with individual departments for course prerequisites. Relevant Honors and special topics courses may be substituted with permission from the Center for the Study of the Southwest.

Department of Anthropology

Evans Liberal Arts Building Room 266

T: 512.245.8272 F: 512.245.8076

www.txstate.edu/anthropology (<http://www.txstate.edu/anthropology>)

Anthropology is the study of human cultural and biological variation and evolution. It is a holistic discipline taking into consideration all aspects of human existence. Anthropology is divided into four major sub-fields: cultural anthropology, biological anthropology, archaeology, and linguistic anthropology. The anthropology program at Texas State offers coursework and training in each of these areas. Graduates enter a wide range of professions including foreign affairs, journalism, education, medicine and medical research, health professions, human resources, academia, criminal justice, museum science, international business, and contract archaeology.

Anthropology majors may choose from two degree plans. The Bachelor of Arts (B.A.) degree in Anthropology is designed to prepare students for professional careers or graduate study. An understanding of the world's cultural and biological diversity is especially valuable in today's global economy. The Bachelor of Science (B.S.) degree in Anthropology is specifically designed to expand the science training of students and prepare them for professional careers or graduate study. Students pursuing either degree have the opportunity to participate in departmental field schools, archaeological excavations, and/or an internship program to support their education and career goals.

Bachelor of Arts (B.A.)

- Major in Anthropology (p. 401)

Bachelor of Science (B.S.)

- Major in Anthropology (p. 402)

Minor

- Anthropology (p. 403)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Courses in Anthropology (ANTH)

ANTH 1312. Cultural Anthropology.

In this course students examine the nature of cultural variation of populations in the present and recent past. Its subjects include social, political, economic, and ideological aspects of human cultures. about Cultural Anthropology

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Latin American Cultures

ANTH 3315. Archaeology of the Southwest.

An examination of the prehistory and early cultures of the Greater Southwest from the first arrival of humans as early as 20,000 years ago to the coming of the Spaniards in the 16th century. The course covers several mammoth kill sites at the end of the Pleistocene; the emergence of Archaic hunters and gatherers and the appearance of agriculture about two thousand years ago, leading to the three major cultures in the southwest—the Mogollon, the Hohokam and the Anasazi, the last in multistoried pueblos and cliff dwellings. (MC).

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Archaeology of the Southwest

ANTH 3316. The Origin and Evolution of Human Behavior.

This course presents our current understanding of Old World Paleolithic Archaeology. The origin and evolution of hominid behavior, the initial colonization of the Old World, and the development of modern human behavior will be discussed for each continent. (WI).

about The Origin and Evolution of Human Behavior

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about The Origin and Evolution of Human Behavior

ANTH 3317. Rock Art Field Methods.

This course will train students in rock art field methods. They will gain first-hand experience recording rock art sites through photography, field sketches, mapping, and written inventories. Students will generate a visual and written description of the art, which they will use to infer and explain past human behavior.

about Rock Art Field Methods

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Rock Art Field Methods

ANTH 3318. Texas Archaeology.

This course will present our current understanding of Texas archaeology. The environmental and social contexts of prehistoric, protohistoric, and historic records of Native American and Spanish occupations in Texas are discussed. Prerequisite: ANTH 2415. (MC) (WI).

about Texas Archaeology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Texas Archaeology

ANTH 3319. Human Growth and Development.

In this course students focus on the life history of humans from birth to death, and consider how humans grow and change both biologically and psychologically over the course of their lives. Topics include life stages, sex differences, nutrition, environment, growth disorders, and the evolution of human growth.

about Human Growth and Development

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Human Growth and Development

ANTH 3322. Peoples and Cultures of Africa.

This course is a general introduction to the contemporary peoples and cultures of Africa. Students will examine the social structure, economy, political systems, and religions of African cultures in the context of the radical economic and social transformations affecting the area. (MC).

about Peoples and Cultures of Africa

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Peoples and Cultures of Africa

ANTH 3324. Mexican American Culture.

An examination of the history and culture of Mexican Americans with an emphasis on the analytical concepts of culture, race, class, and gender. Lectures, films, and selected readings (including chapters from anthropological and literary books and journals) will be used to portray the diversity of Mexican American experiences in this country. Topics include religion, politics, economy, identity politics, popular culture, sexuality, marriage and the family. (MC).

about Mexican American Culture

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Mexican American Culture

ANTH 3325. Medical Anthropology.

This course focuses on how illness identities are culturally constructed, how adaptations or maladaptations to local environments affect health, how political and economic forces influence health and health behaviors, and how the practice of medical anthropology can contribute to solving urgent health issues around the world.

about Medical Anthropology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Medical Anthropology

ANTH 3326. Maya History and Society.

The purpose of this course is to develop a knowledge of Maya Civilization from historical as well as anthropological perspectives. Students will study the features of the Classic Period Maya and modern Maya societies including the religious and economic life styles. (MC).

about Maya History and Society

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Maya History and Society

ANTH 3327. Anthropology of Religion and Fundamentalism.

This course provides students with current and historical approaches to the anthropology of religion with a particular emphasis on fundamentalism. It focuses on the development of religious fundamentalism in different cultural contexts, geopolitical situations, and religious traditions.

about Anthropology of Religion and Fundamentalism

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Anthropology of Religion and Fundamentalism

ANTH 3328. Primate Cognition.

In this course students investigate historical and current views regarding the cognitive capacities of nonhuman primates, and the extent to which these abilities are shared with humans. Topics include social cognition, numerical cognition, problem solving, tool use, culture, communication, theory of mind, deception, selfrecognition, and imitation. (WI).

about Primate Cognition

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Primate Cognition

ANTH 3329. Comparative Juvenile Behavior.

This course will give students a thorough understanding of the comparative method through examples from the development of juvenile animals. It will introduce students to socioecology, neurobiology, and life history markers, with information that they can apply across disciplines. (WI).

about Comparative Juvenile Behavior

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Comparative Juvenile Behavior

ANTH 3332. Myths and Moundbuilders.

This course presents an anthropological approach to Native Americans of the Southeastern United States, their culture and beliefs. (MC).

about Myths and Moundbuilders

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Myths and Moundbuilders

ANTH 3333. North American Indians.

This course will examine the prehistoric development of native, North American culture with special emphasis on art, religion, and the cultural mechanisms through which native Americans deal with non-native American contemporary social and political developments. Prerequisite: ANTH 1312. (MC).

about North American Indians

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about North American Indians

ANTH 3335. The Anthropology of Native American Belief Systems.

In this course students use anthropological approaches to investigate past and present Native American belief systems in order to determine the temporal range and evolving complexity of Native American religious and ritual expression.

about The Anthropology of Native American Belief Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about The Anthropology of Native American Belief Systems

ANTH 3336. Community Research Project.

This course gives students the opportunity to conduct hands-on anthropological research on a variety of topics in local or other communities. Students will undertake individualized research projects designed in conjunction with the professor. Students must consult with the professor prior to enrollment to design the research project and receive approval.

about Community Research Project

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Community Research Project

ANTH 3338. Geoarchaeology.

This course will teach students how to interpret sediments and the nature of sediment accumulation at archeological sites. Course topics include sedimentology, natural depositional environments, weathering processes and soil development, stratigraphic analysis, and archaeological site formation processes. (WI).

about Geoarchaeology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Geoarchaeology

ANTH 3340. Human and Primate Origins.

An examination of the long and diverse record of human and nonhuman biological adaptations as viewed from the fossil record. It examines the functional and ecological challenges that may have been responsible for the path of human development.

about Human and Primate Origins

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Human and Primate Origins

ANTH 3342. Primate Behavior.

This course examines a wide variety of aspects of ecology, identification, and behavior among the living primates (prosimians, monkeys, apes, and humans). Topics which are emphasized include general primate trends, social structure and composition, communication, aggression and dominance, socialization, and primate psychology.

about Primate Behavior

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.

Grade Mode: Standard Letter

about Primate Behavior

ANTH 3343. Human Variation and Adaptation.

This course examines the physical variation observable within and between human populations. It emphasizes a functional approach whereby variation is examined in relation to biological adaptation. It explores the biological mechanisms responsible for change and evaluates the potential of biological components in human behavior.

about Human Variation and Adaptation

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Human Variation and Adaptation

ANTH 3345. Archaeology of Mexico.

This course examines the development of culture from early hunters and gatherers through the appearance of agriculture to the rise of civilization. The focus of the course is on the emergence of complex society among groups such as the Olmec, Aztec, and Maya. (MC).

about Archaeology of Mexico

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Archaeology of Mexico

ANTH 3347. Archaeology of North America.

This course describes human settlement of North America from the end of the Pleistocene to European discovery. It considers early occupation of arctic, plains, and forested regions and development during archaic times of Adena, Hopewell, and Mississippian societies in the Southeast and Mogollon, Hohokam, and Anasazi in the Southwest. Prerequisite: ANTH 2415.

about Archaeology of North America

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Archaeology of North America

ANTH 3348. Rainforest Ecology.

In this course students will learn about the ecology and conservation of rainforest flora and fauna by participating in fieldwork in the rainforests of Mexico. Prior introductory biological anthropology, animal behavior, botany, or biology courses are helpful but are not required to register for this course.

about Rainforest Ecology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Rainforest Ecology

ANTH 3349. The Incas.

The Incas were the largest Pre-Columbian empire in the Americas and this course will explore the origins of this civilization and how they conquered such a large area of South America. Using archaeological and historic information the class will examine various aspects of Inca society including religion, economics, and kingship.

about The Incas

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about The Incas

ANTH 3350. Gender and Sexuality in Cross-cultural Perspective.

This course examines historical and contemporary issues related to gender and sexuality from a global, cross-cultural perspective. It will focus on cultural constructions of gender and sexuality, including gender stratifications, biology and evolution, families and kinship, work, sex work, diverse sexualities, media representations, and domestic and sexual violence. (MC).

about Gender and Sexuality in Cross-cultural Perspective

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Gender and Sexuality in Cross-cultural Perspective

ANTH 3354. Latin American Gender and Sexuality.

This course examines cultural constructions of gender and sexuality among both the indigenous and immigrant populations throughout the Americas, with a special emphasis on gender inequalities in Greater Latin America. (MC).

about Latin American Gender and Sexuality

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Latin American Gender and Sexuality

ANTH 3355. Introduction to Yucatec/Lacandon Maya.

This course introduces students to the fundamentals of the language of the Maya Indians of southern Mexico through lecture and "hands-on" class exercises with native Maya speakers.

about Introduction to Yucatec/Lacandon Maya

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Yucatec/Lacandon Maya

ANTH 3356. Archaeology of Andean Civilizations.

This course examines the cultures of the Andes Region of South America with an emphasis on pre-Columbian and contemporary peoples of the area.

about Archaeology of Andean Civilizations

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Archaeology of Andean Civilizations

ANTH 3360. Economic Anthropology.

