Knowledge, Skills and Experience are what you need.

And we will help you conquer them

We believe that obtaining knowledge, skills and experience is everyone's mission in life. To develop as personality and become a better Human Being. We also know that you need the same for a prosperous and successful career. But knowledge, skills and experience doesn't just happen. It takes your hard work and determination, our support and inspiration, and then you too can become master of yourself and your career.

We are committed to success both yours and ours!

We are excited for you to join our dynamic, friendly, and high-quality teaching and learning environment.

Whether you are entering vocational or academic studies directly from high school or after working for a period of time, Mesoyios is committed to your success. Our wide range of credentials including certificates, diplomas, higher diplomas, Bachelor degrees and apprenticeship programs allow you to choose a program that's best suited to your specific needs. Every program is designed with valuable input from industry experts to ensure a relevant learning experience. Further, you will learn from distinguished faculty focused on your personal and academic success. When I'm asked what makes Mesoyios special, my response is simple. First, the quality of our faculty, and second, the quality of programs we offer, each designed to meet the needs and career interests of individual students and their specific education path. As a result, our faculty and students excel in the areas of hospitality and business operations and management.

In addition, Mesoyios offers a vibrant campus life, leading-edge facilities and Centers of Excellence along with student support services, to help students achieve their goals.

Most importantly, our students demonstrate success after they graduate. Our students, faculty and staff contribute to the local communities and there are many volunteer opportunities and ways to celebrate Mesoyios' diversity. We maintain an international focus in our curriculum, wherever appropriate and we welcome international students from many countries.

I encourage you to learn more about the many benefits Mesoyios has to offer by browsing our website, reading our publications or touring our campus. I hope you find the opportunity that you are looking for at Mesoyios College, and I look forward to seeing you on campus.

Once again, Welcome to Mesoyios College!

Theodoros Antoniou
President of the Council

Student is our main focus in every way.

That's why we offer them the best.

I welcome you to Mesoyios College, an institution operating from 1998 as an educational center specialized in the hospitality industry. Today it has evolved in a modern 21st century higher education institution that welcomes students from around the world.

Here at Mesoyios College the student is our main focus in every way, that's why we offer them the best.

Both our administrative staff and faculty members are experts in their fields.

Our facilities are fresh and modern, and the use of technology aims to empower knowledge.

Student affairs office and International affairs office are specifically responsible for the students' personal, academic and career support.

Our wide range of credentials including diplomas, higher diplomas and bachelor degrees allow the students to choose a program that's best suited to their specific needs. Every program is designed with the input of industry experts to ensure a relevant learning experience.

Collaboration with well-established and globally respected institutions offer students a variety of options to combine or extend their studies to both Cyprus and abroad.

Of course, it's not all work and no play at Mesoyios College. Student life and extracurricular activities are promoted.

This comes especially naturally as Mesoyios College is situated in one of the most beautiful cities, Limassol. Limassol combines everything one can ask for: modern architecture and ancient ruins, contemporary cafes and traditional taverns, spectacular beaches and gorgeous country-sides, excitement and relaxation.

Welcome to our family!

Theofilos Antoniou
Principal

Study in Cyprus

A BOOMING HIGHER EDUCATION SECTOR

Cyprus is a world-class educational and research centre of excellence with high quality academic institutions, offering a large variety of advanced and fully accredited undergraduate and postgraduate programmes, at affordable cost. With a booming sector comprising 3 public and 5 private Universities and more than 40 public and private higher education institutions enjoying international academic and scientific recognition, the island attracts thousands of international students every year.

A HOLISTIC GLOBAL ACADEMIC EXPERIENCE

Intellectual capital is the national economy's most valuable asset, contributing to the country's social and economic progress. Committed to excellence, the government of the Republic of Cyprus invests strongly in the education sector, while also concluding agreements on cooperation and mutual recognition of qualifications with several other countries. Therefore, studying in Cyprus offers international students an unprecedented opportunity to not only enrich their knowledge by renowned professionals in state-of-the-art local facilities, but also to benefit from mobility opportunities and gain a holistic global academic and cultural experience.

EMPLOYABILITY

Focused on cultivating a knowledge-based economy and investing in human talent, Cyprus has put in place a favourable and effective higher education framework, which emphasises on lifelong learning, internationalisation, and employability. Aligning curricula with international market trends, higher education in Cyprus ensures international employability of its graduates, developing the necessary skills to be able to effectively respond to today's challenging and highly competitive global workplace.

