

# Foundation in Science

(KP/JPS(A10546)2/20)

*The programme provides essentials for admission into a science-related degree. Students will be equipped with fundamental knowledge as well as skills to advance their studies in the health science and medicine fields.*

**Duration:  
1 Year**

## Why study this programme?

The Foundation in Science is meticulously designed for SPM school leavers, aspiring to-be-doctors, dentists or pharmacists. Structured as a broad-based interdisciplinary programme, students are exposed to many areas of science, communication and other essential soft skills necessary to succeed in this noble, yet rewarding field. Vision College is well-equipped with outstanding facilities including a two-hundred-fifty-seater library, computer and science laboratories to facilitate learning. We also emphasize on a small classroom approach to ensure optimal lecturer-student interaction.

The programme is approved by the Malaysian Qualifications Agency, thus enabling the graduates to secure rewarding career, or to further their studies at any institution of higher learning. Since its inception, our students have successfully furthered their studies to reputable local and foreign universities such as West China School of Medicine, Sichuan University (China), I.M. Sechenov First Moscow State Medical University (Russia), Kursk State Medical University (Russia), Universitas Padjadjaran (Indonesia), Universitas Sumatera Utara (Indonesia), Universitas Gadjah Mada (Indonesia), Mansoura University (Egypt) & other local ones.
