## A Message from IAU's President

You'll find IAU's unique international and warm environment a place close to home. It is our honor to house more than 100 nationalities within our campus who choose IAU for the high quality education, mesmerizing campus, and the global vibe that our university extorts.

Our highly renowned programs give you the chance to gain experience through applied training and also offers you many important opportunities which is key for future graduate students. We understand that it is your right to learn from experts and we do just that, give you the shot to be educated by educators who are experts in their field.

Being a part of such an international environment will change you in many ways. You will meet life-long friends from all over the world. Your friends will shape who you are and what ideas you will have and IAU understands that to be able to grab that chance, choosing the right institution to study is vital.

This book will give you all the information you will need about our services, programs and the application process. We are looking forward to seeing you in our campus soon.

**Dr. Mustafa AYDIN**  
Chairman of the Board of Trustees

## Welcome to Istanbul

Istanbul is the largest city, financial and entertainment capital of Turkey and attending IAU will put you right at the center of it. One of the largest cities in the world, Istanbul offers you the most diversity in its region, amazing cuisines and world renowned shopping. A candidate for the capital of the world, Istanbul is one of the best choices for education.

### Short Facts

- › One of the largest cities in the world, Istanbul is home to about 14 million people.
- › Only city in the world where you can live in Asia or Europe at the same time.
- › World's second largest city by population within city limits.

### 3.000 Shopping Capital

Istanbul's Grand Bazaar is the biggest old closed bazaar in the world with over 3.000 shops.

### 5th Discover

With 13 million tourists coming to visit the city in 2015, Istanbul is ranked the 5th most visited city in the world.

### Tunel

Istanbul was the third city in the world to have a subway system after London and New York in 1875.

### Culture

Istanbul was chosen to be the European Cultural Capital City in 2010. It is the largest city in Europe.

## Why Istanbul Aydın University?

We offer up to 50% SCHOLARSHIP to international students.

Istanbul Aydın University (IAU) was founded in 2003 as an outstanding higher education center in order to introduce high quality graduates to the business world. Today, the university has 11 faculties, 3 vocational schools, 1 foreign language school, 3 institutes, 28 research centers. IAU is and continues to be the most preferred Foundation University in Turkey. Istanbul Aydın University offers a wide range of

programs in order to provide modern and diverse education opportunities to its students. The teaching medium in most of the departments is English. The programs are led by the strongest, experienced, equipped, and knowledgeable academic educators in the country. Istanbul Aydın University's diplomas are recognized by the European Union and extended region of European Higher Education.

## Advantages of Our Education System

### Double-Major Education

The undergraduate students of Istanbul Aydın University can obtain a second Bachelor's degree as well as their original Bachelor's degree if they successfully complete at least 36 credits in their second degree program.

### Minor Education

The undergraduate students of Istanbul Aydın University can get a Bachelor's degree of their original program as well as a minor certificate if they successfully complete at least 18 credits in their minor program.

### Interdepartmental Transfer System

The students of Istanbul Aydın University can transfer to those departments that match the entry requirements and educational content of their original if they pass all courses successfully after studying at least one term for their original associate degree program and at least two terms for the undergraduate program. Moreover, the students can use the lateral transfer system if their exam results of the year of acceptance (in the exam by Assessment Selection and Placement Center) are equal to or higher than the base point of the programs to which they want to transfer in Istanbul Aydın University.

## Some Facts About Istanbul Aydın University

### English or Turkish?

IAU understands the importance of being a multilingual in today's world. That's why IAU offers its students the choice to study their courses in English or Turkish. Take a look at our courses and choose the program that is right for you, English or Turkish.

### International Connections

IAU doesn't want you in its campus. Yes, it's true, in fact IAU wants you to go far far away. Travelling is a must for the future leaders of the world and we believe foreign experience is the best way to start. See new countries, make new connections and open your mind with the Erasmus+ Program.