STUDYING IN CYPRUS IS MUCH MORE THAN A QUALITY ACADEMIC AND LEARNING PROCESS

It is a wonderful living experience in a stimulating, buzzing and safe environment, with year-round sunshine, captivating natural beauty and a rich historical and cultural landscape. Golden sandy beaches and clear blue waters, enchanting mountains, cosmopolitan cities and traditional villages, a vibrant nightlife and a variety of outdoor activities, all form a diverse and exciting offering that can cater to different lifestyle options and needs. Cypriots are known worldwide for their genuine and sincere hospitality and friendliness. English is widely spoken throughout the island.

QUALITY ASSURANCE AND ENHANCEMENT

Placing great emphasis on quality assurance and quality enhancement of higher education institutions, the Cyprus Agency of Quality Assurance and Accreditation in Higher Education was established to improve internal and external quality assurance procedures as well as accreditation and recognition matters, while ensuring the increased competitiveness of the higher education sector.

ENCOURAGING INNOVATION, STARTUPS AND ENTREPRENEURSHIP

Promoting research and innovation leads to a creative, knowledge-based society and a boosted entrepreneurial spirit. Promising business ideas and products find real support, mentoring and funding opportunities in Cyprus, developing into a strong and rapidly growing startups and innovation ecosystem, supported by a highly educated and experienced human talent and a range of incentives which render Cyprus a perfect choice to start and scale companies. Low launching operating costs, an attractive IP box, and the introduction of the Startup Visa for third country nationals aim to attract international innovators and multinational talent while promoting collaboration and co-creation within the wider global startup.

Study in Limassol

Limassol is the second largest city of Cyprus and it is the main tourist and business centre on the island. It is a land where the traditional and modern co-exist offering desirable contemporary facilities still extending the local warm hospitality which characterizes Cyprus.

Locals are famous for their love of fun so not surprisingly the city's nightlife is varied. All sorts of taverns, bars and clubs are open all the year round, while beach bars and coffee shops along the coastal walkway add to the choice. Join locals at the Wine festival in September, or have fun at the Carnival with its fancy dress parade and parties in February or enjoy a summer concert under the stars in the Greco-Roman theatre of Kourion. There are many signs that Limassol has been emerged from the ruins of a very old civilization, which natives are proud of.

The wine museum (5.500 years of history), the ancient town of Amathous, the Castle of Colossi, the Medieval Castle, Kourion, Kykkos Monastery, the Archaeological and Folk Art Museum and the Municipal Gardens are some of the places that you should not miss when visiting Limassol. Above all, Limassol's most precious asset is its people. Here one can find all sorts of people, young, elderly, natives and foreigners that permanently live in Limassol. All of them have adopted the same philosophy hospitable, approachable, friendly and always willing to help, making you feel welcomed and comfortable, just "like home"!

Creativity is inside you.

You may not see it in you, but we do.

And we will give you all the support, opportunities and experiences you need to bring out the creativity have inside you. So by the time you graduate, you'll be well and truly on your way to where you need to be in your life and your career.

Where to is up to you. How do we know this?

Because this is what happens here.

This is what we do.

Mesoyios College

ABOUT MESOYIOS

Mesoyios College is a Private Institution of Tertiary Education located in Limassol, Cyprus. It was founded in 1998 by Mr. Theodoros Antoniou with the name Mesoyios Institute of Career Advancement (MICA). MICA began its operation offering vocational training programs both in Cyprus and other EU countries. MICA was a leading training center in Cyprus and the only one specialized in the Hospitality Industry. In 2013 MICA developed to a Higher Education Institution offering academic programs of study as well as vocational training programs and received the College status.

Over the years, Mesoyios college has assembled a team of highly qualified academic staff and collaborates with well-established and globally respected institutions to combine studies to Switzerland, Poland and India.

Our main goal is to become a unique higher educational institution producing quality professionals who will fulfil all the needs of the hospitality, catering and tourism industry, and through their knowledge and skills to help in its development worldwide.

Our Aims is to provide higher education and lifelong, learning opportunities to all people without any discriminations. Provide quality education to develop knowledge and skills through theoretical and practical courses, in order to enable students to expand their options for vocational rehabilitation after graduation. Support students develop and make a professional career in the industry.

Our vision is to improve the quality of human life, to be the College of development - renowned for creativity and innovation. We will achieve excellence through transformative practices in teaching, developing students and staff, and by fostering professional and community relationships.

Our mission is to help students acquire comprehensive professional and human knowledge and skills to the extent that they can be integrated in society and achieve their academic and professional goals.