Reviews central issues in economic anthropology, using both case studies and theoretical writings. Analyzes production, exchange, distribution, consumption, property, economic surplus, inheritance, and types of economic structure. Materials will cover huntergatherer societies, simple agricultural societies, pre-capitalist complex state societies, and issues of development in nonindustrialized countries.

about Economic Anthropology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Economic Anthropology

ANTH 3361. Archaeological Field Methodology.

In this course students will learn about planning, organizing, and carrying out archaeological field investigations from survey to excavation to specialized data recovery. The focus is on the research strategies, techniques and logistics necessary to design and accomplish successful field research. Prerequisite ANTH 2415. (WI).

about Archaeological Field Methodology

3 Credit Hours. 2 Lecture Contact Hours. 1 Lab Contact Hour.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Archaeological Field Methodology

ANTH 3363. The Art and Archaeology of the Olmec.

This course will present our current understanding of the art and archaeology of the Olmec culture, the earliest known civilization in North America. The Olmec culture is considered the influential foundation for later Mesoamerican civilizations such as the Maya and the Aztec.
about The Art and Archaeology of the Olmec

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about The Art and Archaeology of the Olmec

ANTH 3364. Biological Basis of Human Behavior.

Students in this course evaluate studies on the biological basis of human behavior and explore the question of whether behavioral patterns are genetically fixed. It includes popular and scientific approaches to themes such as the evolution of human behavior, biology and behavior, race and racism, biological determinism, and human universals.
about Biological Basis of Human Behavior

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Biological Basis of Human Behavior

ANTH 3376A. Mixtec Codices: Prehispanic Literature of Oaxaca.

This course surveys the dominant prehispanic cultures of Oaxaca, the Zapotec and Mixtec Indians, and focuses on the Mixtec pictogram fan-fold books called codices. (WI).
about Mixtec Codices: Prehispanic Literature of Oaxaca

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter

about Mixtec Codices: Prehispanic Literature of Oaxaca

ANTH 3376N. Curation of Archaeological Materials.

This course provides students with the skills to prepare archaeological materials for curation, which includes the processes and techniques used to stabilize and preserve organic and inorganic materials. This training can be used to gain certification in the field of archaeological curation. Prerequisite: 2415.
about Curation of Archaeological Materials

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Curation of Archaeological Materials

ANTH 3376P. Archaeology of the Earliest Americans.

This course focuses on the long-standing and controversial issues of when, how, and who first peopled the Americas. This is a significant aspect of human prehistory and remains unresolved. Students will use archaeological, biological, linguistic, and environmental evidence to help identify the first inhabitants of the New World.
about Archaeology of the Earliest Americans

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter

about Archaeology of the Earliest Americans

ANTH 3376Q. Field Methods in Forensic Anthropology.

In this course students will learn how to locate, excavate and recover human remains, associated personal effects, and other materials in order to ensure legal credibility for all recoveries. Prerequisite: ANTH 4382.
about Field Methods in Forensic Anthropology

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Field Methods in Forensic Anthropology

ANTH 3376R. Theoretical Concepts in Archaeology.

This course provides a broad survey of theory in archaeology as it is practiced throughout the world. It includes both historical perspectives and contemporary usage. ANTH 2415 and 60 hours of coursework. (WI).
about Theoretical Concepts in Archaeology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter

about Theoretical Concepts in Archaeology

ANTH 3376S. Theory in Linguistic Anthropology.

In this course students will learn about the major theories of linguistic anthropology through reading and discussing classic and contemporary literature. Topics include language evolution, behaviorism, mentalism, structuralism, cognitive anthropology, ethnosemantics, universalism and linguistic relativism, symbolic anthropology, culture and gender, language and identity, ethnography of speaking, and language change. Prerequisites: ANTH 1312 or ANTH 3302 and 60 hours of coursework. (WI).
about Theory in Linguistic Anthropology

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter

about Theory in Linguistic Anthropology

ANTH 3376T. Scientific Diving for Resource Management.

Underwater resource management requires certain skills for those who manage, investigate, or monitor cultural, biological, or other resources found in water. This course is intended to prepare and qualify certified divers for further research and employment opportunities in underwater resource management, which includes archaeology, environmental/ecological anthropology, and other related fields. Prerequisites: Current scuba diving certification from any nationally accredited dive certification agency and an advanced scuba diving certification is recommended. Students must also complete standard liability and waiver forms, as well as complete a diving physical prior to any water work.
about Scientific Diving for Resource Management

3 Credit Hours. 1 Lecture Contact Hour. 2 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Scientific Diving for Resource Management

ANTH 3376V. Anthropology of Peace and Violence.

The class explores anthropological perspectives on peace and violence. It focuses on understanding violent practices within both traditional and current day societies including everyday violence and warfare. It explores the contributions of social structure, gender, religion, race, and ethnicity to violence. It examines efforts to build peace and reconciliation.

about Anthropology of Peace and Violence

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Anthropology of Peace and Violence

ANTH 3376W. Anthropology of Disasters.

The course examines "disasters" as socio-cultural phenomena shaped by how humans organize and build communities. It investigates how race, ethnicity, class, gender, age, and dis/ability contribute to differential impacts. It explores human experiences of disaster trauma, loss, and resilience. It shows how the discipline can help improve disaster management policies. (WI).

about Anthropology of Disasters

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics|Writing Intensive

Grade Mode: Standard Letter

about Anthropology of Disasters

ANTH 3376X. Language and Linguistics.

This course is concerned with the theoretical and methodological study of language, what constitutes the knowledge of a language, how this language is acquired, and how it is used. Other areas of interest include the properties of human language, its representation in the mind, learnability, origin, and change.

about Language and Linguistics

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Language and Linguistics

ANTH 3380. Forensic Anthropology.

Forensic Anthropology is the recovery and analysis of human skeletal remains for modern legal inquiry. This course is an overview of the field of Forensic Anthropology illustrated with real forensic cases.

about Forensic Anthropology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Forensic Anthropology

ANTH 3381. Human Osteology.

The foundation of biological anthropology is the study of the human skeleton. This is a lab-intensive course in which students will learn how to identify skeletal elements, both whole and fragmentary.

about Human Osteology

3 Credit Hours. 1 Lecture Contact Hour. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Human Osteology

ANTH 4303. Human Speech Sounds.

This course is an introductory overview of human speech production and perception from an anthropological perspective. It describes speech anatomy and pays particular attention to the description of the acoustic and articulatory properties of speech as it occurs in real time. Students will study articulatory, acoustic, and auditory phonetics.

about Human Speech Sounds

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Human Speech Sounds

ANTH 4304. Language, Culture and Society.

This course seeks to introduce students to the fundamentals of linguistic anthropology, and the use of linguistics in anthropological fieldwork through lecture, discussion, and "hands on" class exercises.

about Language, Culture and Society

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Language, Culture and Society

ANTH 4309. Culture, Medicine and the Body.

This course explores how the human body, functions of the body, and the practices of medicine and healing are situated and contextualized within cultural frameworks. Case studies cover body and health-related topics over the life course, from birth to death. Prerequisite: ANTH 1312 or ANTH 3325, or permission of the instructor. (WI).

about Culture, Medicine and the Body

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Culture, Medicine and the Body

ANTH 4310. Theories and Issues in Anthropology.

This course explores major theoretical and historical developments in anthropology, highlighting the discipline's unique four-field perspective that includes archaeology, biological and cultural anthropology, and anthropological linguistics. Topics stress the importance of anthropological thought in key scientific discoveries and cultural debates. Prerequisites: ANTH 1312 and 60 hours of coursework.

about Theories and Issues in Anthropology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Theories and Issues in Anthropology

ANTH 4315. Archaeological Artifact Identification and Analysis.

This course will train students to describe and analyze artifacts commonly recovered from archaeological sites. Current theories covering the production and analysis of chipped and ground stone tools, ceramics, bone and other materials will be presented, and scientific analytical methods discussed. Prerequisites: ANTH 2415 and one additional archaeology course.

about Archaeological Artifact Identification and Analysis

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Archaeological Artifact Identification and Analysis

ANTH 4320. Rise of Civilization.

This course consists of a definition of civilization and its components, its geographic setting, and the roles of religion, art, and the institution of the "Divine King" in the development of dynamic state societies in Egypt, Sumeria, the Indus Valley, and China in the Old World and that of the Olmec in Mexico and Chavin in Peru. (MC) (WI).

about Rise of Civilization

about Rise of Civilization

ANTH 4360. Directed Study.

A one-semester course of independent reading, tutorial sessions, and individual research projects. Open to superior students by invitation of the professor and with the consent of the chair of the department May be repeated for credit with permission of instructor.

about Directed Study

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Directed Study

ANTH 4361. Field Methods in Cultural Anthropology.

This course teaches students how to conduct field research in cultural anthropology. Topics include research ethics, problem formulation, participant observation, interviewing, and other techniques for data collection and analysis. Students will conduct their own field research project under the instructor's supervision. (WI).

about Field Methods in Cultural Anthropology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Field Methods in Cultural Anthropology

ANTH 4363. Field Methods in Primate Behavior.

In this course, students will learn about the behavior, ecology, and conservation of living nonhuman primates in the rainforests of Mexico. Prior introductory physical anthropology or biology courses are helpful but not required to register for this course.

about Field Methods in Primate Behavior

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Field Methods in Primate Behavior

ANTH 4381. Paleopathology.

This course focuses on the study of diseases and maladies of ancient populations, and will survey the range of pathology on human skeletons from trauma, infection, syphilis, tuberculosis, leprosy, anemia, metabolic disturbances, arthritis, and tumors. Prerequisite: ANTH 3381. (WI).

about Paleopathology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Paleopathology

ANTH 4382. Methods in Skeletal Biology.

This course is for students who wish to advance their osteological skills. Students will learn how to identify isolated and fragmentary skeletal remains to estimate age, sex, ancestry, stature, and health of an individual in past and present contexts. Prerequisite: ANTH 3381.

about Methods in Skeletal Biology

3 Credit Hours. 1 Lecture Contact Hour. 3 Lab Contact Hours.

Grade Mode: Standard Letter

about Methods in Skeletal Biology

ANTH 4390. Internship in Anthropology.

This course provides students with professional development through work or research-related experience. It includes a 250-hour internship and written report. Prerequisites: Anthropology major, junior or senior standing, ANTH 1312, ANTH 2414, ANTH 2415, and a minimum 2.5 GPA in Anthropology. (WI).

about Internship in Anthropology

3 Credit Hours. 0 Lecture Contact Hours. 20 Lab Contact Hours.

Bachelor of Arts (B.A.) Major in Anthropology

Minimum required: 120 semester hours

General Requirements

1. A major in anthropology requires 32 semester hours of which 18 hours must be advanced courses.
2. Majors must select a minor from the approved list of minors in the degrees and programs section of this catalog.
3. Majors are required to complete:

ANTH 1312	Cultural Anthropology	3
ANTH 2414	Biological Anthropology	4
ANTH 2415	Introduction to Archaeology	4
Select one of the following theory-based courses:		3
ANTH 3301	Principles of Cultural Anthropology	
ANTH 3307	History of Evolutionary Thought	
ANTH 3376R	Theoretical Concepts in Archaeology	
ANTH 3376S	Theory in Linguistic Anthropology	
ANTH 4310	Theories and Issues in Anthropology	

4. Majors are required to achieve the following minimum grade point averages for graduation: Texas State GPA 2.00, major GPA 2.25, and minor GPA 2.00.

