

Why Choose Stephen Business School?

World Class Education within your reach:

Stephen Business School has taken up the challenge to deliver international level education at the most affordable prices within our island. Our courses are industry driven with the objective of increasing the employability of our students.

International Avenues:

After completing 2 years of Advanced Diploma studies at reasonable costs in the comfort of their home island, students can choose to pursue one year abroad at any of the following universities so as to obtain their degree.

Study Tour:

To enhance the exposure of students to the international academic and business environment, a study tour abroad is planned at the end of the 1st semester in Advanced Diploma year 2.

Job Placements:

Stephen Business School encourages students to participate actively in job placement exercises which are organised during the inter-semester holidays.

Employability skills:

All through the course, regular activities (for example talks, industry tours, team building etc.) are organised to enhance the employability skills of our students.

Industry Connections:

Our strong industry links set Stephen Business School apart. Our courses have been designed to prepare you for success in the real world. In close collaboration with industry leaders, we have a calendar of high profile networking events which help students to build their practical business skills and network before graduation.

Have the time of your life:

It's often not the destination but the journey that counts. At Stephen Business School there is always some student activity going on ranging from debate competition, community interaction, up to key note speeches and many more programs where students can broaden their horizons.
