

# Accommodation

Accommodation is a vital issue that all students face in Germany. In Berlin accommodation is quite pressing since the city has a high number of students which makes finding suitable rooms quite a challenge.

SID Institut is happily supporting its participants in finding accommodations in Berlin. Through a cozy accommodation will allow you to enjoy your time with us in a safe, welcoming and sociable surroundings while concentrating your studies and being less stressed out. Students can choose between two options that provide different experiences based on how the student wishes to stay in Berlin.

## Option 1 - Guest Family

This is the best way for new comers to immerse themselves in a new language and culture. All the families are nice, friendly and experienced in taking care of students. We recommend this option for...

- Students who are travelling abroad for the first time and would like some assistance
- Students who want to be surrounded by the German language 24/7

## Option 2 - Hostel

The hostels we have on offer, range from shared rooms to single rooms based on the students' requirements. These hostels are situated in iconic areas of Berlin and around student hot spots thereby creating a lively, international and hip feel. We recommend this option for...

- The travelers, the adventurers, those who have travelled before or wish to experience Berlin on their own
- Students who wish to have a truly international experience