5. Nine hours of writing intensive (WI) courses are required for graduation, which can be completed by courses in the major, minor, or general education core curriculum (not including ENG 1310, ENG 1320).

6. All students must complete a minimum of 36 advanced hours (3000 or 4000 level courses) as part of their degree.

7. The Social and Behavioral Sciences component of the general education core curriculum cannot be satisfied by the completion of ANTH 1312; majors must select an additional social science course from:

ECO 2301	Principles of Economics	3
ECO 2314	Principles of Microeconomics	3
GEO 1310	World Geography	3
PSY 1300	Introduction to Psychology	3
SOCI 1310	Introduction to Sociology	3

8. Majors must complete 6 hours of the same foreign language (2310 and 2320). Most students complete 1410 and 1420 as prerequisites before attempting 2310.

9. Majors may not receive more than six hours of credit in ANTH 4630 to satisfy Anthropology major requirements.

10. The minimum number of hours required for a degree is 120. The number of free elective hours a student will complete depends on the number of hours a student may need to achieve the 120 and/or 36 advanced total hours required for a degree.

¹ Students who complete a four-hour biological anthropology and/or archeology course at another institution may have course(s) evaluated by the Chair of the Department to determine credit for ANTH 2414 and/or ANTH 2415 can be assigned.

² Majors must complete an additional science for the B.A. degree. This course is in addition to the general education core curriculum Life and Physical Sciences component.

Bachelor of Science (B.S.) Major in Anthropology

Minimum required: 120 semester hours

General Requirements

- A major in anthropology consists of 35 semester hours, 18 of which must be at the advanced level.
- Majors must select a minor from the following list of lab-based science minors: biology, chemistry, physics, geology, geography, computer science, or mathematics.
- Majors are required to complete:

ANTH 1312	Cultural Anthropology	3
ANTH 2414	Biological Anthropology	4
ANTH 2415	Introduction to Archaeology	4

Select one of the following theory-based courses:	3
ANTH 3301	Principles of Cultural Anthropology
ANTH 3307	History of Evolutionary Thought
ANTH 3376R	Theoretical Concepts in Archaeology
ANTH 3376S	Theory in Linguistic Anthropology
ANTH 4310	Theories and Issues in Anthropology

4. 12 hours of writing intensive (WI) courses are required for graduation, which can be completed by courses in the major, minor, or general education core curriculum (not including ENG 1310, ENG 1320).

5. All students must complete a minimum of 36 advanced hours (3000 or 4000 level courses) as part of their degree.

6. Majors are required to complete 6 hours of Anthropology techniques courses to be selected from:

ANTH 3317	Rock Art Field Methods	3
ANTH 3376N	Curation of Archaeological Materials	3
ANTH 3376Q	Field Methods in Forensic Anthropology	3
ANTH 4363	Field Methods in Primate Behavior	3
ANTH 4361	Field Methods in Cultural Anthropology	3
ANTH 4382	Methods in Skeletal Biology	3
ANTH 4390	Internship in Anthropology	3
ANTH 4630	Archaeological Field School	6

7. Majors may not receive more than six hours of credit for ANTH 4630 to satisfy Anthropology major requirements.

8. Majors are required to achieve the following minimum grade point averages for graduation: Texas State GPA 2.00, major GPA 2.50, and minor GPA 2.00.

9. The social and behavioral sciences component of the general education core curriculum cannot be satisfied by the completion of ANTH 1312; majors must select an additional social science course from:

ECO 2301	Principles of Economics	3
ECO 2314	Principles of Microeconomics	3
GEO 1310	World Geography	3
PSY 1300	Introduction to Psychology	3
SOCI 1310	Introduction to Sociology	3

10. Majors must complete 8 hours of the same foreign language (1410 and 1420) at the college level.

11. Majors must complete Technical Writing (ENG 3303) or Philosophical Theory of Science (PHIL 4355). If majors choose PHIL 4355, an additional sophomore English Literature will be required to complete the B.A. Literature requirement.

12. Majors must complete a statistics course from:

CJ 3347	Statistics For Criminal Justice	3
GEO 3301	Research Methods in Geography	3
PSY 2301	Introduction to Statistics	3
SOCI 3307	Statistics for the Behavioral Sciences	3

Department of English

Flowers Hall Room 365

T: 512.245.2163 F: 512.245.8546

www.english.txstate.edu (<http://www.english.txstate.edu>)

Faculty in the Department of English teach, conduct research in, and advance the discipline of English Studies, including rhetoric and composition, creative writing, technical communication, film and media studies, literature and language. They prepare undergraduate students to pursue further education and/or careers; to think, write, and speak clearly; to produce authoritative scholarship and inspiring creative work; to read with pleasure, skill, and understanding; and to appreciate the power and subtlety of discourse in various media.

While gaining a broad liberal education, English majors also learn practical skills that provide a base for almost any career. Graduates traditionally enter the fields of education, journalism, publishing, or communications. They also work for computer, engineering, and public relations firms or pursue careers in politics and government. An English background provides excellent training for law school and other graduate programs.

Bachelor of Arts (B.A.)

- Major in English (p. 412)
- Major in English (Single Field Teacher Certification in English Language Arts and Reading, Grades 7-12) (p. 417)
- Major in English (Two Fields Teacher Certification in English Language Arts and Reading, Grades 7-12) (p. 419)
- Major in English (Creative Writing Emphasis) (p. 414)
- Major in English (Film Emphasis) (p. 415)
- Major in English (Writing and Rhetoric Emphasis) (p. 420)

Minor

- English (p. 422)
- Writing (p. 424)
- Media Studies (p. 423)
- Medieval and Renaissance Studies (p. 423)
- Southwestern Studies (p. 424)
- Second Teaching Field in English (Grades 7-12) (p. 425)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

English (ENG)

Requirements in first-year English must be completed before a student takes any other English course.

ENG 1300. Developmental Writing.

Basic composition skills. For students who have not satisfied TSIP requirements or for those who need developmental work before taking English 1310. Does not count toward any degree offered by the university.

¹ Students who earn a grade of "B" or higher in the first sophomore course may elect to take an advanced literature course in lieu of the second sophomore course. No more than six hours of sophomore literature may count toward the major.

² Meets the requirement that majors must take at least 6 hours of Literature before 1800.

³ ENG 3301 is required, and majors should take it immediately after completing the sophomore literature requirement.

ENG, Advanced

In addition to ENG 3301, majors must complete seven advanced courses. Majors must take one advanced course from Groups A, B, and C plus nine hours of electives in film. In choosing their nine hours of electives in film, majors with the Emphasis in Film must take three hours of ENG 3307 and 6 hours from other film courses:

ENG 3302	Film and Video Theory and Production	3
ENG 3306	Writing for Film	3
ENG 3308	Advanced Topics in Film	3
ENG 3309	The Southwest in Film	3
ENG 3316	Film Studies	3
ENG 3320	Theory and Criticism	3
ENG 4350	Senior Seminar in Film	3

Majors also select one three-hour elective from one or more groups. In selecting their advanced courses, students are encouraged to take at least two courses that center on genre, theme, or theory. One of the advanced courses must focus on the works of a single author and is recommended to be taken at the end of the major:

ENG 3343	The Interdisciplinary Approach to Literature	3

¹ Students who earn a grade of "B" or higher in the first sophomore course may elect to take an advanced literature course in lieu of the second sophomore course. No more than six hours of sophomore literature may count toward the major.

² Meets the requirement that majors must take at least 6 hours of Literature before 1800.

³ ENG 3301 is required, and majors should take it immediately after completing the sophomore literature requirement.

ENG, Advanced

In addition to ENG 3301, majors must complete seven advanced courses. Majors must take one advanced course from Groups A, B, and C plus nine hours of electives in writing and rhetoric. In choosing their nine hours of electives in writing and rhetoric, major with the emphasis in writing and rhetoric must take three hours of theory (ENG 3318, repeatable); three hours of practice (ENG 3303, ENG 3304, ENG 3311, or ENG 3342); and three hours of theory or practice. They also select one three-hour elective

from one of the groups. In selecting their advanced courses, students are encouraged to take at least two courses that center on genre, theme, or theory. One of the advanced courses must focus on the works of a single author and is recommended to be taken at the end of the major:

ENG 3343	The Interdisciplinary Approach to Literature	3
ENG 3354	Shakespeare ¹	3
ENG 4351	Chaucer and His Time ¹	3
ENG 4355	The Later Shakespeare ¹	3

Total Hours		18

No more than three courses, including core courses, in a single department may count toward this minor. A course may not be used to satisfy both a major and a minor requirement. Students should check with individual departments for course prerequisites. Relevant Honors and special topics courses may be substituted with permission from the Center for the Study of the Southwest.

Minor in Writing

ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
Select 3 hours of the following:		3
ENG 2310	British Literature before 1785	
ENG 2320	British Literature since 1785	
ENG 2330	World Literature before 1600	
ENG 2340	World Literature since 1600	
ENG 2359	US Literature before 1865	
ENG 2360	US Literature since 1865	
ENG 3311	Practices in Writing and Rhetoric	3
Select one advanced ENG literature elective		3
Select 9 hours of the following:		9
ENG 3303	Technical Writing	
ENG 3304	Professional Writing	
ENG 3315	Introduction to Creative Writing	
ENG 3342	Editing	
ENG 3348	Creative Writing: Fiction	
ENG 3349	Creative Writing: Poetry	
ENG 4348	Senior Seminar in Fiction Writing	
ENG 4349	Senior Seminar in Poetry Writing	
Total Hours		24

Students may choose an emphasis in creative writing or professional writing, or they may take courses in both types of writing. Students should check course descriptions for prerequisites to ENG 3348, ENG 3349, ENG 4348, and ENG 4349.

Students majoring in English may not minor in writing.

Second Teaching Field in English (Grades 7-12)

For students who are seeking a teacher certification within their major and would like a second teaching field in English, the requirements are:

ENG 1310	College Writing I	3
ENG 1320	College Writing II	3
ENG 3301	Critical Theory and Practice for English Majors	3
Select two of the following:		6
ENG 2310	British Literature before 1785	
ENG 2320	British Literature since 1785	
ENG 2330	World Literature before 1600	
ENG 2340	World Literature since 1600	
ENG 2359	US Literature before 1865	
ENG 2360	US Literature since 1865	
Select three advanced hours from Group A		3
Select six advanced hours from Group B		6
Select three advanced hours from Group C		3
Select one of the following from Group D:		3
ENG 3319	The Development of English	
ENG 4310	Modern English Syntax	
Total Hours		30

All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).

¹ Meets the requirement that majors must take at least 6 hours of Literature before 1800.

