

START YOUR PILOT TRAINING LEBANON

AVIATION FOUNDATION COURSE

OVERVIEW

Our **Aviation Foundation Course** offers you a tailored curriculum developed by industry professionals to provide you with the best possible introduction into the theoretical and practical aspects of aviation.

You will become familiar with aircraft equipment and gain the knowledge required to progress, with confidence, to full flight training at one of our Pilot Training Academies in the UK or Australia.

This intensive course has been designed as a study pathway into accredited **EASA pilot training** in the UK or **CASA pilot training** in Australia.

COURSE SYLLABUS

Our **Aviation Foundation Course** provides exceptional introductory training in the following subject areas:

- aviation English
- aircraft general knowledge
- principles of flight
- simulator training
- meteorology
- air law
- navigation
- operation, performance and loading
- human factors

COURSE DURATION

8 weeks full time.

We also offer flexible learning options, including evening classes.

ENTRY REQUIREMENTS

- be at least 17 years old
- be able to demonstrate English language proficiency

HOW TO APPLY

Applying is easy. Contact us today and we will get you started.

AIRWAYS AVIATION IN LEBANON

Airways Aviation has an outstanding Aviation Foundation School located in the heart of the buzzing and cosmopolitan Beirut CBD.

Our school in Beirut offers you the best possible start to your pilot training journey.

The school provides you with:

- foundation level aviation theory training
- hands-on simulator flight training
- purpose built classrooms
- study areas and internet access
- highly experienced staff and instructors
- career and training advice
- convenient and central location
- a vibrant and friendly atmosphere

WHY CHOOSE AIRWAYS AVIATION

At Airways Aviation we recognise that beginning pilot training is an exciting and rewarding experience.

It is also one that requires commitment and peace of mind – you want to know that:

- you have what it takes to become a pilot
- you are going to get the qualifications and skills you need

Our Aviation Theory Schools offer you that peace of mind. We provide you with a unique entry point into a career in aviation – one that gives you the best start to your studies and also offers you a low risk opportunity to experience aviation training first hand, before committing to pilot training abroad.
