To Whom It May Concern,

Since early 2014, we have been using the services provided by UNIAGENTS. Since then, we have been in contact with many agents of interest and have found their technology to be user friendly and effective.

The UNIAGENTS staff is especially helpful. They help to ensure your needs are met and look to assist you in making a result.

I highly recommend using UNIAGENTS to help assist a schools ability to connect and communicate with educational agents all over the world.

Sincerely,

Jeff Sinding