Department of Geography

Evans Liberal Arts Building Room 139

T: 512.245.2170 F: 512.245.8353

www.geo.txstate.edu (<http://www.geo.txstate.edu>)

Texas State Geography is one of the largest undergraduate programs in the United States. The Journal of Geography, the Association of American Geographers, and a National Program Effectiveness Survey recognized the Department as among the best undergraduate Geography programs in the nation. Additionally, the Department of Geography's internship program is the largest of its kind, placing students in both government agencies and private enterprises to provide students real-world experience to complement their academic program. The Department also offers highly acclaimed field experiences to places such as Big Bend National Park, the Southwestern United States, Europe and Mexico, where students gain invaluable firsthand geographical knowledge while gaining academic credit.

The undergraduate geography program offers a variety of majors of study. Students may select a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.). The degrees provide students programs and courses designed to increase their understanding of the world they live in and to help students develop analytical skills necessary to interpret and solve real-world problems. The B.A. requires a minimum of 30 semester hours of Geography while the B.S. requires a minimum of 36 hours of Geography coursework. Geography majors may include a maximum

of two additional Geography courses towards their major. Geography majors are required to complete a minor and are encouraged to select a minor in consultation with an academic advisor.

Major in Geography

The Geography major provides flexibility in designing unique programs for students with highly specialized career or graduate study objectives. Students electing to follow this major are strongly encouraged to work with a faculty member with experience in their special area of interest.

Major in Geography with Teacher Certification in Social Studies

This degree program is designed to prepare students to teach any of the four social studies disciplines (History, Geography, Government, and Economics) at the secondary level (grades 7-12). Upon completion of the social studies curriculum and passage of the social studies TExES test, students will receive certification in social studies and eligibility to teach in any of the four disciplines. Students pursuing secondary certification with a major in Geography select a minor from the disciplines of History or Political Science. In addition, students will complete specific courses in the third social studies discipline not chosen as a major or minor.

Major in Geographic Information Science

The general philosophy of the program stresses the importance of a content-rich background in geography along with principles and techniques of Geographic Information Science: GIS; remote sensing; visualization; cartography; spatial modeling; and quantitative methods. The major in Geographic Information Science was developed and structured for positions in local, state, and federal agencies, commercial companies, planning departments, engineering firms, utility companies, and many others. To prepare for GIScience careers, many students perform internships with government agencies or private firms as part of their academic program.

Major in Geography Resource and Environmental Studies

The Geography Resource and Environmental Studies major prepares students for a wide variety of government and private sector occupations relating to resource conservation and/or environmental management. Graduates pursue careers with employers such as the Texas General Land Office, the Texas Commission on Environmental Quality, the Texas Department of Transportation, Texas Parks and Wildlife, the National Geographic Society, the Lower Colorado River Authority, the San Antonio Water System, Motorola, Valero Energy and various private – sector environmental consulting firms.

Major in Geography Urban and Regional Planning

Planning is a diverse profession, which draws upon fields of knowledge and technical skills closely related to geography. Urban and Regional Planning provides the means to evaluate and facilitate programs that benefit our neighborhoods, communities, cities, and regions. Population growth, economic development, transportation, education, public services, and the environment are a few of the essential factors evaluated by planners. Many of our graduates are employed as planners in Texas, as well as within other states and countries. Others have continued in

graduate studies at Texas State or in other programs at the University of Texas or Texas A&M, as well as universities outside Texas.

Major in Geography Water Resources

The Geography Water Resources major provides a focused study of the physical, chemical, social, political, and economic factors of water resources from the geographic perspective. As water resources become ever more critical to the nation, and in particular Texas and the Southwest Borderlands, this degree program addresses the increasing need for professionals in this crucial field. Graduates are highly sought after by government agencies, from local, state to federal, industries that have large water demands, agricultural interests and private consulting firms that specialize in water resource issues. The Lower Colorado River Authority, the Guadalupe-Blanco River Authority, the Edwards Aquifer Authority, and the San Antonio Water System all employ graduates of the program.

Major in Physical Geography

This major emphasizes the physical science elements of geographical study. Physical Geography prepares students for employment in applied climatology and meteorology, oceanography, geomorphology, resource evaluation, environmental analysis, and areas where an understanding of the complex relationship between nature and society is required. Students considering graduate studies in Physical Geography or any of the earth and atmospheric sciences should select this degree option.

Admission Process

Students meeting university admission standards enter the undergraduate Geography program as pre-majors. To become majors, students must complete the following with a grade of "C" or higher in each course:

GEO 1309	Introduction to Cultural Geography	3
or GEO 1310	World Geography	
GEO 2410	Introduction to Physical Geography	4
GEO 2426	Fundamentals of Geographic Information Systems	4
GEO 3301	Research Methods in Geography	3
Total Hours		14

Academic Advising

The Department of Geography provides extensive academic advising services which include individual and group advising. All geography majors and minors are encouraged to seek advice about program requirements and course selection each semester. Major faculty and academic advisors can offer detailed program and course information as well as course checklists for each major. Proper academic planning and academic advising leads students toward completing the steps for satisfying graduation requirements.

Bachelor of Arts (B.A.)

- Major in Geography (p. 436)

Bachelor of Science (B.S.)

- Major in Geography (p. 438)
- Major in Geography (Teacher Certification in Social Studies, Grades 7-12: History Minor and Political Science Third Field) (p. 439)
- Major in Geography (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and History Third Field) (p. 441)

- Major in Geographic Information Science (p. 437)
- Major in Physical Geography (p. 446)
- Major in Geography Resource and Environmental Studies (p. 442)
- Major in Geography Urban and Regional Planning (p. 444)
- Major in Geography Water Resources (p. 445)

Minors

- Geography (p. 448)
- Geology (p. 449)
- Nature and Heritage Tourism (p. 449)

Certificates

- Environmental Interpretation (p. 447)
- Geographic Information Science (p. 447)
- Location Analysis (p. 448)
- Water Resources Policy (p. 448)

Information about graduate programs can be found in the Graduate Catalog (p. 634).

Subjects in this department include: GEO (p. 427), GEOL (p. 434), NHT (p. 435)

Courses in Geography (GEO)

GEO 1105. Meteorology Laboratory.

Laboratory observations, calculations, and exercises of meteorological data and phenomena. Prerequisite or corequisite: GEO 1305.

about Meteorology Laboratory

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

TCCN: GEOL 1147

about Meteorology Laboratory

GEO 1305. Meteorology.

An introduction to atmospheric science providing information on the properties of the atmosphere, the scientific principles that govern weather and climate, and interactions between the atmosphere and the other components of the Earth system.

about Meteorology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Life & Physical Sciences Core

Grade Mode: Standard Letter

TCCN: GEOL 1347

about Meteorology

GEO 1309. Introduction to Cultural Geography.

This course introduces students to the geographical perspective and focuses on spatial distributions of human activities and investigates underlying geographical processes that account for present and past cultural patterns such as population, folk and popular culture, language, religion, gender, ethnicity, politics, urban and rural land use, and economic development. (MC).

about Introduction to Cultural Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

TCCN: GEOG 1302

about Introduction to Cultural Geography

GEO 1310. World Geography.

This course stresses the similarities and differences of the major world regions. Emphasis is given to human behavior in a spatial context. (MC).

about World Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Soc & Behav Sciences Core|Multicultural Content

Grade Mode: Standard Letter

TCCN: GEOG 1303

about World Geography

GEO 2110. Physical Geography Laboratory.

This is a laboratory course that includes exercises and calculations to apply principles and concepts covered in introductory physical geography lecture classes. These include geographic tools, weather and climate, soils and biogeography, and geomorphology. Open only to students who have taken the lecture class at another college/university. Prerequisites: MATH 1315 or higher (excluding MATH 1316) with a grade of "C" or higher. An introductory physical geography lecture course with a grade of "C" or higher. Instructor Approval Needed.

about Physical Geography Laboratory

1 Credit Hour. 0 Lecture Contact Hours. 2 Lab Contact Hours.

Grade Mode: Standard Letter

about Physical Geography Laboratory

GEO 2310. Introduction to Environmental Geography.

Introduces the Geographic perspective to examine the Earth's environment and its opportunities, constraints, and risks, Principles of scale space, and distributions will be used in examining the environment.

about Introduction to Environmental Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Introduction to Environmental Geography

GEO 2410. Introduction to Physical Geography.

A systematic study of the various elements that make up the Earth's physical environment, weather, climate, vegetation, soil, and landforms. Prerequisite: MATH 1315 or above (excluding MATH 1316) with a grade of "C" or higher.

about Introduction to Physical Geography

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Introduction to Physical Geography

GEO 2420. Introduction to Geographic Information Techniques.

The course will introduce the foundations of geographic information systems (GIS), global positioning systems (GPS), remote sensing, cartography, data analysis, and other tools and methods used by geographic information scientists. Maps, data collection, using and creating Internet content, and data analysis and display will be topics in the course.

about Introduction to Geographic Information Techniques

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Introduction to Geographic Information Techniques

GEO 2426. Fundamentals of Geographic Information Systems.

This course is an introduction to Geographic Information Systems (GIS), a tool for integrating and analyzing spatial data to visualize relationships, seek explanations and develop solutions to pressing problems. The foundations and theory of GIS will be emphasized. Prerequisite: MATH 1315 or above (excluding MATH 1316) with a grade of C or higher.

about Fundamentals of Geographic Information Systems

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Fundamentals of Geographic Information Systems

GEO 2427. Management and Implementation of GIS.

This course addresses strategies for successful GIS management and implementation in an organization-wide context and is organized around four primary issues: implementation planning, data management, technology assessment, and organizational setting. Prerequisite: GEO 2426 or equivalent.

about Management and Implementation of GIS

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Management and Implementation of GIS

GEO 3134. Water Quality Monitoring and Management.

This course incorporates the water quality training of Texas Watch so students can receive certification and become Texas Watch water quality monitors. In addition, students learn to compile, analyze, and present water quality data for watershed management. May be repeated once for credit. Corequisite or prerequisite: GEO 3434.

about Water Quality Monitoring and Management

1 Credit Hour. 0 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Water Quality Monitoring and Management

GEO 3301. Research Methods in Geography.

This course provides an introduction to quantitative and qualitative research methodology, data collection and analytical techniques. Topics include descriptive, inferential, spatial quantitative statistics and qualitative methods such as case studies and content analysis. The course will introduce students to software applications that are designed for organizing, analyzing and visualizing data. Prerequisite: MATH 1315 or above (excluding MATH 1316) with a grade of "C" or higher.

about Research Methods in Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Research Methods in Geography

GEO 3303. Economic Geography.

This course investigates the geographic organization of economic activity with emphasis on the interconnections from global to local scales. Technological advances, resource creation and destruction, supply and demand, distribution and development, environmental impacts, and economic justice are addressed. Theoretical models are used to interpret past and current situations. (MC).

about Economic Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Economic Geography

GEO 3305. Climatology.

Introduction to the elements of climate and their use in environmental monitoring and analysis. Prerequisite: GEO 1305 or GEO 2410 with a grade of "C" or higher.

about Climatology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Climatology

GEO 3307. Geography of Europe.