Moreover, the objective of the college is to develop in students the vital skills of communication, team spirit, leadership and handling / solving problems that will enable them to successfully undertake supervisory and management roles in a world that is constantly changing, in a European and Global-wide interdependence environment.

Our basic values and beliefs are: The integration of all aspects of equality and diversity in our corporate culture and operating practices of the college.

To ensure a safe and healthy environment for the staff and our students and our active participation in initiatives that seek to promote positive standards for the staff and learners. The active promotion of student voice and the positive response to proposals and suggestions that improve the student participation, interest and performance.

Why Mesoyios?

1

WELCOMING

Mesoyios College is an inclusive and welcoming environment. International students start a week earlier than other students, giving them the chance to familiarize themselves with the campus and make friends with other international students. Students groups and societies organize regular networking events for international students throughout the year.

2

EUROPEAN LEVEL

Mesoyios College has adapted all aspects of academic and vocational programs to the extent that they are competitive and worthy to be compared with the level of education of remarkable European universities.

3

ACCREDITED COURSES

Mesoyios College offers a range of high quality academic programs, which are under accreditation process by the Ministry of Education and Culture and the Cyprus Agency of Quality Assurance and Accreditation in Higher Education. Cypriot students are eligible for state subsidy on the basis of the criteria laid down by the relevant legislation.

6

LOCATION

Mesoyios College is located in the city centre of Limassol – Cyprus. Limassol is the second largest city in Cyprus with population more than 200,000 inhabitants. With just 35 minutes away from Paphos airport, and also from the airport of Larnaca, making easier the accessing of students from and to abroad.

4

GUARANTEE FOR A STRONG EUROPEAN DEGREE

In partnership with prestigious European universities, in Poland, with the Swiss Education Group in Switzerland. Graduates of Mesoyios College have the opportunity to continue their studies to any collaborated university abroad and obtain a higher-level degree and also start a career in the hospitality industry in the best hotels anywhere in the world.

5

EUROPEAN CREDIT SYSTEM

The academic programs of the Mesoyios College are fully harmonized with the European Credit Transfer and Accumulation System Credit ECTS. It aims to facilitate planning, delivery, evaluation, recognition and validation of qualifications and units of learning as well as student mobility. Both the ECTS label and the "DS" is proof of excellence, and Mesoyios College is one of the colleges in the European Union that it's fully adapted to the new system.

You will
always feel
like home!

+1

10 + 1 good reasons

7

TRAVEL

Pafos and Larnaca airports offer flights to various international destinations.

9

GRADUATE EMPLOYMENT

Our graduates can find work in many of the world's most leading organizations, like 5-star hotels and business corporations.

8

SUPPORT

All students have full access to our range of student support services. This includes access to career advisors, study skills support, specialist international advisors.

10

LINKED WITH THE INDUSTRY

All of our programs give students the opportunity to take on work experience and be involved with live client projects.

SPORT FACILITIES

College provides opportunities for sport activities for their students.

The College also offers students the opportunity to participate in various activities that constitute a valuable part of student life, offering them the opportunity to socialize and have fun, during their studies.

LIBRARY

In addition to the books, Mesoyios College library includes videos, cassettes, CDs, CD-ROMs, wireless internet access (Wi-Fi) and a number of magazines corresponding to the academic programs operating at MC College. Students and academic staff at MC College have the possibility of free online access to the eLibrary and eBook Academic Collection (EBSCOhost). Mesoyios College library is also linked with library of the University of Cyprus and Technological University of Cyprus from where students can also lend books. Our students have access to computers within the Library to find information about their studies as well as their personal emails.

Partnerships & Collaborations

Mesoyios College collaborates with world-wide educational institutions all over the world, giving students the opportunity to continue their studies in and start a career in the hospitality industry in the best hotels anywhere in the world.

Students who choose to study in Mesoyios College, have a unique advantage than students studying in any other universities in these countries: they can choose to start and finish studies in Mesoyios College and do some courses in one of our collaborated universities under the Student Exchange Program, and complete their studies at Mesoyios College and continue to the next level in one of our collaborated universities.

Perfection is your ultimate goal.

This is where we will lead you to.

Perfection is what follows knowledge, skills, experience and creativity.

Is the ultimate power and ability you gain to see and care about the detail in Life, the detail in whatever you do.

Perfection is what will distinguish you at work place and boost your career. We know that before you realize it and we prepare you for the perfection.

