# INSA Student Board

We would like to invite you to be a part of the **INSA Students Board!**

You will be in charge of organizing different types of events (from sports till BBQs to parties), competitions, communicate with other groups, generate ideas/feedback etc.

Why it is a great opportunity and you should not miss it? First of all, it will help you to communicate and socialize (and it is not time-consuming). Secondly, it is really good for your career – the employees are searching for the active people and knowledge in organizing events is always a plus (so it would be great if you put it in LinkedIn). And finally it will let you create the social life of the university that YOU would like to have (of course with our help).