The course presents a systematic and regional investigation of the physical and cultural processes and phenomena that have created the characteristic landscapes of Europe. Topics include the climate, landform regions, trade, transportation, urban growth, population change, and the evolution of economic integration in the region. (MC).

about Geography of Europe

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Geography of Europe

GEO 3308. Latin America.

A regional survey of the physical and cultural geography of Latin America. (MC).

about Latin America

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Latin America

GEO 3309. United States and Canada.

This course provides a systematic and regional analysis of the United States and Canada with emphasis on contemporary economic, environmental, political, and social issues. (MC) (WI).

about United States and Canada

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about United States and Canada

GEO 3310. Urban Geography.

The study of city systems, form, and development with emphasis on functional patterns, economic base, industrial location, service, and social area analysis.

about Urban Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Urban Geography

GEO 3313. Natural Resource Use and Management.

This course uses environmental concepts at all geographic scales to identify and analyze patterns and processes of resource use, and discusses management strategies to solve present and future concerns related to natural resources. Prerequisites: One course from GEO 1305, GEO 1309, GEO 1310, GEO 2310 or GEO 2410 with a grade of "C" or higher. about Natural Resource Use and Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Natural Resource Use and Management

GEO 3320. Community and Regional Planning.

This course examines the practice, history and development of community and regional planning in the U.S. focusing on specific methods and legal frameworks of community planning and cultivating sustainable development.

about Community and Regional Planning

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Community and Regional Planning

GEO 3321. Energy Resource Management.

An analysis of energy sources, their distribution and characteristics, and the problems associated with their use and management. Prerequisite: MATH 1315 or above (excluding MATH 1316) with a grade of "C" or higher. (WI).

about Energy Resource Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Energy Resource Management

GEO 3323. Location Analysis.

Location and movement stressed in terms of the factors considered in locating industry, business, housing, and community facilities.

about Location Analysis

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Location Analysis

GEO 3325. Geomorphology.

This course provides a study of landforms, the processes and materials that form them and change them over time. Students will be introduced to bibliographic research and the interpretation of landforms and landscapes in the field from photographs or maps. Prerequisite: GEO 2410 or GEOL 1410 or equivalents with a grade of "C" or higher.

about Geomorphology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Geomorphology

GEO 3328. Geography of North Africa and the Middle East.

A regional treatment dealing with the physical features and cultural activities of the people in North Africa and the Middle East. (MC).

about Geography of North Africa and the Middle East

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Geography of North Africa and the Middle East

GEO 3329. Geography of Texas.

A physical and cultural geography of Texas with special emphasis on human resources and economic activities. (MC).

about Geography of Texas

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Geography of Texas

GEO 3332. Geography of South and Southeast Asia.

This course is a systematic and regional overview of the physical and human geography of the countries of the Indian subcontinent and Southeast Asia. Topics include the monsoons, cultural diversity, rapid economic development, agricultural systems, and environmental problems. (MC) (WI).

about Geography of South and Southeast Asia

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Geography of South and Southeast Asia

GEO 3333. Geography of China and Japan.

This course provides a regional overview of the physical and human geography of the countries of East Asia. This course also systematically examines China, Korea, and Japan by closely examining such topics as the impacts of high population densities and intensive land use practices. (MC).

about Geography of China and Japan

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Geography of China and Japan

GEO 3335. Oceanography.

An introductory course about the physical, chemical, geologic, and biologic characteristics of the oceans and coastal areas. Emphasis will be placed on the role of the oceans as a component of the global environment. Prerequisite: GEO 2410 or GEOL 1410 or BIO 1320 or BIO 1430, with a grade of "C" or higher.

about Oceanography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Oceanography

GEO 3340. Political Geography.

Political geography concerns the interrelationship between political activities and spatial distributions. Topics include the concept of the state, international spheres of influence and confrontation, boundaries, contemporary world issues and problems, and geographic aspects of electoral politics. (MC).

about Political Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Political Geography

GEO 3349. Population Geography.

An in-depth study of the spatial distribution and movement of human populations. The course will emphasize current issues and analytical techniques. Topics will include the impact of population growth, spatial diffusion processes, migration trends and theories, explanation of regional demographic differences, and techniques such as population projections. (MC).

about Population Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Population Geography

GEO 3351. Geography of Health.

This course introduces concepts of health, health care, disease, and illness from a geographical perspective. The course will examine how people and societies interact geographically with the environment in ways that result in varying degrees of health. The focus will be on understanding health from the perspective of populations rather than individuals in a geographic context.

about Geography of Health

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Geography of Health

GEO 3353. American Ethnic Geography.

A geographical analysis of ethnic groups in the United States with emphasis on their settlement patterns, spatial interactions, and current problems. (MC).

about American Ethnic Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about American Ethnic Geography

GEO 3411. Maps and Mapmaking.

An introduction to reference and thematic map use and design. The course introduces basic cartographic mapping techniques for quantitative and qualitative data, teaches about geospatial analysis and interpretation, and enables students to design basic maps. Prerequisite: GEO 2426 with a grade of "C" or higher.

about Maps and Mapmaking

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Maps and Mapmaking

GEO 3416. Principles of Remote Sensing.

Introduction to the acquisition, mensuration, interpretation, and mapping of aerial photographs and satellite images for environmental monitoring and inventorying. Prerequisite: GEO 2410 with a grade of "C" or higher.

about Principles of Remote Sensing

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Principles of Remote Sensing

GEO 3426. Advanced GIS.

This course builds on the principles introduced in GEO 2426 and presents an in-depth examination of the technical aspects involved in spatial data handling, analysis, and modeling. Prerequisite: GEO 2426 and GEO 3301 with grades of "C" or higher.

about Advanced GIS

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Advanced GIS

GEO 3434. Water Resources.

This course analyzes within a geographical perspective, the formation, use, conservation, and management of water resources. The students will develop a working knowledge of the hydrologic, water quality, legal, economic, political, and societal factors that determine water availability, hazards, use, demand, and allocation. Prerequisite: GEO 2410, or CHEM 1141 and CHEM 1341, with a grade of "C" or higher.

about Water Resources

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Water Resources

GEO 4190. Independent Study.

Individual study under direct supervision of a professor. May involve field trips. This course may be repeated for credit, but a student may not exceed six hours of credit in Independent Study.

about Independent Study

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Independent Study

GEO 4290. Independent Study.

Individual study under direct supervision of a professor. May involve field trips. This course may be repeated for credit, but a student may not exceed six hours of credit in Independent Study.

about Independent Study

2 Credit Hours. 2 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Independent Study

GEO 4306. Geography of the Southwest.

Though primarily defined by aridity, the southwestern United States is extremely diverse in its environments and its people. This course explores how people have related to this land. This course also examines current issues and future trends in natural resources and cultural processes in the region. (MC).

about Geography of the Southwest

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content

Grade Mode: Standard Letter

about Geography of the Southwest

GEO 4309. Cultural Ecology.

Cultural ecology employs concepts of culture formation/change and biological ecology, with emphasis on the processes of adaptation. It provides a holistic means to interpret pre-modern, non-western, and agrarian cultures as well as modern cultures as they relate to their biophysical environment. Prerequisite: Junior or Senior standing. (WI). about Cultural Ecology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Cultural Ecology

GEO 4310. Regional Field Studies.

Observation, description, and analysis of a geographical environment based upon offcampus study in that environment. May be repeated once, provided the second study is in a different region, for a total of 6 semester hours. (WI).

about Regional Field Studies

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Regional Field Studies

GEO 4313. Environmental Management.

This course provides an analysis of the causes of environmental problems, from local to global scale, and the evaluation of attempts at management and solutions of those problems. Emphasis will be placed on the role that geography can play in environmental degradation and management. Prerequisite: GEO 2410 with a grade of "C" or higher and senior status. (WI).

about Environmental Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Environmental Management

GEO 4314. River Basin Management.

The purpose of this course is to study principles and practices of large-scale river basin management. Emphasis is on integrated management of land and water resources, including economic development and environmental protection issues. Prerequisite: GEO 3434 or GEO 4325 with a grade of "C" or higher. (WI).

about River Basin Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about River Basin Management

GEO 4316. Landscape Biogeography.

Investigation of present-day and post-Pleistocene spatial patterns of plants, animals, and biogeographical processes. Human interactions with biogeographical patterns is also addressed, as are methods for reconstructing Holocene patterns of biogeographic distribution. Course to be taught over every other year. Prerequisite: GEO 2410 with a grade of "C" or higher.

about Landscape Biogeography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Landscape Biogeography

GEO 4321. Cities and Urban Design.

This course explores the relationships between design and urban landscapes. It analyzes urbanization and provides a critical appraisal of the role of design and material culture in shaping urban environments. Prerequisite: GEO 3310 with a "C" or higher and junior or senior status. about Cities and Urban Design

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Cities and Urban Design

GEO 4322. Interpretive Environmental Geography.

Students learn principles, themes, and techniques for effective interpretation of environmental information to audiences ranging from park visitors to professional conferences. Interpretive themes are drawn from geographic concepts including the physical and cultural landscapes and cultural ecology. Techniques emphasize effective use of traditional and digital presentation methods. (WI).

about Interpretive Environmental Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Interpretive Environmental Geography

GEO 4323. Conservation Leadership.

This course offers an in-depth introduction to the conservation movement and the philosophy, establishment, and operation of institutions engaged in that movement. Problems and attributes of leadership will be emphasized along with the operational implications, ethical issues and other considerations for successful implementation at non-governmental, local, state, and federal levels. Restricted to Junior or Senior Standing.

about Conservation Leadership

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Conservation Leadership

GEO 4324. GPS and GIS.

Students will learn to plan and conduct fieldwork using the Global Positioning System (GPS) to differentially correct GPS data, and to build Geographic Information Systems (GIS) applications using GPS technology. The course is project-based and involves working with external client(s). Prerequisite: GEO 2426, and GEO 3411 or GEO 3426, with grade(s) of "C" or higher.

about GPS and GIS

3 Credit Hours. 2 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about GPS and GIS

GEO 4325. Fluvial Processes.

Students analyze modern principles of river processes and forms within a geographical perspective. This course examines the fundamental mechanics of fluvial channels with an emphasis on quantitative geographic evaluation of their processes. The course emphasizes natural scientific perspectives and includes linkages to ecology, engineering, resources management, and policy. Prerequisite: GEO 3325 or GEO 3434 with a grade of "C" or higher.

about Fluvial Processes

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Fluvial Processes

GEO 4326. Parks and Protected Places.

This course serves as an in-depth introduction to the philosophy, establishment, and operation of Public Parks, Wildlife Refuges, Protected Areas, Non-Governmental Preserves and Historic Sites. Students will be introduced to the scientific and policy rationale for the creation of such areas as well as methods of classification and acquisition. Prerequisite: Junior or Senior status.

about Parks and Protected Places

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Parks and Protected Places

GEO 4328. Geography of the Russian Realm.