The Erasmus+ is the European Union-founded program from 2014-2020. It aims to enhance the European dimensions of higher education and promote mobility within the EU. Erasmus+ aims to boost skills and employ-ability as well as modernize education, training and youth work across Europe. It has a budget of approximately 14.7 billion euros across Europe and provide opportunities for students and professionals to study, train, gain work experience and volunteer abroad.

It also supports transnational partnerships between education, training and youth organizations, as well as developing grassroots sport projects.

Mesoyios College has been registered and participated in Erasmus+ since 2014. From 2014 until 2018 Mesoyios College was hosting students from other European universities for internship and practice, as well as faculty staff and professionals for training and workshops. As from 2019 Mesoyios College has been approved for mobility of its own students and faculty staff for internship in another European country. Universities in 33 European countries participate in this flagship educational program for higher education.

EXCHANGE OPPORTUNITIES

Study periods abroad allow you to obtain a different cultural experience and add an international dimension to your curriculum vitae. Support and induction programs are available for all students going out on exchange and for students coming to study here with us.

MOBILITY FOR INTERNSHIP

Furthermore, Erasmus+ enables students and graduates to undertake internship in a company or organization abroad, with full recognition for the period of their work and lasting mobility of 2-12 months.

Students can use this feature from the first year of study, and graduates must complete mobility no later than one year after graduation.

SUBSIDY

Students who move to study at partner European Tertiary Education Institutions or organizations/ companies for academic or internship purposes via Erasmus+ programs, receive an amount as a travel allowance and a monthly subsidy depending on the cost of living in the host country.

The first college in Cyprus that succeeded in sending Asian students to Poland, Europe under Erasmus Plus Mobility.

Student Affairs

The Office of Student Affairs, as well as the Office of International Affairs and each member of the staff team at Mesoyios is strictly committed to the objectives of the College for excellent, constant and effective support of our students in all areas, including:

- Health, Safety and Welfare.
- Information and Advice in relation to the life in the college and outside.
- Humanitarian issues.
- Assistance in terms of study habits, time management, education stress management, communication, problem solving, adapting to the conditions of the college life and many other fields related to student success in the College.
- Personal assistance to students with special learning needs.
- Personal assistance and support to students with special emotional needs.

As the official policy of the College for Lifelong treatment of its students as family members of MESOYIOS is one of our main pillars, the Lifelong Learning Center (LLC) is responsible for the continued support of our students:

- During their studies, the College can assist with the placement of students who are interested.
- The placement of all students for practical industrial training after the end of each semester as a compulsory part of their studies in well-established and high level services companies. The industrial training of students is supervised by tutors appointed under the authority and guidance of the LLC.
- The placement of graduates in large businesses and advisory support in the early stages of their career.
- The support for dealing with our students' problems with their employers during their industrial training.
- Organizing learning support programs or extension of our students' knowledge and skills during their studies.
- Ongoing communication and updates for the students of Mesoyios regarding professional development and lifelong learning.
- Annual organization of educational trips for students and graduates of Mesoyios within the program of their lifelong support.

Student Community

CLUBS AND SOCIETIES

The office of student affairs organizes events and activities of various natures, such as music nights and concerts, tours, dance lessons, charity, festivals, seminars, workshops, competitions, documentaries and films. Excursions, celebrations and gatherings are not only entertainment opportunities, but also get-togethers fostering a friendly atmosphere in the College. Moreover, the opportunity to participate in a variety of working groups is given to students. The groups are divided into cultural, academic, athletic and recreation. Through their participation in groups, students

can creatively use their time to evolve as personalities, create new friendships and acquire multiple skills and better resume. Additionally, they can organize themselves various other events.

STUDENT'S UNION

All enrolled students of the College undertaking a program of study are entitled to be members of the Student Union. The Student Union acts as a channel of communication between the College and its members promoting their welfare. It is autonomous, and its actions are based on the official Student Union Constitution.

Glory is your destination.

***And we will be proud to see you
crowned.***

Your glory is the ultimate award for your hard study, hard work, enthusiasm, loyalty, creativity, perfection and persistence to reach your fore-set goals.

Your glory is what makes Mesoyios College successful!

The Mesoyios Team

ACADEMIC PROGRAMS

Business Administration Bachelor's degree

Business Administration program is designed to equip students with current necessary theoretical knowledge and managerial skills to be locally and internationally competitive and reach their full potential as leaders with excellent organizational performance and professionalism. Having studied the specialized courses, students are expected to gain the knowledge of the fundamentals of business/organizational operations, cultivate innovative and critical thinking and develop the confidence needed to succeed in a not only competitive business environment, but also rapidly changing and demanding environment.