### IAU, your home

With its enormous area, IAU hosts green spaces, resting areas, and renowned cafes within its campus boundaries in addition to 9 dining areas which can seat up to 5000 people at the same time. The campus also offers a closed and an open sports facility where you can enjoy a wide variety of activities from basketball to weight lifting. Due to the central location of the main campus, our students can benefit from the close proximity of the location to the sea, shopping centers and even different cuisines, all a short walk away.

### Internationally recognized diplomas

Istanbul Aydın University is a member of the European Credit Transfer and Accumulation System. The diploma that you receive from IAU will be recognized by the European Union countries. IAU also became a member of the European Higher Education Area after the Bologna Process, a revolution for cooperation in Europe for higher education institutions.

### Affordability and Hospitality

Many international students choose Turkey as their home for education due to its affordability in housing, entertainment, and standard of living. Live in one of the safest cities in Eurasia and lose yourself in the labyrinth that is Istanbul. The hospitality of Turkey is unmatched by any other place you'll ever visit.

### Istanbul, the capital of the world

Get a chance to study in Istanbul the business, finance, arts and culture capital of Turkey. Digest a modern city with a rich ancient history and explore the untouched relics of the past. Be a part of the city that bridges the East and the West.

### Feel At Home

Situated in Central Istanbul, IAU hosts more than 3.750 international students from 102 countries in its main campus, almost 10% of its whole student population. It doesn't matter where you're from, you will soon be making friends from all over the world.

## Experience

### Academics

IAU makes it mandatory for students to attend an applied learning program. The renowned companies and firms that IAU works together with which you will be able to put on your resumé will make you a much more desirable and ready professional after you graduate. Just some of our programs include Political Science, Business, English Language and Literature, and Electronic Engineering.

The most important thing for IAU is your experience, everything IAU tries to teach is directly related to your sector. The lecturers are the some of the best in Turkey and are experts in their field. Their expertise and connections will ensure you receive the most relevant and important information. IAU's professors are there to make sure you gain all the experience you require to excel in your sector and will be there to guide you through your classes and teach you through hands on work.

### Research

IAU is one of the top universities in Turkey for research opportunities. With 28 research centers, including Nobel Peace Prize winner Tawakkol Karman's Global Peace and Democracy Center, Occidental Studies Applied Research Center, National Security and Strategy Applied and Research Center, etc. You can get a chance to work together with the research centers and gain vital skills for your future career. The Applied Research Centers will help you to find solutions to real-world challenges and will be able to find new and innovative ways to tackle these challenges.

### On-Site Experience

With the applied training classes, IAU gives you the chance to gain important field experience which will further boost you in your sector. The applied training classes will allow you to apply your studies to the real world. This allows you to skip the work experience requirements that are obstacles for new graduates. A great firm on your resume before graduation will give you a lead in the competition.

### Hands-On Learning

Making our graduates ready for the real world is what really matters. That is why at IAU, we understand that class work isn't enough in today's world. IAU will help you through the process to finding legitimate job opportunities that will pave your way for you to acquire the experience that you truly need to get a head start in the industry.

You can gain hands-on experience at IAU in many ways. To name a few you can start with applied training classes, internships, and applied research. The possibilities for hands-on learning are nearly endless at IAU.

The most preferred foundation university since it was established.

## We are here to help

Everyone at IAU is there to help you in your journey to success. You can benefit from the services provided for you in our university. From accommodation to residency permits, you will be able to find someone to help you, anytime.

### Accommodation

Istanbul is an immense and crowded city. Living near your campus will give you the best experience as both a student and a resident of Istanbul. The modern and fresh design of the suites are highly renowned and are:

- ▶ 2 minutes away from the campus.
- ▶ Very close proximity to public transit and the sea.
- ▶ Fully furnished.
- ▶ Monitored by security 24/7.
- ▶ Complete with a fitness complex, a Pilates salon, library, a game room, and a laundry room.
- ▶ Air conditioned with orthopedic mattresses, unlimited internet, telephones, and cable television.
- ▶ Available in 1-2-3-4 person(s) rooms.