This course presents a regional and systematic overview of the physical and human geography of the countries of the former Soviet Union. The course examines in depth issues such as the legacy of the degraded landscape and environmental problems left by decades of Soviet industrialization. (MC) (WI).

about Geography of the Russian Realm

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Multicultural Content|Writing Intensive

Grade Mode: Standard Letter

about Geography of the Russian Realm

GEO 4334. Groundwater Resources.

This course examines, within a geographical perspective, the major concepts and principles that control groundwater availability and use. Students will analyze aquifer characteristics that determine their water quantity and quality. Constraints on aquifer use including environmental, economic, societal, and legal factors will be analyzed for optimizing aquifer management and water-use policy. Prerequisite: GEO 3434 with a grade of "C" or higher.

about Groundwater Resources

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Groundwater Resources

GEO 4335. Directed Research.

Individual and group research projects at the advanced level that are not offered in the present curriculum. Permission and project approval must be obtained from the faculty member prior to registration. This course may be repeated for credit, but a student may not exceed six hours of credit in Directed Research.

about Directed Research

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Directed Research

GEO 4336. Transportation Systems.

This course is an examination of the evolution of urban transportation systems, policies, institutions, and methods in the United States. Principles, procedures, and techniques of transportation planning in the State of Texas are covered and students are introduced to the literature in transportation geography and methods of transportation analysis.

about Transportation Systems

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Transportation Systems

GEO 4338. Planning Practicum.

This capstone course focuses on methods and procedures used for planning and managing urban development on the local level. Topics include municipal ordinances, the development/redevelopment process and relationships between development, capital improvements and the local economy. Prerequisite: GEO 3320 with a "C" or higher and junior or senior status.

about Planning Practicum

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Planning Practicum

GEO 4339. Environmental Hazards.

Analysis of environmental hazards with respect to human use of the land. Includes geologic hazards and problems caused by floods and meteorological conditions. Prerequisite: GEO 2410 with a grade of "C" or higher.

about Environmental Hazards

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Environmental Hazards

GEO 4340. Fundamental Themes in Geography.

Students will become familiar with the K-12 Geography Texas Essential Knowledge and Skills (TEKS) and the national geography content standards, identify instructional resources and materials, design instructional units, and fully develop grade level appropriate inquiry based lessons and student assessments. (WI).

about Fundamental Themes in Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Writing Intensive

Grade Mode: Standard Letter

about Fundamental Themes in Geography

GEO 4341. Water Policy.

This course covers the evolution of water policy from the awareness of issues, through the political and legal process, to the implementation of specific plans, programs, and facilities. Prerequisite: GEO 3434 with a grade of "C" or higher.

about Water Policy

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Water Policy

GEO 4350. Solid Waste Planning and Management.

A survey of the methods of solid waste disposal including waste storage, collection, transportation and disposal, and their short-and long-range effects on the environment. A practical course in the planning, implementation, and management of alternate methods of sanitary waste disposal. Prerequisite: GEO 2410 with a grade of "C" or higher.

about Solid Waste Planning and Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Solid Waste Planning and Management

GEO 4352. Air Quality Management.

This course provides an assessment and analysis of air quality including types, sources, and effects of air pollutants as well as principles governing their dispersal and management. These aspects are analyzed considering physical science, economic, legal and social factors.

Prerequisite: CHEM 1141 and CHEM 1341, or GEO 2410, or GEO 3305 with a grade of "C" or higher.

about Air Quality Management

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Air Quality Management

GEO 4355. Geography of Crime.

This course provides understanding of geographical aspects of crime and criminal behavior. Students are exposed to theories and analysis methods and models explaining and predicting crime spatial patterns. Computer exercises give students hands on experience on crime pattern analysis.

about Geography of Crime

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Geography of Crime

GEO 4380. Internship in Geography.

On-the-job training in a public or private-sector agency. Students must apply to the department internship director at least six weeks prior to registering for the internship course. This course may be repeated one time for additional internship credit.

about Internship in Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Internship in Geography

GEO 4390. Independent Study.

Individual study under direct supervision of a professor. May involve field trips. This course may be repeated for credit, but a student may not exceed six hours of credit in Independent Study.

about Independent Study

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Independent Study

GEO 4393A. Environmental Compliance.

This course examines the implementation and enforcement of environmental statutes and regulations from a geographic perspective that includes physical environmental, cultural, social, economic, and legal parameters. The course focuses on current environmental requirements as applied to contemporary regulatory challenges including widely applicable innovative compliance strategies. Prerequisites: GEO 4313 and one course from GEO 3434, GEO 4350, or GEO 4352, with grades of "C" or higher.

about Environmental Compliance

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Environmental Compliance

GEO 4393B. Business Geography.

This course provides an exploration of the geospatial analysis of business activities in the United States with emphasis on site location, market segmentation and material/product tracking.

about Business Geography

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Business Geography

GEO 4411. Advanced Cartographic Design.

This advanced course in cartography focuses on thematic map design.

The objective is to produce a cartographic portfolio of well-designed, professional grade maps. Theoretical concepts and principles will be introduced using practical examples and written assignments.

Prerequisite: GEO 3411 with a grade of "C" or higher.

about Advanced Cartographic Design

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Advanced Cartographic Design

GEO 4412. Digital Remote Sensing.

Introduction to the digital image processing of satellite scenes including restoration, enhancement, classification, change detection, and mapping for environmental monitoring and inventorying. Prerequisites: GEO 3301 and GEO 3416 with grades of "C" or higher. (WI).

about Digital Remote Sensing

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Digital Remote Sensing

GEO 4417. Digital Terrain Modeling.

The course focuses on the mapping, transformation, mensuration, visualization, and applications of digital elevation models in Geography.

Prerequisite: GEO 3416 or equivalent with a grade of "C" or higher.

about Digital Terrain Modeling

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Digital Terrain Modeling

GEO 4422. Web Mapping.

The course introduces students to modern interactive and dynamic mapping and GIS techniques that allow internet-based cartographic representations of temporal and non-temporal geospatial objects and phenomena. Prerequisite: GEO 3411 or equivalent with a grade of "C" or higher.

about Web Mapping

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Web Mapping

GEO 4427. GIS Design and Implementation.

This course involves students working as a team on a substantive GIS project, which is designed and conducted by the class. Students will develop and demonstrate competence in GIS techniques at the professional level. Prerequisite: GEO 3426 or equivalent with a grade of "C" or higher, Junior or Senior standing, and instructor approval.

about GIS Design and Implementation

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about GIS Design and Implementation

GEO 4430. Field Methods.

Methods and techniques for observing, measuring, recording, and reporting on geographic phenomena are investigated in this course. Students will learn the use of instruments and materials in the collection of data for mapping and field research in the local area. Prerequisites: GEO 2410 and GEO 3301 or equivalents with a grade of "C" or higher. (WI).
about Field Methods

4 Credit Hours. 2 Lecture Contact Hours. 4 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Field Methods

Courses in Geology (GEOL)

GEOL 1410. Physical Geology.

The study of materials making up the Earth, the processes that act upon them, and the results of these processes; the development of tools for the interpretation of earth's history and structure, and the major geologic concepts.

about Physical Geology

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Life & Physical Sciences Core|Lab Required

Grade Mode: Standard Letter

TCCN: GEOL 1403

about Physical Geology

GEOL 1420. Historical Geology.

A continuation of physical geology leading to consideration of the geologic history of the Earth (with special emphasis on North America), the evolution of life, the continents through geologic time and the principles and procedures used in the interpretation of earth history. Prerequisite: GEOL 1410.

about Historical Geology

4 Credit Hours. 3 Lecture Contact Hours. 2 Lab Contact Hours.

Course Attribute(s): Life & Physical Sciences Core|Lab Required

Grade Mode: Standard Letter

TCCN: GEOL 1404

about Historical Geology

GEOL 2410. Mineralogy.

Study of the crystal systems, physical properties, classification, and hand specimen identification of common rock-forming and ore minerals. One semester of Chemistry recommended. Prerequisites: CHEM 1141 and CHEM 1341, and "C" or better in GEOL 1410 and GEOL 1420.

about Mineralogy

4 Credit Hours. 2 Lecture Contact Hours. 6 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Mineralogy

GEOL 3400. Petrology.

An introduction to the hand specimen and microscopic study of igneous, sedimentary, and metamorphic rocks. This course includes the origin of mineral assemblages that make up rocks and the environments of formation. Prerequisite: GEOL 2410 with a grade of "C" or better.

about Petrology

4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Petrology

GEOL 3410. Sedimentation and Stratigraphy.

Principles of the weathering, transportation, deposition, and lithification of sediments. Primary structures and textures of sediments are used to determine environments of deposition. The recognition and classification of strata into stratigraphic units. Prerequisite: GEOL 2410 completed with a grade of "C" or higher.

about Sedimentation and Stratigraphy

4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Sedimentation and Stratigraphy

GEOL 3430. Structural Geology.

Description, classification, and origin of Earth structures and the stresses involved in their formation. Solution of structural geology problems using analytical geometry, geologic maps, contouring of data, and preparation of cross sections. Prerequisites: GEOL 1410 and GEOL 1420 (or equivalents).

about Structural Geology

4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Structural Geology

GEOL 3440. Paleontology and Biostratigraphy.

Identification of ancient invertebrate faunas and their applications in reconstruction of paleoenvironments, paleogeography, and the means by which "time" correlations can be effected in sedimentary strata. Field intensive course, 1 full day in the field per week. Course will be offered alternating summers. Prerequisites: GEOL 1410 and GEOL 1420 (or equivalents).

about Paleontology and Biostratigraphy

4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required

Grade Mode: Standard Letter

about Paleontology and Biostratigraphy

GEOL 4121. Directed Study.

Independent study of a particular subject area in geology. Specific topic to be discussed and agreed upon prior to registration. May be repeated once with different emphasis and professor for additional credit. Prerequisite: GEOL 1410 and GEOL 1420 with a grade of "C" or higher and approval of the instructor.

about Directed Study

1 Credit Hour. 1 Lecture Contact Hour. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Directed Study

GEOL 4320. Topics in Field Geology.

This course provides on-site directed investigations of geology in locations remote from campus. Prerequisite: GEOL 1410 and GEOL 1420 with grades of "C" or higher.

about Topics in Field Geology

3 Credit Hours. 1 Lecture Contact Hour. 6 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Writing Intensive

Grade Mode: Standard Letter

about Topics in Field Geology

GEOL 4321. Directed Study.

This course is designed to provide a student with an opportunity to conduct independent research for credit in consultation with his or her Geology instructors. The course may be repeated once with a different content or instructor. Prerequisite: GEOL 1410 and GEOL 1420 with grade of "C" or higher.

about Directed Study

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing

Grade Mode: Standard Letter

about Directed Study

GEOL 4330A. Introduction to Petroleum Geology.

This course discusses the origin and distribution of conventional and unconventional petroleum resources, source rocks, types of traps and seals, reservoir rock properties, exploration methods (seismic data analysis and interpretation, formation evaluation, subsurface mapping), reservoir characterization and modeling, reserves calculations. Prerequisites: GEOL 1410, GEOL 1420, and CHEM 1141/CHEM 1341 with grades of "C" or higher. Co-requisite: GEOL 4121.

about Introduction to Petroleum Geology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Introduction to Petroleum Geology

GEOL 4330B. Planetary Geology.