Our program aims to provide students with a solid base upon which they can build their career and address successfully current issues in strategic planning, and operations management.

Upon successful completion of their studies, our students are expected to:

- Understand and describe the increasing complex nature of global business and economy and its influence on the organisation.
- Develop necessary soft skills for managerial career in business world, such as good business awareness, decision making and time management skills.
- Gain basic knowledge and understanding concerning the competencies and responsibilities associated with business organization, procedures and administration.
- Identify and analyse collected data and interpret findings to make decisions.
- Develop an understanding of customer trends and needs, and a sense of customer orientation within the corporate sector.
- Identify, describe and forecast trends/needs and apply solutions to them.

** This program has been submitted to the CYQAA for accreditation*

Where could this take you?

Our graduates go on to successful careers at a variety of industries such as Hospitality, Car-producing, Gas & Oil, Health, Insurance, Sales Manager, Business Consultant and many more.

Graduate Roles

- Business development executive

ACADEMIC PROGRAMS

Hotel Management Higher Diploma

The program aims to make students aware of the major aspects of the hospitality environment and prepare students for a career in the field of Hospitality Management. Hospitality industry is among one of the biggest industries offering job opportunities and sustainable future all over the world. Moreover, the program aims to prepare students to lead the future through a combination of theory and practice and provide them with the necessary knowledge, tools and skills in order to become the leading professionals in the hospitality industry, forecasting and adjust to new trends and needs in the fast-changing corporate environment. Furthermore, the program aims to develop the vital skills of communication, teamwork, leadership and problem solving that will give students the ability to successfully implement the duties assigned to hotels' General Managers. Moreover, while learning about the important aspects of Hospitality management, students develop the necessary skills and attitude to successfully delivery superior customer experience in the demanding hospitality industry. Additionally, the program aims to develop a critical awareness and understanding of the main functional areas of environmental impacts and sustainability on hospitality industry and enable them to develop successful strategies to deal with them. Through the various courses of this program, students will examine in detail the duties and responsibilities of hotels' General Managers, the various areas of management, control and other functions associated with high challenges of the profession. Upon successful completion of their studies, our students are expected to:

- Identify, describe and forecast hospitality related trends/needs and be able to apply solutions to them.
- Interpret and analyse the global environmental issues while monitoring sustainable strategies in hospitality industry.

** This program has been submitted to the CYQAA for accreditation*

Where could this take you?

ACADEMIC PROGRAMS

Hospitality Operations Management Diploma

The program aims to make students aware of the major aspects of the hospitality environment and prepare them for a career in the generic field of Food and Beverage Service Management and Room Division Management. The «Hospitality Operations Management» program, through a combination of theoretical courses, workshop and industrial training in luxury hotels in Cyprus and abroad, aims to help students to gain knowledge and skills to the extent that they can learn, adapt and develop in the hospitality industry, forecasting and adjusting to new trends and needs in the current fast-changing environment. Additionally, the program aims to enable students to develop a critical awareness and understanding of the main functional areas of environmental impacts and sustainability in the hospitality industry and prepare them to develop successful strategies to deal with them.

Upon completion of their studies, graduates will then be able to plan, organize, guide, instruct, train, supervise and evaluate the success of the vital departments of Food and Beverage or Rooms Division in a hotel, a restaurant, the food departments of hospitals and any other forms of food service business at any level, or the reception and housekeeping in a hotel.

Upon successful completion of their studies, our students are expected to:

- Assess the functional areas in a hotel and critically describe the principles factors that influence them.
- Develop interpersonal skills and sensitivity to customers trends and a sense of customer orientation within the hospitality industry.
- Identify and analyse the knowledge, skills and competences needed for managerial career in the hospitality industry.
- Synthesize theoretical and practical aspects through the real-life case scenarios.

** This program has been submitted to the CYQAA for accreditation*

Where could this take you?

Our graduates go on to successful careers in Hotels, Casinos, Resorts, Holiday Villages, Hotel Apts, Restaurants, Hospital Catering, Banqueting Centers and many more.

Graduate Roles

- Hotel Operations Manager
 - Food & Beverage Manager
 - Rooms Division Manager
 - Hotel Department Manager
 - Hotel Department Supervisor
- Critically analyse and apply problem-solving on hospitality operations issues.
 - Interpret and analyse global environmental issues while monitoring sustainable strategies.
 - Develop soft skills for managerial career in hospitality industry.
 - Understand and describe the increasing complex nature of global business and economy and its influence on the hospitality industry.