### International Student and Staff Affairs

The International Student and Staff Affairs is here to help you with any problems you face during your transition to Turkey. The help International Student and Staff Affairs provide is related to:

- ▶ Activities and Projects
- ▶ Visa Assistance
- ▶ Advisement for students
- ▶ Accommodation assistance

For more information please visit:

<http://issa.aydin.edu.tr/>

### Tutoring

The tutoring center of IAU focuses on each subject and is located near the main campus. The center allows students to choose how they want to be tutored, one to one or in groups. If you would feel more comfortable being tutored by another student, the tutoring center also allows student to student tutoring.

### Career Center

IAU's career center is there to aid you in finding the perfect place for your internship. You can also learn what you will face in the real world and get some hints on what you should do and how you should prepare for an interview.

### Techno Center

You will be able to take advantage of the biggest Techno Center of Turkey which is located inside the campus at IAU. With thousands of Mac computers right at your feet, you will never be left without an access to a computer during your studies.

### Athletics

With a basketball court, fully-equipped fitness center, sports clubs and sports teams, IAU is one of the most active universities in Turkey.

## Admissions

### Admission Requirements

The requirements for a Graduate Degree may differ depending on which language you would like to study in.

To get the most up to date information on admissions, please visit our website at: <http://int.aydin.edu.tr>

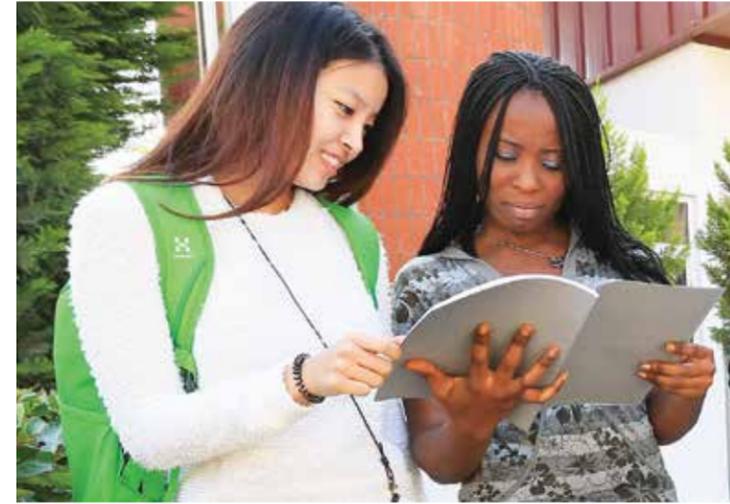

### English Language Requirements

If you would like to study in a degree program which the medium of instruction is in English, then you must demonstrate that your English is proficient enough by providing a TOEFL iBT score or by taking the IAU English proficiency exam. The minimum required TOEFL iBT score for the graduate programs is a 66.

### Turkish Language Requirements

If you would like to study in a degree program which the medium of instruction is in Turkish, then you must demonstrate that your Turkish is proficient enough by providing a Aydın TÖMER Certificate or by taking the IAU Turkish Proficiency exam. The minimum required TÖMER certificate for the graduate programs is a B2.

All of your documents which are required for registration must be translated into Turkish or English and must be notarized by a notary in Turkey.

## The Turkish Language Teaching Application and Research Center (Aydın TÖMER)

The Aydın TÖMER program is a full time program for students who want to learn Turkish to improve themselves or to learn Turkish to meet the language requirements of their degree programs.

### Aydın TÖMER Program

- ▶ 6 levels – each level is 7 weeks / 144 hours
- ▶ Applications and Registration open multiple times in a year
- ▶ Enjoy the same benefits as a full time international student on campus
- ▶ Be a part of all the activities with international students
- ▶ 55% scholarship for international students after graduation from Aydın TÖMER

### “Let’s Talk” Program

With “Let’s Talk” we aim to solve one of the most important challenges while learning a foreign language: finding a native speaker. We gather our local and international students, also the staff in our university and enable them to improve their speaking skills in their foreign language in a warm and friendly environment.

### One-to-one Matching

- ▶ 2 hours a week
- ▶ 1 hour Turkish, 1 hour of Language of choice
- ▶ Available Languages: English, Chinese, French, Arabic, Russian, Persian, German, Italian, Spanish