This course is a survey of the application of geologic principles to the rocky planets and satellites in the solar system. Prerequisites: GEOL 1410 and GEOL 1420 with grades of "C" or higher.

about Planetary Geology

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Course Attribute(s): Exclude from 3-peat Processing|Topics

Grade Mode: Standard Letter

about Planetary Geology

GEOL 4421. Hydrogeology.

This course will provide the student with an introduction to the science of hydrogeology, a conceptual and quantitative understanding of groundwater from a geological/mathematical/geochemical perspective, and experience with hydrogeology applications. Prerequisites: GEOL 1420 with a grade of "C" or higher, and CHEM 1141 and CHEM 1341.

about Hydrogeology

4 Credit Hours. 3 Lecture Contact Hours. 3 Lab Contact Hours.

Course Attribute(s): Lab Required|Writing Intensive

Grade Mode: Standard Letter

about Hydrogeology

Courses in Nature and Heritage and Tourism (NHT)

NHT 4301. Planning and Development of Nature and Heritage Tourism.

This course applies basic planning and development principles to the special issues of nature and heritage tourism. Particular emphasis is placed on locational analysis, site analysis, and planning for sustainable use. Prerequisite: GEO 2410 with a grade of "C" or higher, or permission of the instructor.

about Planning and Development of Nature and Heritage Tourism

3 Credit Hours. 3 Lecture Contact Hours. 0 Lab Contact Hours.

Grade Mode: Standard Letter

about Planning and Development of Nature and Heritage Tourism

NHT 4302. Internship in Nature and Heritage Tourism.

Students will work in private or public sector settings to gain practical experience in the planning, development and management of nature and/or heritage tourism. Internships must be approved by the director of the Center for Nature and Heritage Tourism. Students will be expected to perform at high professional standards and will interpret the internship experience within the context of current literature. Prerequisite: NHT 4301.

about Internship in Nature and Heritage Tourism

3 Credit Hours. 0 Lecture Contact Hours. 10 Lab Contact Hours.

Grade Mode: Standard Letter

about Internship in Nature and Heritage Tourism

Bachelor of Arts (B.A.) Major in Geography

Minimum required: 120 semester hours

General Requirements

1. To satisfy graduation requirements, students must have at least a 2.50 Geography major GPA and at least a 2.25 Texas State GPA.
2. Geography required elective courses (16 hours) to be selected in consultation with your academic advisor.
3. The degree requires students to select a minor area of study from the approved list of minors offered at Texas State. Biology, Chemistry, Geology, Anthropology, Computer Science, Mathematics, Plant and Soil Science, or Physics are minors that are highly recommended to complement your Geography major. Other minors may be appropriate depending upon your interests and career goals. Discuss other possible options with your academic advisor.
4. Texas State requires a minimum of 120 semester hours of coursework to graduate including:
 - a. general education core curriculum requirements;
 - b. major requirements;
 - c. minor requirements;
 - d. additional College/degree requirements, which include an additional sophomore English literature course and 14 hours of the same modern language (1410, 1420, 2310, 2320); and
 - e. additional elective courses, as needed, to achieve the minimum 120 hours required for graduation of which 36 hours must be advanced (3000–4000) level courses, and at least 9 semester hours must be writing intensive (WI).

¹ All majors must satisfy the pre-major requirements with grades of "C" or higher in each course

² Majors must complete at least 30 hours of Geography coursework including a Geography Techniques Course to be selected from: GEO 2426, GEO 3411, GEO 3416, or GEO 4430

Bachelor of Science (B.S.) Major in Geographic Information Science

Minimum required: 120 semester hours General Requirements

- The B.S. degree requires a minimum of 36 semester hours of Geography. To satisfy graduation requirements, students must have at least a 2.50 major GPA for Geography and at least a 2.25 TxSt GPA.
- All majors must satisfy the pre-major requirements with grades of "C" or higher in each course:

GEO 1309 or GEO 1310	Introduction to Cultural Geography World Geography	3
GEO 2410	Introduction to Physical Geography	4
GEO 3301	Research Methods in Geography	3

3. Required Core Courses:

GEO 2426	Fundamentals of Geographic Information Systems	4
GEO 3411	Maps and Mapmaking	4
GEO 3416	Principles of Remote Sensing	4
GEO 3426	Advanced GIS	4

4. Required Capstone Course: At least one course from (3-10 hours):

GEO 4324	GPS and GIS	3
GEO 4411	Advanced Cartographic Design	4
GEO 4412	Digital Remote Sensing	4
GEO 4422	Web Mapping	4
GEO 4427	GIS Design and Implementation	4

5. Geography Required Electives: In consultation with an advisor, select from the following courses to bring the required Geography hours to 36.

GEO 1305	Meteorology	3
GEO 1309	Introduction to Cultural Geography	3
GEO 1310	World Geography	3
GEO 2310	Introduction to Environmental Geography	3
GEO 2420	Introduction to Geographic Information Techniques	4
GEO 2427	Management and Implementation of GIS	4
Any 3000/4000 level course		

6. This major also requires an additional three hours of computer science or three hours of mathematics beyond the general education core curriculum requirement. (CS 1308 or higher, CIS 1323 or higher, MATH 1317 or higher). Does not count toward 36 required geography hours.

7. The degree requires that students select a minor from the approved list of minors. Various minors may be appropriate depending upon a student's interests and career goals. Discuss possible options with your advisor.

8. Texas State requires a minimum of 120 semester hours of coursework to graduate including:

- general education core curriculum requirements;
- major requirements;
- minor requirements
- additional College/degree requirements, which include either an additional sophomore English literature course or ENG 3303—Technical Writing and 8 hours of modern language (if students completed two years of the same modern language in high school, then no additional courses are required); and
- additional elective courses, as needed, to achieve the minimum 120 hours required for graduation, of which 36 hours must be advanced (3000–4000) level courses, and at least 9 semester hours must be writing intensive (WI).

Bachelor of Science (B.S.) Major in Geography (Teacher Certification in Social Studies, Grades 7-12: History Minor and Political Science Third Field)

Minimum required: 130 semester hours General Requirements

- This degree program requires a minimum of 130 semester hours of coursework to graduate including:
 - general education core curriculum requirements
 - major requirements;
 - second and third teaching field requirements;
 - additional degree requirements, which include either an additional sophomore English literature course or ENG 3303 (Technical Writing) and 8 hours of modern language (if students completed two years of the same modern language in high school, then no additional courses are required); and
 - additional elective courses, as needed, to achieve the minimum 130 hours required for graduation, of which 36 hours must be advanced (3000–4000) level courses, and at least 9 semester hours must be writing intensive (WI).
- To satisfy graduation requirements for teacher certification, students must have at least a 2.75 Overall GPA, at least a 2.50 major GPA for Geography, and a 2.50 GPA in the second and third teaching fields. In addition, students must make a "C" or higher in certain Core classes and in all coursework pertaining to each teaching field.
- All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).
- This option in secondary teacher certification requires completion of the following 36 hours in Geography:

GEO 1309	Introduction to Cultural Geography	3
GEO 1310	World Geography	3
GEO 2410	Introduction to Physical Geography	4
GEO 2426	Fundamentals of Geographic Information Systems	4

GEO 3301	Research Methods in Geography	3
GEO 3303	Economic Geography	3
GEO 3309	United States and Canada	3
GEO 3313 or GEO 4313	Natural Resource Use and Management Environmental Management	3
GEO 3329	Geography of Texas	3
GEO 4340	Fundamental Themes in Geography	3
Select one additional techniques course from:		4
GEO 3411	Maps and Mapmaking	
GEO 3416	Principles of Remote Sensing	
GEO 3426	Advanced GIS	
GEO 4430	Field Methods	
OR two additional courses from (consult with your advisor):		
GEO 3307	Geography of Europe	
GEO 3308	Latin America	
GEO 3328	Geography of North Africa and the Middle East	
GEO 3332	Geography of South and Southeast Asia	
GEO 3333	Geography of China and Japan	
GEO 4306	Geography of the Southwest	
GEO 4328	Geography of the Russian Realm	
Total Hours		36

- The minor in History (24 hours) requires completion of the following History courses:

HIST 1310	History of the United States to 1877	3
HIST 1320	History of the United States, 1877 to Date	3
HIST 2311	History of World Civilization to the 17th Century	3
HIST 2312	History of World Civilization from the 17th Century	3
Advanced Group A (World History)		3
Advanced Group B (European History)		3
HIST 3372	Texas History: A Survey	3
HIST 4300	Social Studies Resources and Practices	3
Total Hours		24

- The third field in Political Science (15 hours) requires completion of the following courses:

POSI 2310	Principles of American Government	3
POSI 2320	Functions of American Government	3
Group 3 (Public Law)		
Select one of the following:		3
POSI 3310	Constitutional Law: Basic Structures and Principles	
POSI 3311	Constitutional Law: Individual Liberties	
POSI 4311	The Supreme Court and the Judicial Process	
Political Science from Group 2 (American Government)		6
Total Hours		15

- In addition to the major, minor, and third field requirements, students must also complete 21 hours of professional sequence courses through the College of Education:

CI 4370	Classroom Management, Ethics, and Legal Issues in Secondary Teaching	3
CI 3325	Adolescent Growth and Development	3

CI 4332	Secondary Teaching: Curriculum and Technology	3
CI 4343	Instructional Strategies for the Secondary Teacher	3
RDG 3323	Teaching Reading in the Content Areas	3
EDST 4681	Student Teaching 8-12 (Student Teaching)	6
All coursework must be completed prior to student teaching.		
Total Hours		21

¹ ECO 2301 or ECO 2314 is required to satisfy the Social and Behavioral Sciences component of the general education core curriculum requirements.

Bachelor of Science (B.S.) Major in Geography (Teacher Certification in Social Studies, Grades 7-12: Political Science Minor and History Third Field)

Minimum required: 130 semester hours

General Requirements

- This degree program requires a minimum of 130 semester hours of coursework to graduate including:
 - general education core curriculum requirements;
 - major requirements;
 - second and third teaching field requirements;
 - additional college/degree requirements, which include either an additional sophomore English literature course or ENG 3303 (Technical Writing) and 8 hours of modern language (if students completed two years of the same modern language in high school, then no additional courses are required); and
 - additional elective courses, as needed, to achieve the minimum 130 hours required for graduation, of which 36 hours must be advanced (3000–4000) level courses, and at least 9 semester hours must be writing intensive (WI)

- To satisfy graduation requirements for teacher certification, students must have at least a 2.75 Overall GPA, at least a 2.50 major GPA for Geography, and a 2.50 GPA in the second and third teaching fields. In addition, students must make a “C” or higher in certain Core classes and in all coursework pertaining to each teaching field.

- All students pursuing teacher certification must apply and be accepted to the Office of Educator Preparation (p. 232).