Collaborations with Swiss Education Group

Housed in former traditional Swiss Palace hotels in Caux and Leysin, Swiss Hotel Management School's generous facilities allow for a hands-on delivery of Hotel, Resort, Events, and Spa management programs.

This "Learning By Doing" approach has long been the stronghold of traditional Swiss hospitality education. Lavish banqueting halls, a grand theatre, fully equipped wet and dry spas and a multitude of inclusive restaurants with various cuisine options enable students to experience hospitality operations first hand. In tandem with its strong UK university partner, the school develops graduates who can both implement their ideas in a working environment and lead the required processes, making them absolutely employment-ready.

The Swiss Hotel Management School offers an exciting range of programs founded upon the internationally recognized Swiss traditions and focuses on global trends, business strategy and operational leadership. Students who join the international hotel school learn the art of Swiss Hospitality Management and develop the principles of the Swiss Hospitality Touch.

Students from more than 80 nationalities study in two exceptional settings, which offer a unique learning environment, steeped in the heritage of the Swiss hospitality tradition. The historic Caux Palace campus overlooks the Swiss Riviera and the Leysin campus is housed in two former hotels in the stunning Swiss Alps.

ACADEMIC PROGRAMS

Foundation

FOUNDATION A

Course Aims

The main aim of this course is to enable students to master the basic use of the English language and grammar, develop the ability to use the language correctly and gradually to improve their skills to communicate and express themselves clearly and accurately. The major method of teaching would be basically the communicative approach to the language, based on sourcebooks

(activity-workbook) audio-visual aids and classroom activities motivating students to take an active part in the activities.

Course Objectives

By the end of the course, students will be able to communicate orally and in writing at the A1 / A2 level (CEFR*). They will also be able to understand text and speech at the A1 / A2 level (CEFR*)

*CEFR is the Common European Frame of Reference. It describes proficiency levels of competency in English, A 1 being the lowest and C2 being the highest.

FOUNDATION B

Course Aims

On completion of this course students will feel confident to use the language for communicating effectively within working of social environment and master the major features of both written and oral English. The major method of teaching would be basically the communicative approach to the language, based on source books (activity-workbook)

audio-visual aids and classroom activities motivating students to take an active part in the activities.

Course Objectives

By the end of this course students will be able to communicate orally and in writing at the A2/B1 Level (Pre-Intermediate level). They will also be able to understand text and speech at the A2/B1 Level (CEFR*).

*CEFR is the Common European Frame of Reference. It describes proficiency levels at 6 different levels of competency in English, A1 being the lowest and C2 being the highest.

STUDENT ENROLMENT CRITERIA

A non-discrimination student admissions policy is strongly followed by Mesoyios College.

Candidates for admission at Mesoyios College, are considered without reference to race, colour, religion, sex, handicap or national origin. Thus, the diversity of the student community is a goal for Mesoyios College's admissions Office in order to bringing a diverse range of academic backgrounds, experiences, special interests, talents and cultural heritage.

Therefore, it is mandatory for all candidates to possess a Higher Secondary School Leaving Certificate or equivalent qualification (in their country of origin).

Students may achieve an admission to the College, possible at the beginning of any semester.

The admission is granted, depending on students' qualifications and future educational path selected. The College admission policy relies on students' past record including high school grades.

Proficiency of the English language is required for all programs taught in English. An English placement test is given to all incoming students. Its purpose is to determine the proficiency level of a student so as to recommend appropriate placement in English courses.

Students with qualifications in English language such as: IELTS 5.5, GCSE C, TOEFL 525 (196 computer based) will be able to follow normal program requirements (as described in individual program pathways).

REQUIREMENTS AND PROCEDURES

Admission criteria for undergraduate programs:

REGULAR ADMISSION

The criteria for regular admission to the College undergraduate programs are as follows:

A Higher Secondary School Leaving Certificate with an average mark of at least 50%, 10/20, or equivalent qualifications.

PROBATIONAL ADMISSION

Applicants who possess a recognized Higher Secondary School Leaving Certificate but whose average mark is lower than that requested could be admitted to the College on a probational basis.

The performance of students admitted on a probational basis will be evaluated upon completion of their first two academic semesters, a period during which they are expected to achieve a minimum CGPA of 1.50.

TRANSFER ADMISSION

based on a transfer evaluation by the prospective program coordinator and the guidelines of the Ministry of Education & Culture.

Assessment and Grading System

SEMESTER SYSTEM

Students may join the College at the beginning of the Fall, Spring or Summer semesters.