- This option in secondary teacher certification requires completion of the following 36 hours in Geography:

GEO 1309	Introduction to Cultural Geography	3
GEO 1310	World Geography	3
GEO 2410	Introduction to Physical Geography	4
GEO 2426	Fundamentals of Geographic Information Systems	4
GEO 3301	Research Methods in Geography	3
GEO 3303	Economic Geography	3
GEO 3309	United States and Canada	3
GEO 3313	Natural Resource Use and Management	3
or GEO 4313	Environmental Management	
GEO 3329	Geography of Texas	3
GEO 4340	Fundamental Themes in Geography	3
Select one additional techniques course from:		4
GEO 3411	Maps and Mapmaking	
GEO 3416	Principles of Remote Sensing	
GEO 3426	Advanced GIS	
GEO 4430	Field Methods	

OR two additional courses from (consult with your advisor):

GEO 3307	Geography of Europe
GEO 3308	Latin America
GEO 3328	Geography of North Africa and the Middle East

GEO 3332	Geography of South and Southeast Asia
GEO 3333	Geography of China and Japan
GEO 4306	Geography of the Southwest
GEO 4328	Geography of the Russian Realm

Total Hours 36

- The minor in Political Science (21 hours) requires completion of the following courses:

POSI 3300	Basic Political Ideas	3
or POSI 3301	Basic Political Institutions	
POSI 2310	Principles of American Government	3
POSI 2320	Functions of American Government	3
Group 2 (American Government)		6
Group 3 (Public Law)		3
Select three hours from the following:		3
POSI 3310	Constitutional Law: Basic Structures and Principles	
POSI 3311	Constitutional Law: Individual Liberties	
POSI 4311	The Supreme Court and the Judicial Process	
POSI 4398	Practicum in Political Science: Concepts, Resources, and Applications in the Study of Politics	

Total Hours 21

- The third field in History (18 hours) requires completion of the following:

HIST 1310	History of the United States to 1877	3
HIST 1320	History of the United States, 1877 to Date	3
HIST 2311	History of World Civilization to the 17th Century	3
HIST 2312	History of World Civilization from the 17th Century	3
HIST 3372	Texas History: A Survey	3
HIST 4300	Social Studies Resources and Practices	3

Total Hours 18

- In addition to the major, minor, and third field requirements, students must also complete 21 hours of professional sequence courses under the College of Education:

CI 4370	Classroom Management, Ethics, and Legal Issues in Secondary Teaching	3
CI 3325	Adolescent Growth and Development	3
CI 4332	Secondary Teaching: Curriculum and Technology	3
CI 4343	Instructional Strategies for the Secondary Teacher	3
RDG 3323	Teaching Reading in the Content Areas	3
EDST 4681	Student Teaching 8-12 (Student Teaching)	6

All coursework must be completed prior to student teaching.

¹ ECO 2301 or ECO 2314 is required to satisfy the Social and Behavioral Sciences component of the general education core curriculum.

Bachelor of Science (B.S.) Major in Geography Resource and Environmental Studies

Minimum required: 120 semester hours

General Requirements

- The B.S. degree requires a minimum of 36 semester hours of Geography. To satisfy graduation requirements, students must have at least a 2.50 major GPA for Geography and at least a 2.25 Texas State GPA.
- All majors must satisfy the pre-major requirements with grades of "C" or higher in each course:

GEO 1309	Introduction to Cultural Geography	3
or GEO 1310	World Geography	
GEO 2410	Introduction to Physical Geography	4
GEO 2426	Fundamentals of Geographic Information Systems	4
GEO 3301	Research Methods in Geography	3
- Required Core Courses:

Select one of the following options:	3-6	
Option A:		
GEO 2310	Introduction to Environmental Geography & GEO 3313	and Natural Resource Use and Management
Option B:		
GEO 2310	Introduction to Environmental Geography or GEO 3313	Natural Resource Use and Management
Select at least two of the following:		

GEO 3321	Energy Resource Management
GEO 3434	Water Resources
GEO 4350	Solid Waste Planning and Management
GEO 4352	Air Quality Management

4. Required Capstone Course: GEO 4313.

5. Required Techniques Courses: At least one course from:

GEO 3411	Maps and Mapmaking	4
GEO 3416	Principles of Remote Sensing	4
GEO 4430	Field Methods	4

6. Geography Required Electives: In consultation with an advisor, select from the following courses to bring the required Geography hours to 36.

GEO 1305	Meteorology	3
GEO 3134	Water Quality Monitoring and Management	1
GEO 3303	Economic Geography	3
GEO 3305	Climatology	3
GEO 3310	Urban Geography	3
GEO 3320	Community and Regional Planning	3
GEO 3325	Geomorphology	3
GEO 3335	Oceanography	3
GEO 3340	Political Geography	3
GEO 3349	Population Geography	3
GEO 3426	Advanced GIS	4
GEO 4309	Cultural Ecology	3
GEO 4310	Regional Field Studies	3
GEO 4314	River Basin Management	3
GEO 4316	Landscape Biogeography	3
GEO 4322	Interpretive Environmental Geography	3
GEO 4325	Fluvial Processes	3
GEO 4326	Parks and Protected Places	3
GEO 4334	Groundwater Resources	3
GEO 4339	Environmental Hazards	3
GEO 4341	Water Policy	3
GEO 4380	Internship in Geography	3
GEO 4412	Digital Remote Sensing	4

Students may select one regional course as a Geography Elective from the following:

GEO 3307	Geography of Europe
GEO 3308	Latin America
GEO 3309	United States and Canada
GEO 3328	Geography of North Africa and the Middle East
GEO 3329	Geography of Texas
GEO 3332	Geography of South and Southeast Asia
GEO 3333	Geography of China and Japan
GEO 4306	Geography of the Southwest
GEO 4328	Geography of the Russian Realm

7. The degree requires students to select a minor area of study from the approved list of minors offered at Texas State. Biology, Chemistry, Geology, Anthropology, Computer Science, Mathematics, Plant and Soil Science, or Physics are minors that are highly recommended to complement your Geography major. Other minors may be appropriate

depending upon your interests and career goals. Discuss other possible options with your academic advisor.

8. Texas State requires a minimum of 120 semester hours of coursework to graduate including:

- general education core curriculum requirements;
- major requirements;
- minor requirements
- additional College/degree requirements, which include either an additional sophomore English literature course or ENG 3303–Technical Writing and 8 hours of modern language (if students completed two years of the same modern language in high school, then no additional courses are required); and
- additional elective courses, as needed, to achieve the minimum 120 hours required for graduation of which 36 hours must be advanced (3000–4000) level courses, and at least 9 semester hours must be writing intensive (WI).

Bachelor of Science (B.S.) Major in Geography Urban and Regional Planning

Minimum required: 120 semester hours

General Requirements

- The B.S. degree requires a minimum of 36 semester hours of Geography. To satisfy graduation requirements, students must have at least a 2.50 major GPA for Geography and at least a 2.25 Texas State GPA.

- All majors must satisfy the pre-major requirements with grades of "C" or higher in each course:

GEO 1309	Introduction to Cultural Geography	3
or GEO 1310	World Geography	
GEO 2410	Introduction to Physical Geography	4
GEO 2426	Fundamentals of Geographic Information Systems	4
GEO 3301	Research Methods in Geography	3

- Required Core Courses:

GEO 3310	Urban Geography	3
GEO 3320	Community and Regional Planning	3
GEO 4321	Cities and Urban Design	3
GEO 4338	Planning Practicum	3

- Required Techniques Courses: At least one course from:

Select one of the following:

GEO 3411	Maps and Mapmaking
GEO 3416	Principles of Remote Sensing
GEO 3426	Advanced GIS
GEO 4380	Internship in Geography
GEO 4430	Field Methods

- This major also requires an additional three hours of ENG 3303 with a grade of "C" or higher (does not count toward the required Geography hours).

- Geography Required Electives: In consultation with an advisor, select from the following courses to bring the required Geography hours to 36.

GEO 3303	Economic Geography	3
GEO 3313	Natural Resource Use and Management	3
GEO 3321	Energy Resource Management	3
GEO 3323	Location Analysis	3
GEO 3340	Political Geography	3

GEO 3349	Population Geography	3
GEO 3353	American Ethnic Geography	3
GEO 3426	Advanced GIS	4
GEO 3434	Water Resources	4
GEO 4310	Regional Field Studies	3
GEO 4313	Environmental Management	3
GEO 4314	River Basin Management	3
GEO 4326	Parks and Protected Places	3
GEO 4336	Transportation Systems	3
GEO 4339	Environmental Hazards	3
GEO 4341	Water Policy	3
GEO 4350	Solid Waste Planning and Management	3
GEO 4380	Internship in Geography	3
GEO 4430	Field Methods	4
Select a maximum of 3 credit hours from the following:		3

GEO 1305 Meteorology

GEO 1309 Introduction to Cultural Geography

GEO 1310 World Geography

GEO 2310 Introduction to Environmental Geography

Any 3000-4000 level course

Students may select one regional course as a Geography Elective from the following:

GEO 3307 Geography of Europe

GEO 3308 Latin America

GEO 3309 United States and Canada

GEO 3328 Geography of North Africa and the Middle East

GEO 3329 Geography of Texas

GEO 3332 Geography of South and Southeast Asia

GEO 3333 Geography of China and Japan

GEO 4306 Geography of the Southwest

GEO 4328 Geography of the Russian Realm

- The degree requires that students select a minor from the approved list of minors. Minors may be any approved Texas State minor. Students interested in entering the professional planning field are strongly advised however, to consider a minor in Public Administration, Business Administration, or Construction Technology. Other minors may be appropriate depending on career goals. Plan to discuss choice of minor as well as selection of elective courses with your academic advisor.
- Texas State requires a minimum of 120 semester hours of coursework to graduate including:
 - general education core curriculum requirements;
 - major requirements;
 - minor requirements
 - additional College/degree requirements, which include either an additional sophomore English literature course or ENG 3303—Technical Writing and 8 hours of modern language (if students completed two years of the same modern language in high school, then no additional courses are required); and
 - additional elective courses, as needed, to achieve the minimum 120 hours required for graduation of which 36 hours must be advanced (3000–4000) level courses, and at least 9 semester hours must be writing intensive (WI).

Certificate in Environmental Interpretation

The Texas State Department of Geography Environmental Interpretation Certificate provides the recipient with a relevant background in environmental interpretation to prepare students to work as interpretive guides in park and other tourism venues and work in the professional areas of public information/education in resource management agencies.

Applicants to the Environmental Interpretation Certificate program are required to be a Texas State University Undergraduate degree seeking or post-baccalaureate student in good standing.

Requirements for the Certificate (16 hours) - Students must complete the following with no grade less than a "C" and an overall average for the five classes of at least a 2.5.

GEO 2410	Introduction to Physical Geography	4
GEO 4322	Interpretive Environmental Geography	3
Select nine hours from the following:		9
GEO 3313	Natural Resource Use and Management	
GEO 3325	Geomorphology