Semester	Duration	Begins
Fall	15 weeks	Last Monday of September
Spring	15 weeks	First Monday of February
Summer	8 weeks (courses will be available twice a week. For example, during Fall or Spring semester, a course may be taught 3 hours per week)	Second Monday of June

COURSE ASSESSMENT

40 - 50%	Final Exam
20 - 40%	Mid-term / Tests
10 - 30%	Projects & Assignments
0 - 10%	Attendance & Participation

GRADING SYSTEM

The grading system used by MESOYIOS COLLEGE is:

Final Grade(%)	Grade	Scale out of 4	Grade Meaning
90 - 100	A	4.00	Excellent
85 - 89	B+	3.50	Very Good
80 - 84	B	3.00	Good
75 - 79	C+	2.50	Above Average
70 - 74	C	2.0	Average
65 - 69	D+	1.50	Below Average
60 - 64	D	1.00	Poor
Below 60	F	0.00	Failure

ACADEMIC ADVISING

Academic advising is an integrated element of the students' learning experience. For every student an Academic Advisor (AA) is assigned. Each student receives planning and academic advice from the AA. The AA assists students in registration and offers consultation to them with regard to the student's schedule, degree requirements and to any emerging learning problems. AA are responsible to keep a detail portfolio of their advising.

ATTENDANCE

MESOYIOS COLLEGE fully complies with the attendance policy established by the Ministry of Education & Culture (MOEC). According to that policy (File No: 3.1.13/22-21/06/2013) all students must attend at least 70% of the scheduled classes. Students who fail to meet attendance criteria may:

- Fail a course (receive an F due to extensive absences).
- Receive an AW grade, indicating that he/she has been administrative withdrawal.
- Be reported for immediate action.

As a result, attendance at MESOYIOS COLLEGE classes is mandatory. It is expected that students will normally attend their courses normally.

The regulations for absences are reported by the professors. Generally, absences from the classes and/or laboratory will affect the final grade.

The student is entitled for up to 30% absences for each course. Unexcused absence from the course/laboratory beyond the specified limit will be considered by the Dean of Academic Affairs and the responsible professor and can lead to the expulsion of the student from their program of study. In cases of personal or medical emergency, the student must obtain permission for the absence from the professor or if this is not possible, to inform the professor by enclosing the relevant medical certificate. In each case, the students are responsible for missed courses.

ACADEMIC CALENDAR	SPRING	SUMMER	FALL

FINANCIAL INFO

Tuition Fees

If you've got the ability, finance shouldn't be a barrier to come here and be successful.

That's why we've invested in one of the most generous financial packages in Cyprus.

The Tuition Fees per academic year are as follows:

Tuition:	EURO per year
Diploma	5.500
Higher Diploma	6.500
Bachelor's Degree	7.500

The above tuition fees include the application fee, academic registration fee, use of technology fee and academic activities fee. Special discounts and scholarships are available to students upon request. Applications are examined by the Academic Committee on individual basis.

PERSONAL AND LIVING EXPENSES

Other fees: Student Card and Re-exam

The monthly living expenses in Limassol, Cyprus, are estimated as following:

Accommodation (shared) = €150 -€250

Food = €100-€200 (according to lifestyle)

Miscellaneous= €50-€100 (according to lifestyle)

Scholarships

As part of its social contribution and its effort to create incentives for a healthy academic competition, Mesoyios College offers the following total / partial scholarships:

- To Students with Financial Needs.
- Scholarships to families with financial problems.
- Scholarships to families with many children /siblings.
- To Athletes.

Students actively participate in College's sports teams have the opportunity to reclaim athletic scholarship, the amount of which is determined upon request and choice.

Sports scholarships cover up to 40% of tuition. In any case, the exact percentage depends on the sport category, and the participation and performance of athletes in various sports and other activities of the college.

- To Excellent Students.

Scholarships based on academic performance in college

- To Excellent Cypriot High School Graduates.

Scholarships through Lyceum/ Technical Schools

Mesoyios College offers for each Lyceum/ Technical School scholarships to graduating students, lasting one academic year.

Candidates for these scholarships are proposed by each Lyceum/ Technical School.

There are 21 Scholarship Positions offered. More specifically, in each Lyceum/ Technical School College offers:

A Full Scholarship (100%) for the first academic year of study. Applicants must have graduated with an overall grade of 19 or higher.

Five Half Scholarships (50%) for the first academic year of study. Applicants must have graduated with an overall grade of 18 or higher.

Fifteen Partial Scholarships (30%) for the first academic year of study.

Scholarship candidates can get more information from the Counselling and Career Office of their Lyceum/ Technical School or the Admissions Office of Mesoyios College.

SCHOLARSHIPS BASED HIGH SCHOOL / TECHNICAL SCHOOL DIPLOMA

These scholarships are automatic, lasting one academic year and are given based on the overall grade in School Leaving Certificate, as shown below:

Grade:	% Scholarship:
19.50 and above	30%
19.00 - 19.49	20%
18.50 - 18.99	15%
18.00 - 18.49	10%

Academic Regulations

SEMESTER LOAD

- Normal Semester Load

A normal semester load for full-time students registered for the first time or returning students is 28-32 ECTS, representing at least 15 teaching hours per week.

- Overload

Full-time students who would like to take over 32 ECTS must petition for permission from the head of the school to do so. Such permission may be granted if:

- the student's CGPA is higher than 3.3
- the student needs a few extra credits during his last semester in order to graduate

When permission is given to take over 32 ECTS, an Overload Charge is levied teaching hours above 18. Maximum workload is 42 ECTS per semester. Only in exceptional cases students may take more than 42 ECTS, representing a maximum of 21 teaching hours per week. Only under exceptional circumstances a workload with more than 21 may be allowed. A serious personal reason and the approval of the Dean of Academic Affairs must be granted.

ACADEMIC AWARDS AND GRADUATION DIPLOMA

A diploma requires the completion of 123 ECTS (approximately 26 courses) and is completed in 2 years.

HIGHER DIPLOMA

A higher diploma requires the completion of 181 ECTS (approximately 37 courses) and is completed in 3 years.

BACHELOR

A bachelor degree requires the completion of 240 ECTS (approximately 40 courses) and is completed in 4 years.

CRITERIA FOR GRADUATION

In order for a student to graduate, he/she must meet the following criteria:

- Completion of the program requirements as indicated in the study guide.
- Completion of all credits in each program of study as specified in the study guide of Mesoyios College, unless the law determines otherwise.
- The student must maintain the following minimum CGP A:
 - * Diploma -completion of two consecutive semesters -CGP A > 1 .7
 - * Higher Diploma -completion of two consecutive semesters -CGP A > 1 .8
 - * Bachelor -completion of two consecutive semesters -CGP A > 2.0
- Settlement of all financial obligations to the College before the issuance of the diploma. Students who meet the above must apply for a diploma at the Office of the Registrar from where they can get the relevant form. Upon request, the student must pay the amount of €60 for the issuance of the Diploma / Higher Diploma / Bachelor.

STUDENT RIGHTS AND OBLIGATIONS

This section describes the rights and obligations of the college students as members of the academic community. Each registered student has the right to expect from the College to fulfill his/her academic responsibilities in the most efficient way with the given resources to make this possible. Similarly, the college should establish and maintain certain standards of behaviour that promote a favorable environment for learning and essential personal development.

BASIC RIGHTS

The following list of basic rights does not deny or restrict the rights of students in any way.

On the contrary, it focuses with special attention on the rights mentioned because of their importance in the educational process.

- Every student has the right to think, act and speak freely in the area of the college, provided that they do not contravene the relevant regulations and comply with the instructions of the competent bodies of the college and the policies are consistent with the provisions of the current document and the Constitution and the laws of the Republic of Cyprus.
- The students are free to set their educational goals after the College provides equal opportunities for learning.
- In cases involving possible sanctions of suspension or expulsion or actions that may place restrictions on the right of the student to pursue his/her educational goals, there is an advanced information and declaration of the nature, cause and proof of the charges against him/her and has the right to a fair audit procedure before the board of the College.
- It is the responsibility of the college to provide a learning atmosphere, social responsibility, and respect for human dignity as well as positive influence for constructive development in the areas of the college.

BASIC OBLIGATIONS

The students, as members of the College community have the following obligations inherent in the basic rights outlined above:

- The students must take responsibility for maintaining the standards of academic performance as defined by the professors.

- The students do not need to breach/violate the basic rights of other students.

- The students are responsible for their actions and must comply with the provisions of the laws of the Republic of Cyprus .

- The students must not prevent the smooth operation of the services of the College, nor commit acts that could harm the college's assets or to endanger the physical integrity of persons who are in the area of the college. The students' behaviour must comply with the regulations of the College.

- The students are required to pay the approved fees and dues within the deadlines set by the College. Failure to pay the fees on time may result in cancellation of registration or the possible future denial of registration and the withholding of grades.
